ANNUAL LETTER TO SHAREHOLDERS

March 14, 2012

Dear Fellow Shareholders:

As Diamond Hill enters its second decade (eleventh year), I am pleased to report that we continue to meet our primary corporate objective to fulfill our fiduciary duty to our clients. Our various strategies have produced competitive results since their respective inception dates, which is necessary for us to achieve success as a firm.

Because passive investment alternatives are available at a fraction of the cost of active management strategies such as ours, Diamond Hill's corporate existence primarily depends upon our strategy returns exceeding those of passive alternatives. Last year, we set forth our investment fee philosophy in the white paper *Active Management Fees & Alignment of Interests*. Our goal was to illustrate the ways in which we work to meet our mission to serve our clients through a disciplined intrinsic value approach to investing, while maintaining our long-term perspective and aligning our interests with those of our clients. To ensure that we properly align our interests with those of our clients, our management fees are derived in part from our investment management goals. We first deduce goals for each of our strategies, and from these goals, we then determine our fee schedules. Clients are best served by a fee that is low enough to allow us to achieve meaningful outperformance relative to a passive alternative; yet at the same time, a fee that is high enough to allow us to build and maintain an investment team capable of achieving such results. Likewise, clients are best served by goals that are not only high enough to inspire outstanding performance, but also realistic enough to allow us to pay and retain top investment talent. In addition to creating appropriate quantitative incentive structures, we also recognize that the proper alignment of interests cannot be achieved unless we are diligent about only hiring individuals with high integrity and a fiduciary mindset.

Investment Research

Investment research is the heart of our firm, which explains the development of a best in class research team. I believe that we have one of the highest ratios of research analysts to assets under management in the industry, and I know that the quality and character of the individuals on the research team is second to none.

At the beginning of 2012, we converted the existing Diamond Hill Research Partners, LP into a mutual fund named Diamond Hill Research Opportunities Fund. The Research Opportunities Fund is a team managed strategy in which each research analyst is allocated a portion of capital (sleeve) to be invested in the industries he or she covers. Since its inception on March 31, 2009, this strategy has had excellent investment results. The strategy was initiated because we believe that we can add value relative to a passive benchmark over time by allowing our research analysts to apply their deep industry-specific expertise within a very flexible mandate. As important is the role it serves for our overall investment effort. The Research Opportunities Fund provides a vehicle for research analysts to demonstrate conviction in their best ideas through the investment of capital and communicate their level of conviction in portfolio recommendations to the portfolio managers. The strategy also serves as a measurement tool for compensation purposes and is beneficial for developing, retaining and attracting analysts to Diamond Hill. The Research Opportunities Fund is purposely structured as an all cap, long-short product so that our research efforts will continue to support all of our strategies.

Succession Planning

In last year's letter, I discussed our five-year plan for management transition to the next generation. The process of succession planning is among the most important efforts underway at Diamond Hill. My own plan is to continue to serve as CEO through the end of 2015 and as an investment team member and portfolio manager for our Long-Short strategy beyond 2015. Because of this plan, it is increasingly important that my duties be shared among the many talented individuals at Diamond Hill in order to complete the development of the next generation and achieve organizational sustainability. As prospective clients assess the sustainability of our firm, I am happy to report that not only has this process been smooth and healthy, but also in many ways it has revealed the quality and depth of the leadership among our second generation.

Creating Shareholder Value

Over the past eleven years, we have grown the intrinsic value of our business for our owners. Last year, we returned essentially all of our net profits to shareholders in the form of a special dividend, and during the past four years, we have returned \$38 per share, over \$100 million, in cash to our owners. This type of cash payout rate is rare in corporate America, as is the fact that every Diamond Hill employee is a shareholder. This is one of many examples where we strive to establish policies and practices that are optimal for aligning interest and creating value, rather than simply mimicking the norm. I believe that this distinguishes Diamond Hill in many important ways and helps to explain our past success, and it is my strong conviction that we continue this practice.

Sincerely,

R. H. Dillon

President and Chief Executive Officer

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Q: When and where will the Annual Meeting take place?

A: The Annual Meeting will be held at 325 John H. McConnell Blvd., Columbus, Ohio 43215, on Wednesday April 25, 2012, at 2:00 p.m. Eastern Daylight Saving Time. You may also listen live to the Annual Meeting via audio conference by calling 888-424-8151 [use confirmation code 9190483# when prompted] and you can view presentation materials in the News and Updates section of our website, <http://www.diamond-hill.com>.

Q: What may I vote on?

A: At the Annual Meeting, you will be asked to consider and vote upon: (i) the election of six directors to serve on the Board until the Company's 2013 Annual Meeting of Shareholders and until their successors have been duly elected and qualified; (ii) a proposal to ratify the appointment of Plante & Moran as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2012; and (iii) a non-binding, advisory resolution to approve the compensation of the Company's named executive officers.

Q: What do I need to do now?

A: After carefully reading this Proxy Statement, indicate on the enclosed proxy card how you want your shares to be voted and sign and mail the proxy promptly in the enclosed envelope. Alternatively, you may vote by phone by using the control number identified on your proxy, or vote over the Internet in accordance with the instructions on your proxy. The deadline for transmitting voting instructions over the Internet or telephonically is 11:59 p.m. Eastern Daylight Saving Time on April 24, 2012. If you vote by phone or over the Internet you do not need to return a proxy card. You should be aware that if you vote over the Internet or by phone, you may incur costs associated with electronic access, such as usage charges from Internet service providers and telephone companies.

Q: What does it mean if I get more than one proxy card?

A: If your shares are registered in more than one account, you will receive more than one proxy card. If you intend to vote by mail, sign, date and return all proxy cards to ensure that all your shares are voted. If you are a record holder and intend to vote by telephone or over the Internet, you must do so for each individual proxy card you receive.

Q: What is the difference between holding shares as a shareholder of record and as a beneficial owner?

A: Many shareholders are beneficial owners, meaning they hold their shares in street name through a broker, bank or other nominee. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record. For shares registered directly in your name with the Company's transfer agent, you are considered the shareholder of record and we are sending this Proxy Statement and related materials directly to you. As a shareholder of record, you have the right to vote in person at the Annual Meeting or you may grant your proxy directly to the Board's designees by completing, signing and returning the enclosed proxy card, or transmitting your voting instructions over the Internet or by phone.

Beneficial Owner. For shares held in street name, you are considered the beneficial owner and this Proxy Statement and related materials are being forwarded to you by your broker, bank or other nominee, who is the shareholder of record. As the beneficial owner, you have the right to direct your broker or other nominee on how to vote your shares. Your broker or nominee will provide you with information on the procedures

you must follow to instruct them how to vote your shares or how to revoke previously given voting instructions.

Q: If my shares are held in street name by my broker, will my broker vote my shares for me?

