Table of Contents**Kubota Corporation
and Subsidiaries****1. Review of operations and financial condition****(1) Review of operations****a) Summary of the results of operations for the year under review**

For the year ended March 31, 2011, revenues of the Company increased ¥3.0 billion (0.3 %), to ¥933.7 billion from the prior year. In the domestic market, revenues in Farm & Industrial Machinery, Water & Environment Systems and Social Infrastructure decreased due to weak demand for farm equipment and public works related products and the effects of the Great East Japan Earthquake. As a result domestic revenues decreased ¥23.8 billion (4.7 %), to ¥477.9 billion from the prior year. In overseas markets, revenues increased ¥26.8 billion (6.2 %), to ¥455.8 billion from the prior year. While revenues in Water & Environment Systems, Social Infrastructure and Other decreased, revenues in Farm & Industrial Machinery steadily increased due to increases in revenues in North America and Europe supported by sustained economic recovery. The ratio of overseas revenues to consolidated revenues was 48.8 %, 2.7 percentage points higher than the prior year end.

Operating income increased ¥16.4 billion (23.5 %), to ¥86.1 billion from the prior year due to an increase in overseas revenues in Farm & Industrial Machinery and company-wide cost reduction. Income before income taxes and equity in net income of affiliated companies increased ¥17.8 billion (24.2 %), to ¥91.3 billion due to an increase in operating income and other income. Income taxes were ¥30.7 billion (representing an effective tax rate of 33.6 %), and equity in net income of affiliated companies was ¥0.5 billion. Accordingly, net income increased ¥13.2 billion (27.6 %), to ¥61.1 billion. After deducting ¥6.3 billion of net income attributable to the noncontrolling interests, net income attributable to Kubota Corporation was ¥54.8 billion, ¥12.5 billion (29.5 %) higher than the prior year.

b) Review of operations by reporting segment**1) Farm & Industrial Machinery**

Farm & Industrial Machinery comprises farm equipment, engines and construction machinery.

Revenues in this segment increased 5.6 %, to ¥651.5 billion from the prior year, comprising 69.8 % of consolidated revenues.

Domestic revenues decreased 1.4 %, to ¥226.4 billion. In the domestic market, demand for farm equipment was sluggish due to weakening motivation for buying farm equipment affected by price slump of rice and an absence of governmental subsidy for leasing agricultural machinery which was implemented in the prior year. Moreover, the Great East Japan Earthquake gave a negative impact on demand for farm equipment. Accordingly, sales of farm equipment remained at a lower level. On the other hand, sales of construction machinery and engines increased largely due to an upturn of demand.

Overseas revenues increased 9.8 %, to ¥425.1 billion. In North America, sales of tractors and construction machinery increased as a result of aggressive sales promotion activities. Sales of engines also increased largely supported by favorable demand. In Europe, sales of construction machinery and engines increased substantially due to a rapid recovery of demand, while sales of tractors decreased. In Asia outside Japan, although growth rate of sales of farm equipment slowed down mainly affected by broken weather, sales of construction machinery largely increased.

Operating income in Farm & Industrial Machinery increased 43.0 %, to ¥86.5 billion due to increased overseas revenues and cost reduction.

Table of Contents

**Kubota Corporation
and Subsidiaries**

2) Water & Environment Systems

Water & Environment Systems comprises pipe-related products (ductile iron pipes, plastic pipes, valves, and other products) and environment-related products (environmental plants, pumps and other products).

Revenues in this segment decreased 13.5 %, to ¥192.8 billion from the prior year, comprising 20.6 % of consolidated revenues.

Domestic revenues decreased 9.8 %, to ¥178.7 billion. Sales of pipe-related products such as ductile iron pipes and plastic pipes decreased substantially due to sluggish demand. Sales of environment-related products also decreased mainly due to a decrease in sales of products related to water and sewage treatment, and waste treatment. Overseas revenues decreased 43.3 %, to ¥14.1 billion, due to substantial sales declines of ductile iron pipes and pumps.

Operating income in Water & Environment Systems decreased 33.5 %, to ¥13.1 billion due to decreased revenues and price hike of raw materials.

3) Social Infrastructure

Social Infrastructure comprises industrial castings, spiral welded steel pipes, vending machines, electronic equipped machinery, and air-conditioning equipment.

Revenues in this segment decreased 4.5 %, to ¥60.4 billion from the prior year, comprising 6.5 % of consolidated revenues.

