Item 2.03, Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

On August 8, 2007, Moody's Corporation (the Company) and certain of its subsidiaries entered into an interim loan facility (the Facility) with JP Morgan Chase Bank, N.A., as administrative agent, Bank of America, N.A., as syndication agent and Wachovia Bank National Association, as documentation agent, in an aggregate principal amount of \$500 million that expires on February 8, 2008. All borrowings under the Facility must be made by November 5, 2007. The Company borrowed \$100 million under the Facility on August 13, 2007. Interest on borrowings under the Facility is payable at rates that are based on the London InterBank Offered Rate (LIBOR) plus a premium that can range from 17 basis points to 47.5 basis points depending on the Company's ratio of total indebtedness to earnings before interest, taxes, depreciation and amortization (Earnings Coverage Ratio), as defined in the related agreement. The Company also pays quarterly facility fees, regardless of borrowing activity under the Facility. The quarterly fees for the Facility can range from 8 basis points of the Facility amount to 15 basis points, depending on the Company's Earnings Coverage Ratio.

The Facility contains covenants that, among other things, restrict the ability of the Company and its subsidiaries, without the approval of the lenders, to engage in mergers, consolidations, asset sales, transactions with affiliates and sale-leaseback transactions or to incur liens, as defined in the related agreement. The Facility also contains financial covenants that, among other things, require the Company to maintain an interest coverage ratio, as defined in the related agreement, of not less than 3.0 to 1.0 for any period of four consecutive fiscal quarters, and an Earnings Coverage Ratio of not more than 4.0 to 1.0 at the end of any fiscal quarter. Upon the occurrence of certain financial or economic events, significant corporate events or certain other events of default constituting an event of default under the Facility, all loans outstanding under the Facility (including accrued interest and fees payable thereunder) may be declared immediately due and payable and all commitments under the Facility may be terminated. In addition, certain other events of default under the Facility would automatically result in amounts due becoming immediately due and payable and all commitments being terminated.

A copy of the Facility agreement is included as Exhibit 99.1 to this Current Report.
