PART I FINANCIAL INFORMATION

Forward-Looking Statements

In addition to historical information, we make forward-looking statements in this report that are subject to risks and uncertainties. These forward-looking statements include information about possible or assumed future results of our business, financial condition, liquidity, results of operations, plans and objectives. In some cases, you may identify forward-looking statements by words such as may, should, plan, intend, potential, continue, believe, expect, predict, anticipate and estimate, the negative of these words or other comparable words. These statements are only predictions. You should not place undue reliance on these forward-looking statements. The forward-looking statements are qualified by their terms and/or important factors, many of which are outside our control, and involve a number of risks, uncertainties and other factors, that could cause actual results and events to differ materially from the statements made. Such factors include, among other things, those described elsewhere in this report and the following:

1. the *ICOP Model 20/20* or *ICOP Model 20/20-W* not being accepted by the law enforcement industry;
2. difficulty meeting demand for in-car video technologies at a cost that results in a profit;
3. our ability to improve our products and to develop other products necessary to compete in the industry;
4. our ability to bring future products to market;
5. the *ICOP Model 20/20* or *ICOP Model 20/20-W* being replaced by more advanced technologies and thereby becoming obsolete;
6. the limited number of our product offerings;
7. budget cuts in the law enforcement industry affecting purchasing levels;
8. our lack of profitability and operating history;
9. our limited ability to control interruptions in production by the outside manufacturer of the *ICOP Model 20/20* or the *ICOP Model 20/20-W*.
10. our ability to protect proprietary rights or the possibility that others may bring infringement claims against us;
11. a highly competitive and fragmented market;
12. loss of key management personnel;

Edgar Filing: ICOP DIGITAL, INC - Form 10QSB

13. our ability to manage rapid growth;
14. criminal procedure court rulings that may exclude evidence collected by our systems;
15. general economic and business conditions in the United States;
16. potential warranty or product liability claims; and
17. other factors detailed in our filings with the Securities and Exchange Commission.

The forward-looking statements are based on our beliefs, assumptions and expectations of our future performance, as of the date of this report, taking into account information currently available to us. These beliefs, assumptions and expectations can change as a result of many possible events or factors, including those events and factors detailed in our filings with the Securities and Exchange Commission, not all of which are known to us. Neither we nor any other person assumes responsibility for the accuracy or completeness of these statements. We undertake no obligation to revise, or publicly release the results of any revision to, these forward-looking statements. Our business, financial condition, liquidity and results of operations may vary materially from those expressed in our forward-looking statements.

Notes to Condensed Financial Statements (Unaudited)

Note 1: Basis of Presentation

The accompanying unaudited condensed financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-QSB and Regulation S-B. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of ICOP Digital, Inc. (the Company), the accompanying unaudited condensed financial statements contain all adjustments (consisting of only normal recurring accruals) necessary to present fairly the financial position as of September 30, 2007, the results of operations for the three and nine months ended September 30, 2007 and 2006, and cash flows for the nine months ended September 30, 2007 and 2006. These financial statements should be read in conjunction with the audited financial statements and notes thereto contained in the Company's annual report on Form 10-KSB for the year ended December 31, 2006.

There is no provision for dividends for the quarter to which this quarterly report relates.

The results of operations for the three- and nine-month periods ended September 30, 2007 are not necessarily indicative of the results to be expected for the full year ending December 31, 2007.

Note 2: Nature of Operations, Merger, and Summary of Significant Accounting Policies

Operations and Merger

The Company was incorporated in May 2002 in Nevada and merged into a wholly-owned subsidiary of the Company (a Colorado corporation) as of December 31, 2003 and the subsidiary was merged out of existence in June 2005. The Company, formerly named Vista Exploration Corporation, subsequently changed its name to ICOP Digital, Inc. The Company is engaged in the design, development and marketing of surveillance equipment and systems for use in the law enforcement, security and defense industries. The Company's offices are located in Lenexa, Kansas.

Accounting for uncertainty in income taxes

Effective January 1, 2007, the Company adopted the provisions of Financial Accounting Standards Board (FASB) Interpretation No. 48, Accounting for Uncertainty in Income Taxes (FIN 48), an interpretation of Statement of Financial Accounting Standards (SFAS) No. 109, Accounting for Income Taxes. FIN 48 seeks to reduce the diversity in practice associated with certain aspects of the measurement and recognition related to accounting for income taxes. This interpretation did not have a significant impact on the financial statements due to the Company's significant net operating loss carryforward.

New Accounting Standards

In February 2007, the FASB issued Statement No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities* (SFAS No. 159), an amendment of FASB Statement No. 115. SFAS No. 159 addresses how companies should measure many financial instruments and certain other items at fair value. The objective is to mitigate volatility in reported earnings caused by measuring related assets and liabilities differently without having to apply complex hedge accounting provisions. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007, with earlier adoption permitted. Management is assessing the impact of the adoption of SFAS No. 159.

Note 3: Shareholders' Equity

Sale of common stock

During the first quarter 2007, the Company received proceeds of \$27,915 in connection with employees purchasing 5,257 shares of its no par value common stock under the Company's Employee Stock Purchase Plan.

During the second quarter 2007, the Company received proceeds of \$185,895 in connection with warrants exercised to purchase 42,162 shares of the Company's no par common stock.

During the second quarter 2007, the Company received proceeds of \$52,649 in connection with stock options exercised.

During the third quarter 2007, the Company received proceeds of \$39,234 in connection with employees purchasing 7,323 shares of its no par value common stock under the Company's Employee Stock Purchase Plan.

During the third quarter 2007, the Company received proceeds of \$893,879 in connection with warrants exercised to purchase 155,636 shares of the Company's no par common stock.

Awards of restricted common stock and stock options

The Company has granted to employees, consultants and directors shares of restricted common stock and options to purchase shares of the Company's common stock which vest in 2007 and future years. Stock-based compensation expense related to these awards of \$1,397,662 and \$610,000 has been recorded in the nine-month periods ended September 30, 2007 and 2006, respectively.

Note 4: Income Taxes

The Company records its income taxes in accordance with SFAS 109. The Company incurred net operating losses during the periods shown on the condensed financial statements resulting in a deferred tax asset, all of which was fully reserved; therefore the net benefit and expense resulted in \$0 income taxes. The recognition of these net operating loss carryforwards depends on the ability of the Company to generate taxable income in the future.

The Company adopted the provisions of FIN 48 on January 1, 2007. As a result of the implementation of FIN 48, the Company had no changes in the carrying value of its tax assets or liabilities for any unrecognized tax benefits.

Certain U.S. Federal returns from inception and following are not closed by relevant statutes of limitation due to unused net operating losses reported on those returns.

The Company's policy is to record estimated interest and penalties related to the underpayment of income taxes as income tax expense in the statements of operations. There has been no interest or penalties recognized in the condensed financial statements.

Item 2. Management's Discussion and Analysis or Plan of Operation

See the statement on Forward-Looking Statements above. The actual results of operations of ICOP Digital, Inc. (the Company) could materially differ from those indicated in any forward-looking statements made by the Company. The differences could be caused by a number of factors or combination of factors including, but not limited to, those factors identified in Item 6 Management's Discussion and Analysis or Plan of Operations in the Company's annual report on Form 10-KSB for the year ended December 31, 2006, which is on file with the U.S. Securities and Exchange Commission (File No. 1-32560). Readers are strongly encouraged to consider these factors when evaluating forward-looking statements. Any forward-looking statements contained in this Form 10-QSB will not be updated.

Summary Results of Operations

Sales and Cost of Sales

During the nine months ended September 30, 2007, the Company reported sales of \$8,553,027 and cost of sales of \$4,605,608 resulting in gross profit of \$3,947,419 compared to sales of \$3,731,999 and cost of sales of \$2,141,279 resulting in gross profit of \$1,590,720 for the same period of 2006. This represents an increase in sales of 129% and an increase in gross profit of 148% over the prior year. Significant sales of ICOP Model 20/20s began in June 2005.

Gross margin as a percentage of sales was 46.2% for the nine months ended September 30, 2007 compared to 42.6% for the nine months ended September 30, 2006. The increase in gross margin as percentage of sales is the result of improvements in product mixes.

Operating Expenses

During the nine months ended September 30, 2007, the Company incurred \$1,355,858 in research and development expenses and \$6,290,363 in selling, general and administrative expense, resulting in an operating loss of \$3,698,802. During the nine months ended September 30, 2006, the Company incurred \$465,660 in research and development expenses and \$3,898,717 in selling, general and administrative expense, resulting in an operating loss of \$2,773,657. This represents an increase in research and development expense of 191% and an increase in selling, general and administrative expense of 61%. The increased level of expense in 2007 over the corresponding period of 2006 is the result of increased effort to enhance existing products and develop new products and increased staffing to support selling, marketing and customer support activities. Included in operating expenses, stock-based compensation expense of \$1,397,662 and \$610,000 has been recorded in the nine-month periods ended September 30, 2007 and 2006, respectively.

The Company completed a public offering of common stock and warrants in October 2006 to allow it to increase inventory, expand its facilities, add personnel and extend its product line. Through 2007, we plan to continue to expand our sales, marketing, product promotion and product development activities to leverage what we believe to be our advantages in technology and pricing. Funding provided by the completed secondary offering should allow us to accelerate product development and manufacturing and exploit the enhanced and new products we are developing. We believe these new products and the expansion of sales, service and support personnel should allow the Company to achieve operating breakeven over the coming twelve months.

Liquidity and Capital Resources

Working Capital

On September 30, 2007, the Company had \$4,312,196 in cash, \$3,182,782 in accounts receivable, \$4,503,655 in inventory and a total of \$1,263,474 in current liabilities, for a total working capital of \$10,982,933.

Operating Cash Flows

Net cash used in operating activities for the nine months ended September 30, 2007 and 2006 was \$3,837,948 and \$3,731,283, respectively.

Investing Activity Cash Flows

Net cash used in investing activities for the nine months ended September 30, 2007 was \$729,730, primarily to acquire equipment for sales and engineering activities and support a marketing venture, compared to net cash used in investing activities for the nine months ended September 30, 2006 of \$335,006.

Financing Activity Cash Flows

Net cash provided by financing activities was \$1,199,572 for the nine months ended September 30, 2007, primarily from exercise of warrants and stock options, compared to net cash provided by financing activities of \$846,060 for the nine months ended September 30, 2006, substantially from the proceeds from notes payable and warrant exercises.

Other Sources of Capital

Line of Credit We have available a \$2,500,000 bank line of credit, secured by accounts receivable, inventory, contract rights and general intangibles. Borrowings under this arrangement may be used to fund short-term working capital requirements. During the third quarter 2007, we borrowed \$2,500,000 on the line of credit to finance inventory purchases. The line of credit was completely repaid during the third quarter of 2007.

Proceeds from issuance of shares and other capital contributions We have established, and shareholders have approved, share compensation plans that allow the Company to make grants of stock options or restricted stock to certain current and prospective key employees, directors and consultants. During the second quarter 2007, 9,000 stock options were exercised at an average exercise price of \$5.85, resulting in proceeds to us of \$52,649. Also, the Board of Directors have approved the 2005 Employee Stock Purchase Plan (the 2005 ESPP), which enables employees to purchase common stock from the Company at a 15% discount. For the nine-month period ending September 30, 2007, 12,580 shares have been sold resulting in proceeds to us of \$67,149. In addition, we have outstanding warrants and options to certain investors with an exercise price ranging from \$4.13 to \$7.50 per share. For the nine-month period ending September 30, 2007, we have issued 203,993 shares relating to the exercising of certain warrants and options resulting in proceeds to us of \$1,079,774.

Our Capital Requirements

We believe our cash reserves and expected cash from operations will be sufficient to finance our planned operations during the next 12 months. We have no commitments for material capital expenditures.

Employees

We have 51 full time employees at September 30, 2007, a 24% increase from December 31, 2006.

New Accounting Standards

In February 2007, the FASB issued Statement No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities* (SFAS No. 159), an amendment of FASB Statement No. 115. SFAS No. 159 addresses how companies should measure many financial instruments and certain other items at fair value. The objective is to mitigate volatility in reported earnings caused by measuring related assets and liabilities differently without having to apply complex hedge accounting provisions. SFAS No. 159 is effective for fiscal years beginning after November 15, 2007, with earlier adoption permitted. Management is assessing the impact of the adoption of SFAS No. 159.

Item 3. Controls and Procedures Evaluation of Disclosure Controls and Procedures

The Company maintains disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) that are designed to ensure that information required to be disclosed by the Company in reports that it files under the Exchange Act is (i) recorded, processed, summarized and reported within the time periods specified in SEC rules and forms, and (ii) accumulated and communicated to the Company's management, including its principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding disclosure.

In connection with the preparation of this Quarterly Report on Form 10-QSB, the Company carried out an evaluation under the supervision and with the participation of the Company's management, including the CEO and CFO, as of September 30, 2007 of the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based upon this evaluation, the CEO and CFO concluded that, as of September 30, 2007, the Company's disclosure controls and procedures were effective.

Changes in Internal Control over Financial Reporting

Edgar Filing: ICOP DIGITAL, INC - Form 10QSB

There have not been any changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during our last fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
