PROPOSAL 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Securities Exchange Act of 1934 (the Exchange Act), we are submitting the compensation of our named executive officers as disclosed in this proxy statement to our shareholders for an advisory vote. Our Board has adopted a policy to hold annual advisory votes on executive compensation. Our next advisory vote on executive compensation will be at our annual meeting of shareholders in 2015. Our next advisory vote on the frequency of shareholder votes on executive compensation will take place at our annual meeting of shareholders in 2017.

As described below under the heading *Compensation Discussion and Analysis*, we seek to offer our employees, including our named executive officers, with a competitive pay package that rewards individual contributions, performance, experience and tenure with our Company, while aligning the interests of our executive officers and other key employees with those of the Company's shareholders. The Compensation Committee sets compensation in this manner to ensure that our compensation practices do not put the Company at a disadvantage in attracting and retaining executives and other employees, while also ensuring a competitive cost structure for our Company.

The vote on this proposal is not intended to address any specific element of compensation. Rather, the vote relates to the compensation of our named executive officers, as described under the headings *Compensation Discussion and Analysis* and *Executive Compensation* in this proxy statement. The vote is advisory, which means that the vote is not binding on the Company, our Board of Directors or the Compensation Committee. However, the Compensation Committee expects to consider the outcome of this advisory vote in evaluating whether any actions are appropriate with respect to our compensation programs for our executive officers.

The Board recommends a vote FOR the approval of the compensation of our named executive officers.

PROPOSAL 3

RATIFICATION OF APPOINTMENT OF

ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2014

The Audit Committee has appointed Ernst & Young LLP as the Company's independent registered public accounting firm for 2014. The Board is asking shareholders to ratify this appointment. SEC regulations and the Nasdaq listing requirements require the Company's independent registered public accounting firm to be engaged, retained and supervised by the Audit Committee. However, the Board considers the selection of an independent registered public accounting firm to be an important matter to shareholders. Accordingly, the Board considers a proposal for shareholders to ratify this appointment to be an opportunity for shareholders to provide input to the Audit Committee and the Board on a key corporate governance issue.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and will be offered the opportunity to make a statement if they so desire. They will also be available to respond to appropriate questions. For additional information regarding our independent registered public accounting firm, see *Independent Public Accountants*.

The Board recommends a vote FOR the ratification of Ernst & Young LLP as the Company's independent registered public accounting firm.

The Board presently consists of seven members, six of whom are non-employee directors. The Board is divided into three classes, with each class serving three-year terms. The term of one class expires at each annual meeting of shareholders.

The Company reimburses directors for reasonable out-of-pocket expenses incurred in connection with their service as directors.

The amount of restricted stock granted to non-employee directors is equal to \$30,000, divided by the closing price of our common stock on the date of the annual meeting of shareholders at which the non-employee director is elected or continues to be a member of the Board. Non-Employee Director Stock Ownership and Retention Guidelines

Our Board recognizes that ownership of common stock is an effective means to align the interests of our directors with those of our shareholders. The following is a summary of our stock ownership and retention guidelines for our non-employee directors.

Non-Employee Director Stock Ownership Guidelines. Non-employee directors are expected to acquire and hold during their Board service shares of our common stock equal in value to at least three times the annual cash retainer paid to our directors, or \$105,000. Non-employee directors have five years from the later of the adoption of these guidelines or their initial election to the Board to meet these ownership guidelines.

Non-Employee Director Retention Guidelines. Directors are expected to continuously own sufficient shares to meet the guidelines once attained. Until a director meets the ownership guidelines, the director will be required to hold 75% of the shares of common stock received from any equity award, net of any shares used to pay the exercise price or tax withholding. If a director attains compliance with the stock ownership guideline and subsequently falls below the guideline because of a decrease in the price of our common stock, the director will be deemed in compliance provided that the director retains the shares then held.

The following table provides the equity ownership of each of our non-employee directors as of December 31, 2013, measured in dollars. Ownership was calculated based on a price of \$42.24 per share, the closing price of the Company's common stock on December 31, 2013.

Non-Employee Director	Total Ownership
Philip A. Garcia	\$ 231,475
Jared A. Morris	2,858,930
Millard E. Morris	4,309,789
Daniel Phillips	503,121
Randy Roach	335,935
Sean M. Traynor	217,198
Austin P. Young III	516,046

Corporate Governance

The Board and senior management of the Company believe that one of their primary responsibilities is to promote a corporate culture of accountability, responsibility and ethical conduct throughout the Company. Consistent with these principles, the Company has, among other things, adopted:

corporate governance guidelines that describe the principles under which the Board operates;

a code of business conduct and ethics applicable to all employees; and

written charters for each of its standing committees.

Our corporate governance guidelines, code of business conduct and ethics, committee charters and other governance policies are available on the Company's website (www.amerisafe.com) in the Investor Relations section. Copies of these documents are also available upon written request to the Company's Secretary. The

Table of Contents

Company will post information regarding any amendment to, or waiver from, its code of business conduct and ethics on its website in the Investor Relations section.

Management regularly meets with shareholders and potential investors. In those meetings, investors and shareholders express their views regarding the Company's executive compensation practices and corporate governance policies. Management reports to the Board and the Nominating and Corporate Governance Committee, or NCG Committee, regarding the discussions at these meetings. The NCG Committee and the Board periodically review the Company's corporate governance policies and practices. Based on these reviews, input from shareholders and recommendations from the NCG Committee, the Board adopts changes to policies and practices that it believes are in the best interests of the Company, including complying with any new SEC or Nasdaq listing requirements. Since our annual meeting of shareholders in 2012, on the recommendation of the NCG Committee, the Board:

Adopted a lead director policy and appointed Mr. J. Morris as lead director;

Adopted a policy regarding the recovery of incentive compensation in the event of a restatement of the Company's financial statements filed with the SEC or any state authority;

Adopted policies prohibiting our directors and executive officers from hedging or pledging our common stock; and

Adopted a policy regarding Rule 10b5-1 trading plans requiring, among other things, that each plan be approved by the Company's General Counsel and provided to the Chair of the NCG Committee for review prior to approval, and each plan must provide for a minimum 30-day waiting period between the execution of the plan and the initial trade under the plan.

The NCG Committee intends to continue to periodically review the Company's corporate governance policies, taking into consideration, among other things, the views of our shareholders and developments in the governance practices of other public companies.

Board Leadership

The Company's Chairman and Chief Executive Officer positions are combined. The Board believes that combining the positions is the most effective leadership structure for the Company at this time. As Chief Executive Officer, Mr. Bradley is involved in the day-to-day operations and is most familiar with the opportunities and challenges that the Company faces at any given time. With this executive and operational insight, he is able to assist the Board in setting strategic priorities, lead the discussion of business and strategic issues and translate Board recommendations into Company operations and policies.

In 2012, in light of current trends in corporate governance and the views of proxy advisory firms, the Board appointed Mr. Jared A. Morris as our independent lead director. His key responsibilities in this role include:

presiding at all meetings of the Board at which the Chairman is not present, including executive sessions of the independent directors;

calling meetings of the independent directors;

serving as principal liaison between the independent directors and the Chairman;

Edgar Filing: AMERISAFE INC - Form DEF 14A

approving the quality, quantity, appropriateness and timeliness of information sent to the Board as well as approving meeting agenda items;

facilitating the Board's approval of the number and frequency of board meetings as well as meeting schedules to assure that there is sufficient time for discussion of all agenda items; and

leading the discussion of the Board regarding the annual evaluation of the effectiveness of the Board.

Table of Contents

Director Independence

As part of the Company's corporate governance guidelines, the Board has established a policy requiring a majority of the members of the Board to be independent, as that term is defined in the Nasdaq listing requirements. The Board has determined that each of its non-employee directors, Mr. Garcia, Mr. J. Morris, Mr. M. Morris, Mr. Phillips, Mr. Roach, and Mr. Young, is independent of the Company and its management within the meaning of the Nasdaq listing requirements.

In determining that Mr. Phillips is independent, the Board considered that Mr. Phillips is President, Chief Executive Officer and an owner of PAX, Inc., a policyholder of the Company. The Board determined that this relationship does not interfere with Mr. Phillips' exercise of independent judgment and that he is independent within the meaning of the Nasdaq listing requirements. See *Certain Relationships and Related Transactions*.

Board Meetings

The Board held six meetings during 2013. Each director serving on the Board in 2013 attended at least 75% of the total number of meetings of the Board and committees on which he served. Under the Company's corporate governance guidelines, each director is expected to devote the time necessary to appropriately discharge his responsibilities and to rigorously prepare for, attend and participate in all Board meetings and meetings of Board committees on which he serves.

Annual Meetings of Shareholders

The Company's directors are encouraged to attend our annual shareholder meetings, but we do not currently have a policy relating to directors attendance at these meetings. Mr. Bradley attended our 2013 annual meeting of shareholders.

Audit Committee

The Audit Committee currently consists of Mr. Young (Chair), Mr. Garcia, and Mr. Roach. The Audit Committee oversees our accounting and financial reporting processes and the audits of the Company's financial statements. The functions and responsibilities of the Audit Committee include:

establishing, monitoring and assessing the Company's policies and procedures with respect to business practices, including the adequacy of the Company's internal controls over accounting and financial reporting;

engaging the Company's independent registered public accounting firm and conducting an annual review of the independence of that firm;

pre-approving any non-audit services to be performed by the Company's independent registered public accounting firm;

reviewing the annual audited financial statements and quarterly financial information with management and the independent registered public accounting firm;

reviewing with the independent registered public accounting firm the scope and the planning of the annual audit;

reviewing the findings and recommendations of the independent registered public accounting firm and management's response to the recommendations of that firm;

Edgar Filing: AMERISAFE INC - Form DEF 14A

overseeing compliance with applicable legal and regulatory requirements, including ethical business standards;

whether the nominee is independent as determined in accordance with the rules promulgated by the SEC, the Nasdaq listing requirements and the Company's corporate governance guidelines.

The NCG Committee will also consider other criteria for director candidates included in its committee charter, the Company's corporate governance guidelines or as may be established from time to time by the Board. The NCG Committee has not adopted a separate policy pertaining to the consideration of diversity in the selection of nominees to the Board. The NCG Committee will identify nominees based upon recommendations by committee members or other Board members, members of the Company's management or, as discussed below, by shareholders of the Company. Upon identifying a potential nominee, members of the NCG Committee will interview the candidate, and based upon that interview, make a recommendation to the Board.

Shareholder Recommendations. The NCG Committee will evaluate director candidates recommended by a shareholder according to the same criteria as a candidate identified by the NCG Committee. To date, the Company has not received a recommendation for a director candidate from our shareholders.

Shareholders may recommend candidates at any time, but to be considered by the NCG Committee for inclusion in the Company's proxy statement for the next annual meeting of shareholders, recommendations must be submitted in writing no later than 150 calendar days before the first anniversary of the date on which the Company first mailed its proxy materials for the prior year's annual meeting of shareholders. A shareholder's notice must contain the following:

the name of the shareholder recommending the director candidate for consideration, the name of the director candidate, and the written consent of the shareholder and the director candidate to be publicly identified;

a written statement by the director candidate agreeing to be named in the Company's proxy materials and to serve as a member of the Board (and any committee of the Board to which the director candidate is assigned to serve by the Board) if nominated and elected;

the director candidate's name, age, business and residential address, principal occupation or employment, number of shares of the Company's common stock and other securities beneficially owned, a resume or similar document detailing personal and professional experiences and accomplishments and all other information relating to the director candidate that would be required to be disclosed in a proxy statement or other filing made in connection with the solicitation of proxies for the election of directors pursuant to the Exchange Act, SEC rules and the listing requirements and other criteria established by Nasdaq.

The shareholder's notice must be signed by the shareholder recommending the director candidate for consideration and sent to the following address: AMERISAFE, Inc., 2301 Highway 190 West, DeRidder, Louisiana 70634, Attn: Corporate Secretary (Nominating and Corporate Governance Committee Communication/Director Candidate Recommendation).

Succession Planning

Our Board considers the evaluation of management and succession planning to be one of its most important responsibilities. The Board's goal is to have a long-term program for effective senior leadership and development, with appropriate contingencies in case our chief executive officer, or any of our other executive officers, retires, resigns or is incapacitated.

Table of Contents

In the Board's succession planning program, internal candidates for the executive positions, including the CEO, are identified and evaluated based on criteria considered predictive of success at the senior management level. This program incorporates 360 reviews and related evaluations for each individual. The assessment includes a development plan, including executive coaching, for each individual.

Our Corporate Governance Guidelines provides that the NCG Committee report to the Board on succession planning at least annually. The CEO is responsible for advising the Board regarding his recommendations and evaluations of potential successors, together with a review of any development plans for these individuals. The Board, with the assistance of the NCG Committee, evaluates potential successors to the CEO, as well as other members of senior management.

Risk Committee

The Board views risk management as one of its primary responsibilities. The Board initially formed the Risk Committee in 2010 to facilitate its risk management functions. In August 2011, the Board dissolved the Investment Committee and delegated the oversight responsibilities previously performed by the Investment Committee to the Risk Committee.

The Risk Committee's charter provides that all members of the Board are members of the Risk Committee. Mr. M. Morris serves as chair of the Risk Committee and establishes the agenda for the meetings. Risk Committee members periodically receive presentations on risk-related topics from the Company's management, including its Senior Vice President, Enterprise Risk Management.

The Risk Committee's responsibilities include:

reviewing strategies, processes and controls pertaining to underwriting, pricing, reinsurance, risk retention, business continuity, crisis management and settlement of claims;

overseeing the Company's investment operations, including reviewing the Company's Investment Policy & Guidelines, long-term strategy, investment performance and liquidity, compliance with applicable laws and regulations, changes to investment accounting methods and approval of external investment managers;

overseeing the Company's enterprise risk management program; and

reviewing specific operational segments that may pose unusual or significant risks.

The Risk Committee met four times in 2013. The Risk Committee has the authority to select, retain, terminate, and approve the fees and other terms of retention of special counsel, experts and consultants. This Committee also has direct access to any Company employee.

Risk Management

In addition to the activities of the Risk Committee, the Board monitors risks arising from financial reporting and controls through its Audit Committee and risks related to compensation through its Compensation Committee.

Communications with the Board

Any shareholder or other interested party who wishes to communicate directly with the Board or any of its members may do so by writing to: Board of Directors, c/o AMERISAFE, Inc., 2301 Highway 190 West, DeRidder, Louisiana 70634, Attn: Corporate Secretary. COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis, or CD&A, is designed to provide shareholders with an understanding of the Company's compensation philosophy and objectives, as well as the analysis that the Compensation Committee (referred to as the Committee in this CD&A) performed in setting executive compensation. It discusses the determination of how and why, in addition to what, compensation actions were taken during 2013 by the Committee for our chief executive officer, each person serving as our chief financial officer, and our three other highest paid executive officers for 2013 (the named executive officers):

C. Allen Bradley, Jr., Chairman and Chief Executive Officer;

G. Janelle Frost, President and Chief Operating Officer (formerly Executive Vice President and Chief Financial Officer until May 2013);

Michael F. Grasher, Executive Vice President and Chief Financial Officer (since May 2013);

Geoffrey R. Banta, Executive Vice President, Corporate Development;

Vincent J. Gagliano, Executive Vice President and Chief Technology Officer; and

Craig P. Leach, Executive Vice President, Sales and Marketing.

Executive Summary

2013 Management Changes

During 2013, the Company saw significant transition in our senior management team. As previously announced, Geoffrey R. Banta, our former President and Chief Operating Officer, advised the Board that he will retire in December 2014, and in September 2013 he transitioned to the role of Executive Vice President, Corporate Development. In May 2013, G. Janelle Frost, our former Executive Vice President and Chief Financial Officer, was promoted to the position of Executive Vice President and Chief Operating Officer, and in September 2013, she was appointed President of the Company as well. Effective May 2013, the Board hired Michael F. Grasher to serve as our new Executive Vice President and Chief Financial Officer following Ms. Frost's promotion. In addition, Vincent J. Gagliano was promoted to the position of Executive Vice President and Chief Technology Officer in January 2013.

Table of Contents

Instituted an incentive compensation recoupment (clawback) policy for the Company's annual incentive plan; and

Modified the Company's annual incentive plan to include specific threshold performance benchmarks for each measure in the plan.

Compensation Best Practices

The Committee regularly reviews best practices in governance surrounding executive compensation in an effort to align executive compensation with shareholder interests, and to incorporate strong governance standards within our compensation program, such as the following:

No Tax Gross-Ups We do not provide, and no executive officer is entitled to receive, any tax gross-up payments in connection with compensation or other benefits provided by the Company.

Clawback Policy Both our annual and long-term incentive awards are subject to a compensation recoupment policy that permits the Committee to seek recovery of incentive awards paid if there is a restatement of the Company's financial statements.

Double Trigger Severance Payments The employment agreements with our executive officers do not provide for single trigger cash payments upon a change in control; our executives are entitled to severance under certain circumstances if they are terminated, and these payments are the same whether or not the termination is related to a change in control.

Double Trigger Vesting Since 2012, the awards under our new long-term incentive program only vest in connection with a change in control if the executive experiences a qualifying termination of employment.

Performance-Based Annual Incentive Plan Our annual incentive compensation plan rewards our executives for achievement of pre-established Company performance goals and individual goals.

Performance-Based LTIP Beginning in 2012, our long-term incentive program for executive management provides for performance awards that reward exceptional financial performance relative to a peer group of property and casualty insurers and is in alignment with shareholder returns to ensure that we can retain and attract talent to the executive ranks of the Company.

Risk Review The Committee conducts an annual risk review of the Company's executive compensation program, policies and practices.

Oversight of 10b5-1 Plans The Board adopted 10b5-1 policies and procedures, which include Board oversight of 10b5-1 plan transactions.

Independent Advisors The Committee ensures the independence of all Committee advisors by limiting the advisors to perform substantially all services for the Committee only.

Anti-Hedging and Anti-Pledging Policies The Company prohibits its executives and directors from hedging or pledging Company securities.

Edgar Filing: AMERISAFE INC - Form DEF 14A

Stock Ownership Requirements Our executive officers are required to maintain certain levels of ownership of Company securities, and are required to retain 20% of any shares received as compensation until such target levels are achieved (net of shares needed to cover the exercise price or tax obligations of an award).

Compensation Program Objectives

Our compensation program is intended to attract, retain and motivate the key people necessary to enable our Company to operate efficiently and profitably over the long-term. The Committee believes that executive compensation should align the interests of the Company's executives and other key employees with those of the Company and its shareholders. Our compensation program is also designed to differentiate compensation based upon individual contribution, performance and experience with our Company.

Table of Contents

In establishing compensation, the Committee seeks to provide employees, including our executive officers, with a competitive total compensation package. The Committee sets compensation in this manner to ensure that our compensation practices do not put the Company at a disadvantage in attracting and retaining executives and other employees, while also ensuring a competitive cost structure for our Company.

Compensation Committee

Our compensation program for executives is designed and implemented under the direction of the Committee, which is comprised of three independent directors. In October 2012, the directors appointed to serve as members of the Committee were Mr. Garcia (chair), Mr. J. Morris, and Mr. Traynor. At the Company's annual meeting in June 2013, due to Mr. Traynor's decision not to stand for re-election at the 2013 annual meeting, Mr. Roach was appointed to the committee to replace Mr. Traynor. For additional information regarding our Committee and its authority and responsibilities, see *The Board, Its Committees, and Its Compensation Compensation Committee*.

2013 Advisory Vote on Executive Compensation

At our annual meeting of shareholders in June 2013, more than 99% of the votes cast in the say-on-pay proposal were in support of our executive compensation program. The Committee considered the results of this advisory vote and believes the results affirm shareholder approval of the Board's approach to the Company's executive compensation program. Accordingly, the Committee did not adopt any changes to this program as a result of this vote, although as noted above the Committee is continually evaluating our executive compensation and has made changes in the past few years to strengthen the performance elements of the program and further align the program with our shareholders interests.

Compensation Consultant

In the spring of 2012, the Committee decided to engage a new independent compensation consultant and interviewed three compensation consulting firms. After extensive interviews with the three compensation consulting firms, the Committee engaged McLagan, an AON Hewitt Company, to conduct an executive compensation survey (the 2012 Survey). The 2012 survey, which is described below, was used by the Committee in setting 2013 compensation levels for the Company's executives. The Committee is solely responsible for the appointment, compensation and oversight of the compensation consultant.

Pursuant to Company policy, McLagan provides no services to the Company other than consulting services provided to the Committee. AON, the parent company of McLagan, did however provide insurance brokerage services to the Company and earned less than \$20,000 in insurance brokerage fees from the Company, that are unrelated to McLagan's compensation advisory fees in 2012.

McLagan attends Committee meetings, when necessary, and in 2012 advised on matters including peer group composition, and annual and long-term incentive plan design. McLagan also provides market data, analysis, and advice regarding the CEO and executive officer compensation to the Committee as well as director compensation surveys and advice. As required by SEC rules, the Committee has assessed the independence of McLagan and concluded that McLagan's work did not raise any conflicts of interest.

2012 Survey Peer Group Construction and Survey Results

The 2012 Survey benchmarked compensation for our executive officers against a peer group of 12 publicly traded insurance companies and included a review of the Company's annual and long-term incentive compensation plan design. McLagan used 2011 Company and peer company compensation data in its preparation of the 2012 Survey. The Committee utilized the 2012 Survey results in assessing the level of salary and bonuses paid our executives and approving changes to the compensation levels and annual and long-term compensation plans for our executive officers in 2013.

Table of Contents

The 12 companies in the 2012 Survey were all publicly traded companies in the insurance industry. In selecting the peer companies McLagan, along with the Committee, selected publicly traded insurance companies that were compatible in size, industry, competitors, and business complexity.

The benchmark peer companies selected in the 2012 Survey group were:

American Safety Insurance Holdings, Ltd.	Employers Holdings, Inc.
Baldwin & Lyons, Inc.	Global Indemnity PLC
Eastern Insurance Holdings, Inc.	National Interstate Corporation
EMC Insurance Group Inc.	SeaBright Insurance Holdings, Inc.
Safety Insurance Group	RLI Corp.
Donegal Group	Hallmark Financial Services

In addition to compensation data specifically relating to the twelve companies named above, McLagan also used market compensation data from published survey sources relating to companies in the insurance and financial services industry in developing the recommendations contained in the 2012 Survey.

The table below summarizes the results of the 2012 Survey, using the 2011 base salary, targeted total cash compensation and targeted total compensation for each of our named executive officers based on their positions at the time as a percentage of the 50th percentile of the peer company compensation.

Executive	2011	2012 Survey Multiple of Median 2011	2011
	Base Salary	Total Cash Compensation (1)	Total Compensation (2)
C. Allen Bradley, Jr.	88%	136%	118%
G. Janelle Frost	74%	89%	72%
Michael F. Grasher (3)	75%	83%	N/A
Geoffrey R. Banta	91%	111%	98%
Vincent J. Gagliano (4)	N/A	N/A	N/A
Craig P. Leach	78%	105%	87%

1. Includes actual 2011 base salary and actual annual incentive.
2. Includes actual 2011 base salary and actual annual incentive award and target long-term incentive award.
3. Mr. Grasher did not join the Company until May 2013, thus his salary and compensation used in the table above relate to 2013.
4. Mr. Gagliano's position as Chief Technology Officer was not benchmarked as part of the 2012 Survey, thus there is no relevant data for this position in the survey. The Committee intends to benchmark this position when it authorizes the next compensation survey in 2014.

Components of Executive Compensation Program and Policies

The principal components of our executive compensation program provide for a combination of fixed and variable compensation. In addition to the principal components, we also provide our executive officers with broad-based employee benefits, certain severance benefits and other limited perquisites. As described in more detail below, these principal components, which we refer to as our executive officer's total direct compensation are:

Base Salary Paid in cash. Established annually, upon promotion, or following a change in job responsibilities based on market data, internal pay equity and level of responsibility, experience, expertise and performance.

Table of Contents

Annual Incentive Compensation Paid in cash. Award granted annually based in part on Company GAAP financial performance against pre-established annual GAAP financial targets set by the Committee, as well as certain qualitative leadership objectives for each executive.

Long-Term Equity-Based Incentive Compensation Paid in Company stock. Performance-based awards granted annually. The performance-based awards are subject to a three-year performance period with the financial metric measured against a peer group of property casualty companies and the total shareholder return of the Company measured against an appropriate index. Certain executives also receive time-based awards.

The table below highlights the annualized base salary for each of our named executive officers, and the target award value of the annual incentive compensation and long-term incentive compensation granted to our named executive officers during 2013, as well as the percentage of total target compensation represented by each component. The actual base salary received, the actual annual incentive compensation award and the long-term incentive compensation value is also reflected in *Executive Compensation Summary Compensation Table*, which also includes certain other components of compensation.

Executive	2013 Base Salary		2013 Target AIP Award		2013 Target LTIP Award		2013 Total Target Compensation
	\$	% of Total	\$	% of Total	\$	% of Total	
C. Allen Bradley, Jr.	\$ 530,000	37%	\$ 530,000	37%	\$ 371,000	26%	\$ 1,431,000

Craig P. Leach	\$ 263,000	53%	\$ 157,800	32%	\$ 78,900	15%	\$ 499,700

1. Ms. Frost's base salary was further increased in September 2013 to \$300,000 upon her promotion as President of the Company.
2. Mr. Grasher did not participate in the annual incentive plan, or the long-term incentive plan due to the fact that he joined the Company in May 2013. His 2013 Target AIP Award value represents the actual award he received under a separate bonus program, which included specific individual objectives.

Compensation Components

Base Salary. Base salaries are determined on the basis of management responsibilities and level of experience, as well as internal and market comparisons. In setting base salaries for our executive officers, the Committee seeks to provide a reasonable level of fixed compensation that we believe is competitive with base salaries for comparable positions at similar companies. In February 2013, the Committee reviewed the 2012 Survey as it related to the base salaries of our executive officers. Based on this review, the Committee reconfirmed its decision initially made in 2009 to target the 50th percentile of base salaries for comparable executive positions at the peer companies, with the goal of reaching the appropriate levels incrementally over several years. At the request of the Committee, Mr. Bradley, our chief executive officer, makes recommendations annually with respect to changes in base salary for our executive officers, other than changes in his compensation. Neither our chief executive officer nor any other executive officer participates in the Committee's decisions regarding the base salaries of our executive officers. Additional information regarding the base salary decisions made for 2013 is included below under the caption *2013 Compensation Base Salary*.

Annual Incentive Compensation. The Committee believes that annual incentive compensation is a key element of the total compensation of each executive officer. The Committee also believes that placing a significant portion of executive compensation at risk each year, subject to the results of Company and individual performance, appropriately motivates executives to achieve the Company's financial and operational objectives,

Table of Contents

thereby enhancing shareholder value. As an executive or other key employee progresses to greater levels of responsibility within the Company, the Committee believes that the annual incentive awards should represent an increasing portion of total potential cash compensation. For 2013, the Committee implemented a plan substantially similar to the annual incentive plan used for the past several years, except that the Committee established a threshold for the quantitative Company performance goals. In prior years, the Company had established only a target and a maximum. Under the annual incentive plan, cash awards are made based on achievement of Company financial and operational objectives and individual performance goals. In establishing the Company financial and operational objectives, the Committee approved objectives for return on average equity (calculated on a GAAP basis), gross premiums written and net combined ratio. In setting the target awards for the executive officers, the Committee considered that these targets were higher, on a percentage basis, than target awards reflected in the 2012 Survey. The Committee also noted that this was appropriate given that base salary levels were all lower than the peer median and that the Company's long-term incentive plan, which was first implemented for calendar year 2012 and which is earned over a 3 year period, will not begin to pay-out to the executives until 2015. Additional information regarding the annual incentive program for 2013 is included below under the caption *2013 Compensation 2013 Annual Incentive Compensation*.

Long-term Incentive Compensation. Three of our executive officers, including our chief executive officer, were employed by the Company at the time of our initial public offering in 2005 and received significant stock option grants at that time. Those awards vested ratably over five years and fully vested in November 2010. These executive officers have not received additional option grants since the initial public offering, and we have made limited option grants to new executive officers. No stock options or other equity awards were made in 2010 or 2011 to our executive officers.

Beginning in July 2011, the Committee began working with its consultants to develop a new long-term incentive compensation program, or LTIP, to reward performance, encourage executives to remain with the Company and attract necessary talent to the Company. Specifically, the Committee noted that the Company's total compensation was below, and for some positions significantly below, the 50th percentile reflected in the survey data provided by its consultant at the time, primarily as a result of the lack of a long-term incentive program. The Committee was concerned that the Company's compensation program could adversely affect the Company's ability to attract and retain executives due to the significantly lower levels of targeted total compensation of the Company's executives.

In designing the LTIP, the Committee believed that the program should be substantially performance based and compare the Company's operating performance to a peer group of companies engaged in the workers' compensation insurance industry. The Committee also believed that the performance period should reflect the long-term nature of the workers' compensation claims development process. The Committee considered that over several years the Company had demonstrated outstanding operating performance and consistently outperformed the workers' compensation industry generally. As a consequence, the Committee's plan design considered this historical performance when determining the level of performance required for maximum payout under the LTIP. Additionally, the Committee believed that awards under the LTIP should provide for a reduced payout if the Company's total shareholder return underperformed the industry. The Committee considered this feature to be appropriate to align the interests of the executive officers with those of the Company's shareholders.

In March 2012, our Committee approved a new LTIP under which target awards are established annually for each executive officer based on a percentage of the executive's base salary. The target award is then delivered through one or both of the following awards: a performance-based award and a time-based award (only awarded to certain executives). The performance-based award is payable in shares of common stock, with the number of shares delivered determined based on the Company achievement of certain quantitative targets measured over a three-year performance period. The time-based award is represented by restricted stock that vests on the third anniversary of the grant date, conditioned on continued employment with the Company. As described below, all executive officers receive the performance-based award but only certain executives receive restricted stock. Awards under the LTIP are made pursuant to our 2012 Equity and Incentive Compensation Plan, which was

Table of Contents

approved by our shareholders at our annual meeting in 2012. The Committee intends to make LTIP awards on an annual basis, but may adjust the performance factors, the weighting of those factors, the mix of performance-based and time-based awards and other aspects of the LTIP as it evaluates the effectiveness of the program over time.

For those executives that received significant stock option awards in our IPO, LTIP awards since 2012 have been comprised solely of performance-based awards. Those executive officers who did not receive significant option awards in the IPO, which include most of the Company's newer executives, received a combination of performance-based awards and time-based restricted stock awards. The Committee believes that use of time-based restricted stock with three-year cliff vesting serves an important retention function for newer executives, and also provides an immediate alignment with shareholder interests. Additional information regarding the LTIP awards granted in 2013 is included below under the caption *2013 Compensation Long Term Incentive Compensation*.

The 2012 Survey reaffirmed the importance of the LTIP in making the Company's executive compensation program competitive with peers. McLagan also reviewed the design of the LTIP and advised the Committee that the plan design provided appropriate performance and retention incentives for executive management.

The LTIP awards partially vest upon death, disability, retirement (for performance-based awards only) or a termination of employment without cause or for good reason following a change in control of the Company. These awards do not vest solely upon a change in control. To qualify for partial vesting upon retirement, an executive officer must be at least age 60, have 10 or more years of service with the Company and not have accepted a substantial employment or consulting arrangement with another company engaged in the workers' compensation insurance industry. As described below, in the Clawback Policy section, all LTIP awards are subject to possible reimbursement in the event of a financial statement restatement and are intended to be governed by the incentive compensation recovery regulations to be established by the SEC under the Dodd Frank Act.

The Committee does not have a specific policy addressing the cumulative value of prior equity awards in making future awards. However, our Committee intends to continue to make appropriate executive compensation decisions annually, so that our executives receive a total compensation package that is both competitive, and has a significant portion of compensation at risk. The increase in the value of restricted stock awards is directly linked to an increase in shareholder return, and unvested awards are conditioned on continued employment. The payment under any performance-based awards is tied to the Company meeting or exceeding quantitative performance objectives. The Committee believes, as a general matter, that positive results with respect to prior incentive awards should not negatively impact future compensation decisions.

Employee Benefits. We do not provide our executives or other employees with defined pension benefits, supplemental retirement benefits, post-retirement payments, or deferred compensation programs. We do provide a 401(k) defined contribution plan that is available to all employees. We match 50% of employee contributions up to 4% of compensation for participating employees, subject to limitations under applicable law. Our executives and other employees are fully vested in Company contributions to this plan after five years. We also provide health, life, and other insurance benefits to our executives on the same basis as our other full-time employees.

Severance and Change-in-Control Benefits. We have employment agreements with each of our executive officers. These employment agreements provide each executive officer with severance compensation consisting of cash severance payments paid in monthly installments and continued health benefits for a period of 12 months (18 months for our chief executive officer), in the event that an executive's employment is terminated by us without cause or by the executive under certain circumstances. The cash severance payment for the covered executives (other than our chief executive officer) is an amount equal to the officer's then current annual base salary plus the average of the three most recent annual incentive bonuses received by the executive. For our chief

Table of Contents

executive officer, the cash severance payment is one and one-half times the amount described in the preceding sentence. These employment agreements also provide that the terminated executive will not engage in activities that are competitive with our business for 12 months (18 months for our chief executive officer). For additional information regarding the employment agreements with our executives, see *Executive Compensation Employment Agreements*.

The Committee believes that these benefits are necessary and appropriate in order to attract and retain qualified executive officers as these benefits are generally made available by other companies. In addition, the Committee recognizes that it may be difficult for our executive officers to find comparable employment in a short period of time. Therefore these benefits address a valid concern, making an executive position with our Company more attractive. These issues are particularly significant to us, given that our corporate headquarters is not located in a major metropolitan area and it is unlikely that our executives could secure comparable employment without relocating to another city. The Company does not provide excise tax gross-ups under any change in control arrangement.

Executive Perquisites. Executive compensation also includes a limited number of perquisites that have historically been provided to our executives and that the Committee believes enhance our ability to attract and retain qualified executives. These perquisites include car allowances, disability insurance, reimbursement for annual medical examinations, and limited club memberships. Our executive officers are also permitted to accrue unused vacation on a more favorable basis than that available to other Company employees. Our executive officers are permitted to accrue up to 200 hours of vacation, a limit slightly higher than the 180 hour maximum available to employees with more than ten years of service. The Committee believes that this policy is appropriate given that the management responsibilities of our executive officers often do not permit them the flexibility to use their vacation time on an annual basis. The Company does not provide tax gross-ups on these perquisites or additional benefits. For additional information regarding perquisites provided to our executives, see *Executive Compensation All Other Compensation*.

Compensation-Related Policies

Clawback Policy. The Committee has adopted a formal policy (Clawback Policy) regarding recovery of incentive awards for fiscal years for which financial results are later restated. The Clawback Policy applies to the Company's 2013 annual and long-term incentive compensation awards. Under the policy, the Committee will consider any financial statement restatement in exercising its discretion in connection with determining the payout of incentive and other compensation awards for executives in the periods following such a financial statement restatement.

Stock Ownership Guidelines. The Committee has approved stock ownership guidelines for our executive officers. The target ownership for our chief executive officer is a dollar amount equal to three times his average base salary and annual incentive bonus for the three immediately preceding calendar years. The target ownership for each of our other executive officers is a dollar amount equal to two times their average base salary for the three immediately preceding calendar years (or, if less, all complete calendar years employed by the Company). All forms of Company equity, whether vested or unvested, including common stock, restricted stock, and stock options, are counted for purposes of determining compliance with the ownership guidelines.

In determining whether an executive meets the applicable guideline, the value of shares of common stock, including restricted stock and shares purchased by executives in the open market, is based on the closing price of our common stock on the last trading day of the most recent calendar year. In addition, the value of stock options is equal to the greater of (a) the value of the award on the grant date calculated in accordance with the Black-Scholes-Merton option pricing model, and (b) the difference between the applicable exercise price and the closing price of our common stock on the last trading day of the most recent calendar year.

Table of Contents

Until an executive officer meets the ownership target provided under the guidelines, he or she is required to retain all shares received under the Company's compensation plans, except for shares sold to pay the exercise price, if any, and to satisfy tax obligations. After an executive meets the applicable guideline, he or she is required to retain 20% of any shares obtained as the result of exercising a stock option or vesting of a restricted stock award, net of shares sold to pay the exercise price, if any, and to satisfy tax obligations.

The following table sets forth for each named executive officer the applicable stock ownership guideline and equity ownership as of December 31, 2013, measured in dollars, using the guideline methodology described above. As noted in the table, each of our named executive officers exceeds his or her ownership guideline.

Executive	Stock Options	Other Stock	Total Ownership	Stock Ownership Guideline
C. Allen Bradley, Jr.	\$ 8,941,560	\$ 4,153,966	\$ 13,095,526	\$ 3,256,535
G. Janelle Frost	\$ 1,989,750	\$ 1,581,212	\$ 3,570,926	\$ 498,333
Michael F. Grasher	\$ 0	\$ 1,104,026	\$ 1,104,026	\$ 500,000
Geoffrey R. Banta	\$ 2,052,570	\$ 485,337	\$ 2,537,907	\$ 646,000
Vincent J. Gagliano	\$ 286,596	\$ 1,133,806	\$ 1,420,402	\$ 340,000

Internal Revenue Code Section 162(m). Section 162(m) of the Internal Revenue Code provides that compensation in excess of \$1 million paid to the chief executive officer or to any of the other three most highly compensated executive officers (other than the chief financial officer) of a public company is not deductible for federal income tax purposes unless the compensation qualifies as performance based compensation. The performance-based awards granted as part of the 2013 LTIP and the portion of the 2013 annual incentive award based on quantitative Company performance goals are intended to qualify as performance based compensation. The Committee reviews on an annual basis the potential impact of this deduction limitation on executive compensation.

Dodd Frank Act. The Board and Committee have discussed the requirements of the Dodd Frank Act, including the provisions relating to the recovery of incentive compensation for fiscal years for which financial results are later restated (See Clawback Policy). The SEC has not issued regulations implementing these provisions of Dodd Frank. In 2012, the Committee adopted a policy for the recovery of incentive awards in the event the Company is required to file a restatement of its financial statements with either the SEC or any state insurance authority. This policy is incorporated in both the annual and long-term incentive compensation award agreements for 2013, with each of the Company's executive officers, for awards granted subsequent to the adoption of the policy. The Committee expects to modify this policy once the SEC issues regulations with respect to the recovery of incentive compensation under the Dodd Frank Act, if necessary.

2013 Compensation

Base Salary. As discussed above, the Committee has determined to target the median of base salaries for comparable executive positions, as reflected by the 2012 Survey, for the base salaries of the Company's executive officers. As a result of its review, the Committee determined that the base salaries of our named executive officers were below the median. The Committee has established a goal of reaching the appropriate levels incrementally over a period of years and the modest base salary increases applicable to most of our named executive in 2013 have helped move these executive officers closer to the median. With respect to Mr. Gagliano, his base salary was increased in January 2013 as part of his promotion to Executive Vice President and Chief Technology Officer. As that position was not benchmarked in the 2012 Survey, the Committee considered his new position as a member of the executive management team and his increased responsibilities and job functions when setting his base salary for 2013.

Table of Contents

The following adjustments were made to the base salaries of the named executive officers effective January 2013, except for Mr. Grasher, who joined the Company in May 2013:

Executive	2012	2013	Percentage Increase	2011
	Base Salary	Base Salary		Base Salary: 2012 Survey Multiple of Median
C. Allen Bradley, Jr.	\$ 515,000	\$ 530,000	2.9%	88%
G. Janelle Frost (1)	\$ 250,000	\$ 260,000	4.0%	74%
Michael F. Grasher (2)	N/A	\$ 250,000	N/A	79%
Geoffrey R. Banta	\$ 325,000	\$ 335,000	3.1%	91%
Vincent J. Gagliano	\$ 140,000	\$ 170,000	21.0%	N/A
Craig P. Leach	\$ 255,000	\$ 263,000	3.1%	78%

1. Ms. Frost's salary was further increased in September 2013 to \$300,000 upon her promotion to President of the Company.

2. Unlike the other executives, Mr. Grasher's multiple of the median is based on his 2013 base salary.

2013 Annual Incentive Compensation. In February 2013, the Committee approved target award opportunities under our annual incentive compensation plan for each named executive officer, except Mr. Grasher who was not yet with the Company. The Committee set the 2013 target awards for each executive at the same levels that were set for 2012, based on the 2012 Survey that showed that these target award levels were competitive to the median of the peer group.

The target awards were set at a percentage of the individual officer's base salary (which is pro-rated to reflect salary changes during the year) and were subject to achievement of Company and individual performance goals. For 2013, the Committee established Company performance goals under the following metrics: GAAP return on average equity, GAAP net combined ratio and GAAP gross premiums written. The Company performance goals are the same for each of our executive officers, however the goals were weighted differently for each executive officer based on the Committee's assessment of each executive's ability to influence the outcome of the particular objective. The Committee also established individual performance goals for each executive officer, including our chief executive officer. The individual performance goals established were principally qualitative rather than quantitative.

The following table sets forth the target award opportunity for each named executive officer, other than Mr. Grasher, and the aggregate weighting of Company and individual performance goals for 2013.

Executive	Target Annual Incentive Opportunity (% of base salary)	Weighting of Performance Goals				Individual Performance
		CR	GPW	ROE	Company Performance	
C. Allen Bradley, Jr.	100%	15%	15%	15%	55%	
G. Janelle Frost	60%	12.5%	5%	12.5%	30%	
Michael F. Grasher	N/A	N/A	N/A	N/A	N/A	
Geoffrey R. Banta	70%	12.5%	10%	12.5%	35%	
Vincent J. Gagliano	60%	10%	10%	10%	30%	
Craig P. Leach	60%	10%	15%	5%	30%	

The weighting of performance goals for our chief executive officer differs from the weighting for the other named executive officers because the Committee believes that incentive compensation paid to our chief executive officer should have a more significant subjective component that measures his performance in meeting his individual goals, including leading the Company, in addition to achieving specified Company objective performance goals. The Committee believes that this approach appropriately incentivizes the chief executive officer to focus his efforts on the long-term performance of the Company.

Table of Contents

The following table sets forth the Company performance goals established under the 2013 annual incentive compensation plan and the results achieved.

Goal	Threshold	Target	Maximum	2013 Actual Result	Level of 2013 Achievement/Payout Percentage
Return on Average Equity	6.5%	8.0%	10.0%	10.9%	Maximum/150%
Gross Premiums Written	\$370 million	\$382 million	\$394 million	\$372 million	Above Threshold/58.3%
Net Combined Ratio	Less than 98.5%	Less than 95.5%	Less than 92.5%	90.0%	Maximum/150%

For each Company performance goal, no amount is earned if the threshold performance is not achieved. If the threshold is achieved, the executive officers are eligible to earn from 50% to 150% of the portion of the target bonus tied to that goal, with the award for that goal determined by the amount by which the Company exceeded the threshold performance.

Achievement of individual performance goals was determined for each of our named executive officers, other than those of our chief executive officer, by the Committee with input from our chief executive officer. The Committee evaluated the performance of our chief executive officer based on its assessment of his achievement of individual goals and his overall performance in leading the Company during 2013. The Committee, in determining the awards, took into consideration the exceptional financial performance of the Company in 2013. As with the Company performance goals, each named executive officer could earn between 0% and 150% of the target individual goals based on the level of achievement of the goals.

At its meeting in February 2014, the Committee approved annual incentive award payouts for our named executive officers as follows:

Executive	Award Earned for Company Performance	Award Earned for Individual Performance	Total Award	Percent of Target Award Earned	Percent of Total Cash Compensation
C. Allen Bradley, Jr.	\$ 284,849	\$ 437,250	\$ 722,099	136%	57.7%
G. Janelle Frost	\$ 110,468	\$ 122,993	\$ 233,461	142%	47.3%
Michael F. Grasher	N/A	N/A	N/A	N/A	N/A
Geoffrey R. Banta	\$ 145,157	\$ 117,250	\$ 262,407	112%	43.9%
Vincent J. Gagliano	\$ 60,911	\$ 63,750	\$ 124,661	122%	42.3%
Craig P. Leach	\$ 82,174	\$ 70,685	\$ 152,859	97%	36.8%

As noted above, our named executive officers received a portion of their annual incentive award as a result of the Company achieving above maximum performance for the return on average equity goal and the net combined ratio goal, and just above the threshold level of performance for the gross premiums written goal. In determining the total award payout, the Committee also considered the level of achievement of individual performance goals by each executive. Mr. Grasher, who joined the Company in May 2013, was not a part of the program and the Committee awarded him an annual bonus in the amount of \$100,000, based on the Committee's subjective assessment of his performance in meeting his objectives during 2013 and the Company's results.

2013 Long-Term Incentive Compensation. In February 2013, the Committee granted 2013 LTIP awards to our then executive officers in the form of performance-based awards and, for certain executives, time-vested restricted stock. The 2013 LTIP awards are governed by the 2012 Equity and Incentive Plan and the individual award agreements signed by the Company and each executive officer. In 2012, the Committee set an aggregate target value, which was a percentage of salary, for the 2012 LTIP awards for each named executive officer at an amount generally below the market median for the long-term compensation component of pay as shown in the 2012 Survey. The Committee considered this approach to be prudent given that the LTIP was new and that target awards could be adjusted in future periods. The target awards set by the Committee under the plan for 2013 were

Table of Contents

based on the same percentages as used in 2012. All of our executive officers received performance-based awards under our 2013 LTIP, except for Mr. Grasher who did not join the Company until May 2013, and only certain executives received restricted stock.

The following table sets forth the target value of the performance-based awards and the restricted stock awards that were approved by the Committee under the 2013 LTIP.

Name	Target Value of 2013 LTIP Awards (1)	Percentage of 2013 Base Salary	Target Value of Performance Based Awards (2)	Grant Date Value of Restricted Stock	Shares of Restricted Stock
C. Allen Bradley, Jr.	\$ 371,000	70%	\$ 371,000		
G. Janelle Frost	\$ 104,000	40%	\$ 57,200	\$ 46,943	1,367
Michael F. Grasher					
Geoffrey R. Banta	\$ 184,250	55%	\$ 184,250		
Vincent J. Gagliano	\$ 59,500	35%	\$ 32,725	\$ 26,854	782
Craig P. Leach	\$ 78,900	30%	\$ 78,900		

1. Represents the target value of the LTIP awards granted in 2013. This table does not include the value of grants of restricted stock received during 2013 by Ms. Frost and Mr. Gagliano in connection with their promotions and by Mr. Grasher in connection with his joining the Company. These special awards are described below and under *Executive Compensation Grants of Plan Based Awards*.
2. Subject to certain exceptions, the performance-based awards will be payable in shares of our common stock. In determining the number of shares of our common stock issuable as payment of the award, the value of each share of our common stock will be based on the volume weighted trading price per share of common stock for the 10 trading days immediately preceding the date the actual award is approved by the Committee. Accordingly, the number of shares underlying the performance-based awards is not determinable at this time.

Performance-Based Awards. The performance-based awards provide a target dollar amount that may be earned by the recipient, which amount will be paid in shares of our common stock, subject to certain limited exceptions. The amount earned under the performance-based award may be less than or greater than the target value set in the award. However, in no event may a recipient receive more than 150% of the target value under this performance-based award. The actual amount, if any, that a recipient will earn under the performance-based award is dependent on the Company's operating performance over a three-year period beginning on January 1, 2013 and ending December 31, 2015, relative to a designated performance peer group of insurance companies selected by the Committee. The companies selected were deemed by the Committee to be significant competitors to the Company in the workers' compensation markets in which it operates. This group differs from the peer group used in the 2012 Survey, which is made up of public insurance companies. The 16 companies selected as the performance peer group for the performance-based awards under the LTIP were:

Accident Fund Group	Employers Insurance Group
Alaska National Insurance Co.	FCCI Mutual Insurance Holding Company
Amerisure Mutual Insurance Company	FFVA Mutual Insurance Company
Bituminous Casualty Insurance	Great Western Casualty Company
Bituminous Fire and Marine Insurance	Louisiana Workers Compensation Corp.
Builders Insurance	National American Insurance Company
Builders Mutual Insurance Company	Tower Group Inc.
Eastern Insurance Holdings	West Bend Mutual Insurance Company

Table of Contents

The Committee selected three metrics to measure the Company's operating performance under the 2013 performance-based awards: statutory combined ratio (CR), statutory direct premiums written (DPW), and statutory total return on invested assets (TROIA). The Committee selected these measures as they were deemed to be significant benchmarks to the successful performance of the Company. The weightings for each of the measures were determined by the Committee in consultation with the CEO, and differ for each executive based on the primary responsibilities of the executive.

Weightings of Measures for each Executive. The following table shows the weightings for each executive officer for the various performance measures in the performance-based award:

Name	Target Value of Performance-Based Award	Combined Ratio Weighting (CR)	Growth in Direct Premiums Written Weighting (DPV)	Total Return of Invested Assets Weighting (TROIA)
C. Allen Bradley, Jr.	\$ 371,000	60%	30%	10%
G. Janelle Frost	\$ 57,200	50%	40%	10%
Michael F. Grasher	N/A	N/A	N/A	N/A
Geoffrey R. Banta	\$ 184,250	50%	40%	10%
Vincent J. Gagliano	\$ 32,725	50%	40%	10%
Craig P. Leach	\$ 78,900	50%	50%	0%

Threshold Basis Points (TBP) used in Calculation of Awards. In designing the performance-based award under the LTIP, the Committee recognized that the Company had demonstrated outstanding operating performance and consistently outperformed the workers' compensation industry, including the peer companies listed above. As a consequence, the Committee's award design considered this historical performance when determining the level of performance that would result in maximum payout under the performance-based awards. The Committee incorporated into the calculation of the award the concept of Threshold Basis Points (TBP). TBP is the amount by which the Company's performance for each measure must exceed the results of the performance peer group for the award to reach 2 times the target award. (The overall award is limited to 1.5 times the target compensation.) TBP is expressed in basis points. The first step in the calculation of the award is to compare the 2013 performance of the Company to that of the 16 performance peer group companies for the three measures (CR, DPW, TROIA) and to determine whether the TBP level for each measure has been achieved.

The TBP for each measure in 2013 were as follows:

CR	1,200 bp
DPW	500 bp
TROIA	20 bp

These results are then reduced if the total shareholder return (TSR) of the Company is more than 500 basis points lower than the total shareholder return of the average of 50% of the S&P Property Casualty Insurance Small Cap Index and 50% of the S&P Property & Casualty Insurance Mid Cap Index over the three-year period. The TSR measure cannot improve payouts under the plan but is only used to reduce payout when the Company TSR lags the index by more than 500 basis points. Although the TSR measure is the fourth measure in the award design and could therefore be weighted 25% in the award, it is instead weighted 37.5% or 1.5 times a normal weighting. The Committee believed such a weighting better aligned the interests of shareholders with that of executive management.

Payments under each performance-based award will be made in shares of common stock (rounded to the nearest whole share) equal to (a) the amount earned under the award divided by (b) the volume weighted trading price per share of common stock for the 10 trading days immediately preceding the date the value of the award is approved by the Committee.

Current Estimates of Potential Payout Value of Outstanding Performance-Based Awards. The following table shows the estimated potential payout value of the performance-based awards granted in 2012 and 2013, as of September 30, 2013, based on the information currently available to the Company. These estimated values are presented for information purposes only, as the actual payout values will be determined following the end of the respective performance periods and will be impacted by the Company's performance during the remainder of the performance periods.

- The 2012-2014 performance period estimate at December 31, 2013 is based upon actual Company data for 2012 and the first nine months of 2013 and actual peer company data for 2012 and an estimate of peer company data for the first nine months of 2013. The 2013-2015 performance period estimate at December 31, 2013 is based upon actual Company data the first nine months of 2013 and an estimate of peer company data for the same period.

LTIP Restricted Stock. As described above, certain executive officers also received restricted stock awards under the 2013 LTIP. Subject to certain exceptions, the restrictions applicable to the shares awarded will lapse so long as the recipients continue to remain employed by us until March 11, 2016, the third anniversary of the date the award agreements were executed, subject to recoupment.

Special Restricted Stock Awards for Certain Officers. In addition to the regular LTIP awards, during 2013, the Committee made special, one-time grants of restricted stock to certain executive officers in connection with either a promotion or the recruitment of a new executive. Specifically, both Ms. Frost and Mr. Gagliano received shares of restricted stock in connection with their promotions, and Mr. Grasher received shares of restricted stock in connection with joining the Company in May 2013. These special grants were not part of our regular LTIP, and were granted in part as recognition of the increased level of responsibilities being undertaken by Ms. Frost and Mr. Gagliano, and to recruit Mr. Grasher. These awards will also assist these executives in maintaining their required level of stock ownership, and will serve as a retention tool due to the extended vesting periods. Unlike the restricted stock granted under our LTIP, which cliff vests on the third anniversary of the grant date, these awards vest ratably over a five-year period (for Mr. Gagliano and Mr. Grasher) and a seven-year period (for Ms. Frost). These special awards are reflected below under *Executive Compensation Grants of Plan Based Awards*.

Employment Agreements

We have employment agreements with each of our named executive officers. The term of each agreement (other than with Mr. Banta) is automatically extended for an additional consecutive one-year period at expiration unless either party provides notice not to extend the term at least 30 days prior to the applicable expiration date. Mr. Banta's employment agreement expires on December 31, 2014. The agreements provide for an annual base salary of not less than \$425,000 for Mr. Bradley, \$175,000 for Ms. Frost, \$250,000 for Mr. Grasher, \$355,000 for Mr. Banta, \$170,000 for Mr. Gagliano and \$235,000 for Mr. Leach. The named executive officers are also eligible to participate in the Company's incentive compensation plans and receive employee benefits provided to other executive officers of the Company.

Under these agreements, if we terminate the employment of one of our executive officers without cause, the terminated executive officer will be entitled to receive severance compensation consisting of cash paid in installments, and continued health benefits, for a period of 12 months (18 months for Mr. Bradley). The cash severance payment for the covered executives (other than Mr. Bradley) is an amount equal to the officer's then

Table of Contents

current annual base salary plus the average annual incentive award received by the executive in the prior three years. For Mr. Bradley, the cash severance payment is one and one-half times the amount described in the preceding sentence. The calculation of severance benefits under the employment agreement with each of our executive officers excludes any long-term incentive based compensation.

An executive officer is deemed to have been terminated without cause if:

we elect not to extend the terms of the employment agreement or we terminate the executive for any reason other than:

the conviction, guilty plea or plea of no contest to any felony, or to any crime of moral turpitude;

the willful misconduct of the executive officer, or the willful or continued failure by the executive officer (except as a result of disability or illness) to substantially perform his/her duties to the Company, in either case which has a material adverse effect on Company; or

the willful fraud or material dishonesty of the executive officer in connection with his performance of duties to the Company;

the executive terminates employment with us following:

a material reduction in authority, duties or responsibility;

a material reduction in base salary;

a material reduction in the executive's ability to earn an annual bonus that results in a material reduction in the total annual compensation the executive may earn;

a termination of employee benefits, unless the termination is applicable to all senior executives or is required under any applicable plan or law;

relocation of the executive's principal place of work to a location more than 35 miles from the executive's current principal place of work; or

a material breach of the employment agreement by us.

Each of our executive officers has agreed not to compete with us or solicit our employees, agents or policyholders without our prior written consent while they are employed by us. If one of our executive officers is terminated by us without cause, the prohibition on engaging in competitive activities or soliciting our employees, agents or policyholders extends for a period of 12 months (18 months for our chief executive officer) after the date of termination. If an executive officer is terminated by us for cause, the executive officer terminates employment other than for one of the reasons specified above, or if an executive officer elects not to renew the term of the employment agreement, we have the option to extend the restriction on engaging in competitive or solicitation activities for a period of 12 months (18 months for our chief executive officer) after the date of termination or non-renewal by (a) delivering a written notice to the executive officer within 180 days after termination or non-renewal and (b) paying the executive officer the severance compensation provided under the employment agreement.

Equity Incentive Plans

The AMERISAFE, Inc. 2012 Equity and Incentive Compensation Plan (the 2012 Incentive Plan) was approved by our shareholders in June 2012 and is administered by our Compensation Committee. The 2012 Incentive Plan permits awards in the form of option rights, appreciation rights, restricted shares, restricted stock units, cash incentive awards, performance shares and units. Options granted under the 2012 Incentive Plan are required to have an exercise price of not less than the fair market value of our common stock on the grant date. The maximum number of shares of our common stock that may be issued pursuant to equity awards under the 2012 Incentive Plan is 500,000 shares. As of April 17, 2014, there were 413,079 shares of our common stock were available for further issuance under the 2012 Incentive Plan. See *Equity Compensation Plan Information*.

Table of Contents

It is our Company's policy to award grants under our 2012 Incentive Plan only during periods in which the Company's executives and other employees are normally permitted to buy and sell the Company's securities under our Company's securities trading policy.

Agreements evidencing awards may provide for a partial acceleration of vesting if a grantee's employment is terminated by the Company without cause (as defined in the award agreement) or by the grantee for good reason (as defined in the award agreement) following a change in control of our Company. A change in control will be deemed to have occurred under the 2012 Incentive Plan if:

a person or group acquires 35% or more of the Company's then outstanding voting securities, subject to certain exceptions;

individuals who constitute the Board as of the effective date of the 2012 Incentive Plan cease for any reason (other than death or disability) to constitute at least a majority of the Board, unless their replacements are approved as described in the 2012 Incentive Plan;

there is a consummation of a merger, consolidation or similar corporate transaction that results in an actual change in ownership of the Company; or

the Company's shareholders approve a complete liquidation or dissolution of the Company.

Grantees of time-based restricted stock and performance-based awards are entitled to accelerated vesting if the grantee's employment is terminated in connection with a change in control or due to death or disability (and retirement for performance-based awards only), in each case as defined in the award agreement, as follows:

Date of Termination	Applicable Percentage
Within six months of the grant date or commencement of performance period	0.0%
After six months following the grant date but within 18 months following the grant date or commencement of performance period	33.3%
After 18 months following the grant date but within 30 months following the grant date or commencement of performance period	66.6%
After 30 months following the grant date or commencement of performance period	100.0%

In any event, a grantee of a performance-based award will only receive payment for an award after the performance period has ended and the awards are determined and paid to all other grantees.

Certain Relationships and Related Transactions

Policy. The Company has adopted a written policy regarding the approval of any transaction or series of transactions in which the Company and a related party have an interest. A related party is one of the Company's executive officers, directors, director nominees, a person owning more than 5% of any class of the Company's securities, an entity in which any of such persons is employed or is a partner or principal or an immediate family member of such a person. Related party transactions involving \$50,000 or more are required, when circumstances permit, to be submitted to and approved by the Audit Committee at a regular meeting held in advance of the transaction. The chair of the Audit Committee has the authority to approve related party transactions in circumstances in which the Company's general counsel determines it is impracticable or undesirable to wait until the next regularly scheduled Audit Committee meeting. Aspects of proposed related party transactions to be considered in granting approval include whether the transaction benefits the Company, whether the goods or services in question are available from other sources and whether the terms of the proposed transaction are comparable to those available in transactions with unrelated third parties.

PAX paid premiums to the Company of \$158,290 in 2013, and is expected to pay premiums to the Company of approximately \$167,968 in 2014. The Company believes that the terms of the policies issued to PAX were established on an arms length basis and does not believe that this relationship interferes with Mr. Phillips' exercise of independent judgment in carrying out his responsibilities as a director. The Board has considered this information in determining that Mr. Phillips is an independent director within the meaning of the Nasdaq listing requirements.

AUDIT COMMITTEE REPORT

Management is responsible for the Company's system of internal controls over financial reporting and for preparing its financial statements. The Company's independent registered public accounting firm, Ernst & Young LLP, is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), and to issue a report thereon. The Audit Committee is responsible for overseeing management's conduct of the financial reporting process and system of internal control. It also oversees the Company's internal audit department, approving its audit plans, reviewing its reports, and evaluating its performance. The Audit Committee monitors whistleblower activity under Section 806 of the Sarbanes-Oxley Act of 2002, receiving regular reports through the Company's toll-free whistle-blower hotline. The Committee operates under a written charter adopted by the Board of Directors and reviewed annually by the Committee. The charter is available on the Company's website at www.amerisafe.com.

The Audit Committee reviewed and discussed with both management and the Company's independent registered public accounting firm the audited financial statements of the Company for the year ended December 31, 2013 prior to their issuance. During 2013, management advised the Audit Committee that each set of financial statements reviewed had been prepared in accordance with generally accepted accounting principles, and reviewed significant accounting and disclosure issues with the Audit Committee. These reviews included discussion with the independent registered public accounting firm of matters required by Auditing Standards No. 16, as adopted by the PCAOB in Rule 3200T and by SEC Regulation S-X Rule 2-07, Communications with Audit Committees, as currently in effect, including the quality of the Company's accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Audit Committee also discussed with its independent registered public accounting firm matters relating to its independence and received the written disclosures and letter from Ernst & Young LLP required by applicable requirements of the PCAOB Ethics and Independence Rule 3526 regarding the independent accountant's communications with the Audit Committee concerning independence.

Taking all of these reviews and discussions into account, all of the Audit Committee members, whose names are listed below, recommended to the Board that it (a) approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2013 for filing with the SEC and (b) accept management's report on its assessment of the effectiveness of the Company's internal control over financial reporting.
