1. To elect the three directors named in the Proxy Statement to serve until the 2015 Annual Meeting of Stockholders and until their successors are elected and qualified;
2. To ratify the appointment of Ernst & Young LLP as the Company s independent registered public accounting firm for fiscal year 2012; and
3. To transact such other business as may properly come before the Annual Meeting.

These items are more fully described in the following pages, which are made part of this notice.

The Board of Directors has fixed the close of business on April 23, 2012, as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting and any adjournments and postponements thereof. To ensure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the Annual Meeting in person. Most stockholders have three options for submitting their vote: (1) via the Internet, (2) by phone or (3) by mail, using the enclosed proxy card. For further details, see your proxy card. If you have Internet access, **we encourage you to record your vote on the Internet**. It is convenient for you, and it also saves the Company significant postage and processing costs.

Brokers are not permitted to vote on the election of directors without instructions from the beneficial owner, as discussed in more detail in the Proxy Statement. Therefore, if your shares are held through a brokerage firm, bank or other nominee, they will not be voted on the election of directors unless you provide voting instructions to your brokerage firm, bank or other nominee.

PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS, June 19, 2012

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to be Held on

June 19, 2012

The Proxy Statement and accompanying Annual Report to Stockholders are available at

<http://service.virco.com/financialinfo>

GENERAL INFORMATION

This Proxy Statement is being mailed to stockholders of Virco Mfg. Corporation, a Delaware corporation (the "Company"), on or about May 22, 2012, in connection with the solicitation by the Board of Directors of proxies to be used at the 2012 Annual Meeting of Stockholders (the "Annual Meeting") of the Company to be held on Tuesday, June 19, 2012, at 10:00 a.m. Pacific Time at the Company's Corporate Headquarters located at 2027 Harpers Way, Torrance, California, 90501 and any and all adjournments and postponements thereof.

The cost of preparing, assembling and mailing the Notice of the Annual Meeting, Proxy Statement and form of proxy and the solicitation of proxies will be paid by the Company. Proxies may be solicited in person or by telephone, telegraph, e-mail or other electronic means by personnel of the Company who will not receive any additional compensation for such solicitation. The Company will reimburse brokers or other persons holding stock in their names or the names of their nominees for the expenses of forwarding soliciting material to their principals.

RECORD DATE AND VOTING

The close of business on April 23, 2012, has been fixed as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting. On that date there were 14,377,393 shares of the Company's common stock, par value \$.01 per share (common stock), outstanding. All voting rights are vested exclusively in the holders of the Company's common stock. Each share of common stock is entitled to one vote on any matter that may be presented for consideration and action by the stockholders, except that as to the election of directors, stockholders may cumulate their votes. Because three directors are to be elected, cumulative voting means that each stockholder may cast a number of votes equal to three times the number of shares actually owned. That number of votes may be cast for one nominee, divided equally among each of the nominees or divided among the nominees in any other manner.

In all matters other than the election of directors, the affirmative vote of the majority of votes cast will be the act of the stockholders. Directors will be elected by a plurality of the votes cast. Shares as to which a stockholder withholds voting authority, abstentions and broker non-votes will have no effect on the outcome of any of the proposals included in this Proxy Statement as any such vote will not be considered a vote cast. A broker non-vote occurs when a bank, broker or other nominee does not have authority to vote on a particular item without instructions from the beneficial owner and has not received instructions. Brokers only have discretion to vote on routine matters, such as the ratification of the selection of the independent registered public accounting firm. Due to recent changes to these rules, the election of directors is not considered a routine matter and as a result, your broker will not have the discretion to vote on that matter at the Annual Meeting unless you provide applicable instructions to do so. Therefore, we strongly encourage you to follow the voting instructions on the materials you receive.

Edgar Filing: VIRCO MFG CORPORATION - Form DEF 14A

Each proxy received will be voted for the Board's nominees for election as directors and for the ratification of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2012, unless the stockholder otherwise directs in his or her proxy. Where the stockholder has appropriately directed how the proxy is to be voted, it will be voted according to his or her direction. Stockholders wishing to cumulate their votes with

respect to the election of directors should make an explicit statement of the intent to cumulate votes by so indicating in writing on the proxy card. Stockholders holding shares beneficially in street name who wish to cumulate votes should contact their broker, trustee or nominee.

Any stockholder has the power to revoke his or her proxy at any time before it is voted at the Annual Meeting by submitting written notice of revocation to the Secretary of the Company at the Company's principal executive offices located at 2027 Harpers Way, Torrance, California 90501, by appearing at the Annual Meeting and voting in person or by filing a duly executed proxy bearing a later date, either in person at the Annual Meeting, via the Internet, by telephone, or by mail. Please consult the instructions included with your proxy card for how to vote your shares.

Table of Contents**PROPOSAL 1****ELECTION OF DIRECTORS**

The Certificate of Incorporation of the Company provides for the division of the Board of Directors into three classes as nearly equal in number as possible, with the term of one class expiring each year. The Company currently has ten members on its Board of Directors, with four members in Class I, three in Class II and three in Class III. Mr. Donald A. Patrick, who is currently serving his 31st year on the Company's Board of Directors, and who is a Class II director with a term of service expiring at the Annual Meeting, will not stand for reelection at the Annual Meeting. In order to create three classes of directors with as nearly equal numbers of directors as possible following the Annual Meeting, we have nominated William L. Beer, one of our Class I directors, whose term currently expires at the 2014 Annual Meeting of Stockholders, to replace Mr. Patrick in the class of directors being considered for election at the Annual Meeting for a term expiring in 2015. Mr. Beer has agreed to resign from his position as a Class I director, subject to and effective upon his election as a Class II director at the Annual Meeting. The Board of Directors also plans to reduce the size of the Board from ten to nine members, effective immediately following the Annual Meeting. The three nominees for election to the Board as Class II directors with terms expiring at the 2015 Annual Meeting of Stockholders are Robert A. Virtue, Robert K. Montgomery, and William L. Beer. The Company thanks Mr. Patrick for his valuable service to the Board.

It is intended that the proxies solicited by this Proxy Statement will be voted in favor of the election of Messrs. Virtue, Montgomery, and Beer, unless authority to do so is withheld. Should any of such nominees be unable to serve as a director or should any additional vacancy occur before the election (which events are not anticipated), proxies may be voted for a substitute nominee selected by the Board of Directors or the authorized number of directors may be reduced. If for any reason the authorized number of directors is reduced, the proxies will be voted, in the absence of instructions to the contrary, for the election of the remaining nominees named in this Proxy Statement. In the event that any person other than the nominees named below should be nominated for election as a director, the proxies may be voted cumulatively for less than all of the nominees.

The following table sets forth certain information with respect to each of the nominees, as well as each of the six continuing directors. **The Board of Directors recommends that you vote FOR the election of the Class II nominees.**

CORPORATE GOVERNANCE

Meetings and Independence

Each director of the Company serving in fiscal 2011 attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and committees on which he served. The Board of Directors held six meetings in fiscal 2011. In addition, the independent directors hold two regularly scheduled executive session meetings each fiscal year outside the presence of management as well as additional meetings as are necessary. Directors are expected to attend the Annual Meeting of Stockholders. Last year all of the directors attended the 2011 Annual Meeting of Stockholders.

The Board of Directors has determined that the following directors, who constitute a majority of the Board of Directors, are independent directors as defined by the NASDAQ Stock Market listing standards: Messrs. Friesz, Beer, Moyer, Montgomery, Patrick, Parish, Schulte and Wilburn. Mr. Robert A. Virtue is Mr. Douglas A. Virtue's father.

Leadership Structure

Currently, Mr. Robert Virtue serves as Chairman and Chief Executive Officer (CEO) of the Company. Because the Board also believes that strong, independent Board leadership is a critical component of effective corporate governance, the Board has established the position of lead independent director. The lead independent director position rotates among the independent directors periodically as determined by the independent directors. Mr. Moyer currently functions as the lead independent director. The lead independent director's responsibilities and authority include providing input to the Chairman and CEO on preparation of agendas for Board and committee meetings and communicating to the Chairman and CEO the substance of the discussions and consensus reached at the meetings of independent directors. In addition, the Company has strong governance structures and processes in place to ensure the independence of the Board, eliminate conflicts of interest, and prevent dominance of the Board by management. For example, all directors, with the exception of Mr. Robert Virtue and Mr. Douglas Virtue, are independent as defined by the listing standards of the NASDAQ Stock Market, and all committees are made up entirely of independent directors.

The Board's Role in Risk Oversight

The Board is actively involved in the oversight of risks that could affect the Company. The Board administers its risk oversight role primarily through its committee structure. The Audit Committee is primarily responsible for overseeing the Board's execution of its risk management oversight responsibility. The Compensation Committee is responsible for the oversight of risks arising from compensation policies and practices. During fiscal year 2011, the Compensation Committee assessed the risks, if any, arising from the Company's compensation policies and practices for its employees. In performing its risk assessment, the Compensation Committee considered the balance between fixed and variable income, the balance between short-term and long-term performance-based incentive programs, and the linkage of performance incentives to the Company's strategic and annual operating plans.

While the Board and its committees oversee risk management strategy, management is responsible for implementing and supervising day-to-day risk management processes. We believe this division of risk management responsibilities is the most effective approach for addressing the risks that the Company faces. The existing Board leadership structure discussed above encourages communication between management, including the Chairman of the Board, the lead independent director and the independent directors. We believe that this communication improves the Company's identification and implementation of effective risk management strategies.

Audit Committee

The Board of Directors has a standing Audit Committee which is composed of Messrs. Schulte (Chair), Wilburn, Moyer and Patrick. The Audit Committee held four on-site meetings and one telephonic meeting in fiscal 2011. The Audit Committee acts pursuant to a written charter adopted by the Board of Directors. Among other things, the Audit Committee is directly responsible for: the appointment, compensation, retention and oversight of the independent registered public accounting firm; reviewing the independent registered public accounting firm's qualifications and independence; reviewing the plans and results of the audit engagement with the independent

registered public accounting firm; reviewing the financial statements of the Company; reviewing the scope of the annual audit by the Company's independent registered public accounting firm; reviewing the audit reports rendered by such independent registered public accounting firm; approving professional services provided by the independent registered public accounting firm and approving financial reporting principles and policies; considering the range of audit and non-audit fees; reviewing the adequacy of the Company's internal accounting controls; and working to ensure the integrity of financial information supplied to stockholders. The Audit Committee also has the other responsibilities enumerated in its charter, and examines and considers additional matters as it deems appropriate. The Audit Committee's charter is available on the Company's website at www.virco.com in the Corporate Governance section of the About Virco webpage. Each of the Audit Committee members is an independent director as that term is defined for audit committee members by the listing standards of the NASDAQ Stock Market. The Board of Directors has determined that Mr. Schulte, who is the chair of the Audit Committee, and Mr. Moyer, qualify as audit committee financial experts, as that term is defined in Item 407(d)(5) of Regulation S-K of the Securities Exchange Act of 1934, as amended (the Exchange Act). The Board reevaluates the composition of the Audit Committee on an annual basis to ensure that its composition remains in the best interests of the Company and its stockholders.

Compensation Committee

The Board of Directors has a standing Compensation Committee which is composed of Messrs. Moyer (Chair), Patrick, Montgomery and Friesz, all of whom are independent directors as defined in the listing standards of the NASDAQ Stock Market. The function of the Compensation Committee is, among other things, to: set the Company's compensation policy and administer the Company's compensation plans; make decisions on the compensation of key Company executives (including the review and approval of merit/other compensation budgets and payouts under the Company's incentive plans); review and approve compensation and employment agreements of the Company's executive officers; and recommend pay levels for members of the Board of Directors for consideration and approval by the full Board of Directors. As discussed above under The Board's Role in Risk Oversight, the Compensation Committee oversees the design and implementation of the incentives and risks associated with the Company's compensation policies and practices. The Compensation Committee may consult with the Chief Executive Officer and other members of senior management as it deems necessary and engage the assistance of outside consultants to assist in determining and establishing the Company's compensation policies. During fiscal 2011, the Company did not engage the assistance of compensation consultants. The Compensation Committee held two on-site meetings in fiscal 2011. The Compensation Committee acts pursuant to a written charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.virco.com in the Corporate Governance section of the About Virco webpage.

Corporate Governance and Nominating Committee

The Board of Directors has a standing Corporate Governance and Nominating Committee which is composed of Messrs. Montgomery (Chair), Friesz, Moyer, Patrick, Parish, Schulte, Wilburn and Beer. All members of the Corporate Governance and Nominating Committee are independent directors as defined in the listing standards of the NASDAQ Stock Market. During fiscal 2011, the Corporate Governance and Nominating Committee held three meetings. Each of these meetings was held outside the presence of management. The Corporate Governance and Nominating Committee acts pursuant to a written charter adopted by the Board of Directors, a copy of which is available on the Company's website at www.virco.com in the Corporate Governance section of the About Virco webpage.

The Corporate Governance and Nominating Committee's functions are to identify and recommend from time to time candidates for nomination for election as directors of the Company, determine the composition of the Board and its committees, monitor a process to assess Board effectiveness and develop and implement Company corporate governance guidelines. Candidates may come to the attention of the Corporate Governance and Nominating Committee through members of the Board of Directors, stockholders or other persons. Consideration of new Board nominee candidates typically involves a series of internal discussions, review of information concerning candidates and interviews with selected candidates. Candidates are evaluated at regular or special meetings, and may be considered at any point during the year, depending on the Company's needs. In evaluating nominations, the Corporate Governance and Nominating Committee considers a variety of criteria, including business experience and skills, independence, judgment, integrity, the ability to commit sufficient time and attention to Board of Directors activities and the absence of potential conflicts with the Company's interests. The Corporate Governance and

Table of Contents

Nominating Committee has not established any specific minimum qualification standards for nominees to the Board of Directors, although from time to time the Corporate Governance and Nominating Committee may identify certain skills or attributes (*e.g.*, financial experience, business experience) as being particularly desirable to meet specific Board of Director needs that may arise. To recommend a prospective nominee for the Corporate Governance and Nominating Committee's consideration, stockholders should submit a candidate's name and qualifications to the Company's Corporate Secretary at 2027 Harpers Way, Torrance, California 90501, Attention: Robert E. Dose, Secretary.

Communications with the Board of Directors

In such cases, such correspondence may be forwarded elsewhere in the Company for review and possible response. The Secretary has the authority to discard or disregard any inappropriate communications or to take other appropriate actions with respect to any such inappropriate communications.

Virtue, Richard J. Virtue, Nancy Virtue-Cutshall and certain of their respective spouses and children (including Douglas A. Virtue) (collectively, the Virtue Stockholders) and the Company have entered into an agreement with respect to certain shares of the Company's common stock received by the Virtue Stockholders as gifts from the founder, Julian A. Virtue, including shares received in subsequent stock dividends in respect of such shares. Under the agreement, each Virtue Stockholder who proposes to sell any of such shares is required to provide the remaining Virtue Stockholders notice of the terms of such proposed sale. Each of the remaining Virtue Stockholders is entitled to purchase any or all of such shares on the terms set forth in the notice. The Company may purchase any shares not purchased by such remaining Virtue Stockholders on such terms. The agreement also provides for a similar right of first refusal in the event of the death or bankruptcy of a Virtue Stockholder, except that the purchase price for the shares is to be based upon the then prevailing sales price of the Company's common stock on the NASDAQ Market Exchange.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Objectives of the Compensation Program

The objectives of the Company's executive compensation program are to: 1) attract, motivate and retain highly qualified executives; 2) link total compensation to stockholder returns; 3) reflect individual contributions to the performance of the Company; 4) achieve appropriate balance between long-term value creation and short-term performance by including equity as part of total compensation; and 5) maintain internal fairness and morale by comparing executive compensation, including perquisites and non-cash benefits, to the aggregated average compensation and benefits of the Company's top 25 managers.

Table of Contents

The Compensation Committee recommends and the Board approves the base salaries, annual bonus plan, and long-term incentives of the Company's executive officers. Throughout this Compensation Discussion & Analysis (CD&A), the Chief Executive Officer (CEO), Principal Financial Officer (PFO), three other most highly compensated executives, and two former executive officers who resigned during fiscal 2011 are referred to collectively as the Named Executive Officers.

What the Compensation Program is Designed to Reward

The program is designed to support annual and long-term business goals that create profitable growth and long-term value for stockholders.

Elements of Compensation Program

The Company's executive compensation program consists of three main elements: 1) base salary, which is tied to individual job duties; 2) annual bonus plan cash incentives, which are mathematically linked to the Company's Annual Operating Plan, and specifically to pre-tax profits; and 3) long-term equity incentives, the value of which are linked to the Company's stock price. Ancillary benefits such as health insurance, retirement benefits, and an automobile allowance are also part of the executive compensation program. As with the three main elements of the program, these ancillary benefits are consistent with similar benefits provided to the Company's top 25 managers.

The combination of base salary, annual incentive, long-term incentive, and ancillary benefits is referred to as Total Compensation. The Company historically has established a target of market median for the Total Compensation of Named Executive Officers as determined by scale-, geography- and date-adjusted national compensation surveys from Wyatt Total Reward, Wyatt CQ Survey, Mercer Manufacturing Compensation Survey, Mercer Manufacturing Industry Market View, National Assoc. of Manufacturers, and Employers Group Research Services Survey. The Compensation Committee does not make any decisions with respect to the companies that participate in these surveys, and views the name of each such company as immaterial to its decision-making process. Due in large part to the Company-wide wage freezes that have been in effect for the past four years, including with respect to the Company's executive officers, and voluntary reductions in salary taken by Robert A. Virtue and Douglas A. Virtue in 2011, the Company has not collected updated survey data since 2007.

When they were used, all of these surveys were given equal weighting. The Compensation Committee intentionally used a broad comparison group for executive compensation because the competition for executive talent extends beyond the Company's direct competitors and industry. The Compensation Committee believes that this breadth of executive compensation data, conservatively adjusted for firm size, geographic location and cost of living, and the age of the data, provided for the fairest and most equitable market median. The same method of establishing a market median total compensation target was used for the Company's top 25 managers.

In determining the target Total Compensation for Named Executive Officers, the Compensation Committee attempts to balance external equity as defined by market median, with internal equity as defined by the aggregated average Total Compensation for the Company's top 25 managers. It is the Compensation Committee's belief that this approach to establishing Total Compensation for Named Executive Officers results in better teamwork and morale among the entire management team, thus linking executive and management compensation with short- and long-term value creation for stockholders.

Base Salary

Base salary is intended to reward Named Executive Officers and other employees for their roles within the Company and their performance in those roles. The Company determines the base salary range for a particular position by evaluating 1) the duties, complexities and responsibilities of the position; 2) the level of experience required; and 3) the compensation for positions having similar scope and accountability within and outside the Company (through survey data as described above). The Company did not increase base salaries for the Named Executive Officers for fiscal 2009, 2010, or 2011. In 2011 Robert A. Virtue and Douglas A. Virtue voluntarily took reductions in base salary. The Company does not anticipate increasing base salaries for Named Executive Officers in fiscal 2012.

Table of Contents

Annual Incentives

The Named Executive Officers are eligible for annual cash incentives under the Company's Annual Bonus Plan, which is approved by the Board of Directors at the beginning of the Company's fiscal year as part of its Annual Operating Plan. To reward Named Executive Officers and other salaried managers for achieving the financial performance set forth in the Annual Operating Plan, the Board of Directors establishes a minimum level of financial performance above which a cash bonus will be paid. In 2011, for achieving the minimum threshold performance level, the Named Executive Officers were entitled to receive a cash bonus equal to 15% of their base salary. For achieving the target performance level, Named Executive Officers were entitled to receive a cash bonus equal to 35% of their base salary. The maximum possible cash bonus for Named Executive Officers was capped at 50% of base salary. The threshold, target and maximum bonus levels for each Named Executive Officer were determined by reference to the survey data and other factors described above.

For fiscal 2011, the minimum threshold performance level under the Annual Bonus Plan was achieving \$4,000,000 in pre-tax earnings. No cash bonus payment was made to the Named Executive Officers under the Annual Bonus Plan for fiscal 2011 as the Company's pre-tax earnings did not exceed this threshold.

Long-Term Incentives

The Company believes that the largest incentive to focus Named Executive Officers on long-term value creation is long-term ownership of Company stock. Under the Company's current long-term incentive program, Named Executive Officers and top managers receive periodic grants of Restricted Stock Units (RSUs). The Company uses RSUs rather than options because it has been the Company's experience that RSUs are more likely to result in a growing ownership position of Company stock and thereby align the interests of executives and stockholders.

On the date of the 2009 Annual Meeting of Stockholders and Board of Directors meeting, June 16, 2009, each Named Executive Officer was granted 20,000 RSUs, vesting ratably over a five-year period. The number of RSUs granted to each Named Executive Officer in fiscal 2009 was determined by reference to historical grant levels provided to Company executives, as well as the factors described above. Each Named Executive Officer received the same number of RSUs in order to foster internal pay equity and the Company's one-team management approach. The Company did not grant RSUs to Named Executive Officers in fiscal 2010 or 2011.

If awarded, grants of RSUs are typically approved at the Board of Directors meeting immediately following the Annual Meeting of Stockholders. The meeting dates are set well in advance and occur approximately two weeks following the release of the First Quarter results. Scheduling decisions are made without regard to anticipated earnings or other major announcements by the Company.

Other Compensation Elements

Perquisites The Company provides Named Executive Officers with a Company automobile or cash allowance under a program available to all officers of the Company. In the fourth quarter of 2010 the cash allowance was reduced from \$22,800 per year to \$12,000 per year and the executive automobiles were replaced with automobiles that are generally available to sales managers. The Company does not provide Named Executive Officers with any other perquisites such as country club membership. Company-provided travel for executives is for business purposes only.

Other Benefits Executives participate in the same health, disability and life insurance programs as are provided to other Company employees. In addition, the Named Executive Officers participate in the Company's tax-qualified defined benefit pension plan (the Virco Mfg. Corporation Employees Retirement Plan) and nonqualified supplemental retirement plan (the Virco Important Performers (VIP) Plan). As more fully disclosed in the MD&A and Footnote 4 to the financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2012, these retirement plans were frozen effective December 31, 2003, and additional benefit accruals for all Named Executive Officers ceased on that date.

Post-Employment and Other Events

The Company does not have employment agreements with any of the Named Executive Officers, and is not obligated to provide termination pay or other severance benefits to any of its Named Executive Officers. In general, the benefits provided or available to Named Executive Officers upon retirement, death, disability or other

Table of Contents

termination of employment or upon the occurrence of a change-in-control event are the same as those provided or made available to salaried employees generally.

Pursuant to the Company's 2007 and 2011 Stock Incentive Plans, vesting of all outstanding stock and option awards is accelerated upon a change-in-control. In addition, under the Virco Important Performers (VIP) Plan, vesting of retirement benefits is accelerated upon the occurrence of a change-in-control or the death of the participant. All Named Executive Officers are currently fully vested in all retirement programs, and would receive no additional benefit upon occurrence of a change-in-control. These benefits are provided to salaried employees generally and are intended to help management remain focused on stockholder value when evaluating strategic alternatives.

2011 Say-on-Pay Advisory Resolution on Executive Compensation

The Company provided stockholders a say-on-pay advisory vote on its executive compensation in 2011 under Section 14A of the Exchange Act. At the Company's 2011 Annual Meeting of Stockholders, stockholders expressed substantial support for the compensation of the Named Executive Officers, with approximately 98% of the votes cast for approval of the say-on-pay advisory resolution on executive compensation. The Compensation Committee evaluated the results of the 2011 advisory say-on-pay vote and also considered many other factors in evaluating the Company's executive compensation programs as discussed in this Compensation Discussion and Analysis. While each of these factors bore on the Compensation Committee's decisions regarding the Named Executive Officer's compensation, the Compensation Committee did not make any changes to the Company's executive compensation program and policies as a result of the 2011 say-on-pay advisory vote.

Tax Deductibility of Executive Compensation

The Company seeks to structure its compensation arrangements to maximize the tax deductibility of all components of executive compensation unless the benefit of such deductibility is outweighed by the need for flexibility or the attainment of other corporate objectives. The Compensation Committee will continue to monitor the deductibility of executive compensation and will take appropriate action if and when it is warranted. Since corporate objectives may not always be consistent with the requirements for full deductibility, the Compensation Committee is prepared, if it deems appropriate, to enter into compensation arrangements under which payments may not be fully deductible. Thus, deductibility will not be the sole factor used by the Compensation Committee in ascertaining appropriate levels or modes of compensation. In fiscal 2009, 2010, and 2011, we believe that all compensation paid to executives was fully deductible and that no executive officer exceeded the \$1 million limit under Section 162(m) of the Internal Revenue Code of 1986, as amended, with regard to non-performance-based compensation.

Impact of Prior Compensation in Setting Elements of Compensation

Prior compensation of the Named Executive Officers does not impact how the Compensation Committee sets elements of current compensation. The Compensation Committee believes that the competitive environment in which the Company operates mandates that current total compensation be set at levels sufficient to attract, motivate and retain top management, which requires the Compensation Committee to set compensation amounts based on current Company and business conditions.

Executive Stock Ownership Guideline

The Compensation Committee has not adopted executive stock ownership guidelines. While there are no guidelines, two of the Named Executive Officers, Robert A. Virtue and Douglas A. Virtue, beneficially own 2.43% and 4.54%, respectively, of the outstanding shares of the Company's common stock. Messrs. R. Virtue and D. Virtue are members of the Virtue family and subject to the terms of the Virtue Family Agreement discussed in the Security Ownership of Certain Beneficial Owners and Management section of this Proxy Statement. The Virtue family owns approximately 38.89% of the Company's outstanding common stock.

Impact of Restatements that Retroactively Impact Financial Goals

The Company has not restated or retroactively adjusted financial information that has impacted the financial statements or goals related to previous bonus or long-term award payouts. If financial results are significantly

Table of Contents

restated due to fraud or intentional misconduct, the Board will review any performance-based compensation paid to Named Executive Officers who are found to be personally responsible for the fraud or intentional misconduct that led to the restatement and may, to the extent permitted by applicable law, seek to recover amounts paid in excess of the amounts that would have been paid based on the restated financial results.

The Role of the Executives in Determining Compensation

While the Compensation Committee is primarily responsible for, and has sole discretion (subject to full Board approval) with respect to, reviewing and making determinations with respect to executive compensation, the CEO and Executive Vice President provide input and views with respect to compensation for the other Named Executive Officers. The Compensation Committee believes that the CEO's and Executive Vice President's views are critical in determining the compensation of other Named Executive Officers because the CEO and Executive Vice President have day-to-day involvement with these Named Executive Officers and are in the best position to assess their performance, abilities, and contribution to the success of the Company.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis for the year ended January 31, 2012, as required by Item 402(b) of Regulation S-K under the Exchange Act with management, and based on such review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion & Analysis be included in this Proxy Statement.

- (2) The Pension Plans that Executive Officers participate in were frozen in 2003. The Named Executive Officers did not accrue any additional benefits under the plans during 2011.

Potential Payments upon Termination or Change-in-Control

As discussed in the CD&A above, the Company does not have employment agreements with any of the Named Executive Officers. Retirement, death, disability and change-in-control events do not trigger the payment of compensation to the Named Executive Officers that is not available to all salaried employees (including the amounts included in the Pension Benefits for Fiscal 2011 table). Named Executive Officers do not have a contractual right to receive severance benefits.

As noted in Post-Employment and Other Events, pursuant to the Company's 2007 and 2011 Stock Incentive Plans, the vesting of all outstanding stock awards is accelerated upon a change-in-control. In addition, under the Virco Important Performers (VIP) Plan, the vesting of retirement benefits is accelerated upon the occurrence of a change-in-control or the death of the participant, however, all of the Named Executive Officers are currently vested.

The tables assume that the event occurred on the last business day of fiscal 2011.

DIRECTOR COMPENSATION

Directors who are also officers of the Company receive no additional compensation for their services as directors. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Audit Committee, among its other duties and responsibilities, reviews and monitors all related party transactions and has adopted a written policy entitled Related Party Transaction Policies and Procedures (the Policy) governing the review, approval and ratification of related party transactions. The Board of Directors has delegated to the Chair of the Audit Committee the authority to pre-approve or ratify (as applicable) any transaction with a related party in which the aggregate amount involved is expected to be less than \$250,000. The Chair of the Audit Committee is required to provide to the Board of Directors for review a summary of each new transaction pre-approved by the Chair of the Audit Committee pursuant to this policy at the meeting of the Board of Directors next following such approval or ratification. Under the Policy, the Audit Committee is responsible for reviewing and approving transactions with a related party in which the aggregate amount is expected to exceed \$250,000, and both the Audit Committee and the Board of Directors are responsible for reviewing and approving transactions with a related party in which the aggregate amount is expected to equal or exceed \$500,000. If advance Audit Committee and/or Board of Directors approval is not feasible, then the transaction with the related party will be considered and, if the Audit Committee and/or Board of Directors determine it to be appropriate, ratified at the next regularly scheduled meeting. In determining whether to approve the entry into a transaction with a related party, the Audit Committee and/or Board of Directors as applicable will assess, among other factors it deems appropriate, whether the transaction is on terms no more favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related party's interest in the transaction. If a transaction with a related party will be ongoing, the Audit Committee and/or Board of Directors may establish guidelines for the Company's management to follow in its dealings with such related party. Thereafter, the Audit Committee and/or Board of Directors as applicable, on at least an annual basis, will review and assess the relationship with the related party to determine whether the relationship is in compliance with the Policy and remains appropriate. No director shall participate in any discussion or approval of a transaction for which he or she is a related party, except that such director shall provide all material information concerning the transaction to the Audit Committee and/or Board of Directors as applicable.
