**Item 2.05. Costs Associated with Exit or Disposal Activities.**

On December 17 and 18, 2008, the Company announced to impacted employees that certain non-core businesses of its Barnes Group (U.K.) Limited subsidiary will be exited. The non-core activities include the mobile sales force unit, the direct sales to car dealerships unit, and the systems business and catalog unit of Barnes Group (U.K.) Limited. The exit activities include a combination of (i) the sale of certain assets and the transfer of related employees among three purchasers and (ii) the liquidation of assets, termination of related contracts and severing of employees. Ninety-nine employees based in the United Kingdom were affected. The Company approved the proposal to take this action, subject to applicable UK employment law, on October 23, 2008. It is anticipated that the action will be completed by December 31, 2008. The total charges associated with this action are estimated to be approximately \$3.7 million before taxes, which will be recorded in the fourth quarter of 2008. Of the total charges, approximately \$0.7 million are employee-related costs, including severance and other termination benefits; approximately \$1.5 million are asset impairment charges; approximately \$0.4 million are for contract termination costs; and approximately \$1.1 million are for other costs. Approximately \$2.2 million of the total charges are expected to result in future cash expenditures. These cash expenditures are expected to be largely offset by the sale of the warehouse used in connection with the activities. In addition, a tax expense of approximately \$3.7 million will be recorded for the write-off of deferred taxes based on expected recoverability.
