Proxy Statement

INTRODUCTION

The Annual Meeting of Stockholders of Petroleum & Resources Corporation, a Maryland corporation (the Corporation), will be held on Tuesday, March 19, 2013, at 9:00 a.m., local time, at the Maryland Club*, 1 East Eager Street, Baltimore, Maryland 21202, for the purposes set forth in the accompanying Notice of Annual Meeting and also set forth below. This proxy statement is furnished in connection with the solicitation by the Board of Directors of proxies to be used at the meeting and at any and all adjournments or postponements thereof and is first being sent to stockholders on or about February 25, 2013.

At the Annual Meeting, action is to be taken on (1) the election of a Board of Directors; (2) the ratification of the selection of an independent registered public accounting firm; and (3) the transaction of such other business as may properly come before the meeting or any adjournment or postponement thereof.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to Be Held On March 19, 2013:

This proxy statement, the notice of annual meeting, a form of the proxy, and the 2012 Annual Report to stockholders are all available on the internet at the following website: <http://www.amstock.com/proxyservices/viewmaterial.asp?CoNumber=13580>.

How You May Vote and Voting By Proxy

You may vote in person at the Annual Meeting or by proxy. To authorize a proxy to cast your votes, please date, execute and mail the enclosed proxy card, or authorize a proxy by using telephone or internet options as instructed in the proxy card. Except for Proposals (1) and (2) referred to above, the proxies confer discretionary authority on the persons named therein or their substitutes with respect to any business that may properly come before the meeting. Stockholders retain the right to revoke executed proxies at any time before they are voted by written notice to the Corporation, by executing a later dated proxy, or by appearing and voting at the meeting. All shares represented at the meeting by proxies in the accompanying form will be voted, provided that such proxies are properly executed. In cases where a choice is indicated, the shares represented will be voted in accordance with the specifications so made. In cases where no specifications are made, the shares represented will be voted **FOR** the election of directors and **FOR** Proposal (2).

Edgar Filing: PETROLEUM & RESOURCES CORP - Form DEF 14A

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record that you must follow in order to vote your shares. If your shares are not registered in your own name and you plan to vote your shares in person at the Annual Meeting, you should contact your broker or agent to obtain a broker's proxy card and bring it with you to the Annual Meeting in order to vote.

- * For those attending the Annual Meeting, please note that the Maryland Club requires men to wear a coat and tie and for women to dress in appropriate business dress.

If you have questions regarding how to attend the meeting and vote in person, please contact the Secretary of the Corporation by telephone at (800) 638-2479 or by email at contact@peteres.com.

Who May Vote

Only stockholders of record at the close of business on February 4, 2013, may vote at the Annual Meeting. The total number of shares of Common Stock of the Corporation outstanding and entitled to be voted on the record date was 26,320,455. Each share is entitled to one vote. The Corporation has no other class of security outstanding.

Vote Requirement

For Proposal (1), referred to above, directors shall be elected by a plurality of the votes cast at the meeting. Proposal (2), referred to above, requires the affirmative vote of a majority of the votes cast at the meeting.

Quorum Requirement

A quorum is necessary to hold a valid meeting. If stockholders entitled to cast a majority of all the votes entitled to be cast at the Annual Meeting are present in person or by proxy, a quorum will exist. Proxies received by the Corporation that are marked "withhold authority" or abstain, or that constitute a broker non-vote, are counted as present for purposes of establishing a quorum. A broker non-vote occurs when a broker returns a valid proxy but does not vote on a particular matter because the broker does not have the discretionary voting power for that matter and has not received instructions from the beneficial owner. Proxies marked "withhold authority", abstentions and broker non-votes do not count as votes cast with respect to any proposal, and therefore, such proxies would have no effect on the outcome of Proposals (1) and (2), above.

Appraisal Rights

Under Maryland law, there are no appraisal or other dissenter rights with respect to any matter to be voted on at the Annual Meeting that is described herein.

Other Matters

The Corporation will pay all costs of soliciting proxies in the accompanying form. See "Other Matters and Annual Report" below. Solicitation will be made by mail, and officers, regular employees, and agents of the Corporation may also solicit proxies by telephone or personal interview. The Corporation expects to request brokers and nominees who hold stock in their names to furnish this proxy material to their customers and to solicit proxies from them, and will reimburse such brokers and nominees for their out-of-pocket and reasonable clerical expenses in connection therewith.

