NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

1. BASIS OF PRESENTATION:

On January 1, 2013, Ryman Hospitality Properties, Inc. (Ryman) and its subsidiaries (collectively with Ryman, the Company) began operating as a real estate investment trust (REIT) for federal income tax purposes, specializing in group-oriented, destination hotel assets in urban and resort markets. The Company s owned assets include a network of upscale, meetings-focused resorts that are managed by Marriott International, Inc. (Marriott) under the Gaylord Hotels brand. These resorts, which the Company refers to as the Gaylord Hotels properties, consist of the Gaylord Opryland Resort & Convention Center in Nashville, Tennessee (Gaylord Opryland), the Gaylord Palms Resort & Convention Center near Orlando, Florida (Gaylord Palms), the Gaylord Texan Resort & Convention Center near Dallas, Texas (Gaylord Texan) and the Gaylord National Resort & Convention Center near Washington D.C. (Gaylord National). The Company s other owned assets managed by Marriott include Gaylord Springs Golf Links (Gaylord Springs), the Wildhorse Saloon, the General Jackson Showboat (General Jackson), the Inn at Opryland, an overflow hotel adjacent to Gaylord Opryland, and the AC Hotel at National Harbor, Washington D.C. (AC Hotel), an overflow hotel adjacent to Gaylord National. The Company also owns and operates media and entertainment assets including the Grand Ole Opry, the legendary weekly showcase of country music s finest performers; the Ryman Auditorium, the storied live music venue and former home of the Grand Ole Opry; and WSM-AM, the Opry s radio home.

The condensed consolidated financial statements include the accounts of Ryman and its subsidiaries and have been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (the SEC). Certain information and footnote disclosures normally included in annual financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted from this report pursuant to such rules and regulations. These condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and the notes thereto included in the Company s Annual Report on Form 10-K for the year ended December 31, 2016. In the opinion of management, all adjustments necessary for a fair statement of the results of operations for the interim periods have been included. All adjustments are of a normal, recurring nature. The results of operations for such interim periods are not necessarily indicative of the results for the full year because of seasonal and short-term variations.

The Company conducts its business through an umbrella partnership REIT, in which substantially all of its assets are held by, and all of its operations are conducted through, RHP Hotel Properties, LP, a subsidiary operating partnership (the Operating Partnership) that the Company formed in connection with its REIT conversion. Ryman is the sole limited partner of the Operating Partnership and currently owns, either directly or indirectly, all of the partnership units of the Operating Partnership. RHP Finance Corporation, a Delaware corporation (Finco), was formed as a wholly-owned subsidiary of the Operating Partnership for the sole purpose of being an issuer of debt securities with the Operating Partnership. Neither Ryman nor Finco has any material assets, other than Ryman s investment in the Operating Partnership and its 100%-owned subsidiaries. As 100%-owned subsidiaries of Ryman, neither the Operating Partnership nor Finco has any business, operations, financial results or other material information, other than the business, operations, financial results and other material information described in this Quarterly Report on Form 10-Q and Ryman s other reports filed with the SEC pursuant to the Securities Exchange Act of 1934, as amended.

The Company principally operates, through its subsidiaries and its property managers, as applicable, in the following business segments: Hospitality, Entertainment, and Corporate and Other.

Newly Issued Accounting Standards

In May 2014, the Financial Accounting Standards Board (the FASB) issued Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers*, the core principle of which is that a company will recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. Under this guidance, companies will need to use more judgment and make more estimates than under today s guidance. These judgments may include identifying performance obligations in the contract, estimating the amount of variable consideration to include in the transaction price and allocating the transaction price to each separate performance obligation. The ASU is effective for the Company in the first quarter of 2018, and the Company plans to adopt this standard at that time using the modified retrospective approach. During 2016, the Company formed a project implementation team which formulated a project timeline under which this new standard is being evaluated. To date, the Company has completed a revenue stream scoping process and is evaluating how the new ASU will impact the amount and timing of the various revenue streams recorded in its financial statements. While the Company is still assessing the various impacts in conjunction with Marriott, due to the short-term, day-to-day nature of the Company s hotel revenues, the pattern of revenue recognition is not expected to change significantly.

In February 2016, the FASB issued ASU No. 2016-02, *Leases*, that requires lessees to put most leases on their balance sheet, but recognize expenses on their income statements in a manner similar to previous accounting. The ASU also eliminates the required use of bright-line tests for determining lease classification. The ASU is effective for the Company in the first quarter of 2019. The Company is currently evaluating the effects of this ASU on its financial statements, and, other than the inclusion of operating leases on the Company s balance sheet, such effects have not yet been determined. See Note 12 in the Company s Annual Report on Form 10-K for the year ended December 31, 2016 for a further disclosure of the Company s outstanding leases.

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments Credit Losses Measurement of Credit Losses on Financial Instruments*, which will change how entities measure credit losses for most financial assets and certain other instruments that are not measured at fair value through net income. The ASU will replace the current incurred loss approach with an expected loss model for instruments measured at amortized cost. For trade and other receivables, held-to-maturity debt securities, loans and other instruments, entities will be required to use a new forward-looking expected loss model that generally will result in the earlier recognition of allowances for losses. The ASU is effective for the Company in the first quarter of 2020. The Company is currently evaluating the effects of this ASU on its financial statements, and such effects have not yet been determined.

In March 2017, the FASB issued ASU No. 2017-07, *Compensation Retirement Benefits: Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost*, which will change how employers that sponsor defined benefit pension and/or other postretirement benefit plans present the cost of benefits in the income statement. Under the new guidance, the service cost component of net periodic benefit cost will be presented in the same income statement line item(s) as other employee compensation costs. In addition, the other components of net periodic benefit cost will be presented separately from service cost and outside of operating income. The ASU is effective for the Company in the first quarter of 2018, and this adoption will not have a material impact on the Company s financial statements.

3. PROPERTY AND EQUIPMENT:

Property and equipment at June 30, 2017 and December 31, 2016 is recorded at cost and summarized as follows (in thousands):

	June 30, 2017	December 31, 2016
Land and land improvements	$ 266,390	$ 266,053
Buildings	2,431,201	2,398,117

In June 2017, the Company entered into an agreement with the Industrial Development Board of the Metropolitan Government of Nashville and Davidson County (the Board) to implement a tax abatement plan related to Gaylord Opryland. The tax abatement plan provides for the capping of real property taxes for a period of eight years by legally transferring title to the Gaylord Opryland real property to the Board. The Board financed the acquisition of the Gaylord Opryland real property by issuing a $650 million industrial revenue bond to the Company. The Board then leased this property back to the Company. The Company is obligated to make lease payments equal to the debt service on the industrial revenue bond. No cash was exchanged and no cash will be exchanged in connection with the Company s lease payments under the lease. The tax abatement period extends through the term of the lease, which coincides with the nine-year maturity of the bond. At any time, the Company has the option to repurchase the real property at a de minimis amount.

Due to the form of these transactions, the Company has not recorded the bond or the lease obligation associated with the sale lease-back transaction, and the cost of the Gaylord Opryland real property remains recorded on the balance sheet and is being depreciated over its estimated useful life.

4. NOTES RECEIVABLE:

As further discussed in the Company s Annual Report on Form 10-K for the year ended December 31, 2016, in connection with the development of Gaylord National, the Company is currently holding two issuances of governmental bonds and receives debt service thereon, payable from property tax increments, hotel taxes and special hotel rental taxes generated from Gaylord National through the maturity date. The Company is recording the amortization of discount on these notes receivable as interest income over the life of the notes.

During the three months ended June 30, 2017 and 2016, the Company recorded interest income of $2.9 million and $3.0 million, respectively, on these bonds. During the six months ended June 30, 2017 and 2016, the Company recorded interest income of $5.9 million and $6.1 million, respectively, on these bonds. The Company received payments of $3.2 million and $3.3 million during the six months ended June 30, 2017 and 2016, respectively, relating to these notes receivable. See additional discussion regarding the fair value of these notes receivable in Note 13.

5. INVESTMENT IN GAYLORD ROCKIES JOINT VENTURE:

In March 2016, certain subsidiaries of the Company entered into a series of agreements with affiliates of RIDA Development Corporation (RIDA) and Ares Management, L.P. (Ares) with respect to an equity investment in the Gaylord Rockies Resort & Convention Center in Aurora, Colorado (Gaylord Rockies), which is being developed by RIDA and Ares. The hotel will be managed by Marriott pursuant to a long-term management contract and is expected to consist of a 1,500-room resort hotel with over 485,000 square feet of exhibition, meeting, pre-function and outdoor space. The hotel is expected to be completed in late 2018 and has a total estimated project cost of approximately $800 million.

The Company owns a 35% interest in a limited liability company that owns the real property comprising the hotel, which the Company purchased for a capital contribution of approximately $86.5 million, of which the final portion was funded in the first quarter of 2017. The Company also owns a 35% interest in a limited liability company which will lease the hotel from the property owner and assume the Marriott management agreement prior to the opening of the hotel.

A subsidiary of the Company is providing designated asset management services on behalf of the hotel during the pre-construction period in exchange for a flat fee and after opening of the hotel in exchange for a fee based on the hotel s gross revenues on an annual basis.

In connection with the agreements, the Company agreed to provide guarantees of the hotel s construction loan, including a principal repayment guarantee of up to $21 million of the total $500 million principal amount of the construction loan previously obtained from a consortium of eight banks, with such amount reducing to $14 million and further reducing to $8.75 million upon the hotel s satisfaction of designated debt service coverage requirements following completion and opening of the hotel. The Company has also provided a completion guarantee under the construction loan capped at its pro rata share of all costs necessary to complete the project within the time specified in the joint venture s loan documents. Further, the Company has agreed to a guarantee capped at its pro rata share of the joint venture s obligations under the construction loan prior to the hotel s opening related to interest accruing under the construction loan and the operating expenses of the property (estimated pro rata share of interest prior to the hotel opening is $9.8 million). In addition to guarantees related to the construction loan, the Company agreed to provide a guarantee of the mezzanine debt related to the hotel including a payment guarantee capped at $8.75 million for which the Company is only liable in the event there is a casualty or condemnation event at the hotel and the construction lenders elect to apply those proceeds to the construction loan balance and release the construction loan guarantees and liens. The guarantee related to the mezzanine debt also includes an uncapped completion guarantee and an uncapped guarantee of the joint venture s obligations under the mezzanine loan prior to the hotel s opening related to interest accruing under the mezzanine loan and the operating expenses of the property to the extent not already satisfied by the parties under the guarantees related to the construction loan. As of June 30, 2017, the Company had not recorded any liability in the consolidated balance sheet associated with these guarantees.

Capital lease obligations	650	659
Total debt	$ 1,560,667	$ 1,502,554

The majority of amounts due within one year consist of the amortization payments for the Term Loan B of 1.0% of the original principal balance, as described below.

At June 30, 2017, the Company was in compliance with all of its covenants related to its outstanding debt.

On May 11, 2017, the Company entered into a Fifth Amended and Restated Credit Agreement (the Amended Credit Agreement) among the Company, as a guarantor, the Operating Partnership, as borrower, certain other subsidiaries of the Company party thereto, as guarantors, certain subsidiaries of the Company party thereto, as pledgors, the lenders party thereto and Wells Fargo Bank, N.A., as administrative agent, which amends and restates the Company s existing credit facility. In addition, on May 23, 2017, the Company entered into an Amendment No. 1 (the Amendment) to the Amended Credit Agreement among the same parties. As amended, the Company s credit facility consists of a $700.0 million senior secured revolving credit facility (the Revolver), a new $200.0 million senior secured term loan A (the Term Loan A), and an increased $500.0 million senior secured term loan B (the Term Loan B), each as discussed below.

Each of the Revolver, Term Loan A and Term Loan B is guaranteed by the Company, each of the four wholly-owned subsidiaries that own the Gaylord Hotels properties, and certain other of the Company s subsidiaries. Each is secured by (i) a first mortgage lien on the real property of each of the Gaylord Hotels properties, (ii) pledges of equity interests

in the Company s subsidiaries that own the Gaylord Hotels properties, (iii) the personal property of the Company, the Operating Partnership and the subsidiaries that guarantee the Amended Credit Agreement and (iv) all proceeds and products from the Company s Gaylord Hotels properties. Advances are subject to a 55% borrowing base, based on the appraisal value of the Gaylord Hotels properties (reduced to 50% in the event one of the Gaylord Hotel properties is sold).

In addition, each of the Revolver, Term Loan A and Term Loan B contains certain covenants which, among other things, limit the incurrence of additional indebtedness, investments, dividends, transactions with affiliates, asset sales, acquisitions, mergers and consolidations, liens and encumbrances and other matters customarily restricted in such agreements.

If an event of default shall occur and be continuing under the Amended Credit Agreement, the commitments under the Amended Credit Agreement may be terminated and the principal amount outstanding under the Amended Credit Agreement, together with all accrued unpaid interest and other amounts owing in respect thereof, may be declared immediately due and payable.

$700 Million Revolving Credit Facility

Pursuant to the Amendment, the Company extended the maturity of the Revolver to May 23, 2021. At June 30, 2017, the interest rate on the Revolver is LIBOR plus 1.60%. No additional amounts were borrowed under the Revolver at closing.

$200 Million Term Loan A

The Amendment also provides for the Term Loan A, which has a maturity date of May 23, 2022. Borrowings under the Term Loan A bear interest at an annual rate equal to, at the Company s option, either (i) LIBOR plus the applicable margin ranging from 1.50% to 2.35%, dependent upon the Company s funded debt to total asset value ratio (as defined in the Amended Credit Agreement) or (ii) a base rate as set in the Amended Credit Agreement. At June 30, 2017, the interest rate on the Term Loan A was LIBOR plus 1.55%. Amounts borrowed under the Term Loan A that are repaid or prepaid may not be reborrowed. At closing, the Company drew down on the Term Loan A in full and proceeds were used to pay down a portion of the Revolver.

$500 Million Term Loan B

Pursuant to the Amended Credit Agreement, the Company increased its original $400 million term loan B facility to a $500 million term loan B facility and extended the maturity to May 11, 2024. Borrowings under the Term Loan B bear interest at an annual rate equal to, at the Company s option, either (i) LIBOR plus 2.25% or (ii) a base rate as set in the Amended Credit Agreement. 7. DEFERRED MANAGEMENT RIGHTS PROCEEDS:

On October 1, 2012, the Company consummated its agreement to sell the Gaylord Hotels brand and rights to manage Gaylord Opryland, Gaylord Palms, Gaylord Texan and Gaylord National to Marriott for $210.0 million in cash. Effective October 1, 2012, Marriott assumed responsibility for managing the day-to-day operations of the Gaylord Hotels properties pursuant to a management agreement for each Gaylord Hotel property.

On October 1, 2012, the Company received $210.0 million in cash from Marriott in exchange for rights to manage the Gaylord Hotels properties (the Management Rights) and certain intellectual property (the IP Rights). The Company allocated $190.0 million of the purchase price to the Management Rights and $20.0 million to the IP Rights. The allocation was based on the Company s estimates of the fair values for the respective components. The Company estimated the fair value of each component by constructing distinct discounted cash flow models.

Table of Contents

For financial accounting purposes, the amount related to the Management Rights was deferred and is amortized on a straight line basis over the 65-year term of the hotel management agreements, including extensions, as a reduction in management fee expense. The amount related to the IP Rights was recognized into income as other gains and losses during the fourth quarter of 2012.

8. STOCK PLANS:

During the six months ended June 30, 2017, the Company granted 0.1 million restricted stock units with a weighted-average grant date fair value of $66.65 per award. There were 0.4 million and 0.5 million restricted stock units outstanding at June 30, 2017 and December 31, 2016, respectively.

The compensation expense that has been charged against pre-tax income for all of the Company s stock-based compensation plans was $1.6 million and $1.5 million for the three months ended June 30, 2017 and 2016, respectively, and $3.2 million and $3.1 million for the six months ended June 30, 2017 and 2016, respectively.

10. INCOME TAXES:

The Company elected to be taxed as a REIT effective January 1, 2013, pursuant to the U.S. Internal Revenue Code of 1986, as amended. As a REIT, generally the Company will not be subject to federal corporate income taxes on ordinary taxable income and capital gains income from real estate investments that it distributes to its stockholders. The Company will, however, be subject to corporate income taxes on built-in gains (the excess of fair market value over tax basis at January 1, 2013) that result from gains on the sale of certain assets occurring prior to January 1, 2018. In addition, the Company will continue to be required to pay federal and state corporate income taxes on earnings of its taxable REIT subsidiaries (TRSs).

Table of Contents

The Company recorded an income tax provision of $0.9 million and $1.4 million for the three months ended June 30, 2017 and 2016, respectively, and $1.5 million and $0.5 million for the six months ended June 30, 2017 and 2016, respectively, related to the current period operations of the Company. These results differ from the statutory rate primarily due to the REIT dividends paid deduction and the change in valuation allowance required at the TRSs.

At June 30, 2017 and December 31, 2016, the Company had no unrecognized tax benefits.

11. COMMITMENTS AND CONTINGENCIES:

The Company has entered into employment agreements with certain officers, which provide for severance payments upon certain events, including certain terminations in connection with a change of control.

The Company, in the ordinary course of business, is involved in certain legal actions and claims on a variety of matters. It is the opinion of management that such legal actions will not have a material effect on the results of operations, financial condition or liquidity of the Company.

12. STOCKHOLDERS EQUITY:

Dividends

On February 28, 2017, the Company s board of directors declared the Company s first quarter 2017 cash dividend in the amount of $0.80 per share of common stock, or an aggregate of approximately $40.9 million in cash, which was paid on April 14, 2017 to stockholders of record as of the close of business on March 31, 2017.

On June 9, 2017, the Company s board of directors declared the Company s second quarter 2017 cash dividend in the amount of $0.80 per share of common stock, or an aggregate of approximately $41.0 million in cash, which was paid on July 14, 2017 to stockholders of record as of the close of business on June 19, 2017.

Previous Stock Repurchase Authorization

During the six months ended June 30, 2016, the Company repurchased 0.5 million shares of its common stock for an aggregate purchase price of $24.8 million, which the Company funded using cash on hand and borrowings under its previous revolving credit facility. The repurchased stock, which represents the entirety of shares that were repurchased under the authorization, was cancelled by the Company. The share repurchase program authorization expired as of December 31, 2016, terminating the program.

13. FAIR VALUE MEASUREMENTS:

The Company uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

At June 30, 2017 and December 31, 2016, the Company held certain assets that are required to be measured at fair value on a recurring basis. These included investments held in conjunction with the Company s non-qualified contributory deferred compensation plan. These investments consist of mutual funds traded in an active market. The Company determined the fair value of these mutual funds based on the net asset value per unit of the funds or the

portfolio, which is based upon quoted market prices in an active market. Therefore, the Company has categorized these investments as Level 1. The Company has consistently applied the above valuation techniques in all periods presented and believes it has obtained the most accurate information available for each type of instrument.

Table of Contents

The Company had no liabilities required to be measured at fair value at June 30, 2017 and December 31, 2016. The Company s assets measured at fair value on a recurring basis at June 30, 2017 and December 31, 2016, were as follows (in thousands):

	June 30, 2017	Markets for Identical Assets (Level 1)	Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
Deferred compensation plan investments	$ 23,841	$ 23,841	$	$
Total assets measured at fair value	$ 23,841	$ 23,841	$	$

	December 31, 2016	Markets for Identical Assets (Level 1)	Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
Deferred compensation plan investments	$ 22,204	$ 22,204	$	$
Total assets measured at fair value	$ 22,204	$ 22,204	$	$

The remainder of the assets and liabilities held by the Company at June 30, 2017 are not required to be recorded at fair value. The carrying value of certain of these assets and liabilities do not approximate fair value, as described below.

As further discussed in Note 4 and in the Company s Annual Report on Form 10-K for the year ended December 31, 2016, in connection with the development of Gaylord National, the Company received two bonds (Series A Bond and Series B Bond) from Prince George s County, Maryland which had aggregate carrying values of $82.7 million and $72.8 million, respectively, at June 30, 2017. The maturity dates of the Series A Bond and the Series B Bond are July 1, 2034 and September 1, 2037, respectively. Based upon current market interest rates of notes receivable with comparable market ratings and current expectations about the timing of debt service payments under the notes, which the Company considers as Level 3, the fair value of the Series A Bond, which has the senior claim to the cash flows supporting these bonds, approximated carrying value at June 30, 2017 and the fair value of the Series B Bond was approximately $54 million at June 30, 2017. While the fair value of the Series B Bond decreased to less than its carrying value during 2011 due to a change in the timing of the debt service payments, the Company has the intent and ability to hold this bond to maturity and expects to receive all debt service payments due under the note. Therefore, the Company does not consider the Series B Bond to be other than temporarily impaired at June 30, 2017.

14. FINANCIAL REPORTING BY BUSINESS SEGMENTS:

The $350 Million 5% Senior Notes and the $400 Million 5% Senior Notes were each issued by the Operating Partnership and Finco and are guaranteed on a senior unsecured basis by the Company, each of the Company s four wholly-owned subsidiaries that own the Gaylord Hotels properties, and certain other of the Company s subsidiaries, each of which guarantees the Operating Partnership s Amended Credit Agreement (such subsidiary guarantors, together with the Company, the Guarantors). The subsidiary Guarantors are 100% owned, and the guarantees are full and unconditional and joint and several. Not all of the Company s subsidiaries have guaranteed the Company s $350 Million 5% Senior Notes and the $400 Million 5% Senior Notes.

ITEM 2. MANAGEMENT S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

Ryman Hospitality Properties, Inc. (Ryman) is a Delaware corporation that conducts its operations so as to qualify as a real estate investment trust (REIT) for federal income tax purposes. The Company conducts its business through an umbrella partnership REIT, in which substantially all of its assets are held by, and operations are conducted through, RHP Hotel Properties, LP, a subsidiary operating partnership (the Operating Partnership). RHP Finance Corporation, a Delaware corporation (Finco) was formed as a wholly-owned subsidiary of the Operating Partnership for the sole purpose of being an issuer of debt securities with the Operating Partnership. Neither Ryman nor Finco has any material assets, other than Ryman s investment in the Operating Partnership and its 100%-owned subsidiaries. As 100%-owned subsidiaries of Ryman, neither the Operating Partnership nor Finco has any business, operations, financial results or other material information, other than the business, operations, financial results and other material information described in this Quarterly Report on Form 10-Q and Ryman s other reports filed with the Securities and Exchange Commission (the SEC) pursuant to the Securities Exchange Act of 1934, as amended (the Exchange Act). In this report, we use the terms, the Company, we or our to refer to Ryman Hospitality Properties, Inc. and its subsidiaries unless the context indicates otherwise.

The following discussion and analysis should be read in conjunction with our condensed consolidated financial statements and related notes included elsewhere in this report and our audited consolidated financial statements and related notes for the year ended December 31, 2016, appearing in our Annual Report on Form 10-K that was filed with the SEC on February 28, 2017.

Overview

We operate as a REIT for federal income tax purposes, specializing in group-oriented, destination hotel assets in urban and resort markets. Our owned assets include a network of four upscale, meetings-focused resorts totaling 7,811 rooms that are managed by Marriott International, Inc. (Marriott) under the Gaylord Hotels brand. These four resorts, which we refer to as our Gaylord Hotels properties, consist of the Gaylord Opryland Resort & Convention Center in Nashville, Tennessee (Gaylord Opryland), the Gaylord Palms Resort & Convention Center near Orlando, Florida (Gaylord Palms), the Gaylord Texan Resort & Convention Center near Dallas, Texas (Gaylord Texan) and the Gaylord National Resort & Convention Center near Washington D.C. (Gaylord National). Our other owned assets managed by Marriott include Gaylord Springs Golf Links (Gaylord Springs), the Wildhorse Saloon, the General Jackson Showboat (General Jackson), the Inn at Opryland, a 303-room overflow hotel adjacent to Gaylord Opryland, and the AC Hotel at National Harbor, Washington D.C. (AC Hotel), a 192-room overflow hotel adjacent to Gaylord National. We also own and operate media and entertainment assets including the Grand Ole Opry, the legendary weekly showcase of country music s finest performers for over 90 years; the Ryman Auditorium, the storied live music venue and former home of the Grand Ole Opry located in downtown Nashville; and WSM-AM, the Opry s radio home.

Each of our award-winning Gaylord Hotels properties incorporates not only high quality lodging, but also at least 400,000 square feet of meeting, convention and exhibition space, superb food and beverage options and retail and spa facilities within a single self-contained property. As a result, our Gaylord Hotels properties provide a convenient and entertaining environment for convention guests. Our Gaylord Hotels properties focus on the large group meetings market in the United States.

Marriott manages the day-to-day operations of our Gaylord Hotels properties, the Inn at Opryland, the AC Hotel, and certain of our Nashville attractions. As a result, we rely upon Marriott to generate occupancy and revenue levels at our hotel properties.

See Cautionary Note Regarding Forward-Looking Statements in this Item 2 and Item 1A, Risk Factors, in our Annual Report on Form 10-K for the year ended December 31, 2016 for important information regarding forward-looking statements made in this report and risks and uncertainties we face.

Gaylord Rockies Resort & Convention Center

As further discussed in Note 5 to the condensed consolidated financial statements included herein, in March 2016, certain subsidiaries of the Company entered into a series of agreements with affiliates of RIDA Development Corporation (RIDA) and Ares Management, L.P. (Ares) with respect to an equity investment in the Gaylord Rockies Resort & Convention Center in Aurora, Colorado (Gaylord Rockies), which is being developed by RIDA and Ares.

The hotel will be managed by an affiliate of Marriott pursuant to a long-term management contract and is expected to consist of a 1,500-room resort hotel with over 485,000 square feet of exhibition, meeting, pre-function and outdoor space. The hotel is expected to be completed in late 2018 and has a total estimated project cost of approximately $800 million.

We acquired a 35% interest in the project for a capital contribution of approximately $86.5 million, of which the final portion was funded in the first quarter of 2017. The terms of our investment provide that we will have the ability to approve certain major decisions affecting the hotel, including, but not limited to, operating budgets, major capital expenditures, material transactions involving the hotel, and approval of designated hotel senior management. We also have a right of first offer to acquire the remainder of the project and designated rights to participate in any sales process with respect to the project after exercise of our first offer rights.

A subsidiary of the Company is providing designated asset management services on behalf of the hotel during the pre-construction period in exchange for a flat fee, and after opening of the hotel, in exchange for a fee based on the hotel s gross revenues on an annual basis.

In connection with the agreements, we agreed to provide certain guarantees of the hotel s construction loan and mezzanine debt. See Note 5 to the condensed consolidated financial statements included herein for additional discussion of these guarantees.

Gaylord Opryland Luxury Waterpark

In January 2017, we announced plans for a proposed $90 million investment to create a luxury indoor/outdoor waterpark adjacent to Gaylord Opryland that is expected to open in 2018. The project includes approximately 111,000 square feet of indoor water attractions and activities over three levels and approximately 106,000 square feet of outdoor water amenities. The project will include areas for adults, children and families, as well as dining options and bars. The project will be funded with cash on hand and borrowings under our revolving credit facility.

Dividend Policy

Pursuant to our current dividend policy, we plan to pay a quarterly cash dividend to shareholders in an amount equal to an annualized payment of at least 50% of adjusted funds from operations (as defined by us) less maintenance capital expenditures or 100% of REIT taxable income, whichever is greater. On February 28, 2017, our board of directors declared our first quarter 2017 cash dividend in the amount of $0.80 per share of common stock, or an aggregate of approximately $40.9 million in cash, which was paid on April 14, 2017 to stockholders of record as of the close of business on March 31, 2017. On June 9, 2017, our board of directors declared our second quarter 2017 cash dividend in the amount of $0.80 per share of common stock, or an aggregate of approximately $41.0 million in cash, which was paid on July 14, 2017 to stockholders of record as of the close of business on June 19, 2017. We currently plan to pay a quarterly cash dividend of $0.80 per share of common stock in October 2017 and January 2018. The declaration, timing and amount of dividends will be determined by action of our board of directors. Our dividend policy may be altered at any time by our board of directors.

Credit Facility Refinancing

In May 2017, we refinanced our existing credit facility to (i) extend the maturity of our existing $700 million revolving credit facility to May 2021, (ii) upsize our existing $400 million term loan B to $500 million, improve its pricing, and extend the maturity to May 2024 and (iii) add a new $200 million term loan A that matures in May 2022. Net proceeds, after repayment of the existing term loan B and closing costs, were approximately $308.9 million and were used to pay down a portion of our revolving credit facility. See a detailed discussion of the refinanced terms of our credit facility under the Principal Debt Agreements section of Liquidity and Capital Resources below.

Our Strategic Plan

Our goal is to become the nation s premier hospitality REIT for group-oriented meeting hotel assets in urban and resort markets.

Existing Hotel Property Design. Our hotel properties focus on the large group meetings market in the United States and incorporate meeting and exhibition space, signature guest rooms, food and beverage offerings, fitness and spa facilities and other attractions within a large hotel property so attendees needs are met in one location. This strategy creates a better experience for both meeting planners and guests, and has led to our current hotel properties claiming a place among the leading convention hotels in the country.

Expansion of Hotel Asset Portfolio. While our short-term capital allocation strategy has focused on returning capital to stockholders, part of our long-term growth strategy includes acquisitions of other hotels, particularly in the group meetings sector of the hospitality industry, either alone or through joint ventures or alliances with one or more third parties. We intend to pursue attractive investment opportunities which meet our acquisition parameters, specifically, group-oriented large hotels and overflow hotels with existing or potential leisure appeal. We are interested in highly accessible upper-upscale assets with over 400 hotel rooms in urban and resort group destination markets. We also consider assets that possess or are located near convention centers that present a repositioning opportunity and/or would significantly benefit from capital investment in additional rooms or meeting space. We plan to expand the geographic diversity of our existing asset portfolio through acquisitions. As a REIT, we do not view independent, large-scale development of resort and convention hotels a part of our long-term growth strategy.

Leverage Brand Name Awareness. We believe the Grand Ole Opry is one of the most recognized entertainment brands in the United States. We promote the Grand Ole Opry name through various media, including our WSM-AM radio station, the Internet and television, and through performances by the Grand Ole Opry s members, many of whom are renowned country music artists. As such, we have alliances in place with multiple distribution partners in an effort to foster brand extension. We are continuously exploring additional products, such as television specials and retail products, through which we can capitalize on our brand affinity and awareness. We believe that licensing our brand for products may provide an opportunity to increase revenues and cash flow with relatively little capital investment. To this end, we have recently announced our involvement in the Opry City Stage, a joint venture to open a four-level entertainment complex in Times Square, as well as a Company-owned, Blake Shelton-themed five-level bar, music venue and event space in Nashville named after the Shelton hit Ole Red.

Our Current Operations

Our ongoing operations are organized into three principal business segments:

- Hospitality, consisting of Gaylord Opryland, Gaylord Palms, Gaylord Texan, Gaylord National, the Inn at Opryland, the AC Hotel, and our investment in the Gaylord Rockies joint venture.

- Entertainment, consisting of the Grand Ole Opry, the Ryman Auditorium, WSM-AM, our Nashville attractions, and our investment in the Opry City Stage joint venture.

- Corporate and Other, consisting of our corporate expenses.

Table of Contents

For the three months and six months ended June 30, 2017 and 2016, our total revenues were divided among these business segments as follows:

Segment	Three Months Ended June 30, 2017	Three Months Ended June 30, 2016	Six Months Ended June 30, 2017	Six Months Ended June 30, 2016
Hospitality	88%	89%	90%	91%
Entertainment	12%	11%	10%	9%
Corporate and Other	0%	0%	0%	0%

Key Performance Indicators

The operating results of our Hospitality segment are highly dependent on the volume of customers at our hotels and the quality of the customer mix at our hotels, which are managed by Marriott. These factors impact the price that Marriott can charge for our hotel rooms and other amenities, such as food and beverage and meeting space. The following key performance indicators are commonly used in the hospitality REIT industry:

- hotel occupancy a volume indicator;
- average daily rate (ADR) a price indicator calculated by dividing room revenue by the number of rooms sold;
- Revenue per Available Room (RevPAR) a summary measure of hotel results calculated by dividing room revenue by room nights available to guests for the period;
- Total Revenue per Available Room (Total RevPAR) a summary measure of hotel results calculated by dividing the sum of room, food and beverage and other ancillary service revenue by room nights available to guests for the period; and
- Net Definite Group Room Nights Booked a volume indicator which represents, on an aggregate basis, the total number of definite group bookings for future room nights at our hotel properties confirmed during the applicable period, net of cancellations.

Hospitality segment revenue from our occupied hotel rooms is recognized as earned on the close of business each day and from concessions and food and beverage sales at the time of sale. Cancellation fees, as well as attrition fees that are charged to groups when they do not fulfill the minimum number of room nights or minimum food and beverage spending requirements originally contracted for, are recognized as revenue in the period they are collected. Almost all of our Hospitality segment revenues are either cash-based or, for meeting and convention groups meeting credit criteria, billed and collected on a short-term receivables basis. The hospitality industry is capital intensive, and we rely on the ability of our hotels to generate operating cash flow to repay debt financing and fund maintenance capital expenditures.

The results of operations of our Hospitality segment are affected by the number and type of group meetings and conventions scheduled to attend our hotels in a given period. A variety of factors can affect the results of any interim period, including the nature and quality of the group meetings and conventions attending our hotels during such period, which meetings and conventions have often been contracted for several years in advance, the level of attrition our hotels experience, and the level of transient business at our hotels during such period. We rely on Marriott, as the manager of our hotels, to manage these factors and to offset any identified shortfalls in occupancy.

Total Revenues

The increase in our total revenues for the three months ended June 30, 2017, as compared to the same period in 2016, is attributable to increases in our Hospitality segment and Entertainment segment revenues for the 2017 period of $1.0 million and $1.5 million, respectively, as discussed more fully below. The increase in our total revenues for the six months ended June 30, 2017, as compared to the same period in 2016, is attributable to increases in our Hospitality segment and Entertainment segment revenues for the 2017 period of $11.0 million and $6.1 million, respectively, as discussed more fully below. Total Hospitality segment revenues in the three months and six months ended June 30, 2017 include $1.4 million and $4.3 million, respectively, in attrition and cancellation fee collections, a decrease of $0.4 million and $0.9 million, respectively, from the 2016 periods.

Total Operating Expenses

The increase in our total operating expenses for the three months ended June 30, 2017, as compared to the same period in 2016, is primarily the result of an increase in our Hospitality segment and Entertainment segment expenses of $1.1 million and $1.3 million, respectively, as well as an increase of $1.3 million in depreciation and amortization expense, each as discussed more fully below. The increase in our total operating expenses for the six months ended June 30, 2017, as compared to the same period in 2016, is primarily the result of an increase in our Hospitality segment and Entertainment segment expenses of $5.6 million and $3.4 million, respectively, as discussed more fully below.

Net Income

The decrease in our net income to $47.3 million for the three months ended June 30, 2017, as compared to $51.3 million for the same period in 2016, was due to the changes in our revenues and operating expenses reflected above and the following factors, each as described more fully below:

A $1.2 million increase in Other losses, net, primarily due to the 2017 period including a loss on certain assets that were disposed of in our Entertainment and Corporate segments.

A $1.1 million increase in interest expense, due primarily to the 2017 period including the write-off of $0.9 million in deferred financing costs associated with the refinancing of our credit facility.

Table of Contents

The increase in our net income of $79.9 million for the six months ended June 30, 2017, as compared to $77.7 million for the same period in 2016, was due to the changes in our revenues and operating expenses reflected above and the following factors, each as described more fully below:

A $1.4 million increase in Other losses, net, primarily due to the 2017 period including a loss on certain assets that were disposed of in our Entertainment and Corporate segments.

A $1.0 million increase in interest expense, due primarily to the 2017 period including the write-off of $0.9 million in deferred financing costs associated with the refinancing of our credit facility.

A $1.0 million increase in the provision for income taxes in the 2017 period.

Factors and Trends Contributing to Performance

The most important factors and trends contributing to our performance during the three months and six months ended June 30, 2017 described herein were:

Increased occupancy and outside-the-room spending at Gaylord National during the six-month 2017 period, as compared to the six-month 2016 period. The increase in occupancy (an increase of 7.0 points of occupancy) is primarily the result of an increase in groups. The increase in outside-the-room spending (an increase of 6.5%) is primarily attributable to an increase in banquets, including inauguration-related banquets.

Decreased occupancy and ADR at Gaylord Texan during the three-month 2017 period, as compared to the three-month 2016 period. The decrease in occupancy (a decrease of 7.1 points of occupancy) is primarily the result of a decrease in groups. The decrease in ADR (a decrease of 3.7%) is primarily attributable to a decrease in both group and transient rates.

Increased ADR at Gaylord Palms during the 2017 periods, as compared to the 2016 periods (an increase of 8.3% and 7.1%, respectively), due to an increase in both group and transient rates.

Increased attrition levels for the three-month 2017 period, as compared to the three-month 2016 period. Attrition for the three-month 2017 period was 14.4%, compared to 12.8% in the three month 2016 period. It should be noted that the primary groups that influenced this increase all experienced unrelated, group-specific factors, and we do not consider this increase a trend in our group business.

Increased revenue for our Entertainment segment during the 2017 periods, as compared to the 2016 periods (an increase of 4.5% and 11.9%, respectively), due primarily to increased shows, attendance and ancillary business, such as tours and retail, at the Grand Ole Opry and Ryman Auditorium, and increased revenues at

the Wildhorse Saloon, due primarily to increased business attributable to the achieved benefits of a 2016 renovation.

Decreased net definite group room nights booked during the 2017 periods, as compared to the 2016 periods (a decrease of 28.0% and 6.9%, respectively), primarily as a result of the future cancellation of an individual group that had booked 17 different meetings through 2025.

The rooms renovation project is expected to be completed in September 2017. In addition, the three- and six-month 2016 periods were also negatively impacted by a separate rooms renovation project that resulted in approximately 8,630 room nights out of service in

those periods. Rooms expenses decreased during the 2017 periods, as compared to the same periods in 2016, primarily as a result of decreased variable costs associated with the decrease in occupancy.

The increase in food and beverage revenue at Gaylord Opryland during the three months and six months ended June 30, 2017, as compared to the same periods in 2016, was primarily due to increased banquet revenues. Other hotel expenses decreased in the three-month 2017 period, as compared to the same period in 2016, primarily due to decreased property tax expense due to a decrease in rates. Other hotel expenses increased in the six-month 2017 period, as compared to the same period in 2016, primarily due to increased utility costs due to an increase in rates.

Depreciation and amortization increased at Gaylord Opryland during the three months and six months ended June 30, 2017, as compared to the same periods in 2016, primarily as a result of rooms renovations in both 2016 and 2017 that resulted in increased depreciable asset levels in 2017.

Gaylord Palms Results. The results of Gaylord Palms for the three months and six months ended June 30, 2017 and 2016 are as follows (in thousands, except percentages and performance metrics):

Rooms revenue and RevPAR decreased at Gaylord Texan during the three months and six months ended June 30, 2017, as compared to the same periods in 2016, due to decreased occupancy due to a decrease in group rooms and decreased ADR for both group and transient rates. Rooms expenses decreased during the three-month 2017 period, as compared to the same period in 2016, primarily due to decreased variable expenses associated with the decrease in occupancy. Rooms expenses increased during the six-month 2017 period, as compared to the same period in 2016, primarily due to increased group commissions.

Food and beverage revenue decreased at Gaylord Texan during the three months and increased during the six months ended June 30, 2017, as compared to the same periods in 2016. The three-month 2017 decrease is due primarily to decreases in both banquets and food and beverage outlet revenue. Food and beverage expenses decreased in the three-month 2017 period, and increased in the six-month 2017 period, as compared to the same periods in 2016, primarily due to the change in variable costs associated with the change in revenue.

Other hotel revenue at Gaylord Texan decreased during the three months and six months ended June 30, 2017, as compared to the same periods in 2016, primarily as a result of a decrease in ancillary fees, such as resort fees and parking, associated with the decrease in occupancy. These decreases were partially offset by an increase in attrition and cancellation fee collections. Other hotel expenses decreased in the three-month 2017 period, as compared to the same period in 2016, due primarily to a decrease in sales and marketing expense. Other hotel expenses remained stable in the six-month 2017 period, as compared to the same period in 2016.

Rooms revenue and RevPAR increased at Gaylord National during the three months and six months ended June 30, 2017, as compared to the same periods in 2016, due to an increase in group occupancy and an increase in transient ADR. The increase in group occupancy in the six-month 2017 period, as compared to 2016, was partially attributed to a large winter storm during the first quarter of 2016 that caused a decrease in 2016 occupancy. Rooms expenses at Gaylord National increased during the 2017 periods, as compared to the same periods in 2016, primarily due to the increase in variable costs associated with the increase in occupancy.

Interest Expense

Interest expense increased $1.1 million during the three months ended June 30, 2017, as compared to the same period in 2016, due primarily to the write-off of $0.9 million in deferred financing costs associated with the refinancing of our credit facility, as well as increased interest expense associated with our new term loan A and increased borrowings under our refinanced term loan B. These increases were partially offset by increased capitalized interest in the current year.

Interest expense increased $1.0 million during the six months ended June 30, 2017, as compared to the same period in 2016, due primarily to the write-off of $0.9 million in deferred financing costs associated with the refinancing of our credit facility, as well as increased interest expense associated with our revolving credit facility due to higher average borrowings, our new term loan A and increased borrowings under our refinanced term loan B. These increases were partially offset by increased capitalized interest in the current year.

Cash interest expense increased $1.3 million to $16.4 million in the three months and increased $2.2 million to $32.2 million in the six months ended June 30, 2017, as compared to the same periods in 2016. The loss from joint ventures for the three months and six months ended June 30, 2017 and 2016 primarily represents preopening expenses related to joint ventures that we entered into related to Opry City Stage in Times Square in New York City and the investment in Gaylord Rockies. Opry City Stage is anticipated to open in fourth quarter 2017, and Gaylord Rockies is anticipated to open in late 2018.

Other Gains and (Losses), net

Other gains and (losses), net for the three months and six months ended June 30, 2017 and 2016 represents a loss on certain assets that were disposed of during the current periods in our Entertainment and Corporate segments.

Provision for Income Taxes

As a REIT, we generally will not be subject to federal corporate income taxes on ordinary taxable income and capital gains income from real estate investments that we distribute to our stockholders. We will, however, be subject to corporate income taxes on built-in gains (the excess of fair market value over tax basis at January 1, 2013) that result from gains on the sale of certain assets occurring prior to January 1, 2018. In addition, we will continue to be required to pay federal and state corporate income taxes on earnings of our TRSs.

For the three months ended June 30, 2017 and 2016, we recorded an income tax provision of $0.9 million and $1.4 million, respectively. For the six months ended June 30, 2017 and 2016, we recorded an income tax provision of $1.5 million and $0.5 million, respectively. These results differ from the statutory rate primarily due to the REIT dividends paid deduction and the change in valuation allowance required at the TRSs.

Liquidity and Capital Resources

Cash Flows From Operating Activities. Cash flow from operating activities is the principal source of cash used to fund our operating expenses, interest payments on debt, maintenance capital expenditures, and dividends to stockholders. During the six months ended June 30, 2017, our net cash flows provided by operating activities were $113.9 million, primarily reflecting cash provided by our income before depreciation expense, amortization expense and other non-cash charges of approximately $141.8 million, partially offset by unfavorable changes in working capital of approximately $27.9 million. The unfavorable changes in working capital primarily resulted from an increase in trade receivables due to a seasonal change in the timing of payments received from corporate group customers at our Gaylord Hotels properties, as well as a decrease in accounts payable and accrued liabilities primarily attributable to the payment of liabilities associated with our Christmas-related and incentive compensation programs.

During the six months ended June 30, 2016, our net cash flows provided by operating activities were $126.9 million, primarily reflecting cash provided by our income before depreciation expense, amortization expense and other non-cash charges of approximately $137.8 million, partially offset by unfavorable changes in working capital of approximately $10.9 million. The unfavorable changes in working capital primarily resulted from a decrease in accrued expenses primarily related to the payment of accrued compensation and accrued property taxes.

Cash Flows From Investing Activities. During the six months ended June 30, 2017, our primary uses of funds for investing activities were purchases of property and equipment, which totaled $79.5 million, and our investment of $16.3 million in the Gaylord Rockies joint venture. Purchases of property, plant and equipment consisted primarily of the expansion of the guest rooms and convention space at Gaylord Texan, the renovation of a portion of the guest rooms at Gaylord Opryland, a freestanding event ballroom and an expanded event space at Gaylord National, the commencement of construction of the new waterpark at Gaylord Opryland, and ongoing maintenance capital expenditures for our existing properties.

During the six months ended June 30, 2016, our primary uses of funds for investing activities were purchases of property and equipment, which totaled $55.9 million, our investment of $31.9 million in the Gaylord Rockies joint venture, and an increase in restricted cash and cash equivalents associated with the furniture, fixtures, and equipment (FF&E) reserve that we are obligated to maintain for future planned and emergency-related capital expenditures at the properties that Marriott manages for us. These uses of cash were partially offset by the receipt of $6.8 million in proceeds related to the sale of our rights in a letter of intent which entitled us to a portion of an economic interest in the income from the land underlying the new MGM casino project in National Harbor, Maryland. Purchases of property, plant and equipment consisted primarily of the renovation of a portion of the guest rooms at Gaylord Opryland, a renovation of the Wildhorse Saloon, and ongoing maintenance capital expenditures for our existing properties.

Cash Flows From Financing Activities. Our cash flows from financing activities primarily reflect the incurrence of debt, the repayment of long-term debt and the payment of cash dividends. During the six months ended June 30, 2017, our net cash flows used in financing activities were approximately $28.9 million, primarily reflecting the repayment of $241.9 million under our refinanced revolving credit facility, the payment of $79.8 million in cash dividends and the payment of $12.2 million in deferred financing costs related to our refinanced credit facility. These uses of cash were partially offset by $200.0 million in borrowings under our new term loan A and $108.8 million in net borrowings under our refinanced term loan B.

During the six months ended June 30, 2016, our net cash flows used in financing activities were approximately $41.9 million, primarily reflecting the payment of $74.6 million in cash dividends and the payment of $24.8 million to repurchase and retire 0.5 million shares of our common stock, partially offset by $67.5 million in net borrowings under our credit facility.

Liquidity

At June 30, 2017, we had $49.6 million in unrestricted cash and $557.4 million available for borrowing under our revolving credit facility. During the six months ended June 30, 2017, we net borrowed $66.9 million under our credit facility, paid cash dividends of $79.8 million, incurred capital expenditures of $79.5 million, invested $16.3 million in the Gaylord Rockies joint venture, and paid $12.2 million in deferred financing costs associated with the refinancing of our credit facility. These net outflows were partially offset by cash flows from operating activities discussed above, resulting in the decrease in our cash balance from December 31, 2016 to June 30, 2017.

We currently plan to pay a quarterly cash dividend of $0.80 per share in October 2017 and January 2018, subject to determinations as to the timing and amount by our board of directors. We anticipate investing in our operations during the remainder of 2017 by spending between $120 million and $150 million in capital expenditures, which primarily includes ongoing maintenance capital of our current facilities, the expansion of the guest rooms and convention space at Gaylord Texan, a rooms renovation project at Gaylord Opryland, and a luxury indoor/outdoor waterpark at Gaylord Opryland.

41

We believe that our cash on hand and cash from operations will be adequate to fund our general short-term commitments, as well as: (i) normal operating expenses, (ii) interest expense on long-term debt obligations, (iii) capital lease and operating lease obligations, and (iv) declared dividends. If our existing cash and cash from operations were inadequate to fund such items, as well as capital expenditures, we could draw on our credit facility, subject to the satisfaction of covenants in the credit facility.

Our outstanding principal debt agreements at June 30, 2017 are described below. Based on current projections for compliance under our financial covenants contained in these agreements, we do not foresee a maturity issue prior to their scheduled maturity date.

At June 30, 2017, we were in compliance with all covenants related to our outstanding debt.

Principal Debt Agreements

Credit Facility. On May 11, 2017, we entered into a Fifth Amended and Restated Credit Agreement (the Amended Credit Agreement) among the Company, as a guarantor, the Operating Partnership, as borrower, certain other subsidiaries of the Company party thereto, as guarantors, certain subsidiaries of the Company party thereto, as pledgors, the lenders party thereto and Wells Fargo Bank, N.A., as administrative agent, which amends and restates the Company s existing credit facility. In addition, on May 23, 2017, we entered into an Amendment No. 1 (the Amendment) to the Amended Credit Agreement among the same parties. As amended, our credit facility consists of a $700.0 million senior secured revolving credit facility (the Revolver), a new $200.0 million senior secured term loan A (the Term Loan A), and an increased $500.0 million senior secured term loan B (the Term Loan B), each as discussed below.

Each of the Revolver, Term Loan A and Term Loan B is guaranteed by us, each of our four wholly-owned subsidiaries that own the Gaylord Hotels properties, and certain other of our subsidiaries. Each is secured by (i) a first mortgage lien on the real property of each of our Gaylord Hotels properties, (ii) pledges of equity interests in our subsidiaries that own the Gaylord Hotels properties, (iii) our personal property and the personal property of the Operating Partnership and our guarantor subsidiaries and (iv) all proceeds and products from our Gaylord Hotels properties. Advances are subject to a 55% borrowing base, based on the appraisal value of the Gaylord Hotels properties (reduced to 50% in the event one of the Gaylord Hotel properties is sold).

In addition, each of the Revolver, Term Loan A and Term Loan B contains certain covenants which, among other things, limit the incurrence of additional indebtedness, investments, dividends, transactions with affiliates, asset sales, acquisitions, mergers and consolidations, liens and encumbrances and other matters customarily restricted in such agreements. The material financial covenants, ratios or tests contained in the Amended Credit Agreement are as follows (and are unchanged from the previous credit agreement):

We must maintain a consolidated funded indebtedness to total asset value ratio as of the end of each calendar quarter of not more than .65 to 1.0.

We must maintain a consolidated tangible net worth (as defined in the Amended Credit Agreement) of not less than $175 million plus 75% of the proceeds received by us or any of our subsidiaries in connection with any equity issuance.

We must maintain a consolidated fixed charge coverage ratio (as defined in the Amended Credit Agreement) of not less than 1.50 to 1.00.

We must maintain an implied debt service coverage ratio (the ratio of adjusted net operating income to monthly principal and interest that would be required if the outstanding balance were amortized over 25 years at an assumed fixed rate) of not less than 1.60 to 1.00.

If an event of default shall occur and be continuing under the Amended Credit Agreement, the commitments under the Amended Credit Agreement may be terminated and the principal amount outstanding under the Amended Credit Agreement, together with all accrued unpaid interest and other amounts owing in respect thereof, may be declared immediately due and payable.

$700 Million Revolving Credit Facility. Pursuant to the Amendment, we extended the maturity of the Revolver to May 23, 2021, with two additional six-month extension options, at our election. Borrowings under the Revolver bear interest at an annual rate equal to, at our option, either (i) LIBOR plus the applicable margin ranging from 1.55% to 2.40%, dependent upon our funded debt to total asset value ratio (as defined in the Amended Credit Agreement) or (ii) a base rate as set in the Amended Credit Agreement. At June 30, 2017, the interest rate on the Revolver was LIBOR plus 1.60%. Principal is payable in full at maturity. No additional amounts were borrowed under the Revolver at closing.

At June 30, 2017, $140.5 million of borrowings were outstanding under the Revolver, and the lending banks had issued $2.1 million of letters of credit under the Amended Credit Agreement, which left $557.4 million of availability under the Revolver (subject to the satisfaction of debt incurrence tests under the indentures governing our $350 million in aggregate principal amount of senior notes due 2021 (the $350 Million 5% Senior Notes) and $400 million in aggregate principal amount of senior notes due 2023 (the $400 Million 5% Senior Notes)).

$200 Million Term Loan A Facility. The Amendment also provides for the Term Loan A, which has a maturity date of May 23, 2022. Borrowings bear interest at an annual rate equal to, at our option, either (i) LIBOR plus the applicable margin ranging from 1.50% to 2.35%, dependent upon our funded debt to total asset value ratio (as defined in the Amended Credit Agreement) or (ii) a base rate as set in the Amended Credit Agreement. At June 30, 2017, the interest rate on the Term Loan A was LIBOR plus 1.55%. Amounts borrowed under the Term Loan A that are repaid or prepaid may not be reborrowed. At closing, we drew down on the Term Loan A in full and proceeds were used to pay down a portion of the Revolver.

$500 Million Term Loan B Facility. In May 2017, as part of the Amended Credit Agreement discussed above, we increased the capacity under our previous $400 million term loan B to $500 million. The Term Loan B has a maturity date of May 11, 2024 and borrowings bear interest at an annual rate equal to, at our option, either (i) LIBOR plus 2.25% or (ii) a base rate as set in the Amended Credit Agreement. At June 30, 2017, the interest rate on the Term Loan B was LIBOR plus 2.25%. The Term Loan B amortizes in equal quarterly installments in aggregate annual amounts equal to 1.0% of the original principal amount of $500.0 million, with the balance due at maturity. In addition, if for any fiscal year, there is Excess Cash Flow (as defined in the Amended Credit Agreement), an additional principal amount is required. Amounts borrowed under the Term Loan B that are repaid or prepaid may not be reborrowed. At closing, we drew down on the Term Loan B in full. Net proceeds, after the repayment of the original $400 million term loan B and certain transaction expenses payable at closing, were approximately $114.3 million and were used to pay down a portion of the Revolver.

$350 Million 5% Senior Notes. In 2013, the Operating Partnership and Finco completed the private placement of $350.0 million in aggregate principal amount of senior notes due 2021, which are guaranteed by the Company and its subsidiaries that guarantee the Amended Credit Agreement. The $350 Million 5% Senior Notes and guarantees were issued pursuant to an indenture by and among the issuing subsidiaries and the guarantors and U.S. Bank National Association as trustee. The $350 Million 5% Senior Notes have a maturity date of April 15, 2021 and bear interest at 5% per annum, payable semi-annually in cash in arrears on April 15 and October 15 of each year. The $350 Million 5% Senior Notes are general unsecured and unsubordinated obligations of the issuing subsidiaries and rank equal in right of payment with such subsidiaries existing and future senior unsecured indebtedness and senior in right of payment to future subordinated indebtedness, if any. The $350 Million 5% Senior Notes are effectively subordinated

to the issuing subsidiaries secured indebtedness to the extent of the value of the assets securing such indebtedness. The guarantees rank equally in right of payment with the applicable guarantor s existing and future senior unsecured indebtedness and senior in right of payment to any future subordinated indebtedness of such guarantor. The $350 Million 5% Senior Notes will be effectively

subordinated to any secured indebtedness of any guarantor to the extent of the value of the assets securing such indebtedness and structurally subordinated to all indebtedness and other obligations of the Operating Partnership s subsidiaries that do not guarantee the $350 Million 5% Senior Notes.

The $350 Million 5% Senior Notes are redeemable, in whole or in part, at a redemption price expressed as a percentage of the principal amount thereof, which percentage is 102.50%, 101.25%, and 100.00% beginning on April 15 of 2017, 2018, and 2019, respectively, plus accrued and unpaid interest thereon to, but not including, the redemption date.

In connection with the issuance of the $350 Million 5% Senior Notes, we completed a registered offer to exchange the $350 Million 5% Senior Notes for registered notes with substantially identical terms as the $350 Million 5% Senior Notes in November 2013.

$400 Million 5% Senior Notes. In 2015, the Operating Partnership and Finco completed the private placement of $400.0 million in aggregate principal amount of senior notes due 2023. The $400 Million 5% Senior Notes are general unsecured senior obligations of the Company s issuing subsidiaries and are guaranteed by the Company and its subsidiaries that guarantee the Amended Credit Agreement. The $400 Million 5% Senior Notes and guarantees were issued pursuant to an indenture by and among the issuing subsidiaries and the guarantors and U.S. Bank National Association as trustee. The $400 Million 5% Senior Notes have a maturity date of April 15, 2023 and bear interest at 5% per annum, payable semi-annually in cash in arrears on April 15 and October 15 of each year. The $400 Million 5% Senior Notes are general unsecured and unsubordinated obligations of the issuing subsidiaries and rank equal in right of payment with such subsidiaries existing and future senior unsecured indebtedness, including the $350 Million 5% Senior Notes, and senior in right of payment to future subordinated indebtedness, if any. The $400 Million 5% Senior Notes are effectively subordinated to the issuing subsidiaries secured indebtedness to the extent of the value of the assets securing such indebtedness. The guarantees rank equally in right of payment with the applicable guarantor s existing and future senior unsecured indebtedness and senior in right of payment to any future subordinated indebtedness of such guarantor. The $400 Million 5% Senior Notes are effectively subordinated to any secured indebtedness of any guarantor to the extent of the value of the assets securing such indebtedness and structurally subordinated to all indebtedness and other obligations of the Operating Partnership s subsidiaries that do not guarantee the $400 Million 5% Senior Notes.

The issuing subsidiaries may redeem the $400 Million 5% Senior Notes before April 15, 2018, in whole or in part, at a redemption price equal to 100% of the principal amount plus accrued and unpaid interest, if any, up to, but excluding, the applicable redemption date plus a make-whole redemption premium. The $400 Million 5% Senior Notes will be redeemable, in whole or in part, at any time on or after April 15, 2018 at a redemption price expressed as a percentage of the principal amount thereof, which percentage is 103.75%, 102.50%, 101.25%, and 100.00% beginning on April 15 of 2018, 2019, 2020, and 2021, respectively, plus accrued and unpaid interest thereon to, but not including, the redemption date.

