PROPOSAL 1: ELECTION OF DIRECTORS

Pursuant to the Company's articles of incorporation, as amended and supplemented (the Charter), the Company's bylaws, as amended (the Bylaws), and resolutions adopted by the Company's Board, the Board presently consists of eight directors (including one vacancy) and is divided into three classes serving staggered three-year terms. Pursuant to the Charter, at each annual meeting the successors to the class of directors whose terms expire at such meeting shall be elected to hold office for a term expiring at the annual meeting of stockholders held in the third year following the year of their election. The terms of three of the directors, Messrs. Kilroy, Sr. and Hart and Dr. Brennan, will expire at the Annual Meeting. As previously disclosed in our public filings, Mr. Hart advised the Company that he has decided to retire from the Board upon completion of his existing term, which will expire at the conclusion of the Annual Meeting. Accordingly, if elected at the Annual Meeting, Mr. Kilroy, Sr. and Dr. Brennan will hold office for a term of three years until the annual meeting of stockholders to be held in the year 2011, and until their successors are duly elected and qualify. Mr. Ingraham was appointed to the Board in June 2007 to fill an existing vacancy and, if elected at the Annual Meeting, will hold office for a term of two years until the annual meeting of stockholders to be held in the year 2010, and until his successor is duly elected and qualifies. Two Board seats will remain vacant while the Nominating/Corporate Governance Committee is conducting a search to identify qualified director candidates.

Except as otherwise instructed, proxies solicited by this Proxy Statement will be voted for the election of the nominees to the Board listed below. The nominees have consented to be named in this Proxy Statement and to serve as directors if elected. The information below relating to the nominees for election as directors and to each of the other directors whose terms of office continue after the Annual Meeting has been furnished to the Company by the respective individuals.

The Board recommends a vote FOR the election of John B. Kilroy, Sr. and Dr. Brennan to serve until the annual meeting of stockholders to be held in the year 2011 and until their successors are duly elected and qualify. The Board also recommends a vote FOR the election of Scott S. Ingraham to serve until the annual meeting of stockholders to be held in the year 2010 and until his successor is duly elected and qualifies.

PROPOSAL 2: STOCKHOLDER PROPOSAL

The Company was notified that its stockholder Gerald R. Armstrong, who owned 40,088 shares of the Company's Common Stock as of the Record Date, 820 Sixteenth Street, No. 705, Denver, Colorado 80202-3227, (303) 355-1199, intends to present the following proposal at the Company's Annual Meeting on May 20, 2008.

Stockholder Proposal

RESOLUTION: That the shareholders of KILROY REALTY CORPORATION [sic] requests its Board of Directors to take the steps necessary to eliminate classification of terms of its Board of Directors to require that all Directors stand for election annually. The Board declassification shall be completed in a manner that does not affect the unexpired terms of the previously-elected Directors.

Supporting Statement

STATEMENT: The proponent believes the election of directors is the strongest way that shareholders influence the directors of any corporation. Currently, our board of directors is divided into three classes with each class serving three-year terms. Because of this structure, shareholders may only vote for one-third of the directors each year. This is not in the best interest of shareholders because it reduces accountability.

U.S. Bancorp, Associated Banc-Corp, Piper-Jaffray Companies, Fifth-Third Bancorp, Pan Pacific Retail Properties, Qwest Communications International, Xcel Energy, Greater Bay Bancorp, North Valley Bancorp, Pacific Continental Corporation, Regions Financial Corporation, CoBiz Financial Inc., Marshall & Ilsley Corporation, and Wintrust Financial, Inc. are among the corporations electing directors annually because of the efforts of the proponent.

The performance of our management and our Board of Directors is now being more strongly tested due to economic conditions and the accountability for performance must be given to the shareholders whose capital has been entrusted in the form of share investments.

A study by researchers at Harvard Business School and the University of Pennsylvania's Wharton School titled "Corporate Governance and Equity Prices" (Quarterly Journal of Economics, February, 2003), looked at the relationship between corporate governance practices (including classified boards) and firm performance. The study found a significant positive link between governance practices favoring shareholders (such as annual directors election) and firm value.

While management may argue that directors need and deserve continuity, management should become aware that continuity and tenure may be best assured when their performance as directors is exemplary and is deemed beneficial to the best interests of the corporation and its shareholders.

The proponent regards as unfounded the concern expressed by some that annual election of all directors could leave companies without experienced directors in the event that all incumbents are voted out by shareholders. In the unlikely event that shareholders do vote to replace all directors, such a decision would express dissatisfaction with the incumbent directors and reflect a need for change.

If you agree that shareholders may benefit from greater accountability afforded by annual election of all directors, please vote **FOR** this proposal.

Board Response to Stockholder Proposal

In accordance with our Amended and Restated Articles of Incorporation, our Board is divided into three classes that serve staggered three-year terms, referred to as a classified board. The classes are staggered, such that stockholders vote on one class of directors each year. The classified board has been in place since 1997, the

year the Company completed its initial public offering. After careful consideration, the Board has determined that it is in the best interests of the Company and our stockholders to maintain the classified board of the Board. Therefore, the Board unanimously recommends a vote AGAINST the proposal.

Continuity and Stability

The Company believes that a classified board provides stability and continuity in the Board's leadership and policies, and helps to ensure that a majority of Directors will always be familiar with the Company's long-term strategy and goals. This knowledge will assist the Directors in fulfilling their duties to our stockholders, providing for greater effectiveness, which ultimately creates value for our stockholders. To maintain accountability, stockholders have the opportunity to vote on one-third of the members of the Board each year. Electing the Directors to three-year terms will not reduce the accountability of the Directors to our stockholders.

Independence

The Company believes that electing Directors to three-year terms enhances the independence of non-management Directors. It provides them with a longer assured term of office, insulating the Directors against pressure from management or from special interest groups who might have an agenda contrary to the long-term interests of our stockholders. As a result, Directors are free to express their views without having to continually consider an upcoming nomination for re-election the following year.

Value Protection

The Company believes that a classified board will enhance stockholder value over the long term by reducing the vulnerability of the Company to certain hostile and potentially abusive takeover tactics where a party might attempt to acquire control of the Company on terms that do not maximize stockholder return. Because under a classified board, only one-third of the directors are elected at any annual meeting of stockholders, it is impossible to elect an entirely new Board or even a majority of the Board at one single meeting. This structure serves to prevent a hostile third party from quickly gaining control of the Board without paying fair value for the Company since it would take at least two Annual Meetings for even a majority of stockholders to elect a new majority of the Board. The classified board thus gives Directors time to evaluate any takeover proposal, negotiate on behalf of all stockholders and consider all options for maximizing value to stockholders. The classified board does not in any way prevent or preclude a sale or change of control of the Company.

Accountability to Stockholders

Our Directors continue to be accountable to our stockholders under our classified board. Every Director is required to uphold his or her fiduciary duties to the Company and its stockholders, regardless of how often he or she stands for election. The Board has implemented broad measures to ensure accountability of the Company's Directors, including the adoption of Corporate Governance Guidelines, which, among other things, provide for annual evaluations of Director independence and an annual self-assessment of the Board's performance sponsored by the Nominating/Corporate Governance Committee.

Procedural Matters

Please note that stockholder approval of this proposal would not by itself declassify our Board or provide for the annual election of Directors. Approval of this proposal would advise our Board that a majority of our stockholders voting at the meeting favor a change and request that the Board take the necessary steps to declassify our Board and to establish annual elections of all Directors. Under our Amended and Restated Articles of Incorporation, a change in the structure of our Board would require an amendment to our Articles of Incorporation, which would require a resolution from our Board to adopt the amendment followed by the approval of the holders of a majority of votes entitled to be cast on the amendment.

Conclusion

After careful consideration, the Board has determined that retention of the classified board remains in the best interests of the Company and our stockholders. We believe that the benefits of the classified board do not come at the cost of our Directors' accountability to stockholders. The Company and the Board have a long-standing commitment to sound corporate governance practices for the benefit of the Company and its stockholders. The Board believes that the current classified board is consistent with that commitment, is appropriate for the Company, and will continue to serve and protect stockholders' interests.

FOR THESE REASONS, THE BOARD UNANIMOUSLY RECOMMENDS A VOTE AGAINST PROPOSAL 2.

The Audit Committee of the Company's Board is composed of Independent Directors who satisfy the requirements of Section 10A-3(m) of the Exchange Act and Rule 10A-3(b)(i), and the current listing standards of the NYSE. The Audit Committee operates pursuant to a written charter.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board. In fulfilling its oversight responsibilities, the Audit Committee approves the selection of the Company's independent auditors and reviews and discusses the audited financial statements included in the Company's Annual Report on Form 10-K with management, including the reasonableness of significant judgments and the clarity of disclosures in the financial statements. Management has the primary responsibility for the financial statements and the reporting process, including the Company's internal control over financial reporting.

The Company's independent auditors are responsible for performing an audit of the Company's financial statements and expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles. The Audit Committee reviewed and discussed the audited financial statements of the Company as of and for the year ended December 31, 2007 with management and the Company's independent auditors. The Audit Committee discussed with the Company's independent auditors their judgments as to the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards Statement of Auditing Standard Number 61, Communications with Audit Committees, as currently in effect. In addition, the Audit Committee received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect, and it discussed with the Company's independent auditors their independence from the Company. The Audit Committee also considered the compatibility of the independent auditors' provision of non-audit services with the auditors' independence.

The Audit Committee discussed with the Company's independent auditors the overall scope of their respective audits. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting. In the performance of their oversight function, the members of the Audit Committee relied upon the information, opinions, reports and statements presented to them by the Company's management and by the Company's independent auditors. The Audit Committee held six meetings during fiscal year 2007.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board (and the Board approved) that the audited financial statements as of and for the year ended December 31, 2007 be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007, filed with the Securities and Exchange Commission on February 26, 2008.

Qualifications of Director Nominees

The Nominating/Corporate Governance Committee has established *Standards for Overall Structure and Composition of the Board and Minimum Director Qualifications* as a guideline in considering nominations to the Company's Board. The criteria include: loyalty, reputation, character, knowledge, experience, education, business judgment, diligence, stock ownership, independence and ability to contribute to Board balance and diversity. The criteria are not exhaustive and the Nominating/Corporate Governance Committee and the Board may consider other qualifications and attributes, which they believe are appropriate in evaluating the ability of an individual to serve as a member of the Board.

Nominating/Corporate Governance Committee's Process for Identifying and Evaluating Nominees for Director

Prior to each annual meeting of security holders at which directors are to be elected, and whenever there is otherwise a vacancy on the Board, the Nominating/Corporate Governance Committee will consider incumbent Board members and other well-qualified individuals as potential director nominees. The Nominating/Corporate Governance Committee will review each potential candidate's qualifications in light of the Company's *Standards for Overall Structure and Composition of the Board and Minimum Director Qualifications*, described above. The

Nominating/Corporate Governance Committee will select the candidate or candidates it believes are the most qualified to recommend to the Board for selection as a director nominee. Candidates recommended by a security holder are evaluated in the same manner as candidates identified by a Nominating/Corporate Governance Committee member.

Manner by which Security Holders May Recommend Director Candidates

The Nominating/Corporate Governance Committee will consider director candidates recommended by security holders of the Company. All recommendations must be directed to the Nominating/Corporate Governance Committee c/o Secretary at 12200 W. Olympic Boulevard, Suite 200, Los Angeles, California 90064. Recommendations for director nominees to be considered at the 2009 annual meeting of stockholders must be received in writing not later than December 12, 2008. Each security holder recommending a person as a director candidate must provide the Company with the following information for the Nominating/Corporate Governance Committee to determine whether the recommended director candidate is independent from the security holder, or each member of the security holder group, that has recommended the director candidate:

If the recommending security holder or any member of the recommending security holder group is a natural person, whether the recommended director candidate is the recommending security holder, a member of the recommending security holder group, or a member of the immediate family of the recommending security holder or any member of the recommending security holder group;

If the recommending security holder or any member of the recommending security holder group is an entity, whether the recommended director candidate or any immediate family member of the recommended director candidate is an employee of the recommending security holder or any member of the recommending security holder group or has been at any time during the current or preceding calendar year;

Whether the recommended director candidate or any immediate family member of the recommended director candidate has accepted directly or indirectly any consulting, advisory, or other compensatory fees from the recommending security holder or any member of the group of recommending security holders, or any of their respective affiliates during the current or preceding calendar year;

Whether the recommended director candidate is an executive officer, director (or person fulfilling similar functions) of the recommending security holder or any member of the recommending security holder group, or any of their respective affiliates; and

Whether the recommended director candidate controls the recommending security holder or any member of the recommending security holder group.

The recommending security holder must also provide supplemental information that the Nominating/Corporate Governance Committee may request to determine whether the recommended director candidate (i) is qualified to serve on the Audit Committee, (ii) meets the standards of independence established by the NYSE, and (iii) satisfies the *Standards for Overall Structure and Composition of the Board and Minimum Director Qualifications*, described above. In addition, the recommending security holder must include the consent of the recommended director candidate and the recommended director candidate must make himself or herself reasonably available to be interviewed by the Nominating/Corporate Governance Committee. The Nominating/Corporate Governance Committee will consider all recommended director candidates submitted to it in accordance with these established procedures, though it will only recommend to the Board as potential nominees those candidates it believes are most qualified. However, the Nominating/Corporate Governance Committee will not consider any director candidate if the candidate's candidacy or, if elected, Board membership, would violate controlling state law or federal law.

Security Holder Communications with the Board

Security holders may send correspondence to the Board c/o Secretary at 12200 W. Olympic Boulevard, Suite 200, Los Angeles, California 90064. The Secretary will review all correspondence addressed to the Board, or any individual Board member, for any inappropriate correspondence and correspondence more suitably directed to management. The Secretary will summarize all correspondence not forwarded to the Board and make the correspondence available to the Board for its review at the Board's request. The Secretary will forward security holder communications to the Board prior to the next regularly scheduled meeting of the Board following the receipt of the communication, as appropriate.

Interested Party Communications with the Non-Management Directors

Any interested party may send correspondence to the Non-Management Directors as a group, or to Mr. Kinsella directly, c/o Secretary at 12200 W. Olympic Boulevard, Suite 200, Los Angeles, California 90064. The Secretary will review all correspondence addressed to the Non-Management Directors, or to Mr. Kinsella individually, for any inappropriate correspondence and correspondence more suitably directed to management. The Secretary will summarize all correspondence not forwarded to the Non-Management Directors and make the correspondence available to the Non-Management Directors for their review at the Non-Management Directors' request. The Secretary will forward interested party communications to the Non-Management Directors promptly following the receipt of the communication, as appropriate.

Code of Business Conduct and Ethics

The Company's Board has adopted a Code of Business Conduct and Ethics that applies to the Company's directors, officers (including the Chief Executive Officer, Chief Financial Officer, Controller and other members of senior financial management), employees, agents and consultants. This Code of Business Conduct and Ethics satisfies the requirements of a code of business conduct and ethics under the NYSE listing standards and a code of ethics within the meaning of Section 406 of the Sarbanes-Oxley Act of 2002 and applicable Securities and Exchange Commission rules. This Code of Business Conduct and Ethics is available on the Company's website at <http://www.kilroyrealty.com> and a copy will be provided to any person without charge, upon request sent to the Company's principal executive offices c/o Secretary at 12200 West Olympic Boulevard, Suite 200, Los Angeles, California 90064. Amendments to, or waivers from, a provision of this Code of Business Conduct and Ethics that apply to the Company's directors or executive officers, including the Chief Executive Officer, Chief Financial Officer, Controller and other members of senior financial management, may be made only by the Board or a Board committee and will be promptly posted on the Company's website.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis section discusses the compensation practices for our NEOs. Our NEOs consist of our Chief Executive Officer, our Chief Operating Officer, our Chief Financial Officer (which comprise our three mostly highly paid executive officers) and our two next most highly paid executive officers. Throughout this Proxy Statement, we refer to our (i) Chief Executive Officer, Chief Operating Officer and Chief Financial Officer collectively as our Executive Management Team, (ii) two next most highly paid executive officers as our Senior Managers, and (iii) Executive Management Team and our Senior Managers, together with our other executive officers as our executive officers.

Compensation Committee Interlocks and Insider Participation

Compensation paid to the NEOs is determined at the sole discretion of the Executive Compensation Committee (the Compensation Committee). The Compensation Committee currently consists of three Independent Directors: Dr. Brennan, who serves as its Chairman, and Messrs. Dickey and Kinsella. From January 1, 2007 through November 29, 2007, the Compensation Committee was composed of four Independent Directors, including Dr. Brennan, who served as its Chairman, and Messrs. Dickey, Hart and Kinsella. There are no Compensation Committee interlocks, and none of our employees participate on the Compensation Committee.

Role of the Executive Compensation Committee

The Compensation Committee is responsible for:

Reviewing and approving our compensation philosophy;

Reviewing and approving performance goals and objectives relating to the compensation of our Chief Executive Officer, evaluating the performance of our Chief Executive Officer in light of those goals and objectives and reviewing and approving the compensation of our Chief Executive Officer based on such evaluation;

Reviewing and approving all compensation for our other executive officers, including cash and equity incentive compensation awards, and all executive officers' employment agreements and severance arrangements;

Administering, reviewing and approving all annual bonus, long-term incentive compensation, stock option, and other equity-based awards, employee pension and welfare benefit plans;

Reviewing and approving our policy with respect to severance, change of control and parachute payments; and

Preparing the Executive Compensation Committee Report.

The Compensation Committee's Charter, posted on our website at <http://www.kilroyrealty.com>, reflects these various responsibilities, and the Compensation Committee and Board periodically review and revise the Charter. The Compensation Committee's membership is determined by the Board and is composed entirely of Independent Directors. There were eight meetings of the Compensation Committee in 2007, two of which were executive sessions with no Company employees present. The Compensation Committee has the authority to engage the services of outside advisors, experts and others to assist the Compensation Committee. In accordance with the Compensation Committee's Charter, the Compensation Committee may retain independent compensation and other management consultants, to assist with, among other things, evaluating our various compensation programs and levels of salary, bonus and other awards payable to our key personnel, as well as to advise the Compensation Committee with respect to the development of performance objectives that will contribute to our short-term and long-term profitability.

Role of Management

Our Chief Executive Officer participates in the compensation process as follows:

Provides evaluation for other executive officers;

Presents overall results of the Company's performance based upon management's perspective of the Company's achievement of the pre-determined goals set by the Compensation Committee and the Company's historical and go-forward business objectives and goals;

Reviews peer group information and compensation recommendations and provides feedback regarding the potential impact to the Company; and

Participates in Compensation Committee meetings at the invitation of the Compensation Committee, although he does not attend certain meetings or portions thereof intended to be exclusive of Company management.

Our Chief Financial Officer evaluates the financial implications and affordability of compensation programs and also the Company's achievement of the pre-determined goals set by the Compensation Committee. Other executive officers may periodically participate in the compensation process and Compensation Committee meetings at the invitation of the Compensation Committee.

Compensation Objectives

We believe that the compensation programs for our executive officers should be closely aligned with the performance of the Company on both a short-term and long-term basis in terms of both the Company's total return performance (including stock appreciation and dividends) and fundamental performance. Our performance in 2007 exemplified our continued focus on core fundamentals, which led to creation of value through our development program, strong leasing results, maintenance of high occupancy rates, and a strong balance sheet. In accordance with our goal, the compensation paid to our executive officers for fiscal year 2007 reflects our strong performance.

Our compensation philosophy for our executive officers is based on the following principles:

Our compensation programs should help the Company to attract and retain individuals of superior ability and managerial talent;

Our compensation programs should ensure executive officer compensation is aligned with the Company's corporate strategies and business objectives and the long-term interests of the Company's stockholders;

Our compensation programs should serve to increase the incentive to achieve key strategic and financial performance measures by linking incentive award opportunities to the achievement of performance goals in these areas;

Our compensation programs should utilize stock-based compensation to reinforce the link between executive compensation and the interests of stockholders; and

Our compensation programs should be competitive relative to the compensation paid to similarly situated executives of our peer companies.

We believe that compensation should be structured to ensure that a significant portion of compensation opportunity will be directly related to our stock performance and other factors that directly and indirectly influence stockholder value. To that end, the total compensation program for our

executive officers may consist of the following components:

Base salary;

Annual incentive cash bonus;

Annual and long-term vesting equity compensation; and

Multi-year outperformance incentive award.

In setting compensation, our philosophy is to set goals designed to link each NEO's compensation to the Company's performance on both a relative and absolute basis in terms of total return to shareholders and fundamental performance. Consistent with our performance-based philosophy, each executive officer is provided with a base salary and a significant incentive-based compensation component. For our Executive Management Team, we reserve the largest potential compensation awards for performance- and incentive-based programs. Those programs include annual and long-term vesting awards based on the independent financial performance of the Company. Those programs provide compensation in the form of both cash and equity, to provide incentives to reward both short-term and long-term performance of the Company. The allocation of total compensation between cash and equity compensation is reviewed annually in comparison to the Peer Group (as defined on page 17), while also considering the balance between providing short-term incentives and long-term vesting incentives to align the interests of management with stockholders, in light of the executive officer's current equity holdings.

Stock Ownership Guidelines

We believe our Executive Management Team should hold a material amount of our stock to link their long-term economic interest directly to that of our stockholders. Accordingly, we have established stock ownership guidelines as follows:

Named Executive	Fair Value of Shares Held	Ownership Requirement
	as a % of Base Salary	Met as of December 31, 2007
John B. Kilroy, Jr.	500%	Yes
Jeffrey C. Hawken	300%	Yes
Richard E. Moran Jr.	300%	Yes

Determination of Compensation Awards

The Compensation Committee retained SMG Advisory Group LLC, a national compensation consulting firm, to assist it in the review of our compensation programs. The compensation consultants engaged by the Compensation Committee are consultants specializing in compensation matters in the REIT and real estate industries. The compensation consultants evaluated the following in recommending the amount of executive compensation relative to the market, as well as the desired mix of base salary, annual incentives and long-term compensation opportunities:

Our performance as compared to other REITs, with an emphasis on office REITs, and as compared to other publicly traded real estate companies engaged in activities similar to those engaged in by us, with an emphasis on those with significant development activities; and

The current economic environment of the real estate industry and the markets specific to our properties.

The compensation consultants provided advice to the Compensation Committee with respect to competitive practices, the amounts and nature of compensation paid to executive officers, structuring our various compensation programs and recommending the appropriate levels of salary, bonus and other awards payable to our Executive Management Team. Based upon the compensation consultants' recommendations, our executive compensation package for our Executive Management Team consists of a fixed base salary and performance-based cash and equity incentive awards, with a significant portion weighted towards the performance-based components to ensure that total compensation reflects the overall success or failure of the Company and to motivate our Executive Management Team to meet appropriate performance measures, thereby maximizing total return to stockholders.

To aid the Compensation Committee in reviewing our compensation programs, our President and Chief Executive Officer and our Chief Financial Officer provided recommendations to the Compensation Committee regarding the compensation of all executive officers. The Compensation Committee also reviewed the performance of each member of our Executive Management Team.

Limitation on Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code limits the deductibility of compensation paid to certain of our executive officers. To qualify for deductibility under Section 162(m), compensation in excess of \$1,000,000 per year paid to our NEOs at the end of each fiscal year generally must be performance-based compensation as determined under Section 162(m). Compensation generally qualifies as performance-based, if among other requirements, its material terms have been approved by our stockholders, it is payable only upon the attainment of pre-established, objective performance goals, and the committee of our Board that establishes such goals consists only of outside directors. All members of our Compensation Committee qualify as outside directors.

The Compensation Committee's policy is to take into account Section 162(m) in establishing compensation of our executive officers. The deductibility of some types of compensation payments can depend upon the timing of the vesting or an executive's exercise of previously granted awards. Interpretations of and changes in applicable tax laws and regulations as well as other factors beyond our control can also affect deductibility of compensation. While the tax impact of any compensation arrangement is one factor to be considered, such impact is evaluated in light of the Compensation Committee's overall compensation philosophy and objectives. The Compensation Committee will consider ways to maximize the deductibility of executive compensation, while retaining the discretion it deems necessary to compensate officers competitively and in a manner commensurate with performance. From time to time, the Compensation Committee may therefore award compensation to our executive officers which is not fully deductible if it determines that such award is consistent with its philosophy and is in our and our stockholders' best interests. In addition, we believe that we qualify as a REIT under the Internal Revenue Code and are not subject to Federal income taxes, but if the payment of compensation does not satisfy the requirements of Section 162(m) it should not have a material adverse consequence to us, provided we continue to distribute 90% of our taxable income. The Compensation Committee reserves the right to design programs that recognize a full range of performance criteria important to our success, even where the compensation paid under such programs may not be deductible.

Compensation Benchmarking and Peer Group

A comprehensive review of our executive compensation programs was conducted for 2007 to ensure that (1) pay opportunities are competitive with the current market, (2) there is an appropriate link between performance and pay, and (3) the programs support our stated compensation philosophy. In connection with the 2007 review, the compensation consultant evaluated the compensation practices of our Peer Group to assess our competitiveness and advise the Compensation Committee. The Peer Group consisted of the following 15 leading REITs with a median equity market capitalization of approximately \$2.6 billion and a equity market capitalization range of \$650 million to \$15 billion as compared to the Company's equity market capitalization of approximately \$1.8 billion as of December 31, 2007:

Alexandria Real Estate Equities, Inc.	Liberty Property Trust
BioMed Realty Trust	Mack-Cali Realty Corporation
Boston Properties, Inc.	Maguire Properties, Inc.
Brandywine Realty Trust	Parkway Properties, Inc.
Corporate Office Properties Trust	Prologis
Douglas Emmett, Inc.	Realty Income Corporation
Duke Realty Corporation	SL Green Realty Corp.
Highwoods Properties, Inc.	

The Peer Group evaluations are periodically reviewed and updated by the Compensation Committee. We generally set base salary levels and annual incentive targets individually between the 50th and 75th percentile for all our NEOs. We believe that the 50th percentile reflects the minimum compensation level at which we can provide competitive remuneration to our executive officers, and the 75th percentile provides sufficient motivation for our executive officers to achieve superior performance.

In addition to the 15 public companies, our compensation consultant also considered a peer group consisting of private real estate companies, real estate management firms and private equity funds for our Chief Executive Officer. In recognition of the fact that the private sector has aggressively recruited and attracted many top executives from the public REIT market in recent years, our compensation consultant and the Compensation Committee believe that our Chief Executive Officer's level of compensation must be competitive with both the public and private markets.

Policies with Respect to Equity Compensation Awards

The Compensation Committee, based upon the recommendations of the compensation consultant, evaluates the allocation of equity awards among stock option grants, restricted stock grants, stock appreciation rights, participation units and the various other products available under our 2006 Plan by reference to the Peer Group discussed above. These share awards are valued based on the quoted closing share price of the Company's Common Stock on the NYSE on the grant date. The 2006 Plan provides that the exercise price for stock options and SARs will not be less than fair market value of a share of Common Stock on the date of grant. Under the 2006 Plan, the fair market value of a share of Common Stock will generally be equal to the closing price of a share on the NYSE on the date on which the determination is being made.

Restricted stock awards are generally made under the compensation programs at the first meeting of the Compensation Committee following the applicable fiscal year in which the award is earned. We may also make grants of equity incentive awards at the discretion of the Compensation Committee or the Board in connection with the hiring of new executive officers.

2007 Executive Compensation Elements

The principal elements of 2007 compensation for our NEOs were base salary, cash incentive and equity incentives. The allocation of compensation across our compensation elements for 2007 reflects our philosophy of maintaining a strong relationship between performance and pay by delivering the majority of each executive's compensation in the form of incentive compensation and is consistent with the practices of our Peer Group.

The targeted allocation of compensation for our Executive Management Team for 2007 was as follows:

Compensation Element

(using 2007 target compensation amounts)	John B. Kilroy, Jr.	Jeffrey C. Hawken	Richard E. Moran Jr.
Salary	11%	13%	16%
Cash Incentive	22%	17%	19%
Equity Incentive	67%	70%	65%

The allocation of compensation across our compensation elements for 2007 for our Senior Managers based on actual 2007 compensation was as follows: (i) 20.6% salary, 20.6% cash incentive, and 58.8% equity incentive for Steven R. Scott; and (ii) 22.6% salary, 22.6% cash incentive; and 54.8% equity incentive for Tyler H. Rose. Incentive compensation for our Senior Managers is discretionary. The allocation across compensation elements has remained relatively consistent.

Base Compensation

For 2007, we provided our NEOs with a base salary that is designed to be between the 50th and 75th percentile of the Peer Group. In approving 2007 base salaries for our executive officers, the Compensation

Committee reviewed the market data from our Peer Group. The Compensation Committee also considered the performance of each executive, the performance of the Company, the contribution of each executive to our overall results, input from our Chief Executive Officer, and the desire to retain the executive. No formulaic base salary increases are provided to the NEOs. Upon review of the independently prepared comparison of base salary levels among the Peer Group of companies, we found that the median base salary level had increased. Consistent with our compensation philosophy, the Compensation Committee approved increases to salaries so we could maintain our relative position amongst our Peer Group and better compete to retain top executive talent. For 2007, base salaries were as follows:

Named Executive	2007 Base Salary
John B. Kilroy, Jr.	\$ 1,000,000
Jeffrey C. Hawken	\$ 550,000
Richard E. Moran Jr.	\$ 500,000
Steven R. Scott	\$ 350,000
Tyler H. Rose	\$ 350,000

Performance-Based Compensation

Performance Goals

We structure our compensation programs to reward our executive officers based on our performance. This allows our executive officers to receive bonus compensation in the event certain specified corporate performance measures are achieved. In determining the compensation awarded to each executive officer based on performance, we evaluate our performance in a number of areas including total return to shareholders and fundamental performance.

We had three performance-based incentive programs for 2007 for the Executive Management Team: (i) the annual cash bonus program, which consisted of a cash bonus payout based upon four equally weighted performance measures 2007 funds from operations, 2007 revenue, 2007 operating margins and 2007 leasing, (ii) the annual long-term incentive award program, which used the same weighted performance criteria as the annual cash bonus program, but the earned awards were paid out in restricted shares that vest 50% on December 31, 2008 and 50% on December 31, 2009 based on continued employment and (iii) the long-term targeted performance incentive program, which was comprised of two separate programs (a) the development performance program, which is based 50% on a development completion component and 50% on a leasing component and (b) the total annual shareholder return program, which was based 50% on achieving a 10% absolute return and 50% on achieving a relative return at or greater than the 60th percentile of the Bloomberg Office REIT Index. We believe that these measures are fundamental to enhancing stockholder value, and we focused on both operational and financial performance measures to reward our Executive Management Team for its contribution to our performance in a cross-section of key areas. We set the target performance levels for each of the performance criteria based on our 2007 business plan and believed that it was likely that the Executive Management Team would achieve the target performance levels. We also believed that it would require exceptional performance by our Executive Management Team to achieve, and it was possible but not likely that our Executive Management Team would achieve, the maximum performance levels.

The amounts paid under each of our programs were determined based upon our actual performance measured against the performance criteria. In the event certain threshold performance levels were exceeded but applicable target levels were not achieved, the Executive Management Team was entitled to earn proportionate awards. Incentive amounts paid under the performance-based programs may be adjusted by the Compensation Committee to account for unusual events such as extraordinary transactions, asset dispositions and purchases, and mergers and acquisitions if, and to the extent, the Compensation Committee does not consider the effect of such events indicative of our performance. Payments under each of the programs were contingent upon continued employment, though pro rata bonus payments would have been paid in the event of death or disability based on actual performance at the date relative to the targeted performance measures for each program.

2007 Annual Cash Bonus Program

For 2007, the Compensation Committee established defined annual incentive award levels at threshold, target and maximum based on the following four measures: 2007 funds from operations (FFO), 2007 revenues, 2007 operating margins and 2007 leasing, with each performance measure equally weighted. The 2007 annual cash bonus percentages were designed to reward the executive at approximately the 50th percentile of the Peer Group for target level and at approximately the 75th percentile of the Peer Group for maximum level. The award levels as a percentage of base salary were as follows:

Named Executive	2007			Maximum Bonus Award
	Threshold Level	Target Level	Maximum Level	
John B. Kilroy, Jr.	100%	200%	400%	\$ 4,000,000
Jeffrey C. Hawken	68%	136%	218%	\$ 1,200,000
Richard E. Moran Jr.	60%	120%	192%	\$ 960,000

Based on its assessment of corporate performance, the Compensation Committee approved the following cash bonuses for 2007:

Named Executive	2007 Cash Bonus
John B. Kilroy, Jr.	\$ 4,000,000
Jeffrey C. Hawken	\$ 1,200,000
Richard E. Moran Jr.	\$ 960,000

2007 Long-Term Incentive Programs

For 2007, we implemented a three-part approach to long-term incentives that included (i) an annual long-term incentive program, (ii) a development performance program, and (iii) a total annual shareholder return program. Each of the programs is described as follows:

2007 Annual Long-Term Incentive Program. The 2007 annual long-term incentive program used the same four performance criteria as the 2007 annual cash bonus program: 2007 FFO, 2007 revenues, 2007 operating margins and 2007 leasing, with each performance measure equally weighted. The performance measures were chosen to align management's objectives with the Company's business plan. The awards were determined as a percentage of base salary, as described below.

Awards under the 2007 annual long-term incentive program were granted in restricted stock under the 2006 Plan. The awards earned are subject to a two-year service period following the performance period and will vest 50% on December 31, 2008 and 50% on December 31, 2009 based on continued employment through all applicable vesting dates.

Development Performance Program. We believe that the achievement of successful development activities is essential to long-term value creation for stockholders and therefore should be included as a component of our long-term incentive programs. The specific performance measures for the development performance program are based upon: development completion targets and development leasing targets (each, a Development Performance Criterion and, collectively, the Development Performance Criteria). The total award opportunity under this program relative to such Development Performance Criteria will be determined for 2007 development starts, given that 2007 development starts exceeded a minimum threshold of 150,000 square feet, as follows: 50% for achievement of development completion targets measured based on actual building shell development costs as compared to budgeted building shell development costs on a weighted average basis for all 2007 development starts and 50% for achievement of development leasing targets measured based on an average leased percentage on a weighted average basis for all 2007 development starts and on whether leases included in the average leased percentage were executed at a market rental rate or higher at the

time of lease execution on a weighted average basis. The performance period for the development completion component will end at building shell completion for the last 2007 development start. Awards will be earned and vested under the development completion component upon final completion of construction of all 2007 development starts if the targets are met, which is currently estimated to occur in the second half of 2008. The performance period for the development leasing component will end two years after building shell completion for the last 2007 development start or earlier if the pre-determined development leasing targets are met. Awards will be earned and vested under the development leasing component when the 2007 development starts reach average occupancy of 90%, calculated on a weighted average basis, which is currently estimated to occur in the first half of 2009. When calculating the total payout under this program, the payout under each Development Performance Criterion is calculated independently.

Individual awards under the development performance program will be made under the 2006 Plan and will be made in unrestricted shares of Common Stock of the Company or in long-term incentive partnership units of the Operating Partnership (LTIP Units) that, subject to certain conditions, may become exchangeable on a one-for-one basis for shares of the Company's Common Stock or cash, at the election of the Company, with no additional vesting because the completion of development starts generally represents a two to three-year period similar to the vesting periods associated with traditional time-based awards. The awards under this component are determined as a percentage of base salary, as described below.

Total Annual Shareholder Return Program. The total annual shareholder return program performance measures were based upon absolute total annual shareholder return (TRS) targets and relative total annual shareholder return targets for calendar year 2007. The total award opportunity under this program was as follows: 50% for achievement of absolute TRS targets and 50% for relative TRS targets. The absolute return component threshold was a TRS of 10% or more for calendar year end December 31, 2007. The relative return component was a TRS at the 60th percentile or more of the Bloomberg Office REIT Index. Under the program, the officers were not eligible for an award if the performance thresholds were not met. The awards under this component were determined as a percentage of base salary, as described below.

The 2007 awards for each component of the Company's long-term incentive programs were the following amounts as a percentage of base salary (target award represents the plan maximum):

Named Executive	2007 Annual Long-Term Incentive Program		2007 Development Performance Program		2007 Total Annual Shareholder Return Program	
	Threshold Level	Target Level	Development Completion Component (50%)	Development Leasing Component (50%)	Absolute Component (50%)	Relative Component (50%)
John B. Kilroy, Jr.	150%	300%	75%	75%	75%	75%
Jeffrey C. Hawken	136%	273%	68%	68%	68%	68%
Richard E. Moran Jr.	100%	200%	50%	50%	50%	50%

Based on its assessment of corporate performance, the Compensation Committee approved the following long-term incentive awards for 2007:

Named Executive	2007		2007 Total Annual Shareholder Return Award	Total 2007 Long-Term Incentive Awards
	2007 Annual Long-Term Incentive Program Award	2007 Development Performance Program Award		
John B. Kilroy, Jr.	\$ 3,000,000	*		\$ 3,000,000
Jeffrey C. Hawken	\$ 1,500,000	*		\$ 1,500,000
Richard E. Moran Jr.	\$ 1,000,000	*		\$ 1,000,000

* As described above, the measurement periods related to this component of the Company's 2007 long-term incentive programs have not concluded, and no awards have been earned thereunder.

Discretionary Long-Term Vesting Equity Incentive Awards

Our Senior Managers, along with other selected Company employees, are eligible to participate in our annual award of restricted stock grants, which are an important component of the compensation necessary to attract and retain talented executive officers. Discretionary equity grants are made under the 2006 Plan. Guidelines for the number of restricted stock awards granted to each executive officer are determined based upon several factors, including the executive officer's salary grade, performance and the value of the stock at the time of grant. As a result, additional grants other than the annual award may be made following a significant change in job responsibility or in recognition of a significant achievement.

Equity Compensation Plan Information

The following table provides information as of December 31, 2007 with respect to shares of our Common Stock that may be issued under our existing equity compensation plans.

(1) Includes shares available for future restricted stock grants under the 2006 Plan.

(2) Issued under the Company's 1997 Stock Option and Incentive Plan.

Edgar Filing: KILROY REALTY CORP - Form DEF 14A

- (3) Does not include the return of 43,242 shares of Common Stock from certain key employees in accordance with the provisions of our incentive stock plan to satisfy minimum statutory tax-withholding requirements related to shares that vested on December 31, 2007. The shares of Common Stock were returned after close of business on December 31, 2007.

As of March 31, 2008, there were 25,000 options outstanding, and the weighted average exercise price of outstanding options was equal to \$25.062 and the weighted average term was 3.09 years. In addition, as of March 31, 2008, a total of 373,475 shares of restricted stock were outstanding. Currently, there are 1,127,541 shares available to be issued under the 2006 Plan.

During 2007, 2006 and 2005, we granted 369,398, 87,067 and 103,806 shares of restricted stock, respectively. The basic weighted average common shares outstanding for 2007, 2006 and 2005 were 32,379,997, 31,244,062 and 28,710,726 shares, respectively.

Deferred Compensation Plans

We have a Deferred Compensation Plan (the "Deferred Compensation Plan") under which our directors and certain of our management employees (the "Participants"), including our NEOs, may defer receipt of their compensation, including up to 70% of their salaries and up to 100% of their director fees and cash bonuses, each as applicable. In addition, eligible management employees will generally receive monthly contributions from us to their Deferred Compensation Plan accounts equal to 10% of their respective gross monthly base salaries, without regard to whether such employees elect to defer salary or bonus compensation under the Deferred Compensation Plan.

Participant elections with respect to deferrals of compensation and distributions must generally be made in the year preceding that in which the compensation is earned, except that elections with respect to performance-based bonuses may be made as late as six months prior to the end of the applicable performance period (June 30th in the case of a calendar-year performance period). In addition, newly eligible Participants may be able to make deferrals elections up to thirty days after they first become eligible to participate in the Deferred Compensation Plan, if later than the end of the year preceding that in which such deferred amounts will be earned. Participants may only change existing elections with respect to distributions if they satisfy certain requirements set forth in the Deferred Compensation Plan, including that they do so no later than twelve months prior to the first scheduled distribution and that they extend their deferral elections by at least five years.

Participants will be permitted to allocate (and reallocate) their deferrals, as well as company contributions and any notional earnings on either of the foregoing, amongst various investment alternatives made available by the Deferred Compensation Plan administrator for purposes of determining any notional gains or losses on Participant account balances. These allocations will be hypothetical only and will not give Participants ownership interest in any actual assets of the Company or any trust funding obligations under the Deferred Compensation Plan, however, the Company may set aside assets to fund its obligations under the Deferred Compensation Plan in a limited ("rabbi") trust, subject to the claims of the Company's creditors in the event of the Company's bankruptcy or insolvency.

Participants may elect to receive distributions of their accounts (other than distributions of Company contributions) (i) while still in the service of the Company, in either a lump sum or in two to five annual installments occurring (or beginning) no earlier than two years after such amounts were earned, (ii) upon retirement from service, in a lump sum or up to fifteen annual installments (beginning no earlier than six months after retirement), or (iii) upon a change of control, in full. Participant elections may also provide for payment upon the earliest to occur of any two or more of the foregoing events (subject to the distribution limitations applicable to Company contributions). If a Participant separates from service with the Company and its affiliates for any reason other than due to the Participant's death, disability or retirement, the remaining balance of the Participant's account will generally be distributed in full six months after the occurrence of such separation from service. In addition, a Participant's account balance will be distributed as soon as possible following the Participant's death or disability. All such separation, death and disability distributions will be made without regard to any Participant election(s).

We also have a Stock Award Deferral Program (the "Deferral Program") under which our directors and certain of our management employees, including our NEOs, may defer receipt of restricted stock awards that may be granted under the 2006 Plan in the future ("Stock Awards") by electing to receive an equivalent number of restricted stock units ("RSUs") in lieu of such Stock Awards. Each RSU issued under the Deferral Program represents the right to receive one share of our Common Stock in the future and will be subject to the same vesting conditions as would have applied to the Stock Award in lieu of which such RSU is issued. In addition, RSUs carry with them the right to receive dividend equivalents that credit participants, upon our payment of

dividends with the shares underlying the participant's RSUs, with additional, fully-vested RSUs equal to the value of the dividend paid in respect of such shares.

Defined Contribution Plan

We have a Section 401(k) Savings/Retirement Plan (the "401(k) Plan") to cover our eligible employees and any designated affiliate. The 401(k) Plan permits our eligible employees to defer up to 60% of their annual compensation, subject to certain limitations imposed by the Internal Revenue Code. The employees' elective deferrals are immediately vested and non-forfeitable upon contribution to the 401(k) Plan. We currently make matching contributions to the 401(k) Plan in an amount equal to fifty cents for each dollar of participant contributions, up to a maximum of five percent of the participant's annual salary and subject to certain other limits. Participants vest immediately in the amounts contributed by us. Our employees are eligible to participate in the 401(k) Plan after three months of credited service with us. The 401(k) Plan qualifies under Section 401 of the Internal Revenue Code so that contributions by employees to the 401(k) Plan, and income earned on plan contributions, are not taxable to employees until withdrawn from the 401(k) Plan.

Severance and Change in Control Arrangements

Each of John B. Kilroy, Jr., Jeffrey C. Hawken, Richard E. Moran Jr., Tyler H. Rose and Steven R. Scott has entered into a three-year employment agreement with us, effective January 1, 2007. All of these agreements are subject to automatic one-year renewals if not terminated by either party and provide for severance benefits under certain events.

John B. Kilroy, Jr., Jeffrey C. Hawken, and Richard E. Moran Jr.

The employment agreements of Mr. Kilroy, Mr. Hawken and Mr. Moran provide that in the event that the employment of the executive is terminated without Cause or for Good Reason (as defined in the applicable Employment Agreement), such terminated executive is entitled to receive the following payments and benefits (together with the Severance Payment, the "Termination Benefits"): (i) accrued but unpaid compensation through the date of termination; (ii) annual incentive compensation, based on actual performance prior to the date of termination and reasonably anticipated performance through the remainder of the year; (iii) full vesting of time-based equity awards; (iv) vesting of performance-based cash or equity awards (excluding outperformance incentive awards) as governed by the applicable plans, programs, and agreements, but with the objectives of such awards deemed to be met at the greater of (a) target on the date of termination or (b) actual performance as of the date of termination and reasonably anticipated performance through the remainder of the year; (v) all payments due under any other compensatory or benefit plan; (vi) the settlement of any deferral arrangements in accordance with the plans and programs governing the deferral; and (vii) continuation health coverage for the terminated executive, his spouse and his dependents, as applicable, for three years after the date of termination, at our expense, except that if we cannot secure continuation health coverage for Mr. Moran (or health coverage under a separate health plan) at commercially reasonable rates, as determined in the sole discretion of the Compensation Committee, after the end of the applicable COBRA coverage period, then we shall pay Mr. Moran, in lieu of such health coverage, \$50,000 for each of the three years after the date of his termination (the "Moran Health Benefits"). In addition, each executive is entitled to receive a severance payment (the "Severance Payment") equal to (i) three times annual base salary, and (ii) three times the average of the two highest target annual incentives (*i.e.*, the sum of the annual cash award target and the annual stock target as detailed for each executive above, which sum may be increased for the determination of the Severance Payment only if the Board or the Compensation Committee specifically approves such increase) during the three preceding full performance years, except that the actual annual incentive earned by the executive in 2006 shall be used instead of the 2006 target annual incentive when making such determination and the target annual incentives shall never be less than the annual cash award target and the annual stock target set forth in the applicable employment agreement.

As defined in the Employment Agreements, Good Reason includes the right of the executives to terminate employment with us in the twelfth month following a Change in Control of the Company (as defined below). Also, a non-extension by us of the term of the Employment Agreements will be deemed a termination of the relevant executive's employment without Cause.

In the event that the employment of an executive is terminated due to his retirement or death, such terminated executive is entitled to receive the Termination Benefits, except that (i) his Severance Payment shall equal (a) his annual base salary and (b) the average of his two highest target annual incentives (*i.e.*, the sum of the annual cash award target and the annual stock target as detailed for each executive above, which sum may be increased for the determination of the Severance Payment only if the Board or the Compensation Committee specifically approves such increase) during the three preceding full performance years, except that the actual annual incentive earned by the executive in 2006 shall be used instead of the 2006 target annual incentive when making such determination and the target annual incentives shall never be less than the annual cash award target and the annual stock target set forth in the applicable employment agreement, and (ii) if the executive is Mr. Moran, he will have the opportunity to receive the Moran Health Benefits only upon retirement and not upon death.

In the event that the employment of an executive is terminated due to his disability, such terminated executive is entitled to receive the Termination Benefits, except that his Severance Payment shall equal (i) two times his annual base salary and (ii) two times the average of his two highest target annual incentives (*i.e.*, the sum of the annual cash award target and the annual stock target as detailed for each executive above, which sum may be increased for the determination of the Severance Payment only if the Board or the Compensation Committee specifically approves such increase) during the three preceding full performance years, except that the actual annual incentive earned by the executive in 2006 shall be used instead of the 2006 target annual incentive when making such determination and the target annual incentives shall never be less than the annual cash award target and the annual stock target set forth in the applicable employment agreement.

In the event of a Change in Control of the Company, the executives are generally entitled to receive gross-ups from us for any excise taxes imposed, pursuant to Section 4999 of the Internal Revenue Code, on the payments and benefits that the executives will receive upon such Change in Control under the Employment Agreements or under any other arrangement with us. We agree to place such gross-ups, payments and benefits in separate rabbi trusts on behalf of each executive within thirty (30) days after the Change in Control.

Change in Control is defined in each executive's Employment Agreement as follows: (i) a transaction or series of transactions (other than an offering of stock to the general public through a registration statement filed with the Securities and Exchange Commission) whereby any person or related group of persons (as such terms are used in Sections 13(d) and 14(d)(2) of the Exchange Act) (other than the Company, any of its subsidiaries, an employee benefit plan maintained by the Company or any of its subsidiaries or a person that, prior to such transaction, directly or indirectly controls, is controlled by, or is under common control with, the Company) directly or indirectly acquires beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act) of securities of the Company and immediately after such acquisition possesses more than 50% of the total combined voting power of the Company's securities outstanding immediately after such acquisition; (ii) during any period of two consecutive years, individuals who, at the beginning of such period, constitute the Board together with any new director(s) (other than a director designated by a person who shall have entered into an agreement with the Company to effect a transaction described in Section 8(c)(i) hereof or Section 8(c)(iii) hereof) whose election by the Board or nomination for election by the Company's stockholders was approved by a vote of at least two-thirds of the directors then still in office who either were directors at the beginning of the two-year period or whose election or nomination for election was previously so approved, cease for any reason to constitute a majority thereof; (iii) the consummation by the Company (whether directly involving the Company or indirectly involving the Company through one or more intermediaries) of (x) a merger, consolidation, reorganization, or business combination or (y) a sale or other disposition of all or substantially all of the Company's assets in any single transaction or series of related transactions or (z) the acquisition of assets or stock of another entity, in each case other than a transaction: (A) which results in the Company's voting

securities outstanding immediately before the transaction continuing to represent (either by remaining outstanding or by being converted into voting securities of the Company or the person that, as a result of the transaction, controls, directly or indirectly, the Company or owns, directly or indirectly, all or substantially all of the Company's assets or otherwise succeeds to the business of the Company (the Company or such person, the Successor Entity)) directly or indirectly, at least a majority of the combined voting power of the Successor Entity's outstanding voting securities immediately after the transaction, and (B) after which no person or group (as such terms are used in Sections 13(d) and 14(d)(2) of the Exchange Act) beneficially owns (within the meaning of Rule 13d-3 under the Exchange Act) voting securities representing 50% or more of the combined voting power of the Successor Entity; provided, however, that no person or group shall be treated for purposes of this Section 8(c)(iii)(B) as beneficially owning 50% or more of combined voting power of the Successor Entity solely as a result of the voting power held in the Company prior to the consummation of the transaction; or (iv) the Company's stockholders approve a liquidation or dissolution of the Company and all material contingencies to such liquidation or dissolution have been satisfied or waived.

The employment agreements require each of the executives to sign a general release in order to receive the Termination Benefits (including the Severance Payments) described above, other than accrued but unpaid compensation through the date of termination. The executives are also subject to (i) restrictions on solicitation during the term of the employment agreements and for one year after termination of employment due to retirement, two years after termination of employment due to disability, or three years after termination of employment without Cause or for Good Reason, (ii) restrictions on disclosure of confidential information during the term of the employment agreements and in perpetuity thereafter, and (iii) restrictions on disparaging the Company, its affiliates and agents during the term of the employment agreements and in perpetuity thereafter. The executives further agree to cooperate with the Company, during the term of the employment agreements and thereafter, regarding any litigation to which the Company is party. If an executive fails to comply with the restrictions on solicitation and disclosure of confidential information described above, then the executive may forfeit all equity awards granted at or after January 1, 2007 and held by the executive or his transferee at the time of such non-compliance.

Tyler H. Rose and Steven R. Scott

The employment agreements of Mr. Rose and Mr. Scott provide that in the event that the employment of the executive is terminated without Cause or for Good Reason (as defined in the applicable employment agreement), such terminated executive is entitled to receive the Termination Benefits except that (i) his Severance Payment is equal to (a) two times his annual base salary and (b) two times the average of his two highest annual incentives (*i.e.*, the sum of the annual cash award for Mr. Scott and Mr. Rose and the annual stock incentive target as defined in the applicable employment agreement) during the three preceding full performance years and (ii) the continuation of health coverage for the terminated executive, his spouse and his dependents, as applicable, shall be for a period of two years after the date of termination, at our expense.

In the event that the employment of Mr. Scott or Mr. Rose is terminated due to his retirement, such terminated executive is entitled to receive all Termination Benefits, except that (i) his Severance Payment shall be equal to zero and (ii) the continuation of health coverage for the terminated executive, his spouse and his dependents, as applicable, shall be for one year after the date of termination, at our expense.

In the event that the employment of Mr. Scott or Mr. Rose is terminated due to his death, such terminated executive is entitled to receive the Termination Benefits, except that (i) his Severance Payment shall equal (a) one times his annual base salary and (b) one times the average of his two highest annual incentives (*i.e.*, the sum of the annual cash award for Mr. Scott and Mr. Rose and the annual stock incentive target as defined in the applicable employment agreement) during the three preceding full performance years, and (ii) the continuation of health coverage for the terminated Executive, his spouse and his dependents, as applicable, shall be for one year after the date of termination, at our expense.

In the event that the employment of Mr. Scott or Mr. Rose is terminated due to his disability, such terminated executive is entitled to receive the Termination Benefits, except that (i) his Severance Payment is

equal to (a) two times his annual base salary and (b) two times the average of his two highest annual incentives (*i.e.*, the sum of the annual cash award for Mr. Scott and Mr. Rose and the annual stock incentive target as defined in the applicable employment agreement) during the three preceding full performance years and (ii) the continuation of health coverage for the terminated executive, his spouse and his dependents, as applicable, shall be for one year after the date of termination, at our expense.

If Mr. Scott or Mr. Rose becomes entitled to the Termination Benefits (or other compensation or benefits) in connection with a Change in Control (the Change in Control Benefits), then certain excise taxes may apply under Section 4999 of the Internal Revenue Code. To avoid such excise taxes, we will reduce the Change in Control Benefits payable to the executive. We will undertake such a reduction, however, only if the executive retains a greater portion of the Change in Control Benefits after such reduction than the portion of the Change in Control Benefits that the executive would have retained without such reduction and after the payment of applicable excise taxes. We agree to place the Change in Control Benefits due to the executives in separate rabbi trusts on behalf of each executive within thirty (30) days after a Change in Control.

The employment agreements require each of the executives to sign a general release in order to receive the Termination Benefits (including the Severance Payments) described above, other than accrued but unpaid compensation through the date of termination. The executives are also subject to (i) restrictions on solicitation during the term of the employment agreements and for two years after termination of employment due to disability, without Cause or for Good Reason, (ii) restrictions on disclosure of confidential information during the term of the employment agreements and in perpetuity thereafter, and (iii) restrictions on disparaging the Company, its affiliates and agents during the term of the employment agreements and in perpetuity thereafter. The executives further agree to cooperate with the Company, during the term of the employment agreements and thereafter, regarding any litigation to which the Company is party. If an executive fails to comply with the restrictions on solicitation and disclosure of confidential information described above, then the executive may forfeit all equity awards granted at or after January 1, 2007 and held by the executive or his transferee at the time of such non-compliance.

Director Compensation

Under the 2007 compensation program, we paid each of our non-employee directors annual cash compensation of \$35,000 for services rendered and \$2,000 for each Board meeting attended by such director. Each non-employee director also received annual compensation of \$1,000 for each committee of which he is a member. The Chairman of each committee received additional annual cash compensation of \$10,000, with the exception of the Chairman of the Audit Committee and the Chairman of the Compensation Committee who received additional annual cash compensation of \$20,000. Directors are reimbursed for reasonable expenses incurred to attend director and committee meetings and incident to their service as a director. Our officers who are directors are not paid any directors fees.

In addition, in May 2007, each non-employee director received an annual grant authorized under the 2006 Plan of restricted shares of Common Stock valued at \$100,000 that vest in equal annual installments over two years. Each non-employee director grant provides that the restricted shares will vest in full in the event of a change of control of the Company (as defined in the 2006 Plan) or a termination of the non-employee director's directorship for any reason other than the director's voluntary resignation or retirement. Further, non-employee directors are encouraged to hold significant equity interests in the Company. The Board expects each non-employee director to own or to acquire, within five years of first becoming a director, shares of our Common Stock having a market value of at least \$100,000.

Upon his appointment to the Board in June 2007, Scott S. Ingraham received a grant of 1,000 restricted shares under the existing director compensation policy. As he was not a director at the time of the annual grant in May 2007, Mr. Ingraham did not receive the annual grant.

Further, for 2008, the compensation consultant proposed that the Board consider increasing director compensation, but the Board voted not to do so currently.

The following table sets forth summary information regarding our compensation practices for each of our directors for 2007.

STOCKHOLDER PROPOSALS FOR 2009 ANNUAL MEETING

INDEPENDENT PUBLIC ACCOUNTANTS

Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu and their respective affiliates (collectively, "Deloitte") have served as the Company's independent public accountants since the completion of the Company's initial public offering in January 1997 and have been selected by the Audit Committee to continue to serve as the Company's independent public accountants for the first quarter of fiscal year 2008. Consistent with past practice, the Audit Committee will appoint the Company's independent public accountants for the full current fiscal year at its meeting to be held during the second quarter.

The Audit Committee of the Board has determined that Deloitte is independent with regard to the Company within the meaning of the Exchange Act and the applicable published rules and regulations thereunder in effect on the date of this Proxy Statement. The Audit Committee annually reviews and pre-approves certain audit and non-audit services that may be provided by the independent auditors and establishes a pre-approved aggregate fee level for all these services. Any proposed services not included within the list of pre-approved services or any proposed services that will cause the Company to exceed the pre-approved aggregate amount requires specific pre-approval by the Audit Committee.

Representatives of Deloitte are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Principal Accountant Fees and Services

The aggregate fees billed to the Company by Deloitte for professional services rendered in fiscal years 2007 and 2006 are as follows:

Fees(1)	2007	2006
Audit Fees(2)	\$ 1,095,098	\$ 900,849
Audit-Related Fees(3)	36,500	29,800
Tax Fees(4)	362,135	254,818
	\$ 1,493,733	\$ 1,185,467

- (1) All services rendered for these fees were pre-approved by the Audit Committee in accordance with the Audit Committee's pre-approval policies and procedures described above. The Audit Committee has concluded that the provision of the non-audit services rendered for the listed fees is compatible with maintaining Deloitte's independence.
- (2) Includes the aggregate fees billed for the audits of the Company's annual financial statements and internal controls over financial reporting, review of financial statements included in the Company's quarterly reports on Form 10-Q, consultations with Company's management on technical accounting and regulatory issues, and services provided for assistance with and review of other regulatory filings.
- (3) Includes the aggregate fees billed for the audit of the Company's 401(k) plan.
- (4) Includes the aggregate fees billed for the review and assistance with the preparation of tax returns, the review of quarterly REIT test compliance, review of technical accounting issues, and the coordination of the Company's property tax correspondence and property tax appeals process.

PROXY SOLICITATION EXPENSE

The cost of soliciting proxies will be borne by the Company. These costs will include reimbursements paid to brokerage firms and others for their expenses incurred in forwarding solicitation material regarding the Annual Meeting to beneficial owners of the Company's Common Stock. The Company will use the services of BNY Mellon Shareowner Services to assist with the mailing of proxies and expects to pay a fee of approximately \$15,000 for these services. Proxies may be solicited by directors, officers, and employees of the Company in person or by mail, telephone, email or facsimile transmission, but such persons will not be specifically compensated therefor. The Company may also use the services of a third-party solicitor to solicit proxies for the Annual Meeting, which the Company estimates would cost approximately \$10,000.

AUDIT COMMITTEE CHARTER**of the Audit Committee****of Kilroy Realty Corporation****I. Purpose**

The purpose of the Audit Committee (the "Committee") is to assist the Board with its oversight responsibilities regarding: (i) the quality and integrity of the Company's financial statements; (ii) the Company's compliance with legal and regulatory requirements; (iii) the independent auditor's qualifications and independence; (iv) the Company's accounting and system of internal controls; and (v) the performance of the Company's internal audit function and independent auditor. The Committee shall prepare the report required by the rules of the Securities and Exchange Commission (the "SEC") to be included in the Company's annual proxy statement.

In addition to the powers and responsibilities expressly delegated to the Committee in this Charter, the Committee may exercise any other powers and carry out any other responsibilities delegated to it by the Board from time to time consistent with the Company's bylaws. The powers and responsibilities delegated by the Board to the Committee in this Charter or otherwise shall be exercised and carried out by the Committee as it deems appropriate without requirement of Board approval, and any decision made by the Committee (including any decision to exercise or refrain from exercising any of the powers delegated to the Committee hereunder) shall be at the Committee's sole discretion. While acting within the scope of the powers and responsibilities delegated to it, the Committee shall have and may exercise all the powers and authority of the Board. To the fullest extent permitted by law, the Committee shall have the power to determine which matters are within the scope of the powers and responsibilities delegated to it.

Notwithstanding the foregoing, the Committee's responsibilities are limited to oversight, and the Committee is not responsible for the completeness or accuracy of the Company's financial statements or other financial information. Management of the Company is solely responsible for the preparation, presentation, content and integrity of the Company's financial statements and other publicly disclosed information, including the Company's earnings press releases and earnings guidance, and other financial information provided to analysts, rating agencies and others. In addition, management of the Company is solely responsible for the Company's financial reporting process, accounting policies, internal audit function, internal control over financial reporting and disclosure controls and procedures. The independent auditor is responsible for performing an audit of the Company's annual financial statements, expressing an opinion as to the conformity of such annual financial statements with generally accepted accounting principles, reviewing the Company's quarterly financial statements and issuing an attestation report on management's assessment of the Company's internal control over financial reporting to be filed as part of the Company's annual report on Form 10-K. It is not the responsibility of the Committee to plan or conduct audits or to determine that the Company's financial statements and disclosure are complete and accurate and in accordance with generally accepted accounting principles and applicable laws, rules and regulations. Each member of the Committee shall be entitled to rely on the integrity of those persons within the Company and of the professionals and experts (including the Company's internal auditor (or others responsible for the internal audit function, including contracted non-employee or audit or accounting firms engaged to provide internal audit services) (the "internal auditor") and the Company's independent auditor) from which the Committee receives information and, absent actual knowledge to the contrary, the accuracy of the financial and other information provided to the Committee by such persons, professionals or experts.

Further, auditing literature, particularly Statement of Accounting Standards No. 71, defines the term "review" to include a particular set of required procedures to be undertaken by independent auditors. The members of the Committee are not independent auditors, and the term "review" as used in this Charter is not intended to have that meaning and should not be interpreted to suggest that the Committee members can or should follow the procedures required of auditors performing reviews of financial statements.

II. Membership

The Committee shall consist of no fewer than three members of the Board. Each Committee member shall be financially literate as determined by the Board in its business judgment or must become financially literate within a reasonable period of time after his or her appointment to the Committee. Members of the Committee are not required to be engaged in the accounting and auditing profession and, consequently, some members may not be expert in financial matters, or in matters involving auditing or accounting. However, at least one member of the Committee shall have accounting or related financial management expertise as determined by the Board in its business judgment. In addition, either at least one member of the Committee shall be an audit committee financial expert within the definition adopted by the SEC or the Company shall disclose in its periodic reports required pursuant to the Securities Exchange Act of 1934 (the Exchange Act) the reasons why at least one member of the Committee is not an audit committee financial expert.

Each Committee member shall satisfy the independence requirements of the New York Stock Exchange and Exchange Act Rule 10A-3(b)(1). No Committee member may simultaneously serve on the audit committee of more than two other public companies, unless the Board determines that such simultaneous service would not impair the ability of such member to effectively serve on the Committee and such determination is disclosed in the Company's annual proxy statement.

The members of the Committee, including the Chairman of the Committee, shall be appointed by the Board on the recommendation of the Nominating/Corporate Governance Committee. Committee members may be removed from the Committee, with or without cause, by the Board.

III. Meetings and Procedures

The Chairman (or in his or her absence, a member designated by the Chairman) shall preside at each Committee meeting. Agendas for Committee meetings shall be prepared by the corporate Secretary in consultation with the Committee Chairman. A majority of the Committee's members shall constitute a quorum. The Committee shall take action by the affirmative vote of a majority of the Committee members present at a duly held meeting. The Committee shall have the authority to establish its own rules and procedures for notice and conduct of its meetings so long as they are not inconsistent with any provisions of the Company's bylaws.

The Committee shall meet at least once during each fiscal quarter and more frequently as the Committee deems desirable. The Committee shall meet separately, periodically, with management, with the internal auditor and with the independent auditor.

All non-management directors that are not members of the Committee may attend and observe meetings of the Committee, but shall not participate in any discussion or deliberation unless invited to do so by the Committee, and in any event shall not be entitled to vote. The Committee may, at its discretion, include in its meetings members of the Company's management, representatives of the independent auditor, the internal auditor, any other financial personnel employed or retained by the Company or any other persons whose presence the Committee believes to be necessary or appropriate. The Committee shall meet periodically in separate executive sessions alone and with members of the Company's management, representatives of the independent auditor and the internal auditor, and have such other direct and independent interaction with such persons from time to time as the members of the Committee deem appropriate. Notwithstanding the foregoing, the Committee may also exclude from its meetings any persons it deems appropriate, including, but not limited to, any non-management director that is not a member of the Committee.

Minutes of each meeting are to be prepared by the person acting as secretary of the meeting. The corporate Secretary will retain a copy of the minutes in the Company's permanent files.

The Committee may retain, without prior permission from the Board or management, any independent counsel, experts or advisors (accounting, financial or otherwise) that the Committee believes to be necessary or appropriate. The Committee may also utilize the services of the Company's regular legal counsel or other

advisors to the Company. The Company shall provide for appropriate funding, as determined by the Committee, for payment of compensation to the independent auditor for the purpose of rendering or issuing an audit report or performing other audit, review or attest services, for payment of compensation to any advisors employed by the Committee and for ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

The Committee may conduct or authorize investigations into any matters within the scope of the powers and responsibilities delegated to the Committee.

IV. Powers and Responsibilities

Interaction with the Independent Auditor

1. *Appointment and Oversight.* The Committee shall be directly responsible and have sole authority for the appointment, compensation, retention, termination, evaluation and oversight of the work of the independent auditor (including resolution of any disagreements between Company management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work or performing other audit, review or attest services for the Company, and the independent auditor shall report directly to the Committee.
2. *Pre-Approval of Services.* Before the independent auditor is engaged by the Company or its subsidiaries to render audit or non-audit services, the Committee shall preapprove the engagement. Committee pre-approval of audit and non-audit services will not be required if the engagement for the services is entered into pursuant to pre-approval policies and procedures established by the Committee regarding the Company's engagement of the independent auditor, provided the policies and procedures are detailed as to the particular service, the Committee is informed of each service provided and such policies and procedures do not include delegation of the Committee's responsibilities under the Exchange Act to the Company's management. The Committee may delegate to one or more designated members of the Committee the authority to grant pre-approvals, provided such approvals are presented to the Committee at a subsequent meeting. If the Committee elects to establish pre-approval policies and procedures regarding non-audit services, the Committee must be informed of each non-audit service provided by the independent auditor. Committee pre-approval of non-audit services (other than review and attest services) also will not be required if such services fall within available exceptions established by the SEC.
3. *Independence of Independent Auditor.* The Committee shall, at least annually, review the independence and quality control procedures of the independent auditor and the experience and qualifications of the independent auditor's senior personnel that are providing audit services to the Company. In conducting its review:
 - (i) The Committee shall obtain and review a report prepared by the independent auditor describing (a) the auditing firm's internal quality-control procedures and (b) any material issues raised by the most recent internal quality-control review, or peer review, of the auditing firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the auditing firm, and any steps taken to deal with any such issues. The Committee shall also obtain and review such a report prepared by the independent auditor promptly after any review, inquiry or investigation referred to in the preceding sentence.
 - (ii) The Committee shall discuss with the independent auditor its independence from the Company, and obtain and review a written statement prepared by the independent auditor describing all relationships between the independent auditor and the Company, consistent with Independence Standards Board Standard 1, and consider the impact that any relationships or services may have on the objectivity and independence of the independent auditor. The Committee shall also recommend to the Board that it take appropriate action to satisfy itself of the independence of the independent auditor when necessary.

- (iii) The Committee shall confirm with the independent auditor that the independent auditor is in compliance with the partner rotation requirements established by the SEC.
- (iv) The Committee shall annually consider whether the Company should adopt a rotation of the audit among independent auditing firms.
- (v) The Committee shall, if applicable, consider whether the independent auditor's provision of any permitted information technology services or other non-audit services to the Company is compatible with maintaining the independence of the independent auditor.

Annual Financial Statements and Annual Audit

4. *Meetings with Management, the Independent Auditor and the Internal Auditor.*

(i) The Committee shall meet with management, the independent auditor and the internal auditor in connection with each annual audit to discuss the scope of the audit, the procedures to be followed and the staffing of the audit.

(ii) The Committee shall review and discuss with management and the independent auditor: (A) major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles, and major issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies; (B) any analyses prepared by management or the independent auditor setting forth significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements, including analyses of the effects of alternative GAAP methods on the Company's financial statements; and (C) the effect of regulatory and accounting initiatives, as well as offbalance sheet structures, on the Company's financial statements.

(iii) The Committee shall review the impact on the financial statements of significant events, transactions or changes in accounting principles or estimates that could potentially affect the quality of the financial reporting with management, the internal auditor and the independent auditor prior to filing of the Company's reports on Forms 10-K or 10-Q, or as soon as practicable if the communications cannot be made prior to their filing.

(iv) The Committee shall review and discuss the annual audited financial statements with management and the independent auditor, including the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations.

(v) The Committee shall review disclosures made to the Committee by the Company's chief executive officer, chief financial officer, management and the independent auditor during the certification process about any significant deficiencies in the design or operations of internal controls or material weaknesses therein and any fraud involving management or other employees who have a significant role in the Company's internal controls.

5. *Additional Meetings with the Independent Auditor.*

(i) The Committee shall review with the independent auditor any problems or difficulties the independent auditor may have encountered during the course of the audit work, including any restrictions on the scope of activities or access to required information or any significant disagreements with management and management's responses to such matters. Among the items that the Committee should consider reviewing with the Independent Auditor are: (A) any accounting adjustments that were noted or proposed by the auditor but were passed (as immaterial or otherwise); (B) any communications between the audit team and the independent auditor's national office respecting auditing or accounting issues presented by the engagement; (C) the independent auditor's annual attestation report on the effectiveness of the Company's internal control over financial reporting; and

Internal Audit

8. *Appointment.* The Committee shall review the appointment and replacement of the internal auditor.

9. *Separate Meetings with the Internal Auditor.* The Committee shall meet periodically with the Company's internal auditor to discuss the responsibilities, budget and staffing of the Company's internal audit function and any issues that the internal auditor believes warrant audit committee attention.