(1) NOMINEES FOR ELECTION AS DIRECTORS

Unless contrary instructions are given by the stockholder signing a proxy, it is intended that each proxy in the accompanying form will be voted at the Annual Meeting for the election of the following nominees to the Board of Directors to serve until the annual meeting of stockholders in 2014 and until their successors are duly elected and qualify, all of whom have consented to serve if elected:

Enrique R. Arzac
Phyllis O. Bonanno
Kenneth J. Dale

Frederic A. Escherich
Roger W. Gale
Kathleen T. McGahran

Craig R. Smith
Mark E. Stoeckle*

If for any reason one or more of the nominees above-named shall become unable or unwilling to serve when the election occurs, proxies in the accompanying form will, in the absence of contrary instructions, be voted for the election of the other nominees above-named and may be voted for substitute nominees in the discretion of the persons named as proxies in the accompanying form. As an alternative to proxies being voted for substitute nominees, the size of the Board of Directors may be reduced so that there are no vacancies caused by a nominee above-named becoming unable or unwilling to serve. The directors elected will serve until the next annual meeting or until their successors are duly elected and qualify, unless otherwise provided in the Bylaws of the Corporation.

(1) The valuation date used in calculating the dollar value of shares owned is December 31, 2012.

In 2009, the Board adopted new equity ownership requirements for the directors and senior staff. Under these equity ownership requirements, the Chief Executive Officer, portfolio managers, research analysts, and other executive officers must own, within 5 years of the requirement's adoption or commencement of employment, as applicable, a certain value of equity in the Corporation equal to a multiple of his or her 2009 annual salary or starting salary, as applicable. Non-employee directors with more than 5 years of service on the Board must own, by December 14, 2014, at least \$100,000 of Common Stock of the Corporation; non-employee directors with less than 5 years of service, and new directors, must own at least \$100,000 of the Corporation's Common Stock within 10 years of joining the Board.

The nominees for election as directors of the Corporation identified above are also the nominees for election to the Board of Directors of The Adams Express Company (Adams), the Corporation's largest stockholder (see Principal Stockholder on page 10).

Board Leadership Structure

Seven of the Corporation's eight directors are not interested persons, as defined by the Investment Company Act of 1940, as amended (the Act), and are independent directors. Mr. Stoeckle is the only member of the Board who is an interested person under the Act and thus is not an independent director. Prior to now, the Board had chosen to combine the positions of Chairman of the Board and CEO and selected Mr. Douglas G. Ober* to serve in those dual roles. Mr. Daniel E. Emerson** had been selected by the independent directors as the Lead Director and acted as chair of the executive sessions of the independent directors and, when appropriate, represented the views of the independent directors to management.

The Board has determined that this leadership structure has been appropriate in light of the size of the organization, the services that Mr. Ober and the independent directors provided to the Corporation, and any potential conflicts of interest that could arise. Among the factors relied on by the Board in reaching this conclusion have been: 1) the independent directors constitute 90% of the Board; 2) the Corporation is internally-managed (there is no outside investment advisor for the Board to oversee or investment advisory contract to approve); 3) there are only 12 people in-house who manage the Corporation, comprised of portfolio managers, research analysts and administrative personnel; 4) the compensation for the professional staff and officers is set by the independent directors; 5) Mr. Ober did not sit on the Compensation Committee or the Nominating and Governance Committee of the Board; 6) the Board meets on a monthly basis (except for August) and reviews and approves all securities transactions conducted by management; 7) the Corporation primarily invests in publicly-traded stocks and follows a conservative, long-term approach for its investments; and 8) the Board oversees only two funds—the Corporation and Adams.

The Board has announced that it intends to elect an Independent Director to serve as the Chairman of the Board in 2013 and thus the Corporation will have a different Board leadership structure with a non-executive director serving as Chairman of the Board going forward.

Board's Oversight of Risk Management for the Corporation

The Board's role in risk management of the Corporation is that of oversight. The internal staff of portfolio managers, research analysts and administrative personnel is responsible for the day-to-day management of the Corporation, including risk management (including management of investment performance and investment risk, valuation risk, issuer and counterparty credit risk, compliance risk and operational risk). As part of its oversight, the Board has delegated to the Audit Committee the primary role of overseeing the assessment and management of risks, including major financial risks, by the Corporation's management, and the steps that management has taken to monitor and control such risks. The Audit Committee reports to the Board on a periodic basis on its discussions of these items with management. In addition, the Board, acting at its scheduled monthly meetings, receives reports from senior management, including the Corporation's portfolio management team, the Chief Compliance Officer and the Chief Financial Officer. Between Board meetings, the Executive Committee, and/or the Lead Director or the Chairman of the Board, and/or the Chairman of the Audit Committee, as appropriate,

* Mr. Ober is not standing for reelection.

** Mr. Emerson is not standing for reelection.

interacts with the CEO and other senior executives on any matter requiring action by or notice to the Board. The Board also receives periodic presentations from senior management regarding specific operational, compliance or investment areas such as business continuity, personal trading, valuation, investment research and securities lending, and receives reports from the Corporation's general counsel regarding regulatory, compliance and governance matters. The Corporation believes that its leadership structure enhances risk oversight. It should be noted that, in its oversight role, the Board is not a guarantor of the Corporation's investments or activities.

Process for Stockholders to Communicate with Board

The Board of Directors has implemented a process for stockholders of the Corporation to send communications to the Board. Any stockholder desiring to communicate with the Board, or with specific individual directors, may do so by writing to the Secretary of the Corporation, at Petroleum & Resources Corporation, Seven St. Paul Street, Suite 1140, Baltimore, MD 21202. The Secretary has been instructed by the Board to promptly forward all such communications to the addressees indicated thereon.

Policy on Board of Directors Attendance at Annual Meetings

The Corporation's policy with regard to attendance by the Board of Directors at Annual Meetings is that all directors are expected to attend, absent unusual and extenuating circumstances that prohibit attendance. All of the then standing directors attended the 2012 Annual Meeting.

Section 16(a) Beneficial Ownership Reporting Compliance

Each director and officer of the Corporation who is subject to Section 16 of the Securities Exchange Act of 1934, as amended, is required to report to the Securities and Exchange Commission (the Commission) by a specified date his or her beneficial ownership of or transactions in the Corporation's securities. Based upon a review of filings with the Commission and written representations that no other reports are required, the Corporation believes that each director and officer filed all requisite reports with the Commission on a timely basis during 2012.

Audit Committee Report

The purposes of the Audit Committee are set forth in the Audit Committee's written Charter. As provided in the Charter, the role of the Audit Committee is to assist the Board of Directors in its oversight on matters relating to accounting, financial reporting, internal control, auditing, risk assessment and risk management, and regulatory compliance activities, and other matters the Board deems appropriate. The Audit Committee also selects the Corporation's independent registered public accounting firm in accordance with the provisions set out in the Charter. Management, however, is responsible for the preparation, presentation and integrity of the Corporation's financial statements, and for the procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent registered public accounting firm is responsible for planning and carrying out proper audits and reviews.

In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the audited financial statements contained in the 2012 Annual Report of the Corporation with the Corporation's management and with PricewaterhouseCoopers LLP (PwC), the independent registered public accounting firm. In addition, the Audit Committee has discussed with PwC the matters required to be discussed pursuant to Statement of Auditing Standards No. 61, as modified or supplemented. The Audit Committee has also received from PwC the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding PwC's communications with the Audit Committee concerning independence, considered whether the provision of nonaudit services by PwC is compatible with maintaining PwC's independence, and discussed with PwC its independence.

In reliance on the reviews and discussions with management and PwC referred to above, and subject to the limitations on the responsibilities and role of the Audit Committee set forth in the Charter and discussed above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Corporation's 2012 Annual Report for filing with the Securities and Exchange Commission.

Respectfully submitted on February 14, 2013, by the members of the Audit Committee of the Board of Directors:

Enrique R. Arzac, Chair

Kenneth J. Dale

Roger W. Gale

Kathleen T. McGahran

Disclosure Regarding Audit Committee Member on the Corporation's Website

Dr. Enrique Arzac serves on the Corporation's Audit Committee and also serves on the audit committees of four other public companies. As required by Section 303A.07(a) of the NYSE Listed Corporation Manual, the Board of Directors of the Corporation has determined that such simultaneous service does not impair Dr. Arzac's ability to effectively serve on the Corporation's Audit Committee. This disclosure is posted on the Corporation's website www.peteres.com and can be accessed by clicking on About Petroleum & Resources on the home page and then clicking on the Corporate Information tab.

Compensation Committee

Dr. Arzac, Ms. Bonanno, Mr. Emerson* (Chair), Dr. McGahran and Dr. Smith constituted the membership of the Board's standing Compensation Committee in 2012, which met three times. The Compensation Committee reviews and recommends changes in the compensation of directors, officers, and employees, including salaries and the cash and equity incentive compensation plans in which the executive officers, officers, and employees of the Corporation are eligible to participate.

Executive Committee

Messrs. Emerson*, Escherich, Ober** (Chair), Dr. Smith and Ms. Bonanno constituted the membership of the Board's standing Executive Committee in 2012, which met two times. The Executive Committee has the authority of the Board of Directors between meetings of the Board except as limited by law, the Corporation's Bylaws, or Board resolution.

Nominating and Governance Committee

Messrs. Emerson* (Chair) and Escherich, Dr. Smith and Ms. Bonanno constituted the membership of the Board's standing Nominating and Governance Committee in 2012, which met once. The Board has adopted a written charter under which the Nominating and Governance Committee operates, a copy of which is available to stockholders at the Corporation's website: www.peteres.com.

