**Explanatory Note**

On September 5, 2007, we filed a prospectus supplement to our base prospectus which was part of a registration statement filed using a shelf registration process (File No. 333-118175). The prospectus supplement related to (i) the issuance of 1,623,377 shares of our common stock, par value \$0.01 per share ( common stock ), together with 10,000 shares of Series B1 Convertible Preferred Stock, par value \$0.01 per share ( Series B1 Convertible Preferred Stock ), and 5,250 shares of Series B2 Convertible Preferred Stock, par value \$0.01 per share ( Series B2 Convertible Preferred Stock and, together with the Series B1 Convertible Preferred Stock, the Class B Convertible Preferred Stock ), and (ii) the shares of common stock issuable upon conversion of the Series B1 Convertible Preferred Stock and the Series B2 Convertible Preferred Stock. On April 25, 2008, the Series B1 Convertible Preferred Stock was converted into 1,585,197 shares of common stock of Antigenics. On June 25, 2008, the Securities and Exchange Commission declared effective a registration statement (File No. 333-151244) which effectively replaced our prior shelf registration statement (File No. 333-118175).

The Series B2 Convertible Preferred Stock expires seven years from the date of issuance, and, as of the date of the filing of this registration statement, has not been converted into shares of common stock of Antigenics. Upon filing our Annual Report on Form 10-K for the year ended December 31, 2008, we ceased to be eligible to register the shares of common stock issuable upon conversion of the Series B2 Convertible Preferred Stock under the shelf registration statement (File No. 333-151244). Accordingly, we hereby file this registration statement on Form S-1, which relates to the registration of the 5,929,212 shares of common stock issuable upon conversion of the Series B2 Convertible Preferred Stock.

**RISK FACTORS**

You should consider the Risk Factors included under Item 1A. to our Annual Report on Form 10-K for the year ended December 31, 2008, which is incorporated by reference in this prospectus.

**FORWARD-LOOKING STATEMENTS**

This prospectus and the documents incorporated by reference contain forward-looking statements. Generally, these statements can be identified by the use of terms like believe, expect, anticipate, plan, may, will, could, estimate, potential, opportunity, future, project

Forward-looking statements include, but are not limited to, statements about generating sales from Oncophage in Russia, generating royalty revenue from QS-21 in the 2010 timeframe, our plans or timelines for performing and completing research, preclinical studies and clinical trials, timelines for releasing data from clinical trials, plans or timelines for initiating new clinical trials, expectations regarding research, preclinical studies, clinical trials, and regulatory processes (including additional clinical studies for Oncophage in renal cell carcinoma), expectations regarding test results, future product research and development activities, the expected effectiveness of therapeutic drugs, vaccines, and combinations in treating diseases, applicability of our heat shock protein technology to multiple cancers and infectious diseases, competitive position, plans for regulatory filings and meetings with regulatory authorities (including potential requests for meetings with the U.S. Food and Drug Administration regarding Oncophage clinical studies and seeking conditional authorization of Oncophage in Europe and approvals for Oncophage in other markets outside the United States), the sufficiency of our clinical trials in renal cell carcinoma and melanoma, or subgroup analyses of data from these trials, to support a biologics license application or foreign marketing application for product approval, possible receipt of future regulatory approvals, the performance of collaborative partners in, and revenue expectations from, our strategic license and partnering collaborations, expected liquidity and cash needs, plans to commence, accelerate, decelerate, postpone, discontinue, or resume clinical programs, the rate of our net cash burn (defined as cash used in operating activities plus capital expenditures, debt repayments, and dividend payments), plans for commercial launch, and sales and marketing activities in Russia, implementation of corporate strategy, increased foreign currency exposure when we commercialize in Russia, and future financial performance.

**Table of Contents**

These forward-looking statements involve a number of risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. These risks and uncertainties include, among others, that clinical trials may not demonstrate that our products are safe and more effective than current standards of care; that the subgroup analyses of our Oncophage clinical trials do not predict survival or efficacy of the product in future studies or use of Oncophage; that we may be unable to obtain sufficient funding or the regulatory authorization necessary to conduct additional clinical trials; that we may not be able to enroll sufficient numbers of patients in our clinical trials; that we may be unable to obtain the regulatory review or approval necessary to commercialize our product candidates because regulatory agencies are not satisfied with our trial protocols or the results of our trials; that we may fail to adequately protect our intellectual property or that it is determined that we infringe on the intellectual property of others; our strategic licenses and partnering collaborations may not meet expectations; that we or our business partners may fail to take all steps necessary for the successful commercial launch of Oncophage in Russia; that we may not be able to secure adequate reimbursement mechanisms and/or private pay for Oncophage in Russia; manufacturing problems may cause product development and launch delays and unanticipated costs; our ability to raise additional capital; our ability to attract and retain key employees; changes in financial markets, regulatory requirements, and geopolitical developments; the solvency of counterparties under material agreements, including subleases; and general real estate risks.

We have included more detailed descriptions of these risks and uncertainties and other risks and uncertainties applicable to our business in Risk Factors included under Item 1A. to our Annual Report on Form 10-K for the year ended December 31, 2008, which is incorporated by reference in this prospectus. **USE OF PROCEEDS**

If the shares of Series B2 Convertible Preferred Stock are converted through payment of cash consideration, if at all, we will receive the cash from such conversion. We intend to use the cash consideration received, if any, for general corporate purposes, which may include working capital, capital expenditures, research and development expenditures, clinical trial expenditures, Oncophage commercialization expenditures, acquisitions of new technologies, and investments.

**PLAN OF DISTRIBUTION**

In September 2007, we offered the shares of Series B2 Convertible Preferred Stock that may be converted into shares of our common stock as described in this prospectus (as well as shares of our common stock and shares of our Series B1 Convertible Preferred Stock, par value \$0.01 per share) through Wm Smith Securities, Incorporated. Fletcher International, Ltd. purchased all of the shares that we sold.

The Series B2 Convertible Preferred Stock is convertible in amounts of 500 or more shares (or such lesser number as shall constitute all shares of Series B2 Convertible Preferred Stock not yet converted). The conversion price for each share of Series B2 Convertible Preferred Stock will equal an amount, as designated by the holder, not to exceed \$1,000. The holder will be entitled to receive upon conversion the number of shares of our common stock equal to (A) the conversion price determined by the holder, divided by (B) the Conversion Stock Price, as defined below.

For the Series B2 Convertible Preferred Stock, the Conversion Stock Price means the lesser of \$4.158 (less dividends declared or paid on our common stock) and the Prevailing Stock Price, where Prevailing Stock Price means the lesser of the average of the daily volume-weighted average prices of our common stock during (i) the 30 consecutive business day period ending on the third business day immediately preceding, and excluding, the date on which conversion notice is delivered by the holder, (ii) the first three of such 30 consecutive business days or (iii) the last three of such 30 consecutive business days.

The aggregate consideration we may receive pursuant to conversions of all converted shares of Series B2 Convertible Preferred Stock is 35% of \$5,000,000.

Holders of Series B2 Convertible Preferred Stock may elect to effect cashless conversions in which the holder would receive a number of shares of our common stock (the Settlement Stock) equal to X where:

$$X = [(N \times D) - C] / P$$

N = the gross number of shares of our common stock that would have been issuable on conversion if the holder had not elected to effect a cashless conversion

D = the volume-weighted average price of our common stock on the third business day before, and excluding, the date on which conversion notice is delivered by the holder

C = the amount designated by the holder in its conversion notice that would have been payable if the holder had not elected cashless conversion

P = the Conversion Stock Price

In a cashless conversion, the holder will be issued the Settlement Stock and will not be required to pay consideration in connection with the conversion.

If we are acquired by means of merger, consolidation, share exchange or otherwise are involved in a transaction in which 50% or more of our outstanding common stock is exchanged for cash, securities or other assets, or if we sell all or substantially all of our assets (each a Business Combination), each holder of our Series B2 Convertible Preferred Stock will be permitted to convert all or part of its unconverted Series B2 Convertible Preferred Stock in connection with the Business Combination. This conversion right will be conditioned upon the effectiveness of the Business Combination, may be withdrawn by the holder and will entitle the holder to receive, upon payment of the consideration designated in the conversion notice, the same per share consideration received by holders of our common stock in connection with the Business Combination. If the consideration received by holders of our common stock in the Business Combination is in the form of cash, however, the holder will not be required to tender the relevant conversion consideration to convert its Series B2 Convertible Preferred Stock, but will receive an amount in connection with such Business Combination equal to the consideration received in the Business Combination by holders of our common stock applicable to such holder based on the number of shares of common stock into which such holder's Series B2 Convertible

## Edgar Filing: ANTIGENICS INC /DE/ - Form S-1/A

Preferred Stock would be convertible if the holder had converted each Series B2 Convertible Preferred Stock that it owns on the business day immediately preceding the date on which such Business Combination occurs, less such conversion consideration.

In the case of any Business Combination, we have agreed not to enter into an agreement resulting in a Business Combination unless the agreement expressly obligates the acquiror to assume all of our obligations under any unconverted shares of Series B2 Convertible Preferred Stock (a Stock Assumption Agreement). In the event that any Series B2 Convertible Preferred Stock remains unconverted upon consummation of the Business Combination, the holder is entitled to certain adjustments, and will then automatically have equivalent rights with respect to the acquiror.

Each share of Series B2 Convertible Preferred Stock that is not converted on or before the seventh anniversary of the date of issuance of the Series B2 Convertible Preferred Stock shall be cancelled and extinguished and have no further force or effect.

Pursuant to a placement agency agreement between us and Wm Smith Securities, Incorporated, we engaged Wm Smith Securities, Incorporated as our exclusive placement agent in connection with the issuance and sale, on a best efforts basis, of the shares to Fletcher International, Ltd. The placement agent did not purchase or sell any of the shares we offered, and it was not required to arrange the purchase or sale of any specific number or dollar amount of common stock, but it agreed to use reasonable efforts to arrange for the sale of the shares.

We paid the placement agent a placement agent fee equal to 4.0% of the gross proceeds of the September 2007 offering. The following table shows the per share and total placement agent fees we paid to the placement agent in connection with the sale of the shares.

Per share	\$ 0.1232
Total	\$ 200,000

Wm Smith Securities, Incorporated, in its capacity as placement agent, may be deemed to be an underwriter for purposes of the Securities Act of 1933 (the Securities Act).

We have agreed to indemnify the placement agent and its controlling persons against certain liabilities, including liabilities under the Securities Act.

Our common stock is quoted on The NASDAQ Global Market under the symbol AGEN.

**ITEM 14. INDEMNIFICATION OF DIRECTORS AND OFFICERS**

Section 145 of the Delaware General Corporation Law permits, in general, a Delaware corporation to indemnify any person who was or is a party to any proceeding (other than an action by, or in the right of, the corporation) by reason of the fact that he or she is or was a director or officer of the corporation, or served another business enterprise in any capacity at the request of the corporation, against liability incurred in connection with such proceeding, including the expenses (including attorney's fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such proceeding, if such person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation and, in criminal actions or proceedings, additionally had no reasonable cause to believe that his or her conduct was unlawful. A Delaware corporation's power to indemnify applies to actions brought by or in the right of the corporation as well, but only to the extent of expenses (including attorney's fees) actually and reasonably incurred by the person in connection with the defense or settlement of the action or suit, provided that no indemnification shall be provided in such actions in the event of any adjudication of negligence or misconduct in the performance of such person's duties to the corporation, unless a court believes that in light of all the circumstances indemnification should apply. Section 145 of the Delaware General Corporation Law also permits, in general, a Delaware corporation to purchase and maintain insurance on behalf of any person who is or was a director or officer of the corporation, or served another entity in any capacity at the request of the corporation, against liability incurred by such person in such capacity, whether or not the corporation would have the power to indemnify such person against such liability.

We have entered into indemnification agreements with each of our directors and certain executive officers and have obtained insurance covering our directors and officers against losses and insuring us against certain of our obligations to indemnify our directors and officers.

Our Third Amended and Restated By-Laws provide that we shall indemnify each of our directors and officers, to the maximum extent permitted from time to time by law, against all expenses (including attorney's fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by reason of the fact that he or she is a director or officer.

This right of indemnification conferred in our Third Amended and Restated By-Laws is not exclusive of any other right.

In addition, as permitted by Section 102 of the Delaware General Corporation Law, our Amended and Restated Certificate of Incorporation includes a provision that eliminates the personal liability of our directors for monetary damages for breach of their fiduciary duty as directors except for liability (i) for any breach of the director's duty of loyalty to the Company or its stockholders, (ii) for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the Delaware General Corporation Law, or (iv) for any transaction from which the director derived an improper personal benefit.

## Edgar Filing: ANTIGENICS INC /DE/ - Form S-1/A

These indemnification provisions may be sufficiently broad to permit indemnification of our directors and officers for liabilities (including reimbursement of expenses incurred) arising under the Securities Act.

(i) If the Registrant is relying on Rule 430B:

(A) Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

(ii) If the Registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(6) That, for the purpose of determining liability of the Registrant under the Securities Act to any purchaser in the initial distribution of the securities:

The undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

(b) The undersigned Registrant hereby undertakes to deliver or cause to be delivered with the prospectus, to each person to whom the prospectus is sent or given, the latest annual report to security holders that is incorporated by reference in the prospectus and furnished pursuant to and meeting the requirements of Rule 14a-3 or Rule 14c-3 under the Securities Exchange Act; and, where interim financial information required to be presented by Article 3 of Regulation S-X are not set forth in the prospectus, to deliver, or

cause to be delivered to each person to whom the prospectus is sent or given, the latest quarterly report that is specifically incorporated by reference in the prospectus to provide such interim financial information.

(c) The undersigned Registrant hereby undertakes that:

(i) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of the registration statement in reliance upon Rule 430A and contained in the form of prospectus filed by the Registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of the registration statement as of the time it was declared effective.

(ii) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(d) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
