Record Date and Share Ownership

Stockholders of record at the close of business on April 18, 2010 (the **Record Date**) are entitled to notice of and to vote at the meeting and at any adjournment(s) thereof. At the Record Date, 8,962,285 shares of the Company's Common Stock, par value \$0.01 per share, were issued and outstanding and held of record by approximately 61 stockholders. At the Record Date, 500,000 shares of the Company's Series A Preferred Stock, par value \$0.01, were issued and outstanding and held of record by three stockholders. Each share of the Company's Series A Preferred Stock entitles the holder thereof to the number of votes equal to the aggregate number of shares of Common Stock issuable upon the conversion of such holder's shares of the Series A Preferred Stock to Common; each share of Series A Preferred Stock is convertible into two shares of Common Stock.

Voting

Each stockholder is entitled to one vote for each share of Common Stock and two votes for each share of Series A Preferred Stock held by such stockholder. Holders of the Company's Common Stock and Series A Preferred Stock are the only security holders of the Company entitled to vote at the Annual Meeting, and shall vote together as one class on each of the proposals presented in this Proxy Statement. The stockholders may not cumulate votes in the election of directors.

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a stockholder of record, you may vote by submitting a proxy. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, trustee or nominee. For instructions on how to vote, please refer to the instructions below and those included on your proxy card or, for shares held beneficially in street name, the voting instructions provided to you by your broker, trustee or nominee.

By mail Stockholders of record of IRIDEX Common Stock or Series A Preferred Stock may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelopes. Proxy cards submitted by mail must be received by the time

of the meeting in order for your shares to

be voted. IRIDEX stockholders who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instructions provided by their brokers, trustees or nominees and mailing them in the accompanying pre-addressed envelopes.

By Internet Stockholders of record of IRIDEX Common Stock or Series A Preferred Stock with Internet access may submit proxies by following the **Vote by Internet** instructions on their proxy cards until 1:00 a.m., Central time, on June 15, 2011. Please check the voting instructions for telephone voting availability.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by (a) delivering to the Company at its principal offices to the attention of the Company's Chief Financial Officer a written notice of revocation or a duly executed proxy bearing a later date or (b) attending the meeting and voting in person.

Solicitation of Proxies

The cost of this solicitation will be borne by the Company. The Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone or other electronic means.

Quorum; Abstentions; Broker Non-Votes

Votes cast by a properly submitted proxy card, or voted by telephone or by using the Internet or in person at the Annual Meeting will be tabulated by the Inspector of Elections (the **Inspector**). Holders of a majority of shares entitled to vote must be present at the meeting or represented by a properly submitted proxy card, or voted by telephone or by using the Internet in order for a quorum to exist. The Inspector will also determine whether or not a quorum is present. Except with respect to the Election of Directors under Proposal One, which will be decided by a plurality vote of the votes duly cast at a duly held meeting at which a quorum is present, the affirmative vote of a majority of the votes duly cast at a duly held meeting at which a quorum is present is required under Delaware law and the Company's Bylaws for approval of all proposals presented to stockholders.

Shares that are timely voted by telephone, the Internet or a properly dated, executed and returned proxy card will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, the shares will be voted (i) FOR the election of the nominees for directors set forth herein; (ii) FOR the ratification of Burr Pilger Mayer, Inc. as the independent registered public accounting firm of the Company for fiscal year 2011 ending December 31, 2011; and (iii) in the proxy holder's discretion, upon such other business as may properly come before the Annual Meeting or any adjournment thereof.

Pursuant to Delaware law, the Inspector will treat shares that are voted **FOR**, **AGAINST**, **WITHHELD** or **ABSTAIN** as being present and entitled to vote for purposes of determining the presence of a quorum and as shares entitled to vote (the **Votes Cast**) on the subject matter at the Annual Meeting with respect to such matter. With respect to broker non-votes, although broker non-votes will be counted for purposes of determining the

presence or absence of a quorum for the transaction of business, broker non-votes will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted and, accordingly, will not affect the determination as to whether the requisite majority of Votes Cast has been obtained with respect to a particular matter.

If you hold your shares through a broker, bank or other nominee and you do not instruct them how to vote, your broker, bank or other nominee may have authority to vote your shares on your behalf.

Deadline for Receipt of Stockholder Proposals to be Presented at the Next Annual Meeting

Stockholders of the Company may submit proposals on matters appropriate for stockholder action at meetings of the Company's stockholders, including nominations for the election of directors, in accordance with Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act). All proposals by any stockholder to be presented at the 2012 Annual Meeting of Stockholders must be received by the Company at its principal executive offices, attention: Secretary, no later than December 31, 2011 and must otherwise be in compliance with applicable laws and regulations in order to be considered for inclusion in the proxy statement and form of proxy relating to that meeting.

In addition, the Company's Bylaws establish an advance notice procedure with regard to certain matters, including stockholder proposals not included in the Company's proxy statement, to be brought before an annual meeting of stockholders. To be properly brought before an annual meeting of stockholders outside the processes of Rule 14a-8, notice of nominations for the election of directors or other business proposals must be delivered in writing to the Secretary of the Company at the principal executive offices of the Company no less than 45 days, nor more than 120 days, prior to the date on which the Company first mailed its proxy materials for the prior year's annual meeting. However, in the event the date of the 2012 Annual Meeting of Stockholders is advanced by more than 30 days or delayed by more than 30 days (other than as a result of adjournment) after the one year anniversary of the 2011 Annual Meeting of Stockholders, notice by the stockholder to be timely must be delivered in writing not later than the close of business on the later of (i) the 60th day prior to such annual meeting or (ii) the 10th day after the day on which a public announcement of the date of such meeting is first made.

If a stockholder intends to submit a proposal at the Company's 2012 Annual Meeting of Stockholders which is not eligible for inclusion in the proxy statement relating to the meeting, and the stockholder fails to give the Company notice of the proposal on or prior to December 31, 2011 and in accordance with the requirements set forth in the Exchange Act, then the proxy holders will be allowed to use their discretionary authority with regard to proxies delivered in connection with the 2012 Annual Meeting of Stockholders when and if the proposal is raised at the Company's Annual Meeting in 2012.

Required Vote

Directors will be elected by a plurality vote of the shares of the Company's Common Stock and Series A Preferred Stock present or represented and entitled to vote on this matter at the meeting. Accordingly, the six (6) candidates receiving the highest number of affirmative votes of shares represented and voted on this proposal at the meeting will be elected directors of the Company. Votes withheld from a nominee will be counted for purposes of determining the presence or absence of a quorum but, because directors are elected by a plurality vote, will have no impact once a quorum is established. See Information Concerning Solicitation and Voting Quorum; Abstentions; Broker Non-Votes above.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE NOMINEES LISTED ABOVE

CORPORATE GOVERNANCE MATTERS

Independence of the Board of Directors

The Board has determined that, with the exception of Mr. Boutacoff, who is the President and Chief Executive Officer of the Company, all of its members are independent directors as defined in the listing standards of The Nasdaq Stock Market.

Board Leadership Structure and Oversight of Risk Management

We separate the roles of CEO and Chairman of the Board in recognition of the differences between the two roles. The CEO is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company, while the Chairman of the Board leads the Board in its fundamental role of providing advice to and independent oversight of management, provides guidance to the CEO, sets the agenda for Board meetings and presides over meetings of the full Board. While our bylaws and corporate governance guidelines do not require that our chairman and chief executive officer positions be separate, the Board believes that having separate positions and having an independent outside director serve as chairman is the appropriate leadership structure for the Company at this time and demonstrates our commitment to good corporate governance. In the event the Board believes circumstances require the CEO & Chairman roles should be merged, then the Board would designate an independent director to be Lead Director.

Our Board of Directors oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance shareholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the company. The involvement of the full Board of Directors in setting the Company's business strategy is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company.

While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the Audit Committee focuses on financial risk, including internal controls, and receives an annual risk assessment report from the Company's internal auditors. In addition, in setting compensation, the Compensation Committee strives to create incentives that encourage a level of risk-taking behavior consistent with the Company's business strategy.

Board Meetings and Committees

The Board held a total of fourteen (14) meetings during fiscal year 2010 ended January 1, 2011. No director serving during the fiscal year attended fewer than 75% of the aggregate of all meetings of the Board and the committees of the Board upon which such director served.

During fiscal 2010, the Board had three standing committees: the Audit Committee, the Nominating and Governance Committee and the Compensation Committee.

