STONEMOR PARTNERS L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(Unaudited)

1. GENERAL

Nature of Operations

StoneMor Partners L.P. (the Partnership) is a provider of funeral and cemetery products and services in the death care industry in the United States. As of June 30, 2016, the Partnership operated 307 cemeteries in 27 states and Puerto Rico, of which 276 are owned and 31 are operated under lease, management or operating agreements. The Partnership also owned and operated 107 funeral homes in 19 states and Puerto Rico.

Basis of Presentation

The accompanying consolidated financial statements, which are unaudited except for the balance sheet at December 31, 2015, which is derived from audited financial statements, are presented in accordance with the requirements of Form 10-Q and accounting principles generally accepted in the United States (GAAP) for interim reporting. They do not include all disclosures normally made in financial statements contained in Form 10-K. In management's opinion, all adjustments necessary for a fair presentation of the Partnership's financial position, results of operations and cash flows for the periods disclosed have been made. These interim consolidated financial statements should be read in conjunction with the audited financial statements and notes thereto presented in the Partnership's Annual Report on Form 10-K for the year ended December 31, 2015. Certain amounts in the prior year's financial statements have been reclassified to conform to the current year presentation. The results of operations for the three and six months ended June 30, 2016 may not necessarily be indicative of the results of operations for the full year ending December 31, 2016.

The Partnership has revised its presentation of Goodwill and Intangible assets, now presenting each separately on the unaudited consolidated balance sheet. The comparative balance sheet was adjusted to conform to this revised presentation.

Principles of Consolidation

The unaudited consolidated financial statements include the accounts of each of the Partnership's wholly-owned subsidiaries. These statements also include the accounts of the merchandise and perpetual care trusts in which the Partnership has a variable interest and is the primary beneficiary. The Partnership operates 31 cemeteries under long-term lease, operating or management contracts. The operations of 16 of these managed cemeteries have been consolidated.

The Partnership operates 15 cemeteries under long-term leases and other agreements that do not qualify as acquisitions for accounting purposes. As a result, the Partnership did not consolidate all of the existing assets and liabilities related to these cemeteries. The Partnership has consolidated the existing assets and liabilities of the merchandise and perpetual care trusts associated with these cemeteries as variable interest entities since the

Partnership controls and receives the benefits and absorbs any losses from operating these trusts. Under the long-term leases, and other agreements associated with these properties, which are subject to certain termination provisions, the Partnership is the exclusive operator of these cemeteries and earns revenues related to sales of merchandise, services, and interment rights, and incurs expenses related to such sales, including the maintenance and upkeep of these cemeteries. Upon termination of these contracts, the Partnership will retain all of the benefits and related contractual obligations incurred from sales generated during the contract period. The Partnership has also recognized the existing merchandise liabilities that it assumed as part of these agreements.

New Accounting Pronouncements

In the second quarter of 2014, the Financial Accounting Standards Board (FASB) issued Update No. 2014-09, Revenue from Contracts with Customers (Topic 606) (ASU 2014-09), which supersedes the revenue recognition requirements in Topic 605 - Revenue Recognition and most industry-specific guidance. The core principle of ASU 2014-09 is that an entity recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

Table of Contents

During the third quarter of 2015, Update No. 2015-14, Revenue from Contracts with Customers (Topic 606) was released, deferring the effective date of the amendments to annual reporting periods beginning after December 15, 2017, including interim periods within that reporting period. Early application is permitted, only as of an annual reporting period beginning after December 15, 2016. During the first quarter of 2016, Update No. 2016-08, Revenue from Contracts with Customers (Topic 606) was released, which clarifies the implementation guidance on principal versus agent considerations. During the second quarter of 2016, Update No. 2016-10, Revenue from Contracts with Customers (Topic 606) was released, which clarifies the implementation guidance on identifying performance obligations. The FASB also issued Update No. 2016-12, Revenue from Contracts with Customers (Topic 606) (ASU 2016-12). The core principle of ASU 2016-12 is to narrow scope improvements and practical expedients by clarifying the collectability criteria for customer collection exclusions representing an improvement over previous guidance. The Partnership will adopt the requirements of these updates upon the effective date of January 1, 2018, and is evaluating the potential impact of the adoption on its financial position, results of operations or related disclosures.

In the first quarter of 2016, the FASB issued Update No. 2016-01, Financial Instruments (Subtopic 825-10) (ASU 2016-01). The core principle of ASU 2016-01 is that equity investments should be measured at fair value with changes in the fair value recognized through net income. The amendment is effective for annual reporting periods beginning after December 15, 2017, including interim periods within that reporting period. Early application is not permitted for the key aspects of the amendment. The Partnership will adopt the requirements of ASU 2016-01 upon its effective date of January 1, 2018, and is evaluating the potential impact of the adoption on its financial position, results of operations and related disclosures.

In the first quarter of 2016, the FASB issued Update No. 2016-02, Leases (Topic 842) (ASU 2016-02). The core principle of ASU 2016-02 is that all leases create an asset and a liability for lessees and recognition of those lease assets and lease liabilities represents an improvement over previous GAAP, which did not require lease assets and lease liabilities to be recognized for most leases. The amendment is effective for annual reporting periods beginning after December 15, 2018, including interim periods within those fiscal years. Early application is permitted. The Partnership plans to adopt the requirements of ASU 2016-02 upon its effective date of January 1, 2019, and is evaluating the potential impact of the adoption on its financial position, results of operations and related disclosures.

In the second quarter of 2016, the FASB issued Update No. 2016-13, Credit Losses (Topic 326) (ASU 2016-13). The core principle of ASU 2016-13 is that all assets measured at amortized cost basis should be presented at the net amount expected to be collected using historical experience, current conditions, and reasonable and supportable forecasts as a basis for credit loss estimates, instead of the probable initial recognition threshold used under current GAAP. The amendment is effective for annual reporting periods beginning after December 15, 2019, including interim periods within those fiscal years. Early application is permitted. The Partnership plans to adopt the requirements of ASU 2016-13 upon its effective date of January 1, 2020, and is evaluating the potential impact of the adoption on its financial position, results of operations and related disclosures.

In 2015, the FASB issued Update No. 2015-07, Fair Value Measurement (Topic 820). The amendments in this update removed the requirement to categorize within the fair value hierarchy investments for which fair value is measured using the net asset value per share practical expedient. The entity adopted this guidance in the current period pertaining to its new investment funds (see Notes 6, 7 and 14).

Use of Estimates

The preparation of the Partnership's unaudited consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the unaudited consolidated financial statements, as well

as the reported amounts of revenue and expense during the reporting periods. The Partnership's unaudited consolidated financial statements are based on a number of significant estimates, including revenue and expense accruals, depreciation and amortization, merchandise trusts and perpetual care trusts asset valuation, allowance for cancellations, unit-based compensation, merchandise liability, deferred sales revenue, deferred margin, deferred merchandise trust investment earnings, deferred obtaining costs, assets and liabilities obtained via business combinations and income taxes. As a result, actual results could differ from those estimates.

Net Income (Loss) per Common Unit

Basic net income (loss) attributable to common limited partners per unit is computed by dividing net income (loss) attributable to common limited partners, which is determined after the deduction of the general partner's interest, by the

Table of Contents

weighted average number of common limited partner units outstanding during the period. Net income (loss) attributable to common limited partners is determined by deducting net income attributable to participating securities, if applicable and net income (loss) attributable to the general partner's units. The general partner's interest in net income (loss) is calculated on a quarterly basis based upon its ownership interest and incentive distributions to be distributed for the quarter, with a priority allocation of net income to the general partner's incentive distributions, if any, in accordance with the partnership agreement, and the remaining net income (loss) allocated with respect to the general partner's and limited partners' ownership interests.

The Partnership presents net income (loss) per unit under the two-class method for master limited partnerships, which considers whether the incentive distributions of a master limited partnership represent a participating security when considered in the calculation of earnings per unit under the two-class method. The two-class method considers whether the partnership agreement contains any contractual limitations concerning distributions to the incentive distribution rights that would impact the amount of earnings to allocate to the incentive distribution rights for each reporting period. If distributions are contractually limited to the incentive distribution rights' share of currently designated available cash for distributions as defined under the partnership agreement, undistributed earnings in excess of available cash should not be allocated to the incentive distribution rights. Under the two-class method, management of the Partnership believes the partnership agreement contractually limits cash distributions to available cash; therefore, undistributed earnings are not allocated to the incentive distribution rights.

Unvested share-based payment awards that contain non-forfeitable rights to dividends or dividend equivalents (whether paid or unpaid) are participating securities and are included in the computation of earnings per unit pursuant to the two-class method. Phantom unit awards, which consist of common units issuable under the terms of its long-term incentive plan (see Note 12), contain non-forfeitable rights to distribution equivalents of the Partnership. The participation rights would result in a non-contingent transfer of value each time the Partnership declares a distribution or distribution equivalent right during the award's vesting period. However, unless the contractual terms of the participating securities require the holders to share in the losses of the entity, net loss is not allocated to the participating securities. As such, the net income utilized in the calculation of net income (loss) per unit must be after the allocation of only net income to the phantom units on a pro-rata basis.

The following is a reconciliation of net income (loss) allocated to the common limited partners for purposes of calculating net income (loss) attributable to common limited partners per unit (in thousands, except unit data):

	Three months ended June 30,		Six months ended June 30,	
	2016	2015	2016	2015
Net loss	\$ (9,079)	\$ (4,848)	\$ (16,738)	\$ (13,731)
Less: General partner's interest	(103)	(65)	(196)	(185)
Net loss attributable to common limited partners	\$ (8,976)	\$ (4,783)	\$ (16,542)	\$ (13,546)

Diluted net income (loss) attributable to common limited partners per unit is calculated by dividing net income (loss) attributable to common limited partners, less income allocable to participating securities, by the sum of the weighted average number of common limited partner units outstanding and the dilutive effect of unit appreciation rights and awards, as calculated by the treasury stock or if converted methods, as applicable. These awards consist of common units issuable upon payment of an exercise price by the participant under the terms of the Partnership's long-term incentive plan (see Note 12).

