ABOUT THIS PROSPECTUS SUPPLEMENT

All references to CNA, we, our, or us in this prospectus supplement or the accompanying prospectus are to CNA Financial Corporation.

This document is in two parts. The first part is this prospectus supplement, which describes the specific terms of this offering and certain other matters. The second part, the prospectus, gives more general information about us and the notes offered hereby. Generally, when we refer to the prospectus, we are referring to both parts of this document combined. To the extent the description of the notes in this prospectus supplement differs from the description of the notes in the accompanying prospectus, you should rely on the information in this prospectus supplement. You should rely only on the information contained in, or incorporated by reference in, this prospectus supplement and the accompanying prospectus. Neither we nor any underwriter has authorized anyone to provide you with different information. We are not making an offer of these securities in any state where the offer is not permitted. The information which appears in this prospectus supplement, the accompanying prospectus and any document incorporated by reference may only be accurate as of their respective dates. Our business, financial condition, results of operations and prospects may have changed since the date of such information.

WHERE YOU CAN FIND MORE INFORMATION

THE COMPANY

We are a global insurance organization serving businesses and individuals with a broad range of commercial property and casualty insurance products and insurance-related services. We are primarily focused on small and mid-size businesses, and architects, engineers, lawyers, healthcare professionals, financial intermediaries and corporate directors and officers. In 2005, we wrote approximately \$8 billion of annual net premiums. We are the country's seventh largest commercial insurance writer and the 1st largest property casualty company, based on 2004 statutory net written premiums (the latest information for which rankings are available). Our common stock is listed on the New York Stock Exchange, the Chicago Stock Exchange and NYSE Arca (formerly known as the Pacific Exchange) and also trades on the Philadelphia Stock Exchange. The trading symbol for our common stock is CNA. As of June 30, 2006, Loews Corporation (Loews) owned approximately 91% of our outstanding common stock and 100% of our Series H Cumulative Preferred Stock. As discussed under Retirement of Series H Cumulative Preferred Stock, we expect to use a portion of the proceeds of this offering as partial consideration for the repurchase of the Series H Cumulative Preferred Stock from Loews.

RISK FACTORS

Our business faces significant risks. The risks described below and in our Annual Report on Form 10-K for the year ended December 31, 2005 may not be the only risks we face. Additional risks that we do not yet know of or that we currently think are immaterial may also impair our business operations. You should carefully consider and evaluate all of the information included or incorporated by reference into this prospectus supplement and the accompanying prospectus, including the risk factors listed below, before deciding whether to invest in our notes.

Risks related to the offering

Loews owns a majority of our common stock and has the power to elect our board of directors and influence our affairs.

Loews beneficially owned approximately 91% of our outstanding common stock as of June 30, 2006 and, on a pro forma basis after giving effect to the issuance of common stock in the public offering and to Loews in a private placement, Loews will beneficially own approximately 89% of our outstanding common stock. As a result, Loews has the ability to elect our entire board of directors and determine the outcome of other matters submitted to our shareholders, such as the approval of significant transactions, and otherwise to influence our affairs.

We may not be able to complete the repurchase of our Series H Cumulative Preferred Stock.

We have agreed to repurchase all of our outstanding Series H Cumulative Preferred Stock from Loews, with part of the net proceeds of this offering to be used as a portion of the consideration for such repurchase. The repurchase of the Series H Cumulative Preferred Stock is conditioned upon our completion of this offering and a public offering of our common stock, each of which will be used to fund a portion of the consideration for such repurchase. This offering is not conditioned upon the completion of the proposed repurchase. There can be no assurance that such public offering of our common stock will be completed and, therefore, the Series H Cumulative Preferred Stock may remain outstanding. If the conditions to the repurchase of the Series H Cumulative Preferred Stock are not satisfied or waived, we expect to use the net proceeds of this offering for other purposes. There can be no assurance that any such alternative use of the proceeds of this offering would result in benefits to our shareholders to the same extent as the proposed repurchase of the Series H Cumulative Preferred Stock.

You cannot be sure that an active trading market will develop for the notes.

The notes are new issues of securities and there are no established trading markets for the notes. We do not intend to apply to list the notes for trading on any securities exchange or to arrange for quotation on any automated dealer quotation system.

As a result of this and the other factors listed below, an active trading market for the notes may not develop, in which case the market price and liquidity of the notes may be adversely affected.

In addition, you may not be able to sell your notes at a particular time or at a price favorable to you. Future trading prices of the notes will depend on many factors, including:

our operating performance and financial condition;

our prospects or the prospects for companies in our industry generally;

the interest of securities dealers in making a market in the notes;

the market for similar securities;

prevailing interest rates; and

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

the risk factors described in Item 1A of our annual report on Form 10-K for the year ended December 31, 2005. We have been advised by the underwriters that they intend to make a market for the notes, but they have no obligation to do so and may discontinue market-making at any time without providing any notice.

FORWARD-LOOKING STATEMENTS

Each of this prospectus supplement, the accompanying prospectus and the documents we incorporate by reference in this prospectus supplement and the accompanying prospectus contain a number of forward-looking statements which relate to anticipated future events rather than actual present conditions or historical events. You can identify forward-looking statements because generally they include words such as believes, expects, intends, anticipates, estimates, and similar expressions. Forward-looking statements in this report include any and all statements regarding expected developments in our insurance business, including losses and loss reserves for asbestos, environmental pollution and mass tort claims which are more uncertain, and therefore more difficult to estimate than loss reserves respecting traditional property and casualty exposures; the impact of routine ongoing insurance reserve reviews we are conducting; our expectations concerning our revenues, earnings, expenses and investment activities; expected cost savings and other results from our expense reduction and restructuring activities; and our proposed actions in response to trends in our business. Forward-looking statements, by their nature, are subject to a variety of inherent risks and uncertainties that could cause actual results to differ materially from the results projected in the forward-looking statement. We cannot control many of these risks and uncertainties. Some examples of these risks and uncertainties are:

general economic and business conditions, including inflationary pressures on medical care costs, construction costs and other economic sectors that increase the severity of claims;

changes in financial markets such as fluctuations in interest rates, long-term periods of low interest rates, credit conditions and currency, commodity and stock prices;

the effects of corporate bankruptcies, such as Enron and WorldCom, on capital markets, and on the markets for directors and officers and errors and omissions coverages;

changes in foreign or domestic political, social and economic conditions;

regulatory initiatives and compliance with governmental regulations, judicial decisions, including interpretation of policy provisions, decisions regarding coverage and theories of liability, trends in litigation and the outcome of any litigation involving us, and rulings and changes in tax laws and regulations;

effects upon insurance markets and upon industry business practices and relationships of current litigation, investigations and regulatory activity by the New York State Attorney General's office and other authorities concerning contingent commission arrangements with brokers and bid solicitation activities;

legal and regulatory activities with respect to certain non-traditional and finite-risk insurance products, and possible resulting changes in accounting and financial reporting in relation to such products, including our restatement of financial results in May of 2005 and our relationship with an affiliate, Accord Re Ltd., as disclosed in connection with that restatement;

regulatory limitations, impositions and restrictions upon us, including the effects of assessments and other surcharges for guaranty funds and second-injury funds and other mandatory pooling arrangements;

the impact of competitive products, policies and pricing and the competitive environment in which we operate, including changes in our book of business;

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

product and policy availability and demand and market responses, including the level of ability to obtain rate increases and decline or non-renew under priced accounts, to achieve premium targets and profitability and to realize growth and retention estimates;

development of claims and the impact on loss reserves, including changes in claim settlement policies;

the effectiveness of current initiatives by claims management to reduce loss and expense ratios through more efficacious claims handling techniques;

the performance of reinsurance companies under reinsurance contracts with us;

results of financing efforts, including the availability of bank credit facilities;

changes in our composition of operating segments;

weather and other natural physical events, including the severity and frequency of storms, hail, snowfall and other winter conditions, as well as of natural disasters such as hurricanes and earthquakes;

man-made disasters, including the possible occurrence of terrorist attacks and the effect of the absence or insufficiency of applicable terrorism legislation on coverages;

the unpredictability of the nature, targets, severity or frequency of potential terrorist events, as well as the uncertainty as to our ability to contain our terrorism exposure effectively, notwithstanding the extension until 2007 of the Terrorism Risk Insurance Act of 2002;

the occurrence of epidemics;

exposure to liabilities due to claims made by insureds and others relating to asbestos remediation and health-based asbestos impairments, as well as exposure to liabilities for environmental pollution, mass tort, construction defect claims and exposure to liabilities due to claims made by insureds and others relating to lead-based paint;

whether a national privately financed trust to replace litigation of asbestos claims with payments to claimants from the trust will be established or approved through federal legislation, or, if established and approved, whether it will contain funding requirements in excess of our established loss reserves or carried loss reserves;

the sufficiency of our loss reserves and the possibility of future increases in reserves;

regulatory limitations and restrictions, including limitations upon our ability to receive dividends from our insurance subsidiaries imposed by state regulatory agencies and minimum risk-based capital standards established by the National Association of Insurance Commissioners;

the risks and uncertainties associated with our loss reserves as outlined in the *Critical Accounting Estimates* and the *Reserves Estimates and Uncertainties* sections of the *Management's Discussion and Analysis of Financial Condition and Results of Operations* section of our quarterly report on Form 10-Q for the quarter ended June 30, 2006;

the level of success in integrating acquired businesses and operations, and in consolidating, or selling existing ones;

the possibility of further changes in our ratings by ratings agencies, including the inability to access certain markets or distribution channels and the required collateralization of future payment obligations as a result of such changes, and changes in rating agency policies and practices; and

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

the actual closing of contemplated transactions and agreements.

Our forward-looking statements speak only as of the date on which they are made and we do not undertake any obligation to update or revise any forward-looking statement to reflect events or circumstances after the date of the statement, even if our expectations or any related events or circumstances change.

RETIREMENT OF SERIES H CUMULATIVE PREFERRED STOCK

On December 19, 2002, we sold 7,500 shares of our Series H Cumulative Preferred Stock to Loews Corporation, the holder of approximately 91% of our outstanding common stock as of June 30, 2006, for \$750 million. The Series H Cumulative Preferred Stock accrues cumulative dividends at a rate of 8% per year, compounded annually.

The Series H Cumulative Preferred Stock is senior to our common stock as to the payment of dividends and amounts payable upon any liquidation, dissolution or winding up. No dividends may be declared on our common stock until all cumulative dividends on the Series H Cumulative Preferred Stock have been paid. We may not issue any equity securities ranking senior to or on parity with the Series H Cumulative Preferred Stock without the consent of the holders of a majority of the outstanding shares of Series H Cumulative Preferred Stock. The Series H Cumulative Preferred Stock is non-voting and is not convertible into any other securities. The Series H Cumulative Preferred Stock may be redeemed for cash upon the mutual agreement of us and the holders of a majority of the outstanding shares of the Series H Cumulative Preferred Stock at a redemption price equal to the liquidation preference (\$750 million), plus all unpaid dividends accrued through the date of redemption. Loews owns all of the outstanding shares of the Series H Cumulative Preferred Stock.

On August 1, 2006, we entered into a Series H Cumulative Preferred Stock Retirement Agreement with Loews in which we agreed to repurchase all of the shares of Series H Cumulative Preferred Stock held by Loews for cash at a price equal to the liquidation preference plus all unpaid dividends accrued through the closing date, or approximately \$993 million assuming that the repurchase closes on August 8, 2006. The consideration for the Series H Cumulative Preferred Stock will be financed with a portion of the net proceeds of this offering, the issuance by us of 7 million shares of our common stock in a public offering, and issuance by us of approximately 7.86 million shares of our common stock in a private placement to Loews. We expect to receive net proceeds of approximately \$500 million on a combined basis from the public and private offerings of our common stock. On August 1, 2006, we entered into an agreement with the underwriter with respect to the public offering of 7 million shares of our common stock, which is subject to usual closing conditions. We will retire all of the Series H Cumulative Preferred Stock following the repurchase from Loews. For a discussion of the risk that the repurchase of Series H Cumulative Preferred Stock may not be completed, see **Risk Factors** We may not be able to complete the repurchase of our Series H Cumulative Preferred Stock.

At the closing of the repurchase, we will enter into a Registration Rights Agreement with Loews under which it can require us to file up to three registration statements that would permit it to sell up to approximately 7.86 million shares of our common stock that it holds in public offerings, regardless of how they were acquired. Under the agreement, Loews also will have the right to request the inclusion of those shares in certain registration statements that we may file in the future.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth our ratio of consolidated earnings to fixed charges for the periods indicated. For purposes of computing this ratio, earnings consist of income from continuing operations before income taxes and minority interests in consolidated subsidiaries, plus fixed charges. Earnings also exclude undistributed income of equity investees. Fixed charges consist of interest on debt, interest credited to policyholders and that portion of operating lease rental expense which is deemed to be an interest factor for such rentals.

 (b) For the years ended December 31, 2003 and 2001, earnings were insufficient to cover fixed charges by \$2,395 million and \$2,257 million, respectively.

USE OF PROCEEDS

We intend to use a portion of the proceeds of this offering, which after paying underwriting discounts and transaction expenses we expect to be approximately \$740.6 million, as partial consideration for the repurchase of the Series H Cumulative Preferred Stock from Loews. The balance of the consideration to be paid to Loews will be financed with net proceeds of approximately \$500 million from issuing 7 million shares of our common stock in a public offering and approximately 7.86 million shares of our common stock in a private offering to Loews at the per share price paid by the underwriters to us for the shares being offered in the public offering. See Retirement of Series H Cumulative Preferred Stock.

We also intend to use a portion of the proceeds to repay at maturity up to \$250 million in aggregate principal amount of our 6.75% notes due November 15, 2006. Pending the application of the net proceeds of the offering, we intend to invest such proceeds in short-term interest bearing investments.

To the extent the proceeds of this offering are not used as described above, the proceeds of this offering will be used for general corporate purposes.

Table of Contents**SELECTED CONSOLIDATED FINANCIAL DATA**

Our selected consolidated financial data presented below as of and for the years ended December 31, 2005, 2004, 2003, 2002 and 2001 have been derived from our audited consolidated financial statements.

The selected consolidated financial information as of and for the six months ended June 30, 2006 and 2005 are unaudited and have been derived from our unaudited condensed consolidated financial statements and include all adjustments (consisting of normal recurring adjustments), which are, in our opinion, necessary for a fair presentation of our financial position at those dates and results of operations for those periods. Our results of operations for the six months ended June 30, 2006 will not necessarily be indicative of our results for the year.

You should read this selected consolidated financial information in conjunction with our audited consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2005, and the unaudited condensed consolidated financial statements in our Quarterly Report on Form 10-Q for the period ended June 30, 2006, each of which is incorporated by reference in this prospectus supplement and the accompanying prospectus, and Management's Discussion and Analysis of Financial Condition and Results of Operations for those periods, which are contained in those documents.

DESCRIPTION OF NOTES

The following description of the notes supplements the more general Description of the Debt Securities and Securities to be Offered that appear in the accompanying prospectus. If there are any inconsistencies between this section and the prospectus, you should rely upon the information in this section. In this summary, the terms we, our, and us refer solely to CNA Financial Corporation and its successors under the indenture and not to any of its subsidiaries.

General

We are issuing the notes pursuant to an indenture dated March 1, 1991 between us and J. P. Morgan Trust Company, National Association, formerly known as The First National Bank of Chicago, as trustee, which was supplemented by a first supplemental indenture dated as of October 15, 1993, and a second supplemental indenture to be dated as of December 15, 2004. The notes will comprise separate series of debt securities under the indenture. The notes will be issued in registered form only in denominations of \$2,000 and integral multiples of \$1,000. The indenture does not limit the aggregate principal amount of debt securities that may be issued and provides that debt securities may be issued from time to time in one or more series. We may, from time to time, without the consent of the holders of a series of notes, reopen a series and issue additional notes or issue additional series of securities under the indenture.

Principal Amount; Maturity and Interest

We will issue the following series of notes:

\$400,000,000 in aggregate principal amount of our 6.00% notes due 2011. These notes will bear interest at the rate of 6.00% per annum from the date of original issuance, or from the most recent interest payment date to which interest has been paid or provided for.

\$350,000,000 in aggregate principal amount of our 6.50% notes due 2016. These notes will bear interest at the rate of 6.50% per annum from the date of original issuance, or from the most recent interest payment date to which interest has been paid or provided for.

We will make interest payments on each series of notes semi-annually on February 15 and August 15 of each year, commencing February 15, 2007, to the holders of record at the close of business on the preceding February 1 and August 1, respectively, until the relevant principal amount has been paid or made available for payment. Interest on the notes of each series will be computed on the basis of a 360-day year consisting of twelve 30-day months. If any interest payment date falls on a day that is not a business day, the interest payment shall be made on the next succeeding business day, and no interest on such payment shall accrue for the period from and after such interest payment date.

The notes are not subject to any sinking fund provision. We may buy notes in the open market or otherwise, but we make no assurance as to the existence or liquidity of any trading market for the notes. If the maturity date of the notes falls on a day that is not a business day, the payment of interest and principal may be made on the next succeeding business day, and no interest on such payment shall accrue for the period from and after the maturity date.

Priority

The notes represent our direct, unsecured and unsubordinated debt and will rank equally with our current and future direct, unsecured and unsubordinated indebtedness. Because we are a holding company, the notes will be structurally subordinated to all existing and future liabilities of our subsidiaries, which as of June 30, 2006 were approximately \$48.1 billion. The notes will be effectively subordinated to all our current and future secured indebtedness to the extent of the value of the assets securing such indebtedness. As of June 30, 2006, we had approximately \$1.4 billion of indebtedness that would have ranked pari passu with the notes, none of which was secured.

Table of Contents

Further Issuances

We may from time to time, without the consent of the holders of the notes, issue additional debt securities, having the same ranking and the same interest rate, maturity and other terms as the notes of either series offered hereby except for the issue price and issue date and, in some cases, the first interest payment date or certain other terms. Any such additional debt securities will, together with the then outstanding notes of such series, constitute a single class of notes under the indenture, and as such will vote together on matters under the indenture.

Optional Redemption

The notes of each series will be redeemable, in whole or in part, at our option at any time, at a redemption price equal to the greater of (i) 100% of the principal amount of such notes and (ii) the sum of the present values of the remaining scheduled payments of principal and interest thereon (exclusive of interest accrued to the date of redemption) discounted to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus 20 basis points with respect to the 2011 notes and 25 basis points with respect to the 2016 notes, plus in each case accrued interest thereon to the date of redemption.

Treasury Rate means, with respect to any redemption date, the rate per annum equal to the semiannual equivalent yield to maturity or interpolated (on a day count basis) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

Comparable Treasury Issue means, with respect to each series of notes, the United States Treasury security or securities selected by an Independent Investment Banker as having an actual or interpolated maturity comparable to the remaining term of the notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a comparable maturity to the remaining term of such notes.

Independent Investment Banker means one of the Reference Treasury Dealers appointed by the trustee after consultation with us.

Comparable Treasury Price means, with respect to any redemption date, (A) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest such Reference Treasury Dealer Quotations, or (B) if the trustee obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the trustee, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the trustee by such Reference Treasury Dealer at 3:30 p.m. New York time on the third business day preceding such redemption date.

Reference Treasury Dealer means each of Citigroup Global Markets Inc., Lehman Brothers Inc. and two other U.S. Government securities dealers selected by us, or their affiliates which are primary U.S. Government securities dealers, and their respective successors; provided, however, that if any of the foregoing or their affiliates shall cease to be a primary U.S. Government securities dealer in The City of New York (a **Primary Treasury Dealer**), we shall substitute therefor another Primary Treasury Dealer.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of notes to be redeemed.

Unless we default in payment of the redemption price, on and after the redemption date interest will cease to accrue on the notes or portions thereof called for redemption.

Table of Contents

Covenants

In addition to the covenants set forth in the accompanying prospectus under Description of the Debt Securities, the notes provide:

Negative Pledge. Because we are a holding company, our assets consist primarily of the securities of our subsidiaries. The negative pledge provisions of each series of the notes limit our ability to pledge some of these securities. Each series of notes will provide that we will not, and will not permit any subsidiary to, create, assume, incur or permit to exist any indebtedness for borrowed money (including any guarantee of indebtedness for borrowed money) that is secured by a pledge, lien or other encumbrance on:

the voting securities of Continental Casualty Company, The Continental Insurance Company, Continental Assurance Company or CNA Surety Corporation, or any subsidiary succeeding to any substantial part of the business now conducted by any of those corporations, which we refer to collectively as the principal subsidiaries, or

the voting securities of a subsidiary that owns, directly or indirectly, the voting securities of any of the principal subsidiaries, without making effective provision so that the outstanding notes will be secured equally and ratably with indebtedness so secured so long as such other indebtedness shall be secured.

For purposes of the negative pledge, the notes provide that subsidiary means any corporation, partnership or other entity of which at the time of determination we or one or more other subsidiaries own directly or indirectly more than 50% of the outstanding shares of the voting stock or equivalent interest, and voting stock means stock which ordinarily has voting power for the election of directors, whether at all times or only so long as no senior class of stock has such voting power by reason of any contingency.

Neither the indenture nor either series of the notes contain any covenant which would limit a recapitalization transaction, a change of control of CNA Financial Corporation or a highly leveraged transaction unless such transaction or change of control were structured to include a merger or consolidation or sale or conveyance of our assets substantially as an entirety, and then only to the extent set forth in the indenture. See Description of the Debt Securities Consolidation, Merger and Sale of Assets in the accompanying prospectus.

Consolidation, Merger and Sale of Assets

The limitations on consolidation, merger and sale or conveyance of all or substantially all of our assets contained in the indenture described under Description of the Debt Securities Consolidation, Merger and Sale of Assets will apply to each series of the notes.

Events of Default

The events of default contained in the indenture described under Description of the Debt Securities Events of Default will apply to each series of the notes.

Because the applicable threshold amount of indebtedness, the acceleration of which would give rise to an event of default under the indenture, is lower for certain series of senior indebtedness previously issued under the indenture, the acceleration of an outstanding indebtedness of ours may constitute an event of default with respect to one or more of such previously issued series but may not constitute an event of default under the respective terms of the 2011 notes or the 2016 notes.

Modification

The modification and amendment provisions of the indenture described under Description of the Debt Securities Modification of the Indentures will apply to each series of the notes.

Table of Contents

Defeasance

The defeasance and covenant defeasance provisions of the indenture described under Description of the Debt Securities Defeasance in the accompanying prospectus will apply to each series of the notes, with the references in the accompanying prospectus to clauses (d) and (e) of Events of Default referring to items (3) and (4), respectively, under Events of Default in this prospectus supplement.

The Trustee

The trustee in its individual or any other capacity may become the owner or pledgee of notes and may otherwise deal with us or our affiliates with the same rights it would have if it were not the trustee provided it complies with the terms of the indenture. CNA and its subsidiaries and the trustee may engage in normal and customary banking transactions from time to time.

JPMorgan Chase & Co. (JPMorgan) has entered into an agreement with The Bank of New York Company, Inc. (BNY) pursuant to which JPMorgan intends to exchange portions of its corporate trust business, including municipal and corporate trusteeships, for BNY s consumer, small business and middle market banking business. This transaction has been approved by both companies boards of directors and is subject to regulatory approvals. It is expected to close in the late third quarter or fourth quarter of 2006.

Book-Entry Delivery and Settlement

We have obtained the information in this section concerning The Depository Trust Company, or DTC, and its book-entry system and procedures from sources that we believe to be reliable, but we take no responsibility for the accuracy of this information.

The notes of any series initially will be represented by one or more fully registered global notes of that series. Each global note will be deposited with, or on behalf of, DTC or any successor thereto and registered in the name of Cede & Co., DTC s nominee.

You may hold your interests in the global notes of any series in the United States through DTC, either as a participant in such system or indirectly through organizations which are participants in such system. So long as DTC or its nominee is the registered owner of the global notes of any series, DTC or such nominee will be considered the sole owner and holder of the notes of that series for all purposes of the notes and the indenture. Except as provided below, owners of beneficial interests in the notes of any series will not be entitled to have the notes of that series registered in their names, will not receive or be entitled to receive physical delivery of the notes of that series in definitive form and will not be considered the owners or holders of the notes of that series under the indenture, including for purposes of receiving any reports that we or the trustee deliver pursuant to the indenture. Accordingly, each person owning a beneficial interest in a note of any series must rely on the procedures of DTC or its nominee and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, in order to exercise any rights of a holder of notes of that series.

Investors may elect to hold interests in the global notes held by DTC through Clearstream Banking, *société anonyme*, Clearstream, or Euroclear Bank S.A./N.V. as operator of the Euroclear System, the Euroclear operator, if they are participants in such systems, or indirectly through organizations that are participants in such systems. Clearstream and the Euroclear operator will hold interests on behalf of their participants through customers securities accounts in Clearstream s and the Euroclear operator s names on the books of their respective depositaries, which in turn will hold such interests in customers securities accounts in the depositaries names on the books of DTC.

Unless and until we issue the notes in fully certificated form under the limited circumstances described below under the heading Certificated Notes :

you will not be entitled to receive physical delivery of a certificate representing your interest in the notes;

Table of Contents

all references in this prospectus supplement or in the accompanying prospectus to actions by holders will refer to actions taken by DTC upon instructions from its direct participants; and

all references in this prospectus supplement or the accompanying prospectus to payments and notices to holders will refer to payments and notices to DTC or Cede & Co., as the registered holder of the notes, for distribution to you in accordance with DTC procedures.

The Depository Trust Company

DTC will act as securities depository for the notes of any series. The notes of any series will be issued as fully registered global notes of that series registered in the name of Cede & Co. DTC is:

a limited-purpose trust company organized under the New York Banking Law;

a banking organization under the New York Banking Law;

a member of the Federal Reserve System;

a clearing corporation under the New York Uniform Commercial Code; and

a clearing agency registered under the provision of Section 17A of the Securities Exchange Act of 1934.

DTC holds securities that its direct participants deposit with DTC. DTC also facilitates the settlement among direct participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in direct participants accounts, thereby eliminating the need for physical movement of securities certificates.

Direct participants of DTC include securities brokers and dealers (including underwriters), banks, trust companies, clearing corporations, and certain other organizations. DTC is owned by a number of its direct participants and by The New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the NASD. Indirect participants of DTC, such as securities brokers and dealers, banks and trust companies, can also access the DTC system if they maintain a custodial relationship with a direct participant.

If you are not a direct participant or an indirect participant and you wish to purchase, sell or otherwise transfer ownership of, or other interests in, the notes of any series, you must do so through a direct participant or an indirect participant. DTC agrees with and represents to DTC participants that it will administer its book-entry system in accordance with its rules and by-laws and requirements of law. The SEC has on file a set of the rules applicable to DTC and its direct participants.

Title to book-entry interests in the notes of any series will pass by book-entry registration of the transfer within the records of Clearstream, the Euroclear operator or DTC, as the case may be, in accordance with their respective procedures. Book-entry interests in the notes of any series may be transferred within Clearstream and within the Euroclear System and between Clearstream and the Euroclear System in accordance with procedures established for these purposes by Clearstream and the Euroclear operator. Book-entry interests in the notes of any series may be transferred within DTC in accordance with procedures established for this purpose by DTC. Transfers of book-entry interests in the notes of any series among Clearstream, the Euroclear operator and DTC may be effected in accordance with procedures established for this purpose by Clearstream, the Euroclear operator and DTC. Beneficial owners will not receive physical delivery of certificates representing their ownership interests in the notes of any series, except as provided below in *Certificated Notes*.

To facilitate subsequent transfers, all notes of any series deposited with DTC are registered in the name of DTC's nominee, Cede & Co. The deposit of notes of any series with DTC and their registration in the name of Cede & Co. has no effect on beneficial ownership. DTC has no knowledge of the actual beneficial owners of the notes of any series. DTC's records reflect only the identity of the direct participants to whose accounts such notes are credited, which may or may not be the beneficial owners. The participants will remain responsible for keeping account of their holdings on behalf of their customers.

Table of Contents

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants and by direct and indirect participants to beneficial owners (including by Clearstream or Euroclear, as applicable) will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Book-Entry Format

Under the book-entry format, the trustee will pay interest or principal payments to Cede & Co., as nominee of DTC. DTC will forward the payment to the direct participants, who will then forward the payment to the indirect participants or to the beneficial owners. You may experience some delay in receiving your payments under this system.

Initial settlement for the global notes will be made in immediately available funds. Secondary market trading between DTC's participants will occur in the ordinary way in accordance with DTC's rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System. Secondary market trading between Clearstream customers and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and the Euroclear System and will be settled using the procedures applicable to conventional Eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream customers or Euroclear participants, on the other, will be effected through DTC in accordance with DTC's rules on behalf of the relevant European international clearing system by its U.S. depository; however, these cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in the clearing system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. depository to take action to effect final settlement on its behalf by delivering interests in the notes to or receiving interests in the notes from DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream customers and Euroclear participants may not deliver instructions directly to their respective U.S. depositories.

Because of time-zone differences, credits of interests in the notes of any series received in Clearstream or the Euroclear System as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following DTC settlement date. Credits of interests or any transactions involving interests in the notes of any series received in Clearstream or the Euroclear System as a result of a transaction with a DTC participant and settled during subsequent securities settlement processing will be reported to the relevant Clearstream customers or Euroclear participants on the business day following DTC settlement date. Cash received in Clearstream or the Euroclear System as a result of sales of interests in the notes of any series by or through a Clearstream customer or a Euroclear participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and the Euroclear operator have agreed to the foregoing procedures in order to facilitate transfers of interests in the notes of any series among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform the foregoing procedures and these procedures may be changed or discontinued at any time.

The trustee will not recognize you as a holder under the indenture, and you can only exercise the rights of a holder indirectly through DTC and its direct participants. DTC has advised us that it will only take action regarding a note of any series if one or more of the direct participants to whom the note of that series is credited direct DTC to take such action. DTC can only act on behalf of its direct participants. Your ability to pledge notes of any series to indirect participants, and to take other actions, may be limited because you will not possess a physical certificate that represents your notes.

Table of Contents

Certificated Notes

Unless and until they are exchanged, in whole or in part, for notes in definitive form in accordance with the terms of the notes, the notes of any series may not be transferred except as a whole by DTC to a nominee of DTC; as a whole by a nominee of DTC to DTC or another nominee of DTC; or as a whole by DTC or a nominee of DTC to a successor of DTC or a nominee of such successor.

We will issue notes of any series to you or your nominees, in fully certificated registered form, rather than to DTC or its nominees, only if:

DTC notifies us that it is unwilling or unable to continue as depository or that DTC is no longer eligible or in good standing under the Securities Exchange Act of 1934, and we do not appoint a successor depository within 90 days; or

we, at our option, elect to terminate use of the book-entry system through DTC.

If either of the two above events occurs, DTC is required to notify all direct participants that notes of that series in fully certificated registered form are available through DTC. DTC will then surrender the global notes of that series along with instructions for re-registration. The trustee will re-issue the notes of that series in full certificated registered form and will recognize the registered holders of the certificated notes of that series as holders under the indenture.

Table of Contents**UNDERWRITING**

Subject to the terms and conditions set forth in the underwriting agreement dated August 3, 2006, each of the underwriters has severally agreed to purchase, and we have agreed to sell to each underwriter, the principal amount of each series of notes set forth opposite the name of each underwriter:

	Principal Amount of 2011 Notes	Principal Amount of 2016 Notes
Underwriters		
Citigroup Global Markets Inc.	\$ 200,000,000	\$ 175,000,000
Lehman Brothers Inc.	200,000,000	175,000,000
Total	\$ 400,000,000	\$ 350,000,000

Under the terms and conditions of the underwriting agreement, if the underwriters take any of the notes, then they are obligated to take and pay for all the notes.

Each series of notes is a new issue of securities with no established trading market and will not be listed on any national securities exchange. The underwriters have advised us that they intend to make a market in each series of notes, but they have no obligation to do so and may discontinue market-making at any time without providing any notice. No assurance can be given as to the liquidity of any trading market for either series of notes.

The underwriters initially propose to offer the notes directly to the public at the applicable public offering price set forth on the cover page of this prospectus supplement and may offer the notes to certain dealers at a price that represents a concession not in excess of 0.350% of the principal amount of the 2011 notes (in the case of the 2011 notes) and 0.400% of the principal amount of the 2016 notes (in the case of the 2016 notes). The underwriters may allow, and any such dealer may reallow, a concession not in excess of 0.250% of the principal amount of the 2011 notes (in the case of the 2011 notes) and 0.250% of the principal amount of the 2016 notes (in the case of the 2016 notes) to certain other dealers. After the initial offering of the notes, the underwriters may from time to time vary the applicable offering price and other selling terms.

We have also agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments which the underwriters may be required to make in respect of any such liabilities.

In connection with the offering of the notes, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the notes. Specifically, the underwriters may over allot in connection with the offering of the notes, creating a short position. In addition, the underwriters may bid for, and purchase, notes in the open market to cover short positions or to stabilize the price of the notes. Any of these activities may stabilize or maintain the market price of the notes above independent market levels. The underwriters are not required to engage in any of these activities, and may end any of them at any time.

Neither we nor any underwriter makes any representation or prediction as to the direction or magnitude of any effect that the transactions described in the immediately preceding paragraph may have on the price of the notes.

Our expenses associated with this offering, to be paid by us, excluding underwriters' discounts and commissions, are estimated to be approximately \$1 million.

Certain of the underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory, commercial banking and investment banking services for us and our affiliates, including Loews, for which they received or will receive customary fees and expenses. In addition, as part of our investment activities, we regularly buy and sell securities through certain of the underwriters or their respective affiliates based upon customary terms and conditions and fees.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission using a shelf registration process. Under this shelf process, we may sell from time to time up to \$1,500,000,000 of the securities described in this prospectus, in any combination. This prospectus provides a general description of the securities that we may offer. Each time we offer any of the types of securities described herein, we will prepare and distribute a prospectus supplement that will contain a description of the specific terms of the securities being offered and of the offering. The prospectus supplement may also supplement the information contained in this prospectus. You should read both this prospectus and the applicable prospectus supplement, together with the additional information described under the heading **Where You Can Find More Information**, before purchasing any securities.

You should rely only on the information contained or incorporated by reference in this prospectus and any prospectus supplement. We have not included, or incorporated by reference, separate financial statements of any of the CNA Capital Trusts. The CNA Capital Trusts have no operating history or independent operations. The sole purposes of the CNA Capital Trusts will be to issue common and preferred securities and to use the proceeds to purchase junior subordinated debt securities from us. We will own all of the common securities of the CNA Capital Trusts and we will fully guarantee all of the obligations of the CNA Capital Trusts. Because of these factors, we do not believe that separate financial statements for the CNA Capital Trusts would be helpful to you in considering an investment in any of the securities offered pursuant to this prospectus.

You should rely only on the information incorporated by reference or provided in this prospectus or any prospectus supplement. We have not authorized anyone else to provide you with different or additional information. We are not making an offer of these securities in any jurisdiction where the offer or sale is not permitted. You should not assume that the information in this prospectus or any prospectus supplement is accurate as of any date other than the date on the front of those documents.

THE CNA COMPANIES

We are a global insurance organization serving businesses and individuals with a broad range of commercial property and casualty insurance products and insurance-related services. We are primarily focused on small and mid-size businesses, and architects, engineers, lawyers, healthcare professionals, financial intermediaries and corporate directors and officers. In 2004, we wrote approximately \$8 billion of annual net premiums. In 2003, we wrote more than \$9 billion of annual net premiums, making our company the country's seventh largest commercial insurance writer and the 14th largest property casualty company. Our common stock is listed on the New York Stock Exchange, the Chicago Stock Exchange and the Pacific Exchange and also trades on the Philadelphia Stock Exchange. The trading symbol for our common stock is CNA. As of December 31, 2004, Loews Corporation owned approximately 91% of our outstanding common stock and 100% of our Series H preferred stock.

CNAF was incorporated as a Delaware corporation in 1967. Our principal subsidiaries are The Continental Corporation, incorporated in 1968, which is the holding company of Continental Casualty Company, incorporated in 1897. Principal subsidiaries of Continental Casualty Company are Continental Assurance Company, incorporated in 1911, and The Continental Insurance Company, incorporated in 1853.

Table of Contents

The principal business of the CNA Companies is insurance. Continental Casualty Company, The Continental Insurance Company and each of their property and casualty insurance affiliates generally conduct the property and casualty insurance operations of the CNA Companies. Our life and group insurance operations, which have either been sold or are being managed as a run-off operation, are conducted by Continental Casualty Company and Continental Assurance Company. The principal market for insurance products offered by the CNA Companies is the United States.

THE CNA CAPITAL TRUSTS

Each CNA Capital Trust is a statutory business trust formed under Delaware law pursuant to (i) a trust agreement executed by us, as sponsor of the CNA Capital Trust, and a Delaware trustee for that CNA Capital Trust and (ii) the filing of a certificate of trust with the Delaware Secretary of State. Each trust agreement has been amended and restated in its entirety, and is filed as an exhibit to the registration statement of which this prospectus forms a part. Each trust agreement has been qualified as an indenture under the Trust Indenture Act of 1939. Each CNA Capital Trust exists for the exclusive purposes of (i) issuing and selling its common and preferred securities, (ii) using the proceeds from the sale of its securities to acquire a series of junior debt securities that we issue, and (iii) engaging in other related activities.

We will own all of the common securities of each CNA Capital Trust. The common securities of a CNA Capital Trust will rank equal to, and payments will be made thereon in the same proportion, as the preferred securities of such CNA Capital Trust, except that upon the occurrence and continuance of an event of default under a trust agreement resulting from an event of default under the indenture with respect to the junior debt securities, hereafter referred to as a junior debt related event of default, our rights as holder of the common securities to payment in respect of distributions and payments upon liquidation, redemption or otherwise will be subordinated to the rights of the holders of the preferred securities of such CNA Capital Trust. We will acquire common securities in an aggregate liquidation amount equal to not less than 3% of the total capital of each CNA Capital Trust.

Unless otherwise specified in the applicable prospectus supplement, each CNA Capital Trust has a term of approximately 55 years, but may terminate earlier as provided in the applicable Trust Agreement. Each CNA Capital Trust's business and affairs are conducted by its trustees, each appointed by us, as holder of the common securities. Unless otherwise specified in the applicable prospectus supplement, the trustees for each CNA Capital Trust will be J. P. Morgan Trust Company, National Association, as the property trustee, Chase Bank USA, National Association, as the Delaware trustee, and two individual trustees, as the administrative trustees, who are employees or officers of or affiliated with the CNA Companies. The property trustee, the Delaware trustee and the administrative trustees are collectively referred to in this prospectus as the issuer trustees. J. P. Morgan Trust Company, National Association, as property trustee, will act as sole indenture trustee under each trust agreement for purposes of compliance with the Trust Indenture Act of 1939. J. P. Morgan Trust Company will also act as trustee under the guarantees and the junior debt indenture. The holder of the common securities of a CNA Capital Trust, or the holders of a majority in liquidation amount of the related preferred securities if an event of default in respect of the trust agreement for such CNA Capital Trust has occurred and is continuing, will be entitled to appoint, remove or replace the property trustee and/or the Delaware trustee for such CNA Capital Trust. In no event will the holders of the preferred securities have the right to vote to appoint, remove or replace the administrative trustees; such voting rights are vested exclusively in the holder of the common securities. The duties and obligations of each issuer trustee are governed by the applicable trust agreement. We will pay all fees and expenses related to each CNA Capital Trust and the offering of the preferred securities and will pay, directly or indirectly, all ongoing costs, expenses and liabilities of each CNA Capital Trust.

The principal executive office of each CNA Capital Trust is CNA Center, Chicago, Illinois 60685 and its telephone number is (312) 822-5000.

USE OF PROCEEDS

Except as otherwise described in the applicable prospectus supplement, the net proceeds from the sale of the securities offered pursuant to this prospectus will be added to our general funds and used for general corporate purposes, which may include, but are not limited to, prepayment of other debt and capital contributions to our subsidiaries to support such subsidiaries' operations. Each CNA Capital Trust will use all proceeds received from the sale of its preferred securities to purchase our junior debt securities.

SECURITIES TO BE OFFERED

Securities to be offered by CNAF

We may offer and sell from time to time under this prospectus:

- (1) our unsecured senior debt securities;
- (2) our unsecured subordinated debt securities, which together with the senior debt securities are collectively referred to in this prospectus as the debt securities;
- (3) our junior debt securities;
- (4) shares of our common stock, par value \$2.50 per share;
- (5) shares of our preferred stock, no par value, which may be represented by depositary shares;
- (6) warrants to purchase our debt securities, junior debt securities, common stock, preferred stock or depositary shares;
- (7) purchase contracts to purchase any of our debt securities, junior debt securities, common stock, preferred stock, depositary shares, warrants or preferred securities of the CNA Capital Trusts, which are collectively referred to in this prospectus as the purchase contract securities; and
- (8) purchase units, each representing ownership of a purchase contract and any of (x) our debt securities or junior debt securities, (y) debt obligations of third parties, including treasury bonds and similar obligations of the United States and/or (z) trust preferred securities, securing the holder's obligations to purchase the applicable purchase contract securities under the purchase contract.

We may offer to sell any of the securities in one or more separate classes or series, in amounts, at prices and on terms to be determined by market conditions at the time of sale and set forth in a prospectus supplement. The securities offered pursuant to this prospectus may be sold for U.S. dollars, foreign denominated currency or currency units. Similarly, the amounts payable by us as dividends, interest, principal or other distributions also may be payable in U.S. dollars, foreign denominated currency or currency units. Debt securities and junior debt securities may

consist of debentures, notes or other evidences of indebtedness. We will describe all of these terms in the prospectus supplement relating to the applicable offering.

Securities to be offered by the CNA Capital Trusts

Each of the CNA Capital Trusts may offer and sell, from time to time, its preferred securities. We will guarantee the obligation of the CNA Capital Trusts to pay (i) periodic cash distributions, (ii) liquidation amounts and (iii) redemption payments with respect to the preferred securities. EACH GUARANTEE WILL BE AN IRREVOCABLE GUARANTEE BY US ON A SUBORDINATED BASIS THAT THE RELATED CNA CAPITAL TRUST WILL PAY ITS OBLIGATIONS UNDER ITS PREFERRED SECURITIES TO THE EXTENT THAT SUCH RELATED CNA CAPITAL TRUST HAS SUFFICIENT FUNDS TO MAKE SUCH PAYMENTS. THE GUARANTEE IS NOT A GUARANTEE OF COLLECTION FROM US. The guarantee is subordinate to all our indebtedness (including any debt securities which may be issued pursuant to this prospectus), except for (i) our indebtedness that is expressly made junior to or equal with such guarantee, (ii) non-recourse indebtedness, (iii) our indebtedness to any of the other CNA Companies or to any of our employees, (iv) our liabilities for taxes, (v) trade debt incurred in the ordinary course of business and (vi) junior

debt securities. In connection with the investment of the proceeds from the offering of preferred securities, CNA Capital Trusts will purchase junior debt securities that we issue in one or more series. The junior debt securities purchased by a CNA Capital Trust may be subsequently distributed pro rata to the holder of preferred securities and common securities of that CNA Capital Trust under certain circumstances.

You should read the summaries below of the securities offered pursuant to this prospectus, as well as the description of the particular securities in any applicable prospectus supplement. For a further description of our common stock, you should refer to the description of our common stock that is incorporated by reference in this prospectus from our registration statement on Form S-3 (File No. 33-35250) filed on June 6, 1990.

DESCRIPTION OF THE DEBT SECURITIES

The debt securities will consist of notes, debentures or other evidences of indebtedness. Debt securities may be issued from time to time in one or more series. The senior debt securities will be issued under an indenture, dated March 1, 1991, between us and J. P. Morgan Trust Company, National Association (formerly known as The First National Bank of Chicago), a national banking association, as trustee, as supplemented by a first supplemental indenture, dated as of October 15, 1993, and by a second supplemental indenture, dated as of December 15, 2004. The indenture, as supplemented, governing the senior debt securities is referred to in this prospectus as the senior indenture. The subordinated debt securities will be issued under an indenture between us and J. P. Morgan Trust Company, National Association, a national banking association, as trustee. The indenture governing the senior subordinated debt is referred to in this prospectus as the subordinated indenture, and the senior indenture and the subordinated indenture are sometimes referred to collectively as the indentures and individually as the indenture. J. P. Morgan Trust Company, National Association, in its capacity as trustee under either or both of the indentures is referred to hereinafter as the trustee.

Each of the indentures has been qualified under the Trust Indenture Act of 1939 and is subject to that Act. Copies of the senior indenture and the form of the subordinated indenture are included as exhibits to the registration statement of which this prospectus forms a part. The following description summarizes the material terms of the indentures and the debt securities. Because it is only a summary, it does not contain all of the details found in the full text of the debt securities and the indentures, including the definitions of certain terms used in the description of the debt securities in this prospectus, and other terms that are made a part of the indentures by the Trust Indenture Act of 1939.

The indentures are substantially identical except for provisions relating to subordination. Any debt securities offered by this prospectus and any accompanying prospectus supplement are referred to herein as the offered debt securities.

General

The indentures do not limit the aggregate principal amount of debt securities that may be issued thereunder and provide that debt securities may be issued from time to time in one or more series and may be denominated and payable in U.S. dollars, foreign currencies or units based on or related to foreign currencies. We may sell offered debt securities at par, a premium or an original issue discount. Offered debt securities sold at an original issue discount may bear no interest or interest at a below market rate. The specific terms of a series of offered debt securities will be established in or pursuant to a resolution of our board of directors and/or in one or more supplemental indentures. Pursuant to the indentures, we can establish different rights with respect to each series of debt securities issued under the indentures.

The applicable prospectus supplement will provide information for the following terms of the offered debt securities to the extent such terms are applicable to such offered debt securities:

the title of such offered debt securities and the particular series thereof;

any limit on the aggregate principal amount of such offered debt securities;

whether such offered debt securities are to be issuable in registered form, referred to in this prospectus as registered securities, or bearer form, referred to in this prospectus as bearer securities, or both, whether any of such offered debt securities are to be issuable initially in temporary global form and whether any of such offered debt securities are to be issuable in permanent global form;

the price or prices (generally expressed as a percentage of the aggregate principal amount thereof) at which such offered debt securities will be issued;

the date or dates on which such offered debt securities will mature;

the interest rate or rates per annum for the offered debt securities, or the formula by which such interest rate or rates shall be determined for the offered debt securities, the dates from which any such interest on the offered debt securities will accrue and the circumstances, if any, under which we may reset such interest rate or interest rate formula;

the interest payment dates on which any such interest on such offered debt securities will be payable, the regular record date for any interest payable on such offered debt securities that are registered securities on any interest payment date, and the extent to which, or the manner in which any interest payable on a global security on an interest payment date will be paid if other than in the manner described below under Global Securities;

the person to whom interest on any registered security of such series will be payable, if other than the person in whose name such offered debt security (or one or more predecessor offered debt securities) is registered at the close of business on the regular record date for such payment, and the manner in which, or the person to whom, any interest on any bearer security of such series will be payable, if otherwise than upon presentation and surrender of the coupons thereto;

if other than the principal amount of such offered debt securities, the portion of the principal amount of such offered debt securities which shall be payable upon declaration of acceleration of the maturity thereof or provable in bankruptcy;

any mandatory or optional sinking fund or analogous provisions;

each office or agency where, subject to the terms of the applicable indenture as described below under Payments and Paying Agents, the principal of any interest on such offered debt securities will be payable and each office or agency where, subject to the terms of the applicable indenture as described below under Denominations, Registration and Transfer, such offered debt securities may be presented for registration of transfer or exchange;

the date, if any, after which and the price or prices at which, such offered debt securities may be redeemed, pursuant to any optional or mandatory redemption provisions, in whole or in part, and the other detailed terms and provisions of any such optional or mandatory redemption provisions;

the denominations in which such offered debt securities which are registered securities will be issuable, if other than denominations of U.S. \$1,000 and any integral multiple thereof, and the denomination in which such offered debt securities which are bearer securities will be issuable, if other than denominations of U.S. \$5,000;

the currency or currencies of payment of principal of and any premium and interest on such offered debt securities;

any index used to determine the amount of payments of principal or any interest on such debt securities different from those described herein;

the application, if any, of any restrictive covenants or events of default that are in addition to or different from those described herein;

the form of such offered debt security; and

any other terms and provisions of such offered debt securities not inconsistent with the terms and provisions of the applicable indenture, including without limitations any restrictive covenants which may be applicable to us for the benefit of the holders of such offered debt securities.

Table of Contents

Any such prospectus supplement will also describe any special provisions for the payment of additional amounts with respect to such offered debt securities. Offered debt securities of any series may be issued in one or more tranches as described in the applicable prospectus supplement.

If the purchase price of any of the offered debt securities is payable in a foreign currency or currencies or foreign currency unit or units or if the principal of and any premium and interest on any series of debt securities are payable in a foreign currency or currencies or foreign currency unit or units, the restrictions, elections, general tax considerations, specific terms and other information with respect to such issue of debt securities and such foreign currency or currencies or foreign currency unit or units will be described in the applicable prospectus supplement.

Ranking and Subordination

Senior Debt Securities.

The senior debt securities will rank equally with all of our other unsecured and unsubordinated indebtedness. As of December 31, 2004, we had approximately \$2.0 billion aggregate principal amount of indebtedness for borrowed money which would rank *pari passu* with the senior debt securities. The senior indenture does not limit the amount of debt, either secured or unsecured, that we may issue under the senior indenture or otherwise. In addition, our subsidiaries had approximately \$228.7 million of indebtedness outstanding.

Subordinated Debt Securities.

Indebtedness evidenced by the subordinated debt securities will be subordinated in right of payment, as set forth in the subordinated indenture, to the prior payment in full of all our existing and future senior indebtedness. Senior indebtedness is defined in the subordinated indenture as the principal of and interest on (including any interest that accrues after or would have accrued but for the filing of a petition initiating any proceeding pursuant to any bankruptcy law, regardless of whether such interest is allowed or permitted to the holder of such debt against our bankruptcy or any other insolvency estate in such proceeding) and other amounts due on or in connection with any debt incurred, assumed or guaranteed by us, whether outstanding on the date of the subordinated indenture or thereafter incurred, assumed or guaranteed, and all renewals, extensions and refunds of any such debt. Amounts outstanding under any senior debt securities will be included in senior indebtedness. Excluded from the definition of senior indebtedness are the following: (a) any debt which expressly provides (i) that such debt shall not be senior in right of payment to the subordinated debt securities, or (ii) that such debt shall be subordinated to any of our other debt, unless such debt expressly provides that such debt shall be senior in right of payment to the subordinated debt securities; and (b) any of our debt in respect of the subordinated debt securities. As of December 31, 2004, we had approximately \$2.0 billion aggregate principal amount of indebtedness for borrowed money which would rank senior to the subordinated debt securities and no borrowings which would rank junior or equal with the subordinated debt securities.

By reason of such subordination, in the event of dissolution, insolvency, bankruptcy or other similar proceedings, upon any distribution of assets, (i) the holders of subordinated debt securities will be required to pay over their share of such distribution to the holders of senior indebtedness until such senior indebtedness is paid in full; and (ii) our creditors who are not holders of subordinated debt securities or holders of senior indebtedness may recover less, ratably, than holders of senior indebtedness and may recover more, ratably, than the holders of subordinated debt securities.

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

In the event that the subordinated debt securities are declared due and payable prior to their stated maturity by reason of the occurrence of an event of default, we are obligated to notify holders of senior indebtedness promptly of such acceleration. We may not pay the subordinated debt securities until 179 days have passed after such acceleration occurs and may thereafter pay the subordinated debt securities if the terms of the subordinated indenture otherwise permit payment at that time.

Table of Contents

No payment of the principal, issue price plus accrued original issue discount (if any), redemption price, interest, if any, or any other amount payable with respect to any subordinated debt security may be made, nor may we acquire any subordinated debt securities except as described in the subordinated indenture, if any default with respect to senior indebtedness occurs and is continuing that permits the acceleration of the maturity of the senior indebtedness and either such default is the subject of judicial proceedings or we receive notice of the default, unless

179 days pass after notice of the default is given and such default is not then the subject of judicial proceedings or the default with respect to the senior indebtedness is cured or waived; and

the terms of the subordinated indenture otherwise permit the payment or acquisition of the subordinated debt securities at that time.

Denominations, Registration and Transfer

The offered debt securities will be issuable as registered securities, bearer securities or both. Offered debt securities may be issuable in the form of one or more global securities, as described below under Global Securities. Unless otherwise provided in the applicable prospectus supplement, registered securities denominated in U.S. dollars will be issued only in denominations of \$1,000 or any integral multiple thereof and bearer securities denominated in U.S. dollars will be issued only in denominations of \$5,000 with coupons attached. A global security will be issued in a denomination equal to the aggregate principal amount of outstanding offered debt securities represented by such global security. The prospectus supplement relating to offered debt securities denominated in a foreign or composite currency will specify the denominations for these offered debt securities.

In connection with its original issuance, no bearer security shall be mailed or otherwise delivered to any location in the United States (as defined below under Limitations on Issuance of Bearer Securities) and a bearer security may be delivered in connection with its original issuance only if the person entitled to receive such bearer security furnishes written certification, in the form required by the applicable indenture, to the effect that such bearer security is not being acquired by or on behalf of a United States person (as defined below under Limitations on Issuance of Bearer Securities), or, if a beneficial interest in such bearer security is being acquired by or on behalf of a United States person, that such United States person is a financial institution (as defined in Treasury Regulation Section 1.165-12(c)(1)(v)) that is purchasing for its own account or for the account of a customer and which agrees to comply with the requirements of Section 165(j)(3)(A), (B) or (C) of the United States Internal Revenue Code of 1986, as amended, and the regulations thereunder.

Registered securities of any series will be exchangeable for other registered securities of the same series and of a like aggregate principal amount and tenor of different authorized denominations. In addition, if offered debt securities of any series are issuable as both registered securities and as bearer securities, at the option of the holder upon request confirmed in writing, and subject to the terms of the applicable indenture, bearer securities (with all unmatured coupons, except as provided below, and all matured coupons in default attached) of such series will be exchangeable for registered securities of the same series of any authorized denominations and of a like aggregate principal amount and tenor. Unless otherwise indicated in an applicable prospectus supplement, any bearer security surrendered in exchange for a registered security between a record date and the relevant date for payment of interest shall be surrendered without the coupon relating to such date for payment of interest attached and interest will not be payable in respect of the registered security issued in exchange for such bearer security, but will be payable only to the holder of such coupon when due in accordance with the terms of the applicable indenture. Except as provided in an applicable prospectus supplement, bearer securities will not be issued in exchange for registered securities.

Offered debt securities may be presented for exchange as provided above, and registered securities (other than a global security) may be presented for registration of transfer (with the form of transfer duly executed), at the office of the security registrar we designate or at the office of any transfer agent we designate for such purpose with respect to any series of offered debt securities and referred to in an applicable prospectus

Table of Contents

supplement, without service charge and upon payment of any taxes and other governmental charges as described in the applicable indenture. Such transfer or exchange will be made when the security registrar or such transfer agent, as the case may be, is satisfied with the documents of title and identity of the person making the request. We have initially appointed the trustee as the security registrar under the indentures. If a prospectus supplement refers to any transfer agent, in addition to the security registrar, we initially designate with respect to any series of offered debt securities, we may at any time rescind the designation of any such transfer agent or approve a change in the location through which any such transfer agent acts. Exceptions to the prior sentence will occur if offered debt securities of a series are issuable only as registered securities. We will be required to maintain a transfer agent in each place of payment for such series. Similarly, if offered debt securities of a series are issuable as bearer securities, then we will be required to maintain, in addition to the security registrar, a transfer agent in a place of payment for such series located outside the United States. We may at any time designate additional transfer agents with respect to any series of offered debt securities.

In the event of any redemption, neither we nor the trustee shall be required to (i) issue, register the transfer of or exchange offered debt securities of any series during a period beginning at the opening of business 15 days before the day of the mailing of a notice of redemption of offered debt securities of that series selected to be redeemed and ending at the close of business (a) if offered debt securities of the series are issuable only as registered securities, the day of mailing of the relevant notice of redemption, and (b) if offered debt securities of the series are issuable as bearer securities, the day of the first publication of the relevant notice of redemption or, if offered debt securities of that series are also issuable as registered securities and there is no publication, the mailing of the relevant notice of redemption; (ii) register the transfer of or exchange any registered security or portion thereof, called for redemption, except the unredeemed portion of any registered security being redeemed in part; or (iii) exchange any bearer security called for redemption, except to exchange such bearer security for a registered security of that series and like tenor which is immediately surrendered for redemption.

Payments and Paying Agents

Unless otherwise indicated in an applicable prospectus supplement, payment of principal of and any interest on registered securities (other than a global security) will be made at the office of such paying agent or paying agents as we may designate from time to time, except that, at our option, payment of any interest may be made by check mailed to the address of the payee entitled thereto as such address shall appear in the security register. Unless otherwise indicated in an applicable prospectus supplement, payment of any installment of interest on registered securities will be made to the person in whose name such registered security is registered at the close of business on the regular record date for such interest payment.

Unless otherwise indicated in an applicable prospectus supplement, payment of principal of and any premium and interest on bearer securities will be payable (subject to applicable laws and regulations) at the offices of such paying agent or paying agents as we may designate from time to time, except that, at our option, payment of any interest may be made by check mailed to the address of the payee entitled thereto as such address shall appear in the security register. Unless otherwise indicated in an applicable prospectus supplement, payment of any installment of interest on registered securities will be made to the person in whose name such registered security is registered at the close of business on the regular record date for such interest payment.

Unless otherwise indicated in an applicable prospectus supplement, payment of principal of and any premium and interest on bearer securities will be payable (subject to applicable laws and regulations) at the offices of such paying agent or paying agents outside the United States as we may designate from time to time, except that, at our option, payment of any interest may be made by check or by wire transfer to an account maintained by the payee outside the United States. Unless otherwise indicated in an applicable prospectus supplement, payment of interest on bearer securities on any interest payment date will be made only against surrender of the coupon relating to such interest payment date. No payment with respect to any bearer security will be made at any of our offices or agencies in the United States or by check mailed to any address in the United States or by wire transfer to an account maintained in the United States. Payments will not be made in

Table of Contents

respect of bearer securities or coupons relating to those bearer securities pursuant to presentation to us or our paying agents within the United States. Notwithstanding the foregoing, payment of principal of and any interest on bearer securities denominated and payable in U.S. dollars will be made at the office of our paying agent in the United States if, and only if, payment of the full amount thereof in U.S. dollars at all offices or agencies outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions and we have delivered to the trustee an opinion of counsel to that effect.

Unless otherwise indicated in an applicable prospectus supplement, the principal office of the trustee in The City of New York will be designated as our sole paying agent for payments with respect to offered debt securities which are issuable solely as registered securities. Any paying agent outside the United States and any other paying agent in the United States that we initially designate for the offered debt securities will be named in the applicable prospectus supplement. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts, except that, if offered debt securities of a series are issuable only as registered securities, we will be required to maintain a paying agent in each place of payment of such series and, if offered debt securities of a series are issuable as bearer securities, we will be required to maintain (i) a paying agent in each place of payment for such series in the United States for payments with respect to any registered securities of such series (and for payments with respect to bearer securities of such series in the circumstances described above, but not otherwise), (ii) a paying agent in each place of payment located outside the United States where offered debt securities of such series and any coupons belonging thereto may be presented and surrendered for payment; provided that if the offered debt securities of such series are listed on The International Stock Exchange, the London Stock Exchange or the Luxembourg Stock Exchange or any other stock exchange located outside the United States and such stock exchange shall so require, we will maintain a paying agent in London or Luxembourg or any other required city located outside the United States, as the case may be, for offered debt securities of such series, and (iii) a paying agent in each place of payment located outside the United States where (subject to applicable laws and regulations) registered securities of such series may be surrendered for registration of transfer or exchange and where notices and demands to or upon us may be served.

All monies we pay to a paying agent for the payment of principal of and any interest on any offered debt securities that remains unclaimed for at least two years after such principal, premium, if any, or interest has become due and the payable will be repaid, at our request, to us. After this repayment, the holder of such offered debt security or any coupon relating thereto will look only to us for payment thereof.

Global Securities

The offered debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depository identified in the prospectus supplement relating to such series. Global securities may be issued only in fully registered form and may be issued in either temporary or permanent form. Unless and until it is exchanged in whole or in part for the individual offered debt securities represented thereby, a global security may not be transferred except as a whole by the depository for such global security to a nominee of such depository or by a nominee of such depository to such depository or another nominee of such depository or by the depository or any nominee of such depository to a successor depository or any nominee of such successor.

The specific terms of the depository arrangement with respect to a series of offered debt securities will be described in the prospectus supplement relating to such series. We anticipate that the following provisions will generally apply to depository arrangements.

Upon the issuance of a global security, the depository for such global security or its nominee will credit on its book-entry registration and transfer system the respective principal amounts of the individual offered debt securities represented by such global security to the accounts of persons that have accounts with such depository, who are referred to as participants. Such accounts shall be designated by the underwriters, dealers or agents

Table of Contents

with respect to such offered debt securities or by us if such offered debt securities are offered and sold directly by us. Ownership of beneficial interests in a global security will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests in such global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the applicable depositary or its nominee (with respect to interests of participants) and records of participants (with respect to interests of persons who hold through participants). The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to own, pledge or transfer beneficial interest in a global security.

So long as the depositary for a global security or its nominee is the registered owner of such global security, such depositary or such nominee, as the case may be, will be considered the sole owner or holder of the offered debt securities represented by such global security for all purposes under the applicable indenture. Except as provided below, owners of beneficial interests in a global security will not be entitled to have any of the individual offered debt securities of the series represented by such global security registered in their names, will not receive or be entitled to receive physical delivery of any such offered debt securities of such series in definitive form and will not be considered the owners or holders thereof under the applicable indenture.

Payments of principal of and any premium and any interest on individual offered debt securities represented by a global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner of the global security representing such offered debt securities. None of us, the trustee, any paying agent or the security registrar for such offered debt securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global security for such offered debt securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We expect that the depositary for a series of offered debt securities or its nominee, upon receipt of any payment of principal, premium or interest in respect of a permanent global security representing any of such offered debt securities, immediately will credit participants' accounts with payments in amounts proportionate to their respective beneficial interest in the principal amount of such global security for such offered debt securities as shown on the records of such depositary or its nominee. We also expect that payments by participants to owners of beneficial interests in such global security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts in bearer form or registered in street name. Such payments will be the responsibility of such participants.

If a depositary for a series of offered debt securities is at any time unwilling, unable or ineligible to continue as depositary and we do not appoint a successor depositary within 90 days, we will issue individual offered debt securities of such series in exchange for the global security representing such series of offered debt securities. In addition, we may, at any time and in our sole discretion, subject to any limitations described in the prospectus supplement relating to such offered debt securities, determine not to have any offered debt securities of such series represented by one or more global securities and, in such event, will issue individual offered debt securities of such series in exchange for the global security or Securities representing such series of offered debt securities. Individual offered debt securities of such series so issued will be issued in denominations, unless we otherwise specify, of \$1,000 and integral multiples thereof.

Limitations on Issuance of Bearer Securities

In compliance with United States federal tax laws and regulations, bearer securities may not be offered, sold, resold or delivered in connection with their original issuance in the United States or to United States persons (each as defined below) other than to a qualifying foreign branch of a United States financial institution, and any underwriters, agents and dealers participating in the offering of offered debt securities must agree that they will not offer any bearer securities for sale or resale in the United States or to United States persons (other than a qualifying foreign branch of a United States financial institution) or deliver bearer securities within the

Table of Contents

United States. In addition, any such underwriters, agents and dealers must agree to send confirmations to each purchaser of a bearer security confirming that such purchaser represents that it is not a United States person or is a qualifying foreign branch of a United States financial institution and, if such person is a dealer, that it will send similar confirmations to purchasers from it. The term "qualifying foreign branch of a United States financial institution" means a branch located outside the United States of a United States securities clearing organization, bank or other financial institution listed under Treasury Regulation Section 1.165-12(c)(1)(v) that agrees to comply with the requirements of Section 165(j)(3)(A), (B) or (C) of the Internal Revenue Code and the regulations thereunder.

Bearer securities and any coupons relating thereto will bear a legend substantially to the following effect: Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code. Under Sections 165(j) and 1287(a) of the Internal Revenue Code, holders that are United States persons, with certain exceptions, will not be entitled to deduct any loss on bearer securities and must treat as ordinary income, any gain realized on the sale or other disposition (including the receipt of principal) of bearer securities.

The term "United States person" means a citizen or resident of the United States, a corporation, partnership or other entity created or organized in or under the laws of the United States or of any political subdivision thereof, an estate or, for taxable years beginning before January 1, 1997, a trust the income of which is subject to United States federal income taxation regardless of its source or, for taxable years beginning after December 31, 1996, a trust if a U.S. court is able to exercise primary supervision over the administration of the trust and one or more U.S. fiduciaries have the authority to control all substantial decisions of the trust. The term "United States" means the United States of America (including the states and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction (including the Commonwealth of Puerto Rico).

Defeasance

The indentures provide that we will be discharged from any and all obligations in respect of the debt securities of any series (except for certain obligations to register the transfer or exchange of debt securities of such series, to replace stolen, lost or mutilated debt securities of such series, to maintain paying agencies and to hold monies for payment in trust) upon the deposit with the trustee for such series of debt securities in trust of money and/or U.S. government obligations in an amount sufficient to pay the principal of and each installment of interest, if any, on the debt securities of such series on the maturity of such payments in accordance with the terms of the applicable indenture and the debt securities of such series. Such a trust may only be established if, among other things, we have delivered to such trustee an opinion of counsel (who may be our counsel) to the effect that (i) holders of the debt securities of such series will not recognize income, gain or loss for federal income tax purposes as a result of such deposit, defeasance and discharge and will be subject to federal income tax on the same amounts and in the same manner and at the same times, as would have been the case if such deposit, defeasance and discharge had not occurred, and (ii) the debt securities of such series, if then listed on The New York Stock Exchange, will not be delisted as a result of such deposit, defeasance and discharge.

The indentures provide that, if applicable, we may omit to comply with any additional restrictive covenants imposed on us in connection with the establishment of any series of debt securities and that clause (d) under "Events of Default" with respect to such restrictive covenants and clause (e) under "Events of Default" shall not be deemed to be an event of default under the applicable indenture and the debt securities of any series, upon the deposit with the trustee under the applicable indenture, in trust of money and/or U.S. government obligations which through the payment of interest and principal in respect thereof in accordance with their terms will provide money in an amount sufficient to pay the principal of, and each installment of interest, if any, on the debt securities of such series on the maturity of such payments in accordance with the terms of the applicable indenture and the debt securities of such series. Our obligations under the applicable indenture and debt securities of such series other than with respect to the covenants referred to above and the events of default other than the events of default referred to above shall remain in full force and effect. Such a trust may only be established if,

Table of Contents

among other things, we have delivered to the trustee an opinion of counsel (who may be our counsel) to the effect that (i) the holders of the debt securities of such series will not recognize income, gain or loss for federal income tax purposes as a result of such deposit and defeasance of certain covenants and events of default and will be subject to federal income tax on the same amounts and in the same manner and at the same times, as would have been the case if such deposit and defeasance had not occurred, and (ii) the debt securities of such series, if then listed on The New York Stock Exchange, will not be delisted as a result of such deposit and defeasance.

In the event we exercise our option to omit compliance with certain covenants of an indenture with respect to the debt securities of any series as described above and the debt securities of such series are declared due and payable because of the occurrence of any event of default other than an event of default described in clauses (d) or (e) under Events of Default, the amount of money and U.S. government obligations on deposit with the trustee will be sufficient to pay amounts due on the debt securities of such series at the time of the acceleration resulting from such event of default. However, we will remain liable for such payments.

The term U.S. government obligation means direct noncallable obligations of, or noncallable obligations guaranteed by, the United States or an agency thereof for the payment of which guarantee or obligation, the full faith and credit of the United States is pledged.

Modification of the Indentures

The indentures contain provisions permitting us and the trustee, with the consent of the holders of a majority of the principal amount of the debt securities of each series then outstanding under such indenture, to execute supplemental indentures adding any provisions to or changing or eliminating any of the provisions of the applicable indenture or modifying the rights of the holders of the debt securities of such series, except that no such supplemental indenture may, among other things, (i) extend the final maturity of any debt securities, or reduce the rate or extend the time of payment of interest thereon, or reduce the principal amount thereof, impair the right to institute suit for payment thereof or reduce any amount payable upon any redemption thereof without the consent of the holder of the debt security so affected, or (ii) reduce the aforesaid percentage of debt securities, the consent of the holders of which is required for any such supplemental indenture, without the consent of the holders of all outstanding debt securities. Our board of directors does not have the power to waive any of the covenants of the indentures including those relating to consolidation, merger or sale of assets.

Events of Default

An event of default with respect to any series of debt securities is defined in the indentures as being:

a default by us for thirty (30) days in the payment of any installment of interest on the debt securities of such series;

a default by us in the payment of any principal on the debt securities of such series when due;

a default by us in the payment of any sinking fund installment with respect to such series of debt securities;

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

a default by us in the performance of any of the agreements in the applicable indenture contained therein for the benefit of the debt securities of such series which shall not have been remedied within a period of 60 days after receipt of written notice by us from the trustee for such series of debt securities or by us and such trustee from the holders of not less than 25% in principal amount of the offered debt securities of such series then outstanding;

with respect to any series of offered debt securities (unless otherwise specified in the accompanying prospectus supplement), the acceleration, or failure to pay at maturity, of any of our indebtedness for money borrowed exceeding \$100,000,000 in principal amount, which acceleration is not rescinded or annulled or indebtedness paid within 15 days after the date on which written notice thereof shall have first been given to us as provided in the applicable indenture;

Table of Contents

certain events with respect to our bankruptcy, insolvency or reorganization, with the occurrence of any such event being referred to in this prospectus as a bankruptcy default; or

any other event of default established in accordance with the applicable indenture with respect to any series of debt securities.

No event of default (other than a bankruptcy default) with respect to a particular series of debt securities necessarily constitutes an event of default with respect to any other series of debt securities.

The indentures provide that if an event of default with respect to any series of debt securities shall have occurred and is continuing, either the trustee with respect to the debt securities of that series or the holders of at least 25% in aggregate principal amount of debt securities of that series then outstanding may declare the principal amount (or, if the debt securities of that series were sold at an original issue discount, such portion of the principal amount as may be specified in the terms of that series) of all the debt securities of that series and interest, if any, accrued thereon to be due and payable immediately, but upon certain conditions such declaration may be annulled and past defaults (except, unless theretofore cured, a default in payment of principal of or interest on debt securities of that series) may be waived by the holders of a majority in principal amount of the debt securities of that series then outstanding.

The indentures each contain a provision entitling the trustee with respect to any series of debt securities, subject to the duty of the trustee during default to act with the required standard of care, to be indemnified by the holders of debt securities of such series before proceeding to exercise any right or power under the applicable indenture at the request of the holders of such debt securities. The indentures also provide that the holders of a majority in principal amount of the outstanding debt securities of any series may direct the time, method and place of conducting any proceeding for any remedy available to the trustee for such series of debt securities, or exercising any trust or power conferred on such trustee, with respect to the debt securities of such series. The indentures each contain a covenant that we will file annually with the trustee a certificate as to the absence of any default or specifying any default that exists.

No holder of any debt security of any series will have any right to institute any proceeding with respect to the applicable indenture or for any remedy under such indenture, unless (i) such holder previously shall have given the trustee for such series of debt securities written notice of an event of default with respect to debt securities of that series and (ii) the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series shall have made written request, and offered reasonable indemnity, to such trustee to institute such proceeding as trustee, and such trustee shall not have received from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series a direction inconsistent with such request and shall have failed to institute such proceeding within 60 days. However, any right of a holder of any debt security to receive payment of the principal of and any interest on such debt security on or after the due dates expressed in such debt security and to institute suit for the enforcement of any such payment on or after such dates shall not be impaired or affected without consent of such holder.

Consolidation, Merger and Sale of Assets

We covenant that we will not merge or consolidate with any other corporation or sell or convey all or substantially all of our assets to any person, unless (i) either we shall be the continuing corporation, or the successor corporation or the person which acquires by sale or conveyance substantially all of our assets (if other than us) shall be a corporation organized under the laws of the United States or any state thereof and shall expressly assume the due and punctual payment of the principal of and interest on all the debt securities, according to their tenor, and the due and punctual performance and observance of all of the covenants and conditions of the applicable indenture to be performed or observed by us, by supplemental indenture satisfactory to the trustee, executed and delivered to the trustee by such corporation, and (ii) we or such successor corporation, as the case may be, shall not, immediately after such merger or consolidation, or such sale or conveyance, be in default in the performance of any such covenants or condition.

Table of Contents

Other than the covenants described above, or as set forth in any accompanying prospectus supplement, the indentures and the debt securities do not contain any covenants or other provisions designed to afford holders of the debt securities protection in the event of a takeover, recapitalization or highly leveraged transaction in which we are involved.

No Personal Liability

No past, present or future director, officer, employee or stockholder, as such, of ours or any successor of ours shall have any liability for any of our obligations under the debt securities or the indentures or for any claims based on, in respect of, or by reason of, such obligations or their creation. Each holder of debt securities by accepting such debt security waives and releases all such liability. The waiver and release are part of the consideration for the issue of the debt securities.

The Trustee

The trustee in its individual or any other capacity may become the owner or pledgee of debt securities and may otherwise deal with us or our affiliates with the same rights it would have if it were not the trustee provided it complies with the terms of the applicable indenture. The CNA Companies and the trustee may engage in normal and customary banking transactions from time to time.

DESCRIPTION OF JUNIOR DEBT SECURITIES

The junior debt securities may be issued in one or more series under a junior subordinated indenture, between us and J. P. Morgan Trust Company, National Association, as trustee. The junior subordinated indenture is referred to in this prospectus as the junior indenture and J. P. Morgan Trust Company, National Association, in its capacity as trustee under the junior indenture, is referred to in this prospectus as the junior indenture trustee. The junior indenture has been qualified under the Trust Indenture Act of 1939 and is subject to that act. The form of the junior indenture is included as an exhibit to the registration statement of which this prospectus forms a part. The following description summarizes the material terms of the junior indenture and the junior debt securities. Because it is only a summary, it does not contain all of the details found in the full text of the junior debt securities and the junior indenture, including the definitions of certain terms used in the description of the junior debt securities in this prospectus, and those terms made a part of the junior indenture by the Trust Indenture Act of 1939.

General

The junior indenture does not limit the aggregate principal amount of junior debt securities that may be issued thereunder and provides that junior debt securities may be issued from time to time in one or more series and may be denominated and payable in U.S. dollars, foreign currencies or units based on or related to foreign currencies. We may sell junior debt securities at par, a premium or a discount. As of December 31, 2004, we had approximately \$2.0 billion aggregate principal amount of indebtedness for borrowed money which would rank senior to the junior debt securities, and no such indebtedness which is equal or junior to the junior debt securities.

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

The junior debt securities will be issuable in one or more series pursuant to an indenture supplemental to the junior indenture or a resolution of our board of directors or a committee thereof.

The applicable prospectus supplement will provide information for the following terms of the junior debt securities:

the title of the junior debt securities or series thereof;

any limit upon the aggregate principal amount of the junior debt securities;

the date or dates on which the principal of the junior debt securities is payable, referred to in this prospectus as the stated maturity, or the method of determination thereof;

Table of Contents

the interest rate or rates, if any, for the junior debt securities, the dates on which any such interest shall be payable, our right, if any, to defer or extend an interest payment date, and the regular record date for any interest payable on any interest payment date or the method by which any of the foregoing shall be determined;

the place or places where, subject to the terms of the junior indenture as described below under **Payment and Paying Agents**, the principal of and premium, if any, and interest on the junior debt securities will be payable and where, subject to the terms of the junior indenture as described below under **Denominations, Registration and Transfer**, the junior debt securities may be presented for registration of transfer or exchange and the place or places where notices and demands to or upon us in respect of the junior debt securities and the junior indenture may be made, referred to in this prospectus as the **place of payment**;

our obligation or right, if any, to redeem, purchase or repay the junior debt securities and the period or periods within which, the price or prices at which, the currency or currencies (including currency unit or units) in which and the other terms and conditions upon which the junior debt securities shall be redeemed, repaid or purchased, in whole or in part, pursuant to such obligation;

the denominations in which any junior debt securities shall be issuable if other than denominations of \$25 and any integral multiple thereof;

if other than in U.S. dollars, the currency or currencies (including currency unit or units) in which the principal of (and premium, if any) and interest, if any, on the junior debt securities shall be payable, or which the junior debt securities shall be denominated;

any additions, modifications or deletions in our events of default or covenants specified in the junior indenture with respect to the junior debt securities;

if other than the principal amount thereof, the portion of the principal amount of junior debt securities that shall be payable upon declaration of acceleration of the maturity thereof;

any additions or changes to the junior indenture with respect to a series of junior debt securities as shall be necessary to permit or facilitate the issuance of such series in bearer form, registrable or not registrable as to principal, and with or without interest coupons;

any index or indices used to determine the amount of payments of principal of and premium, if any, on the junior debt securities and the manner in which such amounts will be determined;

the terms and conditions relating to the issuance of a temporary global security representing all of the junior debt securities of such series and the exchange of such temporary global security for definitive junior debt securities of such series;

subject to the terms described under **Global Junior Debt Securities**, whether the junior debt securities of the series shall be issued in whole or in part in the form of one or more global securities and, in such case, the depository for such global securities, which depository shall be a clearing agency registered under the Securities Exchange Act of 1934;

the appointment of any paying agent or paying agents;

the terms and conditions of any obligation or right of ours or a holder to convert or exchange the junior debt securities into other securities;

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

the form of the trust agreement and guarantee agreement, if applicable;

the relative degree, if any, to which such junior debt securities of the series shall be senior to or be subordinated to our other series of such junior debt securities or our other indebtedness in right of payment, whether such other series of junior debt securities or other indebtedness are outstanding or not; and

any other terms of the junior debt securities not inconsistent with the provisions of the junior indenture.

Table of Contents

If the purchase price of any of the junior debt securities is payable in a foreign currency or currencies or foreign currency unit or units or if the principal, premium, if any, and interest on any junior debt securities are payable in a foreign currency or currencies or currency unit or units, the restrictions, elections, general tax considerations, specific terms and other information with respect to such issue of junior debt securities and such foreign currency or currency units will be set forth in the applicable prospectus supplement.

Denominations, Registration and Transfer

Unless otherwise specified in the applicable prospectus supplement, the junior debt securities will be issuable only in registered form without coupons in denominations of \$25 and any integral multiple thereof. Junior debt securities of any series will be exchangeable for other junior debt securities of the same issue and series, of any authorized denominations, of a like aggregate principal amount, and bearing the same terms.

Junior debt securities may be presented for exchange as provided above, and may be presented for registration of transfer (with the form of transfer endorsed thereon, or a satisfactory written instrument of transfer, duly executed), at the office of the appropriate securities registrar or at the office of any transfer agent we designate for such purpose with respect to any series of junior debt securities and referred to in the applicable prospectus supplement, without service charge and upon payment of any taxes and other governmental charges as described in the junior indenture. We will appoint the junior indenture trustee as securities registrar under the junior indenture. If the applicable prospectus supplement refers to any transfer agents (in addition to the securities registrar) we initially designate with respect to any series of junior debt securities, we may at any time rescind the designation of any such transfer agent or approve a change in the location through which any such transfer agent acts, provided that we maintain a transfer agent in each place of payment for such series. We may at any time designate additional transfer agents with respect to any series of junior debt securities.

In the event of any redemption, neither we nor the junior indenture trustee shall be required to (i) issue, register the transfer of or exchange junior debt securities of any series during a period beginning at the opening of business 15 days before the day of selection for redemption of junior debt securities of that series and ending at the close of business on the day of mailing of the relevant notice of redemption or (ii) transfer or exchange any junior debt securities so selected for redemption, except, in the case of any junior debt securities being redeemed in part, any portion thereof not to be redeemed.

Payment and Paying Agents

Unless otherwise indicated in the applicable prospectus supplement, payment of principal of (and premium, if any) and any interest on junior debt securities will be made at the office of the junior indenture trustee in The City of New York or at the office of such paying agent or paying agents as we may designate from time to time in the applicable prospectus supplement, except that at our option payment of any interest may be made (i) except in the case of global junior debt securities, by check mailed to the address of the person entitled thereto as such address shall appear in the securities register or (ii) by transfer to an account maintained by the person entitled thereto as specified in the securities register, provided that proper transfer instructions have been received by the regular record date. Unless otherwise indicated in the applicable prospectus supplement, payment of any interest on junior debt securities will be made to the person in whose name such junior debt security is registered at the close of business on the Regular Record Date for such interest, except in the case of defaulted interest. We may at any time designate additional paying agents or rescind the designation of any paying agent; however we will at all times be required to maintain a paying agent in each place of payment for each series of junior debt securities.

All monies we pay to the junior indenture trustee or any paying agent, or then held by us in trust, for the payment of the principal, premium, if any, or interest on any junior debt security that remains unclaimed for two years after such principal, premium, if any, or interest has become due

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

and payable, at our request, will be repaid to us. After this repayment, the holder of such junior debt security will look only to us for payment thereof.

Global Junior Debt Securities

The junior debt securities of a series may be issued in whole or in part in the form of one or more global junior debt securities that will be deposited with, or on behalf of, a depositary identified in the prospectus supplement relating to such series. Global junior debt securities may be issued only in fully registered form and in either temporary or permanent form. Unless and until it is exchanged in whole or in part for the individual junior debt securities represented thereby, a global junior debt security may not be transferred except as a whole by the depositary for such global junior debt security to a nominee of such depositary or by a nominee of such depositary to such depositary or another nominee of such depositary or by the depositary or any nominee to a successor depositary or any nominee of such successor.

The specific terms of the depositary arrangement with respect to a series of junior debt securities will be described in the prospectus supplement relating to such series. We anticipate that the provisions described above under the heading **Description of Debt Securities – Global Securities** will generally apply to depositary arrangements with respect to the junior debt securities, as if the junior debt securities were **debt securities** as discussed in that section.

Option to Extend Interest Payment Date

If provided in the applicable prospectus supplement, we shall have the right at any time and from time to time during the term of any series of junior debt securities to defer payment of interest for such number of consecutive interest payment periods as may be specified in the applicable prospectus supplement, each such period referred to in this prospectus as an **extension period**, subject to the terms, conditions and covenants, if any, specified in such prospectus supplement; provided that such extension period may not extend beyond the stated maturity of such series of junior debt securities.

Redemption

Unless otherwise indicated in the applicable prospectus supplement, junior debt securities will not be subject to any sinking fund.

Unless otherwise indicated in the applicable prospectus supplement, we may, at our option, redeem the junior debt securities of any series in whole at any time or in part from time to time. Except as otherwise specified in the applicable prospectus supplement, the redemption price for any junior debt security so redeemed shall equal any accrued and unpaid interest thereon to the redemption date, plus the principal amount thereof.

Except as otherwise specified in the applicable prospectus supplement, if a tax event (as defined below) or an investment company event (as defined below) in respect of a series of junior debt securities shall occur and be continuing, we may, at our option, redeem such series of junior debt securities in whole (but not in part) at any time within 90 days of the occurrence of such tax event, or investment company event, at a redemption price equal to 100% of the principal amount of such junior debt securities then outstanding plus accrued and unpaid interest to the date fixed for redemption.

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

Tax event means, with respect to a CNA Capital Trust, our and that CNA Capital Trust's receipt of an opinion of counsel experienced in such matters to the effect that, as a result of any amendment to, or change (including any announced prospective change) in, the laws (or any regulations thereunder) of the United States or any political subdivision or taxing authority thereof or therein, or as a result of any official administrative pronouncement, such determination or judicial decision interpreting or applying such laws or regulations, which amendment or change is effective or which pronouncement, determination or decision is announced on or after the date of original issuance of the applicable series of junior debt securities under the junior indenture, there is more than an insubstantial risk that (i) that such CNA Capital Trust is, or will be within 90 days of the date of the opinion of counsel, subject to United States federal income tax with respect to income received or accrued on the

Table of Contents

applicable junior debt securities, (ii) interest payable by us on such series of junior debt securities is not, or within 90 days of the date of such opinion will not be, deductible by us, in whole or in part, for United States federal income tax purposes, or (iii) such CNA Capital Trust is, or will be within 90 days of the date of such opinion, subject to more than the minimal amount of the taxes, duties or other government charges.

Investment company event means our and a CNA Capital Trust's receipt of an opinion of counsel, experienced in such matters to the effect that, as a result of the occurrence of a change in law or regulation or a change in interpretation or application of law or regulation by any legislative body, court, governmental agency or regulatory authority, that such CNA Capital Trust is or will be considered an investment company that is required to be registered under the Investment Company Act of 1940, which change becomes effective on or after the date of original issuance of the applicable series of junior debt securities.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of junior debt securities to be redeemed at its registered address. Unless we default in payment of the redemption price, on and after the redemption date interest ceases to accrue on such junior debt securities or portions thereof called for redemption.

Modification of Junior Indenture

From time to time we and the junior indenture trustee may, without the consent of the holders of any series of junior debt securities, amend, waive or supplement the junior indenture for specified purposes, including, among other things, curing ambiguities, defects or inconsistencies (provided that any such action does not materially adversely affect the interest of the holders of any series of junior debt securities or, in the case of junior debt securities issued to a CNA Capital Trust, referred to in this prospectus as corresponding junior debt securities, the holders of the preferred securities issued by such CNA Trust, referred to in this prospectus as related preferred securities, so long as they remain outstanding) and qualifying, or maintaining the qualification of, the junior indenture under the Trust Indenture Act of 1939. The junior indenture contains provisions permitting us and the junior indenture trustee, with the consent of the holders of a majority in principal amount of each outstanding series of junior debt securities affected, to modify the junior indenture in a manner affecting the rights of the holders of such series of the junior debt securities; provided, that no such modification may, without the consent of the holder of each outstanding junior debt security so affected, (i) change the stated maturity of any series of junior debt securities, or reduce the principal amount thereof, or reduce the rate (or change the manner of calculation of the rate) or extend the time of payment of interest thereon (except such extension as is contemplated hereby), (ii) change any of the redemption, conversion or exchange terms, (iii) reduce the percentage of principal amount of junior debt securities of any series, the holders of which are required to consent to any such modification of the junior indenture, (iv) modify the provisions relating to modifications, waivers of covenants or waivers of past default except under certain limited circumstances or (v) change any of the subordination provisions provided that, in the case of corresponding junior debt securities, so long as any of the related preferred securities remain outstanding, no such modification may be made without the prior consent of a majority in liquidation amount of such related preferred securities, or, in the case of the preceding provision, each holder of the related preferred securities, and no termination of the junior indenture may occur, and no waiver of any junior debt related event of default or compliance with any covenant under the junior indenture may be effective, without the prior consent of the holders of a majority of the aggregate liquidation amount of such related preferred securities unless and until the principal of the corresponding junior debt securities and all accrued and unpaid interest thereon have been paid in full and certain other conditions are satisfied.

In addition, we and the junior indenture trustee may execute, without the consent of any holder of junior debt securities, any supplemental junior indenture for the purpose of creating any new series of junior debt securities.

Table of Contents

Junior Debt Related Events of Default

The junior indenture provides that any one or more of the following described events with respect to a series of junior debt securities that has occurred and is continuing constitutes a junior debt related event of default with respect to such series of junior debt securities:

failure for 30 days to pay any interest on such series of the junior debt securities, when due (subject to the deferral of any due date in the case of an extension period); or

failure to pay any principal or premium on such series of junior debt securities when due whether at maturity, upon redemption by declaration or otherwise; or

failure to observe or perform in any material respect certain other covenants contained in the junior indenture for 90 days after written notice to us from the junior indenture trustee or the holders of at least 25% in aggregate outstanding principal amount of such series of outstanding junior debt securities; or

certain events with respect to our bankruptcy, insolvency or reorganization.

The holders of a majority in aggregate outstanding principal amount of such series of junior debt securities have the right to direct the time, method and place of conducting any proceeding for any remedy available to the junior indenture trustee. The junior indenture trustee or the holders of not less than 25% in aggregate outstanding principal amount of such series of junior debt securities may declare the principal due and payable immediately upon a junior debt related event of default. In the case of corresponding junior debt securities, should the junior indenture trustee fail to make such declaration, the holders of at least 25% in aggregate liquidation amount of the related preferred securities shall have such right. The holders of a majority in aggregate outstanding principal amount of such series of junior debt securities may annul such declaration and waive the default if the default (other than the non-payment of the principal of such series of junior debt securities which has become due solely by such acceleration) has been cured and a sum sufficient to pay all matured installments of interest and principal due otherwise than by acceleration has been deposited with the junior indenture trustee. In the case of corresponding junior debt securities, the holders of a majority in aggregate liquidation amount of the related preferred securities shall have such right.

The holders of a majority in aggregate outstanding principal amount of the junior debt securities affected thereby may, on behalf of the holders of all the junior debt securities, waive any past default, except a default in the payment of principal, premium, if any, or interest (unless such default has been cured and a sum sufficient to pay all matured installments of interest and principal due otherwise than by acceleration has been deposited with the junior indenture trustee) or a default in respect of a covenant or provision which under the junior indenture cannot be modified or amended without the consent of the holder of each outstanding junior subordinated debt security. In the case of corresponding junior debt securities, the holders of a majority in aggregate liquidation amount of the related preferred securities shall have such right. We are required to file annually with the junior indenture trustee a certificate as to whether or not we are in compliance with all the conditions and covenants applicable to us under the junior indenture.

In case a junior debt related event of default shall occur and be continuing as to a series of corresponding junior debt securities, the property trustee will have the right to declare the principal of and the interest on such corresponding junior debt securities, and any other amounts payable under the junior indenture, to be immediately due and payable and to enforce its other rights as a creditor with respect to such corresponding junior debt securities.

Enforcement of Certain Rights by Holders of Preferred Securities

If a junior debt related event of default has occurred and is continuing and such event is attributable to our failure to pay interest or principal on the related junior debt securities on the date such interest or principal is otherwise payable, a holder of related preferred securities may institute a legal proceeding directly against us for enforcement of payment to such holder of the principal and premium, if any, of or interest on such related junior

Table of Contents

debt securities having a principal amount equal to the aggregate liquidation amount of the related preferred securities of such holder. Any such legal proceeding is referred to in this prospectus as a direct action. We may not amend the junior indenture to remove this right to bring a direct action without the consent of all holders of the related preferred securities. If such right is removed, the applicable Issue may become subject to the reporting obligations under the Securities Exchange Act of 1934. We shall have the right under the junior indenture to set-off any payment we make to such holder of preferred securities in connection with a direct action.

The holders of the preferred securities would not be able to exercise directly any remedies other than those described in the preceding paragraph available to the holders of the junior debt securities unless there shall have been an event of default under the trust agreement.

Consolidation, Merger, Sale of Assets and Other Transactions

The junior indenture provides that we shall not consolidate with or merge into any other person or convey, transfer or lease our properties and assets as an entirety or substantially as an entirety to any person, and no person shall consolidate with or merge into us or convey, transfer or lease its properties and assets as an entirety or substantially as an entirety to us, unless (i) in case we consolidate with or merge into another person or convey, transfer or lease our properties and assets as an entirety or substantially as an entirety to any person, the successor person is organized under the laws of the United States or any state or the District of Columbia, and such successor person expressly assumes our obligations on the junior debt securities issued under the junior indenture; (ii) immediately after giving effect thereto, no junior debt related event of default, and no event which, after notice or lapse of time or both, would become a junior debt related event of default, shall have happened and be continuing; (iii) in the case of corresponding junior debt securities, such transaction is permitted under the related trust agreement and guarantee and does not give rise to any breach or violation of the related trust agreement or guarantee; and (iv) delivery of appropriate officers certificates and opinions of counsel go to the satisfaction of the above listed conditions.

Other than the covenants described above, or as set forth in any accompanying prospectus supplement, the junior indenture and the junior debt securities do not contain any covenants or other provisions designed to afford holders of the junior debt securities protection in the event of a takeover, recapitalization or highly leveraged transaction in which we are involved.

Satisfaction and Discharge

The junior indenture provides that when, among other things, all junior debt securities not previously delivered to the junior indenture trustee for cancellation (i) have become due and payable, (ii) will become due and payable at their stated maturity within one year or (iii) are to be called for redemption within one year, and we deposit or cause to be deposited with the junior indenture trustee trust funds, in trust, for the purpose and in an amount in the currency or currencies in which the junior debt securities are payable sufficient to pay and discharge the entire indebtedness on the junior debt securities not previously delivered to the junior indenture trustee for cancellation, for the principal, premium, if any, and interest, if any, to the date of the deposit or to the stated maturity, as the case may be, then the junior indenture will cease to be of further effect (except as to our obligations to pay all other sums due pursuant to the junior indenture and to provide the officers certificates and opinions of counsel described therein), and we will be deemed to have satisfied and discharged the junior indenture.

Conversion or Exchange

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

If and to the extent indicated in the applicable prospectus supplement, the junior debt securities of any series may be convertible or exchangeable into preferred securities or other securities. The specific terms on which junior debt securities of any series may be so converted or exchanged will be set forth in the applicable prospectus supplement. Such terms may include provisions for conversion or exchange, either mandatory, at the option of the holder, or at our option, in which case the number of shares of preferred securities or other

securities to be received by the holders of junior debt securities would be calculated as of a time and in the manner stated in the applicable prospectus supplement.

Subordination

In the junior indenture, we have agreed that any junior debt securities issued thereunder will be subordinate and junior in right of payment to all senior debt (as defined below) to the extent provided in the junior indenture. Upon any payment or distribution of assets to creditors upon any liquidation, dissolution, winding up, reorganization, assignment for the benefit of creditors, marshaling of assets or any bankruptcy, insolvency, debt restructuring or similar proceedings in connection with any proceedings with respect to our insolvency or bankruptcy, the holders of senior debt will be entitled to receive payment in full of principal of, and premium, if any, and interest, if any, on such senior debt before the holders of junior debt securities or, in the case of corresponding junior debt securities, the property trustee on behalf of the holders, will be entitled to receive or retain any payment in respect of the principal of, and premium, if any, or interest, if any, on the junior debt securities.

In the event of the acceleration of the maturity of any junior debt securities, the holders of all senior debt outstanding at the time of such acceleration will be entitled to receive payment in full of all amounts due thereon (including any amounts due upon acceleration) before the holders of junior debt securities will be entitled to receive or retain any payment in respect of the principal of, or premium, if any, or interest, if any, on the junior debt securities.

No payments on account of principal, or premium, if any, or interest, if any, in respect of the junior debt securities may be made if there shall have occurred and be continuing a default in any payment with respect to senior debt, or an event of default with respect to any senior debt resulting in the acceleration of the maturity thereof, or if any judicial proceeding shall be pending with respect to any such default.

Debt means with respect to any person, whether recourse is to all or a portion of the assets of such person and whether or not contingent:

every obligation of such person for money borrowed;

every obligation of such person evidenced by bonds, debentures, notes or other similar instruments, including obligations incurred in connection with the acquisition of property, assets or businesses;

every reimbursement obligation of such person with respect to letters of credit, bankers' acceptances or similar facilities issued for the account of such person;

every obligation of such person issued or assumed as the deferred purchase price of property or services (but excluding trade accounts payable or accrued liabilities arising in the ordinary course of business);

every capital lease obligation of such person;

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

all our indebtedness, whether incurred on or prior to the date of the junior indenture or thereafter incurred, for claims in respect of derivative products, including interest rate, foreign exchange rate and commodity forward contracts, futures contracts, options and swaps and similar arrangements; and

every obligation of the type referred to in the preceding bullet points of another person and all dividends of another person the payment of which, in either case, such person has guaranteed or is responsible or liable, directly or indirectly, as obligor or otherwise.

Senior debt means the principal of (and premium, if any) and interest, if any, including interest accruing on or after the filing of any petition in bankruptcy or for reorganization relating to us, whether or not such claim for post-petition interest is allowed in such proceeding, on debt, whether incurred on or prior to the date of the junior indenture or thereafter incurred (including, without limitation, debt incurred pursuant to the senior indenture and the subordinated indenture), unless, in the instrument creating or evidencing the same or pursuant

Table of Contents

to which the same is outstanding, it is provided that such obligations are not superior in right of payment to the junior debt securities or to other debt which is *pari passu* with, or subordinated to, the junior debt securities; provided, however, that senior debt shall not be deemed to include:

any of our debt which, when incurred and without respect to any election under Section 1111(b) of the Bankruptcy Code, was without recourse to us;

any of our debt to any of our subsidiaries;

debt to any of our employees;

any liability for taxes;

indebtedness or monetary obligations to trade creditors or assumed by us or any of our subsidiaries in the ordinary course of business in connection with the obtaining of goods, materials or services; and

any other junior debt securities.

The junior indenture provides that the foregoing subordination provisions, insofar as they relate to any particular issue of junior debt securities, may be changed prior to such issuance. Any such change would be described in the applicable prospectus supplement.

Information Concerning the Junior Indenture Trustee

The junior indenture trustee, other than during the continuance of a junior debt related event of default, undertakes to perform only such duties as are specifically set forth in the junior indenture, and in the event an event of default has occurred and is continuing, exercise the same degree of care and skill in the exercise of its rights and powers as a prudent person would exercise or use under the circumstances in the conduct of his own affairs. The junior indenture trustee is under no obligation to exercise any of the powers vested in it by the junior indenture at the request of any holder of junior debt securities, unless offered reasonable indemnity by such holder against the costs, expenses and liabilities which might be incurred thereby. The junior indenture trustee is not required to expend or risk its own funds or otherwise incur personal financial liability in the performance of its duties if the junior indenture trustee reasonably believes that repayment or adequate indemnity is not reasonably assured to it. The junior indenture trustee in its individual or any other capacity may become the owner or pledgee of junior debt securities or related preferred securities and may otherwise deal with us or our affiliates with the same rights it would have if it were not the junior indenture trustee provided it complies with the terms of the junior indenture. The CNA Companies and the junior indenture trustee may engage in normal and customary banking transactions from time to time.

Corresponding Junior Debt Securities

The corresponding junior debt securities may be issued in one or more series of junior debt securities under the junior indenture with terms corresponding to the terms of a series of related preferred securities. In that event, concurrently with the issuance of the applicable CNA Capital Trust's preferred securities, such CNA Capital Trust will invest the proceeds thereof and the consideration paid by us for the common securities

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

in a series of corresponding junior debt securities we issue to such CNA Capital Trust. Each series of corresponding junior debt securities will be in the principal amount equal to the aggregate liquidation amount of the related preferred securities and the common securities of such CNA Capital Trust and will rank pari passu with all other series of junior debt securities. Holders of the related preferred securities for a series of corresponding junior debt securities will have the rights in connection with modifications to the junior indenture or upon occurrence of junior debt security events of default described under Modification of Junior Indenture and Junior Debt Security Events of Default, unless provided otherwise in the prospectus supplement for such related preferred securities.

We will covenant in the junior indenture as to each series of corresponding junior debt securities, that if and so long as (i) the CNA Capital Trust of the related series of trust securities is the holder of all such corresponding

junior debt securities and (ii) a tax event in respect of such CNA Capital Trust has occurred and is continuing, we will pay to such CNA Capital Trust the applicable additional sums (as defined under Description of Preferred Securities Redemption or Exchange). We will also agree, as to each series of corresponding junior debt securities:

to maintain directly or indirectly 100% ownership of the common securities of the CNA Capital Trust to which corresponding junior debt securities have been issued, provided that certain successors which are permitted pursuant to the junior indenture may succeed to our ownership of the common securities;

not to voluntarily terminate, wind-up or liquidate any CNA Capital Trust, except in connection with (a) a distribution of corresponding junior debt securities to the holders of the preferred securities in liquidation of such CNA Capital Trust, (b) the redemption of preferred securities or (c) certain mergers, consolidations or amalgamations, in each case as permitted by the related trust agreement; and

to use its reasonable efforts, consistent with the terms and provisions of the related trust agreement, to cause (a) such CNA Capital Trust to remain classified as a grantor trust and not as an association taxable as a corporation for United States federal income tax purposes or (b) each holder of preferred securities to be treated as owning an undivided beneficial interest in the Securities.

No Personal Liability

No past, present or future director, officer, employee or stockholder, as such, of ours or any successor of ours shall have any liability for any of our obligations under the junior debt securities or the junior indenture or for any claims based on, in respect of, or by reason of, such obligations or their creation. Each holder of junior debt securities by accepting such junior debt security waives and releases all such liability. The waiver and release are part of the consideration for the issue of the junior debt securities.

DESCRIPTION OF COMMON STOCK

We are authorized to issue 500 million shares of common stock. As of December 31, 2004, 258.2 million shares of common stock were issued and 256.0 million shares were outstanding. The common stock has a par value of \$2.50 per share. As of December 31, 2004, Loews Corporation owned approximately 91% of our outstanding common stock.

The following summary description of the terms of the common stock sets forth certain general terms and provisions of the common stock. This description is qualified in its entirety by reference to (i) our certificate of incorporation, a copy of which is filed as an exhibit to our registration statement on Form S-8 (File No. 333-65493), (ii) an amendment to our certificate of incorporation, a copy of which is filed as an exhibit to our annual report on Form 10-K for the year ended December 31, 1999, (iii) our by-laws, a copy of which is filed as an exhibit to our annual report on Form 10-K for the year ended December 31, 2004, and (iv) the description of our common stock set forth in our registration statement on Form S-3 (File No. 33-35250) filed on June 6, 1990, all of which are incorporated herein by reference.

Dividends

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

Subject to the rights of the holders of preferred stock, holders of common stock are entitled to receive dividends and other distributions in cash, stock or our property, when, as and if declared by our board of directors out of our assets or funds legally available therefor and shall share equally on a per share basis in all such dividends and distributions.

Voting Rights

At every meeting of stockholders, every holder of common stock is entitled to one vote per share. Subject to any voting rights of the holders of preferred stock and as otherwise required by Delaware law, any action

Table of Contents

submitted to stockholders (other than the election of directors) is approved, if approved by a majority of the stock having voting power present at a meeting at which there is a quorum. A quorum generally requires the presence, in person or proxy, of the holders of a majority of the stock issued and outstanding. Delaware law requires that the holders of a majority of the issued and outstanding shares of stock, eligible to vote thereon, approve (i) amendments to the certificate of incorporation, (ii) most mergers and consolidations and (iii) sale of all or substantially all of our assets.

Liquidation Rights

In the event of our liquidation, dissolution or winding-up, whether voluntary or involuntary, the holders of common stock are entitled to share equally in the assets available for distribution after payment of all liabilities and provision for the liquidation preference of any shares of preferred stock then outstanding.

Miscellaneous

The holders of common stock have no preemptive rights, cumulative voting rights, subscription rights, or conversion rights and the common stock is not subject to redemption.

The transfer agent and registrar with respect to our common stock is Equiserve Trust Company, N.A. Our common stock is listed on the New York Stock Exchange, the Chicago Stock Exchange and the Pacific Exchange, and also is traded on the Philadelphia Stock Exchange. The trading symbol for our common stock is CNA.

DESCRIPTION OF PREFERRED STOCK

We are authorized to issue up to 12.5 million shares of preferred stock, without par value, in one or more series. As of December 31, 2004, 7,500 shares of our Series H preferred stock were outstanding, with a stated value of \$100,000. All shares of preferred stock, irrespective of series, constitute one and the same class. The following description of the terms of the preferred stock sets forth certain general terms and provisions of the preferred stock. Certain terms of any series of preferred stock offered by the prospectus supplement will be described in the prospectus supplement relating to such series of preferred stock. If so indicated in the prospectus supplement, the terms of any such series may differ from the terms set forth below. As of December 31, 2004, Loews Corporation owns 100% of our Series H preferred stock. The Series H preferred stock accrues cumulative dividends at an initial rate of 8% per year, compounded annually.

The following summary description of the terms of the preferred stock sets forth certain general terms and provisions of the preferred stock. This description is qualified in its entirety by reference to our certificate of incorporation and by-laws, copies of which are filed as exhibits to our registration statement on Form S-8 (File No. 333-65493) and to the registration statement of which this prospectus forms a part.

General

Our board of directors is authorized to establish and designate series and to fix the number of shares and the relative rights, preferences and limitations of the respective series of preferred stock, including:

the designation and number of shares comprising such series, which may be increased or decreased from time to time by our board of directors;

the dividend rate or rates on the shares of such series and the relation which such dividends bear to the dividends payable on any other class or classes or of any other series of capital stock, the terms and conditions upon which and the periods in respect of which dividends shall be payable, whether and upon what conditions such dividends shall be cumulative and, if cumulative, the dates from which dividends shall accumulate;

Table of Contents

whether the shares of such series shall be redeemable, the limitations and restrictions with respect to such redemption, the time or times when, the price or prices at which and the manner in which such shares shall be redeemable, including the manner of selecting shares of such series for redemption if less than all shares are to be redeemed;

the rights to which the holders of shares of such series shall be entitled, and the preferences, if any, over any other series (or of any other series over such series), upon our voluntary or involuntary liquidation, dissolution, distribution of assets or winding-up, which rights may vary depending on whether such liquidation, dissolution, distribution or winding-up is voluntary or involuntary, and, if voluntary, may vary at different dates;

whether the shares of such series shall be subject to the operation of a purchase, retirement or sinking fund, and, if so, whether and upon what conditions such purchase, retirement or sinking fund shall be cumulative or noncumulative, the extent to which and the manner in which such fund shall be applied to the purchase or redemption of the shares of such series for retirement or to other corporate purposes and the terms and provisions relative to the operation thereof;

whether the shares of such series shall be convertible into or exchangeable for shares of any other class or classes or of any other series of any class or classes of our capital stock, and, if so convertible or exchangeable, the price or prices or the rate or rates of conversion or exchange and the method, if any, of adjusting the same, and any other terms and conditions of such conversion or exchange;

the voting powers, full and/or limited, if any, of the shares of such series; and whether and under what conditions the shares of such series (alone or together with the shares of one or more other series having similar provisions) shall be entitled to vote separately as a single class, for the election of one or more matters;

whether the issuance of any additional shares of such series, or of any shares of any other series, shall be subject to restrictions as to issuance, or as to the powers, preferences or rights of any such other series; and

any other preferences, privileges and powers, and relative, participating, optional or other special rights, and qualifications, limitations or restrictions of such series, as our board of directors may deem advisable.

Unless otherwise specifically described in the applicable prospectus supplement for a series of preferred stock, all shares of preferred stock shall be of equal rank, preference and priority as to dividends; when the stated dividends are not paid in full, the shares of all series of the preferred stock shall share ratably in any payment thereof; and upon liquidation, dissolution or winding up, if assets are insufficient to pay in full all preferred stock, then such assets shall be distributed among the holders ratably.

The description of certain provisions of the preferred stock described below is only a summary and is subject to and qualified in its entirety by reference to our certificate of incorporation and the certificate of designations that relates to a particular series of preferred stock.

Dividend Rights

Except as may be set forth in an applicable prospectus supplement relating to a series of preferred stock, the holders of preferred stock shall be entitled to receive, but only when and as declared by our board of directors out of funds legally available for that purpose, cash dividends at the rates and on the dates set forth in the applicable prospectus supplement relating to a particular series of preferred stock. Such rate may be fixed or variable. Each such dividend will be payable to the holders of record as they appear on our stock register on such record dates as will be fixed by our board of directors or a duly authorized committee thereof. Dividends payable on the preferred stock for any period less than a full dividend period (being the period between such dividend payment dates) will be computed on the basis of the actual number of days elapsed

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

over a 360 day year. For a full dividend period, the amount of dividends payable will be computed on the basis of a 360 day year consisting of

Table of Contents

twelve 30 day months. Except as may be set forth in the prospectus supplement relating to a series of preferred stock, such dividends shall be payable from, and shall be cumulative from, the date of original issue of each share, so that if in any dividend period, dividends at the rate or rates as described in the applicable prospectus supplement relating to such series of preferred stock shall not have been declared and paid or set apart for payment on all outstanding shares of preferred stock for such dividend period and all preceding dividend periods from and after the first day from which dividends are cumulative, then the aggregate deficiency shall be declared and fully paid or set apart for payment, but without interest, before any dividends shall be declared or paid or set apart for payment on the common stock by us. After payment in full of all dividend arrearages on the preferred stock, dividends on the common stock may be declared and paid out of funds legally available for that purpose as our board of directors may determine.

Redemption

The prospectus supplement will describe whether and under what circumstances (i) any shares of preferred stock may be redeemed by us and (ii) the holders of preferred stock may require us to redeem any or all of such shares.

Conversion or Exchange

The holders of preferred stock will have such rights, if any, to convert such shares into or to exchange such shares for shares of any other class or classes, or of any other series of any class, of our capital stock and/or other property or cash, as described in the applicable prospectus supplement.

Voting Rights

The holders of preferred stock will have such voting rights, if any, as described in the applicable prospectus supplement relating to a series of preferred stock. Unless and except to the extent required by the law or provided by our board of directors, holders of preferred stock shall have no voting power with respect to any matter. In no event shall the preferred stock be entitled to more than one vote per share in respect of each share of stock.

The holders of the outstanding shares of a series of preferred stock shall be entitled to vote as a class upon a proposed amendment, whether or not entitled to vote thereon by our certificate of incorporation, if the amendment would increase or decrease the aggregate number of authorized shares of such series of preferred stock, increase or decrease the par value of the shares of such series of preferred stock, or alter or change the powers, preferences, or special rights of the shares of such series of preferred stock so as to affect them adversely. If any proposed amendment would alter or change the powers, preferences, or special rights of one or more series of preferred stock so as to affect them adversely, but shall not so affect the entire series, then only the shares of the series so affected by the amendment shall be considered a separate series for purposes of this paragraph. The number of authorized shares of any such series of preferred stock may be increased or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority of our stock entitled to vote irrespective of the previous two sentences, if so provided in our certificate of incorporation, in any amendment thereto which created such series of preferred stock, or in any amendment thereto which was authorized by a resolution or resolutions adopted by the affirmative vote of the holders of a majority of such series of preferred stock. This paragraph is subject to any amendments to Delaware law regarding these matters.

The foregoing voting provisions will not apply if, in connection with the matters specified, provision is made for the redemption or retirement of all outstanding preferred stock.

Liquidation Rights

Upon our liquidation, dissolution or winding up, whether voluntary or involuntary, holders of preferred stock will have such preferences and priorities, if any, with respect to distribution of our assets or the proceeds thereof as may be set forth in the applicable prospectus supplement relating to a series of preferred stock.

Table of Contents

Miscellaneous

The transfer agent, dividend disbursing agent and registrar for the preferred stock issued in connection with this prospectus will be as described in the applicable prospectus supplement. The holders of preferred stock, including any preferred stock issued in connection with this prospectus, will not have any preemptive rights to purchase or subscribe for any shares of any class or other securities of any type of ours. When issued, the preferred stock will be fully paid and nonassessable. The certificate of designations setting forth the provisions of each series of preferred stock will become effective after the date of this prospectus, but on or before issuance of the related series of preferred stock.

DESCRIPTION OF DEPOSITARY SHARES

The description set forth below and in any prospectus supplement of certain provisions of the deposit agreement and of the depositary shares and depositary receipts summarizes the material terms of the deposit agreement and of the depositary shares and depositary receipts, and is qualified in its entirety by reference to, the form of deposit agreement and form of depositary receipts relating to each series of the preferred stock.

General

We may, at our option, elect to have shares of preferred stock be represented by depositary shares. The shares of any series of the preferred stock underlying the depositary shares will be deposited under a separate deposit agreement between us and a bank or trust company we select, such bank or trust company is referred to in this prospectus as the preferred stock depositary. The prospectus supplement relating to a series of depositary shares will set forth the name and address of the preferred stock depositary. Subject to the terms of the deposit agreement, each owner of a depositary share will be entitled, proportionately, to all the rights, preferences and privileges of the preferred stock represented thereby (including dividend, voting, redemption, conversion, exchange and liquidation rights).

The depositary shares will be evidenced by depositary receipts issued pursuant to the deposit agreement, each of which will represent the applicable interest in a number of shares of a particular series of the preferred stock described in the applicable prospectus supplement.

A holder of depositary shares will be entitled to receive the shares of preferred stock (but only in whole shares of preferred stock) underlying such depositary shares. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the whole number of shares of preferred stock to be withdrawn, the depositary will deliver to such holder at the same time a new depositary receipt evidencing such excess number of depositary shares.

Dividends and Other Distributions

The preferred stock depositary will distribute all cash dividends or other cash distributions in respect to the preferred stock to the record holders of depositary receipts in proportion, insofar as possible, to the number of depositary shares owned by such holders.

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

In the event of a distribution other than in cash in respect to the preferred stock, the preferred stock depositary will distribute property received by it to the record holders of depositary receipts in proportion, insofar as possible, to the number of depositary shares owned by such holders, unless the preferred stock depositary determines that it is not feasible to make such distribution, in which case the preferred stock depositary may, with our approval, adopt such method as it deems equitable and practicable for the purpose of effecting such distribution, including sale (at public or private sale) of such property and distribution of the net proceeds from such sale to such holders.

Table of Contents

The amount so distributed in any of the foregoing cases will be reduced by any amount required to be withheld by us or the preferred stock depositary on account of taxes.

Conversion and Exchange

If any preferred stock underlying the depositary shares is subject to provisions relating to its conversion or exchange as set forth in the prospectus supplement relating thereto, each record holder of depositary shares will have the right or obligation to convert or exchange such depositary shares pursuant to the terms thereof.

Redemption of Depositary Shares

If preferred stock underlying the depositary shares is subject to redemption, the depositary shares will be redeemed from the proceeds received by the preferred stock depositary resulting from the redemption, in whole or in part, of the preferred stock held by the preferred stock depositary. The redemption price per depositary share will be equal to the aggregate redemption price payable with respect to the number of shares of preferred stock underlying the depositary shares. Whenever we redeem preferred stock from the preferred stock depositary, the preferred stock depositary will redeem as of the same redemption date a proportionate number of depositary shares representing the shares of preferred stock that were redeemed. If less than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or pro rata as we may determine.

After the date fixed for redemption, the depositary shares so called for redemption will no longer be deemed to be outstanding and all rights of the holders of the depositary shares will cease, except the right to receive the redemption price upon such redemption. Any funds we deposit with the preferred stock depositary for any depositary shares which the holders thereof fail to redeem shall be returned to us after a period of two years from the date such funds are so deposited.

Voting

Upon receipt of notice of any meeting at which the holders of any shares of preferred stock underlying the depositary shares are entitled to vote, the preferred stock depositary will mail the information contained in such notice to the record holders of the depositary receipts. Each record holder of such depositary receipts on the record date (which will be the same date as the record date for the preferred stock) will be entitled to instruct the preferred stock depositary as to the exercise of the voting rights pertaining to the number of shares of preferred stock underlying such holder's depositary shares. The preferred stock depositary will endeavor, insofar as practicable, to vote the number of shares of preferred stock underlying such depositary shares in accordance with such instructions, and we will agree to take all reasonable action which may be deemed necessary by the preferred stock depositary to enable the preferred stock depositary to do so. The preferred stock depositary will abstain from voting the preferred stock to the extent it does not receive specific written instructions from holders of depositary receipts representing such preferred stock.

Record Date

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

Whenever (i) any cash dividend or other cash distribution shall become payable, any distribution other than cash shall be made, or any rights, preferences or privileges shall be offered with respect to the preferred stock, or (ii) the preferred stock depositary shall receive notice of any meeting at which holders of preferred stock are entitled to vote or of which holders of preferred stock are entitled to notice, or of the mandatory conversion of or any election on our part to call for the redemption of any preferred stock, the preferred stock depositary shall, in each such instance, fix a record date (which shall be the same as the record date for the preferred stock) for the determination of the holders of depositary receipts (y) who shall be entitled to receive such dividend, distribution, rights, preferences or privileges or the net proceeds of the sale thereof or (z) who shall be entitled to give instructions for the exercise of voting rights at any such meeting or to receive notice of such meeting or of such redemption or conversion, subject to the provisions of the deposit agreement.

Amendment and Termination of the Deposit Agreement

The form of depositary receipt and any provision of the deposit agreement may at any time be amended by agreement between us and the preferred stock depositary. However, any amendment which imposes or increases any fees, taxes or other charges payable by the holders of depositary receipts (other than taxes and other governmental charges, fees and other expenses payable by such holders as stated under Charges of Preferred Stock Depositary), or which otherwise prejudices any substantial existing right of holders of depositary receipts, will not take effect as to outstanding depositary receipts until the expiration of 90 days after notice of such amendment has been mailed to the record holders of outstanding depositary receipts.

Whenever we so direct, the preferred stock depositary will terminate the deposit agreement by mailing notice of such termination to the record holders of all depositary receipts then outstanding at least 30 days prior to the date fixed in such notice for such termination. The preferred stock depositary may likewise terminate the deposit agreement if at any time 45 days shall have expired after the preferred stock depositary shall have delivered to us a written notice of its election to resign and a successor depositary shall not have been appointed and accepted its appointment. If any depositary receipts remain outstanding after the date of termination, the preferred stock depositary thereafter will discontinue the transfer of depositary receipts, will suspend the distribution of dividends to the holders thereof, and will not give any further notices (other than notice of such termination) or perform any further acts under the deposit agreement except as provided below and except that the preferred stock depositary will continue (i) to collect dividends on the preferred stock and any other distributions with respect thereto and (ii) to deliver the preferred stock together with such dividends and distributions and the net proceeds of any sales of rights, preferences, privileges or other property, without liability for interest thereon, in exchange for depositary receipts surrendered. At any time after the expiration of two years from the date of termination, the preferred stock depositary may sell the preferred stock then held by it at public or private sales, at such place or places and upon such terms as it deems proper and may thereafter hold the net proceeds of any such sale, together with any money and other property then held by it, without liability for interest thereon, for the pro rata benefit of the holders of depositary receipts which have not been surrendered.

Charges of Preferred Stock Depositary

We will pay all charges of the preferred stock depositary including charges in connection with the initial deposit of the preferred stock, the initial issuance of the depositary receipts, the distribution of information to the holders of depositary receipts with respect to matters on which preferred stock is entitled to vote, withdrawals of the preferred stock by the holders of depositary receipts or redemption or conversion of the preferred stock, except for taxes (including transfer taxes, if any) and other governmental charges and such other charges as are expressly provided in the deposit agreement to be at the expense of holders of depositary receipts or persons depositing preferred stock.

Miscellaneous

The preferred stock depositary will make available for inspection by holders of depositary receipts at its corporate office and its New York office all reports and communications from us which are delivered to the preferred stock depositary as the holder of preferred stock.

Neither we nor the preferred stock depositary will be liable if it is prevented or delayed by law or any circumstance beyond its control in performing its obligations under the deposit agreement. The obligations of the preferred stock depositary under the deposit agreement are limited to performing its duties thereunder without negligence or bad faith. Our obligations under the deposit agreement are limited to performing our duties thereunder in good faith. Neither we nor the preferred stock depositary is obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless satisfactory indemnity is furnished. We and the preferred stock depositary are entitled to rely

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

upon advice of or information from counsel, accountants or other persons believed to be competent and on documents believed to be genuine.

Table of Contents

The preferred stock depositary may resign at any time or be removed by us, effective upon the acceptance by its successor of its appointment; provided, that if a successor preferred stock depositary has not been appointed or accepted such appointment within 45 days after the preferred stock depositary has delivered a notice of election to resign to us, the preferred stock depositary may terminate the deposit agreement.

DESCRIPTION OF WARRANTS

General

We may issue warrants to purchase debt securities, junior debt securities, preferred stock (or depositary shares representing preferred stock) or common stock, referred to collectively in this prospectus as the underlying warrant securities, and such warrants may be issued independently or together with any such underlying warrant securities and may be attached to or separate from such underlying warrant securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a warrant agent. The warrant agent will act solely as our agent in connection with the warrants of such series and will not assume any obligation or relationship of agency for or with holders or beneficial owners of warrants. The following describes certain general terms and provisions of the offered warrants hereby. Further terms of the warrants and the applicable warrant agreement will be described in the applicable prospectus supplement.

The applicable prospectus supplement will describe the specific terms of any warrants for which this prospectus is being delivered, including the following:

the title of such warrants;

the aggregate number of such warrants;

the issue price or prices of the warrants;

the currency or currencies, including composite currencies, in which the price of such warrants may be payable;

the designation and terms of the underlying warrant securities purchasable upon exercise of such warrants;

the price at which and the currency or currencies, including composite currencies, in which the underlying warrant securities purchasable upon exercise of such warrants may be purchased;

the exercise date and expiration date for such warrants;

whether such warrants will be issued in registered form or bearer form;

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

if applicable, the minimum or maximum amount of such warrants which may be exercised at any one time;

if applicable, the designation and terms of the underlying warrant securities with which such warrants are issued and the number of such warrants issued with each such underlying warrant security;

if applicable, the date on and after which such warrants and the related underlying warrant securities will be traded separately;

information with respect to book-entry procedures, if any;

if applicable, a discussion of certain United States federal income tax considerations; and

any other terms of such warrants, including terms, procedures and limitations relating to the exchange and exercise of such warrants.

DESCRIPTION OF PREFERRED SECURITIES

Pursuant to the terms of the trust agreement for each CNA Capital Trust, the issuer trustee, on behalf of such CNA Capital Trust, will issue the preferred securities and the common securities, referred to collectively in this prospectus as the trust securities. The preferred securities of a particular issue will represent preferred beneficial interests in the CNA Capital Trust and the holders thereof will be entitled to a preference over the common securities of such CNA Capital Trust in certain circumstances with respect to distributions and amounts payable on redemption or liquidation over the common securities of such CNA Capital Trust, as well as other benefits as described in the corresponding trust agreement. Because the description below is only a summary, it does not contain the detailed information contained in each trust agreement, including certain of the definitions used in this prospectus or in the Trust Indenture Act of 1939. The form of the trust agreement has been filed as an exhibit to the registration statement of which this prospectus forms a part. Each of the CNA Capital Trusts is a legally separate entity and the assets of one are not available to satisfy the obligations of any of the others.

General

The preferred securities of a CNA Capital Trust will rank equal with, and payments will be made thereon in proportion with, the common securities of that CNA Capital Trust except as described under Subordination of Common Securities. Legal title to the corresponding junior debt securities will be held by the property trustee in trust for the benefit of the holders of the related preferred securities and common securities. Each guarantee agreement executed by us for the benefit of the holders of a CNA Capital Trust's preferred securities will be a guarantee on a subordinated basis with respect to the related preferred securities but will not guarantee payment of distributions or amounts payable on redemption or liquidation of such preferred securities when the related CNA Capital Trust does not have funds on hand available to make such payments.

The revenue of a CNA Capital Trust available for distribution to holders of preferred securities will be limited to payments under the corresponding junior debt securities which such CNA Capital Trust purchased with the proceeds from the sale of its common securities and preferred securities. If we fail to make a required payment in respect of such junior debt securities, the applicable CNA Capital Trust will not have sufficient funds to make the related payments, including distributions in respect of its preferred securities.

Distributions

Distributions on the preferred securities will be cumulative, will accumulate from the date of original issuance and will be payable on such dates as specified in the applicable prospectus supplement. In the event that any date on which distributions are payable on the preferred securities is not a business day, unless otherwise specified in the applicable prospectus supplement, payment of the distribution payable on such date will be made on the next succeeding day that is a business day (and without any interest or other payment in respect to any such delay) except that, if such business day is in the next succeeding calendar year, payment of such distribution shall be made on the immediately preceding business day, in each case with the same force and effect as if made on such date. Each date on which distributions are payable in accordance with the foregoing is referred to in this prospectus as a distribution date. A business day shall mean any day other than a Saturday or a Sunday, or a day on which banking institutions in The City of New York are authorized or required by law or executive order to remain closed.

Each CNA Capital Trust's preferred securities represent preferred beneficial interests in the applicable CNA Capital Trust, and the distributions on each preferred security will be payable at a rate specified in the prospectus supplement for such preferred securities. The amount of distributions payable for any period will be computed on the basis of a 360-day year of twelve 30-day months unless otherwise specified in the applicable prospectus supplement. Distributions to which holders of preferred securities are entitled will accumulate additional distributions at

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

the rate per annum if and as specified in the applicable prospectus supplement. The term "distributions" as used herein includes any such additional distributions unless otherwise stated.

Table of Contents

If provided in the applicable prospectus supplement, we have the right under the indenture, pursuant to which it will issue the corresponding junior debt securities, to defer the payment of interest at any time or from time to time on any series of the corresponding junior debt securities for an extension period which will be specified in such prospectus supplement relating to such series, provided that no extension period may extend beyond the stated maturity of the corresponding junior debt securities. Because of any such extension, distributions on the corresponding preferred securities would be deferred (but would continue to accumulate additional distributions thereon at the rate per annum described in the prospectus supplement for such preferred securities) by the CNA Capital Trust which issued such preferred securities during any such extension period. During such extension period we may not, and may not permit any of our subsidiaries to, (i) declare or pay any dividends or distributions on, or redeem, purchase, acquire or make a liquidation payment with respect to, any of our capital stock or (ii) make any payment of principal, interest or premium, if any, on or repay, repurchase or redeem any of our indebtedness that rank *pari passu* with or junior in interest to the corresponding junior debt securities or (iii) make any guarantee payments with respect to any guarantee by us of indebtedness of any of our subsidiaries if such guarantee ranks *pari passu* with or junior in interest to the corresponding junior debt securities (other than (a) dividends or distributions in our common stock, (b) payments under any guarantee and (c) purchases of common stock related to the issuance of common stock under any of our benefit plans for its directors, officers or employees).

The revenue of each CNA Capital Trust available for distribution to holders of its preferred securities will be limited to payments under the corresponding junior debt securities in which the CNA Capital Trust will invest the proceeds from the issuance and sale of its trust securities. If we do not make interest payments on such corresponding junior debt securities, the property trustee will not have funds available to pay distributions on the related preferred securities. We guarantee the payment of distributions (if and to the extent the CNA Capital Trust has funds legally available for the payment of such distributions and cash sufficient to make such payments) to the extent set forth herein under Description of Guarantees.

Distributions on the preferred securities will be payable to the holders thereof as they appear on the register of such CNA Capital Trust on the relevant record dates, which, as long as the preferred securities remain in book-entry form, will be one business day prior to the relevant distribution date. If any preferred securities are not in book-entry form, the relevant record date for such preferred securities shall be the date at least 15 days prior to the relevant distribution date, as specified in the applicable prospectus supplement.

Redemption or Exchange

Mandatory Redemption.

Upon the repayment or redemption, in whole or in part, of any corresponding junior debt securities, whether at maturity or upon earlier redemption as provided in the junior indenture, the proceeds from such repayment or redemption shall be applied by the property trustee to redeem a like amount (as defined below) of the common securities and preferred securities of the CNA Capital Trust, upon not less than 30 nor more than 60 days' notice, at a redemption price equal to the aggregate liquidation amount of such common securities and preferred securities plus accumulated but unpaid distributions thereon to the date of redemption and the related amount of the premium, if any, we pay upon the concurrent redemption of such corresponding junior debt securities. If less than all of any series of corresponding junior debt securities are to be repaid or redeemed on a redemption date, then unless there is a junior debt related event of default then continuing, the proceeds from such repayment or redemption shall be allocated to the redemption pro rata of the related preferred securities and the common securities. The amount of premium, if any, we pay upon the redemption of all or any part of any series of any corresponding junior debt securities to be repaid or redeemed on a redemption date shall be allocated to the redemption pro rata of the related preferred securities and the common securities unless there is a junior debt related event of default then continuing.

Table of Contents

Special Event Redemption or Distribution of Corresponding Junior Debt Securities.

If a special event in respect of a series of preferred securities and common securities shall occur and be continuing, we have the right to redeem the corresponding junior debt securities in whole (but not in part) and thereby cause a mandatory redemption of such preferred securities and common securities in whole (but not in part) at the redemption price within 90 days following the occurrence of such special event. At any time (so long as it would not be a taxable event to the holders of preferred securities under federal law), we have the right to terminate the related CNA Capital Trust and, after satisfaction of the liabilities of creditors of such CNA Capital Trust as provided by applicable law, cause such corresponding junior debt securities to be distributed to the holders of such preferred securities and common securities in liquidation of the CNA Capital Trust. If we do not elect either option described above, the applicable series of preferred securities will remain outstanding and, in the event a tax event has occurred and is continuing, additional sums (as defined below) may be payable on the corresponding junior debt securities.

Extension of Maturity of Corresponding Junior Debt Securities.

If provided in the applicable prospectus supplement, we shall have the right to extend or shorten the maturity of any series of corresponding junior debt securities at the time that we exercise our right to elect to terminate the related CNA Capital Trust and cause such corresponding junior debt securities to be distributed to the holders of such preferred securities and common securities in liquidation of the CNA Capital Trust, provided that we can extend the maturity only if certain conditions specified in the applicable prospectus supplement are met at the time such election is made and at the time of such extension.

Additional sums means the additional amounts as may be necessary so that the amount of distributions then due and payable by a CNA Capital Trust on the outstanding preferred securities and common securities of the CNA Capital Trust shall not be reduced as a result of any additional taxes, duties and other governmental charges to which such CNA Capital Trust has become subject as a result of a tax event.

Like amount means (i) with respect to a redemption of any series of common securities or preferred securities, securities of such series having a liquidation amount equal to that portion of the principal amount of corresponding junior debt securities to be contemporaneously redeemed in accordance with the junior indenture, allocated to the common securities and to the preferred securities based upon the relative liquidation amounts of such classes and the proceeds of which will be used to pay the redemption price of such trust securities, and (ii) with respect to a distribution of corresponding junior debt securities to holders of any series of trust securities in connection with a dissolution or liquidation of the related CNA Capital Trust, corresponding junior debt securities having a principal amount equal to the liquidation amount of the trust securities of the holder to whom such corresponding junior debt securities are distributed.

After the liquidation date fixed for any distribution of corresponding junior debt securities for any series of preferred securities (i) such series of preferred securities will no longer be deemed to be outstanding, (ii) The Depository Trust Company, or DTC, or its nominee, if the record holder of any series of preferred securities, will receive a registered global certificate or certificates representing the corresponding junior debt securities to be delivered upon such distribution and (iii) any certificates representing such series of preferred securities not held by DTC or its nominee will be deemed to represent the corresponding junior debt securities having a principal amount equal to the liquidation amount of such series of preferred securities, and bearing accrued and unpaid interest in an amount equal to the accrued and unpaid distributions on such series of preferred securities until such certificates are presented to the administrative trustees or their agent for transfer or reissuance.

There can be no assurance as to the market prices for the preferred securities or the corresponding junior debt securities that may be distributed in exchange for preferred securities if a dissolution and liquidation of a CNA Capital Trust were to occur. Accordingly, the preferred securities that an investor may purchase, or the corresponding junior debt securities that the investor may receive on dissolution and liquidation of a CNA

Capital Trust, may trade at a different price from the purchase price for those preferred securities.

Redemption Procedures

Preferred Securities redeemed on each redemption date shall be redeemed at the redemption price with the applicable proceeds from the contemporaneous redemption of the corresponding junior debt securities. Redemptions of the preferred securities shall be made and the redemption price shall be payable on each redemption date only to the extent that the related CNA Capital Trust has funds on hand available for the payment of such redemption price.

If a CNA Capital Trust gives a notice of redemption in respect of its preferred securities, then, by 12:00 noon, New York City time, on the redemption date, to the extent funds are legally available, with respect to any preferred securities held by DTC or its nominee, the property trustee will deposit irrevocably with DTC funds sufficient to pay the applicable redemption price and will give DTC irrevocable instructions and authority to pay the redemption price to the holders of such preferred securities. If such preferred securities are not in book-entry form, the property trustee, to the extent funds are legally available, will irrevocably deposit with the paying agent for such preferred securities funds sufficient to pay the applicable redemption price and will give such paying agent irrevocable instructions and authority to pay the redemption price to the holders thereof upon surrender of their certificates evidencing such preferred securities. Notwithstanding the foregoing, distributions payable on or prior to the redemption date for any preferred securities called for redemption shall be payable to the holders of such preferred securities on the relevant record dates for the related distribution dates. If notice of redemption shall have been given and funds deposited as required, then upon the date of such deposit, all rights of the holders of such preferred securities so called for redemption will cease, except the right of the holders of such preferred securities to receive the redemption price, but without interest on such redemption price, and such preferred securities will cease to be outstanding. In the event that any date fixed for redemption of preferred securities is not a business day, then payment of the redemption price payable on such date will be made on the next succeeding day which is a business day (and without any interest or other payment in respect of any such delay), except that, if such business day falls in the next calendar year, such payment will be made on the immediately preceding business day. In the event that payment of the redemption price in respect of preferred securities called for redemption is improperly withheld or refused and not paid either by the CNA Capital Trust or by CNAF pursuant to the guarantee as described under

Description of Guarantees, distributions on such preferred securities will continue to accrue at the then applicable rate, from the redemption date originally established by the CNA Capital Trust for such preferred securities to the date such redemption price is actually paid, in which case the actual payment date will be the date fixed for redemption for purposes of calculating the redemption price.

Subject to applicable law (including, without limitation, United States federal securities law), we or our subsidiaries may at any time and from time to time purchase outstanding preferred securities by tender, in the open market or by private agreement.

If less than all of the preferred securities and common securities issued by a CNA Capital Trust are to be redeemed on a redemption date, then a like amount of such preferred securities and common securities shall be redeemed. The particular preferred securities to be redeemed shall be selected on a pro rata basis not more than 60 days prior to the redemption date by the property trustee from the outstanding preferred securities not previously called for redemption, by such method as the property trustee shall deem fair and appropriate and which may provide for the selection for redemption of portions (equal to the minimum liquidation amount or an integral multiple in excess thereof) of the liquidation amount of preferred securities of a larger denomination. The property trustee shall promptly notify the trust registrar in writing of the preferred securities selected for redemption and, in the case of any preferred securities selected for partial redemption, the liquidation amount thereof to be redeemed. For all purposes of each trust agreement, unless the context otherwise requires, all provisions relating to the redemption of preferred securities shall relate, in the case of any preferred securities redeemed or to be redeemed only in part, to the portion of the aggregate liquidation amount of preferred securities which has been or is to be redeemed.

Table of Contents

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of trust securities to be redeemed at its registered address.

Subordination of Common Securities

Payment of distributions on, the redemption price of, and the liquidation distribution (as defined below) applicable to, each CNA Capital Trust's preferred securities and common securities, as applicable, shall be made proportionately based on the liquidation amount of such preferred securities and common securities; provided, however, that if on any distribution date, redemption date or liquidation date a junior debt related event of default shall have occurred and be continuing, no payment of any distribution on, redemption price of, or liquidation distribution applicable to any of the CNA Capital Trust's common securities, and no other payment on account of the redemption, liquidation or other acquisition of such common securities, shall be made unless payment in full in cash of all accumulated and unpaid distributions on all of the CNA Capital Trust's outstanding preferred securities for all distribution periods terminating on or prior thereto, or in the case of payment of the redemption price or liquidation distribution the full amount of such payment in respect of all of the CNA Capital Trust's outstanding preferred securities, shall have been made or provided for, and all funds available to the property trustee shall first be applied to the payment in full in cash of all distributions on, redemption price of, or liquidation distribution applicable to the CNA Capital Trust's preferred securities then due and payable.

In the case of a junior debt related event of default, we, as holder of such CNA Capital Trust's common securities, will be deemed to have waived any right to act with respect to any such junior debt related event of default under the applicable trust agreement until the effect of all such junior debt related events of default with respect to such preferred securities have been cured, waived or otherwise eliminated. Until any such events of default under the applicable trust agreement with respect to the preferred securities have been so cured, waived or otherwise eliminated, the property trustee shall act solely on behalf of the holders of such preferred securities and not on behalf of us as holder of the CNA Capital Trust's common securities, and only the holders of such preferred securities will have the right to direct the property trustee to act on their behalf.

Liquidation Distribution upon Termination

Pursuant to each trust agreement, each CNA Capital Trust shall automatically terminate upon expiration of its term and shall terminate on the first to occur of:

certain events relating to our bankruptcy, dissolution or liquidation, with the occurrence of any such event being referred to in this prospectus as a bankruptcy event;

the distribution of a like amount of the corresponding junior debt securities to the holders of its trust securities, if we, as depositor, have given written direction to the property trustee to terminate such CNA Capital Trust (which direction is optional and wholly within our discretion, as depositor) and such distribution would not result in a federal taxable event to holders of the preferred securities, with such distribution being referred to in this prospectus as a distribution event;

the redemption of all of the CNA Capital Trust's trust securities following a special event;

redemption of all of the CNA Capital Trust's preferred securities as described under Description of Preferred Securities Redemption or Exchange Mandatory Redemption; and

the entry of an order for the dissolution of the CNA Capital Trust by a court of competent jurisdiction, with the entry of such order being referred to in this prospectus as a dissolution event.

If an early termination occurs from a bankruptcy event, a distribution event or a dissolution event, the CNA Capital Trust shall be liquidated by the issuer trustees as expeditiously as the issuer trustees determine to be possible by distributing, after satisfaction of liabilities to creditors of such CNA Capital Trust as provided by applicable law, to the holders of such trust securities a like amount of the corresponding junior debt securities, unless such distribution is determined by the property trustee not to be practical, in which event such holders will be entitled to receive out of the assets of the CNA Capital Trust available for distribution to holders, after

Table of Contents

satisfaction of liabilities to creditors of such CNA Capital Trust as provided by applicable law, an amount equal to, in the case of holders of preferred securities, the aggregate of the liquidation amount plus accrued and unpaid distributions thereon to the date of payment, with such amount referred to in this prospectus as the liquidation distribution. If such liquidation distribution can be paid only in part because such CNA Capital Trust has insufficient assets available to pay in full the aggregate liquidation distribution, then the amounts payable directly by such CNA Capital Trust on its preferred securities shall be paid on a pro rata basis. The holder(s) of such CNA Capital Trust's common securities will be entitled to receive distributions upon any such liquidation pro rata with the holders of its preferred securities, except that if a junior debt related event of default has occurred and is continuing, the preferred securities shall have a priority over the common securities. A supplemental indenture may provide that if an early termination occurs as described in the fifth bullet point above, the corresponding junior debt securities may be subject to optional redemption in whole, but not in part.

Events of Default; Notice

A junior debt related event of default under the junior indenture will constitute an event of default with respect to the preferred securities.

Within five business days after the occurrence of any junior debt related event of default actually known to the property trustee, the property trustee shall transmit notice of such event of default to the holders of such CNA Capital Trust's preferred securities, the administrative trustees and us, as depositor, unless such event of default shall have been cured or waived. We, as depositor, and the administrative trustees are required to file annually with the property trustee a certificate as to whether or not they are in compliance with all the conditions and covenants applicable to them under each trust agreement.

If a junior debt related event of default has occurred and is continuing, the preferred securities shall have a preference over the common securities as described above under Subordination of Common Securities.

Upon certain junior debt related events of default, the holders of preferred securities may have the right to bring a direct action.

Removal of Issuer Trustees

Unless a junior debt related event of default shall have occurred and be continuing, any issuer trustee may be removed at any time by the holder of the common securities. If a junior debt related event of default has occurred and is continuing, the property trustee and the Delaware trustee may be removed at such time by the holders of a majority in liquidation amount of the outstanding preferred securities. In no event will the holders of the preferred securities have the right to vote to appoint, remove or replace the administrative trustees, which voting rights are vested exclusively in us as the holder of the common securities. No resignation or removal of an issuer trustee and no appointment of a successor trustee shall be effective until the acceptance of appointment by the successor trustee in accordance with the provisions of the applicable trust agreement.

Co-Trustees and Separate Property Trustee

Edgar Filing: CNA FINANCIAL CORP - Form 424B5

Unless a trust related event of default shall have occurred and be continuing, at any time or times, for the purpose of meeting the legal requirements of the Trust Indenture Act of 1939 or of any jurisdiction in which any part of the trust property may at the time be located, we, as the holder of the common securities, and the administrative trustees shall have power to appoint one or more persons either to act as a co-trustee, jointly with the property trustee, of all or any part of such trust property, or to act as separate trustee of any such property, in either case with such powers as may be provided in the instrument of appointment, and to vest in such person or persons in such capacity any property, title, right or power deemed necessary or desirable, subject to the provisions of the applicable trust agreement. In case a junior debt related event of default has occurred and is continuing, the property trustee alone shall have power to make such appointment.

Merger or Consolidation of Issuer Trustees

Any corporation into which the property trustee, the Delaware trustee or any administrative trustee that is not a natural person may be merged or converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which such trustee shall be a party, or any corporation succeeding to all or substantially all the corporate trust business of such trustee, shall be the successor of such trustee under each trust agreement, provided such corporation shall be otherwise qualified and eligible.

Mergers, Consolidations, Amalgamations or Replacements of the CNA Capital Trusts

A CNA Capital Trust may not merge with or into, consolidate, amalgamate, or be replaced by, or convey, transfer or lease its properties and assets as an entirety or substantially as an entirety to any corporation or other person, except as described below. A CNA Capital Trust may, at our request, with the consent of the administrative trustees and without the consent of the holders of the preferred securities, merge with or into, consolidate, amalgamate, or be replaced by or convey, transfer or lease its properties and assets as an entirety or substantially as an entirety to a trust organized as such under the laws of any state; provided, that:

such successor entity either (a) expressly assumes all of the obligations of such CNA Capital Trust with respect to the preferred securities or (b) substitutes for the preferred securities other securities having substantially the same terms as the preferred securities, referred to in this prospectus as the successor securities, so long as the successor securities rank the same as the preferred securities rank in priority with respect to distributions and payments upon liquidation, redemption and otherwise;

we expressly appoint a trustee of such successor entity possessing the same powers and duties as the property trustee as the holder of the corresponding junior debt securities;

the successor securities are listed, or any successor securities will be listed upon notification of issuance, on any national securities exchange or other organization on which the preferred securities are then listed, if any;

such merger, consolidation, amalgamation, replacement, conveyance, transfer or lease does not cause the preferred securities, including any successor securities, to be downgraded by any nationally recognized statistical rating organization;

such merger, consolidation, amalgamation, replacement, conveyance, transfer or lease does not adversely affect the rights, preferences and privileges of the holders of the preferred securities, including any successor securities, in any material respect;

such successor entity has a purpose identical to that of the CNA Capital Trust;

prior to such merger, consolidation, amalgamation, replacement, conveyance, transfer or lease, we have received an opinion from independent counsel to the CNA Capital Trust experienced in such matters to the effect that (a) such merger, consolidation, amalgamation, replacement, conveyance, transfer or lease does not adversely affect the rights, preferences and privileges of the holders of the preferred securities (including any successor securities) in any material respect, (b) following such merger, consolidation, amalgamation, replacement, conveyance, transfer or lease, neither the CNA Capital Trust nor such successor entity will be required to register as an investment company under the Investment Company Act of 1940
