2017 ANNUAL MEETING OF STOCKHOLDERS
To Be Held on March 2, 2017

GENERAL INFORMATION

This Proxy Statement and accompanying Proxy Card and the Annual Report to Stockholders are being furnished to the stockholders of ESSA Bancorp, Inc. (sometimes referred to as ESSA Bancorp or the Company) in connection with the solicitation of proxies by the Board of Directors of ESSA Bancorp, for use at the 2017 Annual Meeting of Stockholders. The Annual Meeting will be held on March 2, 2017, at 10:00 a.m., local time, at Northampton Community College, Monroe Campus, located at 2411 Route 715, Tannersville, Pennsylvania 18372. The term Annual Meeting, as used in this Proxy Statement, includes any adjournment or postponement of such meeting.

This Proxy Statement is dated January 26, 2017 and is first being mailed to stockholders on or about January 26, 2017.

The 2017 Annual Meeting of Stockholders

Date, Time and Place	The Annual Meeting of Stockholders will be held on March 2, 2017, at 10:00 a.m., local time, at Northampton Community College, Monroe Campus, located at 2411 Route 715, Tannersville, Pennsylvania 18372.
Record Date	January 13, 2017.
Shares Entitled to Vote	11,463,785 shares of ESSA Bancorp common stock were outstanding on the Record Date and are entitled to vote at the Annual Meeting.
Purpose of the Annual Meeting	To consider and vote on the election of four directors, the ratification of the appointment of S.R. Snodgrass, P.C. as ESSA Bancorp's independent registered public accountants for the fiscal year ending September 30, 2017, the consideration of an advisory, non-binding resolution with respect to the executive compensation described in the Proxy Statement and the consideration of an advisory, non-binding proposal with respect to the frequency that stockholders will vote on our executive compensation.
Vote Required	Directors are elected by a plurality of votes cast, without regard to either broker non-votes or proxies as to which authority to vote for the nominees

being proposed is withheld. The ratification of the appointment of S.R. Snodgrass, P.C. as independent registered public accountants is determined by a majority of the votes cast, without regard to broker non-votes or proxies marked ABSTAIN. As to the advisory, non-binding resolution with respect to our executive compensation as described in this Proxy Statement, a stockholder may: (i) vote FOR the resolution; (ii) vote AGAINST the resolution; or (iii) ABSTAIN from voting on the resolution. The affirmative vote of a majority of the votes cast at the Annual Meeting, without regard to either broker non-votes, or shares as to which the ABSTAIN box has been selected on the proxy card, is required for the approval of this non-binding resolution. While this vote is required by law, it will neither be binding on ESSA Bancorp or the Board of Directors, nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on ESSA Bancorp or the Board of Directors.

Table of Contents

As to the advisory, non-binding proposal with respect to the frequency that stockholders will vote on our executive compensation, a stockholder may select that stockholders: (i) consider the proposal every ONE YEAR ; (ii) consider the proposal every TWO YEARS ; (iii) consider the proposal every THREE YEARS ; or (iv) ABSTAIN from voting on the proposal. Generally, approval of any matter presented to stockholders requires the affirmative vote of a majority of the votes cast. However, because this vote is advisory and non-binding, if none of the frequency options receive a majority of the votes cast, the option receiving the greatest number of votes will be considered the frequency recommended by ESSA Bancorp, Inc. s stockholders. Even though this vote will neither be binding on ESSA Bancorp, Inc. or the Board of Directors, nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on ESSA Bancorp, Inc. or the Board of Directors, the Board of Directors will take into account the outcome of this vote in making a determination on the frequency that advisory votes on executive compensation will be included in our proxy statements.

Your Board of Directors Recommends
A Vote in Favor of The Proposals

The Board of Directors has determined that the matters to be considered at the Annual Meeting are in the best interest of ESSA Bancorp and its stockholders, and the Board of Directors unanimously recommends a vote **FOR** the election of the director nominees as well as each other matter to be considered and that stockholders mark the ONE YEAR box with respect to the advisory proposal on the frequency of the stockholders vote on executive compensation.

Table of Contents

How Many Votes You Have

Each holder of shares of ESSA Bancorp, Inc. common stock outstanding on January 13, 2017 will be entitled to one vote for each share held of record. However, ESSA Bancorp, Inc.'s Articles of Incorporation provides that stockholders of record who beneficially own in excess of 10% of the then outstanding shares of common stock of ESSA Bancorp are not entitled to any vote with respect to the shares held in excess of that 10% limit. A person or entity is deemed to beneficially own shares that are owned by an affiliate, as well as by any person acting in concert with such person or entity.

Matters to Be Considered

The purpose of the Annual Meeting is to vote on the election of four directors, to ratify the appointment of S.R. Snodgrass, P.C. as our independent registered public accountants for the fiscal year ending September 30, 2017, an advisory, non-binding resolution with respect to the executive compensation described in the Proxy Statement, and an advisory, non-binding proposal with respect to the frequency that stockholders will vote on our executive compensation.

You may be asked to vote upon other matters that may properly be submitted to a vote at the Annual Meeting. You also may be asked to vote on a proposal to adjourn or postpone the Annual Meeting. ESSA Bancorp, Inc. could use any adjournment or postponement for the purpose, among others, of allowing additional time to solicit proxies.

How to Vote

You may vote your shares by completing and signing the enclosed Proxy Card and returning it in the enclosed postage-paid envelope or by attending the Annual Meeting. Alternatively, you may choose to vote your shares using the Internet or telephone voting options explained on your Proxy Card. You should complete and return the Proxy Card accompanying this document, or vote using the Internet or telephone voting options, in order to ensure that your vote is counted at the Annual Meeting, or at any adjournment or postponement of the Annual Meeting, regardless of whether you plan to attend. **Where no instructions are indicated, validly executed proxies will be voted FOR the election of the two director nominees named on the Proxy Statement as well as FOR each other proposal set forth in this Proxy Statement for consideration at the Annual Meeting and that stockholders mark the ONE YEAR box with respect to the advisory proposal on the frequency of the stockholders' vote on executive compensation.**

If you are a stockholder whose shares are not registered in your own name, you will need appropriate documentation from the stockholder of record to attend the Annual Meeting. Examples of such documentation include a broker's statement or letter or other documentation that will confirm your ownership of shares of ESSA Bancorp common stock. If you want to vote your shares of ESSA Bancorp common stock that are held in street name in person at the Annual Meeting, you will need a written proxy in your name from the broker, bank or other nominee who holds your shares.

The Board of Directors is currently unaware of any other matters that may be presented for consideration at the Annual Meeting. If other matters properly come before the Annual Meeting, or at any adjournment or postponement of the Annual Meeting, shares represented by properly submitted proxies will be voted, or not voted, by the persons named as proxies on the Proxy Card in their best judgment.

Quorum and Vote Required

The presence, in person or by properly executed proxy, of the holders of a majority of the outstanding shares of ESSA Bancorp common stock is necessary to constitute a quorum at the Annual Meeting. Abstentions and broker non-votes will be counted solely for the purpose of determining whether a quorum is present. A proxy submitted by a broker that is not voted is sometimes referred to as a broker non-vote.

Directors are elected by a plurality of votes cast, without regard to either broker non-votes or proxies as to which authority to vote for the nominees being proposed is WITHHELD. The ratification of the appointment of S.R. Snodgrass, P.C. as independent registered public accountants is determined by a majority of the votes cast, without regard to broker non-votes or proxies marked ABSTAIN. As to the advisory, non-binding resolution with respect to our executive compensation as described in this Proxy Statement, a stockholder may: (i) vote FOR the resolution; (ii) vote AGAINST the resolution; or (iii) ABSTAIN from voting on the resolution. The affirmative

Table of Contents

vote of a majority of the votes cast at the Annual Meeting, without regard to either broker non-votes, or shares as to which the ABSTAIN box has been selected on the proxy card, is required for the approval of this non-binding resolution. While this vote is required by law, it will neither be binding on ESSA Bancorp or the Board of Directors, nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on ESSA Bancorp or the Board of Directors.

As to the advisory, non-binding proposal with respect to the frequency that stockholders will vote on our executive compensation, a stockholder may select that stockholders: (i) consider the proposal every ONE YEAR ; (ii) consider the proposal every TWO YEARS ; (iii) consider the proposal every THREE YEARS ; or (iv) ABSTAIN from voting on the proposal. Generally, approval of any matter presented to stockholders requires the affirmative vote of a majority of the votes cast. However, because this vote is advisory and non-binding, if none of the frequency options receive a majority of the votes cast, the option receiving the greatest number of votes will be considered the frequency recommended by ESSA Bancorp, Inc.'s stockholders. Even though this vote will neither be binding on ESSA Bancorp, Inc. or the Board of Directors, nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on ESSA Bancorp, Inc. or the Board of Directors, the Board of Directors will take into account the outcome of this vote in making a determination on the frequency that advisory votes on executive compensation will be included in our proxy statements.

Under the terms of the ESOP, the ESOP trustee will vote all shares held by the ESOP, but each ESOP participant may direct the trustee how to vote the shares of common stock allocated to his or her account. The ESOP trustee, subject to the exercise of its fiduciary responsibilities, will vote all unallocated shares of common stock held by the ESOP and all allocated shares for which no voting instructions are received in the same proportion as shares for which it has received timely voting instructions. Under the terms of the 401(k) Plan, a participant is entitled to provide voting instructions for all shares credited to his or her 401(k) Plan account and held in the ESSA Bancorp Stock Fund. Shares for which no voting instructions are given or for which instructions were not timely received will be voted in the same proportion as shares for which voting instructions were received. Pursuant to the terms of the ESSA Bancorp, Inc. 2016 Equity Incentive Plan, a participant is entitled to direct how to vote the non-vested restricted shares of ESSA Bancorp awarded to him or her. **The deadline for returning your voting instructions is February 23, 2017.**

Revocability of Proxies

You may revoke your proxy at any time before the vote is taken at the Annual Meeting. You may revoke your proxy by:

submitting written notice of revocation to the Corporate Secretary of ESSA Bancorp, Inc. prior to the voting of such proxy;

submitting a properly executed proxy bearing a later date;

PROPOSAL I ELECTION OF DIRECTORS

The Board of Directors currently consists of ten (10) members and is divided into three classes, with one class of directors elected each year. Four (4) directors will be elected at the Annual Meeting and will serve until their successors have been elected and qualified. The Nominating and Corporate Governance Committee has nominated Daniel J. Henning, Frederick E. Kutteroff and Elizabeth B. Weekes to serve as directors for a three-year term, and Brian T. Regan to serve as a director for a one-year term.

The biographies of each of the nominees and continuing board members below contain information regarding the person's business experience and the experiences, qualifications, attributes or skills that caused the Nominating and Corporate Governance Committee and the Board of Directors to determine that the person should serve as a director. The principal occupation during the past five years of each of our directors is set forth below. All directors have held their present positions for at least five years unless otherwise stated. Each existing director is also a director of ESSA Bank & Trust.

All of the nominees and directors continuing in office are or were long-time residents of the communities served by ESSA Bancorp and many of such individuals have operated, or currently operate, businesses located in such communities. As a result, each nominee and director continuing in office has significant knowledge of the businesses that operate in ESSA Bancorp's market area, an understanding of the general real estate market, values and trends in such communities and an understanding of the overall demographics of such communities. As the holding company for a community banking institution, ESSA Bancorp believes that the local knowledge and experience of its directors assists ESSA Bancorp in assessing the credit and banking needs of its customers, developing products and services to better serve its customers and assessing the risks inherent in its lending operations, and provides ESSA Bancorp with greater business development opportunities.

It is intended that the proxies solicited on behalf of the Board (other than proxies in which the vote is withheld as to the nominees) will be voted at the Annual Meeting FOR the election of the nominees. If the nominees are unable to serve, the shares represented by all such proxies will be voted for the election of such substitute as the Board may recommend. At this time, the Board knows of no reason why the nominees would be unable to serve if elected. Except as indicated herein, there are no arrangements or understandings between the nominees and any other person pursuant to which such nominees were selected.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR EACH OF THE NOMINEES LISTED IN THIS PROXY STATEMENT.

Corporate Governance and Code of Ethics and Business Conduct

ESSA Bancorp is committed to maintaining sound corporate governance principles and the highest standards of ethical conduct and is in compliance with applicable corporate governance laws and regulations.

Table of Contents

The Board has adopted a code of ethics for the principal executive officer, principal financial officer, principal accounting officer and all persons performing similar functions. The code of ethics is designed to deter wrongdoing and to promote honest and ethical conduct, the avoidance of conflicts of interest, full and accurate disclosure and compliance with all applicable laws, rules and regulations. The code of ethics is available on the Company's website at www.essabank.com. Amendments to and waivers from the code of ethics are disclosed on the Company's website.

Director Independence

The Board has determined that, except for Mr. Olson, each member of the Board is an independent director within the meaning of the NASDAQ corporate governance listing standards and the Company's corporate governance policies. Mr. Olson is not considered independent as he is an executive officer of the Company. There were no transactions that the Board of Directors needed to review that are not required to be reported under Transactions With Certain Related Persons, that would bear in the determination of the independence of the directors.

Our Board of Directors is currently chaired by William A. Viechnicki, who is a non-executive director. This structure ensures a greater role for the independent directors in the oversight of ESSA Bancorp and ESSA Bank & Trust, and active participation of the independent directors in setting agendas and establishing priorities and procedures for the work of the Board.

The Board of Directors is actively involved in oversight of risks that could affect ESSA Bancorp. This oversight is conducted primarily through committees of the Board of Directors, but the full Board of Directors has retained responsibility for general oversight of risks. The Board of Directors satisfies this responsibility through full reports by each committee chair regarding such committee's considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within ESSA Bancorp. Risks relating to the direct operations of ESSA Bank & Trust are further overseen by the Board of Directors of ESSA Bank & Trust, which consists of the same individuals who serve on the Board of Directors of ESSA Bancorp.

Board Meetings and Committees

The Board of Directors of ESSA Bancorp met 13 times during the fiscal year ended September 30, 2016. The Board of Directors of ESSA Bank & Trust met 13 times during the fiscal year ended September 30, 2016. No director attended fewer than 75% in the aggregate of the total number of Board meetings held (during the period in which they served) and the total number of committee meetings on which he or she served (during the period in which they served) during the fiscal year ended September 30, 2016. Executive sessions of the independent directors are conducted on a regular basis. Although not required, attendance of Board members at the Annual Meeting of Stockholders is encouraged.

The Company has three standing Board committees: Compensation; Nominating and Corporate Governance; and Audit.

Compensation Committee

In fiscal 2016, the Compensation Committee consisted of Ms. Weekes (Chair) and Messrs. Kutteroff, Durkin, Hosbach and Regan, and the Compensation Committee currently consists of Ms. Weekes (Chair) and Messrs. Kutteroff and Durkin. The Committee is responsible for human resources policies, salaries and benefits, incentive compensation, executive development and management succession planning, as well as determining the salaries and other forms of compensation to be paid each year to the Chief Executive Officer and those executive officers who report directly to the Chief Executive Officer.

None of these individuals was an officer or employee of ESSA Bancorp or ESSA Bank & Trust during the fiscal year ended September 30, 2016, or is a former officer of ESSA Bancorp or ESSA Bank & Trust. Each member of the Compensation Committee is independent in accordance with the listing standards of the NASDAQ Stock Market. Our Compensation Committee operates under a written charter, which is available at our website at www.essabank.com. The Compensation Committee met 4 times during the fiscal year ended September 30, 2016.

Table of Contents

Analysis of Compensation Risk. In setting compensation, the Compensation Committee also considers the risks to ESSA's stockholders that may be inherent in the compensation program and to the achievement of our goals. Based on its review, the Compensation Committee believes our compensation programs represent an appropriate balance of short-term and long-term compensation and do not encourage executive officers or other employees to take unnecessary or excessive risks that are reasonably likely to have a material adverse effect on the Company. The Compensation Committee review also considered our internal controls, policies and risk-mitigating components in our incentive arrangements currently in place.

We considered the following elements, among others, of our executive compensation plans and policies when evaluating whether such plans and policies encourage our executives to take unreasonable risks:

We set performance goals that we believe are reasonable but challenging in light of past performance and market conditions;

We have a balanced portfolio between long-term and short-term compensation, variable and fixed pay, and cash and equity with a compensation portfolio weighted similar to our peers; and

Our executive stock ownership guidelines require our executives to hold certain levels of stock which aligns an appropriate portion of their personal wealth to the long-term performance of ESSA.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee, which currently consists of Messrs. Henning (Chair), Kutteroff, Selig, Fallon and Ms. Weekes, is responsible for identifying individuals qualified to become Board members and recommending a group of nominees for election as directors at each annual meeting of stockholders, ensuring that the Board and its committees have the benefit of qualified and experienced independent directors, and developing a set of corporate governance policies and procedures. The Nominating and Corporate Governance Committee operates under a written charter, which is available at our website at www.essabank.com, and each member of the Nominating and Corporate Governance Committee is independent under the listing standards of the NASDAQ Stock Market. The Nominating and Corporate Governance Committee met 5 times during the fiscal year ended September 30, 2016.

The Nominating and Corporate Governance Committee identifies nominees by evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are first considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service, or if the Nominating and Corporate Governance Committee or the Board decides not to re-nominate a member for re-election, or if the size of the Board is increased, the Nominating and Corporate Governance Committee would solicit suggestions for director candidates from all Board members and may consider candidates submitted by stockholders. In addition, the Nominating and Corporate Governance Committee is authorized by its charter to engage a third party to assist in the identification of director nominees.

The Nominating and Corporate Governance Committee would seek to identify a candidate who at a minimum satisfies the following criteria:

has the highest personal and professional ethics and integrity and whose values are compatible with those of the Company;

has experiences and achievements that have given him/her the ability to exercise and develop good business judgment;

is willing to devote the necessary time to the work of the Board and its committees, which includes being available for Board and committee meetings;

Table of Contents

is familiar with the communities in which the Company operates and/or is actively engaged in community activities;

is involved in other activities or interests that do not create a conflict with his/her responsibilities to the Company and its stockholders; and has the capacity and desire to represent the balanced, best interests of the stockholders of the Company as a group, and not primarily a special interest group or constituency.

The Nominating and Corporate Governance Committee will also take into account whether a candidate satisfies the criteria for independence in accordance with the listing standards of the NASDAQ Stock Market, and, if a candidate with financial and accounting expertise is sought for service on the Audit Committee, whether the individual qualifies as an audit committee financial expert.

The Committee does not have a formal policy or specific guidelines regarding diversity among Board members, and generally views and values diversity from the perspective of professional and life experiences, as well as geographic location, representative of the markets in which we do business. The Committee recognizes that diversity in professional and life experiences may include consideration of gender, race, or national origin, in identifying individuals who possess the qualifications that the Committee believes are important to be represented on the Board.

The Company received no submission for Board nominees for this Annual Meeting.

The letter should indicate that the author is a stockholder and if shares are not held of record, should include appropriate evidence of stock ownership. Depending on the subject matter, the Chair will:

forward the communication to the director(s) to whom it is addressed;

handle the inquiry directly, for example, where it is a request for information about the Company or it is a stock-related matter; or

not forward the communication if it is primarily commercial in nature, relates to an improper or irrelevant topic, or is unduly hostile, threatening, illegal or otherwise inappropriate.

At each Board meeting, the Chair of the Nominating and Corporate Governance Committee shall present a summary of all communications received since the last meeting and make those communications available to the directors upon request.

Audit Committee

The Audit Committee, which currently consists of Messrs. Kutteroff (Chair), Henning, Regan, Selig, Fallon and Ms. Gordon, is responsible for providing oversight relating to our financial statements and financial reporting process, systems of internal accounting and financial controls, internal audit function, annual independent audit and the compliance and ethics programs established by management and the Board. Transactions with Certain Related Persons

Loans and Extensions of Credit. The Sarbanes-Oxley Act of 2002 generally prohibits us from making loans to our executive officers and directors, but it contains a specific exemption from such prohibition for loans made by ESSA Bank & Trust to our executive officers and directors in compliance with federal banking regulations. Federal regulations require that all loans or extensions of credit to executive officers and directors of insured institutions must be made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and must not involve more than the normal risk of repayment or present other unfavorable features. ESSA Bank & Trust is therefore prohibited from making any loans or extensions of credit to executive officers and directors at different rates or terms than those offered to the general public, except for loans made to executive officers under a benefit program maintained by ESSA Bank & Trust that is generally available to all other employees and that does not give preference to any executive officer over any other employee.

In addition, loans made to a director or executive officer must be approved in advance by a majority of the disinterested members of the Board of Directors. The aggregate amount of our loans to our officers and directors and their related entities was \$1,642,957 at September 30, 2016. As of September 30, 2016, these loans were performing according to their original terms.

Set forth below is certain information as to loans made by ESSA Bank & Trust to certain of its directors and executive officers, or their affiliates, pursuant to the loan program disclosed above, whose aggregate indebtedness to ESSA Bank & Trust exceeded \$120,000 at any time since October 1, 2015. Unless otherwise indicated all of the loans are secured loans and all loans designated as residential loans are secured by the borrower's principal place of residence.

Executive Summary

In 2016, the Company remained committed to following long-term strategies and controlling risks, which together are strategies intended to result in increased equity value for our stockholders. As we stayed true to our strategic course, we also successfully closed a major transaction which positioned us to continue to grow in the marketplace and ultimately add value for our stockholders.

Company Performance

For the fiscal year ended September 30, 2016:

We experienced record loan closing volume, increased total interest income, an increase of core deposits as a percentage of total deposits and the successful completion and integration of the Eagle National Bancorp, Inc. (Eagle) acquisition. These accomplishments occurred despite a flattening yield curve throughout much of 2016 and a significant amount of loan pay offs and pay downs.

The Eagle acquisition successfully closed and at that time, Eagle had total assets of approximately \$173.7 million, total loans of approximately \$124.2 million and total deposits of approximately \$150.3 million. This was a significant event for the Company because the acquisition expanded the Company s footprint and its commercial presence into the western suburbs of Philadelphia, including three of the seven most populated Pennsylvania counties and among the faster growing markets within the state.

The Company reported net income of \$7.7 million, or \$0.73 per diluted share.

The Company s return on average assets and return on average equity (which were important drivers for 2016 compensation payouts), respectively, were 0.45% and 4.40% for the 2016 period, compared with median results of 0.43% and 3.76% for the Raymond James Mid-Atlantic Thrifts Peer Group of 46 thrifts.

2016 Compensation Decisions

In light of the Company s performance, the following compensation actions were taken in 2016:

Base Salary: For 2016, increases in base salary were approximately 4% except for Mr. Hangen, who received a 12% increase based on market competitive rates.

Going forward for 2017, there were no increases in base salary for any named executive officers, except Charles D. Hangen, whose increase was again based upon competitive market rates.

Annual Cash Incentives: Payouts at 103.7% of target were granted based on the Company's ROA performance relative to the Raymond James Mid-Atlantic Thrifts Peer Group of 46 thrifts.

Long Term Incentives: The value of the long-term grants for 2016 were determined based on a number of factors, including the executive's level within the Company, competitive market practices and the executive's performance leading up to the date of grant. For the fiscal year ending September 30, 2016, the actual size of the performance portion of the award was based on attainment of an ROE target and the Committee's assessment of overall achievement of strategic objectives (which was set by the Board at the beginning of the fiscal year) over a one-year performance period, subject to additional vesting for any earned awards. Based on a combination of ROE performance and the Committee's review of the positive impact of the Eagle acquisition and the related integration, participants earned 50% of the target amount, with 25% vesting at the end of fiscal year 2016, and the remaining portion of the award vesting in 25% increments over the next three fiscal years.

Say-On-Pay

We provide our stockholders with an annual opportunity to provide an advisory vote FOR or AGAINST the compensation of our NEOs. At last year's annual meeting, a majority of our stockholders voted in favor of the compensation of our named executives with approximately 89% of the votes cast approving the say on pay proposal. Although the say on pay vote is advisory and is not binding on our Board, the Compensation Committee is committed to understanding our shareholder views on our compensation program and seriously considers the outcome of the vote when making future executive compensation decisions. We have worked and will continue to work with outside independent advisors to ensure our programs follow best practices and are market competitive.

Executive Compensation Objectives and Philosophy

The primary objectives of the Company's executive compensation program are the following:

Institute pay programs that align executive interests with stockholder value creation

Attract, motivate and retain key executive talent

Link pay and performance

Mitigate unnecessary risk to the Company by avoiding certain compensation practices that may incentivize risk

To achieve these objectives, the Company has structured the NEO compensation program in the following manner:

Table of Contents

Salary levels and merit increases that reflect position responsibilities, competitive market rates, strategic importance of the position and individual performance.

Annual cash incentive (i.e., bonus) payments that are based on the Company's annual financial performance, as approved by the Compensation Committee, and achievement of certain strategic non-financial performance objectives. The Compensation Committee may only exercise negative discretion over bonus payments to the CEO and other NEOs (positive discretion is prohibited).

Long-term equity-based incentives that reward outstanding performance with incentives that focus our management team on creating stockholder value over the long term. By increasing the equity holdings of our NEOs, we provide them with a continuing stake in our long-term success. Performance-based targets were set for determining the size of a portion of the grants of restricted stock made for the fiscal year, coupled with a four-year vesting schedule for such awards.

Benefit programs that provide all of our employees, including the NEOs, with access to health and welfare benefits. All of our employees are also eligible to participate in retirement plans sponsored by the Company. Our benefit programs are designed to be competitive with our peers. To support these objectives, our total compensation (sum of base salary, annual incentive, long-term incentives) and benefits package for our NEOs are generally positioned around median competitive levels for commensurate performance, taking into account the relative responsibilities of our NEOs. Actual total compensation in any given year may be above or below the target level and market median, based on individual and corporate performance.

Compensation Decision Process

The Compensation Committee is responsible for establishing and overseeing the executive compensation program, annually reviewing and approving the compensation of the CEO and reviewing and approving the CEO's recommendations regarding the compensation of the other NEOs. The Compensation Committee makes reference to market data to determine changes in compensation of the NEOs, and it weighs a variety of different factors in its deliberations.

The CEO does not play any role in the Compensation Committee's determination of his own pay. The Compensation Committee does, however, solicit input from the CEO concerning the performance and compensation of the other NEOs. The CEO bases his recommendations on his assessment of each individual's performance, external market pay practices, retention risk and the Company's overall pay philosophy. All NEO compensation decisions are ultimately made by the Compensation Committee.

The Compensation Committee engaged the services of an independent compensation consultant, Pearl Meyer and Partners, LLC (Pearl Meyer), to assist it in evaluating executive compensation programs and in making determinations regarding executive officer compensation. The independent compensation consultant reports directly to the Compensation Committee, is available to advise the Compensation Committee and does not perform any other services for the Company. Pearl Meyer has certified to the Compensation Committee that they are independent within the meaning of applicable laws, regulations and stock exchange requirements.

Assessing Competitive Practice (Peer Groups)

In order to ensure that the Company is providing a competitive executive compensation program that will attract and retain key executive talent, the Company periodically conducts a market-based compensation analysis. The Company conducts this market analysis with the assistance of Pearl Meyer using two types of market data:

Peer group data: The Compensation Committee used the pay levels and compensation practices of the following 12-company peer group to set pay levels for fiscal year 2016, as determined with the assistance of Pearl Meyer, which includes companies similar in asset size, geographic region and within the same industry as the Company.

Table of Contents**2016 Peer Group**

* Due to merger and acquisition activity, significant changes in company asset size and other factors among the peer group, the Company modified its peer group by eliminating peers noted with a single asterisk and adding others noted below that are similar in asset size and within the same industry as the Company. Going forward, the Compensation Committee used the pay levels and compensation practices of the following 18 company peer group to set pay levels for fiscal year 2017:

** New peer for 2017.

In developing a new (and more robust) peer group for 2017, the Committee considered asset size, industry, business lines, geographic region and other factors deemed appropriate to benchmark compensation accordingly.

Survey data: The Compensation Committee also considered third-party compensation data surveys that focused on banks that were similar to the Company in asset size and geographic region since we believe that our most direct competitors for executive talent are not necessarily limited to the

companies included in our Peer Group. The Compensation Committee does not materially rely upon data from any individual company participating in any of the surveys in making compensation decisions.

Elements of the Compensation Package and 2016 Pay Outcomes

Our total compensation package primarily consists of base salaries, annual incentives and long-term incentives. We also provide modest benefits available to all employees in addition to limited retirement benefits.

Base Salaries. Executive officer base salary levels are evaluated by the Compensation Committee on an annual basis. In general, salary ranges are developed considering the results of the independent review of the competitiveness of the total compensation program for the position, as well as overall importance of each position within the organization. The Compensation Committee then takes into consideration the NEO's performance and contribution to the long-term goals of the Company, leadership, operational effectiveness and experience in the industry, overall competitiveness with market levels, as well as recent operating results, performance targets and other relevant factors.

Table of Contents**Fiscal Year 2016 Base Salaries**

During fiscal 2015, the Committee and Pearl Meyer compared base salaries against an updated 2015 market analysis. This analysis revealed that Mr. Olson's base salary continued to be below median market. Based on Pearl Meyer's 2015 market analysis and the Compensation Committee's review of Mr. Olson's performance for the fiscal year ended September 30, 2015, Mr. Olson received an annual base salary increase of \$20,000 (5.0%) from the previous fiscal year to bring his salary more in line with market median practices. This increase to Mr. Olson's annual base salary was effective beginning in the Company's fiscal 2016 year. This analysis also revealed that in light of his promotion to SVP, Chief Operating Officer in August, 2015, Mr. Hangen's base salary was positioned well below market median. In order to bring his salary closer to market median levels, Mr. Hangen received an annual base salary increase of \$22,000 (12.2%) which was effective beginning in the Company's fiscal 2016 year.

The Compensation Committee reviewed similar considerations for each of the other NEOs and determined that increases were appropriate for Mr. Muto, Ms. Reimer and Mr. Grayuski based upon their performance and to maintain competitive base salary levels. Accordingly, Mr. Muto, Ms. Reimer and Mr. Grayuski received an annual base salary increase of \$8,600 (4.0%), \$6,000 (4.0%), and \$5,840 (4.0%), respectively, effective beginning in the Company's fiscal 2016 year.

Fiscal Year 2017 Base Salaries

The Committee did not increase the base salary for any of the named executive officers except for Mr. Hangen for 2017. As Mr. Hangen's base salary was well below market median levels, the Committee determined that such an increase would help bring it closer to competitive rates. Mr. Hangen received an annual base salary increase of \$10,150 (5%) which was effective beginning in the Company's fiscal 2017 year.

Annual Incentives. The ESSA Bank & Trust Executive/Management Annual Incentive Plan is a cash bonus plan designed to motivate and reward participants, including the NEOs, for their contribution to the Company and for achieving annual financial goals. The Compensation Committee established bonus targets for each NEO as a percentage of base salary. For 2016, actual bonuses were paid out at 103.7% of target as follows:

Name	Target Bonus %	Actual Bonus as % of Base Salary	Actual Bonus Paid in Cash
Gary S. Olson	50%	51.8%	\$ 225,540
Allan A. Muto	40%	41.5%	\$ 96,092
Charles D. Hangen	45%	46.6%	\$ 97,808
Thomas J. Grayuski	35%	36.3%	\$ 57,100
Diane K. Reimer	35%	36.3%	\$ 58,665

The Company uses a formulaic annual incentive plan based on the Company's achievement of ROA goals relative to the Raymond James Mid-Atlantic Thrifts Peer Group of 46 thrifts (RJ Index). At the end of fiscal year 2016, the Company's ROA and the ROAs of each member of the RJ Index was calculated. The Company's relative ROA was then calculated, and a corresponding payout percentage was calculated pursuant to the following table:

2016 Relative ROA Performance

	Actual Payout %
	As % of Target Bonus %
< 35 th Percentile	0%
35 th Percentile (threshold)	50%
50 th Percentile (target)	100%
75 th Percentile (maximum)	150%

Beginning in fiscal year 2016, the Compensation Committee modified the threshold percentile performance level in the annual incentive plan to make it even more rigorous. Specifically, no bonus will be paid if the ROA falls below the 35th percentile (vs. 25th in 2015).

For fiscal year 2016, the Company's ROA of 0.45%, was equivalent to the 51.8 percentile of the Mid-Atlantic Thrifts Peer Group, whose median ROA was 0.43%, equating to an actual payout percentage of 103.7%.

Table of Contents

Long-Term Incentive Compensation. Beginning in fiscal 2014, to further align the Company's compensation program with Company performance, the Company split long-term awards to NEOs between time-based restricted stock and performance-based restricted stock. The value of the long-term grants for 2016 was determined based on a number of factors, including the level of the executive's seniority, competitive market practice and the executive's performance leading up to the date of the grant. The 2016 long-term grants were split into two components:

50% of the award value is granted in the form of time-based restricted stock, 25% of which vests at the end of fiscal year 2016, with an additional 25% vesting annually on September 30, 2017, 2018 and 2019, respectively. At each vesting date, awards are issued as Company common stock. The primary objective of the time-based restricted stock award is to reward employee contributions and encourage continued employment (retention) with the Company.

50% of the award value is granted in the form of performance-based restricted stock subject to achievement of performance criteria over a one-year performance period and additional vesting for any achieved awards. At each vesting date, awards are settled in cash.

Executives can earn between 0% and 150% of the performance-based restricted stock award granted based upon the Company's ROE performance over a one-year period (achievement will be interpolated between the various performance points on the table), as adjusted by the Committee pursuant to the plan:

Actual ROE Performance (% of Target)	Actual Award (% of Target)
<80%	0%
80% (threshold)	50%
100% (target)	100%
125% (maximum)	150%

The performance target for the fiscal year ending September 30, 2016 was an ROE of 5.84% (which was set by the Board at the beginning of the fiscal year), with a threshold performance of 4.67% (80% of the target level) and a maximum performance of 7.30% (125% of the target level).

For the fiscal year 2016 period, the Company's actual ROE of 4.40% resulted in an actual payout percentage of 75% of target which is below the initial formulaic 80% threshold level specified in the plan. However, the formulaic plan also provides for adjustment where the completion of an acquisition during a fiscal year may have had a significant impact on the Bank's ROE performance. In this regard, the Committee reviewed the impact that the Company's acquisition of Eagle, which was completed on December 4, 2015, may have had on ROE. After specific review, the Committee determined that the Eagle acquisition, which was a significant event for the Company because the acquisition expanded the Company's footprint and its commercial presence

into the western suburbs of Philadelphia, nevertheless had put downward pressure on the Company's formulaic ROE under the plan. As such, it determined that paying out at the threshold level was the appropriate and intended level of pay under the long-term incentive award. All of the earned awards vested 25% at the end of fiscal year 2016, with an additional 25% vesting on September 30, 2017, 2018 and 2019.

All performance-based awards will be settled in cash.

The primary objectives of the performance-based restricted stock awards are to (i) reward the executive for the Company's performance, (ii) align his or her financial interests with the long-term interests of the Company's stockholders, and (iii) encourage the continued retention of the executive. This plan addresses the Company's desire to incorporate a financial goal that was measurable and controllable by the Company's management while acknowledging that multi-year performance goals are subject to changes in the market beyond the Company's control.

Table of Contents

Executives will forfeit any unvested restricted stock awards if their employment by the Company is terminated for any reason prior to vesting, except in the event of death, disability or involuntary termination following a change in control.

Other Compensation. While the majority of each NEO's compensation packages are comprised of base salary, annual incentives and long-term incentives as discussed above, the Company does provide very limited benefits, which are discussed following our tabular disclosures, below.

Other Compensation Policies and Guidelines

Stock Ownership Guidelines. To align the interests of the Company's NEOs with the interests of the Company's shareholders, the Company maintains stock ownership guidelines, where NEOs are required to own shares of common stock equal to a specified multiple of their annual base salary. The applicable levels are as follows:

CEO	3x salary
CFO	2x salary
Other NEOs	1x salary

NEOs have five years from the date of hire to meet these ownership requirements. As of September 30, 2016, all NEOs were in compliance with the Company's stock ownership guidelines.

Clawback Policy. In accordance with a clawback policy adopted by the Board of Directors in 2015, as a condition to receiving incentive compensation, NEOs agree to return bonus and other incentive compensation paid by the Company (including cancellation of outstanding equity awards and reimbursement of any gains realized on such awards) if: (i) the payment or award was granted, earned or vested based in whole or in part on the attainment (i.e., a measure that is determined and presented in accordance with the accounting principles used in preparing the Company's financial statements); (ii) there is an accounting restatement of financial statements due to material noncompliance with financial reporting requirements under the federal securities laws (a Restatement); and (iii) the amount of the bonus or incentive compensation, as calculated under the restated financial results, is less than the amount actually paid or awarded under the original financial results. Only incentive compensation that is paid during (or with respect to) the three years preceding a Restatement is subject to the foregoing clawback. Our Clawback Policy may be updated to reflect any final regulations issued in the future.

Tax Deductibility under Section 162(m) of the Internal Revenue Code. The Company's compensation programs are intended to provide for compensation that is tax deductible. Section 162(m) of the Internal Revenue Code places a \$1,000,000 limit on the amount of compensation that we may deduct for tax purposes for any year with respect to the executive who serves as CEO at year-end, and any of our three other most highly compensated employees who serve as NEOs at year-end, other than the Chief Financial Officer. The \$1,000,000 limit does not apply to performance-based compensation, as defined under Section 162(m). The Company's executive compensation program is designed to maximize the deductibility of compensation. When warranted due to competitive or other factors, however, the Compensation Committee may in certain circumstances decide to exceed the deductibility limit under Section 162(m) or to otherwise pay non-deductible compensation.

(1) The amounts in this column reflect an additional payroll period in fiscal year 2016, and consequently the amounts shown are higher than the executive's annual base salary.

(2) See discussion of Annual Incentives above.

(3) The amounts in this column reflect the aggregate grant date fair value computed in accordance with FASB ASC Topic 718, of restricted stock awards pursuant to the ESSA Bancorp, Inc. 2007 and 2016 Equity Incentive Plans. Assumptions used in the calculation of these amounts are included in footnote 12 to our audited financial

statements for the fiscal year ended September 30, 2016 included in our Annual Report on Form 10-K. 50% of an executive's 2016 restricted stock awards was performance-based and 50% was time-based. Assuming vesting of performance-based awards granted in 2016 at the maximum level of 150% of target, the grant date fair value of these performance-based awards would have been as follows: Mr. Olson: \$112,514; Mr. Muto: \$56,256; Mr. Hangen: \$63,761; Mr. Grayuski: \$37,518; and Ms. Reimer: \$37,518. The number of performance-based awards are determined at the fiscal year end following the date of grant and then are subject to a time-based vesting schedule as described in the Outstanding Equity Awards at Year End table below. All performance-based awards will be settled in cash.

- (4) Mr. Olson, Ms. Reimer and Mr. Grayuski are eligible to receive 70% of final average compensation (determined over the executive's high 5-year average compensation during the 10 years before retirement) payable for the remainder of their lifetime if they retire from the Company after completing 30 years of service with the Company. This benefit is comprised of the Company's qualified and non-qualified retirement plan benefits. The amount of the total benefit provided under each component varies, but in the aggregate, the target benefit remains 70% of final average compensation. See the Pension Benefits table below for the present value of the benefit accumulated under the Pension Plan and SERP for all named executive officers.

- (10) To show how the year-over-year change in pension value impacted total compensation, as determined under SEC rules, we have included this column to show total compensation without pension value changes. The amounts reported in this column are calculated by subtracting the change in pension value reported in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column, as described in footnote 2 to this table, from the amounts reported in the Total column. The amounts reported in this column differ substantially from, and are not a substitute for, the amounts reported in the Total column. The increase in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column resulted from increases to average compensation and aging one more year.

(1) The Company maintains a tax-qualified defined benefit pension plan, which is referred to in this table as the Pension Plan and supplemental executive retirement plan, which is referred to in this table as SERP. The SERP has a defined-benefit type formula. The terms of the Pension Plan and SERPs are described more fully, below.

Other Benefit Plans and Agreements

Employment Agreements. ESSA Bancorp has entered into employment agreements with each of the named executive officers. The agreements with Messrs. Olson, Muto and Hangen have an initial term of three years, and the agreements with Ms. Reimer and Mr. Grayuski have an initial term of two years. The employment agreements renew annually unless notice of non-renewal is provided. All employment agreements have renewed annually. Under the agreements, as of September 30, 2016, the base salaries for Messrs. Olson, Muto, Hangen, Ms. Reimer and Mr. Grayuski are \$420,000, \$223,600, \$213,150, \$156,000 and \$151,840, respectively. Base salaries will be reviewed at least annually and may be increased, but not decreased. In addition to the base salary, each agreement provides for, among other things, participation in bonus programs and other employee pension benefit and fringe benefit plans applicable to executive employees and use of an automobile (in the case of Mr. Olson). The executive's employment may be terminated for cause at any time, in which event the executive would have no right to receive compensation or other benefits for any period after termination.

Each of the executives is entitled to severance payments and benefits in the event of his or her termination of employment under specified circumstances. In the event the executive's employment is involuntarily terminated without cause or the executive voluntarily resigns within 90 days following (1) the failure to elect or reelect or to appoint or reappoint the executive to his or her executive position or a material change in the executive's functions, duties, or responsibilities, which change would cause executive's position to become one of lesser responsibility, importance or scope; (2) the relocation of executive's principal place of employment to a location that is more than 50 miles from the location of ESSA Bank & Trust's principal executive offices (or in the case of Mr. Hangen, 50 miles from his place of principal employment) as of the date of the agreement; (3) a material reduction in benefits and perquisites including base salary (except for any bank-wide or officer-wide reduction); (4) the liquidation or dissolution of ESSA Bancorp or ESSA Bank & Trust; or (5) a breach of the employment agreement by ESSA Bancorp (collectively, a "Good Reason"), the executive would be entitled to a severance payment equal to three

Table of Contents

times (in the case of Messrs. Olson and Muto) or two times (for Mr. Hangen, Ms. Reimer and Mr. Grayuski) the sum of the executive's base salary and the highest rate of bonus awarded to the executive during the prior three years (for Messrs. Olson and Muto) or two years (for Ms. Reimer and Mr. Grayuski) or the highest target bonus opportunity that was or could have been paid to Mr. Hangen with respect to the two completed fiscal years prior to the year in which the termination of employment occurred, payable in a lump sum within 30 days following the termination date, unless a 6-month delay in payment is required in order to comply with Internal Revenue Code Section 409A. In addition, the executive would be entitled, at ESSA Bancorp's sole expense, to the continuation of life, medical, dental and vision coverage for 36 months (in the case of Messrs. Olson and Muto) or 24 months (for Mr. Hangen, Ms. Reimer and Mr. Grayuski) after termination of the agreement. The executive would also receive a lump sum payment of the excess, if any, of the present value of the benefits he or she would be entitled to under the ESSA Bancorp or ESSA Bank & Trust's defined benefit pension plan if the executive had continued working for ESSA Bancorp for 36 months (in the case of Messrs. Olson and Muto) or 24 months (for Mr. Hangen, Ms. Reimer and Mr. Grayuski) over the present value of the benefits to which the executive is actually entitled as of the date of termination. In the event that the severance payment provisions of the employment agreement were triggered for one of the covered executives at September 30, 2016, the executive would be entitled to a cash severance benefit in the amount of approximately \$2,120,000, \$1,077,000, up to \$939,000, \$500,000, and \$568,000 in the case of Messrs. Olson, Muto, Hangen, Grayuski, and Ms. Reimer, respectively.

If the executive's employment is involuntarily terminated without cause or the executive voluntarily resigns for Good Reason within 24 months following a change in control, the executive would be entitled to the same severance and benefits described in the above paragraph, except Mr. Hangen's severance multiplier described above increases from two to three; however, such payments may be reduced due to Section 280G of the Internal Revenue Code. The employment agreements for the named executive officers provide for a reduction in the amount of any payments made in connection with a change in control which would otherwise constitute excess parachute payments under Section 280G of the Internal Revenue Code. The total payment owed to the executive upon a change in control will be reduced to an amount that is \$1.00 less than the amount that would otherwise be an excess parachute payment under Code Section 280G.

Upon termination of the executive's employment other than in connection with a change in control, the executive agrees not to compete with ESSA Bancorp for one year following termination of employment within 50 miles of any existing branch of ESSA Bank & Trust or 50 miles of any office for which ESSA Bank & Trust or a subsidiary has filed an application for regulatory approval.

In the event the executive becomes disabled, ESSA Bancorp would continue to pay the executive his or her base salary for the longer of the remaining term of the agreement or one year, provided that any amount paid to the executive pursuant to any disability insurance would reduce the compensation the executive would receive and will provide life insurance, medical, dental and vision coverage until the earlier of executive's return to employment, age 65 or death. In the event that the disability benefit provisions of the employment agreement were triggered for one of the covered executives at September 30, 2016, the executive would be entitled to cash disability benefits in an amount up to approximately \$1,075,890, \$577,684, \$639,450, \$240,448, and \$247,036 in the case of Messrs. Olson, Muto, Hangen, Grayuski and Ms. Reimer, respectively. In the event the executive dies while employed by ESSA Bancorp, the executive's estate will be paid the executive's base salary for one year and the executive's family will be entitled to continuation of medical, dental and vision benefits for one year after the executive's death. In the event that the death benefit provisions of the employment agreement were triggered for one of the covered executives at September 30, 2016, Messrs. Olson, Muto, Hangen, Grayuski and Ms. Reimer's beneficiaries would be entitled to a cash payment in the amount of approximately \$438,000, \$237,000, \$207,000, \$162,000, and \$173,000, respectively.

Stock Award and Stock Option Program. Stockholders approved the ESSA Bancorp, Inc. 2016 Equity Incentive Plan (the 2016 Equity Plan) on March 3, 2016. Under this plan, individuals may receive awards of Company common stock and grants of options to purchase Company common stock. The Compensation Committee believes that stock ownership provides a significant incentive in building stockholder value by further aligning the interests of our officers and employees with stockholders since such compensation is directly linked to the performance of the Company s common stock. In addition, stock options and restricted stock awards granted to our named executive officers generally vest over a four-year period, with accelerated vesting in the event of death, disability, involuntary termination of employment (other than for cause) of service following a change in control, thereby aiding retention.

Table of Contents

Assuming that accelerated vesting occurred as of September 30, 2016 due to death, disability or an involuntary termination of employment (other than for cause) following a change in control, based on the closing price per share of Company common stock on that date, the value of a reasonable estimate of the awards made to the named executive officers for the fiscal year which ended on September 30, 2016 would be as follows: Mr. Olson would receive \$203,291 in value for accelerated restricted stock; Mr. Muto would receive \$105,122 in value for accelerated restricted stock; Mr. Hangen would receive \$99,178 in value for accelerated restricted stock; Mr. Grayuski would receive \$70,090 in value for accelerated restricted stock and Ms. Reimer would receive \$70,090 in value for accelerated restricted stock.

401(k) Plan. ESSA Bank & Trust maintains a non-standardized prototype 401(k) plan through Massachusetts Mutual Life Insurance Company (MassMutual). Employees may participate in the plan when they have attained age 21 and completed one year of service and have been credited with 1,000 hours during the year of service. Participants may make pre-tax salary deferrals to the plan not to exceed \$18,000 (which is the 2016 limit; the limit is adjusted annually for IRS-announced cost-of-living increases), provided, however, that a participant over age 50 may contribute an additional \$6,000 to the 401(k) plan. In addition to salary deferrals, effective February 28, 2017, the 401(k) plan provides that ESSA Bank & Trust will make an employer matching contribution equal to 100% of a participant's salary deferral contribution, provided that such amount does not exceed 3% of a participant's compensation, plus 50% of a participant's salary deferral contribution that exceeds 3% but does not exceed 5% of a participant's compensation earned during the plan year (for a total maximum employer matching contribution of 4% of a participant's compensation). All contributions are 100% vested. Distributions will be made upon death, disability, termination of employment, or attainment of age 59-1/2. In addition to the other self-directed investment alternatives offered under the plan, participants are offered the opportunity to purchase stock in the Company through a unitized employer stock fund, consisting of 95% stock and 5% cash. Benefits are paid in the form of lump sum.

Employee Stock Ownership Plan. ESSA Bank & Trust sponsors the ESSA Bank & Trust Employee Stock Ownership Plan for the benefit of its employees. Employees who are at least 21 years old with at least one year of service during which the employee has completed at least 1,000 hours of service with ESSA Bank & Trust are eligible to participate. As part of ESSA Bank & Trust's 2007 stock offering, the Employee Stock Ownership Plan trust borrowed funds from the Company and used those funds to purchase a number of shares equal to 8% of the common stock sold in the offering (1,358,472 shares). Collateral for the loan is the common stock purchased by the Employee Stock Ownership Plan. The loan will be repaid principally from ESSA Bank & Trust's discretionary contributions to the Employee Stock Ownership Plan over a period of up to 30 years. The loan documents provide that the loan may be repaid over a shorter period, without penalty for prepayments. Shares purchased by the Employee Stock Ownership Plan will be held in a suspense account for allocation among participants as the loan is repaid.

Contributions to the Employee Stock Ownership Plan and shares released from the suspense account in an amount proportional to the repayment of the Employee Stock Ownership Plan loan will be allocated among Employee Stock Ownership Plan participants on the basis of compensation in the year of allocation. Participants will be 100% vested in benefits under the plan upon completion of three years of credited service, with credit given to participants for years of credited service with ESSA Bank & Trust's mutual predecessor. A participant's interest in his or her account under the plan will also fully vest in the event of termination of service due to a participant's early or normal retirement, death, disability, or upon a change in control (as defined in the plan). Vested benefits will be payable in the form of common stock and/or cash. ESSA Bank & Trust's contributions to the Employee Stock Ownership Plan are discretionary, subject to the loan terms and tax law limits. Therefore, benefits payable under the Employee Stock Ownership Plan cannot be estimated. Pursuant to generally accepted accounting principles, we are required to record compensation expense each year in an amount equal to the fair market value of the shares released or committed to be released from the suspense account.

Defined Benefit Pension Plan. ESSA Bank & Trust maintains an individually designed, tax-qualified defined benefit plan (the Pension Plan). ESSA Bank & Trust annually contributes an amount to the plan necessary to at least satisfy the minimum funding requirements established under the Employee Retirement Income

Table of Contents

Security Act of 1974, as amended (ERISA). The regular form of retirement benefit is a straight life annuity (if single) and a joint and survivor annuity (if married), however, various alternative forms of joint and survivor annuities, a ten year certain annuity or a lump sum distribution (available only to participants hired on or before November 30, 2002) may be selected instead. Upon termination of employment with at least five years of employment, a participant is entitled to a normal retirement annual benefit at age 65 equal to a percentage of average monthly compensation determined over the participant's high five-year average salary during the ten years before the participant's retirement. If the participant terminates employment with 15 years of service, his or her normal retirement benefit will be reduced by 0.5% for each month by which the participant's actual retirement date precedes his or her normal retirement date but the benefit will not commence earlier than age 60. Effective February 28, 2017, ESSA Bank & Trust froze all future enrollments and benefit accruals under the Pension Plan.

Supplemental Executive Retirement Plan. ESSA Bank & Trust maintains the Supplemental Executive Retirement Plan (Supplemental Retirement Plan). At September 30, 2016, Mr. Olson, Ms. Reimer and Mr. Grayuski were participants in the Supplemental Retirement Plan.

The Supplemental Retirement Plan is designed to provide participants with a normal retirement benefit, which is an annual benefit equal to 70% of the participant's highest average compensation (determined over a consecutive 5-year period within the last 10 years of employment) reduced by the sum of fifty-percent of annual social security benefits, annualized benefits payable under ESSA Bank & Trust's tax-qualified defined benefit pension plan, and the annualized employer contributions to ESSA Bank & Trust's 401(k) Plan and ESOP.

If a participant has been employed with ESSA Bank & Trust for at least 30 years upon normal retirement age (65) or early retirement age (60), then the benefit described in the Supplemental Retirement Plan will be paid to the participant for no less than 16 years following the participant's retirement, unless the participant elects to receive the present value of the payments as a lump sum. All of the covered participants have elected a lump sum payment. The normal retirement benefit is reduced by 0.05% for each month the participant terminates employment after early retirement age but prior to normal retirement age. If a participant terminates employment within two years following a change-in-control, the participant will be entitled to the normal retirement benefit as if the participant had been employed to age 65, and the benefit will be paid in a lump sum. Benefits become vested after 5 years of service. All participants are fully vested in the benefit. If the participant dies or becomes disabled while actively employed by us, the amount accrued under the plan as of the date of the participant's termination of employment will be paid to the participant (or beneficiary in the event of death) in a lump sum. Lump sum payments are determined by assuming payments would otherwise be made for 16 years and using a discount rate that is used in FASB 87 calculations.

Mr. Olson, Ms. Reimer and Mr. Grayuski, respectively, would be entitled to \$1,144,812, \$0 and \$39,395, respectively, if their employment terminated due to death on September 30, 2016. Mr. Olson, Ms. Reimer and Mr. Grayuski, respectively, would be entitled to \$2,022,533, \$0 and \$39,395, respectively, if their employment terminated due to disability on September 30, 2016. Mr. Olson, Ms. Reimer and Mr. Grayuski, respectively, would be entitled to \$2,481,636, \$0 and \$373,586, respectively, if their employment terminated due to a change in control on September 30, 2016.

We recorded an expense of \$413,460 for the Supplemental Retirement Plan during the fiscal year ended September 30, 2016.

Split Dollar Life Insurance Agreements. The Company has entered into split dollar life insurance agreements with Messrs. Olson, Muto, Grayuski and Ms. Reimer. Under the agreements, if the executive dies while employed by the Company, the executive's beneficiary will receive four times the executive's base salary (five times for Mr. Olson) in a lump sum. The Company has purchased bank-owned life insurance policies to fund these obligations. The Summary

Compensation Table includes the value of these benefits.

Director Compensation

Each of the individuals who serves as a director of ESSA Bancorp also serves as a director of ESSA Bank & Trust and each non-employee director earns director and committee fees in that capacity. Each non-employee director (except for the Chairman of the Board) is paid a fee of \$2,000 per month for their service and \$1,000 for

Table of Contents

each Board meeting attended. In addition, the Chairperson of a committee is paid \$750 for each committee meeting attended and an annual retainer of \$4,000 in the case of the Audit Committee Chairperson and \$2,000 each in the case of the Chairpersons of the Compensation Committee and Nominating and Corporate Governance Committee. Committee members are paid \$500 for each committee meeting attended. In lieu of the above mentioned fees, the Chairman of the Board is paid an annual retainer of \$60,000 and \$1,500 for each Board meeting attended. The Chairman of the Board is not compensated for attendance at any committee meetings.

ESSA periodically reviews its non-employee director compensation programs relative to market practices. In fiscal year 2016, ESSA conducted this market analysis with the assistance of Pearl Meyer using pay levels and compensation practices of the same Peer Group used to benchmark pay for ESSA's executives. Based on the review, Pearl Meyer found that ESSA's non-employee director compensation levels were generally below competitive market rates. The Compensation Committee did not find that changes or increases to the program were necessary at this time.

ESSA also has stock ownership guidelines for all non-employee directors. Under these ownership guidelines, directors are required to own shares of common stock equal to one and a half times the annual retainer paid to the directors. The annual retainer paid to non-employee directors (except for the Chairman of the Board) as of September 30, 2016 is \$24,000. New directors have five years to meet this requirement. As of September 30, 2016, all non-employee directors who have served as directors of the Company for five years or more have met this requirement.

The following table sets forth the total fees received by the non-management directors during the fiscal year ended September 30, 2016:

PROPOSAL III ADVISORY VOTE ON EXECUTIVE COMPENSATION

The compensation of our Principal Executive Officer and our four other most highly compensated executive officers of ESSA Bancorp (Named Executive Officers) as described in PROPOSAL I ELECTION OF DIRECTORS Executive Compensation. Stockholders are urged to read the Executive Compensation section of this Proxy Statement, which discusses our compensation policies and procedures with respect to our Named Executive Officers.

Based on the information and rationale contained in the CD&A above, included among other things our performance-drive compensation program, our risk-management, and our adherence to best governance practices, we believe stockholders should vote in favor of the compensation program.

Stockholders will be asked at the Annual Meeting to provide their support with respect to the compensation of our Named Executive Officers by voting on the following advisory, non-binding resolution:

RESOLVED, that the stockholders of ESSA Bancorp, Inc. (the Company) approve, on an advisory basis, the compensation of the Company s Named Executive Officers described in the Executive Compensation section of the Proxy Statement.

This advisory vote, commonly referred to as a say-on-pay advisory vote, is non-binding on the Board of Directors. Although non-binding, the Board of Directors and the Compensation Committee value constructive dialogue on executive compensation and other important governance topics with our stockholders and encourages all stockholders to vote their shares on this matter. The Board of Directors and the Compensation Committee will review the voting results and take them into consideration when making future decisions regarding our executive compensation programs.

**PROPOSAL IV ADVISORY VOTE ON FREQUENCY OF FUTURE SAY-ON-PAY ADVISORY
VOTES**

Pursuant to Section 14A of the Exchange Act, at the 2017 Annual Meeting, we are asking stockholders to vote on whether future say-on-pay advisory votes on executive compensation should occur every year, every two years or every three years.

After careful consideration, the Board of Directors recommends that future stockholder say-on-pay advisory votes on executive compensation be conducted every year. The determination was based upon the premise that Named Executive Officer compensation is evaluated, adjusted and approved on an annual basis by the Board of Directors upon a recommendation from the Compensation Committee and the belief that investor sentiment should be a factor taken into consideration by the Compensation Committee in making its annual recommendation.

Although the Board of Directors recommends a say-on-pay vote every year, stockholders will be able to specify one of four choices for this proposal on the proxy card: one year, two years, three years or abstain. Stockholders are not voting to approve or disapprove of the Board of Directors' recommendation.

Although this advisory vote regarding the frequency of say-on-pay votes is non-binding on the Board of Directors, the Board of Directors and the Compensation Committee will review the voting results and take them into consideration when deciding how often to conduct future say-on-pay stockholder advisory votes.

Unless otherwise instructed, validly executed proxies will be voted FOR the One Year frequency option.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ONE YEAR OPTION.
