The only voting securities of Virgin America Inc. are shares of voting common stock, par value \$0.01 per share (the voting common stock), of which there were 37,711,029 shares outstanding as of the Record Date (excluding any treasury shares). We need the holders of a majority in voting power of the shares of voting common stock issued and outstanding and entitled to vote, present by remote communication, if applicable, or represented by proxy, to hold the virtual Annual Meeting. The Proxy Process and Stockholder Voting

Questions and Answers about this Proxy Material and Voting

Who can vote at the virtual Annual Meeting?

Only stockholders of record holding shares of voting common stock at the close of business on March 14, 2016 will be entitled to vote at the virtual Annual Meeting. At the close of business on the Record Date, there were 37,711,029 shares of voting common stock issued and outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If, on March 14, 2016, your shares of voting common stock were registered directly in your name with the transfer agent for our common stock, Wells Fargo Shareowner Services, then you are a stockholder of record of shares of voting common stock. As a stockholder of record of shares of voting common stock, you may vote online during the virtual Annual Meeting or vote by proxy. Whether or not you plan to attend the virtual Annual Meeting, we urge you to complete and submit the enclosed proxy card or vote by proxy over the telephone or on the Internet as instructed below to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Agent

If, on March 14, 2016 your shares of voting common stock were held in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares of voting common stock held in street name, and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the virtual Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares of voting common stock in your account. You are also invited to attend the virtual Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares of voting common stock at the virtual Annual Meeting unless you request and obtain a valid proxy card from your broker or other agent.

What do I need in order to be able to attend the virtual Annual Meeting online?

Virgin America will be hosting the virtual Annual Meeting via live webcast only. Any stockholder can attend the virtual Annual Meeting live online at <http://www.virtualshareholdermeeting.com/VA2016>. The webcast will start at 9:00 a.m. Pacific Daylight Time on May 10, 2016. Stockholders may vote and submit questions while attending the virtual Annual Meeting online. In order to be able to enter the virtual Annual Meeting, you will need the control number, which is included on your proxy card if you are a stockholder of record of shares of voting common stock or included with your voting instruction card and voting instructions you received from your broker, bank or other agent if you hold your shares of voting common stock in street name. Instructions on how to attend and participate online are also posted online at <http://www.virtualshareholdermeeting.com/VA2016>.

What am I being asked to vote on?

You are being asked to vote **FOR:**

the election of four Class II directors to hold office until our 2019 annual meeting of stockholders;

the ratification of the selection, by the audit committee of the Board, of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2016; and

the approval, on an advisory basis, of the compensation of the Company's named executive officers.
In addition, you are entitled to vote on any other matters that are properly brought before the virtual Annual Meeting.

How do I vote?

You may vote by proxy either over the Internet, by telephone or by mail by following the instructions provided on the Notice of Internet Availability and accompanying Annual Meeting materials, or online at the virtual Annual Meeting by following the instructions provided in the Notice of Internet Availability and accompanying Annual Meeting materials. Instructions on how to attend and participate online are also posted online at <http://www.virtualshareholdermeeting.com/VA2016>.

For the election of directors, you may either vote **FOR** each of the four nominees or you may withhold your vote for any nominee you specify. For the ratification of the selection of the Company's independent auditors and the advisory vote to approve named executive officer compensation, you may vote **FOR** or **AGAINST** or abstain from voting.

Table of Contents

The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote during the virtual Annual Meeting. Alternatively, you may vote by proxy over the Internet or by signing, dating and returning the proxy card, or by telephone. Whether or not you plan to attend the virtual Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. Even if you have submitted a proxy before the virtual Annual Meeting, you may still attend and vote at the virtual Annual Meeting. In such case, your previously submitted proxy will be disregarded. For instructions on how to access your proxy card, or on how to receive a paper copy of your proxy card, follow the instructions provided in the Notice of Internet Availability.

To vote during the virtual Annual Meeting, follow the online instructions provided on the proxy card to log in to <http://www.virtualshareholdermeeting.com/VA2016>.

To vote by proxy over the Internet, follow the instructions provided on the proxy card.

To vote by telephone, call the toll free number found on the proxy card.

To vote by mail, simply complete, sign and date the proxy card and return it promptly by mail. If we receive your vote by Internet, signed proxy card or telephone before the virtual Annual Meeting, we will vote your shares of voting common stock as you direct.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent

If you are a beneficial owner of shares of voting common stock registered in the name of your broker, bank or other agent, you should have received a voting instruction card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the voting instruction card to ensure that your vote is counted. To vote online during the virtual Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact your broker, bank or other agent to request a proxy form.

We provide internet proxy voting to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your internet access, such as usage charges from internet access providers and telephone companies.

Who counts the votes?

Broadridge Financial Solutions, Inc. (Broadridge) has been engaged as our independent agent to tabulate stockholder votes. If you are a stockholder of record of shares of voting common stock, and you choose to vote over the Internet (either prior to or during the virtual Annual Meeting) or by telephone, Broadridge will access and tabulate your vote electronically, and if you choose to sign and mail your proxy card, your executed proxy card is returned directly to Broadridge for tabulation. As noted above, if you hold your shares of voting common stock through a broker, your

broker (or its agent for tabulating votes of shares of voting common stock held in street name, as applicable) returns one proxy card to Broadridge on behalf of all its clients.

How are votes counted?

With respect to Proposal No. 1, the election of directors, the four nominees receiving the highest number of votes will be elected. With respect to Proposal Nos. 2 and 3, the affirmative vote of the holders of a majority in voting power of the shares of voting common stock which are present in person, by remote communication or by proxy and entitled to vote on each proposal is required for approval.