Edgar Filing: PETROLEUM & RESOURCES CORP - Form DEF 14A

Each of the members of the Nominating and Governance Committee is an independent director as such is defined by the rules of the New York Stock Exchange and none is an interested person as such as defined by the Act.

The Nominating and Governance Committee recommends to the full Board nominees for director and leads the search for qualified director candidates.

* Mr. Emerson is not standing for reelection.

** Mr. Ober is an interested person. He is not standing for reelection.

The Nominating and Governance Committee will consider unsolicited recommendations for director candidates from stockholders of the Corporation. Stockholders may recommend candidates for consideration by the Nominating and Governance Committee by writing to the Secretary of the Corporation at the office of the Corporation, Seven St. Paul Street, Suite 1140, Baltimore, MD 21202, giving the candidate's name, biographical data and qualifications and stating whether the candidate would be an interested person of the Corporation. A written statement from the candidate, consenting to be named as a candidate, and if nominated and elected, to serve as a director, should accompany any such recommendation.

The process that the Nominating and Governance Committee uses for identifying and evaluating nominees for director is as follows: When there is a vacancy on the Board, either through the retirement of a director or the Board's determination that the size of the Board should be increased, nominations to fill that vacancy are made by independent directors on the Board. The members of the Nominating and Governance Committee meet with the prospective director nominee. If a majority of the Nominating and Governance Committee members are satisfied that the prospective director nominee is qualified and will make a positive addition to the Board, as many of the other independent directors meet with him or her as is possible. The Nominating and Governance Committee then nominates the candidate at a meeting of the Board and a vote is taken by the full Board on whether to elect the nominee to the Board and to include the nominee in the Corporation's proxy for election at the next annual meeting of stockholders. The Corporation anticipates that a similar process will be used for any qualified director candidate properly recommended by a stockholder.

The Board does not have a formal policy regarding the consideration of diversity in identifying Board candidates. When considering a new candidate for the Board, the Nominating and Governance Committee and the full Board may consider the diversity of skills, experience and/or perspective a prospective nominee will bring to the Board as part of their evaluation of the contribution that such prospective nominee will make to the Board. Such factors will be considered in the context of the Board's existing membership at the time such potential candidate is considered.

Retirement Benefits Committee

Messrs. Dale and Escherich and Dr. Gale (Chair) constituted the membership of the standing Retirement Benefits Committee of the Corporation, which administers the Corporation's Employees' Retirement Plan and Supplemental Retirement Plan. This Committee met four times during 2012. Previously, this Committee also administered the Corporation's Employee Thrift Plan and Executive Nonqualified Supplemental Thrift Plan. Those plans are now administered by a committee comprised of employees of the Corporation.

Board of Directors Compensation

During 2012, each director who is not an interested person, except for Mr. Emerson*, received an annual retainer fee of \$18,750 and a fee of \$1,000 for each Board meeting attended. Mr. Emerson, who was the Lead Director for the Board, received an annual retainer fee of \$30,750 and a fee of \$1,000 for each Board meeting attended. All members of each committee, except executive officers and/or interested persons, receive an additional annual retainer fee of \$2,000 for each committee membership and a fee of \$750 for each committee meeting attended; the Chairperson of each committee, except for Mr. Ober**, who was the Chair of the Executive Committee in 2012, receives an additional fee of \$750 for each committee meeting attended. The total amount of fees paid to the independent directors in 2012 was \$424,250. In addition, following each annual meeting of stockholders, each non-employee director who is elected or re-elected at that annual meeting receives 400 restricted stock units.

Transactions with Principal Stockholder

The Corporation shares certain expenses for research, accounting services, other office services (including proportionate salaries and other employee benefits), rent and related expenses, and miscellaneous expenses, such as office supplies, postage, subscriptions and travel, with Adams, of which all of the above-named nominees are also directors. These expenses were paid by Adams and, on the date the payment was made, the Corporation simultaneously paid to Adams its allocated share of such expenses, based on either the proportion of the size of the investment portfolios of the two companies, or, where possible, on an actual usage basis. In 2012, the Corporation's share of such expenses was \$974,608.

Audit Fees

The aggregate fees for professional services rendered by the Corporation's independent registered public accounting firm, PricewaterhouseCoopers LLP, for the audit of the Corporation's annual financial statement and review of the Corporation's semi-annual financial statement for 2012 and 2011 were \$61,052 and \$59,714, respectively.

All Other Fees

Edgar Filing: PETROLEUM & RESOURCES CORP - Form DEF 14A

The aggregate fees for services rendered to the Corporation by PricewaterhouseCoopers LLP, other than for the services referenced above, for 2012 and 2011 were \$6,617 and \$5,821, respectively, which related to the review of the Corporation's procedures for calculating the amounts to be paid or granted to the Corporation's officers in accordance with the Corporation's cash incentive plan and the

2005 Equity Incentive Compensation Plan, review of the Corporation's calculations related to those plans, and preparation of a related report to the Corporation's Compensation Committee; and review of the documentation relating to compliance by the Corporation's employees and directors with the requirements of the Corporation's Code of Ethics pertaining to personal stock trading, and presentation of a related report to the Chief Executive Officer.

The Board's Audit Committee has considered the provision by PricewaterhouseCoopers LLP of the services covered in this **All Other Fees** section and found that they are compatible with maintaining PricewaterhouseCoopers LLP's independence.

Audit Committee Pre-Approval Policy

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent accountants. In assessing requests for services by the independent accountants, the Audit Committee considers whether such services are consistent with the auditor's independence; whether the independent accountants are likely to provide the most effective and efficient service based upon their familiarity with the Corporation; and whether the service could enhance the Corporation's ability to manage or control risk or improve financial statement audit and review quality. The Audit Committee may delegate pre-approval authority to its Chair. Any pre-approvals by the Chair under this delegation are to be reported to the Audit Committee at its next scheduled meeting. All services performed for 2012 were pre-approved by the Audit Committee.

- (10) This column shows the grant date fair value for grants of restricted stock made during 2012 to the identified executive officers under the 2005 Equity Incentive Compensation Plan. The restricted shares will vest at the end of three years from the grant date, but only upon the achievement of specified performance criteria. The target shares (the target number is shown in the Grants of Plan-Based Awards table below) will vest after three years if, on January 1 of the year in which they vest, the Corporation's three year total net asset value (NAV) return meets or exceeds the three year total return of a hypothetical portfolio comprised of a 50/50 blend of (a) an 80/20 blend of the Dow Jones U.S. Oil and Gas Index and the Dow Jones U.S. Basic Materials Index (for 50%) and (b) the Lipper Global Natural Resources Fund Index (for 50%) (Hypothetical Portfolio), with a lesser percentage or no shares being earned if the Corporation's total NAV return trails that

Edgar Filing: PETROLEUM & RESOURCES CORP - Form DEF 14A

of the Hypothetical Portfolio, depending on the level of underperformance on that date. In addition, if, on that date, the Corporation's three year total NAV return exceeds that of the Hypothetical Portfolio, an additional number of shares (additional shares) (the maximum number of additional shares is included in the Maximum column in the Grants of Plan-Based Awards table below) will be earned and vest, depending on the level of outperformance. For a discussion of the assumptions used in valuing the stock awards shown in this column, and the related accounting treatment, please see Note 6 to the Corporation's financial statements for 2012. Distributions of dividends and capital gains paid on the Corporation's shares of Common Stock (distributions) are paid on all of the target number of shares of restricted stock, when such

distributions are paid on the Common Stock, except that no distributions are paid after the vest date on any shares that are forfeited due to the failure to achieve the performance criteria described above. Accrued distributions applicable to the additional shares are paid on such additional shares that vest on the vest date. The distribution rate for distributions paid on the shares of restricted stock is the same rate that is paid on the Common Stock.

- (11) These amounts reflect the grant date fair value for the 400 restricted stock units granted to each director under the 2005 Equity Incentive Compensation Plan upon election to the Board of Directors at the Corporation's annual meeting in 2012.

Under the Consulting Agreement, Mr. Ober will be paid consulting fees of \$216,000 over the one-year term.

2005 Equity Incentive Compensation Plan

In 2005, the Board of Directors adopted an equity incentive compensation plan for the Corporation, called the 2005 Equity Incentive Compensation Plan (the "2005 Plan"), to replace the Stock Option Plan adopted in 1985 and described below. The 2005 Plan was reapproved by the stockholders at the 2010 Annual Meeting. As of December 31, 2012, (i) the number of shares subject to outstanding awards under the 2005 Plan was 53,957 and (ii) the number of shares available for future grants under the 2005 Plan was 772,775.

Administration

The 2005 Plan is administered by the Compensation Committee of the Board of Directors. The Compensation Committee has general responsibility to ensure that the 2005 Plan is operated in a manner that serves the best interests of the Corporation's stockholders. Prior to making any recommendations to the Board to grant awards, but at least annually, the Compensation Committee will review the potential impact that the grant, exercise or vesting of awards could have on the Corporation's earnings and net asset value per share.

