How Do I Vote?

The enclosed proxy card indicates the number of shares you own. There are four ways to vote:

By Internet at the website shown on your proxy card; we encourage you to vote this way.

By toll-free telephone at the number shown on your proxy card.

By completing and mailing your proxy card.

By written ballot at the Meeting.

If you vote by Internet or telephone, your vote must be received by 1:00 a.m. Central time on April 21, 2016. If your shares are held in street name, the instructions from your broker or nominee will indicate whether Internet or telephone voting is available and, if so, will provide details regarding how to use those systems. If you complete and properly sign the accompanying proxy card and return it to the Company, or tender your vote via telephone or the Internet, it will be voted as you direct. *If you do not indicate your voting preferences, Brian S. Davis and Jennifer C. Floyd will vote your shares FOR all of the director nominees and FOR Proposals 2, 3, 4 and 5.*

If You Vote by Telephone or on the Internet, You Do NOT Need to Return Your Proxy Card.

If you plan to attend the Meeting, you may deliver your completed proxy card in person. However, if your shares are held in street name and you wish to vote your shares by written ballot at the Meeting, you will need to request and obtain a legal proxy from your broker, bank or other nominee (the stockholder of record) giving you the right to vote the shares at the Annual Meeting, complete such legal proxy and present it to the Company at the Meeting. Even if you plan to attend the Meeting, we recommend that you submit your proxy card or voting instructions in advance so that your vote will be counted if you later decide not to attend the Meeting.

A proxy duly executed and returned by a shareholder, and not revoked prior to or at the Meeting, will be voted in accordance with the shareholder's instructions on such proxy.

If My Shares Are Held By a Broker or Nominee, Do I Need to Instruct the Broker or Nominee How to Vote My Shares?

Yes. If you hold shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Under current stock exchange rules, brokers who do not have instructions from their customers may not use their discretion in voting their customers' shares on certain specific matters which are not considered to be routine matters, including the election of directors, executive compensation and other significant matters. The proposals in this Proxy Statement to elect directors, to approve on an advisory basis the Company's executive compensation, and to approve an amendment to the Company's Amended and Restated 2006 Stock Option and Performance Incentive Plan to increase the number of shares reserved for issuance under such plan are not considered to be routine matters. ***Thus, if you do not give your broker or nominee specific instructions with respect to each of these matters, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval.*** Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

The approval of an amendment to the Company's Restated Articles of Incorporation to increase the number of authorized shares of common stock and the ratification of BKD, LLP as the Company's independent registered public accounting firm are considered routine matters, and therefore, if you do not give your broker or nominee specific instructions with respect to this proposal, your broker or nominee will have the discretionary authority to vote your shares on these proposals.

What Are the Board's Recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth together with each proposal in this Proxy Statement. In summary, the Board recommends a vote:

FOR the election of the nominated slate of directors (see pages 7-37).

FOR the approval, on an advisory (non-binding) basis, of the Company's compensation of its named executive officers (see page 38).

FOR the approval of the amendment to the Company's Restated Articles of Incorporation, as amended, to increase the number of authorized shares of common stock from 100,000,000 to 200,000,000 (see

pages 39-40).

FOR the approval of the amendment to the Company's Amended and Restated 2006 Stock Option and Performance Incentive Plan, as amended, to increase the number of shares reserved for issuance under such plan to 5,644,000 (see pages 41-45).

FOR the ratification of the appointment of BKD, LLP as the Company's independent registered public accounting firm (see pages 46-48).

What Other Business May Be Brought Before the Meeting?

As of the date of this Proxy Statement, the Board knows of no other business that may properly be, or is likely to be, brought before the Annual Meeting. With respect to any other matter that properly comes before the Meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, at their own discretion.

What Vote Is Required to Approve Each Proposal?

Election of Directors. The affirmative vote of a plurality of the votes cast in person or by proxy at the Annual Meeting is required for the election of directors. A properly executed proxy marked **WITHHOLD AUTHORITY** with respect to the election of one or more of the directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Other Proposals. For each other proposal, the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting, assuming a quorum is present, will be required for approval. A properly executed proxy marked **ABSTAIN** with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have no effect on the outcome of the vote.

The authorized common stock of the Company consists of 100,000,000 shares at \$0.01 par value. As of the close of business on February 12, 2016, there were 70,226,519 shares eligible to vote.

Can I Change My Vote After I Return the Proxy Card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with the Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the Meeting in person and so request, although attendance at the Meeting will not by itself revoke a previously granted proxy.

What Should I Do If I Receive More Than One Set Of Voting Materials?

You may receive more than one set of voting materials, including multiple copies of this Proxy Statement and multiple proxies or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account. If you are a registered owner and your shares are registered in more than one name, you will receive more than one proxy card. Please vote each proxy and instruction card that you receive.

Where Can I Find The Voting Results Of The Annual Meeting?

The Company will publish final voting results of the Annual Meeting in a Current Report on Form 8-K filed with the Securities and Exchange Commission within four business days after the Annual Meeting on April 21, 2016.

What Do I Need To Do Now?

First, read this Proxy Statement carefully. Then, if you are a registered owner of shares of our common stock as of February 12, 2016, you should, as soon as possible, submit your proxy by executing and returning the proxy card or by voting by telephone or on the Internet. If you are the beneficial owner of shares held in street name, then you should follow the voting instructions of your broker or other nominee. Your shares will be voted in accordance with the directions you specify. If you submit an executed proxy card to the Company but fail to specify voting directions, your shares will be voted in accordance with the recommendations of the Board of Directors.

You Should Carefully Read this Proxy Statement in its Entirety.

PROPOSAL ONE ELECTION OF DIRECTORS

Our Restated Articles of Incorporation provide that the number of directors shall not be less than two nor more than fifteen, with the exact number to be fixed by the shareholders or the Board. The Board of Directors proposes that the nominees for directors described below be elected for a term of one year and until their successors are duly elected and qualified. All nominees are currently serving as directors.

Each of the nominees has consented to serve the term for which he is nominated. If any nominee becomes unavailable for election, which is not anticipated, the directors' proxies will vote for the election of such other person as the Board may nominate, unless the Board resolves to reduce the number of directors to serve on the Board and thereby reduce the number of directors to be elected at the meeting.

CORPORATE GOVERNANCE

Duties of the Board

The Board of Directors has the responsibility to serve as the trustee for the shareholders. It also has the responsibility for establishing broad corporate policies and for the overall performance of the Company. The Board, however, is not involved in day-to-day operating details. Members of the Board are kept informed of the Company's business through discussion with the Chief Executive Officer and other officers, by reviewing analyses and reports sent to them quarterly, and by participating in Board and Committee meetings.

Corporate Governance Guidelines and Policies

We believe that good corporate governance helps ensure that the Company is managed for the long-term benefit of its shareholders. We continue to review our corporate governance policies and practices, corporate governance rules and regulations of the Securities and Exchange Commission (the SEC), and the listing standards of the NASDAQ Global Select Market on which our common stock is traded. The Board has adopted various corporate governance guidelines and policies to assist the Board in the exercise of its responsibilities to the Company and its shareholders. The guidelines and policies address, among other items, director independence and director qualifications. You can access and print our corporate governance guidelines and policies, including the charters of our Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee, our Corporate Code of Ethics for Directors, Executive Officers and Employees and other Company policies and procedures required by applicable law or regulation, on our website at www.homebancshares.com under the caption Investor Relations / Corporate Profile / Governance Documents.

Director Independence

NASDAQ rules require that a majority of the directors of NASDAQ-listed companies be independent. An independent director generally means a person other than an officer or employee of the listed company or its subsidiaries, or any other individual having a relationship, which, in the opinion of the listed company's board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Certain categories of persons are deemed not to be independent under the NASDAQ rules, such as persons employed by the listed company within the last three years, and persons who have received (or whose immediate family members have received) payments exceeding a specified amount from the listed company within the last three years, excluding payments that are not of a disqualifying nature (such as compensation for board service, payments arising solely from investments in the listed company's securities, and benefits under a tax-qualified retirement plan). NASDAQ rules impose somewhat more stringent independence requirements on persons who serve as members of the audit committee or the compensation committee of a listed company.

Of the thirteen persons who currently serve on our Board of Directors, we believe that Messrs. Adams, Adcock, Ashley, Bruns, Buckheim, Engelkes, Hinkle, Lieblong and Longe are independent for purposes of NASDAQ rules.

Messrs. Allison, Davis, French and Sims are not considered independent because they are officers of Home BancShares. The Board has also determined that no member of the Audit Committee, Compensation Committee or Nominating and Corporate Governance Committee has any material relationship with the Company (either directly or indirectly as a partner, shareholder or officer of an organization that has a relationship with the Company) and that all members of these committees meet the criteria for independence under the NASDAQ listing standards.

Board Structure and Role in Risk Oversight

The Board of Directors has since 2009 separated the positions of Chairman and Chief Executive Officer (CEO). The primary purpose of installing a separate CEO in addition to the Chairman was to facilitate and strengthen the succession of management of the Company. This separation of Chairman and CEO also allows for greater oversight of the Company by the Board. The Board is actively involved in oversight of risks that could affect the Company. This oversight is conducted primarily through committees of the Board, as disclosed in the description of each of the committees below and in the charters of each of the committees, but the full Board has retained responsibility for general oversight of risks. The Board satisfies this responsibility through full reports by each committee chair regarding the committee s considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within the Company.

Code of Ethics

We have adopted a Code of Ethics that applies to all of our directors, officers, and employees. We believe our Code of Ethics is reasonably designed to deter wrongdoing and to promote honest and ethical conduct, including the ethical handling of conflicts of interest, full, fair and accurate disclosure in filings and other public communications made by us, compliance with applicable laws, prompt internal reporting of ethics violations, and accountability for adherence to the Code of Ethics. This Code of Ethics is published in its entirety on our website at www.homebancshares.com under the caption Investor Relations / Corporate Profile / Governance Documents . We will post on our website any amendment to this code and any waivers of any provision of this code made for the benefit of any of our senior executive officers or directors.

BOARD MEETINGS AND COMMITTEES OF THE BOARD

The business of the Company is managed under the direction of the Board of Directors, who meet on a regularly scheduled basis during the calendar year to review significant developments affecting the Company and to act on matters that require Board approval. Special meetings are also held when Board action is required on matters arising between regularly scheduled meetings. Written consents to action without a meeting may be obtained if the Company deems it more appropriate.

All members of the Board are strongly encouraged to attend each meeting of the Board and meetings of the Board Committees on which they serve, as well as the Annual Meeting. The Board of Directors held four regularly scheduled meetings and four special meetings during calendar year 2015. During this period each Board member who served as a director during 2015 participated in at least 75% of the aggregate of the meetings of the Board, except Richard A. Audit Committee

The Audit Committee assists the Board in fulfilling its oversight responsibility relating to the integrity of our accounting and financial reporting processes and our financial statements, our compliance with legal and regulatory requirements, the independent auditor's qualifications and independence, and the performance of our internal audit function and our independent auditors. In fulfilling its duties, the Audit Committee, among other things:

prepares the Audit Committee report for inclusion in the annual proxy statement;

appoints, compensates, retains and oversees the independent auditors;

pre-approves all auditing and appropriate non-auditing services performed by the independent auditor;

discusses with the internal and independent auditors the scope and plans for their respective audits;

reviews the results of each quarterly review and annual audit by the independent auditors;

Edgar Filing: HOME BANCSHARES INC - Form DEF 14A

reviews the Company's financial statements and related disclosures in the Company's quarterly and annual reports prior to filing with the SEC;

reviews the Company's policies with respect to risk assessment and risk management;

reviews the Company's internal controls, the results of the internal audit program, and the Company's disclosure controls and procedures and quarterly assessment of such controls and procedures;

establishes procedures for handling complaints regarding accounting, internal accounting controls, and auditing matters, including procedures for confidential, anonymous submission of concerns by employees regarding such matters; and

reviews the Company's legal and regulatory compliance programs.

The Board of Directors has adopted a written charter for the Audit Committee that meets the applicable standards of the SEC and NASDAQ. A copy of the Audit Committee Charter is published on our website at www.homebancshares.com under the caption Investor Relations / Corporate Profile / Governance Documents .

The Audit Committee is comprised of Jack E. Engelkes, Chairman, Milburn Adams, Robert H. Adcock, Jr., James G. Hinkle, Thomas J. Longe and Alex R. Lieblong. The Board has determined that each member of the Committee satisfies the independence requirements of the NASDAQ listing standards, that each member of the Committee is financially literate, knowledgeable and qualified to review financial statements, and that Mr. Engelkes has the attributes of an audit committee financial expert as defined by the regulations of the SEC.

Compensation Committee

The Compensation Committee aids the Board in discharging its responsibility with respect to the compensation of our executive officers and directors. The Compensation Committee is responsible for evaluating and approving the Company's compensation plans and policies and for communicating the Company's compensation policies to shareholders in our annual proxy statement. In fulfilling its duties, the Compensation Committee, among other things:

reviews and approves corporate goals and objectives relevant to the compensation of our CEO;

evaluates the performance and determines the annual compensation of the CEO in accordance with these goals and objectives;

reviews and approves the amounts and terms of the annual compensation for our other executive officers;

reviews and approves employment agreements, severance agreements or arrangements, retirement arrangements, change in control agreements/provisions and special supplemental benefits for the executive officers;

reviews and makes recommendations to the Board with respect to incentive based compensation plans and equity based plans, and establishes criteria for and grants awards to participants under such plans;

reviews and recommends to the Board the compensation for our directors; and

reviews and recommends to the Board that the Compensation Discussion and Analysis be included in the annual proxy statement and Form 10-K annual report.

The Board of Directors has adopted a written charter for the Compensation Committee that meets the applicable standards of the SEC and NASDAQ. The Compensation Committee Charter is published on our website at www.homebancshares.com under the caption Investor Relations / Corporate Profile / Governance Documents .

The Compensation Committee is comprised of Dale A. Bruns, Chairman, Milburn Adams, Richard H. Ashley, and Jack E. Engelkes. During 2015, Richard A. Buckheim also served on the Compensation Committee. The Board has determined that each member of the Committee satisfies the independence requirements of the NASDAQ listing standards and Section 162(m) of the Internal Revenue Code of 1986, as amended.

The Compensation Committee charter authorizes the Committee to delegate to subcommittees of the Committee any responsibility the Committee deems necessary or appropriate. The Committee shall not, however, delegate to a subcommittee any power or authority required by any law, regulation or listing standard to be exercised by the Committee as a whole.

The Chairman, after consulting with executive officers and others, makes recommendations to the Committee regarding the form and amount of compensation paid to each executive officer. Additionally, the Chairman, our Chief

Operating Officer (COO) and the CEO of our bank subsidiary attend the Committee meetings and answer questions and provide information to the Committee as requested. This normally includes a history of the primary compensation components for each executive officer, including an internal pay equity analysis. The Committee then considers the recommendations of the Chairman, the information provided by the COO and the CEO of our bank subsidiary, historical compensation of each executive, and other factors. Based on this information, the Committee sets the compensation for the executive officers and reports its decisions to the Board of Directors. The executive officers do not make any recommendations with regard to director compensation. Although the executive officers are involved in the process of evaluating compensation, including their own, the final decision is made by the Committee or the Board. The Committee understands the inherent conflict in obtaining information from the Chairman and executive officers, but believes that this information is valuable in determining the appropriate compensation. The CEO is not present during the Committee s deliberations or voting regarding his compensation.

Historically, the Committee meets subsequent to year end to finalize discussion regarding the Company s performance goals for the previous and current year with respect to performance-based compensation to be paid to executive officers and to approve its report for the annual proxy statement. These goals are approved within 90 days of the beginning of the year. Each year in December and/or January, the Committee generally discusses any new compensation issues, the compensation, bonus and incentive plan award analyses and the engagement of a compensation consultant for annual executive and director compensation. The Committee also meets in December and/or January to:

review and discuss the recommendations made by the Chairman;

review the performance of the Company and the individual officers;

review the level to which the Company's performance goals were attained and approve short-term cash bonus and long-term incentive awards; and

determine the executive officers' base salaries for the following year.

Management also advises the full Board, including the Committee members, throughout the year of new issues and developments regarding executive compensation.

Compensation Committee Interlocks And Insider Participation

During 2015, Messrs. Bruns, Adams, Ashley, Buckheim and Engelkes served as members of the Compensation Committee. None of these five directors during 2015 or at any previous time served as an officer or employee of Home BancShares or our bank subsidiary. During 2015, none of our executive officers served as a director or member of the compensation committee (or group performing equivalent functions) of any other entity for which any of our independent directors served as an executive officer. *See* CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS for information concerning transactions during 2015 involving Mr. Ashley.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee develops and maintains the corporate governance policies of the Company. The Committee's responsibilities include, among other things:

developing and maintaining the Company's corporate governance policies;

identifying, screening and recruiting qualified individuals to become Board members;

making recommendations regarding the composition of the Board and its committees;

assisting the Board in assessing the Board's effectiveness;

assisting management in preparing the disclosures regarding the Committee's operation to be included in the Company's annual proxy statement; and

reviewing and approving all related party transactions required to be disclosed in our annual proxy statement.

The Board of Directors has adopted a written charter for the Nominating and Corporate Governance Committee that meets the applicable standards of the SEC and NASDAQ. The Nominating and Corporate Governance Committee Charter is published on our website at www.homebancshares.com under the caption Investor Relations / Corporate Profile / Governance Documents .

The Nominating and Corporate Governance Committee is comprised of Alex R. Lieblong, Chairman, Robert H. Adcock, Jr., Dale A. Bruns and Thomas J. Longe. The Board has determined that all members of the Committee satisfy independence requirements of the NASDAQ listing standards. The Nominating and Corporate Governance Committee met on January 15, 2016, to select director nominees to be voted on at the Annual Meeting.

Director Candidate Qualifications

The Nominating and Corporate Governance Committee Directorship Guidelines and Selection Policy outlines the qualifications the Committee looks for in a director nominee. Generally, the candidate should possess:

relevant business and financial expertise and experience, including an understanding of fundamental financial statements;

the highest character and integrity and a reputation for working constructively with others;

sufficient time to devote to meetings and consultation on Board matters; and

freedom from conflicts of interest that would interfere with performance as a director.

More specifically, the Nominating Committee seeks candidates who possess various qualifications, skills, or other factors it deems appropriate. These factors may include leadership experience in business or other relevant fields, knowledge of the Company and the financial services industry, experience in serving as a director of another financial institution or public company generally, education, wisdom, integrity, analytical ability, familiarity with and participation in the communities served by the Company and its subsidiaries, commitment to and availability for services as a director, and any other factors the Committee deems relevant.

Director Nominations Process

After assessing and considering prevailing business conditions of the Company, legal and listing standard requirements for Board composition, the size and composition of the current Board, and the skills and experience of current Board members, any of the Chairman, the Nominating Committee or any Board member may identify the need to add a Board member or to fill a vacancy on the Board. The Committee identifies qualified director nominees from among persons known to the members of the Committee, by reputation or otherwise, and through referrals from trusted sources, including senior management, existing Board members, shareholders and independent consultants hired for such purpose. The Committee may request that senior officers of the Company assist the Committee in identifying and assessing prospective candidates who meet the criteria established by the Board. The Committee will consider director candidates recommended by shareholders in accordance with the procedures set forth in the Company's policy regarding director recommendations by shareholders. This policy is described above under the caption "Can a Shareholder Nominate a Director?" and is published on our website at www.homebancshares.com under the caption "Investor Relations / Corporate Profile / Governance Documents". The Committee intends to evaluate any candidate recommended by a shareholder in the same manner in which it evaluates candidates recommended by other sources, according to the criteria described below.

The Nominating Committee evaluates candidates based upon the candidate's qualifications, recommendations, or other relevant information, including a personal interview. The Nominating Committee has determined that the Board as a whole must have the right diversity, mix of characteristics and skills for the optimal functioning of the Board in its oversight of the Company. The Board believes it should be comprised of persons with skills in areas such as banking, finance, accounting, sales and marketing, law, strategic planning and leadership of large, complex organizations. The Nominating Committee prefers a mix of background and experience among the Board's members but does not follow any ratio or formula to determine the appropriate mix. Rather, it uses its judgment to identify nominees whose backgrounds, attributes and experiences, taken as a whole, will contribute to the high standards of Board service to the Company.

In addition to the targeted skill areas, the Nominating Committee looks for a strong record of achievement in key knowledge areas that it believes are critical for directors to add value to a Board including:

Strategy — knowledge of the Company's business model, the formulation of corporate strategies, knowledge of key competitors and banking markets;

Leadership — skills in coaching senior executives and the ability to assist in their development;

Organizational issues — understanding of strategy implementation, management processes, group effectiveness and organizational design;

Relationships understanding how to interact with investors, regulatory bodies, and communities in which the Company operates;

Functional understanding of finance matters, financial statements and auditing procedures, technical expertise, legal issues, information technology and marketing; and

Ethics the ability to identify and raise key ethical issues concerning the activities of the Company and senior management as they affect the business community and society.

