PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

October 6, 2016

GENERAL INFORMATION

These proxy materials are provided in connection with the solicitation by the Board of Directors (the **Board**) of proxies to be used at the Annual Meeting of Shareholders (the **Annual Meeting**) of Neogen Corporation (the **Company**) to be held on Thursday, October 6, 2016 at 10:00 a.m., Eastern Time, at the University Club of Michigan State University, located at 3435 Forest Road, Lansing, Michigan 48910, and at any adjournment of the meeting. The solicitation will begin on or about August 31, 2016.

There are three proposals scheduled to be voted on at the Annual Meeting:

Election of four Directors;

Proposal to approve by non-binding vote, the compensation of executives; and

Ratification of the appointment of BDO USA, LLP as the Company's independent registered public accounting firm for 2017.

Revocation of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its exercise by the filing of a written notice of revocation with our Secretary, by delivering to our Secretary a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person.

Voting and Solicitation

All shares represented by a properly executed proxy will be voted unless the proxy is revoked. If a choice is specified, it will be voted in accordance with that specification. If no choice is specified, the proxy holders will vote the shares in accordance with the recommendations of the Board, which are set forth with the discussion of each matter later in this Proxy Statement. With respect to any matter not set forth on the proxy card that properly comes before the Annual Meeting, the proxy holders named in the proxy card will vote as the Board recommends or, if the Board makes no recommendation, at the Board's discretion.

In summary, the Board recommends that you vote:

FOR the election of the nominees for Directors;

FOR the proposal to approve, by non-binding vote, the compensation of executives; and

Edgar Filing: NEOGEN CORP - Form DEF 14A

FOR ratification of the appointment of BDO USA, LLP (BDO) as the Company 's independent registered public accounting firm for 2017.

All shareholders at the close of business on August 9, 2016, the record date for the meeting, are entitled to vote at the meeting. On August 9, 2016 there were 37,628,898 shares of the Company 's common stock

Table of Contents

outstanding. For each proposal, each shareholder is entitled to one vote for each share of the Company's common stock owned at that time.

If you are a shareholder of record, you may vote by mail by completing, dating and signing your proxy card and mailing it in the envelope provided. You should sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as officer of a corporation, guardian, executor, trustee or custodian) you should indicate your name and title or capacity. You may also vote via the internet or telephone. Your proxy card will contain instructions for voting utilizing either of these methods.

You may also vote in person at the Annual Meeting or may be represented by another person at the meeting after designating that person by executing a proper proxy.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of shares held in street name. As the beneficial owner, you will receive instructions from the street name holder that you must follow in order to have your shares voted.

If your shares are held in street name and you wish to vote in person at the meeting, you must obtain a proxy issued in your name from the street name holder.

If you are a beneficial owner of shares held in street name, you may submit new voting instructions by contacting your brokerage firm, bank or other holder of record.

A broker non-vote occurs when a shareholder holds his or her stock through a broker and the broker does not vote those shares. This usually occurs because the broker has not received timely voting instructions from the shareholder and the broker does not have discretionary voting power for the particular item upon which the vote is taken. Under applicable law and the New York Stock Exchange (the NYSE) rules and regulations, brokers have the discretion to vote on routine matters, such as the ratification of the appointment of the Company's independent auditors. The election of Directors and the advisory vote on the Company's compensation arrangements are not considered to be routine matters under applicable NYSE rules.

It is important that you instruct your broker how to vote shares held by you in street name using the vote instruction form provided by your broker. Your broker should vote your shares as you direct if you provide timely instructions on how to vote by following the information provided to you by your broker.

A plurality of the shares voting is required to elect Directors. This means that the nominees who receive the most votes will be elected to the open Director positions. In counting votes on the election of Directors, abstentions, broker non-votes and other shares not voted will be counted as not voted.

The proposals to approve by non-binding vote the compensation of executives and the ratification of the appointment of BDO as the independent registered public accounting firm for 2017 will be approved if a quorum is present for the conduct of business and a majority of the shares voted at the meeting are voted in favor of the proposal.

As to the election of Directors, the three Class II nominees who receive the greatest number of votes will be elected to a three-year term and the Class I nominee who receives the greatest number of votes will be elected for the remaining two years in the current Class I Director term. In accordance with the Company's Governance guidelines, in an uncontested election (i.e., an election where the only nominees are those recommended by the Board of Directors), any nominee for Director who receives a greater number of votes withheld from his or her election than votes for such election (a Majority Withheld Vote) shall promptly tender his or her resignation to the Board of Directors for consideration in accordance with the procedures described below, following certification of the shareholder vote. The Governance Committee (the Governance Committee) of the Board shall promptly consider the resignation offer and recommend to the Board action with respect to the tendered

Table of Contents

resignation, which may include accepting the resignation, rejecting the resignation but addressing the underlying cause of the withheld votes, determining not to re-nominate the Director in the future, or any other action the Governance Committee deems to be appropriate and in the best interests of the Company.

In considering what action to recommend with respect to the tendered resignation, the Governance Committee will take into account all factors deemed relevant by the members of the Governance Committee including, without limitation, any stated reasons why shareholders withheld votes for election from such Director, the length of service and qualifications of the Director whose resignation has been tendered, the overall composition of the Board of Directors, the Director's contributions to the Company, the mix of skills and backgrounds on the Board of Directors, whether accepting the tendered resignation would cause the Company to fail to meet any applicable requirements of the Securities and Exchange Commission (the SEC) or NASDAQ Global Select Market (NASDAQ), and the Company's Governance Guidelines. The Board will act on the Governance Committee's recommendation no later than 90 days following certification of the shareholder vote. In considering the Governance Committee's recommendation, the Board will consider the factors and possible actions considered by the Governance Committee and such additional information, factors and possible actions as the Board believes to be relevant or appropriate. To the extent that one or more Directors' resignations are accepted by the Board, the Governance Committee will recommend to the Board whether to fill such vacancy or vacancies or to reduce the size of the Board.

Table of Contents**PROPOSALS FOR SHAREHOLDER ACTION****PROPOSAL 1 ELECTION OF DIRECTORS**

The Company's Bylaws provide that the Company shall have at least five and no more than nine directors, with the exact number to be determined by the Board. The Board is currently comprised of eight directors, and one Board seat is vacant. The directors are classified into three classes to serve for the terms set forth next to their names or until their successors have been duly qualified and elected.

Unless otherwise instructed, proxy holders will vote the proxies received by them for the election of the nominees named below. Two of the four nominees for director are currently Directors of the Company. The term of Dr. Clayton K. Yeutter, a Class II Director, expires at the Annual Meeting; Dr. Yeutter has elected not to pursue an additional term on the Board of Directors. Dr. Boehm and Mr. Parnell are currently members of the Board. James P. Tobin has been selected by the Board as the nominee for the open Board seat in this class. Richard T. Crowder resigned from the Board in April 2016; his Class I term expires in October 2018. James C. Borel has been presented by the Board as the nominee for the open Board seat in this class. If any nominee becomes unavailable for any reason, it is intended that the proxies will be voted for a substitute nominee designated by the Board. The Board has no reason to believe that the nominees named will be unable to serve if elected. Any vacancy occurring on the Board for any reason may be filled by vote of a majority of the Directors then in office for the full term of the class in which the vacancy occurs.

Table of Contents

The following is a brief summary of the business experience for at least the past five years of each of the nominees and for the current members of the Board.

Nominees for the Board of Directors:

Dr. William T Boehm is a retired Senior Vice President of The Kroger Co. and former Senior Economist for the President's Council of Economic Advisors under President Carter. Dr. Boehm joined Kroger in 1981 as Director of Economic Research and held positions of increasing responsibility with that company until his retirement in 2008. During the 1990's, he held senior executive positions in both Procurement and Logistics and was made Senior Vice President and a Corporate Officer. In 2004, Dr. Boehm was promoted to President of the Kroger Manufacturing Division. He served on the Board of Greatwide Logistics, a logistics services company, from 2009-2015 and currently serves on the boards of FLM+, a strategic planning, issues management and advertising firm working exclusively with farm and food clients, and GLK Foods, a producer, processor and marketing company specializing in sauerkraut. He remains active in professional associations and academia. Dr. Boehm's wealth of experience in agriculture and virtually all aspects of the food service industry make him well qualified to serve on the Board.

Jack C. Parnell was elected to the Board in October 1993 and was elected Chairman of the Board in October 2001. In 2006, Mr. Parnell resigned as Chairman, but remained a Director. Since 1991, he has held the position of Governmental Relations Advisor with the law firm of Kahn, Soares and Conway in Sacramento, California. In 1989, Mr. Parnell was appointed by President George H. W. Bush to serve as Deputy Secretary of the U.S. Department of Agriculture. From 1983 to 1989, he served in three different senior governmental positions for the state of California, including Secretary of the California Department of Food and Agriculture from 1987 to 1989. Mr. Parnell's service in senior governmental positions in the state of California and U.S. Department of Agriculture allows him to uniquely advise the Board and management on matters of government relations and regulation. It is because of this experience as well as his general business knowledge that he is most valuable as a member of the Board.

James C. Borel retired from DuPont in early 2016 where he was Executive Vice President since 2009 and a member of DuPont's Office of the Chief Executive, with responsibility for the agriculture and food ingredients businesses of DuPont as well as the corporate functions of Sustainability and Government Affairs. He has over 38 years of experience in the global agriculture and food industry, with extensive international experience including three assignments abroad and responsibilities extending beyond the U.S. for over 25 years. Mr. Borel is a member of the board of directors of Farmers Edge, and of the board of advisors for River Glen Venture Partners and Arsenal Capital Partners as well as the board of trustees of the University of Delaware, the Farm Foundation, and the Alpha Gamma Rho Educational Foundation, and is a past chair of the board of trustees for the National 4-H Council. His knowledge of the agricultural and food industries, and his international experience will bring significant value to the Board.