Eligible Participants

The Compensation Committee recommends to the Board, and the Board has full and final authority to approve, the Corporation's directors, officers, and employees and any eligible subsidiary's officers and employees selected to receive awards under the 2005 Plan. The individuals who receive grants under the 2005 Plan are referred to individually as a "Participant" and collectively as "Participants". In addition, under the 2005 Plan, all non-employee directors of the Corporation are eligible to participate and receive awards as described below under "Non-Employee Director Awards".

Available Shares

The Corporation has reserved and made available 872,639 shares for use as awards (4% of the Corporation's Common Stock outstanding on the effective date of the 2005 Plan). The Compensation Committee may adjust the number and kind of shares available for use in awards when certain corporate transactions occur which affect the price of the Corporation's Common Stock.

Under the 2005 Plan, no single Participant may be granted awards relating to more than 35% of the shares of the Corporation's Common Stock reserved for issuance under the 2005 Plan. In addition, the 2005 Plan limits the total number of shares that may be awarded to any single Participant in any 36-month period in connection with all types of awards to 300,000 shares of Corporation stock. Grants to non-employee directors are limited to those described below under "Non-Employee Director Awards".

Awards

The 2005 Plan permits the Compensation Committee, subject to approval by the Board, to grant the following types of awards:

restricted stock;

restricted stock units;

deferred stock units;

non-qualified stock options;

stock appreciation rights (including freestanding and tandem stock appreciation rights); and

performance awards.

In addition, the 2005 Plan permits dividend equivalents to be awarded in connection with any award under the 2005 Plan. The 2005 Plan permits the Compensation Committee to prescribe in an award agreement any other terms and conditions of that award. As described below, the Compensation Committee may designate any award under the 2005 Plan as a performance award subject to performance conditions. The 2005 Plan is also intended to qualify certain compensation awarded under the 2005 Plan for tax deductibility under Internal Revenue Code Section 162(m) (Code Section 162(m)).

The awards are described more fully below. Grants to non-employee directors are limited to those described below under Non-Employee Director Awards .

Restricted Stock. The 2005 Plan permits shares of the Corporation's Common Stock to be granted to Participants as restricted stock. Restricted stock is stock that is subject to restrictions on transferability, risk of forfeiture and/or other restrictions. A Participant who receives restricted stock will have all the rights of a stockholder, including the right to vote the restricted stock and the right to receive dividends, unless the Participant is limited by the terms of the 2005 Plan or any award agreement relating to the restricted stock. During the period of restriction, the Participant may not sell, transfer, pledge, hypothecate, margin, or otherwise encumber the restricted stock.

Restricted Stock Units. The 2005 Plan permits restricted stock units to be granted to Participants. Restricted stock units represent rights to receive stock and are subject to certain restrictions and a risk of forfeiture.

Deferred Stock Units. The 2005 Plan authorizes deferred stock units to be granted to Participants. A deferred stock unit is the right to receive stock, cash, or a combination of stock and cash at the end of a time period specified by the Compensation Committee. Deferred stock units may or may not be subject to restrictions (which may include a risk of forfeiture), which restrictions will lapse at the expiration of the specified deferral period or at earlier times, as determined by the Compensation Committee.

Stock Options. Stock options may be granted to Participants, provided that the per share exercise price of each option is not less than the fair market value of a share of the Corporation's Common Stock on the date of the grant.

Unless otherwise determined by the Compensation Committee, options will become exercisable after the first anniversary of the date of grant, subject to the Participant's continued employment or service with the Corporation. Stock options issued under the 2005 Plan cannot be exercisable more than ten years from the date of grant. In addition, and to the extent provided for in the applicable award agreement, the option price per share may be reduced after grant of the option to reflect capital gains distributions to the Corporation's stockholders made after the date of grant, provided that no such reduction will be made which will reduce the option price below zero.

Stock Appreciation Rights. Stock appreciation rights (SARs) may also be granted to Participants. A SAR is the right to receive, upon exercise, an amount equal to (i) the fair market value of one share of the Corporation's Common Stock on the date of exercise minus (ii) the SAR's grant price.

Unless otherwise determined by the Compensation Committee, SARs will become exercisable after the second anniversary of the date of grant, subject to the Participant's continued employment or service with the Corporation. SARs issued under the 2005 Plan cannot be exercisable more than ten years from the date of the grant. In addition, and to the extent provided for in the applicable award agreement, the grant price of a SAR may be reduced after grant of the SAR to reflect capital gains distributions to the Corporation's stockholders made after the date of grant, provided that no such reduction will be made which will reduce the grant price of the SAR below zero.

Performance Awards. The 2005 Plan permits the Compensation Committee to make any award under the 2005 Plan subject to performance conditions. The Corporation may pay performance awards in cash or shares of the Corporation's Common Stock. The grant, exercise and/or settlement of performance awards will be contingent upon the achievement of pre-established performance goals, unless the Compensation Committee determines that a performance award is not intended to qualify as performance-based compensation for purposes of Code Section 162(m). (Code Section 162(m) provides that compensation in excess of one million dollars to certain officers of a public company is not deductible for income tax purposes unless it qualifies as performance-based compensation .)

Non-Employee Director Awards

Immediately following each annual meeting of stockholders, each non-employee director who is elected a director at the meeting, or who was previously elected and continues as a director after that annual meeting, receives an award of 400 restricted stock units of the Corporation. In addition, at the effective date of any non-employee director's initial election to the Board, the non-employee director will be granted 400 restricted stock units of the Corporation. Non-employee directors will also receive dividend equivalents in respect of such restricted stock units equal to the amount or value of any cash or other dividends or distributions payable on an equivalent number of shares of Common Stock. The restricted stock units and related dividend equivalents will vest (and become non-forfeitable) and be paid (in the form of shares of Common Stock) one year from the date of grant. In addition, non-employee directors may elect each year, not later than December 31 of the year preceding the year as to which the annual grant of restricted stock units is to be applicable, to defer to a fixed date or pursuant to a specified schedule payment all or any portion of the annual grant of restricted stock units. Any modification of the deferral election may be made only upon satisfaction of any conditions that the Compensation Committee may impose.

Operation of the 2005 Plan

Under the 2005 Plan, the Compensation Committee, subject to approval by the Board, may grant awards (except for non-employee director awards) either alone or in addition to, in tandem with, or in substitution or exchange for any other award or any award granted under another plan of the Corporation or its existing or future subsidiaries or any other right of a Participant to receive payment from the Corporation or any Corporation subsidiary.

Stock Option Plan

The Corporation's Board of Directors adopted a Stock Option Plan in 1985, which was approved by the stockholders at the 1986 Annual Meeting of Stockholders and subsequently amended at each of the 1994 and 2003 Annual Meetings of Stockholders (the "Stock Option Plan"). Since the adoption of the 2005 Equity Incentive Compensation Plan, no new grants have been or will be made under the Stock Option Plan. The Stock Option Plan provides for the grant to key employees (as defined in the Stock Option Plan) of options to purchase shares of Common Stock of the Corporation, together with related stock appreciation rights. As of December 31, 2012, the number of shares subject to outstanding options under the Stock Option Plan was 4,344. All options granted under the Stock Option Plan are treated as non-qualified stock options under the Internal Revenue Code. The Stock Option Plan is administered by the Compensation Committee of the Board of Directors, which consists of five members of the Board, none of whom is eligible to receive grants under the Stock Option Plan.

The Stock Option Plan provides that, among other things, (a) the option price per share shall not be less than the fair market value of the Common Stock at the date of grant, except that the option price per share will be reduced after grant of the option to reflect capital gains distributions to the Corporation's stockholders, provided that no such reduction shall be made which will reduce the option price below 25% of the original option price; (b) an option will not become exercisable until the optionee shall have remained in the employ of the Corporation for at least one year after the date of grant and may be exercised for 10 years unless an earlier expiration date is stated in the option; and (c) no option or stock appreciation right shall be granted after December 8, 2006.

The Stock Option Plan permitted the grant of stock appreciation rights in conjunction with the grant of an option, either at the time of the option grant or thereafter during its term and in respect of all or part of such option. Stock appreciation rights permit an optionee to request to receive (a) shares of Common Stock of the Corporation with a fair market value at the time of exercise equal to the amount by which the fair market value of all shares subject to the option in respect of which such stock appreciation right was granted exceeds the exercise price of such option, (b) in lieu of such shares, the fair market value thereof in cash, or (c) a combination of shares and cash. Stock appreciation rights are exercisable beginning no earlier than two years after the date of grant and extend over the period during which the related option is exercisable. To the extent a stock appreciation right is exercised in whole or in part, the option in respect of which such stock appreciation right was granted shall terminate and cease to be exercisable.

Shares of Common Stock acquired as a result of the exercise of an option or stock appreciation right may not be sold until the later of two years after the date of grant of the option or one year after the acquisition of such shares.

Employee Thrift Plans

Employees of the Corporation who have completed six months of service may defer up to 100% of base salary and cash incentive compensation to a tax-qualified thrift plan instead of being paid currently, and the Corporation contributes an amount equal to 100% of each employee's contribution (up to 6% of base salary and cash incentive compensation) but not in excess of the maximum permitted by law (see footnotes to the Compensation Table set forth on pages 16 and 17 regarding

2012 contributions for the officers identified therein). The Corporation also has the discretion to contribute annually to each employee's thrift plan account an amount of up to 6% of the employee's combined base salary and cash incentive compensation attributable to the prior year's service with the Corporation. All employee contributions are credited to the employee's individual account. Employees may elect that their salary deferral and other contributions be invested in Common Stock of the Corporation, or of Adams, or a number of mutual funds, or a combination thereof. All of the Corporation's matching contribution is invested in accordance with the employee's investment elections, provided the employee is 100% vested in the Thrift Plan. An employee's interest in amounts derived from the Corporation's contributions becomes non-forfeitable upon completion of 36 months of service or upon death or retirement. Payments of amounts not withdrawn or forfeited under the thrift plan may be made upon retirement or other termination of employment in a single distribution, in equal installments, or in an annuity.

The Corporation also maintains an Executive Nonqualified Supplemental Thrift Plan for eligible employees of the Corporation (the Nonqualified Plan). The purpose of the Nonqualified Plan is to provide deferred compensation in excess of contribution limits imposed by the Internal Revenue Code on tax-qualified thrift plans, including the Employee Thrift Plan of the Corporation described above. In accordance with such limitations, for 2012, the maximum annual amount that an individual can defer to all tax-qualified thrift plans offered by the Corporation is \$17,000 for those under the age of 50, and \$22,500 for those age 50 and over, and the maximum combined amount consisting of both the employee's contributions and the Corporation's matching contributions that can go into any single tax-qualified thrift plan is \$50,000 per year for those under the age of 50 and \$55,500 per year for those age 50 and over.

The Nonqualified Plan permits an eligible employee to contribute to the Nonqualified Plan up to the maximum amount of 6% of the employee's salary and cash incentive compensation that he or she is prevented from contributing to the tax-qualified thrift plan because of the Internal Revenue Code's limitations on annual contributions, and for the Corporation to contribute the 100% matching contribution on that sum and/or the Corporation's discretionary contribution that would otherwise be limited by the Internal Revenue Code's limitations on annual contributions. The employee's contributions and the Corporation's contributions to the Nonqualified Plan are invested in eligible mutual funds in accordance with the employee's investment elections.

Employee Retirement Plans

Employees of the Corporation with one or more years of service participate in a retirement plan pursuant to which contributions are made solely by the Corporation on behalf of, and benefits are provided for, employees meeting certain age and service requirements. The benefits under the plan were frozen as of October 1, 2009, and no additional benefits attributable to additional years of service or increases in annual cash compensation after that date will be recognized. The plan, as frozen, provides for the payment of benefits in the event of an employee's retirement at the age of 62 or older. Upon such retirement, the amount of the retirement benefit is 2% of the average of an employee's monthly compensation during any 3 periods of 12 consecutive months out of the final 60 months of service during which such compensation, including cash incentive compensation, is highest prior to October 1, 2009, multiplied by years of service prior to October 1, 2009. Retirement benefits cannot exceed 60% of the highest 36 months' average annual cash compensation out of the employee's final

60 months annual cash compensation, including incentive compensation. Benefits are payable in several alternative methods, each of which must be the actuarial equivalent of a pension payable for the life of the employee only. Retirement benefits (subject to any applicable reduction) are also payable in the event of an employee's early or deferred retirement, disability or death. Contributions are made to a trust to fund these benefits.

The Corporation also maintains a supplemental retirement benefits plan (the Supplemental Plan) for employees of the Corporation, which was also frozen as of October 1, 2009. The purpose of the Supplemental Plan is to provide deferred compensation in excess of benefit limitations imposed by the Internal Revenue Code on tax-qualified defined benefit plans, including the retirement plan of the Corporation described above. In accordance with such limitations, the annual benefit payable under the Corporation's retirement plan for 2012 may not exceed the lesser of \$200,000 and the employee's average total compensation paid during the three highest-paid consecutive calendar years of employment. The \$200,000 limit will be adjusted by the Secretary of the Treasury to reflect cost-of-living increases.

The Supplemental Plan authorizes the Corporation to pay annual retirement benefits in an amount equal to the difference between the maximum benefits payable under the retirement plan described above and the benefits that would otherwise be payable but for the Internal Revenue Code's limitations on annual retirement benefits. All amounts payable under the Supplemental Plan will be paid from the general funds of the Corporation as benefits become due. The Corporation has established a funding vehicle using life insurance policies owned by the Corporation for the Supplemental Plan. Payment of benefits under the Supplemental Plan will be made at the employee's election either as a lump sum or a life annuity. During 2012, the Corporation made payments of \$31,208 under the Supplemental Plan.

The following table shows the estimated annual retirement benefits payable on a straight life annuity basis to participating employees, including officers, in the compensation and years of service classifications indicated, under the Corporation's Employees' Retirement Plan and Supplemental Plan:
