**Item 1.01 Entry into a Material Definitive Agreement**

On June 4, 2012, Great Lakes Dredge & Dock Corporation (Great Lakes or the Company) entered into a senior revolving credit agreement (the Credit Agreement) with certain financial institutions from time to time party thereto as lenders, Wells Fargo Bank, National Association, as Administrative Agent, Swingline Lender and an Issuing Lender (the Administrative Agent), Bank of America, N.A., as Syndication Agent and PNC Bank, National Association, BMO Harris Bank N.A. and Fifth Third Bank, as Co-Documentation Agents. The Credit Agreement, which replaced the Company's former revolving credit agreement described below under Item 1.02 (Prior Credit Agreement), provides for a senior revolving credit facility in an aggregate principal amount of up to \$175.0 million, subfacilities for the issuance of standby letters of credit up to a \$125.0 million sublimit, multicurrency borrowings up to a \$50.0 million sublimit and swingline loans up to a \$10 million sublimit. The Credit Agreement also includes an incremental loans feature that will allow the Company to increase the senior revolving credit facility by an aggregate principal amount of up to \$50.0 million. This is subject to lenders providing incremental commitments for such increase, provided that no default or event of default exists, the Company will be in pro forma compliance with the existing financial covenants both before and after giving effect to the increase and other standard conditions.

The Credit Agreement contains customary representations and affirmative and negative covenants, including a financial covenant that requires the Company to maintain a total leverage ratio (ratio of debt to earnings before income taxes, depreciation and amortization, net interest expense, non-cash charges and losses and certain other non-recurring charges) of not more than 4.50 to 1.00 and a fixed charge coverage ratio (ratio of earnings before income taxes, depreciation and amortization, net interest expenses, non-cash charges and losses and certain other non-recurring charges, minus capital expenditures, restricted payments paid in cash and income taxes paid in cash, to net cash interest expense plus scheduled principal payments with respect to debt) of not less than 1.25 to 1.00. The Credit Agreement also contains customary events of default (including non-payment of principal or interest on any material debt and breaches of covenants) as well as events of default relating to certain actions by the Company's surety bonding provider. The obligations of the Company under the Credit Agreement will be unconditionally guaranteed, on a joint and several basis, by each existing and subsequently acquired or formed material direct and indirect domestic subsidiary of the Company. Borrowings under the Credit Agreement will be used to finance ongoing working capital and for other for general corporate purposes. The senior revolving credit facility matures on June 2, 2017.

On and after the date of the Credit Agreement, the related obligations will be unsecured and will rank equally with any other senior unsecured indebtedness of the Company. The obligations under the Credit Agreement will remain unsecured unless (i) the Company has failed to maintain a total leverage ratio less than or equal to 3.75 to 1.00 as of the end of each fiscal quarter, (ii) any event of default has occurred and is not cured within the applicable grace period, or (iii) the Company's surety bonding provider has perfected, or has notified the Administrative Agent of its intention to perfect, its security interests in certain property and assets of the Company that would otherwise constitute Collateral under the Credit Agreement. Upon any such trigger of the securitization of the Credit Agreement, the outstanding obligations thereunder shall be secured by a valid first priority perfected lien on certain vessels of Great Lakes subsidiary, Great Lakes Dredge & Dock Company, LLC (GLDD Company), having an orderly liquidation value equal to at least \$260.0 million, and a valid perfected lien on all domestic accounts receivable of Great Lakes and its material direct and indirect domestic subsidiaries, subject to the permitted liens and interests of other parties (including the Company's surety bonding provider) holding first priority perfected liens.

Interest on the senior revolving credit facility of the Credit Agreement is equal to either a Base Rate option or LIBOR option, at the Company's election. The Base Rate option is the sum of (1) a base rate, equal to the highest of (i) the Federal Funds Effective Rate plus 0.50% per annum, (ii) the prime commercial lending rate of Wells Fargo Bank, National Association, or (iii) LIBOR for a one month interest period plus 1.00% per annum, and (2) an interest margin of 0.50% to 1.50% per annum based upon the level of the Company's total leverage ratio. The LIBOR option is the sum of (1) LIBOR and (2) an interest margin ranging from 1.50% to 2.50% per annum depending upon the level of the Company's total leverage ratio. Performance letters of credit are subject to an interest margin ranging from 0.75% to 1.25% per annum depending upon the level of the Company's total leverage ratio. Financial letters of credit are subject to an interest margin ranging from 1.50% to 2.50% per annum depending upon the level of the Company's total leverage ratio. The Credit Agreement is subject to a commitment fee ranging from 0.25% to 0.45% per annum of the aggregate unused amount of the senior revolving credit facility, depending upon the level of the Company's total leverage ratio.

The foregoing description of the Credit Agreement does not purport to be complete and is qualified in its entirety by reference to the complete text thereof, which is attached hereto as Exhibit 10.1 and is incorporated herein by reference.

**Item 1.02 Termination of a Material Definitive Agreement**

(successor by merger to LaSalle Bank National Association) as Administrative Agent and Issuing Lender, various other financial institutions as lenders and certain subsidiaries of the Company as Loan Parties entered into on June 12, 2007.
