**Item 3.02 Unregistered Sales of Equity Securities.**

On June 15, 2015, CBIZ, Inc. (the Company ) entered into two privately negotiated exchange agreements pursuant to which it has issued 1,529,323 shares of its common stock, par value \$0.01 per share ( Common Stock ), and paid additional cash consideration in exchange for \$16.0 million of the Company s outstanding 4.875% Convertible Senior Notes due 2015 (the Notes ). The transaction was executed and closed on June 18, 2015.

The issuance of Common Stock was made pursuant to the exemption from the registration requirements of the Securities Act of 1933, as amended (the Securities Act ), provided by Section 3(a)(9) of the Securities Act, on the basis that the exchange constitutes an exchange with an existing holder exclusively in a privately negotiated transaction where no commission or other remuneration has been paid or given directly or indirectly for soliciting such exchange.

The Company may tender for, redeem or repurchase additional outstanding Notes. The form and timing of any such activity will be dependent on market conditions and other factors and there can be no assurance that any such transactions will be completed within any specific timetable prior to the maturity date of the Notes.

This current report on Form 8-K does not constitute an offer to exchange the Notes or other securities of the Company for Common Stock or other securities of the Company.

**Item 7.01 Regulation FD Disclosure.**

The following information is being furnished under Regulation FD.

The Company expects to record a charge of approximately \$0.2 million for the early retirement of debt associated with this transaction in the second quarter of 2015. As a result of retiring this debt, the Company expects that interest expense will be reduced by approximately \$1.0 million on an annualized basis. With this transaction to repurchase Notes, the principal amount outstanding of the Notes has been reduced to \$48.4 million.

The Company anticipates it will have sufficient funds available under its \$400.0 million unsecured credit facility if the Company elects to settle the remaining balance of the Notes in cash upon their maturity at October 1, 2015. However, the Company may conduct conversations with other Note holders between now and maturity to explore the potential for additional early repurchase transactions. The form and timing of any such transactions will depend on market conditions and other factors, and there can be no assurances that any such transactions will be completed.

Through June 18, 2015, the Company has repurchased approximately 1.7 million shares of its Common Stock at a cost of approximately \$15.0 million and is currently authorized to repurchase up to a total of 5.0 million shares through March 31, 2016. With the purpose of maintaining a consistent share count over time, depending on market conditions and other factors, the Company may repurchase additional shares of Common Stock pursuant to this authorization. The Company believes it has sufficient financing capacity to conduct any share repurchases that may be made to offset the issuance of new shares associated with the early retirement of debt.

The priority for the utilization of capital is focused on strategic acquisitions; however, the Company also believes that repurchasing shares of its Common Stock is a use of cash that provides shareholder value. CBIZ may repurchase shares when, after assessing capital needed to fund acquisitions and seasonal working capital needs, capital resources are available and share repurchases are accretive to shareholders. The timing and size of future repurchase activity will depend on market conditions and other factors and there can be no assurances that such repurchase activity can be completed.

Forward-looking statements in this Current Report on Form 8-K are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995.
