Safe Harbor This communication contains forward-looking statements. These forward-looking statements include, but are not limited to, (i) all statements, other than statements of historical fact, included in this communication that address activities, events or developments that we expect or anticipate will or may occur in the future or that depend on future events and (ii) statements about our future business plans and strategy and other statements that describe Tenneco's outlook, objectives, plans, intentions or goals, and any discussion of future operating or financial performance. These forward-looking statements are included in various sections of this communication and the words "may," "will," "should," "could," "expect," "anticipate," "estimate," and similar expressions (and variations thereof) are intended to identify forward-looking statements. Forward-looking statements included in this release concern, among other things, the proposed acquisition of Federal-Mogul LLC and related separation transactions, including the expected timing of completion of the proposed acquisition and spin-off; the benefits of the proposed acquisition and spin-off; the combined and separated companies' respective plans, objectives and expectations; future financial and operating results; and other statements that are not historical facts. Forward-looking statements are subject to a number of risks and uncertainties that could cause actual results to materially differ from those described in the forward-looking statements, including the risk that the acquisition transaction may not be completed in a timely manner or at all due to a failure to satisfy certain closing conditions, including any stockholder or regulatory approval or the failure to satisfy other conditions to completion of the transaction; the occurrence of any event, change or other circumstance that could give rise to the termination of the purchase agreement; the outcome of any legal proceeding that may be instituted against Tenneco and others following the announcement of the transactions; the combined company may not complete the separation of the Aftermarket & Ride Performance business from the Powertrain Technology business (or achieve some or all of the anticipated benefits of such a separation); the proposed transactions may have an adverse impact on existing arrangements with Tenneco or Federal-Mogul, including those related to transition, manufacturing and supply services and tax matters; the amount of the costs, fees, expenses and charges related to the transactions may be greater than expected; the ability to retain and hire key personnel and maintain relationships with customers, suppliers or other business partners; the risk that the benefits of the transactions, including synergies, may not be fully realized or may take longer to realize than expected; the risk that the transactions may not advance the combined or separated companies' respective business strategy; the risk that the combined company may experience difficulty integrating or separating all employees or operations; the potential diversion of Tenneco management's attention resulting from the proposed transactions; as well as the risk factors and cautionary statements included in Tenneco's periodic and current reports (Forms 10-K, 10-Q and 8-K) filed from time to time with the SEC. In addition, please see Tenneco's financial results press release for factors that could cause Tenneco's future performance to vary from the expectations expressed or implied by the forward-looking statements herein. **Forward-Looking Statements**

Financial Results Disclaimer Use of Non-GAAP Financial Information In addition to the results reported in accordance with accounting principles generally accepted in the United States (“GAAP”) included in this presentation, the company has provided information regarding certain non-GAAP financial measures. These measures include Earnings Before Interest Expense, Income Taxes, Noncontrolling Interests and Depreciation and Amortization (“EBITDA*”), Net Debt, Value-Add Revenue, Adjusted EBITDA*, Adjusted Earnings Before Interest Expense, Income Taxes and Noncontrolling Interests (“Adjusted EBIT”), Adjusted Earnings Per Share, and Return on Invested Capital. Reconciliations of these non-GAAP financial measures to the comparable GAAP measure are included in this presentation. * Including noncontrolling interests.

Tenneco Projections Tenneco's revenue outlook for 2018 through 2020 is as of January 2018. Revenue assumptions are based on projected customer production schedules, IHS Automotive January 2018 forecasts, Power Systems Research January 2018 forecasts and Tenneco estimates. In addition to the information set forth on slide 4, Tenneco's revenue projections are based on the type of information set forth under "Outlook" in Item 7 – "Management's Discussion and Analysis of Financial Condition and Results of Operations" as set forth in Tenneco's Annual Report on Form 10-K for the year ended December 31, 2017. Please see that disclosure for further information. Key additional assumptions and limitations described in that disclosure include: Revenue projections are based on original equipment manufacturers' programs that have been formally awarded to the company; programs where the company is highly confident that it will be awarded business based on informal customer indications consistent with past practices; and Tenneco's status as supplier for the existing program and its relationship with the customer. Revenue projections are based on the anticipated pricing of each program over its life. Except as otherwise indicated, revenue projections assume a fixed foreign currency value. This value is used to translate foreign business to the U.S. dollar. Revenue projections are subject to increase or decrease due to changes in customer requirements, customer and consumer preferences, the number of vehicles actually produced by our customers, and pricing. Certain elements of the restructuring and related expenses, legal settlements and other unusual charges we incur from time to time cannot be forecasted accurately. In this respect, we are not able to forecast EBIT (and the related margins) on a forward-looking basis without unreasonable efforts on account of these factors and the difficulty in predicting GAAP revenues (for purposes of a margin calculation) due to variability in production rates and volatility of precious metal pricing in the substrates that we pass through to our customers. Tenneco's revenue projection constitutes a forward-looking statement. We also refer you to the cautionary language regarding our forward-looking statements set forth in the Safe Harbor statement on slide 2.

Adjusted EBIT as a Percentage of Value-add Revenue – Reconciliation of Non-GAAP Results Tenneco presents the above reconciliation of revenues in order to reflect value-add revenues separately from substrate sales, which include precious metals pricing, which may be volatile. Substrate sales occur when, at the direction of its OE customers, Tenneco purchases catalytic converters or components thereof from suppliers, uses them in its manufacturing processes and sells them as part of the completed system. While Tenneco original equipment customers assume the risk of this volatility, it impacts reported revenue. Excluding substrate sales removes this impact. Tenneco uses this information to analyze the trend in revenues before this factor. Tenneco believes investors find this information useful in understanding period to period comparisons in the company's revenues. Generally Accepted Accounting Principles. Tenneco presents the above reconciliation of GAAP to non-GAAP earnings measures primarily to reflect the results in a manner that allows a better understanding of the results of operational activities separate from the financial impact of decisions made for the long-term benefit of the company and other items impacting comparability between the periods. Adjustments similar to the ones reflected above have been recorded in earlier periods, and similar types of adjustments can reasonably be expected to be recorded in future periods. Using only the non-GAAP earnings measures to analyze earnings would have material limitations because its calculation is based on the subjective determinations of management regarding the nature and classification of events and circumstances that investors may find material. Management compensates for these limitations by utilizing both GAAP and non-GAAP earnings measures reflected above to understand and analyze the results of the business. The company believes investors find the non-GAAP information helpful in understanding the ongoing performance of operations separate from items that may have a disproportionate positive or negative impact on the company's financial results in any particular period. Tenneco presents adjusted EBIT as a percentage of value-add revenue to assist investors in evaluating our company's operational performance without the impact of substrate sales. \$ Millions 2017 2015 2010 2006 2005 2000 Value-add revenue (1) \$ 7,087 \$ 6,293 \$ 4,653 \$ 3,755 \$ 3,759 \$ 3,127 Clean Air substrate sales \$ 2,187 \$ 1,888 \$ 1,284 \$ 927 \$ 681 \$ 401 Total revenue \$ 9,274 \$ 8,181 \$ 5,937 \$ 4,682 \$ 4,440 \$ 3,528 EBIT \$ 417 \$ 508 \$ 281 \$ 196 \$ 217 \$ 122 Adjustments (reflect non-GAAP (2) measures) Restructuring and related expenses 72 63 19 27 12 61 Pension / post retirement charges 13 4 6 (7) - - New aftermarket customer changeover costs - - - 6 10 - Goodwill impairment 11 - - - - Reserve for receivables from former affiliate - - - 3 - - Antitrust settlement accrual 132 - - - - Warranty settlement 7 - - - - Gain on sale of unconsolidated JV (5) - - - - Other non-operational items - - - - 4 Adjusted EBIT (non-GAAP Financial Measures) (3) \$ 647 \$ 575 \$ 306 \$ 225 \$ 239 \$ 187 Adjusted EBIT as a % of value-add revenue (4) 9.1% 9.1% 6.6% 6.0% 6.4% 6.0%

 presents the above reconciliation of non-GAAP results in order to allow a better understanding of our performance.
 We consider Return on Invested Capital (ROIC) to be a meaningful indicator of our operating performance, and we
 evaluate ROIC because it measures how effectively we use the capital we invest in our operations. Tenneco defines
 ROIC as tax effected Adjusted EBIT divided by Average Invested Capital, which is the beginning and ending
 balances of debt, equity and noncontrolling interests. See the tabular calculation above. \$ Millions, Unaudited

Forward-Looking Statements

This communication contains forward-looking statements. These forward-looking statements include, but are not limited to, (i) all statements, other than statements of historical fact, included in this communication that address activities, events or developments that we expect or anticipate will or may occur in the future or that depend on future events and (ii) statements about our future business plans and strategy and other statements that describe the Company's outlook, objectives, plans, intentions or goals, and any discussion of future operating or financial performance. These forward-looking statements are included in various sections of this communication and the words "may," "will," "should," "could," "expect," "anticipate," "estimate," and similar expressions (and variations thereof) are used to identify forward-looking statements. Forward-looking statements included in this communication concern, among other things, the proposed acquisition of Federal-Mogul LLC and related separation transactions, including the expected timing of completion of the proposed acquisition and spin-off; the benefits of the proposed acquisition and spin-off; the combined and separated companies' respective plans, objectives and expectations; future financial and operating results; and other statements that are not historical facts. Forward-looking statements are subject to a number of risks and uncertainties that could cause actual results to materially differ from those described in the forward-looking statements, including the risk that the acquisition transaction may not be completed in a timely manner or at all due to a failure to satisfy certain closing conditions, including any stockholder or regulatory approval or the failure to satisfy other conditions to completion of the transaction; the occurrence of any event, change or other circumstance that could give rise to the termination of the purchase agreement; the outcome of any legal proceeding that may be instituted against the Company and others following the announcement of the transactions; the combined company may not complete the separation of the Aftermarket & Ride Performance business from the Powertrain Technology business (or achieve some or all of the anticipated benefits of such a separation); the proposed transactions may have an adverse impact on existing arrangements with the Company or Federal-Mogul, including those related to transition, manufacturing and supply services and tax matters; the amount of the costs, fees, expenses and charges related to the transactions may be greater than expected; the ability to retain and hire key personnel and maintain relationships with customers, suppliers or other business partners; the risk that the benefits of the transactions, including synergies, may not be fully realized or may take longer to realize than expected; the risk that the transactions may not advance the combined or separated companies' respective business strategy; the risk that the combined company may experience difficulty integrating or separating all employees or operations; the potential diversion of the Company's management's attention resulting from the proposed transactions; as well as the risk factors and cautionary statements included in the Company's periodic and current reports (Forms 10-K, 10-Q and 8-K) filed from time to time with the U.S. Securities and Exchange Commission (the "SEC"). Given these risks and uncertainties, investors should not place undue reliance on forward-looking statements as a prediction of actual results. Unless otherwise indicated, the forward-looking statements in this communication are made as of the date of this communication, and, except as required by law, the Company does not undertake any obligation, and disclaims any obligation, to publicly disclose revisions or updates to any forward-looking statements.