Domestic revenues decreased 5.8 %, to ¥44.3 billion. Although sales of electronic equipped machinery and air-conditioning equipment increased, sales of spiral welded steel pipes largely decreased and sales of industrial castings and vending machines also decreased from the prior year. Overseas revenues decreased 0.7 %, to ¥16.2 billion due to the sales decline of industrial castings.

Operating income in Social Infrastructure decreased 8.7 %, to ¥2.5 billion due to decreased revenues.

4) Other

Other comprises construction, services and other business.

Revenues in this segment increased 4.6 %, to ¥29.0 billion from the prior year, comprising 3.1 % of consolidated revenues, due to an increase in sales of construction and other business.

Operating income in Other decreased 20.3 %, to ¥2.1 billion.

c) Prospect for the next fiscal year

Due to the effects of the Great East Japan Earthquake, supply of parts and electric power is not stable in some plants in Japan and there is a strong sense of uncertainty concerning demand of damaged areas. At this time it is difficult to foresee possible impacts of these factors and unable to reasonably forecast the consolidated financial results for the year ending March 31, 2012. Accordingly, the forecast is not disclosed at present and will be promptly announced when it is available.

(2) Financial condition

a) Assets, liabilities and equity

Total assets at the end of March 2011 amounted to ¥1,356.9 billion, a decrease of ¥52.2 billion from the end of the prior year. As for assets, current assets decreased largely centering on notes and accounts receivable. In addition, investment and long-term finance receivables as well as property, plant, and equipment decreased.

As for liabilities, long-term liabilities decreased substantially due to a decrease of long-term debt.

Equity increased steadily because recorded net income compensated an increase in accumulated other comprehensive loss mainly due to a decrease of foreign currency translation adjustments. As a result, shareholders' equity ratio was 46.8 %, 2.3 percentage points higher than the prior year end.

Table of Contents**Kubota Corporation
and Subsidiaries****b) Cash flows**

Net cash provided by operating activities during the year under review was ¥81.9 billion, and cash inflow decreased ¥37.2 billion from the prior year. Although net income increased, cash inflow substantially decreased due to the changes in working capital.

Net cash used in investing activities was ¥43.6 billion, and cash outflow increased ¥0.2 billion from the prior year.

Net cash used in financing activities was ¥41.7 billion, and cash outflow increased ¥7.0 billion from the prior year due to a decrease in proceeds from issuance of long-term debt.

Including the effect of exchange rate fluctuations, cash and cash equivalents at the end of March 31, 2011 were ¥105.3 billion, a decrease of ¥6.1 billion from the prior year.

(Reference) Cash flow indices

	Year ended March 31, 2011	Year ended March 31, 2010
Ratio of shareholders' equity to total assets [%]	46.8	44.5
Equity ratio based on market capitalization [%]	73.5	76.9
Interest-bearing debt / Net cash provided by operating activities [year]	4.3	3.4
Interest coverage ratio [times]	11.8	12.4

Notes.

Equity ratio based on market capitalization : market capitalization / total assets

Interest coverage ratio : cash flows provided by operating activities / interest paid

Each ratio is calculated based on the figures in the consolidated financial statements. Market capitalization is calculated based on closing price at the end of the fiscal year multiplied by the number of shares outstanding at the end of fiscal year, excluding treasury stock. Net cash provided by operating activities is the amount of operating cash flows in the consolidated statements of cash flows. Interest-bearing debt includes short-term borrowings, current portion of long-term debt, and long-term debt in the consolidated balance sheets. Additionally, interest paid is the amount of interest paid in the consolidated statements of cash flows.

2. Management policies

(1) Basic management policy

More than a century since its founding, the Company has continued to help improve people's quality of life, by offering products and services including farm equipment, pipes for water supply and sewage systems and environmental control plants.

And now, here in the 21st century, the Company is developing our business globally under the corporate principle "Contribute to social development and the conservation of the global environment through products, technology, and services that support both comfortable lifestyles and the foundation of our societies" in an aim at solving the worldwide problems of "food", "water", and "the environment".

While adhering to this management principle, the Company is implementing management policies that are focused on prioritizing allocation of its resources, emphasizing agility in its operations and strengthening consolidated operations. Through these measures, the Company aims to improve its adaptability to respond with flexibility to the changing times, resulting in a high enterprise value.

(2) Principal business policies for medium-to-long term growth in profit

The Company will implement the following measures in order to achieve medium- to long-term growth amid the difficult business environment.

1) Management emphasizing the front-line of business with focus on technology and manufacturing capabilities

The Company continues conducting business with enhancing capabilities for developing technologies and manufacturing proficiency that form the backbone of a manufacturer. In order to realize a medium- to long-term growth by prevailing against increasingly fierce competition under ongoing globalization of the Company's business, it is essential to bolster the capabilities for developing technologies and manufacturing proficiency. To this end, the Company will identify the fields of R&D it should focus on and make efforts to obtain advanced technologies. The Company will also devote itself to accumulate overwhelming manufacturing proficiency by strengthening organizational structure which facilitates advancement of quality of product and production engineering.

2) Enhancement of CSR management

It is essential for the Company to thoroughly implement CSR management by giving due consideration to the development of society and conservation of the global environment in order to attain sustainable growth and development of the Company.

The Company has been implementing its CSR management with placing emphasis on reducing the load on the global environment, promoting diversity management and strengthening internal control system. In addition to these priority issues, the Company will engage in relief activities for the victims of the Great East Japan Earthquake and reconstruction assistance for the disaster areas from now on.

3) Promotion of globalization

The Company's overseas revenues are approaching half of total revenues. To further expand its business, it is necessary to globalize all aspects of the Company's operations. The Company intends to promote globalization of not only sales activities but also production, R&D, allocation of management resources as well as business management system.

In concrete terms, the Company will accelerate expansion of overseas production and promote localization of R&D and facilitate the use of locally-hired human resources. The Company will also establish management system that can manage group-wide resources on business and

Edgar Filing: KUBOTA CORP - Form 6-K

allocate them to each country and region more timely. In addition, the Company will establish regional management framework to cope with rapidly changing each market.

-8-

Table of Contents

**Kubota Corporation
and Subsidiaries**

4) Enhancement of activities for future business expansion

The Company will develop business in the fields which are related to food, water and environment to seek sustainable long-term growth. In the business of machinery, the Company will contribute to increase in worldwide food production as a comprehensive manufacturer of agricultural machinery by entering into market of agricultural machinery for dry field farming in addition to currently engaging agricultural machinery business for rice farming. In the field of water and environment, the Company will fully develop water- and environment-related business in Asia outside Japan. In the year ended March 31, 2011, the Company established a subsidiary in China which produces and sells pumps and newly set up Water & Environment Innovative Research Laboratory to meet the needs of water and environment infrastructure in the emerging countries. In the year ending March 31, 2012, the Company will establish two subsidiaries in China which will engage in water- and environment -related business. By utilizing business experiences accumulated over the years in Japan, the Company intends to bring up water- and environment -related business in Asia outside Japan to become a growth field of the Company.

5) Addressing to the Great East Japan Earthquake

It is one of important management issues to properly address to the Great East Japan Earthquake, which caused unprecedented damage to Japan. The Company has been engaging in supportive activities in diverse ways with establishing the Countermeasures Headquarters for Reconstruction Assistance immediately after the Earthquake and intends to continue such activities in the future.

In addition, the Company will sustain production capacity in order to provide the products that are necessary for reconstruction of the disaster areas. From this perspective, the Company will make concerted efforts to restore normal production of some plants which are being affected by parts shortage resulting from the Earthquake.

< Cautionary Statements with Respect to Forward-Looking Statements >

This document may contain forward-looking statements that are based on management's expectations, estimates, projections and assumptions. These statements are not guarantees of future performance and involve certain risks and uncertainties, which are difficult to predict. Therefore, actual future results may differ materially from what is forecast in forward-looking statements due to a variety of factors, including, without limitation: general economic conditions in the Company's markets, particularly government agricultural policies, levels of capital expenditures, both in public and private sectors, foreign currency exchange rates, continued competitive pricing pressures in the marketplace, as well as the Company's ability to continue to gain acceptance of its products.

Table of Contents

**Kubota Corporation
and Subsidiaries**

(6) Notes to assumptions for going concern

None

(7) Notes to consolidated financial statements

a) Summary of accounting policies

The accompanying consolidated financial information has been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP)

b) Consolidated subsidiaries and affiliated companies under the equity method

104 subsidiaries are consolidated.

Major consolidated subsidiaries:

Domestic	Kubota Construction Co., Ltd.
	Kubota Credit Co., Ltd.
	Kubota Environmental Service Co., Ltd.
	Kubota-C.I. Co., Ltd.
Overseas	Kubota Tractor Corporation
	Kubota Credit Corporation, U.S.A.
	Kubota Manufacturing of America Corporation
	Kubota Engine America Corporation
	Kubota Metal Corporation
	Kubota Baumaschinen GmbH
	Kubota Europe S.A.S.
	SIAM KUBOTA Corporation Co., Ltd.
	Kubota Agricultural Machinery (SUZHOU) Co., Ltd.

19 affiliated companies are accounted for under the equity method.

Edgar Filing: KUBOTA CORP - Form 6-K

Major affiliated companies: Domestic 14 sales companies of farm equipment

KMEW Co., Ltd.

The Company merged two subsidiaries, namely The Siam Kubota Industry Co., Ltd. and Siam Kubota Tractor Co., Ltd. , into one subsidiary, SIAM KUBOTA Corporation Co., Ltd.

Kubota Matsushitadenko Exterior Works, Ltd. changed the Company name to KMEW Co., Ltd.

c) **Notes to consolidated statements of income**

Other operating expenses for the year ended March 31, 2011 included ¥2,544 million of losses arisen from the Great East Japan Earthquake.

Notes:

1. The amounts in Adjustments include the eliminations and adjustments of intersegment transactions, expenses that cannot be apportioned to business segments, and corporate assets. Corporate assets mainly consist of certain assets of the parent company such as cash and cash equivalents, investment securities and assets related to administration departments.
2. The aggregated amounts of operating income are equal to those in the consolidated statements of income. Therefore, the Company does not disclose the reconciliation of operating income to income before income taxes and equity in net income of affiliated companies.
3. Intersegment transactions are quoted at arm's length price.

Notice on a distribution of retained earnings

Please be advised that Kubota Corporation (hereinafter the Company) resolved at the Board of Directors Meeting held on May 11, 2011 that the Company would distribute retained earnings as the record date was March 31, 2011.

1. Details of year-end dividend

	Year-end dividend	Latest forecast (Released on February 4, 2011)	Comparable previous year (Year ended March 31, 2010)
	March 31, 2011	March 31, 2011	March 31, 2010
Record date	March 31, 2011	March 31, 2011	March 31, 2010
Dividend per common share	¥ 7	¥ 7	¥ 5
Amount of dividend	¥ 8,905 million		¥ 6,361 million
Date of payment	June 27, 2011		June 21, 2010
Resource of dividend	Retained earnings		Retained earnings

2. Reasons for raising dividend

The Company's basic policy for the return of profit to shareholders is to maintain stable dividends or raise dividends together with share buy-back and retirement of treasury stock.

Considering the basic policy and the Company's current business performance, the Company decided to pay ¥7 per common share as year-end dividend, which will be ¥2 higher than in the prior year.

Accordingly, including the interim dividend of ¥7 per common share already paid, the annual dividend per common share for the fiscal year ended March 31, 2011 will be ¥14, which will be ¥2 higher than in the prior year.

	Interim dividend	Year-end dividend	(per common share) Annual dividend
This fiscal year (Year ended March 31, 2011)	¥ 7	¥ 7	¥ 14
Comparable previous year (Year ended March 31, 2010)	¥ 7	¥ 5	¥ 12

< Cautionary Statements with Respect to Forward-Looking Statements >

This document may contain forward-looking statements that are based on management's expectations, estimates, projections and assumptions. These statements are not guarantees of future performance and involve certain risks and uncertainties, which are difficult to predict. Therefore, actual future results may differ materially from what is forecast in forward-looking statements due to a variety of factors, including, without limitation: general economic conditions in the Company's markets, particularly government agricultural policies, levels of capital expenditures, both in public and private sectors, foreign currency exchange rates, continued competitive pricing pressures in the marketplace, as well as the Company's ability to continue to gain acceptance of its products.

Basic policy regarding reduction of trading unit of the Company's stock

Kubota Corporation (hereinafter "the Company") believes that reduction of trading unit is one of the effective measures to enhance liquidity of the Company's stock and the diversity of shareholders, which is deemed to be one of the important considerations by the Company.

However, the Company believes that the implementation of reduction of trading unit should be examined in careful consideration of price and liquidity of the Company's stock, financial results of the Company and expenses.
