#### Subject to Completion. Dated November 29, 2006.

Prospectus Supplement to Prospectus dated October 18, 2006.

# **SunTrust Capital VIII**

\$

% Trust Preferred Securities

(liquidation amount \$1,000 per security)

fully and unconditionally guaranteed, as described herein, by

# SunTrust Banks, Inc.

SunTrust Capital VIII, a Delaware statutory trust, will issue the Trust Preferred Securities. Each Trust Preferred Security represents an undivided beneficial interest in the Trust. The only assets of the Trust will be the % Extendible Junior Subordinated Notes issued by SunTrust Banks, Inc., which we refer to as the JSNs. The Trust will pay distributions on the Trust Preferred Securities only from the proceeds, if any, of interest payments on the JSNs.

The JSNs will bear interest from the date they are issued until December 15, 2036, the *scheduled maturity date*, at the annual rate of % of their principal amount, payable semi-annually in arrears on each June 15 and December 15, beginning on June 15, 2007. We have the right, on one or more occasions, to defer the payment of interest on the JSNs for one or more consecutive interest periods through the earlier of the first period in which we pay current interest and five years without being subject to our obligations under the alternative payment mechanism described in this prospectus supplement and for one or more consecutive interest periods that do not exceed 10 years without giving rise to an event of default. In the event of our bankruptcy, holders of the JSNs will have a limited claim for deferred interest.

The principal amount of the JSNs will become due on the scheduled maturity date only to the extent that we have received proceeds from the sale of certain qualifying capital securities during a 180-day period ending on a notice date not more than 15 or less than 10 business days prior to such date. We will use our commercially reasonable efforts, subject to certain market disruption events, to sell enough qualifying capital securities to permit repayment of the JSNs in full on the scheduled maturity date. If any amount is not paid on the scheduled maturity date, it will remain outstanding and bear interest at a floating rate payable monthly in arrears and we will continue to use our commercially reasonable efforts to sell enough qualifying capital securities to permit repayment of the JSNs in full. We must pay any remaining principal and interest in full on the JSNs on the final repayment date whether or not we have sold qualifying capital securities. The final repayment date is initially December 1, 2066, but may

# Edgar Filing: SUNTRUST BANKS INC - Form 424B3

be extended at our option for up to two additional 10-year periods upon the satisfaction of certain criteria described in this prospectus supplement.

At our option, the JSNs may be redeemed at any time in whole or in part at the redemption price set forth herein.

The JSNs will be subordinated upon our liquidation to all existing and future senior and subordinated debt of SunTrust Banks, Inc., but will rank equally upon our liquidation with our Remarketable Junior Subordinated Notes due 2042 held by SunTrust Preferred Capital I (and the guarantee thereof), with debt that by its terms does not rank senior upon our liquidation to the JSNs and with our trade creditors, and will be effectively subordinated to all liabilities of our subsidiaries. As a result, the Trust Preferred Securities also will be effectively subordinated to the same debt and liabilities. SunTrust Banks, Inc. will guarantee the Trust Preferred Securities on a subordinated basis to the extent described in this prospectus supplement.

The Trust Preferred Securities and the JSNs are not deposits or other obligations of a bank. They are not insured by the FDIC or any other government agency. Application will be made to list the Trust Preferred Securities on the New York Stock Exchange under the symbol STI 36. Trading of the Trust Preferred Securities on the New York Stock Exchange is expected to commence within a 30-day period after the initial delivery of the Trust Preferred Securities.

See <u>Risk Factors</u> beginning on page S-10 of this prospectus supplement to read about factors you should consider before buying the Trust Preferred Securities.

Neither the Securities and Exchange Commission nor any other regulatory body has approved or disapproved of these securities or passed on the accuracy or adequacy of this prospectus supplement. Any representation to the contrary is a criminal offense.

	Per Trust Preferred Security		Discounts and Commissions	Total (1)(2)
Initial public offering price	\$	1,000	(2)	\$
Proceeds, before expenses and commissions, to SunTrust Banks, Inc.	\$	1,000	(2)	\$

(1) The initial public offering price does not include accrued distributions, if any, on the Trust Preferred Securities from December , 2006 to the date of delivery.

(2) In view of the fact that the proceeds of the sale of the Trust Preferred Securities will be invested in the JSNs, we have agreed to pay the underwriters, as compensation for arranging the investment therein of such proceeds, \$ per Trust Preferred Security (or \$ in the aggregate). See Underwriting.

The underwriters expect to deliver the Trust Preferred Securities in book-entry form only through the facilities of The Depository Trust Company against payment in New York, New York on December , 2006.

Prospectus Supplement dated November , 2006

Table of Contents

#### ABOUT THIS PROSPECTUS SUPPLEMENT

This document consists of two parts. The first part is the prospectus supplement, which describes the specific terms of this offering. The second part is the prospectus, which describes more general information, some of which may not apply to this offering. You should read both this prospectus supplement and the accompanying prospectus, together with additional information described below under the heading Where You Can Find More Information.

Unless otherwise mentioned or unless the context requires otherwise, all references in this prospectus supplement to *SunTrust*, *we*, *us*, *our* or similar references mean SunTrust Banks, Inc. and its subsidiaries, and references to the *Trust* mean SunTrust Capital VIII.

If the information set forth in this prospectus supplement differs in any way from the information set forth in the accompanying prospectus, you should rely on the information set forth in this prospectus supplement.

You should rely only on the information contained in or incorporated by reference in this prospectus supplement. This prospectus supplement may be used only for the purpose for which it has been prepared. No one is authorized to give information other than that contained in this prospectus supplement and in the documents referred to in this prospectus supplement and which are made available to the public. We have not, and the underwriters have not, authorized any other person to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it.

We are not, and the underwriters are not, making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should not assume that the information appearing in this prospectus supplement or any document incorporated by reference is accurate as of any date other than the date of the applicable document. Our business, financial condition, results of operations and prospects may have changed since that date. Neither this prospectus supplement nor the accompanying prospectus constitutes an offer, or an invitation on our behalf or on behalf of the underwriters, to subscribe for and purchase, any of the securities and may not be used for or in connection with an offer or solicitation by anyone, in any jurisdiction in which such an offer or solicitation is not authorized or to any person to whom it is unlawful to make such an offer or solicitation.

## WHERE YOU CAN FIND MORE INFORMATION

We file annual, quarterly and current reports, proxy statements and other information with the Securities and Exchange Commission, or *SEC*. You may read and copy any document that we file at the SEC s public reference room at 100 F Street, N.E., Washington, D.C. Please call the SEC at 1-800-SEC-0330 for further information on the public reference room. In addition, our SEC filings are available to the public from the SEC s web site at http://www.sec.gov. Our SEC filings are also available at the offices of the New York Stock Exchange. For further information on obtaining copies of our public filings at the New York Stock Exchange, you should call 212-656-5060.

The SEC allows us to incorporate by reference the information we file with them, which means that we can disclose important information to you by referring you to those documents. The information incorporated by reference is considered to be a part of this prospectus supplement, and later information that we file with the SEC will automatically update and supersede this information. We incorporate by reference the following documents listed below and any future filings made with the SEC under Section 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934, as amended, or the *Exchange Act*, until we or any of the underwriters sell all of the securities:

Annual Report on Form 10-K for the year ended December 31, 2005;

Quarterly Reports on Form 10-Q for the quarters ended March 31, 2006, June 30, 2006 and September 30, 2006; and

Current Reports on Form 8-K filed on January 6, 2006, January 12, 2006, February 17, 2006, February 21, 2006, July 25, 2006, August 28, 2006, September 5, 2006, September 12, 2006, September 29, 2006, October 25, 2006 (2 filings), November 6, 2006, November 14, 2006 and November 16, 2006.

You may request a copy of these filings, at no cost, by writing or telephoning us at the following address:

SunTrust Banks, Inc. 303 Peachtree Street, NE Atlanta, Georgia 30308 Telephone: 404-588-7711 Attn: Corporate Secretary

We have also filed a registration statement (No. 333-137101) with the SEC relating to the securities offered by this prospectus supplement and the accompanying prospectus. This prospectus supplement is part of the registration statement. You may obtain from the SEC a copy of the registration statement and exhibits that we filed with the SEC when we registered the Trust Preferred Securities. The registration statement may contain additional information that may be important to you.

The Trust has no separate financial statements. The statements would not be material to holders of the securities because the Trust has no independent operations.

Unless otherwise indicated, currency amounts in this prospectus supplement are stated in U.S. dollars.

S-ii

#### SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

The information included or incorporated by reference in this prospectus supplement may contain forward-looking statements, including statements about credit quality and the future prospects of SunTrust. Statements that do not describe historical or current facts, including statements about beliefs and expectations, are forward-looking statements. These statements often include the words *believes*, *expects*, *anticipates*, *estimates*, *intends*, *plans*, *targets*, *potentially*, *probably*, *projects*, *outlook* of expressions or future conditional verbs such as *may*, *will*, *should*, *would* and *could*.

Such statements are based upon the current beliefs and expectations of SunTrust s management and on information currently available to management. The forward-looking statements are intended to be subject to the safe harbor provided by Section 27A of the Securities Act of 1933, as amended, or *Securities Act*, and Section 21E of the Exchange Act. Such statements speak as of the date hereof, and SunTrust does not assume any obligation to update the statements included or incorporated by reference herein or to update the reasons why actual results could differ from those contained in such statements in light of new information or future events.

Forward-looking statements involve significant risks and uncertainties. Investors are cautioned against placing undue reliance on such statements. Actual results may differ materially from those set forth in the forward-looking statements. Factors that could cause actual results to differ materially from those described in the forward-looking statements can be found in our 2005 Annual Report on Form 10-K, in our Quarterly Reports on Form 10-Q and in our Current Reports filed on Form 8-K with the SEC and available at the SEC s internet site (http://www.sec.gov). Those factors include:

changes in general business or economic conditions, including customers ability to repay debt obligations, could have a material adverse effect on our financial condition and results of operations;

changes in market interest rates or capital markets could adversely affect our revenues and expenses, the value of assets and obligations, costs of capital, or liquidity;

the fiscal and monetary policies of the federal government and its agencies could have a material adverse effect on our earnings;

significant changes in securities markets or markets for commercial or residential real estate could harm our revenues and profitability;

customers could pursue alternatives to bank deposits, causing us to lose a relatively inexpensive source of funding;

customers may decide not to use banks to complete their financial transactions, which could affect net income;

we have businesses other than banking, which subjects us to a variety of risks;

hurricanes and other natural disasters may adversely affect loan portfolios and operations and increase the cost of doing business;

negative public opinion could damage our reputation and adversely impact our business;

# Edgar Filing: SUNTRUST BANKS INC - Form 424B3

we rely on other companies for key components of our business infrastructure;

we depend on the accuracy and completeness of information about clients and counterparties;

regulation by federal and state agencies could adversely affect our business, revenues, and profit margins;

competition in the financial services industry is intense and could result in losing business or reducing profit margins;

S-iii

future legislation could harm our competitive position;

maintaining or increasing market share depends on market acceptance and regulatory approval of new products and services;

our ability to receive dividends from our subsidiaries accounts for most of our revenues and could affect our liquidity and ability to pay dividends;

we have in the past and may in the future pursue acquisitions, which could affect costs and from which we may not be able to realize anticipated benefits;

we depend on the expertise of key personnel without whom our operations may suffer;

we may be unable to hire or retain additional qualified personnel and recruiting and compensation costs may increase as a result of turnover, both of which may increase costs and reduce profitability and may adversely impact our ability to implement our business strategy;

our accounting policies and methods are key to how we report financial condition and results of operations, and may require management to make estimates about matters that are uncertain;

our stock price can be volatile; and

our disclosure controls and procedures may fail to prevent or detect all errors or acts of fraud.

S-iv

#### SUMMARY INFORMATION

This summary highlights information contained elsewhere, or incorporated by reference, in this prospectus supplement. As a result, it does not contain all of the information that may be important to you or that you should consider before investing in the Trust Preferred Securities or the JSNs. You should read this entire prospectus supplement and accompanying prospectus, including the Risk Factors section and the documents incorporated by reference, which are described under Where You Can Find More Information.

#### SunTrust Banks, Inc.

SunTrust Banks, Inc., with assets of \$183.1 billion as of September 30, 2006, is one of the nation s largest financial services holding companies.

Through our flagship subsidiary, SunTrust Bank, we provide deposit, credit and trust and investment services. Additional subsidiaries provide mortgage banking, insurance, asset management, equipment leasing, brokerage and capital market services. SunTrust s client base encompasses a broad range of individuals and families, high-net-worth clients, businesses and institutions.

SunTrust enjoys strong market positions in some of the highest growth markets in the United States and also serves clients in selected markets nationally. Our priorities include consistency in financial performance, quality in customer service and a strong commitment to all segments of the communities we serve.

