Item 1.01 Entry into a Material Definitive Agreement

The business strategy of SunLink Health Systems, Inc. (SunLink or the Company) is to focus its efforts on improving internal operations of its existing its pharmacy business and healthcare facilities and on the sale or disposition of its underperforming assets. The Company considers dispositions of facilities and operations based on a variety of factors in addition to under-performance, including asset values, return on investments and competition from existing and potential competitors, capital improvement needs, prevailing reimbursement rates for drugs and medical services under various Federal and state programs (e.g., Medicare and Medicaid) and by private payors, corporate strategy and other corporate objectives. The Company also is considering, subject to available funds, potential healthcare facility upgrades and improvements.

On August 19, 2016, the Company s Southern Health Corporation of Dahlonega, (Dahlonega) d/b/a Chestatee Regional Hospital (Chestatee) subsidiary sold substantially all of the assets and certain liabilities of Chestatee Regional Hospital (Chestatee) in Dahlonega, Georgia through an Asset Purchase Agreement (the Agreement) with Durall Capital Holdings, LLC (Buyer) for \$15,000,000 subject to adjustment for the book value of certain assets purchased and certain liabilities assumed at the sale date. A portion of the net proceeds will be allotted for the payment of debt and the balance will retained for working capital and general corporate purposes.

As of the June 30, 2015 balance sheet, the total assets sold by Chestatee were approximately 15.87% percent of SunLink s total assets and, accordingly, constituted the disposition of discontinued operations under ASC 205, Presentation of Financial Statements, and ASC 360, Property, Plant, and Equipment.
