## NEWS RELEASE

### Enbridge Inc. Declares September 1 Dividends

**CALGARY, Alberta, August 1, 2013** Enbridge Inc. (TSX, NYSE: ENB) announced today that its Board of Directors has declared a quarterly dividend on its common shares of \$0.315 per share, payable on September 1, 2013 to shareholders of record on August 15, 2013. The amount of the dividend is consistent with the June 1, 2013 dividend.

A portion of this specific common share dividend will not qualify for the enhanced dividend tax credit in Canada. This is because certain of the funds being distributed to shareholders will be sourced from funds received in the form of dividends from Noverco Inc., a private company investee of Enbridge, following the profitable sale of some of Noverco's shares in Enbridge. Accordingly, this portion, currently estimated to be \$0.1808 per share, will not be designated as an eligible dividend under Canadian tax rules. The remaining portion of the dividend, currently estimated to be \$0.1342 per share, will be designated as an eligible dividend for Canadian federal income tax purpose. The whole dividend will still be a qualified dividend for U.S. tax purposes.

Enbridge will notify all shareholders of the amount of the eligible dividend by posting a notice on the Company's website on or before the dividend is paid on September 1, 2013, and Canadian financial institutions will also provide detailed T5 year-end tax information in early 2014, allowing taxpayers to report their tax positions.

The Board also declared the following dividends on Enbridge's preferred shares, all of which will be designated as eligible dividends:

Preference Shares, Series A	\$0.34375
Preference Shares, Series B	\$0.25000
Preference Shares, Series D	\$0.25000
Preference Shares, Series F	\$0.25000
Preference Shares, Series H	\$0.25000
Preference Shares, Series J	US\$0.25000
Preference Shares, Series L	US\$0.25000
Preference Shares, Series N	\$0.25000
Preference Shares, Series P	\$0.25000
Preference Shares, Series R	\$0.25000
Preference Shares, Series 1	US\$0.25000
Preference Shares, Series 3 <sup>1</sup>	\$0.23840

*<sup>1</sup> This first dividend declared for the Preference Shares, Series 3 includes accrued dividends from June 6, 2013, the date the shares were issued. The regular quarterly dividend of \$0.25 per share will take effect on December 1, 2013.*

## About Enbridge Inc.

*Enbridge Inc., a Canadian Company, is a North American leader in delivering energy and has been included on the Global 100 Most Sustainable Corporations in the World ranking for the past five years. As a transporter of energy, Enbridge operates, in Canada and the U.S., the world's longest crude oil and liquids transportation system. The Company also has a significant and growing involvement in the natural gas gathering transmission and midstream businesses, and an increasing involvement in power transmission. As a distributor of energy, Enbridge owns and operates Canada's largest natural gas distribution company, and provides distribution services in Ontario, Quebec, New Brunswick and New York State. As a generator of energy, Enbridge has interests in over 1,600 megawatts of renewable and alternative energy generating capacity and is expanding its interests in wind, solar and geothermal energy. Enbridge employs more than 10,000 people, primarily in Canada and the U.S., and is ranked as one of Canada's Greenest Employers, and one of Canada's Top 100 Employers for 2013. Enbridge's common shares trade on the Toronto and New York stock exchanges under the symbol ENB. For more information, visit [www.enbridge.com](http://www.enbridge.com). None of the information contained in, or connected to, Enbridge's website is incorporated in or otherwise part of this news release.*

**Enbridge Gas Distribution Inc.**

**NEWS RELEASE**

**FOR IMMEDIATE RELEASE**

**Enbridge Gas Distribution Responds to TransCanada Claim Parkway to Albion segment of GTA Project**

**TORONTO, August 19, 2013, 9 a.m. EST** On August 16, 2013, TransCanada Pipelines Limited (TransCanada) filed a statement of claim against Enbridge Gas Distribution Inc. (Enbridge Gas) in the Ontario Superior Court of Justice. The statement of claim outlines TransCanada's position that Enbridge Gas' earlier termination of a Memorandum of Understanding (MOU) between the two companies is a breach of the MOU.

The Ontario Energy Board (OEB) has encouraged natural gas industry participants to cooperate in order to optimize natural gas infrastructure in Ontario. The MOU was entered into in part to optimize a 23km segment of pipeline in Ontario. The MOU between the two companies was terminated by Enbridge Gas because TransCanada failed to take the necessary actions to allow Enbridge Gas to comply with Provincial law set out by the Storage and Transportation Access Rule of the Ontario Energy Board. That rule requires that all capacity offered by a pipeline company be offered and allocated in an open access and non-discriminatory manner.

Enbridge Gas takes exception to the suggestion that it should be compelled to perform on the MOU under conditions that would not comply with what the law requires of it in the Province of Ontario, said Guy Jarvis, President, Enbridge Gas. Enbridge Gas disputes that TransCanada has suffered any damages whatsoever. Further, it has offered TransCanada the ability to access transportation capacity previously offered under the MOU in a manner that complies with Ontario law and is in the best interest of customers.

TransCanada's actions made it impossible for Enbridge Gas to demonstrate that the capacity it was offering to TransCanada on an exclusive basis complies with Ontario Law, Mr. Jarvis said. We will vigorously defend against this claim and will continue to champion the interests of our 2 million Ontario customers in this matter.

*Enbridge Gas Distribution and its affiliates distribute natural gas to 2 million customers in Ontario, Quebec, New York State and New Brunswick. Enbridge Gas Distribution Inc. has a more than 160-year history, is Canada's largest natural gas distribution company and owns 105 Bcf of underground gas storage facilities. It is owned by Enbridge Inc., a Canadian-based leader in energy transportation and distribution and one of the 2012 Global 100 Most Sustainable Corporations. Enbridge Inc. has been selected as one of Canada's Greenest Employers for 2012 and is one of Canada's Top 100 Employers.