James P. Tobin spent more than 31 years with Monsanto, beginning his career in 1983 and holding leadership roles across the company, including positions in sales management, marketing, new product development and industry affairs, before retiring in 2014. His final leadership role was as Vice President, Industry Affairs. He has worked to advance agriculture through leadership roles in key organizations, including serving as Chairman of the American Seed Trade Association from 2005 to 2006. He has also supported youth in agriculture, focusing on leadership development through his work with the Missouri and National 4-H Foundations. He has held leadership positions with the U.S. Grain Council, the FarmHouse Fraternity Foundation and the Farm Foundation Roundtable. His knowledge of the agricultural industry and his business acumen will bring significant value to the Board.

The Board recommends a vote FOR the above nominees.

Other current members of the Board:

A. Charles Fischer served as President and CEO of Dow AgroSciences and as a member of Dow Chemical Company's Executive Management Team until his retirement in 2004. He was elected to the Board of the

Table of Contents

Company in October 2006. Mr. Fischer's career with Dow Chemical spanned 37 years and included assignments in South America, Europe, the Middle East and Africa. He served as president of CropLife International and CropLife America, as chairman of the National FFA Foundation and was associated in various capacities with the Central Indiana Life Sciences Initiative and the Biotechnology Industry Organization. Mr. Fischer's management experience, and in particular his international experience, is highly valued by the Board.

Dr. Ronald D. Green was appointed Chancellor of the University of Nebraska-Lincoln in April 2016. Prior to that appointment, he was the Harlan Vice Chancellor of the Institute of Agriculture and Natural Resources and Vice President for Agriculture and Natural Resources of the University of Nebraska system since 2010. He served as senior global director of technical services at Pfizer Animal Health's animal genomics business from 2008 to 2010. He was on faculty at Texas Tech University and Colorado State, and was the national program leader for animal production research for the USDA's Agricultural Research Service and executive secretary of the White House's interagency working group on animal genomics within the National Science and Technology Council. In that role, he was a leader in the international bovine, porcine and ovine genome sequencing projects. Dr. Green is a past president of the American Society of Animal Science (ASAS) and the National Block and Bridle Club, and has served in a number of leadership positions for the U.S. Beef Improvement Federation, National Cattlemen's Beef Association, National Pork Board, Federated Animal Science Societies, and the National Research Council. He was named a fellow of ASAS in 2014. Dr. Green's experience in genomics and animal production research brings great value and insight to the Board.

James L. Herbert is Chairman of the Board and Chief Executive Officer of the Company. Previously he was President, Chief Executive Officer, and a Director of the Company since he joined the Company in June 1982. He resigned as President in 2006, but remained CEO and was named Chairman at that time. Prior to joining the Company, he held the position of Corporate Vice President of DeKalb Ag Research, a major agricultural genetics and energy company. He has management experience in animal biologics, specialized chemical research, medical instruments, aquaculture, animal nutrition, and poultry and livestock breeding and production.

G. Bruce Papesh was elected to the Board in October 1993 and was the Company's Secretary from October 1994 to October 1999. Since 1987, Mr. Papesh has served as President of Dart, Papesh & Company, Inc., member SIPC and FINRA, an investment consulting and financial services firm. Mr. Papesh also served until October 1, 2001 on the Board of Immucor, Inc., an immunodiagnosics company that manufactures and markets products for the human clinical blood bank industry. Mr. Papesh has experience in the investment securities industry and in financial analysis which contributes greatly to the Board.

Thomas H. Reed was elected to the Board in October 1995 and served as the Company's Secretary from October 1999 to October 2007. From 2009 to 2010 he was a consultant to the President of JBS Packerland North America. From 2003 to 2009, Mr. Reed was Senior Vice President of JBS Packerland, a beef processing company and its successor companies, Smithfield Foods, Beef Division, and JBS Packerland North America. Prior to assuming that position, he served as Vice President of Michigan Livestock Exchange Marketing, a division of Southern States Cooperative, Inc. and prior to that as President and Chief Executive Officer of the Michigan Livestock Exchange. Mr. Reed is a former member of the Board of the National Livestock Producers Association and is a former chairman of the Michigan State University Board of Trustees. Mr. Reed's experience in animal processing and general agriculture provide insight and value to the Board.

Dr. Clayton K. Yeutter was first elected to the Board in October 2007. Dr. Yeutter was actively involved in his family's ranching and cattle feeding operation in Nebraska until 2011. He currently serves as a senior adviser at the law firm Hogan Lovells. He has also served in sub-cabinet or cabinet-level positions under four presidents of the United States, with his last position as Secretary of Agriculture under President George H.W. Bush. Dr. Yeutter is a former CEO of the Chicago Mercantile Exchange and he has also served on the Boards of Directors of Caterpillar, Texas Instruments, Weyerhaeuser Company, ConAgra Foods and Zurich Financial Services, among several others. He currently serves on the Board of Burlington Capital Group and Rural Media Group, both privately held. As Neogen's international trade has grown to a much higher level, his global insight has been of great value to the management and the Board. Dr. Yeutter is not standing for reelection to the Board at the Annual Meeting.