A: Your broker will vote your shares in the manner you instruct and you should follow the voting instructions provided to you by your broker. However, if you do not provide voting instructions to your broker, it may vote your shares in its discretion on certain routine matters. The ratification of the appointment of

Table of Contents

Plante & Moran as our independent registered public accounting firm for the 2012 fiscal year is considered routine, and if you do not submit voting instructions, your broker may choose, in its discretion, to vote or not vote your shares on the ratification. None of the other matters to be voted on at the Annual Meeting are routine, and your broker may not vote your shares on those matters without your instructions.

Q: May I revoke my proxy or change my vote after I have mailed a proxy card or voted electronically over the Internet or by telephone?

A: Yes. You can change your vote at any time before your proxy is voted at the Annual Meeting. If you are the record holder of the shares, you can do this in three ways:

send a written statement to James F. Laird, our Secretary, stating that you would like to revoke your proxy, which must be received prior to the Annual Meeting;

send a newly signed and later-dated proxy card, which must be received prior to the Annual Meeting, or submit later-dated electronic voting instructions over the Internet or by telephone no later than 11:59 p.m. Eastern Daylight Savings Time on April 24, 2012; or

attend the Annual Meeting and revoke your proxy in person prior to the start of voting at the Annual Meeting or vote in person at the Annual Meeting (**attending the Annual Meeting will not, by itself, revoke your proxy or a prior Internet or telephonic vote**). If you are a beneficial owner, you may change your vote by submitting new voting instructions to your broker or nominee, and you should review the instructions provided by your broker or nominee to determine the procedures you must follow.

Q: Can I vote my shares in person at the Annual Meeting?

A: You may vote shares held of record in person at the Annual Meeting. If you choose to attend, please bring the enclosed proxy card and a form of identification. If you are a beneficial owner and you wish to attend the Annual Meeting and vote in person, you will need a signed proxy from your broker or other nominee giving you the right to vote your shares at the Annual Meeting and a form of identification.

Q: How will my shares be voted if I submit a proxy without voting instructions?

A: If you submit a proxy and do not indicate how you want your shares voted, your proxy will be voted on the matters presented as recommended by your Board. The Board's recommendations are set forth in this Proxy Statement.

Q: Who can answer my questions about how I can submit or revoke my proxy or vote by phone or via the Internet?

A: If you are a record shareholder and have more questions about how to submit your proxy, please call James F. Laird, the Company's Secretary, at (614) 255-3353. If you are a beneficial owner, you should contact your broker or other nominee to determine the procedures you must follow.

Table of Contents

PROCEDURAL MATTERS

Record Date

Only our shareholders of record at the close of business on March 1, 2012, the record date, will be entitled to vote at the Annual Meeting. As of the record date, there were 3,084,982 of common shares outstanding and entitled to vote at the Annual Meeting.

Proxy

Your shares will be voted at the Annual Meeting as you direct on your signed proxy card or in your telephonic or Internet voting instructions. If you submit a proxy without voting instructions, it will be voted as recommended by your Board. These recommendations are set forth in this Proxy Statement. The duly appointed proxy holders will vote in their discretion on any other matters that may properly come before the Annual Meeting.

Voting

Each outstanding share may cast one vote on each separate matter of business properly brought before the Annual Meeting. If you hold shares in street name, the Board encourages you to instruct your broker or other nominee as to how to vote your shares.

A shareholder voting in the election of directors may cumulate such shareholder's votes and give one candidate a number of votes equal to (i) the number of directors to be elected (six), multiplied by (ii) the number of shares held by the shareholder, or may distribute such shareholder's total votes among as many candidates as the shareholder may select. However, no shareholder will be entitled to cumulate votes unless the candidate's name has been placed in nomination prior to voting and a shareholder has given us notice at least 48 hours prior to the Annual Meeting of the intention to cumulate votes. The proxies the Board is soliciting include the discretionary authority to cumulate votes. If cumulative voting occurs at the Annual Meeting, the proxies intend to vote the shares represented by proxy in a manner to elect as many of the seven director nominees as possible. Cumulative voting only applies to the election of directors.

Director elections. The affirmative vote of the holders of a plurality of the shares represented at the Annual Meeting, in person or by proxy, and entitled to vote is required for the election of directors, and the six nominees receiving the most votes will be elected.

Ratification of selection of independent registered public accounting firm. The affirmative vote of a majority of the shares represented at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal is required to ratify the selection of Plante & Moran as the Company's independent registered public accounting firm for fiscal 2012.

Advisory approval of named executive officer compensation. The affirmative vote of a majority of the shares represented at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal is required for shareholder advisory approval of the compensation of the Company's named executive officers.

Effect of broker non-votes and abstentions. Under the applicable regulations of the Securities and Exchange Commission (the "SEC") and the rules of exchanges and other self-regulatory organizations of which the brokers are members, brokers who hold common shares in street name may sign and submit proxies and may vote our common shares on certain routine matters. The ratification of Plante & Moran is considered routine. Brokers may not vote street name shares on the election of directors or approval of the compensation of our named executive officers without specific instruction from the customer who owns the shares. Proxies that are signed and submitted by brokers that have not been voted on certain matters are referred to as broker non-votes.

Neither broker non-votes nor abstentions will have any effect on the election of directors. Abstentions will have the same effect as a vote against the ratification of the appointment of Plante & Moran and the advisory approval of named executive officer compensation; although, broker non-votes will have no effect on those proposals.

Table of Contents

Quorum

We can conduct business at the Annual Meeting only if a quorum, consisting of at least the holders of a majority of our outstanding shares entitled to vote, is present, either in person or by proxy. Abstentions and broker non-votes will be counted toward establishing a quorum. If a quorum is not present at the time the Annual Meeting is convened, a majority of the shares represented in person or by proxy may adjourn the Annual Meeting to a later date and time, without notice other than announcement at the Annual Meeting. At any such adjournment of the Annual Meeting at which a quorum is present, any business may be transacted which might have been transacted at the Annual Meeting as originally called.

Solicitation; Expenses

We will pay all expenses of the Board's solicitation of the proxies for the Annual Meeting, including the cost of preparing, assembling and mailing the Notice, form of proxy and Proxy Statement, postage for return envelopes, the handling and expenses for tabulation of proxies received, and charges of brokerage houses and other institutions, nominees or fiduciaries for forwarding such documents to beneficial owners. We will not pay any electronic access charges associated with Internet or telephonic voting incurred by a shareholder. We may solicit proxies in person or by telephone, facsimile or e-mail. Our officers, directors and employees may also assist with solicitation and will receive no additional compensation for their services.

