Our proxy statement and annual report on Form 10-K are available on the Internet at <http://investor.stamps.com/sec.cfm>.

Voting and Proxies

Only holders of record of our common stock at the close of business on April 19, 2012 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. As of the Record Date, 16,333,764 shares of our common stock were issued and outstanding. Holders are entitled to one vote at the Annual Meeting for each share of common stock held that was issued and outstanding as of the Record Date. A majority of the outstanding shares of our common stock, present in person or represented by proxy, constitutes a quorum for the transaction of business at the Annual Meeting.

All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions and broker non-votes are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business.

If you properly sign and return the enclosed form of proxy, your shares represented will be voted at the Annual Meeting in accordance with your specified instructions. If you do not specify how your shares are to be voted, your shares will be voted (i) FOR the election of the directors proposed by our Board, (ii) FOR the resolution approving, on an advisory basis, our executive compensation, and (iii) FOR the ratification of our independent auditors for 2012.

If your shares of common stock are held by a bank, broker or other nominee, please follow the instructions you receive from your bank, broker or other nominee to have your shares of common stock voted. If your shares are held by a broker, then the broker will ask you how you want your shares to be voted. If you give the broker instructions, then your shares will be voted as you direct. If you do not give instructions, then for the ratification of the independent auditors, the broker may vote your shares in its discretion, but for the election of the directors and the approval of our executive compensation, the broker may not be entitled to vote your shares at all.

You may revoke or change your proxy at any time before the Annual Meeting by filing with our Secretary at 12959 Coral Tree Place, Los Angeles, CA 90066-7020, a notice of revocation or another signed proxy with a later date. You may also revoke your proxy by attending the Annual Meeting and voting in person.

Solicitation

We will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional solicitation materials furnished to our stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, we may reimburse such persons for costs incurred in forwarding the solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by telephone, telegram or other means by our directors, officers or employees. No additional compensation will be paid to these individuals for soliciting. Except as described above, we do not presently intend to solicit proxies other than by mail.

Annual Meeting Attendance

Attendance and voting at the Annual Meeting is limited to stockholders at the close of business on the Record Date and our invitees. No cameras, recording equipment or other electronic devices will be permitted in the Annual Meeting. In order to be admitted to the Annual Meeting, if you are (i) a stockholder of record, you must bring a valid, government issued photo identification and (ii) if you are a beneficial stockholder you must bring an account statement or letter from your broker or bank showing that you owned stock as of the Record Date and a valid, government issued photo identification. We will not be required to admit any attendees that do not show the documentation specified in the preceding sentence.

Deadline for Receipt of Stockholder Proposals

Under Securities and Exchange Commission Rule 14a-8, proposals of stockholders that are intended to be presented by such stockholders at our 2013 annual meeting of stockholders and included in the proxy statement and form of proxy relating to that meeting must be received no later than January 8, 2013. Stockholders wishing to submit proposals for the 2013 annual meeting of stockholders outside of Rule 14a-8 may do so if the proposal was timely received by us under our bylaws, as calculated below. In addition, the proxy solicited by our Board for the 2013 annual meeting of stockholders will confer discretionary authority to vote on any stockholder proposal presented at that meeting if notice of the proposal was timely received by us under our bylaws, as calculated below. Our bylaws provide that to be timely, notice of a proposal must be delivered to or mailed and received at our principal executive offices not less than 120 days before the date of the annual meeting.

PROPOSAL ONE: ELECTION OF DIRECTORS

General

Our certificate of incorporation provides for a classified board of directors consisting of three classes of directors with staggered three-year terms, with each class consisting, as nearly as possible, of one-third of the total number of directors. Our Board currently consists of four members.

Our four member Board is currently divided into two Class I directors, one Class II director and one Class III director.

Class I, the class whose term of office expires at the Annual Meeting, currently consists of two directors. The directors elected to this class will serve for a term of three years, beginning on the date of the Annual Meeting and expiring at the 2015 annual meeting of stockholders or until their successors have been duly elected and qualified. The nominees listed below are currently directors.

The nominees for election have agreed to serve if elected, and management has no reason to believe that the nominees will be unavailable to serve. If a nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any substitute nominee who may be designated by our Board to fill the vacancy.

Directors are elected by a plurality of the votes cast on the election of directors, which means that the nominee will be elected if he receives more votes in favor of his election than votes against. Accordingly, an abstention or broker non-vote will have no effect on the outcome of this election. You may not cumulate votes in the election of directors.

Unless otherwise instructed, the proxy holders will vote the proxies received by them FOR the nominees named below.

Recommendation of our Board

Our Board recommends that the stockholders vote "FOR" the election of the nominees listed above.

BOARD COMMITTEES AND MEETINGS AND CORPORATE GOVERNANCE

Board Committees and Meetings

Our Board held five meetings and acted by unanimous written consent twice during 2011. Each director attended or participated in 75% or more of the aggregate of (i) the total number of meetings of our Board and (ii) the total number

of meetings held by all committees of our Board on which such director served during 2011. Our Board members are not required to attend our annual meetings of stockholders, and no directors attended our annual meeting in 2011. Our Board has a standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, a Compensation Committee and a Nominating Committee.

Audit Committee. The Audit Committee currently consists of three directors, Messrs. Ananda, Jones and Miller, and is primarily responsible for hiring our independent auditors, approving the services performed by our independent auditors and reviewing their reports regarding our accounting practices and systems of internal accounting controls. Mr. Jones serves as the chairman of the Audit Committee. The Audit Committee acts pursuant to a written charter adopted by our Board, which is available on our website at <http://investor.stamps.com/documentdisplay.cfm?DocumentID=1898>. All members of the Audit Committee are non-employee directors and are "independent" pursuant to the rules of The NASDAQ Stock Market and Securities and Exchange Commission rules. In addition, our Board has determined that each of Messrs. Jones and Miller is an "audit committee financial expert" as defined by applicable Securities and Exchange Commission rules. Our Audit Committee held five meetings during 2011.

Compensation Committee. The Compensation Committee currently consists of two directors, Messrs. Ananda and Miller. The Compensation Committee is primarily responsible for reviewing and approving our general compensation policies and setting compensation levels for our executive officers. Our Compensation Committee also has the authority to administer our employee stock purchase plan and our stock incentive plan and to make option grants under our stock incentive plan. All members of the Compensation Committee are non-employee directors and are "independent" pursuant to the rules of The NASDAQ Stock Market. The Compensation Committee acts pursuant to a written charter adopted by our Board, which is available on our website at <http://investor.stamps.com/documentdisplay.cfm?DocumentID=1896>. The Compensation Committee will only delegate its authority to the extent consistent with our certificate of incorporation and bylaws and applicable laws, regulations and listing standards. No compensation consultant was engaged to provide advice or recommendations on our executive or director compensation for 2011. The Compensation Committee held two meetings and acted by unanimous written consent on fifteen separate occasions during 2011.

Nominating Committee. The current members of our Nominating Committee are Messrs. Ananda, Jones and Miller, each of whom qualifies as an independent director under the rules of The NASDAQ Stock Market. The Nominating Committee acts pursuant to a written charter adopted by our Board, which is available on our website at <http://investor.stamps.com/documentdisplay.cfm?DocumentID=1894>. The Nominating Committee held one meeting during 2011.

The responsibilities of the Nominating Committee include (i) screening and recommending to our Board qualified candidates for election or appointment to our Board; (ii) recommending the number of members that shall serve on our Board; (iii) evaluating and reviewing the independence of existing and prospective directors; and (iv) reviewing and reporting on additional corporate governance matters as directed by our Board.

Our Nominating Committee manages the process for evaluating current Board members at the time they are considered for re-nomination. After considering the appropriate skills and characteristics required on our Board, the current makeup of our Board, the results of the evaluations, and the wishes of our Board members to be re-nominated, our Nominating Committee recommends to our Board whether those individuals should be re-nominated. Our Nominating Committee also periodically reviews with our Board whether it believes our Board would benefit from adding a new member(s), and if so, the appropriate skills and characteristics required for the new member(s). If our Board determines that a new member would be beneficial, our Nominating Committee solicits and receives recommendations for candidates and manages the process for evaluating candidates. All potential candidates, regardless of their source (including candidates recommended by stockholders), are reviewed under the same process. Our Nominating Committee screens the available information about the potential candidates. Based on the results of the initial screening, interviews with viable candidates are scheduled with Nominating Committee members, other members of our Board and senior members of management. Upon completion of these interviews and other due diligence, our Nominating Committee may recommend to our Board the election or nomination of a candidate.

We expect that candidates for independent directors will typically be found through recommendations from current directors. Our stockholders may also recommend director candidates by sending the candidate's name, age, resume, amount of our stock beneficially owned and other information required in solicitations of proxies for the election of directors, to the Nominating Committee under the provisions set forth below for communication with our Board. To be timely, a recommendation must be delivered to or mailed and received not less than one-hundred twenty (120) days prior to our annual meeting at which directors are to be elected. No such suggestions from our stockholders were received in time for the Annual Meeting.

The Nominating Committee has no predefined minimum criteria for selecting director nominees, although it believes that all directors should share qualities such as business experience, excellent decision-making ability, good judgment, personal integrity and excellent reputation. In any given search, the Nominating Committee may also define particular characteristics for candidates to balance the overall skills and characteristics of our Boards and our perceived needs. However, during any search, the Nominating Committee reserves the right to modify its stated search criteria for exceptional candidates. Although the Nominating Committee does not have a formal policy with respect to diversity, the Nominating Committee endeavors to seek nominees representing diverse experience in policy-making positions in business and technology, and in areas that are relevant to our activities.

Compensation Committee Interlocks and Insider Participation.

The Compensation Committee currently consists of two directors, Messrs. Ananda and Miller. Neither of these individuals was one of our officers or employees during 2011 or had any relationship with us requiring disclosure under Item 404 of Regulation S-K. None of our current executive officers has ever served as a member of the board of directors or the compensation committee of any other entity that has or has had one or more executive officers serving as a member of our Board or Compensation Committee.

Contacting the Board

Any stockholder who desires to contact our Board may do so by writing to the following address: Board of Directors, c/o Legal Department, Stamps.com Inc., 12959 Coral Tree Place, Los Angeles, CA90066-7020. Communications received are distributed to an independent Board member, as well as other members as appropriate, of our Board depending on the facts and circumstances outlined in the communication received.

Director Independence

Our Board has determined that, except for Mr. McBride, each of our directors qualifies as an independent director under the rules of The NASDAQ Stock Market. Mr. McBride is not independent because he serves as our Chief Executive Officer.

Board Leadership Structure and Role in Risk Oversight

Our Board combined the role of Chairman and Chief Executive Officer effective January 13, 2012. Our Board believes that the Chief Executive Officer is best situated to serve as Chairman because he is the director most familiar with our business and industry and is therefore best able to identify the strategic priorities to be discussed by the Board. Our Board believes that combining the role of Chairman and Chief Executive Officer facilitates information flow between management and the Board and fosters strategic development and execution. Our Board has not appointed a lead independent director as all members of our Board take an active role in evaluating our risks and strategic direction. Each committee of our Board is responsible for evaluating certain risks and overseeing the management of such risks. The Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. The Audit Committee oversees the process by which our senior management and the relevant departments assess and manage our exposure to, and management of, financial risks as well as potential conflicts of interest. The Nominating Committee manages risks associated with the independence of our Board. Our entire Board is regularly informed about these risks and oversees the management of these risks and regularly reviews information regarding our operations and finances as well as our strategic direction. Our Board's role in risk oversight has not affected our Board's determination that its leadership structure is most appropriate for our company.

Code of Ethics

We have adopted a written code of business and ethical conduct (our “Code of Ethics”) that applies to our principal executive officer, principal financial officer and principal accounting officer. Our Code of Ethics, which also applies to our directors and all of our officers and employees, can be found on our web site, at <http://investor.stamps.com/documentdisplay.cfm?DocumentID=1897>. We intend to make all required disclosures concerning any amendments to, or waivers from, our Code of Ethics on our web site at <http://investor.stamps.com/documentdisplay.cfm?DocumentID=1897>. Upon request to our secretary, we will provide a copy of our Code of Ethics to any person without charge.

DIRECTOR COMPENSATION

Summary of Compensation

Our Board independently reviewed compensation levels of other company boards in April 2010 and established Board service compensation level at approximately the average level of 44 comparable publicly traded companies (as set forth on Annex A) with revenue less than \$150 million. Our Board expects to review its compensation as needed or as proposed by any director, but in any event at least every four years. Although our executive officers may provide background data in connection with this process, they are generally not involved in the decision on Board compensation except to the extent that Mr. McBride, our Chief Executive Officer, is involved as a member of our Board.

The following summarizes our non-employee director compensation. Directors who are also our employees do not receive any additional compensation for Board service.

Cash Compensation. Each of our non-employee directors receive an annual retainer of \$25,000, \$1,400 for each Board meeting attended and \$700 for each Audit Committee or Compensation Committee meeting attended. Additional annual retainers were paid for service on our Audit Committee or Compensation Committee as follows: the chairman of the Audit Committee receives an additional \$15,000; other members of the Audit Committee receive an additional \$5,000; the chairman of the Compensation Committee receives an additional \$8,000; and other members of the Compensation Committee receive an additional \$4,000. Directors are also reimbursed for all reasonable expenses incurred by them in attending Board and committee meetings.

Option Grants. Each individual who joins our Board as a non-employee director and has not previously been one of our employees automatically receives, at the time of his or her initial election or appointment, an option to purchase 5,000 shares of our common stock. In addition, on the date of each annual meeting of stockholders, each individual who is to continue to serve as a non-employee Board member, whether or not that individual is standing for re-election at that particular annual meeting, automatically receives an option to purchase 5,000 shares of our common stock. Each grant has an exercise price per share equal to the fair market value per share of our common stock on the grant date and will have a maximum term of ten years. All non-employee directors received automatic option grants on June 15, 2011 for 5,000 shares each of our common stock at an exercise price per share of \$12.33, the fair market value per share of our common stock on the grant date.

Director Compensation Table

The following table contains information with respect to the compensation of our non-employee directors for 2011:

Name	Fees Earned		Total
	Paid in Cash	Option Awards	
	(\$)	(\$)(1)(2)	(\$)
Mohan Ananda	45,900	23,300	69,200
G. Bradford Jones	50,500	23,300	73,800
Lloyd I. Miller	49,900	23,300	73,200

(1) The amounts in this column represent the aggregate grant date fair value of option awards granted in 2011, calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718,

Compensation—Stock Compensation ("ASC 718"). See Note 2 of our "Notes to Consolidated Financial Statements" in our annual report on Form 10-K filed with the Securities and Exchange Commission on March 14, 2012 for a discussion of assumptions we made in determining the amounts included in this column. For each director, the aggregate grant date fair value in this column is equal to the individual grant date fair value of the options to purchase 5,000 shares of common stock granted on June 15, 2011, as directors received only one grant of options during 2011.

(2) As of December 31, 2011, Mohan Ananda and G. Bradford Jones each held options to purchase 41,250 shares of our common stock and Lloyd I. Miller held options to purchase 40,000 shares of our common stock.

PROPOSAL TWO: ADVISORY VOTE ON EXECUTIVE COMPENSATION

As required pursuant to Section 14A of the Securities Exchange Act of 1934, we are giving our stockholders the opportunity to vote, on an advisory basis, to approve our executive compensation. This proposal, commonly known as a “say-on-pay” proposal, gives our stockholders the opportunity to express their views on our named executive officers’ compensation. In 2011, we held our first stockholder advisory vote on executive compensation, and it was approved by approximately 85% percent of the votes cast. These results represented majority support for our named executive officer compensation. However, we continually strive to understand and respond to our stockholders’ opinions and concerns regarding our executive compensation structure and have designed our compensation structure with those in mind.

As described in detail under the heading “Executive Compensation—Compensation Discussion and Analysis,” our executive compensation structure is designed to attract executives who have the skills and experience necessary to achieve our corporate goals, to align management’s interests with those of long-term stockholders, and to attract and retain executive management talent by providing overall compensation that is comparable to what is available through other employment opportunities for those individuals. We believe our total compensation is designed to reflect the value created for stockholders while supporting our strategic goals. Please read the “Executive Compensation” section, including “Compensation Discussion and Analysis,” for additional details about our executive compensation programs, including information about the fiscal 2011 compensation of our named executive officers.

We will ask our stockholders to vote “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that the stockholders of Stamps.com Inc. hereby approve, on an advisory basis, the compensation of the named executive officers, as disclosed in Stamps.com Inc.’s Proxy Statement for the 2012 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosures.”

This vote is advisory, and therefore not binding on us, our Board or our Compensation Committee. However, our Board and Compensation Committee value the opinions that our stockholders express in their votes and will consider the outcome of this vote when considering future executive compensation arrangements as they deem appropriate. Abstentions and broker non-votes will result in the above resolution receiving fewer votes.

Unless otherwise instructed, the proxies will vote “for” the above resolution.

Recommendation of our Board

Our Board recommends that you vote “FOR” approval of the Advisory Vote on Executive Compensation.

PROPOSAL THREE: RATIFICATION OF INDEPENDENT AUDITORS

General

Our Audit Committee has appointed the firm of Ernst & Young LLP, our independent auditors during 2011, to serve in the same capacity for 2012, and is asking stockholders to ratify this appointment. Stockholder ratification of the appointment is not required by our bylaws or by any other applicable legal requirement. However, our Board is submitting the appointment of Ernst & Young LLP to stockholders for ratification as a matter of good corporate practice.

If stockholders fail to ratify the appointment, the Audit Committee and our Board will reconsider whether or not to retain Ernst & Young LLP. Even if the appointment is ratified, our Audit Committee in its discretion may direct the appointment of a different independent auditing firm at any time during the year if our Audit Committee believes that such a change would be in our best interests.

A representative of Ernst & Young LLP is expected to be present at the Annual Meeting, will have the opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

The ratification of the appointment of Ernst & Young LLP as our independent auditors for 2012 requires the affirmative vote of the holders of a majority of the shares of our common stock present at the Annual Meeting in person or by proxy and entitled to vote. Abstentions will be counted towards the tabulations of votes cast and will have the same effect as negative votes, whereas broker non-votes will not be counted for purposes of determining whether the proposal has been approved.

Unless marked to the contrary, proxies received will be voted FOR ratification of the appointment of Ernst & Young LLP as our independent auditors for 2012.

Recommendation of our Board

Our Board recommends that the stockholders vote "FOR" the ratification of the appointment of Ernst & Young LLP to serve as our independent auditors for 2012.

Pre-Approval Policy

The Audit Committee pre-approves all audit and permissible non-audit services provided to us by our independent auditors. Pre-approval is generally provided at a meeting of the Audit Committee and covers a specified period of time. Any pre-approval is detailed as to the particular service or category of services covered and is generally subject to a specific budget. The independent auditors and management periodically report to the Audit Committee regarding the extent of services provided by our independent auditors in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve other particular services on a case-by-case basis. All services provided to us by Ernst & Young LLP during 2011 were pre-approved by the Audit Committee in accordance with this policy.

Determination of Independence

Our Audit Committee and our Board have determined that the fees received by Ernst & Young LLP for the non-audit related professional services listed above are compatible with maintaining Ernst & Young LLP's independence, and such fees were approved by the Audit Committee.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis provides qualitative information and context for the information presented in the Summary Compensation Table and other tables and narratives that follow. As discussed above in Proposal Two, we held our first stockholder advisory vote on our named executive officer compensation in 2011, and it was approved by approximately 85% percent of the votes cast. These results represented majority support for our named executive officer compensation. We took the percent of approval into account when determining that no specific changes/revisions would be made to our compensation structure. However, we continually strive to understand and respond to our stockholders' opinions and concerns regarding our executive compensation structure and will continue to do so in the future. The goals of our executive management compensation program are to attract executives who have the skills and experience necessary to achieve our corporate goals, to align management's interests with those of long-term stockholders, and to attract and retain executive management talent by providing overall compensation that is comparable to what is available through other employment opportunities for those individuals.

Overall Methodology of Setting Compensation

The Compensation Committee sets all compensation for and awards to our chief executive and all executive management, which typically includes our chief financial officer and co-president, our chief legal officer, our co-president and corporate and business development officer, our chief technology officer, our chief product & strategy officer, our vice president of postal technology and affairs, and our vice president of information technology. The Compensation Committee reviews the performance and compensation of our chief executive officer and, following discussions with our chief executive officer, establishes his compensation level. For the remaining executive management, our chief executive officer makes recommendations to the Compensation Committee, and the Compensation Committee may or may not make adjustments to the recommendations of our chief executive officer before setting the final executive officer compensation. With respect to equity compensation, the Compensation Committee grants stock options to executive management from time to time, generally based upon the recommendation of our chief executive officer. We do not believe our compensation structure and policies are reasonably likely to have a material adverse effect on us and we do seek to maintain a compensation structure that discourages excessive risk taking by our executives. We do this by aligning the interests of our management closely with long-term stockholders. For example, our stock option grants encourage results over a minimum of three years, helping to ensure current results remain sustainable.

The majority of our compensation decisions are generally made early each year, where the Compensation Committee determines the final incentive compensation for the prior year and establishes the base salaries and incentive compensation model for the coming year.

On April 2, 2012, the Compensation Committee approved the final incentive compensation for 2011, and established the base salaries and incentive compensation model for 2012 (collectively, the "2012 Compensation Decisions"). In doing so, the Compensation Committee utilized reports and data from Equilar, Inc. ("Equilar"), a company that provides standardized data based on U.S. proxy data from all publicly traded companies. For each member of executive management, a benchmark group was created of individuals with similar titles and responsibilities at companies (i) with \$50 to \$150 million in revenue; (ii) having market capitalization of \$100 million or more; (iii) located in higher cost-of living states (including CA, CT, DE, FL, GA, IL, MD, MA, MN, NH, NY, PA, TX, VA, WA and the District of Columbia); and (iv) in industries that include Internet Commerce & Content, Internet Infrastructure, Internet Service, or Software. For executive managers other than the chief executive officer and chief financial officer and co-president, the industry groups were broadened to include all technology companies, broader industry groups, or a

broader revenue range of \$50 to \$250 million if the narrower industry groups and narrower revenue range did not result in enough data for a meaningful analysis. Individuals at other companies who were founders, who were interim, who had resigned, or that had received no cash bonus during the last year (e.g., those that received stock in lieu of cash) as of the date of their companies' proxy statements were excluded from the analysis. Only proxies filed after January 1, 2011 or later were included, and compensation was time-adjusted using industry average compensation increases or budgeted increases from company surveys available from Culpepper and Associates (for example, the Compensation Committee assumed a 3.7% average increase for time adjusting 2011 compensation numbers). The criteria for inclusion of a company in our benchmark groups were the same for our 2012 Compensation Decisions as for the compensation decisions that were made in 2011 and 2010, although the actual companies involved changed based on the results of those individual companies. A list of companies included in the peer groups for each of our named executive officers in connection with the 2012 Compensation Decisions is included in Annex B.

Each Element of Compensation, Why We Pay It, and How We Determine Amounts

We currently compensate our executive management, which consists of eight members, including our named executive officers, through three main elements: base salary, incentive pay, and equity participation. Certain members of our executive management also have post-termination compensation arrangements.

Base Salary. We pay a base salary to each of member of our executive management (each, an “executive manager”) in order to allow the executive manager to cover his living expenses and in order to compete with other employers. We generally establish base salaries for each individual on an annual basis based on (i) the responsibilities of the individual’s position, (ii) the individual’s salary history, performance and perceived ability to influence our financial performance in the short and long-term, (iii) the compensation of our other employees, and (iv) an evaluation of salaries for similar positions in our benchmark group and other competitive factors. We generally seek to set individual base salaries within a reasonable range near the median level (50th percentile) versus comparable individuals in our benchmark group, taking into account factors such as individual performance and seniority.

For 2011, each named executive officer’s base salary was set by the Compensation Committee between the 38th and 70th percentile versus the 2011 Equilar benchmarks. In particular, the salaries for our chief executive officer and our chief financial officer for 2011 were set at approximately the 70th percentile and 50th percentile, respectively, versus the 2011 Equilar benchmarks. In addition, the salaries for our senior vice president of corporate & business development, vice president of development, and chief legal officer were set at the 68th, 38th, and 68th percentiles, respectively, versus the 2011 Equilar benchmarks.

For information concerning the base salaries paid to each of our named executive officers for 2011, see “Summary Compensation Table.”

For 2012, each named executive officer’s base salary was set by the Compensation Committee between the 42nd and 72nd percentile versus the 2012 Equilar benchmarks. In particular, the salaries for our chairman and chief executive officer, and our chief financial officer and co-president, for 2012 were set at approximately the 72nd percentile and 56th percentile, respectively, versus the 2012 Equilar benchmarks. In addition, the salaries for our co-president and corporate & business development officer, chief technology officer, and chief legal officer were set at the 69th, 42nd, and 71st percentiles, respectively, versus the 2012 Equilar benchmarks.

The following table sets forth the base salaries established by the Compensation Committee for 2012.

Name and Principal Position	2012 Base Salary	Percent Increase from 2011 Base Salary	2012 Base Salary Percentile Versus 2012 Equilar Benchmark
Kenneth McBride Chief Executive Officer and Chairman of the Board of Directors	\$ 428,000	3.1%	72%
Kyle Huebner Chief Financial Officer and Co-President	\$ 294,000	3.2%	56%
James Bortnak Co-President and Corporate & Business Development Officer	\$ 264,000	3.1%	69%

Michael Biswas Chief Technology Officer	\$ 260,000	8.3%	42%
Seth Weisberg Chief Legal Officer	\$ 278,000	3.0%	71%

Non-Equity Incentive Plan Compensation. We pay non-equity incentive plan compensation to our executive managers in order to provide incentives for them to drive the business toward annual goals that are set by the Compensation Committee. Our incentive-based compensation is based on a group bonus pool. The total bonus pool begins with a base pool amount, which is then adjusted based on a formula using our actual performance relative to certain financial targets for the year. (The Compensation Committee also retains the right to adjust the pool for other factors.) Once the final group bonus pool is set after year end, the Compensation Committee allocates it to individual members of executive management based on (i) individual performance and contributions during the year and (ii) individual total compensation relative to the compensation benchmarks. No individual executive manager has an individual bonus guarantee, and in order to earn and receive a bonus, an executive manager must be employed on the date of the Compensation Committee meeting where the final bonus plan outcome is determined.

On March 23, 2011, the Compensation Committee approved a non-equity incentive plan for 2011 (the "2011 Plan") under which the seven members of our executive management, including our named executive officers, were eligible for cash bonus awards to be paid in 2012. The 2011 Plan set a base level aggregate bonus pool of \$770,000 (the "2011 Base Pool") and provided that the actual bonus pool for 2011 could range from zero to twice the 2011 Base Pool based on our performance in 2011 relative to targets for revenue, gross customer acquisition outside of our enhanced promotion channel, and pro-forma EBITDA (earnings before interest taxes and depreciation excluding ASC 718 expense, litigation charges, and other non-recurring adjustments). The Compensation Committee set the amount of the 2011 Base Pool at \$770,000, so that, if executive management performed at a reasonable level, as a group they would receive a total cash compensation for 2011 at approximately the median level (50th percentile) versus the 2010 Equilar benchmarks. Under the 2011 Plan, the final 2011 financial results would have produced an aggregate bonus pool equal to \$1,257,000, or 163% of the 2011 Base Pool. After considering the historical compensation of executive management and the current compensation of executive management compared to the 2012 Equilar benchmarks, and upon recommendation by the chief executive officer, on April 2, 2012 the Compensation Committee set the final 2011 pool at a level which was \$50,000 below the official outcome under the 2011 Plan, or \$1,207,000. At this level, each member of our executive management received a bonus that was higher than the level of bonus that was received over the past several years, and the executive management as a group received total cash compensation for 2011 at approximately the 61st percentile versus the 2012 Equilar benchmarks.

Once the Compensation Committee established the final 2011 Plan bonus pool level, the Compensation Committee discussed allocation of the bonus pool for the individual executive managers. In doing so, the Compensation Committee discussed performance of the executive managers, of Mr. McBride in his overall leadership of our Company, and the overall Company. The Compensation Committee believed that executive management performed successfully in 2011 despite the fact that they continued to face small business economic adversity in 2011, with the National Federation of Independent Business survey of small businesses reading in recessionary territory for most of the year. Despite these economic challenges, executive management drove across-the-board improvements in our business including: (i) growth in our overall PC Postage revenue (excluding enhanced promotion revenue) by 22% year-over-year to \$90 million; (ii) growth in our Enterprise revenue by 41% year-over-year and an increase in our new enterprise locations added by 108% year-over-year; (iii) growth in our High Volume Shipping business, with total postage growth in this area of 96% year-over-year; and (iv) record profit levels, including an increase in pro-forma operating income of 59% year-over-year to \$20.6 million, and an increase in pro-forma net income per diluted share of 50% to \$1.40—the highest level ever for our Company. Please see our prior filings on Form 8-K for a reconciliation of non-generally accepted accounting principles ("GAAP") financial measures to GAAP financial measures.

Based on these factors and an assessment that each of the named executive officers had satisfied their individual goals and objectives, the Compensation Committee set the individual allocation of the 2011 non-equity incentive plan to them as follows:

Name and Principal Position	2011 Non-Equity Incentive Plan	2011 Total Base Salary plus Non-Equity Incentive Plan Compensation	2011 Total Base Salary plus Non-Equity Incentive Plan Compensation Versus 2012 Equilar Benchmark
Kenneth McBride Chief Executive Officer and Chairman of the Board of Directors	\$ 370,000	\$ 782,500	52%
Kyle Huebner Chief Financial Officer and Co-president	\$ 185,000	\$ 467,167	65%
James Bortnak Co-President and Corporate & Business Development Officer	\$ 165,000	\$ 419,500	73%
Michael Biswas Chief Technology Officer	\$ 135,000	\$ 372,833	75%
Seth Weisberg Chief Legal Officer	\$ 126,000	\$ 394,333	75%

For additional information concerning the compensation of each of our named executive officers for 2011, see "Summary Compensation Table."

On April 2, 2012, the Compensation Committee approved a non-equity incentive plan for 2012 (the "2012 Plan") under which eight members of our executive management (one additional manager versus the 2011 Plan), including our named executive officers, are eligible for cash bonus awards to be paid in 2013. The 2012 Plan sets a base level aggregate bonus pool of \$916,000 (the "2012 Base Pool") and provides that the actual bonus pool for 2012 could range from zero to twice the 2012 Base Pool based on our performance in 2012 relative to targets for revenue, gross customer acquisition outside of our enhanced promotion channel, and pro-forma EBITDA (earnings before interest taxes and depreciation excluding ASC 718 expense, litigation charges, and other non-recurring adjustments).

At the time of the April 2, 2012 Compensation Committee meeting, the latest publicly available guidance issued by us was on February 9, 2012, when we stated that we expected 2012 revenue to be in a range of \$105 to \$115 million, and 2012 Non-GAAP net earnings per fully diluted share to be in a range of \$1.25 to \$1.45. To illustrate the likely outcome of the 2012 Plan, the following table (i) shows the potential aggregate pool resulting from the formula under the 2012 Plan if we achieve an outcome at the top end, midpoint, and bottom end of our guidance range, as well as reasonable comparable numbers for customer acquisition and pro-forma EBITDA, and (ii) compares the resulting executive management team total compensation to the total compensation of the 2012 Equilar benchmarks:

Company Performance vs. Public Guidance (1)	Total Resulting Bonus Pool	Total Executive Team Compensation (2)	Total Team Compensation vs. 2012 Equilar Benchmarks (3)

(1)

Bottom End of Guidance Range (\$105 million revenue, \$1.25 Non-GAAP EPS)	\$ 779,000	\$ 2,985,000	34th percentile
Midpoint of Guidance Range (\$110 million revenue, \$1.35 Non-GAAP EPS)	\$ 916,000	\$ 3,123,000	40th percentile
Top End of Guidance Range (\$115 million revenue, \$1.45 Non-GAAP EPS)	\$ 1,122,000	\$ 3,329,000	49th percentile

- (1) The Compensation Committee retains the right to change the actual bonus pool in its discretion.
- (2) Total executive management team compensation is projected total base salary plus total incentive-based compensation for all current executive managers as a group, including all named executive officers and others.
- (3) Total executive management team compensation versus 2012 Equilar benchmarks is the ranking of total projected executive management team compensation versus the total of all 2012 Equilar benchmarks for all executive managers that are included under the 2012 Bonus Plan.

This table merely illustrates potential outcomes, and does not represent any statement that the guidance given in February 2012 continues to be valid. Our actual results will vary from our prior guidance, and those differences may be material.

• **Equity Incentives.** We generally grant equity participation to our executive managers in order to provide incentives for them to guide the business toward our long-term goal of increasing stockholder value. Historically, the primary form of equity participation that we awarded our executive management consisted of incentive stock options (ISOs) and non-qualified stock options. We selected this form of equity participation because of the favorable accounting and tax treatments (particularly in past years), and the near universal expectation by executive management employed in software and technology that they would receive stock options. When we grant stock options, our practice is for our chief executive officer to meet with the Compensation Committee to discuss appropriate levels of stock option grants for each executive manager. The timing of stock option grants typically relates to (i) new employee hires, (ii) promotions of existing employees, (iii) year-end performance reviews of employees, or (iv) company-wide option grants as deemed appropriate by the Compensation Committee.

We currently do not have specific equity ownership goals relative to benchmarks for our named executive officers. In determining the number of options to be granted to executive officers, the Compensation Committee generally takes into account such factors as the individual's position and scope of responsibility; the vesting period (and thus, retention value) remaining on the executive's existing options; the executive's ability to affect profitability and stockholder value; the individual's historic and recent job performance; equity compensation for similar positions at comparable companies; and the value of stock options in relation to other elements of total compensation.

On May 20, 2011, the Compensation Committee granted stock options to executive management. The Committee first examined equity grant practices at comparable companies for the prior four fiscal years (2007 through 2010). Based on data available from Equilar, Inc., a benchmark group of 42 companies was created (i) with \$50 to \$150 million in revenue; (ii) having market capitalization of \$100 million or more; (iii) located in higher cost-of living states (including, CA, CA, CT, DE, FL, GA, IL, MD, MA, MN, NH, NY, PA, TX, VA, WA, DC); and (iv) in industries that included the classification "Technology-All" by Equilar. Companies were excluded from the resulting list of comparable companies based on factors such as (i) having issued excess options ahead of an initial public offering during the examined time period; (ii) closely held companies that issued equity grants only to family or founders; and (iii) companies that did not issue options owing to company structure (e.g. a holding company). After excluding eight such companies, the resulting benchmark universe included 34 companies.

The Committee then examined the specific equity practices in these 34 companies. In order to adjust for the common practice of issuing full value awards (e.g., restricted stock) in conjunction with stock options, the Committee used the actual ratio of valuation of a stock option versus the full value share, as reported by each company in its SEC filings under ASC 718. Based on the benchmarks, it was determined that the median equity award per year for this group of companies was 4.1% of total shares outstanding plus equity awards outstanding.

The Committee then examined our historical grant data. It was noted that during the period of 2007 through 2010, we issued an average of 1.3% of total shares and grants outstanding each year as new option grants (primarily for new hires or for promotions), and excluding the company-wide grant made in late May and early June 2007. Thus, if a similar issue rate is expected for the following three years from 2011-2013, a company-wide grant of 8.2% in 2011 would result in 12.3% total options issued over the 2011-2013 period, and this would be consistent with the 4.1% per year equity awards made at the 34 comparable companies.

The Committee next discussed the size of a company-wide grant size and the related stock option vesting period. The Committee considered the impact of potential option grants on our GAAP profit and loss statement, and the impact to our cash flows. The Committee then decided that 1.5 million stock options, or 8.1% of the pro-forma outstanding

shares plus options following the grant, would be allocated to the 2011 company-wide grant.

The Committee next discussed stock option grants for certain of our executive management members, including the named executive officers. The Committee examined current individual employee stock options and stock ownership levels. A benchmark group was created for each member of executive management, made up of individuals with similar titles and responsibilities at companies (i) with \$50 to \$150 million in revenue; (ii) having market capitalization of \$100 million or more; (iii) located in higher cost-of living states (including, CA, CA, CT, DE, FL, GA, IL, MD, MA, MN, NH, NY, PA, TX, VA, WA, DC); and (iv) in industries that include Internet Commerce & Content, Internet Infrastructure, Internet Service, or Software (for executive managers other than the chief executive officer and chief financial officer, the industry group was broadened to include all technology companies because the narrower industry definition did not result in enough data for a meaningful analysis). Individuals at other companies who were founders, who were interim, who had resigned, or that had received no equity as of the date of the proxy were excluded from the analysis. Only proxies filed after January 1, 2010 were included.

For each of our executive officers, the Committee considered current ownership percentages and pro-forma potential ownership under a new grant, relative to benchmarks of similar executive officers in the other similar companies. The Committee also reviewed and discussed the individual performance of each member of executive management during the past several years, and considered future impact that each individual may have on us. In particular, following the May 20, 2011 incentive stock option grants, our chief executive officer, and our chief financial officer and co-president, held stock and options that represented potential ownership of our common stock at the 42nd and 85th percentile, respectively, versus the benchmarks. In addition, following the May 20, 2011 stock option grants, our co-president and corporate & business development officer and chief technology officer held stock and options that represented potential ownership of our common stock at the 100th and the 86th percentile, respectively, versus the benchmarks. Our general counsel's ownership position was above the 100th percentile versus the benchmarks.

- **Post-Termination Compensation Arrangements.** We provide post-termination compensation arrangements to certain members of our executive management as we believe that it is important to give them some limited protection in the event they are terminated without cause or terminated following a change in control. Further, it is our belief that the interests of stockholders will be best served if the interests of our executive management are aligned with them, and providing change in control benefits should eliminate, or at least reduce, any reluctance of executive management to pursue potential change in control transactions that may be in the best interests of stockholders. The cash components of all of our executive management post-termination compensation arrangements, if any, range from three to six months of base salary, and typically also include continuing health benefits during the same period. For example, our chairman and chief executive officer and our chief financial officer and co-president each receives six months of base salary following his termination without cause or termination following a change in control. In addition, all unvested options under our stock option plans vest on a termination following a change of control.

For information concerning the post termination compensation of our named executive officers, see "Potential Payments Upon Termination or Change-In-Control."

Correction of Administrative Error in 2011

On July 12, 2011 the Compensation Committee reviewed materials regarding an administrative error made during our 401(k) Plan transition in November 2007 that negatively impacted James Bortnak, Co-President and Corporate and Business Development Officer, such that certain funds in Mr. Bortnak's 401(k) account were incorrectly "mapped" to a new account. Upon review of the materials, it was determined that we would contribute an amount of \$12,909 directly to Mr. Bortnak's 401(k) account to remedy the administrative error that occurred in November 2007.

Other Benefits

As reflected in the Summary Compensation Table, we generally do not provide special perquisites to our executive management. Executive management participates in our standard benefit plans on the same terms as other employees. These plans include medical and dental insurance, 401(k), life insurance, charitable gift matching (limited to 50% matching of up to \$200 per employee per year) and our employee stock purchase plan. Relocation benefits for executive officers may also be reimbursed but are individually negotiated when they occur.

Tax and Accounting Considerations.

We record cash compensation as an expense at the time the obligation is accrued. Under Section 162(m) of the Internal Revenue Code, compensation in excess of \$1,000,000 per year to named executive officers is not tax deductible to us unless certain requirements are met. The deductibility of compensation to the named executive officers in 2011 was not affected by the limitations of Section 162(m). We do not expect the deductibility of compensation to our named executive officers in 2012 to be affected by the limitations of Section 162(m). Since corporate objectives may not always be consistent with the requirements for full deductibility, it is conceivable that, in the future, we may enter into compensation arrangements for which payments are not deductible under Section 162(m).

We account for equity compensation paid to our executives and employees under the rules of ASC 718, which requires us to estimate and record a non-cash expense over the term of the equity compensation award. Any gain recognized by employees from nonqualified stock options is tax-deductible for us. However, gain recognized by an employee with respect to an incentive stock option will not be deductible unless there is a "disqualifying disposition" of the shares by the employee. A disqualifying disposition occurs when an employee sells or disposes of incentive stock option shares within two years after the grant date or within one year after the exercise date. The employee is taxed on the gain at ordinary income tax rates. In addition, if in the future we grant restricted stock or restricted stock unit awards that are not subject to performance vesting, they may not be fully deductible by us at the time the award is otherwise taxable to the employee.

Forward-Looking Statements

This proxy statement contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements relate to expectations concerning matters that are not historical facts. You can find many (but not all) of these statements by looking for words such as "approximates," "believes," "expects," "anticipates," "estimates," "intends," "plans," "would," "may" similar expressions in this proxy statement. We claim the protection of the safe harbor contained in the Private Securities Litigation Reform Act of 1995. We caution you that any forward-looking statements presented in this proxy statement, or that we may make orally or in writing from time to time, are based on beliefs and assumptions made by, and information currently available to, us. Such statements are based on assumptions, and the actual outcome will be affected by known and unknown risks, trends, uncertainties and factors that are beyond our control or ability to predict. Although we believe that our assumptions are reasonable, they are not guarantees of future performance, and some will inevitably prove to be incorrect. As a result, our actual future results may differ from our expectations, and those differences may be material. We are not undertaking any obligation to update any forward-looking statements. Accordingly, you should use caution in relying on past forward-looking statements, which are based on known results and trends at the time they are made, to anticipate future results or trends.

Please refer to the risk factors under "Item 1A. Risk Factors" of our 2011 Annual Report on Form 10-K as well as those described elsewhere in our public filings. The risks included are not exhaustive, and additional factors could adversely affect our business and financial performance. We operate in a very competitive and rapidly changing environment. New risk factors emerge from time to time, and it is not possible for management to predict all such risk factors, nor can it assess the impact of all such risk factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

The listed individuals are referred to in this proxy statement as the named executive officers.

(1) On October 28, 2010, our Board approved a one-time special \$2.00 per share dividend to all of our stockholders. In order to prevent that dividend from diluting or enlarging the rights of the holders (including named executive officers) of outstanding stock options and purchase rights under certain of our equity plans, in compliance with those plans, our Board approved a reduction in the exercise or purchase price of affected options and rights in a manner that is both value neutral and that will not result in any additional stock-based compensation expense. To the extent that the exercise price could not be adjusted in this manner without adverse tax consequences from Section 409A of the Internal Revenue Code for certain option grants, our Board approved value-neutral cash payments which compensated option holders for lost economic value in those option grants. The cash payments were expensed as compensation. Those value-neutral cash payments in 2010 were \$644,884 to Mr. McBride, \$169,392 to Mr. Huebner, \$219,342 to Mr. Bortnak, \$142,000 to Mr. Biswas and \$179,236 to Mr. Weisberg. Although under Securities and Exchange Commission rules these payments are required to be disclosed as part of our named executive officers' total compensation for 2010, the Compensation Committee does not believe they should be considered as actual compensation awarded for 2010, as the only reason for these payments

was to compensate holders of options (including our named executive officers) for lost economic value resulting from the special dividend that could not otherwise be done without adverse tax consequences. The balance of the amounts in this column consists of contributions to our 401(k) plan that we made on behalf of the named executive officer to match a portion of his elective deferred contributions to such plan.

(2) In 2009, 2010 and 2011, all cash bonuses paid to all executive management were covered under our non-equity incentive plan; there were no discretionary bonuses.

- (3) The amounts in this column represent the aggregate grant date fair value of option awards granted during 2011 computed in accordance with ASC 718. The assumptions for these amounts are included in Note 2 to our audited financial statements included in our Annual Report on Form 10-K for 2011.
- (4) This includes an amount of \$12,909 paid to James Bortnak in 2011 to correct an administrative error made during our 401(k) Plan transition in November 2007.

GRANTS OF PLAN-BASED AWARDS

The following table provides information with respect to grants of plan-based awards made during 2011 to the named executive officers.

Name	Grant Date	Estimated Future Payouts Under Non-Equity Incentive Plan Awards (1)			All Other Option Awards: Number of Securities Underlying Option (#)(5)	Exercise or Base Price of Option Awards (\$/Sh)	Grant Date Fair Value of Stock and Option Awards(6)
		Threshold (\$)(2)	Target (\$)(3)	Maximum (\$)(4)			
Ken McBride	3/23/2011 5/20/2011	\$ 155,083	\$ 221,547	\$ 443,095	250,000	12.55	\$ 1,195,000
Kyle Huebner	3/23/2011 5/20/2011	\$ 77,197	\$ 110,281	\$ 220,563	125,000	12.55	\$ 597,500
Michael Biswas	3/23/2011 5/20/2011	\$ 62,033	\$ 88,619	\$ 177,238	100,000	12.55	\$ 478,000
James Bortnak	3/23/2011 5/20/2011	\$ 74,440	\$ 106,343	\$ 212,685	100,000	12.55	\$ 478,000
Seth Weisberg	3/23/2011 5/20/2011	\$ 63,412	\$ 90,588	\$ 181,176	100,000	12.55	\$ 478,000

(1) On March 23, 2011, the Compensation Committee approved a non-equity incentive plan for 2011, the 2011 Plan, under which seven members of our executive management, including our named executive officers, were eligible for cash bonus awards to be paid in 2012. The 2011 Plan set a base level aggregate bonus pool, the 2011 Base Pool, and provided that the actual bonus pool for 2011 could range from zero to twice the 2011 Base Pool based on our performance in 2011 relative to targets for revenue, gross customer acquisition outside of our enhanced promotion channel, and pro-forma EBITDA (earnings before interest taxes and depreciation excluding ASC 718 expense and litigation charges). The Compensation Committee set the amount of the 2011 Base Pool at \$770,000, so that, if our executive management performed at a reasonable level, as a group they would receive a total cash compensation for 2011 at approximately the median level (50th percentile) versus the Equilar benchmarks. For additional information about this plan, see "—Compensation Discussion and Analysis—Non-equity Incentive Plan Compensation," and for actual amounts paid under this plan for 2011, all of which were paid in April 2011, see "—Summary Compensation Table."

(2) The amounts in this column assume (i) an aggregate bonus pool equal to 70% of the 2011 Base Pool, which would result from an actual 2011 outcome of \$80 million in total revenue as well as reasonable comparable numbers for customer acquisition and pro-forma EBITDA and (ii) that each named executive officer received the same percentage share of the bonus pool that he received under the 2010 bonus plan. However, no individual named executive officer is guaranteed any minimum amount, so the amount could in fact be zero.

(3) The amounts in this column assume (i) an aggregate bonus pool equal to 100% of the 2011 Base Pool, which would result from an actual 2011 outcome of \$90 million in total revenue as well as reasonable comparable

numbers for customer acquisition and pro-forma EBITDA and (ii) that each named executive officer received the same percentage share of the bonus pool that he received under the 2010 bonus plan. However, no individual named executive officer is guaranteed any minimum amount, so the amount could in fact be zero.

- (4) The amounts in this column assume the maximum possible bonus pool of 200% of the 2011 Base Pool and that each named executive officer received the percentage share of the bonus pool that he received under the 2010 bonus plan. However, in the unlikely event that no other member of executive management received any bonus, and the Compensation Committee did not adjust the bonus pool as a result, any individual named executive officer could in theory receive the total amount of the bonus pool.

- (5) These option awards vest monthly in equal parts over a three year period. The first vesting date was June 20, 2011.
- (6) The amounts in this column represent the aggregate grant date fair value of option awards granted during 2011 computed in accordance with ASC 718. The assumptions for these amounts are included in Note 2 to our audited financial statements included in our Annual Report on Form 10-K for 2011.

OPTION EXERCISES AND STOCK VESTED

The following table sets forth the number of shares acquired and the value realized upon exercise of stock options during 2011 by each of our named executive officers. None of our named executive officers holds any restricted shares of our common stock.

Name	Option Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)(1)
Ken McBride	483,240	8,245,533
Kyle Huebner	147,166	2,330,824
Michael Biswas	163,000	2,510,758
James Bortnak	178,724	1,037,840
Seth Weisberg	66,286	925,698

(1) Value realized on exercise is based on the fair market value of our common stock on the date of exercise minus the exercise price and does not necessarily reflect proceeds actually received by the named executive officer.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

Messrs. McBride, Huebner, Bortnak and Weisberg have entered into separation agreements with us such that in the event of (i) an involuntary termination by us without cause or (ii) a resignation by the executive or termination by us following a change of control, these officers will receive six months' salary and benefits. The change of control payment will occur upon (y) any involuntary termination of employment following the change of control or (z) resignation within two to nine months following the change of control by these named executive officers. Except in the event of a change of control, no amounts would be due to any of our named executive officers in the event of a resignation or termination with cause. The information below reflects the estimated value of the compensation to be paid by us to each of these officers in the event of an involuntary termination without cause or a termination or resignation following a change in control. The amounts shown below assume that the triggering events occurred on December 30, 2011. The actual amounts that would be paid can only be determined at the time of the actual triggering event.

Name	Payment Upon Termination without Cause or Change in Control (1)
Ken McBride	\$ 215,354
Kyle Huebner	\$ 150,354
James Bortnak	\$ 135,854
Seth Weisberg	\$ 142,854

- (1) Assumes a monthly value of \$1,309 for continued benefits.

In addition, our stock option plans provide that any optionee, including our named executive officers, whose service is “involuntarily terminated” within 18 months following a “change in control”, will have any unvested options that were assumed by the successor corporation become fully exercisable. A “change in control” is defined as a merger or consolidation in which securities possessing more than 50% of the total combined voting power of our outstanding securities are transferred to a person or persons different from those who held those securities immediately prior to the transaction, or the sale, transfer or other disposition of all or substantially all of our assets in complete liquidation or dissolution. “Involuntary termination” is defined as the optionee’s involuntary dismissal or discharge by us for reasons other than misconduct, or the optionee’s voluntary resignation following: (i) a change in his or her position with us which materially reduces his or her responsibilities; (ii) a reduction in his or her level of compensation by more than 15%; or (iii) a relocation of the optionee’s place of employment by more than 50 miles, and this change, reduction or relocation is effected without the optionee’s consent.

Assuming triggering events occurred on December 30, 2011, the following amounts would be then be accelerated as a result of the acceleration of stock options for our named executive officers based on a closing stock price of \$26.13 on December 30, 2011.

Name	Options Accelerated Upon Involuntary Termination following Change in Control (1)
Ken McBride	\$ 5,262,295
Kyle Huebner	\$ 2,631,134
Michael Biswas	\$ 2,104,928
James Bortnak	\$ 2,104,928
Seth Weisberg	\$ 2,104,928

(1) Based on the fair market value of our common stock on December 30, 2011 minus the exercise price and does not reflect proceeds actually received by the named executive officer.

BENEFICIAL OWNERSHIP OF SECURITIES

We have relied upon information provided to us by our directors and executive officers and copies of documents sent to us that have been filed with the Securities and Exchange Commission by others for purposes of determining the number of shares each person beneficially owns. Unless otherwise indicated, each of the stockholders has sole voting and investment power with respect to the shares beneficially owned, subject to community property laws, where applicable. Unless otherwise indicated, the address of each beneficial owner listed below is c/o Corporate Secretary, Stamps.com Inc., 12959 Coral Tree Place, Los Angeles, CA90066-7020. AUDIT COMMITTEE REPORT

The information contained in this section shall not be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing (except to the extent that we specifically incorporate this information by reference) and shall not otherwise be deemed “soliciting material” or “filed” with the Securities and Exchange Commission or subject to Regulation 14A or 14C, or to the liabilities of Section 18 of the Securities Exchange Act of 1934 (except to the extent that we specifically request that this information be treated as soliciting material or specifically incorporate this information by reference).

The following is the report of the Audit Committee with respect to our audited financial statements for the fiscal year ended December 31, 2011 included in our Annual Report on Form 10-K for that year.

Review with Management

The Audit Committee has reviewed and discussed these audited financial statements with our management.

Review and Discussions with Independent Auditors

The Audit Committee has discussed with our independent auditors, Ernst & Young LLP, the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU Section 380) and as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee has received the written disclosures and the letter from Ernst & Young LLP required by the Public Company Accounting Oversight Board Ethics and Independence Rule 3526, Communication with Audit Committees, regarding the independent accountant’s communications with the audit committee concerning independence, and has discussed with Ernst & Young LLP the independence of Ernst & Young LLP from the Company.

Conclusion

Based on the review and discussions referred to above in this report, the Audit Committee recommended to our board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2011, for filing with the Securities and Exchange Commission.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Procedures for Review and Ratification of Related Party Transactions

We have an informal policy requiring that all related party transactions be submitted to our Audit Committee members not involved in the transaction for review and advance approval. The Audit Committee is empowered to collect and review all material facts and all necessary data for each related party transaction. After review, the Audit Committee will only approve or ratify the transactions that are in, or are not inconsistent with, our best interests and the best interests of our stockholders, as the Audit Committee determines in good faith.

Transactions with Mr. Ananda

Under our initial agreements with Mr. Ananda, we own all of the intellectual property developed by Mr. Ananda during the course of his employment and all of the intellectual property he developed for us before his formal employment began. Mr. Ananda resigned as our Chief Executive Officer on January 1, 1999. In May 1999, we entered into a separation agreement and a license agreement with Mr. Ananda to formalize his resignation and to redefine his intellectual property rights. The license agreement reaffirms our ownership of the intellectual property invented by Mr. Ananda prior to and during his employment. In addition, the license agreement clarifies and narrows Mr. Ananda's field of use restrictions to limit his license to a few narrowly defined electronic commerce applications that do not compete with our Internet postage service.

Indemnification of Directors and Officers

In addition to the indemnification provisions contained in our certificate of incorporation and bylaws, we entered into separate indemnification agreements with certain of our directors and officers. These agreements require us, among other things, to indemnify our directors and officers against expenses (including attorneys' fees), judgments, fines and settlements paid by those individuals in connection with any action, suit or proceeding arising out of their status or service as our director or officer (other than liabilities arising from willful misconduct or conduct that is knowingly fraudulent or deliberately dishonest) and to advance expenses incurred in connection with any proceeding against them with respect to which they may be entitled to indemnification by us.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The members of our Board, our executive officers and persons who hold more than 10% of our outstanding common stock are subject to the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934, which requires them to file with the Securities and Exchange Commission reports with respect to their ownership of our common stock and their transactions in our common stock and to furnish us with copies of those reports. Based solely on a review of copies of reports filed with the Securities and Exchange Commission under Section 16(a) and submitted to us and on written representations by certain of our directors and executive officers, we believe that all of our directors, executive officers and greater-than-10% stockholders filed all such required reports on a timely basis during 2011.
