- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 1.02. Termination of a Material Definitive Agreement.

On October 20, 2015, Athersys, Inc., ABT Holding Company, a subsidiary of Athersys, Inc. (together, Athersys or the Company), and Chugai Pharmaceutical Co. Ltd. (Chugai) agreed to terminate the License Agreement (the Agreement) dated February 28, 2015 between the parties, reflecting an inability to reach an agreement on the modification of the financial terms of the Agreement and on the development strategy of the Company's MultiStem[®] cell therapy for the treatment of ischemic stroke in Japan. Pursuant to the terms of the Agreement, upon termination, Athersys regained all rights for developing its stem cell technologies and products for ischemic stroke in Japan, and Chugai no longer has any license rights or options with respect to the Company's technologies and products. Neither the Company nor Chugai have any further obligations to each other, and the licenses granted to Chugai to develop and commercialize MultiStem for ischemic stroke in Japan terminate.

Item 8.01. Other Events.

On October 21, 2015, the Company announced the termination of the collaboration with Chugai to develop and commercialize MultiStem cell therapy for the treatment of ischemic stroke in Japan, and the entering into a letter of intent with a Japanese company for the development and commercialization of MultiStem therapy for several indications in Japan, including ischemic stroke. A copy of the press release issued by Athersys is filed as Exhibit 99.1 hereto and is incorporated herein by reference.

Item 9.01. Financial Statements and Exhibits.

(d) Exhibits.
