### **1. Background Information**

American Commerce Solutions, Inc. was incorporated in Rhode Island in 1991 under the name Jaque Dubois, Inc., and was re-incorporated in Delaware in 1994. In July 1995, Jaque Dubois, Inc. changed its name to JD American Workwear, Inc. In December 2000, the stockholders voted at the annual stockholders meeting to change the name of JD American Workwear, Inc. to American Commerce Solutions, Inc. (the Company).

The Company is primarily a holding company with two wholly owned subsidiaries; International Machine and Welding, Inc. is engaged in the machining and fabrication of parts used in industry, and parts sales and service for heavy construction equipment; Chariot Manufacturing Company, Inc., which was acquired on October 11, 2003 from a related party, manufactures motorcycle trailers with fiberglass bodies.

### **2. Stock Based Compensation**

At May 31, 2008, the Company has two stock-based employee compensation plans, all of which have been approved by the shareholders.

The Company previously applied the intrinsic value method provisions of Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees*, and related interpretations for stock-based compensation. Accordingly, the Company recognized compensation expense on our restricted stock awards, but no compensation expense was recognized for fixed option plans as all option grants under the plan had an exercise price equal or greater to the fair market value of the underlying common stock on the date of grant. As permitted, the Company had previously elected to adopt the disclosure-only provisions of Statement of Financial Accounting Standard No. 123, *Accounting for Stock-Based Compensation*.

In December 2004, the FASB issued SFAS No. 123 (revised 2004), *Share-Based Payment* (SFAS 123R), which replaces SFAS No. 123; *Accounting for Stock-Based Compensation*, (SFAS 123) and supersedes APB Opinion No. 25, *Accounting for Stock Issued to Employees*, (APB 25). SFAS 123R requires all share-based payments to employees, including grants of employee stock options, to be recognized in the financial statements based on their fair values. Under SFAS 123R, the Company is required to measure the cost of employee services received in exchange for stock options and similar awards based on the grant-date fair value of the award and recognize this cost in the income statement over the period during which an employee is required to provide service in exchange for the award. The pro forma disclosures previously permitted under SFAS 123 are no longer an alternative to financial statement recognition. The Company adopted SFAS 123R on March 1, 2006 using the modified prospective method, which did not require the recognition of any non-cash charges, as there were no unvested stock options on that date.

The fair value concepts were not changed significantly in FAS 123R; however, in adopting FAS 123R, companies must choose among alternative valuation models and amortization assumptions. After assessing alternative valuation models and amortization assumptions, the Company will continue using the Black-Scholes valuation model and has elected to use the ratable method to amortize compensation expense over the vesting period of the grant.

The value of each grant under FAS 123R is estimated at the grant date using the Black-Scholes option model. There were no options granted during the three months ended May 31, 2008 and 2007.

### **3. Going Concern**

The Company has incurred substantial operating losses since inception and has used approximately \$148,000 of cash in operations for the three months ended May 31, 2008. The Company recorded losses from continuing operations of approximately \$366,000 for the three months ended May 31, 2008. Current

**Table of Contents**

liabilities exceed current assets by approximately \$2,764,800 at May 31, 2008. Additionally, the Company is in default on several notes payable. The ability of the Company to continue as a going concern is dependent upon its ability to reverse negative operating trends, raise additional capital, and obtain debt financing.

Management has revised its business strategy to include expansion into other lines of business through the acquisition of other products to manufacture. Management will continue to seek new sources of financing at more favorable terms. However, there can be no assurance that the Company will be able to raise capital, obtain debt financing, or improve operating results sufficiently to continue as a going concern.

The accompanying consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts and classification of liabilities that might be necessary if the Company is unable to continue as a going concern.

**4. Basis of Presentation**

In the opinion of management, all adjustments consisting only of normal recurring adjustments necessary for a fair statement of (a) the results of operations for the three month periods ended May 31, 2008 and 2007, (b) the financial position at May 31, 2008, and (c) cash flows for the three month periods ended May 31, 2008 and 2007, have been made.

The unaudited consolidated financial statements and notes are presented as permitted by Form 10-Q. Accordingly, certain information and note disclosures normally included in condensed financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been omitted. The accompanying consolidated financial statements and notes should be read in conjunction with the audited consolidated financial statements and notes of the Company for the fiscal year ended February 29, 2008. The results of operations for the three month period ended May 31, 2008 are not necessarily indicative of those to be expected for the entire year.

