- .. Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

**Item 7.01 Regulation FD Disclosure.**

In order to comply with regulatory conditions related to the acquisition of Alltel Corporation in January 2009, Cellco Partnership d/b/a Verizon Wireless divested overlapping properties in 105 operating markets in 24 states during the first half of 2010. In addition, on July 1, 2010, certain of Verizon Communications Inc. s (Verizon) local exchange and related landline assets in 14 states were spun off.

As a convenience to investors who may want to consider the effects of these transactions, we are making available in Exhibit 99 unaudited selected consolidated financial information for the past six quarters excluding the results associated with these divested properties from our consolidated operating results. This information is also posted to the Verizon Investor Relations website at [www.verizon.com/investor](http://www.verizon.com/investor).

Exhibit 99 includes selected consolidated financial information prepared in conformity with generally accepted accounting principles (GAAP) as well as non-GAAP financial information. It is management s intent to provide non-GAAP financial information to enhance the understanding of Verizon s GAAP financial information and it should be considered by the reader in addition to, but not instead of, the financial statements prepared in accordance with GAAP. The non-GAAP financial information presented may be determined or calculated differently by other companies.

Verizon consolidated earnings before interest, taxes, depreciation and amortization (Consolidated EBITDA), and EBITDA margin are non-GAAP measures and do not purport to be alternatives to GAAP items as measures of operating performance. Management believes that these measures are useful to investors and other users of our financial information in evaluating operating profitability on a more variable cost basis as they exclude the depreciation and amortization expenses related primarily to capital expenditures and acquisitions that occurred in prior years, as well as in evaluating operating performance in relation to Verizon s competitors. EBITDA margin is presented along with the corresponding operating income margin so as not to imply that more emphasis should be placed on it than the corresponding GAAP measure.

Consolidated EBITDA is calculated by adding back interest, taxes, depreciation and amortization expenses, equity in earnings of unconsolidated businesses and other income/(expense), net to net income. Adjusted EBITDA is calculated by excluding from Consolidated EBITDA the impact of the operations divested, and Adjusted EBITDA margin is calculated by dividing Adjusted EBITDA by Adjusted Operating Revenues.

The information provided pursuant to this Item 7.01 is furnished and shall not be deemed to be filed with the Securities and Exchange Commission or incorporated by reference in any filing under the Securities Exchange Act of 1934, as amended, or the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in any such filings.

**Item 9.01 Financial Statements and Exhibits.**

(d) Exhibits.

<b>Exhibit Number</b>	<b>Description</b>
99	Verizon unaudited selected consolidated financial information reclassified as a result of Domestic Wireless and Wireline divestitures.