In connection with the issuance of the $400 Million 5% Senior Notes, we completed a registered offer to exchange the $400 Million 5% Senior Notes for registered notes with substantially identical terms as the $400 Million 5% Senior Notes in September 2015.

Additional Debt Limitations. Pursuant to the terms of the management agreements and pooling agreement with Marriott, we are subject to certain debt limitations described below.

The management agreements provide for the following limitations on indebtedness encumbering a hotel:

The aggregate principal balance of all mortgage and mezzanine debt encumbering the hotel shall be no greater than 75% of the fair market value of the hotel; and

The ratio of (a) aggregate Operating Profit (as defined in the management agreement) in the 12 months prior to the closing on the mortgage or mezzanine debt to (b) annual debt service for the hotel shall equal or exceed 1.2:1; but is subject to the pooling agreement described below.

The pooled limitations on Secured Debt (as defined in the pooling agreement) are as follows:

The aggregate principal balance of all mortgage and mezzanine debt on Pooled Hotels (as defined in the pooling agreement), shall be no more than 75% of the fair market value of Pooled Hotels.

The ratio of (a) aggregate Operating Profit (as defined in the pooling agreement) of Pooled Hotels in the 12 months prior to closing on any mortgage or mezzanine debt to (b) annual debt service for the Pooled Hotels, shall equal or exceed 1.2:1.

Off-Balance Sheet Arrangements

As described in Note 5 to our condensed consolidated financial statements included herein, we have invested in a joint venture that will build and subsequently own Gaylord Rockies. In connection with this investment, we agreed to provide guarantees of the hotel s construction loan, including a principal repayment guaranty of up to $21 million of the total $500 million principal amount of the construction loan previously obtained from a consortium of eight banks, with such amount reducing to $14 million and further reducing to $8.75 million upon Gaylord Rockies satisfaction of designated debt service coverage requirements following completion and opening of the hotel. We have also provided a completion guarantee under the construction loan capped at our pro rata share of all costs necessary to complete the project within the time specified in the senior loan documents. Further, we have agreed to a guaranty capped at our pro rata share of the joint venture s obligations under the construction loan prior to the hotel s opening related to interest accruing under the construction loan and the operating expenses of the property (estimated pro rata share of interest prior to the hotel opening is $9.8 million). In addition to guaranties related to the construction loan, we agreed to provide a guaranty of the mezzanine debt related to the hotel including a payment guaranty capped at $8.75 million for which we are only liable in the event there is a casualty or condemnation event at the hotel and the construction lenders elect to apply those proceeds to the construction loan balance and release the construction loan guaranties and liens. The guaranty related to the mezzanine debt also includes an uncapped completion guaranty and an uncapped guaranty of the joint venture s obligations under the mezzanine loan prior to the hotel s opening related to interest accruing under the mezzanine loan and the operating expenses of the property to the extent not already satisfied by the parties under the guaranties related to the construction loan. As of June 30, 2017, we have not recorded any liability in the condensed consolidated balance sheet associated with these guarantees.

In addition, we enter into commitments under letters of credit, primarily for the purpose of securing our deductible obligations with our insurers, and lending banks under our Amended Credit Agreement had issued $2.1 million of letters of credit at June 30, 2017. Except as set forth in these paragraphs, we do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

(1) Long-term debt commitments do not include approximately $338.3 million in interest payments projected to be due in future years (less than 1 year $64.1 million; 1-3 years $127.6 million; 3-5 years $100.7 million; more than 5 years $45.9 million) based on the stated interest rates on our fixed-rate debt and the rates in effect at June 30, 2017 for our variable-rate debt. Variable rates, as well as outstanding principal balances, could change in future periods. See Principal Debt Agreements above for a discussion of our outstanding long-term debt. See Supplemental Cash Flow Information in Note 1 to the consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2016 for a discussion of the interest we paid during the fiscal years 2016, 2015 and 2014.

(2) Total operating lease commitments of $617.6 million includes the 75-year operating lease agreement we entered into during 1999 for 65.3 acres of land located in Osceola County, Florida where Gaylord Palms is located.

(3) With respect to our properties that are operated under management agreements with Marriott, we are obligated to maintain an FF&E reserve account for future planned and emergency-related capital expenditures at these properties. The amount funded into each of these reserve accounts is determined pursuant to the management agreements and is 5.0% of the respective property s total annual revenue. At June 30, 2017, $14.0 million was held in FF&E reserve accounts for future capital expenditures at our properties. According to the terms of each management agreement with Marriott, the reserve funds are to be held by Marriott in a restricted cash account. Although it is not required that such funds be expended in a given year, each management agreement provides any excess funds will carry over for use in future years.

The expected cash flows under our defined benefit pension plan, our non-qualified retirement plan, our non-qualified contributory deferred compensation plan and our defined benefit postretirement health care and life insurance plan are estimated based upon the best information currently available, but are not driven by contractual terms. Therefore, these obligations have been excluded from the contractual obligations table above. See Note 8 and Note 9 to the consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2016 for further discussion related to these obligations.

Critical Accounting Policies and Estimates

We prepare our condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States. Certain of our accounting policies, including those related to revenue recognition,

impairment of long-lived and other assets, stock-based compensation, depreciation and amortization, income

46

taxes, pension and postretirement benefits other than pension plans, and legal contingencies, require that we apply significant judgment in defining the appropriate assumptions for calculating financial estimates. By their nature, these judgments are subject to an inherent degree of uncertainty. Our judgments are based on our historical experience, our observance of trends in the industry, information provided by our customers and information available from other outside sources, as appropriate. There can be no assurance that actual results will not differ from our estimates. For a discussion of our critical accounting policies and estimates, please refer to Item 7, Management s Discussion and Analysis of Financial Condition and Results of Operations and Notes to Consolidated Financial Statements presented in our Annual Report on Form 10-K for the year ended December 31, 2016. There were no newly identified critical accounting policies in the first six months of 2017 nor were there any material changes to the critical accounting policies and estimates discussed in our Annual Report on Form 10-K for the year ended December 31, 2016.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices. Our primary exposures to market risk are from changes in interest rates and changes in asset values of investments that fund our pension plan.

Risk Related to Changes in Interest Rates

Borrowings outstanding under the Revolver bear interest at an annual rate of LIBOR plus 1.60%, subject to adjustment as described in the agreement. If LIBOR were to increase by 100 basis points, our annual interest cost on the $140.5 million in borrowings outstanding under the Revolver at June 30, 2017 would increase by approximately $1.4 million.

Borrowings outstanding under our Term Loan A currently bear interest at an annual rate of LIBOR plus 1.55%, subject to adjustment as described in the agreement. If LIBOR were to increase by 100 basis points, our annual interest cost on the $200.0 million in borrowings outstanding under our Term Loan A at June 30, 2017 would increase by approximately $2.0 million.

Borrowings outstanding under our Term Loan B currently bear interest at an annual rate of LIBOR plus 2.25%, subject to adjustment as described in the agreement. If LIBOR were to increase by 100 basis points, our annual interest cost on the $498.8 million in borrowings outstanding under our Term Loan B at June 30, 2017 would increase by approximately $5.0 million.

Certain of our outstanding cash balances are occasionally invested overnight with high credit quality financial institutions. We do not have significant exposure to changing interest rates on invested cash at June 30, 2017. As a result, the interest rate market risk implicit in these investments at June 30, 2017, if any, is low.

Risk Related to Changes in Asset Values that Fund our Pension Plans

The expected rates of return on the assets that fund our defined benefit pension plan are based on the asset allocation of the plan and the long-term projected return on those assets, which represent a diversified mix of equity securities, fixed income securities and cash. At June 30, 2017, the value of the investments in the pension fund was $68.4 million, and an immediate 10% decrease in the value of the investments in the fund would have reduced the value of the fund by approximately $6.8 million.

ITEM 4. CONTROLS AND PROCEDURES.

The Company maintains disclosure controls and procedures, as defined in Rule 13a-15(e) promulgated under the Exchange Act, that are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods

specified in the SEC s rules and forms and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. The Company carried out an evaluation under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report. Based on the evaluation of these disclosure controls and procedures, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report.

There has been no change in our internal control over financial reporting that occurred during the period covered by this report that materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
