**PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS**

APRIL 10, 2014

The Board of Directors of H.B. Fuller Company is soliciting proxies to be used at the Annual Meeting of Shareholders to be held on April 10, 2014, and at any adjournment and reconvening of the meeting. We first made this Proxy Statement and the Annual Report for the fiscal year ended November 30, 2013 available to our shareholders on or about February 26, 2014.

QUESTIONS AND ANSWERS ABOUT THE MEETING

What is the purpose of the meeting?

At our annual meeting, shareholders will act upon the matters disclosed in the Notice of Annual Meeting of Shareholders that accompanies this Proxy Statement. These include the election of three directors, a non-binding advisory vote to approve the compensation of our named executive officers as disclosed in this Proxy Statement (the Say on Pay Proposal) and the ratification of the appointment of our independent registered public accounting firm.

We will also consider any other business that may properly be presented at the meeting, and management will report on H.B. Fuller's performance during the last fiscal year and respond to questions from shareholders.

How does the Board recommend that I vote?

The Board of Directors recommends a vote FOR each of the nominees for director, FOR the Say on Pay Proposal, and FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending November 29, 2014.

Who is entitled to vote at the meeting?

If you were a shareholder of record at the close of business on February 12, 2014, you are entitled to vote at the meeting.

As of the record date, 50,056,282 shares of Common Stock were outstanding and eligible to vote.

What is the difference between a shareholder of record and a street name holder?

If your shares are registered directly in your name, you are considered the shareholder of record with respect to those shares.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of those shares, and your shares are held in street name. If you are a street name holder you will receive a voting instruction card, which appears very similar to a proxy card. Please complete that card as directed in order to ensure your shares are voted at the meeting.

What are the voting rights of the shareholders?

Holders of Common Stock are entitled to one vote per share. Therefore, a total of 50,056,282 votes are entitled to be cast at the meeting. There is no cumulative voting for the election of directors.

Table of Contents

How many shares must be present to hold the meeting?

A quorum is necessary to hold the meeting and conduct business. The presence of shareholders who can direct the voting of at least a majority of the outstanding shares of Common Stock as of the record date is considered a quorum. A shareholder is counted as present at the meeting if the shareholder is present and votes in person at the meeting or the shareholder has properly submitted a proxy by mail, telephone or Internet.

How do I vote my shares?

If you are a shareholder of record, you may give a proxy to be voted at the meeting either:

electronically, by following the instructions provided in the Notice of Internet Availability of Proxy Materials or proxy card; or

if you received printed proxy materials, you may also vote by mail or telephone as instructed on the proxy card.

If you hold shares beneficially in street name, you may also vote by proxy over the Internet by following the instructions provided in the Notice of Internet Availability of Proxy Materials or, if you received printed proxy materials, you may also vote by mail or telephone by following the instructions provided in the voting instruction card provided to you by your broker, bank, trustee or nominee.

The telephone and Internet voting procedures have been set up for your convenience. The procedures have been designed to authenticate your identity, to allow you to give voting instructions, and to confirm that those instructions have been recorded properly. You may also vote in person at the meeting as described in *Can I vote my shares in person at the meeting?* below.

If you hold any shares in the H.B. Fuller Company 401(k) & Retirement Plan (sometimes referred to as the 401(k) Plan in this Proxy Statement), you are receiving or being provided access to, the same proxy materials as any other shareholder of record. However, your proxy vote will serve as voting instructions to the plan trustee. The shares held in the 401(k) Plan will be voted by the plan trustee.

What does it mean if I receive more than one Notice of Internet Availability of Proxy Materials, proxy card or voting instruction card?

It means you hold shares of H.B. Fuller stock in more than one account. To ensure that all of your shares are voted, sign and return each proxy card or voting instruction card or, if you vote by telephone or via the Internet, vote once for each proxy card, voting instruction card or Notice of Internet Availability of Proxy Materials you receive.

Can I vote my shares in person at the meeting?

Yes. If you are a shareholder of record, you may vote your shares at the meeting by completing a ballot at the meeting. However, even if you currently plan to attend the meeting, we recommend that you submit your proxy ahead of time so that your vote will be counted if, for whatever reason, you later decide to not attend the meeting.

If you hold your shares in street name, you may vote your shares in person at the meeting only if you obtain a signed proxy from your broker, bank, trustee or other nominee giving you the right to vote such shares at the meeting.

If you are a participant in the 401(k) Plan, you may submit a proxy vote as described above, but you may not vote your 401(k) Plan shares in person at the meeting.

Table of Contents

What vote is required for the proposals to be approved?

With respect to the election of directors, the three director nominees receiving the most votes for their election will be elected directors. With respect to the Say On Pay Proposal and the ratification of the appointment of KPMG LLP as our independent registered public accounting firm, the affirmative vote of a majority of the shares of Common Stock represented and entitled to vote on each proposal is required, provided that the total number of shares of Common Stock that vote in favor of the proposal represents more than 25% of the shares outstanding on the record date.

How are votes counted?

Shareholders may either vote **FOR** or **WITHHOLD** authority to vote for each nominee for election to the Board of Directors. Shareholders may vote **FOR**, **AGAINST** or **ABSTAIN** on the Say on Pay Proposal and the ratification of the appointment of KPMG LLP.

If you vote **ABSTAIN** or **WITHHOLD**, your shares will be counted as present at the meeting for the purposes of determining a quorum. If you **ABSTAIN** from voting on a proposal, your abstention has the same effect as a vote against that proposal. If you **WITHHOLD** authority to vote for one or more of the nominees for director, this will have no effect on the election of any director from whom votes are withheld.

If you hold your shares in street name and do not provide voting instructions to your broker or nominee, your shares will be considered to be broker non-votes and will not be voted on any proposal on which your broker or nominee does not have discretionary authority to vote under the rules of the New York Stock Exchange. Shares that constitute broker non-votes will be present at the meeting for the purpose of determining a quorum, but are not considered entitled to vote on the proposal in question. Your broker or nominee has discretionary authority to vote your shares on the ratification of KPMG LLP as our independent registered public accounting firm even if your broker or nominee does not receive voting instructions from you. Your broker or nominee may not vote your shares on the election of directors or the Say on Pay Proposal without instructions from you.

What if I do not specify how I want my shares voted?

If you do not specify on your returned proxy card or voting instruction card (or when giving your proxy by telephone or via the Internet) how you want to vote your shares, we will vote them:

FOR all of the nominees for director;

FOR the Say on Pay Proposal;

FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for fiscal year ending November 29, 2014; and

with respect to such other matters that may properly come before the meeting, in accordance with the judgment of the persons named as proxies.

Can I change my vote?

Yes. If you are a shareholder of record, you may change your vote and revoke your proxy at any time before it is voted at the meeting in any of the following ways:

by sending a written notice of revocation to our Corporate Secretary;

Edgar Filing: FULLER H B CO - Form DEF 14A

by submitting another properly signed proxy card at a later date to our Corporate Secretary;

by submitting another proxy by telephone or via the Internet at a later date; or

by voting in person at the meeting.

Table of Contents

If you are a street name holder, please consult your broker, bank, trustee or nominee for instructions on how to change your vote.

Who pays for the cost of proxy preparation and solicitation?

We pay for the cost of proxy preparation and solicitation, including the charges and expenses of brokerage firms or other nominees for forwarding proxy materials to beneficial owners of shares held in street name. We have retained The Proxy Advisory Group, LLC to assist in the solicitation of proxies for a fee of approximately \$10,000 plus associated costs and expenses.

We are soliciting proxies primarily by mail. In addition, proxies may be solicited by telephone or facsimile, or personally by our directors, officers and regular employees. These individuals will receive no compensation (other than their regular salaries) for these services.

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of paper copies?

In accordance with rules adopted by the Securities and Exchange Commission (the "SEC"), we may furnish proxy materials to our shareholders by providing access to these documents on the Internet instead of mailing printed copies. In general, you will not receive printed copies of the materials unless you request them or you are a participant in the H.B. Fuller Company 401(k) & Retirement Plan. Instead, we mailed you the Notice of Internet Availability of Proxy Materials (unless you have previously consented to electronic delivery or already requested to receive paper copies), which instructs you as to how you may access and review all of the proxy materials on the Internet. The Notice of Internet Availability of Proxy Materials explains how to submit your proxy over the Internet. If you would like to receive a paper copy or e-mail copy of the proxy materials, please follow the instructions provided in the Notice of Internet Availability of Proxy Materials.

Are the proxy and related materials available electronically?

Yes.

PROPOSAL 1 ELECTION OF DIRECTORS

Proposal

The Board of Directors is currently composed of nine directors and divided into three classes. Each year one class of directors stands for election for a three-year term. The term of office for Class III directors, consisting of J. Michael Losh, Lee R. Mitau and R. William Van Sant, will expire at the annual meeting.

At the annual meeting, three persons are to be elected as Class III directors to hold a three-year term of office from the date of their election until the 2017 annual meeting or until their successors are duly elected and qualified. The three nominees for election as Class III directors are J. Michael Losh, Lee R. Mitau and R. William Van Sant, all of whom are currently directors. Each of the nominees has agreed to serve as a director if elected. Following the annual meeting, the Board will be comprised of nine directors. Pursuant to our Company's Bylaws, no more than 15 persons may serve on the Board. For information on how a shareholder may suggest a person to be a nominee to the Board, see *How can a shareholder suggest a candidate for election to the Board?*

Unless earlier terminated due to retirement or resignation, the term of office for Class I directors, consisting of Thomas W. Handley, Maria Teresa Hilado and Ann W.H. Simonds will expire at the annual meeting in 2015, and the term of office for Class II directors, consisting of Dante C. Parrini, John C. van Roden, Jr. and James J. Owens, will expire at the annual meeting in 2016. All of the directors except Ms. Hilado and Ms. Simonds, who were appointed during fiscal 2013, were elected to the Board of Directors by the shareholders.

If, for any reason, any nominee becomes unable to serve before the election, the persons designated as proxies will vote your shares for a substitute nominee selected by the Board of Directors. Alternatively, the Board of Directors, at its option, may reduce the number of directors constituting Class III directors.

The Board of Directors recommends a vote FOR election of each of the nominees.

How can a shareholder suggest a candidate for election to the Board?

The Corporate Governance and Nominating Committee of the Board nominates all candidates for election to the Board. Generally, current directors or third party search firms engaged by the Corporate Governance and Nominating Committee identify candidates for consideration by the Committee. No third party search firm was engaged during fiscal 2013. The Corporate Governance and Nominating Committee will review all nominees to the Board of Directors, including an assessment of a nominee's judgment, experience, independence and such other factors as the Corporate Governance and Nominating Committee concludes are pertinent in light of the Board's needs. The Board of Directors believes that its membership should reflect a diversity of experience, skills, geography, gender and ethnicity. The Board of Directors considers each of these factors when evaluating director nominees and evaluates the makeup of the Board of Directors with regard to these factors on an ongoing basis as it searches for and asks director nominees to join the Board. The Corporate Governance and Nominating Committee will select qualified nominees and review its recommendations with the Board, which will decide whether to invite any nominee to join or stand for re-election to the Board. The Committee will consider candidates recommended by any shareholder using the same criteria set forth

Table of Contents

CORPORATE GOVERNANCE

Corporate Governance Guidelines

The Board, upon recommendation of the Corporate Governance and Nominating Committee, has adopted Corporate Governance Guidelines, which summarize many of the corporate governance principles that the Board follows in governing H.B. Fuller. The guidelines are available for review on our website (www.hbfuller.com), in the *Governance* section of the Investor Relations page.

Code of Business Conduct

We have a Code of Business Conduct applicable to all of our directors and employees, including our principal executive officer, principal financial officer and principal accounting officer. A copy of this Code of Business Conduct is available for review on our website (www.hbfuller.com), in the *Governance* section of the Investor Relations page.

Communications with Directors

Any shareholder may contact the Board, independent directors as a group, any committee or an individual director, by mailing a letter addressed to the Board, independent directors, committee or individual director in care of the Corporate Secretary. The Corporate Secretary reviews all communications, and after ascertaining whether such communications are appropriate to the duties and responsibilities of the Board, will forward such correspondence to the directors for their information and consideration. The Board has requested that the Corporate Secretary not forward the following types of communications to the Board: general solicitations for business or products; job applications or resumes; and any other communication that does not relate to the responsibilities of the Board.

Director Independence

Pursuant to our Corporate Governance Guidelines and the listing standards of the New York Stock Exchange (NYSE), the Board has determined that all Board members, other than Mr. Owens, are independent. No director is considered independent unless the Board affirmatively determines that such director has no material relationship with H.B. Fuller. In assessing the materiality of any person's relationship with H.B. Fuller, the Board considers all relevant facts and circumstances, including not only direct relationships between H.B. Fuller and each director but also any relationships between H.B. Fuller and any entity with which a director is affiliated.

The Board of Directors reviewed certain transactions between H.B. Fuller and our directors and entities with which they are affiliated and determined that they were made or established in the ordinary course of business and that the directors had no direct or indirect material interest in the transactions. Mr. Mitau, former director Juliana Chugg and Mr. Handley recused themselves from this review and determination as it related to the entities with which they are affiliated. The Board considered lending, trustee and credit card services between the Company and U.S. Bank, the holding company of which Lee R. Mitau was the Executive Vice President and General Counsel. Mr. Mitau retired from U.S. Bank effective March 1, 2013. The Board also considered customer-supplier transactions between: (i) the Company and General Mills, Inc. of which Ms. Chugg was a Senior Vice President, and (ii) the Company and Ecolab Inc., of which Mr. Handley is Senior Executive Vice President. After consideration of these relationships, the Board of Directors determined that the directors had no direct or indirect material interest in the transactions. In addition, the dollar amounts involved in the transactions with U.S. Bank, General Mills, Inc. and Ecolab Inc. fall below the thresholds set by the NYSE for director independence. Ms. Chugg served on the Board of Directors during fiscal year 2013 until her resignation from the Board of Directors on January 24, 2013.

Table of Contents

Prior to the appointment of Ms. Hilado and Ms. Simonds, the Board of Directors also reviewed certain transactions between H.B. Fuller and entities with which Ms. Hilado and Ms. Simonds are affiliated and determined that they were made or established in the ordinary course of business and that the directors had no direct or indirect material interest in the transactions. In this regard, the Board considered customer-supplier transactions between: (i) PepsiCo, Inc., of which Ms. Hilado is a Senior Vice President, and (ii) the Company and General Mills, Inc., of which Ms. Simonds is a Senior Vice President. After consideration of these relationships, the Board of Directors determined that the Ms. Hilado and Ms. Simonds had no direct or indirect material interest in the transactions. In addition, the dollar amounts involved in the transactions with General Mills, Inc. and PepsiCo, Inc. fall below the thresholds set by the NYSE for director independence.

Meetings of the Board and Board Committees

In order to encourage independent review and discussion of executive compensation matters, the Compensation Committee and the committee chair may request meetings with the independent compensation consultant in executive session without management present.

Board's Role in Oversight of Risk

In General

The Board believes that effective enterprise risk management must be an integral part of Board and Committee deliberations and activities throughout the year. As part of the enterprise risk management, the Board engages in the following activities throughout the fiscal year:

The full Board of Directors reviews the Company's enterprise risk management process and a comprehensive assessment of key financial, operational and strategy risks identified by management, as well as mitigating practices.

The full Board of Directors discusses risks related to the Company's annual financial plan and budget each fiscal year and risks related to the Company's strategy at meetings where the strategy is presented and reviewed.

The Board of Directors also encourages management to promote a corporate culture that integrates risk management into the Company's strategy and day-to-day business operations in a way that is consistent with the Company's targeted risk profile.

Each committee conducts its own risk assessment and management activities throughout the year (some of which are highlighted in the section on Board committees above), and reports its conclusions to the Board.

Through these processes, the Board oversees a system to identify, assess and address material risks to the Company on a timely basis. In fiscal year 2011 and again in fiscal 2013, management conducted comprehensive reviews of our enterprise risk management activities and reviewed those activities and findings with our Board. As a result of these reviews, additional resources were committed to the risk management program and focus was put on the highest risk areas. As a result of the 2011 review, audits and action plans for some of these high risk areas were implemented during fiscal years 2011 and 2012. After the 2013 review, some risks were deemed adequately mitigated through action plans and audit reviews. Also, due to the Forbo acquisition during fiscal year 2012, resources were focused on the execution and integration risks related to this acquisition during fiscal

years 2012 and 2013. In addition, the Board's leadership structure, as described below in the section titled *Board Leadership Structure* supports its role in risk oversight. The Company presently has a separate Chairman of the Board and Chief Executive Officer. When those positions are combined, we have an independent Presiding Director. We have strong independent directors chairing each of our Board Committees, all of which are involved in risk oversight, and there is open communication between management and the non-employee directors.

Risk Assessment of Compensation Programs

Management conducted a risk assessment of the Company's policies and programs relating to the compensation of employees, including those that apply to our executive officers, with a focus on those programs that had changed from the prior fiscal year review. The format of this review was similar to that conducted in the prior fiscal year which was discussed with and approved by the Compensation Committee.

Management discussed the findings of the risk assessment review with the Compensation Committee. Based on the assessment, the Company believes that its compensation policies and practices create an appropriate balance among our base salary compensation, short-term incentive compensation and long-term incentive compensation, thereby reducing the possibility of imprudent risk-taking and that its compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

Board Leadership Structure

Our Corporate Governance Guidelines provide that the Board of Directors has no policy with respect to the separation of the offices of Chairman and Chief Executive Officer. Separation of these offices is an issue that is to be addressed as part of the Company's succession planning. When the Chairman and Chief Executive Officer are separate offices, the Chairman will serve as the Presiding Director. However, when the Chief Executive Officer also holds the position of Chairman, a Presiding Director will be appointed by the Board to further the achievement of a strong, independent Board with an appropriate balance between the Board and the Chief Executive Officer. In such cases, the Chair of the Corporate Governance and Nominating Committee shall serve as the Presiding Director.

Mr. Mitau has served as our independent Chairman of the Board since December 2006 and, in this capacity, has acted as the Presiding Director at Board of Director meetings and during executive sessions of the non-management directors. Our Board has separated the roles of Chairman of the Board and Chief Executive Officer since 2006 because our current Chief Executive Officer and our previous Chief Executive Officer both had limited public company chief executive officer experience at the time of each of their elections to the Board. Mr. Mitau serves as the Chairman of the Board of Graco Inc. and has significant public company experience. The Chief Executive Officer, in consultation with the Chairman, establishes the agenda for each Board meeting. At the beginning of each fiscal year, the Chairman also publishes a schedule of topics to be discussed. In addition, Mr. Van Sant has served as Vice Chairman of the Board since fiscal 2011 and in this role he provides special assistance, oversight and guidance to the Chairman of the Board in performing the duties of the Chairman, and he provides counsel to the Chief Executive Officer.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Board of Directors has a written policy and procedures for the review, approval or ratification of transactions with executive officers, directors and nominees for director and their immediate family members. In general, the policy provides that certain transactions with these related persons and their immediate family members and certain transactions with any person who is a security holder known to us to be the beneficial owner of more than five percent of any class of our stock, are subject to the review, approval and/or ratification of the disinterested members of the Audit Committee. If ratification of a transaction is not forthcoming, management must make all reasonable efforts to cancel or annul that transaction. If a transaction with a related party is entered into without the pre-approval of the Audit Committee, it shall not be deemed to violate these policies and procedures, or be invalid or unenforceable, so long as the transaction is brought to the Audit Committee for ratification as promptly as reasonably practical after it is entered into or brought to the Company's attention. All executive officers and directors of H.B. Fuller are informed in writing on an annual basis of these policies and procedures. The Audit Committee may use any process and review any information that it determines is reasonable in order to determine if a transaction is fair and reasonable and on terms no less favorable to H.B. Fuller than could be obtained in a comparable arm's length transaction with a third party unrelated to H.B. Fuller.

In addition, on an annual basis, each of our directors and executive officers completes a questionnaire and discloses information regarding entities with which they and their immediate family members are affiliated. Any person nominated for election as a director must complete a questionnaire no later than the date he or she becomes a member of the Board of Directors. Any person who becomes an executive officer must complete a questionnaire as soon as reasonably practicable thereafter.

Our Audit Committee annually reviews all transactions and relationships disclosed in the director and officer questionnaires and approves or ratifies, as applicable, any transactions with related persons. The Board of Directors makes a formal determination regarding each director's independence.

During fiscal year 2013, we had transactions, arrangements and relationships with entities with which some of our related persons, specifically certain of our directors, are affiliated. However, in accordance with the procedures in the Company's policy, the Audit Committee determined that those related persons had no direct or indirect material interest in those transactions, arrangements and relationships.

Table of Contents**DIRECTOR COMPENSATION**

The form and amount of compensation for each director is determined and reviewed at least annually by the Compensation Committee. Such compensation reflects the practices of boards of similar public companies and is comprised of cash and H.B. Fuller Common Stock (or its equivalents). Similar to our executive compensation policy, the practice of generally aligning to the market median/50th percentile also applies to our director compensation.

2013 Review of Director Compensation

The Compensation Committee uses Buck Consultants, LLC, a wholly owned subsidiary of Xerox Corporation, to provide ongoing advice and information regarding design and implementation of the Company's executive and director compensation programs as requested by the Compensation Committee. See further discussion regarding the Compensation Committee's independent consultant under the heading *Compensation Committee* in the Corporate Governance section in this Proxy Statement. At its July 2013 meeting, the Compensation Committee reviewed a market analysis conducted by Buck Consultants relating to director compensation, including annual board retainers, committee chair retainers and annual stock-based awards. The market analysis included our peer group (see section titled *Executive Compensation Compensation Discussion and Analysis - Competitive Market - Peer Group Data* in this Proxy Statement), a subset of our peer group with revenues under \$3.8 billion, Buck Consultants Board of Director Compensation Report for S&P 400 MidCap Companies (which includes 188 companies with \$1-3 billion in revenue) and National Association of Corporate Directors (NACD) Director Compensation Report (which includes 1,400 companies). After a review of the market comparison data, the Compensation Committee determined the Directors' current compensation program was generally in line with the market median and decided not to make any changes.

Equity Awards

In addition to the board and chair retainers described above, the Board believes it is important that each director have an economic stake in our Common Stock. As a result, the Compensation Committee typically makes an annual grant of shares of restricted Common Stock or an award of Common Stock units to each non-employee director. On July 9, 2013, the Compensation Committee made a discretionary award of 1,984.62 Common Stock units to each non-employee director (except for Mr. Rovira, who resigned at the July 2013 meeting, and Ms. Hilado and Ms. Simonds, who were not appointed to the Board of Directors until October 1, 2013) under the H.B. Fuller Company Directors' Deferred Compensation Plan ("DDCP"). This plan is described below. For this award, the Committee approved an award value of \$80,000 per director (based on a review of market data), which was divided by the fair market value of our Common Stock on the date of grant to determine the number of units awarded.

In addition, each non-employee director typically receives a one-time grant of restricted H.B. Fuller Common Stock (or its equivalent) upon his or her initial election to the Board. These Common Stock (or its equivalent) awards are granted under our 2009 Director Stock Incentive Plan, which is described below. In general, these shares vest three years from the date of grant subject to continued service during that period. Ms. Hilado and Ms. Simonds each received a grant of restricted stock upon their election to the Board.

Directors' Deferred Compensation Plan

Under this plan, directors may elect to defer all or a percentage of their board and chair retainers. Deferred amounts are credited with gains and losses based on the performance of certain mutual funds or H.B. Fuller Common Stock as elected by the director prior to deferring any fees. Directors who elect their retainers to be deferred into H.B. Fuller Common Stock units as an investment are credited with phantom stock units that will be paid out in shares of Common Stock. Phantom stock units are credited with dividend equivalents equal to the amount of dividends, if any, paid on an equal number of shares of H.B. Fuller Common Stock. The dividend equivalents are converted into additional phantom stock units based on the fair market value of H.B. Fuller Common Stock on the dividend payment date. If a participant elects to defer retainers into the H.B. Fuller Common Stock account in this plan, we make a 10% matching contribution of additional phantom stock units to the amount invested in H.B. Fuller Common Stock by the director. The phantom stock units credited to the directors' accounts do not have voting rights. In addition, the Compensation Committee may make discretionary contributions to a participant's H.B. Fuller Common Stock account under this plan. As described above, during fiscal year 2013, the Committee exercised this discretion and awarded each non-employee director (except as noted above) 1,984.62 Common Stock units under this plan.

Any amounts deferred under this plan are paid in shares of Common Stock or cash (depending on the election made by the director) at the earliest to occur of:

The later of the date of the director's retirement (that is, the date of resignation or removal from the Board or the end of the director's elected term) or such other date as elected and specified by the director, which is subject to approval by the Compensation Committee and is made only at the time of the director's initial elections and is irrevocable;

disability;

death;

the date of a change in control of H.B. Fuller; or

the date of termination of the plan.

Table of Contents***2009 Director Stock Incentive Plan***

Under this plan, we may issue to non-employee directors restricted stock, restricted stock units, options, stock appreciation rights, performance awards or other stock-based awards. In addition, shares of H.B. Fuller Common Stock are issued under this plan to satisfy any requirements under the DDCP. The Compensation Committee determines the type, amount and other terms and conditions of any awards under this plan.

Physical Examinations

Non-employee directors are reimbursed for an annual physical examination and related expenses. In fiscal year 2013, only Mr. Losh received reimbursement for a physical examination.

Matching Gifts to Educational, Arts and Cultural Organizations Program

Under this program, we match a non-employee director's contributions (up to \$1,000) to eligible educational, arts and cultural institutions. These amounts are shown in the *All Other Compensation* column of the *Director Compensation Table* in this Proxy Statement.

Stock Ownership Guidelines

We have goals for stock ownership by all non-employee directors. Our goal for director stock ownership is five times the annual board retainer within five years of becoming a director. A review of director stock ownership was conducted using June 30, 2013 stock values. At the time of this review, all directors, except Mr. Parrini (who joined the board in 2012) had met or exceeded this goal. Ms. Simonds and Ms. Hilado were not included in this review since they joined the Board of Directors in October 2013.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

This Compensation Discussion and Analysis describes the material elements of compensation awarded to each of our executive officers listed in the Summary Compensation Table in this Proxy Statement (the "named executive officers" or "NEOs"). This discussion and analysis focuses on the information contained in the tables and accompanying footnotes and narrative for fiscal year 2013 which follows. We discuss compensation actions taken during fiscal years 2012 and 2014 to the extent they enhance the understanding of our executive compensation program for fiscal year 2013.

Elements of Executive Compensation. We use base salary, a short-term incentive plan and a long-term incentive plan with equity grants to attract and motivate our executive officers to achieve results that are in the long-term best interests of our shareholders. We generally align to the market median for the three main elements of compensation, and we review these elements each year. The emphasis on short-term and long-term incentive compensation reflects our pay-for-performance philosophy.

Fiscal 2013 Business Results. Our focus is to accelerate profitable growth based on three main strategies:

to grow organically by targeting our growth efforts on specific segments where we see opportunity for competitive strength;

to manage margins by not allowing growth to come at the expense of margins; and

to make acquisitions where and when they support our strategy.

We measure our success in these areas in large part by the metrics in our short-term incentive plan. As it relates to our short-term incentive plan, organic revenue is a measure that focuses on our growth without taking into account acquisitions or foreign currency fluctuations. Operating income is a measure of operational effectiveness and profitability, and earnings per share is an overall measurement of profitability and of the effectiveness of the three strategies listed above. Overall, in fiscal year 2013, the Company performed as follows:

Organic revenue grew by 1.6 percent year over year.

Adjusted operating income increased 19 percent year-over-year.

Adjusted diluted earnings per share (EPS) from continuing operations grew 17% year over-year and since fiscal 2010 our adjusted diluted EPS has increased at a compound annual rate of 17%.

We exceeded our budgeted expectations with regard to EPS. We did not exceed our budgeted expectations with regard to organic revenue and operating income. Even though the target was not met for all metrics, the threshold level was met or exceeded for all metrics in our short-term incentive plan as applied to our NEOs.

In the midst of a major business integration and weaker than expected end market conditions in some key markets, we delivered solid results and made another step toward our 2015 strategic plan. We delivered record revenue and grew organically for the fourth year in a row with stronger organic growth at the end of the year. In addition, we delivered another year of record earnings per share. Additionally, for the 44th consecutive year, we implemented an increase in the amount of quarterly dividends we pay to shareholders, with a 17.6 percent increase this year.

Table of Contents

The achievements in the financial metrics discussed above resulted in short-term incentive payouts for our CEO of 92.88% of target and ranged from 74.98% to 99.59% of target for our other NEOs. Our short-term incentive plan is a key way we link pay for performance to compensation for our NEOs.

Please also see *Management's Discussion and Analysis of Financial Conditions and Results of Operations* section in our Annual Report on Form 10-K for more information on our fiscal 2013 financial performance.

The above discussion contains non-GAAP financial measures. See *Non-GAAP Financial Measures* in Annex A to this Proxy Statement for a reconciliation of these non-GAAP financial measures to GAAP results.

Fiscal 2013 Compensation Actions. In setting the financial metrics for our short-term incentive plan for fiscal year 2013, our Compensation Committee reviewed company performance expectations and budgeted targets. The annual short-term incentive award targets were set based on predetermined ranges for the achievement of EPS, organic revenue and operating income targets. The targets that were set were considered to be challenging, but achievable. See section below titled *Analysis of Fiscal 2013 Short-Term Incentive Awards* for a description of the targets and actual results.

Effective on January 24, 2013, the Compensation Committee granted Mr. Owens a long term award of restricted stock of three times his base salary, valued at the date of grant, to ensure Mr. Owens' continued leadership and to recognize his superior performance. See further discussion of this grant in the section titled *Fiscal 2013 Retention Award for CEO* of this Proxy Statement.

Also in fiscal 2013, the Company adopted a policy to prohibit hedging and pledging of Company stock by executive officers (including our NEOs) and members of our Board.

Executive Compensation Best Practices. The Company's compensation program includes several best practices, such as:

a policy regarding clawbacks of executive and key manager incentive compensation which allows the Compensation Committee the discretion to claw back incentive-based compensation in the event that there is a material restatement of the Company's financial statements or in the event of misconduct by an executive officer or key manager;

a prohibition on hedging, pledging and certain other transactions in the Company stock by directors and certain executive officers, including all of the NEOs;

an emphasis on long-term equity awards to align the executives' interests with long-term goals and shareholder interests, with the CEO's long-term equity grant including a performance-based vesting restriction;

a prohibition on repricing of stock options; and

stock ownership goals for our directors and executive officers, which are reviewed annually.

Philosophy

The philosophy of our executive compensation program is to provide a competitive compensation package that rewards executive officers for sustained financial and operating performance that creates long-term value for our shareholders. We have designed and implemented our compensation programs for our executive officers to meet three principal goals:

Attract and retain qualified executive officers;

Table of Contents

Motivate these individuals to achieve short-term and long-term corporate goals, without undue risk-taking; and

Promote equity among executive officer positions, while considering external competitiveness and differences in job responsibilities. To meet these goals, H.B. Fuller has the following guidelines:

Pay compensation that is competitive with the practices of companies in a broad number of industries, as well as in the chemical industry, with revenues comparable to our revenues;

Pay for performance by setting challenging performance goals for our executive officers and providing a short-term incentive plan that is based upon achievement of these goals; and

Provide long-term incentives in the form of stock options, restricted stock and/or restricted stock units that are designed to increase long-term shareholder value by aligning the interests of our executive officers with those of our shareholders.

We strive to keep the target value of each individual element of compensation at or near the market median/50th percentile.

Competitive Market

We use several surveys and data points when we review executive compensation as described below.

General Survey Data. We define our market as a broad range of companies across various industries in the \$1-3 billion revenue category. We chose this revenue category because revenue from our prior fiscal year was in this range and revenue from fiscal 2013 was expected to be in this range. The Compensation Committee uses published survey data from the following sources for our executive compensation analysis:

Aon Hewitt (\$1 - 2.49 billion revenue category for corporate positions and relevant revenue categories for non-corporate positions)

Towers Watson (\$1 - 3 billion revenue category for corporate positions and relevant revenue categories for non-corporate positions) H.B. Fuller participates in both of these surveys. The Aon Hewitt survey includes 360 companies and is titled Total Compensation Measurement™ (TCM™) Executive Total Compensation by Industry - United States 2012 ; and the Towers Watson survey includes 435 companies and is titled 2012 U.S. CDB General Industry Executive Compensation Survey Report.

In the case of Mr. Kenny, our Senior Vice President, Europe, India, Middle East & Africa, the Compensation Committee reviews his total compensation relative to the market approximately every other year. In 2012, market data was provided by Towers Watson for a profit center head for the Europe, India, Middle East & Africa (EIMEA) region. Therefore, no review was conducted for 2013.

Peer Group Data. Our peer group consists of the following companies:

Albemarle Corp.
Ashland Inc.
Avery Dennison Corporation
Axiall Corporation
Cabot Corp.
Celanese Corp.
Cytex Industries Inc.

Eastman Chemical Co.
Ecolab Inc.
Ferro Corp.
FMC Corp.
Hexcel Corp.
International Flavors & Fragrances Inc.

Valspar Corp.

Table of Contents

These companies represent global, publicly-traded chemical and allied products companies in the 2800 Standard Industrial Classification Code with revenues between \$1.4 billion to \$11.8 billion (for the most recent fiscal year). During fiscal 2013, Georgia Gulf Corporation was deleted from the peer group and replaced with Axiall Corporation. Georgia Gulf Corp. merged with PPG Industries' commodity chemicals business, creating Axiall Corporation. No other changes were made to the composition of the peer group during fiscal 2013.

Use of Market Data in Fiscal 2013

When analyzing compensation paid to NEOs, the Compensation Committee uses specific data that matches revenue and job responsibilities from the published surveys, based on availability, by position. For fiscal 2013, the above-referenced survey data used by the Compensation Committee to review total compensation (base salary, short-term incentive compensation and long-term incentive compensation) for our executive officers showed that our total compensation was generally in line with the market data matched according to revenue and job responsibilities.

In addition, for the NEOs, management and the Compensation Committee used the peer group data, in conjunction with the general surveys, as a reference point for compensation design considerations. This data was derived from the most recent proxy statement available for each peer company. However, the primary data sources for pay level information for all of our executive officers are the survey sources listed in the section titled *General Survey Data*.

The Compensation Committee uses survey data and peer group data because these sources of data are considered reliable market information. When we refer to market data in the rest of this Compensation Discussion and Analysis, unless otherwise noted, we are referring to the *General Survey Data* and the *Peer Group Data* discussed above.

Compensation Process

The Compensation Committee reviews and approves all elements of compensation for our CEO, taking into account the Board of Directors' review and assessment of the performance of the CEO as well as competitive market data and information from our human resources personnel and the Compensation Committee's independent compensation consultant. The Compensation Committee also reviews and approves all elements of compensation for our other executive officers using the same sources noted above and taking into account the recommendations of the CEO.

In determining the particular elements of compensation that will be used to implement our overall compensation policies, the Compensation Committee takes into consideration factors related to our performance, such as our earnings and revenue growth, and business-unit-specific operational and financial performance. Other considerations include our business objectives, corporate responsibilities (including equity among executive officer positions and affordability), competitive practices and trends, and local legal requirements. In deciding on the type and amount of compensation for each executive officer, the Compensation Committee focuses on both the current pay and the opportunity for future compensation, and combines the compensation elements for each executive officer in a manner that optimizes the executive officer's contribution to the Company.

The Compensation Committee on occasion meets with the CEO and/or certain other executive officers to obtain recommendations with respect to our compensation program, practices and packages for executive officers and directors. The Compensation Committee considers, but is not bound to and does not always accept, management's recommendations with respect to executive compensation. The CEO typically attends the Compensation Committee's meetings, except when his compensation package is discussed. In addition, the Compensation Committee also holds executive sessions not attended by any members of management, including the CEO.

Table of Contents

The Role of Shareholder Say on Pay Votes. The Company provides its shareholders with the opportunity to cast an annual advisory vote on executive compensation (a Say on Pay Proposal). At the Company s annual meeting of shareholders held in April 2013, 92% of the votes cast on the Say on Pay Proposal were voted in favor of the proposal. The Compensation Committee believes that this is an overall endorsement by the shareholders of support of the Company s approach to executive compensation, and did not change its approach materially in fiscal year 2013. The Compensation Committee will continue to take into account the outcome of the Company s Say on Pay Proposal votes when making future compensation decisions for the NEOs.

Compensation Consultant

The Compensation Committee uses Buck Consultants, LLC, a wholly owned subsidiary of Xerox Corporation, to provide ongoing advice and information regarding design and implementation of the Company s executive compensation programs as requested by the Compensation Committee. See further discussion regarding the Compensation Committee s independent consultant under the heading *Compensation Committee* in the Corporate Governance Section in this Proxy Statement. In this Proxy Statement, we discuss the use of compensation consultants when the Compensation Committee utilized its independent consultant for a specific project. In addition, from time to time, management receives information from the compensation consultant in preparation for Compensation Committee meetings.

Purpose	Considerations
Long-term incentive (stock options, restricted stock and restricted stock units)	
Stock options, restricted stock and restricted stock units attract, retain and reward high caliber executive talent; ownership of common stock encourages long-term strategic decision making that is aligned with shareholder interests.	Our long-term incentive plan ties a significant portion of our executive officers' total compensation to shareholder value creation, as measured by stock price performance. The combination of stock options and restricted stock provides an appropriate balance between performance-based rewards and retention.
Restricted stock and restricted stock units aid in retention of executive talent, reward for performance and promote stock ownership.	Increase in H.B. Fuller Common Stock price increases value of options, restricted stock and restricted stock unit awards. CEO annual grant contains a performance goal which must be achieved before restricted stock may vest.
Other Benefits (includes supplemental retirement and deferred compensation plans, severance, change-in-control and other perquisites)	
Attract and retain high caliber executive talent. These benefits are not performance-based.	In order to attract and retain high caliber executive talent, we provide NEOs market competitive perquisite and other benefit programs. We also provide some of these benefits to assist our executive officers so that they may efficiently use their time on H.B. Fuller business. Our U.S.-based NEOs participate in the same health and welfare programs as all other U.S.-based H.B. Fuller employees.
Additional information regarding base salary, short-term incentive compensation and long-term incentive compensation follows.	

Fiscal 2013 Base Salaries

In General. In January of each year, the Compensation Committee reviews and considers the annual performance of the CEO and the other NEOs. The effective date of annual merit increases is February 1st. In April, the Compensation Committee reviews the overall compensation (base salary, short-term incentive, long-term incentive and high-level review of perquisites) of all of the executive officers (including the NEOs) for market competitiveness.

The amount of annual base salary and year-over-year increase for each of the NEOs in fiscal year 2013 is set forth in the following table.

Named Executive Officer	Base Salary as of 12/1/2012 (\$)	Base Salary as of 2/1/2013 (\$)	Percent Increase from 12/1/2012 to 2/1/2013 (%)
James J. Owens	750,000	862,500	15.0%
James R. Giertz	495,000	513,494 ¹	3.74%
Traci L. Jensen ²	345,000	420,000	21.74%
Patrick J. Trippel	412,000	420,000	1.94%
Steven Kenny ³	409,232	437,879	7.0%

- (1) Mr. Giertz received a promotion effective July 9, 2013. In conjunction with this promotion he received a base salary increase of 5.16% to \$540,000.

Table of Contents

- (2) Ms. Jensen received a merit increase and a promotion effective February 1, 2013.

- (3) Non U.S.-based compensation paid to Mr. Kenny is denominated in British Pound Sterling and has been converted to U.S. dollars at the same exchange rate used for financial reporting purposes. Mr. Kenny's base salary as of December 1, 2012 differs from the base salary reported for fiscal year 2013 reported in last year's proxy statement due to different exchange rates used for financial reporting purposes in fiscal 2012 and fiscal 2013.

Analysis of Fiscal 2013 Base Salaries. In January 2013, the Compensation Committee reviewed Mr. Owens' base salary, short-term incentive target and long-term incentive target amount. The review included the following market data: Mercer 2012 U.S. Executive Benchmark Database (All Industries Median Annual Revenues of \$1.7 billion and Manufacturing Industry Median Annual Revenues of \$1.9 billion); Towers Watson 2011/2012 Top Management Report (All Industries For Profit Organizations Only \$1-2.5 billion and Chemical Industry \$1-2.5 billion); and Hewitt 2011 US AON Hewitt TCM Executive Total Compensation (All industries, companies with revenues \$1-2.5 billion). The Compensation Committee also reviewed market data relating to our peer group, including both the entire peer group and a subset of the peer group of companies with revenues up to \$3 billion.

For fiscal 2013, Mr. Owens received a 15% merit increase for performance and to better align his salary to market effective February 1, 2013. Previously, Mr. Owens was in the second quartile of the salary range for the CEO. Subsequently, Mr. Owens is in the third quartile of the salary range. The 15% increase was granted in recognition of his superior performance over the prior period, including the successful implementation of the Forbo Industrial Adhesives business acquisition and overall solid financial performance for 2012. Based on his performance and experience, it was determined that Mr. Owens should be above the midpoint of the salary range for the CEO.

Mr. Giertz's fiscal 2013 base salary was in the fourth quartile of his salary range. His salary has historically been higher than the midpoint in this salary range to reflect Mr. Giertz's extensive experience in both finance (as a CFO) and in operations with prior employers, where he held key leadership positions in several companies. For fiscal 2013, Mr. Giertz received a merit increase of 3.74% effective February 1, 2013. As noted above, Mr. Giertz received a promotion to Executive Vice President, Chief Financial Officer. Due to his high level of performance and the position of his salary relative to market data, he received a corresponding base salary increase of 5.16% effective July 9, 2013, and he remains in the fourth quartile of his new salary range. Ms. Jensen received a combined promotion and merit increase of 21.74% effective February 1, 2013. Ms. Jensen's job scope expanded to include the Americas region, in addition to North America. Ms. Jensen's position was evaluated and the market information supported an increase in job grade for her position. In addition, Ms. Jensen's job performance supported the promotion due to strong financial results in the Americas region and successful integration of the Forbo Industrial Adhesives business in North America. Ms. Jensen's fiscal 2013 base salary was in the second quartile of her salary range. Mr. Trippel's base salary was in the second quartile of his salary range. Mr. Trippel received a merit increase for fiscal 2013 of 1.94%. Mr. Kenny received a merit increase of 7.0% in recognition of the success of integration and transformation projects in the EIMEA region related to the acquisition of the Forbo Industrial Adhesives business. Mr. Kenny's fiscal 2013 base salary was slightly over the midpoint of his salary range.

For fiscal 2013, all merit increases for the NEOs (except for Mr. Owens - see narrative above) fell within the Company's general merit increase guidelines for our general employee population. Ms. Jensen's overall increase is higher than the general guidelines due to a promotion in addition to a merit increase.

Fiscal 2013 Short-Term Incentive Compensation

In General. Each year, the Compensation Committee establishes the annual cash incentive target opportunities as a percentage of base salary. Under the short-term incentive plan, the Compensation

Table of Contents

Committee may also consider extraordinary circumstances that may positively or negatively impact the achievement of the total Company performance objectives.

For fiscal 2013, based on a review of market data for the Company's U.S.-based Senior Vice President positions, the Compensation Committee increased the target value of short-term incentive from 56% to 65%. With regard to the metrics for the CEO's short-term incentive for fiscal 2013, the Compensation Committee decided to revert back to the same three metrics used prior to fiscal 2012: EPS, operating income and organic revenue. In fiscal year 2012, EBITDA was used as a metric instead of operating income (for the CEO only) due to the Forbo Industrial Adhesives business acquisition and the accompanying difficulty in establishing metric targets within the first 90 days of the performance period.

For fiscal 2013, based on market data, the annual cash incentive target opportunity for our executive officers ranged from 50% to 100% of base salary at a target level of performance. Potential payouts ranged from 0% to 200% of the target award based on attainment of operating unit and/or Company predetermined financial goals. The threshold level for the annual cash incentive was set at 80% of each financial target goal, except the organic revenue metric had a threshold amount of 90%. At these levels, the annual cash incentive would pay out at 50% of the target incentive. Higher payouts are possible if performance is above threshold levels.

The Compensation Committee, in its discretion, has the right at any time to enhance, diminish or terminate all or any portion of any compensation plan or program, on a collective or individual basis for the NEOs.

All performance measures for the NEOs, and the percentage of short-term incentive compensation based on these measures as established by the Compensation Committee, are set forth in the table below:

Performance Measure	CEO	CFO and Other Corporate Positions ¹	Regional Operating Unit ²
EPS ³	30%	30%	30%
Company Organic Revenue ⁴	30%	30%	
Company Operating Income ⁵	40%	40%	
Region or Business Organic Revenue			30%
Region or Business Operating Income			40%

(1) Includes Mr. Giertz and Mr. Trippel.

(2) Includes Mr. Kenny and Ms. Jensen.

(3) EPS is defined as net income divided by weighted average common stock shares outstanding (diluted).

(4) Organic revenue is defined as revenue, excluding the effects of changes due to foreign currency exchange rates and acquisitions/divestitures.

(5) Operating income (OI) is defined as gross profit less selling, general and administrative expenses.

Analysis of Fiscal 2013 Short-Term Incentive Awards. The financial performance measures approved by the Compensation Committee in early fiscal 2013 were selected because management believed they were the most representative measurements of our financial results and were key financial measures that linked to our long-term strategic plan. In establishing these goals for fiscal year

Table of Contents

2013, we considered our prior year results, economic conditions, expected business opportunities and the synergies we expected to realize due to our business integration project related to the acquisition of the Forbo Industrial Adhesives business in fiscal year 2012. The specific performance goals for the target level are considered to be challenging but achievable. The following chart shows the percentage increase in fiscal year 2013 performance targets over fiscal year 2012 actual results for each measure used to determine the short-term incentive bonuses:

Performance Measure	FY 2013 Target to FY 2012 Actual Increase ¹
EPS	14.55%
Company Organic Revenue	12.24%
Company Operating Income	22.71%
EIMEA Region Organic Revenue	15.45%
EIMEA Region Operating Income	71.42% ²
Americas Adhesives Region Organic Revenue	9.93%
Americas Adhesives Region Operating Income	7.51%

(1) Fiscal 2012 actual results include three quarters of results from the acquisition of the Forbo Industrial Adhesives business. For fiscal 2013, four quarters of results from the acquired business are included.

(2) The large year over year increase in EIMEA Region Operating Income is mainly due to the expected savings from the transformation project and the additional quarter of income from the acquisition of the Forbo Industrial Adhesives business over fiscal 2012.

For fiscal 2013, the financial performance measures for both the target and the actual performance were as set forth below. Amounts shown in the table below may differ from reported results due to adjustments which are allowed under the short-term incentive plan as set forth in footnote 1 in the table below.

- (2) The amounts in U.S. dollars have been converted from Euros at the same exchange rate used for financial reporting purposes as follows (amounts in thousands): (a) Region Organic Revenue Target: 595,079, (b) Region Organic Revenue Actual: 555,038, (c) Region Operating Income Target: 45,206, and (d) Region Operating Income Actual: 37,922. The Company does not calculate these target and actual numbers in U.S. dollars in determining whether the metric has been met. Local currency is used for these calculations.

The short-term incentive target and actual payment as a percent of base salary for fiscal 2013 for each of our NEOs is set forth in the table below:

Fiscal 2013 Long-Term Incentive Compensation

In General. The fiscal 2013 long-term incentive plan design called for grants with a mix of 50% nonqualified stock options and 50% restricted stock/restricted stock units based on the grant value.

Stock Options. The standard nonqualified stock options typically vest in three equal installments on each anniversary date of the grant date, which enhances retention. Vested stock options provide a benefit to an executive officer only if the market value of the stock increases over the term of the option and if the executive officer remains employed at H.B. Fuller. Stock options are granted for a 10 year term. Stock options are granted at their fair market value on the date of grant.

Table of Contents

Restricted Stock and Restricted Stock Units. Restricted stock and restricted stock unit grants typically vest in three equal annual installments from the grant date, which enhances retention. Restricted stock and restricted stock unit awards provide a benefit to an employee only if the employee remains employed until the award vests. Dividends are accrued on both restricted stock and restricted stock units during the period prior to vesting and are subject to the same vesting requirements, with payment in the form of additional shares once vesting has occurred. Only restricted stock has voting rights during the period prior to vesting. In addition, if the market value of the stock increases over the grant date price of the award, the employee further benefits from that appreciation in value. For our CEO, recent annual restricted stock grants include a performance goal which must be achieved or the restricted stock will not vest and all rights will be forfeited.

The value of an individual's target award is established to generally reflect competitiveness at the market median/50th percentile for the applicable position and grade level. The CEO recommends to the Compensation Committee the number of stock options, restricted stock and/or restricted stock units to be granted to each executive officer. The Compensation Committee retains full authority to accept, modify or reject these recommendations and to increase or decrease the value of the award. The Compensation Committee also reviews total Company performance and the CEO's individual performance to determine the award for the CEO. The number of options is determined based on a Black-Scholes valuation, and a 30-day stock price average is applied. To determine the number of restricted stock/restricted stock units to be awarded, a 30-day stock price average is applied.

The Compensation Committee reviews and approves long-term incentives for our CEO and the other executive officers in January of each year. This long-term incentive grant date in January aligns with the annual individual performance review process and allows the grants to occur during the open trading period (after our fiscal year end annual earnings release) for H.B. Fuller stock as provided under Company policy. The grants of stock options are made with an exercise price determined as of the close of trading on the applicable grant day. We do not allow backdating of options, nor do we have a program, plan or practice to time stock option grants to executive officers in coordination with the release of material non-public information.

The target values for each named executive officer's long-term incentive award are set forth in the table below. It is the general practice of the Compensation Committee to make awards to executive officers in a range of 80% to 120% of the target value below. In January 2013, the Compensation Committee decided to increase the target value of the long-term incentive from 200% to 250% of base salary for the CEO position only based on the market assessment for this position.

Named Executive Officer	Target Value of Long-Term Incentive for FY 2013 (\$)
James J. Owens	2,156,250
James R. Giertz	500,000
Traci L. Jensen	500,000
Patrick J. Trippel	500,000
Steven Kenny	500,000

Analysis of Fiscal 2013 Long-Term Incentive Awards. The January 2013 grant of restricted stock to Mr. Owens contains a requirement that the restricted stock will vest in three equal installments on January 24, 2014, January 24, 2015 and January 24, 2016 only if (1) one or more of the performance measures in the CEO's short-term incentive plan are met at the threshold level for fiscal 2013 as determined by the Compensation Committee and (2) Mr. Owens continues to be employed by the Company on the respective vesting date. Both of these requirements were met as of January 24, 2014. Therefore, the first installment has vested, and the remaining two will vest according to the vesting schedule as long as Mr. Owens remains employed by the Company.

Table of Contents

During fiscal year 2013, all long-term incentive awards to the NEOs fell within 100% to 120% of the target value above. Fiscal year 2013 long-term incentive awards of stock options, restricted stock and restricted stock units are set forth in the *Grants of Plan-Based Awards During Fiscal Year 2013* table in this Proxy Statement.

Fiscal 2013 Retention Award for CEO

Effective on January 24, 2013, the Compensation Committee granted Mr. Owens an additional long term award of restricted stock of three times his base salary, which will vest 50% on January 24, 2016 and the remaining 50% will vest on January 24, 2017 only if (1) one or more of the performance measures in the CEO's short-term incentive plan are met at the threshold level for fiscal 2013 as determined by the Compensation Committee and (2) Mr. Owens continues to be employed by the Company on the respective vesting date. The Committee decided to grant this award due to the below considerations.

Since his promotion in November of 2010, Mr. Owens has exhibited strong performance in his role as Chief Executive Officer at the Company.

At the same time, Total Shareholder Return (TSR) has been strong under Mr. Owens' leadership.

The Company has exhibited strong financial performance. The Company has also successfully executed on strategic initiatives including the acquisition and integration of the Forbo Industrial Adhesives business.

Additionally, Mr. Owens has initiated a global strategy focused on sustained profitable growth.

The Compensation Committee decided to take steps to ensure Mr. Owens' continued leadership and to recognize his superior performance with a one-time equity-based retention award.

One or more of the performance measures in the CEO's short-term incentive plan was met at the threshold level for fiscal 2013 as determined by the Compensation Committee. Therefore, the restricted stock award will vest on the dates set forth above as long as Mr. Owens continues to be employed by the Company on the respective vesting dates.

saving or a partial lump sum and annuity pay-out at retirement at age of 55 or later. Employees who leave the company before retirement age can choose to leave their account where it is or to transfer the value of their account to another personal or stakeholder plan.

Analysis of Fiscal 2013 Executive Benefits and Perquisites. We provide perquisites to our executive officers to generally reflect competitiveness at the market median/50th percentile. The Company provides supplemental executive retirement benefits under the defined contribution restoration plan for our executive officers covered under U.S. plans to complement the benefits provided through H.B. Fuller’s broad-based retirement plans.

In conjunction with the annual review of executive officer total compensation, the Compensation Committee reviews executive officer benefits and perquisites for market prevalence. In fiscal 2013, the Compensation Committee reviewed market data on the prevalence of the following benefits and perquisites: the Key Employee Deferred Compensation Plan, auto allowance, executive health programs, financial counseling, supplemental executive retirement benefits (other than restoration) and Defined Contribution Restoration Plan. The survey data used to review the market prevalence of all of these benefits was provided by the 2012 Aon Hewitt TCM Compensation Policies and Programs survey (509 participating companies). No changes were made as a result of the Compensation Committee’s review of these perquisite and benefit programs because of the general market prevalence of these programs. These programs will be reviewed again in fiscal 2014.

This survey data did not cover the prevalence of personal excess liability insurance coverage and relocation programs. No changes were made to these programs.

All perquisites paid to our NEOs are disclosed in the *Summary Compensation Table* under the *Other Compensation* column and the footnotes thereto.

Severance, Change-in-Control and other Employment-Related Agreements

In General. H.B. Fuller does not have employment agreements with any of the NEOs that provide for a specified term of employment. The Company does have an employment agreement with Mr. Kenny as discussed below. The Company also has change-in-control agreements discussed under the heading *Change-in-Control Agreements* and executive severance agreements discussed under the heading *Severance*.

Severance. The executive severance agreements provide for payment of the following severance benefits if the eligible executive officer’s employment is terminated involuntarily by the Company without cause (as defined in the agreement) or voluntarily by the executive officer for good reason (as defined in the agreement):

Severance pay equal to one times (two times for the CEO) base salary plus target annual bonus, payable over the 12 months (24 months for the CEO) following termination;

Continued group medical and dental insurance over 12 months (18 months for the CEO); and

Outplacement services with a value of up to \$20,000.

Table of Contents

Except as indicated above with respect to the CEO, the same form of agreement was provided to all NEOs other than for Mr. Kenny. The severance agreement with Mr. Kenny provides for a reduction in any severance pay due to him for any severance pay required by local law.

Change-in-Control Agreements. All NEOs have entered into change-in-control agreements with H.B. Fuller. The agreements are a critical and effective tool to attract and retain executives, especially during times of uncertainty. These agreements provide for payments under certain circumstances following a change-in-control of the Company. The Compensation Committee believes that one of the purposes of providing change-in-control agreements is to provide financial security to the executive officer in the event the executive officer's employment is terminated in connection with a change-in-control. The agreement is intended to ensure the executive officer remains focused on activities related to a change-in-control that could be in the best interest of the Company and its shareholders, and that the executive officer is not distracted by compensation implications as a result of a change-in-control. The Compensation Committee also believes that change-in-control agreements assist in the retention of executive officers at a time when their departure might be detrimental to the Company and shareholders.

The change-in-control agreements contain a double trigger for receipt of change-in-control payments. This means that there must be a change in control of the Company and a termination of employment (or a material change to employment) for the provisions to apply and benefits to be paid. The Compensation Committee believes that a double trigger is more appropriate than a single trigger, because a double-trigger prevents the unnecessary payment of benefits to an executive officer in the event that the change in control does not result in the executive officer's termination of employment or a material change in the terms of the executive officer's employment (such as demotion, pay cut or relocation).

Our change-in-control arrangements have been structured to ensure that executives receive the full intended benefits of these arrangements in the event that a transaction should take place, particularly when their short tenure creates an imbalance between intended benefit and potential tax liability. Our approach has been to provide our executives with arrangements that include a modified tax gross-up. These arrangements eliminate de minimis or inefficient gross up payments, only providing tax gross up in cases of significant imbalance. The Compensation Committee reviews all change-in-control packages periodically to ensure their continued effectiveness.

An explanation of any payments to be made under the change-in-control agreements is found under the heading *Involuntary (Not for Cause) Termination or Good Reason Termination after a Change-in-Control* in the section of this Proxy Statement titled *Potential Payments Made Upon Termination or Change-In-Control*.

Other. The Company has an employment agreement with Mr. Kenny, because employment agreements are customary in England where Mr. Kenny is based. The agreement with Mr. Kenny sets forth his salary, job functions and benefits, and contains intellectual property ownership rights, termination, non-competition and confidentiality provisions. The agreement does not provide for any minimum term of employment. See the section titled *Potential Payments made upon Termination or Change-in-Control* later in this Proxy Statement for contractual payments that the Company may owe Mr. Kenny under his employment agreement.

Stock Ownership

We believe that ownership of H.B. Fuller Common Stock by executive officers encourages long-term, strategic decision making that helps to reduce undue short-term risk-taking and is aligned with the best interests of H.B. Fuller's constituents. Goals for recommended levels of executive stock ownership were established in 2003 and are reviewed annually by the Compensation Committee. An

Table of Contents

executive officer's stock ownership goal (which includes directly held H.B. Fuller stock, H.B. Fuller stock held in the H.B. Fuller Company 401(k) & Retirement Plan, restricted stock, restricted stock units and stock units held in the Key Employee Deferred Compensation Plan) ranges in dollar amount from one to five times the executive officer's annual base salary.

The guideline for the CEO is ownership of at least five times his base salary in H.B. Fuller Common Stock, and the guideline for other NEOs is ownership of at least three times their base salaries, depending on job grade. The guideline provides that an executive should strive to reach the applicable stock ownership goal within five years of appointment to their position. The guideline for Mr. Giertz, Mr. Trippel, Mr. Kenny and Ms. Jensen is ownership of at least three times their base salary in H.B. Fuller Common Stock. The review was based on job grades and stock values in effect as of June 30, 2013. At that point in time, only Mr. Giertz had been in his position for more than five years. Mr. Owens, Mr. Giertz and Mr. Kenny have met the applicable stock ownership goal. Mr. Trippel and Ms. Jensen are continuing to make progress on meeting their stock ownership goals.

If after five years in his or her position, a named executive officer has not met his/her stock ownership goal, the named executive officer must retain 100% of all after-tax profit shares from any exercise, vesting or payout of equity awards until the stock ownership guideline is met, unless a hardship exception is granted.

Tax Considerations

Under Section 162(m) of the U.S. Internal Revenue Code, we must meet specified requirements related to our performance and must obtain shareholder approval of certain compensation arrangements in order for the Company to fully deduct compensation in excess of \$1,000,000 paid to a named executive officer other than the CFO. The Annual and Long-Term Incentive Plan (ALTIP) was approved by shareholders in 2008 and includes specific performance criteria established by the Compensation Committee; therefore, annual incentive awards granted under the ALTIP are deemed to meet the requirements of Section 162(m). In addition, at the annual meeting for fiscal 2013, the shareholders approved the H.B. Fuller Company 2013 Master Incentive Plan (2013 Master Incentive Plan) which also includes specific performance criteria established by the Compensation Committee; therefore, annual incentive awards granted in the future under the 2013 Master Incentive Plan will be deemed to meet the requirements of Section 162(m). The Committee believes that compensation paid pursuant to the ALTIP and the 2013 Master Incentive plan (for future years) will be deductible. Additionally, cash compensation voluntarily deferred by our executive officers under our Key Employee Deferred Compensation Plan is not subject to the Section 162(m) cap until the year paid.

The Compensation Committee intends to continue its practice of paying competitive compensation consistent with our philosophy to attract, retain and motivate executive officers to manage our business in the best interests of H.B. Fuller and our shareholders. The Compensation Committee, therefore, may choose to provide non-deductible compensation to our executive officers if it deems such compensation to be in the best interests of H.B. Fuller and our shareholders. In fiscal 2013, the compensation subject to Section 162(m) did not exceed the \$1,000,000 cap for any of our NEOs.

Table of Contents

Various programs, including our benefit plans that provide for deferrals of compensation are subject to Section 409A of the Internal Revenue Code. We have reviewed such plans for compliance with Section 409A and believe that they are in compliance.

Actions for Fiscal 2014

In fiscal 2013, the Compensation Committee reviewed its practice of granting restricted stock and restricted stock units. During fiscal 2013 and prior years, the Company has, in general, granted restricted stock to U.S. based employees and restricted stock units to non U.S. participants, U.S. retirement-eligible participants and to U.S. based expatriates. Based upon market data presented by our compensation consultant that shows a shift in market practice toward the granting of restricted stock units, the Compensation Committee decided to generally move from a mix of restricted stock and restricted unit grants to the use of restricted stock units for all participants beginning in fiscal 2014.

Total Compensation for Named Executive Officers

We believe that the policies and programs described in the Compensation Discussion and Analysis maintain an appropriate balance between motivating achievement of short-term goals and strategically leading H.B. Fuller in a direction to provide long-term success, and therefore serve the interests of H.B. Fuller and its shareholders.

- (3) These options are granted under the Amended and Restated H.B. Fuller Company Year 2000 Stock Incentive Plan and become exercisable at the rate of one-third each year beginning on the first anniversary of the grant date, and expire 10 years from the grant date. These options become immediately exercisable upon retirement (age 55 and 10 years of service), death, disability or change-in-control.

- (4) The fair value of the restricted stock awards is calculated by multiplying the number of shares of restricted stock by the closing price of our Common Stock on the date of grant. The Black-Scholes option pricing method was used to estimate the grant date fair value of the options in this column. The assumptions used to develop the grant date valuations for the options are as follows: options granted on January 24, 2013 were - risk free rate of return of .7288%, dividend rate of .8577%, volatility rate of 48.020%, quarterly reinvestment of dividends and an average term of 4.75 years. No adjustments have been made for non-transferability or risk of forfeiture. The real value of the stock options in this table will depend on the actual performance of our common stock during the applicable period and the fair market value of our common stock on the date the options are exercised.

- (5) This long-term retention award of restricted stock for Mr. Owens was granted under the Amended and Restated H.B. Fuller Company Year 2000 Stock Incentive Plan. The amount for Mr. Owens includes 73,907 shares of performance based restricted common stock granted January 24, 2013. - (6) The restricted stock award for Mr. Owens was granted under the Amended and Restated H.B. Fuller Company Year 2000 Stock Incentive Plan. The first condition was met on January 24, 2014, and accordingly the first installment vested on that date. Under the Amended and Restated H.B. Fuller Company Year 2000 Stock Incentive Plan, dividends on restricted stock are accrued by H.B. Fuller at the same rate as payable to all H.B. Fuller shareholders and are paid if and when the restricted stock vests. The restricted stock becomes immediately vested in the event of death, disability and change-in-control. The value of accrued dividends is included in the Summary Compensation Table in the *All Other Compensation* column.

Key Employee Deferred Compensation Plan. The Key Employee Deferred Compensation Plan is a nonqualified deferred compensation plan that allows deferral of salary or short-term incentive awards on a pre-tax basis. Executive officers may defer up to 80% of their base salary or up to 100% of their short-term incentive award. The plan is unfunded and does not protect the executive from insolvency of the Company.

Amounts deferred under the Key Employee Deferred Compensation Plan are credited with earnings and investment gains and losses by assuming that deferred amounts were invested in one or more hypothetical investment options selected by the executive. Executive officers are allowed to change their investment elections at any time. The one year rates of return for such investments for fiscal 2013 are as follows: PIMCO VIT Total Return AC, -1.24%; PIMCO VIT Real Return AC, -8.55%; Fidelity VIP Equity-Income SC, 26.40%; T. Rowe Price Equity Income II, 28.52%; Dreyfus Stock Index IS, 29.43%; Fidelity VIP Contrafund SC, 27.78%; Oppenheimer Capital Appreciation VA Non-SS, 25.49%; Janus AS Forty SS, 26.76%; Goldman VIT MidCap Value, 32.05%; Fidelity VIP MidCap SC, 33.19%; T. Rowe Price MidCap Growth II, 33.58%; Royce Micro-Cap IC, 24.93%; Lincoln VIPT Baron Growth Opportunities SC, 37.85%; UIF US Real Estate Class I, 4.77%, Oppenheimer Global Securities VA Non-SS, 27.87%; Dreyfus VIF International Value Portfolio IS, 27.55%; Janus AS Overseas Portfolio SS, 24.51%; and H.B. Fuller Company stock, 50.6%. Participants who invest in the Company stock fund are eligible to receive a 10% match in Company stock. The value of the matching contributions received, if any, is disclosed in the Summary Compensation Table in this Proxy Statement. During fiscal year 2013, no named executive officers made contributions to this plan. In addition, the Compensation Committee may make discretionary contributions to a participant s

Company stock account under this plan. For fiscal year 2013, no discretionary contributions were made to any of the named executive officers listed in the Summary Compensation Table. Balances in the plan reflect amounts that have accumulated over time.

Executive officers are always 100% vested in their Key Employee Deferred Compensation Plan account and are entitled to receive a distribution from their account under the following circumstances: separation from service, death, disability, age 65, date elected or unforeseeable emergency that results in severe financial hardship that is consistent with the meaning of that term under section 409A of the Internal Revenue Code. Distributions are made in either a lump sum or, if previously elected by the executive officer, up to 11 annual installments. Distributions from the Company stock account will be in the form of stock and all other amounts will be distributed in cash.

Defined Contribution Restoration Plan (DC Restoration Plan). The DC Restoration Plan is a non-qualified unfunded retirement plan that is intended to provide for retirement benefits above amounts available under H.B. Fuller's tax-qualified retirement plans. Participants in this plan receive annual credits in a bookkeeping account that is hypothetical in nature. Following are the three component accounts in the plan:

4% restoration plan match credit on H.B. Fuller Company 401(k) & Retirement Plan employer match to restore the company matching contribution that is restricted by IRS contribution limits, providing for a benefit of 4% of eligible compensation minus matching contributions under the H.B. Fuller Company 401(k) & Retirement Plan.

3% restoration non-elective credit provides a contribution of 3% of eligible pay in excess of the IRS annual limit originally for participants who were hired after December 31, 2006. As of June 1, 2011 all eligible U.S. employees and expatriates are eligible for this credit.

7% credit on all eligible earnings.

Mr. Kenny does not participate in this plan. This plan applies only to U.S. named executive officers (including expatriates).

Contributions made on behalf of named executive officers under the DC Restoration Plan are disclosed in the *Summary Compensation Table* in this Proxy Statement.

Potential Payments Upon Termination or Change-in-Control

In General.

The Company has certain arrangements, policies and practices covering the named executive officers in this Proxy Statement that require it to provide compensation in the event of certain types of terminations, including certain terminations due to a change-in-control of the Company.

The information set forth below describes amounts that the Company would pay or provide to a named executive officer or his or her beneficiaries in each of the following situations: voluntary termination, involuntary for cause termination, involuntary not for cause termination or good reason termination, involuntary (not for cause) or good reason termination after a change-in control, death, disability, early retirement and retirement. The estimated amounts payable are calculated as if the termination occurred on the last business day of the fiscal year, November 29, 2013, using the closing stock price from the last business day of the fiscal year.

We have not included payments or benefits that are fully disclosed in the Nonqualified Deferred Compensation Table of this Proxy Statement, unless such payment is enhanced or its vesting or other provisions are accelerated. We have also not included information or payments related to contracts, agreements, plans or arrangements to the extent that they do not discriminate in scope, term or operation in favor of the named executive officers and that are available generally to all salaried employees. We call these benefits *general benefits* and they include:

Accrued Vacation Pay

H.B. Fuller Company 401(k) & Retirement Plan (or similar applicable plan)

Health and Welfare Benefits

Life Insurance Proceeds

Voluntary Termination and Involuntary For Cause Termination

In the event of a voluntary termination or an involuntary for cause termination as of the last business day of the fiscal year, the Company is not obligated to provide any enhanced benefits or accelerate vesting of any existing benefits of a named executive officer. Should Mr. Kenny terminate his employment with the Company, he is required to give six months' notice of such termination.

Involuntary Not For Cause Termination or Good Reason Termination

In the event of an involuntary not for cause termination or a good reason termination as of the last business day of the fiscal year, a named executive officer's compensation would be affected as follows:

We have a severance arrangement with each of the named executive officers. If the named executive officer's employment with the Company is involuntarily terminated at the initiative of the Company for any reason other than cause or disability or at the initiative of the executive for good reason and such termination does not occur during the protected period of a change-in-control, then the executive officer is entitled to receive certain severance benefits. Good reason means a material reduction of the executive officer's base salary, material diminution in the executive officer's authority and duties, or a required change of the executive officer's principal work location of 50 miles or more. Protected period means the 24-month period immediately following each and every change-in-control. In order to receive severance, the executive officer must sign a release of claims in favor of the Company and be in compliance with the terms of the executive severance agreement, including that

Table of Contents

the executive officer must agree not to compete with the Company or solicit customers or employees of the Company for two years after termination of employment. The severance benefit consists of the following:

A severance payment equal to one times (two times for the CEO) base salary plus target bonus, payable over the 12 months (24 months for the CEO) following termination. Any amount over the lesser of \$460,000 or \$490,000 (whichever is applicable per the individual's agreement) or two times the executive's annualized compensation based upon the annual rate of pay for services to the Company for the calendar year prior to the calendar year in which the date of termination occurs shall be paid out in a lump sum at the earliest of the executive's death or six months after the date of termination.

The executive is entitled to medical and dental insurance over 12 months (18 months for the CEO).

Outplacement services with a value up to \$20,000.

Benefits under the Defined Contribution Restoration Plan are not accelerated or automatically vested upon involuntary not for cause termination or good reason termination.

For Mr. Kenny, any benefits he receives pursuant to local law are offset against the severance benefits set forth above.

Involuntary (Not for Cause) Termination or Good Reason Termination after a Change-in-Control

We have entered into a change-in-control agreement with each of the named executive officers. The initial three-year term of these agreements automatically extends for an additional year on each subsequent anniversary of the agreement, unless our Board of Directors gives notice of non-renewal prior to an anniversary date. A protected period of 24 months follows each and every change-in-control of H.B. Fuller under the terms of these agreements. If during this protected period, the executive officer separates from service for any reason other than cause or disability, or the executive officer terminates his or her employment for good reason (including demotion, pay cut or certain relocations), the executive officer is entitled to receive a lump sum payment from us. The payment consists of the following:

The executive will receive a target short-term incentive plan payment prorated to the date of the termination without application of any denial provisions based on unsatisfactory personal performance or any other reason.

A severance payment equal to three times the sum of: (a) the executive's highest base salary, on an annualized basis, established by us during the period commencing three months prior to the occurrence of the change-in-control and ending on the date of the executive's termination of employment; plus (b) the executive's target annual incentive in effect immediately prior to the change-in-control.

A payment for outplacement services of up to \$25,000.

In addition, the executive is entitled to medical and dental benefits for a three-year period following the termination of employment. In the event severance payments are made to the named executive officers due to a change-in-control and in the event that they are subject to an excise tax imposed by Section 280G of the Internal Revenue Code and do not exceed 330% of the executive's base amount, we will adjust the payments and benefits. Under these circumstances, the payments and benefits will be adjusted so that the amount of the payments equals 299% of the base amount, which is the maximum amount that can be

Table of Contents

paid without imposition of an excise tax. In the event that the payments and benefits are subject to an excise tax and exceed 330% of the executive's base amount, we have agreed to reimburse the executive for the amount of the excise tax and for any taxes imposed upon the reimbursement. This is typically called a "gross-up". The effects of the Internal Revenue Code are unpredictable and executive officers may have very different and unexpected effects based on their own particular compensation history. Therefore, these payments are intended to place an executive officer in the same position that they would have been in had they received the payments for reasons other than a change-in-control. The payments are not meant to pay regular income tax payments for an executive officer.

We have other compensatory arrangements with our named executive officers that will be affected by a change-in-control. The DC Restoration Plan provides that if within two years after a change-in-control, we terminate a participant's employment without cause or the participant terminates his or her employment for good reason (as defined in this plan), then zero to three years (depending on the participant's position and pay grade) shall be added to both the participant's age and years of credited service for purposes of determining benefits under the plan.

In addition, in the event of a change-in-control, all shares of restricted stock, all restricted stock units and any unvested stock options outstanding under our stock incentive plans immediately vest in full.

Payments upon Death or Disability

In the event of a death or disability as of the last business day of the fiscal year, a named executive officer's compensation would be affected as follows:

Stock options, restricted stock and restricted stock units would vest at death and at disability.

Benefits under the Defined Contribution Restoration Plan would vest at death or disability.

In the event of Mr. Kenny's death as of the last business day of the fiscal year, his beneficiaries would be eligible to receive four times his annual base salary. In the event of a disability during which Mr. Kenny would not be able to work at all, as of the last business day of the fiscal year, Mr. Kenny would be eligible to receive 75% of his base salary after a 13 week waiting period up to a maximum payment of British Pounds Sterling 200,625 per year (\$328,409) on November 30, 2013. During the 13 week waiting period, the Company would pay his normal base salary, allowances and fringe benefits.

Early and Normal Retirement

As of the last business day of the fiscal year, no named executive officer was eligible for early or normal retirement.

Executive Benefit and Payments Upon Termination Fiscal Year 2013

The following table shows potential estimated payments to the named executive officers in this Proxy Statement upon (1) involuntary (not for cause) or good reason termination, (2) involuntary (not for cause) or good reason termination after a change-in-control, and (3) death or disability. The table assumes that the termination was effective on the last business day of the fiscal year and contains estimates of amounts that would be paid to the named executive officers upon termination in addition to the base salary and short-term incentive earned by the executives during the fiscal year. Actual amounts payable to any named executive officer would only be determined after an actual event of termination.

PROPOSAL 2 NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Exchange Act, the Company is providing shareholders with an advisory (non-binding) vote on the compensation of our named executive officers as disclosed in the *Compensation Discussion and Analysis*, the tabular disclosure regarding such compensation and the accompanying narrative disclosure contained in this Proxy Statement.

Edgar Filing: FULLER H B CO - Form DEF 14A

The Company is asking shareholders to indicate their support for the compensation of our named executive officers described in this Proxy Statement. The Company has designed its executive compensation program to attract, motivate, reward and retain the executive talent required to achieve

Table of Contents

our corporate growth objectives and increase shareholder value. We believe that our compensation policies and procedures are centered on a pay-for-performance philosophy and are strongly aligned with the long-term interests of our shareholders. See *Executive Compensation Compensation Discussion and Analysis*.

In deciding how to vote on this proposal, the Board urges you to consider the following factors, many of which are more fully discussed in the *Executive Compensation Compensation Discussion and Analysis* section of this Proxy Statement:

The Compensation Committee has designed our executive compensation program to be competitive with the compensation offered by those peers with whom we compete for management talent.

The Compensation Committee believes the Company's executive compensation programs have been effective at incenting the achievement of short-term financial performance metrics and long-term decision making that is in the best interests of our shareholders. During fiscal year 2013, the Company achieved the following financial results:

- Ø Organic revenue grew by 1.6 percent year over year,
- Ø Adjusted operating income increased 19 percent year-over-year, and
- Ø Adjusted diluted earnings per share (EPS) from continuing operations grew 17% year over-year and since fiscal 2010 our adjusted diluted EPS has increased at a compound annual rate of 17%.

Company best practices include:

- Ø a policy prohibiting hedging and pledging of, and certain other transactions in, the Company stock by executive officers (including our NEOs) and members of our board of directors
- Ø a policy regarding clawbacks of executive and key manager incentive compensation;
- Ø an emphasis on long-term equity awards to align the executives' interests with long-term goals and shareholder interests, with the Chief Executive Officer's long-term equity grant including a performance-based vesting restriction;
- Ø a prohibition on repricing of stock options; and
- Ø stock ownership goals for our directors and executive officers.

Accordingly, the Company is asking shareholders to vote FOR the following resolution at the annual meeting:

RESOLVED, that the shareholders approve, on an advisory basis, the compensation of the H.B. Fuller Company named executive officers, as disclosed in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure, set forth in this Proxy Statement.

Edgar Filing: FULLER H B CO - Form DEF 14A

This advisory vote on executive compensation is not binding on the Company's Board of Directors. However, the Board of Directors will take into account the result of the vote when determining future executive compensation arrangements. The Company currently conducts annual advisory votes on executive compensation, and the Company expects to conduct the next advisory vote at our 2015 annual meeting of shareholders.

Table of Contents

The Board of Directors recommends a vote FOR adoption of the resolution approving the compensation of the Company's named executive officers, as described in the Compensation Discussion and Analysis section and the related tabular and narrative disclosure set forth in this Proxy Statement.

The above discussion contains non-GAAP financial measures. See *Non-GAAP Financial Measures* in Annex A to this Proxy Statement for a reconciliation of these non-GAAP financial measures to GAAP results.

AUDIT COMMITTEE REPORT

Pursuant to its charter, the Audit Committee of the Board of Directors is responsible for the appointment, compensation and oversight of the work of our independent registered public accounting firm. In the exercise of that authority, we, the members of the Audit Committee, determined to engage KPMG LLP to serve as H.B. Fuller's independent registered public accounting firm for the year ending November 29, 2014.

Management is responsible for the financial reporting process, accounting principles, and internal controls and procedures designed to assure compliance with accounting standards and applicable law and regulation. Management represented to us that H.B. Fuller's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

KPMG LLP, as H.B. Fuller's independent registered public accounting firm for fiscal year 2013, was responsible for performing an independent audit of the consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing a report.

We have reviewed and discussed the audited consolidated financial statements with management and KPMG LLP. We have also discussed with KPMG LLP the matters required to be discussed pursuant to applicable auditing standards, and they have discussed with us their independence and provided to us the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence.

Based upon our review and discussions referred to above, we recommended to the Board of Directors that the audited consolidated financial statements be included in H.B. Fuller's Annual Report on Form 10-K for the fiscal year ended November 30, 2013 filed with the SEC.

* Dante C. Parrini also served on the Audit Committee during fiscal year 2013.

Table of Contents**FEES PAID TO INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The following table presents fees for professional services provided by KPMG LLP for the audit, audit-related, tax and all other services rendered to us and our affiliates for the 2013 and 2012 fiscal years.

	2013	2012
Audit Fees	\$ 2,919,000	\$ 3,292,000
Audit-Related Fees	\$ 216,000	\$ 1,425,000
Tax Fees	\$ 39,000	\$ 853,000

Audit Fees: Includes fees and expenses billed and to be billed for (i) the audit of the consolidated financial statements included in our annual report on Form 10-K, (ii) the audit of the effectiveness of our internal control over financial reporting, (iii) reviews of the interim consolidated financial information included in our quarterly reports on Form 10-Q, (iv) statutory audits of certain international subsidiaries, and (v) consultations concerning financial accounting and reporting.

Audit-Related Fees: Includes fees and expenses for services that relate to the performance of the audit including audit procedures over opening balance sheet financial data and miscellaneous other audit related work pertaining to acquisitions and dispositions. Audit-related fees also include fees and expenses for services related to internal control over financial reporting and fees for reviews of documents filed with the SEC and consents.

Tax Fees: Includes fees and expenses for U.S. federal, state and international tax planning and tax compliance services.

The Audit Committee has in place procedures to pre-approve all audit, audit-related, tax and other permissible services provided to us by our independent registered public accounting firm. We have a policy of avoiding the engagement of our independent registered public accounting firm except for audit, audit-related and tax planning and compliance services. The Audit Committee has delegated to one or more of its members pre-approval authority with respect to permitted services, and receives a regular report from management on all such services provided to us by our independent registered public accounting firm. All of the services provided by our independent registered public accounting firm in fiscal 2013 and 2012 were pre-approved by the Audit Committee under its pre-approval procedures.

PROPOSAL 3 RATIFICATION OF APPOINTMENT OF INDEPENDENT**REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed KPMG LLP, as our independent registered public accounting firm for the fiscal year ending November 29, 2014. KPMG LLP has acted as our independent registered public accounting firm since our 2004 fiscal year. While we are not required to do so, H.B. Fuller is submitting the appointment of KPMG LLP to serve as our independent registered public accounting firm for the fiscal year ending November 29, 2014 for ratification in order to ascertain the views of our shareholders on this appointment. If the shareholders do not ratify the Audit Committee's appointment of KPMG LLP as our independent registered public accounting firm, the Audit Committee intends to reconsider that appointment. However, because of the difficulty and expense of making any change so long after the beginning of the current fiscal year, it is likely that the appointment would stand for fiscal year 2014 unless there were compelling reasons for making an immediate change.

Table of Contents

Representatives of KPMG LLP will be present at the meeting and will have the opportunity to make a statement if they desire to do so and to respond to appropriate questions from shareholders.

The Board of Directors recommends a vote FOR ratification of the appointment of KPMG LLP.

HOUSEHOLDING OF PROXY MATERIALS

The SEC rules allow a single copy of the Proxy Statement, Annual Report and Notice of Internet Availability of Proxy Materials to be delivered to multiple shareholders sharing the same address and last name, or who we reasonably believe are members of the same family, and who consent to receive a single copy of these materials in a manner provided by these rules. This practice is referred to as householding and can result in significant savings of paper and mailing costs. Although we do not household for our registered shareholders, some brokers household H.B. Fuller Company proxy statements and annual reports, delivering a single copy of each to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate copy of our Proxy Statement, Annual Report or Notice of Internet Availability of Proxy Materials, or if you are receiving multiple copies of either document and wish to receive only one, please notify your broker. The Company will deliver promptly upon written or oral request a separate copy of our Proxy Statement, Annual Report and/or Notice of Internet Availability of Proxy Materials to a shareholder at a shared address to which a single copy of either document was delivered. For copies of either or both documents, shareholders should write to Corporate Secretary, H.B. Fuller Company, or call (651) 236-5825.

¹ Operating income is defined as gross profit less selling, general and administrative (SG&A) expenses.

² Adjusted diluted earnings per share (EPS) from continuing operations is a non-GAAP financial measure. During the third quarter of 2013, the Company recorded a negative impact on the gross profit margin line of the income statement as the result of a review of custom duties owed for the years 2000 – 2008 in Argentina. On a pre-tax basis, this item amounted to \$1.1 million (\$0.02 per diluted share). Fiscal years 2013 and 2012 exclude special charges associated with two previously announced events: the EIMEA business transformation project and the expenses associated with the Forbo acquisition integration project, which have been combined and are now referred to as the business integration. Special charges, net amounted to \$45.1 million and \$52.5 million on a pre-tax basis (\$0.69 and \$0.81 per diluted share) in fiscal years 2013 and 2012, respectively. During the second quarter of 2012, the Company recorded a one-time negative impact of the fair value step-up on the inventory acquired with the Forbo business on the gross profit margin line of the income statement. On a pre-tax basis, this step-up amounted to \$3.3 million dollars (\$0.05 per diluted share).
