Offer.

This Statement relates to the tender offer by IEH Merger Sub LLC, a Delaware limited liability company (the Offeror) and a wholly owned subsidiary of Icahn Enterprises Holdings L.P., a Delaware limited partnership (Icahn Enterprises Holdings), as disclosed in the Tender Offer Statement on Schedule TO, dated December 22, 2010 (as amended or supplemented from time to time, the Schedule TO), to purchase all of the issued and outstanding Shares at a purchase price of \$5.50 per share (the Offer Price), in cash, without interest, less any applicable withholding taxes, upon the terms and subject to the conditions set forth in the Offer to Purchase, dated December 22, 2010 (as amended or supplemented from time to time, the Offer to Purchase), and in the related Letter of Transmittal (the Letter of Transmittal , which, together with the Offer to Purchase and any amendments or supplements thereto from time to time, constitute the Offer). The Offer to Purchase and the Letter of Transmittal are filed as Exhibits (a)(1) and (a)(2) hereto, respectively, and are hereby incorporated herein by reference.

The Offer is being made pursuant to an Agreement and Plan of Merger, dated as of December 15, 2010 (as it may be amended from time to time, the Merger Agreement), by and among the Company, the Offeror and IEP Merger Sub Inc., a Delaware corporation and a wholly-owned subsidiary of the Offeror (Merger Sub). The Offer is initially scheduled to expire at midnight (Eastern Time) on January 25, 2011 (the initial expiration date or such subsequent date to which the expiration of the Offer is extended pursuant to and in accordance with the terms of the Merger Agreement, the Expiration Date). The Offer is subject to certain conditions, which may be waived by the Offeror in whole or in part at any time and from time to time prior to the Expiration Date in the exercise of the reasonable good faith judgment of the Offeror subject to the terms of the Merger Agreement and subject to and to the extent permitted by applicable law, including the requirements of Rule 14d-4 under the Securities Exchange Act of 1934, as amended (the Exchange Act), in each case except for the conditions that (i) there are validly tendered in the Offer and not properly withdrawn prior to the Expiration Date that number of Shares which, when added to any Shares already owned by the Offeror, its subsidiaries and certain affiliates of the Offeror (including Shares that are subject to options to purchase Shares to the extent such options have been irrevocably exercised and paid for prior to the Expiration Date), represents at least a majority of the issued and outstanding Shares on a fully diluted basis as of the Expiration Date (assuming the issuance of all Shares that

may be issued upon the vesting of outstanding restricted stock of the Company (Company Restricted Stock), plus Shares issuable upon the exercise of all outstanding options to purchase Shares under Company stock plans (Company Stock Options), warrants and other rights to purchase Shares with an exercise price per Share less than the Offer Price) (such condition, the Minimum Condition), (ii) the approval of the Federal Energy Regulatory Commission (FERC) under Section 203 of the Federal Power Act, as amended (the FPA), shall have been received and the approval, or a determination that no approval is required, of the New York State Public Service Commission (the NYPSC) under the New York Public Service Law, as amended, shall have been received with respect to the consummation of the Offer and the Merger, and (iii) the waiting period applicable to the consummation of the Offer under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, and the rules and regulations thereunder (the HSR Act), shall have expired or been terminated (the conditions set forth in clauses (ii) and (iii) above, the Regulatory Condition). The Offeror may waive the Minimum Condition and/or the Regulatory Condition only subject to and to the extent permitted by applicable law, including the requirements of Rule 14d-4 under the Exchange Act and only with the prior written consent of the Company.

Under the Merger Agreement, after the completion of the Offer and the satisfaction or waiver of all of the conditions applicable to the Merger (as defined below) set forth in the Merger Agreement, Merger Sub will be merged with and into the Company, with the Company surviving the Merger as a wholly-owned subsidiary of the Offeror (the Merger). The surviving company of the Merger (the Surviving Corporation) will be an indirect wholly-owned subsidiary of Icahn Enterprises Holdings. In certain circumstances, the parties have agreed to complete the Merger without the prior completion of the Offer, after receipt of the approval of a majority of the issued and outstanding Shares held by the Company's stockholders entitled to vote thereon for the adoption of the Merger Agreement. At the effective time of the Merger, each share of Common Stock then issued and outstanding (other than shares of Common Stock owned by the Company, the Offeror or Merger Sub, or any of their respective direct or indirect subsidiaries, all of which will convert into shares of a class of stock of the Surviving Corporation designated by the Offeror, and other than shares of Common Stock that are held by stockholders, if any, who are entitled to and have properly exercised their appraisal rights under Delaware law) will be converted into the right to receive \$5.50 per Share (the Per Share Merger Consideration) in cash, without interest and less any applicable withholding taxes. The Merger Agreement is filed as Exhibit (e)(1) hereto and is hereby incorporated herein by reference.

As set forth in the Schedule TO, the address of the principal executive offices of the Offeror, Merger Sub, and Icahn Enterprises Holdings is 767 Fifth Avenue, 47th Floor, New York New York, 10153, where the business phone number is (212) 702-4300.

Relationship with Current Officers and Directors of the Company

Overview

In considering the recommendation of our Board that you accept the Offer, tender your Shares into the Offer and, if required by applicable law, adopt the Merger Agreement, you should be aware that our directors and executive officers have interests in the Offer and the Merger that are different from, or in addition to, those of our stockholders generally. Each of a special committee of the Board consisting only of non-management independent directors of the Company (the Special Committee) and the Board was aware of and considered these interests, among other matters, in evaluating and negotiating the Merger Agreement and the Offer and the Merger, and in making its recommendation. For purposes of all of the agreements and plans described below, the completion of the transactions contemplated by the Merger Agreement will constitute a change in control.

Long-Term Incentive Awards

As of the date of this Statement, certain of the Company's executive officers hold (i) Company Stock Options, (ii) shares of Company Restricted Stock, (iii) phantom stock units (Company Phantom Stock Units), which entitle the holder to cash awards in accordance with the terms and conditions of the applicable awards, and (iv) performance units (Company Performance Awards), which entitle the holder to cash awards in accordance with the terms and conditions of the applicable awards.

The Offer is made only for Shares and is not made for any Company Stock Options, Company Restricted Stock, Company Phantom Stock Units or Company Performance Awards. Holders of vested but unexercised Company Stock Options may exercise such options in accordance with the terms of the applicable equity compensation plan and award agreement and tender some or all of the Shares issued upon such exercise. Holders of Company Restricted Stock may tender some or all of the Shares received upon vesting and settlement of Company Restricted Stock in accordance with the terms of the applicable equity compensation plan and award agreement. However, at the effective time of the Merger, each outstanding Company Stock Option, vested or unvested, shall be cancelled for no payment if such Company Stock Option has an exercise price greater than the Offer Price and, if such Company Stock Option exercise price is not greater than the Offer Price, shall only entitle the holder thereof to receive, as soon as reasonably practicable (but in any event no later than three (3) business days after the effective time of the Merger), an amount in cash equal to the product of (i) the total number of shares of Common Stock subject to the applicable Company Stock Option immediately prior to the effective time of the Merger and (ii) the excess, if any, of the Offer Price over the exercise price per share of Common Stock under such Company Stock Option, less applicable taxes required to be withheld with respect to such payment. In addition, at the effective time of the Merger, each outstanding share of Company Restricted Stock, if any, shall only entitle the holder thereof to receive, as soon as reasonably practicable and no later than the earlier of (i) the second payroll period or (ii) thirty (30) days following the effective time of the Merger, an amount in cash, for each share of the Company Restricted Stock, equal to the Offer Price, less applicable taxes required to be withheld with respect to such payment. At the earlier to occur of the time the Offeror accepts for payment and pays for all Shares validly tendered and not withdrawn pursuant to the Offer or the effective time of the Merger (such earlier time, the Acceleration Time), each outstanding Company Phantom Stock Unit will be cancelled and will only entitle the holder thereof to receive, as soon as reasonably practicable after the Acceleration Time, but in any event no later than the earlier of (i) the second payroll period or (ii) thirty (30) days following the Acceleration Time, an amount in cash, for each Company Phantom Stock Unit, equal to the Offer Price, less applicable taxes required to be withheld with respect to such payment. At the Acceleration Time, (i) Company Performance Awards granted in 2009 and 2010 will be payable at 100% of target (as defined in the applicable agreements for such awards), fully vested and settled for a payment of cash, as required by the terms of the agreements governing such Company Performance Awards, and (ii) each outstanding Company Performance Award granted prior to 2009 will be fully vested and canceled for no payment in accordance with the terms of the agreements governing such Company Performance Awards. Further, at the Acceleration Time, each outstanding Company Stock Option, share of Company Restricted Stock and Company Phantom Stock Unit will fully vest.

Table of Contents

The following table sets forth, as of December 28, 2010, the long-term incentive award holdings of the Company's executive officers and the gross value of such holdings assuming (i) in the case of shares of Company Restricted Stock, the Merger is consummated and (ii) in the case of the Company Phantom Stock Units and the Company Performance Awards, either the Offer or the Merger is consummated:

(1) Based on a target price of \$100 per unit.

(2) Mr. Williamson also serves as the chairman of the Board.

Each outstanding Company Stock Option has an exercise price greater than the Offer Price and would be cancelled for no payment upon the effective time of the Merger.

As of the date of this Statement, our non-employee directors hold Company Phantom Stock Units, which are granted on an annual basis and credited quarterly to the non-employee directors pursuant to the Company's Deferred Compensation Plan for Certain Directors (as amended and restated, the Directors Deferred Compensation Plan). The Directors Deferred Compensation Plan states that quarterly contributions of Company Phantom Stock Units are to be made on the last day of each calendar quarter. Given that these contributions represent compensation for amounts earned by non-employee directors for service during the calendar quarter, the Company intends to make cash payments to non-employee directors following their termination of service from the Board in amounts equal to the value of the Company Phantom Stock Units that would have been contributed but for the failure of such termination to occur on the last day of the applicable calendar quarter, prorated as appropriate.

Generally, upon termination of service as a director, the Company Phantom Stock Units become payable in cash or Shares, based on each director's one-time election, and in a lump-sum payment or in monthly, quarterly or annual installments over a specified term, also at the director's election. All of the Company's current non-employee directors have previously elected to receive the value of the Company Phantom Stock Units in cash rather than Shares. If a director's service as a director terminates no later than two years following a change in control, the total unpaid balance in the director's accounts under the plan (determined as of the later of the date of the change in control or the date the director has a termination of service with the Company or any successor (the computation date)), will be paid to the director in a single, lump sum cash payment as soon as administratively feasible, but no later than 30 days, after the computation date. A change in control does not increase a director's benefit under the plan and may also impose a time of payment of the benefit that is different from the director's prior election.

Change in Control Arrangements

We maintain certain policies, plans and agreements, including our Executive Change in Control Severance Pay Plan (the Change in Control Plan), which provide for certain change in control benefits for our executives. The Change in Control Plan provides for the payment of certain severance benefits to our executives if, (i) in connection with but no earlier than 60 days before or (ii) on or within two years after, in each case, a change in control, as defined in this plan, any such executive is subject to an involuntary termination, as defined in this plan. In general, an executive experiences an involuntary termination if such executive's employment is terminated without cause or such executive resigns for good reason, generally meaning he or she suffers a material reduction in authority or duties, a material reduction in total compensation or relocation to a location 50 miles or more from the previous principal employment location.

Table of Contents

Severance benefits for certain of our executive officers under the Change in Control Plan include:

a lump sum cash payment equal to:

for our Chief Executive Officer, 2.99 times such executive's compensation, which is defined under the plan as the sum of any covered executive's (i) annual base salary based on the greater of the rate in effect immediately prior to the change in control, 60 days prior to an involuntary termination or the date of any such involuntary termination and (ii) the greater of a covered executive's target annual bonus under our short-term incentive plan for the fiscal year in which the change in control occurs, any fiscal year beginning after the fiscal year in which the change in control occurs and before the year in which such covered executive's involuntary termination occurs or the fiscal year in which such covered executive's involuntary termination occurs;

or

for any Executive Vice President, 2.5 times such executive's compensation;

a lump sum cash payment equal to the aggregate target annual incentive compensation under any applicable short-term incentive compensation plan for the fiscal year during which such involuntary termination of employment occurs (determined as if all applicable goals and targets had been satisfied in full), pro-rated to the date of such executive's termination;

all medical, dental, vision and life insurance benefits maintained for such executive as of the termination date, contingent upon continued payment of premiums by such executive based on rates no greater than the lesser of the cost of coverage paid by such executive immediately before the involuntary termination or the change in control, for a period equal to (i) 36 months from termination for our Chief Executive Officer and (ii) 30 months from termination for any Executive Vice President, so long as such executive does not obtain new employment and eligibility for coverage under a similar benefit plan maintained by the new employer; and

outplacement assistance benefits at least equivalent to those that would have been provided to the executive officer before the change in control.

The Board has appointed David Biegler, a member of the Board, as the plan administrator of the Change in Control Plan. This appointment is contingent upon, and is effective as of, the Acceleration Time. Mr. Biegler is not a beneficiary of the Change in Control Plan and will no longer be a member of the Board as of the closing of the Merger. The Company intends to enter into customary agreements with Mr. Biegler prior to the Acceleration Time pursuant to which Mr. Biegler will receive customary compensation, expense reimbursement and indemnification for his services as plan administrator. The Board has appointed Bill Trubeck, a member of the Board, as the contingent plan administrator, to serve as plan administrator in the event that Mr. Biegler resigns or is otherwise unwilling or unable to serve as plan administrator.

In connection with a change in control, such as the completion of the Offer or the Merger, any outstanding Company Stock Options, Company Restricted Stock, Company Phantom Stock Units and other equity-based awards previously granted to our executives will vest in accordance with the terms of the underlying award agreements. For additional detail regarding the treatment of such awards in connection with the merger, see *Relationship with Current Officers and Directors of the Company Long-Term Incentive Awards* above.

In addition, pursuant to our Excise Tax Reimbursement Policy, any of our executive officers who incurs excise taxes under Section 4999 of the Internal Revenue Code of 1986, as amended, as a result of a payment in connection with a change in control is entitled to receive an additional payment in an amount equal to the excise tax, interest on the excise tax amount and any penalties related to the excise tax payment imposed. Under the Dynegy Inc. Restoration Pension Plan and Restoration 401(k) Savings Plan, which are nonqualified supplemental executive retirement plans, participants, including all executives, fully vest in their benefits under the plans to the extent not already vested upon a change in control. However, all current participants under the plans are already fully vested based on their years of service, so a change in control will not alter their vesting under the plans.

Table of Contents

The following table sets forth the estimated total payouts (excluding any effect related to long-term incentive awards discussed above) to our executive officers following a change in control transaction assuming each such executive's employment is involuntarily terminated as contemplated by the change in control agreements:

- (1) Amounts reflected assume no increase in salaries or changes in rates and coverage regarding medical, dental, vision and life insurance benefits and the executive's termination occurs on April 1, 2011. As described below, no discussions have occurred between any members of the Company's current management team and representatives of Offeror, Merger Sub or their affiliates regarding continuing employment of our executive officers or any termination thereof.

Receipt of the cash severance payment and other severance benefits under the Change in Control Plan is subject to forfeiture if the executive materially breaches his or her confidentiality and non-disparagement agreement and is further subject to the executive's execution of a general release of claims in favor of the Company.

Deferred Compensation Plan

Mr. Lednický is the only named executive officer with a balance in our suspended non-qualified executive deferred compensation plan. This plan provides that, upon a change in control, participants fully vest in their employer contributions under the plan to the extent not already vested. However, Mr. Lednický is already fully vested based on his years of service, so a change in control will not alter his vesting under the plan.

Indemnification; Directors and Officers Insurance

The Company's directors and officers are entitled under the Merger Agreement to continued indemnification, advancement of expenses and director and officer insurance coverage. For additional information regarding these arrangements, see "The Merger Agreement Indemnification; Directors and Officers Insurance" in the Offer to Purchase.

Employment Agreements

The Company maintains a philosophy of employing executives without employment agreements and believes that the compensation, severance and benefit plans offered to eligible officers provide appropriate reward opportunities and benefits for the Company's executive officers.

Arrangements with the Surviving Corporation

The Merger Agreement provides that the officers of the Company immediately prior to the effective time of the Merger will, from and after the effective time of the Merger, be the officers of the Surviving Corporation until their successors have been duly elected or appointed and qualified or until their earlier death, resignation or removal in accordance with the organizational documents of the Surviving Corporation.

Table of Contents

As of the date of this Statement, no members of the Company's current management have entered into any agreement, arrangement or understanding with the Offeror, Merger Sub or their affiliates to provide continuing employment with, or the right to convert into or reinvest or participate in the equity of, the Offeror, the Surviving Corporation or any of its subsidiaries. Moreover, as of the date of this Statement, no discussions have occurred between members of the Company's current management and representatives of the Offeror, Merger Sub or their affiliates with respect to any such agreement, arrangement or understanding. Although it is possible that certain members of the Company's current management team will enter into arrangements with the Offeror or its affiliates regarding employment (and severance arrangements) with, and the right to purchase or participate in the equity of, the Offeror (and/or a subsidiary of the Offeror), as of the date of this Statement no discussions have occurred between members of the Company's current management and representatives of the Offeror, Merger Sub or their affiliates regarding any such arrangements, and there can be no assurance that any parties will reach an agreement. Any new arrangements would not become effective until after the Acceleration Time.

ITEM 4. THE SOLICITATION OR RECOMMENDATION. ***Solicitation or Recommendation.***

The Board, at a meeting held on December 14, 2010, acting upon the unanimous recommendation of the Special Committee, has, upon the terms and subject to the conditions set forth in the Merger Agreement, unanimously (i) determined that the Offer and the Merger are fair to, and in the best interests of, the Company and its stockholders, (ii) approved and declared advisable the Merger Agreement, the Offer, the Merger and the other transactions contemplated thereby, and (iii) recommended that the Company's stockholders accept the Offer, tender their Shares into the Offer and, if required by applicable law, adopt the Merger Agreement.

Background and Reasons for the Recommendation

Background of the Offer

The Board and management of the Company have been engaged for over two years in an ongoing review of the Company's operating and strategic opportunities and risks. This review has been conducted against a backdrop of continuing declines in the market prices of natural gas and wholesale electricity. These declines have reduced the outlook for the cash flow that can be expected to be generated by the Company in the next several years, and the Board has not identified any economic or industry factors that create a reasonable basis for believing that the market price declines will reverse in the next several years. The declining cash flow generation capacity of the Company, combined with its high level of indebtedness and the need to incur additional indebtedness to fund operations and required environmental capital expenditures, have led the Board to conclude that the risks of pursuing a standalone business strategy are considerable.

In April 2007, the Company consummated a transaction with LSP Gen Investors, L.P., LS Power Partners, L.P., LS Power Equity Partners PIE I, L.P., LS Power Equity Partners, L.P. and LS Power Associates, L.P. (collectively, LS Power), pursuant to which LS Power contributed certain power generation assets to the Company in exchange for approximately 40% of the Common Stock. The transaction with LS Power was entered into to increase the scale of, and to diversify, the Company's asset base in part to make the Company a more attractive acquisition candidate or merger partner for another merchant generating company or utility company. However, not long after that transaction was completed, natural gas prices began what has been an ongoing decline, and the Company, despite efforts in the spring of 2009 and the spring of 2010, was unable to find a party willing to pursue a business combination with it.

In the spring and summer of 2009, Dynegy engaged in negotiations with LS Power and ultimately agreed to a transaction regarding the purchase by LS Power of (i) the Company's interests in eight power generating project companies and Dynegy Sandy Creek Holdings, LLC and (ii) \$235 million aggregate principal amount of 7.5% Senior Unsecured Notes due 2015 of Dynegy Holdings Inc., a wholly-owned subsidiary of the Company, in exchange for approximately \$970 million in cash (after working capital adjustments made at closing but subject

to post-closing adjustments) and relinquishment of 245 million shares of Class B common stock of the Company held by LS Power. The Company and LS Power entered into a definitive agreement with respect to this transaction in August 2009, and the transaction was completed in December 2009. In connection with the completion of this transaction, various special approval, Board representation and other blocking and governance rights held by LS Power were eliminated.

In April 2010, the Company began preliminary discussions with NRG Energy, Inc. (NRG) regarding a possible acquisition of the Company by NRG. However, in June 2010 NRG advised the Company that it was not interested in acquiring the Company. NRG had been working with The Blackstone Group L.P. (Blackstone) to determine whether Blackstone would be willing to acquire the Company's coal generation assets as part of an acquisition by NRG of all of the Company. When NRG ended discussions with the Company, representatives of Blackstone contacted the Company to see if the Company would be willing to permit Blackstone to attempt to develop a proposal of its own to acquire all of the Company for cash. The Company agreed to do so, and on August 13, 2010, the Company entered into an Agreement and Plan of Merger (as amended on November 16, 2010, the Prior Merger Agreement) with affiliates of Blackstone, pursuant to which the Company would have been acquired and our stockholders would have received \$4.50 per share of Common Stock in cash.

On October 12, 2010 Carl Icahn and certain of his affiliates (collectively, the Icahn Entities) filed a Schedule 13D with the SEC disclosing that the Icahn Entities beneficially owned approximately 9.9% of the Common Stock. The Icahn Entities filed several subsequent amendments to their Schedule 13D, and based on the Icahn Entities' most recent Schedule 13D amendment filed with the SEC as of the date of this Statement, the Icahn Entities beneficially own approximately 14.9% of the Common Stock, including approximately 5% owned through options to acquire Common Stock. The Icahn Entities stated that they intended to vote against approval of the proposal to adopt the Prior Merger Agreement. Another entity, Seneca Capital Investments L.P. and certain of its affiliates (collectively, Seneca), also acquired beneficial ownership of approximately 9.3% of our Common Stock and indicated that they intended to vote against approval of the proposal to adopt the Prior Merger Agreement. Seneca also subsequently solicited proxies in opposition to the proposal to approve the Prior Merger Agreement.

On October 19, 2010, senior management of the Company met with Carl Icahn and other representatives of the Icahn Entities at the Icahn Entities' offices to seek his support for the Prior Merger Agreement. Representatives of Greenhill & Co., LLC, one of the Company's financial advisors (Greenhill), attended the meeting.

On November 12, 2010, the Icahn Entities amended their Schedule 13D to disclose that they intended to vote against approval of the proposal to adopt the Prior Merger Agreement and would demand appraisal rights under Delaware law. In addition, the Icahn Entities indicated that they would consider offering a short-term replacement credit facility if that would mitigate the Company's liquidity concerns. The Company subsequently responded that the Company required a long-term solution rather than a short-term solution provided by the short-term replacement facility offered by the Icahn Entities.

On November 16, 2010, representatives of Blackstone advised senior management of the Company that Blackstone intended to increase the merger consideration to \$5.00 per share of Common Stock in cash. Later that day the Board met and approved an amendment to the Prior Merger Agreement to, among other things, increase the merger consideration. The special meeting of stockholders of the Company that had been called for November 17, 2010 was convened on that date, and in order to provide stockholders of the Company time to consider the price increase, the polls were declared open until 4 p.m., central time, on November 23, 2010, and the meeting was recessed until a half an hour before the polls were to close.

On November 22, 2010, the Board held a meeting. Several members of senior management and representatives from Greenhill, Goldman, Sachs & Co. (Goldman Sachs), and Sullivan & Cromwell LLP, the Company's outside counsel (Sullivan & Cromwell), participated in this meeting. Members of senior management updated the Board with respect to the transaction with Blackstone, the meeting of stockholders of

the Company to consider the Prior Merger Agreement that was scheduled to continue on November 23, 2010, and the alternatives available to the Company in the event that Company stockholders did not approve the Prior Merger Agreement, which at that point seemed highly likely. Members of senior management, representatives from Sullivan & Cromwell and the directors discussed the creation of the Special Committee to be comprised of non-management independent directors to oversee a continuation of the Company's review of strategic alternatives on a basis that would be open to all potential acquirors and to review again the value-creation potential of asset sale and restructuring possibilities. The mandate of the Special Committee included, without limitation, consideration of (i) a possible restructuring of the operations of the Company and its subsidiaries, (ii) possible changes to the capital structure of the Company, including, without limitation, the issuance, repurchase and/or prepayment of indebtedness or equity securities, (iii) a possible sale of a material amount of the assets of the Company, (iv) a possible sale of the Company and (v) any corporate governance matters relating to the foregoing matters or the composition of the Board (collectively, the Strategic Alternatives). At the conclusion of the meeting, and generally at the conclusion of all meetings of the Board described below, the Board held an executive session with only representatives of Sullivan & Cromwell and members of the Board present and then an executive session with only non-executive members of the Board and representatives of Sullivan & Cromwell present.

On November 23, 2010, the Company announced that it intended to immediately commence an open strategic alternatives process to solicit proposals from potentially interested parties, including the Icahn Entities and Seneca, and carefully review its standalone strategic alternatives if the Prior Merger Agreement was not approved by stockholders of the Company, as well as the creation of the Special Committee and the adoption of the Rights Agreement and certain procedural bylaw amendments relating to the calling of meetings of the Board and procedures for action by written consent. The special meeting of stockholders of the Company was reconvened on that day and the Prior Merger Agreement was not approved. The Prior Merger Agreement was then terminated.

On November 23, 2010, following the termination of the Prior Merger Agreement, Mr. Williamson contacted Mr. Carl Icahn to discuss Mr. Icahn's interest in the Company's open strategic alternatives process. Mr. Icahn informed Mr. Williamson that he was potentially interested in exploring a transaction involving the Company.

On November 24, 2010, Mr. Williamson received a call from Mr. Icahn and they discussed Mr. Icahn's interest in the Company's open strategic alternatives process further. Mr. Icahn indicated he would be interested in moving quickly towards determining whether he would be interested in a potential transaction with the Company, and Messrs. Icahn and Williamson agreed to have their respective representatives begin work on a confidentiality agreement that would permit the Icahn Entities to receive certain material non-public information concerning the Company in order to permit them to determine if they wished to make a proposal to acquire the Company.

On November 26, 2010, the Board held a meeting. Several members of senior management and representatives from Sullivan & Cromwell participated in this meeting. Senior management discussed with the Board the parties that would potentially have an interest in a transaction involving the Company and the strategy for contacting such parties during the open strategic alternatives process.

On November 29, 2010, at the direction of the Special Committee, representatives of Greenhill and Goldman Sachs began contacting parties to assess their interest in a potential transaction involving the Company, including those parties that had previously expressed an interest in a transaction with the Company and/or executed a confidentiality agreement with the Company during the go-shop period under the Prior Merger Agreement.

On November 30, 2010, Mr. Williamson, Holli Nichols, Executive Vice President and Chief Financial Officer of the Company, and representatives from Greenhill, Goldman Sachs and Sullivan & Cromwell met with Mr. Icahn and representatives from the Icahn Entities at the Icahn Entities' offices. At that meeting, the parties

Table of Contents

discussed the Company's strategic options in light of the termination of the Prior Merger Agreement as well as the parties entering into a confidentiality agreement. In the following days, representatives from the Icahn Entities, the Company and their respective advisors exchanged drafts of, but did not execute, a confidentiality agreement that also included a standstill agreement that, among other things, restricted the Icahn Entities' ability to buy or sell the Company's securities for a limited period of time.

On December 3, 2010, the Special Committee held a meeting. Mr. Williamson and representatives from Sullivan & Cromwell participated in the meeting. Representatives from Sullivan & Cromwell reviewed with the directors their fiduciary duties under applicable law. Mr. Williamson then updated the Special Committee on the status of discussions with the Icahn Entities regarding the confidentiality agreement as well as a potential structure and terms of a transaction with the Icahn Entities. The Special Committee, Mr. Williamson and representatives from Sullivan & Cromwell discussed the status of discussions with the Icahn Entities as well as the potential structure and terms of a transaction with the Icahn Entities, including terms the Company might seek to make clear its ability to continue to pursue the open strategic review process with minimal impediments. The Special Committee, Mr. Williamson and representatives from Sullivan & Cromwell also discussed the status of the solicitation of interest from potential acquirors, and other matters related to the Company's strategic alternatives process.

Beginning on December 6, 2010, representatives from Greenhill and Goldman commenced sending confidentiality agreements to potential acquirors who had not previously entered into confidentiality agreements with the Company.

On December 7, 2010, representatives from the Icahn Entities and representatives from the Company and Sullivan & Cromwell participated in a teleconference to discuss the confidentiality agreement. Representatives from the Icahn Entities informed representatives from the Company and Sullivan & Cromwell that in connection with entering into the confidentiality agreement, the Icahn Entities would also want the Company to amend the Rights Agreement in order to count shares already beneficially owned by a party launching a tender offer towards the majority of Shares minimum condition in the definition of "Qualifying Offer", count readily marketable securities for purposes of determining if an offer is fully financed, remove the requirement that the funds with respect to funding the offer be segregated and maintained solely for the purpose of funding the offer and remove limitations on the ability of persons who conduct unsuccessful tender offers to conduct subsequent tender offers within one year. During this teleconference, representatives from the parties and their respective advisors also discussed a potential structure and general terms of a transaction between the Icahn Entities and the Company.

On December 8, 2010, Mr. Icahn called Mr. Williamson and informed Mr. Williamson that he had decided that the Company's publicly available information was sufficient for he and his representatives to assess the Company and that the parties should focus their efforts on reaching an agreement with respect to the key terms of a definitive agreement with respect to an acquisition of the Company. Mr. Icahn also informed Mr. Williamson that the price per Share he was considering offering was \$5.50 in cash, and that he was inclined to agree to effect a back-end merger for any Shares not acquired in a first-step tender offer at the same price paid for Shares tendered in the tender offer and to vote and/or tender Shares he owned in support of a higher cash offer in the event he decided not to offer to top such a higher cash offer. Mr. Williamson informed Mr. Icahn that he thought that approach could be a basis for further discussion but that he needed to discuss it with the Special Committee.

On December 9, 2010, the Special Committee held a meeting. Several members of senior management and representatives from Greenhill, Goldman Sachs, and Sullivan & Cromwell participated in this meeting. Mr. Williamson updated the Special Committee regarding the discussions with Mr. Icahn, including Mr. Icahn's then current preference to proceed directly to discussions regarding a transaction involving the Company rather than the confidentiality agreement the parties had been discussing. Mr. Williamson also updated the Special Committee regarding the price of \$5.50 per Share in cash that Mr. Icahn indicated he was considering offering in a transaction, and Mr. Icahn's inclination to agree to effect a back-end merger for any Shares not acquired in a first-step tender offer at the same price paid for Shares tendered in the tender offer and to vote and/or tender Shares he owned in support of a higher cash offer in the event he decided not to offer to top such a higher cash

offer. The Special Committee, Mr. Williamson and representatives from Greenhill, Goldman Sachs, and Sullivan & Cromwell then discussed the proposed terms of a transaction with the Icahn Entities, including the fact that the Icahn Entities were prepared to enter into a definitive agreement with the Company without conducting any due diligence. Representatives from Greenhill and Goldman Sachs were then excused from the meeting, and senior management of the Company then updated the Special Committee on the status of discussions with potential financial advisors regarding an analysis of the Company's restructuring alternatives. Following discussion among the Special Committee, the Special Committee determined that Mr. Williamson should continue discussions with the Icahn Entities regarding a potential transaction and that the Company should provide the Icahn Entities with a proposed merger agreement on the terms discussed with the Special Committee. The Special Committee also instructed members of senior management not to discuss any management retention, post-closing employment or equity investment in a potential transaction with representatives from the Icahn Entities without authorization from the Special Committee, and members of senior management confirmed that no such discussions had taken place. At the conclusion of the meeting, and generally at the conclusion of all meetings of the Special Committee described below, the Special Committee held an executive session with only representatives of Sullivan & Cromwell and members of the Special Committee present. Immediately following the conclusion of the Special Committee meeting, the Board held a meeting. Several members of senior management and representatives from Sullivan & Cromwell participated in this meeting. Representatives from Sullivan & Cromwell discussed with the Board the proposed amendments to the Rights Agreement requested by representatives of Icahn, and following discussion among the Board, the Board authorized senior management of the Company to implement the proposed amendments to the Rights Agreement.

On December 10, 2010, representatives from Sullivan & Cromwell sent representatives of the Icahn Entities a draft Merger Agreement. Later that same day, representatives from the Company and Sullivan & Cromwell attended a meeting with representatives of the Icahn Entities to discuss the draft Merger Agreement. From that day until the Merger Agreement and related documents were executed in the early morning of December 15, 2010, the parties and their respective representatives negotiated the terms of the definitive documents. Significant issues discussed included, but were not limited to, the conditions to closing of the Offer and the Merger, the circumstances under which the Merger Agreement could be terminated and the termination fees that would be payable, the definition of a superior proposal, the circumstances under which the Icahn Entities would be required to vote and/or tender their Shares in favor of a superior proposal, the ability of the Company to continue its standalone restructuring analysis during the pendency of a go-shop period, and the ability of the Icahn Entities to continue the Offer notwithstanding a termination of the Merger Agreement in certain circumstances. Also on December 10, 2010 and on a periodic basis until the Merger Agreement and related documents were executed in the early morning of December 15, 2010, Mr. Williamson negotiated with Mr. Icahn regarding an increase to the \$5.50 per Share in cash offer price.

On December 11, 2010, representatives from Sullivan & Cromwell sent Icahn's representatives a revised draft of the Merger Agreement.

Later on December 11, 2010, the Special Committee held a meeting. Several members of senior management and representatives from Greenhill, Goldman Sachs, and Sullivan & Cromwell participated in this meeting. Representatives from Sullivan & Cromwell reviewed with the directors their fiduciary duties under applicable law. Mr. Williamson updated the Special Committee on the status of discussions with representatives of the Icahn Entities. Senior management reviewed with the Special Committee the Company's updated financial forecasts described in *Item 8. Additional Information - Certain Company Forecasts*. Following discussion among the Special Committee, the Special Committee determined that it could agree to the Icahn Entities' request that the Company postpone the retention of a restructuring financial advisor, which the Icahn Entities objected to as an unnecessary expense, during the pendency of the proposed transaction with the Icahn Entities and instructed senior management and representatives from Greenhill and Goldman Sachs to review restructuring alternatives that may be available to the Company.

On December 12, 2010, the Special Committee and the Board held a joint meeting. Several members of senior management and representatives from Greenhill, Goldman Sachs, and Sullivan & Cromwell participated in this meeting. Mr. Williamson updated the directors regarding the discussions with the Icahn Entities. Mr. Williamson noted that the Icahn Entities and their representatives had not reached agreement with the Company on the circumstances under which the Icahn Entities would be required to vote and/or tender their Shares in favor of a superior proposal. The directors discussed with representatives of Greenhill and Goldman Sachs the impact that various requirements might have on a go-shop process. Representatives from Greenhill and Goldman Sachs and management then reviewed with the directors several potential standalone restructuring alternatives that may be available to the Company. The Special Committee discussed these alternatives with the financial advisors and management and concluded that the restructuring alternatives were not preferable to the Offer and the Merger and that under the circumstances the Special Committee was willing to defer the retention of a restructuring financial advisor during the pendency of a transaction with the Icahn Entities and completion of the open strategic alternatives process. However, the Special Committee also directed senior management to continue to prepare for the possibility that any transaction with the Icahn Entities might not be completed and that the Company might be required to pursue standalone alternatives.

Following the joint meeting of the Special Committee and Board, representatives of the Company, the Icahn Entities and their respective advisors continued discussions regarding the terms of the draft Merger Agreement and the related documents. Representatives of the Icahn Entities informed the Company that the Icahn Entities wanted to require the Company to confirm following the execution of the Merger Agreement that the Company's pension termination liability and environmental capital expenditures and environmental liabilities under applicable law would not exceed certain prescribed amounts. From that day until the Merger Agreement and related documents were executed in the early morning of December 15, 2010, representatives from the Company, the Icahn Entities and their respective advisors negotiated the terms of these requirements.

In the evening of December 14, 2010, the Special Committee held a meeting to discuss the potential transaction with the Icahn Entities, which meeting continued until the early morning (Eastern time) of December 15, 2010. Several members of senior management and representatives from Greenhill, Goldman Sachs and Sullivan & Cromwell participated in this meeting. Representatives from Sullivan & Cromwell reviewed with the directors their fiduciary duties under applicable law, as well as the terms of the draft Merger Agreement, the Stockholder Support Agreement, the Guarantee and amendments to the Rights Agreement. Such amendments would count Shares already beneficially owned by a party launching a tender offer towards the majority of Shares minimum condition in the definition of "Qualifying Offer", count readily marketable securities for purposes of determining if an offer is fully financed, remove the requirement that the funds with respect to funding the offer be segregated and maintained solely for the purpose of funding the offer, remove limitations on the ability of persons who conduct failed tender offers to conduct subsequent tender offers within one year and exempt the Icahn Entities from the applicability of the Rights Agreement with respect to the transactions contemplated by the Merger Agreement and the Support Agreement. Senior management and representatives of Greenhill, Goldman Sachs and Sullivan & Cromwell updated the Special Committee on the status of discussions with the Icahn Entities with respect to the transaction and the transaction documents. In addition to considering the Icahn transaction, the Special Committee also reviewed restructuring alternatives and a commodity sensitivity analysis prepared by the financial advisors along with additional external analysis on the state of natural gas drilling economics in North America. The purpose of this additional analysis was to add commodity price upside potential into the valuation parameters. The conclusion was that the restructuring alternatives for a public stockholder were not likely to be more favorable than the Icahn transaction. Each of Greenhill and Goldman Sachs delivered its oral opinion to the Special Committee and the Board (which was subsequently confirmed by delivery of a written opinion), to the effect that, as of the date of their respective opinions, and based on and subject to various assumptions and limitations described in its written opinion, the \$5.50 in cash per share to be received by, or paid to (as set forth in the applicable written opinion) the holders (excluding the Offeror, Merger Sub and any of their affiliates) of Common Stock pursuant to the Merger Agreement was fair, from a financial point of view, to such holders. Following these discussions, the Special Committee determined that moving

Table of Contents

forward with the terms contained in the draft Merger Agreement with the Offeror and Merger Sub was in the best interests of the Company's stockholders. Thereafter, the Special Committee unanimously recommended that the Board approve and recommend the Merger Agreement and the transactions contemplated thereby, the Support Agreement, the Guarantee and the amendment to the Rights Agreement. Immediately following conclusion of the Special Committee meeting, the Board held a meeting. Several members of senior management and representatives from Greenhill, Goldman Sachs and Sullivan & Cromwell participated in this meeting. The Board, based on the foregoing recommendation of the Special Committee and for the reasons detailed in "Reasons for Recommendation", unanimously (i) determined that the Offer and the Merger are fair to, and in the best interests of, the Company and its stockholders, (ii) approved and declared advisable the Merger Agreement and the transactions contemplated thereby, including the Offer and the Merger, (iii) recommended that holders of Shares accept the Offer, tender their Shares into the Offer, and, if required by applicable law, vote their shares of Common Stock in favor of adoption of the Merger Agreement, (iv) directed that, to the extent required by applicable law, the Merger Agreement be submitted to the holders of shares of Common Stock for their adoption at a stockholders' meeting in accordance with applicable law or regulation (unless the Offeror notifies the Company that it elects to proceed by written consent of stockholders in lieu of a meeting of ssolid #000000">

RISK FACTORS

Investing in the new notes involves substantial risks. Before investing in the new notes, you should carefully consider the following risk factors and the information discussed in Risk Factors in our Annual Report on Form 10-K for the year ended December 31, 2013 and in our quarterly report on Form 10-Q for the quarter ended September 30, 2014, which is incorporated by reference into this prospectus supplement and the accompanying prospectus, as well as the other information included or incorporated by reference into this prospectus supplement and the accompanying prospectus, before making an investment decision. The following is not intended as, and should not be construed as, an exhaustive list of relevant risk factors. There may be other risks that a prospective investor should consider that are relevant to its own particular circumstances or generally.

Risks Related to the Notes

We and our subsidiaries may not be able to generate sufficient cash to service all of our indebtedness, and may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.

Our ability to make scheduled payments on or to refinance our debt obligations depends on our and our subsidiaries' financial condition and operating performance, which is subject to prevailing economic and competitive conditions and to certain financial, business, competitive, legislative, regulatory and other factors beyond our control. As a result, we may not be able to maintain a level of cash flows from operating activities sufficient to permit us to pay the principal and interest on our indebtedness. In addition, because we conduct a significant portion of our operations through our subsidiaries, repayment of our indebtedness is also dependent on the generation of cash flow by our subsidiaries and their ability to make such cash available to us by dividend, debt repayment or otherwise. Our subsidiaries are distinct legal entities and they do not have any obligation to pay amounts due on the notes or to make funds available for that purpose or for other obligations. Pursuant to applicable state limited liability company laws and other laws and regulations, our subsidiaries may not be able to, or may not be permitted to, make distributions to us in order to enable us to make payments in respect of the notes. In the event that we do not receive distributions from our subsidiaries, we may be unable to make required principal and interest payments on our indebtedness.

We cannot assure you that our business will generate sufficient cash flow from operations, or that future borrowings will be available to us under our Revolving Credit Facility in an amount sufficient to enable us to pay our indebtedness, including these notes, or to fund our other liquidity needs. If our cash flows and capital resources are insufficient to fund our debt service obligations, we may be forced to reduce or delay investments and capital expenditures, or to sell assets, seek additional capital or restructure or refinance our indebtedness, including the notes. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations. Our ability to restructure or refinance our debt will depend on the condition of the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. The terms of existing or future debt instruments and the indenture governing the notes may restrict us from adopting some of these alternatives.

The restrictive covenants in our debt instruments may limit our operating flexibility. Our failure to comply with these covenants could result in defaults under our indenture and future debt instruments even though we may be able to meet our debt service obligations.

The instruments governing our indebtedness, including the indentures governing the notes and the 5.75% senior notes due 2017 and our Revolving Credit Facility, impose significant operating and financial restrictions on us. These restrictions significantly limit, among other things, our ability to incur additional indebtedness, pay dividends, repay junior indebtedness, sell assets, make investments, engage in transactions with

affiliates, create

S-8

Table of Contents

liens and engage in certain types of mergers or acquisitions. Our future debt instruments may have similar or more restrictive covenants. These restrictions could limit our ability to obtain future financings, make capital expenditures, withstand a future downturn in our business or the economy in general, or otherwise take advantage of business opportunities that may arise. If we fail to comply with these restrictions, the note holders or lenders under any debt instrument could declare a default under the terms of the relevant indebtedness even though we are able to meet debt service obligations and, because our indebtedness has cross-default and cross-acceleration provisions, could cause all or a substantial portion of our debt to become immediately due and payable.

We cannot assure you that we would have sufficient funds available, or that we would have access to sufficient capital from other sources, to repay any accelerated debt. Even if we could obtain additional financing, we cannot assure you that the terms would be favorable to us. If we default on any future secured debt, the secured creditors could foreclose on their liens. As a result, any event of default could have a material adverse effect on our business and financial condition, and could prevent us from paying amounts due under the notes.

Despite current indebtedness levels, we may still be able to incur substantially more debt, including secured debt, which could further exacerbate the risks we face.

We and our subsidiaries may be able to incur substantial additional indebtedness in the future, including secured indebtedness. The terms of the indentures governing the notes and the 5.75% senior notes due 2017 do not fully prohibit us or our subsidiaries from incurring additional indebtedness. As of September 30, 2014, as adjusted after giving effect to this offering and the use of proceeds therefrom, we had \$439.1 million of available and undrawn borrowings under our Revolving Credit Facility (with an uncommitted option to expand to up to \$600.0 million). If new debt is added to our current debt levels, the related risks that we now face would increase. In addition, the indentures governing the notes and the 5.75% senior notes due 2017 do not prevent us or our subsidiaries from incurring obligations that do not constitute indebtedness under the applicable indenture. A substantial amount of debt we incur in the future could be secured. To the extent we were to secure debt we incur in the future under any credit facility or other debt, your ability to receive payments under the notes will be effectively subordinated to the secured debt, which will have a prior claim on any assets securing the debt, to the extent of the value of those assets, and it is possible that there will be insufficient assets remaining from which claims of the holders of the notes can be satisfied. As of the date of this prospectus supplement, we do not have significant amounts of secured indebtedness.

Because we are a holding company and depend entirely on cash flow from our subsidiaries to meet our obligations, your right to receive payment on the notes will be effectively subordinated to our subsidiaries' obligations.

The notes will be obligations exclusively of Centene Corporation. Our cash flow and our ability to service our debt, including the notes, depends on the earnings of our subsidiaries and on the distribution of earnings, loans or other payments to us by our subsidiaries.

Our subsidiaries are separate and distinct legal entities with no obligations to pay any amounts due on the notes or to provide us with funds for our payment obligations, whether by dividend, distribution, loan or other payments. In addition, the ability of our subsidiaries to make any dividend, distribution, loan or other payment to us is subject to statutory restrictions, regulatory capital requirements and contractual restrictions, including under the 5.75% senior notes due 2017 and our Revolving Credit Facility. Payments to us by our subsidiaries will also be contingent upon our subsidiaries' earnings and their business considerations.

Our right to receive any assets of our subsidiaries upon their bankruptcy, liquidation, dissolution, reorganization or similar proceeding, and therefore your right to participate in those assets, will be structurally subordinated to the claims of those subsidiaries' creditors, including trade creditors. In addition, even if Centene Corporation were a creditor of one or more of our subsidiaries, our rights as a creditor would be

subordinated to

S-9

Table of Contents

any security interest in the assets of those subsidiaries and any debt of our subsidiaries senior to that held by us. As a result, the notes will be effectively subordinated to all liabilities, including medical claims liability, accounts payable and accrued expenses, unearned revenue and other long-term liabilities, of our current or future subsidiaries. Because we depend on the cash flow of our subsidiaries to meet our own obligations, including with respect to the notes, these types of restrictions could impair our ability to make scheduled interest payments on the notes and to pay the principal at maturity. As of September 30, 2014, as adjusted after giving effect to this offering and the use of proceeds therefrom, the notes would have been structurally subordinated to \$2,708.1 million of liabilities outstanding of our subsidiaries, including medical claims liability, accounts payable and accrued expenses, unearned revenue and other long-term liabilities (excluding intercompany liabilities).

In addition, our regulated subsidiaries have historically generated substantially all of our revenues. Our regulated subsidiaries are subject to various state government statutory and regulatory restrictions applicable to insurance companies generally, that limit the amount of dividends, loans and advances and other payments they can make to us. If insurance regulators at any time determine that payment of a dividend or any other payment to us would be detrimental to an insurance subsidiary's policyholders or creditors, because of the financial condition of the insurance subsidiary or otherwise, the regulators may block dividends or other payments to us that would otherwise be permitted without prior approval. Furthermore, if one or more of our regulated subsidiaries becomes insolvent, the regulators may seize its assets to cover its obligations under healthcare policies, which could result in our remaining assets generating insufficient revenue to pay the notes in full or at all.

The indenture governing the notes permits us to sell a substantial amount of our assets without any requirement that the proceeds be used to offer to repurchase the notes.

The indenture governing the notes permits us at any time and from time to time to sell up to 10% of our consolidated assets without any requirement that we repay or reduce commitments of other debt, that we reinvest the proceeds from any such sale in other assets or that we offer to repurchase the notes. As a result, unless we (i) sell more than 10% of our consolidated assets in one transaction or (ii) our aggregate sales result in a sale of all or substantially all of the properties or assets of Centene and its restricted subsidiaries, taken as a whole, and therefore trigger a change of control, we will not be required to offer to repurchase the notes as a result of such asset sales. See [Description of Notes Repurchase at the Option of Holders Asset Sales](#) and [Description of Notes Repurchase at the Option of Holders Change of Control](#).

We may not have the ability to raise the funds necessary to finance the change of control offer required by the indenture.

Upon a change of control, we will be required to offer to repurchase all outstanding notes at 101% of the principal amount thereof plus accrued and unpaid interest to the date of repurchase. However, it is possible that we will not have sufficient funds at the time of the change of control to make the required repurchase of notes or that the restrictions in our Revolving Credit Facility or any other future indebtedness will not allow such repurchases. In order to satisfy our obligations, we could seek to refinance the notes and any other indebtedness then required to be repurchased, or obtain a waiver from the holders of the notes and other affected indebtedness. However, we may not be able to obtain a waiver or effect a refinancing on terms acceptable to us, if at all. Our failure to purchase, or give notice of an offer to purchase, the notes would be a default under the indenture governing the notes. See [Description of Notes Repurchase at Option of Holders](#).

In addition, certain important corporate events, such as leveraged recapitalizations, may not, under the indenture governing the notes, constitute a change of control that would require us to repurchase the notes, notwithstanding the fact that such corporate events could increase the level of our indebtedness or otherwise adversely affect our capital structure, credit ratings or the value of the notes. See [Description of Notes Repurchase at the Option of Holders Change of Control](#).

Table of Contents

The change of control put right might not be enforceable.

The Chancery Court of Delaware has raised the possibility that a change of control put right occurring as a result of a failure to have continuing directors comprising a majority of a board of directors may be unenforceable on public policy grounds. Therefore, in certain circumstances involving a significant change in the composition of our Board of Directors, holders of the notes may not be entitled a change of control put right. See Description of Notes Repurchase at the Option of Holders Change of Control.

If the notes are rated investment grade at any time by either Standard & Poor's or Moody's, certain covenants contained in the indenture will be terminated, and the holders of the notes will lose the protection of these covenants.

The indenture governing the notes contains certain covenants that will be terminated and cease to have any effect from and after the first date when the notes are rated investment grade by either Standard & Poor's or Moody's. See Description of Notes Certain Covenants Covenant Termination. These covenants restrict, among other things, our ability to pay dividends or make other restricted payments, incur additional debt and to enter into certain types of transactions. Because these restrictions would not apply to the notes at any time after the notes have achieved an investment grade rating, the holders of the notes would not be able to prevent us from incurring substantial additional debt, paying dividends or making other restricted payments or entering into certain types of transactions.

No assurance can be given as to the maintenance or liquidity of any trading market for the notes.

We do not intend to apply for listing of the notes on any securities exchange or for quotation of the notes on any automated dealer quotation system. Although we expect the new notes offered hereby will be fungible with the existing notes, for which a trading market currently exists, we cannot guarantee:

that such trading market will be maintained;

the liquidity of any trading market for the notes;

your ability to sell the notes at any time or at all; or

the price at which you would be able to sell the notes.

The liquidity of the trading market, if any, and future trading prices of the notes will depend on many factors, including, among other things, prevailing interest rates, our operating results, financial performance and prospects, the market for similar securities and the overall securities market, and may be adversely affected by unfavorable changes in these factors.

USE OF PROCEEDS

We estimate that the net proceeds of this offering will be approximately \$197.0 million, after deducting underwriting discounts and commissions and estimated expenses of the offering, but including interest accrued from November 15, 2014. We intend to use the net proceeds of this offering to repay approximately \$75.0 million aggregate principal amount of outstanding borrowings under our Revolving Credit Facility and to pay related fees and expenses. The remainder of the proceeds will be used for general corporate purposes, primarily including the funding of statutory capital. Pending such use, the proceeds may be invested temporarily in short-term, interest-bearing, investment-grade securities or similar assets.

In connection with the consummation of this offering, we expect to enter into an interest rate swap agreement pursuant to which the entire aggregate principal amount of the notes offered hereby will be effectively swapped for an equivalent notional amount of floating rate debt.

Interest accrues on outstanding amounts under our Revolving Credit Facility at a rate between 1.50% and 2.50% plus the LIBOR Rate, or at a rate between 0.50% and 1.50% plus the Prime Rate. Our weighted average interest rate on outstanding borrowings under the Revolving Credit Facility at September 30, 2014 was 3.04%. Our Revolving Credit Facility will expire in June 2018. Affiliates of Citigroup Global Markets Inc., Barclays Capital Inc., SunTrust Robinson Humphrey, Inc., Wells Fargo Securities, LLC, Morgan Stanley & Co. LLC, and Regions Securities LLC, each an underwriter of this offering, are lenders under our Revolving Credit Facility and will receive a portion of the offering proceeds pursuant to repayments being made under our Revolving Credit Facility.

DESCRIPTION OF OTHER INDEBTEDNESS

Revolving Credit Facility

On May 21, 2013, we executed a five year, unsecured, \$500.0 million Revolving Credit Facility with various financial institutions and Barclays Bank PLC as administrative agent. Borrowings under our Revolving Credit Facility bear interest based upon LIBOR rates, the Federal Funds Rate or the Prime Rate. We have an uncommitted option to increase our Revolving Credit Facility to up to \$600.0 million. Our Revolving Credit Facility contains non-financial and financial covenants, including requirements of maintaining minimum fixed charge coverage ratios, maximum debt-to-EBITDA ratios and minimum tangible net worth. Our Revolving Credit Facility will expire on (i) June 1, 2018, provided it will mature 90 days prior to the maturity date of the 5.75% senior notes due 2017 if such notes are not refinanced (or extended), certain financial conditions are not met, or the Company does not carry \$100 million of unrestricted cash, or (ii) on an earlier date in the instance of a default as defined therein. As of September 30, 2014, we had \$299.1 million of available and undrawn borrowings under our Revolving Credit Facility. After giving effect to this offering, there will be no amounts outstanding under our Revolving Credit Facility.

5.75% Senior Notes due 2017

In May 2011, we issued \$250.0 million non-callable 5.75% senior notes due 2017 (the 5.75% notes) at a discount to yield 6%. In connection with the May 2011 issuance, we entered into an interest rate swap for a notional amount of \$250.0 million.

In November 2012, we issued an additional \$175.0 million non-callable 5.75% senior notes due 2017 the 2017 add-on notes) at a premium to yield 4.29%. The indenture governing the 5.75% notes and the 2017 add-on notes contains non-financial and financial covenants, including requirements of a minimum fixed charge coverage ratio. Interest is paid semi-annually in June and December. At September 30, 2014, the total net unamortized debt premium on the 5.75% notes and 2017 add-on notes was \$4.7 million.

Letters of Credit & Surety Bonds

We had outstanding letters of credit of \$30.1 million as of September 30, 2014, which were not issued under our Revolving Credit Facility. The Company also had letters of credit for \$60.9 million (valued at the September 30, 2014 conversion rate), or 48 million, representing the Company's proportional share of the letters of credit issued to support the outstanding debt of Ribera Salud S.A., a Spanish health management group and which are issued under our Revolving Credit Facility. Collectively, the letters of credit bore interest at 1.71% as of September 30, 2014. We had outstanding surety bonds of \$144.5 million as of September 30, 2014.

DESCRIPTION OF NOTES

The 4.75% senior notes due 2022 offered hereby, which are referred to herein as the new notes, are an additional issuance of 4.75% senior notes due 2022. The new notes offered hereby will be treated as a single series with and will have the same terms as the \$300,000,000 aggregate principal amount of 4.75% senior notes due 2022, which are referred to herein as the existing notes, originally issued on April 29, 2014 pursuant to the indenture (the indenture), dated April 29, 2014, between Centene and The Bank of New York Mellon Trust Company, N.A., as trustee. Centene will issue the new notes under the indenture, and the new notes and the existing notes will vote as one class under the indenture. As used herein, the term notes refers to both the new notes and the existing notes. This description supplements and, to the extent inconsistent therewith, replaces the descriptions of the general terms and provisions contained in Description of Debt Securities in the accompanying prospectus.

You can find the definitions of certain terms used in this description under the subheading Certain Definitions. In this description, references to *Centene*, *we*, *us* and *our* refer only to Centene Corporation and not to any of its subsidiaries.

The terms of the notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended (the *Trust Indenture Act*).

The following description and the Description of Debt Securities in the accompanying prospectus are a summary of the material provisions of the indenture. It does not restate that agreement in its entirety. We urge you to read the indenture because it, and not this description or the Description of Debt Securities in the accompanying prospectus, defines your rights as holders of the notes. Copies of the indenture are available upon request to Centene at the address indicated under Where You Can Find More Information elsewhere in this prospectus supplement. Certain defined terms used in this description but not defined below under Certain Definitions have the meanings assigned to them in the indenture.

The registered holder of a note will be treated as the owner of it for all purposes. Only registered holders will have rights under the indenture.

Brief Description of the Notes

The Notes

The notes:

will be senior unsecured obligations of Centene;

will be equal in right of payment to all existing and future senior Indebtedness of Centene, including Centene's obligations under the 2017 Notes and the Credit Agreement;

Edgar Filing: DYNEGY INC. - Form SC 14D9

will be effectively subordinate in right of payment to any existing or future secured Indebtedness of Centene to the extent of the value of the assets securing such Indebtedness; and

will be senior in right of payment to any future subordinated Indebtedness of Centene.

None of Centene's subsidiaries will guarantee the notes. As a result, the notes will be structurally subordinated to all Indebtedness and other liabilities (including medical claims liability, accounts payable and accrued expenses, unearned revenue and other long-term liabilities) of Centene's subsidiaries. Any right of Centene to receive assets of any of its subsidiaries upon the subsidiary's liquidation or reorganization (and the consequent right of the holders of the notes to participate in those assets) will be effectively subordinated to the claims of that subsidiary's creditors, except to the extent that Centene is itself recognized as a creditor of the subsidiary, in which case the claims of Centene would still be subordinate in right of payment to any security in the assets of the subsidiary and any indebtedness of the subsidiary senior to that held by Centene.

S-15

Table of Contents

All of Centene's operations are conducted through its subsidiaries. Therefore, Centene's ability to service its Indebtedness, including these notes, is dependent upon the earnings of its subsidiaries and their ability to distribute those earnings as dividends, loans or other payments to Centene. Certain of Centene's subsidiaries are restricted by statute, regulatory capital requirements and certain contractual obligations in their ability to make distributions to Centene. As a result, we may not be able to cause the subsidiaries to distribute sufficient funds to enable us to meet our obligations under the notes. See Risk Factors Risks Related to the Notes Because we are a holding company and depend entirely on cash flow from our subsidiaries to meet our obligations, your right to receive payment on the notes will be effectively subordinated to our subsidiaries obligations.

As of September 30, 2014, as adjusted to give effect to this offering and the use of proceeds therefrom, Centene had approximately \$925.0 million of Senior Debt outstanding and approximately \$91.0 million issued and undrawn letters of credit, and Centene's subsidiaries had approximately \$2,708.1 million of indebtedness and other liabilities outstanding, including medical claims liability, accounts payable and accrued expenses, unearned revenue and other long-term liabilities (excluding intercompany liabilities). In addition, as of September 30, 2014, as adjusted to give effect to this offering and the use of proceeds therefrom, Centene had \$439.1 million of available and undrawn borrowings under the Credit Agreement (with an uncommitted option to increase the commitment under the Credit Agreement to up to \$600.0 million). Of the outstanding letters of credit referenced above, \$60.9 million are issued under the Credit Agreement.

As of the date hereof, all of our direct and indirect subsidiaries are Restricted Subsidiaries. However, under the circumstances described below under the subheading Certain Covenants Designation of Restricted and Unrestricted Subsidiaries, we will be permitted to designate certain of our subsidiaries as Unrestricted Subsidiaries. Our Unrestricted Subsidiaries will not be subject to many of the restrictive covenants in the indenture.

Principal, Maturity and Interest

This offering of \$200.0 million aggregate principal amount of new notes will constitute an additional issuance of the notes. The new notes offered hereby constitute Additional Notes under the indenture. The existing notes, the new notes offered hereby and any Additional Notes subsequently issued under the indenture will be treated as a single class for all purposes under the indenture, including, without limitation, waivers, amendments, redemptions, and offers to purchase. Centene will issue new notes in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The notes will mature on May 15, 2022. Interest on the notes accrues at the rate of 4.75% per annum and is payable semi-annually in arrears on May 15 and November 15 to the holders of record on the immediately preceding May 1 and November 1. Interest payments on the new notes will be paid commencing on May 15, 2015.

Interest on the new notes will be deemed to have accrued from November 15, 2014. After May 15, 2015, interest will accrue from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Methods of Receiving Payments on the Notes

All payments on the notes will be made at the office or agency of the paying agent and registrar within the City and State of New York unless Centene elects to make interest payments by check mailed to the holders at their address set forth in the register of holders.

Paying Agent and Registrar for the Notes

The trustee is currently acting as the paying agent and registrar. Centene may change the paying agent or registrar without prior notice to the holders of the notes, and Centene or any of its Restricted Subsidiaries may act as paying agent or registrar.

S-16

Table of Contents

Transfer and Exchange

A holder may transfer or exchange notes in accordance with the provisions of the indenture. The registrar and the trustee may require a holder to furnish appropriate endorsements and transfer documents in connection with a transfer of notes. Holders will be required to pay all taxes due on transfer. Centene is not required to transfer or exchange any note selected for redemption. Also, Centene is not required to transfer or exchange any note for a period of 15 days before a selection of notes to be redeemed.

Optional Redemption

Except as set forth below, the notes are not redeemable at Centene's option prior to May 15, 2019. At any time prior to May 15, 2019, Centene may redeem all or any portion of the notes, at once or over time, upon notice as described under Selection and Notice, at a redemption price equal to 100% of the principal amount of notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest, if any, to the redemption date (subject to the rights of holders of the notes of record on the relevant record date to receive interest due on an interest payment date falling prior to the redemption date).

On or after May 15, 2019, Centene may redeem all or any portion of the notes, at once or over time, upon notice as described under Selection and Notice. The notes may be redeemed at the redemption prices set forth below, plus accrued and unpaid interest, if any, to the redemption date (subject to the right of holders of the notes of record on the relevant record date to receive interest due on an interest payment date falling prior to the redemption date). The following prices are for notes redeemed during the 12-month period commencing on May 15 of the years set forth below, and are expressed as percentages of principal amount.

Year	Redemption Price
2019	102.375%
2020	101.188%
2021 and thereafter	100.000%

Any redemption of the notes may, at Centene's discretion, be subject to one or more conditions precedent. In addition, if such redemption or notice is subject to satisfaction of one or more conditions precedent, such notice shall state that, in Centene's discretion, the redemption date may be delayed until such time as any or all of such conditions shall be satisfied (or waived by Centene in its sole discretion), or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied (or waived by Centene in its sole discretion) by the redemption date, or by the redemption date so delayed.

Selection and Notice

If less than all of the notes are to be redeemed at any time, such notes to be redeemed shall be selected in accordance with the operating procedures of DTC.

No notes of \$2,000 or less can be redeemed in part. Notices of redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each holder of notes to be redeemed at its registered address, except that redemption notices may be mailed more

Edgar Filing: DYNEGY INC. - Form SC 14D9

than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the notes or a satisfaction and discharge of the indenture.

If any note is to be redeemed in part only, the notice of redemption that relates to that note will state the portion of the principal amount of that note that is to be redeemed. A new note in principal amount equal to the unredeemed portion of the original note will be issued in the name of the holder of notes upon cancellation of the original note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on notes or portions of them called for redemption.

The Trustee shall not be responsible for any actions taken or not taken by DTC.

Mandatory Redemption

Centene is not required to make mandatory redemption or sinking fund payments with respect to the notes. However, under certain circumstances, Centene may be required to offer to purchase notes as described under Repurchase at the Option of Holders Change of Control and Repurchase at the Option of Holders Asset Sales. Centene may at any time and from time to time purchase notes in the open market or otherwise.

Repurchase at the Option of Holders

Change of Control

Upon the occurrence of a Change of Control, each holder of notes will have the right to require Centene to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of that holder's notes pursuant to the offer described below (the *Change of Control Offer*) on the terms set forth in the indenture. In the Change of Control Offer, Centene will offer a payment in cash (the *Change of Control Payment*) equal to 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest, if any, on the notes repurchased, to the date of purchase (subject to the right of holders of record on the relevant record date to receive interest due on an interest payment date falling prior to the date of purchase).

Within 30 days following the date upon which the Change of Control occurred Centene will mail a notice to each holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase notes on the Change of Control payment date specified in the notice (the *Change of Control Payment Date*), which date will be no earlier than 30 days and no later than 60 days from the date of such Change of Control, pursuant to the procedures required by the indenture and described in such notice. Centene will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the change of control provisions of the indenture, Centene will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the change of control provisions of the indenture by virtue of such compliance. On the Change of Control Payment Date, Centene will, to the extent lawful:

- (1) accept for payment all notes or portions of notes properly tendered and not withdrawn pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered and not withdrawn; and
- (3) deliver or cause to be delivered to the trustee the notes properly accepted together with an officers' certificate stating the aggregate principal amount of notes or portions of notes being purchased by Centene.

Edgar Filing: DYNEGY INC. - Form SC 14D9

The paying agent will promptly mail to each holder of notes properly tendered the Change of Control Payment for such notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new note equal in principal amount to the unpurchased portion of the notes surrendered, if any; *provided* that each new note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof.

Centene will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

Under clause (4) of the definition of Change of Control, a Change of Control will occur when a majority of Centene's Board of Directors are not Continuing Directors. In a decision in connection with a proxy contest, the Delaware Court of Chancery has held that the occurrence of a change of control under a similar indenture provision may nevertheless be avoided if the existing directors were to approve the slate of new director nominees (who would constitute a majority of the new board) as continuing directors, provided the incumbent

S-18

Table of Contents

directors give their approval in the good faith exercise of their fiduciary duties owed to the corporation and its stockholders. Therefore, in certain circumstances involving a significant change in the composition of Centene's Board of Directors, including in connection with a proxy contest where Centene's Board of Directors does not endorse a dissident slate of directors but approves them as Continuing Directors, holders of the notes may not be entitled to require Centene to make a Change of Control Offer.

The Credit Agreement and the 2017 Notes Indenture provide that certain change of control events with respect to Centene would constitute a default thereunder. Any future credit agreements or other agreements to which Centene becomes a party may contain similar restrictions and provisions. The occurrence of a Change of Control may result in a default under other Indebtedness of Centene and its Subsidiaries, giving the lenders thereunder the right to require Centene to repay obligations outstanding thereunder. Centene's ability to repurchase notes following a Change of Control also may be limited by Centene's then existing resources. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases. Centene's failure to repurchase notes in connection with a Change of Control would result in a Default under the indenture. Such a Default would, in turn, constitute a default under existing debt of Centene and may constitute a default under future debt as well. Centene's obligation to make an offer to repurchase the notes as a result of a Change of Control may be waived or modified at any time prior to the occurrence of such Change of Control with the written consent of the holders of a majority in principal amount of the notes. See Amendment, Supplement and Waiver.

The provisions of the indenture would not necessarily afford holders of the notes protection in the event of a highly leveraged transaction, reorganization, restructuring, merger or similar transaction involving Centene that may adversely affect the holders.

Centene will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by Centene and purchases all notes properly tendered and not withdrawn under the Change of Control Offer. A Change of Control Offer may be made in advance of a Change of Control and may be conditional upon the occurrence of a Change of Control, if a definitive agreement is in place for the Change of Control at the time the Change of Control Offer is made.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of the properties or assets of Centene and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require Centene to repurchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Centene and its Subsidiaries taken as a whole to another Person or group may be uncertain.

Asset Sales

Centene will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

(1) Centene (or the Restricted Subsidiary, as the case may be) receives consideration at the time of the Asset Sale at least equal to the Fair Market Value of the assets sold, leased, transferred, conveyed or otherwise disposed of or Equity Interests of any Restricted Subsidiary of Centene issued, sold, transferred, conveyed or otherwise disposed of as determined in good faith by Centene's management;

Edgar Filing: DYNEGY INC. - Form SC 14D9

(2) at least 75% of the consideration received in the Asset Sale by Centene or such Restricted Subsidiary is in the form of cash or Cash Equivalents. For purposes of this clause (2), each of the following will be deemed to be cash:

(a) any liabilities, as shown on Centene's or such Restricted Subsidiary's most recent balance sheet prepared in accordance with GAAP, of Centene or any of its Restricted Subsidiaries (other than

S-19

contingent liabilities and liabilities that are by their terms subordinated to the notes) that are assumed by the transferee (or a third party on behalf of the transferee) of any such assets whereby Centene or such Restricted Subsidiary is released from further liability whether specifically agreed by such transferee or third party or by operation of law;

(b) any securities, notes or other obligations received by Centene or any such Restricted Subsidiary from such transferee that are converted by Centene or such Restricted Subsidiary into cash or Cash Equivalents within 180 days, to the extent of the cash or Cash Equivalents received in that conversion; and

(c) any Designated Non-cash Consideration received by Centene or any of its Restricted Subsidiaries in such Asset Sale having an aggregate Fair Market Value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (c) not to exceed 5.0% of the Consolidated Total Assets as of the end of the most recently ended fiscal quarter for which internal financial statements are available prior to the date on which such Designated Non-cash Consideration is received (with the Fair Market Value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value) shall be deemed to be cash for purposes of this paragraph and for no other purpose; and

(3) Centene delivers an officers certificate to the trustee certifying that such Asset Sale complies with the foregoing clauses (1) and (2).

To the extent that the Fair Market Value of any Asset Sale exceeds 10% of Consolidated Total Assets as of the end of the most recently ended fiscal quarter for which internal financial statements are available prior to the date on which such Net Proceeds are received (with the Fair Market Value of each Asset Sale being measured at the time of such Asset Sale), then within 365 days after the receipt of any Net Proceeds from any such Asset Sale, Centene or such Restricted Subsidiary may apply those Net Proceeds (but shall only be required to apply that portion of the Net Proceeds from such Asset Sale that exceeds 10% of Consolidated Total Assets) at its option (or any portion thereof):

(1) to permanently repay Senior Debt of Centene (other than Indebtedness owed to Centene or any Affiliate of Centene) and, if the Senior Debt repaid is revolving credit Indebtedness, to correspondingly reduce commitments with respect thereto;

(2) to acquire all or substantially all of the assets of, or all of the Capital Stock of, another Person engaged in a Permitted Business; or

(3) to acquire other long-term assets or property that are used in a Permitted Business;

provided that a binding commitment to apply Net Proceeds as set forth in clauses (1), (2) and (3) above shall be treated as a permitted application of the Net Proceeds from the date of such commitment so long as Centene or such Restricted Subsidiary enters into such commitment with the good faith expectation that such Net Proceeds will be applied to satisfy such commitment within 180 days of such commitment (an *Acceptable Commitment*) and, in the event any Acceptable Commitment is later cancelled or terminated for any reason before the Net Proceeds are applied in connection therewith, then Centene or such Restricted Subsidiary shall be permitted to apply the Net Proceeds in any manner set forth in clauses (1), (2) and (3) above before the expiration of such 180-day period and, in the event Centene or such Restricted Subsidiary fails to do so, then such Net Proceeds shall constitute Excess Proceeds (as defined below). Pending the final application of any Net Proceeds, Centene may temporarily reduce revolving credit borrowings or otherwise invest the Net Proceeds in any manner that is not prohibited by the indenture.

Any Net Proceeds from Asset Sales that were required to be applied in accordance with the first sentence of the immediately preceding paragraph and that are not so applied or invested as provided in the preceding paragraph will constitute Excess Proceeds. When the aggregate amount of Excess Proceeds exceeds \$40.0 million, within 30 calendar days thereof, Centene will make an Asset Sale Offer to all holders of notes to purchase the maximum principal amount of notes and, if Centene is required to do so under the terms of any

S-20

other Indebtedness that is pari passu with the notes, such other Indebtedness on a pro rata basis with the notes, that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to 100% of principal amount plus accrued and unpaid interest, if any, to the date of purchase, and will be payable in cash. If any Excess Proceeds remain after consummation of the purchase of all properly tendered and not withdrawn notes pursuant to an Asset Sale Offer, Centene may use such remaining Excess Proceeds for any purpose not otherwise prohibited by the indenture. If the aggregate principal amount of notes and other pari passu Indebtedness tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the trustee will select the notes and such other pari passu Indebtedness to be purchased on a pro rata basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds will be reset at zero.

Centene will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with each repurchase of notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the Asset Sale provisions of the indenture, Centene will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Asset Sale provisions of the indenture by virtue of such compliance.

Certain Covenants

Covenant Termination

Following the first day:

- (a) the notes have an Investment Grade Rating; and

- (b) no Default has occurred and is continuing under the indenture;

Centene and its Restricted Subsidiaries shall cease to be subject to the provisions of the indenture summarized under the subheadings below:

Restricted Payments,

Incurrence of Indebtedness and Issuance of Preferred Stock,

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries,

Limitation on Issuances of Guarantees of Indebtedness,

Transactions with Affiliates and

Asset Sales, described above

(collectively, the *Terminated Covenants*). No Default, Event of Default or breach of any kind shall be deemed to exist under the indenture or the notes with respect to the Terminated Covenants based on, and none of Centene or any of its Subsidiaries shall bear any liability for, any actions taken or events occurring after the notes attain an Investment Grade Rating, regardless of whether such actions or event would have been permitted if the applicable Terminated Covenants remained in effect. The Terminated Covenants will not be reinstated even if Centene subsequently does not satisfy the requirements set forth in clauses (a) and (b) above. After the Terminated Covenants have been terminated, Centene and its Restricted Subsidiaries shall remain subject to the provisions of the indenture described above under the caption *Repurchase at the Option of Holders Change of Control* and described under the following subheadings:

Liens,

Merger, Consolidation or Sale of Assets (other than the financial test set forth in clause (4) of that covenant),

Restricted Payments

Centene will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(1) declare or pay any dividend or make any other payment or distribution (A) on account of Centene's or any of its Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in connection with any merger or consolidation involving Centene or any of its Restricted Subsidiaries) or (B) to the direct or indirect holders of Centene's or any Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends, payments or distributions (i) payable in Equity Interests (other than Disqualified Stock) of Centene or (ii) to Centene or a wholly owned Restricted Subsidiary or to all holders of Capital Stock of such Restricted Subsidiary on a pro rata basis);

(2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving Centene) any Equity Interests of Centene or any of its Restricted Subsidiaries (other than any such Equity Interests owned by Centene or any of its Restricted Subsidiaries);

(3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Subordinated Obligations, except a payment of interest or principal at the Stated Maturity thereof; or

(4) make any Restricted Investment (all such payments and other actions set forth in these clauses (1) through (4) above being collectively referred to as Restricted Payments), unless, at the time of and after giving effect to such Restricted Payment:

(a) no Default or Event of Default has occurred and is continuing or would occur as a consequence of such Restricted Payment; and

(b) Centene would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the most recently ended four-quarter period, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described below under the caption Incurrence of Indebtedness and Issuance of Preferred Stock; and

(c) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by Centene and the Restricted Subsidiaries after the Issue Date (excluding Restricted Payments permitted by clauses (2), (3), (5), (6), (7) and (9) of the next succeeding paragraph), is less than the sum, without duplication, of:

(I) 50% of the Consolidated Net Income of Centene for the period (taken as one accounting period) from the beginning of the first full fiscal quarter during which the Issue Date falls to the end of Centene's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit), plus

Edgar Filing: DYNEGY INC. - Form SC 14D9

(II) 100% of the aggregate net cash proceeds and the Fair Market Value of property other than cash received by Centene since the Issue Date as a contribution to its common equity capital or from the issue or sale of Equity Interests of Centene (other than Disqualified Stock) or from the issue or sale of convertible or exchangeable Disqualified Stock or convertible or exchangeable debt securities of Centene, in either case, that have been converted into or exchanged for such Equity Interests of Centene (other than Equity Interests or Disqualified Stock or debt securities sold to a Subsidiary of Centene), plus

(III) to the extent that any Restricted Investment that was made after the Issue Date is sold for cash or otherwise liquidated or repaid for cash, the cash proceeds and Fair Market Value, of property and marketable securities received with respect to such Restricted Investment (less the cost of disposition, if any), plus

S-22

(IV) to the extent any Unrestricted Subsidiary has been redesignated as a Restricted Subsidiary under the terms of the indenture or has been merged, consolidated or amalgamated with or into, or transfers or conveys assets to, or is liquidated into Centene or a Restricted Subsidiary, an amount equal to the Fair Market Value of Centene's and the Restricted Subsidiaries' aggregate Investment in such Unrestricted Subsidiary as of the date of such redesignation, combination or transfer (or of the assets transferred or conveyed, as applicable), plus

(V) \$330.0 million.

So long as no Default or Event of Default has occurred and is continuing or would be caused thereby, the preceding provisions will not prohibit:

(1) the payment of any dividend or consummation of any redemption within 60 days after the date of declaration of the dividend or the giving of a redemption notice related thereto, if at the date of declaration or the giving of a redemption notice related thereto the dividend payment or redemption would have complied with the provisions of the indenture;

(2) the redemption, repurchase, retirement, repayment, defeasance or other acquisition of any Subordinated Obligations of Centene or of any Equity Interests of Centene in exchange for, or out of the net cash proceeds of the substantially concurrent sale (other than to a Restricted Subsidiary of Centene) of, Equity Interests of Centene (other than Disqualified Stock); *provided, however*, that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, retirement, repayment, defeasance or other acquisition will be excluded from clause (c)(II) of the preceding paragraph;

(3) the redemption, repurchase, repayment, retirement, defeasance or other acquisition of any Subordinated Obligations of Centene with the net cash proceeds from an incurrence of Permitted Refinancing Indebtedness; *provided, however*, that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, repayment, retirement, defeasance or other acquisition will be excluded from clause (c)(II) of the preceding paragraph;

(4) the redemption, repurchase or other acquisition or retirement for value of any Equity Interests of Centene or any Restricted Subsidiary of Centene (a) held by any current or former director, officer, employee or consultant (or the estate, heirs, family members, spouse, former spouse, domestic partner or former domestic partner of any of the foregoing) of Centene (or any of its Restricted Subsidiaries) pursuant to any management equity subscription plan or agreement, stock option or stock purchase plan or agreement or employee benefit plan as may be adopted by Centene from time to time or pursuant to any agreement with any director, officer, employee or consultant of Centene or (b) from an employee of Centene upon the termination of such employee's employment with Centene; *provided, however*, that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests in reliance on this clause (4) may not exceed \$15.0 million in any twelve-month period, with any unused amounts in any twelve-month period being carried forward to the next two succeeding twelve-month periods and *provided, further*, that such amount in any twelve-month period may be increased by an amount not to exceed (A) the cash proceeds from the sale of Equity Interests (other than Disqualified Stock) of Centene, in each case to members of management, directors or consultants of Centene, any of its Subsidiaries that occurs after the Issue Date, provided that such cash proceeds utilized for redemptions, repurchases or other acquisitions or retirements will be excluded from clause (c)(II) of the preceding paragraph plus (B) the cash proceeds of key man life insurance policies received by Centene or its Restricted Subsidiaries after the Issue Date (provided that Centene may elect to apply all or any portion of the aggregate increase contemplated by clauses (A) and (B) above in any twelve-month period, it being understood that the forgiveness of any debt by such Person shall not be a Restricted Payment hereunder) less (C) the amount of any Restricted Payments previously made pursuant to clauses (A) and (B) of this clause (4);

(5) repurchases, acquisitions or retirements of Capital Stock of Centene deemed to occur upon the exercise or vesting of stock options, warrants or restricted stock or similar rights under employee benefit plans of Centene or its Subsidiaries if such Capital Stock represents all or a portion of the exercise price thereof or withholding tax thereon;

(6) redemptions of Capital Stock consisting of common stock of Centene, so long as the Total Debt Ratio is no more than 2.25 to 1.0, both as of the date thereof (based on a computation period of the twelve calendar month period most recently ended) and on a pro forma basis after giving effect to such redemption;

(7) cash payments in lieu of the issuance of fractional shares in connection with the exercise of warrants, options or other securities convertible into or exchangeable for Capital Stock of Centene; *provided, however*, that any such cash payment shall not be for the purpose of evading the limitation of the covenant described under this subheading (as determined in good faith by the Board of Directors of Centene);

(8) the repurchase, redemption or other acquisition or retirement for value of any Subordinated Indebtedness or Disqualified Stock pursuant to provisions substantially identical to those described under Repurchase at the Option of Holders Change of Control and Repurchase at the Option of Holders Asset Sales ; *provided* that a Change of Control Offer or Asset Sale Offer, as applicable, has been made and all notes tendered by holders of the notes in connection with a Change of Control Offer or Asset Sale Offer, as applicable, have been repurchased, redeemed or acquired for value;

(9) other Restricted Payments in an aggregate amount, which, when taken together with all other Restricted Payments made pursuant to this clause (9), not to exceed the greater of (x) \$225.0 million and (y) 5.0% of Consolidated Total Assets; and

(10) the payment by Centene of dividends on its common stock in an aggregate annual amount of \$25.0 million.

The amount of all Restricted Payments (other than cash) will be the Fair Market Value on the date of the Restricted Payment of the assets, property or securities proposed to be transferred or issued by Centene or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. If Centene or a Restricted Subsidiary makes a Restricted Payment which at the time of the making of such Restricted Payment would in the good faith determination of Centene be permitted under the provisions of the indenture, such Restricted Payment shall be deemed to have been made in compliance with the indenture notwithstanding any subsequent adjustments made in good faith to Centene financial statements affecting Consolidated Net Income of Centene for any period.

In the event that a Restricted Payment or Permitted Investment meets the criteria of more than one of the types of Restricted Payments described in the above paragraphs of this covenant or Permitted Investments described in the definition thereof, Centene in its sole discretion may divide, classify or from time to time reclassify all or any portion of such Restricted Payment or Permitted Investment in any manner that complies with this covenant and such Restricted Payment or Permitted Investment shall be treated as having been made pursuant only to the clause or clauses of this covenant or of the definition of Permitted Investment to which such Restricted Payment or Permitted Investment has been classified or reclassified.

Incurrence of Indebtedness and Issuance of Preferred Stock

Edgar Filing: DYNEGY INC. - Form SC 14D9

Centene will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, Guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, *incur*) any Indebtedness (including Acquired Debt), and Centene will not issue any Disqualified Stock and will not permit any of its Restricted Subsidiaries to issue any shares of preferred stock (including Disqualified Stock) other than to Centene; *provided, however*, that Centene may incur Indebtedness (including Acquired Debt) or issue Disqualified Stock and any Guarantor may incur Indebtedness (including Acquired Debt), if the Fixed Charge Coverage Ratio for Centene's most recently ended four full fiscal quarters

for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is incurred or such Disqualified Stock is issued would have been at least 2.0 to 1.0, determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred or the preferred stock or Disqualified Stock had been issued, as the case may be, at the beginning of such four-quarter period.

So long as no Default shall have occurred or be continuing or would be caused thereby, the first paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, *Permitted Debt*):

(1) the incurrence by Centene or any Restricted Subsidiary of additional Indebtedness and letters of credit under one or more Credit Facilities; *provided* that the aggregate principal amount of all Indebtedness and letters of credit of Centene and any Guarantors incurred pursuant to this clause (1) (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of Centene and any Restricted Subsidiaries thereunder) does not exceed the greater of (x) \$800.0 million and (y) 20.0% of Consolidated Total Assets (less the aggregate principal amount of Indebtedness incurred by Securitization Subsidiaries and then outstanding pursuant to clause (13));

(2) the incurrence by Centene and any of the Restricted Subsidiaries of the Existing Indebtedness after giving effect to the use of proceeds of the notes;

(3) the incurrence by Centene and any of its Restricted Subsidiaries of Indebtedness represented by the notes issued on the Issue Date;

(4) the incurrence by Centene or any of its Restricted Subsidiaries of Indebtedness represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case incurred for the purpose of financing all or any part of the purchase price or cost of construction or improvement of property, plant or equipment used in the business of Centene or such Restricted Subsidiary in an aggregate principal amount, including all Permitted Refinancing Indebtedness incurred to refund, refinance or replace any Indebtedness incurred pursuant to this clause (4), not to exceed the greater of (x) \$100.0 million and (y) 2.5% of Consolidated Total Assets at any time outstanding;

(5) the incurrence by Centene or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to extend, defease, renew, refund, refinance or replace Indebtedness (other than intercompany Indebtedness) that was incurred under the first paragraph of this covenant or clauses (2), (3), (4), or this clause (5) of this paragraph;

(6) the incurrence by Centene or any of its Restricted Subsidiaries of intercompany Indebtedness between or among Centene and any of its Restricted Subsidiaries; *provided, however*, that (i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than Centene or a Restricted Subsidiary and (ii) any subsequent sale or other transfer of any such Indebtedness to a Person that is not either Centene or a Restricted Subsidiary shall be deemed, in each case, to constitute an incurrence of such Indebtedness by Centene or such Restricted Subsidiary, as the case may be, that was not permitted by this clause (6);

(7) Indebtedness arising from agreements of Centene or any of its Restricted Subsidiaries providing for indemnification, adjustment of purchase price, earn out or other similar Obligations, in each case, incurred or assumed in connection with the acquisition or disposition of any business, assets or shares of Capital Stock of a Restricted Subsidiary, other than Guarantees of Indebtedness incurred by any Person acquiring all or any portion of such business, assets or shares of Capital Stock of a Restricted Subsidiary for the purpose of financing such acquisition;

(8) the incurrence of Indebtedness of Centene or any of its Restricted Subsidiaries represented by (a) letters of credit for the account of Centene or any of its Restricted Subsidiaries or (b) other obligations to reimburse third parties pursuant to any surety bond, performance bond or other similar arrangements, which letters of credit or other obligations, as the case may be, are intended to provide security for provider claims, workers' compensation claims, payment obligations in connection with sales tax and insurance or other similar requirements in the ordinary course of business;

S-25

(9) the incurrence by Centene or any of its Restricted Subsidiaries of Hedging Obligations; provided that such Hedging Obligations are related to business transactions of Centene or its Restricted Subsidiaries entered into in the ordinary course of business and are entered into for bona fide hedging purposes (and not for speculative purposes) of Centene or its Restricted Subsidiaries (as determined in good faith by the Board of Directors or senior management of Centene);

(10) the Guarantee by Centene or any of the Restricted Subsidiaries of Indebtedness of Centene or a Restricted Subsidiary that was permitted to be incurred by another provision of this covenant; *provided* that if the Indebtedness being guaranteed is incurred by Centene and is subordinated to the notes, then the Guarantee of such Indebtedness by any of its Restricted Subsidiaries shall be subordinated to the same extent as the Indebtedness guaranteed;

(11) Indebtedness incurred by a Foreign Restricted Subsidiary which, when aggregated with the principal amount of all other Indebtedness incurred pursuant to this clause (11) and then outstanding, does not exceed the greater of (x) \$150.0 million or (y) 3.25% of Centene's Consolidated Total Assets;

(12) Acquired Debt or other Indebtedness, which, in the case of other Indebtedness, is incurred reasonably contemporaneously to finance an acquisition, merger, consolidation or amalgamation; *provided* that after giving effect thereto, (a) Centene would be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test in the first paragraph above, or (b) the Fixed Charge Coverage Ratio for the four full fiscal quarters immediately preceding such incurrence for which internal financial statements are available would be no worse than immediately prior thereto;

(13) Indebtedness incurred by a Securitization Subsidiary in connection with a Qualified Securitization Transaction that is not recourse with respect to Centene and its Restricted Subsidiaries; *provided, however*, that in the event such Securitization Subsidiary ceases to qualify as a Securitization Subsidiary or such Indebtedness becomes recourse to Centene or any of its Restricted Subsidiaries, such Indebtedness will, in each case, be deemed to be, and must be classified by Centene as, incurred at such time (or at the time initially incurred) under one more of the other provisions of this covenant;

(14) the incurrence by Centene or any Restricted Subsidiary of Indebtedness to the extent the proceeds thereof are used to purchase notes pursuant to a Change of Control Offer or to defease or discharge notes in accordance with the terms of the indenture;

(15) the incurrence by Centene or any Restricted Subsidiary of Indebtedness consisting of (a) the financing of insurance premiums or (b) take or pay obligations in supply agreements, in each case in the ordinary course of business;

(16) Real Estate Indebtedness not to exceed in the aggregate at any one time outstanding the greater of (x) \$250.0 million or (y) 5.0% of Centene's Consolidated Total Assets;

(17) Indebtedness in respect of secured or unsecured letters of credit incurred by Centene or any Restricted Subsidiary in an aggregate principal amount not to exceed \$200.0 million;

Edgar Filing: DYNEGY INC. - Form SC 14D9

(18) the incurrence by Centene or any of its Restricted Subsidiaries of additional Indebtedness in an aggregate principal amount (or accreted value, as applicable) at any time outstanding, including all Permitted Refinancing Indebtedness incurred to extend, defease, renew, refund, refinance or replace any Indebtedness incurred pursuant to this clause (18), not to exceed the greater of (x) \$225.0 million and (y) 5.0% of Consolidated Total Assets;

(19) Indebtedness of Centene or any Restricted Subsidiary arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently (except in the case of daylight overdrafts) drawn against insufficient funds; *provided* that such Indebtedness is satisfied within five business days of incurrence; and

(20) Indebtedness of Centene or any Restricted Subsidiary in respect of cash management services entered into in the ordinary course of business and Guarantees of the Obligations of Centene or any Restricted Subsidiary in respect of such indebtedness.

Table of Contents

For purposes of determining compliance with this covenant, in the event that an item of Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (20) above or is entitled to be incurred pursuant to the first paragraph of this covenant, in each case, as of the date of incurrence thereof, Centene shall, in its sole discretion, classify (or later reclassify in whole or in part), or divide (or later redivide in whole or in part) such item of Indebtedness (or any portion thereof) in any manner that complies with this covenant and such Indebtedness will be treated as having been incurred pursuant to such clauses or the first paragraph hereof, as the case may be, designated by Centene. Indebtedness under Credit Facilities outstanding on the date on which the notes are first issued and authenticated under the indenture will at all times be deemed to have been incurred on such date in reliance on the exception provided by clause (1) of the definition of Permitted Debt. The accrual of interest or dividends, the accretion or amortization of original issue discount, the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms, the reclassification of Equity Interests as Indebtedness due to a change in accounting principles, and the payment of dividends on Disqualified Stock in the form of additional shares of the same class of Disqualified Stock will not be deemed to be an incurrence of Indebtedness or an issuance of Disqualified Stock for purposes of this covenant.

Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that Centene or any Restricted Subsidiary may incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in exchange rates or currency values.

The amount of Indebtedness outstanding as of any date shall be (1) the accreted value thereof, in the case of any Indebtedness issued with original issue discount, (2) the principal amount thereof, in the case of any other Indebtedness, (3) in the case of the Guarantee by the specified Person of any indebtedness of any other Person, the maximum liability to which the specified Person may be subject upon the occurrence of the contingency giving rise to the obligation and (4) in the case of Indebtedness of others guaranteed by means of a Lien on any asset of the specified Person, the lesser of (A) the Fair Market Value of such asset on the date on which Indebtedness is required to be determined pursuant to the Indenture and (B) the amount of the Indebtedness so secured.

Centene will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, incur any Indebtedness which by its terms (or by the terms of any agreement governing such Indebtedness) is subordinated to any other Indebtedness of Centene or such Restricted Subsidiary, as the case may be, unless made expressly subordinate to the notes to the same extent and in the same manner as such Indebtedness is subordinated pursuant to subordination provisions that are most favorable to the holders of any other Indebtedness of Centene or such Restricted Subsidiary, as the case may be.

Liens

Centene will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur or assume or otherwise cause or suffer to exist or become effective any consensual Liens of any kind (other than Permitted Liens) against or upon any of their respective properties or assets, now owned or hereafter acquired, or any proceeds, income or profit therefrom or assign or convey any right to receive income therefrom, to secure any Indebtedness of Centene unless prior to, or contemporaneously therewith, the notes are equally and ratably secured by a Lien on such property, assets, proceeds, income or profit; *provided, however*, that if such Indebtedness is expressly subordinated to the notes, the Lien securing such Indebtedness will be subordinated and junior to the Lien securing the notes with the same relative priority as such Indebtedness has with respect to the notes.

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

Centene will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any of its Restricted Subsidiaries to:

Edgar Filing: DYNEGY INC. - Form SC 14D9

(a) pay dividends or make any other distributions on its Capital Stock to Centene or any of its Restricted Subsidiaries, or with respect to any other interest or participation in, or measured by, its profits, or pay any Indebtedness owed to Centene or any of its Restricted Subsidiaries;

(b) make loans or advances to Centene or any of its Restricted Subsidiaries; or

(c) sell, lease or transfer any of its properties or assets to Centene or any of its Restricted Subsidiaries.

However, the preceding restrictions will not apply to encumbrances or restrictions existing under or by reason of:

(1) agreements governing Existing Indebtedness and Credit Facilities (including the Credit Agreement) as in effect on the Issue Date and any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings of those agreements; *provided* that the amendments, modifications, restatements, renewals, increases, supplements, refundings, replacement or refinancings are no more restrictive (as determined in good faith by the Board of Directors or senior management of Centene), taken as a whole, with respect to such dividend and other payment restrictions than those contained in those agreements on the Issue Date;

(2) the indenture and the notes;

(3) applicable law, rule, regulation or order of, or arrangement with, any regulatory body or agency;

(4) any instrument governing Indebtedness or Capital Stock of a Person acquired by Centene or any of its Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Indebtedness or Capital Stock was incurred in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired; provided that, in the case of Indebtedness, such Indebtedness was permitted by the terms of the indenture to be incurred;

(5) restrictions on cash or other deposits or net worth imposed by customers or governmental regulatory bodies or required by insurance, surety or bonding companies, in each case pursuant to contracts entered into in the ordinary course of business of Centene and its Restricted Subsidiaries;

(6) customary non-assignment provisions in leases and other contracts entered into in the ordinary course of business and consistent with industry practices;

(7) purchase money obligations for property acquired in the ordinary course of business that impose restrictions on the property so acquired of the nature described in clause (c) of the preceding paragraph;

(8) any agreement for the sale or other disposition of a Restricted Subsidiary or the assets of a Restricted Subsidiary that restricts distributions by that Restricted Subsidiary pending its sale or other disposition or the sale or other disposition of its assets;

(9) Permitted Refinancing Indebtedness; *provided*, however, that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are not materially more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced (as determined in good faith by the Board of Directors or senior management of Centene);

(10) Liens securing Indebtedness otherwise permitted to be incurred under the provisions of the covenant described above under the caption Liens that limit the right of the debtor to dispose of the assets subject to such Liens; and

(11) provisions with respect to the disposition or distribution of assets or property in joint venture agreements, asset sale agreements, stock sale agreements and other similar agreements entered into in the ordinary course of business, which encumbrance or restriction is applicable only to the assets or property that are the subject of such agreements.

Merger, Consolidation or Sale of Assets

Centene may not, directly or indirectly: (1) consolidate or merge with or into another Person (whether or not Centene is the surviving corporation) or (2) sell, assign, transfer, convey, lease or otherwise dispose of all or substantially all of the properties or assets of Centene in one or more related transactions, to another Person; unless:

(1) either:

(a) Centene is the surviving corporation; or

(b) the Person formed by or surviving any such consolidation or merger (if other than Centene) or to which such sale, assignment, transfer, conveyance or other disposition has been made (the *Surviving Entity*) is a corporation organized or existing under the laws of the United States, any state of the United States or the District of Columbia;

(2) the Surviving Entity expressly assumes pursuant to a supplemental indenture all the Obligations of Centene under the notes and the indenture pursuant to agreements reasonably satisfactory to the trustee;

(3) immediately after giving effect to such transaction no Default or Event of Default shall have occurred and be continuing; and

(4) except with respect to a consolidation or merger of Centene with or into a Restricted Subsidiary, Centene or the Surviving Entity would, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the four full fiscal quarters immediately preceding such transaction for which internal financial statements are available, (a) be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described under the caption *Incurrence of Indebtedness and Issuance of Preferred Stock* above or (b) have a Fixed Charge Coverage Ratio that is no worse than the Fixed Charge Coverage Ratio of Centene for the four full fiscal quarters immediately preceding such transaction for which internal financial statements are available.

For purposes of this covenant, the sale, assignment, transfer, lease, conveyance or other disposition of all or substantially all of the properties or assets of one or more Subsidiaries of Centene, which properties or assets, if held by Centene instead of such Subsidiaries, would constitute all or substantially all of the properties or assets of Centene on a consolidated basis, shall be deemed to be the transfer of all or substantially all of the properties or assets of Centene.

Designation of Restricted and Unrestricted Subsidiaries

Edgar Filing: DYNEGY INC. - Form SC 14D9

The Board of Directors of Centene may designate any of its Restricted Subsidiary to be an Unrestricted Subsidiary if that designation would not cause a Default. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, the aggregate Fair Market Value of all outstanding Investments owned by Centene and its Restricted Subsidiaries in the Subsidiary properly designated will be deemed to be an Investment made as of the time of the designation and will reduce the amount available for Restricted Payments under the first paragraph of the covenant described above under the caption Certain Covenants Restricted Payments or Permitted Investments, as determined by Centene. That designation will only be permitted if the Investment would be permitted at that time and if the Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary. The Board of Directors may redesignate any Unrestricted Subsidiary to be a Restricted Subsidiary if the redesignation would not cause a Default.

Transactions with Affiliates

Centene will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or Guarantee with, or for the benefit of, any Affiliate (each, an *Affiliate Transaction*), unless:

(1) the Affiliate Transaction is on terms that are no less favorable to Centene or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by Centene or such Restricted Subsidiary with an unrelated Person; and

(2) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$50.0 million, the Board of Directors has determined that such Affiliate Transaction complies with this covenant and such Affiliate Transaction has been approved by a majority of the disinterested members of the Board of Directors.

The following items will not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

(1) transactions solely between or among Centene and/or any of its Restricted Subsidiaries or solely among its Restricted Subsidiaries;

(2) issuance or sales of Equity Interests of Centene (other than Disqualified Stock) to Affiliates of Centene;

(3) reasonable and customary directors' fees, indemnification and similar arrangements, consulting fees, employee salaries, bonuses or employment agreements, compensation or employee benefit arrangements and incentive arrangements with any officer, director or employee of Centene or a Restricted Subsidiary entered into in the ordinary course of business;

(4) any payments or other transactions pursuant to the Tax Sharing Agreement;

(5) any Restricted Payments, Permitted Investments or other transactions made in compliance with the covenant described above under the caption Restricted Payments;

(6) loans and advances to non-executive officers and employees of Centene or any of its Restricted Subsidiaries in the ordinary course of business made in accordance with the past practices of Centene or any of its Restricted Subsidiaries;

(7) any agreement as in effect on the Issue Date or any amendment thereto so long as any such amendment is not more disadvantageous to the holders in any material respect than the original agreement as in effect on the Issue Date;

(8) sales or other dispositions of accounts receivable or licensing royalties and related assets to a Securitization Subsidiary in a Qualified Securitization Transaction which are customarily transferred in such a transaction;

(9) any employment agreements, consultant agreements or employee benefit arrangements with any employee, consultant, officer or director of Centene or any of its Restricted Subsidiaries, including under any stock option, stock appreciation right, stock incentive or similar plan, entered into in the ordinary course of business and the transactions pursuant thereto;

(10) any transaction effected as part of a Qualified Securitization Financing;

(11) transactions entered into by a Person prior to the time such Person becomes a Restricted Subsidiary or is merged or consolidated into Centene or a Restricted Subsidiary (provided such transaction is not entered into in contemplation of such event);

(12) transactions in which Centene or any of its Restricted Subsidiaries, as the case may be, delivers to the trustee a letter from an Independent Financial Advisor stating that such transaction is fair to Centene or

such Restricted Subsidiary from a financial point of view or stating that the terms are not materially less favorable to Centene or its relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by Centene or such Restricted Subsidiary with an unrelated Person on an arm's length basis;

(13) (a) transactions with customers, clients, suppliers, landlords, lessors, or purchasers or sellers of goods or services, in each case in the ordinary course of business and otherwise in compliance with the terms of the indenture that are fair to Centene, or are on terms at least as favorable as would reasonably have been entered into at such time with an unaffiliated party (as determined in good faith by the Board of Directors or senior management of Centene) and (b) transactions with joint ventures or Unrestricted Subsidiaries entered into in the ordinary course of business;

(14) transactions with a Person that is an Affiliate of Centene solely because Centene, directly or indirectly, owns Equity Interests in such Person; and

(15) transactions with an Affiliate where the only consideration paid by Centene or any Restricted Subsidiary is Capital Stock of Centene (other than Disqualified Stock).

Limitation on Issuances of Guarantees of Indebtedness

Centene will not permit any of its Restricted Subsidiaries, directly or indirectly, to guarantee or pledge any assets to secure the payment of any other Indebtedness of Centene unless such Restricted Subsidiary simultaneously executes and delivers a supplemental indenture providing for the guarantee of the payment of the notes by such Restricted Subsidiary. The Subsidiary Guarantee will be (1) senior to such Restricted Subsidiary's Guarantee of or pledge to secure such other Indebtedness if such other Indebtedness is subordinated to the notes; or (2) *pari passu* with such Restricted Subsidiary's Guarantee of or pledge to secure such other Indebtedness if such other Indebtedness is not subordinated to the notes.

The Subsidiary Guarantee of a Guarantor will be automatically and unconditionally released:

(1) in connection with any sale or other disposition of all or substantially all of the assets of that Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) Centene or a subsidiary of Centene, if the sale or other disposition does not violate the Asset Sale provisions of the indenture;

(2) in connection with any sale or other disposition of all of the Capital Stock of that Guarantor to a Person that is not (either before or after giving effect to such transaction) Centene or a Subsidiary of Centene, if the sale or other disposition does not violate the indenture, including the Asset Sale provisions of the indenture, and such Guarantor ceases to be a Restricted Subsidiary as a result of such sale or other disposition;

(3) if Centene designates any of its Restricted Subsidiaries that is a Guarantor to be an Unrestricted Subsidiary in accordance with the applicable provisions of the indenture;

(4) upon legal defeasance, covenant defeasance or satisfaction and discharge of the notes as provided below under the captions Legal Defeasance and Covenant Defeasance and Satisfaction and Discharge; or

(5) if such Guarantor is released from the underlying Guarantee of Indebtedness giving rise to the execution of a Subsidiary Guarantee.

The form of Subsidiary Guarantee and the related form of supplemental indenture are attached as exhibits to the indenture. Notwithstanding the foregoing, if Centene guarantees Indebtedness incurred by any of the Restricted Subsidiaries, such Guarantee by Centene will not require any of its Restricted Subsidiaries to provide a Subsidiary Guarantee for the notes.

Payments for Consent

Centene will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any holder of notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the indenture or the notes unless such consideration is offered to be paid and is paid to all holders of the notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

SEC Reports

The indenture provides that whether or not required, so long as the notes are outstanding, Centene will file with the SEC (unless the SEC will not accept such filing), within the time periods specified in the SEC's rules and regulations and deliver to the trustee within 15 days after the filing of the same would be required by the SEC, copies of the quarterly and annual reports and of the information, documents and other reports, if any, which Centene is required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act. The indenture further provides that, notwithstanding that Centene may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, so long as the notes are outstanding Centene will file with the SEC, to the extent permitted, and provide the trustee with such annual reports and such information, documents and other reports specified in Sections 13 and 15(d) of the Exchange Act within the time periods specified in the SEC's rules and regulations. Centene will be deemed to have furnished such reports referred to in this section to the trustee and the holders of the notes if Centene has filed such reports with the SEC via the EDGAR filing system and such reports are publicly available.

Events of Default and Remedies

Each of the following is an Event of Default:

(1) default for 30 consecutive days in the payment when due and payable of interest on the notes;

(2) default in the payment when due and payable of the principal of or premium, if any, on the notes (upon maturity, redemption, required repurchase or otherwise);

(3) failure by Centene or any of its Restricted Subsidiaries to comply with the provisions described under the caption Merger, Consolidation or Sale of Assets;

(4) failure by Centene or any of its Restricted Subsidiaries for 30 consecutive days after notice to comply with the provisions described under the captions Repurchase at the Option of Holders Asset Sales or Repurchase at the Option of Holders Change of Control;

(5) failure by Centene for 120 days after notice to comply with the provisions described under the caption SEC Reports;

(6) failure by Centene or any of its Restricted Subsidiaries for 60 consecutive days after notice to Centene by the trustee or the holders of at least 25% in aggregate principal amount of the notes then outstanding voting as a single class to comply with any of its other covenants or agreements in the indenture or the notes;

(7) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by Centene or any of its Restricted Subsidiaries (or the payment of which is guaranteed by Centene or any of its Restricted Subsidiaries) whether such Indebtedness or Guarantee now exists, or is created after the Issue Date, if that default:

(a) is caused by a failure to pay principal of, or interest or premium, if any, on such Indebtedness prior to the expiration of any applicable grace period (a *Payment Default*); or

Table of Contents

(b) results in the acceleration of such Indebtedness prior to its express maturity, and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$75.0 million or more;

(8) failure by Centene or any of its Restricted Subsidiaries to pay final non-appealable judgments entered by a court or courts of competent jurisdiction aggregating in excess of \$75.0 million, which judgments are not paid, discharged or stayed for a period of 60 days; and

(9) certain events of bankruptcy, insolvency or reorganization described in the indenture with respect to Centene or any Significant Subsidiary or any group of Subsidiaries that, taken together, would constitute a Significant Subsidiary.

In the case of an Event of Default specified in clause (9), with respect to Centene, any Subsidiary that constitutes a Significant Subsidiary or any group of Subsidiaries that, taken together, would constitute a Significant Subsidiary, the principal, premium, if any, and accrued and unpaid interest, if any, of all the outstanding notes shall become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the trustee or the holders of at least 25% in aggregate principal amount of the then outstanding notes may declare the principal, premium, if any, and accrued and unpaid interest, if any, of all the outstanding notes due and payable immediately.

Holders of the notes may not enforce the indenture or the notes except as provided in the indenture. Subject to certain limitations, holders of a majority in principal amount of the then outstanding notes may direct the trustee in its exercise of any trust or power. The trustee may withhold from holders of the notes notice of any continuing Default or Event of Default if it determines that withholding notice is in their interest, except a Default or Event of Default relating to the payment of principal, interest or premium.

The holders of at least a majority in aggregate principal amount of the notes then outstanding by notice to the trustee may on behalf of the holders of all of the notes waive any existing Default or Event of Default and its consequences under the indenture, except a continuing Default or Event of Default in the payment of interest on, or the principal of, the notes, and rescind any acceleration and its consequences with respect to the notes.

Centene is required to deliver to the trustee annually a statement regarding compliance with the indenture. Upon becoming aware of any Default or Event of Default, Centene is required to deliver to the trustee a statement specifying such Default or Event of Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of Centene, as such, will have any liability for any Obligations of Centene under the notes, the indenture, or for any claim based on, in respect of, or by reason of, such Obligations or their creation. Each holder of notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Legal Defeasance and Covenant Defeasance

Centene may, at its option and at any time, elect to have all of its Obligations discharged with respect to the outstanding notes (*Legal Defeasance*) except for:

(1) the rights of holders of outstanding notes to receive payments in respect of the principal of, or interest or premium, if any, on such notes when such payments are due from the trust referred to below;

(2) Centene's Obligations with respect to the notes concerning issuing temporary notes, mutilated, destroyed, lost or stolen notes and the maintenance of an office or agency for payment and money for security payments held in trust;

S-33

Table of Contents

(3) the rights, powers, trusts, duties and immunities of the trustee, and Centene's Obligations in connection therewith; and

(4) the Legal Defeasance and Covenant Defeasance provisions of the indenture.

In addition, Centene may, at its option and at any time, elect to have its Obligations released with respect to certain covenants that are described in the indenture (*Covenant Defeasance*) and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under *Events of Default and Remedies* will no longer constitute an Event of Default with respect to the notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

(1) Centene must irrevocably deposit with the trustee, in trust, for the benefit of the holders of the notes, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, or interest and premium, if any, on the outstanding notes on the Stated Maturity or on the applicable redemption date, as the case may be, and Centene must specify whether the notes are being defeased to maturity or to a particular redemption date;

(2) in the case of Legal Defeasance, Centene must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that (a) Centene has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the Issue Date, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, Centene has delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the holders of the outstanding notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit and the grant of any Lien securing such borrowing);

(5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than the indenture) to which Centene or any of its Subsidiaries is a party or by which Centene or any of its Subsidiaries is bound;

Edgar Filing: DYNEGY INC. - Form SC 14D9

(6) Centene must deliver to the trustee an officers certificate stating that the deposit was not made by Centene with the intent of preferring the holders of notes over the other creditors of Centene with the intent of defeating, hindering, delaying or defrauding creditors of Centene or others; and

(7) Centene must deliver to the trustee an officers certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the indenture or the notes may be amended or supplemented with the consent of the holders of at least a majority in aggregate principal amount of the notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender

offer or exchange offer for, notes), and any existing Default or Event of Default or compliance with any provision of the indenture or the notes may be waived with the consent of the holders of a majority in principal amount of the then outstanding notes (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, notes).

Without the consent of each holder of notes affected, an amendment, supplement or waiver may not (with respect to any notes held by a non-consenting holder):

(1) reduce the principal amount of notes whose holders must consent to an amendment, supplement or waiver;

(2) reduce the principal of or change the Stated Maturity of any note or alter the provisions with respect to the redemption or repurchase of the notes relating to the covenant (and applicable definitions) described under the caption Repurchase at the Option of Holders Change of Control above;

(3) reduce the rate of or change the time for payment of interest on any note;

(4) waive a Default or Event of Default in the payment of principal of, or interest or premium, if any, on the notes (except a rescission of acceleration of the notes by the holders of at least a majority in aggregate principal amount of the then outstanding notes and a waiver of the payment default that resulted from such acceleration);

(5) make any note payable in money other than that stated in the notes;

(6) make any change in the provisions (including applicable definitions) of the indenture relating to waivers of past Defaults or the rights of holders of notes to receive payments of principal of, or interest or premium, if any, on the notes;

(7) waive a redemption or repurchase payment with respect to any note (including a payment required by the provisions described under the caption Repurchase at the Option of Holders above);

(8) make any change in the ranking of the notes in a manner adverse to the holders of the notes; or

(9) make any change in the preceding amendment and waiver provisions.

Notwithstanding the preceding, without the consent of any holder of notes, Centene and the trustee may amend or supplement the indenture or the notes:

(1) to cure any ambiguity, defect or inconsistency;

(2) to provide for uncertificated notes in addition to or in place of certificated notes;

(3) to provide for the assumption of Centene's obligations to holders of notes in the case of a merger or consolidation or sale of all or substantially all of Centene's assets or any other transaction that complies with the indenture;

(4) to make any change that would provide any additional rights or benefits to the holders of notes or that does not adversely affect the legal rights under the indenture of any such holder;

(5) to provide for the issuance of additional notes in accordance with the indenture;

(6) to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act;

(7) to allow any Guarantor to execute a supplemental indenture and/or a Guarantee with respect to the notes;

(8) to evidence and provide the acceptance of the appointment of a successor trustee under the indenture;

(9) to mortgage, pledge, hypothecate or grant a security interest in favor of the trustee for the benefit of the holders of notes as additional security for the payment and performance of Centene's or a Guarantor's Obligations under the indenture in any property or assets;

Table of Contents

(10) to comply with the rules of any applicable securities depository;

(11) to release a Guarantor from its Guarantee pursuant to the terms of the indenture when permitted or required pursuant to the terms of the indenture;

(12) to conform the text of the indenture, the notes or the Guarantees to the corresponding provision of this Description of Notes to the extent that such provision in this Description of Notes was intended to be a substantially verbatim recitation of a provision of the indenture, the notes or the Guarantees; or

(13) to comply with the covenant relating to mergers, consolidations and sales of assets.

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect as to all notes issued thereunder, when:

(1) either:

(a) all notes that have been authenticated, except lost, stolen or destroyed notes that have been replaced or paid and notes for whose payment money has been deposited in trust and thereafter repaid to Centene, have been delivered to the trustee for cancellation; or

(b) all notes that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable or redeemable within one year, and Centene has irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in such amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the notes not delivered to the trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption;

(2) no Default or Event of Default has occurred and is continuing on the date of the deposit or will occur as a result of the deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which Centene is a party or by which Centene is bound;

(3) Centene has paid or caused to be paid all sums payable by it under the indenture; and

(4) Centene has delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the notes at maturity or the redemption date, as the case may be.

In addition, Centene must deliver an officers certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Concerning the Trustee

If the trustee becomes a creditor of Centene, the indenture limits its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest, it must (i) eliminate such conflict within 90 days, (ii) apply to the SEC for permission to continue or (iii) resign.

The holders of a majority in principal amount of the then outstanding notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to certain exceptions. The indenture provides that in case an Event of Default occurs and is continuing, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of notes, unless such holder has offered to the trustee security and indemnity satisfactory to it against any loss, liability or expense.

Book-Entry, Delivery and Form

Except as set forth below, notes will be issued only in registered, global form. Notes will be issued at the closing of this offering only against payment in immediately available funds.

Initially, the notes of will be represented by one or more permanent global notes in registered form without interest coupons (collectively, the *Global Notes*). The Global Notes will be deposited upon issuance with the trustee as custodian for The Depository Trust Company (*DTC*), in New York, New York, and registered in the name of DTC's nominee, Cede & Co., in each case for credit to an account of a direct or indirect participant in DTC as described below. Beneficial interests in the Global Notes may be held through the Euroclear System (*Euroclear*) and Clearstream Banking, S.A. (*Clearstream*) (as indirect participants in DTC).

Except as set forth below, the Global Notes may be transferred, in whole but not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for definitive notes in registered, certificated form (*Certificated Notes*), except in the limited circumstances described below. See **Exchange of Global Notes for Certificated Notes**. In addition, transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. Centene takes no responsibility for these operations and procedures and urges investors to contact the system or their participants directly to discuss these matters.

DTC has advised Centene that DTC is a limited-purpose trust company organized under New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered under the Exchange Act. The DTC was created to hold securities for its participating organizations (collectively, the *Participants*) and to facilitate the clearance and settlement of transactions in those securities among Participants through electronic book-entry changes in accounts of its Participants, thereby

Table of Contents

eliminating the need for physical movement of securities certificates. The Participants include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the *Indirect Participants*). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised Centene that, pursuant to procedures established by it:

(1) upon deposit of the Global Notes, DTC will credit the accounts of Participants designated by the underwriters with portions of the principal amount of the Global Notes; and

(2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interests in the Global Notes).

Investors in the Global Notes who are Participants in DTC's system may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations (including Euroclear and Clearstream) which are Participants in such system. Euroclear and Clearstream may hold interests in the Global Notes on behalf of their participants through customers securities accounts in their respective names on the books of their respective depositories, which are Euroclear Bank S.A./N.V., as operator of Euroclear, and Citibank, N.A., as operator of Clearstream. All interests in a Global Note, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such systems.

The laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such Persons will be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants, the ability of a Person having beneficial interests in a Global Note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of an interest in the Global Notes will not have notes registered in their names, will not receive physical delivery of Certificated Notes and will not be considered the registered owners or holders thereof under the indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any, on a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the indenture. Under the terms of the indenture, Centene and the trustee will treat the Persons in whose names the notes, including the Global Notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, none of Centene, the trustee or any agent of Centene or the trustee has or will have any responsibility or liability for:

Edgar Filing: DYNEGY INC. - Form SC 14D9

(1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interests in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or

(2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

S-55

Table of Contents

DTC has advised Centene that its current practice, at the due date of any payment in respect of securities such as the notes, is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the notes as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or Centene. Neither Centene nor the trustee will be liable for any delay by DTC or any of its Participants in identifying the beneficial owners of the notes, and Centene and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds, and transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures.

Subject to compliance with the transfer restrictions applicable to the notes described herein, cross-market transfers between the Participants in DTC, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

DTC has advised Centene that it will take any action permitted to be taken by a holder of notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the notes, DTC reserves the right to exchange the Global Notes for Certificated Notes and to distribute such notes to its Participants.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. None of Centene, the trustee or any of their respective agents will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for Certificated Notes in minimum denominations of \$2,000 and in integral multiples of \$1,000 in excess thereof, if:

(1) DTC (a) notifies Centene that it is unwilling or unable to continue as depository for the Global Notes or (b) has ceased to be a clearing agency registered under the Exchange Act and in either event Centene fails to appoint a successor depository within 90 days;

Edgar Filing: DYNEGY INC. - Form SC 14D9

(2) Centene in its sole discretion determines that such Global Note shall be exchangeable; or

(3) there has occurred and is continuing an Event of Default and DTC notifies the trustee of its decision to exchange the Global Note for Certificated Notes.

S-56

Table of Contents

Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

Same Day Settlement and Payment

Centene will make payments in respect of the notes represented by the Global Notes (including principal, premium, if any, and interest) by wire transfer of immediately available funds to the accounts specified by the Global Note Holder. Centene will make all payments of principal, interest and premium, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such holder's registered address. The notes represented by the Global Notes are expected to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such notes will, therefore, be required by DTC to be settled in immediately available funds. Centene expects that secondary trading in any Certificated Notes will also be settled in immediately available funds.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Global Note from a Participant in DTC will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the settlement date of DTC. DTC has advised Centene that cash received in Euroclear or Clearstream as a result of sales of interests in a Global Note by or through a Euroclear or Clearstream participant to a Participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the material United States federal income tax consequences of the purchase, ownership, and disposition of the new notes. This summary is generally limited to holders that acquire the new notes pursuant to this offering and hold the new notes as capital assets (generally, property held for investment) for United States federal income tax purposes. This discussion does not describe all of the United States federal income tax consequences that may be relevant to a holder in light of its particular circumstances or to holders subject to special rules, including, without limitation, tax-exempt organizations, holders subject to the United States federal alternative minimum tax, dealers in securities or currencies, financial institutions, insurance companies, regulated investment companies, real estate investment trusts, certain former citizens or residents of the United States, controlled foreign corporations, passive foreign investment companies, partnerships, S corporations or other pass-through entities, U.S. holders (as defined below) whose functional currency is not the United States dollar, and persons that hold the new notes in connection with a straddle, hedging, conversion or other risk-reduction transaction.

The United States federal income tax consequences set forth below are based upon the Code and applicable Treasury regulations, court decisions, and rulings and pronouncements of the IRS, all as in effect on the date hereof, and all of which are subject to change, or differing interpretations at any time with possible retroactive effect. There can be no assurance that the IRS will not challenge one or more of the tax consequences described herein, and we have not sought any ruling from the IRS with respect to statements made and conclusions reached in this discussion, and there can be no assurance that the IRS will agree with such statements and conclusions.

As used herein, the term "U.S. holder" means a beneficial owner of a new note that is for U.S. federal income tax purposes:

an individual citizen or resident alien of the United States;

a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) that is created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust, if a court within the United States is able to exercise primary jurisdiction over its administration and one or more U.S. persons have authority to control all of its substantial decisions, or if the trust has a valid election in effect under applicable Treasury regulations to be treated as a U.S. person.

As used herein, the term "non-U.S. holder" means a beneficial owner of a new note that is neither a U.S. holder nor a partnership or an entity treated as a partnership for U.S. federal income tax purposes.

If a partnership (including any entity treated as a partnership for U.S. federal income tax purposes) is a beneficial owner of a new note, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. A beneficial owner that is a partnership and partners in such a partnership should consult their tax advisors about the U.S. federal income tax consequences of the purchase, ownership and disposition of the new notes.

Edgar Filing: DYNEGY INC. - Form SC 14D9

This summary does not address the tax consequences arising under any state, local, or foreign law. Furthermore, this summary does not consider the effect of the U.S. federal estate or gift tax laws.

Investors considering the purchase of the new notes should consult their own tax advisors with respect to the application of the U.S. federal income tax laws to their particular situation, as well as any tax consequences arising under the U.S. federal estate or gift tax rules or under the laws of any state, local, or foreign taxing jurisdiction or under any applicable tax treaty.

Qualified Reopening

The new notes will be issued with no more than a de minimis amount of original issue discount, and therefore we intend to treat the new notes as issued pursuant to a qualified reopening of our 4.75% senior notes due 2022 initially issued on April 29, 2014 at an issue price of 100.0% of their principal amount (the original notes). For U.S. federal income tax purposes, debt instruments issued in a qualified reopening are deemed to be part of the same issue as the original debt instruments. Under the treatment described in this paragraph, all of the new notes issued pursuant to this prospectus supplement will be deemed to have the same issue date and the same issue price as the original notes for U.S. federal income tax purposes. The remainder of this discussion assumes that the issuance of the new notes offered hereby will be treated as a qualified reopening of the original notes.

Treatment of the New Notes

In certain circumstances, we may be obligated to pay amounts in excess of the stated interest or principal on the new notes, including as described under Description of Notes Optional Redemption, and Description of Notes Repurchase at the Option of Holders Change of Control. Our obligation to pay such excess amounts may cause the IRS to take the position that the new notes are contingent payment debt instruments for U.S. federal income tax purposes. If the IRS is successful in such an assertion, the timing and amount of income included and the character of gain recognized with respect to the new notes may be different from the consequences described herein. Notwithstanding this possibility, we do not believe that the new notes are contingent payment debt instruments, and consequently, we do not intend to treat the new notes as contingent payment debt instruments. Such determination by us is binding on all holders unless a holder discloses its differing position in a statement attached to its timely filed U.S. federal income tax return for the taxable year during which a new note was acquired. The remainder of this discussion assumes that the new notes will not be treated as contingent payment debt instruments for U.S. federal income tax purposes.

Pre-Issuance Accrued Interest

A portion of the price paid for the new notes offered hereby is attributable to interest that accrued prior to the date the new notes offered hereby are purchased (the pre-issuance accrued interest). Because the issue price of the new notes as determined for U.S. federal income tax purposes excludes any pre-issuance accrued interest, a portion of the stated interest payment on May 15, 2015 on the new notes equal to any pre-issuance accrued interest will be treated as a return of such pre-issuance accrued interest and will not be taxable as interest on the new notes.

U.S. Holders

Payments of Interest

Subject to the discussion under Bond Premium below, payments of stated interest on a new note generally will be taxable to a U.S. holder as ordinary interest income at the time such payments are accrued or are received (in accordance with the U.S. holder's regular method of tax accounting).

Bond Premium

Generally, a U.S. holder who purchases a note at a cost greater than the note's stated principal amount will be considered to have purchased the note at a premium, and may elect to amortize the premium as an offset to interest income, using a constant yield method, over the remaining term of the note. In the event a U.S. holder purchases a new note at a premium, special rules may apply (because the new notes may be redeemed by us prior to maturity at a premium) to reduce or eliminate the amount of amortizable bond premium that a U.S. holder may amortize with respect to a new note. The application of these rules to a debt instrument with a make-whole redemption feature, such as the new notes, is unclear. Prospective investors should consult their tax advisors about these special rules, including whether it would be advisable to elect to treat all interest on the new notes as

S-59

Table of Contents

original issue discount, in which case a U.S. holder would not be subject to these special rules. If a U.S. holder makes an election, to amortize the premium such election generally will apply to all debt instruments that such U.S. holder holds at the time of the election, as well as any debt instruments that such U.S. holder subsequently acquires. In addition, a U.S. holder may not revoke the election without the consent of the IRS. If a U.S. holder elects to amortize the premium, such U.S. holder will be required to reduce its tax basis in the new note by the amount of the premium amortized during its holding period. If a U.S. holder does not elect to amortize premium, the amount of premium will be included in such U.S. holder's tax basis in the new note purchased in this offering and, therefore, such premium will decrease the gain or increase the loss that such U.S. holder would otherwise recognize on disposition of the new note.

Market Discount

A new note acquired in the secondary market will be treated as having been acquired with market discount if the adjusted issue price of the new note on the acquisition date exceeds the U.S. holder's initial tax basis (generally, the amount paid for the new note determined without regard to any amount attributable to pre-issuance accrued interest) by more than a statutorily defined de minimis amount. Unless a U.S. holder elects to include market discount in income currently as it accrues, any gain recognized on a sale, taxable exchange, redemption, retirement or other taxable disposition of a new note with market discount will be taxable as ordinary income to the extent of any market discount that accrued while the U.S. holder owned such new note.

Sale, Redemption, Exchange or Other Taxable Disposition of New Notes

Except as discussed above, a U.S. holder will generally recognize gain or loss on the sale, redemption, exchange, or other taxable disposition of a new note, in an amount equal to the difference between (i) the proceeds received by the holder in exchange for such new note (less an amount attributable to any accrued but unpaid interest not previously included in income, which will be treated as a payment of interest for U.S. federal income tax purposes) and (ii) the U.S. holder's adjusted tax basis in the new note. The proceeds received by a U.S. holder will include the amount of any cash and the fair market value of any other property received for the new note. In general, a U.S. holder's adjusted tax basis in a new note will equal the amount paid for the new note (excluding the amount paid for pre-issuance accrued interest that is not taxable when received), decreased by any amortized bond premium. Such gain or loss recognized by a U.S. holder on a disposition of a new note generally will be capital gain or loss and generally will be long-term capital gain or loss if the holder held the new note for more than one year. Under current U.S. federal income tax law, net long-term capital gains of non-corporate U.S. holders (including individuals) are eligible for taxation at preferential rates. The deductibility of capital losses is subject to certain limitations. Prospective investors should consult with their own tax advisors concerning these tax law provisions.

Medicare Tax

Certain U.S. holders who are individuals, estates or trusts are subject to an additional 3.8% tax on all or a portion of their net investment income, which includes, among other things, interest on the new notes and capital gain from the sale or other taxable disposition of the new notes. U.S. holders should consult their tax advisors regarding the effect, if any, of the Medicare tax on their ownership and disposition of the new notes.

Information Reporting and Backup Withholding

Edgar Filing: DYNEGY INC. - Form SC 14D9

Unless a U.S. holder is an exempt recipient, such as a corporation, payments made with respect to the new notes may be subject to information reporting and may also be subject to U.S. federal backup withholding at the applicable rate if a U.S. holder fails to comply with applicable United States information reporting and certification requirements.

Backup withholding is not an additional tax. Any amount withheld from you under the backup withholding rules generally will be allowed as a refund or a credit against your United States federal income tax liability, provided the required information is furnished timely to the IRS.

Non-U.S. Holders

Payments of Interest

Subject to the discussions below concerning backup withholding and FATCA (as defined below), interest paid on a new note by us or our agent to a non-U.S. holder will qualify for the portfolio interest exemption and will not be subject to U.S. federal income tax or withholding tax; provided that such interest income is not effectively connected with a U.S. trade or business of the non-U.S. holder (or, if a tax treaty applies, is not attributable to a U.S. permanent establishment or fixed base maintained by the non-U.S. holder within the United States); and provided that the non-U.S. holder:

does not actually or by attribution own 10% or more of the combined voting power of all classes of our stock entitled to vote;

is not a controlled foreign corporation for U.S. federal income tax purposes that is related to us actually or by attribution through stock ownership;

is not a bank that acquired the new note in consideration for an extension of credit made pursuant to a loan agreement entered into in the ordinary course of business; and

either (a) provides an appropriate Form W-8 (or a suitable substitute form) signed under penalties of perjury that includes the non-U.S. holder's name and address, and certifies as to non-United States status in compliance with applicable law and regulations; or (b) is a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business and provides a statement to us or our agent under penalties of perjury in which it certifies that such a Form W-8 (or a suitable substitute form) has been received by it from the non-U.S. holder or qualifying intermediary and furnishes us or our agent with a copy. The Treasury regulations provide special certification rules for new notes held by a foreign partnership and other intermediaries.

If such non-U.S. holder cannot satisfy the requirements described above, payments of interest made to the non-U.S. holder will be subject to the 30% United States federal tax withholding unless such holder provides us with a properly executed IRS Form W-8 claiming an exemption from (or reduction of) withholding under the benefit of a treaty.

Income Effectively Connected with a Trade or Business within the United States

If interest on a new note is effectively connected with a United States trade or business by a non-U.S. holder and, if a tax treaty applies, is attributable to a United States permanent establishment or fixed base maintained by the non-U.S. holder within the United States, the non-U.S. holder generally will not be subject to withholding if the non-U.S. holder complies with applicable IRS certification requirements (i.e., by delivering a properly executed IRS Form W-8ECI) and generally will be subject to United States federal income tax on a net-income basis at regular graduated rates in the same manner as if the holder were a U.S. holder. In the case of a non-U.S. holder that is a corporation, such effectively connected income also may be subject to the additional branch profits tax, which generally is imposed on a foreign corporation on the deemed repatriation from the United States of effectively connected earnings and profits at a 30% rate (or such lower rate as may be prescribed by an applicable tax treaty).

Sale, Redemption, Exchange or Other Taxable Disposition of New Notes

Subject to the discussions below on back up withholding and FATCA, generally, any gain recognized by a non-U.S. holder on the disposition of a new note will not be subject to United States federal income tax and withholding, unless:

the gain is effectively connected with the conduct of a United States trade or business by the non-U.S. holder (and, if required by an applicable tax treaty, the gain is attributable to a permanent establishment maintained in the United States by the non-U.S. holder); or

S-61

Table of Contents

the non-U.S. holder is an individual who is present in the United States for 183 days or more during the taxable year of that disposition, and certain other conditions are met or the non-U.S. holder is subject to Code provisions applicable to certain United States expatriates.

If you are a non-U.S. holder described in the first bullet point above, you generally will be subject to tax as described above (See Non-U.S. Holders Income Effectively Connected with a Trade or Business within the United States). If you are a non-U.S. holder described in the second bullet point above, you generally will be subject to a flat 30% (or lower applicable treaty rate) U.S. federal income tax on the gain derived from the sale, redemption, exchange, retirement or other disposition, which may be offset by certain U.S. source capital losses. A non-U.S. holder should consult his or her tax advisor regarding the tax consequences of the purchase, ownership and disposition of the new notes.

Information Reporting and Backup Withholding

Non-U.S. holders may be required to comply with certain certification procedures to establish that the holder is not a United States person in order to avoid information reporting and backup withholding.

Backup withholding is not an additional tax. Any amount withheld from you under the backup withholding rules generally will be allowed as a refund or a credit against your United States federal income tax liability, provided the required information is furnished timely to the IRS.

Non-U.S. holders should consult their tax advisors regarding the application of information reporting and backup withholding in their particular situations, the availability of an exemption therefrom, and the procedures for obtaining such an exemption, if available.

Foreign Account Tax Compliance Act

Sections 1471-1474 of the Code (known as FATCA) impose certain due diligence and information reporting requirements, particularly with respect to accounts held through foreign financial institutions. Effective for payments made after June 30, 2014, a 30% U.S. federal withholding tax will apply to interest income from debt obligations of U.S. issuers, and, effective for payments made after December 31, 2016, a 30% U.S. withholding tax will apply on the gross proceeds from a disposition of such obligations, in each case, paid to a foreign financial institution (including in certain instances where such institution is acting as an intermediary), unless such institution enters into an agreement with the U.S. Treasury Department to collect and provide to the Treasury Department substantial information regarding U.S. account holders, including certain account holders that are foreign entities with U.S. owners, with such institution. The 30% U.S. federal withholding tax will also apply to interest income from such obligations and on the gross proceeds from the disposition of such obligations paid to a non-financial foreign entity (including in certain instances where such entity is acting as an intermediary) unless such entity provides the withholding agent with a certification that it does not have any substantial U.S. owners or a certification identifying the direct and indirect substantial U.S. owners of the entity. Under certain circumstances, a holder may be eligible for refunds or credits of such taxes. The United States has entered into (and may enter into more) intergovernmental agreements (IGAs) with foreign governments relating to the implementation of, and information sharing under, FATCA and such IGAs may alter the FATCA reporting and withholding requirements. Obligations outstanding on June 30, 2014 and, pursuant to Treasury regulations, obligations issued after June 30, 2014 that are part of a qualified reopening of a debt offering that was initially offered on or before June 30, 2014, are generally exempt from the reporting and withholding requirements described in this paragraph. Absent any modification that causes the new notes to be treated as having been reissued after June 30, 2014, the new notes will not be subject to the above mentioned reporting and withholding requirements.

Edgar Filing: DYNEGY INC. - Form SC 14D9

Application of this withholding tax does not depend on whether the payment otherwise would be exempt from U.S. federal withholding tax under an exemption described under Section 871(a) for Non-U.S. Holders. In the event that this withholding tax shall be imposed on any payment of interest on, or gross proceeds from the disposition of

redemption of, a note, we have no obligation to pay additional amounts as a consequence thereof or to redeem the new notes before their stated maturity. Investors are urged to consult with their own tax advisors regarding the possible implications of FATCA on their investment in the new notes.

The United States federal income tax summary set forth above is included for general information only and may not be applicable depending upon your particular situation. You should consult your own tax advisors with respect to the tax consequences to you of the purchase of the new notes, and the ownership and disposition of the new notes, including the tax consequences under state, local, foreign and other tax laws and the possible effects of changes in federal or other tax laws.

Table of Contents**UNDERWRITING (CONFLICTS OF INTEREST)**

Subject to the terms and conditions of an underwriting agreement among us and the underwriters, we have agreed to sell to the underwriters, and the underwriters have agreed to purchase from us, the principal amount of the new notes set forth opposite its name in the table below.

Underwriters	Principal Amount
Citigroup Global Markets Inc.	\$
Barclays Capital Inc.	
SunTrust Robinson Humphrey, Inc.	
Wells Fargo Securities, LLC	
Regions Securities LLC	
Morgan Stanley & Co. LLC	
Allen & Company LLC	
 Total	 \$ 200,000,000

The obligations of the underwriters under the underwriting agreement, including their agreement to purchase new notes from us, are several and not joint. The underwriting agreement provides that the underwriters' obligation to purchase the new notes depends on the satisfaction of the conditions contained in the underwriting agreement and that the underwriters will purchase all the new notes if any of them are purchased.

The underwriters initially propose to offer and sell the new notes at the price set forth on the cover page of this prospectus supplement. The underwriters may change such offering price and any other selling terms at any time without notice. The underwriters may offer and sell the new notes through certain of their affiliates.

Indemnification

In the underwriting agreement, we have agreed to indemnify the underwriters against certain liabilities in connection with this offering, including liabilities under the Securities Act, and to contribute to payments that the underwriters may be required to make for those liabilities.

Expenses

We estimate that our share of the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$0.5 million. We have agreed to reimburse the underwriters for their expenses in an amount up to \$40,000 which may be incurred in connection with the review by FINRA of the terms of the new notes offered hereby.

Market for the New Notes

We do not intend to apply for the new notes to be listed on any securities exchange or to arrange for the new notes to be quoted on any quotation system. The new notes will be fungible with the existing notes, for which a trading market currently exists. However, the underwriters are not obligated to maintain such trading market and the market may cease to exist at any time. Accordingly, we cannot give any assurance as to the existence of any market or the liquidity of any market for the notes.

Over-Allotment, Stabilizing and Related Transactions

In connection with this offering, the underwriters may engage in over-allotment, stabilizing transactions, syndicate covering transactions and penalty bids.

Over-allotment involves sales in excess of the offering size, which creates a short position for the underwriters.

S-64

Table of Contents

Stabilizing transactions involve bids to purchase the new notes in the open market for the purpose of pegging, fixing or maintaining the price of the new notes.

Syndicate covering transactions involve purchases of the new notes in the open market after the distribution has been completed in order to cover short positions.

Penalty bids permit the underwriters to reclaim a selling concession from a broker/dealer when the new notes originally sold by such broker/dealer are purchased in a stabilizing or syndicate covering transaction to cover short positions.

Any of these activities may prevent a decline in the market price of the new notes, and may also cause the price of the new notes to be higher than it would otherwise be in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the new notes. In addition, neither we nor any of the underwriters make any representation that we will engage in these transactions or that any transaction, once commenced, will not be discontinued without notice.

Clear Market

We have agreed that, for a period of 90 days from the date hereof, we will not, without the prior written consent of Citigroup Global Markets Inc., Barclays Capital Inc., SunTrust Robinson Humphrey, Inc. and Wells Fargo Securities, LLC, as representatives to the underwriters, directly or indirectly, issue, sell, offer to sell, grant any option for the sale of, or otherwise dispose of, any securities similar to the new notes, or any securities convertible into or exchangeable for the new notes or any such substantially similar securities, except for the new notes sold to the underwriters pursuant to the underwriting agreement.

Other Relationships

The underwriters and certain of their affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. The underwriters and certain of their affiliates have provided and may in the future provide certain financial advisory, investment banking and commercial banking services in the ordinary course of business for us, our subsidiaries and certain of our affiliates, for which they receive customary fees and expense reimbursement. Affiliates of certain of the underwriters are expected to provide us with financial advisory services in connection with, and act as counterparties to, the expected interest rate swap pursuant to which the entire aggregate principal amount of the new notes offered hereby would be effectively swapped for an equivalent notional amount of floating rate debt, for which they will receive customary fees and expense reimbursement. Also, affiliates of Citigroup Global Markets Inc., Barclays Capital Inc., SunTrust Robinson Humphrey, Inc., Wells Fargo Securities, LLC, Morgan Stanley & Co. LLC and Regions Securities LLC, each an underwriter of this offering, are lenders under our Revolving Credit Facility and will receive a portion of the offering proceeds pursuant to the repayment of our Revolving Credit Facility.

In the ordinary course of their various business activities, the underwriters and certain of their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for

their own account and for the accounts of their customers, and such investment and securities activities may involve our or our affiliates securities and/or instruments. If the underwriters or their affiliates have a lending relationship with us, they routinely hedge their credit exposure to us consistent with their customary risk management policies. The underwriters and their affiliates may hedge such exposure by entering into transactions which consist of either the purchase of credit

default swaps or the creation of short positions in our securities or the securities of our affiliates, including the new notes offered hereby. Any such short positions could adversely affect future trading prices of the new notes offered hereby. The underwriters and certain of their affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Conflicts of Interest

Affiliates of Barclays Capital Inc., SunTrust Robinson Humphrey, Inc. and Wells Fargo Securities, LLC each will receive 5% or more of the net proceeds of this offering by reason of the repayment of the outstanding indebtedness under our Revolving Credit Facility, as described under

Use of Proceeds. Accordingly, Barclays Capital Inc., SunTrust Robinson Humphrey, Inc. and Wells Fargo Securities, LLC will be deemed to have a conflict of interest within the meaning of Rule 5121 of FINRA and this offering will be conducted pursuant to the requirements of that rule. Rule 5121 requires that a qualified independent underwriter as defined in Rule 5121(f)(12) participate in the preparation of this prospectus supplement and exercise its usual standard of due diligence with respect thereto. Allen & Company LLC has agreed to act as qualified independent underwriter for this offering and will not receive any additional fees for serving in the capacity. We have agreed to indemnify Allen & Company LLC for certain liabilities, including liabilities under the Securities Act. Pursuant to Rule 5121(c), none of Barclays Capital Inc., SunTrust Robinson Humphrey, Inc. and Wells Fargo Securities, LLC, or any other underwriter that has a conflict of interest pursuant to Rule 5121, is permitted to confirm sales to any account over which they exercise discretionary authority without the specific written approval of the accountholder.

No advertisement, invitation or document relating to the new notes may be issued or may be in the possession of any person for the purpose of the issue, whether in Hong Kong or elsewhere, which is directed at, or the contents of which are likely to be read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to the new notes which are intended to be disposed of only to persons outside Hong Kong or only to professional investors as defined in the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) or any rules made under that Ordinance.

CENTENE CORPORATION

We are a diversified, multi-line healthcare enterprise operating in two segments: Managed Care and Specialty Services. Our Managed Care segment provides health plan coverage to individuals through government subsidized programs, including Medicaid, the State Children's Health Insurance Program (CHIP), Long Term Care (LTC), Foster Care, dual-eligible individuals in Medicare Special Needs Plans and the Supplemental Security Income Program, also known as the Aged, Blind or Disabled Program, or collectively ABD. Beginning in 2014, our Managed Care segment also provides health plan coverage to individuals covered through federally-facilitated and state-based Health Insurance Marketplaces (HIM). Our Specialty Services segment consists of our specialty companies offering diversified healthcare services and products to state programs, correctional facilities, healthcare organizations, employer groups and other commercial organizations, as well as to our own subsidiaries. As of March 31, 2014, Medicaid accounted for 75% of our at-risk membership, while CHIP (also including Foster Care) and ABD (also including Medicare) accounted for 9% and 11%, respectively. Hybrid programs, LTC, HIM and correctional services represent the remaining 5% at-risk membership.

Our at-risk managed care membership totaled approximately 2.9 million as of March 31, 2014. For the year ended December 31, 2013, our premium and service revenues and net earnings from continuing operations attributable to Centene were \$10.5 billion and \$161.2 million, respectively, and our total cash flow from operations was \$382.5 million. For the three months ended March 31, 2014, our premium and service revenues and net earnings from continuing operations attributable to Centene were \$3.4 billion and \$33.8 million, respectively, and our total cash flow from operations was \$252.4 million.

We provide member focused services through locally based staff by assisting in accessing care, coordinating referrals to related health and social services and addressing member concerns and questions. We also provide education and outreach programs to inform and assist members in accessing quality, appropriate healthcare services. We believe our local approach, including member and provider services, enables us to provide accessible, quality, culturally-sensitive healthcare coverage to our communities. Our health management, educational and other initiatives are designed to help members best utilize the healthcare system to ensure they receive appropriate, medically necessary services and effective management of routine, severe and chronic health problems resulting in better health outcomes. We combine our decentralized local approach for care with a centralized infrastructure of support functions such as finance, information systems and claims processing.

Our initial health plan commenced operations in Wisconsin in 1984. We were organized in Wisconsin in 1993 as a holding company for our initial health plan and reincorporated in Delaware in 2001. Our principal executive offices are located at 7700 Forsyth Boulevard, St. Louis, Missouri 63105, and our telephone number is (314) 725-4477. DESCRIPTION OF DEBT SECURITIES

The following description of the terms of our debt securities sets forth general terms that may apply to the debt securities. The particular terms of any debt securities will be described in the prospectus supplement relating to those debt securities. For purposes of this description of debt securities, the terms we, our, ours, and us refer only to Cent Corporation and not to any of its subsidiaries.

The Indentures

The debt securities will be issued in one or more series under an indenture (the Indenture or an indenture), to be entered into between us and The Bank of New York Mellon Trust Company, N.A., as trustee or under the Indenture, dated May 27, 2011, among the Company and The Bank of New York Mellon Trust Company, N.A., relating to the Company's 5.75% Senior Notes due 2017 or the Indenture, dated April 29, 2014, among the Company and The Bank of New York Mellon Trust Company, N.A., relating to the Company's 4.75% Senior Notes due 2022. The statements herein relating to the debt securities and the indentures are summaries and are subject to the detailed provisions of the applicable indenture. The indenture will be subject to and governed by the Trust Indenture Act of 1939 (the Trust Indenture Act). The description below is a summary and does not contain all the information you may find useful. We urge you to read the indenture because it, and not this summary, defines many of your rights as a holder of our debt securities. The form of the indenture has been filed as an exhibit to the registration statement of which this prospectus is a part. Whenever we refer to particular sections or defined terms in an indenture, those sections and definitions are incorporated by reference.

General

The debt securities will be our general obligations. The indenture does not limit the aggregate amount of debt securities which we may issue nor does it limit other debt we may issue. We may issue senior or subordinated debt securities under the indenture up to the aggregate principal amount authorized by our board of directors from time to time. Except as may be described in a prospectus supplement, the indenture will not limit the amount of other secured or unsecured debt that we may incur or issue.

The senior debt securities will rank equally with all our other unsubordinated obligations. Unless otherwise specified in the applicable prospectus supplement, the subordinated debt securities will be subordinated and junior in right of payment to all our present and future senior indebtedness to the extent and in the manner set forth in the indenture. See Subordinated Debt Securities below. The indenture will provide that the debt securities may be issued from time to time in one or more series.

The indenture will place no limitation on the amount of additional secured indebtedness that we may incur. We expect from time to time to incur additional indebtedness constituting secured indebtedness. Our outstanding secured indebtedness would rank senior to our senior unsecured indebtedness to the extent of such security, and our outstanding short- and long-term indebtedness would rank equally with our senior unsecured debt securities.

If this prospectus is being delivered in connection with the offering of a series of senior debt securities, the accompanying prospectus supplement or information incorporated by reference will set forth the approximate amount of secured long-term indebtedness senior to such senior unsecured indebtedness outstanding as of a recent date.

The applicable prospectus supplement relating to the particular series of debt securities will describe specific terms of the debt securities offered thereby, including, where applicable:

the title and any limit on the aggregate principal amount of the debt securities and whether the debt securities will be senior or subordinated;

the price at which we are offering the debt securities, usually expressed as a percentage of the principal amount;

Table of Contents

the date or dates on which the debt securities of a series will be issued, and on which the principal of and any premium on such debt securities, or any installments thereof, will mature or the method of determining such date or dates;

the date or dates from which any interest will accrue or the method of determining such dates;

the date or dates on which any interest will be payable and the applicable record dates;

the place or places where principal of, premium, if any, and interest, if any, on such debt securities, or installments thereof, if any, will be payable;

any of our obligations to redeem, repay, purchase or offer to purchase the debt securities pursuant to any mandatory redemption, sinking fund or analogous provisions or upon other conditions or at the option of the holders of the debt securities and the periods, prices and the other terms and conditions of such redemption or repurchase, in whole or in part;

any of our rights to redeem the debt securities at our option and the periods, prices and the other terms and conditions of such redemption, in whole or in part;

if denominations other than \$1,000 and any integral multiple thereof in the case of debt securities in registered form, or \$1,000 and \$5,000 in the case of debt securities in bearer form, the denominations in which such debt securities will be issued;

the provisions for payment of additional amounts or tax redemptions, if any;

any addition to, or modification or deletion of, any event of default or covenant specified in the indenture with respect to such debt securities;

whether the debt securities of the series shall be issued in whole or in part in certified form;

the designation, if any, of any depositaries, trustees, paying agents, authenticating agents, security registrars or other agents with respect to the debt securities of such series;

if other than the entire principal amount, the portion of the principal amount of debt securities which becomes payable upon a declaration of acceleration of maturity or the method of determining such portion;

in the case of the subordinated debt securities, the subordination provisions pertaining to such debt securities;

material federal income tax considerations, if applicable; and

any other special terms pertaining to such debt securities.

Unless otherwise specified in the applicable prospectus supplement, the debt securities will not be listed on any securities exchange or included in any market.

None of our directors, officers, employees, incorporators, or stockholders, past, present or future, will have any liability with respect to our obligations under the indenture or debt securities.

Original Issue Discount Securities

Debt securities may be sold at a substantial discount below their stated principal amount and may bear no interest or interest at a rate which at the time of issuance is below market rates. Important federal income tax consequences and special considerations applicable to any such debt securities will be described in the applicable prospectus supplement.

Table of Contents

Indexed Securities

If the amount of payments of principal of, and premium, if any, or any interest on, debt securities of any series is determined with reference to any type of index or formula or changes in prices of particular securities or commodities, the federal income tax consequences, specific terms and other information with respect to such debt securities and such index or formula and securities or commodities will be described in the applicable prospectus supplement.

Conversion and Exchange

If any debt securities are convertible into or exchangeable for other securities, the prospectus supplement or term sheet will explain the terms and conditions of the conversion or exchange, including the conversion or exchange price or rate (or the calculation method), the conversion or exchange period (or how the period will be determined), if conversion or exchange will be mandatory or at the option of the holder or us, provisions for adjusting the conversion or exchange price or rate and provisions affecting conversion or exchange in the event of the redemption of the underlying debt securities. These terms may also include provisions under which the number or amount of other securities to be received by the holders of the debt securities upon conversion or exchange would be calculated according to the market price of the other securities as of a time stated in the prospectus supplement or term sheet.

Payment

Unless we specify otherwise in the applicable prospectus supplement, payments in respect of the debt securities will be made at the office or agency office or agency maintained by us in New York, New York. Payment of any installment of interest on debt securities in registered form will be made to the person in whose name such debt security is registered at the close of business on the regular record date for such interest.

Registration, Transfer and Exchange

Unless we specify otherwise in the applicable prospectus supplement, a holder may transfer or exchange debt securities in accordance with the provisions of the indenture. The registrar and the trustee may require a holder to furnish appropriate endorsements and transfer documents in connection with a transfer of debt securities. Holders will be required to pay all taxes due on transfer. We intend to appoint the trustee under the indenture as security registrar with respect to debt securities issued under the indenture.

Consolidation, Merger, Conveyance, Sale of Assets and Other Transfers

Unless we specify otherwise in the applicable prospectus supplement, we may not, directly or indirectly: (1) consolidate or merge with or into another person (whether or not we are the surviving corporation) or (2) sell, assign, transfer, convey, lease or otherwise dispose of all or substantially all of our properties or assets in one or more related transactions, to another person; unless:

(1) either:

(a) we are the surviving corporation; or

(b)

the person formed by or surviving any such consolidation or merger (if other than us) or to which such sale, assignment, transfer, conveyance or other disposition has been made (the Surviving Entity) is a corporation organized or existing under the laws of the United States, any state of the United States or the District of Columbia;

(2) the Surviving Entity expressly assumes pursuant to a supplemental indenture all our obligations under the debt securities and the indenture pursuant to agreements reasonably satisfactory to the trustee;

(3) immediately after giving effect to such transaction no default or event of default shall have occurred and be continuing; and

Table of Contents

For purposes of this covenant, the sale, assignment, transfer, lease, conveyance or other disposition of all or substantially all of the properties or assets of one or more of our subsidiaries, which properties or assets, if held by us instead of such subsidiaries, would constitute all or substantially all of our properties or assets on a consolidated basis, shall be deemed to be the transfer of all or substantially all of our properties or assets.

Modification or Amendment of the Indenture

Unless we specify otherwise in the applicable prospectus supplement, except as provided in the next two succeeding paragraphs, the indenture or the debt securities of any series may be amended or supplemented with the consent of the holders of at least a majority in aggregate principal amount of the debt securities of each Series affected thereby then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, debt securities of any series), and any existing default or event of default or compliance with any provision of the indenture or the debt securities of any series may be waived with the consent of the holders of a majority in principal amount of the then outstanding debt securities of each such series (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, debt securities of any series).

Unless we specify otherwise in the applicable prospectus supplement, without the consent of each holder of debt securities affected, an amendment, supplement or waiver may not (with respect to any debt securities of any series held by a non-consenting holder):

- (1) reduce the principal amount of debt securities whose holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the Stated Maturity of any debt security;
- (3) reduce the rate of or change the time for payment of interest on any debt security;
- (4) waive a default or event of default in the payment of principal of, or interest or premium, if any, on the debt securities of any series (except a rescission of acceleration of the debt securities of any series by the holders of at least a majority in aggregate principal amount of the then outstanding debt securities of any series and a waiver of the payment default that resulted from such acceleration);
- (5) make any debt securities of any series payable in money other than that stated in the debt securities of such series;
- (6) in the case of subordinated debt securities of any series, modify any of the subordination provisions or the definition of senior debt relating to such series in a manner adverse to the holders of such subordinated debt securities;
- (7) make any change in the provisions (including applicable definitions) of the indenture relating to waivers of past defaults or the rights of holders of debt securities of any series to receive payments of principal of, or interest or premium, if any, on the debt securities of such series;
- (8) waive a redemption or repurchase payment with respect to any debt security of any series;
- (9) make any change in the ranking of the debt securities of any series in a manner adverse to the holders of the debt securities of such series; or
- (10) make any change in the preceding amendment and waiver provisions.

Table of Contents

Notwithstanding the preceding and unless we specify otherwise in the applicable prospectus supplement, without the consent of any holder of debt securities, we and the trustee may amend or supplement the indenture or the debt securities of one or more series:

(1) to cure any ambiguity, defect or inconsistency;

(2) to provide for uncertificated debt securities in addition to or in place of certificated debt securities;

(3) to provide for the assumption of our obligations to holders of debt securities in the case of a merger or consolidation or sale of all or substantially all of our assets or any other transaction that complies with the indenture;

(4) to make any change that would provide any additional rights or benefits to the holders of debt securities or that does not adversely affect the legal rights under the indenture of any such holder;

(5) to comply with requirements of the SEC in order to effect or maintain the qualification of the indenture under the Trust Indenture Act;

(6) to allow any guarantor to execute a supplemental indenture and/or a guarantee with respect to the debt securities of any one or more series;

(7) to provide for the issuance of and establish the form and terms and conditions of debt securities as permitted by the indenture;

(8) to add to our covenants such further covenants, restrictions, conditions or provisions as we shall consider to be for the protection of the holders of debt securities, and to make the occurrence, or the occurrence and continuance, of a default in any such additional covenants, restrictions, conditions or provisions an event of default permitting the enforcement of all or any of the several remedies provided in the indenture; provided, that in respect of any such additional covenant, restriction, condition or provision such supplemental indenture may provide for a particular period of grace after default (which period may be shorter or longer than that allowed in the case of other defaults) or may provide for an immediate enforcement upon such an event of default or may limit the remedies available to the trustee upon such an event of default or may limit the right of the holders of a majority in aggregate principal amount of the debt securities to waive such an event of default;

(9) to evidence and provide the acceptance of the appointment of a successor trustee under the indenture with respect to the debt securities and to add to or change any of the provisions of the indenture as shall be necessary to provide for or facilitate the administration of the trusts hereunder by more than one trustee;

(10) to mortgage, pledge, hypothecate or grant a security interest in favor of the trustee for the benefit of the holders of debt securities as additional security for the payment and performance of our or a guarantor's obligations under the indenture in any property or assets;

(11) to add to, change, or eliminate any of the provisions of the indenture in respect of the debt securities, provided that any such addition, change, or elimination (i) will neither (A) apply to any debt security created prior to the execution of such supplemental indenture and entitled to the benefit of such provision nor (B) modify the rights of the holder of any such debt security with respect to such provision or (ii) will become effective only when there is no such debt security outstanding;

(12) to comply with the rules of any applicable securities depository;

Events of Default

Unless we specify otherwise in the applicable prospectus supplement, each of the following is an event of default:

- (1) default for 30 consecutive days in the payment when due and payable of interest on the debt securities of that series;
- (2) default in the payment when due and payable of the principal of or premium, if any, on the debt securities of that series (upon maturity, redemption, required repurchase or otherwise);
- (3) a default in the deposit of any sinking fund payment, when and as due in respect of any debt security of that series;
- (4) failure by us or any of our restricted subsidiaries to comply with the provisions described under the caption Merger, Consolidation or Sale of Assets;
- (5) failure by us for 60 consecutive days after notice to us by the trustee or the holders of at least 25% in aggregate principal amount of the debt securities of that series then outstanding to comply with any of its other covenants or agreements in the indenture or the debt securities of that series (other than a covenant or warranty that has been included in the indenture solely for the benefit of debt securities of a series other than that series);
- (6) certain events of bankruptcy, insolvency or reorganization described in the indenture with respect to us.
- (7) any other event of default provided with respect to debt securities, which is specified in a Board Resolution, a supplemental indenture hereto or an Officers Certificate, in accordance with the terms of the indenture.

In the case of an event of default specified in clause (6), the principal, premium, if any, and accrued and unpaid interest, if any, of all the outstanding debt securities of each such affected series shall become due and payable immediately without further action or notice. If any other event of default occurs and is continuing, then, and in each and every such case, except for any series of debt securities the principal of which shall have already become due and payable the trustee or the holders of at least 25% in aggregate principal amount of the then outstanding debt securities of each such affected series (each such series voting as a separate class) may declare the principal, premium, if any, and accrued and unpaid interest, if any, of all the outstanding debt securities due and payable immediately.

The holders of at least a majority in aggregate principal amount of the debt securities of all series affected thereby, voting as a single class, by notice to the trustee may on behalf of the holders of all of the debt securities of such affected series waive any existing default or event of default and its consequences under the indenture, except a continuing default or event of default in the payment of interest on, or the principal of, the debt securities of such series, and rescind any acceleration and its consequences with respect to the debt securities of such series.

Legal Defeasance and Covenant Defeasance

Unless we specify otherwise in the applicable prospectus supplement, we may, at our option and at any time, elect to have all of our obligations discharged with respect to the outstanding debt securities of any series (Legal Defeasance) except for:

- (1) the rights of holders of outstanding debt securities of such series to receive payments in respect of the principal of, or interest or premium, if any, on such debt securities of such series when such payments are due from the trust referred to below;

(2) our obligations with respect to the debt securities of such series concerning issuing temporary debt securities, mutilated, destroyed, lost or stolen debt securities and the maintenance of an office or agency for payment and money for security payments held in trust;

Table of Contents

- (3) the rights, powers, trusts, duties and immunities of the trustee, and our obligations in connection therewith; and
- (4) the defeasance provisions of the indenture.

In addition, unless we specify otherwise in the applicable prospectus supplement, we may, at our option and at any time, elect to have our obligations released with respect to certain covenants in the indenture as well as any additional covenants for a particular series of debt securities (**Covenant Defeasance**) and thereafter any omission to comply with those covenants will not constitute a default or event of default with respect to the debt securities of such series. In the event **Covenant Defeasance** occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under **Events of Default** will no longer constitute an event of default with respect to the debt securities of a series.

In order to exercise either **Legal Defeasance** or **Covenant Defeasance**:

- (1) we must irrevocably deposit with the trustee, in trust, for the benefit of the holders of the debt securities of such series, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of (including mandatory sinking fund or analogous payments, if any), or interest and premium, if any, on the outstanding debt securities of such series on the Stated Maturity or on the applicable redemption date, as the case may be, and we must specify whether the debt securities of such series are being defeased to maturity or to a particular redemption date;
- (2) in the case of **Legal Defeasance**, we must deliver to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that (a) we have received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the issue Date, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding debt securities of such series will not recognize income, gain or loss for federal income tax purposes as a result of such **Legal Defeasance** and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such **Legal Defeasance** had not occurred;
- (3) in the case of **Covenant Defeasance**, we have delivered to the trustee an opinion of counsel reasonably acceptable to the trustee confirming that the holders of the outstanding debt securities of such series will not recognize income, gain or loss for federal income tax purposes as a result of such **Covenant Defeasance** and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such **Covenant Defeasance** had not occurred;
- (4) no default or event of default has occurred and is continuing with respect to the debt securities of such series on the date of such deposit (other than a default or event of default resulting from the borrowing of funds to be applied to such deposit and the grant of any Lien securing such borrowing);
- (5) such **Legal Defeasance** or **Covenant Defeasance** will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than the indenture) to which we or any of our subsidiaries is a party or by which we or any of our subsidiaries is bound;
- (6) we must deliver to the trustee an officers' certificate stating that the deposit was not made by us with the intent of preferring the holders of such series of debt securities over our other creditors with the intent of defeating, hindering, delaying or defrauding our creditors or others; and

(7) we must deliver to the trustee an officers certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Satisfaction and Discharge

Unless we specify otherwise in the applicable prospectus supplement, the indenture will be discharged and will cease to be of further effect as to all debt securities of any series issued thereunder, when:

(1) either:

(a) all debt securities of any series that have been authenticated, except lost, stolen or destroyed debt securities that have been replaced or paid and debt securities for whose payment money has been deposited in trust and thereafter repaid to us, have been delivered to the trustee for cancellation; or

(b) all debt securities of any series that have not been delivered to the trustee for cancellation have become due and payable by reason of the mailing of a notice of redemption or otherwise or will become due and payable or redeemable within one year, and we have irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for the benefit of the holders, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in such amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire indebtedness on the debt securities of such series not delivered to the trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption;

(2) no default or event of default has occurred and is continuing on the date of the deposit or will occur as a result of the deposit (other than a default or event of default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which we are a party or by which we are bound;

(3) we have paid or caused to be paid all sums payable by it under the indenture; and

(4) we have delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the debt securities of such series at maturity or the redemption date, as the case may be.

In addition, we must deliver an officers' certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Selection and Notice

Unless we specify otherwise in the applicable prospectus supplement, if less than all of the debt securities of a series are to be redeemed at any time, the trustee will select debt securities of the series to be redeemed not more than 60 days before the redemption date therefor in any manner that the trustee in its sole discretion deems fair and appropriate. Unless we specify otherwise in the applicable prospectus supplement, notices of redemption will be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each holder of debt securities to be redeemed at its registered address and if any debt securities in bearer form are outstanding, publish on one occasion a notice in an authorized newspaper, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the debt securities or a satisfaction and discharge of the indenture.

Subordinated Debt Securities

Debt securities of a series may be subordinated to senior indebtedness (as defined in the applicable prospectus supplement) to the extent set forth in the prospectus supplement relating thereto. The debt securities will be structurally subordinated to all indebtedness and other liabilities (including medical claims liability, accounts payable and accrued expenses, unearned revenue and other long-term liabilities) of our subsidiaries. Any right we have to receive assets of any of our subsidiaries upon the subsidiary's liquidation or reorganization (and the consequent right of the holders of the debt securities to participate in those assets) will be effectively subordinated to the claims of that subsidiary's creditors, except to the extent that we are itself recognized as a creditor of the subsidiary, in which case our claims would still be subordinate in right of payment to any security in the assets of the subsidiary and any indebtedness of the subsidiary senior to that held by us.

Replacement of Securities

Unless we specify otherwise in the applicable prospectus supplement, we will replace any mutilated debt security at the expense of the holder upon surrender of the mutilated debt security to the trustee in the circumstances described in the indenture. We will replace debt securities that are destroyed, stolen or lost at the expense of the holder upon delivery to the trustee of evidence of the destruction, loss or theft of the debt securities satisfactory to us and to the trustee in the circumstances described in the indenture. In the case of a destroyed, lost or stolen debt security, an indemnity and/or security satisfactory to the trustee and us, and payment of any taxes, governmental charges or other expenses, may be required from the holder of the debt security before a replacement debt security will be issued.

Governing Law

The laws of the State of New York will govern each indenture and will govern the debt securities.

Regarding the Trustee

If the trustee becomes a creditor of us, the indenture limits its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest, it must (i) eliminate such conflict within 90 days, (ii) apply to the SEC for permission to continue or (iii) resign.

The holders of a majority in principal amount of the then outstanding debt securities will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to certain exceptions. The indenture provides that in case an event of default occurs and is continuing, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of debt securities, unless such holder has offered to the trustee security and indemnity satisfactory to it against any loss, liability or expense.