**5. Accounts Receivable, Factored**

During the three months ended May 31, 2008, the Company factored receivables of approximately \$444,100. In connection with the factoring agreement, the Company incurred fees of approximately \$17,600 during the three months ended May 31, 2008. As of May 31, 2008 and February 29, 2008, certain customers had remitted \$19,663 and \$6,237, respectively, to the Company on factored receivables; the Company recorded this amount as due to the factor and it is included in accrued expenses on the accompanying consolidated balance sheets. Any and all of the Company's indebtedness and obligations to the Factoring Company is guaranteed by two directors and collateralized by the Company's inventory and fixed assets.

**6. Segment Information**

The Company has two reportable segments during 2008 and 2007; manufacturing and fiberglass. Although both of these segments are in the manufacturing industry, they provide different types of products and services and each segment is subject to different marketing, production and technology strategies. Therefore, for the three months ended May 31, 2008 and 2007 the Company has included segment reporting.

For the three months ended May 31, 2008, information regarding operations by segment is as follows:

	<b>Manufacturing</b>	<b>Fiberglass</b>	<b>Other</b>	<b>Total</b>

Segment 2, fiberglass, consists of Chariot Manufacturing Company, Inc. and derives its revenues from the manufacture, sale and service of fiberglass trailers, boats and cars.

## **7. Related Party Transactions**

During the three months ended May 31, 2008 and 2007, two executives who are stockholders of the Company deferred approximately \$58,100 and \$58,100, respectively, of compensation earned during the period. The balance due to stockholders at May 31, 2008 and February 29, 2008, totaled \$1,133,210 and \$1,075,110, respectively. The amounts are unsecured, non-interest bearing, and have no specific repayment terms.

During the three months ended May 31, 2008 and 2007 the Company issued 16,019,229 and 9,816,309 shares of common stock, respectively, to a related party and a related company valued at \$108,931 and \$112,642, respectively, in exchange for a guarantee of a note payable.

During the three months ended May 31, 2007 the Company owed \$57,917 to a related company for reimbursement of expenses.

The above amounts are not necessarily indicative of the amounts that would have been incurred had comparable transactions been entered into with independent parties.

**ITEM 2. MANAGEMENT'S DISCUSSION & ANALYSIS**

This FILING contains forward-looking statements. The words anticipated, believe, expect, plan, intend, seek, estimate, project, and similar expressions are intended to identify forward-looking statements. These statements include, among others, information regarding future operations, future capital expenditures, and future net cash flow. Such statements reflect the Company's current views with respect to future events and financial performance and involve risks and uncertainties, including, without limitation, general economic and business conditions, changes in foreign, political, social, and economic conditions, regulatory initiatives and compliance with governmental regulations, the ability to achieve further market penetration and additional customers, and various other matters, many of which are beyond the Company's control. Should one or more of these risks or uncertainties occur, or should underlying assumptions prove to be incorrect, actual results may vary materially and adversely from those ANTICIPATED, believed, estimated, or otherwise indicated. Consequently, all of the forward-looking statements made in this FILING are qualified by these cautionary statements and there can be no assurance of the actual results or developments.

The Company cautions readers that in addition to important factors described elsewhere, the following important facts, among others, sometimes have affected, and in the future could affect, the Company's actual results, and could cause the Company's actual results during 2009 and beyond, to differ materially from those expressed in any forward-looking statements made by, or on behalf of, the Company.

This Management's Discussion and Analysis or Plan of Operation presents a review of the consolidated operating results and financial condition of the Company for the three month periods ended May 31, 2008 and 2007. This discussion and analysis is intended to assist in understanding the financial condition and results of operation of the Company and its subsidiaries. This section should be read in conjunction with the consolidated financial statements and the related notes.

**RESULTS OF OPERATIONS**

The Company owns two subsidiaries that operated in the manufacturing segment and the fiberglass segment during the three months ended May 31, 2008 and 2007. To facilitate the readers understanding of the Company's financial performance, this discussion and analysis is presented on a segment basis.

**MANUFACTURING SUBSIDIARY**

The manufacturing subsidiary, International Machine and Welding, Inc., generates its revenues from three divisions. Division 1 provides specialized machining and repair services to heavy industry and original equipment manufacturers. Division 2 provides repair and rebuild services on heavy equipment used in construction and mining. Division 3 provides parts sales for heavy equipment directly to the customer. The primary market of this segment is the majority of central and south Florida with parts sales expanding its market internationally. The current operations can be significantly expanded using the 38,000 square foot structure owned by International Machine and Welding, Inc.

**FIBERGLASS SUBSIDIARY**

Chariot Manufacturing Company manufactures a variety of fiberglass parts, as well as, motorcycle trailers with fiberglass bodies. These trailers are sold both on the retail and dealer levels. The company also provides non warranty repairs, modification of existing Chariot Trailers.

**COMPARISON OF THE RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED MAY 31, 2008 AND 2007.**

**General**

The Company's consolidated net sales decreased to \$560,108 for the three months ended May 31, 2008, a decrease of \$207,154 or 27%, from \$767,362 for the three months ended May 31, 2007. The overall decrease in net sales is due to the downturn in the economy.

## **Table of Contents**

Gross profit for the consolidated operations decreased to \$234,824 for the three months ended May 31, 2008 from \$282,731 for the three months ended May 31, 2007. Gross profit as a percentage of sales was 42% and 37% for the three month periods ended May 31, 2008 and 2007, respectively. The increase in gross profit was due to a higher gross profit margin related to International Machine and Welding, Inc.'s product mix.

Consolidated interest expense, net for the three months ended May 31, 2008 was \$57,723 as compared to \$42,146 for same period in 2007 for an increase of \$15,577 or 37%. This increase in interest expense is due to additional debt.

Selling, general and administrative expenses increased to \$553,040 for the three months ended May 31, 2008 as compared to \$534,991 for the three months ended May 31, 2007, an increase of \$18,049 or 3%.

The Company incurred a net consolidated loss of \$365,967 for the three months ended May 31, 2008 compared to a loss of \$294,093 for the three months ended May 31, 2007. The increase in the consolidated net loss is primarily due to the overall decrease in revenues. As a result of the continued losses, the Independent Auditors have questioned the Company's continuation as a going concern.

### **Manufacturing Subsidiary**

The manufacturing operation, International Machine and Welding, Inc. provided net sales of \$509,876 for the three months ended May 31, 2008 compared to \$696,037 for the three months ended May 31, 2007. The machining operations provided \$196,683 or 39% of net sales with parts and service providing \$313,193 or 61% of net sales for the three months ended May 31, 2008 as compared to machining operations contributing \$209,953 or 30% of net sales with parts and service providing \$486,084 or 70% of net sales for the three months ended May 31, 2007. The overall decrease in net sales is due to downturn in the economy.

Gross profit from the International Machine and Welding, Inc. was \$234,954 for the three months ended May 31, 2008 compared to \$276,865 for the same period in 2007 providing gross profit margins of 46% and 40%, respectively. The increase in the gross profit margin is due to an increased markup monitored by management.

Selling, general and administrative expenses for International Machine and Welding, Inc. were \$244,297 for the three months ended May 31, 2008 compared to \$254,753 for the three months ended May 31, 2007. The decrease in selling, general and administrative expenses is due to the reduction in revenue the collections fees are down 3,488 and we do not have an executive life insurance policy during the first quarter of 2008, which in the first quarter 2007 amounted to \$7,055.

Interest expense, net was \$35,423 for the three months ended May 31, 2008 compared to \$31,171 for the same period ended 2007. The increase in interest expense, net is due to an increase in notes payable for the three months ended May 31, 2008.

The Company does not have discrete financial information on each of the three manufacturing divisions, nor does the Company make decisions on the divisions separately; therefore they are not reported as segments.

### **Fiberglass Subsidiary**

The fiberglass manufacturing operation, Chariot Manufacturing Company, Inc. provided net sales of \$50,232 for the three months ended May 31, 2008 as compared to \$71,325 for the same period in 2007. The decrease in net sales is due to a decrease in the number of orders from a special event held in Daytona Beach, Florida. Attendance at the event was down 70% from the prior year, which resulted in a decrease in sales for Chariot.

Gross profit from Chariot was (\$13) for the three months ended May 31, 2008 providing a gross profit margin of 0% as compared to \$5,866 providing a gross profit margin of 8% for the same period in 2007. The decrease in gross profit and the related gross profit margin was due to the decrease in sales combined with an increase in cost of goods sold, due to the current economic conditions.

## **Table of Contents**

Selling, general and administrative expenses were \$90,044 for the three months ended May 31, 2008 as compared to \$79,795 for the same period in 2007. The increase in selling, general and administrative expenses was mainly due to the rising cost of fuel, an increase in rent expense and an increase in marketing expenses.

## **LIQUIDITY AND CAPITAL RESOURCES**

During the three months ended May 31, 2008 and 2007, the Company used net cash from operating activities of \$147,961 and \$205,075, respectively.

During the three months ended May 31, 2008 and 2007, the Company used cash for investing activities of \$(3,488) and \$(19,698), respectively. The decrease in net cash used by investing activities is primarily due to the acquisition of property and equipment of property in 2008 as compared to 2007.

During the three months ended May 31, 2008 and 2007, the Company provided cash from financing activities of \$148,097 and \$211,642, respectively. The decrease in net cash provided from financing activities is due to the proceeds from the issuance of notes payable and long term debt during the three months ended May 31, 2008.

Cash flows from loans provided for working capital needs and principal payments on long-term debt through May 31, 2008. As of May 31, 2008, working capital deficit was \$2,764,751. To the extent that the cash flows from operations are insufficient to finance the Company's anticipated growth, or its other liquidity and capital requirements during the next twelve months, the Company will seek additional financing from alternative sources including bank loans or other bank financing arrangements, other debt financing, the sale of equity securities (including those issuable pursuant to the exercise of outstanding warrants and options), or other financing arrangements. However, there can be no assurance that any such financing will be available and, if available, that it will be available on terms favorable or acceptable to the Company.

Management has revised its business strategy to include the manufacture of additional products. Although management has reduced debt, new financing to finance operations and to facilitate additional production is still being sought. However, there can be no assurance that the Company will be able to raise capital, obtain debt financing, or improve operating results sufficiently to continue as a going concern.

## **Seasonality**

The diversity of operations in the Manufacturing Segment protects it from seasonal trends except in the sales of agricultural processing equipment whereby the majority of the revenue is generated while the processors await the next harvest.

## **CRITICAL ACCOUNTING POLICIES AND ESTIMATES**

The Company has prepared the accompanying unaudited consolidated financial statements in conformity with accounting principles generally accepted in the United States for interim financial information. All intercompany transactions have been eliminated in consolidation. The preparation of consolidated unaudited financial statements requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated unaudited financial statements and the reported amounts of revenues and expenses during the reporting period. The Company reviews its estimates, including but not limited to, recoverability of long-lived assets, recoverability of prepaid expenses and allowance for doubtful accounts, on a regular basis and makes adjustments based on historical experiences and existing and expected future conditions. These evaluations are performed and adjustments are made as information is available. Management believes that these estimates are reasonable; however, actual results could differ from these estimates.

We believe that the following critical policies affect our more significant judgments and estimates used in preparation of our consolidated unaudited financial statements.

---

## **Table of Contents**

We maintain allowances for doubtful accounts for estimated losses resulting from the inability of our customers to make required payments. We base our estimate on an analysis of the Company's prior collection experience, customer credit worthiness, and current economic trends. If the financial condition of our customers were to deteriorate, additional allowances may be required.

We value our inventories at the lower of cost or market. Cost is determined on a standard cost basis that approximates the first-in, first-out method; market is determined based on net realizable value. We write down inventory balances for estimated obsolescence or unmarketable inventory equal to the difference between the cost of the inventory and the estimated market value based upon assumptions about future demand and market conditions. If actual market conditions are less favorable than those projected by management, additional inventory write-downs may be required.

We value our property and equipment at cost. Amortization and depreciation are calculated using the straight-line and accelerated methods of accounting over the estimated useful lives of the assets. Maintenance and repairs are charged to operations when incurred. Betterments and renewals are capitalized. When property and equipment are sold or otherwise disposed of, the asset account and related accumulated depreciation account are relieved, and any gain or loss is included in operations.

Fair value estimates used in preparation of the consolidated unaudited financial statements are based upon certain market assumptions and pertinent information available to management. The respective carrying value of certain on-balance-sheet financial instruments approximated their fair values. These financial instruments include cash, accounts receivable, accounts payable, and accrued expenses. Fair values were assumed to approximate carrying values for these financial instruments since they are short-term in nature and their carrying amounts approximate fair values or they are receivable or payable on demand. The fair value of the Company's notes payable is estimated based upon the quoted market prices for the same or similar issues or on the current rates offered to the Company for debt of the same remaining maturities.

Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the consolidated unaudited financial statements carrying amounts of existing assets and liabilities and their respective income tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized as income in the period that included the enactment date.

### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Not applicable.

### **ITEM 4T. CONTROLS AND PROCEDURES**

The Company's Chief Executive Officer and Chief Financial Officer has evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the three month period ending May 31, 2008 covered by this Quarterly Report on Form 10-Q. Based upon such evaluation, the Chief Executive Officer and Chief Financial Officer has concluded that, as of the end of such period, the Company's disclosure controls and procedures were not effective as required under Rules 13a-15(e) and 15d-15(e) under the Exchange Act. This conclusion by the Company's Chief Executive Officer and Chief Financial Officer does not relate to reporting periods after May 31, 2008.

#### **Changes in Internal Control Over Financial Reporting**

No change in the Company's internal control over financial reporting occurred during the quarter ended May 31, 2008, that materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.
