REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Plan Participants and the Plan Administrator of Time Warner Savings Plan

Opinion on the Financial Statements

We have audited the accompanying statement of net assets available for benefits of Time Warner Savings Plan (the Plan) as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the financial statements). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2017 and 2016, and the changes in its net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on the Plan s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Supplemental Schedules

The accompanying supplemental schedules of loans or fixed income obligations in default or classified as uncollectible and assets (held at end of year) as of December 31, 2017 have been subjected to audit procedures performed in conjunction with the audit of the Plan s financial statements. The information in the supplemental schedules is the responsibility of the Plan s management. Our audit procedures included determining whether the information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental schedules. In forming our opinion on the information, we evaluated whether such information, including its form and content, is presented in conformity with the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

/s/ Ernst & Young LLP

We have served as the Plan's auditor since at least 1982, but we are unable to determine the specific year.

TIME WARNER SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2017

1. Description of the Plan

The following is an abbreviated description of the Time Warner Savings Plan (the **Plan**). Time Warner Inc. (**Time Warner**) is the Plan sponsor. More complete descriptions of the Plan are provided in the Plan documents, as amended, and the summary plan description/prospectus. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (**ERISA**).

General

The Plan is a defined contribution profit sharing plan with a 401(k) feature generally covering eligible employees of Time Warner and certain of its subsidiaries and affiliates (each, an **Employing Company** and, collectively, the **Employing Companies**).

The Plan is the only participating plan in the Time Warner Defined Contribution Plans Master Trust (the **Master Trust**) and is a **Qualified Automatic Contribution Arrangement** in accordance with the Internal Revenue Code of 1986, as amended (the **Code**), and thus is exempt from nondiscrimination testing.

The Plan administrator is a committee (the **Administrative Committee**) appointed by Time Warner's board of directors. Certain administrative functions of the Plan have been delegated to others in accordance with the terms of the Plan.

On October 22, 2016, Time Warner entered into an Agreement and Plan of Merger (the **Merger Agreement**) with AT&T Inc. (**AT&T**). The Merger Agreement provides for the merger of a newly formed wholly owned subsidiary of AT&T with and into Time Warner, with Time Warner continuing as the surviving company in the merger. Immediately thereafter, Time Warner will merge with and into a limited liability company formed by AT&T, which will continue as the surviving entity and a wholly owned subsidiary of AT&T. Upon consummation of the merger, each share of Time Warner common stock will be converted into the right to receive \$53.75 in cash and a specified number of shares of AT&T common stock, as set forth in the Merger Agreement. The merger is conditioned on the receipt of certain antitrust and other required regulatory consents. On November 20, 2017, the United States Department of Justice (the **DOJ**) filed a lawsuit in the United States District Court for the District of Columbia (the **Court**) under a federal antitrust statute to enjoin the merger. The trial concluded in early May 2018 and the trial judge is expected to issue his decision on June 12, 2018. Time Warner and AT&T have agreed to extend the termination date of the Merger Agreement to April 22, 2018, and each has agreed to waive, until June 21, 2018, its right to terminate the Merger Agreement based on the merger not being completed by April 22, 2018.

The approval of the Merger Agreement by the Time Warner board of directors on October 22, 2016 constituted a change in control of Time Warner under the terms of the Plan, and, as a result, the **Employing Company Contributions** (as defined below) of Plan participants who were actively employed on October 22, 2016 became fully vested. The **Employing Company Contributions** of Plan participants who became employed by an **Employing Company** after October 22, 2016 are subject to the regular vesting schedule under the Plan.

Investment Funds, Contributions and Vesting

The Plan provides for multiple investment funds made available through the trustee of the Master Trust, Fidelity Management Trust Company (Fidelity), pursuant to the Master Trust. The Plan's investment funds consist of four asset allocation (target risk) funds and 14 core investment funds (ten of which are actively managed and four of which are index funds). The Plan also offers a self-directed brokerage option that is limited to mutual funds. Participant contributions, Matching Contributions (as defined below) and Rollovers (as defined below) may generally be invested in specified increments in the investment funds. Participants may periodically transfer account balances among the investment funds offered under the Plan.