Edgar Filing: STONEMOR PARTNERS LP - Form 10-Q

The following table sets forth the reconciliation of the Partnership's weighted average number of common limited partner units used to compute basic net income (loss) attributable to common limited partners per unit with those used to compute diluted net income (loss) attributable to common limited partners per unit (in thousands):

	Three months ended June 30		Six months ended June 30,	
	2016	2015	2016	2015
Weighted average number of common limited partner units - basic	34,837	29,286	33,688	29,258
Add effect of dilutive incentive awards (1)				
Weighted average number of common limited partner units - diluted	34,837	29,286	33,688	29,258

- (1) The diluted weighted average number of limited partners' units outstanding presented on the consolidated statement of operations does not include 299,226 units and 193,172 units for the three months ended June 30, 2016 and 2015, respectively and 296,594 units and 187,758 units for the six months ended June 30, 2016 and 2015, as their effects would be anti-dilutive.

Table of Contents**2. ACQUISITIONS****2016 Acquisition**

During the second quarter of 2016, the Partnership acquired related assets, net of certain assumed liabilities of three direct service cremation businesses for \$1.5 million. The Partnership accounted for this transaction under the acquisition method of accounting. Accordingly, the Partnership evaluated the identifiable assets acquired and liabilities assumed at the acquisition date fair values. All other costs incurred associated with the acquisition of the assets noted were expensed as incurred. The following table presents the Partnership's values assigned to the assets acquired and liabilities assumed in the acquisition, based on their estimated fair values at the date of the acquisition, which may be prospectively adjusted as additional information is received (in thousands):

Assets:	
Accounts receivable	\$ 22
Cemetery and funeral home property	90
Property and equipment	220
Merchandise trusts, restricted	290
Other assets	13
Total assets	635
Liabilities:	
Merchandise liabilities	193
Total liabilities	193
Fair value of net assets acquired	442
Consideration paid - cash	1,500
Total consideration paid	1,500
Goodwill from purchase	\$ 1,058

The Partnership recorded goodwill of \$1.1 million in the Funeral Home reporting unit for the properties acquired in 2016.

2015 Acquisitions

During the year ended December 31, 2015, the Partnership acquired the following properties and related assets, net of certain assumed liabilities:

One funeral home for cash consideration of \$0.9 million on July 21, 2015;

Three funeral homes and one cemetery for cash consideration of \$5.7 million on August 6, 2015;

Two cemeteries for cash consideration of \$1.5 million on August 20, 2015;

One funeral home for cash consideration of \$5.0 million on August 31, 2015, and an additional \$1.0 million paid in five annual installments beginning on the 1st anniversary of the closing date; and

One cemetery and two funeral homes for cash consideration of \$5.7 million on December 1, 2015.

The Partnership accounted for these transactions under the acquisition method of accounting. Accordingly, the Partnership evaluated the identifiable assets acquired and liabilities assumed at their respective acquisition date fair values. All other costs incurred associated with the acquisition of the assets noted were expensed as incurred. The following table presents the Partnership's values assigned to the assets acquired and liabilities assumed in the acquisitions, based on their estimated and revised fair values, as applicable, which may be prospectively adjusted as additional information is received (in thousands):

Certain provisional amounts pertaining to the 2015 acquisitions were adjusted in the second quarter of 2016 as the Company obtained additional information related to two of the acquisitions. The changes resulted in an adjustment to the gain on acquisition recognized during the year ended December 31, 2015, reducing the gain by \$0.8 million via a loss recognized in the current period in accordance with GAAP. The amounts shown may be adjusted as additional information is received. The Partnership recorded goodwill of \$1.1 million and \$9.6 million in the Cemetery and Funeral Home reporting units, respectively, with regard to the properties acquired during the year ended December 31, 2015.

The following data presents pro forma revenues, net income (loss) and basic and diluted net income (loss) per unit for the Partnership as if the acquisitions consummated during the six months ended June 30, 2016 and the year ended December 31, 2015 had occurred as of January 1, 2015. The Partnership prepared these pro forma unaudited financial results for comparative purposes only. The results may not be indicative of the results that would have occurred if the acquisitions consummated during the six months ended June 30, 2016 and 2015 had occurred as of January 1, 2015 or the results that will be attained in future periods (in thousands, except per unit data):

6. MERCHANDISE TRUSTS

At June 30, 2016 and December 31, 2015, the Partnership's merchandise trusts consisted of investments in debt and equity marketable securities and cash equivalents, both directly as well as through mutual and investment funds. Certain assets acquired in connection with the Partnership's 2015 and 2016 acquisitions (see Note 2) are based upon preliminary estimated values assigned to the assets by the Partnership at the date of acquisition, and will be adjusted when additional information is received.

All of these investments are classified as Available for Sale and accordingly, all of the assets are carried at fair value. All of the investments subject to the fair value hierarchy (see Note 1) are considered either Level 1 or Level 2 assets pursuant to the three-level hierarchy described in Note 14. There were no Level 3 assets.

Table of Contents

The merchandise trusts are variable interest entities (VIE) for which the Partnership is the primary beneficiary. The assets held in the merchandise trusts are required to be used to purchase the merchandise and provide the services to which they relate. If the value of these assets falls below the cost of purchasing such merchandise and providing such services, the Partnership may be required to fund this shortfall.

The Partnership included \$8.3 million and \$8.2 million of investments held in trust by the West Virginia Funeral Directors Association at June 30, 2016 and December 31, 2015, respectively, in its merchandise trust assets. As required by law, the Partnership deposits a portion of certain funeral merchandise sales in West Virginia into a trust that is held by the West Virginia Funeral Directors Association. These trusts are recognized at their account value, which approximates fair value.

A reconciliation of the Partnership's merchandise trust activities for the six months ended June 30, 2016 and 2015 is presented below (in thousands):

For all securities in an unrealized loss position, the Partnership evaluated the severity of the impairment and length of time that a security has been in a loss position and concluded the decline in fair value below the asset's cost was temporary in nature. In addition, the Partnership is not aware of any circumstances that would prevent the future market value recovery for these securities.

Other-Than-Temporary Impairment of Trust Assets

The Partnership assesses its merchandise trust assets for other-than-temporary declines in fair value on a quarterly basis. During the three and six months ended June 30, 2016, the Partnership determined that there were no other than temporary impairments to the investment portfolio in the merchandise trusts. During the three months ended June 30, 2015, the Company determined that there were no other than temporary impairments to the investment portfolio in the merchandise trusts. During the six months ended June 30, 2015, the Company determined that there were two securities with an aggregate cost basis of approximately \$0.6 million and an aggregate fair value of approximately \$0.4 million, resulting in an impairment of \$0.2 million, wherein such impairment was considered to be other-than-temporary. Accordingly, the Partnership adjusted the cost basis of these assets to their current value and

offset this change against deferred revenue. This reduction in deferred revenue is reflected in earnings in periods after the impairment date as the underlying merchandise is delivered or the underlying services are performed.

7. PERPETUAL CARE TRUSTS

At June 30, 2016 and December 31, 2015, the Partnership's perpetual care trusts consisted of investments in debt and equity marketable securities and cash equivalents, both directly as well as through mutual and investment funds. Certain assets acquired in connection with the Partnership's 2015 acquisitions (see Note 2) are based upon preliminary estimated values assigned to the assets by the Partnership at the date of acquisition, and will be adjusted when additional information is received.

All of these investments are classified as Available for Sale and accordingly, all of the assets are carried at fair value. All of the investments subject to the fair value hierarchy (see Note 1) are considered either Level 1 or Level 2 assets pursuant to the three-level hierarchy described in Note 14. There were no Level 3 assets. The perpetual care trusts are VIEs for which the Partnership is the primary beneficiary.

During the three and six months ended June 30, 2016 and 2015, the Partnership determined that there were no other than temporary impairments to the investment portfolio in the perpetual care trusts.

8. GOODWILL AND INTANGIBLE ASSETS

Goodwill

The Partnership has recorded goodwill of approximately \$70.6 million as of June 30, 2016 and \$69.9 million as of December 31, 2015. This amount represents the excess of the purchase price over the fair value of identifiable net assets acquired.

Table of Contents

A rollforward of goodwill by reporting unit is as follows (in thousands):

	Cemeteries	Funeral Homes	Total
Balance at December 31, 2015	\$ 25,320	\$ 44,531	\$ 69,851
Goodwill from acquisitions during 2015		(337)	(337)
Goodwill from acquisitions during 2016		1,058	1,058
Balance at June 30, 2016	\$ 25,320	\$ 45,252	\$ 70,572

The Partnership adjusted preliminary amounts relating to 2015 acquisitions during the second quarter of 2016 as the Company obtained additional information. These updates resulted in a decrease in goodwill acquired from 2015 acquisitions.

The Partnership tests goodwill for impairment at each year end by comparing its reporting units' estimated fair values to carrying values. There were no goodwill impairments recognized by the Partnership during the periods presented. Management will continue to evaluate goodwill at least annually or when impairment indicators arise.

Intangible Assets

The Partnership has intangible assets with finite lives recognized in connection with acquisitions and long-term lease, management and operating agreements. The Partnership amortizes these intangible assets over their estimated useful lives.

The following table reflects the components of intangible assets as of June 30, 2016 and December 31, 2015 (in thousands):

	June 30, 2016			December 31, 2015

Credit Facility

The Partnership is a party to the Fourth Amended and Restated Credit Agreement, as amended (the *Credit Agreement*) which provides for a single revolving credit facility of \$180.0 million (the *Credit Facility*) maturing on December 19, 2019. The *Credit Agreement* also provides for an uncommitted ability to increase the *Credit Facility* by an additional \$70.0 million. The Partnership's obligations under the *Credit Facility* are secured by substantially all of the assets of the Partnership, excluding those held in trust. Borrowings under the *Credit Facility* are classified as either acquisition draws or working capital draws. Acquisition draws may be utilized to finance permitted acquisitions, the purchase and construction of mausoleums and related costs or the net amount of merchandise trust deposits. Working capital draws may be utilized to finance working capital requirements, capital expenditures and for other general corporate purposes. The amount of the *Credit Facility* that is available for working capital draws is subject to a borrowing formula equal to 85% of eligible accounts receivable, as defined within the *Credit Agreement*. At June 30, 2016, the amount available under the *Credit Facility* for working capital advances under this limit was \$143.9 million, of which \$68.0 million was outstanding at June 30, 2016.

Each individual acquisition draw is subject to equal quarterly amortization of the principal amount, with annual principal payments comprised of ten percent of the related advance amount, commencing on the second anniversary of such advance, with the remaining principal due on December 19, 2019, subject to certain mandatory prepayment requirements. Up to \$10.0 million of the *Credit Facility* may be in the form of standby letters of credit, of which there were \$6.5 million outstanding at June 30, 2016 and none outstanding at December 31, 2015.

Borrowings under the *Credit Facility* bear interest, at the Partnership's election, at either an adjusted LIBOR rate plus an applicable margin between 2.25% and 4.00% per annum or the base rate (which is the higher of the bank's prime rate, the Federal funds rate plus 0.5% or one-month LIBOR plus 1.00%) plus an applicable margin between 1.25% and 3.00% per annum. The Partnership is also required to pay a fee on the unused portion of the *Credit Facility* at a rate between 0.375% and 0.8% per annum, which is included within interest expense on the Partnership's consolidated statements of operations. On June 30, 2016, the weighted average interest rate on outstanding borrowings under the *Credit Facility* was 4.4%.

The Credit Agreement contains customary covenants that limit the Partnership's ability to incur additional indebtedness, grant liens, make loans or investments, make cash distributions if a default exists or would result from the distribution, merger or consolidation with other persons, or engage in certain asset dispositions including the sale of all or substantially all of its assets. The Credit Agreement also requires the Partnership to maintain:

Consolidated EBITDA (as defined in the Credit Agreement), calculated over a period of four consecutive fiscal quarters, to be no less than the sum of (i) \$80.0 million plus (ii) 80% of the aggregate Consolidated EBITDA for each permitted acquisition completed after June 30, 2014;

the ratio of Consolidated EBITDA (as defined in the Credit Agreement) to Consolidated Debt Service (as defined in the Credit Agreement), calculated over a period of four fiscal quarters, or the Consolidated Debt Service Coverage Ratio, of not less than 2.50 to 1.00 for any period; and

the ratio of Consolidated Funded Indebtedness (as defined in the Credit Agreement) to Consolidated EBITDA (as defined in the Credit Agreement), calculated over a period of four fiscal quarters, or the Consolidated Leverage Ratio, of not greater than 4.00 to 1.00 for any period.

Table of Contents

On June 30, 2016, the Partnership's Consolidated Leverage Ratio and the Consolidated Debt Service Coverage Ratio were 3.11 and 4.37, respectively. The Partnership was in compliance with these covenants as of June 30, 2016.

Senior Notes

On May 28, 2013, the Partnership issued \$175.0 million aggregate principal amount of 7.875% Senior Notes due 2021 (the "Senior Notes"). The Partnership pays 7.875% interest per annum on the principal amount of the Senior Notes, payable in cash semi-annually in arrears on June 1 and December 1 of each year. The net proceeds from the offering were used to retire a \$150.0 million aggregate principal amount of 10.25% Senior Notes due 2017 and the remaining proceeds were used for general corporate purposes. The Senior Notes were issued at 97.832% of par resulting in gross proceeds of \$171.2 million with an original issue discount of approximately \$3.8 million. The Partnership incurred debt issuance costs and fees of approximately \$4.6 million. These costs and fees are deferred and are being amortized over the life of the Senior Notes. The Senior Notes mature on June 1, 2021.

At any time on or after June 1, 2016, we may redeem the Senior Notes, in whole or in part, at the redemption prices (expressed as percentages of the principal amount) set forth below, together with accrued and unpaid interest, if any, to the redemption date, if redeemed during the 12-month period beginning June 1 of the years indicated:

Year	Percentage
2016	105.906%
2017	103.938%
2018	101.969%
2019 and thereafter	100.000%

Subject to certain exceptions, upon the occurrence of a Change of Control (as defined in the Indenture), each holder of the Senior Notes will have the right to require the Partnership to purchase that holder's Senior Notes for a cash price equal to 101% of the principal amounts to be purchased, plus accrued and unpaid interest.

The Senior Notes are jointly and severally guaranteed by certain of our subsidiaries. The Indenture governing the Senior Notes contains covenants, including limitations of the Partnership's ability to incur additional indebtedness and liens, make certain dividends, distributions, redemptions or investments, enter into certain transactions with affiliates, make certain asset sales, and engage in certain mergers, consolidations or sales of all or substantially all of the Partnership's assets. As of June 30, 2016, the Partnership was in compliance with these covenants.

10. INCOME TAXES

The Partnership is not subject to U.S. federal and most state income taxes. The partners of the Partnership are liable for income tax in regard to their distributive share of the Partnership's taxable income. Such taxable income may vary substantially from net income reported in the accompanying unaudited consolidated financial statements. Certain corporate subsidiaries are subject to federal and state income tax. Deferred tax assets and liabilities are recognized for future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis and tax carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. The Partnership records a valuation allowance against its deferred tax assets if it deems that it is more likely than not that some portion or all of the recorded deferred

tax assets will not be realizable in future periods.

As of June 30, 2016, the Partnership had available approximately less than \$0.1 million of alternative minimum tax credit carryforwards, which are available indefinitely, and \$261.8 million of federal net operating loss carryforwards, which will begin to expire in 2017 and \$321.8 million in state net operating loss carryforwards, a portion of which expires annually.

In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management considers the scheduled reversal of deferred tax liabilities, projected future taxable income and

Table of Contents

tax planning strategies in making this assessment. As of June 30, 2016, based on the level of historical taxable income and projections for future taxable income over the periods in which the deferred tax assets are deductible, management believes it is more likely than not that the Partnership will realize the benefits of these deductible differences. The amount of deferred tax assets considered realizable could be reduced in the future if estimates of future taxable income during the carryforward period are reduced.

In accordance with applicable accounting standards, the Partnership recognizes only the impact of income tax positions that, based upon their merits, are more likely than not to be sustained upon audit by a taxing authority. To evaluate its current tax positions in order to identify any material uncertain tax positions, the Partnership developed a policy of identifying and evaluating uncertain tax positions that considers support for each tax position, industry standards, tax return disclosures and schedules and the significance of each position. It is the Partnership's policy to recognize interest and penalties, if any, related to unrecognized tax benefits in income tax expense. At June 30, 2016 and December 31, 2015, the Partnership had no material uncertain tax positions.

The Partnership is not currently under examination by any federal or state jurisdictions. The federal statute of limitations and certain state statutes of limitations are open from 2012 forward.

11. DEFERRED REVENUES, NET

The Partnership defers revenues and all direct costs associated with the sale of pre-need cemetery merchandise and services until the merchandise is delivered or the services are performed. The Partnership recognizes deferred merchandise and service revenues as deferred revenues, net, within long-term liabilities on its consolidated balance sheet. The Partnership recognizes deferred direct costs associated with pre-need cemetery merchandise and service revenues as deferred selling and obtaining costs within long-term assets on its consolidated balance sheet. The Partnership also defers the costs to obtain new pre-need cemetery and new prearranged funeral business as well as the investment earnings on the prearranged services and merchandise trusts.

At June 30, 2016 and December 31, 2015, deferred revenues, net, consisted of the following (in thousands):

	June 30, 2016	December 31, 2015
Deferred revenue	\$ 568,066	\$ 531,905
Deferred merchandise trust revenue	90,045	80,294
Deferred merchandise trust unrealized gains (losses)	(6,923)	(24,685)
Deferred pre-acquisition margin	140,730	142,672
Deferred cost of goods sold	(96,826)	(92,650)
Deferred revenues, net	\$ 695,092	\$ 637,536
Deferred selling and obtaining costs	\$ 118,410	\$ 111,542

12. LONG-TERM INCENTIVE PLANS2014 Long-Term Incentive Plan

During the year ended December 31, 2014, the General Partner's Board of Directors (the Board) and the Partnership's unitholders approved a 2014 Long-Term Incentive Plan (2014 LTIP). The Compensation, Nominating and Governance, and Compliance Committee of the Board (the Compensation Committee) administers the 2014 LTIP. The 2014 LTIP permits the grant of awards, which may be in the form of phantom units, restricted units, unit appreciation rights (UAR), or unit options, including performance factors for each, covering an aggregate of 1,500,000 common units, a number that the Board may increase by up to 100,000 common units per year. At June 30, 2016, the estimated number of common units to be issued upon vesting and exercise of outstanding rights under this plan, assuming the satisfaction of the maximum conditions for performance factors, was 110,090. A cumulative number of 14,455 common units have been issued, leaving 1,375,455 common units available for future grants under the plan, assuming no increases by the Board.

Table of Contents**Phantom Unit Awards**

Phantom units represent rights to receive a common unit or an amount of cash, or a combination of either, based upon the value of a common unit. Phantom units become payable, in cash or common units, at the Partnership's election, upon the separation of directors and executives from service or upon the occurrence of certain other events specified in the underlying agreements. Phantom units are subject to terms and conditions determined by the Compensation Committee. In tandem with phantom unit grants, the compensation committee may grant distribution equivalent rights (DERs), which are the right to receive an amount in cash or common units equal to the cash distributions made by the Partnership with respect to common unit during the period that the underlying phantom unit is outstanding. All phantom units outstanding under the 2014 LTIP at June 30, 2016 contain tandem DERs.

The following table sets forth the 2014 LTIP phantom unit award activity for the three and six months ended June 30, 2016 and 2015, respectively:

	Three months ended June 30,		Six months ended June 30,	
	2016	2015	2016	2015
Outstanding, beginning of period	105,167	4,241	102,661	2,189
Granted (1)	4,923	2,040	7,429	4,092
Outstanding, end of period (2)	110,090	6,281	110,090	6,281

- (1) The weighted-average grant date fair value for the unit awards on the date of grant was \$23.95 and \$29.52 for three months ended June 30, 2016 and 2015, respectively, and \$24.60 and \$29.11 for six months ended June 30, 2016 and 2015, respectively. The intrinsic value of vested unit awards was \$0.1 million for both the three months ended June 30, 2016 and 2015 and \$0.2 million and \$0.1 million for the six months ended June 30, 2016 and 2015, respectively.
- (2) Based on the closing price of the common units on June 30, 2016, the estimated intrinsic value of the outstanding unit awards was \$2.8 million at June 30, 2016.

2004 Long-Term Incentive Plan

The Compensation Committee administers the Partnership's 2004 Long-Term Incentive Plan (2004 LTIP). The 2004 LTIP permitted the grant of awards, which may be in the form of phantom units, restricted units, or unit appreciation rights (UAR). At June 30, 2016, the estimated number of common units to be issued upon vesting and exercise of outstanding rights under this plan was 194,820, based upon the closing price of our common units at June 30, 2016. A cumulative number of 626,188 common units have been issued under the 2004 LTIP. There were no awards available for grant under the 2004 LTIP at June 30, 2016 because the plan expired in 2014.

Phantom Unit Awards

Phantom units were credited to participants' mandatory deferred compensation accounts in connection with DERs accruing on phantom units received under the 2004 LTIP. These DERs continue to accrue until the underlying securities are issued. The following table sets forth the 2004 LTIP activity related to DERs credited as phantom units to the participant's accounts for the three and six months ended June 30, 2016 and 2015, respectively:

	Three months ended June 30,		Six months ended June 30,	
	2016	2015	2016	2015
Outstanding, beginning of period	188,948	172,793	184,457	169,122
Granted (1)	5,137	3,556	9,628	7,227
Outstanding, end of period (2)	194,085	176,349	194,085	176,349

- (1) The weighted-average fair value for the phantom units credited was \$23.52 and \$30.04 for the three months ended June 30, 2016 and 2015, respectively, and \$24.80 and \$29.02 for the six months ended June 30, 2016 and 2015, respectively. The intrinsic value of vested phantom unit awards was \$0.1 million for both the three months ended June 30, 2016 and 2015 and \$0.2 million for both the six months ended June 30, 2016 and 2015.
- (2) Based on the closing price of the common units on June 30, 2016, the estimated intrinsic value of the outstanding unit awards was \$4.9 million at June 30, 2016.

Total compensation expense for phantom units credited under both the 2004 and 2014 plans was approximately \$0.2 million for the three months ended June 30, 2016 and 2015, and \$0.4 million and \$0.5 million for the six months ended June 30, 2016 and 2015, respectively.

Table of Contents**Unit Appreciation Rights Awards**

UAR awards represent a right to receive an amount equal to the closing price of the Partnership's common units on the date preceding the exercise date less the exercise price of the UARs, to the extent the closing price of the Partnership's common units on the date preceding the exercise date is in excess of the exercise price. This amount is then divided by the closing price of the Partnership's common units on the date preceding the exercise date to determine the number of common units to be issued to the participant. UAR awards granted through June 30, 2016 have a five-year contractual term beginning on the grant date and vest ratably over a period of 48 months beginning on the grant date. Of the UARs outstanding at June 30, 2016, 16,302 UARs will vest within the following twelve months. The following table sets forth the UAR award activity for the three and six months ended June 30, 2016 and 2015, respectively:

	Three months ended June 30,		Six months ended June 30,	
	2016	2015	2016	2015
Outstanding, beginning of period	66,793	112,346	66,793	123,000

Forfeited		(5,730)		(5,730)
Outstanding, end of period (1)	66,793	87,021	66,793	87,021
Exercisable, end of period	44,968	41,383	44,968	41,383

(1) Based on the closing price of the common units on June 30, 2016, the estimated intrinsic value of the outstanding unit awards was \$0.1 million at June 30, 2016. The weighted average remaining contractual life for outstanding UAR awards at June 30, 2016 was 2.1 years.

At June 30, 2016, the Partnership had approximately \$0.1 million of unrecognized compensation expense related to unvested UAR awards that will be recognized through the year ended December 31, 2018. The Partnership recognized total compensation expense for UAR awards of less than \$0.1 million for the three and six months ended June 30, 2016 and 2015. The Partnership issued 3,416 common units for the three months ended June 30, 2015 and 4,564 common units for the six months ended June 30, 2015 due to exercised UAR awards. There were no UAR exercises during the three and six months ended June 30, 2016.

13. COMMITMENTS AND CONTINGENCIES**Legal**

The Partnership is party to legal proceedings in the ordinary course of its business but does not expect the outcome of any proceedings, individually or in the aggregate, to have a material effect on its financial position or results of operations.

Other

During the first quarter of 2016, the Partnership moved its corporate headquarters to Trevese, Pennsylvania. Due to the relocation, a cease-use expense of \$0.5 million was recorded during the period below Operating income (loss) on the unaudited consolidated statement of operations. This charge represents the net recognition of the discounted

liability for future rent payments due under the lease on the previous headquarters, net of estimated sublease collections and deferred rent and lease incentives pertaining to the previous corporate office location.

In connection with the Partnership's 2014 lease and management agreements with the Archdiocese of Philadelphia, it has committed to pay aggregate fixed rent of \$36.0 million in the following amounts:

Lease Years 1-5	None
Lease Years 6-20	\$1,000,000 per Lease Year
Lease Years 21-25	\$1,200,000 per Lease Year
Lease Years 26-35	\$1,500,000 per Lease Year
Lease Years 36-60	None

Table of Contents

The fixed rent for lease years 6 through 11 shall be deferred. If the Archdiocese terminates the agreements pursuant to a lease year 11 termination or the Partnership terminates the agreements as a result of a default by the Archdiocese, prior to the end of lease year 11, the deferred fixed rent shall be retained by the Partnership. If the agreements are not terminated, the deferred fixed rent shall become due and payable 30 days after the end of lease year 11.

14. FAIR VALUE OF FINANCIAL INSTRUMENTS

Management has established a hierarchy to measure the Partnership's financial instruments at fair value, which requires it to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs represent market data obtained from independent sources; whereas, unobservable inputs reflect the Partnership's own market assumptions, which are used if observable inputs are not reasonably available without undue cost and effort. The hierarchy defines three levels of inputs that may be used to measure fair value:

Level 1 Unadjusted quoted market prices in active markets for identical, unrestricted assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset and liability or can be corroborated with observable market data for substantially the same contractual term of the asset or liability.

Level 3 Unobservable inputs that the entity's own assumptions about the assumptions market participants would use in the pricing of the asset or liability and are consequently not based on market activity but rather through particular valuation techniques.

The Partnership's current assets and liabilities on its consolidated balance sheets are considered to be financial instruments, and their estimated fair values approximate their carrying values due to their short-term nature and thus are categorized as Level 1. The Partnership's merchandise and perpetual care trusts consist of investments in debt and equity marketable securities and cash equivalents, are carried at fair value, and are considered either Level 1 or Level 2 (see Notes 6 and 7). Certain investments in the merchandise and perpetual care trusts are excluded from the fair value leveling hierarchy in accordance with GAAP.

The Partnership's other financial instruments as of June 30, 2016 and December 31, 2015 consist of its Senior Notes and outstanding borrowings under its revolving credit facility (see Note 9). The estimated fair values of the Partnership's Senior Notes as of June 30, 2016 and December 31, 2015 were \$175.1 million and \$179.9 million, respectively, based on trades made on those dates, compared with the carrying amounts of \$172.4 million and \$172.2 million, respectively. As of June 30, 2016 and December 31, 2015, the carrying values of outstanding borrowings under the Partnership's revolving credit facility (see Note 9), which bears interest at variable interest rates with maturities of 90 days or less, approximated their estimated fair values. The Senior Notes and the credit facility are valued using Level 2 inputs.

15. SUPPLEMENTAL CONDENSED CONSOLIDATING FINANCIAL INFORMATION

The Partnership's Senior Notes are guaranteed by StoneMor Operating LLC and its wholly-owned subsidiaries, other than the co-issuer, as described below. The guarantees are full, unconditional, joint and several. The Partnership, or the Parent, and its wholly-owned subsidiary Cornerstone Family Services of West Virginia Subsidiary Inc., are the co-issuers of the Senior Notes. The Partnership's unaudited consolidated financial statements as of June 30, 2016 and December 31, 2015 and for the three and six months ended June 30, 2016 and 2015 include the accounts of cemeteries

operated under long-term lease, operating or management agreements. For the purposes of this note, these entities are deemed non-guarantor subsidiaries, as they are not wholly-owned by the Partnership. The Partnership's unaudited consolidated financial statements also contain merchandise and perpetual care trusts that are also deemed non-guarantor subsidiaries for the purposes of this note.

The following unaudited supplemental condensed consolidating financial information reflects the Partnership's standalone accounts, the combined accounts of the subsidiary co-issuer, the combined accounts of the guarantor subsidiaries, the combined accounts of the non-guarantor subsidiaries, the consolidating adjustments and eliminations and the Partnership's consolidated accounts as of and for the three and six months ended June 30, 2016 and 2015. For the purpose of the following financial information, the Partnership's investments in its subsidiaries and the guarantor subsidiaries' investments in their respective subsidiaries are presented in accordance with the equity method of accounting (in thousands):

16. ISSUANCES OF LIMITED PARTNER UNITS

On November 19, 2015, the Partnership entered into an equity distribution agreement (ATM Equity Program) with a group of banks (the Agents) whereby it may sell, from time to time, common units representing limited partner interests having an aggregate offering price of up to \$100,000,000. During the three months ended June 30, 2016, the Partnership issued 176,208 common units under the ATM Equity Program for net proceeds of \$4.2 million. During the six months ended June 30, 2016, the Partnership issued 903,682 common units under the ATM Equity Program for net proceeds of \$23.0 million.

Pursuant to a Common Unit Purchase Agreement, dated May 19, 2014, by and between the Partnership and American Cemeteries Infrastructure Investors, LLC, a Delaware limited liability company (ACII), the Partnership issued 61,553 paid-in-kind units to ACII in lieu of cash distributions of \$1.5 million during the three months ended June 30, 2016 and 117,290 paid-in-kind Units to ACII in lieu of cash distributions of \$3.0 million for the six months ended June 30, 2016.

On April 20, 2016, the Partnership completed a follow-on public offering of 2,000,000 common units at a public offering price of \$23.65 per unit. Additionally, the underwriters exercised their option to purchase an additional 300,000 common units. The offering resulted in net proceeds, after deducting underwriting discounts and offering expenses, of \$51.5 million. The proceeds from the offering were used to pay down outstanding indebtedness under the Credit Facility.

17. SEGMENT INFORMATION

The Partnership s operations include two reportable operating segments, Cemetery Operations and Funeral Homes. These operating segments reflect the way the Partnership manages its operations and makes business decisions as of June 30, 2016 and represent a change from the comparable period presented. Prior period information was revised to the current year presentation. Operating segment data for the periods indicated were as follows (in thousands):

18. SUBSEQUENT EVENTS

On July 25, 2016, the Partnership announced a quarterly cash distribution of \$0.66 per common unit pertaining to the results for the second quarter of 2016. The distribution is scheduled to be paid August 12, 2016 to common unit holders of record as of the close of business on August 5, 2016.

On August 4, 2016, StoneMor Operating LLC (the Operating Company), a wholly-owned subsidiary of the Partnership, entered into a new Credit Agreement (the New Credit Agreement) among each of the Subsidiaries of the Operating Company (together with the Operating Company, Borrowers), the Lenders identified therein, Capital One, National Association (Capital One), as Administrative Agent, Issuing Bank and Swingline Lender, Citizens Bank of Pennsylvania, as Syndication Agent, and TD Bank, N.A. and Raymond James Bank, N.A., as Co-Documentation Agents. In addition, on the same date, the Partnership, the Borrowers and Capital One, as Administrative Agent, entered into the Guaranty and Collateral Agreement (the Guaranty Agreement, and together with the New Credit Agreement, New Agreements). Capitalized terms which are not defined in the following description shall have the meaning assigned to such terms in the New Agreements.

The New Agreements replaced the Partnership's Credit Agreement, as amended with Bank of America, N.A., as Administrative Agent, Swing Line Lender and L/C Issuer and other lenders party thereto (the Prior Credit Agreement), Second Amended and Restated Security Agreement, and Second Amended and Restated Pledge Agreement, each dated as of December 19, 2014 (collectively, Prior Agreements).

The New Credit Agreement provides for up to \$210.0 million initial aggregate amount of Revolving Commitments, which may be increased, from time to time, in minimum increments of \$5.0 million so long as the aggregate amount of such increases does not exceed \$100.0 million. The Operating Company may also request the issuance of Letters of Credit for up to \$15.0 million in the aggregate. The Maturity Date under the New Credit Agreement is the earlier of (i) August 4, 2021 and (ii) the date that is six months prior to the earliest scheduled maturity date of any outstanding Permitted Unsecured Indebtedness (at present, such date is December 1, 2020, which is six months prior to June 1, 2021 maturity date of outstanding 7.875% senior notes).

Table of Contents

Generally, proceeds of the Loans under the New Credit Agreement can be used to finance the working capital needs and for other general corporate purposes of the Borrowers and Guarantors, including acquisitions and distributions permitted under the New Credit Agreement. The terms and covenants of the New Credit Agreement, taken as a whole, are substantially similar to those of the Prior Credit Agreement.

The Borrowers' obligations under the New Credit Agreement are guaranteed by the Partnership and the Borrowers. Pursuant to the Guaranty Agreement, the Borrowers' obligations under the Credit Agreement are secured by a first priority lien and security interest (subject to permitted liens and security interests) in substantially all of the Partnership's and Borrowers' assets, whether then owned or thereafter acquired, excluding certain assets.

In connection with entering into the New Credit Agreement, the Partnership incurred an extinguishment of debt charge of approximately \$1.2 million pertaining to deferred financing costs on the Prior Credit Agreement.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Certain statements contained in this Form 10-Q, including, but not limited to, information regarding our operating activities, the plans and objectives of our management, and assumptions regarding our future performance and plans are forward-looking statements. When used in this Form 10-Q, the words believes, anticipates, expects and similar expressions are intended to identify forward-looking statements. Such statements are subject to certain risks and uncertainties that could cause actual results to differ materially from the results stated or implied in this Form 10-Q.

Our major risk is related to uncertainties associated with the cash flow from pre-need and at-need sales, trusts and financings, which may impact StoneMor's ability to meet its financial projections, its ability to service its debt and pay distributions, and its ability to increase its distributions. Our additional risks and uncertainties include, but are not limited to, the following: uncertainties associated with future revenue and revenue growth; uncertainties associated with the integration or anticipated benefits of recent acquisitions or any future acquisitions; our ability to complete and fund additional acquisitions; the effect of economic downturns; the impact of our significant leverage on our operating plans; the decline in the fair value of certain equity and debt securities held in trusts; our ability to attract, train and retain an adequate number of sales people; uncertainties associated with the volume and timing of pre-need sales of cemetery services and products; increased use of cremation; changes in the death rate; changes in the political or regulatory environments, including potential changes in tax accounting and trusting policies; our ability to successfully implement a strategic plan relating to achieving operating improvements, strong cash flows and further deleveraging; our ability to successfully compete in the cemetery and funeral home industry; litigation or legal proceedings that could expose us to significant liabilities and damage our reputation; the effects of cyber security attacks due to our significant reliance on information technology; uncertainties relating to the financial condition of third-party insurance companies that fund our pre-need funeral contracts; and various other uncertainties associated with the death care industry and our operations in particular.

Our risks and uncertainties are more particularly described in Item 1A. Risk Factors of our Annual Report on Form 10-K for the year ended December 31, 2015. Readers are cautioned not to place undue reliance on forward looking statements included in this Form 10-Q, which speak only as of the date hereof. Except as required by applicable laws, we undertake no obligation to update or revise forward-looking statements, whether as a result of new information, future events or otherwise.

BUSINESS OVERVIEW

We are a publicly-traded Delaware master-limited partnership (MLP) and provider of funeral and cemetery products and services in the death care industry in the United States. As of June 30, 2016, we operated 307 cemeteries in 27 states and Puerto Rico, of which 276 are owned and 31 are operated under lease, management or operating agreements. We also owned and operated 107 funeral homes in 19 states and Puerto Rico.

FINANCIAL PRESENTATION

Our consolidated balance sheets at June 30, 2016 and December 31, 2015, and the consolidated statements of operations for the three and six months ended June 30, 2016 and 2015 include our accounts and our wholly-owned subsidiaries. Accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the amounts reported in the consolidated balance sheets and related consolidated statements of operations. Actual balances and results could be different from those estimates. All intercompany transactions and balances have been eliminated in the consolidation of the financial statements.

REVENUE RECOGNITION

Cemetery Operations

Our cemetery revenues are principally derived from sales of interment rights, merchandise and services. These sales occur both at the time of death, which we refer to as at-need, and prior to the time of death, which we refer to as pre-need. Pre-need sales are typically sold on an installment plan. At-need cemetery sales and pre-need merchandise and services sales are recognized as revenue when the merchandise is delivered or the service is performed. For pre-need sales of interment rights, we recognize the associated revenue when we have collected 10% of the sales price from the customer. We consider our cemetery merchandise delivered to our customer when it is either installed or ready to be installed and delivered to a third-party storage facility until it is needed, with ownership transferred to the customer at that time. Pre-need sales that have not yet been recognized as revenue are recognized as deferred revenues, net, a liability on our consolidated balance sheet. Direct costs associated with pre-need sales that are recognized as deferred revenues, such as sales commissions and cost of goods sold, are recognized as deferred selling and obtaining costs, an asset on our consolidated balance sheet, until the merchandise is delivered or the services are performed.

Funeral Home Operations

Our funeral home revenues are principally derived from at-need and pre-need sales of merchandise and services. Pre-need sales are typically sold on an installment plan. Both at-need and pre-need funeral home sales are recognized as revenue when the merchandise is delivered or the service is performed. Pre-need sales that have not yet been recognized as revenue are recognized as deferred revenues, a liability on our consolidated balance sheet. Direct costs associated with pre-need sales that are recognized as deferred revenues, such as sales commissions and cost of goods sold, are recognized as deferred selling and obtaining costs, an asset on our consolidated balance sheet, until the merchandise is delivered or the services are performed. Our funeral home operations also include revenues related to the sale of term and final expense whole life insurance. As an agent for these insurance sales, we earn and recognize commission-related revenue streams from the sales of these policies.

Trust Investment Income

Sales of cemetery and funeral home merchandise and services are subject to state law. Under these laws, which vary by state, a portion of the cash proceeds received from the sale of interment rights and pre-need sales of cemetery and funeral home merchandise and services are required to be deposited into trusts. For sales of interment rights, a portion

of the cash proceeds received are required to be deposited into a perpetual care trust. While the principal balance of the perpetual care trust must remain in the trust in perpetuity, we recognize investment income on such assets as revenue, excluding realized gains and losses from the sale of trust assets. For sales of cemetery and funeral home merchandise and services, a portion of the cash proceeds received are required to be deposited into a merchandise trust until the merchandise is delivered or the services are performed, at which time the funds deposited, along with the associated investment income, may be withdrawn. Investment income from assets held in the merchandise trust is recognized as revenues when withdrawn. Amounts deposited into trusts are invested as recommended by our wholly-owned registered investment adviser and approved by the Trust Committee of the board of directors of our general partner, including use of investment managers. These investment managers are required to invest our trust funds in accordance with applicable state law and internal investment guidelines adopted by the Trust Committee. Our investment managers are monitored by our wholly-owned registered investment advisor, who advises the Trust Committee of asset allocations, evaluates the investment managers and provides detailed monthly reports on the performance of each merchandise and perpetual care trust.

Table of Contents**GENERAL TRENDS AND OUTLOOK**

We expect our business to be affected by key trends in the deathcare industry, based upon assumptions made by us and information currently available. Deathcare industry factors affecting our financial position and results of operations include, but are not limited to, demographic trends in terms of population growth and average age, which impacts death rates and number of deaths, increasing cremation trends, and increasing memorialization trends. In addition, we are subject to fluctuations in the fair value of equity and fixed-maturity debt securities held in our trusts. These values can be negatively impacted by contractions in the credit market and overall downturns in economic activity. Our ability to make payments on our debt and our ability to make cash distributions to our unitholders depends on our success at managing these industry trends. To the extent our underlying assumptions about or interpretations of available information prove to be incorrect, our actual results may vary materially from our expected results.

RESULTS OF OPERATIONS**Three Months Ended June 30, 2016 Compared to Three Months Ended June 30, 2015****Cemetery Operations****Overview**

We are currently the second largest owner and operator of cemeteries in the United States. At June 30, 2016, we operated 307 cemeteries in 27 states and Puerto Rico. We own 276 of these cemeteries and we manage or operate the remaining 31 under lease, operating or management agreements. Revenues from cemetery operations accounted for approximately 80.5% of our total revenues during the three months ended June 30, 2016.

Operating Results

The following table presents operating results for our cemetery operations for the respective reporting periods (in thousands):

	Three months ended June 30,	
	2016	2015
Merchandise	\$ 36,105	\$ 36,042
Services	12,984	14,591
Interest income	2,252	2,184
Investment and other	9,469	14,514
Total revenue	60,810	67,331
Cost of goods sold	9,737	9,807
Cemetery expense	17,485	19,279
Selling expense	16,391	15,769
General and administrative expense	8,993	9,192
Depreciation and amortization	2,014	1,904

Total cost and expenses	54,620	55,951
Operating income	\$ 6,190	\$ 11,380

Cemetery merchandise revenues were consistent with the prior period, with \$36.1 million for the three months ended June 30, 2016, an increase of \$0.1 million from \$36.0 million for the three months ended June 30, 2015. Cemetery services revenues were \$13.0 million for the three months ended June 30, 2016, a decrease of \$1.6 million from \$14.6 million for the three months ended June 30, 2015. This decrease was primarily due to a reduction in opening and closing service revenues. Investment and other income was \$9.5 million for the three months ended June 30, 2016, a decrease of \$5.0 million from \$14.5 million for the three months ended June 30, 2015. This was primarily attributed to a \$3.3 million decrease in merchandise trust income due to a comparatively smaller deferred merchandise trust revenue balance in the current period. There was also a \$1.0 million decrease in perpetual care trust income and a \$1.0 million decrease in excess-land sale revenues. Interest income remained consistent for the three months ended June 30, 2016 and 2015.

Table of Contents

Cost of goods sold was \$9.7 million for the three months ended June 30, 2016, a decrease of \$0.1 million from \$9.8 million for the three months ended June 30, 2015. This decrease was principally due to a \$0.1 million decrease in merchandise costs. Overall, cost of goods sold was consistent as a percentage of related revenues in both periods.

Cemetery expenses were \$17.5 million for the three months ended June 30, 2016, a decrease of \$1.8 million from \$19.3 million for the three months ended June 30, 2015. This decrease was principally due to a \$1.1 million decrease in personnel costs and a \$0.7 million decrease in repair and maintenance expenses.

Selling expenses were \$16.4 million for the three months ended June 30, 2016, an increase of \$0.6 million from \$15.8 million for the three months ended June 30, 2015. This increase was primarily due to a \$0.8 million increase in advertising and marketing costs, partially offset by a \$0.2 million decrease in personnel costs.

General and administrative expenses were \$9.0 million for the three months ended June 30, 2016, a decrease of \$0.2 million from \$9.2 million for the three months ended June 30, 2015. This decrease was primarily due to a \$0.6 million decrease in personnel costs, partially offset by a \$0.4 million increase in general overhead expenses.

Depreciation and amortization expense was consistent with the prior period, with \$2.0 million for the three months ended June 30, 2016 compared to \$1.9 million for the three months ended June 30, 2015.

Funeral Home Operations**Overview**

At June 30, 2016, we owned and operated 107 funeral homes. These properties are located in 19 states and Puerto Rico. Revenues from funeral home operations accounted for approximately 19.5% of our total revenues during three months ended June 30, 2016.

Operating Results

The following table presents operating results for our funeral home operations for the respective reporting periods (in thousands):

	Three months ended June 30,	
	2016	2015
Merchandise	\$ 6,569	\$ 6,250
Services	8,170	7,244
Total revenue	14,739	13,494
Merchandise	1,835	2,066
Service	6,151	5,703
Depreciation and amortization	858	802
Other	4,746	4,380
Total expenses	13,590	12,951

Operating income	\$	1,149	\$	543
------------------	----	-------	----	-----

Funeral home merchandise revenues were \$6.6 million for the three months ended June 30, 2016, an increase of \$0.3 million from \$6.3 million for the three months ended June 30, 2015. Funeral home service revenues were \$8.2 million for the three months ended June 30, 2016, an increase of \$1.0 million from \$7.2 million for the three months ended June 30, 2015. The increases were mostly due to increases in casket and at-need service revenue, respectively, primarily due to the locations acquired in the last twelve months.

Table of Contents

Funeral home expenses were \$13.6 million for the three months ended June 30, 2016, an increase of \$0.6 million from \$13.0 million for the three months ended June 30, 2015. This increase principally consists of a \$0.4 million increase in personnel costs primarily due to the locations acquired in the last twelve months and a \$0.2 million increase in costs associated with insurance-related sales.

Corporate Overhead

Corporate overhead was \$9.7 million for the three months ended June 30, 2016, a decrease of \$0.7 million from \$10.4 million for the three months ended June 30, 2015. This decrease was principally due to a \$0.7 million decrease in personnel costs.

Corporate Depreciation and Amortization

Depreciation and amortization expense was consistent with the prior period, with \$0.3 million for the three months ended June 30, 2016, an increase of \$0.1 million from \$0.2 million for the three months ended June 30, 2015.

Other Gains and Losses

In the second quarter of 2016, we obtained additional information related to two of the acquisitions that closed during 2015. The changes resulted in an adjustment to the gain on acquisition recognized during the year ended December 31, 2015, reducing the gain by \$0.8 million via a loss recognized in the current period in accordance with GAAP. Also, we sold a warehouse during the period for a gain of \$1.3 million, of which \$0.7 million was deferred in accordance with sale-leaseback accounting.

Interest Expense

Interest expense was relatively consistent with the prior period, with \$5.7 million for the three months ended June 30, 2016, a decrease of \$0.1 million from \$5.8 million for the three months ended June 30, 2015.

Income Tax Expense

Income tax expense was \$0.5 million for the three months ended June 30, 2016, an increase of \$0.2 million from \$0.3 million for the three months ended June 30, 2015. Our effective tax rate differs from our statutory tax rate primarily because our legal entity structure includes different tax filing entities, including a significant number of partnerships that are not subject to paying tax.

Six Months Ended June 30, 2016 Compared to Six Months Ended June 30, 2015

Cemetery Operations

Operating Results

Revenues from cemetery operations accounted for approximately 79.3% of our total revenues during the six months ended June 30, 2016. The following table presents operating results for our cemetery operations for the respective reporting periods (in thousands):

Table of Contents

	Six months ended June 30,	
	2016	2015
Merchandise	\$ 67,080	\$ 62,979
Services	25,816	28,501

Selling expense	30,967	29,679
General and administrative expense	18,197	18,521
Depreciation and amortization	3,984	3,810
Total cost and expenses	104,783	104,444
Operating income	\$ 14,286	\$ 15,044

Cemetery merchandise revenues were \$67.1 million for the six months ended June 30, 2016, an increase of \$4.1 million from \$63.0 million for the six months ended June 30, 2015. The increase is principally due to a combined \$4.7 million increase in recognized sales of markers and mausoleums, partially offset by decreases in recognized sales of crypts and niches of approximately \$0.6 million. Cemetery services revenues were \$25.8 million for the six months ended June 30, 2016, a decrease of \$2.7 million from \$28.5 million for the six months ended June 30, 2015. This decrease was primarily due to a reduction in opening and closing service revenues. Investment and other income was \$21.7 million for the six months ended June 30, 2016, a decrease of \$1.9 million from \$23.6 million for the six months ended June 30, 2015. This decrease was primarily due to a \$3.0 million decrease in merchandise trust income attributable to a comparatively smaller deferred merchandise trust revenue balance in the current period and a \$0.2 million decrease in perpetual care trust income, partially offset by \$0.6 million increase in excess-land sale revenues with the remaining increase in miscellaneous income. Interest income remained consistent for both the six months ended June 30, 2016 and 2015.

Cost of goods sold was \$18.3 million for the six months ended June 30, 2016, an increase of \$1.4 million from \$16.9 million for the six months ended June 30, 2015. This increase consisted principally of a \$0.2 million increase in perpetual care costs and a \$1.2 million increase in merchandise costs, related to the increase in interment right and marker revenues, and other changes in the value and mix of products.

Cemetery expenses were \$33.3 million for the six months ended June 30, 2016, a decrease of \$2.2 million from \$35.5 million for the six months ended June 30, 2015. This decrease was principally due to a \$1.7 million decrease in personnel costs and a \$0.5 million decrease in repair and maintenance expenses.

Selling expenses were \$31.0 million for the six months ended June 30, 2016, an increase of \$1.3 million from \$29.7 million for the six months ended June 30, 2015. This increase was primarily due to a \$0.4 million increase in personnel costs and a \$0.9 million increase in advertising and marketing costs.

General and administrative expenses were \$18.2 million for the six months ended June 30, 2016, a decrease of \$0.3 million from \$18.5 million for the six months ended June 30, 2015. This decrease was primarily due to a \$1.1 million decrease in personnel costs, \$0.1 million decrease in insurance costs, partially offset by a \$0.9 million increase in

general overhead expenses.

Depreciation and amortization expense was relatively consistent with the prior period, with \$4.0 million for the six months ended June 30, 2016 compared to \$3.8 million for the six months ended June 30, 2015.

Table of Contents**Funeral Home Operations****Operating Results**

Revenues from funeral home operations accounted for approximately 20.7% of our total revenues during six months ended June 30, 2016. The following table presents operating results for our funeral home operations for the respective reporting periods (in thousands):

	Six months ended June 30,	
	2016	2015
Merchandise	\$ 14,025	\$ 13,325

Other	9,886	8,561
Total expenses	28,207	25,900
Operating income	\$ 2,855	\$ 2,854

Funeral home merchandise revenues were \$14.0 million for the six months ended June 30, 2016, an increase of \$0.7 million from \$13.3 million for the six months ended June 30, 2015. Funeral home service revenues were \$17.0 million for the six months ended June 30, 2016, an increase of \$1.6 million from \$15.4 million for the six months ended June 30, 2015. The overall increase was largely due to the locations acquired in the last twelve months, specifically with increases in casket and at-need service revenue, respectively.

Funeral home expenses were \$28.2 million for the six months ended June 30, 2016, an increase of \$2.3 million from \$25.9 million for the six months ended June 30, 2015. This increase principally consists of a \$1.4 million increase in personnel costs primarily due to the locations acquired in the last twelve months and a \$0.5 million increase in costs associated with insurance-related sales.

Corporate Overhead

Corporate overhead was \$20.0 million for the six months ended June 30, 2016, an increase of \$0.5 million from \$19.5 million for the six months ended June 30, 2015. This increase was principally due to a \$2.6 million increase in acquisition-related costs, partially offset by a \$1.3 million decrease in personnel costs, a \$0.3 million decrease in professional fees and a \$0.5 million decrease in advertising and marketing costs due to improved expense management. Acquisition costs may vary from period to period depending on the amount of acquisition activity that takes place.

Corporate Depreciation and Amortization

Depreciation and amortization expense was consistent with the prior period, with \$0.5 million for the six months ended June 30, 2016 and 2015.

Other Gains and Losses

In the second quarter of 2016, we obtained additional information related to two of the acquisitions that closed during 2015. The changes resulted in an adjustment to the gain on acquisition recognized during the year ended December 31, 2015, reducing the gain by \$0.8 million via a loss recognized in the current period in accordance with GAAP. Also, we sold a warehouse during the period for a total gain of \$1.3 million, of which \$0.7 million was deferred in accordance with sale-leaseback accounting. In addition, a cease-use expense of \$0.5 million was recorded due to the relocation of corporate headquarters to Trevose, Pennsylvania. We also sold a funeral home building and related real property for a net loss of \$0.4 million.

Interest Expense

Interest expense was \$11.5 million for the six months ended June 30, 2016, an increase of \$0.3 million from \$11.2 million for the six months ended June 30, 2015. This increase was principally due to an increase in interest expense on amounts outstanding under the credit facility, which had higher average amounts outstanding during the current period than the comparable period.

Table of Contents**Income Tax Expense**

Income tax expense was \$0.8 million for the six months ended June 30, 2016, an increase of \$0.4 million from \$0.4 million for the six months ended June 30, 2015. Our effective tax rate differs from our statutory tax rate primarily because our legal entity structure includes different tax filing entities, including a significant number of partnerships that are not subject to paying tax.

LIQUIDITY AND CAPITAL RESOURCES**General**

Our primary sources of liquidity are cash generated from operations, borrowings under our revolving credit facility and capital raised through the issuance of additional limited partner units. As an MLP, our primary cash requirements, in addition to normal operating expenses, are for cash distributions, debt service and capital expenditures. In general, we expect to fund:

cash distributions in accordance with our partnership agreement and maintenance capital expenditures through available cash and cash flows from operating activities;

expansion capital expenditures and working capital deficits through cash generated from operations and additional borrowings; and

debt service obligations through additional borrowings or by the issuance of additional limited partner units or asset sales.

We rely on cash flow from operations, borrowings under our credit facility and the issuance of additional limited partner units to execute our growth strategy and meet our financial commitments and other short-term financial needs. We cannot be certain that additional capital will be available to us to the extent required and on acceptable terms.

We believe that we will have sufficient liquid assets, cash from operations and borrowing capacity to meet our financial commitments, debt service obligations, contingencies and anticipated capital expenditures for at least the next twelve-month period. However, we are subject to business, operational and other risks that could adversely affect our cash flow. We may supplement our cash generation with proceeds from financing activities, including borrowings under our credit facility and other borrowings, the issuance of additional limited partner units, and the sale of assets and other transactions.

Table of Contents**Cash Flows - Six Months Ended June 30, 2016 Compared to Six Months Ended June 30, 2015**

Net cash flows provided by operating activities were \$8.5 million during the six months ended June 30, 2016, an increase of \$4.5 million from \$4.0 million during the six months ended June 30, 2015. The \$4.5 million favorable movement in net cash provided by operating activities resulted from a \$6.2 million favorable movement in working capital and a \$1.7 million unfavorable movement in net income excluding non-cash items. The favorable movement in working capital was principally due to larger withdrawals from and smaller realized gains in our merchandise trusts. The unfavorable movement in net income excluding non-cash items was due principally to our cemetery operations.

Net cash used in investing activities was \$7.2 million during the six months ended June 30, 2016, a decrease of \$0.1 million from \$7.3 million during the six months ended June 30, 2015. Net cash used in investing activities during the six months ended June 30, 2016 consisted of \$7.5 million for capital expenditures and \$1.5 million for acquisitions, partially offset by proceeds from asset sales of \$1.8 million. Net cash used in investing activities during the six months ended June 30, 2015 principally consisted of \$7.3 million for capital expenditures.

Net cash flows used in financing activities were \$7.0 million for the six months ended June 30, 2016 compared to net cash flows provided by financing activities of \$6.3 million for the six months ended June 30, 2015. Cash flows used in financing activities during the six months ended June 30, 2016 consisted primarily of cash distributions of \$44.7 million and \$36.5 million of net repayments of debt, partially offset by \$74.5 million of net proceeds from the issuance of common units. Cash flows provided by financing activities during the six months ended June 30, 2015 consisted primarily of \$42.6 million of net borrowings, partially offset by cash distributions of \$36.3 million.

Capital Expenditures

Our capital requirements consist primarily of:

Expansion capital expenditures we consider expansion capital expenditures to be capital expenditures that expand the capacity of our existing operations; and

Maintenance capital expenditures we consider maintenance capital expenditures to be any capital expenditures that are not expansion capital expenditures generally, this will include expenditures to maintain our facilities.

The following table summarizes maintenance and expansion capital expenditures, excluding amounts paid for acquisitions, for the periods presented (in thousands):

	Three months ended June 30,		Six months ended June 30,	
	2016	2015	2016	2015
Maintenance capital expenditures	\$ 1,289	\$ 2,065	\$ 4,293	\$ 3,379
Expansion capital expenditures	1,655	2,370	3,211	3,871
Total capital expenditures	\$ 2,944	\$ 4,435	\$ 7,504	\$ 7,250

Issuance of Common Units

During the six months ended June 30, 2016, we issued 903,682 common units under the ATM program for net proceeds of \$23.0 million.

On April 20, 2016, we completed a follow-on public offering of 2,000,000 common units at a public offering price of \$23.65 per unit. Additionally, the underwriters exercised their option to purchase an additional 300,000 common units. The offering resulted in net proceeds, after deducting underwriting discounts and offering expenses, of \$51.5 million. The proceeds from the offering were used to pay down outstanding indebtedness under the Credit Facility.

Long-Term Debt

Credit Facility

We are a party to the Fourth Amended and Restated Credit Agreement, as amended (the *Credit Agreement*), which provides for a single revolving credit facility of \$180.0 million (the *Credit Facility*) maturing on December 19, 2019. Additionally, the *Credit Agreement* provides for an uncommitted ability to increase the *Credit Facility* by an additional \$70.0 million. Our obligations under the *Credit Facility* are secured by substantially all of our assets, excluding those held in trust. Borrowings under the *Credit Facility* are classified as either acquisition draws or working capital draws. Acquisition draws may be utilized to finance permitted acquisitions, the purchase and construction of mausoleums and related costs or the net amount of merchandise trust deposits. Working capital draws may be utilized to finance working capital requirements, capital expenditures and for other general corporate purposes. The amount of the *Credit Facility* that is available for working capital draws is subject to a borrowing formula equal to 85% of eligible accounts receivable, as defined within the *Credit Agreement*. At June 30, 2016, the amount available under the *Credit Facility* for working capital advances under this limit was \$143.9 million, of which \$68.0 million was outstanding at June 30, 2016.

Each individual acquisition draw is subject to equal quarterly amortization of the principal amount, with annual principal payments comprised of ten percent of the related advance amount, commencing on the second anniversary of such advance, with the remaining principal due on December 19, 2019, subject to certain mandatory prepayment requirements. Up to \$10.0 million of the *Credit Facility* may be in the form of standby letters of credit, of which there were \$6.5 million outstanding at June 30, 2016 and none outstanding at December 31, 2015.

Borrowings under the *Credit Facility* bear interest, at our election, at either an adjusted LIBOR rate plus an applicable margin between 2.25% and 4.00% per annum or the base rate (which is the higher of the bank's prime rate, the Federal funds rate plus 0.5% or one-month LIBOR plus 1.00%) plus an applicable margin between 1.25% and 3.00% per annum. We are also required to pay a fee on the unused portion of the *Credit Facility* at a rate between 0.375% and 0.8% per annum, which is included within interest expense on our consolidated statements of operations. At June 30, 2016, the weighted average interest rate on outstanding borrowings under the *Credit Facility* was 4.4%.

The *Credit Agreement* contains customary covenants that limit our ability to incur additional indebtedness, grant liens, make loans or investments, make cash distributions if a default exists or would result from the distribution, merger or consolidation with other persons, or engage in certain asset dispositions including the sale of all or substantially all of its assets. We were in compliance with these covenants as of June 30, 2016. The *Credit Agreement* also requires us to maintain:

Consolidated EBITDA (as defined in the *Credit Agreement*), calculated over a period of four consecutive fiscal quarters, to be no less than the sum of (i) \$80.0 million plus (ii) 80% of the aggregate Consolidated EBITDA for each permitted acquisition completed after June 30, 2014;

the ratio of Consolidated EBITDA (as defined in the *Credit Agreement*) to Consolidated Debt Service (as defined in the *Credit Agreement*), calculated over a period of four fiscal quarters, or the Consolidated Debt Service Coverage Ratio, of not less than 2.50 to 1.00 for any period; and

the ratio of Consolidated Funded Indebtedness (as defined in the Credit Agreement) to Consolidated EBITDA (as defined in the Credit Agreement), calculated over a period of four fiscal quarters, or the Consolidated Leverage Ratio, of not greater than 4.00 to 1.00 for any period.

Senior Notes

On May 28, 2013, we issued \$175.0 million aggregate principal amount of 7.875% Senior Notes due 2021 (the Senior Notes). We pay 7.875% interest per annum on the principal amount of the Senior Notes, payable in cash semi-annually in arrears on June 1 and December 1 of each year. The net proceeds from the offering were used to retire a \$150.0 million aggregate principal amount of 10.25% Senior Notes due 2017 and the remaining proceeds were used for general corporate purposes. The Senior Notes were issued at 97.832% of par resulting in gross proceeds of \$171.2 million with an original issue discount of approximately \$3.8 million. We incurred debt issuance costs and fees of approximately \$4.6 million. These costs and fees are deferred and are being amortized over the life of these notes. The Senior Notes mature on June 1, 2021.

At any time on or after June 1, 2016, we may redeem the Senior Notes, in whole or in part, at the redemption prices (expressed as percentages of the principal amount) set forth below, together with accrued and unpaid interest, if any, to the redemption date, if redeemed during the 12-month period beginning June 1 of the years indicated:

Table of Contents

Year	Percentage
2016	105.906%
2017	103.938%
2018	101.969%
2019 and thereafter	100.000%

Subject to certain exceptions, upon the occurrence of a Change of Control (as defined in the Indenture), each holder of the Senior Notes will have the right to require us to purchase that holder's Senior Notes for a cash price equal to 101% of the principal amounts to be purchased, plus accrued and unpaid interest.

The Senior Notes are jointly and severally guaranteed by certain of our material subsidiaries. The Indenture governing the Senior Notes contains covenants, including limitations of our ability to incur certain additional indebtedness and liens, make certain dividends, distributions, redemptions or investments, enter into certain transactions with affiliates, make certain asset sales, and engage in certain mergers, consolidations or sales of all or substantially all of our assets, among other items. As of June 30, 2016, we were in compliance with these covenants.

Cash Distribution Policy

Our partnership agreement requires that we distribute 100% of available cash to our common unitholders and general partner within 45 days following the end of each calendar quarter in accordance with their respective percentage interests. Available cash consists generally of all of our cash receipts, less cash disbursements. Our general partner is granted discretion under the partnership agreement to establish, maintain and adjust reserves for future operating expenses, debt service, maintenance capital expenditures and distributions for the next four quarters. These reserves are not restricted by magnitude, but only by type of future cash requirements with which they can be associated.

Available cash is distributed to the common limited partners and the general partner in accordance with their ownership interests, subject to the general partner's incentive distribution rights if quarterly cash distributions per limited partner unit exceed specified targets. Incentive distribution rights are generally defined as all cash distributions paid to our general partner that are in excess of its general partner ownership interest. The incentive distribution rights will entitle our general partner to receive the following increasing percentage of cash distributed by us as it reaches certain target distribution levels:

13.0% of all cash distributed in any quarter after each common unit has received \$0.5125 for that quarter;

23.0% of all cash distributed in any quarter after each common unit has received \$0.5875 for that quarter;
and

48.0% of all cash distributed in any quarter after each common unit has received \$0.7125 for that quarter.

Agreements with the Archdiocese of Philadelphia

In accordance with the lease and management agreements with the Archdiocese of Philadelphia, we have agreed pay to the Archdiocese aggregate fixed rent of \$36.0 million in the following amounts:

Edgar Filing: STONEMOR PARTNERS LP - Form 10-Q

Lease Years 1-5	None
Lease Years 6-20	\$1,000,000 per Lease Year
Lease Years 21-25	\$1,200,000 per Lease Year
Lease Years 26-35	\$1,500,000 per Lease Year
Lease Years 36-60	None

The fixed rent for lease years 6 through 11 shall be deferred. If the Archdiocese terminates the agreements pursuant to a lease year 11 termination or we terminate the agreements as a result of a default by the Archdiocese, prior to the end of lease year 11, the deferred fixed rent shall be retained by us. If the agreements are not terminated, the deferred fixed rent shall become due and payable 30 days after the end of lease year 11.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires making estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of actual revenue and expenses during the reporting period. Although we base our estimates on historical experience and various other assumptions that we believe to be reasonable under the circumstances, actual results may differ from the estimates on which our financial statements are prepared at any given point of time. Changes in these estimates could materially affect our financial position, results of operations or cash flows. Significant items that are subject to such estimates and assumptions include revenue and expense accruals, fair value of merchandise and perpetual care trusts assets, merchandise liability balance and the allocation of purchase price to the fair value of assets acquired. A discussion of our significant accounting policies we have adopted and followed in the preparation of our consolidated financial statements was included in our Annual Report on Form 10-K for the year ended December 31, 2015, and we summarize our significant accounting policies within our consolidated financial statements included in Note 1 under Item 1 of this Form 10-Q.

Table of Contents**ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK**

The primary objective of the following information is to provide forward-looking quantitative and qualitative information about our potential exposure to market risks. The term market risk refers to the risk of gains or losses arising from changes in interest rates and prices of marketable securities. The disclosures are not meant to be precise indicators of expected future gains or losses, but rather indicators of reasonably possible gains or losses. This forward-looking information provides indicators of how we view and manage our ongoing market risk exposures. All of our market risk-sensitive instruments were entered into for purposes other than trading.

INTEREST-BEARING INVESTMENTS

Our fixed-income securities subject to market risk consist primarily of certain investments in our merchandise trusts and perpetual care trusts. As of June 30, 2016, the fair value of fixed-income securities in our merchandise trusts and perpetual care trusts represented 1.8% and 4.4%, respectively, of the fair value of total trust assets. The aggregate of the quoted fair value of these fixed-income securities was \$8.8 million and \$14.0 million in the merchandise trusts and perpetual care trusts, respectively, as of June 30, 2016. Holding all other variables constant, a hypothetical 1% change in variable interest rates on these fixed-income securities would change the fair market value of the assets in our merchandise trusts and perpetual care trusts each by approximately \$0.1 million, based on discounted expected future cash flows. If these securities are held to maturity, no change in fair market value will be realized. Our money market and other short-term investments subject to market risk consist primarily of certain investments in our merchandise trusts and perpetual care trusts. As of June 30, 2016, the fair value of money market and short-term investments in our merchandise trusts and perpetual care trusts represented 5.8% and 11.2%, respectively, of the fair value of total trust assets. The aggregate of the quoted fair value of these money market and short-term investments was \$28.6 million and \$35.9 million in the merchandise trusts and perpetual care trusts, respectively, as of June 30, 2016. Holding all other variables constant, a hypothetical 1% change in variable interest rates on these money market and short-term investments would change the fair market value of the assets in our merchandise trusts and perpetual care trusts by approximately \$0.3 million and \$0.4 million respectively, based on discounted expected future cash flows.

MARKETABLE EQUITY SECURITIES

Our marketable equity securities subject to market risk consist primarily of certain investments held in our merchandise trusts and perpetual care trusts. These assets consist of investments in both individual equity securities as well as closed and open-ended mutual funds. As of June 30, 2016, the fair value of marketable equity securities in our merchandise trusts and perpetual care trusts represented 8.0% and 0.6%, respectively, of the fair value of total trust assets. The aggregate of the quoted fair market value of these marketable equity securities was \$39.7 million and \$2.1 million in our merchandise trusts and perpetual care trusts, respectively, as of June 30, 2016, based on final quoted sales prices. Holding all other variables constant, a hypothetical 10% change in average market prices of the equity securities would change the fair market value of the assets in our merchandise trusts and perpetual care trusts by approximately \$4.0 million and \$0.2 million, respectively. As of June 30, 2016, the fair value of marketable closed and open-ended mutual funds in our merchandise trusts represented 76.1% of the fair value of total trust assets, 64.2% of which pertained to fixed-income mutual funds. As of June 30, 2016, the fair value of closed and open-ended mutual funds in our perpetual care trusts represented 62.0% of total trust assets, 80.4% of which pertained to fixed-income mutual funds. The aggregate of the quoted fair market value of these closed and open-ended mutual funds was \$376.4 million and \$199.6 million, respectively, in the merchandise trusts and perpetual care trusts as of June 30, 2016, of which \$241.6 million and \$160.4 million, respectively, pertained to fixed-income mutual funds. Holding all other variables constant, a hypothetical 10% change in the average market prices of the closed and open-ended mutual funds would change the fair market value of the assets in our merchandise trusts and perpetual care trusts by approximately \$37.6 million and \$20.0 million, respectively. As of June 30, 2016, the fair value of other investment funds in our merchandise trusts and perpetual care trusts represented 5.6% and 21.6%, respectively, of the fair value of total trust

assets. The fair market value of the holdings in these funds was \$27.6 million and \$69.5 million in our merchandise trusts and perpetual care trusts, respectively, as of June 30, 2016, based on net asset value quotes. Holding all other variables constant, a hypothetical 10% change in the average net asset value quotes would change the fair market value of the assets in our merchandise trusts and perpetual care trusts by approximately \$2.8 million and \$7.0 million, respectively.

DEBT INSTRUMENTS

Our Credit Facility bears interest at a floating rate, based on LIBOR, which is adjusted quarterly. This subjects us to increases in interest expense resulting from movements in interest rates. As of June 30, 2016, we had \$112.5 million of borrowings outstanding under our Credit Facility, which generally bears interest at a variable rate. Holding all other variables constant, a hypothetical 1% change in variable interest rates would change our consolidated interest expense for the six-month period ending June 30, 2016 by approximately \$0.6 million.

ITEM 4. CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in the reports that we file or submit under the Securities Exchange Act of 1934, as amended (the Exchange Act), is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of our Disclosure Committee and management, including our Chief Executive Officer and our Chief Financial Officer, of the effectiveness of our disclosure controls and procedures pursuant to Exchange Act Rule 13a-15(b). Based upon, and as of the date of this evaluation, our Chief Executive Officer and our Chief Financial Officer concluded that our disclosure controls and procedures were effective to provide reasonable assurance that information we are required to disclose in our reports under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

There have been no changes in our internal control over financial reporting that occurred during our most recent fiscal quarter ended June 30, 2016 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