As of September 30, 2006, SunTrust had 1,699 retail and specialized service branches and 2,568 ATMs, which are located primarily in Florida, Georgia, Maryland, North Carolina, South Carolina, Tennessee, Virginia and the District of Columbia. In addition, SunTrust provides clients with a selection of technology-based banking channels including Internet, PC and Telephone Banking. Our internet address is www.suntrust.com.

As of September 30, 2006, SunTrust had total assets under advisement of \$238.5 billion. This includes \$201.8 billion in assets under management and non-managed trust assets as well as \$36.7 billion in retail brokerage assets. SunTrust s mortgage servicing portfolio grew to \$124.8 billion at period end.

Our common stock is traded on the New York Stock Exchange under the ticker symbol STI. Our principal executive offices are located at SunTrust Banks, Inc., 303 Peachtree Street, NE, Atlanta, Georgia 30308. Our telephone number is 404-588-7711.

#### SunTrust Capital VIII

The Trust is a statutory trust formed under Delaware law pursuant to a declaration of trust by SunTrust, as sponsor of the Trust, and the property trustee, the Delaware trustee and the administrative trustees. The Trust exists for the exclusive purposes of:

issuing the Trust Preferred Securities and common securities representing undivided beneficial interests in the Trust;

investing the gross proceeds of the Trust Preferred Securities and the common securities in the JSNs; and

engaging in only those activities convenient, necessary or incidental thereto.

The Trust s business and affairs will be conducted by its trustees, each appointed by us as sponsor of the Trust. The trustees will be U.S. Bank National Association as the *property trustee*, U.S. Bank Trust National Association, as the *Delaware trustee*, and three or more individual trustees, or *administrative trustees*, who are employees or officers of or affiliated with us.

The principal executive office of the Trust is c/o SunTrust Banks, Inc., 303 Peachtree Street, NE, Atlanta, Georgia 30308, and the Trust s telephone number is 404-588-7711.

#### **The Trust Preferred Securities**

Each Trust Preferred Security represents an undivided beneficial interest in the Trust.

The Trust will sell the Trust Preferred Securities to the public and its common securities to SunTrust. The Trust will use the proceeds from those sales to purchase \$ aggregate principal amount of % Extendible Junior Subordinated Notes of SunTrust, which we refer to in this prospectus supplement as the *JSNs*. SunTrust will pay interest on the JSNs at the same rate and on the same dates as the Trust makes payments on the Trust Preferred Securities. The Trust will use the payments it receives on the JSNs to make the corresponding payments on the Trust Preferred Securities.

#### Distributions

If you purchase Trust Preferred Securities, you will be entitled to receive periodic distributions on the stated liquidation amount of \$1,000 per Trust Preferred Security (the *liquidation amount*) on the same payment dates and in the same amounts as we pay interest on a principal amount of JSNs equal to the liquidation amount of such Trust Preferred Security. Distributions will accumulate from December , 2006. The Trust will make distribution payments on the Trust Preferred Securities semi-annually in arrears, on each June 15 and December 15, beginning on June 15, 2007 and continuing to December 15, 2036, or if that day is not a business day, the next business day, which is the scheduled maturity date for the JSNs. If any JSNs remain outstanding after the scheduled maturity date, they will bear interest at a floating rate payable monthly until repaid and, accordingly, the Trust will make corresponding monthly distributions on the Trust Preferred Securities. If we defer payment of interest on the JSNs, distributions by the Trust on the Trust Preferred Securities will also be deferred.

# Deferral of Distributions

We have the right, on one or more occasions, to defer the payment of interest on the JSNs for one or more consecutive interest periods that do not exceed five years without being subject to our obligations described under Description of the Junior Subordinated Notes Alternative Payment Mechanism, and for one or more consecutive interest periods that do not exceed 10 years without giving rise to an event of default under the terms of the JSNs or the Trust Preferred Securities. However, no interest deferral may extend beyond the repayment or redemption of the JSNs.

If we exercise our right to defer interest payments on the JSNs, the Trust will also defer paying a corresponding amount of distributions on the Trust Preferred Securities during that period of deferral.

Although neither we nor the Trust will be required to make any interest or distribution payments during a deferral period other than pursuant to the alternative payment mechanism, interest on the JSNs will continue to accrue during deferral periods and, as a result, distributions on the Trust Preferred Securities will continue to accumulate at the then applicable interest rate on the JSNs, compounded on each distribution date.

Following the earlier of (i) the fifth anniversary of the commencement of a deferral period or (ii) a payment of current interest on the JSNs, we will be required, with certain exceptions, to pay deferred interest pursuant to the alternative payment mechanism described under Description of the Junior Subordinated Notes Alternative Payment Mechanism. At any time during a deferral period, we may not pay deferred interest except pursuant to the alternative payment mechanism, subject to limited exceptions. However, we may pay current interest on any interest payment date out of any source of funds free of the limitations of the alternative payment mechanism, even if that interest payment date is during a deferral period.

If we defer payments of interest on the JSNs, the JSNs will be treated as being issued with original issue discount for United States federal income tax purposes. This means that you must include interest income with respect to the deferred distributions on your Trust Preferred Securities in gross income for United States federal income tax purposes, even though neither we nor the Trust will make actual payments on the JSNs, or on the Trust Preferred Securities, as the case may be, during a deferral period. See Certain United States Federal Income Tax Consequences United States Holders Interest Income and Original Issue Discount.

#### **Redemption of Trust Preferred Securities**

The Trust will use the proceeds of any repayment or redemption of the JSNs to redeem, on a proportionate basis, an equal amount of Trust Preferred Securities and common securities.

For a description of our rights to redeem the JSNs, see Description of the Junior Subordinated Notes Redemption below.

#### Liquidation of the Trust and Distribution of JSNs to Holders

We may elect to dissolve the Trust at any time and, after satisfaction of the Trust s liabilities, to cause the property trustee to distribute the JSNs to the holders of the Trust Preferred Securities and common securities. However, if then required under the risk-based capital guidelines or policies of the Board of Governors of the Federal Reserve System or the Federal Reserve Bank of Atlanta, or any successor federal bank regulatory agency having primary jurisdiction over us (collectively referred to as the *Federal Reserve*) applicable to bank holding companies, we must obtain the approval of the Federal Reserve prior to making that election.

# Further Issues

The Trust has the right to issue additional Trust Preferred Securities of this series in the future, subject to the conditions described under Description of the Trust Preferred Securities Further Issues. Any such additional Trust Preferred Securities will have the same terms as the Trust Preferred Securities being offered by this prospectus supplement but may be offered at a different offering price and accrue distributions from a different date than the Trust Preferred Securities being offered hereby, provided that the total liquidation amount of Trust Preferred Securities outstanding may not exceed \$ . . If issued, any such additional Trust Preferred Securities will become part of the same series as the Trust Preferred Securities being offered hereby.

# **Book-Entry**

The Trust Preferred Securities will be represented by one or more global securities registered in the name of and deposited with The Depository Trust Company (*DTC*) or its nominee. This means that you will not receive a certificate for your Trust Preferred Securities and Trust Preferred Securities will not be registered in your name, except under certain limited circumstances described below in Book-Entry System.

#### The JSNs

#### Repayment of Principal

We must repay the principal amount of the JSNs, together with accrued and unpaid interest, on December 15, 2036, or if that date is not a business day, the next business day (the scheduled maturity date ), subject to the limitations described below.

We are required to repay the JSNs on the scheduled maturity date only to the extent that we have raised sufficient net proceeds from the issuance of *qualifying capital securities*, as described under Replacement Capital Covenant, during a 180-day period ending on a notice date not more than 15 or less than 10 business days prior to such date. If we have not raised sufficient net proceeds to permit repayment of all principal and accrued and unpaid interest on the JSNs on the scheduled maturity date, we will apply any available proceeds to repay the JSNs and the unpaid portion will remain outstanding and bear interest payable monthly until repaid. We will be required to repay the unpaid portion of the JSNs on each subsequent interest payment date to the extent of the net proceeds we receive from any subsequent issuance of qualifying capital securities or upon the occurrence of an event of default.

We will use our commercially reasonable efforts, subject to a *market disruption event*, as described under Description of the Junior Subordinated Notes Market Disruption Events, to raise sufficient net proceeds from the issuance of qualifying capital securities in a 180-day period ending on a notice date not more than 15 or less than 10 business days prior to the scheduled maturity date to permit repayment of the JSNs in full on the scheduled maturity date in accordance with the replacement capital covenant. If we are unable for any reason to raise sufficient proceeds, we will use our commercially reasonable efforts, subject to a market disruption event, to raise sufficient proceeds from the sale of qualifying capital securities to permit repayment of the JSNs on the following monthly interest payment date, and on each monthly interest payment date thereafter, until the JSNs are paid in full.

Any unpaid principal amount of the JSNs, together with accrued and unpaid interest, will be due and payable on the final repayment date, regardless of the amount of qualifying capital securities we have issued and sold by that time. The final repayment date is initially December 1, 2066 (or if this day is not a business day, the following business day), but may be extended at our option for up to two additional 10-year periods upon the satisfaction of certain criteria, as described under Description of the Junior Subordinated Notes Repayment of Principal.

Although under the replacement capital covenant the principal amount of JSNs that we may repay may be based on the net cash proceeds from certain issuances of common stock, rights to acquire common stock, mandatorily convertible preferred stock, debt exchangeable for equity, qualifying non-cumulative preferred stock and REIT preferred securities in addition to qualifying capital securities, we have no obligation to issue any securities other than qualifying capital securities or to use the proceeds of the issuance of any other securities to repay the JSNs on the scheduled maturity date or at any time thereafter.

#### Interest

Until the scheduled maturity date, the JSNs will bear interest at the annual rate of %. Interest on the JSNs will accrue from December , 2006. SunTrust will pay that interest semi-annually in arrears on June 15 and December 15 of each year (we refer to these dates as *interest payment dates*), beginning on June 15, 2007. If any JSNs remain outstanding after the scheduled maturity date, they will bear interest at a floating annual rate equal to one-month LIBOR plus %, payable monthly until repaid.

## Subordination

The JSNs will be unsecured, will be deeply subordinated upon our liquidation, including to all of our existing and future senior and subordinated debt, but will rank equally upon liquidation with our Remarketable Junior Subordinated Notes due 2042 held by SunTrust Preferred Capital I (and the guarantee thereof), with debt that by its terms does not rank senior upon our liquidation to the JSNs and with our trade creditors, and will be effectively subordinated to all liabilities of our subsidiaries. Substantially all of our existing indebtedness is senior and subordinated debt. As of September 30, 2006, our indebtedness for money borrowed ranking senior to the JSNs upon liquidation, on an unconsolidated basis, totaled approximately \$6.2 billion and our subsidiaries direct borrowings and deposit liabilities that would effectively rank senior to the JSNs totaled approximately \$158.3 billion. See Description of the Junior Subordinated Notes Subordination for the definition of *senior and subordinated debt*.

The terms of the JSNs permit us to make any payment of current interest on our debt securities or guarantees that rank on a parity with the JSNs upon our liquidation ( *parity securities* ) so long as the payment is made *pro rata* to the amounts due on parity securities (including the JSNs) and any payment of deferred interest on parity securities that, if not made, would cause us to breach the terms of the instrument governing such parity securities.

#### Certain Payment Restrictions Applicable to SunTrust

During any period in which we have given notice of our election to defer interest payments on the JSNs but the related deferral period has not yet commenced or a deferral period is continuing, we generally may not make payments on or redeem or repurchase our capital stock or our debt securities or guarantees ranking *pari passu* with or junior to the JSNs, subject to certain limited exceptions. In addition, if any deferral period lasts longer than one year, the restrictions on our ability to redeem or repurchase any of our common stock will continue until the first anniversary of the date on which all deferred interest has been paid.

# **Redemption of JSNs**

We may elect to redeem any or all of the JSNs at one or more times for a make-whole redemption price calculated as described under Description of the Junior Subordinated Notes Redemption. In addition, we may elect to redeem all, but not less than all, of the JSNs for a price equal to (i) their principal amount if certain changes occur relating to the capital treatment of the Trust Preferred Securities or relating to investment company laws or (ii) a make-whole redemption price (determined with a higher discount rate than the make-whole referred to above) if certain changes occur relating to the tax treatment of or rating agency equity credit accorded to the Trust Preferred Securities, in each case plus accrued and unpaid interest. For a description of the changes that would permit such a redemption and the applicable redemption amounts, see Description of the Junior Subordinated Notes Redemption below.

Any redemption of the JSNs will be subject to the limitations described under Replacement Capital Covenant below. In addition, if required under the capital guidelines or policies of the Federal Reserve, we will obtain the approval of the Federal Reserve prior to exercising the redemption rights described above. The Federal Reserve s prior approval is not required, however, for the redemption of the Trust Preferred Securities in connection with the repayment of the JSNs on the scheduled maturity date as described under Description of the Junior Subordinated Notes Repayment of the Principal below.

# Events of Default

The following events are events of default with respect to the JSNs:

default in the payment of interest, including compounded interest, in full on any JSNs for a period of 30 days after the conclusion of a 10-year period following the commencement of any deferral period;

bankruptcy of SunTrust; or

receivership of SunTrust Bank.

If an event of default under the indenture occurs and continues, the indenture trustee or the holders of at least 25% in aggregate principal amount of the outstanding JSNs may declare the entire principal and all accrued but unpaid interest of all JSNs to be due and payable immediately. If the indenture trustee or the holders of JSNs do not make such declaration and the JSNs are beneficially owned by the Trust or trustee of the Trust, the property trustee or the holders of at least 25% in aggregate liquidation amount of the Trust Preferred Securities shall have such right.

#### **Replacement Capital Covenant**

We agree in the replacement capital covenant for the benefit of persons that buy, hold or sell a specified series of our long-term indebtedness ranking senior to the JSNs (or in certain limited cases long-term indebtedness of our subsidiary, SunTrust Bank) that the JSNs and Trust Preferred Securities will not be repaid, redeemed or purchased by us or any of our subsidiaries on or before the date that is 20 years prior to the final repayment date, unless (i) in the case of a redemption or purchase, we have obtained the prior approval of the Federal Reserve if such approval is then required under the Federal Reserve s capital guidelines or policies applicable to bank holding companies; and (ii) the principal amount repaid or the applicable redemption or purchase price does not exceed a maximum amount determined by reference to the aggregate amount of net cash proceeds we have received from the sale of common stock, rights to acquire common stock, mandatorily convertible preferred stock, debt exchangeable for equity, qualifying non-cumulative preferred stock, REIT preferred securities and certain qualifying capital securities since the later of (x) the date 180 days prior to delivery of notice of such repayment or redemption or the date of such purchase and (y) to the extent the JSNs are outstanding after the scheduled maturity date, the most recent date, if any, on which we or any of our subsidiaries purchased, any JSNs or Trust Preferred Securities. Certain provisions of the replacement capital covenant, including the definitions of mandatorily convertible preferred stock, REIT preferred securities, qualifying non-cumulative preferred stock, debt exchangeable for equity, qualifying convertible preferred stock, REIT preferred securities. Certain provisions of the replacement capital covenant, including the definitions of mandatorily convertible preferred stock, debt exchangeable for equity, qualifying non-cumulative preferred stock, REIT preferred securities, are described under Replacement Capital Covenant below

#### **Guarantee by SunTrust**

We will fully and unconditionally guarantee payment of amounts due under the Trust Preferred Securities on a subordinated basis and to the extent the Trust has funds available for payment of those amounts. We refer to this obligation as the *guarantee*. However, the guarantee does not cover payments if the Trust does not have sufficient funds to make the distribution payments, including, for example, if we have failed to pay to the Trust amounts due under the JSNs.

As issuer of the JSNs, we are also obligated to pay the expenses and other obligations of the Trust, other than its obligations to make payments on the Trust Preferred Securities.

#### SELECTED FINANCIAL DATA

The following is selected consolidated financial data for SunTrust for the nine-month periods ended September 30, 2006 and 2005 and the years ended December 31, 2005, 2004 and 2003.

The selected consolidated financial data for each of the years ended December 31, 2005, 2004 and 2003 are derived from our audited consolidated financial statements. Our consolidated financial statements for each of the three fiscal years ended December 31, 2005, 2004 and 2003 were audited by PricewaterhouseCoopers LLP, an independent registered public accounting firm. The selected consolidated condensed financial data for SunTrust for the nine-month periods ended September 30, 2006 and 2005 are derived from our unaudited consolidated financial statements included in our Quarterly Report on Form 10-Q for the period ended September 30, 2006 and, in our opinion, such financial statements reflect all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of the data for those periods. Our results of operations for the nine months ended September 30, 2006 may not be indicative of results that may be expected for the full fiscal year. The summary below should be read in conjunction with our unaudited consolidated financial statements, and the related notes thereto, and the other detailed information included in our Quarterly Report on Form 10-Q for the period ended September 30, 2006 and our audited consolidated financial statements, and the related notes thereto, and the other detailed information included in our Quarterly Report on Form 10-Q for the period ended September 30, 2006 and our audited consolidated financial statements, and the related notes thereto, and the other detailed information included in our 2005 Annual Report on Form 10-K.

<sup>3</sup> For more information on how those ratios are calculated, see Ratios of Earnings to Fixed Charges on page S-20.

During the nine months ended September 30, 2006, we segregated certain noninterest-earning trading assets that had previously been included with interest-earning trading assets. This resulted in a revision of the net interest margin calculation. All prior periods presented were restated to reflect this refinement. Management believes this refined method to be a more reflective measure of net interest margin due to the interest-earning nature of these assets.

<sup>&</sup>lt;sup>2</sup> We present a return on average total assets less net unrealized securities gains. The foregoing numbers reflect primarily adjustments to remove the effects of our securities portfolio which includes the ownership by SunTrust of 48.3 million shares of The Coca-Cola Company. We use this information internally to gauge our actual performance in the industry. We believe that the return on average total assets less net unrealized securities gains is more indicative of our return on assets because it more accurately reflects the return on the assets that are related to our core businesses which are primarily customer relationship and customer transaction driven. The return on average total assets less net unrealized securities gains is computed by dividing annualized net income, excluding securities gains/losses and The Coca-Cola Company dividend, by average assets less net unrealized securities gains. We also believe that the return on average realized shareholders equity is more indicative of our return on equity because the excluded equity relates primarily to a long-term holding of a specific security. The return on average realized shareholders equity is computed by dividing annualized net income, excluding securities gains/losses and The Coca-Cola Company dividend, by average realized shareholders equity relates primarily to a long-term holding of a specific security. The return on average realized shareholders equity is computed by dividing annualized net income, excluding securities gains/losses and The Coca-Cola Company dividend, by average realized shareholders equity.

# **RISK FACTORS**

An investment in the Trust Preferred Securities is subject to the risks described below. You should carefully review the following risk factors and other information contained in this prospectus supplement, in documents incorporated by reference in this prospectus supplement and in the accompanying prospectus before deciding whether this investment is suited to your particular circumstances. In addition, because each Trust Preferred Security sold in the offering will represent a beneficial interest in the Trust, which will own our JSNs, you are also making an investment decision with regard to the JSNs, as well as our guarantee of the Trust s obligations. You should carefully review all the information in this prospectus supplement about all of these securities.

# The indenture does not limit the amount of indebtedness for money borrowed we may issue that ranks senior to the JSNs upon our liquidation or in right of payment as to principal or interest.

The JSNs will be subordinate and junior upon our liquidation to our obligations under all of our indebtedness for money borrowed that is not by its terms made *pari passu* with or junior to the JSNs upon liquidation, which, after application of the net proceeds from this offering as described under Use of Proceeds, will include \$ of junior subordinated debt securities underlying outstanding traditional trust preferred securities, but *pari passu* with trade creditors and with our Remarketable Junior Subordinated Notes due 2042 held by SunTrust Preferred Capital I and our guarantee thereof. At September 30, 2006, our indebtedness for money borrowed ranking senior to the JSNs on liquidation, on a non-consolidated basis, totaled approximately \$6.2 billion.

*Parity securities* means our debt securities or guarantees that rank on a parity with the JSNs upon our liquidation and include the Remarketable Junior Subordinated Notes due 2042 held by SunTrust Preferred Capital I. We may issue or have outstanding parity securities as to which we are required to make payments of interest that are not made *pro rata* with payments of interest on other parity securities (including the JSNs) and that, if not made, would cause us to breach the terms of the instrument governing such parity securities. The terms of the JSNs permit us to make any payment of current interest on parity securities that is made *pro rata* to the amounts due on such parity securities (including the JSNs) and any payment of deferred interest on parity securities that, if not made, would cause us to breach the terms of the limitations described in the last paragraph under Description of the Junior Subordinated Notes Alternative Payment Mechanism to the extent that it applies.

#### The JSNs beneficially owned by the Trust will be effectively subordinated to the obligations of our subsidiaries.

We receive substantially all of our revenue from dividends from our subsidiaries. Because we are a holding company, our right to participate in any distribution of the assets of our banking or nonbanking subsidiaries, upon a subsidiary s dissolution, winding-up, liquidation or reorganization or otherwise, and thus your ability to benefit indirectly from such distribution, is subject to the prior claims of creditors of any such subsidiary, except to the extent that we may be a creditor of that subsidiary and our claims are recognized. There are legal limitations on the extent to which some of our subsidiaries may extend credit, pay dividends or otherwise supply funds to, or engage in transactions with, us or some of our other subsidiaries. Our subsidiaries are separate and distinct legal entities and have no obligation, contingent or otherwise, to pay amounts due under our contracts or otherwise to make any funds available to us. Accordingly, the payments on our JSNs, and therefore the Trust Preferred Securities, effectively will be subordinated to all existing and future liabilities of our subsidiaries. At September 30, 2006, our subsidiaries direct borrowings and deposit liabilities totaled approximately \$158.3 billion.

#### Our ability to make distributions on or redeem the Trust Preferred Securities is restricted.

Federal banking authorities will have the right to examine the Trust and its activities because it is our subsidiary. Under certain circumstances, including any determination that our relationship to the Trust would result in an unsafe and unsound banking practice, these banking authorities have the authority to issue orders which could restrict the Trust sability to make distributions on or to redeem the Trust Preferred Securities.

#### We guarantee distributions on the Trust Preferred Securities only if the Trust has cash available.

If you hold any of the Trust Preferred Securities, we will guarantee you, on an unsecured and junior subordinated basis, the payment of the following:

any accumulated and unpaid distributions required to be paid on the Trust Preferred Securities, to the extent the Trust has funds available to make the payment;

the redemption price for any Trust Preferred Securities called for redemption, to the extent the Trust has funds available to make the payment; and

upon a voluntary or involuntary dissolution, winding-up or liquidation of the Trust, other than in connection with a distribution of corresponding assets to holders of Trust Preferred Securities, the lesser of:

the aggregate of the stated liquidation amount and all accumulated and unpaid distributions on the Trust Preferred Securities to the date of payment, to the extent the Trust has funds available to make the payment; and

the amount of assets of the Trust remaining available for distribution to holders of the Trust Preferred Securities upon liquidation of the Trust.

If we do not make a required interest payment on the JSNs, the Trust will not have sufficient funds to make the related payment on the Trust Preferred Securities. The guarantee does not cover payments on the Trust Preferred Securities when the Trust does not have sufficient funds to make them. If we do not pay any amounts on the JSNs when due, holders of the Trust Preferred Securities will have to rely on the enforcement by the property trustee of the trustee s rights as owner of the JSNs, or proceed directly against us for payment of any amounts due on the JSNs.

Our obligations under the guarantee are unsecured and are subordinated to and junior in right of payment to all of our secured and senior indebtedness, and will rank on a parity with any similar guarantees issued by us in the future.

#### Our obligation to repay on the scheduled maturity date is subject to issuance of qualifying capital securities.

Our obligation to repay the JSNs on the scheduled maturity date of December 15, 2036 is limited. We are required to repay the JSNs on the scheduled maturity date only to the extent that we have raised sufficient net proceeds from the issuance of qualifying capital securities (as defined under Replacement Capital Covenant) within a 180-day period ending on a notice date not more than 15 or less than 10 business days prior to such date. If we have not raised sufficient proceeds from the issuance of qualifying capital securities to permit repayment of the JSNs on the scheduled maturity date, the unpaid amount will remain outstanding until (i) we have raised sufficient net proceeds to permit repayment in full in accordance with this requirement, (ii) we redeem the JSNs, (iii) an event of default occurs or (iv) the final repayment date for the JSNs. Our ability to raise proceeds in connection with this obligation to repay the JSNs will depend on, among other things, market conditions at the time

the obligation arises, as well as the acceptability to prospective investors of the terms of these securities. Although we have agreed to use our commercially reasonable efforts to raise sufficient net

proceeds from the issuance of qualifying capital securities to repay the JSNs during the 180-day period referred to above and from month to month thereafter until the JSNs are repaid in full, our failure to do so would not be an event of default or give rise to a right of acceleration or similar remedy until the final repayment date, and we will be excused from using our commercially reasonable efforts if certain market disruption events occur.