Contributions or investment fund transfers into the Time Warner Inc. Stock Fund, an employee stock ownership plan component of the Plan, are prohibited, but Plan participants who hold Time Warner common stock in the Time Warner Inc. Stock Fund have the option to reinvest cash dividends paid by Time Warner on its common stock in Time Warner common stock through the Time Warner Inc. Stock Fund in lieu of receiving the cash dividends. Upon consummation of the merger with AT&T, each share of Time Warner common stock held in the Time Warner Inc. Stock Fund will be exchanged for the merger consideration described above, and the independent fiduciary for the fund would determine when and how to purchase additional shares of AT&T common stock with the cash portion of the merger consideration.

Table of Contents

TIME WARNER SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

Generally, the Plan provides for voluntary participant contributions on a pre-tax basis at an elected percentage of a participant's eligible compensation, up to an annual limit established by the Internal Revenue Service (IRS). The elective deferral amount for highly compensated employees is 50% for the pre-tax contributions, subject to the limit established by the IRS. After two months of continuous employment (or, with respect to employees classified as hourly or temporary employees, after 1,000 hours of credited service in any one year), matching contributions by Employing Companies (Matching Contributions) are made as a percentage of a participant's contributions to the Plan and are capped at certain percentages of the participant's eligible compensation deferred.

All newly eligible Plan participants and employees classified as hourly or temporary employees who are credited with at least 1,000 hours of service in any one year are automatically enrolled in the Plan at a pre-tax contribution rate of 3%, unless they change their contribution rate or opt out of the Plan. Unless participants who are automatically enrolled in the Plan elect otherwise, their contribution rate automatically increases by an additional 1% of eligible compensation beginning on the first anniversary of their automatic enrollment date and will continue to increase by an additional 1% of eligible compensation annually until the 6% maximum pre-tax contribution rate for automatic contributions is reached. These participant contributions and Matching Contributions are invested in the Qualified Default Investment Alternative (the Growth Asset Allocation Fund), unless participants elect other investment option(s). Participants who are automatically enrolled in the Plan may change their contribution rate or opt out of the Plan at any time.

Matching Contribution rates for eligible Plan participants are consistent across all participating Employing Companies at a rate of 133 1/3% on up to the first 3% of eligible compensation deferred and 100% on up to the next 3% of eligible compensation deferred.

Participants are allowed to transfer amounts from certain other tax qualified plans to the Plan (Rollovers). Rollovers are included as participant contributions in the Statement of Changes in Net Assets Available for Benefits. Rollovers for 2017 and 2016 were \$24.8 million and \$21.1 million, respectively.

Matching Contributions and any other amounts contributed by an Employing Company, including those transferred into the Plan, are deemed Employing Company contributions (Employing Company Contributions). Each participant's account is credited with the participant's contributions, Rollovers, Employing Company Contributions and any earnings or losses thereon, as appropriate. Participant contributions, Rollovers and any earnings thereon are fully vested.

Other than Employing Company Contributions that became fully vested on October 22, 2016 in connection with the change in control described above, Matching Contributions and earnings thereon generally vest 100% upon the completion of two years of service (or for eligible temporary and hourly employees, the completion of periods of service established by the Plan).

Matching Contributions and any earnings thereon also become fully vested upon a participant's termination of service due to death or disability, attainment of age 65, or upon the termination of the Plan.

Forfeited Accounts

Edgar Filing: TIME WARNER INC. - Form 11-K

Forfeited Employing Company Contributions and earnings thereon may be used to reduce future Employing Company Contributions to the Plan and/or to pay Plan expenses. See the table below for forfeiture activity for the years ended December 31, 2017 and 2016 (thousands).

	December 31, 2017	December 31, 2016
Balance at beginning of period	\$ 427	\$ 5,348
Additions to forfeiture balance	2,970	3,582
Forfeitures utilized	(3,337)	(8,503)
Balance at end of period	\$ 60	\$ 427

Table of Contents

TIME WARNER SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

Notes Receivable From Participants

Under the Plan, subject to certain restrictions and penalties, participants may withdraw amounts and/or take loans from their accounts. The maximum number of loans a participant may have outstanding is limited to three at any one time, in the form of either one primary residence loan and two general loans or three general loans; provided, however, that if the primary residence loan was obtained by December 31, 2007, it does not limit the availability of the three general loans. The minimum loan amount is \$1,000 and the maximum loan amount is \$50,000.

Loans are valued at their outstanding balances, which approximate fair value, and are treated as transfers between the individual investment funds and the participant loan fund. Loan terms may be for up to five years or 15 years if for the purchase of a primary residence. Participants who have transferred accounts to the Plan with existing loans for the purchase of a primary residence may have loan terms of up to 30 years based on the provisions of the plan from which the original loan was obtained. Interest rates charged for loans originated under the Plan within any quarter are set at the prime rate in effect on the first day of such quarter plus 1%. Participants who have transferred accounts to the Plan with existing loans may be subject to different interest rates on those loans, as set in accordance with the provisions of the plan from which the original loan was obtained. Interest rates on outstanding participant loans as of December 31, 2017 and 2016 ranged from 4.25% to 10.50%.

Payment of Benefits

In-service withdrawals are available in certain limited circumstances, as provided under the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated under the Code and the regulations thereunder, and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Generally, on termination of service, participants are eligible to receive the vested portion of their account in a lump sum. However, subject to certain restrictions, the Plan permits other payment options. In addition, at the option of the participant, the commencement of payments may be deferred, subject to certain limitations. Benefits distributed from all investment funds in the Plan will be paid in cash, except for benefits distributed from the Time Warner Inc. Stock Fund, which also offers shares of Time Warner common stock as a distribution election. Fractional shares are paid in cash.

Plan Termination

Although it has not expressed any intent to do so, Time Warner reserves the right to discontinue Employing Company Contributions or to terminate or modify the Plan at any time. In the event of termination of the Plan, participants will become fully vested in their accounts and the net assets of the Plan will be distributed to participants in accordance with the Plan's provisions and applicable law.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting. Costs and expenses incurred for the purchase, sale or transfer of investments reflected in the accompanying financial statements are considered a cost of the investment or a reduction in the proceeds of a sale, as appropriate. Investment management fees and certain administrative costs are paid by the Plan's investment funds and are included in Investment income, net of fees in the Statement of Changes in Net Assets Available for Benefits.

Payment of Benefits

Participant withdrawals are recorded when paid.

Table of Contents

TIME WARNER SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

Administrative Expenses

Certain administrative costs are charged to the Plan as permitted under ERISA, including, for example, fees for auditing, recordkeeping, custodial and trustee services. Other administrative costs, such as compensation of employees responsible for the administration of the Plan, are paid by Time Warner.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan, other than synthetic investment contracts, are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for additional information and disclosures related to fair value measurements.

Synthetic investment contracts are valued at contract value, which represents contributions made under the contract, plus interest at the contract rate, less withdrawals under the contract.

Purchases and sales of securities are recorded on a trade-date basis and trades of securities that have not settled are reported as receivables or payables, respectively, for securities sold or purchased. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Investments

Plan investments are made in a variety of investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is possible that changes in values could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

The Capital Preservation Fund, an investment fund available in the Plan, includes fully benefit-responsive synthetic investment contracts that are valued at contract value in the Statement of Net Assets Available for Benefits. In a synthetic investment contract, debt securities (such as fixed-income, asset-backed and mortgage-backed securities) are purchased and then a financial institution agrees to provide for liquidity and an adjustable rate of return thereon (a Wrapper), which, when taken together with the underlying securities, generally results in a guaranteed return of principal and accrued interest. As required for the IRS Form 5500 filing, these investments are valued at fair value in the Schedule of Assets (Held at End of Year). See Note 7 for a reconciliation of the financial statements to the Form 5500.

The Capital Preservation Fund and the Wrapper contracts purchased by that fund are designed to pay all participant-initiated transactions at contract value. However, the Wrapper contracts limit the ability of the fund to transact at contract value upon the occurrence of certain events. These events include, but are not limited to:

- complete or partial termination of the Plan;

- any change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on the fund's cash flow;

- merger or consolidation of the Plan with another plan, the transfer of Plan assets to another plan, or the sale, spin-off or merger of a subsidiary or division of the Plan sponsor; and

- any early retirement program, group termination, group layoff, facility closing or similar program.

At this time, the occurrence of an event that would limit the ability of the Capital Preservation Fund to transact at contract value is not probable.

Table of Contents

TIME WARNER SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

A Wrapper issuer may terminate a Wrapper contract at any time by providing the appropriate notification. In the event that the market value of the Capital Preservation Fund's covered assets is below their contract value at the time of such termination, Fidelity, as the Capital Preservation Fund's investment manager, may elect to keep the Wrapper contract in place through another Wrapper provider until such time as the market value of the Capital Preservation Fund's covered assets is equal to their contract value. Plan participants will continue to receive the Capital Preservation Fund's Crediting Rate (as defined below).

Interest income in the Capital Preservation Fund is accrued at the weighted-average return of individual fund investments, net of investment management and certain administrative fees (the Crediting Rate). The Crediting Rate is calculated daily. Wrapper contracts use the Crediting Rate formula to convert market value changes in the underlying assets into income distributions in order to minimize the difference between the market and contract value of the underlying assets over time. Using the Crediting Rate formula, an estimated future market value is calculated by compounding a portfolio's current market value at such portfolio's current yield to maturity for a period equal to such portfolio's duration. The Crediting Rate is the discount rate that equates that estimated future market value with such portfolio's current contract value. Crediting Rates are reset monthly. The Wrapper contracts are designed so that the Crediting Rate will not fall below 0%.

Certain investment managers of investment funds offered under the Plan are authorized to use derivative financial instruments, either directly or within a commingled fund structure, in accordance with established guidelines of the investment funds. Derivative financial instruments may be used for the purpose of managing interest rate and foreign exchange risk, and for yield enhancement. Changes in the fair value of derivative financial instruments are recorded in the Statement of Changes in Net Assets Available for Benefits; therefore, no gains or losses are deferred. At December 31, 2017 and 2016, the fair value of derivative financial instruments held by the Plan was not material. The derivative financial instruments held by the Plan at December 31, 2017 and 2016 consisted of interest rate and credit default swap contracts, futures contracts and interest rate option contracts.

4. Fair Value Measurements

A fair value measurement is determined based on the assumptions that a market participant would use in pricing an asset or liability. A three-tiered hierarchy draws distinctions between market participant assumptions based on (i) observable inputs such as quoted prices in active markets (Level 1), (ii) inputs other than quoted prices in active markets that are observable either directly or indirectly (Level 2) and (iii) unobservable inputs that require the Plan to use present value and other valuation techniques in the determination of fair value (Level 3).

Table of Contents**TIME WARNER SAVINGS PLAN****NOTES TO FINANCIAL STATEMENTS (Continued)**

The following table presents information about the Plan's assets and liabilities required to be carried at fair value on a recurring basis as of December 31, 2017 and 2016 (thousands):

Asset Category	December 31, 2017			December 31, 2016		
	Level 1	Level 2	Total	Level 1	Level 2	Total

agency
securities

Total	\$	2,474,179	\$	333,030	\$	2,807,209	\$	2,163,779	\$	286,775	\$	2,450,554
-------	----	-----------	----	---------	----	-----------	----	-----------	----	---------	----	-----------

(a) At December 31, 2017 and 2016, mutual funds consisted of Fidelity Brokerage Link, DFA Emerging Markets Core Equity Portfolio Institutional Class Fund, PIMCO Priv ABS Sector Fund, PIMCO Short Term Floating NAV Portfolio II, and Fidelity Investments Money Market Government Portfolio.

(b) At December 31, 2016, other investments consisted of preferred stocks.

Investments that are measured at fair value using the net asset value per share as a practical expedient have not been categorized in the fair value table above and are as follows (thousands):

Asset Category	December 31,	
	2017	2016
Commingled trust funds ^(a)	\$ 1,909,766	\$ 1,560,846

(a) At December 31, 2017, approximately 24% of the underlying securities held in commingled trust funds consisted of marketable fixed income securities and approximately 76% consisted of equity securities. At December 31, 2016, approximately 25% of the underlying securities held in commingled trust funds consisted of marketable fixed income securities and approximately 75% consisted of equity securities.

There were no assets classified as Level 3 at December 31, 2017 or 2016.

Investments are recorded by the Plan on a trade date basis at fair value or contract value, as applicable. The following is a description of the valuation methodologies used for assets measured at fair value.

Commingled trust funds: Valued at the net asset value per unit at year end as reported to Fidelity by each fund company managing such trusts. Investments in the underlying commingled trust funds can generally be redeemed daily at net asset value.

Table of Contents

TIME WARNER SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

Equity securities: Valued at the closing price at year end as reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the closing price of shares held by the Plan at year end.

Fixed income securities: Valued at the closing price at year end as reported on the active market on which the individual securities are traded. Securities not traded on an active market are valued based on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar securities, the securities are valued using a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks. Due to the subjectivity involved in this assessment, these investments may be classified in Level 3 of the fair value hierarchy. As of December 31, 2017 and 2016, there were no fixed income securities classified as level 3.

Cash equivalents and other investments: Cash equivalents consist of investments in short-term investment funds and money market funds valued at net asset value per unit equal to one dollar at year end. Other investments can consist of certificates of deposit, commercial paper, repurchase agreements, warrants, and futures, option and swap contracts. Certificates of deposit and repurchase agreements are valued at amortized cost, which approximates fair value. Commercial paper is valued using broker quotes that utilize observable market inputs. Warrants are valued based on the relationship of the exercise price to the value of the underlying security. Futures and option contracts are generally valued at closing settlement prices. Swap contracts are marked-to-market as the net amount due to and from the Plan in accordance with the terms of the contract based on the closing level of the relevant market rate of interest.

5. Transactions with Parties-in-Interest

Under the terms of the Plan and the Master Trust, Time Warner may elect to contribute shares of Time Warner common stock and/or cash for Employing Company Contributions to the Plan. There were no shares of Time Warner common stock contributed in 2017 or 2016 as Employing Company Contributions to the Plan. The Plan may also purchase or sell shares of Time Warner common stock directly from or to Time Warner. There were no purchases or sales of Time Warner common stock by the Plan directly from or to Time Warner in 2017 or 2016.

Certain Plan investments are managed by Fidelity. Fidelity has appointed JP Morgan Chase and State Street Bank to act as individual sub-custodians for certain Plan investments. Therefore, Fidelity's management of such Plan investments and JP Morgan Chase's and State Street Bank's holdings of such investments as sub-custodians qualify as party-in-interest transactions; however, these transactions are exempt from the prohibited transaction rules under ERISA.

In addition, certain of the Plan's investments are securities that have been issued by the Plan's investment managers, custodian, sub-custodians, other service providers and their affiliated entities. The Plan's investments in these securities also qualify as party-in-interest transactions; however, these transactions are exempt from the prohibited transactions rules under ERISA.

6. Tax Status of Plan

The Plan has received a determination letter from the IRS, dated April 14, 2015, stating that the Plan is qualified under Section 401(a) of the Code, subject to the Company's adoption of certain amendments to the Plan. The Plan has been amended to comply with the determination letter issued by the IRS. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Administrative Committee believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan, as amended, is qualified and the related trust is tax exempt. The Plan is subject to audits, from time to time, by various authorities. The Administrative Committee believes the Plan's information statement on Form 5500 is subject to examination for years after 2015.

Table of Contents**TIME WARNER SAVINGS PLAN****NOTES TO FINANCIAL STATEMENTS (Continued)****7. Reconciliation to Form 5500**

The net assets of the Plan that are attributed to fully benefit-responsive investment contracts will be recorded at fair value on the 2017 IRS Form 5500 and related schedules. The following is a reconciliation of the Plan's net assets available for benefits and changes in net assets available for benefits between the financial statements and Form 5500 (thousands):

	December 31,	
	2017	2016
Net assets available for benefits per the financial statements	\$ 5,184,581	\$ 4,473,724
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	(509)	2,932
Net assets per the Form 5500	\$ 5,184,072	\$ 4,476,656

	Year Ended December 31, 2017
Net investment income from the Plan per the financial statements	\$ 703,091
Reversal of prior year adjustment from contract value to fair value for fully benefit-responsive investment contracts	(2,932)
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	(509)
Net investment income from the Plan per the Form 5500	\$ 699,650

--------------------------	-------------------------

* Indicates party-in-interest to the Plan.

** Difference between total synthetic investment contracts per the Schedule of Assets and per the Statement of Net Assets Available for Benefits is due to the presentation of synthetic investments at market value in the Schedule of Assets and contract value in the Statement of Net Assets Available for Benefits. See footnote 7 for reconciliation of this difference.

*** Represents an adjustment to the value of Synthetic Investment Contracts, which is related to the purchase and sale of certain assets pending settlement at December 31, 2017.

**** Negative shares or units represents the notional values of futures contracts with short positions.