Brokers who hold shares of voting common stock in street name for the accounts of their clients may vote such shares either as directed by their clients or in the absence of such direction, in their own discretion if permitted by the stock exchange or other organization of which they are members. If your shares of voting common stock are held by a broker on your behalf, and you do not instruct the broker as to how to vote these shares on Proposal No. 2, the broker may exercise its discretion to vote for or against that proposal in the absence of your instruction. With respect to Proposal Nos. 1 or 3, the broker may not exercise discretion to vote on those proposals. Such event would constitute a broker non-vote, and these shares will not be counted as having been voted on the applicable proposal. However, broker non-votes will be considered present and entitled to vote at the virtual Annual Meeting and will be counted in determining whether or not a quorum is present. **Please instruct your bank or broker so that your vote can be counted.**

4 Virgin America Inc. 2016 Proxy Statement

Table of Contents

If stockholders abstain from voting, the applicable shares of voting common stock will be considered present and entitled to vote at the virtual Annual Meeting and will be counted in determining whether or not a quorum is present. With respect to Proposal No. 1, abstentions are not considered votes cast **FOR** or **AGAINST** a nominee's election and will have no effect in determining whether a nominee for director has received sufficient votes. With respect to Proposal Nos. 2 and 3, abstentions are considered in determining the number of votes required to obtain the necessary majority vote for the proposal and will have the same legal effect as voting against the proposal.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of voting common stock you own as of March 14, 2016.

How do I vote via Internet or telephone?

You may vote by proxy via the Internet or telephone by following the instructions provided in the Notice of Internet Availability and on the proxy card. Please be aware that if you vote over the Internet or by telephone, you may incur costs such as telephone and Internet access charges, as applicable, for which you will be responsible. The Internet and telephone voting facilities for eligible stockholders of record will close at the start of the virtual Annual Meeting on May 10, 2016. The giving of such a telephonic or Internet proxy will not affect your right to vote during the virtual Annual Meeting should you decide to attend the virtual Annual Meeting.

The telephone and Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly.

What if I return a proxy card but do not make specific choices?

If we receive a signed and dated proxy card, and the proxy card does not specify how your shares of voting common stock are to be voted, your shares of voting common stock will be voted **FOR** the election of each of the four nominees for director, **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm and **FOR** the approval, on an advisory basis, of named executive officer compensation. If any other matter is properly presented at the virtual Annual Meeting, your proxy (one of the individuals named on your proxy card) will vote your shares of voting common stock using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors, officers and employees may also solicit proxies in person, by telephone or by other means of communication. Directors, officers and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

What does it mean if I receive more than one set of materials?

If you receive more than one set of materials, your shares of voting common stock are registered in more than one name or are registered in different accounts. In order to vote all the shares of voting common stock that you own, you must follow the instructions for voting on the proxy cards, which include instructions for voting over the Internet, by telephone or by signing, dating and returning any of such proxy cards.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the virtual Annual Meeting. If you are the record holder of your shares of voting common stock, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy with a later date.

You may send a written notice that you are revoking your proxy to our Secretary at 555 Airport Boulevard, Burlingame, California 94010.

You may attend and vote during the virtual Annual Meeting. Simply logging into the virtual Annual Meeting will not, by itself, revoke your proxy.

If your shares of voting common stock are held by your broker, bank or other agent, you should follow the instructions provided by such party.

Table of Contents

When are stockholder proposals due for next year's Annual Meeting?

To be considered for inclusion in the proxy materials for next year's Annual Meeting, your proposal must be submitted in writing by November 25, 2016, to our Secretary at 555 Airport Boulevard, Burlingame, California 94010; provided that if the date of that Annual Meeting is earlier than April 10, 2017 or later than June 9, 2017, the deadline will be a reasonable time before we begin to print and send our proxy materials for next year's Annual Meeting. If you wish to submit a proposal that is not to be included in the proxy materials for next year's Annual Meeting pursuant to the SEC's stockholder proposal procedures or to nominate a director, you must do so between January 10, 2017 and February 9, 2017; provided that if the date of that annual meeting is earlier than April 10, 2017 or later than July 9, 2017, you must give notice not later than the 90th day prior to the annual meeting date or, if later, the 10th day following the day on which public disclosure of the annual meeting date is first made. You are also advised to review our amended and restated bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if the holders of a majority in voting power of the shares of voting common stock issued and outstanding and entitled to vote are present in person, by remote communication or represented by proxy at the virtual Annual Meeting. On the Record Date, there were 37,711,029 shares of voting common stock outstanding and entitled to vote. Accordingly, 18,855,515 of such shares must be represented by stockholders present at the virtual Annual Meeting or by proxy to have a quorum.

Your shares of voting common stock will be counted towards the quorum only if you submit a valid proxy vote or vote at the virtual Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, either the chairperson of the virtual Annual Meeting or a majority in voting power of the stockholders entitled to vote at the virtual Annual Meeting, present in person, by remote communication or represented by proxy, may adjourn the virtual Annual Meeting to another time or place.

How can I find out the results of the voting at the virtual Annual Meeting?

Voting results will be announced by the filing of a Current Report on Form 8-K within four business days after the virtual Annual Meeting. If final voting results are unavailable at that time, we will file an amended Current Report on Form 8-K within four business days of the day the final results are available.

Proposal No. 1

Election of Directors

The Board consists of eleven members. In accordance with our amended and restated certificate of incorporation, the Board is divided into three classes with staggered three-year terms. At each annual general meeting of stockholders, the successors to directors whose terms then expire will be elected to serve from the time of election and qualification until the third annual meeting following election. Our directors are divided among the three classes as follows:

Class II directors: Messrs. Cyrus F. Freidheim, Jr., Robert A. Nickell and Samuel K. Skinner and Ms. Jennifer L. Vogel, whose current terms will expire at the virtual Annual Meeting;

Class III directors: Messrs. Stephen C. Freidheim, Evan M. Lovell, John R. Rapaport and Paul D. Wachter, whose current terms will expire at the annual meeting of stockholders to be held in 2017; and

Class I directors: Messrs. Donald J. Carty, C. David Cush and Stacy J. Smith, whose current terms will expire at the annual meeting of stockholders to be held in 2018.

Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors.

The division of the Board into three classes with staggered three-year terms may delay or prevent a change of our management or a change in control.

Mr. Cyrus F. Freidheim, Jr., Messrs. Skinner and Nickell and Ms. Vogel have been nominated to serve as Class II directors and have each elected to stand for reelection. Each director to be elected will hold office from the date of their election by the stockholders until the 2019 annual meeting of stockholders or until his or her successor is elected and has been qualified, or until such director's earlier death, resignation or removal.

Shares of voting common stock represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the four nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as the Board may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve. Directors are elected by a plurality of the votes cast at the meeting.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF EACH NAMED NOMINEE.

Independence of the Board

As required under the NASDAQ Stock Market rules, a majority of the members of a listed company's board of directors must qualify as independent, as affirmatively determined by the Board. The Board consults with the Company's counsel to ensure that the Board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent listing standards of the NASDAQ Stock Market, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and the Company, its senior management and its independent registered public accounting firm, the Board has affirmatively determined that Mr. Cyrus F. Freidheim, Jr., Mr. Stephen C. Freidheim, Messrs. Carty, Nickell, Rapaport, Skinner, Smith and Wachter and Ms. Vogel are independent directors within the meaning of the applicable NASDAQ Stock Market listing standards. In doing so, the Board considered the interest that Mr. Cyrus F. Freidheim, Jr., Mr. Stephen C. Freidheim and Mr. Rapaport each have in Cyrus Capital Partners, L.P., or funds related to or affiliated with Cyrus Capital Partners, L.P., and have determined that these relationships do not conflict with the elements of independence set forth in the NASDAQ Stock Market listing standards.

As required under the NASDAQ Stock Market rules, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present.

Information Regarding the Board and its Committees

Board Responsibilities; Risk Oversight

The Board is responsible for, among other things, overseeing the conduct of our business; reviewing and, where appropriate, approving our major financial objectives, plans and actions; and reviewing the performance of our chief executive officer and other members of management based on reports from the compensation committee. Following the end of each year, the Board conducts an annual self-evaluation, which includes a review of any areas in which the Board or management believes the Board can make a better contribution to our corporate governance, as well as a review of the committee structure and an assessment of the Board's compliance with corporate governance principles. In fulfilling the Board's responsibilities, directors have full access to our management and independent advisors. With respect to the Board's role in our risk oversight, our audit committee discusses with management our policies with respect to risk assessment and risk management and our significant financial risk exposures and the actions management has taken to limit, monitor or control such exposures. Our audit committee reports to the full Board with respect to these matters, among others.

Leadership Structure

We have historically separated the roles of Chief Executive Officer and Chairman of the Board in recognition of the differences between the two roles. The Chief Executive Officer is responsible for setting our strategic direction and our day-to-day leadership and performance, while the Chairman of the Board provides guidance to the Chief Executive Officer and sets the agenda for Board meetings and presides over meetings of the full Board. In addition, our amended and restated bylaws provide that the independent directors may appoint a lead director from among them to perform such duties as may be assigned by the Board.

Board Committees

Our Board has the following committees: an audit committee, a compensation committee, a nominating and corporate governance committee and a finance committee. The composition and responsibilities of each committee are described below. Members serve on these committees until their resignation or until otherwise determined by the Board.

Table of Contents***Audit Committee***

Our audit committee oversees our corporate accounting and financial reporting process. Among other matters, the audit committee evaluates the independent auditors' qualifications, independence and performance; determines the engagement of the independent auditors; reviews and approves the scope of the annual audit and the audit fee; discusses with management and the independent auditors the results of the annual audit and the review of our quarterly financial statements; approves the retention of the independent auditors to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent auditors on the Company's engagement team as required by law; reviews our critical accounting policies and estimates; oversees our internal audit function and annually reviews the audit committee charter and the committee's performance. The current members of our audit committee are Cyrus F. Freidheim, Jr., who is the chair of the committee, Donald J. Carty and Robert A. Nickell. Our Board has determined that Mr. Carty is an audit committee financial expert as defined under the applicable rules of the SEC and has the requisite financial sophistication under the applicable rules and regulations of NASDAQ. All members of our audit committee are independent. The audit committee operates under a written charter that satisfies the applicable standards of the SEC and the NASDAQ Stock Market. A copy of the audit committee charter is available to stockholders in the Corporate Governance section of our website at <http://ir.virginamerica.com>.

Compensation Committee

Our compensation committee reviews and recommends policies relating to compensation and benefits of our officers and teammates. The compensation committee reviews and approves corporate goals and objectives relevant to compensation of our Chief Executive Officer and other executive officers, evaluates our performance in light of those goals and objectives and recommends to the Board which sets the compensation of these officers based on such evaluations. The compensation committee also considers recommendations of our Chief Executive Officer with respect to the compensation of other executive officers. Our Chief Executive Officer evaluates each other executive officer's overall performance and contributions to us at the end of each fiscal year and reports to the compensation committee his recommendations of the other executive officers' compensation. The compensation committee also administers the issuance of stock options and other awards under our stock plans. The compensation committee will review and evaluate, at least annually, the performance of the compensation committee and its members, including compliance of the compensation committee with its charter. The current members of our compensation committee are Robert A. Nickell, Samuel K. Skinner, Stacy J. Smith, Jennifer L. Vogel and Paul D. Wachter, with Mr. Skinner serving as the chair of the committee. All members of our compensation committee are independent. A copy of the compensation committee charter is available to stockholders in the Corporate Governance section of our website at <http://ir.virginamerica.com>.

In 2015, our compensation committee engaged Frederic W. Cook & Co., Inc. (F.W. Cook), a nationally recognized compensation consulting firm, to serve as its independent compensation consultant and to conduct market research and analysis on our various executive positions, to assist the committee in developing appropriate incentive plans for our executives on an annual basis, to provide the committee with advice and ongoing recommendations regarding material executive compensation decisions, and to review compensation proposals of management. F.W. Cook reports directly to the compensation committee and does not provide any non-compensation related services to the Company. Our compensation committee reviewed the independence of F.W. Cook, employing the independence factors specified in the NASDAQ Stock Market listing standards. Based on this assessment, the compensation committee determined that the engagement of F.W. Cook does not raise any conflicts of interest or similar concerns. In addition, the compensation committee evaluated the independence of its other outside advisors, including outside legal counsel, considering the same independence factors, and concluded their work for the compensation committee does not raise any conflicts of interest.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee is responsible for making recommendations regarding candidates for directorships and the size and composition of our Board. In addition, the nominating and corporate governance committee is responsible for overseeing our corporate governance guidelines and reporting and making recommendations concerning governance matters. The nominating and corporate governance committee is comprised of Mr. Stephen C. Freidheim, Messrs. Carty and Skinner and Ms. Vogel, with Mr. Carty serving as the chair of the committee.

Potential candidates for nomination to the Board are discussed by the nominating and corporate governance committee. In considering candidates for nomination to the Board, including any candidates recommended by stockholders, the nominating and corporate governance committee may consider, among other criteria the nominating and corporate governance committee deems appropriate, the candidate's (i) diversity of personal background, perspective and experience; (ii) personal and professional integrity, ethics and values; (iii) experience in corporate management, such as serving as an officer or former officer of a publicly-held company, and general understanding of marketing, finance and other elements relevant to the success of a publicly-traded company in today's business environment; (iv) experience relevant to the Company's industry and relevant social policy concerns; (v) experience as a board member or executive officer of another publicly-held company; (vi) relevant

academic expertise or other proficiency in an area of the Company's operations; (vii) practical and mature business judgment, including ability to make independent analytical inquiries; and (viii) promotion of a diversity of business or career experience relevant to the success of the Company. The nominating and corporate governance committee will consider director candidates recommended by stockholders using the same criteria as it evaluates all other potential nominees. Though the nominating and corporate governance committee has not established a formal policy with regard to the consideration of director candidates recommended by the stockholders, the Board believes that the procedures set forth in the Company's amended and restated bylaws are currently sufficient and the establishment of a formal policy is not necessary.

For a stockholder to make any nomination for election to the Board at an annual meeting, the stockholder must provide notice to the Company, which notice must be delivered to, or mailed and received at the Company's principal executive offices not less than 90 days and not more than 120 days prior to the one-year anniversary of the preceding year's annual meeting; provided, that if the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, the stockholder's notice must be delivered, or mailed and received, not later than 90 days prior to the date of the annual meeting or, if later, the 10th day following the date on which public disclosure of the date of such annual meeting is made. Further updates and supplements to such notice may be required at the times, and in the forms, required under our bylaws. As set forth in our bylaws, submissions must include the name and address of the proposed nominee, information regarding the proposed nominee that is required to be disclosed in a proxy statement or other filings in a contested election pursuant to Section 14(a) under the Exchange Act, information regarding the proposed nominee's indirect and direct interests in shares of the Company's common stock, and a completed and signed questionnaire, representation and agreement of the proposed nominee. Our bylaws also specify further requirements as to the form and content of a stockholder's notice. We recommend that any stockholder wishing to make a nomination for director review a copy of our bylaws, as amended and restated to date, which is available, without charge, from our Corporate Secretary, at 555 Airport Boulevard, Burlingame, California 94010.

All members of our nominating and corporate governance committee are independent. A copy of the nominating and corporate governance committee charter is available to stockholders in the Corporate Governance section of our website at <http://ir.virginamerica.com>.

Finance Committee

Our finance committee reviews and recommends matters relating to the financial condition and capital structure of our Company, including those related to fuel hedging and investment strategies. The current members of our finance committee are Messrs. Lovell, Nickell and Rapaport, with Mr. Nickell serving as the chair of the committee. A copy of the finance committee charter is available to stockholders in the Corporate Governance section of our website at <http://ir.virginamerica.com>.

The audit committee of the Board met nine times; the compensation committee of the Board met five times; the nominating and corporate governance committee of the Board met two times; and the finance committee of the Board met seven times during the last year. During 2015, each Board member attended 75% or more of the aggregate of the meetings of the Board and of the committees on which he or she served. Code of Business Conduct and Ethics

Our Board has adopted a Code of Business Conduct and Ethics. The Code of Business Conduct and Ethics is applicable to our executive officers and teammates, including our Chief Executive Officer, Chief Financial Officer and principal accounting officer. The Code of Business Conduct is available in the Corporate Governance section of our website at <http://ir.virginamerica.com>. The Code of Business Conduct and Ethics addresses, among other things, issues relating to conflicts of interests, including internal reporting of violations and disclosures, and compliance with applicable laws, rules and regulations. The purpose of the Code of Business Conduct and Ethics is to deter wrongdoing and to promote, among other things, honest and ethical conduct and to ensure to the greatest possible extent that our business is conducted in a legal and ethical manner. We intend to promptly disclose (1) the nature of any amendment to our code of ethics that applies to our directors, executive officers or other principal financial officers and (2) the nature of any waiver, including an implicit waiver, from a provision of our code of ethics that is granted to one of these specified directors, officers or other principal financial officers, the name of such person who is granted the waiver and the date of the waiver on our website in the future.

Limitation of Liability and Indemnification

Our amended and restated certificate of incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for:

any breach of the director's duty of loyalty to us or our stockholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or

any transaction from which the director derived an improper personal benefit.

Our amended and restated certificate of incorporation provides that we may indemnify our directors and officers, in each case to the fullest extent permitted by Delaware law. Our amended and restated bylaws provide that we are obligated to indemnify our directors and officers to the fullest extent permitted by Delaware law and advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding and permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in that capacity regardless of whether we would otherwise be permitted to indemnify him or her under the provisions of Delaware law. In 2014, we entered into agreements to indemnify our directors, executive officers and other employees as determined by our Board. With specified exceptions, these agreements provide for indemnification for related expenses including, among other things, attorneys' fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding. We believe these limitations of liability provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers. We also maintain directors' and officers' liability insurance.

The limitation of liability and indemnification provisions in our amended and restated certificate of incorporation, amended and restated bylaws and indemnification agreements may discourage stockholders from bringing a lawsuit against our directors and officers for breach of their fiduciary duty. Our amended and restated certificate of incorporation provides that any such lawsuit must be brought in the Court of Chancery of the State of Delaware. The foregoing provisions may also reduce the likelihood of derivative litigation against our directors and officers, even though an action, if successful, might benefit us and other stockholders. Further, a stockholder's investment may be adversely affected to the extent that we pay the costs of settlement and damage awards against directors and officers as required by these indemnification provisions. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act, and is, therefore, unenforceable. At present, there is no pending litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought, and we are not aware of any threatened litigation that may result in claims for indemnification.

Proposal No. 3

Advisory Vote to Approve Executive Compensation

Pursuant to Section 14A of the Exchange Act, the Company is providing stockholders with an advisory (non-binding) vote on compensation programs for our named executive officers (sometimes referred to as a "say on pay" vote). Accordingly, you may vote on the following resolution at the virtual Annual Meeting:

Resolved, that the stockholders approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables and the related narrative disclosure in this Proxy Statement.

To be approved, this proposal must receive a **FOR** vote from the holders of a majority in voting power of the shares of voting common stock which are present in person, or by remote communication, if applicable, or represented by proxy and entitled to vote on the proposal. Abstentions and broker non-votes will be counted towards a quorum. Broker non-votes will have no effect on the outcome of this proposal. Abstentions are considered in determining the number of votes required to obtain the necessary majority vote for the proposal and will have the same legal effect as voting against the proposal.

This vote is nonbinding. However, the Company is providing stockholders with an advisory (non-binding) vote on compensation programs for our named executive officers as a matter of good corporate practice. The Board and the compensation committee expect to take into account the outcome of the vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results.

As described in detail under "Compensation Discussion and Analysis" our compensation programs are designed to attract and retain a skilled executive team to manage our business functions, maintain our culture and enhance the value of our business. Our philosophy regards as fundamental the notion that executive officer compensation be structured to provide competitive base salaries and benefits to attract and retain executive officers and to provide incentive compensation to motivate executive officers to attain, and to recognize executive officers for attaining, financial, operational, guest services, safety and team member engagement and other goals that are consistent with increasing stockholder value. We also believe that our executive compensation program should include a long-term incentive component that aligns executives' interests with our stockholders' interests. The objectives of our long-term incentive awards, including equity-based compensation, are to encourage executives to focus on our long-term growth and to incentivize executives to manage our Company from the perspective of stockholders with a meaningful stake in our success. Stockholders are encouraged to read the Compensation Discussion and Analysis, the accompanying compensation tables and the related narrative disclosure.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THE COMPENSATION DISCUSSION AND ANALYSIS, THE ACCOMPANYING COMPENSATION TABLES AND THE RELATED NARRATIVE DISCLOSURE.

all current executive officers and directors as a group.

The number of shares beneficially owned by each person or entity is determined in accordance with the rules of the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, a person's or entity's beneficial ownership includes any shares over which he, she or it has sole or shared voting power or investment power as well as any shares that the person or entity has the right to acquire within 60 days of the Record Date through the exercise of any stock option, warrants or other rights. Common stock that a person or entity has the right to acquire within 60 days of the Record Date are deemed to be outstanding for computing such person's or entity's percentage ownership and the percentage ownership of any group of which the holder is a member but are not deemed outstanding for computing the percentage ownership of any other person or entity. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the individuals and entities named in the table below have sole voting and investment power with respect to all shares of common stock shown that they beneficially own, subject to community property laws where applicable.

We have based our calculations of the percentage of beneficial ownership on 44,563,767 shares of our common stock outstanding as of the Record Date, excluding, except where indicated, the 6,852,738 shares of non-voting common stock outstanding as of the Record Date and excluding any treasury shares. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended December 31, 2015, all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% beneficial owners were complied with.

Compensation Arrangements for Our Non-Employee Directors

We compensate our non-employee directors for their service on our Board but do not pay director fees to directors who are our employees. Under our current compensation program for non-employee directors, each non-employee director is entitled to receive an annual retainer of \$60,000 paid in quarterly installments. The Chairman of the Board, the Vice-Chairman of the Board and the Chair of the audit committee receive additional annual retainers of \$30,000, \$15,000 and \$15,000, respectively. The Chairs of the compensation, finance and nominating and corporate governance committees each receive additional annual retainers of \$7,500. Non-chair members of the audit committee receive additional annual cash retainers of \$5,000 each.

Non-employee directors are also eligible to receive an annual grant of restricted stock units with an aggregate value of \$75,000, based on the closing price of our stock as of the date of grant, which vests on the first anniversary of the date of grant (Board Service RSUs). Board Service RSUs were granted on the date of the annual stockholders meeting in 2015, and Board Service RSUs will be granted following the annual meeting in 2016 to align with directors' service. In the case of a director that is elected to the Board at a time other than the annual meeting of stockholders, Board Service RSUs are granted on the date of such director's appointment to the Board and the \$75,000 value is prorated to reflect his or her Board service from the date of his or her election to the Board through the first anniversary of our most recent annual meeting of the stockholders, at which time such director's Board Service RSUs shall vest. New members of our Board are also eligible to receive a one-time sign-on grant of restricted stock units (Sign-On RSUs) with an aggregate value of \$75,000, based upon the closing price of our stock as of the date of grant, which vest on the first anniversary of the grant date. In the event that a director ceases his or her service on the Board prior to the vesting of Sign-On RSUs or Board Service RSUs, a portion of the award shall vest on a prorated basis based on the number of days served on the Board during the applicable vesting period.

In addition, each non-employee director and his or her immediate family members are entitled to certain positive-space travel privileges on our flights, along with a payment to compensate the director for any taxes on the benefit, while serving as a director, consistent with the practices of our competitors in the airline industry. We believe that providing these benefits is a relatively inexpensive way to enhance the competitiveness of the non-employee director compensation package and is consistent with industry practice.

In addition, we reimburse our non-employee directors for their reasonable expenses incurred in attending meetings of our Board and committees of our Board. Our non-employee directors are not currently entitled to receive any additional fees for their service as a director.

Stock Ownership Guidelines

Our Board has adopted stock ownership guidelines for the Board. Under these guidelines, non-employee directors who are not affiliated with our principal stockholders (currently, Messrs. Carty, Nickell, Skinner, Smith and Wachter and Ms. Vogel) are required to own the shares of our common stock having a value equal to or greater than three times their annual Board cash retainer (\$180,000) within five years following the later of their date of initial election to the Board or the date of our initial public offering. In the event the stock ownership guidelines are not met within the five-year period, then each director must hold at least 50% of all net shares received through RSU or realized through stock option exercises until the stock ownership guidelines are achieved. For these purposes, net shares means all shares retained after applicable tax payment, and stock ownership includes shares (including restricted stock) owned directly or held in trust by the non-employee director or an immediate family member who resides in the same household but does not include shares a director has the right to acquire through the exercise of stock options or upon vesting of RSUs.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides an overview of our executive compensation philosophy, the overall objectives of our executive compensation program and each material element of compensation that we provided to our named executive officers, or NEOs for the fiscal year ended December 31, 2015.

Our NEOs for the fiscal year ended December 31, 2015 were as follows:

C. David Cush, President and Chief Executive Officer;

Peter D. Hunt, Senior Vice President and Chief Financial Officer;

E. Frances Fiorillo, Senior Vice President, People and In-flight Services;

Stephen A. Forte, Chief Operating Officer; and

John J. Varley, Senior Vice President, General Counsel and Corporate Secretary.

Compensation Philosophy and Objectives

We compete with airlines and many other companies in seeking to attract and retain a highly skilled executive team. The overall goal of our compensation program is to attract and retain a skilled executive team to manage our business functions, maintain our culture and enhance the value of our business. In doing so, we draw upon a pool of talent that is highly sought after by other airlines and companies.

We regard as fundamental that executive officer compensation be structured to provide competitive base salaries and benefits to attract and retain executive officers and to provide incentive compensation to motivate executive officers to attain, and to recognize executive officers for attaining, financial, operational, individual and other goals that are consistent with increasing stockholder value. We also believe that our executive compensation program should include a long-term incentive component that aligns executives' interests with our stockholders' interests. The objectives of our long-term incentive awards, including equity-based compensation, are to encourage executives to focus on our long-term growth and to incentivize executives to manage our Company from the perspective of stockholders with a meaningful stake in our success.

In determining the form and amount of compensation payable to the NEOs, we are guided by the following objectives and principles:

Market-based, competitive compensation levels should attract and retain a skilled team. Set compensation at market-based, competitive levels that enable us to hire and retain high-performance teammates throughout the organization.

Pay for performance should motivate executive officers to attain financial, operational and other goals consistent with increasing stockholder value. Link a significant portion of the total compensation opportunities of our executive officers to our annual strategic objectives, reflecting our financial, operational, guest service, safety and teammate engagement performance targets, to motivate those officers to attain goals that are consistent with increasing stockholder value.

Long-term equity compensation should align executives' interests with our stockholders' interests. Provide equity-based compensation opportunities, consistent with the interests of our stockholders, to encourage our executives to focus on our long-term business strategy and growth prospects.

Say on Pay Voting Results

At our 2015 annual meeting of the stockholders, we asked stockholders for a non-binding advisory vote to approve the 2014 compensation of our NEOs ("say on pay"). Approximately 99% of the votes cast on the "say on pay" proposal voted to approve the compensation of our NEOs. Our compensation committee seeks to continue to ensure that the design of our executive compensation program is aligned with stockholder interests and will continue to incorporate stockholder feedback in its compensation decisions in the future.

Determination of Compensation

The compensation committee conducts an annual review of our Chief Executive Officer's compensation and makes recommendations to our Board regarding adjustments, if any, to his compensation. The compensation committee also reviews and considers the recommendations of the Chief Executive Officer with respect to the other NEOs compensation, including base salaries and annual incentive compensation, when establishing the other NEOs compensation on no less than an

¹ We recorded \$139.0 million in income related to certain special items during 2015 that have been excluded from the above commentary. These items include: \$173.5 million in connection with the reversal of our income tax asset valuation allowance, \$1.7 million for mark to mark adjustments on fuel hedges related to 2015, offset by \$36.1 million in expense related to a change in estimate on our aircraft maintenance deposits associated with future maintenance events.

annual basis. As part of its review, the compensation committee evaluates our Company's performance each year against the approved operating plan objectives. Our Chief Executive Officer recuses himself from compensation committee and Board discussions when his compensation is reviewed.

The compensation committee evaluates our executive compensation policies and practices on an ongoing basis to ensure that they are structured to motivate the attainment of certain short-term and long-term financial and operational goals. Subjective factors considered in compensation determinations include an executive's skills and capabilities, contributions as a member of the executive management team, influence on our overall performance and whether the total compensation potential and structure is sufficient to ensure the retention of an executive when considering the compensation potential that may be available elsewhere.

In 2015, the committee engaged an independent compensation consultant, F.W. Cook & Co. (F.W. Cook), to assist the committee with its review of our executive compensation program. This consultant performs no other services for our Company.

In 2015, the compensation committee established a peer group for purposes of evaluating our executive compensation program. The peer group was approved by the committee based upon the recommendation of F.W. Cook. Companies were selected using objective screening criteria including revenue, market value, and industry classification. The peer group is intended to include companies that we compete with for business, executive talent and investor capital. Heartland Express and Knight Transportation were included as peer companies in 2014, but were removed from the group in 2015 and Genesee & Wyoming Inc. and Old Dominion Freight Line, Inc. were added to the list of peer companies. For 2015, our peer group comprised the following 16 airline and transportation/logistics companies:

Air Transport Services Group, Inc.	Hawaiian Holdings, Inc.	Spirit Airlines, Inc.
Alaska Air Group, Inc.	Hub Group, Inc.	Werner Enterprises, Inc.
Allegiant Travel Company	JetBlue Airways Corp.	WestJet Airlines Ltd.
Atlas Air Worldwide Holdings, Inc.	Old Dominion Freight Line, Inc.	XPO Logistics, Inc.
Forward Air Corp.	Republic Airways Holdings Inc.	
Genesee & Wyoming Inc.	SkyWest, Inc.	

As of December 31, 2015, our revenue value ranked between the 25th percentile and the median of the peers.

	Annual Revenue	Market Capitalization
	(in millions)	(in millions)
75th Percentile	\$ 3,203	\$ 2,989
Median	2,229	1,845
25th Percentile	1,703	1,153
Virgin America	1,530	1,602

In addition, in order to understand pay practices in the larger airline industry, the compensation committee reviewed the pay design practices at a separate group of larger commercial airlines, including: Air Canada, American Airlines Group, Delta Air Lines, Southwest Airlines and United Continental Holdings. This information was not used in decision-making, but provided context for compensation program design in the airline industry. The data were to allow context on compensation and information regarding incentive design within larger, high-profile airline industry competitors for talent.

Components of Compensation for 2015

In 2015, the compensation program for our NEOs consisted of four components:

base salary;

annual cash incentive;

equity-based incentives; and

other benefits.

As we have been a public company for less than two years, we are continuing to build our executive compensation program around each of the above elements because each individual component is beneficial in achieving one or more of the objectives of the program. We believe that, collectively, the elements of our compensation program are effective in achieving our overall objectives. For 2015, we added a new performance element to the equity component of our compensation

Table of Contents

program in order to further emphasize our pay for performance philosophy. We believe the addition of performance-based restricted stock awards (PSAs) will enhance the alignment of executive compensation with Company performance.

Below is the relative mix of compensation elements provided to our NEOs for 2015. These values are based on: (i) for bonuses, the actual bonus received under our Incentive Compensation Plan and (ii) for long term equity, the grant date fair value of time-based restricted stock awards and PSAs, which for the latter, reflects a probability of achieving 80% of target performance.

Chief Executive Officer**All Other NEOs****Base Salary**

We believe a competitive base salary is essential to attracting and retaining key executive talent, and we provide our NEOs with a base salary to compensate them for services rendered during the fiscal year. The base salary payable to each NEO provides a fixed component of compensation reflecting the executive's role, qualifications, experience and scope of responsibilities. Base salary amounts also consider, among other factors, the NEO's potential to take on additional responsibilities, competitive market practices and internal parity. In general, the compensation committee reviews potential adjustments to the base salaries of our NEOs on an annual basis.

In November 2015, following a review of competitive base salaries provided by F.W. Cook, the compensation committee recommended to the Board an increase in our NEO base salary amounts, effective December 1, 2015. The size of the increases was determined based on our compensation committee's evaluation of the competitive market in order to set them at levels comparable to a geographic adjusted market 50th percentile of the peer group to reflect the relatively higher cost of labor and extensive competition for executive talent in the San Francisco Bay Area relative to the locations of most peer companies. Prior to the December 2015 salary increase, NEO salaries were below the 50th percentile of the geographically adjusted data. Salary determinations for individual NEOs took into account a number of factors, including scope of responsibility, performance, future potential and other considerations. The table below sets forth the increase each NEO received.

NEO	New Base Salary	Percentage Increase
C. David Cush	\$ 710,000	7%
Peter D. Hunt	\$ 450,000	12%
E. Frances Fiorillo	\$ 400,000	19%
Steve A. Forte	\$ 450,000	10%
John J. Varley	\$ 400,000	19%

The amounts paid to our NEOs as base salaries in 2015 are set forth under the Summary Compensation Table below.

Incentive Compensation

We maintain an Incentive Compensation Plan (the ICP) in order to recognize the performance of our management team, including our NEOs, in achieving our strategic objectives, including financial and commercial, operational, guest service and safety and team member engagement targets for the year. The compensation committee reviews and

recommends the performance goals under the ICP and the target awards for the NEOs, which are reviewed and approved by the Board.

The compensation committee has generally used a guideline target opportunity for our NEOs. In 2015, following the compensation committee's review and recommendation to the Board based on a report of competitive incentive compensation practices of peer companies provided by F.W. Cook, the annual 2015 ICP targets for Messrs. Forte, Hunt and Varley and Ms. Fiorillo were raised from prior targets in order to align their compensation with the 2014 peer group. Messrs. Forte, Hunt and Varley and Ms. Fiorillo were set at a target of 65% of base salary for 2015, based on our Company's achievement of the established target. Mr. Cush continued to have an ICP target of 100% of base salary, based on our

Table of Contents

Company's achievement of the established target. The determination of the amount of annual incentives paid to our executive officers generally reflects a number of considerations, including achievement of performance goals discussed below, Company earnings and a subjective evaluation of the individual contributions of the executive officer during the relevant period. Linear interpolation was used between the threshold and maximum performance levels in the ICP such that the ICP measured degrees of performance that was different than the goal.

The compensation committee recommended, and the Board established, performance targets for Fiscal 2015 as follows:

Measure	Performance Measure Objectives	Weight	Threshold	Goal	Max
			(50% Target)	(100% Target)	(175% Target)
Financial & Commercial Performance	Operating Income	20%	\$164.56	\$193.60	\$222.64
	Ticketed PRASM against Industry	20%	98.65%	99.40%	100.15%

Financial & Commercial Performance	Operating Income	20%	\$164.56	\$193.60	\$222.64	\$211.66	147%	29%

Total								104%

We achieved threshold performance for six of the nine goals, but missed threshold for goals related to Completion Factor, Aircraft Ground Damage and Teammate Engagement. In the aggregate, our compensation committee recommended and the Board determined that the weighted achievement across all nine goals was 104% of Target. In determining individual payments under the ICP, our compensation committee and Board determined to pay each NEO based on the corporate achievement level of 104%, in each case adjusted by taking into consideration individual performance.

The actual amounts paid to our NEOs under the 2015 ICP are set forth under the Summary Compensation Table below.

Equity-Based Incentives

We use stock-based awards in our executive compensation program in order to align the interests of our NEOs with those of our stockholders. We believe our long-term performance is enhanced through an equity ownership culture since it encourages a focus on the long-term performance of our Company.

Stock Options and Restricted Stock Units

We provided equity awards to the NEOs at the time of hire in the form of options to purchase shares of our common stock or restricted stock units (RSUs). We believe that such equity awards provide an effective performance incentive because executive officers obtain increasing value from their options and RSUs if our stock price increases (which would benefit all stockholders) and they remain employed with us beyond the date that their options or RSUs vest.

Further, awards granted prior to 2014 generally included price-contingent vesting conditions, which as of the end of 2015, had not all been fully satisfied.

Restricted Stock Awards

For 2015, the compensation committee evaluated the use of performance-based restricted stock awards in addition to time-based restricted stock awards, in order to further align executive compensation to our Company's performance and be more consistent with industry practice among our peer group. With respect to these awards for 2015, the compensation committee recommended that the target long-term equity-based awards should be set between the median and the 75th percentile of the Company's peer group, in order to allow the program to be competitive with the San Francisco Bay Area labor market, including the greater use of equity among San Francisco Bay Area talent competitors that was not captured in the peer group data. In November 2015, after reviewing various equity plan designs and competitive peer data provided by F.W. Cook, the compensation committee recommended, and the Board approved, an equity program for our NEOs that consisted of two-thirds of time-based restricted stock awards (RSAs) and one-third performance-based restricted stock awards (PSAs).

Two-thirds of the total long-term equity-based incentive awards granted to each of our NEOs were granted in the form of RSAs and were granted to each of our NEOs in November 2015 as follows: Mr. Cush: 43,994 RSAs; Mr. Forte: 16,120

Table of Contents

RSAs; Mr. Hunt: 16,120 RSAs; Ms. Fiorillo: 12,538 RSAs; and Mr. Varley: 12,538 RSAs. The RSAs vest in three equal installments on November 12, 2016, 2017 and 2018, subject to the NEO's continued service to us through the applicable vesting date.

One-third of the total long-term equity based incentive awards granted to each of our NEOs were granted in the form of PSAs, and were granted to each of our NEOs in November 2015 as follows (amounts shown are 100% of target): Mr. Cush: 20,918 PSAs; Mr. Forte: 7,664 PSAs; Mr. Hunt: 7,664 PSAs; Ms. Fiorillo: 5,961 PSAs; and Mr. Varley: 5,961 PSAs. The number of shares that will vest pursuant to such PSAs, up to a maximum of 200% of target will be determined at the end of a two-year performance period beginning January 1, 2016 and cliff vest three years from the grant date. The number of earned shares will be primarily measured by the Company's change in relative pre-tax income margin (Relative PTIM) as compared with the airline peer average measured using U.S. airlines weighted average by revenue. We believe Relative PTIM is effective as a primary goal because it incentivizes our management to increase our long-term profitability and efficiency, after adjusting for external factors that impact the industry as a whole, like fuel prices. The Relative PTIM target is 100 basis points improvement in PTIM relative to the airline peer average. The threshold and maximum were set at levels that approximate beating consensus analyst expectations and beating the industry average, respectively.

A secondary measurement of relative total stockholder return (Relative TSR) will act as a plus or minus multiplier of up to 25% of the number of shares earned based on the Relative PTIM. Relative TSR will be calculated using the Dow Jones U.S Airline Index with the threshold set at -500 basis points and the maximum set at +500 basis points. In the event that Relative PTIM performance does not exceed the threshold, no PSAs will be earned regardless of Relative TSR performance. Relative TSR was used as a secondary metric because it takes into account the overall volatility in the airline industry and aligns with the return experienced by our stockholders if they invested in similar companies. The number of shares that may vest under the 2015 PSAs may range from zero to 200% of the target based on our Company's performance over the two-year performance period and linear interpolation will be used for performance that falls between threshold and target performance or between target and maximum performance.

	Relative PTIM (1/1/16-12/31/17)		Relative TSR (1/1/16-12/31/17)	
	Preliminary Payout (% Target)		Preliminary Payout (% Target)	Final Payout (% of Target Shares)
Maximum	160%	×	+25%	200%
Target	100%		+0%	100%
Threshold	40%		-25%	30%
Below Threshold	0%		0%	0%

Benefits

The NEOs receive the same health, welfare and other benefits provided to all of our teammates:

medical, dental and vision insurance;

life insurance, accidental death and dismemberment and business travel and accident insurance;

health and dependent care flexible spending accounts;

short- and long-term disability; and

401(k) plan, including matching contributions and non-elective employer contributions.

Perquisites

As is common in the airline industry, each NEO, and his or her spouse or domestic partner, immediate family members and, in certain circumstances, other designees, are entitled to certain travel privileges on our flights, some of which may be on a positive-space basis. Similar travel benefits are afforded to all of our teammates on a more limited basis. The value of such positive-space leisure flight benefits for the executives is reported as taxable income. An officer who retires with a minimum of five years of service and an eligibility number equal to 65 or greater, obtained by the sum of the officer's age plus years of service, may continue to receive complimentary flight benefits for the officer, the officer's spouse, domestic partner or designated companion and dependent children. We reimburse the retired officer for associated income taxes on the complimentary travel with an imputed tax value up to \$10,000 per year.

We believe that providing these benefits is a relatively inexpensive way to enhance the competitiveness of each NEO's compensation package and is consistent with industry practice. Additionally, we fund matching 401(k) contributions and provide non-elective employer contributions to our NEOs, consistent with our other employees. We provide enhanced, Company-paid life insurance for our NEOs at three times their annual salaries, capped at \$1,000,000. Finally, certain NEOs

also receive temporary housing, travel and tax-related stipends. Such tax stipends are for foreign nationals and are provided to offset the effect of paying double income taxes. We do not provide any other significant perquisites or personal benefits to our NEOs. The perquisites received by NEOs represent a small part of the overall compensation for these executives and are offered to provide competitive compensation arrangements. See the Summary Compensation Table and the related footnotes for information regarding benefits received by the NEOs in 2015.

Stock Ownership Guidelines

In 2015, our Board adopted stock ownership guidelines to strengthen the alignment between our executive officers and stockholders. Under these guidelines, the CEO is required to own shares of our Company's common stock greater than or equal to five times his base salary, and the other NEOs are required to own shares of our company's common stock greater than or equal to three times their base salary within five years following the later of their date of hire or the date of our company's initial public offering. In the event the stock ownership guidelines are not met within the five year period, then each NEO must hold at least 50% of all net shares received through RSU vesting or realized through stock option exercises until the stock ownership guidelines applicable to the NEO are achieved. For these purposes, net shares means all shares retained after applicable withholding of any shares for tax purposes and stock ownership includes shares (including restricted stock) owned directly or held in trust by the executive officer or an immediate family member who resides in the same household but does not include shares an executive officer has the right to acquire through the exercise of stock options or upon vesting of RSUs.

Tax and Accounting Considerations

While our Board and our compensation committee generally consider the financial accounting and tax implications of their executive compensation decisions, neither element has been a material consideration in the compensation awarded to our NEOs historically. Section 162(m) of the Internal Revenue Code of 1986, as amended, disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for our Chief Executive Officer and each of the other NEOs (other than our Chief Financial Officer), unless compensation is performance-based or qualifies for another exemption from Section 162(m). In setting compensation, our compensation committee and our Board consider the potential effects of Section 162(m) on the compensation paid to our NEOs but may decide to provide compensation that does not qualify for an exemption from Section 162(m).
