Item 2.02 Results of Operations and Financial Condition.

On March 9, 2006, Radiologix, Inc. (the Company) announced financial results for its fourth quarter and fiscal year ended December 31, 2005. A copy of the press release announcing the results is filed as Exhibit 99.1 to this Form 8-K and incorporated herein by reference.

The press release furnished as Exhibit 99.1 contains non-GAAP financial measures used as analytical indicators by the Company's management and the healthcare industry to assess the Company's business performance. These measures also serve in assessing leverage capacity and the ability to service debt. The Company believes this information is useful to investors and other interested parties. This information should not be considered as a substitute for any measures calculated in accordance with GAAP, and may not be comparable to other similarly titled measures of other companies. Reconciliation of this information to the most comparable GAAP measures is included in the release.

Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

(a) In response to a comment letter that the Company received from the Staff of the Securities and Exchange Commission (the SEC) in connection with a customary review of the Company's Annual Report on Form 10-K for the year ended December 31, 2004, (the Annual Report), the Company has reevaluated the accounting treatment of the Presgar equipment lease financing arrangement (the PresGar Transaction) acquired on October 31, 2004 for \$13.9 million. As a result, on March 7, 2006, the Company, in consultation with its independent registered public accounting firm, Ernst & Young (E&Y), determined that the Company's financial statements in the Annual Report should be restated. The restatement relates to the accounting treatment of the PresGar Transaction, which contained a long-term right to provide certain MRI systems to a Radiologix subsidiary in Rochester, New York. The PresGar Transaction was capitalized as an intangible asset and amortized on a straight line basis over the remaining length of the management services agreement with The Ide Group, P.C., (the physician group in Rochester, New York). The Company and E&Y have determined that the PresGar Transaction should have been accounted for as a contractual termination and expensed in the fourth quarter of 2004. As a result of this determination, the Company will be restating its financial statements in the Annual Report and its Quarterly Reports on Form 10-Q for the quarterly periods ended March 31, 2005, June 30, 2005 and September 30, 2005 (the Quarterly Reports). The financial statements in the Company's Annual Report and Quarterly Reports should no longer be relied upon.

The Company's Audit Committee and authorized officers have discussed with E&Y the matters disclosed in this Current Report on Form 8-K.
