PROXY STATEMENT

QUESTIONS AND ANSWERS ABOUT THE 2006 ANNUAL MEETING

The Company mailed this proxy statement, proxy card and ICG's Annual Report for the fiscal year ended December 31, 2005 to all stockholders entitled to vote at the 2006 Annual Meeting on or about April 28, 2006. The 2006 Annual Meeting will be held on Friday, May 26, 2006, at 10:00 a.m. at The Ritz Carlton, Samuel Halpert Room, 50 Central Park South, New York, NY 10019. Directions to the 2006 Annual Meeting can be found at the back of this proxy statement.

Q: Why did I receive this proxy statement?

A: The Board of Directors is soliciting your proxy to vote at the 2006 Annual Meeting of Stockholders because you were a holder of International Coal Group, Inc. common stock as of April 10, 2006, the record date, and are entitled to vote at the 2006 Annual Meeting. As of the record date, there were 152,686,868 shares of common stock outstanding. This proxy statement summarizes the information you need to know to vote at the 2006 Annual Meeting.

Q: What are the voting recommendations of the Board of Directors?

A: The Board of Directors recommends the following votes:

FOR each of the director nominees (Proposal 1).

FOR ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2006 (Proposal 2).

Q: Will any other matters be voted on?

A: The Company is not aware of any other matters that will be brought before the stockholders for a vote at the 2006 Annual Meeting. If any other matter is properly brought before the meeting, your proxy will authorize your appointed proxies to vote on such matters in their discretion.

Q: How many votes do I have?

A: Each share of common stock that you owned at the close of business on April 10, 2006, the record date, is entitled to one vote. These shares include:

shares held directly in your name as the stockholder of record; and

shares held for you as the beneficial owner through a broker, bank, or other nominee in street name.

Q: How do I vote by proxy?

Edgar Filing: International Coal Group, Inc. - Form DEF 14A

A: If you are the registered holder of your shares, then you can only vote your shares by proxy by mailing your signed proxy card in the enclosed return envelope. If you hold your shares in street name through a bank, broker or other nominee, then you may vote your shares by proxy by mailing your signed proxy card in the

enclosed return envelope, or by telephone or the Internet if your bank, broker or other nominee has provided you with instructions on how to do so. Specific instructions for voting by telephone or the Internet will be provided by your bank, broker or nominee. If you choose to vote by mail, simply mark your proxy card, date and sign it, and return it in the postage-paid envelope provided.

The shares represented by all valid proxies received will be voted in the manner specified on the proxies. Where specific choices are not indicated on a valid proxy, the shares represented by such proxies received will be voted: (i) for the nominees for director named in this proxy statement, (ii) for the appointment of Deloitte & Touche LLP as the Company's independent registered public accountants for the year ending December 31, 2006, and (iii) in accordance with the best judgment of the persons named in the enclosed proxy, or their substitutes, for any other matters which properly come before the 2006 Annual Meeting.

Returning your completed proxy will not prevent you from voting in person at the 2006 Annual Meeting should you be present and desire to do so.

Q: Can I change my vote?

A: Yes, if you are a stockholder of record, you can change your vote or revoke your proxy at any time before the 2006 Annual Meeting by:

submitting by mail a valid, later-dated proxy;

if your bank, broker or other nominee has provided you with instructions on how to do so, submitting a valid, subsequent vote by telephone or the Internet;

notifying the Company's Secretary in writing before the 2006 Annual Meeting that you have revoked your proxy; or

voting in person at the 2006 Annual Meeting.

Q: If I hold shares in street name, how can I vote my shares?

A: You can submit voting instructions to your bank, broker or nominee. In most instances, you will be able to do this over the Internet, by telephone, or by mail. Please refer to the voting instruction card included in these proxy materials by your bank, broker or nominee.

Q: What will happen if I do not instruct my bank, broker or other nominee how to vote?

A: If your shares are held in street name and you do not instruct your bank, broker or other nominee how to vote, your bank, broker or other nominee may vote your shares at its discretion on routine matters such as the election of directors (Proposal 1) or ratification of the independent registered public accounting firm (Proposal 2).

On non-routine matters, if any, banks, brokers and other nominees cannot vote without instructions from the beneficial owner, resulting in so-called broker non-votes. Broker non-votes have the same effect as votes cast against a particular proposal except for the election of directors for which broker non-votes will have no impact.

Q: How many shares must be present to hold the 2006 Annual Meeting?

A: Holders of a majority of the shares of the Company's outstanding common stock as of the record date, or 76,343,435 shares, must be represented in person or by proxy at the 2006 Annual Meeting in order to conduct business. This is called a quorum. If you vote, your shares will be part of the quorum. Abstentions, withhold votes and broker non-votes also will be counted in determining whether a quorum exists.

Q: What vote is required to approve each proposal?

A: In the election of directors, the two nominees receiving the highest number of FOR votes will be elected. Abstentions and proxies marked withhold will have no impact on the election of directors. All other proposals

require the affirmative vote of the holders of at least a majority of the shares represented in person or by proxy at the Annual Meeting, or 76,343,435 shares. Accordingly, abstentions and broker non-votes will count as votes against such proposals.

Q: Who is paying the costs of soliciting these proxies?

A: The Company is paying the cost of preparing, printing, and mailing these proxy materials. The Company will reimburse banks, brokerage firms, and others for their reasonable expenses in forwarding proxy materials to beneficial owners and obtaining their instructions.

Q: What do I need to do to attend the 2006 Annual Meeting?

A: You are entitled to attend the annual meeting only if you were a stockholder as of the close of business on April 10, 2006 or hold a valid proxy for the 2006 Annual Meeting. You should be prepared to present photo identification for admittance. If you are not a stockholder of record but hold shares through a broker, bank or nominee, you should provide proof of beneficial ownership as of the record date, such as your most recent account statement prior to April 10, 2006, a copy of the voting instruction card provided by your broker, bank or nominee, or similar evidence of ownership. If you do not provide photo identification or comply with the other procedures outlined above, you will not be admitted to the 2006 Annual Meeting.

Q: Where can I find the voting results of the 2006 Annual Meeting?

A: The Company intends to announce preliminary voting results at the 2006 Annual Meeting. The Company will publish the final results in its Quarterly Report on Form 10-Q for the second quarter of 2006.

PROPOSAL ONE

ELECTION OF DIRECTORS

The Company's Board of Directors is divided into three classes, with each class serving a staggered three-year term. At the 2006 Annual Meeting, the terms of the current Class I Directors (Jon R. Bauer and Marcia L. Page) will expire. The terms of the Class II Directors (Cynthia B. Bezik and William J. Catacosinos) and Class III Directors (Bennett K. Hatfield, Wilbur L. Ross, Jr. and Wendy L. Carino, Jr. and Stanley N. Gaines for election as Class I directors. Each of the nominees was recommended for nomination by the nominating and corporate governance committee and has been approved by the Board of Directors. Each of the nominees has consented to serve for the new term if elected. If any nominee becomes unavailable for any reason or should a vacancy occur before the election, which events are not anticipated, your proxy authorizes us to vote for such other person as a director. The Board of Directors has no reason to believe that the persons named as nominees will be unable to serve. A plurality of the votes of the shares of common stock present in person or by proxy and entitled to vote on the election of directors is required to elect Maurice E. Carino, Jr. and Stanley N. PROPOSAL TWO

APPROVAL OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The audit committee has recommended, and the Board of Directors has approved, Deloitte & Touche LLP to act as the Company's independent registered public accountants for the fiscal year ending December 31, 2006. The Board of Directors has directed that such appointment be submitted to the Company's stockholders for ratification at the 2006 Annual Meeting. Deloitte & Touche LLP were the Company's independent registered public accountants for the fiscal year ending December 31, 2005.

Stockholder ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accountants is not required. The Board of Directors, however, is submitting the appointment to the stockholders for ratification as a matter of good corporate practice. If the stockholders do not ratify the appointment, the Board of Directors will reconsider whether or not to retain Deloitte & Touche LLP or another firm. Even if the appointment is ratified, the Board of Directors, in its discretion, may direct the appointment of a different accounting firm at any time during the 2006 fiscal year if the Board of Directors determines that such a change would be in the best interests of the Company and its stockholders.

Representatives of Deloitte & Touche LLP are expected to be present at the 2006 Annual Meeting and will have an opportunity to make a statement if they so desire. They will be available to respond to appropriate questions.

The Board of Directors unanimously recommends that you vote FOR this proposal.

PROPOSAL THREE

OTHER MATTERS

As of the date of this proxy statement, the Company knows of no business that will be presented for consideration at the 2006 Annual Meeting other than the items referred to above. If any other matter is properly brought before the meeting for action by stockholders, the person or persons voting your shares pursuant to instructions by proxy card, by Internet or by telephone will vote your shares in accordance with best judgment on such matters. The chairman of the 2006 Annual Meeting may refuse to allow presentation of a proposal or a nominee for the Board of Directors if the proposal or nominee was not properly submitted.

INFORMATION REGARDING BOARD OF DIRECTORS AND COMMITTEES

Director Independence

As required by the rules of the New York Stock Exchange (NYSE), the Board of Directors evaluates the independence of its members at least once annually and at other appropriate times (e.g. in connection with a change in employment status or other significant status changes) when a change in circumstances could potentially impact the independence or effectiveness of a director.

This process is administered by the nominating and corporate governance committee, which consists entirely of directors who are independent under applicable New York Stock Exchange rules. To assist it in making its independence determinations, the Board of Directors has adopted categorical standards to identify relationships that are deemed to impair a director's independence. If none of the relationships enumerated in the categorical standards are present, a director will be deemed to be independent. These categorical standards are attached as an annex to the Company's Guidelines on Significant Corporate Governance Issues, a copy of which is posted on our website at www.intlcoal.com/page/sec/guide_corp_gov_issues.pdf. These categorical standards, which are consistent with the general requirements of independence under the NYSE rules, provide that a director is independent if the Board determines that he or she currently has no direct or indirect material relationship with the Company and:

for the last three years, the director has not been an employee of the Company and no member of the director's immediate family has been an executive officer of the Company;

for the last three years, neither the director, nor any member of the director's immediate family, has received more than \$100,000 during any 12-month period in direct compensation from the Company (other than director or committee fees, pensions or deferred compensation);

(i) the director is a current partner or employee of the Company's internal or external auditor; (ii) no member of the director's immediate family member is a current partner or a current employee of such firm or participates in the firm's audit, assurance or tax compliance practice; and (iii) neither the director nor any immediate family member has been within the last three years a partner or employee of such a firm and personally worked on the Company's audit within that time;

for the last three years, the director, and no member of the director's immediate family, has been employed as an executive officer of another company whose compensation committee includes an executive officer of the Company; or

the director is not employed by, and no member of the director's immediate family is an executive officer of, any company that within the last three years has made payments to, or received payments from, the Company for property or services in annual amounts exceeding the greater of \$1 million or 2% of such other company's consolidated gross revenues.

After considering the above standards for independence and the standards for independence adopted by the NYSE, the Board of Directors has determined that all current directors other than Mr. Hatfield (i.e., six of seven) and both of the director nominees, are independent.

In making this determination, the nominating and corporate governance committee and the Board of Directors broadly considered all relevant facts and circumstances, including:

the nature of any relationships with the Company;

the significance of the relationship to the Company, the other organization and the individual director;

whether or not the relationship is solely a business relationship in the ordinary course of the Company's and the other organization's businesses and does not afford the director any special benefits; and

any commercial, banking, consulting, legal, accounting, charitable and familial relationships.

None of the directors other than Mr. Hatfield receives any compensation from the Company other than customary director and committee fees. The Company pays WL Ross & Co. LLC a fee for advisory services as further described under "Certain Relationships and Related Party Transactions" described below. Mr. Ross is the Chairman and Chief Executive Officer of WL Ross & Co. LLC. The Board of Directors has determined that these fees do not impair Mr. Ross' independence under the foregoing standards.

Director Compensation

Directors who are employees of the Company receive no additional compensation for serving as directors. The Company currently compensates its non-employee directors, other than Messrs. Ross and Bauer and Ms. Page and Ms. Teramoto, in the amount of \$50,000 per year and \$1,600 per meeting as well as reimbursement for travel or other expenses incurred in connection with their service.

Board Attendance

The Board of Directors held eight meetings during 2005. During that period, each incumbent director attended all of the meetings of the Board of Directors and the committees on which he or she served that were held during his or her tenure as director, except for one director who did not attend one Board of Directors' meeting due to a scheduling conflict. Board members are expected to attend the 2006 Annual Meeting. The Company's common stock was listed on the NYSE on November 21, 2005. Beginning in 2006, the independent directors will meet in executive session outside of the presence of management at least quarterly. The Board of Directors has elected Mr. Ross to preside at these executive sessions. The Company's independent directors did not hold any executive sessions in 2005.

The nominating and corporate governance committee assesses potential director nominees based on a variety of factors, such as judgment, skill, diversity, integrity, experience with businesses and other organizations of comparable size and the interplay of the candidate's experience with the other directors.

The nominating and corporate governance committee will also consider director recommendations from stockholders that are properly submitted. This does not necessarily mean, however, that any person recommended by a stockholder will be nominated by the nominating and corporate governance committee. For a description of the process for nominating directors in accordance with the Bylaws, please refer to Stockholder Proposals for the 2007 Annual Meeting on page 28 of this proxy statement.

2005 Equity and Performance Incentive Plan

The Board of Directors has adopted the 2005 Equity and Performance Incentive Plan which is designed to assist the Company in attracting and retaining key employees, directors and consultants of outstanding ability and to motivate such employees, directors and consultants to exert their best efforts on the Company's behalf by providing compensation and incentives through the granting of awards. The plan permits the Company to grant to its key employees, directors and consultants stock options, restricted shares, stock appreciation rights, restricted share units, performance shares or performance units. In connection with the plan, the Company has entered into stock option and restricted stock agreements with Messrs. Campbell, Hardesty, S. Kitts, O. Kitts, Nicholson, Perkins and Snavelly.

Administration. The Board of Directors has delegated its authority to administer the 2005 Equity and Performance Incentive Plan to the compensation committee. The compensation committee determines who will receive awards under the 2005 Equity and Performance Incentive Plan, as well as the form of the awards, the number of shares underlying the awards, and the terms and conditions of the awards consistent with the terms of the plan. The Board of Directors is authorized to interpret the 2005 Equity and Performance Incentive Plan, to establish, amend and rescind any rules and regulations relating to the 2005 Equity and Performance Incentive Plan, and to make any other determinations that it deems necessary or desirable for the administration of the plan. The Board of Directors may correct any defect or supply any omission or reconcile any inconsistency in the 2005 Equity and Performance Incentive Plan in the manner and to the extent they deem necessary or desirable.

Shares Reserved for Awards, Limits on Awards and Shares Outstanding. The total number of shares of our common stock initially reserved for issuance or delivery under the 2005 Equity and Performance Incentive Plan is 8,000,000 shares. As of December 31, 2005, the total number of shares that may be issued under the plan upon the exercise of the stock options was 325,000, all of which are issuable at an exercise price of \$11.00 per share and 81,250 of which were exercisable. As of December 31, 2005, there were 312,500 shares of restricted common stock outstanding; the restrictions on 68,750 shares had lapsed since the date of issuance. In addition to the stock options and restricted stock granted under the Company's 2005 Equity and Performance Incentive Plan, the Company has made grants of stock options and restricted stock to certain of its executive officers pursuant to their employment agreements. The Company has granted Mr. Hatfield, the Company's President and Chief Executive Officer, (i) stock options to purchase 319,052 shares of common stock issuable at an exercise price of \$10.97 per share, 79,763 of which were exercisable as of December 31, 2005, (ii) 206,250 restricted shares, of which the restrictions on none of the shares had lapsed as of December 31, 2005, and (iii) 68,750 unrestricted

shares of common stock. The Company has also granted Mr. Nicholson, its Senior Vice President, General Counsel and Secretary, 12,500 unrestricted shares of common stock.

In the event of any other stock dividend or split, reorganization, recapitalization, merger, share exchange or any other similar transaction or event having an effect to any of the foregoing, the compensation committee pursuant to the authority delegated to it by the Board of Directors may adjust (i) the number or kind of shares or other securities that may be issued or reserved for issuance pursuant to the 2005 Equity and Performance Incentive Plan or pursuant to any outstanding awards and/or (ii) the option price or exercise price.

Stock Options. The 2005 Equity and Performance Incentive Plan permits the compensation committee pursuant to the authority delegated to it by the Board of Directors to grant participants incentive stock options, which qualify for special tax treatment in the United States, as well as nonqualified stock options. The Board of Directors establishes the duration of each option at the time it is granted, with a maximum ten-year duration. As of December 31, 2005, all stock options granted under the 2005 Equity and Performance Incentive Plan were non-qualified stock options. The compensation committee pursuant to the authority delegated to it by the Board of Directors may establish vesting and performance requirements that must be met prior to the exercise of options.

Stock option grants may include provisions that permit the option holder to exercise all or part of the holder's vested options by tendering shares of common stock already owned by the option holder for at least six months with a fair market value equal to the exercise price. Stock option grants may also include provisions that permit the option holder to exercise all or part of the holder's vested options through an exercise procedure, which requires the delivery of irrevocable instructions to a broker to sell the shares obtained upon exercise of the option and deliver promptly to the Company the proceeds of the sale equal to the aggregate exercise price of the common stock being purchased.

Restricted Shares. The compensation committee pursuant to the authority delegated to it by the Board of Directors may also grant restricted shares of the Company's common stock, which constitute an immediate transfer of ownership in consideration of the performance of services and entitle the recipient to voting, dividend and other ownership rights. The restricted shares generally are subject to a risk of forfeiture dependent on the completion of periods of service and to restrictions or prohibitions on their transferability. The compensation committee pursuant to the authority delegated to it by the Board of Directors, however, may determine that a portion of the shares covered by an award will be immediately vested upon grant. Grants may also specify performance goals that, if achieved, will result in the termination or early termination of the restrictions applicable to such shares.

Other Stock-Based Awards. The 2005 Equity and Performance Incentive Plan permits the compensation committee pursuant to the authority delegated to it by the Board of Directors to grant awards that are valued by reference to, or otherwise based on, the fair market value of our common stock, including appreciation rights, restricted share units and performance shares. The 2005 Equity and Performance Incentive Plan also permits the compensation committee pursuant to the authority delegated to it by the Board of Directors to grant performance units. These awards will be in such form and subject to such conditions as the compensation committee pursuant to the authority delegated to it by the Board of Directors may determine, including the satisfaction of performance goals, the completion of periods of service or the occurrence of certain events.

Change of Control Provisions. The compensation committee pursuant to the authority delegated to it by the Board of Directors may, in the event of a change of control, provide that any outstanding awards that are unexercisable or otherwise unvested will become fully vested and immediately exercisable. In addition, the compensation committee pursuant to the authority delegated to it by the Board of Directors may, in its discretion, provide for the termination of an award upon the consummation of the change of control and the payment of a cash amount in exchange for the cancellation of an award, and/or the issuance of substitute awards that will substantially preserve the otherwise applicable terms of any affected award.

Amendment and Termination. The Board of Directors may amend or terminate the 2005 Equity and Performance Incentive Plan at any time, provided that no amendment or termination will be made that diminishes the rights of the holder of any award. The Board of Directors may amend the plan in such manner as it deems necessary to permit awards to meet the requirements of applicable laws.

Option Grants In Last Fiscal Year

This table shows stock options granted to the named executive officers during the 2005 fiscal year. All stock options listed below were granted to executive officers under the 2005 Equity and Performance Incentive Plan, except those options granted to Mr. Hatfield.

Name	Individual Grants		Exercise or Base Price (\$/Sh)	Expiration Date	Grant Date Present Value (\$) ⁽²⁾
	Number of Securities Underlying Options Granted ⁽¹⁾	% Of Total Options Granted to Employees in Fiscal 2005			
William D. Campbell	45,000	6.9%	\$ 11.00	4/25/15	234,474
Phillip Michael Hardesty	40,000	6.2%	\$ 11.00	4/25/15	208,422
Bennett K. Hatfield	319,052	49.5%	\$ 10.97	3/22/15	1,999,842
Oren Eugene Kitts	50,000	7.8%	\$ 11.00	5/9/15	260,527
Samuel R. Kitts	50,000	7.8%	\$ 11.00	4/25/15	260,527
Roger L. Nicholson	50,000	7.8%	\$ 11.00	4/25/15	260,527
William Scott Perkins	50,000	7.8%	\$ 11.00	4/25/15	260,527
Charles G. Snavelly	40,000	6.2%	\$ 11.00	6/29/15	208,422

(1) All option grants vested 25% upon grant, with the remaining vesting ratably over three years.

(2) The Black-Scholes option pricing model was used to calculate the estimated fair value of the options at the date of grant using the following assumptions: expected lives of 5 years, expected volatility of 41% and 48% and risk-free interest rates of 4.3% and 4.4%. The Black-Scholes option pricing model was developed for use in estimating the fair value of traded options that have no vesting restrictions and are fully transferable. In addition, option pricing models require the use of highly subjective assumptions, including the expected stock price volatility. Because the Company's employee stock options have characteristics significantly different from those of traded options, and because changes in the subjective assumptions can materially affect the fair value estimates, the Black-Scholes model does not necessarily provide a reliable single measure of the fair value of the Company's employee stock option. The amount realized from the exercise of an employee stock option ultimately depends on the market value of the common shares on the date of exercise.

receive an annual bonus based upon the achievement of certain results measured by the Company meeting certain EBITDA, earnings before interest taxes, depreciation and amortization, targets. For 2005 and 2006, Mr. Hatfield's bonus will not be less than \$500,000 per year. Under the terms of the employment agreement, Mr. Hatfield will receive term life insurance in the amount of \$3.0 million for a period of 120 months owned by a designee of Mr. Hatfield, and is eligible to participate in employee benefit plans and programs adopted by the Company for executive level employees.