PROPOSAL 2: TO APPROVE, BY NON-BINDING VOTE, THE COMPENSATION OF EXECUTIVES

The Compensation Discussion and Analysis section of this Proxy Statement describes, among other things, the Company's executive compensation policies and practices. Securities laws require that shareholders be given the opportunity to express their approval of the compensation of Company executives, as disclosed in this Proxy Statement. Under the legislation that requires this vote, the shareholder vote is not binding on the Board or the Company and may not be construed as overruling any decision made by the Board or the Company or as creating or implying any change in the fiduciary duties owed by the Board. However, the Board values the views of shareholders and intends to take the outcome of this annual shareholder advisory vote into consideration when making future executive compensation decisions.

Therefore, at the Annual Meeting, shareholders will be given the opportunity to vote, on an advisory (non-binding) basis, to approve the compensation of the named executive officers as disclosed in this Proxy Statement under Compensation Discussion and Analysis and the Summary Compensation Table. This vote proposal is commonly known as a say-on-pay proposal and gives shareholders the opportunity to endorse or not endorse the executive pay program. This vote is not intended to address any specific item of executive compensation, but rather the overall compensation of the named executive officers and the policies and practices described in this Proxy Statement. Shareholders are encouraged to read the full details of the Company's executive compensation program, including the primary objectives in setting executive pay, under Compensation Objectives, as described in this Proxy Statement.

The Company evaluates the compensation of its executives at least once each year to assess whether compensation policies and programs are achieving their primary objectives. Based on its most recent evaluation, the Board believes the Company's executive compensation programs achieve these objectives, including aligning the interests of management with those of shareholders, and are therefore worthy of shareholder support. In determining how to vote on this proposal, shareholders should consider the following:

Independent Compensation Committee. Seven of our eight current directors are deemed independent pursuant to applicable NASDAQ standards. Three of these independent directors serve on the Compensation Committee. Meetings of the Compensation Committee include executive sessions in which management is not present.

Performance-Based Incentives. Total compensation for executives is structured so that a majority of the total earning potential is derived from performance-based incentives.

Stock Options. A significant percentage of executives' compensation is paid in the form of stock options that vest over a five year period. These stock awards help align the executives' interests with longer term shareholder returns and also serve to help retain the services of executives.

No Severance Payments. If employment is terminated without cause, executives are not entitled to golden parachute or other executive severance payments upon termination.

For these reasons, the Board of Directors recommends that you vote FOR the adoption of the following resolution:

RESOLVED, that the shareholders of the Company approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed pursuant to the rules of the SEC, including the Compensation Discussion and Analysis and the Summary Compensation Table set forth in the Company's Proxy Statement for its 2016 Annual Meeting of Shareholders.

Vote Required

The proposal to approve the compensation of the Company's named executive officers requires the affirmative vote of a majority of the votes cast on the proposal.

Table of Contents**PROPOSAL 3 RATIFICATION OF APPOINTMENT OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed BDO USA, LLP (BDO) to serve as the independent registered public accounting firm for the Company for fiscal 2017. While not required, we are submitting the appointment to the shareholders for their ratification as a matter of good corporate practice. The affirmative vote of a majority of the votes cast at the Annual Meeting on the proposal is required for ratification. **The Board of Directors recommends that shareholders vote FOR ratification of the appointment of BDO as the Company's independent registered public accounting firm for fiscal 2017.** If the appointment is not ratified, it will be considered as a recommendation that the Audit Committee consider the appointment of a different firm to serve as independent registered public accounting firm for the fiscal year 2017. Even if the appointment is ratified, the Audit Committee may select a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of the Company and its shareholders.

Relationship with BDO

BDO has acted as the Company's independent registered public accounting firm for three years. BDO has advised that neither the firm nor any of its members or associates has any direct financial interest or any material indirect financial interest in the Company or any of its affiliates other than as auditors. Representatives of BDO are expected to be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The fees billed by BDO with respect to the years ended May 31, 2016 and 2015 are as follows:

	2016	2015
Audit Fees	\$ 331,811	\$ 301,650
Audit-Related Fees		
Tax Fees (1)	41,520	
All Other Fees		
	\$ 373,331	\$ 301,650

- (1) Includes projects to study and make recommendations regarding the Company's domestic production activities deduction and state nexus strategies.

Audit Fees include amounts billed for the annual audit of the Company's fiscal year Consolidated Financial Statements, the audit of internal controls over financial reporting, the review of the Consolidated Financial Statements included in the Forms 10-Q, and consultations concerning accounting matters associated with the annual audit. Audit-Related Fees include amounts billed for general accounting consultations and services that are reasonably related to the annual audit. In connection with its review and evaluation of non-audit services, the Audit Committee is required to and does consider and conclude that the provision of non-audit services is compatible with maintaining the independence of BDO.

Under its charter, the Audit Committee must pre-approve all audit and non-audit services to be performed by BDO. In the event management wishes to engage BDO to perform non-audit services, a summary of the proposed engagement is prepared detailing the nature of the engagement, the reasons why BDO is the preferred provider of the services and the estimated duration and cost of the engagement. The Audit Committee reviews and evaluates recurring non-audit services and proposed fees as the need arises at their regularly scheduled committee meetings. At subsequent meetings, the Audit Committee receives updates regarding the services actually provided and management may present additional services for approval. The Audit Committee has delegated to the Chairman or, in his absence, any other member of the Committee, the authority to evaluate and approve projects and related fees of up to \$10,000, if circumstances require approval between meetings of the Committee. Any such approval is reported to the full Committee at its next meeting.

INFORMATION ABOUT THE BOARD AND CORPORATE GOVERNANCE MATTERS

The Company is managed under the direction of its Board. The Board conducts its business through meetings of the Board and its committees. The Board held five meetings, and there were a total of seventeen committee meetings during fiscal 2016. Each director attended more than 75% of the total meetings of the Board and the committees on which he served in fiscal 2016. Directors are expected to attend the Annual Meeting of shareholders unless they have a schedule conflict or other valid reason. All of the current Board members attended the 2015 Annual Meeting.

Independent Directors

A director is not considered independent unless the Board determines that he or she meets the NASDAQ independence rules and has no material relationship with the Company, either directly or indirectly, through any organization with which he or she is affiliated that has a relationship with the Company. Based on a review of the responses of the directors and nominees to questions about employment history, affiliations, family and other relationships, and on discussions with the directors and nominees, the Board has determined that each of the currently serving directors and nominees are independent as defined in the NASDAQ independence rules.

Board Committees

The Board has four committees. The current membership, number of meetings held during fiscal 2016 and the function performed by each of these committees are described below. None of the members of any of the committees is or ever has been an employee of the Company. The Board has determined that each committee member meets the independence standards for that committee within the meaning of applicable NASDAQ and SEC regulations.

Compensation Committee Dr. Boehm (Chair), Mr. Parnell and Dr. Green are currently members of the Compensation Committee, which met two times during 2016. The purpose of the Compensation Committee is to assist the Board in discharging its overall responsibilities relating to executive compensation. The Compensation Committee reviews and approves corporate goals and objectives relevant to the compensation of the Chief Executive Officer and other executive officers prior to the beginning of each year, evaluates current year performance in light of those goals and establishes compensation levels for the upcoming year, including salary and bonus targets. Company management provides recommendations to the Compensation Committee concerning compensation of officers. The Compensation Committee has a charter, which is available on the Company's website at www.neogen.com.

Stock Option Committee Mr. Parnell (Chair), Mr. Fischer and Mr. Reed are currently members of the Stock Option Committee, which met twice during fiscal 2016. The purpose of the Stock Option Committee is to assist the Board in discharging its overall responsibilities relating to the Company's stock option plans, including the Neogen Corporation 2007 Stock Option Plan (the 2007 Plan), which was amended in 2011, and the 2015 Omnibus Incentive Plan (the 2015 Plan), approved by shareholders in 2015. In connection with the approval of the 2015 Plan, the Stock Option Committee evaluates option grants and any other equity awards under that plan; no further awards can be made from the 2007 Plan. The Stock Option Committee determines the amount of grants, if any, to be made to the Chief Executive Officer. Management provides recommendations to the Stock Option Committee concerning stock option awards for officers and other employees.

Governance Committee Mr. Papesh (Chair), Mr. Fischer, Mr. Reed, Dr. Green and Mr. Parnell serve on the Governance Committee, which met five times during fiscal 2016. The Governance Committee provides a leadership role in shaping the governance of the Company, and provides oversight and direction with respect to the function and operation of the Board. The Governance Committee also provides oversight on management succession, human resources practices, risk management, and environmental, health and safety issues.

Table of Contents

The Governance Committee recommends to the Board criteria for selecting new directors; the enumeration of skills that would be advantageous to add to the Board; the appropriate mix of inside and outside directors; ethnicity and gender of directors; and size of the Board. The Board considers factors such as whether or not a potential candidate: (1) possesses relevant expertise; (2) brings skills and experience complementary to those of the other members of the Board; (3) has sufficient time to devote to the affairs of the Company; (4) has demonstrated excellence in his or her field; (5) has the ability to exercise sound business judgment; (6) has the commitment to rigorously represent the long-term interests of the Company's shareholders; (7) possesses a diverse background and experience, including with respect to race, age and gender; (8) possesses high ethical standards and integrity; and (9) such other factors as the Governance Committee may consider from time to time.

The Governance Committee identifies persons qualified to become directors and, as appropriate, recommends candidates to the Board for its approval. Board composition is reviewed periodically to ensure that the Board reflects the knowledge, experience and skills required for the Board to fulfill its duties. The Governance Committee's charter requires that the Governance Committee take diversity (including specifically both ethnicity and gender) of directors into account in performing its functions. It identifies persons qualified to become directors and, as appropriate, recommends candidates to the Board for its approval. In assembling a pool of potential candidates from which to make recommendations to the Board, the Committee endeavors to include women and minority candidates. As required by NASDAQ, the SEC or such other applicable regulatory requirements, a majority of the Board is comprised of independent directors. At the direction of the Board of Directors, the Governance Committee manages the CEO selection process, and ultimately recommends one or more candidates for consideration by the Board. For further information, see the charter of the Governance Committee which is available in the Investor Relations section of the Company's website at www.neogen.com.

The Governance Committee generally relies on multiple sources for identifying and evaluating Board nominees, including referrals from the Company's current directors and management. The Governance Committee does not solicit director nominations, but will consider recommendations by shareholders with respect to elections to be held at an Annual Meeting, so long as such recommendations are sent on a timely basis to the Corporate Secretary of the Company and are in accordance with the Company's by-laws. The Committee will evaluate nominees recommended by shareholders against the same criteria.

In searching for candidates to fill Board vacancies, the Governance Committee is committed to identifying the most capable candidates who have experience in the areas of expertise needed at that time and meet the criteria for nomination. The Governance Committee has in the past entertained and encouraged the candidacy of qualified women and minorities and will continue to do so.

Audit Committee Dr. Yeutter (Chair), Dr. Boehm and Mr. Reed are currently members of the Audit Committee, which oversees the Company's financial reporting process on behalf of the Board. Dr. Richard Crowder, who resigned from the Board effective April 30, 2016, was a member of the Audit Committee through that date. The Audit Committee meets with management and the Company's independent registered public accounting firm throughout the year and reports the results of its activities to the Board of Directors. The Audit Committee met eight times during fiscal 2016. Further information regarding the role of the Audit Committee is contained in its charter which is available in the Investor Relations section of the Company's website at www.neogen.com and also see Audit Committee Report in this Proxy Statement. The Board has determined that all current members of the Audit Committee are audit committee financial experts for purposes of applicable SEC rules.

Mr. Parnell has been designated the Lead Independent Director, with responsibility for coordinating the activities of the other independent directors. Mr. Parnell chairs all executive sessions of the Board.

Compensation Objectives

The Company s executive compensation programs are designed to be aligned with shareholder value creation and are structured to reward individual and organizational performance and be simple, concise and understandable. A significant percentage of each NEO s compensation consists of variable pay.

Table of Contents

The primary objectives of the compensation programs covering NEOs are to:

Attract, retain and motivate highly talented executives who will drive the success of the business;

Align incentives with the achievement of measurable corporate, business unit and individual performance objectives based on financial and non-financial measures, as appropriate;

Provide overall compensation that is considered equitable to the employee and the Company; and

Ensure reasonable, affordable and appropriate compensation program costs.

Compensation Elements

The primary compensation elements provided to NEOs are:

Base salary;

Discretionary annual bonus; and

Equity-based long-term incentive compensation delivered in the form of stock option grants.

Other compensation elements include health and welfare benefits plans under which the NEOs receive similar benefits to those provided to all other eligible U.S.-based employees, such as medical, life insurance and disability coverage.

The Compensation Committee is provided materials by management regarding the various compensation elements of each NEO's compensation package. The Compensation Committee makes decisions about each compensation element in the context of each NEO's total compensation package. The compensation of senior level employees generally incorporates variable pay elements such as bonus and stock options, although no specific formula, schedule or tier is applied in establishing compensation mix.

Each of the compensation elements and its purpose is further described below.

Consideration of Last Year's Say-on-Pay Vote

At our 2015 annual meeting of shareholders, our shareholders were provided with an opportunity to cast an advisory vote on the compensation of our executive officers. The say-on-pay vote yielded approximately 98.5% approval of those votes cast. Notwithstanding this favorable vote, we continue to seek input from our shareholders to understand their views with respect to our approach to executive compensation, and in particular in connection with the Compensation Committee's efforts to tie compensation to performance.

Base Salary

Base salary is intended to compensate the executive for the basic market value of the position, time in the position and the relation of that position to other positions in the Company. Each NEO's salary and performance is reviewed annually. Factors considered in determining the level of executive base pay include the role and responsibilities of the position, performance against expectations and an individual's job experience or unique role responsibilities.

Actual earned salary for 2016 is shown in the Salary column of the Summary Compensation Table. Base salary rates and changes from 2015 to 2016, if applicable, are shown in the following table.

Name	2016 Salary Rate	2015 Salary Rate	Percent Increase
James L. Herbert	\$ 425,000	\$ 400,000	6.3%
Richard E. Calk, Jr.	340,000	335,000	1.5%

Edward L. Bradley	180,000	177,000	1.7%
Terri A. Morrical	180,000	173,000	4.0%

Table of Contents**Discretionary Annual Bonus**

Bonuses paid in fiscal 2017 related to fiscal 2016 are as follows:

Name	Target Value	Actual Payments	Percentage of Target
James L. Herbert	\$ 200,000	\$ 175,000	88%
Richard E. Calk, Jr. (1)	140,000	92,000	66% (1)
Steven J. Quinlan	60,000	56,000	93%
Edward L. Bradley	70,000	38,000	53%
Terri A. Morrical	70,000	75,000	107%

- (1) Mr. Calk was paid a bonus of \$134,000 in fiscal 2016, 100% of his bonus opportunity from his date of hire (12/8/2014) through November 30, 2015, per the terms of his offer letter. Of that amount, \$67,000 related to his performance in fiscal 2016. He received an additional \$25,000 bonus in fiscal 2017 related to his performance in fiscal 2016.

Target values for bonuses are set by the Compensation Committee and communicated to the officers at the time that the prior year actual payments are communicated. Bonus payments are determined by the Compensation Committee based on the Committee's perception of the efforts expended and achievements of the officers during the fiscal year. The Compensation Committee took into account the recommendations of Mr. Herbert with respect to bonuses for Mr. Calk, Mr. Quinlan and Ms. Morrical, and took into account the recommendations of Mr. Herbert and Mr. Calk with respect to Mr. Bradley's bonus. Target and actual bonuses are based on individual objectives and the Company's performance, within the discretion of the Compensation Committee. The Compensation Committee's appraisal of the Company's overall performance was influenced by the following:

Revenues increased 13.5% to \$321.3 million;

Gross margins were 47.6%, compared to 49.3% in fiscal 2015;

Operating income was \$56.4 million, an increase of 6.2% over fiscal 2015;

The Company generated \$35.3 million cash from operations; and

Stockholders' equity increased to \$404.2 million, compared to \$351.0 million at May 31, 2015.

During the fiscal year, the Company completed five acquisitions, including three located outside of the U.S., and devoted considerable management attention to integration of these businesses. Revenues, margins and income were adversely impacted during the year by the strong U.S. dollar. The Compensation Committee determined that, based upon the above listed factors, among others, Mr. Herbert had provided strong leadership in the current year and continued to position the Company well for future growth in revenue and profitability, and therefore awarded him 88% of his total targeted bonus. Bonuses for Mr. Bradley and Ms. Morrical are primarily affected by the sales, operating income and other operating metrics of the division for which they have primary responsibility. Bonuses for Mr. Calk and Mr. Quinlan bonus are tied to operating metrics of the overall Company, as well as other internal objectives.

Substantially all managers' bonus arrangements, including those of each of the NEOs, include a provision that the bonuses otherwise payable may be decreased by the Compensation Committee in the event that specific Company earning per share targets are not met. Actual Company earnings were \$0.97 per share in fiscal 2016, an increase of 7.7% over the \$0.90 earned in fiscal 2015. Although the earnings per share target for the Company was not achieved, the Committee noted that the Company's results had been significantly impacted by the strong U. S. dollar, and potential bonus amounts were not reduced below the targeted bonus level for each of the NEOs.

Long-Term Incentive Compensation

The objectives of the long-term incentive portion of the compensation package are to:

- Align the personal and financial interests of management and other employees with shareholder interests;
- Balance short-term decision-making with a focus on improving shareholder value over the long term;

Table of Contents

Provide a means to attract, reward and retain a skilled management team; and

Provide the opportunity to build a further ownership position in Neogen Corporation stock.

The primary long-term incentive mechanism at the Company has been, and continues to be, stock option awards, the ultimate value of which is dependent on increases in the Company's stock price. Stock options are granted to provide employees with a personal financial interest in the Company's long-term success, promote retention of employees and enable the Company to compete for the services of new employees in a competitive market. The Company continues to believe that stock options are the most appropriate means to accomplish long-term incentive objectives.

The stock option program is designed to deliver competitive long-term awards while incurring a minimal level of expense and shareholder dilution relative to other long-term incentive programs. It is the Company's view that stock options represent an optimal use of corporate resources and are the best method for the Company to achieve its long-term compensation element objectives.

The Company maintains two equity-based long-term incentive plans that have been previously approved by shareholders: the Neogen Corporation 2007 Stock Option Plan (the "2007 Plan"), which was amended in 2011, and the 2015 Omnibus Incentive Plan (the "2015 Plan"), approved by shareholders in 2015. Future awards of equity or equity rights will be granted under the 2015 Plan; no further awards can be made under the 2007 Plan.

In general, options granted by the Company are incentive options with five year lives that vest 20% per year beginning with the year following the year of grant. Certain incentive options are converted to non-qualified options when IRS limitations for incentive options are exceeded. Prior to 2006, these re-characterized options carried three year vesting provisions and ten year terms. For 2006 and subsequent years, the nonqualified options retain the same vesting and life provisions as incentive options. Nonqualified stock options, with up to ten year terms and vesting 33% per year for the three years following the year of grant, are granted to Directors. In all cases, grant prices are equal to the closing price on the day of the grant. The Company does not reprice options and does not "reload" which means the recipient is only able to exercise the number of shares in the original stock option grant. The Company's practice has been to make an annual award to the majority of recipients as well as rare hire-on awards to select new hires.

Annual stock option grants are made at the discretion of the Stock Option Committee, with the exception of non-employee director awards which are granted automatically under the terms of the Stock Option Plan. Management makes recommendations to the Stock Option Committee as to the stock option award levels and terms. The determination with respect to the number of options to be granted to any particular participant is ultimately subjective in nature. While no specific performance measures are applied, factors considered in determining the number of options to be awarded to an individual include his or her level of responsibility and position within the Company, demonstrated performance over time, value to the Company's past and future success, historic grants, retention concerns and, in the aggregate, share availability under the plan and overall Company expense and shareholder dilution from awards. Management provides the Stock Option Committee information on grants made in the past three years and the accumulated value of all stock option awards outstanding to each NEO.

Risk-free interest rate	1.2%	1.2%	0.8%	1.2%	1.2%

Expected stock price volatility	33.3%	36.2%	33.1%	39.2%	36.4%

- (a) The risk-free interest rate is based on the U.S. Treasury yield curve in effect at the time of grant. Expected stock price volatility is based on historical volatility of the Company's stock. The expected option life, representing the period of time that options are expected to be outstanding, is based on historical option exercise and employee termination data.

Retirement Plans: A defined contribution plan, the Neogen Corporation 401(k) Retirement Savings Plan (401(k) Plan) is available to all eligible U.S. employees including all NEOs. Under the 401(k) Plan, the Company matches dollar per dollar of the first 3%, and fifty cents per dollar of the next 2%, of pay contributed by the employee up to the Internal Revenue Code limits. Matching contributions to the 401(k) Plan vest immediately upon payment.

Health and Welfare Benefits Plans: Benefits such as medical, dental, vision, life insurance and disability coverage are provided to each NEO under benefits plans that are provided to all eligible U.S.-based employees. The benefits plans are part of the overall total compensation offering and are intended to be competitive and provide health care coverage for employees and their families. The NEOs have no additional Company-paid health benefits. Similar to all other employees, NEOs have the ability to purchase supplemental life, dependent life, long-term care insurance, and accidental death and dismemberment coverage through the Company. The value of these benefits is not included in the Summary Compensation Table since they are purchased by each NEO and are made available to all U.S. employees. No form of post-retirement health care benefits is provided to any employee.

Perquisites: The values of perquisites and other personal benefits are included in the All Other Compensation column of the Summary Compensation Table, and consist primarily of Company matching contributions to the 401(k) plan and the value of Company paid group term life insurance.

Employee Stock Purchase Plan: Employees in the U.S. are permitted to voluntarily purchase Company stock at a 5% discount through after-tax payroll deductions under the Employee Stock Purchase Plan (ESPP) as a way to facilitate employees becoming shareholders of the Company. The ESPP purchases stock bi-annually for participants through a third party plan administrator. None of the NEOs are currently eligible to purchase shares through the plan.

Executive and Non-Employee Director Stock Ownership Policy

The Company has a stock ownership policy in place for all corporate officers, including the NEOs and Directors. This reflects the Company's conviction that all senior executives should have meaningful actual share ownership positions in the Company in order to reinforce the alignment of management and shareholder interests. The ownership policy was adopted by the Board in July 2007. The Compensation Committee periodically reviews the policy requirements to ensure they continue to be reasonable and competitive.

The ownership requirements are:

Position	Market Value of Stock Owned	Expected Time Period to Comply
Non-Employee Directors	2 times annual cash fees paid	5 years
Chief Executive Officer	2 times annual salary, including bonus	3 years
Corporate Officers	2 times annual salary, including bonus	5 years

Stock owned includes shares owned outright, including 401(k) Plan shares, but does not include stock options. As of May 31, 2016, the chief executive officer and all corporate officers, including the named executive officers, were at or above the applicable stock ownership requirement or within the expected time period to comply, with the exception of Dr. Jennifer Rice, Vice President & Senior Research Director. Dr. Rice has committed to increasing her required share ownership position during the next fiscal year and the Board has agreed to extend the time period for her to be in compliance with the ownership requirements. All non-employee directors, with the exception of Dr. Clayton Yeutter, who is not standing for re-election to the Board when his term expires at the Annual Meeting, were at or above the applicable stock ownership requirement, or within the expected time period to comply.

Employment Agreements and Severance Policy

The Company does not provide employment or severance agreements. The Company maintains a discretionary severance practice for all eligible employees, which could potentially include the NEOs. The discretionary practice provides for payments as determined by the Company as circumstances warrant.

Chief Executive Officer Compensation

Compensation Information: For purposes of its review of Mr. Herbert's pay in fiscal 2016, the Compensation Committee considered the following criteria:

The success of the Company in the past year;

The success of the Company over an extended period; and

The importance of Mr. Herbert to the continued success of the Company.

Base Salary: Mr. Herbert's salary was increased from \$400,000 to \$425,000 in the 2016 fiscal year. Base salary determinations included consideration of the level of business performance in fiscal 2015, historical base salary increases and time in the position and also considered all forms of compensation earned, including long-term incentive compensation.

Annual Bonus: Mr. Herbert, based on his accomplishments during the year, achieved 88% of his fiscal 2016 bonus objectives, resulting in a \$175,000 payout. Mr. Herbert's bonus payout was \$180,000 for the fiscal 2015 year.
