As previously announced on August 31, 2006, Wind River Systems, Inc. (the Company) commenced a voluntary review of its historical stock option granting practices and the related accounting during the second quarter of fiscal 2007, led by the Audit Committee of Wind River's Board of Directors (the Audit Committee). On September 18, 2006, the Company notified the Securities and Exchange Commission that it would not be able to file its Quarterly Report on Form 10-Q for the period ended July 31, 2006 within the five-day extension period provided by Rule 12b-25, and that the Audit Committee had elected to retain independent legal counsel and accounting consultants to assist in conducting its review of historical stock option granting practices and related accounting. Subsequently, on September 29, 2006, a special subcommittee of the Audit Committee (Special Committee) was formed to lead the review. At this time, the review has not been completed, is ongoing, and the Special Committee has not reached any final conclusions. Pending the completion of the Special Committee's investigation, the Company is also unable to file its Quarterly Report on Form 10-Q for the period ended October 31, 2006 by the December 11, 2006 prescribed due date.

The Company is committed to resolving these issues as quickly as possible and plans to file its Quarterly Reports on Form 10-Q for the second and third quarters of fiscal 2007 and any restated financial statements, if required, as soon as practicable following the conclusion of the Special Committee's review.

This Form 12b-25 contains forward-looking statements regarding the Company's ability to file its Form 10-Q. Because the Special Committee has not completed its review of the Company's historical stock option granting practices and the related accounting, the Company cannot provide any assurance when its Form 10-Qs will be filed or whether there will be any significant change to its results of operations from the corresponding prior periods.