Board Committees

Audit Committee. The Audit Committee of the Board consists of Messrs. Fitch and Hawkins and Dr. Garrettson. Mr. Fitch is the chairman of the Audit Committee. The Audit Committee held six (6) meetings during the last fiscal year. The Board has determined that each member of the Audit Committee is independent as defined under the listing standards of The Nasdaq Stock Market and that Mr. Fitch is an audit committee financial expert as defined in rules of the Securities and Exchange Commission (the "SEC"). Among other things, the Audit Committee reviews and advises the Board regarding the Company's accounting matters and is

responsible for appointing and overseeing the work of the independent public accountants, pre-approving audit and non-audit services to be provided by the independent public accountants, and reviewing and evaluating the accounting principles being applied to the Company's financial reports. The Audit Committee has adopted a written charter approved by the Board, which was amended in April 2009, a copy of which is available on our website at www.iridex.com.

Compensation Committee. The Compensation Committee of the Board consists of Dr. Garrettson, Mr. Fitch and Dr. Naumann-Etienne. Dr. Garrettson is the chairman of the Compensation Committee. The Compensation Committee held eight (8) meetings during the last fiscal year. The Board has determined that each member of the Compensation Committee is independent as defined under the listing standards of The Nasdaq Stock Market. Among other things, the Compensation Committee reviews and advises the Board regarding all forms of compensation to be provided to the officers, employees, directors and consultants of the Company. The Compensation Committee has adopted a written charter approved by the Board, which was amended in April 2009, a copy of which is available on our website at www.iridex.com.

Nominating and Governance Committee. The Nominating and Governance Committee of the Board consists of Messrs. Moore and Hawkins, and Dr. Naumann-Etienne. Dr. Naumann-Etienne is the chairman of the Nominating and Governance Committee. The Nominating and Governance Committee held two (2) meetings during the last fiscal year. The Board has determined that each member of the Nominating and Governance Committee is independent as defined under the listing standards of The Nasdaq Stock Market. Among other things, the Nominating and Governance Committee develops general criteria regarding the qualifications and selection of Board members and recommends candidates for election to the Board. It is the policy of the Nominating and Governance Committee to consider nominees for the Board submitted by the stockholders of the Company. For more information regarding the submission of nominees for the Board, see the discussion in "Corporate Governance Matters" below. The Nominating and Governance Committee has adopted a written charter approved by the Board, which was amended in April 2009, a copy of which is available on our website at www.iridex.com.

Attendance at Annual Stockholder Meetings by the Board of Directors

The Company has adopted a formal policy regarding attendance by members of the Board at the Company's annual meeting of stockholders. The Company's policy is that it encourages, but does not require, directors to attend. All of the directors attended the Company's 2010 Annual Meeting of Stockholders.

Process for Recommending Candidates for Election to the Board of Directors

The Nominating and Governance Committee is responsible for, among other things, determining the criteria for membership to the Board and recommending candidates for election to the Board. It is the policy of the Nominating and Governance Committee to consider recommendations for candidates to the Board from stockholders. Stockholders may present proper proposals for inclusion in the Company's proxy statement and for consideration at the next annual meeting of its stockholders by timely submitting their proposals in writing to IRIDEX Corporation, Corporate Secretary, 1212 Terra Bella Avenue, Mountain View, CA 94043. In order to be included in the proxy statement for the 2012 Annual Meeting of Stockholders, stockholder proposals must be received by the Company no later than December 31, 2011, must be accompanied by the information required by the Company's Bylaws and must otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended.

The Company seeks independent directors who represent a mix of backgrounds and experiences that will enhance the quality of the board's deliberations and decisions. Candidates shall have substantial experience with one or more publicly traded national or multinational companies or shall have achieved a high level of distinction in their chosen fields. The Nominating and Governance Committee's general criteria and process for evaluating and identifying the candidates that it recommends to the full Board for selection as director nominees are as follows:

In its evaluation of director candidates, including the members of the Board eligible for re-election, the Nominating and Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board and considers (1) the current size and composition of the Board and the needs of the Board and the respective committees of the Board, (2) such factors as issues of character, judgment, diversity, age, expertise, business experience, length of service, independence, other commitments, and (3) such other factors as the Nominating and Governance Committee may consider appropriate.

While the Nominating and Governance Committee has not established specific minimum qualifications for director candidates, the Nominating and Governance Committee believes that candidates and nominees must reflect a Board that is comprised of directors who (1) are predominantly independent, (2) are of high integrity, (3) have qualifications that will increase overall Board effectiveness and (4) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to audit and corporate governance committee members.

In evaluating and identifying candidates, the Nominating and Governance Committee has the authority to retain and terminate any third-party search firm that is used to identify director candidates, and has the authority to approve the fees and retention terms of any such firm.

With regard to candidates who are properly recommended by stockholders or by other means, the Nominating and Governance Committee will review the qualifications of any such candidate, which review may, in the Nominating and Governance Committee's discretion, include interviewing references for the candidate, direct interviews with the candidate, or other actions that the Nominating and Governance Committee deems necessary or proper.

The Nominating and Governance Committee will apply these same principles when evaluating director candidates who may be elected initially by the full Board to fill vacancies or newly created directorships prior to the next annual meeting of stockholders at which directors are elected.

After such review and consideration, the Nominating and Governance Committee selects, or recommends that the Board select, the slate of director nominees, either at a meeting of the Nominating and Governance Committee at which a quorum is present or by unanimous written consent of the Nominating and Governance Committee.

Consistent with past practice, the Nominating and Governance Committee and the Board will continue to monitor and assess the size and composition of the Board and will consider the appointment of additional directors from time to time as appropriate to serve the best interests of the Company and its stockholders.

PROPOSAL TWO**RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS****Introduction**

The Audit Committee has appointed Burr Pilger Mayer, Inc. (**BPM**), independent registered public accountants, to audit the financial statements of the Company for fiscal year 2011 ending December 31, 2011, and recommends that stockholders vote for ratification of such appointment. BPM also served as the Company's independent registered public accountants for fiscal year 2010 ended January 1, 2011. Representatives of BPM are expected to be present at the meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Although action by stockholders is not required by law, the Board has determined that it is desirable to request approval of this selection by the stockholders. Notwithstanding the approval of this selection by the stockholders, the Audit Committee, in its discretion, may direct the appointment of a new independent registered public accounting firm at any time during the year, if the Audit Committee feels that such a change would be in the best interest of the Company and its stockholders. In the event of a negative vote on ratification, the Audit Committee will reconsider its selection.

Under the policy, management may use its principal independent accountants for non-audit services that are permitted under SEC rules and regulations, provided that management obtains the Audit Committee's approval before such services are rendered.

The Audit Committee pre-approved all of the services and fees identified in the table above in accordance with its charter and applicable laws, rules and regulations.

EXECUTIVE COMPENSATION

Compensation Philosophy

The Company's compensation philosophy is designed to attract, retain and reward personnel who contribute to the success of the Company. To achieve these goals, the Company strives to provide a comprehensive compensation package for each executive officer that is competitive with those offered by companies of similar type and size, in the same geographical area and whose executives perform functions similar to those performed by the executives of the Company. The Company also incorporates equity-based incentives into its overall compensation strategy to align the financial interests of our executives with those of our stockholders.

Role and Authority of the Compensation Committee

For fiscal year 2010 ended January 1, 2011, the Compensation Committee of the Board established the overall executive compensation strategies of the Company and approved compensation elements for the Company's Chief Executive Officer and other executive officers. Among other things, the Compensation Committee reviews and advises the Board regarding all forms of compensation to be provided to the officers, employees, directors and consultants of the Company. The Compensation Committee is comprised of three independent, members of the Board, none of whom has interlocking relationships as defined by the SEC. The Compensation Committee has available to it such external compensation advice and data as the Compensation Committee deems appropriate to obtain. The Compensation Committee may delegate any of its responsibilities to one or more of its members or to the Company's directors or to members of management, to the extent permitted by applicable law and subject to such reporting to or ratification by the Compensation Committee as the Compensation Committee deems necessary or appropriate.

Executive Officer Compensation

The objectives of our executive officer compensation program are to attract, retain, motivate and reward key personnel who possess the necessary leadership and management skills through competitive base salary, annual cash bonus incentives, long-term incentive compensation in the form of stock options, and various benefits generally available to employees of the Company.

Base Salary

Base salary levels for the Company's executive officers are generally targeted to be competitive with companies in the same stage of development and in the same industry and geographic area. In determining salaries, the Compensation Committee also takes into account the Chief Executive Officer's recommendations, individual experience, contributions to corporate goals and the Company's performance.

Incentive Bonuses

The Compensation Committee believes that a cash incentive bonus plan can serve to motivate the Company's executive officers and management to address annual performance goals, using more immediate measures for performance than those reflected in the appreciation in value of stock options. The Board approved an incentive bonus plan for fiscal 2011, which is described in further detail below.

2011 Senior Staff Bonus Plan

The Company's 2011 Senior Staff Bonus Plan (the 2011 Bonus Plan) provides for the payment of cash bonuses to all eligible senior staff-level employees of the Company, including the Company's executive officers, upon the Company's achievement of targeted operating income and revenue goals and the achievement of individual objectives for each participant determined by the Compensation and Nominating Committee. Payouts under the 2011 Bonus Plan payouts are calculated for each eligible participant based upon individual objectives determined by the Compensation and Nominating Committee.

Stock Grants/Awards

Stock options or other stock grants are granted to executive officers and other employees under the Company's option plan. These stock options or other stock grants are intended to focus the recipient on the Company's long-term performance to improve stockholder value and to retain the services of executive officers in a competitive job market by providing significant long-term earning potential. To this end, stock options and stock grants generally vest over a four-year period, based on continued employment. Factors considered in granting stock options and stock grants to executive officers of the Company are the duties and responsibilities of each individual, such individual's contributions to the success of the Company and other relevant factors. The Company views stock options and stock grants as an important component of long-term compensation for executive officers since options motivate executive officers to manage the Company in a manner that is consistent with the interests of stockholders.

2005 Employee Stock Purchase Plan

Our 2005 Employee Stock Purchase Plan (the Purchase Plan) was adopted by the Board in June 2005. The Purchase Plan permits eligible employees (including officers) to purchase Common Stock through payroll deductions, which may not exceed 10% of an employee's compensation. No employee may purchase more than \$25,000 worth of stock in any calendar year or more than 2,000 shares of Common Stock in any twelve-month period. The price of shares purchased under the Purchase Plan is 85% of the lower of the fair market value of the Common Stock at the beginning of the offering period or the end of the offering period. In February of 2007 the Board suspended the Purchase Plan until further notice.

2008 Equity Incentive Plan

The 2008 Equity Incentive Plan (the 2008 EIP) was adopted by the Board in February 2008 and was approved by the stockholders in June 2008. The 2008 EIP provides for the grant of the following types of incentive awards: (i) stock options; (ii) stock purchase rights; (iii) restricted stock; (iv) restricted stock units; (v) performance shares; (vi) performance units; and (vii) stock appreciation rights. Since the expiration of the 1998 Stock Plan, equity compensation granted to the Company's non-employee directors has been granted under the 2008 EIP. The exercise price of incentive stock options and stock appreciation rights granted under the 2008 EIP must be at least equal to the fair market value of the shares at the time of grant. With respect to any recipient who owns stock possessing more than 10% of the voting power of our outstanding capital stock, the exercise price of any option or stock purchase right granted must be at least equal to 110% of the fair market value at the time of grant. Options granted under the 2008 EIP are exercisable at such times and under such conditions as determined by the administrator of the plan; generally over a four-year period. The maximum term of incentive stock options granted to any recipient must not exceed ten years; provided, however, that the maximum term of an incentive stock option granted to any recipient possessing more than 10% of the voting power of our outstanding capital stock must not exceed five years. In the case of stock purchase rights, unless the administrator of the plan determines otherwise, we have a repurchase option exercisable upon the voluntary or involuntary termination of the purchaser's employment with us for any reason (including death or disability). Such repurchase option lapses at a rate determined by the administrator of the plan. The purchase price for shares repurchased by us is the original price paid by the purchaser. The form of consideration for exercising an option or stock purchase right, including the method of payment, is determined by the administrator. The 2008 EIP expires in June 2018.

In the event of a merger or change in control of the Company, each outstanding award granted under the 2008 EIP will be treated as the administrator of the plan determines, including that each award will be assumed or an equivalent option or right substituted by the successor corporation or a parent or subsidiary of the successor corporation. In the event that the successor corporation, or the parent or subsidiary of the successor corporation, does not assume or substitute for the award, the participant will fully vest in and have the right to exercise all of his or her outstanding options or stock appreciation rights, including shares as to which such awards would not otherwise be vested or exercisable, all restrictions on restricted stock will lapse, and, with respect to restricted

stock units, performance shares and performance units, all performance goals or other vesting criteria will be deemed achieved at target levels and all other terms and conditions met. In addition, if an option or stock appreciation right becomes fully vested and exercisable in lieu of assumption or substitution in the event of a change in control, the administrator will notify the participant in writing or electronically that the option or stock appreciation right will be fully vested and exercisable for a period of time determined by the administrator in its sole discretion, and the option or stock appreciation right will terminate upon the expiration of such period.

401(k) Plan

In fiscal 2010, the Company's named executive officers were eligible to participate in the Company's 401(k) Plan. Under the 401(k) Plan, eligible employees may contribute, on a pre-tax basis, up to 15% of the employee's total annual income from the Company, excluding bonuses, subject to certain IRS limitations. The Plan allows for the Company to match 50% of the employee's contribution up to a maximum amount. Prior to the Company's suspension of matching contributions in December 2008, the maximum Company match was \$2,000 per employee. No matches were made for fiscal years 2009 and 2010. All full-time employees who have attained age 18 are eligible to participate in the plan. All contributions are allocated to the employee's individual account and, at the employee's election, are invested in one or more investment funds available under the plan. Contributions are fully vested and not forfeitable.

CEO Compensation

Compensation for the Chief Executive Officer is consistent with the philosophies and practices described above for executive officers in general. The Chief Executive Officer's base salary was increased in 2010 to \$280,000, well below the 50th percentile for peer companies. Mr. Boutacoff assumed the responsibilities of Chief Executive Officer in October 2007 at the same base salary he received as Chief Executive Officer in July 2005.

Termination within the Change of Control Context

If in the event that: (a) within twelve months following a Change of Control (as defined in the Change of Control Agreement), or (b) at any time prior to a Change of Control if such termination is effected at the request of an Acquiror (as defined in the Change of Control Agreement), (x) Mr. Mackaness terminates his employment

(iii) *Continued Employee Benefits.* Mr. Mackaness would receive reimbursement from the Company for a period of up to six months for the costs and expenses incurred by himself and/or his eligible dependents for coverage under the Company's benefit plans, provided that such coverage is timely elected under COBRA.

We use a combination of cash and equity compensation to attract and retain qualified candidates to serve on our Board.

Cash Compensation

During the 2010 fiscal year, members of the Board (if non-employees), including the Chairman, received \$1,500 per Board meeting attended. Members of the Audit and Corporate Governance Committee and the Compensation and Nominating Committee received \$1,000 per committee meeting attended, and the Chairman of each of these committees received \$1,500 per committee meeting attended. The Chairman of the Board (if non-employee or Lead Independent Director) received an additional payment of \$1,250 per month. In addition, directors are also reimbursed for reasonable out-of-pocket expenses incurred by them in attending such meetings.

Commencing with the 2011 fiscal year, the cash portion of compensation paid to members of the Board and Board committees will consist of annual retainers (in each case paid in quarterly installments) rather than per meeting fees. Each non-employee member of the Board will receive an annual retainer of \$20,000, and the Chairman of the Board will receive an annual retainer of \$35,000. Each member (including the chairman) of the Audit Committee will receive an annual retainer of \$7,000, and each member (including the chairman) of the Corporate Governance Committee and the Compensation and Nominating Committee will receive an annual retainer of \$5,000. The Chairman of the Audit Committee will receive an additional annual retainer of \$8,000, and the Chairman of each of the Corporate Governance Committee and the Compensation and Nominating Committee will receive an additional annual retainer of \$4,000. We will continue to reimburse members of the Board and Board committees for reasonable out-of-pocket expenses incurred by them in attending such meetings.

Equity Compensation

During the 2010 fiscal year, upon first becoming a director, any new non-employee director would have automatically been granted a nonstatutory stock option to purchase 15,000 shares of the Company's Common Stock under the Company's 2008 Equity Incentive Plan, with such option vesting ratably over a thirty-six (36) month period following the date of grant. Each year thereafter, each non-employee director would have been granted an additional nonstatutory stock option to purchase 5,000 shares of the Company's Common Stock, except in the case of a non-employee Chairman of the Board, who would instead have been granted an additional nonstatutory stock option to purchase 10,000 shares, with such options vesting ratably over a 12-month period following the date of grant. Such options would have exercise prices equal to the fair market value of the Company's Common Stock as of the date of grant.

On July 1, 2010, Dr. Garrettson and Messrs. Fitch, Hawkins and Moore each received automatic and non-discretionary grants of nonstatutory stock options to purchase 5,000 shares of the Company's Common Stock under the 2009 EIP as compensation for their services as directors. Dr. Garrettson received an additional grant of 5,000 shares of the Company's Common Stock under the 2009 EIP as compensation for his service as Chairman. These stock options were granted with an exercise price of \$3.90 per share, are subject to vesting over 12 months, with 1/12th of the shares subject to the option vesting each month following the grant date and have a term of 7 years.

Dr. Naumann-Etienne did not receive a stock option grant during fiscal 2010. On December 31, 2009, Dr. Naumann-Etienne received an automatic and non-discretionary grant of nonstatutory stock options to purchase 15,000 shares of the Company's Common Stock under the 2008 EIP as compensation for his appointment to the board of directors. The stock option was granted with an exercise price of \$3.07 per share, is subject to vesting over 36 months with 1/12th of the shares subject to the option vesting each month following the grant date, and has a term of 7 years.

Commencing with the 2011 fiscal year, the equity portion of compensation paid to each non-employee member of the Board will consist of an annual RSU grant equal to \$20,000 worth of our common stock (determined at the fair market value of the shares at the time such RSU award granted) under the Company's 2008 Equity Incentive Plan. Each RSU grant would vest in full on the one-year anniversary of the date of grant.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On August 31, 2007, the Company entered into a Securities Purchase Agreement with BlueLine Capital Partners (BlueLine) pursuant to which it sold to BlueLine units (the Units), consisting of one share of the Company s Series A Preferred Stock and one warrant to purchase 1.2 shares of the Company s Common Stock (such sale, the BlueLine Financing). In connection with this transaction the Company issued an aggregate of 500,000 Units at \$10.00 per Unit, resulting in the issuance of 500,000 shares of Series A Preferred Stock, convertible into 1 million shares of Common Stock pursuant to the provisions of the Certificate of Designation filed by the Company in connection with the sale, and warrants (the Initial Warrants) to purchase an aggregate of 600,000 shares Common Stock at an exercise price of \$0.01 per share. The Initial Warrants were exercisable after August 31, 2007 and were exercised prior to their expiration on December 31, 2007. Pursuant to the Securities Purchase Agreement, BlueLine has the right to designate two individuals for appointment to the Company s Board of Directors, one of which is at BlueLine s discretion and the second of which is subject to the Company s reasonable approval.

The Company also entered into an Investor Rights Agreement with BlueLine, pursuant to which the Company granted BlueLine certain registration rights, including the right to request that the Company file a Form S-3 registration statement within 90 days of becoming eligible to file a Form S-3 registration statement and the right to request the Company file a Form S-1 registration statement any time after February 29, 2008. The parties subsequently amended the Investor Rights Agreement on March 31, 2009, pursuant to which BlueLine Entities waived the Company s obligation to file a registration statement on Form S-3 until such time, on or after June 30, 2009, as the holders of 60% of the Registrable Securities (as defined in the Investor Rights Agreement) request such registration in writing. In order to induce BlueLine to enter into such amendment, the Company issued to BlueLine warrants to purchase an aggregate of 20,000 shares of the Company s Common Stock at an exercise price of \$0.01 per share (the Amendment Warrants and, together with the Initial Warrants, the Warrants). The parties also amended the Investor Rights Agreement so as to include the shares of Common Stock issuable upon exercise of the Amendment Warrants in the shares eligible for registration under the Investor Rights Agreement. The Amendment Warrants were exercised on April 2, 2009.

The BlueLine Financing and the issuances of the Warrants were completed through private placements to accredited investors and were exempt from registration pursuant to Section 4(2) of the Securities Act of 1933, as amended (the Securities Act). The shares of the Series A Preferred Stock, together with the shares of the Common Stock issuable upon the conversion of the Series A Preferred Stock, and the Warrants, together with the shares of the Common Stock issued or issuable upon the exercise of the Warrants, have not been registered under the Securities Act or any state securities laws. Unless so registered, such securities may not be offered or sold in the United States absent an exemption from, or in a transaction not subject to, the registration requirement of the Securities Act and any applicable state securities laws.

Other than the transactions with BlueLine described above, since the beginning of the Company s last fiscal year, there has not been nor is there currently proposed any transaction or series of similar transactions to which the Company was or is to be a party in which the amount involved exceeds \$120,000 and in which any director, executive officer, holder of more than 5% of the Common Stock of the Company or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest, other than indemnification agreements between the Company and each of its directors and officers.

Specific due dates have been established by the SEC, and the Company is required to disclose in this Proxy Statement any failure to file by those dates. Based solely on its review of the copies of such forms received by it, and written representations from certain reporting persons that no filings were required for such persons, the Company is not aware of any late Section 16(a) filings during the Company s 2010 fiscal year.