No person is authorized to give any information or to make any representation not contained in this Proxy Statement, and you should not rely on any such information or representation. This Proxy Statement does not constitute the solicitation of a proxy in any jurisdiction from any person to whom it is unlawful to make such proxy solicitation in such jurisdiction. The delivery of this Proxy Statement shall not, under any circumstances, imply that there has not been any change in the information set forth herein since the date of this Proxy Statement.

Requests for Proxy Statement and Annual Report on Form 10-K; Internet Availability

Our Annual Report on Form 10-K for the year ended December 31, 2011, including audited consolidated financial statements, accompanies this Proxy Statement but is not a part of the proxy solicitation material. We are delivering a single copy of this Proxy Statement and the Form 10-K to multiple shareholders sharing an address unless we have received instructions from one or more of the shareholders to the contrary. Section 16(a) of the Exchange Act requires executive officers and directors, and persons who beneficially own more than ten percent of the Company's shares, to file with the Securities and Exchange Commission (SEC) initial reports of ownership on Form 3 and reports of changes in ownership on Form 4 and Form 5. Executive officers, directors and persons who beneficially own more than ten percent of the Company's securities are required by SEC regulations to furnish to the Company copies of all Section 16(a) reports they file with the SEC. Based solely upon a review of the Forms 3, 4 and 5 furnished to the Company by these persons and statements made by these persons that no other Section 16(a) reports were required to be filed by them, there were, to the Company's knowledge, no late or unfiled reports during the year ended December 31, 2011.

PROPOSAL 1 ELECTION OF DIRECTORS

The Board guides the strategic direction of the Company and oversees its management. All of the Company's directors are elected annually. Pursuant to the recommendation of the Nominating and Governance Committee, the Board has nominated the six nominees listed below, all of whom are incumbents. All have been nominated by the Board to hold office until the next annual meeting of shareholders and until their respective successors are elected and qualified.

Lawrence E. Baumgartner, who has served as a director of the Company since 2008 and is a member of the Audit Committee and Nominating and Governance Committee, has decided not to stand for reelection. The Board would like to thank Mr. Baumgartner for his dedicated service to the Company. In light of Mr. Baumgartner's decision not to seek reelection, the Board reduced the number of directors of the Company from seven to six, and thus there are six nominees for election to the Board at the Annual Meeting. The reduction in the number of directors does not affect Mr. Baumgartner, who will continue to serve on the Board until his term expires at the Annual Meeting.

If any nominee becomes unable or unwilling to serve between the date of this proxy statement and the Meeting, proxies will be voted **FOR** the election of a replacement recommended by the Nominating and Governance Committee and approved by the Board.

THE BOARD OF DIRECTORS AND COMMITTEES

The Board held a total of five meetings during the year ended December 31, 2011. Each director attended 100% of the combined total number of meetings of the Board and Board committees of which he or she was a member. Consistent with the Company's Corporate Governance Guidelines, the independent directors met in executive session at all five of the Board meetings in 2011. Our Corporate Governance Guidelines provide that all directors are expected to attend each annual meeting of shareholders. All of our then incumbent directors attended our 2011 Annual Meeting of Shareholders.

Corporate Governance

The Board has three standing committees: the Audit Committee, the Compensation Committee, and the Nominating and Governance Committee. The Board has adopted a written charter for each Committee. Current copies of each committee charter and our Corporate Governance Guidelines are available at our Web site, www.diamond-hill.com, by clicking the Investor & Media Relations tab followed by the Corporate Governance tab.

Pursuant to rules promulgated under the Sarbanes-Oxley Act, the Board has adopted a Code of Ethics for Principal Executive and Senior Financial Officers. This code is intended to deter wrongdoing and promote honest and ethical conduct, full, timely and accurate reporting, compliance with laws, and accountability for adherence to the code, including internal reporting of code violations.

The Company also has a Code of Business Conduct and Ethics that is applicable to all of our employees and directors, a copy of which is filed as an exhibit to our Annual Report on Form 10-K filed with the SEC on March 13, 2009. It is the Company's policy to require all employees to participate annually in continuing education and training relating to the Code of Business Conduct and Ethics.

Table of Contents

The Company also has established a policy prohibiting its officers, directors, and employees from purchasing or selling shares of the Company while in possession of material, nonpublic information, or otherwise using such information for their personal benefit or in any manner that would violate applicable laws and regulations. In addition, the policy also prohibits all employees and directors from purchasing or selling any derivative arrangement related to securities of the Company or engaging in any speculative, short selling, or hedging activities related to securities of the Company that may have a similar economic effect.

Audit Committee

Mr. Lauer, Mr. Baumgartner and Ms. Skinner serve on the Audit Committee, which met four times during 2011. The Board has determined that each committee member meets the independence and financial literacy rules and standards of the SEC and NASDAQ. The Board also has concluded that Mr. Lauer, the Chairman of the Audit Committee, and Ms. Skinner meet the criteria for an audit committee financial expert as established by the SEC.

The primary purpose of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities with respect to (1) the retention of our independent registered public accounting firm, including appointing and overseeing the terms of its engagement and its performance, qualifications and independence, and (2) the integrity of our financial statements, other financial information provided to shareholders, and our internal control structure. The Audit Committee also reviews all related person transactions for potential conflicts of interest on an ongoing basis and all such transactions must be approved by the Audit Committee. Additional information on the approval of related person transactions is available under the heading **Certain Relationships and Related Person Transactions** below. The report of the Audit Committee appears below the heading **REPORT OF THE AUDIT COMMITTEE**.

Compensation Committee

Mr. Moran, Mr. Shackelford and Ms. Skinner serve on the Compensation Committee, which met three times during 2011. Ms. Skinner serves as the Chair of the Compensation Committee. The Board of Directors has determined that each of these members meets the independence criteria of the SEC and NASDAQ. No member of the Compensation Committee is or has been an officer or employee of the Company or has had any relationship requiring disclosure by us under Item 404 of SEC Regulation S-K. In addition, no member of the Compensation Committee or Board is employed by a company whose board of directors includes a member of our management.

The primary purpose of the Compensation Committee is to review and approve the Company's executive compensation policies, evaluate the performance of our executive officers in light of corporate goals and objectives approved by the Compensation Committee, approve the annual salary, bonus, stock grants and other benefits, direct and indirect, of our executive officers and other senior employees, make recommendations to the full Board with respect to incentive-compensation plans and equity-based plans and determine director and committee member/chair compensation for non-employee directors. The Compensation Committee also administers our equity and other incentive plans. A description of the Company's processes and procedures for the consideration and determination of executive officer compensation are discussed under the heading **Compensation Discussion and Analysis** below.

Nominating and Governance Committee

Messrs. Baumgartner, Moran and Shackelford serve on the Nominating and Governance Committee, which met four times during 2011. Mr. Baumgartner serves as the chairman. The Board has determined that all committee members meet the independence criteria of NASDAQ.

The primary purpose of the Nominating and Governance Committee is to maintain and cultivate the effectiveness of the Board and oversee the Company's governance policies. Among the committee's responsibilities are Board and committee composition, director qualifications, orientation and education, and Board evaluations. Members identify, evaluate, and nominate Board candidates; review compliance with director stock ownership guidelines; and oversee procedures regarding shareholder nominations and other communications to the Board.

Table of Contents

In addition, they are responsible for monitoring compliance with and recommending any changes to the company's Corporate Governance Guidelines. Additional information regarding the committee's activities appears under the heading Corporate Governance.

Ownership and Retention Guidelines

Each non-employee director is required to hold for his or her entire term of service on the Board 100% of the shares of our common stock granted to them as compensation. They may not sell any of the shares granted to them until they conclude their service as a director.

CORPORATE GOVERNANCE

The Nominating and Governance Committee has general oversight responsibility for assessment and recruitment of new director candidates, as well as evaluation of director and board performance and oversight of governance matters for the Company. The Committee adopted Corporate Governance Guidelines on February 25, 2010, which are available at our website, www.diamond-hill.com, by clicking the Investor & Media Relations tab followed by the Corporate Governance tab.

Board Leadership and Composition

We believe separating the roles of Chairman and CEO provides for a strong governance and oversight structure. These roles have been separate since 2000. The Chairman approves Board agendas and schedules, chairs all executive sessions of the independent directors, acts as liaison between the independent directors and management, oversees the information distributed in advance of Board meetings, is available to the Secretary to discuss and, as necessary, respond to shareholder communications to the Board, and calls meetings of the independent directors.

Currently, five of our seven directors are independent under NASDAQ standards. If the proposed directors are elected, four of our six directors will be independent. In addition, the Nominating and Governance Committee, the Audit Committee, and the Compensation Committee are all comprised entirely of independent directors. Overall, the Company believes that our Board structure is designed to foster critical oversight, good governance practices, and the interests of the Company and its shareholders.

Among other things, the Corporate Governance Guidelines address term limits of each director. Although we have a 10 year service limit for directors, the Guidelines authorize the Board to make exceptions to this limitation and permit directors to serve for an additional year. Using its discretion, the Board chose to allow Mr. Lauer to stand for re-election for one additional year of service.

Board's Role in Risk Oversight

The Board's role in the Company's risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including client investment performance, operational, financial, legal, regulatory, and strategic risks. The Audit Committee is responsible for overseeing risks relating to the Company's accounting matters, financial reporting and legal and regulatory compliance. To satisfy these oversight responsibilities, the Audit Committee meets regularly with management and Plante & Moran. The Compensation Committee is responsible for overseeing risks relating to employment policies and the Company's compensation and benefits programs. To satisfy these oversight responsibilities, the Compensation Committee meets regularly with management to understand the implications of compensation decisions, particularly the risks that the Company's compensation policies pose to its finances and its relationship with employees.

Planning Group

During 2009, we formed the Planning Group, which is comprised of seven associates representing all functional areas of the organization. These individuals are not executive officers of the Company. The Planning Group was formed to address important Company issues and provide counsel to the CEO and CFO. The Planning Group collaborates and recommends action on various company initiatives and the overall direction of the firm, although ultimate decision making authority remains with our CEO and CFO. The Planning Group is comprised of the following individuals: Chris Bingaman portfolio management, Chris Welch portfolio management, Bill Zox portfolio management, Rick Snowdon investment research, Laurie Riebel client management,

Table of Contents

James Bishop business development, and Gary Young business management. The Planning Group also plays a role in the Company's overall succession planning efforts. The Company believes that the Planning Group in conjunction with the CEO and CFO is an appropriate and effective organizational structure for Diamond Hill.

Director Orientation and Continuing Education and Development

When a new independent director joins the Board, the Company provides a formal orientation program for the purpose of providing the new director with an understanding of the operations and the financial condition of the Company. In addition, each director is expected to maintain the necessary level of expertise to perform his or her responsibilities as a director. To assist the directors in maintaining such level of expertise, we may, from time to time, offer continuing education programs in addition to briefings during Board meetings relating to the competitive and industry environment and the Company's goals and strategies.

Director Qualifications and the Nominations Process

The Nominating and Governance Committee believes that the nominees presented in this proxy statement would constitute a Board with an appropriate level and diversity of experience, education, skills, and independence. The Nominating and Governance Committee routinely considers the current composition of the Board, and whether changes should be made or additional directors should be added to the Board.

The Nominating and Governance Committee supervises the nomination process for directors. It considers the performance, independence, diversity, and other characteristics of our incumbent directors, including their willingness to serve, and any change in their employment or other circumstances in considering their renomination each year. The Nominating and Governance Committee also considers diversity of background and experience as well as gender and other forms of diversity. We do not, however, have any formal policy regarding diversity in identifying nominees for a directorship, but rather we consider it among the various factors relevant to any particular nominee and the overall needs of the Board. In the event that a vacancy exists or it decides to increase the size of the Board, the Nominating and Corporate Governance Committee identifies, interviews and examines, and make recommendations to the Board regarding, appropriate candidates.

The Nominating and Governance Committee identifies potential candidates principally through suggestions from the Company's directors and senior management. The committee may also seek candidates through informal discussions with third parties. We have not historically retained search firms to help identify director candidates, and did not do so in identifying this year's nominees.

In evaluating potential candidates, the Nominating and Governance Committee considers, among other factors, independence from management, experience, expertise, commitment, diversity, number of other public company board and related committee seats held, potential conflicts of interest, and the composition of the Board at the time of the assessment. All candidates for nomination must:

demonstrate strong character and integrity;

have sufficient time to carry out their duties;

have experience at senior levels in areas of expertise helpful to the Company and consistent with the objective of having a diverse and well-rounded Board; and

have the willingness and commitment to assume the responsibilities required of a director of the Company.

In addition, candidates expected to serve on the Audit Committee must meet independence and financial literacy qualifications imposed by NASDAQ and by the SEC and other applicable law. Candidates expected to serve on the Nominating and Governance Committee or the Compensation Committee must meet independence qualifications set out by NASDAQ, and members of the Compensation Committee must also meet additional independence tests under SEC rules. The evaluation process of potential candidates also includes personal interviews, and discussions with appropriate references. Once the Nominating and Governance Committee has selected a candidate, it recommends the candidate to the full Board for election if a vacancy occurs or is created

Table of Contents

by an increase in the size of the Board during the course of the year, or for nomination if the director is to be first elected by shareholders. All directors serve for one-year terms and must stand for re-election annually.

The Board does not currently have any specific policies regarding the consideration of director candidates recommended by shareholders and will consider shareholder recommendations for directors using the process and criteria set forth above. Further, the Nominating and Governance Committee may, in its discretion, adopt policies in the future regarding the consideration of director candidates recommended by shareholders. Shareholder recommendations for Board candidates must be directed in writing to the Company at 325 John H. McConnell Boulevard, Suite 200, Columbus, Ohio 43215, Attention: Secretary, and must include the candidate's name, home and business contact information, detailed biographical data and qualifications, information regarding any relationships between the candidate and us within the last three years, and evidence of the recommending person's ownership of our common shares.

Certain Relationships and Related Person Transactions

The Board recognizes that related person transactions present a heightened risk of conflicts of interest. We currently have no related person transactions reportable pursuant to Item 404(a) of SEC Regulation S-K, and has not had any such transactions in the recent past. As such, we do not believe it is necessary to have a written policy specifically dealing with related person transactions. The Audit Committee will review any potential related person transactions as they arise and are reported to the Board or the Audit Committee, regardless of whether the transactions are reportable pursuant to Item 404. No such transactions arose or were reviewed by the Audit Committee in 2011. For any related person transaction to be consummated or to continue, the Audit Committee must approve or ratify the transaction.

EXECUTIVE OFFICERS AND COMPENSATION INFORMATION

R. H. Dillon and James F. Laird are the Company's only named executive officers. Their experience is described above under the heading PROPOSAL 1 ELECTION OF DIRECTORS. The Company has no executive officers other than our named executive officers. Each named executive officer devotes his full time and effort to the affairs of the Company.

Compensation Discussion and Analysis

Background

We are in the investment management industry. Human capital is the most important resource of companies in our industry. Attracting and retaining employees can be more difficult in our industry than in others because of how heavily our industry depends on the contributions of talented individuals. We have been able to attract and retain high-quality employees due to:

our investment-centric culture,

employee ownership in our business,

our central Ohio location, and

the nationally-competitive compensation we offer to our employees.

Compensation, which is a critical element in a business dependent on talented employees, has a particularly significant impact on profitability in industries like ours that are not capital intensive. This requires a balancing of the economics between increasing our operating profit margin and rewarding the employees who generate our profits and produce investment results for our clients. The balancing effort is particularly challenging for us because we were essentially a start-up in May 2000, but yet had the unusual legacy of being a publicly owned company, in contrast to the industry norm of partnership-like structures for investment management firms of similar size. As of February 28, 2012, employees and directors owned approximately 31% of the Company. In contrast, many competitor firms are owned entirely by their employees. Despite our unique ownership structure given our industry, we believe that industry norms are helpful benchmarks for evaluating the balancing effort.

Table of Contents

At our 2011 Annual Meeting of Shareholders, we asked our shareholders to vote upon an advisory resolution to approve the compensation of our executive officers. The compensation of our executive officers was approved by 94% of the votes cast on the matter. The Compensation Committee of the Board (the Committee) believes that the results of the advisory vote on executive compensation are supportive of our previous compensation practices and of its overall judgment related to the compensation practices of the Company and considered that endorsement in establishing the compensation awarded to our executive officers for 2011.

Compensation Program Objectives

We seek to attract and retain people with integrity, intelligence and energy. All employees are paid a competitive base salary, provided with competitive benefits and participate in an annual cash and equity incentive compensation program. The amount of individual incentive awards is based on an assessment of individual performance, while the amount of the overall available incentive pool is based on (i) overall firm investment and operating results, (ii) market compensation data and (iii) the profitability of the firm compared to other investment management firms.

In addition to annual incentive compensation, upon commencing employment with the Company most employees were awarded equity grants as an incentive to their continued employment. Generally these awards vest over five years to promote employee retention and long-term employee ownership. The Company also seeks to increase the equity ownership in the Company of all employees because it believes such ownership encourages all employees to act and think like owners. While compensation amounts differ depending upon position, responsibilities, performance and competitive data, the Company seeks to reward all employees with similar compensation components based on these same objectives.

Rewards Based on Performance

Our primary business objective is to meet our fiduciary duty to clients. Specifically, the focus is on long-term, five-year investment returns, with goals defined as rolling five-year periods in which client returns are sufficiently above relevant passive benchmarks, rank in the top quartile of similar investment strategies and exceed a sufficient absolute return for the risk associated with the asset class. As it relates to our investment professionals, the compensation program is designed to reward performance that supports these objectives. For those employees who are not a part of our investment team, the compensation program varies but is based on rewarding individual performance that helps us meet our fiduciary duty to clients. Our second objective is to fulfill our fiduciary duty to shareholders by managing the firm and its assets to increase shareholder value over time.

Compensation Setting Process

Role of the Compensation Committee

The Committee has overall responsibility for evaluating and approving the structure, operation and effectiveness of the Company's compensation plans, policies and programs for all employees. The Committee consists of Peter J. Moran, Donald B. Shackelford, and Frances A. Skinner. Ms. Skinner serves as Chair. Each member of the Committee is an outside director for purposes of Section 162(m) of the Internal Revenue Code and a non-employee director for purposes of Section 16(b) of the Securities Exchange Act of 1934. The Committee is specifically charged to:

review and approve the corporate goals and objectives relevant to the compensation of the CEO, to evaluate the CEO's performance in light of these goals and objectives, and, based on this evaluation, make recommendations to the Board for the independent directors to approve the CEO's compensation level (including any long-term incentive or other compensation under any incentive-based or equity-based compensation plan);

review management's recommendations and make recommendations to the Board with respect to director and other non-CEO executive officer compensation; provided, however, that the Committee has full decision-making authority with respect to compensation intended to be performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code;

Table of Contents

retain compensation consultants as it deems necessary to assist in its evaluation of director, CEO or other senior executive compensation programs or arrangements. The Committee also has the authority to obtain advice and assistance from internal or external legal, accounting or other advisors;

review management's recommendations and make recommendations to the Board with respect to incentive-based compensation and equity-based compensation plans and programs that are subject to Board approval, and that may be applicable to all or any portion of the employees of the Company and/or its subsidiaries; and

exercise all power and authority of the Board in the administration of equity-based incentive compensation plans.

The Committee considers the sum of all pay elements when reviewing annual compensation recommendations for the named executive officers. Although the framework for compensation decision-making is tied to the Company's overall financial performance and the creation of long-term shareholder value, the Committee retains discretion to make recommendations to the Board for the independent directors to approve individual compensation based on other performance factors such as demonstrated management and leadership capabilities and the achievement of certain investment results for client accounts and other strategic operating results.

Role of Management

The Company's CEO evaluates the CFO as part of the annual review process and makes recommendations to the Committee regarding all elements of executive compensation paid to him. Changes in executive compensation proposed by the CEO are based on the CFO's performance, the compensation of individuals with comparable responsibilities in competing or similar organizations, and the profitability of the Company. At the Committee's request, the CEO and CFO attend Committee meetings to provide general employee compensation and other information to the Committee, including information regarding the design, implementation and administration of the Company's compensation plans. The Committee also meets in executive sessions without the presence of any executive officer whose compensation the Committee is scheduled to discuss.

Use of Compensation Consultants and Surveys in Determining Executive Compensation

The Committee's written charter gives it the authority to retain an independent outside executive compensation consulting firm to assist in evaluating policies and practices regarding executive compensation and provide objective advice regarding the competitive landscape. However, historically the Committee has not engaged compensation consultants and did not do so in 2011.

Each year the Committee obtains and summarizes an asset management industry pay analysis prepared by McLagan Partners, a compensation specialist focusing on the asset management industry. The companies in the McLagan Partners' analysis include over 100 public and private asset management companies with which the Company competes. This analysis provides the Committee with a general overview of compensation trends in the asset management industry. The Committee does not define a specific peer group, but rather takes a broad view of the analysis. The Committee does not set any compensation elements or levels based on targeting a certain percentile from the survey, but rather sets compensation that it believes to be both competitive and based on the executive's value to the Company. The survey is just one of many factors that the Committee considers when determining executive compensation. Management and the Committee believe this broad view of the analysis is appropriate because the Company competes with both public and private asset management firms regardless of their size and scope of operations.

Elements of Compensation

Base Salary

Base salaries for the named executive officers are intended to provide a fixed level of cash compensation that is appropriate given the executive's role in the organization. Generally, base salaries are determined by (i) scope of responsibility and complexity of position, (ii) performance history, (iii) tenure of service, (iv) internal equity within the Company's salary structure, and (v) relative salaries of persons holding similar positions at

Table of Contents

companies within the investment management industry. Base salaries are designed to compensate knowledge and experience. In December 2010, the Committee made the determination not to increase the base salaries of the named executive officers for fiscal year 2011. Consistent with the Company's desire to have the majority of total compensation paid to named executive officers at risk in the form of incentive compensation, only four and 20.5 percent of the total compensation of our CEO and CFO, respectively, in fiscal 2011 (as shown in the Summary Compensation table) was paid in the form of base salaries.

Annual Cash Bonuses

In March 2011, the Company entered into an amendment and restatement of its employment agreement with R. H. Dillon, the Company's President and CEO. The Company agreed to amend and restate Mr. Dillon's employment agreement to reflect the mutual desire of the Company and Mr. Dillon that he remain CEO for the next five years. The amended and restated agreement entitles Mr. Dillon to, among other things, an annual cash bonus equal to at least 5% of the Company's operating income, subject to an annual cap of \$640,000. Mr. Dillon earned a \$640,000 cash bonus for 2011 because 5% of the Company's operating income for 2011 exceeded \$640,000. The Committee believes this formula to determine a cash bonus is appropriate because it ties the amount of the bonus to operating income, but also caps the award at an amount that Mr. Dillon and the Committee believes is appropriate given broad market compensation data and the additional value of the separate restricted stock award to Mr. Dillon in 2011 (which is described in the following section).

The Committee awarded a discretionary cash bonus to Mr. Laird, the Company's CFO, to reward him for his strong performance and overall contributions to the Company in fiscal 2011. The Committee believes that structuring Mr. Laird's annual cash bonus as a discretionary cash bonus provides the Committee with the flexibility to consider all aspects of Mr. Laird's performance and contributions to the Company and properly compensate him for the relative value he provided to the Company in fiscal 2011. In determining the amount of the cash bonus, the Committee considered the Company's overall operating results, contributions by Mr. Laird that may not be reflected in the operating results, and broad market compensation data.

Restricted Stock Award

In May 2011, the Company awarded 100,000 shares of performance-based restricted stock to Mr. Dillon pursuant to the Company's 2011 Equity and Cash Incentive Plan. All of the shares will vest on January 1, 2016 if the Company's cumulative operating profit (defined as the Company's total revenue during the period beginning on January 1, 2011 and ending on December 31, 2015, excluding any investment income and gains and the revenue of the Company's subsidiaries Beacon Hill Fund Services, Inc. and BHIL Distributors, Inc. (collectively, Beacon Hill)), less the Company's total operating expenses during such period, excluding Beacon Hill expenses, any investment losses and all taxes) equals or exceeds \$75,000,000. The results of Beacon Hill are excluded from the cumulative operating profit because it is a separate subsidiary of the Company and is not yet material to the overall financial results of the Company. If the Company's cumulative operating profit during such period is less than \$75,000,000, a number of shares of restricted stock equal to 100,000 multiplied by a fraction, the numerator of which will be the Company's actual cumulative operating profit during such performance period and the denominator of which will be \$75,000,000, will vest on January 1, 2016. Any shares of restricted stock that remain unvested will be forfeited on such date. All shares of restricted stock that vest on January 1, 2016 will remain subject to restrictions on sale or transfer following the vesting date. The restrictions on sale or transfer will lapse with respect to 20% of the vested shares of restricted stock on each anniversary of the vesting date. If Mr. Dillon dies or is disabled prior to December 31, 2015, a number of shares of restricted stock equal to 100,000 multiplied by a fraction, the numerator of which will be the number of whole months of service elapsed between January 1, 2011 and the date of death or disability and the denominator of which will be 60, will vest and become immediately transferable without restriction. If Mr. Dillon's employment is terminated prior to January 1, 2016 without Cause or for Good Reason (each as defined in Mr. Dillon's amended and restated employment agreement), a number of shares of restricted stock equal to 100,000 multiplied by the lesser of (i) a fraction, the numerator of which will be the Company's actual cumulative operating profit during the period beginning on January 1, 2011 and ending on the date of termination of employment and the denominator of which will be \$75,000,000, and (ii) a fraction, the numerator of which will be the number of whole months of service elapsed

Table of Contents

between January 1, 2011 and the date of termination of employment and the denominator of which will be 60, will vest and become immediately transferable without restriction. In the event of a Change in Control (as defined in Mr. Dillon's amended and restated employment agreement), all 100,000 shares of restricted stock will immediately vest and become transferable without restriction.

This restricted stock award is intended to comprise all of Mr. Dillon's equity-based compensation for the 2011 fiscal year through the 2015 fiscal year and no additional equity awards to Mr. Dillon during that period are contemplated. The Committee believes this compensation structure will strongly align the long-term interests of Mr. Dillon with those of the Company and its shareholders and better advances the objectives of our compensation program than the annual compensation structure used in prior years.

Stock Award

The Committee awarded a discretionary stock award to Mr. Laird to reward him for his strong performance and overall contributions to the Company in fiscal 2011. The Committee believes that a discretionary stock bonus to Mr. Laird provides the Committee with the flexibility to consider all aspects of Mr. Laird's performance and contributions to the Company and properly compensate him for the relative value he provided to the Company in fiscal 2011. In addition, this stock award, while immediately vested, is restricted from sale or transfer for five years, which the Committee believes strongly aligns the long-term interests of Mr. Laird with those of the Company and its shareholders. In determining the amount of the stock award, the Committee considered the Company's overall operating results, contributions by Mr. Laird that may not be reflected in the operating results, and broad market compensation data.

Retirement Plan Benefits

The Company provides retirement benefits through the Diamond Hill Investment Group 401k Plan. The named executive officers are entitled to participate in this plan on the same terms and conditions as all other employees. The plan does not involve any guaranteed minimum or above-market returns, as plan returns depend on actual investment results.

Other Benefits and Perquisites

The Company does not provide supplemental retirement plan benefits or non-qualified compensation plans to the named executive officers. As a general rule, the Company does not provide any perquisites or other personal benefits to its named executive officers that are not offered on an equal basis to all employees. The Company's named executive officers are entitled to participate in benefit programs that entitle them to medical, dental, and short-term and long-term disability insurance coverage that are available to all employees.

Post Employment Payments

Only the CEO has an employment contract which provides for payments upon termination of employment. More information on the employment agreement with our CEO and termination payments thereunder is set forth under the heading "Employment Agreements and Change in Control Benefits."

Stock Ownership Guidelines

In February 2010, the Board adopted stock ownership guidelines for our Named Executive Officers to further align their interests with those of shareholders. This policy provides that our named executive officers are expected to reach levels of ownership (determined as a stated multiple of base salary) within five years after the adoption of the guidelines or, if later, within five years from the date when the executive assumed his or her position. The below table provides the target ownership level and actual shares owned as of December 31, 2011. Both of the named executive officers hold shares well in excess of the amounts required under the guidelines.

Name	Title	Target Ownership Level	Target Number of Shares(a)	Number of Shares Owned	Ownership Guideline Met

Risks Related to Compensation Policies and Practices

As part of its oversight of the Company's executive and non-executive compensation programs, the Compensation Committee considers how current compensation programs, including the incentives created by compensation awards, affect the Company's risk profile. In addition, the Company reviews its compensation policies, particularly the incentives that they create, to determine whether they encourage an appropriate level of risk-taking and do not present a significant risk to the Company. The Compensation Committee also considered the following risk mitigating factors:

current compensation programs reward portfolio managers and research analysts on trailing five year investment performance in client accounts;

a majority of incentive compensation is in the form of equity-based awards;

sale restriction periods for equity-based compensation awards encourage executives and other employees to focus on the long-term performance of the Company;

the Committee's discretionary authority to adjust annual incentive awards, which helps mitigate business risks associated with such awards;

the Company's internal control over financial reporting and other financial, operational and compliance policies and practices currently in place; and

base salaries consistent with executives' responsibilities so that they are not motivated to take excessive risks to achieve a reasonable level of financial security.

Based on this review, the Company has concluded that its compensation policies and procedures are not reasonably likely to have a material adverse effect on the Company.

The stock awards made pursuant to the 2005 Plan were based upon the achievement of a specific performance target for the Company. The performance target was determined at the beginning of each performance period, taking into the consideration the performance target from the prior year, forecasted revenue, and the requirements of Section 162(m) of the Internal Revenue Code. The stock award made to Mr. Laird for 2011 was a discretionary award and shares were issued under the Company's 2011 Cash and Equity Incentive Plan.

Pension Plans and Non-Qualified Deferred Compensation.

The Company does not maintain any pension plans or non-qualified deferred compensation programs for executives or employees.

Employment Agreements and Change In Control Benefits.

The Company currently has an employment agreement with Mr. Dillon. A description of the agreement is set forth below. The Company is not a party to any employment agreement with any other employees and is not obligated to provide change in control benefits to any employee other than Mr. Dillon.

Employment Agreement with Mr. Dillon. In March 2011, the Company entered into an amended and restated employment agreement with Mr. Dillon, the Company's President and CEO. The agreement has a current expiration date of January 1, 2016. The agreement provides for an annual salary of \$360,000, which may be increased (but not reduced) by the Board annually, plus an annual cash bonus of at least 5% of the Company's operating income, with a maximum annual cash bonus of \$640,000 and a minimum annual cash bonus of \$0. Mr. Dillon also received a restricted stock award of 100,000 shares that vests on January 1, 2016 if performance criteria established by the Compensation Committee are satisfied and Mr. Dillon remains employed by the Company on that date. The performance criteria and vesting provisions of Mr. Dillon's restricted stock award are discussed more thoroughly in the Compensation Discussion and Analysis section above. Mr. Dillon's employment agreement also entitles him to receive health insurance and six weeks paid vacation annually and participate in other benefit programs offered to employees. The agreement also restricts Mr. Dillon from competing with the Company during the term of the agreement and for one year following termination of his employment and provides that he will at all times maintain the confidentiality of Company information.

If the Company terminates Mr. Dillon's employment without Cause (as defined in the amended and restated employment agreement), he would be entitled to the following payments, which are quantified to reflect the amounts he would have received had his employment been terminated at December 31, 2011:

1. his accrued but unpaid base salary and vacation and unreimbursed business expenses as of the date of termination (\$0 at December 31, 2011);
2. payments, if any, under other benefit plans and programs in effect at the time (the Company currently has no benefit plans that would result in payments upon termination);

3. a single lump sum payment equal to six months base salary at his annual salary rate in effect at the date of termination (\$180,000 at December 31, 2011);

Table of Contents

4. beginning in the seventh month after the date of termination, six monthly payments of his monthly base salary (\$180,000 at December 31, 2011);
5. any portion of the restricted stock award of 100,000 shares as provided in the award agreement those shares were granted under (20,000 shares at December 31, 2011);
6. a lump sum payment equal to the amount, if any, he received as an annual cash bonus for the preceding year (\$0 at December 31, 2011);
7. his accrued but unpaid annual cash bonus from the year prior to the date of termination (\$0 at December 31, 2011); and
8. a pro rata portion of the annual cash bonus (\$640,000 at December 31, 2011).

Mr. Dillon may terminate his employment for Good Reason, (as defined in the amended and restated employment agreement) which generally includes reduction of his annual base salary or annual cash bonus, permanent or consistent assignment to him of duties inconsistent with his position and authority, no longer having him report directly to the Board or a breach by the Company of his employment agreement. If he terminates his employment for good reason, Mr. Dillon is entitled to all of the payments to which he would be entitled in the event he is terminated without Cause, except for the payment set forth in number 7 above.

If Mr. Dillon's employment terminates due to his death or disability, upon the expiration of the employment agreement in accordance with its terms or the Company terminates Mr. Dillon for Cause, he will be entitled to receive the payments set forth in numbers 1 and 2 above. In the event of his death or disability, he will also receive the payments described in number 5 and number 8 above and in the event of disability, he will also receive the payments described in number 7 above. Under the employment agreement, Cause generally includes material violations of the Company's employment policies, conviction of crime involving moral turpitude, violations of securities or investment adviser laws, causing the Company to violate a law which may result in penalties exceeding \$250,000, materially breaching the employment agreement or fraud, willful misconduct or gross negligence in carrying out his duties.

In the event of a Change in Control (as defined in Mr. Dillon's amended and restated employment agreement), all 100,000 shares of restricted stock would immediately vest and become transferable without restriction in accordance with the terms of the award agreement applicable to the restricted stock award. Additionally, if within 24 months after the occurrence of a change in control Mr. Dillon's employment is terminated by the Company for any reason other than death, disability or for Cause, or Mr. Dillon terminates his employment for Good Reason, he will be entitled to the following payments from us or our successor, in addition to the applicable payments set forth in numbers 1 through 8 above:

a single lump sum payment equal to his annual base salary and annual cash bonus payable to him for the most recently completed fiscal year (\$1,000,000 at December 31, 2011); and

a single lump sum payment equal to 12 months of premium payments for coverage for Mr. Dillon and his family under our group health plan (\$4,513 at December 31, 2011).

If any payments to Mr. Dillon in connection with a change in control would constitute excess parachute payments under applicable tax laws, Mr. Dillon will receive gross-up payments in an amount that covers any taxes, interest, penalties, additional taxes or costs incurred and leaves Mr. Dillon with the amount he would have retained if the payments he received upon the change of the control had not constituted excess parachute payments.

and issuing reports on the Company's financial statements and the effectiveness of the Company's internal controls over financial reporting. The Audit Committee's responsibility is to provide independent, objective oversight of these processes.

Pursuant to this responsibility, the Audit Committee met with management and Plante & Moran throughout the year. The Audit Committee reviewed the audit plan and scope with Plante & Moran and discussed with them the matters required by Statement on Auditing Standards No. 114 (The Auditor's Communication with Those Charged with Governance), as may be amended from time to time. The Audit Committee also met with Plante & Moran without management present to discuss the results of their audit work, their evaluation of the Company's system of internal controls and the quality of the Company's financial reporting.

The Committee also discussed with Plante & Moran its independence from management and the Company, and received its written disclosures pursuant to applicable requirements of the PCAOB regarding the independent accountant's communication with the audit committee concerning independence.

Management has represented to the Audit Committee that the Company's consolidated financial statements for the year ended December 31, 2011, were prepared in accordance with United States generally accepted accounting principles, and the Audit Committee reviewed and discussed the audited consolidated financial statements with management and Plante & Moran. Based on the Audit Committee's discussions with management and Plante & Moran and review of Plante & Moran's report to the Audit Committee, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011, filed with the SEC.

PROPOSAL 3:

ADVISORY VOTE ON THE COMPENSATION

OF THE COMPANY'S NAMED EXECUTIVE OFFICERS

The Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010, requires that we provide our shareholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our executive officers identified in the Summary Compensation Table of this Proxy Statement (the "named executive officers") as disclosed in this Proxy Statement in accordance with the SEC's rules.

As described in detail in the section entitled, "EXECUTIVE OFFICERS AND COMPENSATION INFORMATION", we believe that executive compensation should be linked with the Company's performance and significantly aligned with the interests of the Company's shareholders. In addition, our executive compensation program is designed to allow us to retain, and recognize the contributions of, employees who play a significant role in our current and future success. We urge you to read the Compensation Discussion and Analysis, the 2011 Summary Compensation Table and the other related tables and disclosure for a detailed description of the fiscal year 2011 compensation of our named executive officers.

The vote on this resolution is not intended to address any specific element of compensation; rather, the advisory vote relates to the overall compensation of our named executive officers. This vote is advisory and therefore not binding on the Company. However, the Board and the Compensation Committee will review the voting results and will take into account the outcome of the vote when determining future compensation for the Company's named executive officers.

Table of Contents

Accordingly, we ask our shareholders to vote on the following resolution:

RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2012 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2011 Summary Compensation Table and the other related tables and disclosure.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SEC.

SHAREHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Given the Company's relatively small size, the relatively small number of record shareholders, and the Board's consistent practice of being open to receiving direct communications from shareholders, the Board believes that it is not necessary to implement, and we do not have, a formal process for shareholders to send communications to the Board. Our practice is to forward any communication addressed to the full Board to the Chairman, to a group of directors to a member of the group, or to an individual director, to that person.

SHAREHOLDER PROPOSALS FOR 2013 ANNUAL MEETING

Shareholders are entitled to submit proposals on matters appropriate for shareholder action consistent with SEC rules and our Code of Regulations. Should a shareholder wish to have a proposal appear in the Proxy Statement for next year's annual meeting, under applicable SEC rules, the proposal must be received by the Company's Secretary on or before November 14, 2012, and must otherwise comply with the requirements of Rule 14a-8 of the Exchange Act. If a shareholder intends to present a proposal at next year's annual meeting but does not intend to seek the inclusion of such proposal in our Proxy Statement, such proposal must be received by the Company prior to January 28, 2013, or management proxies will be entitled to use discretionary voting authority should such proposal be raised without any discussion of the matter in the Proxy Statement. The Company's address is 325 John H. McConnell Boulevard, Suite 200, Columbus, Ohio 43215.

SHAREHOLDERS SHARING THE SAME ADDRESS

The SEC has implemented rules regarding the delivery of proxy materials (i.e., annual reports, proxy statements, proxy statements combined with a prospectus or any information statements provided to shareholders) to households. This method of delivery, often referred to as householding, would generally permit the Company to send a single annual report and a single proxy statement to any household at which two or more different shareholders reside if the Company believes such shareholders share the same address, unless the shareholder(s) have opted out of the householding process. Each shareholder would continue to receive a separate notice of any meeting of shareholders and proxy card. The householding procedure reduces the volume of duplicate information you receive and reduces expenses. The Company has instituted householding. If (i) you wish to receive separate annual reports or proxy statements, either this year or in the future, or (ii) members of your household receive multiple copies of the annual report and proxy statement and you wish to request householding, you may contact the Company's transfer agent, Continental Stock Transfer & Trust Company at 17 Battery Place, New York, New York 10004, or write to Mr. James Laird at 325 John H. McConnell Boulevard, Suite 200, Columbus, Ohio 43215.

In addition, many brokerage firms and other holders of record have instituted householding. If your family has one or more street name accounts under which our shares are beneficially owned, you may have received householding information from your broker, financial institution or other nominee in the past. Please contact the holder of record directly if you have questions, require additional copies of this Proxy Statement or Annual Report on Form 10-K or wish to revoke your decision to household and thereby receive multiple copies. You should also contact the holder of record if you wish to institute householding. These options are available to you at any time.