Pursuant to his employment agreement, Mr. Hatfield has been granted (i) \$3.5 million of stock options (representing 319,052 shares), which vest 25% on the date of grant and 25% annually on each March 14, 2006, 2007 and 2008, (ii) 206,250 restricted shares of common stock, which vest in three equal installments annually on each March 14, 2006, 2007 and 2008, and (iii) 68,750 shares of common stock. Pursuant to his employment agreement, Mr. Hatfield also purchased 25,000 shares of common stock of ICG, Inc. in September 2005 at \$8.00 per share. Should certain events occur, such as an underwritten public offering that meets certain criteria, a change of control or the termination of Mr. Hatfield's employment for cause or for good reason (as such terms are defined in the employment agreement), all of the restricted shares and options will immediately vest and the options will become immediately exercisable. Pursuant to his agreement, Mr. Hatfield made a timely election under Section 83(b) of the Internal Revenue Code to include the restricted shares in gross income for 2005, and, as a result, the Company paid Mr. Hatfield an income tax gross-up payment to make Mr. Hatfield whole for the income tax impact of the restricted and unrestricted shares of common stock received by Mr. Hatfield.

The Company may terminate Mr. Hatfield's employment at any time and for any reason and Mr. Hatfield may resign at any time and for any reason. If Mr. Hatfield's employment is terminated by the Company without cause or if Mr. Hatfield resigns for good reason (as such terms are defined in the employment agreement), the Company will be required to pay Mr. Hatfield (i) his accrued but unpaid salary and bonus compensation through the date of termination, (ii) the bonus compensation for the year of termination, prorated to the amount of time actually employed during such year and (iii) subject to Mr. Hatfield's compliance with the non-solicitation provisions, a severance payment of three times base salary and three times annual bonus compensation (measured using the previous year's bonus payment), along with coverage under the Company's welfare benefit programs for a period not to exceed two years. Such severance compensation will be paid quarterly over the two-year period following the date of Mr. Hatfield's termination of employment. In the event that the severance payments or benefits would subject Mr. Hatfield to an excise tax because such payments or benefits are deemed to be excess parachute payments within the meaning of Section 280G of the Internal Revenue Code, then Mr. Hatfield would be entitled to a tax gross-up payment to restore Mr. Hatfield to the same after-tax position that he would have been in if the excise tax had not been imposed.

Under the terms of the employment agreement, Mr. Hatfield may not disclose any confidential information or data concerning the Company or its business during the term of Mr. Hatfield's employment and thereafter. In addition, during Mr. Hatfield's term of employment and for a period of two years following the date Mr. Hatfield ceases to be employed by the Company, Mr. Hatfield may neither solicit certain of the Company's employees to leave the Company's employment nor solicit its customers or business associates to cease doing business with the Company.

Roger L. Nicholson. The Company entered into an employment agreement with Mr. Nicholson, effective as of April 25, 2005, to serve as Senior Vice President and General Counsel. The initial term of Mr. Nicholson's employment agreement ends on March 31, 2008. The employment agreement provides a base salary to Mr. Nicholson of \$260,000 per year, subject to annual review by the Board of Directors. Mr. Nicholson received a signing bonus payment of \$20,000 as compensation for certain unvested benefits lost by virtue of his resignation of employment from his prior employer. In addition, Mr. Nicholson is entitled to receive an annual bonus based upon the achievement of certain results measured by us meeting certain EBITDA, earnings before interest taxes, depreciation and amortization, targets. For 2005, Mr. Nicholson's bonus will not be less than \$104,000. Under the terms of the employment agreement, Mr. Nicholson is eligible to participate in employee benefit plans and programs adopted by the Company for executive level employees.

Pursuant to the employment agreement and the terms of the 2005 Equity and Performance Incentive Plan, Mr. Nicholson has been granted (i) options to purchase 50,000 shares of common stock, 25% of which vested on the date of grant and 25% which will vest annually on each April 25, 2006, 2007 and 2008, (ii) 37,500 restricted shares of common stock, which will vest in three equal installments annually on each April 25, 2006, 2007 and 2008, and (iii) 12,500 unrestricted shares of common stock.

The Company may terminate Mr. Nicholson's employment at any time and for any reason and Mr. Nicholson may resign at any time and for any reason. If Mr. Nicholson's employment is terminated by the Company without cause or if Mr. Nicholson resigns for good reason (as such terms are defined in the employment agreement), the Company will be required to pay Mr. Nicholson (i) his accrued but unpaid salary and bonus compensation through the date of termination, (ii) the bonus compensation for the year of termination, prorated to the amount of time actually employed during such year and (iii) subject to Mr. Nicholson's compliance with the non-solicitation provisions, a severance payment of three times base salary and three times annual bonus compensation (measured using the previous year's bonus payment), along with coverage under the Company's medical and dental programs for a period not to exceed two years. Such severance compensation will be paid quarterly over the two-year period following the date of Mr. Nicholson's termination of employment.

Under the terms of the employment agreement, Mr. Nicholson may not disclose any confidential information or data concerning the Company or its business during the term of Mr. Nicholson's employment and thereafter. In addition, during Mr. Nicholson's term of employment and for a period of two years following the date Mr. Nicholson ceases to be employed by the Company, Mr. Nicholson may neither solicit certain of the Company's employees to leave the Company's employment nor solicit the Company's customers or business associates to cease doing business with the Company.

Compensation Committee Interlocks And Insider Participation

None of the Company's executive officers serves or has served as a member of the Board of Directors, compensation committee or other board committee performing equivalent functions of any entity that has one or more executive officers serving as one of the Company's directors or on the Company's compensation committee.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the Committee) is responsible for, among other things, establishing and administering an executive compensation program for the Company, determining the compensation of the Chief Executive Officer of the Company and for all other executive officers of the Company, including those listed in the Summary Compensation Table of this Proxy Statement. During 2005, the Committee met one time and was composed of Ms. Bezik and Ms. Page.

Compensation Philosophy

The Committee, with the assistance of named executive officers and other independent consultants to the extent requested by the Committee, establishes total pay targets for the Company's executives based on the competitive marketplace for comparable jobs. Individual salaries are determined by evaluating the executive's experience, level and scope of responsibility and individual performance. Using these total pay targets, the Committee determines the appropriate competitive mix of compensation that will motivate the executives to achieve the Company's performance and strategic objectives. It is the goal of the Committee to set base, and bonus compensation, of the Company's senior management at a level that is competitive with the base compensation received by similarly situated executives at comparable companies. Longer-term incentives are created through the grant of stock options and restricted stock awards, which vest over longer periods of time and the benefits from which are driven directly by appreciation in the Company's stock price. The Committee

regularly monitors the Company's compensation program, keeping in mind the Company's strategic goals and these compensation principles as well as industry practices and trends. The Committee has the sole authority to retain and terminate independent, outside, executive compensation consultants and engaged Towers Perrin to assist the Company in designing a program for optimum management retention, industry/competitor comparisons and estimation of award costs which resulted in the Company's 2005 Equity and Performance Incentive Plan.

Elements of the Compensation Package

Base Salary

The Committee aims to set an executive officer's base annual salary at a level that is competitive with the base salary offered by comparable companies to similarly situated executives. The Committee will continue to evaluate the base salaries of all named executive officers on a regular basis to ensure market rate compensation is maintained, taking into account each executive's performance and contributions to the Company, their expertise and retention value.

Annual Incentive Plan

The Company's annual incentive compensation plan provides opportunities for key executives and other salaried employees to earn annual cash incentive payments tied to the successful achievement of pre-established objectives. Awards for corporate employees are based on achievement of corporate and individual performance goals. Awards to operating employees are based on achievement of a combination of corporate, business unit and individual performance goals. Achievement of corporate performance is determined by comparing the Company's actual performance against objective goals, and achievement of individual goals is determined by evaluating a combination of both objective and subjective performance measures. All goals are established by the Company, and goals for the named executive officers are reviewed and approved by the Compensation Committee in April of each year.

Additionally, each of Mr. Hatfield, the Company's President and Chief Executive Officer, and Mr. Nicholson, the Company's Senior Vice President, General Counsel and Secretary, pursuant to their respective employment agreements, were entitled to a minimum annual bonus for 2005.

2005 Incentive Payments

The Company awarded annual incentive payments for fiscal 2005 to Mr. Hatfield, the Company's Chief Executive Officer and President, and the other named executive officers, as reflected in the bonus column of the Summary Compensation Table. The amounts paid to Mr. Hatfield and Mr. Nicholson were determined in accordance with their respective employment agreements and the amounts paid to the other named executive officers were in amounts equal to 40% of such named executive officers' base salaries for 2005. Other eligible employees were paid under the same annual incentive plan in an aggregate amount equal to approximately \$2.1 million. Annual incentive payouts for 2005 were based on the Company's achievement of goals for safety, environmental stewardship, and profitability (EBITDA) pursuant to thresholds set in the 2005 Equity and Performance Incentive Plan. As the Company's financial performance did not meet targeted financial goals for 2005, the incentive payments were sharply reduced to approximately 25% of target bonus eligibility, adjusted in each case to reflect performance of business units and individual performance.

Stock-Based Compensation

Longer-term incentives are provided to executives through the granting of stock options and restricted stock awards pursuant to the Company's 2005 Equity and Performance Incentive Plan. The Plan and awards granted thereunder are designed to encourage the creation of long-term value for the Company's stockholders, and promote employee recruitment, retention, and equity ownership. All of the options granted to the Company's executives under the Plan in 2005 vest in equal increments, with the first 25% having vested on the date of grant.

and the remainder vesting in equal installments on the first, second and third anniversary of the date of grant over a period of three years, and were issued at an exercise price equal to \$11.00 per share, the price of the Company's common stock in its public offering. The Company also issued stock options to Mr. Hatfield, under his employment agreement, at an exercise price equal to \$10.97 per share. Like the other executive options, 25% of Mr. Hatfield's options vested on the date of grant, with the remaining vesting in equal installments on the first, second and third anniversaries of the date of grant.

The Committee may also grant restricted shares of common stock under the Plan, which constitute an immediate transfer of ownership in consideration of the performance of services and entitle the recipient to voting, dividend and other ownership rights. The restricted shares generally are subject to a risk of forfeiture dependent on the completion of periods of service and to restrictions or prohibitions on their transferability. In 2005, the Company granted 312,500 shares of restricted stock under the Plan. For Messrs. Campbell, Hardesty, S. Kitts, O. Kitts, Perkins and Snively, the restrictions on 25% of such shares lapsed on the date of grant and the restrictions on the remaining restricted stock will lapse in equal installments on each of the first, second and third anniversaries of the date of grant. For Mr. Nicholson, the restrictions on the shares will lapse in equal installments on each of the first, second and third anniversaries of the date of grant. The Company also granted 206,250 shares of restricted stock and 68,750 shares of unrestricted stock to Mr. Hatfield in 2005 pursuant to his employment agreement and 12,500 shares of unrestricted stock to Mr. Nicholson pursuant to his employment agreement. The restrictions on Mr. Hatfield's restricted shares will lapse in equal installments on each of the first, second and third anniversaries of the date of grant. In the first quarter of 2006, the Company also granted an additional 364,960 shares of restricted stock under the Plan to other eligible employees. The restrictions on these shares will lapse in equal installments on June 30, 2006, 2007, 2008 and 2009.

Compensation of Chief Executive Officer

The Committee's compensation philosophy with respect to the compensation of its Chief Executive Officer, Mr. Hatfield, is the same as its compensation philosophy for all of the Company's executive officers: to provide a level of base salary that is competitive with the base salary offered to similarly situated executives at comparable companies, to provide bonus opportunities that are dependent on the Company's performance (relating to profitability and capital retention) exceeding a specified threshold, and to provide long-term incentives that reward only long-term appreciation in the value of the Company's common stock.

The Company was formed only two years ago and has grown very quickly through a succession of asset acquisitions. This heritage has given rise to unique challenges for Mr. Hatfield and the Company's management to address, including, resolving the capital and organizational difficulties typically faced by young companies, instilling the Company's philosophy throughout the company's rapidly growing workforce, and quickly integrating large disparate sets of assets over wide geographic areas. The features of Mr. Hatfield's compensation package, which emphasizes a high level of variable and stock-based compensation, reflect the entrepreneurial nature of the Company. The Committee believes, moreover, that preserving the entrepreneurial culture of the Company, even as it continues to grow, provides the best incentive for the Company's executives, including its Chief Executive Officer, to maximize profitability and stockholder value.

Under Mr. Hatfield's leadership, during 2005, the Company accomplished its strategic objectives, including the negotiation and consummation of the acquisition of the assets of Anker Coal Group, Inc. and CoalQuest Development LLC, which significantly increased the size of the Company. Mr. Hatfield became the Company's Chief Executive Officer as of March, 2005 and Mr. Hatfield's base salary for 2005 was \$500,000 per year. As the Company's financial performance did not meet targeted financial goals for 2005, Mr. Hatfield received a bonus of \$500,000, the minimum amount required to be paid pursuant to his employment agreement. Mr. Hatfield also received a grant of 319,052 options at \$10.97 per share, 206,250 shares of restricted stock and 68,750 shares of unrestricted stock. One-quarter of the options vested on the date of grant and the remaining options will vest in equal installments on each of the first, second and third anniversaries of the grant date. The restricted stock vests over three years, with one-third of the options vesting on each of the first, second and third anniversaries of the

grant date. Pursuant to his employment agreement, Mr. Hatfield also purchased 25,000 shares of common stock of ICG, Inc. in September 2005 at \$8.00 per share. In 2005, Mr. Hatfield also received other compensation as follows: \$5,122 representing the value of a Company owned vehicle, \$599 representing the value of life insurance, \$15,000 in matching 401(k) plan contributions, approximately \$2.82 million in tax gross-up payments, \$0.17 million representing the difference of the price paid for 25,000 shares of common stock in September 2005 and the fair market value of such shares on that date, and \$0.89 million representing the value of the 68,750 shares of unrestricted stock granted to Mr. Hatfield pursuant to his employment agreement.

Internal Revenue Code Section 162(m)

Section 162(m) places a limit of \$1.0 million on the deductibility of compensation the Company pays to its Chief Executive Officer and certain other executive officers during each year unless the compensation qualifies as performance-based compensation. The Committee intends to continue to consider the deductibility of compensation as a factor in assessing whether a particular arrangement is appropriate given the goals of maintaining a competitive executive compensation system generally, motivating executives to achieve corporate performance objectives and increasing shareholder value.

Audit Committee Pre-Approval Procedures

The audit committee implemented a pre-approval procedure relating to audit and permitted non-audit services by the Company's independent registered public accountants in July 2005 prior to the Company becoming a reporting company and a NYSE-listed in November 2005. The audit committee approved the services in connection with 2005 and 2004 audits. The audit committee's policy is to review in advance, and grant any appropriate pre-approvals of, (1) all auditing services to be performed by the independent registered public accountants and (2) all non-audit services to be provided by the independent registered public accountants as permitted by Section 10A of the Exchange Act, and, in connection therewith, to approve all fees and other terms of such engagement, provided that pre-approval of *de minimus* services shall not be required to the extent provided by, and subject to the requirements of, the Exchange Act. The audit committee will consider annually for pre-approval a list of specific services and categories of services, including audit and audit-related services, for the upcoming or current fiscal year. The audit committee will also consider on a case-by-case basis and, if appropriate, approve, specific engagements that are not otherwise pre-approved.

Any proposed engagement that does not fit within the definition of a pre-approved service may be presented to the audit committee for consideration at its next regular meeting or, if earlier consideration is required, to the audit committee for action by written consent. The audit committee may delegate one or more members of the audit committee the authority to pre-approve audit-related and non-audit services not prohibited by law to be performed by the Company's independent registered public accountants and associated fees, provided that such member reports any decisions to pre-approve such audit-related or non-audit services and fees to the full audit committee at its next scheduled meeting.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee, in accordance with its written charter, assists the Board of Directors in fulfilling its responsibility for monitoring the integrity of the accounting, auditing and financial reporting practices of the Company. Management is responsible for the financial reporting process, including the system of internal controls and disclosure controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States (GAAP). The auditors, both internal and independent, are responsible for the reviewing and auditing the financial statements. The independent registered

public accountants are responsible for expressing an opinion on the financial statements based on an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board. The Audit Committee's responsibility is to monitor and review these processes, acting in an oversight capacity. The Audit Committee does not certify the financial statements or guarantee the independent registered public accountant's report.

The Audit Committee relies, without independent verification, on the information provided to it, the representations made by management and the independent registered public accountants and the report of the independent registered public accountants. The Audit Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended December 31, 2005 with the Company's management and has discussed with Deloitte & Touche LLP, the Company's independent registered public accountants, the matters required to be discussed by Statement on Auditing Standards Standard No. 61, *Communication with Audit Committees*. In addition, Deloitte & Touche LLP has provided the Audit Committee with, and the Audit Committee has reviewed, the written disclosures and the letter required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and the Audit Committee has discussed with Deloitte & Touche LLP their independence.

The Audit Committee has considered whether the independent registered public accountant's provision of non-audit services to the Company is compatible with the auditor's independence. The Audit Committee has concluded that the independent registered public accountant is independent from the Company and its management. The Audit Committee has reviewed with the independent registered public accountants the scope and plan for their audit.

The Audit Committee has met and discussed with management and the independent registered public accountant the fair and complete presentation of the Company's consolidated financial statements. The Audit Committee has discussed significant accounting policies applied in the combined financial statements, as well as alternative treatments. Management has represented that the consolidated financial statements have been prepared in accordance with GAAP and the Audit Committee has reviewed and discussed the combined financial statements with both management and the independent registered public accountant.

Relying on the foregoing reviews and discussions, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, inclusion of the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2005, for filing with the Securities and Exchange Commission.

In addition, the Audit Committee has selected Deloitte & Touche LLP as the Company's independent registered public accountant for 2006.

A copy of the Audit Committee's written charter is attached as *Exhibit A* to this proxy statement and is also available on the Company's website at www.intlcoal.com.

Such directors, officers and employees will not be additionally compensated for such solicitation but may be reimbursed for out-of-pocket expenses incurred in connection with such solicitation. Arrangements will also be made with brokerage houses and other custodians, nominees and fiduciaries for the forwarding of solicitation materials to the beneficial owners of common stock held of record by such persons, and the Company will reimburse such brokerage houses, custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred in connection with such solicitation.

CODE OF BUSINESS CONDUCT AND ETHICS

All of the Company's employees, and executive officers, are required to comply with the Company's Code of Business Conduct and Ethics. The purpose of these corporate policies is to ensure to the greatest possible extent that the Company's business is conducted in a consistently legal and ethical manner. The Company will also post on its website any amendment to, or waiver from, a provision of its policies as required by law.

OTHER MATTERS

Management does not intend to present, and does not have any reason to believe that others will present, any item of business at the 2006 Annual Meeting other than those specifically set forth in the notice of the meeting. AUDIT COMMITTEE CHARTER

Purposes

The purposes of the Audit Committee (the "Committee") are to assist the Board in fulfilling the Board's oversight responsibilities with respect to:

- (1) the integrity of the Company's financial statements;
- (2) the Company's compliance with legal and regulatory requirements;
- (3) the independent auditors' qualifications and independence; and
- (4) the performance of the independent auditors and the Company's internal audit function; and, to produce the Committee's report to be included in the Company's annual proxy statement (the "Audit Committee Report").

Composition

Size. The size of the Committee will be determined by the Board, but should have at least three members.

Qualifications. Each Committee member must have all of the following qualifications:

- (1) **Independence:** Each Committee member must satisfy the applicable independence requirements set forth in (i) the Securities Exchange Act of 1934, as amended and (ii) the rules of the New York Stock Exchange.
- (2) **Other Requirements:** Without limiting the generality of the foregoing, each Committee member must be financially literate or become financially literate within a reasonable period of time after his or her appointment to the Committee. Additionally, at least one member of the Committee must have accounting or related financial management expertise. The Board will determine, in its business judgment, whether a Committee member is financially literate and whether at least one member has the requisite accounting or financial management expertise. The Committee will endeavor to have at least one member who meets the definition of "audit committee financial expert" within the meaning of Section 407 of the Sarbanes-Oxley Act and any rules promulgated thereunder by the SEC. The designation or identification of a person as an "audit committee financial expert" will not, however, (a) impose on such person any duties, obligations or liabilities that are greater than the duties, obligations and liabilities imposed on such person as a member of the audit committee and Board in the absence of such designation or identification, or (b) affect the duties, obligations or liabilities of any other member of the Committee.
- (3) **Multiple Audit Committees:** If a Committee member simultaneously serves on the audit committee of more than three public companies (including the Company), the Board must determine that such simultaneous service does not impair the ability of such member to effectively serve on the Committee. The Company will disclose such determination as made from time to time to the extent required by law.

Appointment. The Board will select Committee members and the Chair of the Committee based on recommendations made by the Company's Nominating and Corporate Governance Committee or, if applicable, the full Board. Committee members will serve at the pleasure of the Board for such term or terms as the Board may from time to time determine.
