In connection with the Offering, Clear Channel Worldwide distributed a confidential preliminary offering circular relating to the Notes (the Offering Circular) to certain parties on December 10, 2009. Neither the Registrant nor Clear Channel Outdoor Holdings undertakes any obligation to revise or update any forward-looking statements, or to make any other forward-looking statements, whether as a result of new information, future events or otherwise.

(c) Certain Financial Information for the Three Months and Year Ending December 31, 2009.

As of December 10, 2009, we expect revenue for the three months ending December 31, 2009 to be between \$1,470 million and \$1,500 million and revenue for the full year ending December 31, 2009 to be between \$5,510 million and \$5,540 million. Set forth below are the actual revenue growth rates for each of our operating segments for the month of October 2009 compared to October 2008 and the estimated revenue growth rates for the months of November and December 2009 compared to actual revenues in the corresponding months in 2008. We prepare estimated monthly revenues based on estimated monthly average foreign exchange rates, whereas annual average foreign exchange rates are used in determining our actual annual revenue. The percentage changes in estimated monthly revenue for November and December, 2009 as compared to the same period in 2008 are based on monthly average foreign exchange rates and, thus, may be materially different than the percentage changes in actual revenue determined using annual foreign exchange rates for the three months and year ending December 31, 2009.

	October (Actual)	November (Estimated)	December (Estimated)
Americas Outdoor	-4%	0%	0%
International Outdoor	-8%	-4%	-8%
Radio Segment	-19%	-8%	-1%
Consolidated	-13%	-5%	-3%

As of December 10, 2009, we expect operating expenses to be between \$1,060 million and \$1,075 million for the three months ending December 31, 2009 and between \$4,059 million and \$4,074 million for the full year ending December 31, 2009. Operating expenses include direct operating expenses, selling, general and administrative expenses and corporate expenses, but exclude restructuring and other non-recurring charges related to our restructuring program and non-cash compensation charges related to employee compensation costs associated with stock option grants and restricted stock awards.

We currently expect that we will be in compliance with the covenants under our senior secured credit facilities for the remainder of 2009 and through 2010. However, our anticipated results are subject to significant uncertainty, and there can be no assurance that actual results will not differ materially from our expectations or that we will maintain compliance with the covenants. In addition, our ability to comply with the covenants in our financing agreements may be affected by events beyond our control, including prevailing economic, financial and industry conditions. For a discussion of the consequences that could result if we are unable to maintain compliance with our financial or other covenants, see Item 7 Management's Discussion and Analysis of Financial Condition and Results of Operations Anticipated Cash Requirements and Indebtedness Incurred in Connection with the Merger contained in Exhibit 99.2 attached hereto.

Our projected financial information is based on assumptions and estimates that are inherently uncertain and unpredictable. Such assumptions and estimates may not be realized and are subject to significant business, economic and competitive risks and uncertainties, all of which are difficult to predict and many of which are beyond our control. Such risks and uncertainties include, but are not limited to, changes in the level of competition for advertising dollars, changes in operating performance, quarter-end closing adjustments, adjustments related to the annual audit of our financial statements, and fluctuations in exchange rates and currency values. These and other risks and uncertainties may cause our projected financial information to materially adversely differ from our actual results. Accordingly, no assurance can be made that we will achieve the results set forth in our projected financial information, and investors should not place undue reliance on our projected financial information.

This Current Report on Form 8-K contains forward-looking statements regarding the Registrant based on current expectations. Those forward-looking statements include all statements other than those made solely with respect to historical fact. Numerous risks, uncertainties and other factors may cause actual results to differ materially from those expressed in any forward-looking statements. Many of the factors that will determine the outcome of the subject matter of these statements are beyond the Registrant's ability to control or predict. The Registrant does not undertake any obligation to revise or update any forward-looking statements, or to make any other forward-looking statements, whether as a result of new information, future events or otherwise.