The Committee meets to consider and approve the candidates to be presented to the Board. The Committee then presents its proposed nominees to the full Board. The Board considers the recommendations of the Committee and approves candidates for nomination.

Only our non-employee directors and our Chairman of the Board received committee attendance fees during 2015. The compensation paid to our Chairman of the Board and our other employee directors is included in the Compensation Discussion & Analysis and the related executive compensation tables in this Proxy Statement.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Banking Transactions. Most of our directors and officers, as well as the firms and businesses with which they or members of their immediate families are associated, are customers of our bank subsidiary. Our bank subsidiary has engaged in a variety of loan transactions in the ordinary course of business with individuals and their families and businesses, and it is anticipated that such transactions will occur in the future. In the case of all such related party transactions in 2015, each transaction was approved by either the Audit Committee, the Nominating and Corporate Governance Committee, the Board of Directors or the bank subsidiary's board of directors. These loans were made in the ordinary course of business on substantially the same terms, including interest rates and collateral requirements, as those prevailing at the time for comparable loans with persons not related to us. In the opinion of our management, those loan transactions do not involve more than a normal risk of collectability or present other unfavorable features.

We believe that all extensions of credit by our bank subsidiary to its directors and officers and to directors and officers of the Company, either directly or as guarantors, were made in conformity with the requirements of Federal Reserve Board Regulation O. As of December 31, 2015, the aggregate amount outstanding on these loans, including available borrowings, was approximately \$51.2 million, of which approximately \$40.7 million was attributable to the largest borrowing relationship. None of these loans are non-accrual, past due 90 days or more, restructured or potential problems.

Real Estate Transactions. We lease certain of our properties from persons who are affiliated with us. The property used by our Marketing and Sales Department in Conway, Arkansas, is leased from First Real Estate LTD Partnership LLLP, which includes one of our directors, Robert H. Adcock, Jr. Additionally, we lease the land for a banking office in Lakewood Village Shopping Center in North Little Rock, Arkansas, from Conservative Development Company, a corporation controlled, through common ownership, by Richard H. Ashley, who is one of our directors. During 2015, the aggregate payments we made, directly or indirectly, to each of the named persons for the various leases described above were less than \$120,000.

Other Transactions. In 2013, we and an unaffiliated third party purchased an airplane owned by Capital Buyers, a company owned by our Chairman, John W. Allison. In connection with the purchase, we and the third party each

agreed to contribute \$50,000 annually, and Mr. Allison agreed to contribute \$25,000 annually, toward the fixed cost of the plane. Each of us, the third party and Mr. Allison share an aggregate time allotment for use of the plane, split 40%, 40% and 20%, respectively. Any user that goes over its or his time allotment will be billed at a rate of \$600 per hour. We also entered into a lease agreement with Mr. Allison in June 2013 to lease a hangar for the airplane for an aggregate annual rent of \$9,000. During 2015, the aggregate payments we made toward the cost of the plane and for the lease of the hangar described above were less than \$120,000.

We believe the terms of each of the agreements above are no less favorable to us than we could have obtained from an unaffiliated third party. We expect we will continue to engage in similar banking and business transactions in the ordinary course of business with our directors, executive officers, principal shareholders and their associates. All proposed related party transactions are presented to the Nominating and Corporate Governance Committee of our Board of Directors for consideration and approval. The Committee approved each of the transactions described above. The Committee does not currently have any formal policies or procedures with respect to its review, approval, or ratification of related party transactions, but considers each related party transaction or proposed related party transaction on a case-by-case basis. According to its charter, the Committee follows the definition of related party transaction provided in the SEC's regulations under the Securities Act of 1933.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16 of the Securities and Exchange Act of 1934, as amended, requires each director, officer, and any individual beneficially owning more than 10 percent of the Company's common stock to file reports on Forms 3, 4, and 5 disclosing beneficial ownership and changes in beneficial ownership of the common stock of the Company with the SEC within specified time frames. These specified time frames require Form 3 filings to be made within 10 days after the person becomes a reporting person. Changes in ownership generally must be filed on Form 4 within two business days of the transaction. Based solely on information provided to the Company by individual directors and officers, we believe that all our Section 16 filers complied with the filing requirements during the fiscal year, except that one Form 4 reporting five concurrent stock option exercises by a director, Alex R. Lieblong, for 712 shares of common stock each was not filed timely.

PRINCIPAL SHAREHOLDERS OF THE COMPANY

The following table sets forth certain information as of January 31, 2016, concerning the number and percentage of shares of our common stock beneficially owned by our directors, our named executive officers, and all of our directors and executive officers as a group, and by each person known to us who beneficially owned more than 5% of the outstanding shares of our common stock.

Information in this table is based upon beneficial ownership concepts described in the rules issued under the Securities Exchange Act of 1934. Under these rules, a person is deemed to be a beneficial owner of any shares of our common stock if that person has or shares voting power, which includes the power to vote or direct the voting of the shares, or investment power, which includes the right to dispose or direct the disposition of the shares. Thus, under the rules, more than one person may be deemed to be a beneficial owner of the same shares. A person is also deemed to be a beneficial owner of any shares as to which that person has the right to acquire beneficial ownership within 60 days from January 31, 2016.

Except as otherwise indicated, all shares are owned directly, and the named person possesses sole voting and investment power with respect to his shares. The address for each of our directors and named executive officers is c/o Home BancShares, Inc., 719 Harkrider Street, Suite 100, Conway, Arkansas 72032.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

The following Compensation Discussion and Analysis provides information regarding the Company's compensation program for our named executive officers. Our named executive officers for 2015 are C. Randall Sims, CEO and President, Brian S. Davis, CFO and Treasurer, Randy E. Mayor, former CFO and Treasurer (retired July 2015), John W. Allison, Chairman of the Board, Tracy M. French, CEO and President of our bank subsidiary, and Kevin D. Hester, Chief Lending Officer (CLO). Specific information regarding the compensation paid to each named executive officer is disclosed in the Summary Compensation Table and the other compensation tables that follow beginning on page 31 of this proxy statement. The discussion below includes an overview of our compensation philosophy and guiding principles, the components of our executive compensation, and a summary of our executive compensation awards for 2015.

Our compensation program is designed to attract and retain key management for the Company and our bank subsidiary, motivate high performance with a view toward long-term growth and success of the Company, and align management with the interests of our shareholders. Our executive compensation consists of base salary, short-term cash bonus incentive awards, long-term equity incentive awards, retirement and insurance benefit plans and certain perquisites. The short-term incentive awards are closely linked to the Company's or our bank subsidiary's financial performance compared with the Company's or the bank's strategic goals for each year or to the executive's contributions to other operational achievements during the year. Our long-term incentive awards, which may be granted on a fixed basis or a performance basis tied to annual and/or multi-year cumulative performance goals of the Company or our bank subsidiary, encourage the alignment of senior management's goals with those of our shareholders, with the ultimate goal of increasing overall shareholder value. The opportunity to earn annual cash bonus awards and long-term equity awards provides a mix of variable compensation that integrates the Company's short-term and long-term goals, as well as helps to attract and retain executive officers.

Salary payments to our named executive officers during 2015 ranged from \$275,000 to \$360,000, which compares to a range of \$275,000 to \$390,000 in 2014. Changes to our named executive officers' salaries in 2015 were primarily related to management transitions during the year, which included the January 2015 resignation of Mr. Sims as CEO and President of our bank subsidiary and promotion of Mr. French from Regional President to CEO and President of our bank subsidiary and the July 2015 retirement of Mr. Mayor and promotion of Mr. Davis from Chief Accounting Officer to CFO. In addition, our Chairman and our CLO received salary increases of 9% and 7%, respectively, over 2014 base pay. For 2015, we paid annual cash bonuses to each of the named executive officers, except Messrs. Allison and Mayor, ranging from 4% to 50% of the executive's 2015 base salary. The 2015 cash bonus awards were based primarily on the officers' contributions to our record earnings during 2015, the completion of our acquisitions of the Florida operations of the former Doral Bank of Puerto Rico (Doral Florida) and a pool of national commercial real estate loans originated by the former Doral Bank, the creation of the Centennial Commercial Finance Group (Centennial CFG) to manage this pool of national loans through a new loan production office in New York, New York, and the completion of our acquisition of Florida Business BancGroup, Inc. (FBBI).

The Compensation Committee utilizes the Company's Amended and Restated 2006 Stock Option and Performance Incentive Plan for issuing long-term equity incentive awards to our executive officers as a means to reward past performance, provide a long-term incentive for future performance and align management with the interests of our shareholders. In January 2015, the Committee awarded Mr. Allison 60,000 restricted shares of our common stock for his leadership in connection with the Company's 2014 financial performance and our acquisitions of Florida Traditions Bank (Traditions) and Broward Financial Holdings, Inc. (Broward). The Committee also awarded stock options representing 50,000 shares of our common stock to Mr. French for his contributions related to our 2014 acquisitions and his elevation to CEO and President of our bank subsidiary. In August 2015, the Committee granted equity incentive awards to Messrs. Davis, French and Hester consisting of restricted shares, performance-based restricted

shares and performance-based stock options. Vesting of the performance-based awards is subject to the Company's achievement of average diluted earnings per share of \$0.625 per share for four consecutive quarters or \$2.50 total diluted earnings per share over four consecutive quarters, with additional time-based vesting upon attainment of the performance goal. In January 2016, the Committee awarded Mr. Allison 5,000 unrestricted bonus shares of our common stock in lieu of a cash bonus for 2015 and 70,000 restricted shares based on his leadership in connection with the Company's acquisitions and financial performance in 2015. The Committee believes these equity awards provide a long-term performance incentive and further align the interests of these executive officers with those of our shareholders.

Overview of Compensation Philosophy and Program

The Compensation Committee, composed entirely of independent directors, administers the Company's executive compensation program. The role of the Committee is to oversee the Company's compensation and benefit plans and policies, administer its stock plans, and review and approve annually all compensation decisions related to the named executive officers and our Board members. The Committee reports its compensation decisions to the Board for their review.

The Committee recognizes the importance of compensation and performance and seeks to reward performance with cost-effective compensation that aligns employee efforts with the business strategy of the Company and with the interest of the shareholders. The Committee also recognizes that the compensation should assist the Company in attracting and retaining key executives critical to its long-term success.

The following principles guide the Committee:

Compensation levels should be sufficiently competitive to attract and retain key management for the bank and holding company. The Company hires experienced bank executives that have a track record in the market. Competition is strong for these talented and experienced people. The compensation package must be strong and competitive in that market.

Compensation should relate directly to performance and responsibility. Compensation should vary with the performance and responsibility of the individual. It should always be proportional to the contribution to the Company's success.

Short-term incentive compensation should motivate high performance. The Company uses the cash bonus plan to motivate individuals with roles and responsibilities that give them the ability to directly impact the Company's performance and strategic direction. The incentive compensation should not cause the individual to take excessive and unnecessary risks that would threaten the institution.

The Company's Stock Option and Performance Incentive Plan should align management with shareholders' interests. Awards of stock options, restricted stock or other forms of long-term compensation should encourage management to focus on the long-term growth and success of the Company. It should provide management with a meaningful stake in the Company and the prospects of a long-term career.

The Committee receives regular updates on our business results from management and reviews the quarterly financial statements and projections to assess whether executive compensation continues to be properly balanced with and supportive of our business objectives. The Committee may also review information, including reported revenue, profit levels, market capitalization and disclosed governance practices, regarding comparably-sized bank holding companies in a peer group to assess our comparative performance and organizational structure. The Committee uses management updates and peer information as tools to evaluate the connection between executive compensation and our performance as a business. This information is reviewed in a subjective manner. There is no implied direct or formulaic linkage between peer information and our compensation decisions. The Committee takes the view that a close connection between compensation and performance objectives encourages our executives to make decisions that will result in significant positive short-term and long-term returns for our business and our shareholders without providing an incentive either to take unnecessary risks or to avoid opportunities to achieve long-term benefits even

though they may reduce short-term benefits for the named executive officers, the business or our shareholders.

Based on these reports and assessments, the Committee annually evaluates both the short-term and long-term performance compensation for the named executive officers to ensure alignment with our business objectives. The Committee also works closely with management regarding long-term equity incentives, including performance based equity awards, which emphasize shareholder returns while providing enhanced retention value for key executives.

Benchmarking Against A Peer Group

The Committee in the past has compared total compensation levels for the executive officers to the compensation paid to executives in a peer group. The Committee annually considers the need for a peer analysis and reviews peer compensation as the Committee deems necessary. The Committee did not perform a peer compensation review or engage a compensation consultant during 2015 to advise the Committee on setting the compensation of our executive officers. For 2015, the Committee evaluated and considered the overall performance and achievements of the Company and our bank subsidiary, as well as each executive's individual performance and the Chairman's recommendation for such executive (other than himself).

Consideration of Shareholder Advisory Say-on-Pay Vote

At our Annual Meeting in 2015, the shareholders approved, on an advisory basis, the compensation of our named executive officers for 2014, as disclosed in last year's proxy statement (99.2% of votes cast). We value this endorsement by our shareholders of our executive compensation policies. The Committee has considered the results of this advisory vote on executive compensation, and we have followed the same philosophy in determining our current executive compensation of maintaining competitive executive pay that rewards performance and encourages management to focus on the long-term growth and success of the Company by providing them an equity stake in the Company that aligns their interests with our shareholders. The Company has included in this Proxy Statement a similar proposal providing for an advisory vote to approve the compensation of our executives in accordance with the shareholders' recommendation. See PROPOSAL TWO ADVISORY (NON-BINDING) VOTE APPROVING EXECUTIVE COMPENSATION.

Components of Compensation

The key elements of the Company's executive compensation program are:

Base salary

Short-term incentives (bonuses)

Long-term incentive compensation (options/restricted stock)

Retirement and insurance benefit plans

Certain defined perquisites

The Company tries to determine the proper mix of base, short-term and long-term incentive compensation. In our markets there are a number of national, regional and community banks. The competition for experienced executives in banking is strong. The Committee understands that being a public company that can offer equity incentives and a community banking philosophy puts the Company in a competitive position for strong management. The public market for the stock and its easily accessible value is a positive factor in aligning management's interest with that of the shareholders and making them meaningful stakeholders.

Base Salary

Base salaries historically have been targeted at comparable levels for peer companies and adjusted to recognize varying levels of responsibility, individual performance, individual banking region performance if appropriate and internal equity issues. The Committee reviews the base salaries of the executive officers annually. This base salary provides the foundation for a total compensation package that is required to attract, retain and motivate the officers. Generally, base salaries are not directly related to specific measures of performance, but are determined by experience, the scope and complexity of the position, current job responsibilities, and salaries of competing banks. The Committee did not use benchmarking in 2015. In January 2015, the Committee approved base salary increases for 2015 of 7% to 16% for our CLO, our Chairman and the CEO and President of our bank subsidiary. Mr. French received the largest increase in his base salary in connection with his promotion to CEO and President of the bank, while the Committee reduced the salary of Mr. Sims to reflect his no longer serving as CEO and President of the bank. The base salary for 2015 for our former CFO was unchanged from his 2014 base salary. Our current CFO was awarded a base salary equal to approximately 92% of our former CFO's salary in connection with his promotion to CFO in July 2015. In January 2016, the Committee approved base salary increases for 2016 for each of our named executives. These increases range from \$10,000, or 4% of 2015 base salary, for Mr. Sims to \$30,000, or 10% of 2015 base salary, for Mr. Allison.

Short-term Incentives

An annual cash bonus plan is intended to reward individual performance for that year. The Compensation Committee evaluates a number of performance criteria for the Company or the bank and considers the overall profitability of the Company and our bank subsidiary before determining the awards. Specifically, the Committee reviews the individual performance of the officer, along with the goals and performance of the Company and the bank relative to the officer's role and responsibilities. For named executives who are officers of our bank subsidiary, the Committee reviews criteria such as return on assets, growth in assets, asset quality, return on equity, gross margin, net income, operating income, net cash flow and regulatory examination results. In evaluating an executive officer of the parent, the Committee reviews the goals of the parent company including shareholder return, earnings per share, and the other criteria noted above. The final consideration is the overall profitability of the Company. The Committee then determines the amount of the awards. In each case, the Committee makes the determination at their discretion as to the issuance and amount of any award.

The Committee awarded annual cash bonuses for 2015 to each of our named executive officers, except our Chairman, in amounts ranging from 4% to 50% of the executive's 2015 base salary. The Chairman was awarded unrestricted bonus shares of our common stock in lieu of a cash bonus. The awards were based primarily on each executive's contribution to the completion of our acquisitions of FBBI, Doral Florida, and the pool of national commercial loans originated by Doral Bank, the formation of Centennial CFG, and the Company's financial performance during 2015, which included record net income, a record core efficiency ratio of 39.48% and an increase in diluted earnings per share (excluding merger expenses) of \$0.30 per share, or 17.0%, for the year ended 2015 when compared to the previous year.

Long-term Incentives

Consistent with the Company's philosophy that favors compensation based upon performance, long-term incentives comprise a significant component of total compensation. In 2012, the Board of Directors adopted and the shareholders approved the Amended and Restated 2006 Stock Option and Performance Incentive Plan (the Plan). The purpose of the Plan is to attract and retain highly qualified officers, directors, and key employees, and to encourage those employees to improve our business results. The Plan is administered by our Compensation Committee. Subject to the terms of the Plan, the Committee may select participants to receive awards, determine the types, terms and conditions of awards and interpret provisions of the Plan.

It is the policy of the Committee to award grants with an exercise price set at the fair market value on the date of the grant. The Company does not have a practice of timing option or restricted stock grants to coordinate with the release of material non-public information. The Committee evaluates opportunities under the Plan along with the annual setting of salaries and awarding bonuses. The Committee will also consider awards under the Plan if appropriate in recruiting a new employee.

The Committee uses one or more of the following business criteria, on a consolidated basis and/or with respect to specified banking regions (except with respect to the total shareholder return and earnings per share criteria), in establishing performance goals for awards intended to comply with Section 162(m) of the Internal Revenue Code granted to covered employees:

shareholder return;

return on assets;

growth in assets;

asset quality;

return on equity;

earnings per share;

net income; and

operating income.

Section 162(m) of the Internal Revenue Code places a limit of \$1,000,000 on the compensation that a publicly held corporation may deduct in any one year with respect to its principal executive officer and its three other most highly compensated executive officers whose compensation is required to be disclosed in its annual proxy statement (other than the principal financial officer). There is an exception to the \$1,000,000 limitation for performance-based compensation meeting certain requirements. Annual cash incentive compensation and stock option awards are generally performance-based meeting those requirements and, as such, are deductible. The Compensation Committee has not adopted a policy with regard to this issue. The Amended and Restated 2006 Stock Option and Performance Incentive Plan contains certain provisions which are intended to further the Company's eligibility to deduct future performance-based compensation in accordance with Section 162(m).

Historically, the Committee has granted both regular and performance-based nonqualified stock options. Awards granted on a regular (or fixed) basis carry a set vesting schedule based on a certain time period as determined by the Committee. Performance-based awards are payable in recognition of achievement of certain annual and/or cumulative performance goals of the Company or our bank subsidiary based on one or more of the criteria described above over a period of time longer than one year. Under the Amended and Restated 2006 Stock Option and Performance Incentive Plan, the Committee must certify in writing that all of the performance goals and other material terms of a performance-based award have been met before the named executive officer may receive payment for such award. The Committee may confer with the Audit Committee as necessary when confirming achievement of performance goals. The equity awards (both fixed and performance-based) typically have been based on a vesting period of three to five years.

The Committee may also grant restricted stock under the Plan based on the criteria described above. The restricted period for such shares may be subject to the satisfaction of Company or individual performance objectives but may not be less than one year. If the restricted shares are not subject to any such performance objectives, the restricted period may not be less than three years.

On January 16, 2015, the Committee awarded 60,000 restricted shares of our common stock to Mr. Allison in recognition of his leadership in connection with the Company's financial performance in 2014 and the Company's acquisitions of Traditions and Broward. The Committee also awarded stock options to purchase 50,000 shares of our common stock to Mr. French for his contributions related to our 2014 acquisitions and in connection with his elevation to CEO and President of our bank subsidiary. The restricted shares to Mr. Allison will cliff vest on January 16, 2018. The stock options to Mr. French will vest in five equal annual installments beginning on January 16, 2016.

On March 12, 2015, prior to his being named CFO, Mr. Davis was awarded 25,000 stock options for his recent contributions as our then Chief Accounting Officer and Investor Relations Officer and as an additional performance incentive. These stock options will vest in five equal annual installments beginning on the first anniversary of the grant date.

On August 24, 2015, the Committee granted both regular and performance-based equity awards to our current CFO, our CLO and the CEO of our bank subsidiary. These awards included an aggregate of 32,500 restricted shares subject to time vesting (Restricted Shares), 32,500 restricted shares of our common stock subject to performance conditions (Performance Shares) and 175,000 performance-based stock options (Performance Options). The Restricted Shares will vest over five years in three equal annual installments beginning on the third anniversary of the grant date. The performance goal for the performance-based awards will be met as of the end of the calendar quarter when the Company has achieved average diluted earnings per share of \$0.625 per share for four consecutive quarters or \$2.50 total diluted earnings per share over a period of four consecutive quarters. The Performance Shares will vest over five years in three equal annual installments beginning on the third anniversary of the date that the performance goal is met, and the Performance Options will vest in seven equal annual installments beginning on the first anniversary of the grant date, subject to the performance goal having been met. If the performance goal is met after the first

anniversary of the grant date, all installments of the Performance Options with a prior vesting date will vest as of the date the performance goal is met. The purposes of these awards were to provide an additional retention and performance incentive for these executives and to further align their interests with the interests of our shareholders. The Restricted Shares and the Performance Shares had a fair market value on the date of grant of \$36.91 per share, and the Performance Options had a fair market value on the date of grant of \$8.51 per share based on the Black-Scholes valuation method for stock options.

Prior to the August 2015 awards, the Committee most recently granted performance-based awards in August 2012, when the Committee awarded an aggregate of 208,000 restricted shares of our common stock to our executive officers and certain other employees pursuant to the Plan, including 86,000 shares subject to time vesting (which vested in August 2015) and 122,000 shares subject to performance-based vesting. These performance-based shares were subject to a similar performance goal consisting of a targeted average diluted earnings per share or cumulative targeted diluted earnings per share over a four consecutive quarter period, with additional time-based vesting upon attainment of the performance goal. The Company met this performance goal as of September 30, 2013, and in accordance with the terms of the awards, these shares will cliff vest on September 30, 2016, subject to the officer's or employee's continued employment with the Company on the vesting date.

Finally, on January 25, 2016, the Committee awarded 5,000 unrestricted bonus shares of our common stock to our Chairman, Mr. Allison, in lieu of a cash bonus for 2015, and 70,000 restricted shares of our common stock based on his leadership in connection with our acquisitions of FBBI, Doral Florida and the pool of national commercial loans originated by Doral Bank, the formation of Centennial CFG, and the Company's overall financial performance in 2015. The restricted shares will cliff vest on January 25, 2019.

Retirement and Insurance Benefits

Post-Termination Benefits. We do not have any employment, salary continuation, or severance agreements currently in effect for any of our executive officers.

Chairman's Retirement Plan. In 2007, our Board of Directors, based on a recommendation by the Compensation Committee, approved a Chairman's Retirement Plan for our Chairman, John W. Allison. The Chairman's Retirement Plan provides a supplemental retirement benefit to Mr. Allison of \$250,000 per year for 10 consecutive years or until Mr. Allison's death, whichever occurs later.

The benefits under the plan became 100% vested and commenced on Mr. Allison reaching age 65 in 2011. The vested benefits are payable over 10 years or Mr. Allison's life, whichever is greater. If Mr. Allison dies during the 10 year guaranteed benefit period, his beneficiary will receive the remaining payments due during the guaranteed period. If he dies after the guaranteed benefit period, no further benefits will be paid. The annual benefit is paid in monthly installments.

Supplemental Executive Retirement Plan. Prior to our acquisition of Community Bank in 2003, Community Bank purchased life insurance policies on its President and Chief Executive Officer, Tracy M. French. The policies offset benefit expenses associated with a supplemental annual retirement benefit that grows on a tax-deferred basis. A portion of the benefit is determined by an indexed formula. The balance of the benefit is determined by crediting interest on the accrued balances. The calculation for the benefit expense accrual is: insurance policy income minus opportunity cost plus interest. The opportunity cost is determined by the bank and is equal to the five year average of the one year Treasury Bill rate. The bank (now Centennial Bank) retains the opportunity cost. Prior to Mr. French's retirement, any earnings in excess of the opportunity costs are accrued to a liability reserve account for his benefit. At retirement, this liability reserve account is amortized with interest and paid out over a period of 15 years. If Mr. French dies while there is a balance in his account, this balance will be paid in a lump sum to Mr. French's beneficiaries.

The life insurance benefit for Mr. French is being provided by an endorsement split dollar life plan. Upon the death of the executive, the death benefit payable is equal to 70% of the net at-risk life insurance portion (total benefit less cash value) of the policies insuring the life of Mr. French. The bank has all ownership rights in the death benefits and surrender values of the insurance policy on Mr. French. Its obligations under the retirement benefit portion of this policy are unfunded; however, the bank has purchased life insurance policies on Mr. French that are actuarially designed to offset the annual expenses associated with the benefit portion of the policy and will, given reasonable

actuarial assumptions, offset all of the cost during Mr. French's lifetime and provide a complete recovery of costs at death.

401(k) Plan. All our full- and part-time employees over the age of 21 are eligible to participate in our 401(k) Plan immediately. We contribute a matching contribution equal to 50% of the participants' first 6% of deferred compensation contribution. In addition, we may make a discretionary contribution. No discretionary contributions were made during 2015.

Health and Insurance Benefits. Our full-time officers and employees are provided hospitalization and major medical insurance. We pay a substantial part of the premiums for these coverages. All insurance coverage under these plans is provided under group plans on generally the same basis to all of our full-time employees. Also, we provide other basic insurance coverage including dental, life, and long-term disability insurance.

In 2004, First State Bank (now Centennial Bank) adopted an endorsement split-dollar life insurance plan which provides for the purchase of life insurance policies insuring the life of Mr. Allison. Both the bank and Mr. Allison have an interest in each of the policies, and therefore, this is classified as an endorsement split-dollar plan. Mr. Allison's beneficiaries will be entitled to an amount equal to 50% of the net at-risk insurance portion of the total proceeds. The net at-risk portion is the total proceeds less the cash value of the policy. Mr. Allison recognizes the economic value of this death benefit each year on his individual income tax return. The beneficiaries of the policies are named by Mr. Allison and the bank will receive the remainder of the death benefit. The bank has all ownership rights in the death benefits and surrender values of the policies. The premium paid on June 4, 2004, for the policies was \$4.8 million. Effective December 22, 2006, the death benefits payable under these policies split between the bank and Mr. Allison's beneficiaries. If the death benefits were paid in 2016, approximately \$8.7 million would be paid to the bank and approximately \$2.0 million would be paid to Mr. Allison's beneficiaries.

Perquisites

The Company provided certain perquisites to executive management in 2015. These perquisites included:

401(k) contributions

Country club dues

Gasoline for personal car

Car allowance

Use of company owned car

Moving allowance

The Company owns a 50% ownership interest in an airplane previously owned by Mr. Allison's company, Capital Buyers. We share the use and the annual fixed cost of the airplane with an unaffiliated third party, which owns the remaining 50% interest in the airplane, and Mr. Allison through a specified time allotment and cost sharing arrangement. In addition, the Company from time-to-time uses a separate airplane owned by Capital Buyers. An employee of the Company is a pilot and flies the airplanes. Mr. Allison also uses the airplanes and the pilot for personal travel which may or may not occur during working hours. When the Company uses the Capital Buyers plane, Capital Buyers charges the Company for out of pocket expenses and other expenses attributable to use and maintenance of the aircraft.

Director Fees

Mr. Allison receives additional fees for his service as Chairman of the Board of Directors of the Company, which for 2015 included an annual retainer of \$8,000 and a fee of \$4,000 for each holding company Board meeting attended. The fees for his service as Chairman of the Board are set by the Board of Directors. In addition, Mr. Allison is Chairman of the board of directors of the Company's bank subsidiary and serves on each regional board of directors of the bank. He receives fees for his service on the board of directors and each regional board of the bank. The fees for his service on each board are set by the respective boards of the bank. Mr. Allison earned a total of \$81,850 in fees for his service on the Board of Directors of the Company and the board of directors and regional boards of the bank during 2015, including fees for his service on committees of the Company and bank boards. Mr. Allison is the only named executive officer who received fees for serving on the Company's or our bank subsidiary's boards of directors or on any committees of such boards during 2015.

Nonqualified Deferred Compensation

We do not currently have in effect any defined contribution or other plan that provides for the deferral of compensation to any of our executive officers on a basis that is not tax-qualified.

Payments Upon Termination or Change-In-Control

We do not currently have in effect any compensatory plan or other arrangement that provides for payments or the provision of benefits to any of our executive officers upon their termination of employment with the Company or upon a change in control of the Company or a change in the officer's responsibilities.

Compensation Risk Assessment

The Compensation Committee and management conducted an assessment of the risks associated with our compensation policies and practices during 2015, including our compensation arrangements for both executives and non-executive employees. That assessment included a review of policies and procedures relating to the components of our compensation program, a review of incentive-based equity and cash compensation features, identification of any compensation design features that could potentially encourage excessive or imprudent risk taking, and consideration of the presence or absence of controls, oversight or other factors that mitigate potential risk.

During the review, the Committee and management concluded that several factors and controls relating to our compensation policies and practices mitigate against the potential for risks that could materially and adversely affect the Company. These factors and controls include:

the Company's lack of involvement in activities regarded as having significant inherent risk, such as mortgage-backed securities and proprietary trading;

management's review of compensation arrangements of employees of the Company or our bank subsidiary having compliance, risk, credit quality, quality assurance and finance roles;

oversight of incentive compensation by the Compensation Committee, which is made up of independent directors;

effective internal controls over financial reporting for the Company;

appropriate segregation of duties; and

restrictions on awards that align the interests of the employee with the interests of the shareholders.

Based upon this assessment, we do not believe that our employee compensation policies and practices create risks that are reasonably likely to have a material adverse effect on the Company.

PROPOSAL TWO ADVISORY (NON-BINDING) VOTE

APPROVING EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) enables our shareholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this Proxy Statement in accordance with SEC rules. This vote is commonly known as a say-on-pay vote. At our Annual Meeting in 2012, our shareholders voted to recommend that the Company hold future say-on-pay votes annually until the Company is next required to hold an advisory vote on the frequency with which the Company will hold future say-on-pay votes, which will be in 2018. Accordingly, the Company presents the resolution set forth below for approval by the shareholders in accordance with the Dodd-Frank Act and Section 14A of the Securities Exchange Act of 1934.

At our Annual Meeting in 2015, our shareholders approved, on an advisory basis, the compensation of our named executive officers for 2014, as disclosed in last year's proxy statement. We value the endorsement by our shareholders of our executive compensation policies. We believe that our compensation policies and procedures are competitive, are focused on pay for performance principles and are strongly aligned with the long-term interests of our shareholders. The Compensation Committee, which is comprised entirely of independent directors, oversees our executive compensation program and monitors our policies to ensure they continue to emphasize programs that reward executives for results that are consistent with shareholder interests.

We encourage you to closely review our Compensation Discussion and Analysis and the tabular disclosure which follows it, including the footnotes and narratives which accompany each table, as they describe our compensation policies and procedures and the components and amounts comprising the compensation paid to our named executive officers.

The following resolution gives you as a shareholder the opportunity to endorse or not endorse the compensation we pay to our named executive officers by voting to approve or not approve such compensation as described in this Proxy Statement:

RESOLVED, that the shareholders of Home BancShares, Inc. (the Company) approve the compensation of the Company's executives named in the Summary Compensation Table of the Company's Proxy Statement for the 2016 Annual Meeting of Shareholders, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Executive Compensation tables and the related disclosure contained in the Proxy Statement.

Because your vote is advisory, it will not be binding upon the Board of Directors and may not be construed as overruling any decision by the Board. However, the Compensation Committee may, in its sole discretion, take into account the outcome of the vote when considering future executive compensation arrangements.

Our Board of Directors and our Compensation Committee believe that our commitment to responsible compensation practices as described in this Proxy Statement justifies a vote by shareholders FOR the resolution approving the compensation of our executives as disclosed in this Proxy Statement.

**PROPOSAL THREE APPROVAL OF AMENDMENT TO
ARTICLES OF INCORPORATION TO INCREASE
NUMBER OF AUTHORIZED SHARES**

General

Our Restated Articles of Incorporation, as amended, currently authorize the issuance of up to 100,000,000 shares of common stock, \$0.01 par value. As of the record date, 70,226,519 shares of common stock were issued and outstanding, 1,239,299 shares were reserved for issuance pursuant to currently outstanding stock options, and 432,677 shares were reserved for future awards under our Amended and Restated 2006 Performance Incentive Plan, as amended, leaving 28,101,505 shares available for other uses.

The Board of Directors is proposing an amendment to the Restated Articles of Incorporation, as amended, to increase the number of authorized shares of common stock from 100,000,000 to 200,000,000. If the shareholders approve this proposal, the first sentence of Article THIRD in the Company's Restated Articles of Incorporation, as amended, will be amended to read as follows:

The authorized capital stock (the "Capital Stock") of this Corporation shall be 200,000,000 shares of voting common stock (the "Common Stock") having a par value of \$0.01 per share, and 5,500,000 shares of \$0.01 par value preferred stock (the "Preferred Stock").

Purpose and Effect of the Proposed Amendment

The Board believes that the current number of authorized shares does not provide the Company with adequate flexibility to issue stock in connection with any future acquisitions or for general corporate purposes. In particular, if the Board determines that it would be appropriate to effect a significant acquisition through the exchange of common stock, conduct a stock offering or declare a stock dividend or split, the current number of unissued authorized shares might not be enough to complete such transaction. Although we cannot guarantee that any future acquisitions, stock offerings, dividends or splits will occur, the Board believes that the proposed increase in the number of authorized shares will provide the Company with the flexibility necessary to maintain a reasonable stock price through future stock dividends or splits, or to issue shares in connection with an acquisition or other corporate purpose, without incurring the expense of convening a special shareholder's meeting or the delay of waiting until the next annual meeting.

If this proposal is approved, all authorized but unissued shares of common stock will be available from time to time for any proper purpose approved by the Board, including issuances in connection with stock-based benefit plans, future stock splits or dividends and issuances to raise capital or effect acquisitions. Neither the Company nor the Board currently has any arrangements or understandings with respect to the issuance or use of the additional shares of authorized common stock sought to be approved (other than issuances permitted or required under the Company's Amended and Restated 2006 Stock Option and Incentive Plan, as amended, or awards made pursuant to that plan). If this proposal is approved, all or any of the shares may be issued without further shareholder action, unless required by law or the rules of the NASDAQ Stock Market.

Existing shareholders do not have preemptive or similar rights to subscribe for or purchase any additional shares of common stock that the Company may issue in the future. Therefore, issuances of common stock other than issuances on a pro rata basis to all shareholders would reduce each shareholder's proportionate interest in the Company.

An increase in the authorized number of shares of common stock could have an anti-takeover effect. If we issue additional shares in the future, such an issuance could dilute the voting power of a person seeking control of the Company, thereby making an attempt to acquire control of the Company more difficult or expensive. Neither the Board nor management is currently aware of any attempt, or contemplated attempt, to acquire control of the Company, and we are not presenting this proposal with the intent that it be used as an anti-takeover device.

Vote Required to Approve Proposal

Approval of the amendment to the Restated Articles of Incorporation, as amended, to increase the number of authorized shares requires the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting, assuming a quorum is present.

**Approval of the Amendment to the Company's Restated Articles of Incorporation

**PROPOSAL FOUR APPROVAL OF AMENDMENT TO
THE COMPANY S AMENDED AND RESTATED
2006 STOCK OPTION AND PERFORMANCE INCENTIVE PLAN**

The Amended and Restated 2006 Stock Option and Performance Incentive Plan (the Plan) was adopted by our Board of Directors in February 2012 and approved by our shareholders in May 2012. In March 2012, the Board of Directors approved an amendment to the Plan eliminating the Tax Offset Payments provision of the Plan. This amendment took effect upon the approval of the Plan by the shareholders in May 2012. In June 2015, the Board of Directors amended the Plan to allow future stock option awards to be exercised by, among other methods, a net exercise arrangement through which the exercise price is paid by reducing the number of shares of common stock issued upon exercise by a number of shares having an aggregate fair market value equal to the total exercise price.

As adjusted for the two-for-one forward split of our common stock paid to the Company s shareholders in June 2013, there are currently 4,644,000 shares of common stock authorized for issuance under the Plan. As of the record date, 1,239,299 of these shares are reserved for issuance pursuant to currently outstanding stock options, and 432,677 of these shares remain available for future awards under the Plan.

On January 15, 2016, our Board of Directors approved an additional amendment to the Plan, subject to shareholder approval, to increase the number of shares reserved for issuance under the Plan by 1,000,000 shares. This amendment is being submitted to our shareholders for approval.

Amended and Restated 2006 Stock Option and Performance Incentive Plan

The following summary of the material provisions of the Plan, as previously amended and as proposed to be amended by the shareholders, is qualified in its entirety by reference to the complete text of the Plan, which is attached as Appendix A to this Proxy Statement and incorporated by reference into this proposal. A copy of the proposed amendment to the Plan is provided at the end of Appendix A.

In 2012, our Board of Directors adopted and our shareholders approved the Home BancShares, Inc. Amended and Restated 2006 Stock Option and Performance Incentive Plan. The purpose of the Plan is to attract and retain highly qualified officers, directors, key employees, and other persons, and to motivate those persons to improve our business results.

The Plan amends and restates the Company s 2006 Stock Option and Performance Incentive Plan (the 2006 Plan) adopted by the Board of Directors in March 2006 and approved by the Company s shareholders in June 2006. The 2006 Plan amended and restated various prior plans that were adopted either by us or companies that we acquired. Awards made under any of the prior plans are subject to the terms and conditions of the Plan, which is designed not to impair the rights of award holders under the prior plans. The Plan goes beyond the prior plans by including additional types of awards (such as unrestricted stock, performance shares, and performance and annual incentive awards) in addition to the stock options (incentive and non-qualified), stock appreciation rights, and restricted stock that could have been awarded under one or more of the prior plans.

Administration. The Plan is administered by our Compensation Committee. Subject to the terms of the Plan, the Compensation Committee may select participants to receive awards; determine the types of awards, terms, and conditions of awards; and interpret provisions of the Plan.

Source of Shares. The common stock issued or to be issued under the Plan consists of authorized but unissued shares and treasury shares. If any shares covered by an award are not purchased or are forfeited, or if an award otherwise terminates without delivery of any common stock, then the number of shares of common stock counted against the aggregate number of shares available under the Plan with respect to the award will, to the extent of any such forfeiture or termination, again be available for making awards.

If the option price, a withholding obligation or any other payment is satisfied by tendering shares or by withholding shares, only the number of shares issued net of the shares tendered or withheld will be deemed delivered for the purpose of determining the maximum number of shares available for delivery under the Plan.

Limitation of the Plan. Benefits granted to any plan participant in any one year may not exceed 10% of the total shares of common stock authorized for issuance under the Plan (i.e., 10% of 5,644,000 shares).

Eligibility. Awards may be made under the Plan to all employees, officers, directors, consultants and other key persons. In determining to whom awards will be granted, the committee will take into account the nature of the services, potential contributions, and other relevant factors.

Performance-Based Criteria. Section 162(m) of the Internal Revenue Code (the Code) limits publicly held companies to an annual deduction for federal income tax purposes of \$1.0 million for compensation paid to each of the chief executive officer and the three highest compensated executive officers (other than the chief executive officer and the chief financial officer) determined at the end of each year (referred to as Covered Employees). However, performance-based compensation is excluded from this limitation. The Plan is designed to permit the Compensation Committee to grant awards that qualify as performance-based compensation for purposes of satisfying the conditions of Section 162(m).

Any awards that the Compensation Committee intends to qualify for the Section 162(m) performance-based compensation deduction exclusion must be based on pre-established, objective performance goals. These goals must be established by the Compensation Committee in writing no later than 90 days after the beginning of the service period to which the award relates and while the outcome is substantially uncertain (i.e., before 25% of the performance period has elapsed). Performance goals must be based on an objective formula or standard. The Compensation Committee may use one or more of the following business criteria in establishing performance goals for awards intended to comply with Section 162(m) of the Code granted to Covered Employees:

price of the Company's common stock or the stock of any affiliate;

shareholder return;

return on assets;

growth in assets;

return on equity;

return on investment;

return on capital;

economic profit;

economic value added;

net income;

operating income;

gross margin;

sales;

free cash flow; and

earnings per share.

Before the recipient may receive any payment, the Compensation Committee must certify in writing that all of the performance goals have been met. In addition, the material terms of the performance goals must be disclosed to and reapproved by the Company's shareholders every five years.

Options. The Plan permits the granting of options to purchase shares of common stock intended to qualify as incentive stock options under the Code (qualified stock options) and stock options that do not qualify as incentive stock options (non-qualified stock options). The exercise price of each stock option may not be less than 100% of the fair market value of our common stock on the date of grant. If we were to grant qualified stock options to any 10% shareholder, the exercise price may not be less than 110% of the fair market value of our common stock on the date of grant. We may grant options in substitution for options held by employees of companies that we may acquire. The fair market value of our common stock on February 26, 2016, based upon the closing price as reported on the NASDAQ Stock Market on that date, was \$40.38.

The term of each stock option will be fixed by the Compensation Committee and may not exceed ten years (or five years for qualified stock options) from the date of grant. The committee determines at what time or times each option may be exercised and the period of time, if any, after retirement, death, disability or termination of employment during which options may be exercised. The exercisability of options may be accelerated by the Compensation Committee. In general, an optionee may pay the exercise price of an option by cash or cash equivalent, or, if permitted by the committee, by tendering shares of our common stock (which if acquired from us have been held by the optionee for at least six months) or by a net exercise arrangement where the Company will reduce the number of shares issued upon exercise by the largest whole number of shares with a fair market value not exceeding the total exercise price, or by a combination of the foregoing methods.

Stock options granted under the Plan may not be sold, transferred, pledged, or assigned other than by will or under applicable laws of descent and distribution.

Restricted Shares. The Plan permits the granting of shares of our common stock which are subject to certain restrictions as determined by the Compensation Committee. Restricted shares may be granted in the form of performance-based or fixed awards. The restricted period during which restricted shares are subject to forfeiture must be at least one year for performance-based awards and at least three years for all other restricted stock awards.

Other Awards. The Compensation Committee may also award under the Plan:

unrestricted shares of common stock, which are shares of our common stock issued at no cost or for a purchase price determined by the Compensation Committee and which are free from any restrictions under the Plan;

stock appreciation rights, tandem or non-tandem, which are a right to receive a number of shares or, in the discretion of the committee, an amount in cash or a combination of shares and cash, based on the increase in the fair market value of the shares underlying the right during a stated period specified by the Compensation Committee; and

performance shares and performance units, ultimately payable in our common stock or cash, as determined by the Compensation Committee, and which are subject to achievement of specified goals tied to business criteria (described above).

Forfeiture; Recoupment. The Compensation Committee may cause a forfeiture of any realized gains by an award recipient who breaches any agreement with or obligation to the Company or who violates any Company policy or procedure. Awards may be annulled for any employee who is terminated for cause. All awards are subject to mandatory repayment if the participant becomes subject to any clawback or recoupment under Company policy or applicable law.

Adjustments for Stock Dividends and Similar Events. The Compensation Committee may make appropriate adjustments in outstanding awards and the number of shares available for issuance under the Plan, including the individual limitations on awards, to reflect common stock dividends, stock splits, spin-offs and other similar events.

Amendment or Termination of the Plan. While our Board of Directors may suspend, terminate or amend the Plan at any time, no amendment may adversely impair the rights of grantees with respect to outstanding awards. In addition, an amendment will be contingent on approval of our shareholders to the extent required by law. Unless terminated earlier, the Plan will automatically terminate on February 27, 2022.

Federal Income Tax Consequences of Options and Stock Awards Under the Plan

THE FOLLOWING IS A GENERAL SUMMARY OF THE TYPICAL FEDERAL INCOME TAX CONSEQUENCES OF THE ISSUANCE AND EXERCISE OF OPTIONS, STOCK APPRECIATION RIGHTS OR AWARDS OF RESTRICTED STOCK UNDER THE PLAN. IT DOES NOT DESCRIBE APPLICABLE FOREIGN, STATE, LOCAL AND OTHER TAX CONSEQUENCES OF THE ISSUANCE AND EXERCISE OF OPTIONS OR OF THE GRANT OF RESTRICTED STOCK. THIS SUMMARY IS BASED UPON THE PROVISIONS OF THE INTERNAL REVENUE CODE, APPLICABLE TREASURY REGULATIONS, ADMINISTRATIVE RULINGS AND JUDICIAL DECISIONS, ALL AS IN EFFECT AS OF THE DATE OF THIS PROXY STATEMENT. THERE CAN BE NO ASSURANCE THAT FUTURE LEGISLATIVE, ADMINISTRATIVE OR JUDICIAL CHANGES OR INTERPRETATIONS, WHICH CHANGES COULD APPLY RETROACTIVELY, WILL NOT AFFECT THE ACCURACY OF THIS SUMMARY.

Stock Awards. A recipient of a stock award has taxable income in the amount equal to the excess of the fair market value of the stock on the date it vests over any consideration paid for the common stock (the spread). Stock vests either (i) when it is no longer subject to a substantial risk of forfeiture (such as a requirement that the recipient retransfer shares at cost or some other material discount from fair market value upon cessation of employment), (ii) when it is freely transferable, or (iii) at the time of issuance if the recipient makes an election under Section 83(b) of the Code within 30 days of the issuance. The taxable income constitutes wages subject to income and employment tax withholding, and the Company receives a corresponding income tax deduction. The recipient will have a basis in his or her shares equal to the value of the shares on the date they vest, and the holding period for the shares will date from vesting. In general, a sale of the shares will produce capital gain or loss which will be long-term or short-term depending on the period of time included in the recipient's holding period, except that a recipient who makes a Section 83(b) election will not be entitled to any loss should the shares subsequently be forfeited back to the Company.

Options. The grant of an option has no federal income tax effect on the optionee. Upon exercise of the option, unless the option was qualified as an incentive stock option as discussed below, the optionee is treated in the same manner as a recipient of a stock award. Special federal income tax rules apply if our common stock is used to pay all or part of the option exercise price whether or not the options qualify as incentive stock options.

Incentive Stock Options. Like other options, the recipient of an incentive stock option does not recognize any income on the grant of the option. Unlike other transferees of shares, however, the optionee does not recognize income for regular tax purposes at the time the option is exercised. If the optionee does not dispose of the incentive stock option shares until at least one year after the date the incentive stock option was exercised and two years after the date the incentive stock option was granted, the only gain or loss the optionee will recognize for regular tax purposes will be the long-term capital gain or loss on the sale of the shares. However, any shares sold or otherwise disposed of before both of the holding period requirements have been met (a disqualifying disposition), will result in the gain being treated as ordinary income in an amount up to the excess of the fair market value of the stock subject to an option over the exercise price of such option (the option spread). Any additional gain will be treated as capital gain or loss and as long-term or short-term depending on the holding period for the stock.

In addition to the regular tax consequences discussed above, the exercise of an incentive stock option can have material alternative minimum tax consequences. In general, the transfer of the shares pursuant to the incentive stock option will create alternative minimum taxable income in the same way that the exercise of other options would create regular taxable income. As a result, the exercise of an incentive stock option can result in substantial alternative minimum tax. The Company is not entitled to a federal income tax deduction in connection with incentive stock options, except to the extent that the optionee has taxable ordinary income on a disqualifying disposition.

Stock Appreciation Rights. Upon the grant of a stock appreciation right, the recipient will not recognize ordinary income. However, upon the exercise of a stock appreciation right, the recipient will, in general, recognize ordinary income in an amount equal to the amount of cash (or the value of the shares) distributed to the recipient. Such income will be treated as wages subject to income and employment tax withholding. The Company will have a deduction equal to the income to the recipient.

Limitation on Deduction of Certain Compensation. A publicly held corporation may not deduct compensation of over a certain amount that is paid in any year to one of its Covered Employees unless the compensation constitutes qualified performance-based compensation under the Code. We will generally attempt to ensure that any awards under the Plan will qualify for deduction, but may not do so in every instance.

Plan Benefits

Awards under the Plan are granted at the discretion of the Compensation Committee or the Administrator, and accordingly, the amount of any such awards that may be granted to any individual is not yet determinable. Benefits under the Plan depend on a number of factors, including the fair market value of our common stock on future dates, our actual performance against performance goals established with respect to performance awards and decisions made by the participants, and accordingly, are also not yet determinable.

Equity Compensation Plan Information

The Company does not currently have any existing equity compensation plans or arrangements other than the Plan. The following table sets forth information regarding outstanding options and shares reserved for future issuance under the Plan as of December 31, 2015.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding shares reflected in column (a)) (c)

Equity compensation plans not approved by the shareholders			

Required Vote

The approval of the amendment to the Plan to increase the number of shares reserved for issuance under such plan by 1,000,000 shares requires the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting, assuming a quorum is present.

**PROPOSAL FIVE RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our consolidated financial statements as of and for the fiscal year ended December 31, 2015, were audited by BKD, LLP, an independent registered public accounting firm. In 2015, the Audit Committee of the Board of Directors and our shareholders approved the engagement of BKD, LLP to be our independent registered accounting firm for fiscal year 2015. The Audit Committee intends to approve the re-engagement of BKD, LLP to be our independent registered public accounting firm for the fiscal year ending December 31, 2016, subject to the ratification of the appointment by our shareholders at the Annual Meeting and our formal acceptance of an engagement letter from BKD, LLP after the Annual Meeting.

Shareholders' ratification of the selection of BKD, LLP to be our independent registered public accounting firm for fiscal year 2016 is not required by our Bylaws or otherwise. However, the Board is submitting the selection of the independent registered public accounting firm to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection of BKD, LLP, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee may, at its discretion, direct the appointment of a different independent registered accounting firm at any time during the year if it determines that such change is in the best interests of the Company and our shareholders.

Representatives of BKD, LLP are expected to attend the Annual Meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions.

**REPORT OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS**

In accordance with its written charter, which was re-approved in its current form by the Board of Directors on January 15, 2016, the Audit Committee assists the Board in, among other things, oversight of our accounting and financial reporting processes, our compliance with legal regulatory requirements, the qualifications and independence of the independent auditors and the performance of the internal and independent auditors. A copy of the Audit Committee charter is published on the Company's website at www.homebancshares.com under the caption "Investor Relations / Corporate Profile / Governance Documents".

Our Board of Directors has determined that all six members of the Committee are independent based upon the independence requirements of the SEC and NASDAQ, and that our Chairman, Mr. Engelkes, satisfies the criteria of an audit committee financial expert as defined by the regulations of the SEC.

Management is responsible for the preparation, presentation, and integrity of our financial statements, for the appropriateness of our accounting principles and reporting policies and for implementing and maintaining internal control over financial reporting. Our independent auditors are responsible for auditing the financial statements and internal controls over financial reporting and for reviewing our unaudited interim financial statements. The Audit Committee's responsibility is to monitor and review these processes and procedures. Except for our Chairman, Mr. Engelkes, the members of the Audit Committee are not engaged in the practice of accounting or auditing and are not professionals in those fields. The Audit Committee relies, without independent verification, on the information provided to us and on the representations made by management that the financial statements have been prepared with integrity and objectivity and on the representations of management and the opinion of the independent auditors that such financial statements have been prepared in conformity with accounting principles generally accepted in the United States.

During 2015, the Audit Committee held five regularly scheduled meetings. The Audit Committee's regular meetings were conducted in order to encourage communication among the members of the Audit Committee, management, the internal auditors, and our independent auditors, BKD, LLP. Among other things, the Audit Committee discussed with our internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee separately met with each of the internal and independent auditors, with and without management, to discuss the results of their examinations and their observations and recommendations regarding our internal controls. The Audit Committee also discussed with our independent auditors all matters required by auditing standards generally accepted in the United States of America, including those described in Public Company Accounting Oversight Board Auditing Standard No. 16, "Communication with Audit Committees".

The Audit Committee reviewed and discussed our audited consolidated financial statements as of and for the year ended December 31, 2015, with management, the internal auditors, and our independent auditors. Management's discussions with the Audit Committee included a review of critical accounting policies.

The Audit Committee obtained from the independent auditors a formal written statement describing all relationships between us and our auditors that might bear on the auditors' independence consistent with Public Company Accounting Oversight Board Rule 3526, "Communication with Audit Committees Concerning Independence". The Audit Committee discussed with the auditors any relationships that may have an impact on their objectivity and independence and satisfied itself as to the auditors' independence. The Audit Committee has reviewed and approved the amount of fees paid to BKD, LLP for audit and non-audit services. The Audit Committee concluded that the provision of services by BKD, LLP is compatible with the maintenance of BKD's independence.

Based on the above-mentioned review and discussions with management, the internal auditors, and the independent auditors, and subject to the limitations on our role and responsibilities described above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the calendar year ended December 31, 2015, for filing with the SEC.

- (1) Audit fees consisted of the annual audit and quarterly review services and consent for and review of a registration statement filed by the Company with the SEC.
- (2) Audit related fees consisted primarily of other audit services provided in connection with acquisitions, reporting and compliance matters.
- (3) Other fees related to fees paid by the Company on behalf of the Company's retirement plan for third-party administration of the Company's defined contribution plan.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditor

The Audit Committee has the responsibility of appointing, setting compensation for and overseeing the work of the independent auditor, and has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to engagement of the independent auditor for next year's audit, management will submit an aggregate of services expected to be rendered during that year for each of four categories of services to the Audit Committee for approval.

- (1) **Audit** services include audit work performed in the preparation of our consolidated financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services, and consultation regarding financial accounting and/or reporting standards.
- (2) **Audit-related** services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.
- (3) **Tax** services include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the consolidated financial statements, and includes fees in the areas of tax compliance, tax planning and tax advice.
- (4) **Other fees** are those associated with services not captured in the other categories. Other than the services for the third-party administration of the Company's defined contribution plan, we generally do

not request such services from the independent auditor.

Prior to the engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The Audit Committee may delegate pre-approval authority to one or more of its members. The members to whom such authority is delegated must report, for informational purposes only, the pre-approval decisions to the Audit Committee at its next scheduled meeting.

1.3. **History.** This Plan is an amendment and restatement of the Home BancShares, Inc. 2006 Stock Option and Performance Incentive Plan (the **2006 Plan**), which was adopted by the Board in March 2006 and approved by the **Company** 's stockholders in June 2006. This Plan document therefore is intended to preserve material rights and features of the 2006 Plan and the **Prior Plans**, and should any material provision of this Plan be determined to impair the rights of an Employee under an award granted prior to the **Effective Date** of this Plan, the Award Agreement covering the award shall instead be treated as including the material provision as an explicit term.

Shares of Common Stock issued pursuant to the Plan may be either authorized and unissued shares or issued shares reacquired by the Company. In the event that prior to the end of the period during which Options may be granted under the Plan, any Option or any Nontandem Stock Appreciation Right under the Plan expires unexercised or is terminated, surrendered or canceled (other than in connection with the exercise of a Stock Appreciation Right) without being exercised in whole or in part for any reason, or any Restricted Shares, Performance Shares or Performance Units are forfeited, or if such awards are settled in cash in lieu of shares of Common Stock, then such shares or units may, at the discretion of the Committee (hereinafter defined) to the extent permissible under Rule 16b-3 under the Securities Exchange Act of 1934 (the Act) be made available for subsequent awards under the Plan, upon such terms as the Committee may determine.

2.3 Limitation of Awards. Awards granted to any Employee (as defined in Article 4 hereof) in any one year shall be limited to ten percent (10%) of the total shares of Common Stock available for award under the Plan (i.e. 10% of 2,322,000 shares).

2.4 Return of Prior Awards. As a condition to any subsequent award, the Committee shall have the right, at its discretion, upon replacement with a new award of a substantially similar monetary amount, to require Employees to return to the Company awards previously granted under this Plan. Subject to the provisions of this Plan, such new award shall be upon such terms and conditions as are specified by the Committee at the time the new award is granted to the extent permitted by Rule 16b-3 under the Act.

ARTICLE 3

ADMINISTRATION

3.1 Committee. The Plan shall be administered by the Compensation Committee (the Committee) of the Board. Each member of the Committee shall be an outside director (within the meaning of Section 162(m) of the Code) and a non-employee director (within the meaning of Rule 16b-3(b)(3)(i) under the Act); and an independent director within the meaning of applicable NASDAQ listing standards.

3.2 Powers of Committee. Subject to the express provisions of the Plan, the Committee shall have the power and authority (i) to grant Options and to determine the purchase price of the Common Stock covered by each Option, the term of each Option, the number of shares of Common Stock to be covered by each Option and any performance objectives or vesting standards applicable to each Option, (ii) to designate Options as Incentive Stock Options or Nonstatutory Stock Options and to determine which Options, if any, shall be accompanied by Tandem Stock Appreciation Rights; (iii) to grant Tandem Stock Appreciation Rights and Nontandem Stock Appreciation Rights and to determine the terms and

conditions of such rights; (iv) to grant Restricted Shares and to determine the term of the restricted period and other conditions and restrictions applicable to such shares; (v) to grant Performance Shares and Performance Units and to determine the performance objectives, performance periods and other conditions applicable to such shares or units; (vi) to grant Unrestricted Shares; and (vii) to determine to whom, and the time or times at which, Options, Stock Appreciation Rights, Restricted Shares, Performance Shares, Performance Units and Unrestricted Shares shall be granted.

3.3 Delegation. The Committee may delegate to one or more of its members or to any other person or persons such ministerial duties as it may deem advisable; provided, however, that the Committee may not delegate any of its responsibilities hereunder if such delegation will cause (i) transactions under the Plan to fail to comply with Section 16 of the Act or (ii) the Committee to fail to qualify as outside directors under Section 162(m) of the Code. The Committee may also employ attorneys, consultants, accountants or other professional advisors and shall be entitled to rely upon the advice, opinions or valuations of any such advisors.

3.4 Interpretations. The Committee shall have sole discretionary authority to interpret the terms of the Plan, to adopt and revise rules, regulations and policies to administer the Plan and to make any other factual determinations which it believes to be necessary or advisable for the administration of the Plan. All actions taken and interpretations and determinations made by the Committee in good faith shall be final and binding upon the Company, all Employees who have received awards under the Plan and all other interested persons.

3.5 Liability; Indemnification. No member of the Committee, nor any Employee to whom ministerial duties have been delegated, shall be personally liable for any action, interpretation or determination made with respect to the Plan or awards made thereunder, and each member of the Committee shall be fully indemnified and protected by the Company with respect to any liability he or she may incur with respect to any such action, interpretation or determination, to the extent permitted by applicable law and to the extent provided in the Company's Articles of Incorporation and Bylaws, as amended from time to time.

ARTICLE 4

ELIGIBILITY

Awards may be granted to officers, employees, directors, consultants, and other key persons of the Company and its subsidiaries (herein referred to collectively as Employees). In determining to whom awards shall be granted and the number of shares to be covered by each award, the Committee shall take into account the nature of the services rendered by such person, their present and potential contributions to the success of the Company and its subsidiaries and such other factors as the Committee in its sole discretion shall deem relevant. As used in this Plan, the term subsidiary shall mean any corporation which at the time qualifies as a subsidiary of the Company under the definition of subsidiary corporation set forth in Section 424(f) of the Code, or any successor provision hereafter enacted.

ARTICLE 5

COMPLIANCE WITH SECTION 162(M)

5.1 Section 162(m) of the Code. It is the intent of the Company that compensation granted under the Plan to Covered Employees (as defined by Section 162(m) of the Code) shall, if so designated by the Committee, constitute qualified performance-based compensation (as defined by Section 162(m)). Accordingly, the terms of the Plan, including the definition of Covered Employee, shall be interpreted in a manner consistent with Section 162(m).

5.2 Performance-Based Awards. If the Committee determines that grants of restricted shares, performance shares and performance units should be made to Employees who are Covered Employees in order to qualify for the compensation deduction exclusion established by Section 162(m) for performance-based compensation, the award shall be governed by this Article 5 of the Plan in addition to other applicable sections of the Plan. The Committee shall base such compensation solely on account of the attainment of one or more pre-established, objective performance goals in accordance with this Article 5.

5.3 Establishment of Performance Goals. Performance goals for a Covered Employee must be established in writing by the Committee no later than 90 days after the commencement of the service period to which such performance goal relates and while the outcome is substantially uncertain (i.e., before 25% of the performance period has elapsed). Such performance goals must be based on an objective formula or standard for performance-based compensation, such that a third party having knowledge of the relevant performance results could calculate the amount to be paid to the Covered Employee, and must specify the individual employees or class of employees to which it applies.

5.4 Performance-Based Criteria. Performance goals may be based on any one or more of the following criteria: price of Company Common Stock or the stock of any affiliate, shareholder return, return on assets, growth in assets, return on equity, return on investment, return on capital, economic profit, economic value added, net income, operating income, gross margin, sales, free cash flow, earnings per share. These factors shall have a minimum performance standard below which no payments will be made. The performance goals may be based on an analysis of historical performance and growth expectations for the business, financial results of other comparable businesses, and progress towards achieving the long-range strategic plan for the business. The performance goals and determination of results shall be based entirely on financial measures.

5.5 Modification of Performance-Based Awards. Once established, the Committee shall not be entitled to any discretion to increase the amount of compensation under any award that would otherwise be due upon the attainment of the performance goals, except as may be permitted under Section 162(m) of the Code and the regulations thereunder.

5.6 Certification. Prior to any payment of remuneration for performance-based awards intended to qualify for the deduction exclusion under Section 162(m), the Committee must certify in writing that all of the performance goals and other material terms of the arrangement for the remuneration have been met. This section of the Plan shall not apply to an award to an Employee unless the Committee has determined that such award should qualify for the compensation deduction exemption of Section 162(m).
