VOTING PROCEDURES

YOUR VOTE IS IMPORTANT. PLEASE TAKE THE TIME TO VOTE. Stockholders have a choice of voting over the internet, by telephone, by mail using a proxy card, or by attending in person or on the Internet through our virtual web conference at the 2014 Annual Meeting. Please refer to the proxy card or other voting instructions included with these proxy materials for information on the voting methods available to you. **If you vote over the internet, by telephone, through our virtual web conference or in person at the 2014 Annual Meeting, you do not need to return your proxy card.**

Who can vote?

Each share of our common stock that you owned as of the close of business on February 24, 2014, the record date, entitles you to one vote on each matter to be voted upon at the 2014 Annual Meeting. On the record date, there were 62,173,299 shares of Agenus common stock issued, outstanding, and entitled to vote.

Why did I receive a one-page notice in the mail regarding the internet availability of proxy materials instead of a full set of printed proxy materials?

Pursuant to the notice and access rules adopted by the SEC, we provide stockholders access to our proxy materials over the internet. Accordingly, we sent a Notice of Internet Availability of Proxy Materials (Notice) to all of our stockholders as of the record date. The Notice includes instructions on how to access our proxy materials over the internet and how to request a printed copy of these materials. In addition, by following the instructions in the Notice, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

Choosing to receive your future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual meetings of stockholders on the environment. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you revoke the election and request a full set of printed proxy materials.

What is the difference between holding shares directly in my name and holding shares in street name ?

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered the stockholder of record. The Notice was sent directly to you by our tabulator, Broadridge Financial Solutions, Inc. (Broadridge), on behalf of Agenus.

If your shares are held for you in an account by a broker, bank, or other nominee, you are considered the beneficial owner of shares held in street name.

How do I vote?

If your shares are registered directly in your name, you may vote:

Over the internet. Go to the website of our tabulator, Broadridge, at <http://www.proxyvote.com> and follow the instructions. If you vote over the internet, your vote must be received by 11:59 P.M. Eastern Time on April 22, 2014.

By telephone. Dial 1-800-690-6903 using any touch-tone telephone and follow the instructions. Your shares will be voted according to your instructions. If you vote over the telephone, your vote must be received by 11:59 P.M. Eastern Time on April 22, 2014.

Will my shares be voted if I do not return my proxy?

If your shares are registered directly in your name, your shares will not be voted if you do not vote over the internet, vote by telephone, return your proxy, or vote at the 2014 Annual Meeting.

If your shares are held in street name, your brokerage firm, under certain circumstances, may vote your shares for you if you do not return your proxy. Brokerage firms have authority to vote customers unvoted shares on some routine matters. If you do not give a proxy to your brokerage firm to vote your shares, your brokerage firm may either vote your shares on routine matters, or leave your shares unvoted. Proposal 2 (to approve an amendment to our Amended and Restated Certificate of Incorporation to increase the number of shares of common stock authorized for issuance) and Proposal 5 (to ratify the appointment of KPMG LLP as our independent registered public accounting firm) are the only proposals that are considered routine matters for this purpose. Your brokerage firm cannot vote your shares with respect to non-routine matters unless they receive your voting instructions. We encourage you to provide voting instructions to your brokerage firm by giving them your proxy. This ensures your shares will be voted at the 2014 Annual Meeting according to your instructions. You should receive directions from your brokerage firm about how to submit your proxy to them at the time you receive this proxy statement.

What does it mean if I receive more than one proxy card?

It means that you have more than one account, which may be at the transfer agent or brokers. Please vote over the internet or by telephone, or complete and return all proxies for each account to ensure that all of your shares are voted.

How many shares must be present to hold the 2014 Annual Meeting?

A majority of our outstanding shares of common stock as of the record date must be present at the 2014 Annual Meeting to hold the meeting and conduct business. This is called a quorum. Shares are counted as present at the meeting if the shares are voted in person or by proxy at the meeting. Shares that are present that vote to abstain or do not vote on one or more of the matters to be voted upon are counted as present for establishing a quorum.

If a quorum is not present, the 2014 Annual Meeting will be adjourned until we obtain a quorum.

What vote is required to approve each matter and how are votes counted?

Proposal 1 To elect three Class II directors for a term of three years.

The three nominees for director receiving the highest number of votes FOR election will be elected as directors. This is called a plurality. You may vote FOR all of the nominees, WITHHOLD your vote from all of the nominees or WITHHOLD your vote from any one of the nominees. If your shares are held by your broker in street name and if you do not vote your shares or instruct your broker how to vote with respect to this item, your unvoted shares will be counted as broker non-votes. Abstentions and broker non-votes are not counted for purposes of electing directors. Votes that are withheld will not be included in the vote tally for the election of directors and will have no effect on the results of the vote.

Table of Contents

Proposal 2 To approve an amendment to our Amended and Restated Certificate of Incorporation (as amended) to increase the number of shares of common stock authorized for issuance thereunder from 70,000,000 to 140,000,000.

To approve Proposal 2, stockholders holding a majority of the outstanding shares of Agenus common stock entitled to vote at the 2014 Annual Meeting must vote FOR Proposal 2. If your shares are held by your broker in street name, and you do not vote your shares, we believe your brokerage firm has authority to vote your unvoted shares on Proposal 2. If the broker does not vote your unvoted shares, this will have the same effect as a vote against the proposal. Abstentions will also have the same effect as a vote against the proposal.

Proposal 3 To approve an amendment to our 2009 Equity Incentive Plan (as amended) to increase the number of shares of common stock authorized for issuance under such plan from 6,200,000 to 10,200,000.

To approve Proposal 3, stockholders holding a majority of the shares of Agenus common stock present or represented by proxy at the 2014 Annual Meeting and voting on the matter must vote FOR Proposal 3. Abstentions and broker non-votes will not be counted as votes cast or shares voting on Proposal 3 and will have no effect on the vote.

Proposal 4 To approve, in a non-binding advisory vote, the compensation of the Company's named executive officers.

To approve Proposal 4, stockholders holding a majority of Agenus common stock present or represented by proxy at the 2014 Annual Meeting and voting on the matter must vote FOR Proposal 4. Abstentions and broker non-votes will not be counted as votes cast or shares voting on Proposal 4 and will have no effect on the vote.

Proposal 5 To ratify the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014.

To approve Proposal 5, a majority of the votes cast by stockholders present in person or by proxy and voting on the matter must vote FOR Proposal 5. If your shares are held by your broker in street name, and you do not vote your shares, your brokerage firm has authority to vote your unvoted shares on Proposal 5. If the broker does not vote your unvoted shares, there will be no effect on the vote because these broker non-votes are not considered to be voting on the matter. Abstentions and broker non-votes will not be counted as votes cast or shares voting on Proposal 5 and will have no effect on the vote.

This proxy statement and our Annual Report on Form 10-K for the year ended December 31, 2013 are available on our website at <http://www.agenusbio.com/finance/sec-filings>. Prior to joining Advent, Dr. Malik spent six years practicing medicine before joining the London office of management consultants McKinsey & Company. While there he served international clients in the Healthcare and Investment Banking sectors. Dr. Malik holds an M.A. from Oxford University and a M.D. from Cambridge University. He subsequently specialized in interventional cardiology while also pursuing research interests in heart muscle disorders both in the clinic and basic science laboratory.

OUR CORPORATE GOVERNANCE

Our Commitment to Good Corporate Governance

We believe that good corporate governance and an environment of high ethical standards are important for Agenus to achieve business success and to create value for our stockholders. Our Board is committed to high governance standards and to continually working to improve them. We continue to review our corporate governance practices in light of ongoing changes in applicable law and evolving best practices.

Role of Our Board

The Board monitors overall corporate performance, the integrity of our financial controls, risk management, and legal compliance procedures. It elects senior management and oversees succession planning and senior management's performance and compensation. The Board also oversees our short- and long-term strategic and business planning, and reviews with management its business plan, financing plans, budget, and other key financial and business objectives.

Members of the Board keep informed about our business through discussions with the Chief Executive Officer and other members of our senior management team, by reviewing materials provided to them by the Company on a regular basis and in preparation for Board and committee meetings, and by participating in meetings of the Board and its committees. We regularly review key portions of our business with the Board. These practices afford the Board members the opportunity to actively participate in risk management assessment and raise questions and engage in discussions with management regarding areas of potential risk. The Audit and Finance Committee of the Board reviews the risk management practices of the Company and both the Corporate Governance and Nominating Committee and the Audit and Finance Committee receive an annual report from the Company's Chief Compliance Officer outlining areas of compliance focus and proposed recommendations. Additionally, the Compensation Committee reviews the Company's executive compensation program and the incentives created by the executive compensation program, to assess whether our compensation arrangements encourage excessive risk taking by our executives.

We introduce our executives and other employees to the Board so that the Board can become familiar with our key talent. Timothy R. Wright, our Lead Director, engages with each new Board member to introduce each new member to our Corporate Governance policies and their responsibilities to the Company as a director. Each Board member receives a Board of Directors Handbook that provides them with a summary of these practices and policies.

In 2013, the Board met nine times, and acted by written consent once. During 2013, each of our directors, except for Mr. Jordan, attended at least 75% of (i) the total number of meetings of the Board held during the period during which the director served, and (ii) all meetings of committees of the Board on which the director served during the periods the director served. In 2013, all of our Board members, except for Mr. Jordan, attended our 2013 annual meeting of stockholders. We expect our Board members to attend the 2014 Annual Meeting either in person or through our virtual web conference. Mr. Jordan attended more than 75% of meetings of our Board and attended 66% of meetings of the Compensation Committee. His inability to attend certain meetings of the Compensation Committee and the 2013 annual meeting of stockholders was the result of family obligations overseas that were unavoidable.

Governance Guidelines

The Board is guided by our Guidelines on Significant Corporate Governance (our Governance Guidelines). We believe our Governance Guidelines demonstrate our continuing commitment to good corporate governance. The Board reviews these Governance Guidelines from time to time, as needed. The Governance Guidelines are posted on the corporate governance section of our website at <http://www.agenusbio.com/finance/corporate-governance>. No material on our website is part of this proxy statement.

Performance of Our Board

We consider it important to continually evaluate and improve the effectiveness of the Board, its committees and its individual members. We do this in various ways. Each year, the Lead Director surveys the Board members to assess the effectiveness of the Board and its committees. Using these surveys, the Lead Director assesses the Board's performance and the performance of individual members, and reports his conclusions to the full Board. The assessment also evaluates the Board's effectiveness in reviewing executive management, conducting appropriate oversight and adding value to Agenus. Each of the Board's standing committees also conducts annual self-evaluations.

At each Board meeting, each Board member has the opportunity to assess the effectiveness of the materials presented and the conduct of the meeting, and to offer suggestions for improvement at future meetings.

Code of Business Conduct and Ethics

The Board originally adopted our Code of Business Conduct and Ethics (the Code of Ethics) in 2003. The Board reviewed, revised, and updated the Code of Ethics most recently in December 2012. The Code of Ethics applies to all members of the Board and all employees of Agenus, including our Chief Executive Officer, Principal Financial Officer, Principal Accounting Officer or controller, or persons performing similar functions. Among other matters, our Code of Ethics prohibits the members of the Board and all employees of Agenus from buying or selling our securities while in possession of material, non-public information about the Company. Our Code of Ethics is posted on the corporate governance section of our website at <http://www.agenusbio.com/finance/corporate-governance>. No material on our website is part of this proxy statement. We intend to post on our website all disclosures that are required by law or NASDAQ stock market listing standards concerning any amendments to, or waivers from, our Code of Ethics. Stockholders may request a free copy of our Code of Ethics by writing to Investor Relations, Agenus Inc., 3 Forbes Road, Lexington, MA 02421.

Independence of Directors

Our Governance Guidelines provide that a majority of the Board should be composed of independent directors. The Corporate Governance and Nominating Committee annually reviews the independence of the directors and reports to the Board which directors it recommends that the Board determine are independent. The Board then makes the final determination. The Board takes into account NASDAQ stock market listing standards, applicable laws and regulations, and other factors in making its determinations including potential conflicts of interest, transactions, and other relationships that would reasonably be expected to compromise a director's independence. The Board has determined that Mr. Corvese, Mr. Dechaene, Mr. Jordan, Dr. Malik, and Mr. Wright are currently independent directors. Dr. Armen is currently not an independent director because he is employed as Chief Executive Officer. Ms. Sharp is also currently not independent due to her employment history with the Company. We anticipate that Ms. Sharp will be deemed an independent director as of May 11, 2015. In making independence determinations with regard to other directors, the Board considered transactions between us and a director or a director's affiliates and any positions a director holds with entities with commercial relationships with us. In particular, with respect to Mr. Corvese, the Board considered the facts that (i) Antigenics Inc. entered into a non-exclusive license agreement for QS-21 Stimulon® with VaxLogic, Inc., a wholly owned subsidiary of Pharmlogics Inc., and (ii) Mr. Corvese's brother is the Chief Executive Officer of Pharmlogics Inc.

Executive Sessions of Independent Directors

Our independent directors typically meet in executive session without management present immediately prior to regularly scheduled Board meetings. Four such meetings were held during 2013.

Leadership Structure of the Board

Mr. Wright, an independent director, serves as the Lead Director of the Board and as Chair of the Corporate Governance and Nominating Committee. Mr. Wright also serves on the Compensation Committee, the Audit and

Table of Contents

Finance Committee and the Business & Development Advisory Committee. In addition to the duties of all directors, the specific responsibilities of the Lead Director include: (i) acting as chair of the Corporate Governance and Nominating Committee; (ii) developing the agenda for and presiding over all executive sessions of the independent directors; (iii) acting as principal liaison between the independent directors and the Chief Executive Officer on sensitive issues and raising at any meeting of the Board items that are not appropriately or best put forward by the Chief Executive Officer; and (iv) communicating to the Chief Executive Officer the independent directors' annual evaluation of the Chief Executive Officer. The Company's Chief Executive Officer serves as the Chairman of the Board. We believe that the Company's Chief Executive Officer is best situated to serve as Chairman because he is the director most familiar with the Company's business, and most capable of effectively identifying strategic priorities and leading the discussion and execution of our Company's strategy. Our independent directors and management have different perspectives and roles in strategy development. The Company's independent directors bring experience, oversight, and expertise from outside the Company and from inside and outside the Company's industry, while the Chief Executive Officer brings Company-specific experience and expertise. To assure effective independent oversight, the Company has adopted a number of governance practices, including:

a strong, independent, clearly-defined lead director role (as described above);

executive sessions of the independent directors held prior to quarterly board meetings; and

an annual performance evaluation of the Chairman/Chief Executive Officer by the independent directors.

While there may be circumstances in the future that would lead the Company to separate the offices of Chairman and Chief Executive Officer, we do not believe this is currently necessary due to the nature and size of the operations for our early-stage biotechnology company, the overall independence of the Board from management, and the strength of the Lead Director's role on the Board.

Committees of the Board

The Board currently has four standing committees: the Audit and Finance Committee, the Compensation Committee, the Corporate Governance and Nominating Committee, and the Business & Development Advisory Committee. The Board also appoints from time to time ad hoc committees to address specific matters.

Audit and Finance Committee***Members:******Meetings in 2013: 8******Brian Corvese, Chair******Tom Dechaene******Timothy R. Wright***

The Audit and Finance Committee consists entirely of independent directors within the meaning of the NASDAQ stock market listing standards and the requirements contemplated by Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the "1934 Act"). The Board has determined that Mr. Corvese, Chair of the Committee, and Mr. Dechaene each qualify as audit committee financial experts. For a description of Mr. Corvese and Mr. Dechaene's relevant experiences that qualify them as audit committee financial experts, please see their biographies on page 7 and page 9. During the entirety of 2013, the Audit and Finance Committee consisted of Mr. Corvese (Chair), Mr. Dechaene, and Mr. Wright. The Audit and Finance Committee's primary function is to assist the Board in monitoring the integrity of our consolidated financial statements and our system of internal control. The Audit and Finance Committee has direct responsibility for the appointment, independence, and monitoring of the performance of our independent registered public accounting firm. The committee is responsible for pre-approving any engagements of our independent registered public accounting

firm. The committee also reviews our risk management practices, strategic tax planning, preparation of quarterly and annual financial reports, and compliance processes.

The Audit and Finance Committee members meet regularly with our independent registered public accounting firm, without management present and with members of management in separate private sessions, to discuss any matters that the committee or these individuals believe should be discussed privately with the committee, including any significant issues or disagreements concerning our accounting practices or consolidated financial statements. The committee also reviews the Code of Ethics annually, and periodically meets with our Chief Compliance Officer. The committee conducts a meeting each quarter to review the consolidated financial statements prior to the public release of earnings. The committee has the authority to engage special legal, accounting or other consultants to advise the committee. The committee also has the authority to delegate to subcommittees any responsibilities of the full committee. The Audit and Finance Committee charter is posted on the corporate governance section of our website at <http://www.agenusbio.com/finance/corporate-governance>. Compensation Committee***Members:******Meetings in 2013: 6******Wadih Jordan, Chair******Brian Corvese******Timothy R. Wright***

The Compensation Committee consists entirely of independent directors within the meaning of applicable NASDAQ stock market listing standards. During the entirety of 2013, Mr. Jordan, Mr. Corvese and Mr. Wright were members of the Compensation Committee. The committee's primary responsibilities are to address our executive officers' and key employees' development, retention, and performance and to oversee compensation and benefit matters. It reviews and approves compensation policies for Agenus to ensure that our compensation strategy supports organizational objectives and stockholder interests and does not create incentives for inappropriate risk-taking. The committee determines the compensation of the Chief Executive Officer, and reviews and approves the compensation of all other executive officers and certain key employees. It also reviews and recommends compensation for members of the Board. Additionally, the committee approves and recommends, and suggests material changes to, any employee incentive compensation or retirement plans and any director compensation plans.

The Compensation Committee considers appropriate companies for compensation comparison purposes and retained two outside compensation consultants in 2013, Oyster Pond Associates and Independent Stock Plan Advisors, LLC (ISP), to provide market reference information for compensation and benefits. The committee has the authority to retain special legal, accounting, or other consultants to advise the committee. The committee also has the authority to delegate to subcommittees any responsibilities of the full committee. The Compensation Committee charter is posted on the corporate governance section of our website at <http://www.agenusbio.com/finance/corporate-governance>. No material on our website is part of this proxy statement. Table of Contents***Corporate Governance and Nominating Committee******Members:******Meetings in 2013: 4******Timothy R. Wright, Chair******Tom Dechaene***

The Corporate Governance and Nominating Committee consists entirely of independent directors within the meaning of applicable NASDAQ stock market listing standards. During the entirety of 2013, the Corporate Governance and Nominating Committee consisted of Mr. Wright (Chair) and Mr. Dechaene. The Corporate Governance and Nominating Committee is responsible for recommending to the Board policies relating to the conduct of Board affairs, the process for annual evaluation of the Board and the Chief Executive Officer, and issues of corporate public responsibility, and oversees the Company's succession planning. It periodically evaluates the composition of the Board, the contribution of individual directors, and the Board's effectiveness as a whole. The committee reviews the Company's ethics and compliance activities under the Code of Ethics and meets periodically with our Chief Compliance Officer, including meeting, as needed, for a separate private session with the Chief Compliance Officer without other members of management present.

The Corporate Governance and Nominating Committee recommends to our full Board individuals to serve as directors. The committee recommends to the Board guidelines and criteria for Board membership and reviews with the Board, on a periodic basis, the appropriate skills and characteristics required of Board members in the context of the then current needs of Agenus. The committee is responsible for reviewing with the Board the appropriate personal characteristics and professional competencies preferred of Board members, who are expected to work together as a team to properly oversee our strategies and operations. In general, all directors are expected to possess certain personal characteristics necessary to create a highly functional and collegial Board, which include personal and professional integrity, practical wisdom and mature judgment, an inquisitive and objective perspective, and time availability for performing the duties of a director. Mr. Wright did not participate in determination of his own nomination.

The Board, as a group, is expected to encompass a range of talents, ages, skills, diversity, and expertise sufficient to provide sound and prudent guidance with respect to the operations and interests of our business. Examples of desired professional competencies include accounting and financial literacy, industry knowledge, medical or scientific knowledge, and management experience. When evaluating potential new Board appointments, the Corporate Governance and Nominating Committee considers these factors, but the Board believes that a flexible evaluation process allows the committee to make sound judgments based on the needs of the organization and specific attributes of each candidate without a need for a formal policy on diversity. Candidates should also be enthusiastic about service on our Board and working collaboratively with existing Board members to create value for all of our stockholders.

The Corporate Governance and Nominating Committee does not have a formal policy with regard to the consideration of director candidates recommended by stockholders because it does not believe such a policy is necessary given that no unaffiliated stockholder has ever recommended a director candidate. When considering director candidates, the Corporate Governance and Nominating Committee, in consultation with the Chief Executive Officer and full Board, considers the current strengths on the existing Board, the current needs of the organization, and anticipated future activities and requirements of both the Board and the organization as a whole. Historically, director candidates have been generally identified primarily through referrals and the executive network pool of the Board and senior executives. If the committee were to receive a recommendation for a director candidate from a stockholder, the committee expects that it would evaluate such a candidate using the criteria described above. The committee will consider a recommendation only if appropriate biographical information and background material is provided on a timely basis, accompanied by a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least one year as of the date that the recommendation is made. To submit a recommendation for a nomination, a stockholder may write to the Lead Director, Agenus Inc., 3 Forbes Road, Lexington, Massachusetts 02421, Attention: Lead Director c/o Chief Compliance Officer.

Table of Contents

In addition, our by-laws permit stockholders to nominate individuals, without any action or recommendation by the committee or the Board, for election as directors at an annual meeting of stockholders. For a description of this by-law provision, see Additional Information on page 62 of this proxy statement. The charter of the Corporate Governance and Nominating Committee is posted on the corporate governance section of our website at <http://www.agenusbio.com/finance/corporate-governance>. No material on our website is part of this proxy statement.

Communications with the Board

You may contact the Board or any committee of the Board by writing to Board of Directors (or specified committee), Agenus Inc., 3 Forbes Road, Lexington, Massachusetts 02421, Attn: Lead Director c/o Chief Compliance Officer. You should indicate on your correspondence that you are an Agenus stockholder. Communications will be distributed to the Lead Director, the appropriate committee chairman, or other members of the Board or executive management, as appropriate, depending on the facts and circumstances stated in the communication received. Executive management will generally determine the proper response to inquiries of a commercial nature, which generally will not be forwarded to the Lead Director. Inquiries regarding accounting, internal controls over financial reporting, or auditing matters will be forwarded to the Chair of the Audit and Finance Committee, and inquiries involving matters governed by the Code of Ethics will be forwarded to the Chair of the Corporate Governance and Nominating Committee and the Chief Compliance Officer.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee for the year ended December 31, 2013 were Mr. Jordan (Chair), Mr. Corvese, and Mr. Wright. No member of the Compensation Committee was at any time during 2013, or formerly, an officer or employee of Agenus or any subsidiary of Agenus. No executive officer of Agenus has served as a director or member of a compensation committee (or other committee serving an equivalent function) of any other entity while an executive officer of that other entity served as a director of Agenus or member of our Compensation Committee.

COMPENSATION DISCUSSION AND ANALYSIS

This section discusses the principles underlying our policies and decisions with respect to the compensation of our executive officers who are named in the Summary Compensation Table below, who are referred to throughout this proxy statement as our named executive officers, and the material factors relevant to an analysis of these policies and decisions.

Executive Summary

Our compensation program is designed to attract and retain the highest caliber talent, reward strong performance and align incentives with the creation of long-term stockholder value, taking into consideration the resource constraints currently faced by the Company. We believe that the short-term compensation of our named executive officers is positioned at approximately the 50th percentile of our compensation peer group, and that our long-term incentive programs are designed to preserve our cash resources, promote long-term decision-making and, through our equity programs, align reward with stock price appreciation.

In 2013, our overall performance exceeded our annual corporate goals in the aggregate, and these accomplishments were achieved under challenging circumstances, including limited financial and human resources, aggressive timelines, and third party competition. We believe that our incentive programs were funded in a manner consistent with our operating performance, our long-term objectives as a company, and our compensation philosophy.

As more specifically described below, during 2013 a large randomized NCI-sponsored Phase 2 study of Prophage in combination with Avastin in recurrent Glioblastoma Multiforme (GBM) was initiated, we generated positive data in newly diagnosed GBM, an important milestone was reached for QS-21 with the generation by GlaxoSmithKline (GSK) of positive Phase 3 results for its RTS,S malaria vaccine candidate, we completed our Phase 2 study of HerpV generating statistically significant top line results, we raised \$26.5 million in equity financings and we paid off \$39.0 million in convertible notes. In addition, we progressed towards the execution of a definitive agreement to acquire 4-Antibody AG, a privately held Swiss company, significantly expanding our pipeline in immune-oncology.

Compensation Philosophy

Our executive compensation and benefits program is designed to attract and retain the highest caliber executives and reward and motivate them to pursue our strategic opportunities while effectively managing the risks and challenges inherent to an early-stage biotechnology company. We have created a compensation package that combines short- and long-term components, cash and equity, and fixed and contingent payments, in the proportions we believe are most appropriate to incent and reward our executives to achieve the following goals:

Build a creative and high performing team whose participants understand and share our business objectives and ethical and cultural values.

Demonstrate leadership and innovation in the identification, development, and commercialization of product candidates that fit our strategic objectives.

Effectively manage the multiple dimensions of our business, from research and development, through clinical trials, manufacturing, strategic alliances, and all aspects of operations in order to maximize the value of each dollar deployed.

Identify and address our short- and long-term financing requirements in a highly strategic and creative manner, and deploy available funds for maximum benefit to our stockholders.

Our executive compensation strategy not only aims to be competitive in our industry, but also to be fair relative to other professionals within our organization. We seek to foster a performance-oriented culture, where

Table of Contents

individual performance is aligned with organizational objectives and is tied to the value we deliver to our stockholders. Our executives' base salary, target annual bonus levels, and target annual long-term incentive award values are set at competitive levels. Executives have the opportunity to earn above-market pay only for above-market performance as measured against our peer group of companies (see "Competitive Market Review" for further information on our peer group).

We continually review our compensation approach in order to ensure our programs reward executives for achieving our goals and objectives in a manner consistent with other early-stage biotechnology companies. At the same time, in designing our compensation package we seek to reward executive decisions that align the Company's goals and objectives with delivering positive stockholder returns. We evaluate and reward our executives based on their contribution to the achievement of short- and long-term goals and objectives and their ability to take advantage of unique opportunities and overcome difficult challenges within our business. We believe that our approach to setting goals and objectives, our mix of short-term and long-term incentives, and our evaluation of performance results assist us in managing any risk taking that may result from our compensation program and aligning our employees' behavior with our overall business plan and the interests of our stockholders.

At the Company's 2011 Annual Meeting of Stockholders, our stockholders had the opportunity to cast an advisory vote (a "say-on-pay" proposal) on the compensation of our executive officers as disclosed in our proxy statement for that meeting. Stockholders approved the say-on-pay proposal by the affirmative vote of 93.3% of the votes cast on that proposal. The Compensation Committee believes this affirms stockholders' support of the Company's approach to executive compensation, and this approach has not changed since the 2011 Annual Meeting of Stockholders. The Compensation Committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for our named executive officers. At our 2011 Annual Meeting of Stockholders, our stockholders also had the opportunity to cast an advisory vote (a "say-on-frequency" proposal) on how often the Company should include a say-on-pay proposal in its proxy statements for future annual meetings. Our stockholders approved a proposal to hold say-on-pay votes every three years. Accordingly, our Board adopted the policy to hold say-on-pay votes every three years until the next required "say-on-frequency" advisory vote, which will occur no later than our 2017 Annual Meeting of Stockholders. Proposal 4 at our 2014 Annual Meeting will provide stockholders with the opportunity to vote on the "say-on-pay" advisory resolution.

Competitive Market Review

The market for top tier executive talent is highly competitive. Our objective is to attract and retain a superior leadership team. In doing so, we aim to draw upon a pool of talent that is highly sought after by both large and established pharmaceutical and biotechnology companies in and outside our geographic area and by other life science companies.

We believe we have competitive advantages in our ability to offer significant upside potential through stock options and other equity instruments. Nonetheless, we must recognize market cash compensation levels and satisfy the day-to-day financial requirements of our candidates through competitive base salaries and cash bonuses. We also compete on the basis of our vision of future success, our culture and values, the cohesiveness and productivity of our teams, and the excellence of our scientists and management personnel.

In order to succeed in attracting highly talented executives, we continuously monitor market trends and draw upon surveys prepared by the Radford Surveys division of AON Hewitt, custom research developed by our compensation consultant, ISP and other nationally recognized surveys. Our Compensation Committee reviews data that analyzes various cross-sections of our industry as well as relevant geographical areas.

Market References: How We Define Market and How We Use Market Compensation Data. Our Compensation Committee has engaged ISP as an independent compensation consultant to evaluate our total compensation program and compare it to levels in the market.

Table of Contents

Defining the Market. For 2013, we used two market references to compare our executive total compensation practices and levels to those in the market:

1. Radford Global Life Sciences Survey conducted by the Radford unit of AON Hewitt: A national survey of executive compensation levels and practices that covers approximately 1,300 positions in more than 560 life science organizations. We focus primarily on a predetermined subset of companies with between 50 and 149 employees.
2. Proxy data derived from a select peer group of biotech companies of a similar size, market capitalization, development stage and therapeutic focus. The composition of this group is reassessed on an annual basis with guidance from ISP.

The twenty-five (25) companies currently included in our peer group are as follows: ARIAD Pharmaceuticals; ArQule, Inc.; Array BioPharma; AVEO Pharmaceuticals; BioCryst Pharmaceuticals; Cell Therapeutics; Curis, Inc.; Cytokinetics; Dyax; GTx, Inc.; Idera Pharmaceuticals; ImmunoGen, Inc.; Immunomedics, Inc.; Infinity Pharmaceuticals; Ligand Pharmaceuticals; Omeros; Pain Therapeutics; Peregrine Pharmaceuticals; Sangamo BioSciences; Sunesis Pharmaceuticals; Synta Pharmaceuticals; Trubion Pharmaceuticals; Vical, Inc.; Zalicus (formerly CombinatoRx, Inc.); and ZIOPHARM Oncology. Based on the recommendation of ISP, the Compensation Committee made no changes to this peer group in 2013.

Determining Market Levels and Specific Comparisons. We compare our practices and levels by each compensation component, by total annual compensation (including target annual incentive opportunity) and by total compensation including equity compensation components. The competitive comparisons made in this process are used to determine our approximate position relative to the appropriate market reference by compensation component and in total.

Total Compensation

We intend to continue our strategy of compensating our named executive officers at competitive levels, with the opportunity to earn above-market pay for above-market performance. We will continue to emphasize long-term equity incentives and performance-based incentive compensation delivered in the form of equity to maintain our competitive pay philosophy.

For 2013, the total compensation paid to the named executive officers generally fell between the 40th and 60th percentile of total compensation paid to executives holding equivalent positions in our peer group of companies. We believe that the total compensation was reasonable in the aggregate and under our financial circumstances. Further, in light of our compensation philosophy, we believe that the total compensation package for our executives should continue to consist of base salary, annual incentive awards (bonus), long-term equity-based incentive compensation, and certain other benefits.

The competitive posture of our total annual compensation versus the market references will vary year to year based on Company and individual performance, as well as the performance of the peer group companies and their respective level of annual performance bonus awards made to their executives. We expect to continue targeting total annual direct compensation at approximately the 50th percentile, with an emphasis on performance-based variable compensation.

Evolution of our Compensation Strategy

Our compensation strategy is necessarily tied to our stage of development. Accordingly, the specific direction, emphasis, and components of our executive compensation program continue to evolve in parallel with the evolution of our business strategy. For example, we expect that if we become a fully integrated commercial company, our executive compensation program, and in particular our Executive Incentive Plan, will focus more on quantitative performance metrics. Our Compensation Discussion and Analysis would, in the future, reflect these evolutionary changes.

Table of Contents

Role of Our Compensation Committee

Our Compensation Committee approves, administers, and interprets our executive compensation and benefit policies, including awards that have been made under our 1999 Equity Incentive Plan (as amended) and under our 2009 Equity Incentive Plan, as amended to date (the 2009 Equity Incentive Plan). Our Compensation Committee is appointed by our Board, and consists entirely of directors who are outside directors for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) and non-employee directors for purposes of Rule 16b-3 under the 1934 Act. Our Compensation Committee is comprised of Mr. Jordan (Chair), Mr. Corvese and Mr. Wright.

Our Compensation Committee ensures that our executive compensation and benefit program is consistent with our compensation philosophy and our Governance Guidelines, and determines the executive compensation packages offered to our officers.

Executive Compensation Program

Components of our Compensation Program

Our performance-linked compensation program consists of the four components listed below:

1. Short-term compensation
 - a. Base salary
 - b. Annual incentive bonuses
2. Long-term incentives
3. Benefits
4. Severance compensation and termination protection

We have established a goal deployment program to set and refine Company strategic objectives, and to cascade those objectives throughout the organization, and to prioritize and operationalize the achievement of these objectives. To determine levels of overall executive compensation, the Compensation Committee balances individual, functional area, and company-wide goals and achievements. Each executive participates in establishing the objectives of our Company as a whole, and offers his or her views as to the goals of each other's functional area, insofar as those goals impact the individual executive's own functional area. We also ask our executives to provide feedback not only on their own performance and that of their particular area, but also of other functional areas and our entire organization. We see this process both as the optimal means of assembling accurate information regarding the expectation and realization of performance, as well as an integral part of our culture of collaborative, team-oriented management. Final goals and objectives are approved by the Board.

In 2013, our Company goals included:

Initiate NCI sponsored randomized Phase 2 study of Prophage G-200 product candidate in combination with Avastin for treatment of recurrent GBM.

Edgar Filing: AGENUS INC - Form PRE 14A

Increase/preserve value of our QS-21 adjuvant franchise and optimize the potential positive impact of MAGE-A3 data generated by GSK.

Generate results on Phase 2 study of HerpV by end of 2013.

Each year we evaluate the achievement of Company goals and objectives, functional area goals and individual executive performance. At the end of the year, we review final performance results versus our goals and objectives and begin discussions regarding goals and objectives for the next fiscal year. Incentive compensation, based on the achievement of goals and objectives, may be awarded in the form of an annual cash bonus and equity-based awards. Equity-based awards are used to align the interests of our executives with those of our stockholders and to promote a long-term performance perspective and progress toward achieving our long-term strategy. Our general philosophy is to emphasize equity over cash compensation and long over short term compensation.

Our senior executives' total compensation may vary year to year based on Company and individual performance. Further, the value to our senior executives of equity awards will vary based on our stock price performance. The general structure of our compensation programs for executive officers is consistent with that of non-executive members of the Agenus management team. Perquisites are not a component of our compensation program, except that Dr. Armen receives car services which have not exceeded \$16,000 a year in any of the preceding three years as noted below.

1. Short-term Compensation.

Our short-term compensation program consists of base salary and annual incentive bonuses. Base salary will typically be used to recognize the experience, skills, knowledge, and responsibilities required of each officer, as well as competitive market conditions.

- a. **Base Salary:** Base salaries for our executives are generally positioned at or around the 50th percentile versus our peer group (see **Competitive Market Review** for further information on the peer group). In establishing the base salaries of the executive officers, our Compensation Committee and management take into account a number of factors, including the executive's seniority, position and functional role, and level of responsibility.

We also consider the following factors when determining base salary:

For newly hired personnel, we consider the base salary of the individual at his or her prior employment and any unique personal circumstances that motivated the executive to leave that prior position and join Agenus. In addition, we consider the competitive market for corresponding positions within comparable companies of similar size and stage of development.

For individuals newly promoted to a position, we also consider the competitive market and their prior salary and experience. Where these individuals may not have the same level of experience at the time of promotion as a counterpart hired from outside the Company, we may define a multi-step approach to bringing their salaries in line with targeted levels. Salary increases at each of these steps will be contingent on the continued good performance of the individual.

The base salary of our named executive group is reviewed on an annual basis, and adjustments are made to reflect performance-based factors, as well as competitive conditions. Increases are considered within the context of our overall annual financial constraints before more specific individual and market competitive factors are considered. We do not apply specific formulas to determine base salary increases. There were no salary increases given to our executives in 2013. However, in January 2014, the Compensation Committee approved an 11% increase for Ms. Valentine to reward her for her performance in 2013 and to bring her base salary more in line with the competitive market.

- b. **Annual Incentive Bonuses:** Annual incentive bonuses for our executive officers are based on achievement of the Company's goals and objectives as well as individual performance as outlined in our 2004 Executive Incentive Plan, as amended (the "Executive Incentive Plan"). An individual executive is eligible to receive an award ranging from 0-200% of his or her target bonus based on the Compensation Committee's evaluation of the achievement of Company goals and objectives and such individual's performance. The Company's annual goals and objectives are set at the beginning of each fiscal year and are reviewed and approved by the Board. At the end of the fiscal year, our executive management prepares a report outlining the extent to which Company goals and objectives were achieved and presents that report to the Compensation Committee along with a recommendation on the percentage funding level for the executive officers' target bonus awards. The Compensation Committee evaluates the report, along with any relevant supporting documentation and considers it in the context of any change in facts or circumstances that could have impacted goal attainment throughout the year. From time to time, the Compensation Committee may request supplemental information from management to support its evaluation. Based on this evaluation, as well as the Company's available financial resources, the Compensation Committee determines the appropriate funding level for the executive officers' target bonus payout. There is no quantifiable formula or weighting of goals. As a result, the Compensation Committee exercises discretion in establishing the funding level of the executive officers' target bonus payout, taking into account the level of achievement of the Company goals as a whole. Once determined, the recommended bonus payout level is applied to each executive officer's target bonus percentage to establish the individual target award. The Compensation Committee may exercise further discretion to adjust the actual bonus paid to the individual executive officer based on his or her individual performance that impacted the Company's overall performance. For the 2013 performance year, the target bonuses as a percentage of base salary for our named executive officers were as follows:

Named Executive Officer	Target Bonus
Dr. Armen	50%
Mr. Baysal	40%
Ms. Klaskin	30%
Ms. Valentine	30%
Ms. Wentworth	40%

For the 2013 performance year, the annual incentive awards granted to our executive officers and other members of key management were based on their target bonuses, which are based on competitive benchmarks, and the Committee's assessment of overall Company performance. The Committee chose not to adjust individual awards except in the case of Ms. Valentine's 2013 award as noted below. This approach was taken to acknowledge and reinforce the importance of teamwork in addressing the unique set of performance challenges facing the Company in this cycle, which included limited staff and resources and the need to optimize cross-functional cooperation.

In determining the annual incentive awards granted to our executive officers for the 2013 performance year, our Compensation Committee noted the following key accomplishments:

Generated positive Phase 2 results for Prophage in the treatment of newly diagnosed GBM. Initiated a large, randomized Phase 2 study of Prophage in combination with Avastin® for the treatment of recurrent GBM with the full sponsorship and support of the National Cancer Institute (NCI) and the Alliance for Clinical Trials in Oncology (Alliance). The Alliance trial is the largest brain tumor vaccine trial ever funded by NCI and the largest vaccine study ever conducted with Avastin.

Received positive Phase 3 results for GlaxoSmithKline's (GSK) RTS,S malaria vaccine candidate containing QS-21 Stim[®]. GSK has indicated their plan to file for approval in 2014.

Completed Phase 2 study of HerpV, generating statistically significant top line results.

Took substantial steps towards the strategic acquisition of 4-Antibody, which has a platform for rapid discovery and optimization of fully-human antibodies, lead programs targeting six (6) immune checkpoint molecules and established relationships with the Ludwig Institute for Cancer Research and Memorial Sloan Kettering Cancer Center. The definitive agreement for this acquisition was signed in January 2014 and the acquisition closed in February 2014.

Advanced research and development programs for next generation adjuvants through our collaborative partners.

Eliminated \$39.0 million in convertible notes.

Raised \$26.5 million through equity offerings. Closed year with \$27.4 million in cash. Implemented a number of cost savings initiatives which reduced budgeted burn rate by \$500,000 despite unplanned investments in strategic programs.

Closed critical capability gaps and recruited top talent into key positions. Retained 100% of the key management team and maintained overall turnover at less than 10%.

The incentive awards for 2013 performance for our named executive officers, with the exception of Ms. Valentine, were paid at 135% of target. In determining the 135% incentive award, our Compensation Committee gave weight to the fact that these accomplishments were made in a challenging economic environment in which the management team was under substantial resource constraints and that the accomplishments in 2013, especially the progress made towards the acquisition of 4-Antibody and the elimination of the convertible notes were critical in repositioning the Company for future growth and the creation of stockholder value. Ms. Valentine's award for her 2013 performance was 185% of target. The Compensation Committee believed it was important to differentiate Ms. Valentine's award to recognize her substantial contributions to the resolution of the convertible notes and her leadership in the diligence review, negotiation and execution of the 4-Antibody acquisition.

2. Long-term Incentives.

Our long-term incentives consist of stock options and restricted stock grants. Our stock options and restricted stock grants are designed to align management's performance objectives with the interests of our stockholders because these awards only confer value on management as stockholder value is realized. Our Compensation Committee grants options and restricted stock to our executives to enable them to participate in long-term appreciation of our stockholder value, as well as to share the impact of any business setbacks, whether Company-specific or industry-based. Additionally, through each grant's vesting schedule, stock options and restricted stock provide a means of encouraging the retention of key executives.

In June 2012, the Compensation Committee approved grants of restricted stock awards for Company executive officers and senior management team that vest only on the achievement of key milestones. These awards were based upon guidelines recommended by the Compensation Committee's independent compensation consultant, Oyster Pond Associates. The weightings for these awards were based on the Compensation Committee's judgment and its assessment of the strategic importance of the applicable milestone. The Compensation Committee believes these restricted stock awards enhance the pay-for-performance characteristics of its long-term incentive strategy and provides even closer alignment with stockholder interests as the awards vest upon achievement of strategically important milestones.

Table of Contents

For the June 2012 performance based restricted stock grant, 50% of the shares vest on the achievement of any one of the following performance milestones and 100% of the shares vest on the achievement of any two of the following performance milestones:

Restructuring or conversion of the 2006 convertible notes,

Filing of a marketing application for first vaccine containing QS-21 Stimulon® adjuvant,

Timely completion of enrollment in Phase 2 study of HerpV, and

Completion of a major collaboration or acquisition that advances the development of our HSP product(s) or expands our product and/or technology portfolio.

Any portion of the grant not earned in that timeframe would be forfeited.

On June 13, 2013 the Compensation Committee vested 100% of the June 2012 grant based on (i) the timely completion and enrollment in the Company's Phase 2 trial of HerpV and (ii) the restructuring of the Company's 2006 convertible notes.

In June 2013, the Compensation Committee amended incentive awards granted to our executive officers during 2012 in order for those awards to be delivered in cash or a combination of cash and stock at the election of the executive officer. The Compensation Committee took this action because our executive officers were subject to a no sell policy prohibiting the sale of shares to cover mandatory tax obligations triggered at the time the shares vested. In addition, in June 2013, the Compensation Committee granted our executive officers a one-time cash bonus to cover the tax obligations on the vesting of the performance shares granted in 2012. The Compensation Committee took this action because of the no sell policy in place at the time the shares vested and, in their opinion, the executive team performed beyond expectations in the first half of 2013 as evidenced by the achievement of the performance milestones that triggered the vesting of the performance shares in less than twelve (12) months.

In September 2013, the Compensation Committee approved grants of stock options to the Company's executive officers and the senior management team that vest only on the achievement of key milestones. These awards were based upon guidelines recommended by the Compensation Committee's independent compensation consultant, ISP. The weightings for these awards were based on the Compensation Committee's judgment and its assessment of the strategic importance of the applicable milestone. The Compensation Committee believes these stock options enhance the pay-for-performance characteristics of its long-term incentive strategy and provide even closer alignment with stockholder interests as the awards vest upon achievement of strategically important milestones.

For the September 2013 stock option grant, one-third of the options vest on the achievement of any of the following performance milestones, two-thirds of the shares vest on the achievement of any two of the following performance milestones and 100% of the shares vest on the achievement of any three of the following performance milestones:

Filing of a U.S. or European marketing application for a product containing QS-21 Stimulon.

FDA Granting of Breakthrough Therapy Designation for HSPCC-96 in GBM.

A successful readout on Phase 2a trial of HerpV as defined in the protocol.

Execution of an out licensing or collaboration agreement for a Prophage series product.

Execution of an out licensing or collaboration agreement for HerpV.

Completion of one (1) commercial, two (2) clinical, or five (5) pre-clinical in-license, asset acquisition or collaboration agreements.

Achievement of a market capitalization of \$200 million or more for a period of thirty consecutive days.

Table of Contents

The 2013 stock option grants have a term of three years. Any portion of the grant not earned in that timeframe will be forfeited.

In addition, in conjunction with a company-wide award following the closing of the 4-Antibody acquisition in February 2014, the Company awarded our executive officers options to acquire 1,146,700 shares of our common stock at an exercise price per share of \$3.00, representing the fair market value of a share of our common stock on the date of the award. The options awarded vest in equal quarterly increments over a three-year period. The options were awarded subject to forfeiture in the event the Company does not receive stockholder approval of the increase in the number of shares authorized for issuance under the Amended and Restated Certificate of Incorporation (as amended) and the 2009 Equity Incentive Plan at the 2014 Annual Meeting.

Initial and Promotional Long-Term Incentive Grants:

The size of the initial long-term incentive grant made to executive officers upon joining the Company or to current employees being promoted to executive officer positions is primarily based on competitive conditions applicable to the executive's specific position. In addition, the Compensation Committee considers the number of options and restricted stock awards owned by other executives in comparable positions within our Company and has, with the assistance of its independent compensation consultant, established long-term incentive guidelines for specified categories of executives. We believe this strategy is consistent with the approach of other early-stage companies in our industry and, in our Compensation Committee's view, is appropriate for aligning the interests of our executives with those of our stockholders over the long term.

Market Comparisons:

We use a number of methodologies to make external comparisons when we set the number of options and restricted shares to be granted to each executive. On an individual basis, we compare:

the fair value of the grant, determined using methods that are consistent with the guidance in Accounting Standards Codification 718, *Compensation - Stock Compensation* (ASC 718),

the face value of the grant by position,

the face value of the grant as a multiple of base salary,

the number of options and restricted shares granted by position,

the number of options and restricted shares, in total, granted, and still held, by position as a percentage of total shares granted and of total common shares outstanding, and

the proportion of exercisable to non-exercisable shares held, in total.

On a total Company basis, when it is appropriate, we analyze:

total annual equity burn rates,

total number of shares remaining in the approved pool under the 2009 Equity Incentive Plan, and

equity overhang.

We believe these comparisons provide important additional context for comparing the competitive level of our equity-based compensation practices versus the market.

Ultimately, awards to executive officers are driven by their performance over time, their ability to impact our results that drive stockholder value, their level within the organization, their potential to take on roles of increasing responsibility in our Company, and competitive equity award levels for similar positions and organization levels in our peer companies. Equity awards are not granted automatically to our executives on an annual basis.

Directors, executive officers, and all other employees of our Company are required to sign our Company's Policy Statement on Securities Trades. This policy prohibits trading on, or disclosing, material non-public information, and also establishes black-out periods for directors, officers, and certain other members of key management.

3. Benefits.

We provide the following benefits to our executive officers generally on the same basis as the benefits provided to all employees:

Health and dental insurance,

Life insurance,

Short- and long-term disability,

401(k) plan, and

Employee Stock Purchase Plan.

We believe that these benefits are consistent with those offered by other companies and specifically with those companies with which we compete for employees.

4. Severance Compensation and Termination Protection.

We have entered into employment and change of control arrangements with Dr. Armen, Ms. Valentine, and Ms. Wentworth. Mr. Baysal and Ms. Klaskin participate in our executive change of control plan. These arrangements provide for severance compensation to be paid if the executives are terminated under certain conditions, such as a change of control of the Company or a termination without cause by us, each as is defined in the respective agreements or plan.

The employment and change of control arrangements and the executive change of control plan, as applicable, between our Company and our executive officers and the related severance compensation provisions are designed to meet the following objectives:

Change of Control: As part of our normal course of business, we engage in discussions with other biotechnology and pharmaceutical companies about possible collaborations, licensing and/or other ways in which the companies may work together to further our respective long-term objectives. In addition, many larger established pharmaceutical companies consider companies at similar stages of development to ours as potential acquisition targets. In certain scenarios, a merger or sale of the Company may be in the best interests of our stockholders. We provide severance compensation if an executive officer is terminated as a result of a change of control transaction in order to maintain management continuity in the event a potential transaction is announced and to promote the ability of our executive officers to act in the best interests of our stockholders even though they could be terminated as a result of the transaction.

Termination without Cause: If we terminate the employment of an executive officer who is party to an employment and change of control arrangement without cause, or the executive resigns due to a compensation reduction or, in the case of Dr. Armen, for other good reason as defined in the applicable agreement, we are obligated to continue to pay the base salary, bonus, and medical and dental benefits for a defined period, as well as to provide outplacement services. We believe this is appropriate because the terminated executive is bound by confidentiality, non-solicitation and non-compete provisions covering one year after termination and because we and the executive have mutually agreed to a severance package that is in place prior to any termination event. This

Edgar Filing: AGENUS INC - Form PRE 14A

provides us with more flexibility to make a change in senior management if we consider such a change to be in our and our stockholders' best interests.

Table of Contents

The payments provided under these arrangements are as follows:

Change of Control: Upon a change of control, 50% of the executives' unvested stock options and restricted shares immediately vest. If the executive is terminated other than for cause or resigns for good reason as a result of the change of control, the remaining 50% vests.

If Dr. Armen is terminated other than for cause or resigns for good reason upon a change of control, he is entitled to receive from the Company:

his base salary for a period of 24 months, bonus, and medical and dental benefits continuation,

outplacement services, and

a gross-up payment to cover any excise taxes required under Section 280G of the Code.

Our other named executive officers, other than Mr. Baysal, are entitled to receive from the Company, 18 months base salary, bonus, and medical and dental benefits continuation, and outplacement services. Mr. Baysal is entitled to receive from the Company, 12 months base salary, bonus, and medical and dental benefits continuation, and outplacement services. In addition, Ms. Valentine and Ms. Wentworth are entitled to Section 280G gross-up payments under the same circumstances.

Termination without Cause:

If we terminate Dr. Armen's employment without cause or he resigns for good reason not involving a change of control, he is entitled to 18 months base salary, bonus, medical and dental benefits continuation, and outplacement services.

Ms. Wentworth and Ms. Valentine are entitled to 12 months base salary, bonus, medical and dental benefits continuation, and outplacement services under the same circumstances.

Executive employment and change of control arrangements are covered in greater detail in the section entitled "Potential Payments Upon Termination or Change of Control."

Potential Payments Upon Termination or Change of Control

We have entered into certain agreements and maintain certain plans that may require us to make certain payments and/or provide certain benefits to the executive officers named in the Summary Compensation Table in the event of a termination of employment or a change of control. Dr. Armen, Ms. Valentine, and Ms. Wentworth are each currently party to employment and change of control agreements providing for payments in connection with such officers' termination or a change of control. Ms. Klaskin and Mr. Baysal are each party to a change of control arrangement providing for payments in connection with a change of control. A change of control is defined in each of the agreements and plan generally as (i) the acquisition by any individual, entity or group of 50% or more of the common stock of the Company, (ii) a change in the incumbent Board such that incumbent directors cease to constitute at least a majority of our Board, (iii) a sale or other disposition of all or substantially all of the assets of the Company, or (iv) approval by the stockholders of the Company of a complete liquidation or dissolution of the Company. The following text and tables summarize the potential payments to each applicable named executive officer assuming that the triggering event occurred on December 31, 2013, the last day of our fiscal year.

Our Chief Executive Officer

Under Dr. Armen's employment and change in control agreement, if we terminate Dr. Armen's employment without cause or if he terminates his employment for good reason (as defined), he is entitled to receive from the Company:

at the Compensation Committee's discretion, the acceleration of vesting of any unvested stock options.

Under Dr. Armen's employment and change in control agreement, *good reason* means the occurrence of any of the following events:

- (i) failure to continue Dr. Armen in the position of Chief Executive Officer,
- (ii) a material and substantial diminution in the nature or scope of his responsibilities, duties or authority,

- (iii) a material reduction in base salary or benefits, or

If a change of control occurs and, within 24 months, we terminate Dr. Armen's employment without cause or if he terminates his employment for good reason, he is entitled to receive from the Company:

We used the following assumptions to calculate these payments:

We valued stock options accelerated using the closing price of our common stock on The NASDAQ Capital Market on December 31, 2013, which was \$2.64 per share, utilizing the same assumptions that we utilize under ASC 718 for our financial reporting. Upon a change of control without termination, the acceleration of vested equity would be valued at \$21,052.

We assumed in each case that termination is not for cause, the executive does not violate his non-competition or non-solicitation agreements with us following termination, the executive does not receive medical and dental insurance coverage from another employer within two years of termination or change of control, and the executive does not incur legal fees requiring reimbursement from us.

We used the same assumptions for health care benefits that we used for our financial reporting under generally accepted accounting principles in the United States.

Edgar Filing: AGENUS INC - Form PRE 14A

Gross-up payments assume a December 31, 2013 change of control and termination date. For purposes of these payments, the following are included as parachute payments: cash severance payable upon termination in connection with a change of control, the value of any outplacement services and benefits continuation due in the event of such a termination, and the value of the acceleration of outstanding equity awards, all determined in accordance with applicable tax regulations. We have assumed that all outstanding options are cashed out in the assumed transaction for an amount equal to the excess, if any, of \$2.64 (the closing price of our common stock on December 31, 2013) over the exercise price per share under the option, multiplied by the number of shares subject to the option. Finally, these figures assume that none of the parachute payments will be discounted as attributable to reasonable compensation and no value is attributed to the executive executing a non-competition agreement in connection with the assumed termination of employment.

Each director was granted 15,000 options during 2013.

Employee directors do not receive any additional compensation for their service as a director. Each year, the Compensation Committee reviews the compensation we pay to our non-employee directors. The committee compares our Board compensation to compensation paid to non-employee directors by similarly sized public companies in similar businesses. The committee also considers the responsibilities that we ask our Board members to assume and the amount of time required to perform those responsibilities.

Our Directors' Deferred Compensation Plan (as amended) (the "DDCP") permits each non-employee director to defer all or a portion of his or her cash compensation until his or her service ends or until a specified date. A director may credit his or her deferred cash into an interest bearing account, an equity account, or a combination of both. As a matter of policy, directors are encouraged to elect to defer twenty-five percent of their cash compensation in the form of equity under the DDCP.

The Board has adopted a policy guideline that encourages directors to hold 10,000 shares of our common stock within a reasonable period of time following their election or appointment to the Board. In addition to purchasing shares in the open market, directors may utilize the DDCP or the Agenus Board Compensation Policy, which allows directors to receive their compensation in stock, to acquire these shares. In accordance with the requirements of the DDCP, elections to defer compensation thereunder must be made prior to the end of the third quarter of the prior calendar year. In some cases, a director, due to securities law restrictions, may be unable to purchase such shares until such election takes effect.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions

Effective February 12, 2014, the Board elected Shahzad Malik, M.D. as a director with a term expiring at the 2014 Annual Meeting. Dr. Malik's election to the Board was pursuant to the terms of the Share Exchange Agreement (the "Exchange Agreement") providing for our acquisition of all of the outstanding capital stock of 4-Antibody. Other than the foregoing, there are no arrangements or understandings between Dr. Malik and any other person pursuant to which Dr. Malik was appointed as a director. Dr. Malik is a General Partner of Advent Venture Partners LLP ("Advent"). Advent, through its affiliated entities was, collectively, 4-Antibody's largest shareholders prior to the completion of the transactions contemplated by the Exchange Agreement. Advent and its affiliated entities, and not Dr. Malik in his individual capacity, received 996,088 shares of our common stock, having a value of approximately \$3 million, as consideration for our acquisition of Advent's ownership interests in 4-Antibody. Other than the transactions previously disclosed in the Company's Current Reports on Form 8-K filed with the SEC on January 13, 2014 and February 13, 2014 Dr. Malik is not a party to any material plan, contract or arrangement entered into or materially amended in connection with his election to the Board.

Related Party Transaction Policies and Procedures

The Audit and Finance Committee of the Board is responsible for reviewing and approving all material transactions with any related party on a continuing basis. Related parties can include any of our directors or executive officers, certain of our stockholders, and their immediate family members. This obligation is set forth in writing in our Audit and Finance Committee Charter. A copy of the Audit and Finance Committee Charter is posted on the corporate governance section of our website at <http://www.agenusbio.com/finance/corporate-governance>. No material on our website is part of this proxy statement. In evaluating related party transactions, our Audit and Finance Committee members apply the same standards of good faith and fiduciary duty they apply to their general responsibilities as a committee of the Board and as individual directors. The Audit and Finance Committee will approve a related party transaction when, in its good faith judgment, the transaction is fair to, and in the best interest of, Agenus.

To identify related party transactions each year, we submit and require our directors and executive officers to complete Director and Officer Questionnaires identifying any transactions with us in which the officer or director or their family members have an interest. We also review related party transactions due to the potential for a conflict of interest. A conflict of interest occurs when an individual's private interest interferes, or appears to interfere, in any way with our interests. Our Code of Ethics requires all directors, officers, and employees who may have a potential or apparent conflict of interest to immediately notify our Chief Compliance Officer for review and approval by management and our Corporate Governance and Nominating Committee. **PROPOSAL 2 TO APPROVE AN AMENDMENT TO OUR AMENDED AND RESTATED CERTIFICATE OF INCORPORATION
(AS AMENDED) TO INCREASE THE NUMBER OF**

SHARES OF COMMON STOCK AUTHORIZED FOR ISSUANCE THEREUNDER FROM 70,000,000 TO 140,000,000

Description of Proposed Amendment to our Amended and Restated Certificate of Incorporation

The Board of Directors has adopted, subject to stockholder approval, an amendment to our Amended and Restated Certificate of Incorporation (as amended). This amendment would increase the authorized number of shares of Agenus common stock from 70,000,000 shares to 140,000,000. No increase would be made to shares of Agenus preferred stock.

As of February 24, 2014 there were 62,173,299 shares of common stock outstanding and held by Agenus stockholders. As of February 24, 2014, there were 109,744 shares of common stock reserved for issuance under our 2009 Equity Incentive Plan.

In February 2014 we raised approximately \$56.0 million in a public offering by issuing approximately 22.2 million shares of our common stock. In order to maximize the benefit of this financing for the Company and in response to high investor demand, we had to deplete nearly all remaining authorized shares available for issuance under our Amended and Restated Certificate of Incorporation. We currently have available for issuance approximately 150,000 remaining authorized shares of our common stock. Furthermore, we opted to unreserve all but 109,744 shares otherwise available for issuance under our 2009 Equity Incentive Plan. As a result, we are currently severely limited in our ability to offer equity incentives under the 2009 Equity Incentive Plan to new or existing employees, including those employees who joined us through the acquisition of 4-Antibody. The unavailability of authorized shares of common stock places the Company at a competitive disadvantage since our ability to attract and retain key personnel and to utilize non-cash compensation for other legitimate corporate business purposes, is compromised. We took these actions because we believed maximizing this financing was in the best interest of the stockholders as it poised us to be in a better position to harvest the value of the 4-Antibody acquisition and advance the fully human antibody platform programs, as well as our other internal programs.

The Board is recommending this increase in authorized shares of common stock to give the Company the ability to issue shares for future corporate needs, and to enable the issuance of awards under our 2009 Equity Incentive Plan. These additional shares may also be used by Agenus for business and financial purposes that may include future stock splits, capital raises, establishment of certain strategic relationships, acquisitions of other companies, businesses, or products, equity incentives and compensation for existing, new and future employees and other transactions that the Board deems are in Agenus interest. The additional authorized shares would enable us to act quickly in response to appropriate opportunities that may arise for these types of transactions, as we were able to do when we completed a substantial financing in February and acquired 4-Antibody promptly thereafter. This proposed increase would allow us to generally move on such opportunities without the delayed necessity of obtaining further stockholder approval. Additionally, some of the additional shares will be used to satisfy certain equity awards made pursuant to the 2009 Equity Incentive Plan. In the event such an approval is not received, these awards will be forfeited as described in more detail in Proposal 3 below.

If approval is not received for this amendment, we believe it will compromise our ability to provide incentives to our employees and to competitively pursue future business and financial endeavors with common stock consideration, and this could have an adverse effect on our business.

The additional shares of common stock that would be authorized under this amendment would have rights identical to the currently outstanding Agenus common stock. Adoption of the proposed amendment and any issuance of the common stock would not affect the rights of Agenus common stockholders except for effects incidental to increasing the number of shares of the common stock outstanding. Incidental effects of the increase in the outstanding number of shares may include dilution of earnings per share and voting rights of current

Table of Contents

holders of common stock. If the amendment is adopted, it will become effective upon filing of a certificate of amendment of our Amended and Restated Certificate of Incorporation with the Secretary of the State of Delaware.

In addition to the purposes set forth above, Agenus could also use the additional shares of common stock to oppose a hostile takeover attempt or delay or prevent changes of control or management of the Company. For example, without further stockholder approval, the Board could sell shares of common stock in a private transaction to purchasers who would oppose a takeover or favor the current Board. Although this proposal to increase the authorized common stock has been prompted by business and financial considerations and not by the threat of any known or threatened hostile takeover attempt, stockholders should be aware that approval of this proposal could facilitate future efforts by Agenus to deter or prevent changes in control of the Company, including transactions that the Board determines are not in the best interests of Agenus or its stockholders, even though the stockholders would have received a premium for their shares over then-current market prices. At the present time, the Board of Directors has no intention to use these additional shares for anti-takeover purposes and this amendment is not part of a plan by management to adopt a series of amendments to the certificate of incorporation and by-laws having an anti-takeover effect.

The proposed amendment to our Amended and Restated Certificate of Incorporation is included as Appendix A to this proxy statement.

Vote Required

To approve Proposal 2, stockholders holding a majority of the outstanding shares of Agenus common stock entitled to vote at the 2014 Annual Meeting must vote FOR Proposal 2. We expect banks, brokers and nominees will be permitted to use their discretion to vote shares for which voting instructions are not submitted with respect to Proposal 2 because we believe Proposal 2 would be classified as a routine item. If the broker does not vote your unvoted shares, this broker non-vote will have the same effect as a vote against Proposal 2. Abstentions will also have the same effect as a vote against Proposal 2.

The Board of Directors recommends a vote FOR Proposal 2.

PROPOSAL 3 TO APPROVE AN AMENDMENT TO OUR 2009 EQUITY INCENTIVE PLAN (AS AMENDED) TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK AUTHORIZED FOR ISSUANCE UNDER THE PLAN FROM 6,200,000 TO 10,200,000

Description of Proposed Amendment to the Plan

The Board has adopted, subject to stockholder approval, an amendment to our 2009 Equity Incentive Plan. The purpose of the amendment is to increase the number of shares authorized for issuance under the 2009 Equity Incentive Plan from 6,200,000 to 10,200,000.

All our executive officers and directors, including Dr. Armen, Mr. Dechaene, and Dr. Malik, our director-nominees, are eligible for awards under the 2009 Equity Incentive Plan. Dr. Armen, Ms. Valentine, Ms. Wentworth, Ms. Klaskin, and Mr. Baysal are also stockholders and may vote their shares for approval of the adoption of the amendment to the 2009 Equity Incentive Plan. Dr. Malik is an indirect beneficial owner of our common stock in his capacity as General Partner of Advent Venture Partners LLP. For a description of Dr. Malik's beneficial ownership of shares of our common stock, please see *Ownership of Our Common Stock - Ownership By Management* on page 45.

Rationale for Proposed Increase in Share Pool

The Company operates in an extremely competitive environment with respect to the hiring and retention of qualified employees. As a result, our approach to compensation considers the full range of compensation techniques that enable us to compete with our peers to attract and retain key personnel. Equity compensation is one of the critical components of our compensation package because it (i) develops a culture of ownership among our employees, (ii) aligns the interests of employees and non-employee directors with the interests of our other stockholders and (iii) preserves our cash resources.

In furtherance of our efforts to develop a culture of ownership, align the interests of our management team with stockholders and conserve cash, since 2006 the Company has delivered a significant portion of annual incentive bonuses paid to our management team in shares of common stock, particularly during periods when the Company's cash resources have been scarce and the Company deemed it prudent to preserve its cash balance. In addition, since 2009 our CEO Dr. Garo Armen, at his election and for the purposes of preserving the Company's cash, has taken stock in lieu of cash for approximately 30% of his base salary. From 2009 through 2012 Dr. Armen received approximately 50% of his total annual base salary and target bonus in shares of common stock, whereby the cash component of such compensation has been utilized largely for the purpose of meeting his payroll tax obligations, including on the value of shares received in lieu of cash.

In order to maximize our February 2014 financing we removed 635,257 shares from our equity incentive pool otherwise available for issuance under the 2009 Equity Incentive Plan. As a result, we currently have only 109,744 shares available for issuance and are severely limited in our ability to offer equity incentives to any new or existing employees including employees who joined us through the acquisition of 4-Antibody. The 2009 Equity Incentive Plan contains no evergreen or automatic replenishment provisions by which the number of shares available for issuance under the plan would be automatically increased either periodically or based on specific events.

The proposed share increases under Proposal 2 and this Proposal 3 would replenish the shares which have been removed and further facilitate our ability to continue to grant equity incentives pursuant to the 2009 Equity Incentive Plan, which are vital to our ability to fully engage our new 4-Antibody colleagues, and attract and retain the highly skilled individuals required to support the company's anticipated growth in the extremely competitive labor markets in which we compete. Our employees are some of our most valuable assets, and such awards are crucial to our ability to motivate individuals in our service to achieve our goals. We strongly believe that the approval of the proposed share increase is instrumental to our continued success. Accordingly, we are seeking stockholder approval of an increase in the number of shares issuable under our 2009 Equity Incentive Plan.

Table of Contents

If Proposal 2 and this Proposal 3 are both approved, there would be 4,745,001 shares available for grant under the 2009 Equity Incentive Plan. We believe this proposed increase represents a measured, responsible use of Company stock.

If neither Proposal 2 nor this Proposal 3 is approved, there would be 109,744 shares available for grant under the 2009 Equity Incentive Plan as of February 24, 2014. If Proposal 2 is approved but this Proposal 3 is not approved, the Company could re-reserve the previously unreserved 635,257 shares, but no additional shares would be available for future grant under the 2009 Equity Incentive Plan, leaving the Company severely limited in its ability to provide equity incentive for its employees and management of the newly acquired 4-Antibody and for any new hires. Either of these scenarios would place the Company at a competitive disadvantage since our ability to attract, motivate and retain key personnel will be severely compromised.

Certain equity awards by the Company have been made pursuant to the 2009 Equity Incentive Plan, subject to forfeiture in the event we do not receive stockholder approval of Proposal 2 and this Proposal 3, including awards to our executive officers, of 1,146,700 shares. Set forth below is a summary of the awards that the Compensation Committee has awarded, as of the date hereof, subject to forfeiture in the event we do not receive stockholder approval thereof, to the persons specified below.

Description of the 2009 Equity Incentive Plan

The following is a brief summary of the 2009 Equity Incentive Plan. This summary of the 2009 Equity Incentive Plan is qualified in its entirety by reference to the full text of the 2009 Equity Incentive Plan and Amendment No. Three to the 2009 Equity Incentive Plan which are included as Appendix B and C, respectively, in this proxy statement.

Types of Awards

The 2009 Equity Incentive Plan provides for the grant of incentive stock options intended to qualify under Section 422 of the Code, nonstatutory stock options, restricted stock, unrestricted stock and other equity-based awards, such as stock appreciation rights, phantom stock awards, and restricted units, which we refer to collectively as Awards. All Awards are based on our common stock. The closing price of our common stock on February 24, 2014 was \$4.21.

Table of Contents

Incentive Stock Options and Nonstatutory Stock Options. For each option granted under the 2009 Equity Incentive Plan, our Board shall determine the number of shares of our common stock covered by the option, the exercise price (which may not be less than 100% of fair market value of the share subject thereto at the time of grant), the duration (which may not exceed ten years), and the conditions and limitations applicable to the exercise of the option and the common stock issued thereunder, including vesting provisions, repurchase provisions and restrictions relating to applicable securities laws. Option grants intended by the Board to qualify as incentive stock options shall be subject to and construed consistently with the requirements of Section 422 of the Code. The 2009 Equity Incentive Plan permits the following forms of payment of the exercise price of options: (i) cash, check or wire transfer of funds; (ii) promissory note; (iii) shares of common stock owned by the participant valued at fair market value (as determined by the Board or as determined pursuant to the applicable option agreement); (iv) so-called cashless exercise or net issuance; and (v) arrangements with a broker or other financial institution for the prompt payment of the exercise price to the Company.

No option granted under the 2009 Equity Incentive Plan shall contain any provision entitling the optionee to the automatic grant of additional options in connection with any exercise of the original option.

Stock Awards and Restricted Stock Awards. The Board shall determine the terms and conditions of any stock award granted under the 2009 Equity Incentive Plan entitling recipients to acquire shares of our common stock. The Board may provide that a stock award is subject to forfeiture should the conditions in the applicable award not be satisfied before the end of the applicable restriction period.

Other Stock-Based Awards. The Board shall have the right to grant other awards based on or with reference to our common stock or its trading price having such terms or conditions as the Board may determine.

Transferability of Awards

Except as the Board may otherwise determine or provide in an Award, Awards shall not be sold, assigned, transferred, pledged or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution, and, during the life of the participant, shall be exercisable only by the participant.

Eligibility to Receive Awards

Employees, officers, directors, consultants and advisors of the Company and its subsidiaries are eligible to receive Awards under the 2009 Equity Incentive Plan. Incentive stock options may only be granted to employees of the Company and its subsidiaries.

The granting of Awards under the 2009 Equity Incentive Plan is discretionary, and the individuals who may become participants and receive Awards under the 2009 Equity Incentive Plan, and the number of shares they may acquire, are not determinable. The Company (and its subsidiaries) had 114 employees on February 24, 2014 and six non-employee directors, all of whom are eligible to receive Awards under the 2009 Equity Incentive Plan.

Administration

The 2009 Equity Incentive Plan is administered by our Board. The Board has the authority to grant and amend Awards, to adopt, amend and repeal the rules relating to the 2009 Equity Incentive Plan, and to interpret and correct the provisions of the 2009 Equity Incentive Plan and any Award. Our Board may delegate authority under the 2009 Equity Incentive Plan to one or more committees or subcommittees of our Board. The Board has authorized the Compensation Committee of the Board to administer certain aspects of the 2009 Equity Incentive Plan. To the extent permitted by law, the Board may delegate to an officer the power to grant Awards, provided that only the Board may grant Awards to any executive officer of the Company. The 2009 Equity Incentive Plan requires that all discretionary Awards to non-employee directors will only be granted and administered by a committee, each member of which is an independent director as defined in NASDAQ's Marketplace Rules.

Table of Contents

The Board is required to make appropriate adjustments in connection with the 2009 Equity Incentive Plan and any outstanding Awards to reflect stock splits, stock dividends, recapitalizations, spin-offs and other similar changes in capitalization. Our Board may at any time provide that any Award will become immediately exercisable in full or in part, free of some or all restrictions or conditions, or otherwise realizable in full or in part, as the case may be, even if such acceleration may cause adverse tax consequences under Sections 280G, 4999, 422, or other sections of the Code.

The 2009 Equity Incentive Plan also contains provisions addressing the consequences of any acquisition of the Company. In connection with an acquisition of the Company, by merger, sale of all or substantially all the assets or capital stock of the Company, or any other change in control or acquisition of the Company, as determined by the Board, the Board shall make appropriate provision for any outstanding Awards on the same basis or on different basis as our Board determines for:

continuation of the Awards by the Company;

assumption or substitution of Awards by the acquirer or surviving entity;

upon written notice, termination of all unexercised Awards unless the vested portion is exercised within a specified period following the date of such notice;

a cash payment to the holder of an unexercised Award equal to the difference between the fair market value of the Award and its exercise price, if applicable, or the vested portion thereof, including any vesting that may be accelerated; or

any combination of the foregoing.

Substitute Options

In connection with a merger or consolidation of an entity with the Company or the acquisition by the Company of property or stock of an entity, our Board may grant Awards in substitution for any stock or stock-based awards granted by such entity or an affiliate thereof. Substitute Awards shall be granted under the 2009 Equity Incentive Plan on such terms as our Board deems appropriate and, except as required under Section 422 and related provisions of the Code, substitute options shall not count against the overall share limit under the 2009 Equity Incentive Plan.

Provisions for Foreign Participants

The Board may modify Awards granted to participants who are foreign nationals or employed outside the United States or establish sub-plans or procedures under the 2009 Equity Incentive Plan to recognize differences in laws, rules, regulations or customs of such foreign jurisdictions with respect to tax, securities, currency, employee benefit or other matters.

Amendment or Termination

The Board may at any time amend, suspend or terminate the 2009 Equity Incentive Plan, subject to stockholder approval under any applicable legal, regulatory or listing requirement, or any outstanding Award, provided that the consent of the participant shall be required if such action would materially and adversely affect the participant. No Award may be made under the 2009 Equity Incentive Plan after the ten-year anniversary of its adoption, but Awards previously granted may extend beyond that date.

Dividends and Cash Awards

The Board may issue an Award that provides the participant with dividends or dividend equivalents or cash payments in lieu of or in addition to an Award.

Table of Contents

Loans

The Board may authorize loans or cash payments to participants in connection with an Award. Loans may be secured by any security, including common stock, underlying or related to such Award, provided that no loan may exceed the fair market value of the security subject to such Award.

Federal Income Tax Consequences Related to the 2009 Equity Incentive Plan

This summary of the United States federal income tax consequences to the Company and recipients of Awards granted under the 2009 Equity Incentive Plan is based on the federal tax laws in effect as of the date of this proxy statement. This summary is very general and changes to these laws, or administrative or judicial interpretations of them, could alter the tax consequences described below. Additionally, this discussion does not address state or local tax, federal employment tax, or other federal tax consequences that may be associated with the 2009 Equity Incentive Plan. Award recipients should consult their own tax advisors about how these rules affect their own particular tax situation.

Incentive Stock Options

A participant generally will not recognize income upon the grant of an incentive stock option. Also, except as described below, a participant will not recognize income upon exercise of an incentive stock option if the participant has been employed by the Company or its corporate parent or 50% or more-owned corporate subsidiary at all times beginning with the option grant date and ending three months before the date the participant exercises the option. If the participant has not been so employed during that time, then the participant will be taxed as described below under Nonstatutory Stock Options. The exercise of an incentive stock option may, however, subject the participant to the alternative minimum tax. The Company will not be entitled to a deduction as a result of the grant or exercise of an incentive stock option.

If the shares received pursuant to the exercise of an incentive stock option are disposed of within two years from the date of grant or within one year from the date of exercise, the participant will recognize ordinary income equal to the excess of the sale price over the price paid for the shares. The Company will be entitled to a deduction for the same amount. If the shares received pursuant to the exercise of an incentive stock option are disposed of more than two years from the date of grant and more than one year after the option was exercised, then the participant will recognize long-term capital gain or long-term capital loss on the spread. The Company will not be entitled to a deduction as a result of the disposition.

Nonstatutory Stock Options

A participant generally will not recognize taxable income upon the grant of a nonstatutory stock option. A participant will recognize ordinary income upon the exercise of a nonstatutory stock option equal to the excess of the then fair market value of the stock over the exercise price. The participant's basis for determining gain or loss upon the subsequent disposition of such shares acquired upon exercise will be the amount paid for such shares plus any ordinary income recognized as a result of the exercise of the option. Upon disposition, the difference between the sale price and the participant's basis in the shares will be treated as a capital gain or loss and generally will be characterized as long-term capital gain or loss if the shares have been held for more than one year upon disposition.

In general, there will be no federal income tax deduction allowed to the Company upon the grant or termination of a nonqualified stock option or a sale or disposition of the shares acquired upon the exercise of a nonqualified stock option. However, upon the exercise of a nonqualified stock option, the Company may be entitled to a deduction for federal income tax purposes equal to the amount of ordinary income that a participant is required to recognize as a result of the exercise, provided that the deduction is not otherwise disallowed under the Code.

Table of Contents

Restricted Stock Awards

A participant will not recognize income upon the grant of restricted stock unless an election under Section 83(b) of the Code is made within 30 days of the date of grant. If a timely election is made pursuant to Section 83(b) of the Code, a participant will recognize ordinary income at grant equal to the excess of the then fair market value of the stock over the purchase price. If the participant does not make a Section 83(b) election, the participant will not recognize income until the stock vests, at which point the participant will recognize ordinary income equal to the excess of the fair market value of the stock on the vesting date over the purchase price. The participant's basis for determining gain or loss upon the subsequent disposition of shares acquired as stock awards will be the amount paid for such shares plus any ordinary income recognized either when the stock is received or when the stock becomes vested, as applicable.

Upon the disposition of any stock received as a stock award under the 2009 Equity Incentive Plan, the difference between the sale price and the recipient's basis in the shares will be treated as a capital gain or loss and generally will be characterized as long-term capital gain or loss if, at the time of disposition, the shares have been held for more than one year since the recipient recognized compensation income with respect to such shares. The Company may be entitled to a deduction in the year in which ordinary income is recognized by the participant; provided that the deduction is not otherwise limited under the Code.

Other Stock-Based Awards

The tax consequences associated with other stock-based Awards granted under the 2009 Equity Incentive Plan will vary depending on the type of Award and its specific terms. Among the relevant factors are whether or not the Award has a readily ascertainable fair market value, whether or not the Award is subject to forfeiture provisions or restrictions on transfer, the nature of the property to be received by the participant under the Award and the participant's holding period and tax basis for the Award or underlying common stock.

Tax Consequences to the Company

Compensation paid to certain covered employees of public companies that exceeds \$1 million is not deductible under Section 162(m) of the Code unless certain conditions are met, including whether the compensation qualifies as performance-based compensation. Thus, any deductions available to the Company for grants under the 2009 Equity Incentive Plan will be subject to the limitations of Section 162(m) of the Code.

Other Tax Considerations

A participant who receives accelerated vesting, exercise or payment of awards contingent upon or in connection with a change of control may be deemed to have received an excess parachute payment under Section 280G of the Code. In such event, the participant may be subject to a 20% excise tax and the Company may be denied a tax deduction for such payments.

It is the intention of the Company that awards will comply with Section 409A of the Code regarding nonqualified deferred compensation arrangements or will satisfy the conditions of applicable exemptions. However, if an award is subject to and fails to comply with the requirements of Section 409A, the participant may recognize ordinary income on the amounts deferred under the award, to the extent vested, prior to the time when the compensation is received. In addition, Section 409A imposes a 20% penalty tax, as well as interest, on the participant with respect to such amounts.

The Patient Protection and Affordable Care Act, which was enacted on March 23, 2010, introduced a new Net Investment Income Tax imposed by Section 1411 of the Internal Revenue Code. For taxable years beginning after December 31, 2012, dividends paid to and capital gains recognized by individuals with incomes over certain threshold amounts may be subject to a 3.8 percent tax on this Net Investment Income.

APPENDIX B

AGENUS

2009 EQUITY INCENTIVE PLAN (AS AMENDED TO DATE)

1. Purpose and Eligibility

The purpose of this 2009 Equity Incentive Plan (the Plan) of Agenus Inc., a Delaware corporation (the Company), is to provide stock options and other equity interests in the Company (each an Award) to employees, officers, directors, consultants and advisors of the Company and its Subsidiaries, all of whom are eligible to receive Awards under the Plan, other than a person who has irrevocably elected not to be eligible. Any person to whom an Award has been granted under the Plan is called a Participant. Additional definitions are contained in Section 8.

2. Administration

a. Administration by Board of Directors. The Plan will be administered by the Board of Directors of the Company (the Board). The Board, in its sole discretion, shall have the authority to grant and amend Awards, to adopt, amend and repeal rules relating to the Plan and to interpret and correct the provisions of the Plan and any Award. All decisions by the Board shall be final and binding on all interested persons. Neither the Company nor any member of the Board shall be liable for any action or determination relating to the Plan or any Award.

b. Appointment of Committees. To the extent permitted by applicable law, the Board may delegate any or all of its powers under the Plan to one or more committees or subcommittees of the Board (a Committee). All references in the Plan to the Board shall mean any such other Committee or the Board, as applicable. Discretionary Awards to non-employee directors will only be granted and administered by a Committee, each member of which is an independent director as defined in the applicable NASDAQ Marketplace Rules.

c. Delegation to Officers. To the extent permitted by applicable law, the Board may delegate to one or more officers of the Company the power to grant Awards to employees or officers of the Company or any of its present or future parent or subsidiary corporations and to exercise such other powers under the Plan as the Board may determine, provided that no officer shall be authorized to grant Awards to any executive officer of the Company (as defined by Rule 3b-7 under the Securities Exchange Act of 1934, as amended (the Exchange Act)) or to any officer of the Company (as defined by Rule 16a-1 under the Exchange Act).

3. Stock Available for Awards

a. Number of Shares. Subject to adjustment under Section 3(b), the aggregate number of shares of Common Stock of the Company (the Common Stock) that may be issued pursuant to the Plan is 4,200,000 shares. If any Award expires, or is terminated, surrendered or forfeited, in whole or in part, the unissued Common Stock covered by such Award shall again be available for the grant of Awards under the Plan. If shares of Common Stock issued pursuant to the Plan are repurchased by, or are surrendered or forfeited to, the Company at no more than the original purchase price thereof, such shares of Common Stock shall again be available for the grant of Awards under the Plan. The Board may adopt such share counting rules as it deems appropriate, provided that such rules are not inconsistent with the Plan.

b. Adjustment to Common Stock. In the event of any stock split, stock dividend, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, combination, exchange of shares, liquidation, spin-off, split-up, or other similar change in capitalization or event, (i) the number and class of securities available for Awards under the Plan, (ii) the number and class of securities, vesting schedule and exercise price per share subject to each outstanding Option, (iii) the repurchase price per security subject to repurchase, and (iv) the terms of each other outstanding Award shall be adjusted by the Board (or substituted Awards may be made) to avoid an unfair result. If Section 7(e)(i) applies for any event, this Section 3(b) shall not be applicable.

4. Stock Options

a. General. The Board may grant options to purchase Common Stock (each, an Option) and determine the number of shares of Common Stock to be covered by each Option, the exercise price of each Option and the conditions and limitations applicable to the exercise of each Option and the Common Stock issued upon the exercise of each Option, including vesting provisions, repurchase provisions and restrictions relating to applicable federal or state securities laws, as it considers advisable. Subject to adjustment as provided in Section 3(b), the aggregate number of shares of Common Stock subject to Options or Stock Appreciation Rights that may be granted during any one calendar year to any one Participant shall not exceed 1,000,000 shares.

b. Incentive Stock Options. An Option that the Board intends to be an incentive stock option, as defined in Section 422 of the Code (an Incentive Stock Option), shall be granted only to employees of the Company and any other entity the employees of which are entitled to receive Incentive Stock Options under the Code. Subject to adjustment as provided in Section 3(b), in no event shall more than 1,000,000 shares of Common Stock be available for issuance pursuant to the exercise of Incentive Stock Options granted under the Plan. All Incentive Stock Options that are granted pursuant to the Plan shall be subject to, and shall be construed consistently with, the requirements of Section 422 of the Code. The Board and the Company shall have no liability if an Option or any part thereof that is intended to be an Incentive Stock Option does not qualify as such. An Option or any part thereof that does not qualify as an Incentive Stock Option is referred to herein as a Nonstatutory Stock Option .

c. Exercise Price. The Board shall establish the exercise price (or determine the method by which the exercise price shall be determined) at the time each Option is granted and specify such exercise price in the applicable option agreement, provided, however, that the exercise price shall be not less than 100% of the fair market value of the shares subject thereto at the time of grant, as determined by the Board.

d. Duration of Options. Each Option shall be exercisable at such times and subject to such terms and conditions as the Board may specify in the applicable option agreement, provided, however, that no Option will be granted for a term in excess of 10 years.

e. Exercise of Option. Options may be exercised only by delivery to the Company of a written notice of exercise signed by the proper person, or any other form of notice approved by the Board, together with payment in full as specified in Section 4(f) for the number of shares for which the Option is exercised.

f. Payment Upon Exercise. No shares shall be delivered pursuant to any exercise of an Option until the Company receives payment in full of the option exercise price in the manner provided in the applicable option agreement. Methods of payment may include any of the following or any combination thereof or any other form of lawful consideration: (i) cash, check or wire transfer of funds; (ii) promissory note; (iii) shares of Common Stock owned by the Participant valued at fair market value (as determined by the Board or as determined pursuant to the applicable option agreement); (iv) so-called cashless exercise or net issuance ; and (v) arrangements with a broker or other financial institution for the prompt payment of the exercise price to the Company.

g. Prohibition of Repricing. The Board is prohibited from amending any outstanding Option granted under the Plan to provide an exercise price per share that is lower than the then-current exercise price per share of such outstanding Option without stockholder approval. The Board is also prohibited from cancelling any outstanding Option and grant in substitution therefor new Options covering the same or a different number of shares of Common Stock and having an exercise price per share lower than the then-current exercise price per share of the cancelled Option without stockholder approval.

h. No Reload Rights. No Option granted under the Plan shall contain any provision entitling the optionee to the automatic grant of additional Options in connection with any exercise of the original Option.

5. Stock Awards

a. Grants. The Board may grant Awards entitling recipients to acquire shares of Common Stock for any lawful consideration (a Stock Award). The Board may, but need not, provide that such Stock Award shall be subject to forfeiture to the Company in the event that conditions specified by the Board in the applicable Award are not satisfied prior to the end of the applicable restriction period or periods established by the Board for such Award (a Restricted Stock Award).

b. Terms and Conditions. The Board shall determine the terms and conditions of any such Stock Award. In the case of a Restricted Stock Award, any stock certificates issued in respect thereof shall be registered in the name of the Participant and, unless otherwise determined by the Board, deposited by the Participant, together with a stock power endorsed in blank, with the Company (or its designee). After the expiration of the applicable restriction periods, the Company (or such designee) shall deliver the certificates no longer subject to such restrictions to the Participant or, if the Participant has died, to the beneficiary designated by a Participant, in a manner determined by the Board, to receive amounts due or exercise rights of the Participant in the event of the Participant's death (the Designated Beneficiary). In the absence of an effective designation by a Participant, Designated Beneficiary shall mean the Participant's estate.

6. Other Stock-Based Awards

The Board shall have the right to grant other Awards based upon or with reference to the Common Stock or the trading price thereof and having such terms and conditions as the Board may determine, including, without limitation, the grant or sale of shares of stock based upon certain conditions, the grant of securities convertible into Common Stock and the grant of stock appreciation rights, phantom stock awards or stock units, which may be settled in cash or stock.

7. General Provisions Applicable to Awards

a. Transferability of Awards. Except as the Board may otherwise determine or provide in an Award, Awards shall not be sold, assigned, transferred, pledged or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution, and, during the life of the Participant, shall be exercisable only by the Participant. References to a Participant, to the extent relevant in the context, shall include references to authorized transferees.

b. Documentation. Each Award shall be evidenced by an instrument in such form as the Board shall determine or as executed by an officer of the Company pursuant to authority delegated by the Board. Each Award may contain terms and conditions in addition to those set forth in the Plan, provided that such terms and conditions do not contravene the provisions of the Plan. If a person to whom an Award has been granted fails to execute and deliver to the Company within the time specified by the Company the form of Award instrument specified by the Company, such Award shall be voidable by the Company at its election, with or without notice to such person.

c. Board Discretion. The terms of each type of Award need not be identical, and the Board need not treat Participants uniformly.

d. Termination of Status. The Board shall determine the effect on an Award of the disability, death, retirement, authorized leave of absence or other change in the employment or other status of a Participant and the extent to which, and the period during which, the Participant, or the Participant's legal representative, conservator, guardian or Designated Beneficiary, may exercise rights under the Award.

e. Acquisition of the Company.

(i) Consequences of an Acquisition. In connection with an Acquisition (as defined below), the Board or the board of directors of the surviving or acquiring entity (as used in this Section 7(e)(i), also the Board)

Table of Contents

shall as to outstanding Awards (on the same basis or on different bases as the Board shall specify) make appropriate provision for the continuation of such Awards by the Company or the assumption of, or substitution for, such Awards by the surviving or acquiring entity and by substituting on an equitable basis for the shares then subject to such Awards either (a) the consideration payable with respect to the outstanding shares of Common Stock in connection with the Acquisition, (b) shares of stock of the surviving or acquiring corporation or (c) such other securities or other consideration as the Board deems appropriate, the fair market value of which (as determined by the Board in its sole discretion) shall not materially differ from the fair market value of the shares of Common Stock subject to such Awards immediately preceding the Acquisition. In addition to, in lieu of, or in combination with the foregoing, with respect to unexercised Options or other unexercised Awards, the Board may, on the same basis or on different bases as the Board shall specify, upon written notice to the affected Participants, provide that one or more such Options or Awards (or the vested portion thereof) must be exercised, in whole or in part, within a specified number of days of the date of such notice, at the end of which period such unexercised Options or unexercised Awards (or the vested portion thereof) shall terminate in their entirety, and/or provide that one or more unexercised Options or unexercised Awards (or the vested portion thereof), in whole or in part, shall be terminated in their entirety in exchange for a cash payment equal to the fair market value (as determined by the Board in its sole discretion) for the shares subject to such unexercised Options or unexercised Awards (or the vested portion thereof) minus the exercise price thereof, if applicable. Unless otherwise determined by the Board (on the same basis or on different bases as the Board shall specify), any repurchase rights, vesting provisions or other rights of the Company that relate to an Option or other Award shall continue to apply to consideration, including cash, that has been substituted, assumed or amended for an Option or other Award pursuant to this paragraph. The Company may hold in escrow all or any portion of any such consideration in order to effectuate any continuing restrictions.

(ii) Acquisition Defined. An Acquisition shall mean: (x) the sale of the Company by merger in which the stockholders of the Company in their capacity as such no longer own a majority of the outstanding equity securities of the Company (or its successor); or (y) any sale of all or substantially all of the assets or capital stock of the Company (other than in a spin-off or similar transaction) or (z) any other change of control or acquisition of the business of the Company, as determined by the Board.

(iii) Assumption of Options Upon Certain Events. In connection with a merger or consolidation of an entity with the Company or a Subsidiary or the acquisition by the Company of property or stock of an entity, the Board may grant Awards under the Plan in substitution for stock and stock-based awards issued by such entity or an affiliate thereof. The substitute Awards shall be granted on such terms and conditions as the Board considers appropriate in the circumstances. Substitute Options may be granted on such terms as the Board deems appropriate in the circumstances, notwithstanding any limitations on Options contained elsewhere herein. Substitute Options shall not count against the overall share limit set forth in Section 3(a), except as may be required by reason of Section 422 and related provisions of the Code.

f. Withholding. Each Participant shall pay to the Company, or make provisions satisfactory to the Company for payment of, any taxes required by law to be withheld in connection with Awards to such Participant no later than the date of the event creating the tax liability. The Board may allow Participants to satisfy such tax obligations in whole or in part by transferring shares of Common Stock, including shares retained from the Award creating the tax obligation, valued at their fair market value (as determined by the Board or as determined pursuant to the applicable Award). The Company may, to the extent permitted by law, deduct any such tax obligations from any payment of any kind otherwise due to a Participant. The Board may impose such restrictions in connection therewith as may be necessary to avoid any transaction that might give rise to liability under Section 16(b) of the Exchange Act.

g. Amendment of Awards. The Board may amend, modify or terminate any outstanding Award under certain circumstances including, but not limited to, if the Board determines that the provisions of the Plan or any Award are in contravention of any law or regulation of any governmental entity or self-regulatory organization with jurisdiction over the Company, or would have material adverse effects on the taxation of the Company or

the Participant. In connection therewith, the Board may substitute for any such Award another Award of the same or a different type, change the date of exercise or realization, convert an Incentive Stock Option to a Nonstatutory Stock Option or effect any other modification or amendment, provided that the Participant's consent to such action shall be required unless the Board determines that the action, taking into account any related action, would not materially and adversely affect the Participant.

h. Conditions on Delivery of Stock. The Company will not be obligated to deliver any shares of Common Stock pursuant to the Plan or to remove restrictions from shares previously delivered under the Plan until (i) all conditions of the Award have been met or removed to the satisfaction of the Company, (ii) in the opinion of the Company's counsel, all other legal matters in connection with the issuance and delivery of such shares have been satisfied, including any applicable securities laws and any applicable stock exchange or stock market rules and regulations, and (iii) the Participant has executed and delivered to the Company such representations or agreements as the Company may consider appropriate to satisfy the requirements of any applicable laws, rules or regulations.

i. Acceleration. The Board may at any time provide that any Options shall become immediately exercisable in full or in part, that any Restricted Stock Awards shall be free of some or all restrictions, or that any other stock-based Awards may become exercisable in full or in part or free of some or all restrictions or conditions, or otherwise realizable in full or in part, as the case may be, despite the fact that the foregoing actions may (i) cause the application of Sections 280G and 4999 of the Code if a change in ownership or control of the Company occurs, or (ii) disqualify all or part of the Option as an Incentive Stock Option. In the event of the acceleration of the exercisability of one or more outstanding Options, including pursuant to paragraph (e)(i), the Board may provide, as a condition of full exercisability of any or all such Options, that the Common Stock or other substituted consideration, including cash, as to which exercisability has been accelerated shall be restricted and subject to forfeiture back to the Company at the option of the Company at the cost thereof upon termination of employment or other relationship, with the timing and other terms of the vesting of such restricted stock or other consideration being equivalent to the timing and other terms of the superseded exercise schedule of the related Option.

j. Settlement. The Board shall determine whether Awards are settled in whole or in part in cash, Common Stock, other securities of the Company, Awards or other property.

k. Dividends and Cash Awards. In the discretion of the Board, any Award under the Plan may provide the Participant with (i) dividends or dividend equivalents payable currently or deferred with or without interest, and (ii) cash payments in lieu of or in addition to an Award.

l. Loans. The Board may authorize the making of loans or cash payments to Participants in connection with any Award under the Plan, which loans may be secured by any security, including Common Stock, underlying or related to such Award (provided that such Loan shall not exceed the fair market value of the security subject to such Award), and which may be forgiven upon such terms and conditions as the Board may establish at the time of such loan or at any time thereafter.

m. Use for Settlement or Compensation. Awards may be made available as a form of payment in the settlement of other Awards granted under the Plan or as payment in lieu of compensation to which a Participant is otherwise entitled.

8. Miscellaneous

a. Definitions.

(i) Company, for purposes of eligibility under the Plan, shall include any present or future subsidiary corporations of Agenus Inc., as defined in Section 424(f) of the Code (a Subsidiary), and any future parent corporation of Agenus Inc., as defined in Section 424(e) of the Code. For purposes of Awards other than Incentive Stock Options, the term Company shall include any other business venture in which the Company has a direct or indirect significant interest, as determined by the Board in its sole discretion.

Table of Contents

(ii) Code means the Internal Revenue Code of 1986, as amended, and any regulations promulgated thereunder.

(iii) employee, for purposes of eligibility under the Plan (but not for purposes of Section 4(b)), shall include a person to whom an offer of employment has been extended by the Company.

b. No Right to Employment, Service on the Board or Other Status. No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Participant the right to continued employment, service on the Board or any other relationship with the Company. The Company expressly reserves the right at any time to dismiss or otherwise terminate its relationship with a Participant free from any liability or claim under the Plan.

c. No Rights As Stockholder. Subject to the provisions of the applicable Award, no Participant or Designated Beneficiary shall have any rights as a stockholder with respect to any shares of Common Stock to be distributed with respect to an Award until becoming the record holder thereof.

d. Effect on Other Benefit Plans. Unless specifically provided otherwise in an applicable Award, the amount of any compensation deemed to be received by a Participant as a result of the receipt or exercise of an Award will not constitute earnings with respect to which any other benefits of such Participant are determined, including without limitation benefits under any pension, profit sharing, life insurance or salary continuation plan.

e. Authorization of Sub-Plans. The Board may from time to time establish one or more sub-plans under the Plan for purposes of satisfying applicable blue sky, securities or tax laws of various jurisdictions. The Board shall establish such sub-plans by adopting supplements to this Plan containing (i) such limitations on the Board's discretion under the Plan as the Board deems necessary or desirable or (ii) such additional terms and conditions not otherwise inconsistent with the Plan as the Board shall deem necessary or desirable. All supplements adopted by the Board shall be deemed to be part of the Plan, but each supplement shall apply only to Participants within the affected jurisdiction and the Company shall not be required to provide copies of any supplement to Participants in any jurisdiction which is not the subject of such supplement. Without limiting the generality of the foregoing, the Board may modify Awards granted to Participants who are foreign nationals or employed outside the United States or establish sub-plans or procedures under the Plan to recognize differences in laws, rules, regulations or customs of such foreign jurisdictions with respect to tax, securities, currency, employee benefit or other matters.

f. Effective Date and Term of Plan. The Plan shall become effective on the date on which it is approved by the Company's stockholders. No Awards shall be granted under the Plan after the completion of ten years from the date on which the Plan was approved by the Company's stockholders, but Awards previously granted may extend beyond that date.

g. Amendment of Plan. The Board may amend, suspend or terminate the Plan or any portion thereof at any time, subject to any required stockholder approval under any applicable legal, regulatory or listing requirement.
