Item 2.02 Results of Operation and Financial Condition

On December 6, 2017, Iconix Brand Group, Inc. (the Company) issued a press release announcing its preliminary third quarter 2017 results, a range for the impairment charge described in Item 2.06 below and affirming financial guidance for the year ending December 31, 2017, excluding the impact of the impairment charge. The financial information for the three months ended September 30, 2017, is preliminary and subject to finalization by the Company and has not been reviewed by the Company's independent registered public accountants. A copy of the press release is attached hereto as Exhibit 99.1 and incorporated herein by reference.

The information under this Item 2.02, including Exhibit 99.1 attached hereto, shall not be deemed filed for the purposes of Section 18 of the Exchange Act, or otherwise subject to the liabilities of that section. Such information shall not be incorporated by reference into any registration statement or other document filed under the Securities Act or the Exchange Act, except as expressly set forth by specific reference in such a filing.

Item 2.06 Material Impairments

On November 1, 2017 and November 16, 2017, the Company filed Current Reports on Form 8-K (the Prior Reports) disclosing that (i) as of a result of, among other things, the recent decisions by certain licensees not to renew existing Mossimo and Danskin license agreements and expected modest diminished revenues in 2018 across several of the Company's other brands, the Company determined that it will need to record a material non-cash intangible asset impairment charge on its Danskin, Mossimo and Ocean Pacific trademarks; and (ii) as a result of the decline in the Company's stock price and related market capitalization, the Company determined there existed a further indication of potential impairment across all of the Company's intangible assets and accelerated the timing of its annual impairment testing of goodwill and intangible assets to be completed in connection with the preparation of its financial statements for the quarter ended September 30, 2017.

The Company continues to work to complete impairment testing of all of its goodwill and intangible assets. As a result of such impairment testing, the Company expects that it will record material non-cash impairment charges, which could range from \$500 million to \$750 million in the aggregate. These impairment charges will affect all of the Company's reporting units and will be reflected in the Company's financial statements for the quarter ended September 30, 2017. The Company also expects to have a non-cash tax charge of approximately \$15 million related to the write off of certain deferred tax assets.

The disclosures in this Item 2.06 update and supplement the disclosure regarding potential impairment charges described in the Prior Reports.

Item 9.01 Financial Statements and Exhibits.