Moreover, at or around the time of issuance of the Trust Preferred Securities, we will enter into a replacement capital covenant for the benefit of holders of a designated series of our indebtedness that ranks senior to the JSNs, or in certain limited cases holders of a designated series of indebtedness of SunTrust Bank, pursuant to which we will covenant that neither we nor any of our subsidiaries will repay, redeem or repurchase JSNs or Trust Preferred Securities on or before the date that is 20 years prior to the final repayment date unless during the applicable measurement period we or our subsidiaries have received sufficient proceeds from the sale of common stock, rights to acquire common stock, mandatorily convertible preferred stock, debt exchangeable for equity, gualifying non-cumulative preferred stock, REIT preferred securities and gualifying capital securities. Although under the replacement capital covenant, the principal amount of JSNs that we may repay may be based on the net cash proceeds from certain issuances of common stock, rights to acquire common stock, mandatorily convertible preferred stock, debt exchangeable for equity, qualifying non-cumulative preferred stock and REIT preferred securities in addition to qualifying capital securities, we may modify the replacement capital covenant without your consent if the modification does not further restrict our ability to repay the JSNs in connection with an issuance of qualifying capital securities. In addition, under the indenture we have no obligation to use commercially reasonable efforts to issue any securities that may entitle us under the replacement capital covenant to repay the JSNs other than gualifying capital securities, nor do we have any obligation to use the proceeds of the issuance of any securities other than qualifying capital securities to repay the JSNs on the scheduled maturity date or at any time thereafter. See

Replacement Capital Covenant.

#### We have the right to defer interest for 10 years without causing an event of default.

We have the right to defer interest on the JSNs for a period of up to 10 consecutive years. Although we would be subject to the alternative payment mechanism after we have deferred interest for a period of five consecutive years (or such shorter period resulting from our payment of current interest), if we are unable to raise sufficient eligible proceeds, we may fail to pay accrued interest on the JSNs for a period of up to 10 consecutive years without causing an event of default. During any such deferral period, holders of Trust Preferred Securities will receive limited or no current payments on the Trust Preferred Securities and, so long as we are otherwise in compliance with our obligations, such holders will have no remedies against the Trust or us for nonpayment unless we fail to pay all deferred interest (including compounded interest) at the end of the 10-year deferral period.

#### Our ability to pay deferred interest is limited by the terms of the alternative payment mechanism, and is subject to market disruption events and other factors beyond our control.

If we elect to defer interest payments, we will not be permitted to pay deferred interest on the JSNs (and compounded interest thereon) during the deferral period, which may last up to 10 years, from any source other than the issuance of qualifying APM securities unless a supervisory event has occurred and is continuing (*i.e.*, the Federal Reserve has disapproved of such issuance or disapproved of the use of proceeds of such issuance to pay deferred interest), in which case we will be permitted, but not required, to pay deferred interest with cash from any source, all as described under Description of the Junior Subordinated Notes Alternative Payment Mechanism. The preferred stock issuance cap limits the net proceeds of the issuance of qualifying preferred stock that we may apply to

the payment of deferred interest with respect to all deferral periods to 25% of the aggregate principal amount of the JSNs initially issued. The occurrence of a market disruption event or supervisory event may prevent or delay a sale of qualifying APM securities pursuant to the alternative payment mechanism and, accordingly, the payment of deferred interest on the JSNs. Market disruption events include events and circumstances both within and beyond our control, such as the failure to obtain approval of a regulatory body or governmental authority to issue qualifying APM securities or shareholder consent to increase the shares available for issuance in a sufficient amount, in each case notwithstanding our commercially reasonable efforts. Moreover, we may encounter difficulties in successfully marketing our qualifying APM securities, particularly during times we are subject to the restrictions on dividends as a result of the deferral of interest. If we do not sell sufficient qualifying APM securities to fund deferred interest payments in these circumstances (other than as a result of a supervisory event), we will not be permitted to pay deferred interest to the Trust and, accordingly, no payment of distributions may be made on the Trust Preferred Securities, even if we have cash available from other sources. See Description of the Junior Subordinated Notes Option to Defer Interest Payments, Alternative Payment Mechanism and Market Disruption Events.

The terms of our outstanding junior subordinated debentures prohibit us from making any payment of principal of or interest on the JSNs or the guarantee relating to the Trust Preferred Securities and from repaying, redeeming or repurchasing any JSNs if we have actual knowledge of any event that would be an event of default under any indenture governing those debentures or at any time when we have deferred interest thereunder.

## Rating agencies may change rating methodologies, including their views on notching practices.

The rating methodologies for securities with features similar to the Trust Preferred Securities are still developing and the rating agencies may change their methodologies in the future. This may include, for example, the relationship between ratings assigned to an issuer s senior securities and ratings assigned to securities with features similar to the Trust Preferred Securities, sometimes called notching. If the rating agencies were to change their practices for rating such securities in the future and the ratings of the Trust Preferred Securities were to be subsequently lowered, this may have a negative impact on the trading price of the Trust Preferred Securities. For example, on November 20, 2006 Moody s Investors Service released a publication entitled Rating Preferred Stock and Hybrid Securities Request for Comment that discusses a possible alternative approach to notching in Moody s ratings analysis and requests comment from market participants, with the comment period expiring on December 31, 2006. The methodology described in that publication, if adopted, would result in a one notch reduction of the credit rating assigned by Moody s to certain types of securities having characteristics similar to the Trust Preferred Securities. It is not clear whether the incremental notching described in that publication would apply to the Trust Preferred Securities.

# We must notify the Federal Reserve before using the alternative payment mechanism and may not use it if the Federal Reserve shall have disapproved.

The indenture for the JSNs provides that we must notify the Federal Reserve if the alternative payment mechanism is applicable and that we may not sell our qualifying APM securities or apply any eligible equity proceeds to pay interest pursuant to the alternative payment mechanism if a supervisory event has occurred and is continuing (*i.e.*, the Federal Reserve has disapproved of such issuance or disapproved of the use of proceeds of such issuance to pay deferred interest). The Federal Reserve may allow the issuance of qualifying APM securities, but not allow use of the proceeds to pay deferred interest on the JSNs and require that the proceeds be applied to other purposes, including supporting a troubled bank subsidiary. Accordingly, if we elect to defer interest on the JSNs and the Federal Reserve disapproves of the issuance of qualifying APM securities or the application of the proceeds to pay deferred interest, we will be unable to pay the deferred interest on the JSNs.

We may continue to defer interest in the event of Federal Reserve disapproval of all or part of the alternative payment mechanism until 10 years have elapsed since the beginning of the deferral period without triggering an event of default under the indenture. As a result, we could defer interest for up to 10 years without being required to sell qualifying APM securities and apply the proceeds to pay deferred interest.

# The indenture limits our obligation to raise proceeds from the sale of common stock to pay deferred interest during the first nine years of a deferral period and generally does not obligate us to issue qualifying warrants.

The indenture limits our obligation to raise proceeds from the sale of shares of common stock to pay deferred interest attributable to the first five years of any deferral period (including compounded interest thereon) prior to the ninth anniversary of the commencement of a deferral period in excess of an amount we refer to as the common equity issuance cap. The common equity issuance cap takes into account all sales of common stock and qualifying warrants under the alternative payment mechanism for that deferral period. Once we reach the common equity issuance cap for a deferral period, we will no longer be obligated to sell common stock to pay deferred interest relating to such deferral period unless such deferral extends beyond the date which is nine years following the commencement of the relevant deferral period. Although we have the right to sell common stock if we have reached the common equity issuance cap, we have no obligation to do so. In addition, the sale of qualifying warrants to raise proceeds to pay deferred interest is an option that we have, but in general we are not obligated to sell qualifying warrants and no party may require us to. See Description of the Junior Subordinated Notes Alternative Payment Mechanism.

#### We have the ability under certain circumstances to narrow the definition of qualifying APM securities.

We may, without the consent of the holders of the Trust Preferred Securities or the JSNs, amend the definition of qualifying APM securities for the purposes of the alternative payment mechanism to eliminate common stock or qualifying warrants (but not both) from the definition if we have been advised in writing by a nationally recognized independent accounting firm that there is more than an insubstantial risk that the failure to do so would result in a reduction in our earnings per share as calculated for financial reporting purposes. The elimination of either common stock or qualifying warrants from the definition of qualifying APM securities, together with continued application of the preferred stock cap, may make it more difficult for us to succeed in selling sufficient qualifying APM securities to fund the payment of deferred interest.

# Deferral of interest payments could adversely affect the market price of the Trust Preferred Securities.

We currently do not intend to exercise our right to defer payments of interest on the JSNs. However, if we exercise that right in the future, the market price of the Trust Preferred Securities is likely to be affected. As a result of the existence of our deferral right, the market price of the Trust Preferred Securities, payments on which depend solely on payments being made on the JSNs, may be more volatile than the market prices of other securities that are not subject to optional deferrals. If we do defer interest on the JSNs and you elect to sell Trust Preferred Securities during the period of that deferral, you may not receive the same return on your investment as a holder that continues to hold its Trust Preferred Securities until the payment of interest at the end of the deferral period.

If we do defer interest payments on the JSNs, you will be required to accrue income, in the form of original issue discount, for United States federal income tax purposes during the period of the deferral in respect of your proportionate share of the JSNs, even if you normally report income when received and even though you may not receive the cash attributable to that income during the deferral

period. You will also not receive the cash distribution related to any accrued and unpaid interest from the Trust if you sell the Trust Preferred Securities before the record date for any deferred distributions, even if you held the Trust Preferred Securities on the date that the payments would normally have been paid. See Certain United States Federal Income Tax Consequences United States Holders Interest Income and Original Issue Discount.

## Claims would be limited upon bankruptcy, insolvency or receivership.

In certain events of our bankruptcy, insolvency or receivership prior to the redemption or repayment of any JSNs, whether voluntary or not, a holder of JSNs will have no claim for, and thus no right to receive, deferred and unpaid interest (including compounded interest thereon) that has not been settled through the application of the alternative payment mechanism to the extent the amount of such interest exceeds two years of accumulated and unpaid interest (including compounded interest) on such holder s JSNs.

#### Holders of the Trust Preferred Securities have limited rights under the JSNs.

Except as described below, you, as a holder of the Trust Preferred Securities, will not be able to exercise directly any other rights with respect to the JSNs.

If an event of default under the Declaration of Trust were to occur and be continuing, holders of the Trust Preferred Securities would rely on the enforcement by the property trustee of its rights as the registered holder of the JSNs against us. In addition, the holders of a majority in liquidation amount of the Trust Preferred Securities would have the right to direct the time, method and place of conducting any proceeding for any remedy available to the property trustee or to direct the exercise of any trust or power conferred upon the property trustee under the Declaration of Trust, including the right to direct the property trustee to exercise the remedies available to it as the holder of the JSNs.

The indenture for the JSNs provides that the indenture trustee must give holders notice of all defaults or events of default within 30 days after it becomes known to the indenture trustee. However, except in the cases of a default or an event of default in payment on the JSNs, the indenture trustee will be protected in withholding the notice if its responsible officers determine that withholding of the notice is in the interest of such holders.

If the property trustee were to fail to enforce its rights under the JSNs in respect of an indenture event of default after a record holder of the Trust Preferred Securities had made a written request, that record holder may, to the extent permitted by applicable law, institute a legal proceeding against us to enforce the property trustee s rights under the JSNs. In addition, if we were to fail to pay interest or principal on the JSNs on the date that interest or principal is otherwise payable, except for deferrals permitted by the Declaration of Trust and the indenture, and this failure to pay were continuing, holders of the Trust Preferred Securities may directly institute a proceeding for enforcement of payment of the principal of or interest on the JSNs having a principal amount equal to the aggregate liquidation amount of their Trust Preferred Securities (a *direct action*) after the respective due dates specified in the JSNs. In connection with a direct action, we would have the right under the indenture and the Declaration of Trust to set off any payment made to that holder by us.

# The property trustee, as holder of the JSNs on behalf of the Trust, has only limited rights of acceleration.

The property trustee, as holder of the JSNs on behalf of the Trust, may accelerate payment of the principal and accrued and unpaid interest on the JSNs only upon the occurrence and continuation of an indenture event of default. An indenture event of default is generally limited to payment defaults after giving effect to our deferral rights, and specific events of bankruptcy, insolvency and reorganization relating to us or the receivership of our lead bank.

There is no right of acceleration upon breaches by us of other covenants under the indenture or default on our payment obligations under the guarantee. In addition, the indenture does not protect holders from a sudden and dramatic decline in credit quality resulting from takeovers, recapitalizations, or similar restructurings or other highly leveraged transactions.

# The secondary market for the Trust Preferred Securities may be illiquid.

We are unable to predict how the Trust Preferred Securities will trade in the secondary market or whether that market will be liquid or illiquid. There is currently no secondary market for the Trust Preferred Securities. Although we will apply to list the Trust Preferred Securities on the New York Stock Exchange under the symbol STI 36, we can give you no assurance as to the liquidity of any market that may develop for the Trust Preferred Securities. As Trust Preferred Securities may only be held or transferred in amounts having an aggregate liquidation amount of at least \$1,000, the trading market for Trust Preferred Securities may be less active than markets for securities that may be held or transferred in smaller denominations and may be less liquid.

#### SUNTRUST

Through our flagship subsidiary, SunTrust Bank, we provide deposit, credit, and trust and investment services. Additional subsidiaries provide mortgage banking, insurance, asset management, equipment leasing, brokerage and capital market services. SunTrust s client base encompasses a broad range of individuals and families, high-net-worth clients, businesses and institutions.

SunTrust enjoys strong market positions in some of the highest growth markets in the United States and also serves clients in selected markets nationally. Our priorities include consistency in financial performance, quality in customer service and a strong commitment to all segments of the communities we serve.

SunTrust s 1,699 retail and specialized service branches and 2,568 ATMs are located primarily in Florida, Georgia, Maryland, North Carolina, South Carolina, Tennessee, Virginia and the District of Columbia. In addition, SunTrust provides clients with a selection of technology-based banking channels including Internet, PC and Telephone Banking. Our internet address is www.suntrust.com.

As of September 30, 2006, SunTrust had total assets under advisement of \$238.5 billion. This includes \$201.8 billion in assets under management and non-managed trust assets as well as \$36.7 billion in retail brokerage assets. SunTrust s mortgage servicing portfolio grew to \$124.8 billion at year end.

Our common stock is traded on the New York Stock Exchange under the ticker symbol STI. Our principal executive offices are located at SunTrust Banks, Inc., 303 Peachtree Street, NE, Atlanta, Georgia 30308. Our telephone number is 404-588-7711.

If you would like to know more about us, see our documents incorporated by reference in this prospectus supplement as described in the section Where You Can Find More Information.

#### THE TRUST

The following is a summary of some of the terms of the Trust. This summary, together with the summary of some of the provisions of the related documents described below, contains a description of the material terms of the Trust but is not necessarily complete. We refer you to the documents referred to in the following description, copies of which are available upon request as described above under Where You Can Find More Information.

SunTrust Capital VIII, or the *Trust*, is a statutory trust organized under Delaware law pursuant to a Declaration of Trust, signed by us, as sponsor of the Trust, the Delaware trustee, the property trustee and the administrative trustees and the filing of a certificate of trust with the Delaware Secretary of State. The Declaration of Trust of the Trust will be amended and restated in its entirety by us, the Delaware trustee, the property trustee and the administrative trustees before the issuance of the Trust Preferred Securities. We refer to the Declaration of Trust, as so amended and restated, as the *Declaration of Trust*. The Declaration of Trust will be qualified as an indenture under the Trust Indenture Act of 1939, as amended, or *Trust Indenture Act*.

The Trust was established solely for the following purposes:

issuing the Trust Preferred Securities and common securities representing undivided beneficial interests in the Trust;

investing the gross proceeds of the Trust Preferred Securities and the common securities in the JSNs; and

engaging in only those activities convenient, necessary or incidental thereto.

We will own all of the Trust s common securities, either directly or indirectly. The common securities rank equally with the Trust Preferred Securities and the Trust will make payment on its Trust securities *pro rata*, except that upon certain events of default under the Declaration of Trust relating to payment defaults on the JSNs, the rights of the holders of the common securities to payment in respect of distributions and payments upon liquidation, redemption and otherwise will be subordinated to the rights of the holders of the Trust Preferred Securities. We will acquire common securities in an aggregate liquidation amount equal to \$10,000.

The Trust s business and affairs will be conducted by its trustees, each appointed by us as sponsor of the Trust. The trustees will be U.S. Bank National Association, as the property trustee, or *property trustee*, and U.S. Bank Trust National Association, as the Delaware trustee, or *Delaware trustee*, and three or more individual trustees, or *administrative trustees*, who are employees or officers of or affiliated with us. The property trustee will act as sole trustee under the Declaration of Trust for purposes of compliance with the Trust Indenture Act and will also act as trustee under the guarantee and the indenture. See Description of the Guarantee.

Unless an event of default under the indenture has occurred and is continuing at a time that the Trust owns any JSNs, the holders of the common securities will be entitled to appoint, remove or replace the property trustee and/or the Delaware trustee.

The property trustee and/or the Delaware trustee may be removed or replaced for cause by the holders of a majority in liquidation amount of the Trust Preferred Securities. In addition, holders of a majority in liquidation amount of the Trust Preferred Securities will be entitled to appoint, remove or replace the property trustee and/or the Delaware trustee if an event of default under the indenture has occurred and is continuing.

The right to vote to appoint, remove or replace the administrative trustees is vested exclusively in the holders of the Trust s common securities, and in no event will the holders of the Trust Preferred Securities have such right.

The Trust is a finance subsidiary of us within the meaning of Rule 3-10 of Regulation S-X under the Securities Act. As a result, no separate financial statements of the Trust are included in this prospectus supplement, and we do not expect that the Trust will file reports with the SEC under the Exchange Act.

The Trust is perpetual, but may be dissolved earlier as provided in the Declaration of Trust.

We will pay all fees and expenses related to the Trust and the offering of the Trust Preferred Securities.

#### USE OF PROCEEDS

We expect to receive net proceeds from this offering of approximately \$, after expenses and underwriting commissions. The Trust will invest the proceeds from the sale of the Trust Preferred Securities and all of the proceeds from the sale of the common securities in the JSNs issued by us.

Subject to the prior approval of the Federal Reserve, we intend to use the net proceeds from this offering together with cash on hand to redeem junior subordinated debt securities underlying currently outstanding traditional trust preferred securities issued by certain of our subsidiary trusts. The following table sets forth the name of the issuer trust for each series of trust preferred securities relating to the junior subordinated debt securities to be redeemed, the aggregate principal amount expected to be redeemed (in thousands) and the interest rate and maturity date for each such series of junior subordinated debt securities:

Issuer Trust	Principal Amount	Interest Rate	Maturity Date
SunTrust Capital IV	\$	7.125%	October 15, 2031
SunTrust Capital V		7.05	December 15, 2031
Crestar Capital Trust I(1)		8.16	December 15, 2026
National Commerce Capital Trust II		7.70	December 15, 2031

(1) The optional redemption price for the junior subordinated debt securities underlying the trust preferred securities issued by Crestar Capital Trust I is 104.08% of the principal amount thereof, or

#### **REGULATORY CONSIDERATIONS**

As a financial holding company and a bank holding company under the Bank Holding Company Act of 1956, as amended, SunTrust is subject to regulation, supervision and examination by the Board of Governors of the Federal Reserve. For a discussion of the material elements of the regulatory framework applicable to financial holding companies, bank holding companies and their subsidiaries and specific information relevant to SunTrust, please refer to SunTrust s annual report on Form 10-K for the fiscal year ended December 31, 2005, and any subsequent reports we file with the SEC, which are incorporated by reference in this prospectus supplement. This regulatory framework is intended primarily for the protection of depositors and the federal deposit insurance funds and not for the protection of security holders. As a result of this regulatory framework, SunTrust s earnings are affected by actions of the Federal Reserve, the Federal Deposit Insurance Corporation, which insures the deposits of our banking subsidiaries within certain limits, and the SEC, which regulates the activities of certain subsidiaries engaged in the securities business.

SunTrust s earnings are also affected by general economic conditions, its management policies and legislative action.

In addition, there are numerous governmental requirements and regulations that affect our business activities. A change in applicable statutes, regulations or regulatory policy may have a material effect on our business.

Depositary institutions, like SunTrust s bank subsidiaries, are also affected by various federal laws, including those relating to consumer protection and similar matters. SunTrust also has other financial services subsidiaries regulated, supervised and examined by the Federal Reserve, as well as other relevant state and federal regulatory agencies and self-regulatory organizations. SunTrust s non-bank subsidiaries may be subject to other laws and regulations of the federal government or the various states in which they are authorized to do business.

#### ACCOUNTING AND REGULATORY CAPITAL TREATMENT

The Trust will not be consolidated on our balance sheet as a result of the accounting changes reflected in FASB Interpretation No. 46, Consolidation of Variable Interest Entities, as revised in December 2003. Accordingly, for balance sheet purposes we will recognize the aggregate principal amount, net of discount, of the JSNs we issue to the Trust as a liability and the amount we invest in the Trust s common securities as an asset. The interest paid on the JSNs will be recorded as interest expense on our income statement.

On March 1, 2005, the Federal Reserve adopted amendments to its risk-based capital guidelines. Among other things, the amendments confirm the continuing inclusion of outstanding and prospective issuances of trust preferred securities in the Tier 1 capital of bank holding companies, but make the qualitative requirements for trust preferred securities issued on or after April 15, 2005 more restrictive in certain respects and make the quantitative limits applicable to the aggregate amount of trust preferred securities and other restricted core capital elements that may be included in Tier 1 capital of bank holding companies more restrictive. The Trust Preferred Securities will qualify as Tier 1 capital.

#### **RATIO OF EARNINGS TO FIXED CHARGES**

The following table shows the ratio of earnings to fixed charges of SunTrust, which includes our subsidiaries, on a consolidated basis. The ratio of earnings to fixed charges has been computed by dividing:

net income plus all applicable income taxes plus fixed charges, by

#### fixed charges.

Fixed charges represent interest expense, either including or excluding interest on deposits as set forth below, and the portion of net rental expense deemed to be equivalent to interest on long-term debt. Interest expense, other than on deposits, includes interest on long-term debt, federal funds purchased and securities sold under agreements to repurchase, mortgages, commercial paper and other funds borrowed.

		Nine Months Ended September 30					Months cember		
	2006	2005	2005	2004	2003	2002	2001		
Including interest on deposits	1.61	1.97	1.89	2.43	2.28	1.94	1.66		
Excluding interest on deposits	2.81	3.20	3.09	3.78	3.66	3.24	2.62		

We did not declare or pay dividends on any shares of preferred stock during any of the periods shown and accordingly our ratios of earnings to fixed charges and preferred stock dividends would be the same as the ratios shown above. We issued our Perpetual Preferred Stock, Series A on September 12, 2006 and may declare dividends on such shares in the future.

# CAPITALIZATION

The following table sets forth the consolidated capitalization of SunTrust as of September 30, 2006, as adjusted to give effect to:

the issuance on October 25, 2006 of \$501 million principal amount of our Remarketable Junior Subordinated Notes due 2042 to SunTrust Preferred Capital I and the related issuance by SunTrust Preferred Capital I of 500,000 5.853% Fixed-to-Floating Rate Normal Preferred Purchase Securities;

the repurchase during the period from October 1, 2006 to the date hereof of an aggregate of 9,926,589 shares of our common stock for \$870.7 million, net of settlement costs, pursuant to our accelerated share repurchase program under which SunTrust may receive additional shares at no additional cost;

the issuance of the Trust Preferred Securities and the JSNs; and

the application of the net proceeds to redeem junior subordinated debt securities underlying currently outstanding traditional trust preferred securities issued by certain of our subsidiary trusts.

You should read the following table together with SunTrust s consolidated financial statements and notes thereto incorporated by reference into this prospectus supplement and the accompanying prospectus.

	September Actual	30, 2006 As Adjusted
	(Dollars in t	nousands)
Long-Term Debt:

Risk-based total capital ratio	11.07	10.84
Tier 1 leverage ratio	7.27	7.05

#### DESCRIPTION OF THE TRUST PREFERRED SECURITIES

The following is a brief description of the terms of the Trust Preferred Securities and of the Declaration of Trust under which they are issued. It does not purport to be complete in all respects. This description is subject to and qualified in its entirety by reference to the Declaration of Trust, copies of which are available upon request from us.

#### General

The Trust Preferred Securities will be issued pursuant to the Declaration of Trust. The property trustee, U.S. Bank National Association, will act as indenture trustee for the Trust Preferred Securities under the Declaration of Trust for purposes of compliance with the provisions of the Trust Indenture Act. The terms of the Trust Preferred Securities will include those stated in the Declaration of Trust, including any amendments thereto, and those made part of the Declaration of Trust by the Trust Indenture Act and the Delaware Statutory Trust Act. The Trust will own all of our % Extendible Junior Subordinated Notes, or JSNs.

In addition to the Trust Preferred Securities, the Declaration of Trust authorizes the administrative trustees of the Trust to issue common securities on behalf of the Trust. We will own directly or indirectly all of the Trust s common securities. The common securities rank on a parity, and payments upon redemption, liquidation or otherwise will be made on a proportionate basis, with the Trust Preferred Securities except as set forth below under Ranking of Common Securities. The Declaration of Trust does not permit the Trust to issue any securities other than the common securities and the Trust Preferred Securities or to incur any indebtedness.

The payment of distributions out of money held by the Trust, and payments upon redemption of the Trust Preferred Securities or liquidation of the Trust, are guaranteed by us to the extent described under Description of the Guarantee. The guarantee, when taken together with our obligations under the JSNs and the indenture and our obligations under the Declaration of Trust, including our obligations to pay costs, expenses, debts and liabilities of the Trust, other than with respect to the common securities and the Trust Preferred Securities, has the effect of providing a full and unconditional guarantee of amounts due on the Trust Preferred Securities. U.S. Bank National Association, as the guarantee trustee, will hold the guarantee for the benefit of the holders of the Trust Preferred Securities. The guarantee does not cover payment of distributions when the Trust does not have sufficient available funds to pay those distributions. In that case, except in the limited circumstances in which the holder may take direct action, the remedy of a holder of the Trust Preferred Securities is to vote to direct the property trustee to enforce the property trustee s rights under the JSNs.

When we use the term *holder* in this prospectus supplement with respect to a registered Trust Preferred Securities, we mean the person in whose name such Trust Preferred Securities is registered in the security register. The Trust Preferred Securities will be held in book-entry form only, as described under Book-Entry System, except in the circumstances described in that section, and will be held in the name of The Depository Trust Company (*DTC*) or its nominee.

We will apply to list the Trust Preferred Securities on the New York Stock Exchange under the symbol STI 36.

#### Distributions

You will be entitled to receive periodic distributions on the stated liquidation amount of \$1,000 per Trust Preferred Security on the same payment dates and in the same amounts as we pay interest on a principal amount of JSNs equal to the liquidation amount of such Trust Preferred Security. Distributions

will accumulate from December , 2006. The Trust will make distribution payments on the Trust Preferred Securities semi-annually in arrears, on each June 15 and December 15, beginning on June 15, 2007 and continuing to December 15, 2036, or if that day is not a business day, the next business day, which is the scheduled maturity date for the JSNs. If any JSNs remain outstanding after the scheduled maturity date, they will bear interest at a floating annual rate equal to one-month LIBOR plus %, payable monthly until repaid and, accordingly, the Trust will make corresponding monthly distributions on the Trust Preferred Securities will also be deferred.

On each distribution date, the Trust will pay the applicable distribution to the holders of the Trust Preferred Securities on the record date for that distribution date, which shall be the last day of the month immediately preceding the month in which the distribution date falls, whether or not a business day. Distributions on the Trust Preferred Securities will be cumulative. The Trust Preferred Securities will be effectively subordinated to the same debts and liabilities to which the JSNs are subordinated, as described under Description of the Junior Subordinated Notes Subordination.

For purposes of this prospectus supplement, *business day* means any day other than a Saturday, Sunday or other day on which banking institutions in New York, New York, Atlanta, Georgia, or Wilmington, Delaware are authorized or required by law or executive order to remain closed, or on or after the scheduled maturity date (as defined under Description of the Junior Subordinated Notes Repayment of Principal), a day that is not a London business day. A *London business day* is any day on which dealings in deposits in U.S. dollars are transacted in the London interbank market.

In the event that any date on which distributions are payable on the Trust Preferred Securities is not a business day, then payment of the distribution will be made on the next succeeding business day. Each date on which distributions are payable in accordance with the foregoing is referred to as a *distribution date*. The term *distribution* includes any interest payable on unpaid distributions unless otherwise stated. The period beginning on and including December , 2006 and ending on but excluding the first distribution date and each period after that period beginning on and including a distribution date and ending on but excluding the next distribution date is called a *distribution period*. Distributions to which holders of Trust Preferred Securities are entitled but are not paid will accumulate additional distributions at the annual rate.

The funds available to the Trust for distribution to holders of the Trust Preferred Securities will be limited to payments under the JSNs. If we do not make interest payments on the JSNs, the property trustee will not have funds available to pay distributions on the Trust Preferred Securities. The Trust will pay distributions through the property trustee, which will hold amounts received from the JSNs in a payment account for the benefit of the holders of the Trust Preferred Securities and the common securities.

#### Deferral of Distributions

We have the right, on one or more occasions, to defer payment of interest on the JSNs for one or more consecutive interest periods that do not exceed 10 years, as described under Description of Junior Subordinated Notes Option to Defer Interest Payments below. If we exercise this right, the Trust will also defer paying a corresponding amount of distributions on the Trust Preferred Securities during that period of deferral. We refer to this period as a *deferral period*. No deferral period may extend beyond the final repayment date of the JSNs or the earlier repayment or redemption in full of the JSNs.

Although neither we nor the Trust will be required to make interest or distribution payments during deferral periods other than pursuant to the alternative payment mechanism described under

Description of the Junior Subordinated Notes Alternative Payment Mechanism below, interest on the JSNs will continue to accrue during deferral periods and, as a result, distributions on the Trust Preferred Securities will continue to accumulate at the annual rate for the JSNs, compounded on each interest payment date. References to *accumulated and unpaid distributions* in this prospectus supplement include all accumulated and unpaid distributions, including compounded amounts thereon.

If the Trust defers distributions, the accumulated and unpaid distributions will be paid on the distribution payment date following the last day of the deferral period to the holders on the record date for that distribution payment date. Upon termination of a deferral period and payment of all amounts due on the Trust Preferred Securities, SunTrust may elect to begin a new deferral period.

If we exercise our deferral right, then during any deferral period, we generally may not make payments on or redeem or repurchase our capital stock or our debt securities or guarantees ranking *pari passu* with or junior to the JSNs upon liquidation, subject to certain limited exceptions, as described under Description of the Junior Subordinated Notes Dividend and Other Payment Stoppages during Interest Deferral and under Certain Other Circumstances.

#### Redemption

If we repay or redeem the JSNs, in whole or in part, whether at, prior to or after the scheduled maturity date, the property trustee will use the proceeds of that repayment or redemption to redeem a total amount of Trust Preferred Securities and common securities equal to the amount of JSNs redeemed or repaid. Under the Federal Reserve s risk-based capital guidelines applicable to bank holding companies, any redemption of the Trust Preferred Securities in connection with a redemption of the JSNs, though not in connection with a repayment of the JSNs at scheduled maturity, is subject to prior approval of the Federal Reserve.

The redemption price per Trust Preferred Security will equal the applicable redemption or repayment price attributed to \$1,000 in principal amount of the JSNs calculated as described under Description of the Junior Subordinated Notes Redemption or

Repayment of Principal below, in each case plus accumulated but unpaid distributions to the date of payment. If less than all Trust Preferred Securities and common securities are redeemed, the amount of each to be redeemed will be allocated *pro rata* based upon the total amount of Trust Preferred Securities and common securities outstanding, except in the case of a payment default, as set forth below under Ranking of Common Securities below.

#### **Redemption Procedures**

Notice of any redemption will be mailed by the property trustee at least 30 days but not more than 60 days before the redemption date to the registered address of each holder of Trust Preferred Securities to be redeemed. Notwithstanding the foregoing, notice of any redemption of Trust Preferred Securities relating to the repayment of the JSNs will be mailed at least 10 but not more than 15 business days before the redemption date to the registered address of each holder of Trust Preferred Securities to be redeemed.

If (i) the Trust gives a notice of redemption of Trust Preferred Securities for cash and (ii) we have paid to the property trustee, or the paying agent on behalf of the property trustee, a sufficient amount of cash in connection with the related redemption or maturity of the JSNs, then on the redemption date, the property trustee, or the paying agent on behalf of the property trustee, will irrevocably deposit with DTC funds sufficient to pay the redemption price for the class of Trust Preferred Securities being redeemed. See Book-Entry System. The Trust will also give DTC irrevocable instructions and authority to pay the redemption amount in immediately available funds to the beneficial owners of the global securities representing the Trust Preferred Securities. Distributions to be paid on or before the redemption date for any Trust Preferred Securities called for redemption will be payable to the holders as of the record dates for the related dates of distribution. If the Trust Preferred Securities called for

redemption are no longer in book-entry form, the property trustee, to the extent funds are available, will irrevocably deposit with the paying agent for the Trust Preferred Securities funds sufficient to pay the applicable redemption price and will give such paying agent irrevocable instructions and authority to pay the redemption price to the holders thereof upon surrender of their certificates evidencing the Trust Preferred Securities.

If notice of redemption shall have been given and funds deposited as required, then upon the date of such deposit:

all rights of the holders of such Trust Preferred Securities called for redemption will cease, except the right of the holders of such Trust Preferred Securities to receive the redemption price and any distribution payable in respect of the Trust Preferred Securities on or prior to the redemption date, but without interest on such redemption price; and

the Trust Preferred Securities called for redemption will cease to be outstanding. If any redemption date is not a business day, then the redemption amount will be payable on the next business day (and without any interest or other payment in respect of any such delay).

If payment of the redemption amount for any JSNs called for redemption is improperly withheld or refused and accordingly the redemption amount of the Trust Preferred Securities is not paid either by the Trust or by us under the guarantee, then interest on the JSNs will continue to accrue and distributions on the Trust Preferred Securities called for redemption will continue to accumulate at the applicable rate then borne by such Trust Preferred Securities from the original redemption date scheduled to the actual date of payment. In this case, the actual payment date will be considered the redemption date for purposes of calculating the redemption amount.

Redemptions of the Trust Preferred Securities will require prior approval of the Federal Reserve.

If less than all of the JSNs are to be redeemed on a redemption date, then the aggregate liquidation amount of Trust Preferred Securities and common securities to be redeemed shall be allocated *pro rata* to the Trust Preferred Securities and common securities based upon the relative liquidation amounts of such classes, except in the case of a payment default, as set forth below under Ranking of Common Securities. The property trustee will select the particular Trust Preferred Securities to be redeemed on a *pro rata* basis not more than 60 days before the redemption date from the outstanding Trust Preferred Securities not previously called for redemption by any method the property trustee deems fair and appropriate, or if the Trust Preferred Securities are in book-entry only form, in accordance with the procedures of DTC. See Book-Entry System.

For all purposes of the Declaration of Trust, unless the context otherwise requires, all provisions relating to the redemption of Trust Preferred Securities shall relate, in the case of any Trust Preferred Securities redeemed or to be redeemed only in part, to the portion of the aggregate liquidation amount of Trust Preferred Securities that has been or is to be redeemed.

Subject to applicable law, including, without limitation, U.S. federal securities laws and the replacement capital covenant, and subject to the Federal Reserve s risk-based capital guidelines and policies applicable to bank holding companies, we or our affiliates may at any time and from time to time purchase outstanding Trust Preferred Securities by tender, in the open market or by private agreement.

#### Optional Liquidation of Trust and Distribution of JSNs to Holders

Under the Declaration of Trust, the Trust shall dissolve upon the first to occur of:

certain events of bankruptcy, dissolution or liquidation of SunTrust;

the written direction from us, as holder of the Trust s common securities, to the property trustee to dissolve the Trust and distribute a like amount of the JSNs to the holders of the Trust Preferred Securities and common securities, subject to our having received any required prior approval of the Federal Reserve;

redemption of all of the Trust Preferred Securities as described under Redemption ; or

the entry of an order for the dissolution of the Trust by a court of competent jurisdiction. Except as set forth in the next sentence, if an early dissolution occurs as described above, the property trustee will liquidate the

Trust as expeditiously as possible by distributing, after satisfaction of liabilities to creditors of such Trust as provided by applicable law, to the holders of the Trust Preferred Securities and common securities a like amount of the JSNs. If the property trustee determines that such distribution is not possible or if the early dissolution occurs as a result of the redemption of Trust Preferred Securities, then the holders will be entitled to receive out of the assets of the Trust available for distribution to holders and after satisfaction of liabilities to creditors of the Trust as provided by applicable law, an amount equal to the aggregate liquidation amount plus accrued and unpaid distributions to the date of payment. If the Trust has insufficient assets available to pay in full such aggregate liquidation distribution, then the amounts payable directly by the Trust on its Trust Preferred Securities and common securities shall be paid on a *pro rata* basis, except as set forth under Ranking of Common Securities.

After the liquidation date fixed for any distribution of JSNs to holders of Trust Preferred Securities:

the Trust Preferred Securities will no longer be deemed to be outstanding;

DTC or its nominee, as the record holder of the Trust Preferred Securities, will receive a registered global certificate or certificates representing the JSNs to be delivered upon such distribution;

any certificates representing the Trust Preferred Securities not held by DTC or its nominee or surrendered to the exchange agent will be deemed to represent JSNs having a principal amount equal to the stated liquidation amount of such Trust Preferred Securities, and bearing accrued and unpaid interest in an amount equal to the accrued and unpaid distributions on such Trust Preferred Securities until such certificates are so surrendered for transfer or reissuance; and

all rights of the holders of the Trust Preferred Securities will cease, except the right to receive JSNs upon such surrender. Under current United States federal income tax law, and assuming, as expected, the Trust is treated as a grantor trust, a distribution of JSNs in exchange for the Trust Preferred Securities would not be a taxable event to you. See Certain United States Federal Income Tax Consequences United States Holders Receipt of JSNs upon Liquidation of the Trust below.

#### **Ranking of Common Securities**

Payment of distributions on, and the redemption price of and the liquidation distribution in respect of, Trust Preferred Securities and common securities, as applicable, shall be made *pro rata* based on the liquidation amount of the Trust Preferred Securities and common securities, except that upon the occurrence and continuation of a payment default on the JSNs, the rights of the holders of the common securities to payment in respect of distributions and payments upon liquidation, redemption and otherwise will be subordinated to the rights of the holders of the Trust Preferred Securities.

In the case of any event of default under the Declaration of Trust resulting from an event of default under the indenture for the JSNs, we, as holder of the Trust s common securities, will have no right to act with respect to any such event of default under the Declaration of Trust until the effect of all such events of default with respect to the Trust Preferred Securities have been cured, waived or otherwise eliminated. Until all events of default under the Declaration of Trust with respect to the Trust Preferred Securities have been so cured, waived or otherwise eliminated, the property trustee shall act solely on behalf of the holders of Trust Preferred Securities will have the right to direct the property trustee to act on their behalf.

If an early dissolution event occurs in respect of the Trust, no liquidation distributions shall be made on the Trust s common securities unless full liquidation distributions are made on the Trust Preferred Securities.

#### Events of Default under Declaration of Trust

Any one of the following events constitutes an event of default under the Declaration of Trust, or a *Trust Event of Default*, regardless of the reason for such event of default and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body:

the occurrence of an event of default under the indenture with respect to the JSNs beneficially owned by the Trust;

the default by the Trust in the payment of any distribution on any Trust security of the Trust when such becomes due and payable, and continuation of such default for a period of 30 days;

the default by the Trust in the payment of any redemption price of any Trust security of the Trust when such becomes due and payable;

the failure to perform or the breach, in any material respect, of any other covenant or warranty of the trustees in the Declaration of Trust for 90 days after the defaulting trustee or trustees have received written notice of the failure to perform or breach in the manner specified in such Declaration of Trust; or

the occurrence of certain events of bankruptcy or insolvency with respect to the property trustee and our failure to appoint a successor property trustee within 90 days.

Within 30 days after any Trust Event of Default actually known to the property trustee occurs, the property trustee will transmit notice of such Trust Event of Default to the holders of the affected class of Trust securities and to the administrative trustees, unless such Trust Event of Default shall have been cured or waived. We, as sponsor, and the administrative trustees are required to file annually with the property trustee a certificate as to whether or not we or they are in compliance with all the conditions and covenants applicable to us and to them under the Declaration of Trust.

The existence of a Trust Event of Default under the Declaration of Trust, in and of itself, with respect to the JSNs does not entitle the holders of the Trust Preferred Securities to accelerate the maturity of such JSNs.

An event of default under the indenture for the JSNs with respect to our failure to pay interest that we are otherwise obligated to pay on the JSNs in full within 30 days after the conclusion of a deferral period that continues for 10 years entitles the property trustee, as sole holder of the JSNs, to declare the JSNs due and payable under the indenture. For a more complete description of remedies available upon the occurrence of an event of default with respect to the JSNs, see Description of the Junior Subordinated Notes Events of Default; Waiver and Notice and Relationship among Trust Preferred Securities, Junior Subordinated Notes and Guarantees below.

#### **Removal of Trustees**

Unless an event of default under the indenture has occurred and is continuing, the property trustee and/or the Delaware trustee may be removed at any time by the holder of the Trust s common securities. The property trustee and the Delaware trustee may be removed by the holders of a majority in liquidation amount of the outstanding Trust Preferred Securities for cause or by the holders of a majority in liquidation amount of the outstanding Trust Preferred Securities for cause or by the holders of a majority in liquidation amount of the Trust Preferred Securities if an event of default under the indenture has occurred and is continuing. In no event will the holders of the Trust Preferred Securities have the right to vote to appoint, remove or replace the administrative trustees, which voting rights are vested exclusively in us, as the holder of the common securities. No resignation or removal of a trustee and no appointment of a successor trustee shall be effective until the acceptance of appointment by the successor trustee in accordance with the provisions of the Declaration of Trust.

#### **Co-Trustees and Separate Property Trustee**

Unless an event of default under the indenture shall have occurred and be continuing, at any time or from time to time, for the purpose of meeting the legal requirements of the Trust Indenture Act or of any jurisdiction in which any part of the Trust property may at the time be located, we, as the holder of the Trust s common securities, and the administrative trustees shall have the power to appoint one or more persons either to act as a co-trustee, jointly with the property trustee, of all or any part of such Trust property, or to act as separate trustee of any such property, in either case with such powers as may be provided in the instrument of appointment, and to vest in such person or persons in such capacity any property, title, right or power deemed necessary or desirable, subject to the provisions of such Declaration of Trust. If an event of default under the indenture has occurred and is continuing, the property trustee alone shall have power to make such appointment.

#### Merger or Consolidation of Trustees

Any person into which the property trustee or the Delaware trustee, if not a natural person, may be merged or converted or with which it may be consolidated, or any person resulting from any merger, conversion or consolidation to which such trustee shall be a party, or any person succeeding to all or substantially all the corporate trust business of such trustee, shall be the successor of such trustee under the Declaration of Trust, provided that such person shall be otherwise qualified and eligible.

## Mergers, Consolidations, Amalgamations or Replacements of the Trust

The Trust may not merge with or into, consolidate, amalgamate, or be replaced by, or convey, transfer or lease its properties and assets substantially as an entirety to us or any other person, except as described below or as otherwise described in the Declaration of Trust. The Trust may, at our request, with the consent of the administrative trustees but without the consent of the holders of the Trust Preferred Securities, the property trustee or the Delaware trustee, merge with or into, consolidate, amalgamate, or be replaced by, or convey, transfer or lease its properties and assets substantially as an entirety to, a successor trust organized as such under the laws of any state if:

such successor entity either:

expressly assumes all of the obligations of the Trust with respect to the Trust Preferred Securities, or

substitutes for the Trust Preferred Securities other securities having substantially the same terms as the Trust Preferred Securities, or the *Successor Securities*, so long as the Successor Securities rank the same as the Trust Preferred Securities in priority with respect to distributions and payments upon liquidation, redemption and otherwise;

a trustee of such successor entity possessing the same powers and duties as the property trustee is appointed to hold the JSNs then held by or on behalf of the property trustee;

such merger, consolidation, amalgamation, replacement, conveyance, transfer or lease does not cause the Trust Preferred Securities, including any Successor Securities, to be downgraded by any nationally recognized statistical rating organization;

such merger, consolidation, amalgamation, replacement, conveyance, transfer or lease does not adversely affect the rights, preferences and privileges of the holders of Trust Preferred Securities, including any Successor Securities, in any material respect;

such successor entity has purposes substantially identical to those of the Trust;

prior to such merger, consolidation, amalgamation, replacement, conveyance, transfer or lease, the property trustee has received an opinion from counsel to the Trust experienced in such matters to the effect that:

such merger, consolidation, amalgamation, replacement, conveyance, transfer or lease does not adversely affect the rights, preferences and privileges of the holders of Trust Preferred Securities, including any Successor Securities, in any material respect, and

following such merger, consolidation, amalgamation, replacement, conveyance, transfer or lease, neither the Trust nor such successor entity will be required to register as an investment company under the Investment Company Act of 1940, or *Investment Company Act*;

the Trust has received an opinion of counsel experienced in such matters that such merger, consolidation, amalgamation, conveyance, transfer or lease will not cause the Trust or the successor entity to be classified as an association or a partnership for U.S. federal income tax purposes; and

we or any permitted successor or assignee own all of the common securities of such successor entity and guarantee the obligations of such successor entity under the Successor Securities at least to the extent provided by the guarantee. Notwithstanding the foregoing, the Trust may not, except with the consent of holders of 100% in liquidation amount of the Trust Preferred Securities, consolidate, amalgamate, merge with or into, or be replaced by or convey, transfer or lease its properties and assets substantially as an entirety to any other entity or permit any other entity to consolidate, amalgamate, merge with or into, or replace it if such consolidation, amalgamation, merger, replacement, conveyance, transfer or lease would cause the Trust or the successor entity to be classified as other than one or more grantor trusts or agency arrangements or to be classified as an association or a partnership for U.S. federal income tax purposes.

#### Voting Rights; Amendment of the Declaration of Trust

## Edgar Filing: SUNTRUST BANKS INC - Form 424B3

Except as provided herein and under Description of the Guarantee Amendments and Assignment and as otherwise required by law and the Declaration of Trust, the holders of the Trust Preferred Securities will have no voting rights or control over the administration, operation or management of the Trust or the obligations of the parties to the Declaration of Trust, including in respect of JSNs beneficially owned by the Trust. Under the Declaration of Trust, however, the property trustee will be required to obtain their consent before exercising some of its rights in respect of these securities.

**Declaration of Trust.** We and the administrative trustees may amend the Declaration of Trust without the consent of the holders of the Trust Preferred Securities, the property trustee or the Delaware trustee, unless in the case of the first two bullets below such amendment will materially and adversely affect the interests of any holder of Trust Preferred Securities or the property trustee or the Delaware trustee or the Delaware trustee or the Delaware trustee, to:

cure any ambiguity, correct or supplement any provisions in the Declaration of Trust that may be inconsistent with any other provision, or to make any other provisions with respect to matters or questions arising under such Declaration of Trust, which may not be inconsistent with the other provisions of the Declaration of Trust;

modify, eliminate or add to any provisions of the Declaration of Trust to such extent as shall be necessary to ensure that the Trust will be classified for U.S. federal income tax purposes as one or more grantor trusts or agency arrangements and not as an association or a partnership at all times that any Trust securities are outstanding, to ensure that the Trust will not be required to register as an investment company under the Investment Company Act or to ensure the treatment of the Trust Preferred Securities as Tier 1 capital under prevailing Federal Reserve rules and regulations;

provide that certificates for the Trust Preferred Securities may be executed by an administrative trustee by facsimile signature instead of manual signature, in which case such amendment(s) shall also provide for the appointment by us of an authentication agent and certain related provisions;

require that holders that are not U.S. persons for U.S. federal income tax purposes irrevocably appoint a U.S. person to exercise any voting rights to ensure that the Trust will not be treated as a foreign trust for U.S. federal income tax purposes; or

conform the terms of the Declaration of Trust to the description of the Declaration of Trust, the Trust Preferred Securities and the Trust s common securities in this prospectus supplement, in the manner provided in the Declaration of Trust. Any such amendment shall become effective when notice thereof is given to the property trustee, the Delaware trustee and the holders of the Trust Preferred Securities.

We and the administrative trustees may generally amend the Declaration of Trust with:

the consent of holders representing not less than a majority, based upon liquidation amounts, of the outstanding Trust Preferred Securities affected by the amendments; and

receipt by the trustees of the Trust of an opinion of counsel to the effect that such amendment or the exercise of any power granted to the trustees of the Trust or the administrative trustees in accordance with such amendment will not affect the Trust s status as one or more grantor trusts or agency arrangements for U.S. federal income tax purposes or affect the Trust s exemption from status as an investment company under the Investment Company Act.

However, without the consent of each affected holder of Trust securities, the Declaration of Trust may not be amended to:

change the amount or timing, or otherwise adversely affect the amount, of any distribution required to be made in respect of Trust securities as of a specified date; or

# Edgar Filing: SUNTRUST BANKS INC - Form 424B3

restrict the right of a holder of Trust securities to institute a suit for the enforcement of any such payment on or after such date.

*Indenture and JSNs.* So long as the property trustee holds any JSNs, the trustees of the Trust may not, without obtaining the prior approval of the holders of a majority in aggregate liquidation amount of all outstanding Trust Preferred Securities:

direct the time, method and place of conducting any proceeding for any remedy available to the indenture trustee for the JSNs, or execute any trust or power conferred on the indenture trustee with respect to such JSNs;

waive any past default that is waivable under the indenture;

exercise any right to rescind or annul a declaration that the principal of all the JSNs is due and payable; or

consent to any amendment, modification or termination of the indenture or such JSNs, where such consent by the holders of the JSNs shall be required.

If a consent under the indenture would require the consent of each holder of JSNs affected thereby, no such consent may be given by the property trustee without the prior consent of each holder of the Trust Preferred Securities.

The property trustee will notify each holder of Trust Preferred Securities of any notice of default with respect to the JSNs. In addition to obtaining the foregoing approvals of the holders of the Trust Preferred Securities, before taking any of the foregoing actions, the administrative trustees of the Trust will obtain an opinion of counsel experienced in such matters to the effect that such action would not cause the Trust to be classified as other than one or more grantor trusts or agency arrangements or as an association or a partnership for U.S. federal income tax purposes. The property trustee may not revoke any action previously authorized or approved by a vote of the holders of the Trust Preferred Securities except by subsequent vote of the holders of the Trust Preferred Securities.

*General.* Any required approval of holders of Trust Preferred Securities may be given at a meeting of holders of Trust Preferred Securities convened for such purpose or pursuant to written consent. The property trustee will cause a notice of any meeting at which holders of Trust Preferred Securities are entitled to vote, or of any matter upon which action by written consent of such holders is to be taken, to be given to each record holder of Trust Preferred Securities in the manner set forth in the Declaration of Trust.

No vote or consent of the holders of Trust Preferred Securities will be required for the Trust to redeem and cancel the Trust Preferred Securities in accordance with the Declaration of Trust.

Notwithstanding that holders of the Trust Preferred Securities are entitled to vote or consent under any of the circumstances described above, any of the Trust Preferred Securities that are owned by us or our affiliates or the trustees or any of their affiliates, shall, for purposes of such vote or consent, be treated as if they were not outstanding.

#### Payment and Paying Agent

Payments on the Trust Preferred Securities shall be made to DTC, which shall credit the relevant accounts on the applicable distribution dates. If any Trust Preferred Securities are not held by DTC, such payments shall be made by check mailed to the address of the holder as such address shall appear on the register.

The paying agent shall initially be U.S. Bank National Association and any co-paying agent chosen by the property trustee and acceptable to us and to the administrative trustees. The paying agent shall be permitted to resign as paying agent upon 30 days written notice to the administrative trustees and to the property trustee. In the event that U.S. Bank National Association shall no longer be the paying agent, the property trustee will appoint a successor to act as paying agent, which will be a bank or trust company acceptable to the administrative trustees and to us.

## **Registrar and Transfer Agent**

U.S. Bank National Association will act as registrar and transfer agent, or Transfer Agent, for the Trust Preferred Securities.

Registration of transfers of Trust Preferred Securities will be effected without charge by or on behalf of the Trust, but upon payment of any tax or other governmental charges that may be imposed in connection with any transfer or exchange. Neither the Trust nor the Transfer Agent shall be required to register the transfer of or exchange any Trust security during a period beginning at the opening of business 15 days before the day of selection for redemption of Trust securities and ending at the close of business on the day of mailing of notice of redemption or to transfer or exchange any Trust security so selected for redemption in whole or in part, except, in the case of any Trust security to be redeemed in part, any portion thereof not to be redeemed.

Any Trust Preferred Securities can be exchanged for other Trust Preferred Securities so long as such other Trust Preferred Securities are denominated in authorized denominations and have the same aggregate liquidation amount and same terms as the Trust Preferred Securities that were surrendered for exchange. The Trust Preferred Securities may be presented for registration of transfer, duly endorsed or accompanied by a satisfactory written instrument of transfer, at the office or agency maintained by us for that purpose in a place of payment. There will be no service charge for any registration of transfer or exchange of the Trust Preferred Securities, but we may require holders to pay any tax or other governmental charge payable in connection with a transfer or exchange of the Trust Preferred Securities. We may at any time rescind the designation or approve a change in the location of any office or agency, in addition to the security registrar, designated by us where holders can surrender the Trust Preferred Securities for registration of transfer or exchange. However, the Trust will be required to maintain an office or agency in each place of payment for the Trust Preferred Securities.

#### Information Concerning the Property Trustee

Other than during the occurrence and continuance of a Trust Event of Default, the property trustee undertakes to perform only the duties that are specifically set forth in the Declaration of Trust. After a Trust Event of Default, the property trustee must exercise the same degree of care and skill as a prudent individual would exercise or use in the conduct of his or her own affairs. Subject to this provision, the property trustee is under no obligation to exercise any of the powers vested in it by the Declaration of Trust at the request of any holder of Trust Preferred Securities unless it is offered indemnity satisfactory to it by such holder against the costs, expenses and liabilities that might be incurred. If no Trust Event of Default has occurred and is continuing and the property trustee is required to decide between alternative courses of action, construe ambiguous provisions in the Declaration of Trust or is unsure of the application of any provision of the Declaration of Trust, and the matter is not one upon which holders of Trust Preferred Securities to vote, then the property trustee will take any action that we direct. If we do not provide direction, the property trustee may take or refrain from taking any action that it deems advisable and in the interests of the holders of the Trust securities and will have no liability except for its own bad faith, negligence or willful misconduct.

We and our affiliates may maintain certain accounts and other banking relationships with the property trustee and its affiliates in the ordinary course of business.

## Trust Expenses

Pursuant to the Declaration of Trust, we, as sponsor, agree to pay:

all debts and other obligations of the Trust (other than with respect to the Trust Preferred Securities);

all costs and expenses of the Trust, including costs and expenses relating to the organization of the Trust, the fees, expenses and indemnities of the trustees and the cost and expenses relating to the operation of the Trust; and

any and all taxes and costs and expenses with respect thereto, other than U.S. withholding taxes, to which the Trust might become subject.

## Governing Law

The Declaration of Trust will be governed by and construed in accordance with the laws of Delaware.

#### Miscellaneous

The administrative trustees are authorized and directed to conduct the affairs of and to operate the Trust in such a way that it will not be required to register as an investment company under the Investment Company Act or characterized as other than one or more grantor trusts or agency arrangements for U.S. federal income tax purposes. The administrative trustees are authorized and directed to conduct their affairs so that the JSNs will be treated as indebtedness of SunTrust for U.S. federal income tax purposes.

In this regard, we and the administrative trustees are authorized to take any action, not inconsistent with applicable law, the certificate of trust of the Trust or the Declaration of Trust, that we and the administrative trustees determine to be necessary or desirable to achieve such end, as long as such action does not materially and adversely affect the interests of the holders of the Trust Preferred Securities.

Holders of the Trust Preferred Securities have no preemptive or similar rights. The Trust Preferred Securities are not convertible into or exchangeable for our common stock or preferred stock.

Subject to the replacement capital covenant and to the Federal Reserve s risk-based capital guidelines and policies applicable to bank holding companies, we or our affiliates may from time to time purchase any of the Trust Preferred Securities that are then outstanding by tender, in the open market or by private agreement.

The Trust may not borrow money or issue debt or mortgage or pledge any of its assets.

#### Further Issues

The Trust has the right to issue additional Trust Preferred Securities of this series in the future, provided that: the Trust receives an opinion of counsel experienced in such matters that after the issuance the Trust will continue to be classified for United States federal income tax purposes as a grantor trust and that the issuance will not result in a gain or loss to existing holders; the Trust receives an opinion of counsel experienced in such matters that after the issuance the Trust will not be required to register as an investment company under the Investment Company Act; and the Trust concurrently purchases a like amount of JSNs.

Any such additional Trust Preferred Securities will have the same terms as the Trust Preferred Securities being offered by this prospectus supplement but may be offered at a different offering price and accrue distributions from a different date than the Trust Preferred Securities being offered hereby, provided that the total liquidation amount of Trust Preferred Securities outstanding may not exceed \$ . If issued, any such additional Trust Preferred Securities will become part of the same series as the Trust Preferred Securities being offered hereby.

#### DESCRIPTION OF THE JUNIOR SUBORDINATED NOTES

The following is a brief description of the terms of the JSNs and the indenture. It does not purport to be complete in all respects. This description is subject to and qualified in its entirety by reference to the JSNs and the indenture referred to below, copies of which are available upon request from us.

The JSNs will be issued pursuant to the junior subordinated indenture, dated as of October 25, 2006, between us and U.S. Bank National Association, as indenture trustee. We refer to the junior subordinated indenture, as amended and supplemented (including by a second supplemental indenture, to be dated as of December , 2006), as the *indenture*, and to U.S. Bank National Association or its successor, as indenture trustee, as the *indenture trustee*. You should read the indenture for provisions that may be important to you.

When we use the term *holder* in this prospectus supplement with respect to a registered JSN, we mean the person in whose name such JSN is registered in the security register. We expect that the JSNs will be held in book-entry form only, as described under Book-Entry System, and will be held in the name of DTC or its nominee.

The indenture does not limit the amount of debt that we or our subsidiaries may incur either under the indenture or other indentures to which we are or become a party. The JSNs are not convertible into or exchangeable for our common stock or authorized preferred stock.

## General

The JSNs will be unsecured and will be deeply subordinated upon our liquidation (whether in bankruptcy or otherwise) to all of our indebtedness for money borrowed, including, after application of the net proceeds of this offering as described under Use of Proceeds, \$ of junior subordinated debt securities underlying outstanding traditional trust preferred securities of SunTrust and other subordinated debt that is not by its terms expressly made *pari passu* with or junior to the JSNs upon liquidation, but will be *pari passu* with trade creditors and with our Remarketable Junior Subordinated Notes due 2042 held by SunTrust Preferred Capital I and the guarantee thereof and other *Pari Passu* Securities, as defined below under Subordination.

#### Interest Rate and Interest Payment Dates

Until the scheduled maturity date of December 15, 2036, the JSNs will bear interest at the annual rate of % and we will pay interest semi-annually in arrears on June 15 and December 15 of each year, beginning on June 15, 2007. We refer to these dates as *interest payment dates* and we refer to the period beginning on and including December , 2006 and ending on but excluding the first interest payment date and each successive period beginning on and including an interest payment date and ending on but excluding the next interest payment date as an *interest period*. The amount of interest payable for any interest period ending on or prior to the scheduled maturity date will be computed on the basis of a 360-day year consisting of twelve 30-day months. In the event that any interest payment date before the scheduled maturity date of December 15, 2036 would otherwise fall on a day that is not a business day, the interest payment due on that date will be postponed to the next day that is a business day and no interest will accrue as a result of that postponement.

Accrued interest that is not paid on the applicable interest payment date will bear additional interest, to the extent permitted by law, at the interest rate in effect from time to time, from the relevant interest payment date, compounded on each subsequent interest payment date. When we use the

term *interest*, we are referring not only to regularly scheduled interest payments but also to interest on interest payments not paid on the applicable interest payment date.

If any amount of JSNs remains outstanding after the scheduled maturity date, the principal amount of the outstanding JSNs will bear interest at a floating interest rate until repaid as described under Repayment of Principal below.

#### **Option to Defer Interest Payments**

We may elect at one or more times to defer payment of interest on the JSNs for one or more consecutive interest periods that do not exceed 10 years. We may defer payment of interest prior to, on or after the scheduled maturity date, subject to our obligations described under Alternative Payment Mechanism and Repayment of Principal below. We may not defer interest beyond the final repayment date, as defined under Repayment of Principal below, or the earlier repayment or redemption in full of the JSNs.

Deferred interest on the JSNs will bear interest at the then applicable interest rate, compounded on each interest payment date, subject to applicable law. As used in this prospectus supplement, a *deferral period* refers to the period beginning on an interest payment date with respect to which we elect to defer interest and ending on the earlier of (i) the tenth anniversary of that interest payment date and (ii) the next interest payment date on which we have paid the deferred amount, all deferred amounts with respect to any subsequent period and all other accrued interest on the JSNs.

We have agreed in the indenture that, subject to the occurrence and continuation of a supervisory event or a market disruption event (each as described further below):

immediately following the first interest payment date during the deferral period on which we elect to pay current interest or, if earlier, the fifth anniversary of the beginning of the deferral period, we will be required to sell qualifying APM securities pursuant to the alternative payment mechanism and apply the eligible proceeds to the payment of any deferred interest (and compounded interest) on the next interest payment date, and this requirement will continue in effect until the end of the deferral period; and

we will not pay deferred interest on the JSNs (and compounded interest thereon) prior to the final repayment date or at any time an event of default has occurred and is continuing from any source other than eligible proceeds, except as contemplated by the following paragraph. We may pay current interest at all times from any available funds. If a supervisory event has occurred and is continuing, then we may (but are not obligated to) pay deferred interest with cash from any source without a breach of our obligations under the indenture. In addition, if we sell qualifying APM securities pursuant to the alternative payment mechanism but a supervisory event arises from the Federal Reserve disapproving the use of the proceeds to pay deferred interest, we may use the proceeds for other purposes and continue to defer interest without a breach of our obligations under the indenture.

Although our failure to comply with the foregoing rules with respect to the alternative payment mechanism and payment of interest during a deferral period will be a breach of the indenture, it will not constitute an event of default under the indenture or give rise to a right of acceleration or similar remedy under the terms thereof.

If we are involved in a merger, consolidation, amalgamation or conveyance, transfer or lease of assets substantially as an entirety to any other person (a *business combination*) where immediately after the consummation of the business combination more than 50% of the surviving entity s voting

stock is owned by the shareholders of the other party to the business combination, then the foregoing rules with respect to the alternative payment mechanism and payment of interest during a deferral period will not apply to any interest on the JSNs that is deferred and unpaid as of the date of consummation of the business combination.

If we have paid all deferred interest (and compounded interest) on the JSNs, we can again defer interest payments on the JSNs as described above.

If the property trustee, on behalf of the Trust, is the sole holder of the JSNs, we will give the property trustee and the relevant Delaware trustee written notice of our election of a deferral period at least five business days before the earlier of:

the next succeeding date on which the distributions on the Trust Preferred Securities are payable; and

the date the property trustee is required to give notice to holders of the Trust Preferred Securities of the record or payment date for the related distribution.

The property trustee will give notice of SunTrust s election of a deferral period to the holders of the Trust Preferred Securities.

If the property trustee, on behalf of the Trust, is not the sole holder of the JSNs, we will give the holders of the JSNs and the indenture trustee written notice of our election of a deferral period at least five business days before the next interest payment date.

SunTrust has no present intention of exercising its right to defer payments of interest by extending the interest payment period on the JSNs.

## Dividend and Other Payment Stoppages during Interest Deferral and under Certain Other Circumstances

We will agree that, so long as any JSNs remain outstanding, if we have given notice of our election to defer interest payments on the JSNs but the related deferral period has not yet commenced or a deferral period is continuing, then we will not:
