PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

APRIL 22, 2013

GENERAL MEETING MATTERS

The Board of Directors of Crane Co. asks you to complete and return the enclosed proxy for use at the Annual Meeting of Shareholders to be held in the First Floor Conference Room at 200 First Stamford Place, Stamford, Connecticut, on Monday, April 22, 2013, at 10:00 a.m., Eastern Daylight Time, or at any postponement or adjournment of the meeting. This Proxy Statement and enclosed form of proxy are first being sent to shareholders on or about March 13, 2013.

Shares represented by the enclosed proxy, if properly executed, received by the Secretary prior to the meeting, and not revoked, will be voted in accordance with the directions indicated on the proxy.

Treatment of Unmarked Proxies. If no directions are indicated on a properly executed and returned proxy with respect to any particular matter, the shares represented by the proxy will be voted **for** each nominee named in this Proxy Statement for election as a director; **for** the proposal to ratify the selection of Deloitte & Touche LLP as our independent auditors for 2013; **for** the non-binding advisory vote regarding executive compensation; and **for** the proposal to approve the 2013 Stock Incentive Plan, as the case may be. If any other matter is presented at the Annual Meeting upon which a vote may properly be taken, the shares represented by the proxy will be voted in accordance with the discretion of the person or persons named in the proxy.

Revocation of Instructions. A shareholder may revoke a proxy at any time before the vote is taken, either by written notice to the Corporate Secretary, by submitting a new proxy, or by casting a vote in person at the meeting.

Alternative Voting Methods. As an alternative to using the written form of proxy, shareholders of record may vote by using the toll-free number listed on the enclosed proxy card, proving their identity by using the Personal Identification Number shown on the card. Alternatively, shareholders of record may give voting instructions at the website www.investorvote.com/cr. Both procedures allow shareholders to appoint the designated proxies to vote their shares and to confirm that their instructions have been properly recorded. The enclosed proxy card includes specific instructions to be followed by any shareholder of record wishing to vote by telephone or on the internet.

Shares Outstanding. As of the close of business on February 28, 2013, the record date for determining shareholders entitled to vote at the Annual Meeting, Crane Co. had issued and outstanding 57,658,477 shares of common stock, par value \$1.00 per share. Each share of Crane Co. common stock is entitled to one vote at the meeting. Information about the ownership of our common stock appears on pages 60 and 61.

Required Votes. Nominees for the Board of Directors will be elected if more votes are cast in favor of the nominee than are cast against the nominee by the holders of shares present in person or represented by proxy and entitled to vote at the meeting. Each other matter to be voted upon at the meeting requires the affirmative vote of a majority of the votes cast by the holders of shares of common stock present in person or represented by proxy and entitled to vote at the meeting. With respect to the proposal to approve the 2013 Stock Incentive Plan, the total votes cast on the proposal also must represent more than 50% of the voting power of the Company's common stock outstanding and entitled to vote on the proposal in order for the proposal to be approved.

Edgar Filing: CRANE CO /DE/ - Form DEF 14A

Effect of Abstentions. Shareholders may abstain from voting on any proposal expected to be brought before the meeting. Abstentions will have no effect on the election of directors, as each nominee will be elected if the number of votes cast in favor of such nominee exceeds the number of votes cast against such nominee. Abstentions will not count as votes for or against approval of the 2013 Stock Incentive Plan, but will reduce the total number of votes cast, which in order for the Plan to be approved must represent more than 50% of the total

Table of Contents

voting power of all stock entitled to vote. On all other matters, the choice that receives the majority of votes cast will be considered approved. Abstentions from voting are not treated as votes cast and therefore will have no effect on any of these proposals.

Effect of Broker Non-Votes. Under the rules of the New York Stock Exchange, brokers holding shares for customers have authority to vote on certain matters even if the broker has not received instructions from the beneficial owner, but do not have such authority as to certain other matters (broker non-votes). Member firms of the Exchange may vote without specific instructions from beneficial owners on the ratification of the selection of auditors, but not on the election of directors or the approval, by a non-binding advisory vote, of the compensation paid by the Company to certain executive officers or the approval of the 2013 Stock Incentive Plan. Broker non-votes are counted for the purpose of convening a quorum but do not count as votes cast for or against a matter or as shares entitled to vote, and therefore will not affect the outcome of the voting at the meeting.

ITEM 1: ELECTION OF DIRECTORS

The Board of Directors currently consists of eight members divided into three classes. The Board has nominated three new directors, so that if all nominees are elected at the Annual Meeting, the size of the Board will increase to eleven members.

Richard S. Forté and James L. L. Tullis, who are current members of the Board, and new nominees Ellen McClain Haime and Jennifer M. Pollino, have been nominated for election by shareholders to hold office for three-year terms until the Annual Meeting in 2016 and until their successors are elected and qualified. In addition, new nominee Ronald C. Lindsay has been nominated for election by shareholders for a two-year term until the Annual Meeting in 2015 and until his successor is elected and qualified.

The Board believes that a company's directors should possess and demonstrate, individually and as a group, an effective and diverse combination of skills and experience to guide the management and direction of the company's business and affairs. The Board has charged the Nominating and Governance Committee with responsibility for evaluating the mix of skills and experience of the Company's directors and director nominees, as well as leading the evaluation process for the Board and its committees. In conducting its annual review of director skills and Board composition, the Nominating and Governance Committee determined and reported to the Board its judgment that the Board as a whole, particularly with the addition of Ms. McClain, Ms. Pollino and Mr. Lindsay, demonstrates a diversity of organizational experience, professional experience, education and other background, viewpoint, skills and other personal qualities and attributes that enables the Board to perform its duties in a highly effective manner. The Nominating and Governance Committee also considers the Board's overall diversity of experience, education, background, skills and attributes when identifying and evaluating potential director nominees.

The Nominating and Governance Committee has proposed, and the Board of Directors recommends, that each of the five nominees be elected to the Board. If, before the meeting, any nominee becomes unavailable for election as a director, the persons named in the enclosed form of proxy will vote for whichever nominee, if any, the Board of Directors recommends to fill the vacancy, or the Board of Directors may reduce the number of directors to eliminate the vacancy.

CORPORATE GOVERNANCE MATTERS

The Board of Directors has adopted Corporate Governance Guidelines which reflect the Board's commitment to monitor the effectiveness of policy-making and decision-making both at the Board and management level, with a view to enhancing long-term shareholder value. The Corporate Governance Guidelines are available on our website at www.craneco.com/GovernanceGuidelines.

Board Leadership Structure. Our Corporate Governance Guidelines do not require the separation of the roles of Chairman of the Board and Chief Executive Officer, as the Board believes that effective board leadership structure can be highly dependent on the experience, skills and personal interaction between persons in leadership roles. Since 2001, these leadership roles have been filled separately by our current non-executive Chairman of the Board and our current Chief Executive Officer. To assist in defining this leadership structure, the Board adopted a position description for the role of the non-executive Chairman of the Board, which is incorporated into our Corporate Governance Guidelines. The principal duties are as follows:

Provide leadership to the Board and ensure that each director is making an appropriate contribution;

Guide the Board's discharge of its duties, including monitoring risk management and compliance activities, reviewing corporate strategy and evaluating senior management performance and succession planning;

Chair meetings of the Board of Directors and the Annual Meeting of Shareholders;

Organize and approve the agendas for Board meetings based on input from directors and the Chief Executive Officer; and

Conduct a performance evaluation of the Board.

The Board believes this leadership structure has afforded the Company an effective combination of internal and external experience, continuity and independence that has served the Board and the Company well.

Board Role in Oversight of Risk. The Board recognizes its duty to assure itself that the Company has effective procedures for assessing and managing risks to the Company's operations, financial position and reputation, including compliance with applicable laws and regulations. The Board has charged the Audit Committee with the responsibility for monitoring the Company's processes and procedures for risk assessment, risk management and compliance, including regular reports on any violations of law or Company policies and consequent corrective action. The Audit Committee receives presentations regarding these matters from management at each in-person meeting (at least quarterly). The Company's Director of Compliance and Ethics, as well as the Chief Audit Executive, has a direct reporting relationship to the Audit Committee. The Chair of the Audit Committee reports any significant matters to the Board as part of his reports on the Committee's meetings and activities. The Management Organization and Compensation Committee of the Board has established a process for assessing the potential that the Company's compensation plans and practices may encourage executives to take risks that are reasonably likely to have a material adverse effect on the Company. The conclusions of this assessment are set forth in the Compensation Discussion and Analysis under the heading "Compensation Risk Assessment" on page 34. In addition, the Board schedules an annual presentation by management on the Company's risk management practices. The Board also receives reports from management at each meeting regarding operating results, the Company's asbestos liability, pending and proposed acquisition and divestiture transactions (each of which must be approved by the Board before completion), capital expenditures and other matters.

Conflicts of Interest; Transactions with Related Persons. Crane Co. has established Conflict of Interest Policies: CP-103, to which all officers and salaried employees are subject, and CP-103D, to which non-employee directors are subject. Those subject to the policies are required to disclose to the General Counsel in writing each outside relationship, activity and interest that creates a potential conflict of interest, including prior disclosure of transactions with third parties. The General Counsel will determine whether the matter does or does not constitute an impermissible conflict of interest, or may in his discretion refer the question to the Nominating and Governance Committee, which will review the facts and make a recommendation to the Board. All directors, executive officers and other salaried employees are required to certify in writing each year whether they are personally in compliance with CP-103 or CP-103D, as applicable, and whether they have knowledge of any other

Table of Contents

person's failure to comply. In addition, each director and executive officer is required to complete an annual questionnaire which calls for disclosure of any transactions above a stated amount in which Crane Co. or a Crane Co. affiliate is or is to be a participant on the one hand, and in which the director or officer or any member of his or her family has a direct or indirect material interest on the other. The Board of Directors is of the opinion that these procedures in the aggregate are sufficient to allow for the review, approval or ratification of any Transactions with Related Persons that would be required to be disclosed under applicable Securities and Exchange Commission rules.

Attendance. The Board of Directors met nine times during 2012. Each director attended over 85% of the Board and Committee meetings held in the period during which he or she was a director and Committee member. In addition, it is Crane Co.'s policy that each of our directors attend the Annual Meeting; all directors were in attendance at the 2012 Annual Meeting.

Executive Sessions of Non-Management Directors. Four of the meetings of the Board during 2012 included executive sessions without management present, presided over by R. S. Evans, Chairman of the Board. Crane's Corporate Governance Guidelines require our non-management directors to meet in executive session without management on a regularly scheduled basis, but not less than two times a year. The Chairman of the Board presides at executive sessions, unless he is a member of management, in which case the presiding person at executive sessions rotates on an annual basis among the Chairs of the Nominating and Governance Committee, the Audit Committee and the Management Organization and Compensation Committee. If the designated person is not available to chair an executive session, then the non-management directors select a person to preside.

Share Ownership Guidelines for Directors. The Board of Directors has adopted share ownership guidelines which require each director to hold shares of Crane Co. stock having a fair market value not less than five times the director's annual retainer. A director must have attained this ownership level by the fifth anniversary of his or her first election as a director. As of the Record Date, all directors who had attained their fifth anniversary of service were in compliance with this ownership guideline.

Shareholder Communications with Directors. The Board has established a process to receive communications from shareholders and other interested parties. Shareholders and other interested parties may contact any member (or all members) of the Board, any Board committee or any Chair of any such committee by mail or electronically. To communicate with the Board of Directors, any individual director or any group or committee of directors, correspondence should be addressed to the Board of Directors or any individual director or group or committee of directors by either name or title. All such correspondence should be sent to Crane Co., c/o Corporate Secretary, 100 First Stamford Place, Stamford, CT 06902. To communicate with any of our directors electronically, shareholders should use the following e-mail address: adupont@craneco.com.

All communications received as set forth in the preceding paragraph will be opened by the office of the Corporate Secretary for the sole purpose of determining whether the contents represent a message to our directors. Any contents will be forwarded promptly to the addressee unless they are in the nature of advertising or promotion of a product or service, or are patently offensive or irrelevant. To the extent that the communication involves a request for information, such as an inquiry about Crane Co. or stock-related matters, the Corporate Secretary's office may handle the inquiry directly. In the case of communications to the Board or any group or committee of directors, the Corporate Secretary's office will make sufficient copies of the contents to send to each director who is a member of the group or committee to which the envelope or e-mail is addressed.

Independent Status of Directors

Standards for Director Independence. No director qualifies as independent unless the Board affirmatively determines that the director has no material relationship with Crane Co. The Board has adopted the standards set forth below in order to assist the Nominating and Governance Committee and the Board itself in making determinations of director independence. Any of the following relationships would preclude a director from qualifying as an independent director:

The director is or was an employee, or the director's immediate family member is or was an executive officer, of Crane Co. other than as an interim Chairman or interim CEO, unless at least three years have passed since the end of such employment relationship.

Table of Contents

The director is or was within the past three years an executive officer or an employee, or the director's immediate family member is or was within the past three years an executive officer, of an organization (other than a charitable organization) that in any of the last three completed fiscal years made payments to, or received payments from, Crane Co. for property or services, if the amount of such payments exceeded the greater of \$1 million, or 2% of the other organization's consolidated gross revenues.

The director has received, or the director's immediate family member has received, direct compensation from Crane Co., if the director is a member of the Audit Committee or the amount of such direct compensation received during any twelve-month period within the preceding three years has exceeded \$120,000 per year, excluding (i) director and committee fees and pension and other forms of deferred compensation for prior services (so long as such compensation is not contingent in any way on continued service); (ii) compensation received as interim Chairman or CEO; or (iii) compensation received by an immediate family member for service as a non-executive employee of Crane Co.

The director is a current partner of or employed by, or the director's immediate family member is a current partner of, or an employee who participates in audit, assurance or tax compliance (but not tax planning) at, a firm that is the internal or external auditor of Crane Co., or the director was, or the director's immediate family member was, within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Crane Co. audit at that time.

The director is or was employed, or the director's immediate family member is or was employed, as an executive officer of another organization, and any of Crane Co.'s present executive officers serves or served on that other organization's compensation committee, unless at least three years have passed since the end of such service or the employment relationship.

The director is a member of a law firm, or a partner or executive officer of any investment banking firm, that has provided services to Crane Co., if the director is a member of the Audit Committee or the fees paid in any of the last three completed fiscal years or anticipated for the current fiscal year exceed the greater of \$1 million or 2% of such firm's consolidated gross revenues.

The existence of any relationship of the type referred to above, but at a level lower than the thresholds referred to, does not, if entered into in the ordinary course of business, preclude a director from being independent. The Nominating and Governance Committee and the Board review all relevant facts and circumstances before concluding that a relationship is not material or that a director is independent.

Crane Co.'s Standards for Director Independence, along with its Corporate Governance Guidelines and Code of Ethics, which applies to Crane Co.'s directors and to all officers and other employees, including our chief executive officer, chief financial officer and controller, are available on our website at www.craneco.com/governance. Crane Co. intends to satisfy any disclosure requirements concerning amendments to, or waivers from, the Code of Ethics by posting such information at that website address.

Independence of Directors. The Nominating and Governance Committee has reviewed whether any of the directors, other than Mr. Fast and Mr. Evans, has any relationship that, in the opinion of the Committee, (i) is material (either directly or as a partner, shareholder or officer of an organization that has a relationship with Crane Co.) and, as such, reasonably likely to interfere with the exercise by such person of independent judgment in carrying out the responsibilities of a director or (ii) would otherwise cause such person not to qualify as an independent director under the rules of the NYSE and, in the case of members of the Audit Committee, the additional requirements under Section 10A of the Securities Exchange Act of 1934 and the associated rules. The Nominating and Governance Committee determined that all of Crane Co.'s current directors, other than Mr. Fast and Mr. Evans, are independent in accordance with the foregoing standards, and the Board of Directors has reviewed and approved the determinations of the Nominating and Governance Committee. Mr. Fast is Chief Executive Officer of Crane Co. Mr. Evans serves as non-executive Chairman of the Board pursuant to an agreement under which he receives a retainer of \$225,000 per year, maintains an office and secretarial support at Crane Co.'s principal executive office and is permitted to use the corporate aircraft for personal travel, for which he reimburses the Company its incremental operating costs. He was an employee of the Company until December 31, 2010. See Compensation of Directors below.

In reaching their determinations regarding the independence of the other directors, the Committee and the Board applied the Standards for Director Independence described above and determined that there were no transactions that were likely to affect the independence of those directors' judgment.

Independence of Committee Members. As noted above, each of the members of the Audit Committee, the Nominating and Governance Committee and the Management Organization and Compensation Committee is independent under applicable rules of the NYSE and in the case of members of the Audit Committee, the additional requirements under Section 10A of the Securities Exchange Act of 1934 and the associated rules.

Executive Committee. The Board of Directors has also established an Executive Committee, which meets when a quorum of the full Board of Directors cannot be readily obtained. The Executive Committee may exercise any of the powers of the Board of Directors, except for (i) approving an amendment of the Certificate of Incorporation or By-Laws, (ii) adopting an agreement of merger or sale of all or substantially all of Crane Co.'s assets or dissolution of Crane Co., (iii) filling vacancies on the Board or any committee thereof or (iv) electing or removing officers. The Executive Committee did not meet during 2012.

Director Nominating Procedures

Our Corporate Governance Guidelines provide that the Board should generally have from nine to twelve directors, a substantial majority of whom must qualify as independent directors under the listing standards of the NYSE.

Criteria for Board Membership. Criteria for Board membership take into account skills, expertise, integrity, diversity and other qualities which are expected to enhance the Board's ability to manage and direct Crane Co.'s business and affairs. In general, nominees for director should have an understanding of the workings of large business organizations such as Crane Co., and senior level executive experience as well as the ability to make independent, analytical judgments, the ability to be an effective communicator and the ability and willingness to devote the time and effort to be an effective and contributing member of the Board. A director who serves as a chief executive officer should not serve on more than two public company boards in addition to our Board, and other directors should not sit on more than four public company boards in addition to our Board. The members of the Audit Committee should not serve on more than two other audit committees of public companies.

The Nominating and Governance Committee will, from time to time, seek to identify potential candidates for director to sustain and enhance the composition of the Board with the appropriate balance of knowledge, experience, skills, expertise and diversity. In this process, the Committee will consider potential candidates proposed by other members of the Board, by management or by shareholders, and the Committee has the sole authority to retain a search firm to assist in this process, at Crane Co.'s expense.

Nominations by Shareholders. In considering candidates submitted by shareholders, the Nominating and Governance Committee will take into consideration the needs of the Board and the qualifications of the candidate. To have a candidate considered by the Committee, a shareholder must submit the recommendation in writing and must supply the following information:

The name and business address of the proposed candidate;

Qualifications to be a director of Crane Co.;

A description of what would make the proposed candidate a good addition to the Board;

A description of any relationships that could affect the proposed candidate's qualifying as an independent director, including identifying all other public company board and committee memberships;

A confirmation of the proposed candidate's willingness to serve as a director if selected by the Nominating and Governance Committee and nominated by the Board;

The name of the shareholder submitting the name of the proposed candidate, together with information as to the number of shares owned and the length of time of ownership; and

Edgar Filing: CRANE CO /DE/ - Form DEF 14A

Any information about the proposed candidate that would, under the SEC's proxy rules, be required to be included in our proxy statement if the person were a nominee, including, without limitation, the number of shares of Crane Co. stock beneficially owned by the proposed candidate.

Any shareholder recommendation for next year's Annual Meeting, together with the information described above, must be sent to the Corporate Secretary at 100 First Stamford Place, Stamford, CT 06902 and, in order to allow for timely consideration, must be received by the Corporate Secretary no earlier than December 24, 2013, and no later than January 23, 2014.

Once a person has been identified by the Nominating and Governance Committee as a potential candidate, the Committee, as an initial matter, may collect and review publicly available information regarding the person to assess whether the person should be considered further. Generally, if the person expresses a willingness to be considered and to serve on the Board, and the Committee believes that the person has the potential to be a good candidate, the Committee would seek to gather information from or about the person, review the person's accomplishments and qualifications in light of any other candidates that the Committee might be considering, and, as appropriate, conduct one or more interviews with the person. In certain instances, Committee members may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater first-hand knowledge of the candidate's accomplishments. The Committee's evaluation process does not vary based on whether or not a prospective candidate is recommended by a shareholder, although, as stated above, the Board may take into consideration the number of shares held by the recommending shareholder and the length of time that such shares have been held.

Majority Voting for Directors and Resignation Policy

Our By-Laws provide that nominees for director and directors running for re-election to the Board without opposition must receive a majority of votes cast. Any director who fails to receive the required number of votes for re-election is required by Crane Co. policy to tender his or her written resignation to the Chairman of the Board for consideration by the Nominating and Governance Committee. The Committee will consider such tendered resignation and make a recommendation to the Board concerning the acceptance or rejection of the resignation. In determining its recommendation to the Board, the Committee will consider all factors deemed relevant by the members of the Committee including, without limitation, the stated reason or reasons why shareholders voted against such director's re-election, the qualifications of the director (including, for example, whether the director serves on the Audit Committee of the Board as an audit committee financial expert and whether there are one or more other directors qualified, eligible and available to serve on the Audit Committee in such capacity), and whether the director's resignation from the Board would be in the best interests of the Company and its shareholders.
