Item 1.01 Entry into a Material Definitive Agreement.

On December 12, 2008, Cerus Corporation (the "Company") entered into an Amended and Restated Manufacturing and Supply Agreement (the "Agreement") with Fenwal, Inc. ("Fenwal") which amends and restates a Manufacturing and Supply Agreement, dated February 2, 2005, between the Company and certain affiliates of Baxter Inc. ("Baxter"). The obligations of the Baxter affiliates under the original agreement were assumed by Fenwal in 2007. Under the Agreement, Fenwal is obligated to sell and the Company is obligated to purchase finished disposable kits for the Company's INTERCEPT Blood System for platelets ("Platelet Sets") and the INTERCEPT Blood System for plasma ("Plasma Sets") for both clinical and commercial use. The Agreement permits the Company to purchase Platelet Sets and Plasma Sets from third-party manufacturers provided that it meets certain annual minimum purchase obligations to Fenwal. Upon twenty-four months prior notice of termination by the Company, the Agreement obligates the Company to purchase and Fenwal to supply certain amounts of Platelet Sets and Plasma Sets over the subsequent twenty-four months following such notice. In the event the Company requires certain raw materials or components for manufacture of Platelet Sets or Plasma Sets by the Company or its contract manufacturers, Fenwal is obligated to supply such raw materials or components. Under the Agreement, the Company is responsible for the full management and control of the supply chain for the INTERCEPT Illuminator devices (the "Illuminators") and certain other components of the Platelet Sets and Plasma Sets, including the resolution of technical issues with third party manufacturers supplying such Illuminators and other components. The Agreement revises the pricing of purchased products for both clinical and commercial use. Under the Agreement, the Company will purchase from Fenwal approximately 45 Illuminators in Fenwal's existing inventory. Except for such sale, Fenwal will not supply further Illuminators to the Company, and the Company is free to purchase Illuminators directly from third party manufacturers.

The term of the Agreement extends through December 31, 2013 and is automatically renewed thereafter for one year terms, with such renewal periods subject to termination by either party upon thirty months prior written notice, in the case of Fenwal, or twenty-four months prior written notice, in the case of the Company. The Company and Fenwal each have normal and customary termination rights, including termination for material breach.

The Agreement also contains certain provisions regarding the rights and responsibilities of the parties with respect to manufacturing specifications, forecasting and ordering, delivery arrangements, payment terms, packaging requirements, change orders, confidentiality and indemnification, as well as certain other customary matters.
