- .. Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 2.01. Completion of Acquisition or Disposition of Assets

As reported on Form 8-K filed by Innospec Inc. (Innospec) on October 1, 2014, on September 30, 2014, Innospec entered into a Membership Interest Purchase Agreement and related side letter (the Agreement) with IOC Holdings, LLC, which was a portfolio company of CSL Capital Management LLC, (Seller) and Innospec Oil Field Chemicals, LLC, which is a subsidiary of Innospec, (Buyer), pursuant to which, upon the terms and conditions of the Agreement, the Seller agreed to sell to the Buyer all of the issued and outstanding membership interests (the Membership Interests) in Independence Oilfield Chemicals, LLC (Independence).

On October 27, 2014, Innospec completed its acquisition of Independence pursuant to the Agreement and acquired 100 % of the Membership Interests in Independence. The initial portion of the purchase price which Innospec paid in cash at closing was \$98,990,011.60, which represents 51 per cent of the estimated total purchase price and is approximately 7.5 times Independence s annualized earnings before interest, taxes, depreciation and amortization, based on recent trading performance. As Independence has been in a phase of very rapid growth, the remaining payments are performance related and payable over the next two years at the same multiple. Innospec s first such deferred consideration payment is payable approximately one year after closing and the second one payable approximately two years after closing, with a portion of such deferred payments payable, at Innospec s election, in shares of Innospec s common stock. As previously disclosed, there will be a post-closing adjustment to the purchase price. Innospec funded the initial purchase price payment from existing cash and debt facilities.

Independence, based in Houston TX, services the oil and gas industry, with a focus on completion, stimulation and production chemicals. Independence has been growing very rapidly and has current annualized sales of approximately \$150 million. Innospec now has a full range of technologies to cover drilling, completion, stimulation and production chemicals and is present in all the major US basins. Innospec expects the transaction to be accretive immediately, adding around \$0.60 per share to its annualized pre-amortization earnings per share.

Further details of the terms of the Agreement are contained in Innospec s Current Report on Form 8-K filed on October 1, 2014. A copy of the Agreement is attached hereto as Exhibit 2.1.

Forward-Looking Statements

This report contains certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical facts included or incorporated herein may constitute forward-looking statements. Such forward-looking statements include statements (covered by words like expects, estimates, anticipates, may, believes or similar words or expressions), for example, which relate to earnings growth potential, operating performance, events or developments that we expect or anticipate will or may occur in the future. Although forward-looking statements are believed by management to be reasonable when made, they are subject to certain risks, uncertainties and assumptions, and our actual performance or results may differ materially from these forward-looking statements. Additional information regarding risks, uncertainties and assumptions relating to Innospec and affecting our business operations and prospects are described in Innospec s Annual Report on Form 10-K for the year ended December 31, 2013, and other reports filed with the U.S. Securities and Exchange Commission. You are urged to review our discussion of risks and uncertainties that could cause actual results to differ from forward-looking statements under the heading Risk Factors in such reports. Innospec undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise
