including how to demonstrate proof of stock ownership, are posted at www.virtualshareholdermeeting.com/ACTV2013. **If you do not have your 12-digit control number, you will be able to listen to the meeting only you will not be able to vote or submit questions during the meeting.**

What is the purpose of the annual meeting?

At our annual meeting, stockholders will act upon the matters described in this proxy statement. In addition, following the meeting, management will report on the performance of our company and respond to questions from stockholders.

What am I voting on at the annual meeting?

Stockholders will be asked to vote on three proposals. The proposals are to:

- (1) Elect the two Class II director nominees named in this proxy statement to hold office for three years until the 2016 annual meeting of stockholders;
- (2) Ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013; and
- (3) Hold an advisory vote on compensation of our named executive officers.

Could other matters be decided at the annual meeting?

We are not aware, as of the date hereof, of any matters to be voted upon at the annual meeting other than those stated in this proxy statement. Our Amended and Restated Bylaws require that we receive advance notice of any proposal to be brought before the annual meeting by our stockholders, and we have not received notice of any such proposals. If any other matters are properly brought before the annual meeting, the proxy holders appointed by the Board of Directors will have the discretion to vote on those matters for you.

What is the recommendation of the Board on each of the matters scheduled to be voted on at the annual meeting?

The Board of Directors recommends that you vote:

FOR each of the nominees to the Board of Directors (Proposal 1);

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the 2013 fiscal year (Proposal 2); and

FOR the approval, on an advisory basis, of the compensation of the named executive officers as disclosed in this proxy statement (Proposal 3).

Who can vote?

You can vote your shares of common stock if our records show that you owned the shares on the record date of May 15, 2013. At the close of business on the record date, there were outstanding and entitled to vote 61,682,299 shares of common stock. You get one vote for each share of common stock that you hold. Only holders of our common stock as of the record date are entitled to notice of and to vote on some or all of the matters listed in this proxy statement and the accompanying Notice of Annual Meeting of Stockholders. The stock transfer books will not be closed between the record date and the date of the meeting. A list of stockholders entitled to vote at the annual meeting will be available for examination at our principal executive offices at the address listed above for a period of 10 days prior to the annual meeting, and during the annual meeting such list will be available for examination at www.virtualshareholdermeeting.com/ACTV2013.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholders of Record. You are a stockholder of record if at the close of business on the record date your shares were registered directly in your name with Computershare Trust Company, N.A., our transfer agent.

Beneficial Owner. You are a beneficial owner if at the close of business on the record date your shares were held by a brokerage firm or other nominee and not in your name. Being a beneficial owner means that, like most of our stockholders, your shares are held in street name. As the beneficial owner, you have the right to direct your broker or nominee how to vote your shares by following the voting instructions your broker or other nominee provides. If you do not provide your broker or nominee with instructions on how to vote your shares, your broker or nominee will be able to vote your shares with respect to some of the proposals, but not all. Please see *What will happen if I do not vote my shares?* below for additional information.

How do I vote and what are the voting deadlines?

Stockholders of Record. If you are a stockholder of record, there are several ways for you to vote your shares.

Via the Internet. You may vote at www.proxyvote.com, 24 hours a day, seven days a week. You will need the 12-digit control number included on your proxy card. ***Votes submitted through the Internet must be received by 11:59 p.m., Eastern Time, on June 20, 2013.***

By Telephone. You may vote using a touch-tone telephone by calling 1-800-690-6903, 24 hours a day, seven days a week. You will need the 12-digit control number included on your proxy card. ***Votes submitted by telephone must be received by 11:59 p.m., Eastern Time, on June 20, 2013.***

By Mail. You may submit your vote by completing, signing, and dating each proxy card received and returning it in the prepaid envelope. Sign your name exactly as it appears on the proxy card. ***Proxy cards submitted by mail must be received no later than June 20, 2013 to be voted at the annual meeting.***

During the Annual Meeting. Instructions on how to vote while participating in our annual meeting live via the Internet are posted at www.virtualshareholdermeeting.com/ACTV2013.

The Internet and telephone voting procedures described above, which comply with Delaware law, are designed to authenticate stockholders identities, to allow stockholders to vote their shares, and to confirm that their instructions have been properly recorded.

Beneficial Owners. If you are a beneficial owner of your shares, you should have received a proxy card or voting instructions from the broker or other nominee holding your shares. You should follow the instructions in the proxy card or voting instructions provided by your broker or nominee in order to instruct your broker or other nominee on how to vote your shares. The availability of telephone and Internet voting will depend on the voting process of the broker or nominee. Shares held beneficially may not be voted during our annual meeting.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. To make certain all of your shares are voted, please follow the instructions included on the proxy card and vote each proxy card by mail or over the Internet or by telephone.

Can I revoke or change my vote after I submit my proxy?

Stockholders of Record. If you are a stockholder of record, you may revoke or change your vote at any time before the final vote at the annual meeting by:

signing and returning a new proxy card with a later date;

submitting a later-dated vote by mail, telephone or via the Internet only your latest proxy received by 11:59 p.m., Eastern Time, on June 20, 2013 will be counted;

participating in the annual meeting live via the Internet and voting again; or

delivering a written revocation to our Corporate Secretary at The Active Network, Inc., 10182 Telesis Court, San Diego, California 92121, before the annual meeting.

Beneficial Owners. If you are a beneficial owner of your shares, you must contact the broker or other nominee holding your shares and follow their instructions for revoking or changing your vote.

What will happen if I do not vote my shares?

Stockholders of Record. If you are the stockholder of record and you do not vote by proxy card, by telephone, via the Internet before the annual meeting, or during the annual meeting via live webcast, your shares will not be voted at the annual meeting.

Beneficial Owners. If you are the beneficial owner of your shares, your broker or nominee may vote your shares only on those matters on which it has discretion to vote. Under the rules of the New York Stock Exchange, or NYSE, your broker or nominee does not have discretion to vote your shares on non-routine matters such as Proposals 1 and 3. However, your broker or nominee does have discretion to vote your shares on routine matters such as Proposal 2 as further detailed under "What is a broker non-vote?" below.

What is a broker non-vote ?

The NYSE has rules that govern brokers who have record ownership of listed company stock held in brokerage accounts for their clients who beneficially own the shares. Under these rules, brokers who do not receive voting instructions from their clients have the discretion to vote uninstructed shares on certain matters (discretionary matters) but do not have discretion to vote uninstructed shares as to certain other matters (non-discretionary matters). A broker may return a proxy card on behalf of a beneficial owner from whom the broker has not received instructions that casts a vote with regard to discretionary matters but expressly states that the broker is not voting as to non-discretionary matters. Under current NYSE interpretations, Proposals 1 and 3 are each considered a non-discretionary matter and Proposal 2 is considered a discretionary matter. The broker's inability to vote on non-discretionary matters for which the broker has not received instructions from the beneficial owner is referred to as a broker non-vote.

What is the effect of a broker non-vote?

Broker non-votes will be counted for purposes of calculating whether a quorum is present at the annual meeting, but will not be counted for purposes of determining the number of votes present in person or represented by proxy and entitled to vote with respect to a particular proposal. Thus, a broker non-vote will not adversely impact our ability to obtain a quorum and will not affect the outcome of the vote on a proposal that requires a plurality of votes cast (Proposal 1) or the approval of a majority of the votes present in person or represented by proxy and entitled to vote (Proposals 2 and 3).

How is a quorum obtained, and why is a quorum required?

We will hold the annual meeting if a quorum is present. A quorum will be present if holders of a majority of the outstanding shares of common stock entitled to vote on a matter at the annual meeting are present or represented by proxy at the meeting. As of the close of business on the record date, we had 61,682,299 shares of common stock outstanding and entitled to vote at the annual meeting, meaning that 30,841,150 shares of common stock must be represented in person or by proxy to have a quorum. If a quorum is not present at the annual meeting, the meeting may be adjourned from time to time until a quorum is obtained. If you submit a proxy, your shares will be counted to determine whether we have a quorum even if you abstain or fail to provide voting instructions on any of the proposals described in this proxy statement and listed on the proxy card. If your shares are held in the name of a nominee, and you do not tell the nominee how to vote your shares, these shares will be counted for purposes of determining the presence of a quorum for the transaction of business.

How many votes are required to approve each proposal?

How can I find the voting results of the annual meeting?

Preliminary results will be announced at the annual meeting. Final results also will be published in a current report on Form 8-K to be filed with the SEC within four business days after the annual meeting. If the official results are not available at that time, we will provide preliminary voting results in the Form 8-K and will provide the final results in an amendment to the Form 8-K as soon as they become available.

Who is making and paying for this proxy solicitation?

This proxy is solicited on behalf of the Board of Directors. We will pay the cost of distributing this proxy statement and related materials. Our officers may solicit proxies by mail or telephone. Upon request, we will provide copies of these materials to banks, brokers, fiduciaries, custodians, and other nominees that hold shares on behalf of beneficial owners so that they may forward the materials to the beneficial owners. We may, if appropriate, retain an independent proxy solicitation firm to assist us in soliciting proxies. If we do retain a proxy solicitation firm, we would pay such firm's customary fees and expenses, which fees would be expected to be approximately \$10,000, plus expenses.

Is my vote confidential?

Proxy cards and voting tabulations that identify individual stockholders are mailed or returned directly to Broadridge Financial Solutions and handled in a manner that protects your voting privacy. Your vote will not be disclosed EXCEPT:

as needed to permit Broadridge Financial Solutions to tabulate and certify the vote;

as required by law; or

in limited circumstances such as a proxy contest in opposition to the Board of Directors.

In addition, all comments written on the proxy card or elsewhere will be forwarded to management, but your identity will be kept confidential unless you ask that your name be disclosed.

COMPANY INFORMATION AND MAILING ADDRESS

We were originally incorporated in California in October 1998 as Racegate.com, Inc. and became a Delaware corporation through a stock exchange agreement in July 1999. In May 2001, we changed our name to The Active Network, Inc. Our principal executive offices are located at 10182 Telesis Court, San Diego, California 92121. Our corporate website address is www.activenetwork.com, and our primary participant website is www.active.com. Information contained on our websites is not a part of this proxy statement and the inclusion of our website addresses in this proxy statement is an inactive textual reference only.

PROPOSAL 1:

ELECTION OF DIRECTORS

At the annual meeting, our stockholders will be asked to elect two directors nominated for election as Class II directors. Our Board of Directors currently consists of seven members and is divided into three classes. The directors in each class serve three-year terms and in each case until their respective successors are duly elected and qualified. Our Board of Directors has decided not to nominate two current Class II directors, Edward Neppel and Matthew Landa. Each of these directors will end his service as a director at the end of his current term, which is the date of the annual meeting.

The Board has decided to nominate Stephen Green, a current Class II director, and Jon Belmonte, the Interim Chief Executive Officer of the Company. As a result of the nominations, the Board will have one vacancy. The nominees have agreed to serve if elected, and management has no reason to believe that such nominees will be unable to serve. In the event any nominee is unable or declines to serve as a director at the time of the annual meeting, the proxies will be voted for any nominees who may be designated by the present Board of Directors to fill the vacancy. The persons named in the form of proxy card attached to this proxy statement intend to vote such proxy for the election of each of the nominees, unless the stockholder indicates on the proxy that the vote should be withheld from any or all of the nominees.

Each of the Company's current directors, including the nominees, are listed below together with information as of May 15, 2013 regarding each director's principal occupation, business experience and other directorships, together with the qualifications, attributes and skills that led our Board to the conclusion that each of our directors should serve as a director. See Corporate Governance Board Composition for further detail regarding our Board composition.

Vote Required for Approval

Directors are elected by a plurality of the votes cast at the annual meeting, which means that the two director nominees receiving the highest number of FOR votes will be elected as Class II directors. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any effect on the outcome of the vote. All of the director nominees have indicated their willingness to serve if elected, but if any should be unable or unwilling to stand for election, the shares represented by proxies may be voted for a substitute as the Company may designate, unless a contrary instruction is indicated in the proxy.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE

FOR THE ELECTION OF JON BELMONTE AND STEPHEN L. GREEN TO THE BOARD OF DIRECTORS AS CLASS II DIRECTORS.

Nominees for Election as Directors and Directors Continuing in Office

The following sets forth information, as of May 15, 2013, regarding members of our Board and our director nominees for election at the annual meeting, related to their business experience and service on other boards of directors. In addition, we discuss below the qualifications, attributes and skills that led our Board to the conclusion that each of our directors and nominees should serve as a director. As discussed below under Corporate Governance Identification and Evaluation of Director Nominees, we believe that our current Board and our director nominees include individuals with a strong background in executive leadership and management, accounting and finance, and Company and industry knowledge. In addition, each of our directors and nominees has a strong professional reputation and has shown a dedication to his profession and community. We also believe that our directors' and nominees' diversity of backgrounds and experiences, results in different perspectives, ideas, and viewpoints, which makes our Board more effective in carrying out its duties. We believe that our directors and nominees hold themselves to the highest standards of integrity and that they are committed to representing the long-term interests of our stockholders.

Class II Director Nominee

Jon Belmonte (age 45) has served as our Interim Chief Executive Officer since April 2013. Prior to that time, Mr. Belmonte was a Principal of Cedar Ridge Ventures, a private investment firm, where he served since January 2012. Mr. Belmonte previously served as the Company's Chief Media Officer from February 2011 until December 2011 and as the Company's Chief Operating Officer from April 2000 to February 2011. From April 1999 until April 2000, Mr. Belmonte was a co-founder and vice president of strategy and business development of LeagueLink, a web-based service for administering recreational sports leagues. The Company acquired LeagueLink in April 2000. Prior to joining LeagueLink, Mr. Belmonte worked as a strategy consultant for Boston Consulting Group, a global management consulting company. Mr. Belmonte serves on the board of directors of two private companies. Mr. Belmonte earned a B.S.E. from University of Pennsylvania's Wharton School of Business and an M.B.A. from Northwestern University, Kellogg School of Management. We believe Mr. Belmonte is qualified to serve on our Board of Directors based on his prior executive experience at the Company, where he led the development and growth of the Company for over ten years.

Continuing Class II Director Nominee (term expires 2013)

Stephen L. Green (age 62) has served on our Board of Directors since November 2001 and is the Chairman of our Audit Committee. Mr. Green also served as chairman of the Audit Committee at Advance PCS from 1993 to 2005. Mr. Green earned a B.A. in English from Amherst College. In addition, Mr. Green held a variety of financial roles over a 12-year period at General Electric, including a five year term as corporate auditor. We believe Mr. Green is qualified to serve on our Board of Directors due to his broad background in analyzing and financing companies involved in manufacturing, retail, radio, television, cable broadcasting and financial services during his 25-year career in private equity.

Continuing Class III Directors (terms expire 2014)

David Alberga (age 50) served as our Executive Chairman from September 2012 through April 2013, as Chairman of the Board from February 2011 through April 2013 and has served as a member of our Board of Directors since December 1999. From December 1999 to September 2012, Mr. Alberga served as our Chief Executive Officer, and from December 1999 to February 2002, Mr. Alberga also served as our President. From January 1996 to November 1999, Mr. Alberga served in various positions at TicketMaster Online-CitySearch, a portal and transaction company. Mr. Alberga initially served as general manager of established markets for CitySearch City Guides, a leading integrated local search, directory and media company, and was promoted to executive vice president and subsequently to chief operating officer of the company's City Guides business. Mr. Alberga has also held positions with Linear Technology, an analog semiconductor manufacturer, The Boston Consulting Group, a global management consulting company, and Procter & Gamble, a global consumer products company. Mr. Alberga earned a B.S. from the United States Military Academy at West Point and both an M.B.A. and an M.A. from Stanford University. We believe Mr. Alberga is qualified to serve on our Board of Directors based on his executive experience at The Active Network, where he has led the development and growth of the company for over 13 years.

Thomas N. Clancy (age 55) has served on our Board of Directors since November 2002. Mr. Clancy has been a managing member at TAO Venture Capital Partners, a venture capital fund focused on early stage

investments, since October 2005. From January 1998 to September 2005, Mr. Clancy served as managing director of Enterprise Partners Venture Capital, leading its Internet, consumer and software investment practices. Prior to joining Enterprise Partners Venture Capital, Mr. Clancy was a partner at TRC, Inc., a software consulting company, the chief executive officer of Expersoft, a developer of Internet Infrastructure software, and Vice President of Technology Development for Transaction Technology, Inc., a subsidiary of Citicorp. Mr. Clancy serves on the board of a number of private companies, is a board member and past president of the San Diego Venture Group and previously served as a director of Stamps.com (STMP). Mr. Clancy earned a B.S. from Rensselaer Polytechnic Institute. We believe Mr. Clancy is qualified to serve on our Board of Directors due to his more than 30 years of experience as an executive and an investor in software and services companies.

Continuing Class I Directors (terms expire 2015)

Bruns H. Grayson (age 65) has served on our Board of Directors since May 2009. Mr. Grayson is a managing partner at ABS Ventures, a venture capital firm, where he has managed all of the firm's venture capital partnerships since 1983. Mr. Grayson began his career as a venture capitalist in 1981 at Adler & Co., a venture capital firm. Prior to that time, he was an associate at McKinsey and Co., a management consulting firm. Mr. Grayson earned a B.A. from Harvard University, an M.A. from Oxford University, and a J.D. from The University of Virginia Law School. We believe Mr. Grayson is qualified to serve on our Board of Directors due to his 30 years of experience, his many investments in early stage high technology businesses and his experience as a director in many private and public companies.

Joseph Levin (age 33) has served on our Board of Directors since February 2008. Since January 2012, Mr. Levin has served as Chief Executive Officer of IAC Search, and since November 2009, Mr. Levin has served as Chief Executive Officer of Mindspark Interactive Network, both of which are wholly-owned subsidiaries of IAC, a leading internet company. Since joining IAC in 2003, Mr. Levin held a number of strategic planning and finance positions with IAC, including Senior Vice President, Mergers & Acquisitions and Finance from January 2008 to November 2009. Prior to joining IAC, Mr. Levin worked in the technology mergers & acquisitions group at Credit Suisse First Boston (now Credit Suisse), an investment banking firm. Mr. Levin is a member of the Board of Directors and Audit Committee of Tree.com, a leading online lending exchange listed on the NASDAQ stock market. Previously, Mr. Levin served on the Board of Directors of Points International Ltd., a public company that helps loyalty programs to drive greater online membership and also served on the Board of Directors of Merchant Circle, a private company which provides social networking services for local business owners, until the sale of Merchant Circle to Reply.com in 2011. Mr. Levin earned both a B.S. in economics and a B.A.S. in engineering from the University of Pennsylvania. We believe Mr. Levin is qualified to serve on our Board of Directors due to his senior executive management, strategic planning and mergers and acquisitions and finance experience.

Non-Continuing Class II Directors (terms expire 2013)

Matthew Landa (age 48) served as our Chief Executive Officer from September 2012 through April 2013 and has served on our Board of Directors since November 2005. From February 2002 to September 2012, Mr. Landa served as our President, and from March 2000 to February 2002, Mr. Landa was our Chief Commerce Officer. From June 1999 to March 2000, Mr. Landa was president of ACT Manufacturing, a NASDAQ Stock Market listed company providing value-added electronics manufacturing services for original equipment manufacturers in the networking and telecommunications, computer, industrial and medical equipment markets. From 1995 to 1999, Mr. Landa was the president and chief executive officer of CMC Industries, a NASDAQ Stock Market listed company providing electronics manufacturing services. ACT Manufacturing acquired CMC Industries in 1999. Mr. Landa also previously worked at Monitor Company, a global strategy consulting firm. Mr. Landa earned an A.B. from Dartmouth College and an M.B.A. from Stanford University. We believe Mr. Landa is qualified to serve on our Board of Directors based on his executive experience at The Active Network where he has led the development and growth of the company for over 13 years.

Edward Neppl (age 47) has served on our Board of Directors since February 2013. Mr. Neppl has been the Chief Financial Officer of the USTA since February 2012. From April 2007 to November 2011, Mr. Neppl served

as Senior Vice President and Chief Financial Officer of NBC Sports & Olympics, and from June 2006 to April 2007, Mr. Nepl served as Vice President, Financial Planning & Analysis of NBC Universal. Prior to that time, Mr. Nepl served as the Chief Financial Officer of Universal Studios Operations from May 2004 to June 2006 and as Vice President and Controller of Universal Parks and Resorts from May 2001 to May 2004. Mr. Nepl earned a B.B.A. in finance and accounting from the University of Wisconsin. We believe Mr. Nepl is qualified to serve on our Board of Directors due to his finance background and his executive experience within our industry.

PROPOSAL 2:

RATIFICATION OF APPOINTMENT OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board of Directors has appointed Ernst & Young LLP as our independent registered public accounting firm to audit our consolidated financial statements for the fiscal year ending December 31, 2013, and the Board of Directors has determined that it would be desirable to request that the stockholders ratify such appointment. Before selecting Ernst & Young LLP, the Audit Committee considered the firm's qualifications as independent registered public accountants and concluded that, based on Ernst & Young LLP's prior performance and its reputation for integrity and competence, it was qualified. The Audit Committee also considered whether any non-audit services performed for us by Ernst & Young LLP would impair Ernst & Young LLP's independence and concluded that they did not. Even if the selection is ratified, the Audit Committee, in its sole discretion, may change the appointment at any time during the fiscal year if it determines that such a change would be in our best interests and that of our stockholders. Ernst & Young LLP has audited our financial statements since 2007.

A representative of Ernst & Young LLP is expected to be present at the annual meeting, will have an opportunity to make a statement if he or she desires to do so, and is expected to be available to respond to appropriate questions.

Vote Required for Approval

Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013 requires the affirmative **FOR** vote of a majority of the shares of common stock of the Company present in person or represented by proxy at the Annual Meeting and entitled to vote. A vote to **ABSTAIN** will have the same effect as a vote **AGAINST** the proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE

**FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR
INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS**

PROPOSAL 3:

ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required by Rule 14a-21(a) of the Securities Exchange Act of 1934, we are seeking an advisory vote on the compensation of the named executive officers as disclosed in the sections of this proxy statement titled "Compensation Discussion and Analysis" and "Executive Compensation." Stockholders are being asked to vote on the following advisory resolution:

RESOLVED, that the compensation paid to The Active Network, Inc.'s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables, and narrative discussion is hereby APPROVED.

We urge stockholders to read the "Compensation Discussion and Analysis" beginning on page 24 of this proxy statement, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the 2012 Summary Compensation Table and other related compensation tables and narrative, beginning on page 39, which provide detailed information on the compensation of our named executive officers. The Board of Directors and the Compensation Committee believe that the policies and procedures articulated in the "Compensation Discussion and Analysis" section are effective incentives which align our named executive officer's objectives with achieving our corporate goals.

Vote Required for Approval

The advisory resolution set forth above, commonly referred to as a "say-on-pay" resolution, is non-binding on the Board of Directors. Although non-binding, the Board of Directors and the Compensation Committee will review and consider the voting results when making future decisions regarding executive compensation. Approval of the advisory resolution set forth above requires the affirmative "FOR" vote of a majority of the shares entitled to vote and present in person or represented by proxy. Abstentions will have the same effect as voting against the resolution. Because broker non-votes are not counted as votes for or against this resolution, they will have no effect on the outcome of the vote.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE

FOR THE FOREGOING RESOLUTION TO APPROVE, ON AN ADVISORY BASIS,

THE COMPENSATION OF ACTIVE'S NAMED EXECUTIVE OFFICERS

CORPORATE GOVERNANCE

Overview

During fiscal 2012, our Board had three standing Committees, comprised of the Audit Committee, the Nominating and Corporate Governance Committee and the Compensation Committee. In addition to the three standing Committees, the Board may approve from time to time the creation of special committees to assist the Board in carrying out its duties.

We are committed to maintaining the highest standards of business conduct and corporate governance, which we believe are fundamental to the overall success of our business, serving our stockholders well and maintaining our integrity in the marketplace. Our Corporate Governance Guidelines and Code of Conduct, together with our Amended and Restated Certificate of Incorporation, Amended and Restated Bylaws and charters of our Board committees, form the basis for our corporate governance framework.

Our Corporate Governance Guidelines (which includes our categorical standards of director independence), our Code of Conduct (which includes our policies on ethics and compliance), our Board Committee charters and other corporate governance information can be found in the Investor Relations section of our website accessible at www.activenetwork.com, by clicking the Corporate Governance link. Any stockholder also may request copies of these materials in print, without charge, by contacting our Investor Relations Department at 10182 Telesis Court, San Diego, California 92121.

Corporate Governance Guidelines

Our Corporate Governance Guidelines are designed to ensure effective corporate governance of the Company. Our Corporate Governance Guidelines cover topics including, but not limited to, director qualification criteria, director responsibilities (including those of the Presiding Director), director compensation, director orientation and continuing education, communications from stockholders to the Board, succession planning and the annual evaluations of the Board and its committees. Our Corporate Governance Guidelines are reviewed regularly by the Nominating and Corporate Governance Committee of our Board and revised when appropriate. The full text of our Corporate Governance Guidelines can be found in the Investor Relations section of our website accessible at www.activenetwork.com, by clicking the Corporate Governance link. A printed copy may also be obtained by any stockholder upon request by contacting our Investor Relations Department at 10182 Telesis Court, San Diego, California 92121.

Code of Conduct

We have adopted a Code of Conduct that applies to all of our directors, officers, and employees, including our principal executive officer and principal financial officer. This Code of Conduct is reviewed on an annual basis and modified as deemed necessary. A copy of our Code of Conduct, and any amendments to this code, or any waivers of its requirements, is located on our website at www.activenetwork.com, as permitted under SEC rules and regulations. A copy of the Code of Conduct may also be obtained free of charge, from us upon a request directed to The Active Network, Inc., 10182 Telesis Court, San Diego, California 92121, Attention: Investor Relations. We will disclose within four business days any substantive changes in or waivers of the Code of Conduct granted to our principal executive officer, principal financial officer, principal accounting officer, or controller, or persons performing similar functions, by posting such information on our website as set forth above rather than by filing a Form 8-K with the SEC.

Attendance at Meetings

During fiscal 2012 our Board of Directors held 11 meetings, each director attended, in person or by telephone, at least 75% of the total number of meetings of both the Board of Directors and Board committees on which such director served during the period with the exception of Scott Schultz who did not attend at least 75% of the compensation committee meetings during 2012. On February 1, 2013, Scott Schultz, a representative of

the United States Tennis Association (USTA), resigned from the Board and the Board appointed Edward Nepl, the Chief Financial Officer of the USTA, to serve in his place. Board members are expected to attend our annual meetings of stockholders and all of our Board members attended the 2012 annual meeting of stockholders.

Board Composition

Our Board of Directors currently has seven members, of which five are independent as described under **Director Independence** below. There are no family relationships among any of our directors and executive officers. Our Board of Directors is comprised of three classes, as follows:

Class I, whose members are Messrs. Grayson and Levin. The terms of the Class I directors expire at our 2015 annual meeting of stockholders;

Class II, whose members are Messrs. Green, Landa and Nepl. The terms of the Class II directors expire at our 2013 annual meeting of stockholders; and

Class III, whose members are Messrs. Alberga and Clancy. The terms of the Class III directors expire at our 2014 annual meeting of stockholders.

At each annual meeting of stockholders, the successors to directors whose terms then expire will serve until the third annual meeting following their election and until their successors are duly elected and qualified. The authorized number of directors may be changed only by resolution of our Board of Directors. Any additional directorships resulting from an increase in the number of directors will be distributed between the three classes so that, as nearly as possible, each class will consist of one-third of the total number of directors. Our directors will hold office until their successors have been elected and qualified or until their earlier death, resignation, disqualification or removal for cause by the affirmative vote of the holders of a majority of the outstanding stock entitled to vote on the election of directors.

Board of Directors Leadership Structure

Our Amended and Restated Bylaws and Corporate Governance Guidelines provide the Board of Directors with the flexibility to combine or separate the positions of Chairman of the Board and Chief Executive Officer. On April 30, 2013, Mr. Alberga resigned as Chairman of the Board and Mr. Landa resigned as Chief Executive Officer of the Company and Jon Belmonte was appointed as Interim Chief Executive Officer. The Board has not yet appointed a new Chairman of the Board but believes that the separation of the positions of Chairman of the Board and Chief Executive Officer strengthens the independence of our Board and allows us to have a Chairman of the Board focused on the leadership of the Board while allowing our Chief Executive Officer to focus more of his time and energy on managing our operations. The Board currently believes this structure works well to meet the leadership needs of the Board and of the Company. Mr. Belmonte, our Interim Chief Executive Officer, has deep industry expertise and is able to devote substantial time to the Company's operations, and our Chairman of the Board, will be able to devote more time to long term company initiatives and strategic matters, and to provide related leadership to the Board. As a result, we do not currently intend to combine these positions; however a change in this leadership structure could be made if the Board of Directors determined it was in the best long-term interests of stockholders. For example, if the two roles were to be combined again, we believe that the independence of the majority of our directors, and the three fully independent Board committees, together with our Presiding Director, would provide effective oversight of our management and the Company.

Executive Sessions

Executive sessions of independent non-employee directors are held in connection with each regularly scheduled Board meeting and at other times as necessary, and are chaired by the Presiding Director. During fiscal 2012, Stephen L. Green served as the Presiding Director of the Board and presided over the executive sessions. Bruns Grayson was appointed as the Presiding Director in February 2013. The Board's policy is to hold

executive sessions without the presence of management, including the Chief Executive Officer and other non-independent directors. The Committees of our Board also generally meet in executive session at the end of each regularly scheduled Committee meeting and at other times as necessary.

Effectiveness of our Board and Committees

The Board and each of its Committees perform an annual self-assessment to evaluate their effectiveness in fulfilling their obligations. The Nominating and Corporate Governance Committee also will conduct an individual evaluation of each director, not less frequently than once every three years, the results of which will be shared with such individual director. These evaluations cover a wide range of topics, including, among others, the fulfillment of the Board and Committee responsibilities identified in the Corporate Governance Guidelines and charters for each Committee.

Board's Role in Risk Oversight

Risk Oversight Generally

The Board of Directors is responsible for overseeing our risk management. To assist its oversight function, the Board has delegated many risk oversight functions to the Audit Committee. Under its charter, the Audit Committee is responsible for providing advice to the Board with respect to our risk evaluation and mitigation processes, including, in particular, the processes utilized by management for identifying, evaluating, and mitigating strategic, financial, operational, regulatory, and external risks inherent in our business. The Audit Committee also oversees our internal audit function. In addition to the Audit Committee's work in overseeing risk management, our full board regularly engages in discussions of the most significant risks that we face and how these risks are being managed, and the Board receives reports on risk management from our senior officers and outside consultants engaged to provide an enterprise-level review of the risks facing the Company.

Our senior executives provide the Board of Directors and its committees with regular updates about our strategies and objectives and the risks inherent within them at Board and Committee meetings and in regular reports. Board and Committee meetings also provide a venue for directors to discuss issues of concern with management. The Board of Directors and Committees call special meetings when necessary to address specific issues or matters that should be addressed before the next regularly scheduled meeting. In addition, our directors have access to our management at all levels to discuss any matters of interest, including those related to risk. Those members of management most knowledgeable of the issues attend Board meetings to provide additional insight into items being discussed, including risk exposures. In addition, the Company's Chief Legal Officer and the Company's Chief Financial Officer report directly to our Chief Executive Officer, providing him with visibility to our risk profile. The Board of Directors believes that the work undertaken by the Audit Committee, together with the work of the full Board, and the Chief Executive Officer, enables the Board to effectively oversee our risk management function.

Compensation Programs

The Compensation Committee, together with senior management, also reviews compensation programs and benefits plans affecting employees generally (in addition to those applicable to our executive officers), and we have concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. We also believe that our incentive compensation arrangements provide incentives that do not encourage risk-taking beyond our ability to effectively identify and manage significant risks; are compatible with effective internal controls and our risk management practices; and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

Stockholder Recommendations for Director Nominees

In nominating candidates for election as a director, the Nominating and Corporate Governance Committee will consider a reasonable number of candidates recommended by a single stockholder who has held over 0.1% of Active common stock for over one year and who satisfies the notice, information and consent provisions set forth in our Amended and Restated Bylaws and Corporate Governance Guidelines. Stockholders who wish to recommend a candidate may do so by writing to the Nominating and Corporate Governance Committee in care of the Corporate Secretary, The Active Network, Inc., 10182 Telesis Court, San Diego, CA 92121. The Nominating and Corporate Governance Committee will use the same evaluation process for director nominees recommended by stockholders as it uses for other director nominees. A printed copy of our Amended and Restated Bylaws and Corporate Governance Guidelines may be obtained by any stockholder upon request to our Investor Relations Department.

Identification and Evaluation of Director Nominees

Our Nominating and Corporate Governance Committee uses a variety of methods for identifying and evaluating director nominees. Our Nominating and Corporate Governance Committee regularly assesses the appropriate size and composition of the Board, the needs of the Board and the respective Board Committees, and the qualifications of candidates in light of these needs. Candidates may come to the attention of the Nominating and Corporate Governance Committee through stockholders, management, current members of the Board, or search firms. The evaluation of these candidates may be based solely upon information provided to the Nominating and Corporate Governance Committee or may also include discussions with persons familiar with the candidate, an interview of the candidate or other actions the Nominating and Corporate Governance Committee deems appropriate, including the use of third parties to review candidates.

While we do not have a stand-alone diversity policy, in considering whether to recommend any director nominee, including candidates recommended by stockholders, we believe that the backgrounds and qualifications of our directors, considered as a group, should provide a significant mix of experience, knowledge and abilities that will allow our Board and its Committees to fulfill their respective responsibilities. As set forth in our Corporate Governance Guidelines, these criteria generally include, among other things, an individual's business experience and skills (including skills in core areas such as operations, management, technology, accounting and finance, strategic planning and international markets), as well as independence, judgment, knowledge of our business and industry, professional reputation, leadership, integrity and ability to represent the best interests of the Company's stockholders. In addition, the Nominating and Corporate Governance Committee will also consider the ability to commit sufficient time and attention to the activities of the Board, as well as the absence of any potential conflicts with the Company's interests. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective director nominees. Our Board will be responsible for selecting candidates for election as directors based on the recommendation of the Nominating and Corporate Governance Committee.

We believe that our current Board includes individuals with a strong background in executive leadership and management, accounting and finance, and Company and industry knowledge. In addition, each of our directors has a strong professional reputation and has shown a dedication to his profession and community. We also believe that our directors' diversity of backgrounds and experiences results in different perspectives, ideas, and viewpoints, which make our Board more effective in carrying out its duties. We believe that our directors hold themselves to the highest standards of integrity and that they are committed to representing the long-term interests of our stockholders.

The Nominating and Corporate Governance Committee and the Board believe that each of the director nominees for election at the annual meeting brings a strong and unique set of qualifications, attributes and skills and provides the Board as a whole with an optimal balance of experience, leadership and competencies in areas of importance to our Company. Under Proposal 1 Election of Directors, we provide an overview of each director nominee's principal occupation, business experience and other directorships, together with other key attributes that we believe provide value to the Board, the Company and its stockholders.

Director Independence

The Board has established categorical standards to assist it in making its determination of director independence. As embodied in our Corporate Governance Guidelines, using standards that the Board has adopted to assist it in assessing independence and in accordance with applicable SEC rules and the listing standards of the NYSE, the Board defines an independent director to be a director who:

is not and has not been during the last three years an employee of, and whose immediate family member is not and has not been during the last three years an executive officer of, the Company (provided, however, that, in accordance with NYSE listing standards, service as an interim executive officer, by itself, does not disqualify a director from being considered independent under this test following the conclusion of that service);

has not received, and whose immediate family member has not received other than for service as an employee (who is not an executive officer), more than \$120,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), in any 12-month period during the last three years (provided however, that, in accordance with NYSE listing standards, compensation received by a director for former service as an interim executive officer need not be considered in determining independence under this test);

(a) is not a current partner or employee of a firm that is our internal or external auditor; (b) does not have an immediate family member who is a current partner of our internal or external auditor; and (c) is not and was not during the last three years, and whose immediate family member is not and was not during the last three years, a partner or employee of our internal or external auditor who personally worked on our audit within that time;

is not and has not been during the last three years employed, and whose immediate family member is not and has not been during the last three years employed, as an executive officer of another company during a time when any of our present executive officers serve on that other company's Compensation Committee;

is not, and whose immediate family member is not, serving as a paid consultant or advisor to the Company or to any of our executive officers, or a party to a personal services contract with the Company or with any of our executive officers;

is not a current employee of, and whose immediate family member is not a current executive officer of, a company that has made payments to, or received payments from, us for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues;

is not, and whose immediate family member is not, an executive officer of a non-profit or other tax-exempt organization to which we have made contributions during the past three years that, in any single fiscal year, exceeded the greater of \$1 million or 2% of the organization's consolidated gross revenues (amounts that we contribute under matching gift programs are not included in the contributions calculated for purposes of this standard); and

has no other material relationship with us (either directly or as a partner, stockholder or officer of an organization that has a relationship with us).

The Board assesses on a regular basis, and at least annually, the independence of our directors and, based on the recommendation of the Nominating and Corporate Governance Committee, makes a determination as to which directors are independent. References to us, we or the Company above would include any subsidiary in a consolidated group with The Active Network, Inc. The terms immediate family member and executive officer above are expected to have the same meaning specified for such terms in the NYSE listing standards.

The Board has determined that the following directors, comprising all of our non-employee directors, are independent under the listing standards of the NYSE and our Corporate Governance Guidelines: Messrs. Clancy, Grayson, Green, Levin and Nepl, representing five of our seven directors. In making this determination, our Board of Directors considered the current and prior relationships that each non-employee director has with our company and all other facts and circumstances our Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

Board Committees

Our Board of Directors has established the following committees: an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The composition and responsibilities of each committee are described below. Directors serve on these committees until their resignation or until otherwise determined by our Board of Directors.

Membership of the Committees of the Board

	Audit	Compensation	Nominating and Corporate Governance
David Alberga			
Thomas N. Clancy	X	Chair	X
Bruns H. Grayson (1)	X		Chair
Stephen L. Green	Chair	X	X
Matthew Landa			
Joseph Levin (2)		X	
Edward Nepl (3)			

(1) Mr. Grayson was appointed Chairman of the Nominating and Corporate Governance Committee in February 2013.

(2) Mr. Levin was appointed to the Compensation Committee in February 2013.

(3) Mr. Nepl was appointed to the Board in February 2013 following the resignation of Scott Schultz from the Board.

Audit Committee. Our Audit Committee oversees our corporate accounting and financial reporting process. The responsibilities of this committee include, among other things:

appointing our independent registered public accounting firm and determining the funding for audit and review by them of our consolidated financial statements and any permissible non-audit services;

evaluating and overseeing our independent registered public accounting firm's independence and performance;

determining in advance whether to engage our independent registered public accounting firm and their activities with respect to our financial reporting and compliance with our disclosure policies;

reviewing our annual and quarterly consolidated financial statements and reporting and discussing the financial statements and reports with our independent auditors and management;

approving the disclosures in and filing of our periodic reports on Form 10-K and Form 10-Q to be filed with the SEC;

reviewing with our independent auditors and management any significant issues that arise regarding accounting principles and financial statement presentation, and matters concerning the scope, adequacy and effectiveness of our internal controls and disclosure

controls and procedures;

establishing procedures for the receipt, retention and treatment of complaints received by us regarding internal controls, accounting or auditing matters;

establishing procedures for the confidential, anonymous submissions by employees regarding accounting, internal controls or accounting matters;

reviewing and, if appropriate, approving proposed related party transactions; and

developing, reviewing and amending our code of conduct.

Both our independent auditors and management periodically meet separately with our Audit Committee. A copy of our Audit Committee charter is available on our website www.activenetwork.com.

The current members of our Audit Committee are Messrs. Clancy, Grayson and Green. Mr. Green serves as chairman of the Audit Committee. Our Board of Directors has determined that all of the members of our Audit Committee meet the requirements for financial literacy under the applicable rules and regulations of the SEC and the NYSE. Our Board of Directors has determined that each member of Audit Committee is an Audit Committee financial expert as defined under the applicable rules of the SEC and has the requisite financial sophistication as defined under the applicable rules and regulations of the NYSE. Our Board of Directors has determined that all of the members of our Audit Committee are independent directors as defined under the applicable rules and regulations of the SEC and the NYSE. Our Audit Committee met nine times during 2012.

Compensation Committee. Our Compensation Committee adopts and administers the compensation policies, plans and benefit programs for our executive officers and all other members of our executive team. The responsibilities of this committee include, among other things:

determining the compensation and other terms of employment of our executive officers and senior management, and reviewing and approving corporate performance goals and objectives relevant to such compensation;

recommending to our Board of Directors the type and amount of compensation to be paid or awarded to members of our Board of Directors;

evaluating and recommending to our Board of Directors the equity incentive plans, compensation plans and similar programs advisable for us, as well as modification or termination of existing plans and programs;

administering the issuance of stock options and other equity incentive arrangements under our equity incentive plans;

establishing policies with respect to equity compensation arrangements; and

reviewing and approving the terms of employment agreements, severance arrangements, change-in-control protections and any other compensatory arrangements for our executive officers and senior management.

Our Compensation Committee with the input of senior management evaluates potential risks related to our compensation policies and practices for employees and has determined that we have no compensation risks that are reasonably likely to have a material adverse effect on our company. We structure our compensation to address company-wide risk. This is accomplished in part by tying compensation to corporate goals and individual performance goals. These goals can be adjusted annually to address risks identified in the annual risk assessment. We also use a mix of different compensation elements to balance short-term awards versus long-term awards to align compensation with our business strategy and stockholders' interests. We believe the combination of base salary, performance-based cash awards and stock-based incentive awards with multi-year vesting periods is balanced and serves to motivate our employees to accomplish our business plan without creating risks that are reasonably likely to have a material adverse effect on our company. We have adopted a Compensation Committee charter, a copy of which is

available on our website at www.activenetwork.com.

The current members of our Compensation Committee are Messrs. Clancy, Green and Levin. Mr. Clancy serves as the chairman of the Compensation Committee. Our Board of Directors has determined that all of the members of our Compensation Committee are independent directors under the applicable rules and regulations of the SEC and NYSE. Our Compensation Committee met 13 times during 2012.

Nominating and Corporate Governance Committee. Our Nominating and Corporate Governance Committee is responsible for, among other things, making recommendations regarding corporate governance, the composition of our Board of Directors, identification, evaluation and nomination of director candidates and the structure and composition of committees of our Board of Directors.

The responsibilities of this committee include, among other things:

developing and maintaining a current list of the functional needs and qualifications of members of our Board of Directors;

evaluating director performance on the Board of Directors and applicable committees of the Board of Directors and determining whether continued service on our Board of Directors is appropriate;

interviewing, evaluating, nominating and recommending individuals for membership on our Board of Directors;

evaluating stockholder nominations of candidates for election to our Board of Directors;

developing, reviewing and amending a set of corporate governance policies and principles;

considering questions of possible conflicts of interest of directors as such questions arise; and

recommending to our Board of Directors the establishment of such special committees as may be desirable or necessary from time to time in order to address ethical, legal, business or other matters that may arise.

A copy of our Nominating and Corporate Governance Committee charter is available on our website www.activenetwork.com.

The current members of our Nominating and Corporate Governance Committee are Messrs. Clancy, Grayson and Green. Mr. Grayson serves as the chairman of the Nominating and Corporate Governance Committee. Our Board of Directors has determined that all of the members of our Nominating and Corporate Governance Committee are independent directors under the applicable rules and regulations of the NYSE. Our Nominating and Corporate Governance Committee met five times during 2012.

Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee is or has at any time during the past year been one of our officers or employees. None of our executive officers currently serves or in the past year has served as a member of the Board of Directors or Compensation Committee of any entity that has one or more executive officers serving on our Board of Directors or Compensation Committee.

Communicating with the Board

Our Corporate Governance Guidelines establish procedures by which stockholders and other interested parties may communicate with the Board, any Committee of the Board, any individual director (including the Presiding Director) or the independent non-employee directors as a group. Such parties can send communications by mail to the Board in care of the Corporate Secretary, The Active Network, Inc., 10182 Telesis Court, San Diego, California 92121. The name or title of any specific recipient or group should be noted in the communication. Communications from stockholders are distributed by the Corporate Secretary to the Board or to the Committee or director(s) to whom the communication is addressed, however the Corporate Secretary will not

distribute items that are unrelated to the duties and responsibilities of the Board, such as spam, junk mail and mass mailings, business solicitations and advertisements, and communications that advocate the Company's engaging in illegal activities or that, under community standards, contain offensive, scurrilous or abusive content.

Compensation Consultant

During the last fiscal year, the Compensation Committee selected and retained Compensia as independent executive compensation consultants. Compensia provides compensation consulting services to the Compensation Committee, reports directly to the Compensation Committee, only provides services that are requested by the Compensation Committee and works with the Company's management only on matters for which the Compensation Committee is responsible.

Policy on Stock Hedging

All directors and executive officers are prohibited from engaging in short-term or speculative transactions involving our securities, such as publicly traded options, short sales, puts and calls, and hedging transactions.

DIRECTOR COMPENSATION

Our directors play a critical role in guiding our strategic direction and overseeing the management of the Company. Ongoing developments in corporate governance and financial reporting have resulted in an increased demand for such highly qualified and productive public company directors. The many responsibilities and risks and the substantial time commitment of being a director of a public company require that we provide adequate incentives for our directors' continued performance by paying compensation commensurate with our directors' workload. Our non-employee directors are compensated based upon their respective levels of board participation and responsibilities, including service on Board committees. Mr. Alberga and Mr. Landa received no separate compensation for their services as directors during 2012.

Our director compensation is overseen by the Compensation Committee, which makes recommendations to the Board of Directors on the appropriate amount and structure of our programs in light of then-current competitive practice. The Compensation Committee receives advice and recommendations from Compensia, an independent compensation consultant retained by the Compensation Committee, with respect to its determination on director compensation matters.

Pursuant to our 2012 Non-Employee Director Compensation Policy, our independent directors are compensated for their services on our Board of Directors. Pursuant to the policy:

each independent director received an annual fee of \$32,500 payable for the director's service during the year and 16,911 options to purchase shares of common stock;

the Chairman of the Audit Committee received an additional annual fee of \$20,000 for the Chairman's service during the year and each other Audit Committee member received an additional annual fee of \$5,500;

the Chairman of the Compensation Committee received an additional annual fee of \$10,000 for the Chairman's service during the year and each other Compensation Committee member received an additional annual fee of \$4,000; and

the Chairman of the Nominating and Corporate Governance Committee received an additional annual fee of \$8,750 for the Chairman's service during the year and each other Nominating and Corporate Governance Committee member received an additional annual fee of \$2,750.

Annual option grants were granted on the date of the Company's 2012 annual meeting of stockholders and vest in equal monthly installments over the 12-month period following the date of grant. The cash portion of the non-employee director compensation is payable in equal quarterly installments over the 12-month period following the Company's 2012 annual meeting of stockholders. Each director is also entitled to be reimbursed for reasonable travel and other expenses incurred in connection with attending meetings of the Board of Directors and any Committee on which he serves.

All of our directors are eligible to participate in our 2011 Equity Incentive Plan, and our employee directors are eligible to participate in our 2011 Employee Stock Purchase Plan. For a more detailed description of these plans, see Compensation Discussion and Analysis Components of Executive Compensation Stock-Based Incentive Awards and Compensation Discussion and Analysis Components of Executive Compensation Other Benefits.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

We are committed to building long-term stockholder value. Our executive compensation program is designed to deliver on this commitment by using a balanced performance measurement framework that is aligned with the key drivers of performance and stockholder value creation. This executive summary provides an overview of our program, including our fiscal 2012 company performance and its alignment with the compensation paid to our executives.

We believe that the pay-for-performance philosophy of our executive compensation program helped drive improvement of our financial and operational performance in fiscal 2012, despite the challenges of the continued uncertainty of the economic environment. Highlights of our 2012 performance include (all comparisons are made to fiscal year 2011):

Total net revenue up 24% to \$418.9 million.

Technology revenue increased 28% and constituted 88%, or \$370.5 million, of total net revenue.

Net registration revenue increased 21% to \$275.8 million with the number of registrations up 12% and the revenue per registration up 8%.

Approximately 55,000 organizations utilized the Company's technology solutions, up 7%.

Marketing services revenue constituted 12%, or \$48.4 million, of total net revenue.

Adjusted EBITDA, a non-GAAP financial measure, was \$38.4 million. Excluding the impact of business combination accounting rules related to deferred revenue, Adjusted EBITDA was \$50.8 million. A reconciliation of Adjusted EBITDA is set forth on Annex A to this proxy statement.

We have designed our compensation and benefits programs and philosophy to attract, retain, motivate and engage talented, qualified and committed executive officers who share our commitment to our customers and participant communities and desire to work toward our corporate objectives and annual and long-term goals. We believe compensation incentives for our executive officers should promote the success of our company and motivate them to pursue corporate objectives, and above all should be structured so as to reward clear and easily measurable performance goals that closely align the executive officers' incentives with the long-term interests of our stockholders. Our executive compensation programs combine short- and long-term components, cash and equity and fixed and performance based measures in the amounts and proportions that we believe are most appropriate to create incentives and reward our executive officers for achieving our objectives. Our executive compensation program also is intended to make us competitive in our industry, where there is considerable competition for talented executives.

The Compensation Committee of our Board of Directors oversees our executive compensation program. In this role, the Compensation Committee reviews on an annual basis and approves compensation decisions relating to our executives, including our named executive officers. Prior to becoming a public company in 2011, our compensation programs reflected our status as a start-up company, and our principal objective had been to preserve cash resources while attracting and retaining executive talent, largely through the grant of equity incentives consisting of stock options that vest over time. Following our initial public offering, we began to shift the orientation of our program from a heavy reliance on equity compensation as a recruitment and motivation tool to a more balanced mix of cash and equity compensation opportunities, as well as a more balanced approach to short term and long term incentives. In fiscal year 2012, we continued to favor long term incentives and specifically began utilizing time-based restricted stock units and performance based equity awards for all of our named executive officers as a means to directly align executive compensation with company performance.

Our Compensation Committee re-engaged Compensia, an independent executive compensation consulting firm, to evaluate our executive compensation programs for fiscal year 2012 relative to those of a public company peer group and to make recommendations with respect to appropriate levels and forms of compensation for named executive officers. The objective of this evaluation and the resulting compensation adjustments was to ensure that we remain competitive as a public company and that our named executive officers have meaningful incentives to remain employed with us and are aligned towards the achievement of our corporate goals. Based on these recommendations, our Compensation Committee adjusted our compensation programs in 2012, as described below.

Our Compensation Committee determines allocations of compensation between cash and equity compensation or among different forms of non-cash compensation based on its review of typical allocations within our compensation peer group. The Compensation Committee has not adopted, however, and has no current plans to adopt, any policy requiring a specific allocation between cash and equity compensation or between short-term and long-term compensation. In the course of its deliberations, the Compensation Committee reviews each component of compensation, how they relate to each other and, in particular, how they relate to and affect total compensation. The Compensation Committee's philosophy is that a substantial portion of an executive officer's compensation should be performance-based, whether in the form of equity or cash compensation. In that regard, during fiscal year 2012, we began granting performance based restricted stock units and performance based options to our named executive officers as a significant component of compensation because we believe that they best align individual compensation with the creation of stockholder value. We also established the 2012 Bonus Plan, pursuant to which named executive officers are eligible to receive performance-based cash bonus awards tied to our annual corporate goals. Since we did not meet the financial targets established under the 2012 Bonus Plan, we did not pay annual cash incentive awards to our named executive officers for 2012.

Our named executive officers for fiscal year 2012 were Matthew Landa, our former Chief Executive Officer; Darko Dejanovic, President; David Alberga, our former Executive Chairman; Scott Mendel, Chief Financial Officer; Kory Vossoughi, Chief Legal Officer; and Sheryl Roland, our former Executive Vice President, Human Resources. In April 2013, Messrs. Alberga and Landa resigned from the Company. In November 2012, Ms. Roland resigned from the company.

Consideration of Say-on-Pay Vote Results

The non-binding advisory proposal regarding compensation of the named executive officers submitted to stockholders at our 2012 annual meeting of stockholders was approved by over 99% of the votes cast. The Compensation Committee considered this favorable stockholder vote as a strong endorsement of our executive compensation program. The Compensation Committee will continue to consider the outcome of the Company's say-on-pay votes when conducting its regular practice of evaluating the program and making future compensation decisions for the named executive officers.

Overview of Compensation Program

The elements of our compensation program are directed toward providing our executives with both annual and long-term performance incentives, with the overall objective to motivate our executives to help us achieve our corporate goals and build value for our stockholders. The elements of our compensation program primarily include:

base salary;

performance-based cash bonus awards;

stock-based incentive awards, including performance-based awards; and

retention and change of control agreements.

We also provide our executives with long-term disability insurance, eligibility to participate in our deferred compensation plan and 401(k) plan with matching contributions, and a limited number of additional benefits that are provided to all of our employees. Each of these compensation elements is described in more detail below.

In determining the relevant amounts for each of these compensation elements to be awarded to our named executive officers, our Compensation Committee considers the following objectives:

A Substantial Portion of Executive Compensation Should Be Performance-Based. We believe that a substantial portion of the compensation received by each of our executives should be directly tied to, and contingent upon, the performance of our company as a whole and the executive's individual contribution and performance. To support this objective, we established the Bonus Plan. The Bonus Plan is designed to align each named executive officer's efforts with our key corporate goals by providing an opportunity for the executive to earn an annual cash bonus with amounts determined by considering our success in achieving our key corporate goals, which are Adjusted EBITDA and revenue targets. In 2012, we also began utilizing performance-based equity awards to directly align our Company's stock performance and achievement of Adjusted EBITDA and revenue targets with long-term incentive compensation.

Stock-Based Incentive Awards Should Comprise a Substantial Portion of Executive Compensation. We believe that a substantial portion of executive compensation should be delivered in the form of stock-based incentive awards, where realizable value is tied directly to the market price of the Company's common stock, in order to align the long-term interests of our executives with those of our stockholders and to provide a retention incentive for our executives.

Our Executive Compensation Should Be Competitive and Fair. In order to help us attract and retain talented executives, we believe that our compensation programs should be competitive when compared to our peers as well as perceived as fair, when considered both externally as well as internally.

Compensation Process

Our Compensation Committee is responsible for establishing our compensation philosophy and setting the compensation levels for our executives, including base salaries, target-based cash bonus awards and stock-based incentive awards. The Compensation Committee is responsible for approving the corporate goals for purposes of determining annual cash bonus awards. To assist the Compensation Committee, our Chief Executive Officer prepares a report during the first quarter of each fiscal year recommending base salaries, target annual bonus awards, stock-based incentive awards, corporate goals for the fiscal year and individual performance goals for each named executive officer. The Compensation Committee in its sole discretion may accept or adjust the compensation recommendations it is provided and reviews the recommendations in conjunction with market compensation data as described below. No executive officer is present at the time his or her compensation is being discussed or determined by the Compensation Committee.

The Compensation Committee utilizes an empirically-based approach that involves formal benchmarking as well as best practices with respect to compensation and benefits. As we continue to gain experience as a public company, we expect that the specific direction, emphasis and components of our executive compensation program will continue to evolve.

In January 2012, the Compensation Committee reengaged Compensia, an independent compensation consulting firm, to provide executive compensation advisory services for 2012. Compensia performed the following services during 2012:

performed analysis with respect to the Company's 2012 peer group;

advised the Compensation Committee on current compensation market trends;

assessed our executives' base salaries, cash bonuses and equity compensation levels and plan structures against our peer group companies;

reviewed market and best practices with respect to executive severance/change-of-control arrangements;

reviewed considerations and market practices related to short-term cash incentive plans; and

reviewed board of director compensation market practices among public high-technology companies.

In addition, the Company has engaged Towers Watson to provide various human resources consulting services, including advice on compensation for our employees.

Determination of Executive Compensation

In setting the compensation for our named executive officers, our Compensation Committee places significant emphasis on the recommendation of our Chief Executive Officer (other than with respect to determining his own compensation), considers our overall performance during the prior fiscal year and the executive's individual contributions during the prior fiscal year, as well as relevant market data.

Components of Executive Compensation

As indicated above, we compensate our executives through a combination of annual and long-term incentives that are designed to motivate our executives to help us achieve our key corporate goals and build value for our stockholders. During 2012, our executive compensation program consisted of the following elements:

Base Salary. Our Compensation Committee is responsible for setting our named executive's base salaries. One of the primary objectives of our compensation program is to provide our named executives with base salaries that are competitively reasonable and appropriate in the talent market for our business needs and circumstances. The Compensation Committee evaluates and sets the base salaries for our executives on an annual basis following performance reviews, as well as upon a promotion or other changes in responsibilities.

In setting 2012 base salaries for our named executive officers, our Compensation Committee considered the executive's position, our success in achieving our prior year corporate goals, the individual's contribution and performance during the prior fiscal year and formal benchmarking based on an executive compensation peer group. The Compensation Committee also considered many other factors in the process of determining base salary levels for each named executive officer, including:

our belief that our compensation amounts should be internally fair and equitable relative to roles, responsibilities and relationships among our named executive officers;

prior compensation or amounts realized or realizable from equity compensation by named executive officers;

the evaluations and recommendations proposed by our Chief Executive Officer (other than with respect to his own compensation); and

criticality of each named executive officer's skills and experience to the overall business.

Our Compensation Committee does not have a predefined framework that determines which factors may be more or less important, and the emphasis placed on specific factors may vary among the named executive officers. Ultimately, it is our Compensation Committee's judgment of these factors, along with competitive market data, that form the basis for determining named executives' base salaries. With the assistance of Compensia, in February 2012, our Compensation Committee conducted an analysis of base salaries using compensation data disclosed in public filings to establish reference points that we used to compare our named executive officers' 2011 base salaries to those base salaries offered by similar peer group companies.

Our Compensation Committee selected our peer group for fiscal year 2012, taking into account Compensation Committee's recommendations, based on the following characteristics:

principal business in a related industry segment compared to our company (i.e. software as a service - SaaS);

broadly similar in revenue and market capitalization compared to our company and consistent with Institutional Shareholder Services (ISS) guidelines; and

companies that we compete directly with for key executive talent.

As a result of the peer group criteria, our Compensation Committee approved the following peer group companies for fiscal 2012:

Peer Group Companies for Base Salary in Fiscal Year 2012

Ariba, Inc.*

Concur Technologies

Edgar Filing: ACTIVE NETWORK INC - Form DEF 14A

As a result of analyzing compensation data from our 2012 peer group, our Compensation Committee determined that 2011 base salaries for named executive officers were well below that of our peer group companies. Based upon our Compensation Committee's analysis of this market data and the other factors enumerated above, our Compensation Committee set base salaries at approximately the 50th percentile as compared to our peer group companies. In addition, in connection with the promotions of Mr. Landa to Chief Executive Officer and Mr. Dejanovic to President in September 2012, our Compensation Committee increased the base salaries of these named executive officers in October 2012. As a result, the annualized base salaries of our named executive officers were set at the following levels as of December 31, 2012:

Name and Title (1)	Base Salary (\$)
Matthew Landa, <i>Former Chief Executive Officer</i> (2)	\$ 525,000
Darko Dejanovic, <i>President</i> (2)	\$ 500,000
David Alberga, <i>Former Executive Chairman</i> (2)	\$ 450,000
Scott Mendel, <i>Chief Financial Officer</i>	\$ 350,000
Kory Vossoughi, <i>Chief Legal Officer</i>	\$ 240,000
Sheryl Roland, <i>Former EVP, Human Resources</i> (3)	\$ 236,000

- (1) On April 30, 2013, Jon Belmonte was appointed Interim Chief Executive Officer. Mr. Belmonte receives a monthly salary of \$30,000 during his initial eight month term.
- (2) On September 28, 2012, Mr. Alberga transitioned from his position as Chief Executive Officer to Executive Chairman of the Company. In connection with the transition, Mr. Landa was promoted to Chief Executive Officer and Mr. Dejanovic was promoted to President. Messrs. Alberga and Landa resigned from the Company on April 30, 2013.
- (3) Ms. Roland resigned as EVP, Human Resources on November 30, 2012. Ms. Roland's base salary noted above reflects her annualized salary in effect as of November 30, 2012.

Performance-Based Cash Bonus Awards.

2012 Bonus Plan. Our Compensation Committee is responsible for administering our Bonus Plan. All named executive officers are eligible to participate in the Bonus Plan. The Bonus Plan is designed to align each executive's efforts with our corporate goals. For fiscal year 2012, our corporate goals were based on two equally weighted goals: Adjusted EBITDA (as further detailed in our Annual Report on Form 10-K and Annex A to this proxy statement) and revenue.

The Bonus Plan has three thresholds of achievement for the Company's corporate goals: base plan (27% of target), target plan (100% of target) and maximum plan (130% of target). The base plan represents the minimum threshold below which no bonuses are payable. Each threshold requires the Company to achieve both Adjusted EBITDA and revenue targets for the applicable threshold bonus to be paid for 2012. Following achievement of a threshold, bonuses are assessed independently on a linear basis and the degree to which the Company performs against these goals determines the amounts payable under the Bonus Plan. The resulting calculation of the Adjusted EBITDA component (50%) and revenue component (50%) is summed to arrive at a total target bonus amount for each named executive officer. The Committee then applies a modifier based upon individual performance as determined by the Compensation Committee.

At the time the corporate goals were set, our Compensation Committee believed that the corporate goals were challenging and aggressive. For example, at each of the thresholds, we would have had to achieve a significant year-over-year increase in our Adjusted EBITDA and revenue. Our Compensation Committee believed that the achievement of the Adjusted EBITDA and revenue goals at each of the threshold levels would require substantial efforts, excellent leadership, effective leveraging of our competencies and a clear focus on driving results throughout the year.

Our Compensation Committee is responsible for setting the actual bonus amounts to be awarded. To assist our Compensation Committee, our Chief Executive Officer provides the Compensation Committee with documentation regarding full or partial achievement of our corporate goals. For fiscal 2012, the minimum threshold under the base plan for revenue was set at \$435 million and the minimum threshold for Adjusted EBITDA was set at \$50 million. We failed to meet these objectives, and as a result, we did not pay out any bonuses to our named executive officers under the Bonus Plan.

We may terminate the Bonus Plan at any time, and may alter the terms and conditions under which the bonus awards are set, calculated or paid. For fiscal year 2012, our Compensation Committee set the potential amounts payable at each of the thresholds under the 2012 Bonus Plan based on each named executive officer's role and responsibilities and their respective base salaries in effect as of May 2012. The potential amounts payable at each of the three thresholds is set forth below:

Name and Title(1)	Base Plan (\$)	Target	Maximum
	(27%) Target(2)	Plan (\$) (100%) Target	Plan (\$) (130%) Target
Matthew Landa, <i>Former Chief Executive Officer</i> (3)	133,650	495,000	643,500
Darko Dejanovic, <i>President</i> (3)	97,200	360,000	468,000
David Alberga, <i>Former Executive Chairman</i> (3)	148,500	550,000	715,000
Scott Mendel, <i>Chief Financial Officer</i>	94,500	280,000	364,000
Kory Vossoughi, <i>Chief Legal Officer</i>	35,640	132,000	171,600
Sheryl Roland, <i>Former EVP, Human Resources</i> (4)	35,046	129,800	168,740

- (1) On April 30, 2013, Jon Belmonte was appointed Interim Chief Executive Officer for an initial eight month term. Mr. Belmonte is entitled to a discretionary bonus to be determined by the Board at its sole discretion.
- (2) For fiscal year 2012, we failed to achieve our minimum Adjusted EBITDA and revenue targets under the base plan and no bonuses were awarded to the named executive officers.
- (3) On September 28, 2012, Mr. Alberga transitioned from his position as Chief Executive Officer to Executive Chairman of the Company. In connection with the transition, Mr. Landa was promoted to Chief Executive Officer and Mr. Dejanovic was promoted to President. Messrs. Alberga and Landa resigned from the Company on April 30, 2013.
- (4) Ms. Roland resigned as EVP, Human Resources on November 30, 2012.

Spot Bonuses. From time to time, our Compensation Committee may grant spot bonuses to named executive officers for strong performance. In May 2012, our Compensation Committee granted cash spot bonuses to Mr. Dejanovic in the amount of \$64,963 and to Mr. Mendel in the amount of \$30,000 for their strong performance during the first quarter of 2012. The bonuses were also granted in part to increase their total compensation which was well below market as compared to similar executives at the Company's peer group companies.

Stock-Based Incentive Awards. We also provide long-term stock-based incentive awards to our executive officers. During 2012, we implemented a new long-term incentive compensation program for named executive officers consisting of time-based restricted stock units, performance-based restricted stock units and performance-based option awards. We believe that a mix of time-based and performance-based awards help further our compensation objectives by encouraging retention of our executives and by providing our executives with incentives to continue to focus on our financial performance and increasing stockholder value. We expect to implement a long-term incentive compensation program with a mix of both time-based and performance-based equity incentive awards on an annual basis. This supports our succession plans by helping ensure retention of key leaders critical to growing the business and also aligns with our practice prior to fiscal 2012 of granting stock options annually to the named executive officers to provide a greater alignment between their compensation and stockholder returns. During 2012, as part of our long-term incentive compensation program, we awarded the below stock-based incentive awards to our named executive officers excluding one-time grants for retention or promotional purposes.

Name (1)	Title	Performance		Performance RSU		
		RSU Grant (Total # of Shares)	Option Grant (Total # of Shares)	Threshold # of Shares	Target # of Shares	Maximum # of Shares (2)
Matthew Landa (3)	Former Chief Executive Officer	49,961	165,265	37,471	49,961	149,883
Darko Dejanovic (3)	President	45,419	150,240	34,064	45,419	136,257
David Alberga (3)	Former Executive Chairman	59,045	195,313	44,284	59,045	177,135

Kory Vossoughi	Chief Legal Officer	17,500	40,000	13,125	17,500	52,500
Sheryl Roland (4)	Former EVP, HR	16,250	48,829	12,188	16,250	48,750

- (1) On April 30, 2013, Jon Belmonte was appointed Interim Chief Executive Officer and was awarded 100,000 stock options and 134,000 restricted stock units in connection with his appointment.
- (2) Represents the maximum number of restricted stock units that may vest on the third year anniversary of the grant date contingent upon the Company's achievement of corporate objectives for the three year performance period ended December 31, 2014. Any restricted stock units vesting above the target number of shares may be settled in shares of the Company's common stock or cash at the election of the Compensation Committee based on the Company's closing stock price on the date of vesting. Achievement of the Company's objectives relating to revenue and Adjusted EBITDA, a non-GAAP financial measure described in the Company's Annual Report on Form 10-K and Annex A to this proxy statement, will determine the actual number of restricted stock units to vest on such date.
- (3) On September 28, 2012, Mr. Alberga transitioned from his position as Chief Executive Officer to Executive Chairman of the Company. In connection with the transition, Mr. Landa was promoted to Chief Executive Officer and Mr. Dejanovic was promoted to President. Messrs. Alberga and Landa resigned from the Company on April 30, 2013.
- (4) Mr. Roland resigned as EVP, Human Resources on November 30, 2012.

Time-Based Restricted Stock Units. The first component in our long-term portfolio mix is time-based restricted stock units. Stock ownership and stock-based incentive awards align the interests of our named executive officers with the interests of our stockholders, as the value of this incentive rises and falls with the stock price, consistent with stockholder returns. The time-based restricted stock units vest twenty-five percent (25%) on the first year anniversary of the grant date and in equal installments on each of the three anniversaries thereafter, subject to the named executive officer's continuous employment through each of the vesting dates. The restricted stock units promote executive retention, as unvested shares held at the time an executive's employment is terminated are forfeited. Our Chief Executive Officer, together with our human resources staff, periodically reviews the value and frequency of grants against competitive market data as described above and may recommend changes to the Compensation Committee. Our Compensation Committee, in its judgment, sets award levels based on several factors, including what it believes to be a desirable mix of long-term compensation, its determination of an appropriate weighting of potential future contributions to the Company, retention incentives, and competitive grants based on market data of the Company's peer companies.

Performance-Based Restricted Stock Units. The second component in our long-term portfolio mix is performance-based restricted stock units. The performance-based restricted stock units vest upon achievement of the Company's critical financial goals as determined by the Compensation Committee. The performance-based stock restricted stock units are designed to align the interests of the Company's executives with those of stockholders by encouraging executives to enhance the value of the Company through achievement of these goals. This is true pay for performance: executives are rewarded only if we achieve these goals, and they get nothing if we fail to achieve these goals. When determining the grants, the Compensation Committee considers a number of factors including the individual's performance, management succession, competitive market data as described above, internal pay equity for comparable positions, and a desirable mix of long-term incentives. Our

Chief Executive Officer, together with our human resources department, periodically tests the reasonableness of our restricted stock units grants against competitive market data and may make recommendations to the Compensation Committee. Performance-based restricted stock units for fiscal year 2012 were granted by the Compensation Committee on May 23, 2012 with a supplemental award granted on August 28, 2012. The supplemental awards were granted to reward achievement of corporate goals above and beyond target objectives and these awards only vest to the extent the Company achieves these goals.

The performance-based restricted stock units vest on May 23, 2015 contingent upon the Company's achievement of revenue and Adjusted EBITDA performance objectives for the three year performance period ended December 31, 2014. The actual number of performance-based restricted stock units which vests will be determined based upon the extent to which the Company achieves the performance objectives beyond certain base level objectives. A portion of the performance-based restricted stock units may be settled in shares of the Company's common stock or cash at the Compensation Committee's election based on the Company's closing stock price on the date of vesting.

Performance-Based Stock Options. The third component in our long-term portfolio mix is performance-based stock options. The performance-based options vest over four years in equal monthly installments, subject to the named executive officer's continuous employment through each of the vesting dates; provided however, the options do not become exercisable until the Company's 15-day moving average stock price meets or exceeds (a) \$20.00 within two years from the grant date, (b) \$22.50 within three years from the grant date, or (c) \$25.00 within four years from the grant date. In addition, each named executive officer's vested options become immediately exercisable following a change in control of the Company.

The performance-based stock options are designed to align the interests of the Company's executives with those of stockholders by encouraging executives to enhance the value of the Company. This is true "pay for performance" as executives are rewarded only if the market price of our stock rises to the levels noted above, and the performance-based options do not become exercisable if the Company's stock price does not rise to these levels. When determining the grants, the Compensation Committee considers a number of factors including the individual's performance, management succession, competitive market data as described above, internal pay equity for comparable positions, and a desirable mix of long-term incentives. Our Chief Executive Officer, together with our human resources department, periodically tests the reasonableness of our stock option grants against competitive market data and may make recommendations to the Compensation Committee. Stock options for fiscal 2012 were granted by the Compensation Committee on May 23, 2012 with an exercise price equal to the closing market price of our stock on that date. Options we grant generally vest over a four year period in equal monthly installments, and are forfeited if the employee leaves before vesting occurs, to promote executive retention.

Retention Plan. From time to time, the Compensation Committee may also grant restricted stock units that vest based on continued service through a future service date with the Company specifically to further promote retention of key employees. The awards have no value to the executive unless the executive remains employed with the Company for the full vesting period, and will be canceled if the executive terminates or retires within the vesting period. During 2012, we awarded restricted stock units for retention purposes to the named executive officers as follows:

Name	RSU Awards
Matthew Landa	16,013
Darko Dejanovic	13,964
David Alberga	17,843
Scott Mendel	12,959
Kory Vossoughi	5,080
Sheryl Roland	5,080

The Compensation Committee determined that the grants were necessary as a retention mechanism given the Company's base salaries were well below market as compared to its peer group in 2012. The restricted stock units granted for retention purposes vested in full on March 28, 2013.

Equity Grant Practices. Our named executive officers generally receive equity awards in connection with their initial hire, following promotions and on an annual basis. Our Chief Executive Officer, together with our human resources department, recommends to our Compensation Committee the specific number of shares to be subject to each equity award granted to a named executive officer; provided however, the Chief Executive Officer does not make any recommendations with respect to his own grant awards. The recommendation is based on the assessment of company performance and the named executive officer's performance during the prior fiscal year, the other components of the named executive officer's compensation, the dilutive effects of equity grants, and competitive market data. With respect to individual performance of the named executive officers, our Compensation Committee gives significant deference to the recommendations of our Chief Executive Officer, as he is most familiar with the other named executive officers' performance. Our Compensation Committee does not utilize any predefined criteria that determines which factors may be more or less important, and the emphasis placed on specific factors varies among the named executive officers. Ultimately, it is our Compensation Committee's judgment of these factors, along with the analysis of market data, that forms the basis for determining the equity awards granted to our named executive officers. The same process is used to determine the specific number of shares to be subject to each equity award granted to our Chief Executive Officer, with the exception that the Chief Executive Officer's performance is assessed by the Compensation Committee with input from the other independent members of our Board of Directors.

In accordance with these practices, the Compensation Committee granted 100,000 restricted stock units to Mr. Dejanovic in October 2012 in connection with his promotion to President and his corresponding increased level of responsibilities. The restricted stock units vest over four years.

Stock and option awards granted to new and current employees, including our named executive officers, are generally granted at pre-determined meeting dates of the Compensation Committee. Our Compensation Committee grants the equity awards in accordance with the dates fixed by this policy whether or not we are aware of any material non-public information (whether positive or negative) at the time of grant. The amount of realizable value related to such awards is determined by our stock price on the date the awards vest, and therefore is determined by our financial performance during the period prior to vesting. Whether our stock price moves up or down shortly after the grant date is largely irrelevant for purposes of the equity awards.

The exercise price of any option grant is determined by reference to the fair market value of such shares, which the 2011 Equity Incentive Award Plan, or 2011 Plan, defines as the closing price of our common stock on the New York Stock Exchange on the date of grant.

2011 Equity Incentive Plan. In April 2011, our stockholders adopted and approved our 2011 Equity Incentive Plan, or 2011 Plan, which became effective upon our initial public offering. Awards may be granted under our 2011 Plan to employees, including officers, directors, or consultants, of the company and our present or future affiliated entities. The 2011 Plan is administered by our Compensation Committee. Subject to the provisions of our 2011 Plan, the Compensation Committee determines, in its discretion, the persons to whom, and the times at which, awards are granted, as well as the size, terms and conditions of each award. All awards are evidenced by a written agreement between us and the holder of the award. The Compensation Committee has the authority to construe and interpret the terms of our 2011 Plan and awards granted under our 2011 Plan.

Other Benefits

In order to attract, retain and pay market levels of compensation, our executives are also eligible for the following benefits:

Health Insurance. We provide each of our executives and their spouses and children the same health, dental and vision insurance coverage we make available to our other eligible employees.

Disability Insurance. We provide each of our executives with disability insurance.

Retirement Benefits. We do not provide pension arrangements or post-retirement health coverage for our executives or employees. Our executives and other eligible employees are eligible to participate in our 401(k) defined contribution plan. Pursuant to our 401(k) plan, we made matching contributions for each of our participating named executive officers in an amount equal to \$0.25 for every \$1.00 contributed up to maximum of 1% of earnings.

Nonqualified Deferred Compensation. On July 30, 2012, the Compensation Committee authorized the Company to adopt the Executive Nonqualified Excess Plan (the Deferred Compensation Plan). The Deferred Compensation Plan is a nonqualified deferred compensation plan, pursuant to which certain highly compensated employees, including the Company's named executive officers (Participants), may elect to make deferrals of compensation that are not subject to the various limits imposed by the Internal Revenue Code on qualified retirement plans. Pursuant to the Deferred Compensation Plan, Participants may elect to defer up to 80% of base salary and up to 100% of performance-based compensation. The Company may also make discretionary contributions to a Participant's deferred compensation account, which vest in increments based on the Participant's number of years of service and become fully vested upon the Participant's completion of four years of service (or, if earlier, upon the Participant's death or disability or upon a change in control event as defined in the Deferred Compensation Plan). A Participant's deferrals and any discretionary employer contributions are credited to a deferred compensation account pending the occurrence of an applicable Qualifying Distribution Event. Qualifying Distribution Events may include (i) separation from service with the Company, (ii) disability, (iii) death, (iv) specified in-service dates designated by the Participant in his or her participation agreement, and (v) unforeseeable emergencies. The Deferred Compensation Plan is administered by the management of the Company. The Deferred Compensation Plan is an unfunded, nonqualified deferred compensation plan that is intended to comply with the requirements of Section 409A of the Internal Revenue Code of 1986, as amended. We maintain this plan for purposes of providing a competitive benefit by providing our executive officers an opportunity to defer income tax payments on their cash compensation. As of December 31, 2012, none of our named executive officers have elected to participate in this plan.

Perquisites. We have historically limited the perquisites made available to our executive officers. This policy could change if we find it important to provide perquisites to increase our ability to attract and retain key employees. Our named executives are entitled to relocation expenses following their initial hire and other benefits that are not otherwise available to all of our employees. Mr. Dejanovic is also entitled to receive a monthly car allowance and reimbursement for travel and relocation expenses.

2011 Employee Stock Purchase Plan. In April 2011, our stockholders adopted and approved our 2011 Employee Stock Purchase Plan, or our 2011 ESPP, in which most employees, including named executive officers, may choose to participate. Participants may purchase up to \$25,000 in our stock per calendar year at a price equal to 85% of the fair market value of the stock at either the beginning or end of each six-month purchase period, whichever is lower. The Compensation Committee believes that the 2011 ESPP provides another effective vehicle for enabling our executives and employees to increase their ownership position in the Company, thereby promoting an ownership mentality and a tighter link between the interests of employees and stockholders.

Post-Employment Compensation

Certain terms and conditions of employment for each of our named executive officers are set forth in retention or change of control agreements. We recognized that it would be necessary to develop competitive compensation packages designed to attract and retain qualified candidates at our most critical positions. At the same time, we were sensitive to the need to integrate new executive officers into our existing executive compensation structure, balancing both competitive and internal equity considerations.

The retention agreements and change of control agreements that we extended to our named executive officers provide for certain protections in the event of their termination of employment under specified circumstances, or following a change in control. We believe that these protections were necessary to induce these individuals to forego other opportunities or leave their current employment for a position in a new organization. We also believe that entering into these arrangements will help our executives maintain continued focus and dedication to their responsibilities to help maximize stockholder value should certain strategic opportunities arise.

For a summary of the material terms and conditions of these severance and change in control arrangements, see Employment Arrangements below.

Employment Arrangements

Employment Agreement with Jon Belmonte

On April 30, 2013, the Company entered into an employment agreement with Jon Belmonte, the Company's Interim Chief Executive Officer, pursuant to which he receives a monthly salary of \$30,000. Under the initial eight month term of the employment agreement, in the event Mr. Belmonte's employment is terminated without cause (as defined in the employment agreement), Mr. Belmonte shall be entitled to receive the following: (a) a severance payment equivalent to the greater of (i) one month of base salary, or (ii) base salary through the remainder of the term of the agreement, payable in a lump sum 60 days following the termination date; (b) acceleration of his unvested options and restricted stock units issued in connection with the employment agreement, and (c) payment by Company of the premiums required to continue his group health care coverage for a period that is the greater of (i) one month, or (ii) the period through the end of the term of the agreement, provided among other things Mr. Belmonte does not become eligible for health coverage through another employer during this period. In connection with his employment agreement, the Board granted Mr. Belmonte options to purchase 100,000 shares of the Company's common stock and issued him 134,000 restricted stock units. The options vest in full on the eight-month anniversary of the grant date and the restricted stock units vest in equal monthly installments over the eight month term beginning on the one month anniversary of the grant date. The options and restricted stock units may be accelerated upon a termination without cause as specified above. The options have an exercise price equal to the closing market price of the Company's common stock on April 30, 2013.

Letter Agreement with Sheryl Roland

On November 30, 2012, Sheryl Roland, our Executive Vice President, Human Resources resigned from the Company. In connection with her departure from the Company, Ms. Roland entered into a letter agreement with the Company pursuant to which the Company agreed to (i) accelerate the vesting of 16,148 of Ms. Roland's unvested shares of the Company's common stock which were previously acquired by Ms. Roland upon the early exercise of options granted under the Company's 2002 Stock Option/Stock Issuance Plan, and (ii) accelerate the vesting of 5,080 of Ms. Roland's unvested restricted stock units. In consideration for entering into the letter agreement, Ms. Roland agreed to certain non-solicitation and non-disparagement provisions and a waiver and general release.

Retention Agreements

We have entered into executive retention agreements with each of Messrs. Landa, Dejanovic, Alberga, Mendel and Vossoughi. Each of these agreements provides that if we terminate the executive's employment

without cause (as defined in each of the respective retention agreements), if the executive terminates his employment for good reason (as defined in each of the respective retention agreements) or if the executive's employment is terminated due to death or complete disability (as defined in each of the respective retention agreements), the executive would be entitled to receive the following:

base salary and accrued and unused vacation benefits earned through the date of termination, less standard tax withholding;

subject to certain exceptions, one year of severance from the date of termination at the executive's then base salary payable within ten days following termination of employment, plus (i) reimbursement of premiums for continued health care coverage for a one year period and (ii) an amount equal to the executive's target annual bonus for the fiscal year assuming all performance objectives have been met and prorated based on the number of days the executive was employed with us prior to termination, payable within ten (10) days following termination of employment; and

except with respect to performance-based restricted stock units granted to named executive officers in 2012 (the 2012 Performance RSUs), vesting of stock options and restricted stock units on the date of termination with respect to the number of options and restricted stock awards that would have vested over the 12-month period following the date of termination. In addition, all stock options would remain exercisable for a period of one year following termination of employment.

In addition to the foregoing, in the event of a change in control (as defined in each of the respective retention agreements), regardless of termination, all of the named executive officer's stock options and restricted stock units (except with respect to the 2012 Performance RSUs) would become fully vested upon a change in control of the Company and all stock options would remain exercisable for a period of two years following the date of any termination of employment in connection with a change in control of the Company.

With respect to the 2012 Performance RSUs, if a named executive officer's employment with the Company is terminated by the Company without cause, or if the named executive officer terminates employment with the Company for good reason within twelve (12) months following a change in control of the Company, such number of 2012 Performance RSUs will become fully vested upon the named executive officer's termination of employment in accordance with the following formula:

Target amount of 2012 Performance RSUs, multiplied by the quotient of (A) Number of full months elapsed from May 23, 2012 to the date that is one year following the date of such named executive officer's termination of employment, divided by (B) 36.

Change of Control Agreement

We also entered into a change in control agreement with Sheryl Roland. The agreement provided that if Ms. Roland's employment was terminated within the twelve (12) month period immediately following the date of a change in control (as defined in the change in control agreement) by us without cause (as defined in the change in control agreement) or by Ms. Roland for good reason (as defined in the change in control agreement), Ms. Roland would have been entitled to receive the following:

base salary earned through the date of termination, less standard tax withholding plus all other amounts to which Ms. Roland would have been entitled under any of our compensation plans or practices at the time such payments were due; provided, however, that any accrued but unpaid bonus would only have been paid to Ms. Roland if she was employed on the date such bonus would otherwise be paid in accordance with our standard practices;

subject to certain exceptions, nine months of (i) severance from the date of termination at the executive's then base salary payable within fifteen days following termination of employment and (ii) reimbursement of premiums for continued health care coverage, unless Ms. Roland had become eligible for coverage by a health insurance plan of a subsequent employer prior to that time; and

except with respect to the 2012 Performance RSU s, vesting of one hundred percent (100%) of Ms. Roland s unvested equity awards on the date of termination. Any 2012 Performance RSU s granted to Ms. Roland would have been treated in the same manner as the other named executive officers upon a change in control as described under Employment Arrangements Retention Agreements above.

On November 30, 2012, Ms. Roland resigned from the Company, and as a result, is no longer eligible to receive the change of control benefits described above.

Accounting and Tax Considerations

Internal Revenue Code (the Code) Section 162(m) limits the amount that we may deduct for compensation paid to our Chief Executive Officer and to each of our four most highly compensated officers to \$1,000,000 per person, unless certain exemption requirements are met. Exemptions to this deductibility limit may be made for various forms of performance-based compensation. In addition to salary and bonus compensation, upon the exercise of stock options that are not treated as incentive stock options, the excess of the current market price over the option price, or option spread, is treated as compensation and accordingly, in any year, such exercise may cause an officer s total compensation to exceed \$1,000,000. Under certain regulations, option spread compensation from options that meet certain requirements will not be subject to the \$1,000,000 cap on deductibility, and in the past, we have granted options that we believe met those requirements. While the Compensation Committee cannot predict how the deductibility limit may impact our compensation program in future years, the Compensation Committee intends to maintain an approach to executive compensation that strongly links pay to performance. While the Compensation Committee has not adopted a formal policy regarding tax deductibility of compensation paid to our named executive officers, the Compensation Committee intends to consider tax deductibility under Section 162(m) as a factor in compensation decisions.

Section 409A of the Code imposes additional significant taxes in the event that an executive officer, director, or other service provider receives deferred compensation that does not satisfy the requirements of Section 409A. Although we do not maintain traditional nonqualified deferred compensation plans, Section 409A does apply to certain change of control severance arrangements. Consequently, to assist in avoiding additional tax under Section 409A, we have designed the change of control severance arrangements described above in a manner to avoid the application of Section 409A.

- (1) The amounts reported in the Salary column reflect amounts paid to each applicable named executive officer during the year ended December 31, 2012. See the table under Compensation Process Components of Executive Compensation Base Salary for each named executive officer's current base salary.
- (2) The amounts reflect the aggregate grant date fair value of the restricted stock awards granted during 2012. Restricted stock units and performance-based restricted stock units are valued on the date of grant at the closing stock price of our common stock. The amounts reflect the grant date fair value of the performance-based restricted stock units assuming the maximum performance goals are met. Please see the Grants of Plan-Based Awards Table for more information regarding the stock awards we granted in 2012.
- (3) The amounts reflect the grant date fair value of the options granted to the named executive officers in the year reflected, determined using the Black-Scholes option model and the Lattice option model for performance options. For information relating to the assumptions made by us in valuing the option awards made to our named executive officers in fiscal years 2011 and 2012, refer to Note 16 of our financial statements included in our 2012 Annual Report on Form 10-K. For Ms. Roland, the Compensation

Committee accelerated the vesting of (i) 16,148 of Ms. Roland's unvested shares of the Company's common stock which were previously acquired by Ms. Roland upon the early exercise of options and (ii) 5,080 of Ms. Roland's unvested restricted stock units, and the amount also reflects the incremental fair value of such modified option awards, computed as of the modification date in accordance with FASB ASC Topic 718, in the amount of \$75,134. The fair value of such modified option awards has been included in the All Other Compensation column. See footnote 5.

- (4) The amounts included in the Non-Equity Incentive Plan Compensation column for 2011 represent amounts earned and payable under the Bonus Plan, which were paid in April 2012. Mr. Dejanovic's bonus amount for 2011 was pro-rated for his four months of service with the Company during fiscal year 2011.
- (5) For the fiscal year ended December 31, 2012, all other compensation includes (i) spot bonus awards, (ii) matching contributions to our 401(k) plan, (iii) payments by us for long-term disability, (iv) the value of perquisites, consisting of the provision of an automobile allowance (\$24,996) and reimbursement for travel (\$57,789) and relocation expenses (\$12,419) for Mr. Dejanovic, and (v) acceleration of option awards for Ms. Roland (\$75,134) pursuant to her letter agreement as described above:
