Dear CorVel Stockholder:

We are pleased to invite you to our 2018 Annual Meeting, which will be held at CorVel's principal executive offices at 2010 Main Street, Suite 600, Irvine, California 92614, on Thursday, August 2, 2018, at 1:00 p.m. Pacific Daylight Time. Voting on election of directors and other matters is also scheduled. The items to be voted on at the 2018 Annual Meeting are addressed in the Notice of Annual Meeting of Stockholders and Proxy Statement.

Important Notice Regarding the Availability of Proxy Materials for the Annual Stockholder Meeting to Be Held on August 2, 2018: The Notice of Annual Meeting of Stockholders, Proxy Statement and Annual Report on Form 10-K are available at <https://materials.proxyvote.com/221006>.

We are pleased to provide proxy materials to our stockholders over the Internet, which we believe will lower the costs of delivering such materials while also reducing the environmental impact of printing and mailing. Consequently, stockholders will not receive paper copies of our proxy materials unless they request them. We will send stockholders a notice with instructions for accessing the proxy materials and voting via the Internet. The notice also provides information on how to receive a paper copy of the Annual Meeting materials, if they so choose.

Your vote is important. Whether or not you plan to attend the 2018 Annual Meeting, please vote as soon as possible to ensure that your shares will be represented and voted at the 2018 Annual Meeting. If you later decide to attend the Annual Meeting and wish to change your vote, you may do so simply by voting in person at the meeting. If you are a beneficial owner of our stock and wish to vote at the 2018 Annual Meeting, you will need to obtain a legal proxy from your bank or broker and bring this legal proxy to the meeting. If you hold your shares in the name of a broker, bank or other nominee, your nominee may determine to vote your shares at its own discretion, absent instructions from you. However, due to voting rules that may prevent your bank or broker from voting your uninstructed shares on a discretionary basis in the election of directors and on other non-routine matters, it is important that you cast your vote. Accordingly, please provide appropriate voting instructions to your broker or bank to ensure your vote will count.

We look forward to seeing you at our 2018 Annual Meeting.

Sincerely,

V. Gordon Clemons,

Chairman of the Board

CorVel Corporation

1. To elect the six directors named in the attached Proxy Statement, each to serve until the 2019 annual meeting of stockholders or until his or her successor has been duly elected and qualified;
2. To approve the amendment and restatement of our Restated Omnibus Incentive Plan (Formerly The Restated 1988 Executive Stock Option Plan) to increase the number of shares of common stock available for grant thereunder over the life of such Plan by 500,000 shares, from 19,365,000 shares to 19,865,000 shares, and to effect various other changes thereunder;
3. To ratify the appointment of Haskell & White LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2019; and
4. To transact such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof.

Our Board of Directors recommends that stockholders vote **FOR** all of the Proposals listed above. Only stockholders of record at the close of business on June 8, 2018 are entitled to notice of and to vote at the Annual Meeting and any adjournment(s) or postponement(s) thereof. A list of stockholders entitled to vote at the Annual Meeting will be available for inspection at our principal executive offices and at our Annual Meeting.

You are cordially invited to attend the Annual Meeting in person. However, to assure your representation at the Annual Meeting, you are urged to vote your shares as soon as possible. As an alternative to voting in person at the Annual Meeting, you may vote via the Internet or, if you receive a paper proxy card in the mail, you also may vote by telephone or by mailing a completed proxy card.

If you are viewing this proxy over the Internet you may vote electronically over the Internet or in person at the Annual Meeting. If you receive a printed proxy card, you may vote over the Internet, by telephone, by mail or in person at the Annual Meeting. Please be aware that if you vote by telephone or over the Internet, you may incur costs such as telephone and Internet access charges for which you will be responsible.

Voting over the Internet. You can vote via the Internet. The website address for Internet voting is provided on your notice of Internet availability of proxy materials or, if you received one, on your proxy card. To vote via the Internet, you will need to use the control number appearing on your notice of Internet availability of proxy materials or, if you received one, on your proxy card. You can use the Internet to transmit your voting instructions up until 11:59 p.m. Eastern Time on August 1, 2018. Internet voting is available 24 hours a day.

Voting by Telephone. You can vote by telephone by calling the toll-free telephone number provided on your notice of Internet availability of proxy materials or, if you received one, on your proxy card. You will need to use the control number appearing on your proxy card to vote by telephone. You may transmit your voting instructions from any touch-tone telephone up until 11:59 p.m. Eastern Time on August 1, 2018. Telephone voting is available 24 hours a day.

Voting by Mail. If you receive a printed proxy card, you can vote by marking, dating and signing it, and returning it in the postage paid envelope provided. Please promptly mail your proxy card to ensure that it is received prior to the closing of the polls at the Annual Meeting.

Voting in Person at the Meeting. If you attend the Annual Meeting and plan to vote in person, we will provide you with a ballot at the Annual Meeting. If your shares are registered directly in your name, you are considered the stockholder of record and you have the right to vote in person at the Annual Meeting. If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of shares held in street name. As a beneficial owner, if you wish to attend the Annual Meeting and vote at the Annual Meeting, you will need to bring to the Annual Meeting a legal proxy from your broker or other nominee authorizing you to vote those shares.

You may revoke your proxy at any time prior to the closing of the polls at the Annual Meeting. You may revoke your proxy by (i) voting again using the Internet or telephone before the cut off time (your latest Internet or telephone proxy is the one that will be counted), (ii) delivering a written revocation or by presenting another properly signed proxy with a later date to our Secretary at our principal executive offices at 2010 Main Street, Suite 600, Irvine, California 92614, or (iii) attending the Annual Meeting and voting in person at the Annual Meeting by ballot (your proxy will be revoked automatically and only your vote at the Annual Meeting will be counted). If you hold your shares in the name of a broker, bank or other nominee, please provide appropriate voting instructions to that nominee. Absent such instructions, your nominee may determine to vote your shares at its own discretion. However, due to voting rules that may prevent your bank or broker from voting your uninstructed shares on a discretionary basis in the election of directors and on other non-routine matters, it is important that you cast your vote. Accordingly, please provide appropriate voting instructions to your broker or bank to ensure your vote will count. If you wish to attend the Annual Meeting and vote shares held for you by a nominee, please be sure to obtain a legal proxy from that nominee allowing you to cast your vote in person.

The holders of a majority of the outstanding shares of our Common Stock entitled to vote must be present in person or represented by proxy at the Annual Meeting in order to constitute a quorum for the transaction of business. Please vote as soon as possible in order to ensure that a quorum is obtained and to avoid the additional cost to us of adjourning the Annual Meeting until a later time and re-soliciting proxies.

CorVel Corporation

PROXY STATEMENT

Proxies are being solicited on behalf of our Board of Directors, or the Board, for use at the 2018 Annual Meeting of Stockholders, which will be held at our principal executive offices located at 2010 Main Street, Suite 600, Irvine, California 92614, on Thursday, August 2, 2018, at 1:00 p.m. Pacific Daylight Time, and at any adjournment(s) or postponement(s) thereof. Stockholders of record at the close of business on June 8, 2018 are entitled to notice of and to vote at the Annual Meeting and any adjournment(s) or postponement(s) of that meeting. A list of stockholders entitled to vote at the Annual Meeting will be available for inspection at our principal executive offices and at the Annual Meeting.

On June 8, 2018, the record date for determination of stockholders entitled to notice of and to vote at the Annual Meeting, there were 18,939,013 shares of our Common Stock outstanding and approximately 1,014 holders of record according to information provided by our transfer agent. No shares of our preferred stock were outstanding as of June 8, 2018. Each stockholder is entitled to one vote on all matters brought before the Annual Meeting for each share of our Common Stock held by such stockholder on the record date. Stockholders may not cumulate votes in the election of directors.

The presence at the Annual Meeting, either in person or by proxy, of holders of a majority of the outstanding shares of our Common Stock entitled to vote will constitute a quorum for the transaction of business. In the election of directors under Proposal One, the six nominees receiving the highest number of affirmative votes shall be elected. Proposal Two will be approved if a majority of the total votes cast on the proposal in person or by proxy are voted in favor of such approval. The affirmative vote of the holders of our Common Stock representing a majority of the voting power present or represented by proxy at the Annual Meeting and entitled to vote is being sought for approval of Proposal Three.

All votes will be tabulated by our inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Under the rules that govern brokers who have record ownership of shares that are held in street name for their clients (who are the beneficial owners of the shares), brokers have the discretion to vote such shares on routine matters (such as the ratification of the appointment of our independent registered public accounting firm (Proposal Three)), but not on non-routine matters (such as the election of directors (Proposal One)) without specific instructions from their clients. Thus, because the proposals to be acted upon at the meeting consist of both routine and non-routine matters, the broker may turn in a proxy card for uninstructed shares that vote FOR the routine matter, but expressly states that the broker is NOT voting on the non-routine matters. The vote with respect to any non-routine matter is referred to as a broker non-vote. A broker non-vote may also occur with respect to routine matters if the broker expressly instructs on the proxy card that it is not voting on a certain matter. Abstentions and broker non-votes are counted as present for purposes of determining whether a quorum exists for the transaction of business at the Annual Meeting, but broker non-votes will not be counted for purposes of determining the number of votes cast with respect to the particular proposal on which the broker has expressly not voted. With regard to Proposal One, broker non-votes and votes marked withheld will not be counted towards the tabulations of votes cast on such proposal presented to the stockholders, will not have the effect

of negative votes, and will not affect the outcome of the election of directors. With regard to Proposal Two, abstentions and broker non-votes will not be counted for purposes of determining whether the proposals have been approved, and will not have the same effect as negative votes. With regard to Proposal Three, brokers have the discretion to vote shares on routine matters such as ratification of the appointment of the independent registered public accounting firm and, therefore, broker non-votes are not expected for Proposal Three; however, if there are broker non-votes for Proposal Three, they will not be counted for purposes of determining whether

such proposal has been approved and will not have the effect of negative votes. Abstentions will be counted as present and entitled to vote for purposes of Proposal Three and, therefore, will have the same effect as a vote against Proposal Three.

If your shares are held by a bank or broker in street name, it is important that you cast your vote if you want it to count in the election of directors and any other non-routine matters proposed in this Proxy Statement. Voting rules may prevent your bank or broker from voting your uninstructed shares on a discretionary basis in the election of directors and any other non-routine matters. Accordingly, if your shares are held by a bank or broker in street name and you do not instruct your bank or broker how to vote in the election of directors and any other non-routine matters proposed in this Proxy Statement, no votes will be cast on your behalf. Your bank or broker will, however, continue to have discretion to vote any uninstructed shares on routine matters, such as the ratification of the appointment of our independent registered public accounting firm and other matters determined by the NYSE to be routine.

If a proxy is properly signed and returned, the shares represented thereby will be voted at the Annual Meeting in accordance with the instructions specified thereon. If the proxy does not specify how the shares represented thereby are to be voted, the proxy will be voted **FOR** the election of the directors in Proposal One unless the authority to vote for the election of such directors is withheld and, if no contrary instructions are given, the proxy will be voted as recommended by the Board with respect to Proposals Two and Three described in the accompanying Notice and this Proxy Statement. In their discretion, the proxies named on the proxy will be authorized to vote upon any other matter that may properly come before the Annual Meeting or any adjournment(s) or postponement(s) thereof. A proxy may be revoked or changed at or prior to the Annual Meeting by (i) voting again using the Internet or telephone, (ii) delivery of a written revocation or by presentation of another properly signed proxy with a later date to our Secretary at our principal executive offices at 2010 Main Street, Suite 600, Irvine, California 92614, or (iii) by attendance at the Annual Meeting and voting in person by ballot. Your attendance at the Annual Meeting will not automatically revoke your proxy unless you affirmatively indicate at the Annual Meeting your intention to vote your shares in person. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote in person at the Annual Meeting, you must obtain from the record holder a legal proxy issued in your name.

Important Notice Regarding the Availability of Proxy Materials for the Annual Stockholder Meeting to Be Held on August 2, 2018: The Notice of Annual Meeting of Stockholders, Proxy Statement and Annual Report on Form 10-K are available at <https://materials.proxyvote.com/221006>.

Notice regarding the Internet availability of these proxy materials was first sent or given on or about June 22, 2018, to stockholders of record on the record date.

While our proxy solicitation materials are available on the Internet, we will provide, without charge, copies of our annual report on Form 10-K to each stockholder of record as of the Record Date that requests a copy in writing. Any exhibits listed in the annual report on Form 10-K report also will be furnished upon request at the actual expense we incur in furnishing such exhibit. Any such requests should be directed to our Secretary at our executive offices set forth above.

INTERNET AVAILABILITY OF PROXY MATERIALS

In accordance with the rules of the Securities and Exchange Commission (SEC), we are using the Internet as our primary means of furnishing proxy materials to stockholders. Consequently, stockholders will not receive paper copies of our proxy materials unless they request them. We will send stockholders a Notice of Internet Availability of Proxy Materials with instructions for accessing the proxy materials, including our Proxy Statement and Annual Report, and voting via the Internet. The Notice of Internet Availability of Proxy Materials also provides information on how stockholders may obtain paper copies of our proxy materials if they so choose. This makes the proxy distribution process more efficient and less costly, and helps conserve natural resources. If you previously elected to receive our proxy materials electronically, these materials will continue to be sent via email unless you change your election.

Our principal executive offices are located at 2010 Main Street, Suite 600, Irvine, California 92614. Our telephone number is (949) 851-1473.

MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING

Six individuals have been nominated to serve as our directors. Our stockholders are being asked to elect these nominees to the Board at the Annual Meeting. Our Nomination and Governance Committee selected and recommended, and the Board, including its independent directors, approved the nomination of each of the six individuals listed below for election to serve for a one-year term ending on the date of our next annual meeting of stockholders or until his or her successor has been duly elected and qualified. Unless otherwise instructed or unless the proxy is marked withheld, the proxy holders will vote the proxies received by them FOR the election of each of the nominees named below. Each such nominee is currently serving as a director and has indicated his or her willingness to continue to serve as a director if elected. In the event that any such nominee becomes unable or declines to serve at the time of the Annual Meeting, the proxy holders may exercise discretionary authority to vote for a substitute person selected and recommended by our Nomination and Governance Committee and approved by the Board.

Corporate Governance, Board Composition and Board Committees

Independent Directors

The Board has determined that each of our current directors other than Mr. Clemons qualifies as an independent director in accordance with the published listing requirements of The Nasdaq Stock Market LLC. The Nasdaq independence definition includes a series of objective tests, such as that the director is not also one of our employees and has not engaged in various types of business dealings with us. In addition, as further required by the Nasdaq rules, the Board has made a subjective determination as to each independent director that no relationships exist which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our directors reviewed and discussed information provided by us and our directors with regard to each director's business and personal activities as they may relate to us and our management.

Board Leadership Structure, Risk Oversight and Diversity

The Board does not have a policy regarding the separation of the roles of the Chief Executive Officer and Chairman of the Board as the Board believes it is in the best interest of the Company to make that determination based on the position and direction of the Company and the membership of the Board from time to time. The Board has determined that having the Company's current Chief Executive Officer serve as the Chairman is currently in the best interest of the Company as this structure provides leadership continuity, makes the best use of the Chairman's extensive knowledge of the Company and its industry, and fosters greater communication between the Company's management and the Board, while facilitating robust director, Board, and CEO evaluation processes.

In determining that we are best served by having Mr. Clemons serve as Chairman of the Board, the Board considered the benefits of having the current Chief Executive Officer serve as a bridge between management and the Board, ensuring that both groups act with a common purpose. The Board also considered Mr. Clemons' knowledge regarding our operations and the industries and markets in which we compete and Mr. Clemons' ability to promote communication, to synchronize activities between the Board and our senior management and to provide consistent leadership to both the Board and our company in coordinating the strategic objectives of both groups.

The Company does, however, have a policy that if the Chairman of the Board of the Company does not qualify as an independent director, the independent directors of the Board will select one of the independent directors to be the Lead Independent Director. Since the Chairman of the Board/CEO is currently involved in the day-to-day operations of the Company, the Board of Directors has designated Mr. Jessup as the Lead Independent Director. The Lead Independent Director has the following duties and responsibilities: (a) acting as Chair of the meetings of the independent directors; (b) working with the Chairman of the Board/CEO and Corporate Secretary to ensure the Board has adequate resources, especially by way of full, timely and relevant information to support its decision-making requirements; (c) serving as a conduit of information between the independent directors and the Chairman of the Board/CEO and other members of management; (d) reviewing annually the purpose of the Committees of the Board and through the Nomination and Governance Committee, recommending to the Board any changes deemed necessary or desirable to the purpose of the Committees and whether any Committees should be created or discontinued; (e) being available as a resource to consult with other Board members on corporate governance practices and policies; and (f) such other responsibilities and duties as the Board shall designate. The Board believes that this current leadership structure, in which the office of Chairman is held by one individual and an independent director acts as Lead Independent Director, provides for dynamic Board leadership and enhances the Company's ability to execute its business and strategic plans, while maintaining strong independence for Board decisions and oversight.

The board oversees an enterprise-wide approach to risk management that is designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and

enhance stockholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for us. In setting our business strategy, the Board assesses the various risks being mitigated by management and determines what constitutes an appropriate level of risk for us.

While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the Audit Committee focuses on financial risk, including internal controls. Risks related to our compensation programs are reviewed by the compensation committee and legal and regulatory compliance risks are reviewed by the Nomination and Governance Committee. The Board is advised by the committees of significant risks and management's response through periodic updates.

We believe that our compensation policies and practices do not create inappropriate or unintended significant risk to the Company as a whole. We also believe that our incentive compensation arrangements provide incentives that do not encourage risk-taking beyond the organization's ability to effectively identify and manage significant risks; are compatible with effective internal controls and the risk management practices of CorVel; and are supported by the oversight and administration of the compensation committee with regard to executive compensation programs.

We believe that the Board as a whole should encompass a range of talent, skill, diversity and expertise enabling it to provide sound guidance with respect to our operations and interests. In addition to considering a candidate's background and accomplishments, our nomination and governance committee reviews candidates in the context of the current composition of the Board and the evolving needs of our business. The Board has adopted a formal policy with regard to the consideration of diversity in identifying director nominees and as a result, the nomination and governance committee strives to nominate directors with a variety of complementary skills and backgrounds so that as a group, the Board will possess the appropriate talent, skills, insight and expertise to oversee our business. The Board assesses its overall effectiveness through an annual evaluation process. This evaluation includes, among other things, an assessment of the overall composition of the Board, including the diversity of its members.

Board Structure and Committees

The Board has established an audit committee, a compensation committee and a nomination and governance committee. The Board and its committees set schedules to meet throughout the year, and can also hold special meetings and act by written consent from time to time as appropriate. The independent directors of the Board also hold separate regularly scheduled executive session meetings at least twice a year at which only independent directors are present. The Board has delegated various responsibilities and authority to its committees as generally described below. The committees regularly report on their activities and actions to the full Board. Each member of each committee of the Board qualifies as an independent director in accordance with the Nasdaq standards described above. Each committee of the Board has a written charter approved by the Board. A copy of each charter is posted on our website at <http://www.corvel.com> under the Investor Relations section. The inclusion of any website address in this Proxy Statement does not include or incorporate by reference the information on that website into this Proxy Statement or our Annual Report on Form 10-K.

Audit Committee

The audit committee of the Board reviews and monitors our corporate financial statements and reporting and our internal and external audits, including, among other things, our internal controls and audit functions, the results and scope of the annual audit and other services provided by our independent registered public accounting firm and our compliance with legal matters that have a significant impact on our financial statements. Our audit committee also consults with our management and our independent registered public accounting firm prior to the presentation of financial statements to stockholders and, as appropriate, initiates inquiries into aspects of our financial affairs.

Our audit committee has established procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, and for the confidential, anonymous submission by our employees of concerns regarding accounting or auditing matters. In addition, our audit committee is directly responsible for the appointment, retention, compensation and oversight of the work of our independent registered public accounting firm, including approving services and fee arrangements. In accordance with the audit committee's charter and policies regarding transactions with related persons, all related person transactions are approved or ratified by our audit committee. Please see the information set forth under the heading "Policies and Procedures for Related Person Transactions" in this Proxy Statement for additional details about our policies regarding related person transactions. The current members of our audit committee are Messrs. Hamerslag, Hoops and Jessup. The audit committee held four meetings by telephonic conference calls during fiscal year 2018.

In addition to qualifying as independent under the Nasdaq rules described above, each member of our audit committee can read and understand fundamental financial statements, and each member currently qualifies as independent under special standards established by the SEC for members of audit committees. Our audit committee includes at least one member who has been determined by the Board to meet the qualifications of an audit committee financial expert in accordance with SEC rules. Mr. Hamerslag is the independent director who has been determined to be an audit committee financial expert within the meaning of Item 407(d) of Regulation S-K under the Securities Act of 1933, as amended. Stockholders should understand that this designation is a disclosure requirement of the SEC related to Mr. Hamerslag's experience and understanding with respect to certain accounting and auditing matters. In this regard, please refer to the biography of Mr. Hamerslag appearing above. The designation does not impose on Mr. Hamerslag any duties, obligations or liability that are greater than are generally imposed on him as a member of our audit committee and the Board, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of our audit committee or Board.

Compensation Committee

The compensation committee of the Board reviews and approves our general compensation policies and all forms of compensation to be provided to our executive officers and directors, including, among other things, annual salaries, bonuses, and stock option and other incentive compensation arrangements. In addition, our compensation committee administers the CorVel Corporation 1991 Employee Stock Purchase Plan and the CorVel Corporation Restated Omnibus Incentive Plan (Formerly The Restated 1988 Executive Stock Option Plan), including reviewing and granting stock options. Our compensation committee also reviews and approves various other issues related to our compensation policies and matters. The compensation committee may form, and delegate any of its responsibilities to, a subcommittee so long as such subcommittee consists solely of at least two independent members of the compensation committee. The current members of our compensation committee are Messrs. Hoops and Michael and Ms. Macino. The compensation committee held one meeting and acted by unanimous written consent seven times during fiscal year 2018.

Risk Assessment in Compensation Programs. We have assessed our compensation programs and have concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. Our management assessed the Company's executive and broad-based compensation and benefits programs to determine if the programs' provisions and operations create undesired or unintentional risk of a material nature. This risk assessment process included a review of program policies and practices; program analysis to identify risk and risk control related to the programs; and determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward, risk control, and the support of the programs and their risks to Company strategy. Although we reviewed all compensation programs, we focused on the programs with variability of payout, with the ability of a participant to directly affect payout and the controls on participant action and payout. Our egalitarian culture supports the use of base salary, performance-based compensation, and retirement plans that are generally uniform in design and operation throughout the Company and with all levels of employees. In most cases, the compensation policies and practices are centrally

designed and administered, and are substantially identical at each business unit. Field sales personnel are paid a base salary and a sales commission, but all of our executive officers are paid under the programs and plans for non-sales employees. Certain internal groups have different or supplemental compensation programs tailored to their specific operations and goals.

Based on the foregoing, we believe that our compensation policies and practices do not create inappropriate or unintended significant risk to the Company as a whole. We also believe that our incentive compensation arrangements provide incentives that do not encourage risk-taking beyond the organization's ability to effectively identify and manage significant risks; are compatible with effective internal controls and the risk management practices of CorVel; and are supported by the oversight and administration of the compensation committee with regard to executive compensation programs.

Nomination and Governance Committee

The nomination and governance committee of the Board reviews and reports to the Board on a periodic basis with regard to matters of corporate governance, and reviews, assesses and makes recommendations on the effectiveness of our corporate governance policies. In addition, the nomination and governance committee reviews and makes recommendations to the Board regarding the size and composition of the Board and the appropriate qualities and skills required of our directors in the context of the then current make-up of the Board. This includes an assessment of each candidate's independence, personal and professional integrity, diversity, financial literacy or other professional or business experience relevant to an understanding of our business, ability to think and act independently and with sound judgment, and ability to serve us and our stockholders' long-term interests. These factors, and others as considered useful by our nomination and governance committee, are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time. As a result, the priorities and emphasis of the nomination and governance committee and of the Board may change from time to time to take into account changes in business and other trends, and the portfolio of skills and experience of current and prospective directors. The nomination and governance committee has a formal policy with respect to diversity in identifying director nominees and, as indicated above, diversity is one factor in the total mix of information the Board considers when evaluating director candidates.

The nomination and governance committee leads the search for and selects, or recommends that the Board select, candidates for election to the Board (subject to legal rights, if any, of third parties to nominate or appoint directors). Consideration of new director candidates typically involves a series of committee discussions, review of information concerning candidates and interviews with selected candidates. Candidates for nomination to the Board typically have been suggested by other members of the Board or by our executive officers. From time to time, the nomination and governance committee may engage the services of a third-party search firm to identify director candidates. Each of the current nominees is standing for re-election at the Annual Meeting. The nomination and governance committee selected these candidates and recommended their nomination to the Board. The nomination and governance committee has not received any nominations from any stockholders in connection with this Annual Meeting. The current members of our nomination and governance committee are Messrs. Hamerslag and Michael. The nomination and governance committee held one meeting during fiscal year 2018.

Although the nomination and governance committee does not have a formal policy on stockholder nominations, it will consider candidates proposed by stockholders of any outstanding class of our capital stock entitled to vote for the election of directors, provided such proposal is in accordance with the procedures set forth in Article II, Section 12 of our Bylaws and in the charter of the nomination and governance committee. Nominations by eligible stockholders must be preceded by notification in writing addressed to the Chairman of the nomination and governance committee, care of our Secretary, at 2010 Main Street, Suite 600, Irvine, California 92614, not later than (i) with respect to an election to be held at an annual meeting of stockholders, ninety (90) days prior to the anniversary date of the immediately preceding annual meeting, or (ii) with respect to the election to be held at a special meeting of stockholders for the election of directors, the close of business on the tenth day following the

date on which notice of such meeting is first given to stockholders. Our Bylaws and the charter of the nomination and governance committee require that such notification shall contain the written consent of each proposed nominee to serve as a director if so elected and the following information as to each proposed nominee and as to each person, acting alone or in conjunction with one or more other persons as a partnership, limited partnership, syndicate or other group, who participates or is expected to participate in making such nomination or in organizing, directing or financing such nomination or solicitation of proxies to vote for the nominee: (a) the name and address of the nominee; (b) the name and address of the stockholder making the nomination; (c) a representation that the nominating stockholder is a stockholder of record of our stock entitled to vote at the next annual meeting and intends to appear in person or by proxy at such meeting to nominate the person specified in the notice; (d) the nominee's qualifications for membership on the Board of Directors; (e) all of the information that would be required in a proxy statement soliciting proxies for the election of the nominee as a director pursuant to the rules and regulations of the United States Securities and Exchange Commission; (f) a description of all direct or indirect arrangements or understandings between the nominating stockholder and the nominee and any other person or persons (naming such person or persons) pursuant to whose request the nomination is being made by the stockholder; (g) all other companies to which the nominee is being recommended as a nominee for director; and (h) a signed consent of the nominee to cooperate with reasonable background checks and personal interviews, and to serve as one of our directors, if elected.

All such recommendations will be brought to the attention of our nomination and governance committee. Candidates proposed by stockholders will be evaluated by our nomination and governance committee using the same criteria as for all other candidates.

Board and Committee Meetings

The Board held four meetings in person and acted by unanimous written consent one time during fiscal year 2018. Each director attended or participated in 75% or more of the aggregate of (i) the total number of meetings of the Board and (ii) the total number of meetings held by all committees of the Board on which such director served during fiscal year 2018. Although we do not have a formal policy regarding attendance by members of the Board at our annual meetings of stockholders, directors are encouraged and expected to attend each of our annual meetings of stockholders in addition to each meeting of the Board and of the committees on which he or she serves, except where the failure to attend is due to unavoidable circumstances or schedule conflicts. All of our directors attended our 2017 annual meeting of stockholders.

Code of Ethics and Business Conduct

The Board has adopted a code of ethics and business conduct that applies to all of our employees, officers and directors. The full text of our code of ethics and business conduct is posted on our web site at <http://www.corvel.com> under the Investor Relations section. We intend to disclose future amendments to certain provisions of our code of ethics and business conduct, or waivers of such provisions, applicable to our directors and executive officers, at the same location on our web site identified above. The inclusion of any web site address in this Proxy Statement does not include or incorporate by reference the information on that web site into this Proxy Statement or our Annual Report on Form 10-K.

Communications from Stockholders to the Board

The Board has implemented a process by which stockholders may send written communications to the attention of the Board, any committee of the Board or any individual Board member, care of our Secretary at 2010 Main Street, Suite 600, Irvine, CA 92614. This centralized process assists the Board in reviewing and responding to stockholder communications in an appropriate manner. The name of any specific intended Board recipient should be noted in the communication. Our Secretary, with the assistance of our Vice President of Legal Services, is primarily responsible for collecting, organizing and monitoring communications from stockholders and, where appropriate depending on the

facts and circumstances outlined in the communication, providing copies of such

communications to the intended recipients. Communications will be forwarded to directors if they relate to appropriate and important substantive corporate or board matters. Communications that are of a commercial or frivolous nature or otherwise inappropriate for the Board's consideration will not be forwarded to the Board. Any communications not forwarded to the Board will be retained for a period of three months and made available to any of our independent directors upon their general request to view such communications. There were no changes in this process in fiscal year 2018.

Stockholder Approval

Directors are elected by a plurality of the votes present or represented by proxy at the Annual Meeting and entitled to vote. The six nominees receiving the highest number of affirmative votes cast at the Annual Meeting will be our elected directors.

The Board recommends a vote FOR each of the nominees named above.

PROPOSAL TWO

APPROVAL OF THE AMENDMENT AND RESTATEMENT OF

THE CORVEL CORPORATION RESTATED OMNIBUS INCENTIVE PLAN

(FORMERLY THE RESTATED 1988 EXECUTIVE STOCK OPTION PLAN) TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK AVAILABLE FOR GRANT THEREUNDER OVER THE LIFE OF SUCH PLAN BY 500,000 SHARES, FROM 19,365,000 SHARES TO 19,865,000 SHARES, AND TO EFFECT VARIOUS OTHER CHANGES THEREUNDER

Overview

We are seeking stockholder approval to amend and restate our Restated Omnibus Incentive Plan (Formerly The Restated 1988 Executive Stock Option Plan) to increase the number of shares of common stock available for grant thereunder over the life of such Omnibus Plan by 500,000 shares, from 19,365,000 shares to 19,865,000 shares, and to effect various other changes thereunder (as proposed to be amended, the Omnibus Plan). On May 3, 2018, subject to stockholder approval, our Board approved the amendment and restatement of the Omnibus Plan to increase the number of shares of common stock available for grant thereunder over the life of such Omnibus Plan by 500,000 shares, from 19,365,000 shares to 19,865,000 shares, and to effect various other changes thereunder, and is seeking stockholder approval of the same. We believe that this amendment is necessary in order to attract and retain talented employees and management.

A copy of the Omnibus Plan is attached to this proxy statement as [Appendix A](#) and is incorporated herein by reference. The following summary of the material terms of the Omnibus Plan does not purport to be a complete description of the Omnibus Plan and is qualified in its entirety by reference to the complete copy of the Omnibus Plan in [Appendix A](#).

Structure of the Omnibus Plan

Currently, the Omnibus Plan is divided into two separate components: the Discretionary Option Grant Program and the Other Equity Based Awards Program. Under the Discretionary Option Grant Program and the Other Equity Based Awards Program, options and other equity-based awards may be issued to employees, officers, directors, consultants and advisors of the Company (or its parent or subsidiary companies).

The Discretionary Option Grant Program and the Other Equity Based Awards Program are administered by the Compensation Committee of the Board (the Committee). The Committee has complete discretion (subject to the provisions of the Omnibus Plan) to authorize option grants and other equity-based awards and to determine the terms of these options and other equity-based awards under these two components of the Omnibus Plan. However, the Board may at any time appoint a secondary committee of two or more Board members to have separate but concurrent authority with the Committee to make option grants and other equity-based awards to individuals other than executive officers and non-employee Board members, and only in a manner that would comply with the requirements of Section 162(m) of the Code. The committee administering the Omnibus Plan will have full power and authority to determine when and to whom awards will be granted, and the type, amount, form of payment and other terms and conditions of each award, consistent with the provisions of the Omnibus Plan. Subject to the provisions of the Omnibus Plan, the committee administering the Omnibus Plan may change the terms and conditions, or accelerate the exercisability, of an outstanding award. The committee administering the Omnibus Plan has authority to interpret the Omnibus Plan, and establish rules and regulations for the administration of the Omnibus Plan. In addition, the Board at any time may exercise the powers of the committee administering the Omnibus Plan.

Purpose of the Omnibus Plan

The Omnibus Plan is designed to serve as a comprehensive equity incentive program to attract and retain the services of individuals essential to the Company's long-term growth and success, and to encourage such

individuals to put forth maximum efforts for the success of the Company's business. Accordingly, the Company's officers and other employees, non-employee directors and other consultants and advisors will have the opportunity to acquire a meaningful equity interest, or otherwise increase their equity interest, in the Company through their participation in the Omnibus Plan, thereby aligning the interests of such individuals with the Company's stockholders.

Shares Subject to the Omnibus Plan

The total number of shares of Common Stock issuable under all equity-based awards over the term of the Omnibus Plan may not exceed 19,865,000 shares. All such shares will be made available either from authorized but unissued Common Stock or from Common Stock reacquired by the Company.

Shares subject to any outstanding options or other equity-based awards under the Omnibus Plan which expire or otherwise terminate prior to exercise will be available for subsequent issuance. Unvested shares issued under the Omnibus Plan that the Company subsequently purchases, at the option exercise or direct issue price paid per share, pursuant to the Company's purchase rights under the Omnibus Plan will be added back to the number of shares reserved for issuance under the Omnibus Plan and will accordingly be available for subsequent issuance. However, any shares subject to tandem stock appreciation rights that were exercised under the Omnibus Plan will not be available for reissuance.

In the event any change is made to the outstanding shares of Common Stock by reason of any recapitalization, stock dividend, stock split, combination of shares, exchange of shares or other change in corporate structure effected without the Company's receipt of consideration, appropriate adjustments will be made to the class and number of securities issuable (in the aggregate and to each participant) under the Omnibus Plan and to each outstanding option and other equity-based award.

Eligibility

Officers, employees, consultants, advisors, and Board members (including Committee members if this Proposal is approved by stockholders) in the service of the Company or any parent or subsidiary corporation shall be eligible to participate in the Discretionary Option Grant Program and the Other Equity Based Awards Program. Awards under the Omnibus Plan may only be transferred by will or by the laws of descent and distribution, except that options under the Omnibus Plan may also be transferred without consideration to a family member pursuant to the General Instructions to form S-8 under the Securities Act of 1933.

As of May 31, 2018, approximately 3,828 employees, 4 consultants, 7 executive officers and 5 non-employee Board members are eligible to participate in the Discretionary Option Grant Program and the Other Equity Based Awards Program.

Valuation

For purposes of establishing the option exercise price or the price for other equity-based awards, and for all other valuation purposes under the Omnibus Plan, the fair market value per share of Common Stock on any relevant date under the Omnibus Plan is the closing selling price per share on such date, as quoted on the Nasdaq Stock Market and published in The Wall Street Journal. If there is no reported closing selling price for such date, then the closing selling price for the last previous date for which such quotation exists is used as its fair market value. The closing selling price per share of the Common Stock on the Nasdaq Stock Market on March 31, 2018 was \$50.55 per share.

Discretionary Option Grant Program

The Committee has complete discretion under the Discretionary Option Grant Program to determine which eligible individuals are to receive option grants, the time or times when those grants are to be made, the number

of shares subject to each such grant, the vesting schedule (if any) to be in effect for the option grant and the maximum term for which any granted option is to remain outstanding. Unless otherwise provided in a particular award agreement, the options granted under the Discretionary Option Grant Program generally will have the following terms and conditions:

Price and Exercisability. The exercise price per share for options issued under the Discretionary Option Grant Program may not be less than the fair market value of the Common Stock on the grant date (except in connection with a merger, acquisition or other similar consolidation), and no option may be outstanding for more than ten years. The shares subject to each option will generally vest in one or more installments over a specified period of service measured from the grant date. The Committee determines the methods in which the exercise price of options awarded under the Omnibus Plan may be paid, which may include cash, shares, other awards or other property (including, to the extent permitted by law, loans to participants), net exercise or a cashless exercise procedure.

Upon cessation of service, the optionee will have a limited period of time in which to exercise any outstanding option for the number of shares which were vested at the time service terminated. The Committee will have complete discretion to extend the period following the optionee's cessation of service during which his or her outstanding options may be exercised and/or accelerate the exercisability or vesting of such options in whole or in part. Such discretion may be exercised at any time while the options remain outstanding, whether before or after the optionee's cessation of service.

Acceleration of Options. In the event of an acquisition of the Company by merger or asset sale (Corporate Transaction), each option outstanding under the Discretionary Option Grant Program at the time will automatically become exercisable as to all of the option shares immediately prior to the effective date of the Corporate Transaction. However, no acceleration will occur if and to the extent: (i) such option is either to be assumed by the successor corporation or its parent or replaced by a comparable option to purchase shares of the capital stock of the successor corporation or its parent, (ii) such option is to be replaced with a cash incentive program of the successor corporation designed to preserve the difference between the exercise price and the fair market value of the Common Stock at the time of the Corporate Transaction and incorporating the same vesting schedule applicable to the option or (iii) acceleration of such option is subject to other limitations imposed by the Committee at the time of grant. Upon the consummation of any Corporate Transaction, all outstanding options will, to the extent not previously exercised by the optionees or assumed by the successor corporation (or its parent company), terminate and cease to be outstanding.

The Committee will have the discretion to provide for the automatic acceleration of one or more assumed or replaced options which are not otherwise accelerated in connection with the Corporate Transaction, or to provide for automatic vesting of the optionee's interest in any cash incentive program implemented in replacement of his or her options under the Discretionary Option Grant Program, should the optionee's employment or service with the successor entity terminate within a designated period following the Corporate Transaction.

The acceleration of options in the event of a Corporate Transaction may be seen as an anti-take-over provision and may have the effect of discouraging a merger proposal, a take-over attempt or other efforts to gain control of the Company.

Tandem Stock Appreciation Rights. At the Committee's discretion, options granted under the Discretionary Option Grant Program may be granted with tandem stock appreciation rights. Two types of stock appreciation rights are authorized for issuance: (i) tandem stock appreciation rights which require the option holder to elect between the exercise of the underlying option for shares of Common Stock and the surrender of such option for a share distribution and (ii) prior to July 1, 2006, limited stock appreciation rights which are automatically exercised upon the occurrence of a hostile take-over of the Company.

Tandem stock appreciation rights provide the holders with the right to surrender their option for an appreciation distribution from the Company equal in amount to the excess of (i) the fair market value (on the date of

surrender) of the shares of Common Stock in which the optionee is at the time vested under the surrendered option over (ii) the aggregate exercise price payable for such shares. Such appreciation distribution shall be made in shares of Common Stock valued at fair market value on the date of surrender.

Prior to July 1, 2006, one or more officers of the Company subject to the short-swing profit restrictions of the Federal securities laws were, in the Committee's discretion, eligible to be granted a limited stock appreciation right as part of any stock option grant made to such officers. Any option with such a limited stock appreciation right will automatically be canceled upon the occurrence of a hostile take-over, to the extent the option is at such time exercisable for vested shares. In return, the optionee will be entitled to a cash distribution from the Company in an amount equal to the excess of (i) the take-over price per share over (ii) the aggregate exercise price payable for such shares.

Outstanding options granted to executive officers under the Omnibus Plan prior to June 15, 1992 provide such individuals with a different form of limited stock appreciation right in the event of a hostile take-over of the Company. Under this latter right, if the optionee is an officer of the Company at the time of such a hostile take-over, such optionee will have a thirty-day period in which to surrender the underlying option in return for a cash distribution from the Company equal to the excess for the take-over price of the shares subject to the surrendered option over the exercise price payable for such shares.

Other Equity Based Awards Program

Free Standing Stock Appreciation Rights. The holder of a free standing stock appreciation right (SAR) is entitled to receive the excess of the fair market value (calculated as of the exercise date or, at the Committee's discretion, as of any time during a specified period before or after the exercise date) of a specified number of shares of the Company's Common Stock over the grant price of the SAR, as determined by the Committee, paid in shares of Common Stock. SARs vest and become exercisable in accordance with a vesting schedule established by the Committee.

Restricted Stock and Restricted Stock Units. The holder of restricted stock will own shares of the Company's Common Stock subject to restrictions imposed by the Committee (including, for example, restrictions on transferability or on the right to vote the restricted shares or to receive any dividends with respect to the shares) for a specified time period determined by the Committee. The restrictions, if any, may lapse or be waived separately or collectively, in installments or otherwise, as the Committee may determine. The holder of restricted stock units will have the right, subject to any restrictions imposed by the Committee, to receive shares of the Company's Common Stock at some future date determined by the Committee. The Committee also may permit accelerated vesting in the case of a participant's death, disability or retirement, or a change in control. If the participant's employment or service as a director terminates during the vesting period for any other reason, the restricted stock and restricted stock units will be forfeited, unless the Committee determines that it would be in the Company's best interest to waive the remaining restrictions.

Performance Awards. Performance awards give participants the right to receive payments in stock or property based solely upon the achievement of certain performance goals during a specified performance period. Subject to the terms of the Omnibus Plan, the performance goals to be achieved during any performance period, the length of any performance period, the amount of any performance award granted, the amount of any payment or transfer to be made pursuant to any performance award and any other terms and conditions of any performance award is determined by the Committee. Performance goals must be based solely on one or more of the following business criteria: revenue, cash flow, gross profit, earnings before interest and taxes, earnings before interest, taxes, depreciation and amortization and net earnings, earnings per share, margins (including one or more of gross, operating and net income margins), returns (including one or more of return on assets, equity, investment, capital and revenue and total stockholder return), stock price, economic value added, working capital, market share, cost reductions, workforce satisfaction and diversity goals, employee retention, customer satisfaction, completion of key projects and strategic

plan development and implementation. The measure of performance

may be set by reference to an absolute standard or a comparison to specified companies or groups of companies, or other external measures, and may be applied at individual or organizational levels.

Dividend Equivalents. The holder of a dividend equivalent will be entitled to receive payments in shares of the Company's Common Stock, other securities or other property equivalent to the amount of cash dividends paid by the Company to its stockholders, with respect to the number of shares determined by the Committee. Dividend equivalents will be subject to other terms and conditions determined by the Committee.

Stock Awards. The Committee may grant unrestricted shares of the Company's Common Stock, subject to terms and conditions determined by the Committee and the Omnibus Plan limitations.

Acceleration. The Committee may permit accelerated vesting of other equity-based awards upon the occurrence of certain events, including a change in control, regardless of whether the award is assumed, substituted or otherwise continued in effect by the successor corporation. The acceleration of vesting in the event of a change in the ownership or control may be seen as an anti-takeover provision and may have the effect of discouraging a merger proposal, a takeover attempt or other efforts to gain control of the Company.

Special Tax Withholding Election

The Committee may provide participants who hold options or other equity-based awards with the right to have the Company withhold a portion of the shares otherwise issuable to such individuals in satisfaction of the withholding taxes to which such individuals become subject in connection with the exercise of those options or the vesting of those shares. Alternatively, the Committee may allow such individuals to deliver previously acquired shares of Common Stock in payment of such withholding tax liability. To the extent necessary to avoid adverse accounting treatment, the number of shares that may be withheld for this purpose shall not exceed the minimum number needed to satisfy the applicable income and employment tax withholding rules. If Common Stock is used to satisfy the tax withholding obligations, the stock shall be valued at its fair market value when the tax withholding is required to be made.

Financial Assistance

The Committee may assist any award recipient in the exercise of outstanding options or other equity-based awards under the Omnibus Plan by (a) authorizing a full-recourse interest bearing loan from the Company, (b) permitting the award recipient to pay the exercise or purchase price in installments over a period of years or (c) authorizing a guarantee by the Company of a third-party loan to the award recipient, but in any case only to the extent permissible under Section 402 of the Sarbanes-Oxley Act of 2002. The terms and conditions of any such loan or installment payment will be established by the Committee in its sole discretion, but in no event may the maximum credit extended to the award recipient exceed the aggregate exercise price payable for the purchased shares (less the par value), plus any Federal and state income or employment taxes incurred in connection with the purchase.

Amendment and Termination of the Omnibus Plan

The Board may amend or modify the Omnibus Plan, subject to any required stockholder approval and certain other limitations. The Board may terminate the Omnibus Plan at any time, but the Omnibus Plan will in all events terminate on the earliest of (i) June 30, 2026, (ii) the date all shares available for issuance under the Omnibus Plan are issued or canceled pursuant to the exercise or surrender of options or other awards granted under the Omnibus Plan or (iii) the date all outstanding awards are terminated in connection with a Corporate Transaction. Any options or other awards outstanding at the time of termination of the Omnibus Plan will remain in force in accordance with the provisions of the instruments evidencing such grants.

Plan Benefits

The Committee in its sole discretion will determine the number and types of awards that will be granted under the Discretionary Option Grant Program and, accordingly, it is not possible to determine the benefits that will be received by eligible participants at this time. The Company does not have any specific current plans or commitments for any future awards under the Omnibus Plan.

Certain Federal Income Tax Consequences

The following is a summary of the principal U.S. federal income tax consequences generally applicable to awards under the Omnibus Plan.

Grant of Options and SARs. The grant of a stock option or SAR is not expected to result in any taxable income for the recipient.

Exercise of Options and SARs. Upon exercising a non-qualified stock option, the optionee will recognize ordinary income equal to the excess of the fair market value of the shares of the Company's Common Stock acquired on the date of exercise over the exercise price, and the Company will generally be entitled at that time to an income tax deduction for the same amount. Upon exercising a SAR, the recipient of the SAR will recognize ordinary income in an amount equal to the fair market value on the exercise date of any shares of the Company's Common Stock received, and the Company will receive an income tax deduction in the same amount.

Disposition of Shares Acquired Upon Exercise of Options and SARs. The tax consequence upon a disposition of shares acquired through the exercise of an option or SAR will depend on how long the shares have been held and whether the shares were acquired by exercising a non-qualified stock option or SAR. Generally, there will be no tax consequence to the Company in connection with the disposition of shares acquired under an option or SAR.

Awards Other than Options and SARs. As to other awards granted under the Omnibus Plan that are payable in either cash or shares of the Company's Common Stock that are either transferable or not subject to substantial risk of forfeiture, the holder of the award must recognize ordinary income equal to (a) the amount of cash received or, as applicable, (b) the excess of (i) the fair market value of the shares received (determined as of the date of receipt) over (ii) the amount (if any) paid for the shares by the holder of the award. The Company will generally be entitled at that time to an income tax deduction for the same amount. As to an award that is payable in shares of the Company's Common Stock that are restricted from transfer and subject to substantial risk of forfeiture, unless a special election is made by the holder of the award under the Code, the holder must recognize ordinary income equal to the excess of (i) the fair market value of the shares received (determined as of the first time the shares become transferable or not subject to substantial risk of forfeiture, whichever occurs earlier) over (ii) the amount (if any) paid for the shares by the holder of the award. The Company will generally be entitled at that time to an income tax deduction for the same amount.

Income Tax Deduction. Section 162(m) of the Code disallows a tax deduction to public companies for compensation paid in excess of \$1.0 million to covered employees as defined under Section 162(m). Prior to its amendment by the Tax Cuts and Jobs Act (the TCJA), which was enacted December 22, 2017, there was an exception to this \$1.0 million deduction limitation for performance-based compensation if certain requirements set forth in Section 162(m) and the applicable regulations were met. The TCJA generally amended Section 162(m) to eliminate this exception for performance-based compensation, effective for taxable years following December 31, 2017. The \$1.0 million compensation limit was also expanded to apply to a public company's chief financial officer and apply to certain individuals who were covered employees in years other than the then-current taxable year. The Committee maintains a practice of considering the anticipated tax treatment to the Company in its review and establishment of compensation programs and awards. The Committee intends to continue to consider the deductibility of compensation as a factor in assessing whether a particular arrangement is appropriate, taking into account the goals of maintaining a competitive executive compensation system generally, motivating executives to achieve corporate performance objectives and increasing shareholder value.

Application of Section 16. Special rules may apply to individuals subject to Section 16 of the Exchange Act. In particular, unless a special election is made pursuant to the Code, shares received through the exercise of a stock option or SAR may be treated as restricted as to transferability and subject to a substantial risk of forfeiture for a

period of up to six months after the date of exercise. Accordingly, the amount of any ordinary income recognized and the amount of the Company's income tax deduction will be determined as of the end of that period.

Stockholder ratification of the appointment of Haskell & White LLP as our independent registered public accounting firm is not required by our Bylaws or other applicable legal requirement. However, the Board is submitting the Audit Committee's appointment of Haskell & White LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment by an affirmative vote of the holders of a majority of the Common Stock present or represented at the meeting and entitled to vote, the Audit Committee may reconsider whether to retain Haskell & White LLP as our independent registered public accounting firm. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in the best interest of us and our stockholders.

Representatives of Haskell & White LLP attended or participated by telephone in all meetings of the Audit Committee held during fiscal year 2018. We expect that representatives of Haskell & White LLP will attend the Annual Meeting. At the Annual Meeting, the representatives of Haskell & White LLP will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions posed by stockholders.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee pre-approves and reviews audit and permissible non-audit services performed by our independent registered public accounting firm as well as the fees charged by our independent registered public accounting firm for such services. In its pre-approval and review of permissible non-audit service fees, the Audit Committee considers, among other factors, the possible effect of the performance of such services on the auditors independence. Under certain de minimis circumstances described in the rules and regulations of the Securities and Exchange Commission, the Audit Committee may approve permissible non-audit services prior to the completion of the audit in lieu of pre-approving such services.

AUDIT COMMITTEE REPORT

The information contained in this Audit Committee Report shall not be deemed to be soliciting material or to be filed or incorporated by reference into any filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

The Audit Committee carries out its responsibilities pursuant to its written charter, and the members of the fiscal year 2018 Audit Committee have prepared and submitted this Audit Committee report. Each Audit Committee member is considered independent because each member satisfies the independence requirements for board members prescribed by the applicable rules of Nasdaq and Rule 10A-3 of the Securities Exchange Act of 1934, as amended.

Among other things, the Audit Committee oversees CorVel's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management CorVel's audited financial statements in the Annual Report on Form 10-K for the fiscal year ended March 31, 2018, including a discussion of the quality, not just the acceptability, of the accounting principles; the reasonableness of significant judgments; and the clarity of disclosures in the financial statements; and management's assessment of CorVel's internal control over financial reporting.

The Audit Committee also reviewed and discussed with the independent registered public accounting firm, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of CorVel's accounting principles and such other matters as are required to be discussed with audit committees by Statement on Auditing Standards No. 61, *Communication With Audit Committees*, as may be amended, modified or supplemented (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, as well as the matters required to be discussed by Auditing Standard No. 1301 as adopted by the Public Company Accounting Oversight Board. In addition, the audit committee discussed with the independent registered public accounting firm their independence from management and CorVel, and has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor's communications with the audit committee concerning independence and has discussed with the independent accountant the accountant's independence. Throughout the year and prior to the performance of any such services the Audit Committee also considered the compatibility of potential non-audit services with the auditors' independence.

The Audit Committee discussed with CorVel's independent registered public accounting firm their overall approach, scope and plans for the audit. At the conclusion of the audit, the Audit Committee met with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluation of CorVel's internal control over financial reporting and the overall quality of CorVel's financial reporting.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board (and the board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended March 31, 2018, for filing with the Securities and Exchange Commission.

The Audit Committee has also recommended the selection of Haskell & White LLP as the independent registered public accounting firm for the fiscal year ending March 31, 2019.

Executive Compensation

Compensation Discussion and Analysis

The following discussion and analysis of our compensation practices and related compensation information should be read in conjunction with the Summary Compensation table and other tables included in this Proxy Statement, as well as our financial statements and management's discussion and analysis of financial condition and results of operations included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2018. The following discussion includes statements of judgment and forward-looking statements that involve risks and uncertainties. These forward-looking statements are based on our current expectations, estimates and projections about our industry, our business, compensation, management's beliefs, and certain assumptions made by us, all of which are subject to change. Forward-looking statements can often be identified by words such as anticipates, expects, intends, plans, predicts, believes, seeks, estimates, may, will, should, would, could, potential, continue, ongoing, similar, variations or negatives of these words and include, but are not limited to, statements regarding projected performance and compensation. Actual results could differ significantly from those projected in the forward-looking statements as a result of certain factors, including, but not limited to, the risk factors discussed in our Annual Report on Form 10-K for the fiscal year ended March 31, 2018. We assume no obligation to update the forward-looking statements or such risk factors.

Introduction

It is the responsibility of the compensation committee of the Board to oversee our general compensation policies; to determine the base salary and bonus to be paid each year to each of our executive officers; to oversee our compensation policies and practices as they relate to our risk management; and to determine the compensation to be paid each year to our directors for service on the Board and the various committees of the Board. In addition, the compensation committee administers our Restated Omnibus Incentive Plan (formerly the Restated 1988 Executive Stock Option Plan) with respect to stock option grants or other equity-based awards. The three broad components of our executive officer compensation are base salary, annual cash incentive awards, and long term equity-based incentive awards. The compensation committee periodically reviews total compensation levels and the allocation of compensation among these three components for each of the executive officers in the context of our overall compensation policy. Additionally, the compensation committee, in conjunction with the Board, reviews the relationship of executive compensation to corporate performance and relative stockholder return. The compensation committee believes that our current compensation plans are competitive and reasonable. Below is a description of the general policies and processes that govern the compensation paid to our executive officers, as reflected in the accompanying compensation tables.

General Compensation Philosophy

We operate in the medical cost containment and managed care industry. The compensation committee believes that our compensation programs for executive officers should: (a) be designed to attract, motivate and retain

talented executives, (b) be competitive, and (c) reward individuals based on the achievement of designated financial targets, individual contribution, and financial performance relative to that of our competitors and market indices. Our philosophy is to focus more on equity compensation (in particular, to incentivize service within a five-year timeframe for time-vesting stock options) than on annual base compensation because we believe that approach more closely aligns the interests of our executive officers with those of our stockholders. Within this philosophy, the compensation committee's objectives are to:

Offer a total compensation program that takes into consideration the compensation practices of other managed care companies of similar size with which we compete for executive talent;

Tie an individual's total compensation to individual and profit center performance as well as our overall financial success;

Provide annual cash incentive awards that take into account our overall financial performance in terms of designated corporate objectives; and

Strengthen the alignment of the interests of our executive officers with those of our stockholders by providing significant equity-based, long-term incentive awards.

Compensation Components and Process

The compensation committee's conclusions on the compensation levels for our executive officers are based in large part on input from our chief executive officer, who uses survey data provided by Mercer for companies in the services sector with target revenue for the upcoming fiscal year similar to CorVel. While the survey data reviewed by our chief executive officer includes the market 50th percentile targets for base salary, annual bonus and long-term incentive compensation opportunities for the covered companies, this data is not used as a strict benchmark, but rather as a market check for the recommendations made to our compensation committee. The compensation committee discusses the compensation recommendations made by our chief executive officer prior to their adoption.

The compensation committee considered fiscal year 2018 executive compensation on May 4, 2017, August 3, 2017, November 2, 2017 and February 1, 2018, considered fiscal year 2017 executive compensation on May 5, 2016, June 20, 2016, August 4, 2016, November 3, 2016, December 9, 2016 and February 2, 2017 and considered fiscal year 2016 executive compensation on May 7, 2015, July 1, 2015, August 6, 2015, November 5, 2015 and February 4, 2016. The material considered by the compensation committee also included the historical compensation and stock option awards made to each of our executive officers. As described in more detail below, the results of each executive's annual management by objectives plan, including a comparison of performance and job description relative to achievement and potential, were reviewed and discussed.

The following table sets forth summary compensation information for our named executive officers for the fiscal years ended March 31, 2018, 2017 and 2016:

Principal Elements of Executive Compensation

Base Salary. In determining executive compensation, we take into account overall expense control. The Board approves initial annual base salary for newly hired executive officers based on comparable survey data as referenced above. Our compensation committee reviews all executive officer base salaries annually in connection with the compensation recommendations made by our chief executive officer, taking into account both updated peer group data in the public domain and individual performance during the previous year. We believe that adjustments should be made to base salary both to reflect market changes and to reward high performance within the confines of overall expense control.

At our 2017 annual meeting of stockholders, our stockholders expressed strong support for our compensation programs and the compensation of our named executive officers, with approximately 91.2% approval rate for our executive officer Say-on-Pay resolution. In light of this support, the Company's continued strong performance and the continuing success of our compensation programs, the compensation committee made no significant changes to the overall design of our compensation program during fiscal years 2018 or 2019. The compensation committee continuously endeavors to ensure that management's interests are aligned with those of our shareholders and support long-term value creation.

Each of our executive officers, other than our chief executive officer, undergoes an annual performance review with our chief executive officer, and during that review develops an individual performance development plan for the upcoming year. In general, these objectives vary for each named executive officer based on his or her

individual responsibilities and the business function of the group that he or she manages, and includes one or more quantitative or qualitative financial or strategic measure, including earnings per share, revenue targets, product development and implementation, customer satisfaction and acceptance, strategic planning and development, operations excellence and efficiency and productivity. In reviewing past performance, the chief executive officer and the executive officer will compare actual performance during the review year to the objectives set at the beginning of the year, taking into account other factors that may not have been anticipated when the objectives were first set. In setting objectives for the upcoming year, the chief executive officer and the executive officer will typically consider not only corporate objectives, but also the executive officer's short and long-term career objectives. To assist our compensation committee in reviewing executive officer performance in fiscal year 2017 for fiscal year 2018 compensation purposes, in fiscal year 2016 for fiscal year 2017 compensation purposes, and in fiscal year 2015 for fiscal year 2016 compensation purposes, our chief executive officer provided the compensation committee with his analysis of the performance and potential of each executive officer ranked against each other executive officer, and made recommendations based on how well each executive officer executed on his or her individual performance development plan while also taking into account external market survey data, as discussed above. The compensation committee made the final determination of the compensation paid to executive officers.

Decisions to adjust base salaries during fiscal year 2018 were made by the compensation committee on February 1, 2018, decisions to adjust base salaries during fiscal year 2017 were made by the compensation committee on February 2, 2017, decisions to adjust base salaries during fiscal year 2016 were made by the compensation committee on February 4, 2016, and all such adjustments took effect on each executive officer's respective compensation adjustment anniversary date.

Mr. Clemons' base salary was decreased by 6.9% effective March 1, 2012 because of his commitment to ongoing expense control and not as the result of a negative performance review or any benchmarking data. Thereafter, in recognition of his ongoing performance, Mr. Clemons' base salary was reinstated on May 2, 2013 to \$400,000 during fiscal year 2014. As part of his continued commitment to ongoing expense control, Mr. Clemons declined salary increases for fiscal years 2015, 2016, 2017 and 2018. The other executive officers' base salaries increased between 1.3% and 13.3% during the 2016 fiscal year, increased between 2.8% and 20% during fiscal year 2017 and increased between 2.5% and 25% during fiscal year 2018. Mr. Combs' base salary increased between 11.3% and 25% during each of the 2016, 2017 and 2018 fiscal years, and Ms. Blaha's base salary increased between 1.3% and 3.2% during each of the 2016, 2017 and 2018 fiscal years. Mr. Schweppe's base salary increased between 13.2% and 2.8% during each of the 2016 and 2017 fiscal years.

Annual Cash Incentive Awards Plan. To reinforce the attainment of our goals, we believe that a substantial portion of the annual compensation of each executive officer should be in the form of variable cash incentive pay. In parallel with its review of base salaries for executive officers, the compensation committee considers the design and structure of the executive officer annual incentive awards plan. We use annual performance-based cash incentive awards to motivate our executives to meet or exceed our company-wide short-term performance objectives. Cash incentive amounts for each executive officer are determined by the compensation committee based on the recommendation of our chief executive officer. Although we have a March 31 fiscal year end, we have calendar year budgets and annual cash incentive plans which are based on the calendar year. Cash incentive awards to the Chief Executive Officer and the other named executive officers are shown in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table above. Annual cash incentive plan awards are designed to reward personal contributions to our success and are earned under a structured formula. Each executive has some portion of his or her annual bonus measured against individual management by objective goals, or MBOs, established for that person, which, depending on the executive officer, include revenue growth, national sales and regional vice president management, implementation, planning and strategy for software development and information technology infrastructure, and adherence to company-wide internal financial reporting and controls. The maximum amount that any executive may earn based on the MBO element is variable, with full achievement of MBOs resulting in an expected 70% payout and increasing up to a 100% payout for achievement exceeding established MBOs. For

executive officers with operations

responsibilities, this element comprises a lesser percentage of the annual incentive award for the individual, and for executive officers with corporate staff responsibilities, it comprises a greater percentage of the annual incentive award. We expect that the MBOs for our executive officers will be difficult to achieve. Based on Mr. Clemons' own request, there are no MBOs established for him, as our CEO and Chairman of the Board.

Long-Term Equity-Based Incentive Awards. The goal of our long-term, equity-based incentive awards is to serve as a long-term staff retention vehicle by aligning the interests of our executive officers with our stockholders and providing each executive officer with a significant incentive to manage from the perspective of an owner with an equity stake in the business. The compensation committee, in conjunction with recommendations from our chief executive officer, administers our equity-based incentive plans for executive officers and determines the size of long-term, equity-based incentives according to each executive's position, and sets a level it considers appropriate to create a meaningful opportunity for stock ownership. In addition, the compensation committee takes into account an

individual's recent performance, his or her potential for future responsibility and promotion, and the number of unvested stock option shares held by each individual at the time of any new grant.

However, there is no set formula for determining the size of a stock option award. Our chief executive officer historically has made recommendations to the Board and compensation committee regarding the amount of stock options and other compensation to grant to our other named executives based upon his assessment of their performance and relevant survey data, and may continue to do so in the future. The Board and compensation committee takes such recommendations into account when it approves stock option grants. Our executive officers, however, do not make any determinations as to when stock options are granted. We do not require a minimum stock ownership by our executive officers, but the compensation committee considers an executive officer's existing stock holdings relative to performance in determining the size of awards.

Under our Restated Omnibus Incentive Plan (Formerly the Restated 1988 Executive Stock Option Plan), we have the ability to grant different forms of equity compensation, including stock options, stock appreciation rights, restricted stock and restricted stock units, performance awards and other stock-based awards. We have chosen to use stock options exclusively for purposes of providing long-term incentives because we believe they best align with our objectives of providing incentives that are commensurate with total stockholder return and employee retention. Stock options provide actual economic value to the executive officer if he or she remains employed by us during the vesting period, and then only if the market price of our shares appreciates over the option term. The fair value amounts shown for stock options in the summary compensation table are calculated in accordance with ASC 718 and ASU 2016-09, Compensation-Stock Compensation, and represent the aggregate grant date fair value of option awards granted during the year for awards that are not based on performance conditions. Upon determination of probable outcome of the performance conditions, we record compensation expense for performance-based stock option awards based on the estimated fair value of the options on the grant date using the Black-Scholes option-pricing model. Consequently, stock options motivate executive officers by providing substantial upside compensation even though the entire amount of potential compensation is at risk. In the future, we may choose to grant different forms of equity compensation particularly if the use of such different forms of compensation become more prevalent at companies with which we compete or from which we intend to recruit personnel. Other factors that may lead us to provide different forms of equity compensation include, but are not limited to, the executives' perceived value of one form of equity compensation over another, the potential effect of stockholder dilution, and the financial statement cost of one form of equity compensation over the other.

Under our Restated 1991 Employee Stock Purchase Plan, we also provide eligible employees who work more than 25 hours per week with the ability to purchase shares of common stock, through payroll deduction, at a pre-determined discount to the closing price at the end of a six-month purchase period. For fiscal years 2018, 2017 and 2016, the Board set the maximum permitted payroll deduction for the purposes of the Restated 1991 Employee Stock Purchase Plan at 20% of salary, and set the pre-determined discount at 5% of the closing price at the end of the purchase period.

Stock options provided to executive officers are typically granted pursuant to action by unanimous written consent of the compensation committee executed by the compensation committee members in person on the same day as each regularly scheduled quarterly meeting of the Board in conjunction with ongoing review of each executive officer's individual performance, unless the executive officer is a new hire or other individual performance considerations are brought to the attention of our compensation committee during the course of the year. Such meetings are usually scheduled well in advance of the meeting, without regard to earnings or other major announcements by us. We intend to continue this practice of approving stock-based awards concurrently with regularly scheduled meetings, unless earlier approval is required for new hires, new performance considerations or retention purposes, regardless of whether or not the Board or compensation committee knows material non-public information on such date. We have not timed, nor do we intend to time, our release of material non-public information for the purpose of affecting the value of executive compensation. The grant date of our stock options is the date the Board or compensation committee meets to approve such stock option grants, which also is the date our compensation committee executes its action by unanimous written consent regarding such approval. In accordance with our Restated Omnibus Incentive Plan (Formerly The Restated 1988 Executive Stock Option Plan), the exercise price of all options is set at the closing price of our common stock as reported by the Nasdaq Global Select Market on the day of grant.

Material terms of options granted to our named executive officers in fiscal years 2018, 2017 and 2016 typically included: (a) exercise price equal to the closing market value as quoted by the Nasdaq Global Select Market on the date of grant; (b) vesting of 25% one year from the grant date and then continued vesting in a series of thirty-six (36) equal monthly installments over the remaining balance of the four-year period, contingent on the executive officer's continued service; (c) a term no longer than five years from the date of grant; and (d) to the extent not already exercisable, the options become exercisable in full on an accelerated basis upon (i) a sale of assets, (ii) a merger in which we do not survive or (iii) a reverse merger in which we survive but ownership of 50% or more of the voting power of our stock is transferred, unless the option is assumed or replaced with a comparable option by the successor corporation. Although stock options granted to our executive officers typically contain time-vesting provisions, on one occasion in fiscal year 2018, our compensation committee awarded stock options with performance vesting provisions to Messrs. Combs, Saverien, Shishin and Ms. Blaha, all of which will vest based on the achievement of certain performance criteria, approved by our Board and compensation committee, relating to earnings growth, and on one occasion in each of the fiscal years 2017 and 2016, our compensation committee awarded stock options with performance vesting provisions to Messrs. Combs and Schweppe and Ms. Blaha, all of which will vest based on the achievement of certain performance criteria, approved by our Board and compensation committee, relating to earnings growth. The calendar year 2017 EPS target was \$1.71 for performance options granted on November 3, 2016, \$1.925 for performance options granted on November 5, 2015 and \$2.06 for performance options granted on November 10, 2014; the calendar year 2016 EPS target was \$1.75 for performance options granted on November 5, 2015, \$1.87 for performance options granted on November 10, 2014 and \$2.09 for performance options granted on November 4, 2013; and the calendar year 2015 EPS target was \$1.70 for performance options granted on November 10, 2014, \$1.90 for performance options granted on November 4, 2013 and \$1.52 for performance options granted on March 1, 2013. On June 6, 2018, our compensation committee, in exercising its discretionary authority pursuant to the terms of all of our outstanding performance stock options, including those held by our officers, amended such stock options granted since 2015 to adjust upward all of the target earnings per share amounts. Our Compensation Committee made such adjustments because it deemed them equitable to recognize the anticipated impact of the changes in tax laws under the Tax Cuts and Jobs Act that was signed into law on December 22, 2017. We do not publicly disclose the other specific performance target levels and related criteria because they constitute highly confidential commercial or financial information. We believe that disclosing such other target levels and related criteria would provide competitors with insights into our operational strategy and would therefore cause us substantial competitive harm. We decided to grant the performance-based stock options as part of our decision to pursue a compensation strategy of aligning equity compensation with our earnings and revenue performance.

In fiscal year 2018, we granted stock options awards for 231,850 shares to all full-time employees, including 87,350 shares to executive officers or less than 1.7% of our outstanding common stock. In fiscal year 2017, we granted stock option awards for 267,950 shares to all full-time employees, including 74,000 shares to executive officers or less than 1.4% of our outstanding common stock. In fiscal year 2016, we granted stock option awards for 276,275 shares to all full-time employees, including 32,150 shares to executive officers or less than 1.4% of our outstanding common stock. Options granted to our executive officers were all approved by unanimous written consent of our compensation committee executed by the compensation committee members in person on the same day as the regularly scheduled Board meeting on such date. Executive officers received stock option grants in each of the fiscal years 2018, 2017, and 2016 for incentive purposes.

As part of their ongoing performance reviews, on February 2, 2017, Messrs. Combs and Schweppe and Ms. Blaha were granted options to purchase 2,000 shares, 350 shares and 1,000 shares, respectively, of our common stock at an exercise price of \$43.14. These options vest 25% on the first anniversary of the grant date, and the remaining 75% of the shares vest in 36 successive equal monthly installments upon completion of each month of service after the anniversary of the grant date, and terminate five years from grant.

If the Board determines that an executive officer has engaged in fraudulent or intentional misconduct, and if the misconduct resulted in a significant restatement of our financial results, we expect that we would, among other

- (1) The target for awards granted on 11/2/17 will not be determinable until the completion of calendar year 2020.
- (2) See Note 2, Stock-Based Compensation, in the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K filed June 8, 2018 for the relevant assumptions used to determine the valuation of our option awards.
- (3) The exercise price of the option award is equal to the closing price of our common stock as reported by the Nasdaq Global Select Market on the date of grant.
- (4) Mr. Saverien was promoted to Executive Vice President, Risk Management Services on April 1, 2017.
- (5) Mr. Shishin was promoted to Chief Information Officer on April 1, 2017, prior to which Mr. Shishin served as Vice President of Information Systems.

Perquisites

Our executives are entitled to the same perquisites as all employees and generally do not receive additional perquisites because they hold executive positions. All employees that participate in our 401(k) plan receive a discretionary matching contribution from us in an amount equal to a percentage of the employee's first 6% of contribution as approved by our Board in its sole discretion on an annual basis. All full-time employees are eligible to participate in

our Restated 1991 Employee Stock Purchase Plan, which in fiscal years 2018, 2017 and 2016 provided a 5% discount from market price on the last day of the purchase period. Our health and life insurance plans are the same for all employees. We typically offer reimbursement to newly hired executive officers for relocation costs.

Post-Employment Compensation

We do not provide pension arrangements, non-qualified deferred compensation, or post-retirement health coverage for our executives or employees. All full-time employees are eligible to participate in our 401(k) plan. In any plan year, the Board in its sole discretion decides whether or not to contribute to each participant's account a matching contribution equal to a percentage of the first 6% of the participant's compensation that has been contributed to the plan. All of our executive officers participated in the plan during fiscal years 2018, 2017 and 2016.

Employment Contracts, Termination of Employment and Change-In-Control Agreements

Employment Contracts. We do not have employment contracts with any of our named executive officers other than Mr. Clemons. On January 26, 1988, we, along with Corstar Holdings, Inc. (formerly North Star), entered into an employment agreement with Mr. Clemons. The agreement became effective on February 15, 1988 and has an indefinite term. The agreement initially provided Mr. Clemons with an annual salary of \$250,000, payable in semi-monthly installments, to be reviewed by the compensation committee annually. Mr. Clemons may terminate the agreement at any time on four months' notice and we may terminate the agreement at any time with or without cause. If Mr. Clemons is terminated without cause, we are required to pay Mr. Clemons his salary for one year after such termination, less any other employment compensation received by Mr. Clemons during such one-year period. The compensation committee approved an increase in Mr. Clemons' annual salary to \$400,000, effective May 2, 2013.

In the event of a corporate change in control transaction, each outstanding stock option granted under the discretionary option grant program of our Restated Omnibus Incentive Plan will automatically become exercisable as to all of the option shares immediately prior to the effective date of the corporate change in control transaction. However, no acceleration will occur if and to the extent: (a) such option is either to be assumed by the successor corporation or parent thereof or replaced by a comparable option to purchase shares of the capital stock of the successor corporation or parent thereof, (b) such option is to be replaced with a cash incentive program of the successor corporation designed to preserve the option spread existing at the time of the corporate change in control transaction and incorporating the same vesting schedule applicable to the option or (c) acceleration of such option is subject to other applicable limitations imposed by the compensation committee at the time of grant.

The compensation committee, as the administrator of our Restated Omnibus Incentive Plan, has the authority to provide for accelerated vesting of the shares of common stock subject to any outstanding stock options held by any of our named executive officers in connection with certain changes in control or the subsequent termination of the officer's employment following a change in control.

Summary Termination Table. The following table summarizes each executive officer's present estimated entitlement to severance and the potential value of stock option acceleration upon a termination other than for cause, a termination within 60 days after a reduction in salary and a termination following a change in control, as if such termination occurred on March 31, 2018. The potential value of accelerated stock option vesting is based on the closing price of our stock on March 31, 2018 and is in addition to the value of vested stock options shown in the "Option Exercises and Stock Vested" table above. These termination provisions were individually negotiated with Mr. Clemons for recruitment and retention purposes.

Name	Termination Other than for Cause-No Change of Control		Termination within 60 days after Reduction in Salary		Termination after a Change in Control	
	Cash	Value of Accelerated Option Vesting	Cash	Value of Accelerated Option Vesting	Value of Accelerated Option Vesting (1)	Number of Shares Subject to Accelerated Vesting
V. Gordon Clemons	\$ 400,000	\$	\$	\$	\$	
Michael G. Combs					\$ 2,934,882	58,059
Diane J. Blaha					\$ 885,585	17,519
Michael D. Saverien (2)					\$ 877,598	17,361

Maxim Shishin (3)	\$ 556,808	11,015
Kenneth S. Cragun	\$	
Richard J. Schweppe	\$ 246,481	4,876

- (1) Represents the value of in the money accelerated options that vest upon termination other than for cause as of March 31, 2018 as if exercised at \$50.55, which was the closing price of our stock on that date.
- (2) Mr. Saverien was promoted to Executive Vice President, Risk Management Services on April 1, 2017.

(3) Mr. Shishin was promoted to Chief Information Officer on April 1, 2017, prior to which Mr. Shishin served as Vice President of Information Systems.

We believe that the payment of compensation and the acceleration of unvested options in these circumstances is a common practice in comparable companies, and is justifiable from both a recruitment and retention perspective. We also believe that the amount of severance is within the range typically seen in comparable companies, and that we would experience difficulties attracting and retaining executives in the absence of severance arrangements that are at least as attractive as those that we offer.

CEO Pay Ratio

For the fiscal year ended December 31, 2017:

the median of the annual total compensation of all employees of our company (other than our CEO) was \$39,793; and

the annual total compensation of our CEO was \$401,113.

Based on this information, for fiscal 2018, the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all other employees was 10:1. We believe this ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K under the Exchange Act.

As permitted by SEC rules, to identify our median employee, we selected total direct compensation as our consistently applied compensation measure, which we calculated as actual salary paid to our employees for fiscal 2018 (including overtime for hourly employees), actual bonus or sales commission earned by our employees in fiscal 2018, and the value of equity awards granted to our employees in fiscal 2018. Further, we used March 31, 2018 to determine our employee population and used the consistently applied compensation measure as described above to determine our median employee. In determining this population, we included all worldwide full-time and part-time employees other than our CEO. We did not include any contractors or workers employed through a third-party provider in our employee population.

Based on this approach, we selected the individual who represented the median employee. We then calculated the annual total compensation for this individual using the same methodology we used for our named executive officers in our Summary Compensation Table.

Principal Elements of Director Compensation

Compensation of Directors

Each non-employee director received an amount equal to \$3,000 in fiscal year 2018 for each Board meeting attended in person, as well as reimbursement for all associated travel expenses, and \$1,000 for each telephonic Board meeting and each in-person or telephonic committee meeting attended provided it was not in conjunction with a duly convened Board meeting. Other than the Chairman of the audit committee, who in fiscal year 2018 received \$1,000 for each audit committee meeting attended and an annual retainer of \$4,000 for other services performed in his capacity as Chairman of the audit committee, the directors did not receive fees for any other director services during fiscal year 2018. These amounts were determined and approved during a telephonic meeting held on April 24, 2006, by the nomination and governance committee based on their prior experience and ratified by the compensation committee. In the future, any adjustments to director compensation will be approved by the compensation committee.

Pursuant to the change to our Restated Omnibus Incentive Plan approved by stockholders at our 2011 annual stockholders meeting, the Board eliminated the automatic option grant program under the Restated Omnibus Incentive Plan and replaced it with the discretionary option grant program for non-employee directors because as

we repurchase more shares of our common stock under our publicly disclosed share repurchase program, the number of shares of common stock underlying the automatic option grants resulted in the grant of a disproportionately higher percentage of our total common stock outstanding. Accordingly, the number of shares granted under the discretionary option program for non-employee directors will be based on how many shares have been repurchased under the Company's stock repurchase program as of the date of grant. Consequently, during fiscal year 2018 each non-employee director, Messrs. Hamerslag, Hoops, Jessup, Michael and Ms. Macino, received a discretionary stock option grant for 3,000 shares on August 3, 2017 at an exercise price equal to the fair market value on such date. Each such grant has a maximum term of ten years measured from the grant date, and becomes exercisable in a series of four equal and successive installments over the optionee's period of service on the Board, with the first such installment to become exercisable twelve months after the grant date. On the date of this year's annual stockholders meeting, the compensation committee expects to grant each non-employee director a discretionary stock option to purchase shares of common stock at an exercise price equal to the fair market value on such date and in an amount based upon how many shares have been repurchased under the Company's stock repurchase program as of the date of grant. Each such grant will have a maximum term of ten years measured from the grant date, and will become exercisable in a series of four equal and successive installments over the optionee's period of service on the Board, with the first such installment to become exercisable twelve months after the grant date.

The following table provides information regarding the total compensation that was granted or paid to each of our directors who was not our employee or a beneficial owner of 5% or more of our capital stock during fiscal year 2018:

- (3) Aggregate option awards outstanding as of March 31, 2018, the last day of our most recent fiscal year that have been granted to each of our non-employee directors are as follows: Mr. Hamerslag- 45,000 shares, Mr. Hoops- 45,000 shares, Mr. Jessup- 45,000 shares, Ms. Macino- 42,000 shares, and Mr. Michael- 45,000 shares.

Impact of Accounting and Tax Treatment of Compensation

Section 162(m) of the Internal Revenue Code disallows a tax deduction to public companies for compensation paid in excess of \$1.0 million to covered employees as defined under Section 162(m). Prior to its amendment

by the Tax Cuts and Jobs Act (the TCJA), which was enacted December 22, 2017, there was an exception to this \$1.0 million deduction limitation for performance-based compensation if certain requirements set forth in Section 162(m) and the applicable regulations were met. The TCJA generally amended Section 162(m) to eliminate this exception for performance-based compensation, effective for taxable years following December 31, 2017. The \$1.0 million compensation limit was also expanded to apply to a public company s chief financial officer and apply to certain individuals who were covered employees in years other than the then-current taxable year. Our compensation committee maintains a practice of considering the anticipated tax treatment to the Company in its review and establishment of compensation programs and awards. Our compensation committee intends to continue to consider the deductibility of compensation as a factor in assessing whether a particular arrangement is appropriate, taking into account the goals of maintaining a competitive executive compensation system generally, motivating executives to achieve corporate performance objectives and increasing shareholder value.

Compensation Committee Interlocks and Insider Participation

Messrs. Hoops and Michael, and Ms. Macino served as members of the compensation committee during fiscal year 2018. Mr. Michael is the President and Chief Executive Officer of Corstar Holdings, Inc., a beneficial owner of more than 10% of the outstanding shares of our common stock. No member of the compensation committee was, during fiscal year 2018, an employee or officer of ours or was formerly an officer of ours.

During fiscal year 2018, no current executive officer of ours served as a member of the Board or compensation committee of any other entity that has or had one or more executive officers serving as a member of the Board or compensation committee.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Since the beginning of fiscal year 2018, other than as described above and as described under the heading

Compensation Discussion and Analysis, there has not been, nor has there been proposed, any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships, including those involving indebtedness not in the ordinary course of business, to which we or our subsidiaries were or are a party, or in which we or our subsidiaries were or are a participant, in which the amount involved exceeded or exceeds \$120,000 and in which any of our directors, nominees for director, executive officers, beneficial owners of more than 5% of any class of our voting securities, or any member of the immediate family of any of the foregoing persons, had or will have a direct or indirect material interest. Each related person transaction is reviewed and approved or ratified by our Audit Committee.

Policies and Procedures for Related Person Transactions

Under Item 404 of SEC Regulation S-K, a related person transaction is any actual or proposed transaction, arrangement or relationship or series of similar transactions, arrangements or relationships, including those involving indebtedness not in the ordinary course of business, since the beginning of our last fiscal year, to which we or our subsidiaries were or are a party, or in which we or our subsidiaries were or are a participant, in which the amount involved exceeded or exceeds \$120,000 and in which any of our directors, nominees for director, executive officers, beneficial owners of more than 5% of any class of our voting securities, or any member of the immediate family of any of the foregoing persons, had or will have a direct or indirect material interest.

Pursuant to its written charter, our Audit Committee is responsible for reviewing and approving all related person transactions and potential conflict of interest situations involving any of our directors, nominees for director, executive officers, beneficial owners of more than 5% of any class of our voting securities, or any member of the immediate family of any of the foregoing persons.

Our Audit Committee also has adopted written policies and procedures for related person transactions that require the Audit Committee to review any proposed transaction with related persons to determine if it rises to the level of a related person transaction covered by Item 404 of Regulation S-K and, if it does, then such related person transaction must be approved or ratified by the disinterested members of the Audit Committee. Our management must disclose to the Audit Committee all material information regarding actual and proposed related person transactions known to them that involve our directors, nominees for director, executive officers, persons known to be five percent or greater beneficial owners of our stock, and any member of the immediate family of any of the foregoing persons. A related person will not be deemed to have a material interest in a transaction if the interest arises only: (a) from the person's position as a director of another corporation or organization that is a party to the transaction; or (b) from the direct or indirect ownership by such person and all other related persons, in the aggregate, of less than a ten percent equity interest in another person or entity (other than a partnership) which is a party to the transaction; or (c) from a combination of both (a) and (b); or (d) from the person's position as a limited partner in a partnership in which the person and all other related persons, have an interest of less than ten percent, and the person is not a general partner of and does not hold another position in the partnership.

Our Audit Committee has determined that the following categories of transactions shall be deemed preapproved by the Audit Committee, notwithstanding the fact that they are related person transactions:

compensation to executive officers determined by our Compensation Committee;

compensation to directors determined by our Compensation Committee or the Board; and

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of the copies of such forms received by us, we believe that, during fiscal year 2018, all transactions required to be reported by our officers, directors and greater than 10% beneficial owners were reported in a timely manner.

2018 ANNUAL REPORT ON FORM 10-K AND STOCKHOLDER PROPOSALS
FOR THE 2018 ANNUAL MEETING

We filed with the Securities and Exchange Commission an Annual Report on Form 10-K on June 8, 2018. A copy of the Annual Report on Form 10-K for the fiscal year ended March 31, 2018 has been made available concurrently with this Proxy Statement to stockholders entitled to notice of and to vote at the Annual Meeting, and is posted at <https://materials.proxyvote.com/221006>. No separate annual report to the stockholders was prepared. The Annual Report made available to stockholders is not incorporated into this Proxy Statement and is not considered soliciting material. Our Annual Report on Form 10-K, as well as certain other reports, proxy statements and other information regarding us, are available on the Securities and Exchange Commission's Web site at <http://www.sec.gov>. In addition, we will provide without charge a copy of our Annual Report on Form 10-K to any stockholder upon written request addressed to our corporate Secretary, CorVel Corporation, 2010 Main Street, Suite 600, Irvine, California 92614, and will furnish upon request any exhibits to the Form 10-K upon the payment by the requesting stockholder of our reasonable expenses in furnishing such exhibits.

Stockholders may present proposals for action at a future meeting only if they comply with the requirements of the proxy rules established by the SEC and our Bylaws. Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended, some stockholder proposals may be eligible for inclusion in the proxy statement for our 2019 annual meeting. These stockholder proposals, along with proof of ownership of our stock in accordance with Rule 14a-8(b)(2), must be received by us not later than February 22, 2019, which is 120 calendar days prior to the anniversary date of the mailing of notice of this Proxy Statement.

Stockholders are also advised to review our Bylaws which contain additional advance notice requirements, including requirements with respect to advance notice of stockholder proposals (other than non-binding proposals presented under Rule 14a-8) and director nominations. Under our current Bylaws, the deadline for submitting such stockholder proposals or a nomination for director is May 6, 2019, which is 90 days prior to the anniversary date of the 2018 Annual Meeting. If a stockholder gives notice of such proposal after this deadline, the stockholder will not be permitted to present the proposal to the stockholders for a vote at the meeting. All stockholder proposals must be in the form required by our Bylaws. If a stockholder gives notice of a proposal after May 8, 2019, which is the 45th calendar day prior to the anniversary date of the mailing of notice of this year's proxy materials, our proxy holders will be allowed to use their discretionary voting authority to vote the shares they represent as the Board may recommend, which may include a vote against the stockholder proposal when and if the proposal is raised at our 2019 annual meeting.

We have not been notified by any stockholder of his or her intent to present a stockholder proposal from the floor of the 2018 Annual Meeting. The Proxy grants the proxy holders discretionary authority to vote on any matter properly brought before the 2018 Annual Meeting.

Stockholder proposals must be in writing addressed to our corporate Secretary, CorVel Corporation, 2010 Main Street, Suite 600, Irvine, California 92614. It is recommended that stockholders submitting proposals utilize certified mail, return receipt requested in order to provide proof of timely receipt. All stockholder proposals must be in compliance with applicable laws and regulations and our Bylaws.

COSTS OF SOLICITATION

Proxies will be solicited by mail and by telephone, facsimile, electronic or any other means, by our regular employees without additional remuneration. We will request banks, brokerage houses and other institutions to forward the soliciting material to persons for whom they hold shares. We will reimburse banks, brokerage houses and other institutions for their reasonable expenses in forwarding our proxy materials to beneficial owners of our Common Stock. All costs associated with the solicitation of proxies, including the preparation, printing and mailing of this Proxy Statement, the proxy and any additional solicitation materials furnished to the stockholders, will be borne by us. We may retain a proxy solicitor to assist in the distribution of proxies and proxy solicitation materials, and in the solicitation of proxies. If so, we will pay the proxy solicitor reasonable and customary fees. Generally, the fee for such services is approximately \$15,000 plus expenses. Except as described above, we do not presently intend to solicit proxies other than by mail.

II. STRUCTURE OF THE PLAN

A. Stock Programs. The Plan shall be divided into two separate components: the Discretionary Option Grant Program specified in Article II and the Other Equity Based Awards Program specified in Article IV. Under the Discretionary Option Grant Program, Eligible Persons may, at the discretion of the Committee, be granted options to purchase shares of Common Stock in accordance with the provisions of Article II. Under the Other Equity Based Awards Program, Eligible Persons may be granted, at the discretion of the Committee, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units, Performance Awards, Dividend Equivalents or Other Stock-Based Awards in accordance with the provisions of Article IV.

B. General Provisions. Unless the context clearly indicates otherwise, the provisions of Articles I and V shall apply to the Discretionary Option Grant Program, the Other Equity Based Awards Program and any outstanding automatic option grants made prior to August 4, 2011, and shall accordingly govern the interests of all individuals under the Plan. Effective as of August 4, 2011, no further automatic option grants shall be made hereunder.

III. ADMINISTRATION OF THE PLAN

A. The Plan shall be administered by the Committee. Subject to applicable law, the Committee may delegate its responsibilities to others under such conditions and limitations as it may determine, except that the Committee may not delegate its authority with regard to the making of grants to Section 16(b) Insiders. However, if the grant to a Section 16(b) Insider would not be exempt under SEC Rule 16b-3 if made by the Committee, such grant may be made by the Board.

B. Subject to the express provisions of the Plan and applicable law, the Committee shall have the sole and exclusive authority with respect to the Discretionary Option Grant Program and the Other Equity Based Awards Program:

- (i) to designate Participants and make grants of Awards to any and all Eligible Persons;
- (ii) to determine the type or types of Awards to be granted to each Participant;
- (iii) to determine the number of Shares to be covered by, or the method by which payment or other rights are to be determined in connection with, each Award;
- (iv) to determine the terms and conditions of any Award or Award Agreement, consistent with the terms of the Plan;
- (v) to determine whether, to what extent, and under what circumstances Awards may be exercised in cash, Shares, promissory notes (provided, however, that the par value of any Shares to be issued pursuant to such exercise shall be paid in the form of cash, services rendered, personal property, real property or a combination thereof, and the acceptance of such promissory notes does not conflict with Section 402 of the Sarbanes-Oxley Act of 2002), other securities, other awards or other property, or cancelled, forfeited or suspended;
- (vi) to interpret the Plan and any Award Agreement, to prescribe, amend and rescind rules and regulations relating to it, and to make all other determinations deemed necessary or advisable in administering the Discretionary Option Grant Program and the Other Equity Based Awards Program;
- (vii) to change the terms and conditions or accelerate the vesting of any outstanding Award or Award Agreement granted pursuant to Article II, and any outstanding Award or Award Agreement granted pursuant to Article IV, provided such action does not, without the consent of the holder, adversely affect the rights and obligations such individual may have under the outstanding grant; and

A-5

(vii) to make any other determination or take any other action that the Committee deems necessary or desirable for the administration of the Plan.

C. Designations, determinations, interpretations and other decisions of the Committee on all matters relating to the Plan and any option grants, stock issuances or any other Awards made hereunder shall be within the sole discretion of the Committee, may be made at any time, and shall be final, conclusive and binding on all Persons having any interest in the Plan or any options or Awards granted or shares issued under the Plan.

D. To the maximum extent permitted by law, the Company shall indemnify each member of the Committee and any secondary committee formed pursuant to Section III.A. of this Article I and every other member of the Board, as well as any other employee with duties under the Plan, against all liabilities and expenses (including any amount paid in settlement or in satisfaction of a judgment) reasonably incurred by the individual in connection with any claims against the individual by reason of the performance of the individual's duties under the Plan. This indemnity shall not apply, however, if: (i) it is determined in the action, lawsuit, or proceeding that the individual is guilty of gross negligence or intentional misconduct in the performance of those duties; or (ii) the individual fails to assist the Company in defending against any such claim. The Company shall have the right to select counsel and to control the prosecution or defense of the suit. The Company shall not be obligated to indemnify any individual for any amount incurred through any settlement or compromise of any action unless the Company consents in writing to the settlement or compromise.

E. Notwithstanding anything to the contrary contained herein (except as provided in Section III.A. of this Article I), the Board may, at any time and from time to time, without any further action of the Committee, exercise the powers and duties of the Committee under the Plan.

IV. ELIGIBILITY

A. The persons eligible to receive option grants under the Discretionary Option Grant Program of Article II and Awards under the Other Equity Based Awards Program of Article IV are Eligible Persons selected by the Committee to receive such options and Awards.

V. STOCK SUBJECT TO THE PLAN

A. The Common Stock issuable under the Plan shall be made available either from authorized but unissued shares of Common Stock or from shares of Common Stock reacquired by the Company on the open market. The aggregate number of shares of Common Stock issuable over the term of this Plan shall not exceed 19,865,000 shares. Such share reserve is subject to adjustment from time to time in accordance with Section V.C. of this Article I.

B. Should an option or other Award granted under this Plan expire or terminate for any reason prior to exercise or surrender in full, the shares subject to the portion of the option or other Award not so exercised or surrendered shall be available for subsequent option or other Award grants under this Plan. Furthermore, in the event that a portion of shares subject to a Performance Award does not vest as of the end of an applicable performance period because the applicable performance goals become impossible to meet, such portion of such Performance Award shall immediately be cancelled as of the end of the applicable performance period and the shares subject to such portion of such Performance Award shall be available for subsequent option or other Award grants under this Plan. In addition, unvested shares issued under the Plan and subsequently cancelled or repurchased by the Company, at the original option or Award exercise price paid per share, pursuant to the Company's repurchase rights under the Plan shall be added back to the number of shares of Common Stock reserved for issuance under the Plan and shall accordingly be available for reissuance through one or more subsequent option or other Award grants under the Plan. However, shares subject to Tandem Rights exercised in accordance with the provisions of Section II of Article II shall reduce on a share-for-share basis the number of shares of Common Stock available for subsequent option or other Award grants

under this Plan. Should the exercise price of an outstanding option

A-6

or other Award under the Plan be paid with shares of Common Stock or should shares of Common Stock otherwise issuable under the Plan be withheld by the Company in satisfaction of the withholding taxes incurred in connection with the exercise of an outstanding option or other Award or the vesting of a stock issuance or other Award under the Plan, then the number of shares of Common Stock available for issuance under the Plan shall be reduced by the gross number of shares for which the option or other Award is exercised or which vest under the stock issuance or other Award, and not by the net number of shares of Common Stock actually issued to the Participant. If an Award entitles the holder thereof to receive or purchase Shares, the number of Shares covered by such Award or to which such Award relates shall be counted on the date of grant of such Award against the aggregate number of Shares available for granting Awards under the Plan. For purposes of determining the number of Shares covered on the date of grant by a Stock Appreciation Right that is to be settled in Shares, the aggregate number of Shares with respect to which the Stock Appreciation Right is to be exercised shall be counted against the number of Shares available for Awards under the Plan (without regard to the number of actual Shares issued upon settlement). Awards that do not entitle the holder thereof to receive or purchase Shares shall not be counted against the aggregate number of Shares available for Awards under the Plan.

C. In the event any change is made to the Common Stock issuable under the Plan by reason of any stock dividend, recapitalization, stock split, reverse stock split, combination of shares, exchange of shares, reorganization, merger, consolidation, split-up, spin-off, or other change affecting the outstanding Common Stock as a class without the Company's receipt of consideration, then appropriate adjustments shall be made by the Committee to (i) the aggregate number and/or class of securities (or other property) issuable under the Plan, (ii) the maximum number and/or class of securities (or other property) for which any one Participant may be granted stock options, stock appreciation rights or other Awards over the term of the Plan, (iii) the number and/or class of securities (or other property) subject to, and the purchase and/or exercise price per share in effect under, each option, stock appreciation right or other Award outstanding under the Plan, and (iv) the limitations contained in Section V.E. of this Article I, in order to preclude the dilution or enlargement of benefits thereunder. All adjustments made by the Committee pursuant to this Section V.C. shall be final and binding.

D. In the event that (i) the Company is the surviving entity in any Corporate Transaction which does not result in the termination of outstanding options pursuant to the Corporate Transaction provisions of the Plan or (ii) the outstanding options under the Plan are to be assumed in connection with such Corporate Transaction, then each such continuing or assumed option shall, immediately after such Corporate Transaction, be appropriately adjusted to apply and pertain to the number and class of securities which would have been issuable, in consummation of such Corporate Transaction, to an actual holder of the same number of shares of Common Stock as are subject to such option immediately prior to such Corporate Transaction. Appropriate adjustments shall also be made to the exercise price payable per share, provided the aggregate option price shall remain the same. In addition, the number and class of securities which remain issuable under this Plan following the consummation of the Corporate Transaction shall be appropriately adjusted. Adjustments under this section will be made in accordance with Code Section 424 and treasury regulations promulgated thereunder to the extent required, and for purposes of compliance with the provisions of Code Section 409A relating to modification of stock rights, adjustments will be made in accordance with the requirements Code Section 424 and treasury regulations promulgated thereunder as modified by applicable guidance under Code Section 409A.

ARTICLE II.

DISCRETIONARY OPTION GRANT PROGRAM

I. TERMS AND CONDITIONS OF OPTIONS

A. The Committee shall have sole and exclusive authority (subject to the express provisions of the Plan) to determine which Eligible Persons are to be granted options under the Discretionary Option Grant Program, the number of shares

to be covered by each such option, the status of the granted option as a Non-Statutory Option, the time or times at which such option is to become exercisable and the maximum term for which the option is to remain outstanding.

A-7

B. The granted options shall be evidenced by Award Agreements in such form as the Committee shall from time to time approve. Unless otherwise provided in a particular Award Agreement, the granted options shall comply with the terms and conditions specified below.

1. Option Price.

a. The option price per share shall be fixed by the Committee, but in no event shall the option price per share be less than the Fair Market Value per share of Common Stock on the date of the option grant except in connection with a merger, acquisition or other similar consolidation.

b. The option price shall become immediately due upon exercise of the option and shall, subject to the loan provisions of Section I of Article V, be payable in one or more of the alternative forms specified below:

i. full payment in cash or check payable to the Company's order; or

ii. full payment in shares of Common Stock held by the Optionee (including the cancellation of shares of Common Stock subject to the option); or

iii. to the extent the option is exercised for vested shares, full payment through a special sale and remittance procedure pursuant to which the Optionee is to provide irrevocable written instructions (i) to a Company-designated brokerage firm to effect the immediate sale of the purchased shares and remit to the Company, out of the sale proceeds available on the settlement date, an amount sufficient to cover the aggregate option price payable for the purchased shares plus all applicable Federal, state and local income and employment taxes required to be withheld by the Company by reason of such purchase and (ii) to the Company to deliver the certificates for the purchased shares directly to such brokerage firm in order to complete the sale transaction; or

iv. to the extent permitted by the Committee, by the Company delivering to the Optionee a number of shares of Common Stock having an aggregate Fair Market Value (determined as of the Exercise Date, as such term is defined below) equal to the excess, if positive, of the Fair Market Value of the shares of Common Stock underlying the option being exercised on the Exercise Date, over the aggregate exercise price of the option for such shares of Common Stock; or

v. any other form of legal consideration, as determined by the Committee and specifically included in the stock option agreement.

c. If payment of the exercise price is made by means of the surrender of shares of Common Stock which are subject to certain restrictions, the number of shares of Common Stock issued upon the exercise of the option equal to the number of shares of restricted stock surrendered shall be subject to the same restrictions as the restricted stock that was surrendered.

d. The Exercise Date shall be the date on which written or electronic notice of the option exercise is delivered to the Company. Except to the extent the sale and remittance procedure specified in clause (iii) of subparagraph b. above is utilized in connection with the option exercise, payment of the option price for the purchased shares must accompany such notice.

2. Term and Exercise of Options.

a. Each option granted under the Discretionary Option Grant Program shall be exercisable in one or more installments as shall be determined by the Committee and set forth in the Award Agreement evidencing such option; provided, however, no such option shall have a maximum term in excess of ten (10) years from the date it was granted to the

Optionee.

b. During the lifetime of the Optionee, Non-Statutory Options shall be exercisable only by the Optionee and shall not be assignable or transferable other than by will, by the laws of descent and distribution following

A-8

the Optionee's death, or to any Family Member (as such term is defined in the General Instructions to Form S-8 (or any successor to such Instructions or such Form) under the Securities Act), provided that the Participant may not receive any consideration for such transfer, the Family Member may not make any subsequent transfers other than by will or by the laws of descent and distribution and the Company receives written notice of such transfer. This assigned portion may only be exercised by the person or persons who acquire a proprietary interest in the option pursuant to the assignment. The terms applicable to the assigned portion shall be the same as those in effect for the option immediately prior to such assignment and shall be set forth in such documents issued to the assignee as the Committee may deem appropriate. Notwithstanding the foregoing, the Optionee may also designate one or more persons as the beneficiary or beneficiaries of his or her outstanding Non-Statutory Options under the Plan, and those options shall, in accordance with such designation, automatically be transferred to such beneficiary or beneficiaries upon the Optionee's death while holding those options. Such beneficiary or beneficiaries shall take the transferred options subject to all the terms and conditions of the applicable agreement evidencing each such transferred option, including (without limitation) the limited time period during which the option may be exercised following the Optionee's death.

3. Termination of Service.

a. Should an Optionee cease to be a Service Provider for any reason (including death or Permanent Disability) other than due to a termination for the reasons set forth in subparagraph (c) below, then such options shall not be exercisable at any time after the EARLIER of (i) the specified expiration date of the option term or (ii) the expiration of the limited period of time specified by the Committee in the option agreement. Each such option shall, during such period following cessation of Service Provider status, be exercisable only to the extent of the number of shares (if any) in which the Optionee is vested on the date of such cessation of Service Provider status.

b. Any option held by an Optionee under this Article II at the time of his or her death and exercisable in whole or in part at that time may be subsequently exercised, but only to the extent of the number of shares (if any) in which the Optionee is vested on the date the Optionee ceases to be a Service Provider (less any of those shares subsequently purchased by the Optionee prior to death), by the personal representative of the Optionee's estate, by the person or persons to whom the option is transferred pursuant to the Optionee's will or the laws of inheritance or by the Optionee's designated beneficiary or beneficiaries of that option. Any such exercise must occur prior to the EARLIER of (i) the expiration date of the option term or (ii) the first anniversary of the date of the Optionee's death.

c. If an Optionee's Service Provider status is terminated for any of the following reasons, then all outstanding options granted the Optionee under this Article II shall immediately terminate and cease to be exercisable immediately upon such termination:

i. the Optionee's intentional misconduct or continuing gross neglect of duties which materially and adversely affects the business and operations of the Company or any Parent or Subsidiary employing the Optionee;

ii. the Optionee's unauthorized use or disclosure (or attempt thereat) of confidential information or trade secrets of the Company or any Parent or Subsidiary; or

iii. the Optionee's commission of an act involving embezzlement, theft, fraud, falsification of records, destruction of property or commission of a crime or other offense involving money or other property of the Company or any Parent or Subsidiary employing the Optionee.

The reasons for termination of an Optionee as a Service Provider set forth in this subparagraph (c) are not intended to be an exclusive list of all acts or omissions which the Company may deem to constitute misconduct or other grounds for terminating the Optionee (or any other individual).

d. The Committee shall have complete discretion, exercisable either at the time the option is granted or at any time while the option remains outstanding, to permit one or more options held by the Optionee under this Article II to be exercised, during the limited period of exercisability following cessation of Service Provider status, not only with respect to the number of shares in which the Optionee is vested at the time of such cessation of Service Provider status but also with respect to one or more subsequent installments of purchasable shares in which the Optionee would otherwise have vested had the Optionee continued as a Service Provider.

e. If the option is granted to an individual who is not an Employee of the Company, then the option agreement evidencing the granted option shall include provisions comparable to those set forth in subparagraphs (a), (b) and (c) above, and may include provisions comparable to subparagraph (d) above, with respect to the Optionee's termination of service with the Company or any Parent or Subsidiary.

4. Stockholder Rights. An option holder shall have none of the rights of a stockholder with respect to any shares covered by the option until such individual shall have exercised the option, paid the option price and satisfied all other conditions precedent to the issuance of certificates for the purchased shares.

5. Repurchase Rights. The shares of Common Stock acquired upon the exercise of any Article II option grant may be subject to one or more repurchase rights of the Company in accordance with the following provisions:

a. The Committee shall have the discretion to authorize the issuance of unvested shares of Common Stock under this Article II. Should the Optionee cease Service Provider status while holding such unvested shares, the Company shall have the right to repurchase any or all of those unvested shares at the option price paid per share. The terms and conditions upon which such repurchase right shall be exercisable (including the period and procedure for exercise and the appropriate vesting schedule for the purchased shares) shall be established by the Committee and set forth in the instrument evidencing such repurchase right.

b. All of the Company's outstanding repurchase rights shall automatically terminate, and all shares subject to such terminated rights shall immediately vest in full, upon the occurrence of any Corporate Transaction, except to the extent: (i) any such repurchase right is expressly assigned to the successor corporation (or parent thereof) in connection with the Corporate Transaction or (ii) such termination is precluded by other limitations imposed by the Committee at the time the repurchase right is issued.

c. The Committee shall have the discretionary authority, exercisable either before or after the Optionee's cessation of Service Provider status, to cancel the Company's outstanding repurchase rights with respect to one or more shares purchased or purchasable by the Optionee under this Article II and thereby accelerate the vesting of such shares in whole or in part at any time.

II. TANDEM RIGHTS AND LIMITED RIGHTS

A. The Committee shall have full power and authority, exercisable in its sole discretion, to grant selected Optionees tandem stock appreciation rights (Tandem Rights) pertaining to all or part of the shares of Common Stock subject to one or more of their option grants under this Article II.

B. Tandem Rights may be granted at the same time the underlying option is granted or any time thereafter while the option remains outstanding. The Optionee may exercise such Tandem Right by surrendering the underlying option in whole or in part to the Company, to the extent such option is at the time exercisable for vested shares of Common Stock. In exchange for the surrendered option, the Optionee shall receive a distribution from the Company in an amount equal to the excess of (i) the Fair Market Value (on the option surrender date) of the number of shares in which the Optionee is at the time vested under the surrendered option (or surrendered portion) over (ii) the aggregate option price payable for such vested shares. However, the exercise of the Tandem Right shall be effective only if

approved by the Committee. If so approved, the distribution to which the Optionee shall accordingly become entitled with respect to the surrendered option shall be made in shares of Common Stock valued at Fair Market Value on the option surrender date.

A-10

C. If the surrender of an option is rejected by the Committee, then the Optionee shall retain whatever rights the Optionee had under the surrendered option (or surrendered portion) on the option surrender date and may exercise such rights at any time prior to the last day on which the option is otherwise exercisable in accordance with the terms of the instrument evidencing such option, but in no event may such rights be exercised more than ten (10) years after the date of the option grant.

D. Prior to July 1, 2006, one or more Section 16(b) Insiders may, in the Committee's sole discretion, be granted limited stock appreciation rights (Limited Rights²) in conjunction with their outstanding options under this Article II. Such Limited Rights shall provide that upon the occurrence of a Hostile Take-Over, each outstanding option with such a Limited Right shall automatically be cancelled, to the extent such option is at the time exercisable for fully-vested shares of Common Stock. The Optionee shall in return be entitled to a cash distribution from the Company in an amount equal to the excess of (i) the Take-Over Price of the vested shares of Common Stock at the time subject to the cancelled option (or cancelled portion of such option) over (ii) the aggregate exercise price payable for such shares. The cash distribution payable upon such cancellation shall be made within five (5) days following the consummation of the Hostile Take-Over. The Committee shall pre-approve, at the time the limited right is granted, the subsequent exercise of that right in accordance with the terms of this Section II.D. Accordingly, no further approval of the Committee or the Board shall be required at the time of the actual option cancellation and cash distribution. The balance of the option (if any) shall continue to remain outstanding and exercisable in accordance with the terms and conditions of the instrument evidencing such option.

III. CORPORATE TRANSACTION

A. Upon the occurrence of a Corporate Transaction, the exercisability of each option outstanding under this Article II shall be automatically accelerated so that each such option shall, immediately prior to the specified effective date for the Corporate Transaction, become fully exercisable with respect to the total number of shares of Common Stock at the time subject to such option, whether or not vested, and may be exercised for all or any portion of such shares. However, an outstanding option under this Article II shall NOT be so accelerated if and to the extent: (i) such option is, in connection with the Corporate Transaction, either to be assumed by the successor corporation or parent thereof or to be replaced with a comparable option to purchase shares of the capital stock of the successor corporation or parent thereof, or (ii) such option is to be replaced with a cash incentive program of the successor corporation which preserves the spread existing at the time of the Corporate Transaction on any shares for which the option is not otherwise at that time exercisable and provides for subsequent payout in accordance with the same exercise/vesting schedule applicable to those option shares, or (iii) the acceleration of such option is subject to other applicable limitations imposed by the Committee at the time of grant. The determination of comparability under clause (i) above shall be made by the Committee, and its determination shall be final and binding.

B. The Committee shall have the discretion, exercisable at any time, to provide (upon such terms and conditions as it may deem appropriate) for either the automatic acceleration of one or more assumed or replaced options which do not accelerate in connection with the Corporate Transaction or for the automatic vesting of any cash incentive programs implemented in replacement of such options, in the event the Optionee's employment should subsequently terminate within a designated period following the effective date of such Corporate Transaction.

² Options granted to Section 16(b) Insiders prior to the effective date of the June 15, 1992 Restatement contain a different form of Limited Right. Such right will provide each Section 16(b) Insider with a thirty (30)-day election period, following the successful completion of a hostile tender offer for fifty percent (50%) or more of the Company's outstanding voting securities, to surrender the underlying option for a cash distribution from the Company in an amount per share of Common Stock in which the Section 16(b) Insider is at the time vested under the surrendered option equal to the excess of the highest price per share paid in effecting such tender offer over

the exercise price payable per share under the surrendered option.

A-11

C. Upon the consummation of the Corporate Transaction, all outstanding options under this Article II shall, to the extent not previously exercised or assumed by the successor corporation or its parent company, terminate and cease to be outstanding.

OTHER EQUITY BASED AWARDS PROGRAM

Subject to any limitations contained in the Plan, the Committee shall have sole and exclusive authority (subject to the express provisions of the Plan) to determine which Eligible Persons are to be granted Awards under the Other Equity Based Awards Program, and the terms and conditions of any such Awards. Such Awards shall be evidenced by Award Agreements in such form as the Committee shall from time to time approve.

I. STOCK APPRECIATION RIGHTS.

The Committee is authorized to grant free-standing Stock Appreciation Rights to Eligible Persons subject to the terms of the Plan and any applicable Award Agreement. Each such Stock Appreciation Right granted under the Plan shall confer on the holder upon exercise the right to receive a number of Shares equal to the excess of (a) the Fair Market Value of one Share on the date of exercise (or, if the Committee shall so determine, at any time during a specified period before or after the date of exercise) over (b) the grant price of the Stock Appreciation Right as determined by the Committee, which grant price shall not be less than 100% of the Fair Market Value of one Share on the date of grant of the Stock Appreciation Right. Subject to the terms of the Plan, the grant price, term, methods of exercise, dates of exercise and any other terms and conditions (including conditions or restrictions on the exercise thereof) of any Stock Appreciation Right shall be as determined by the Committee.

II. RESTRICTED STOCK AND RESTRICTED STOCK UNITS

A. The Committee is hereby authorized to grant Restricted Stock and Restricted Stock Units to Eligible Persons with the following terms and conditions and with such additional terms and conditions not inconsistent with the provisions of the Plan as the Committee shall determine:

(i) Restrictions. Shares of Restricted Stock and Restricted Stock Units shall be subject to such restrictions as the Committee may impose (including, without limitation, a restriction on or prohibition against the right to receive any dividend or other right or property with respect thereto), which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise as the Committee may deem appropriate.

(ii) Stock Certificates. Any Restricted Stock granted under the Plan shall be evidenced by the issuance of a stock certificate or certificates, which shall be held by the Company. Such certificate or certificates shall be registered in the name of the Participant and shall bear an appropriate legend referring to the applicable Award Agreement and possible forfeiture of such shares of Restricted Stock.

(iii) Forfeiture. Except as otherwise determined by the Committee, upon a Participant's termination of employment (as determined under criteria established by the Committee) during the applicable restriction period, all applicable Shares of Restricted Stock and Restricted Stock Units at such time subject to restriction shall be forfeited and reacquired by the Company; *provided, however*, that the Committee may, when it finds that a waiver would be in the best interest of the Company, waive in whole or in part any or all remaining restrictions with respect to Shares of Restricted Stock or

Restricted Stock Units.

A-12

III. PERFORMANCE AWARDS

A. The Committee is hereby authorized to grant Performance Awards to Eligible Persons subject to the terms of the Plan. A Performance Award granted under the Plan (a) may be denominated or payable in cash, Shares (including, without limitation, Restricted Stock and Restricted Stock Units), other securities, other Awards or other property and (b) shall confer on the holder thereof the right to receive payments, in whole or in part, upon the achievement of such performance goals during such performance periods as the Committee shall establish. Subject to the terms of the Plan, the performance goals to be achieved during any performance period, the length of any performance period, the amount of any Performance Award granted, the amount of any payment or transfer to be made pursuant to any Performance Award and any other terms and conditions of any Performance Award shall be determined by the Committee. Such Performance Awards shall comply with the following requirements.

- (i) Performance Goals. Performance Awards shall be conditioned solely on the achievement of one or more objective performance goals established by the Committee for each Participant for each performance period on the basis of one or more of the business criteria set forth in (ii) below (*Performance Goals*).
- (ii) Business Criteria. The business criteria to be used for purposes of establishing Performance Goals for Performance Awards shall be selected from the following alternatives. Such Performance Goals may reflect absolute entity or business unit performance or a relative comparison to the performance of a peer group of entities or other external measure of the selected performance criteria. The Committee may appropriately adjust any evaluation of performance under such goals to exclude the effect of certain events, including any of the following events: asset write-downs; litigation or claim judgments or settlements; changes in tax law, accounting principles or other such laws or provisions affecting reported results; severance, contract termination and other costs related to exiting certain business activities; and gains or losses from the disposition of businesses or assets or from the early extinguishment of debt.
- (iii) Payment: Certain Events. The Committee may, in its discretion, reduce the amount of a payout otherwise to be made in connection with a Performance Award, but may not exercise discretion to increase such amount. If a Participant dies or becomes permanently and totally disabled before the end of a performance period or after the performance period and before a Performance Award is paid, the Committee may, in its discretion, determine that the Participant shall be paid a prorated portion of the award that the Participant would have received but for such death or disability.

IV. DIVIDEND EQUIVALENTS

The Committee is authorized to grant Dividend Equivalents to Eligible Persons under which the Participant shall be entitled to receive payments (in cash, Shares, other securities, other Awards or other property as determined in the discretion of the Committee) equivalent to the amount of cash dividends paid by the Company to holders of Shares with respect to a number of Shares determined by the Committee. Subject to the terms of the Plan, such Dividend Equivalents may have such terms and conditions as the Committee shall determine.

Shares or other securities delivered pursuant to a purchase right granted under this Section V shall be purchased for such consideration, which may be paid by such method or methods and in such form or forms (including, without limitation, cash, Shares, promissory notes, promissory notes (*provided, however*, that the par value of any Shares to be issued pursuant to such exercise shall be paid in the form of cash, services rendered, personal property, real property or a combination thereof and the acceptance such promissory notes does not conflict with Section 402 of the Sarbanes-Oxley Act of 2002), other securities, other Awards or other property or any combination thereof, as the Committee shall determine, the value of which consideration, as established by the Committee, shall not be less than 100% of the Fair Market Value of such Shares or other securities as of the date such purchase right is granted.

ARTICLE V.

MISCELLANEOUS

I. LOANS OR GUARANTEE OF LOANS

The Committee may assist a Participant (including any officer or director) in the exercise of one or more outstanding options under the Discretionary Option Grant Program or one or more outstanding Awards under the Other Equity Based Awards Program by (a) authorizing the extension of a full-recourse interest-bearing loan to such Optionee from the Company, (b) permitting the Participant to pay the exercise price or other purchase price with respect to such Award in installments over a period of years or (c) authorizing a guarantee by the Company of a third-party loan to the Participant, but in each case only to the extent any such action does not conflict with Section 402 of the Sarbanes-Oxley Act of 2002. The terms of any loan, installment method of payment or guarantee (including the interest rate and terms of repayment) shall be established by the Committee in its sole discretion. The maximum credit available to the Participant shall not exceed the sum of (i) the aggregate exercise price of the option shares (less the par value) or the aggregate purchase price for the Award plus (ii) any Federal and state income and employment tax liability incurred by the Participant in connection with the exercise of the option or Award.

II. TAX WITHHOLDING

A. The Company's obligation to deliver shares or cash upon the exercise or surrender of stock options or any Awards granted under the Plan shall be subject to the satisfaction by the Participant of all applicable Federal, state and local income and employment tax withholding requirements.

B. The Committee may, in its discretion and upon such terms and conditions as it may deem appropriate (including the applicable safe-harbor provisions of SEC Rule 16b-3 or any successor rule or regulation) provide any or all holders of outstanding option grants under the Plan (other than grants made to non-Employees) with the election to surrender previously acquired shares of Common Stock or have shares withheld in satisfaction of the tax withholding obligations. To the extent necessary to avoid adverse accounting treatment, the number of shares that may be withheld for this purpose shall not exceed the minimum number needed to satisfy the applicable income and employment tax withholding rules. If Common Stock is used to satisfy the Company's tax withholding obligations, the stock shall be valued at its Fair Market Value when the tax withholding is required to be made.

III. EXTENSION OF EXERCISE PERIOD

The Committee shall have full power and authority to extend the period of time for which any option granted under the Discretionary Option Grant Program is to remain exercisable following the Optionee's termination of service from the period set forth in the option agreement to such greater period of time as the Committee shall deem appropriate; provided, however, that in no event shall such extension exceed the limitations set forth by applicable law and

regulations under Code Section 409A; and provided further, that in no event shall such option be exercisable after the specified expiration date of the option term.

A-14

IV. AMENDMENT OF THE PLAN

The Board shall have the complete and exclusive authority to amend, modify, suspend, discontinue or terminate the Plan; provided, however, that if and to the extent required by Code Section 409A and applicable guidance thereunder, such authority will not include the authority to terminate deferred compensation arrangements in violation of Code Section 409A; and provided further, that no amendment or modification shall, without the consent of the holders, adversely affect rights and obligations with respect to any stock options, stock appreciation rights, or other Awards at the time outstanding under the Plan. In addition, certain amendments, including increasing the number of shares issuable under the Plan or modifying the requirements for eligibility, will require stockholder approval pursuant to applicable laws or regulations.

V. EFFECTIVE DATE AND TERM OF PLAN

A. The Plan was initially adopted by the Board and approved by the Company's sole stockholder on August 1, 1988. The Plan has been amended and restated by the Board and the Company's stockholders on various occasions since May 15, 1991.

B. All share numbers in the Plan reflect (i) the two-for-one split of the Common Stock effected on June 14, 1999, (ii) the three-for-two split of the Common Stock effected on August 31, 2001, (iii) the 3-for-2 split of the Common Stock effected on December 8, 2006 and (iv) the two-for-one split of the Common Stock effected on June 26, 2013, all of which were effected in the form of a stock dividend.

C. The provisions of the various restatements of the Plan apply only to stock options, stock appreciation rights, and other Awards granted under the Plan from and after the respective effective dates of such restatements. All stock options and stock appreciation rights issued and outstanding under the Plan immediately prior to such effective dates of the restatements of the Plan shall continue to be governed by the terms and conditions of the Plan (and the instrument evidencing each such option or stock appreciation right) as in effect on the date each such option or stock appreciation was previously granted, and nothing in the restatements of the Plan shall be deemed to affect or otherwise modify the rights or obligations of the holders of such options or stock appreciation rights with respect to the acquisition of shares of Common Stock thereunder or the exercise of their outstanding stock appreciation rights.

D. The sale and remittance procedure authorized for the exercise of outstanding options shall be available for all options granted under the Plan from and after November 6, 1991 and for all Non-Statutory Options outstanding on such date.

E. Subject to Section IV of Article V, the Plan shall in all events terminate upon the EARLIEST of (i) June 30, 2026, (ii) the date on which all shares available for issuance under the Plan shall have been issued or cancelled pursuant to the exercise or surrender of stock options, stock appreciation rights or other Awards under the Plan, (iii) the termination of all outstanding Awards in connection with a Corporate Transaction or (iv) termination by the Board. If the date of termination is determined under clause (i) above, then any stock options, stock appreciation rights or other Awards at the time outstanding under the Plan shall continue to have force and effect in accordance with the provisions of the instruments evidencing such grants.

VI. MISCELLANEOUS MATTERS

A. Any cash proceeds received by the Company from the issuance of shares hereunder shall be used for any corporate purpose.

B. The implementation of the Plan, the granting of any stock option or other Award, and the issuance of Common Stock or other Award hereunder, shall be subject to the Company's procurement of all approvals and permits required

by regulatory authorities having jurisdiction over the Plan, and the stock options and other

A-15

Awards granted under it and the Common Stock issued pursuant to it. The inability of the Company to obtain the requisite approvals shall relieve the Company of any liability with respect to the non-issuance or sale of the Common Stock as to which such approvals shall not have been obtained. The Company, however, shall attempt to obtain all requisite approvals.

C. No shares of Common Stock or other property shall be issued or delivered under the Plan unless and until there shall have been compliance with all applicable requirements of Federal and state securities laws, including the filing and effectiveness of the Form S-8 registration statement for the shares of Common Stock issuable under the Plan, and all applicable listing requirements of any stock exchange (or the Nasdaq National Market, if applicable) on which Common Stock is then listed for trading. No shares of Common Stock or other property shall be issued or delivered under the Plan if doing so would violate any internal policies of the Company.

D. Neither the action of the Company in establishing the Plan, nor any action taken by the Board or the Committee hereunder, nor any provision of the Plan itself shall be construed so as to grant any individual the right to remain in the employ or service of the Company or any Parent or Subsidiary for any period of specific duration, and the Company (or any Parent or Subsidiary retaining the services of such individual) may terminate such individual's employment or service at any time and for any reason, with or without cause.

E. Nothing contained in the Plan shall be construed to limit the authority of the Company to exercise its corporate rights and powers, including (without limitation) the right of the Company (a) to grant options for corporate purposes otherwise than under this Plan to any Eligible Person or other Person, firm or company or association or (b) to grant options to, or assume the option of, any Person in connection with the acquisition (by purchase, lease, merger, consolidation or otherwise) of the business and assets (in whole or in part) of any Person, firm, company or association.

F. No Participant will have rights under an Award granted to such Participant unless and until an Award Agreement shall have been duly executed on behalf of the Company and, if requested by the Company, signed by the Participant. In the event that any provision of an Award Agreement conflicts with or is inconsistent in any respect with the terms of the Plan as set forth herein or subsequently amended, the terms of the Plan shall control.

G. Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between the Company or any Parent or Subsidiary and an Eligible Person or any other Person. To the extent that any Person acquires a right to receive payments from the Company or any Parent or Subsidiary pursuant to an Award, such right shall be no greater than the right of any unsecured general creditor of the Company or any Affiliate.

H. The Plan is intended to comply in all respects with Rule 16b-3 or any successor provision, as in effect from time to time, and in all events the Plan shall be construed in accordance with the requirements of Rule 16b-3. If any Plan provision does not comply with Rule 16b-3 as hereafter amended or interpreted, the provision shall be deemed inoperative. The Board, in its absolute discretion, may bifurcate the Plan so as to restrict, limit or condition the use of any provision of the Plan with respect to persons who are officers or directors subject to Section 16 of the Exchange Act without so restricting, limiting or conditioning the Plan with respect to other Eligible Persons.

I. No compensation or benefit awarded to or realized by any Participant under the Plan shall be included for the purpose of computing such Participant's compensation under any compensation-based retirement, disability, or similar plan of the Company unless required by law or otherwise provided by such other plan.

J. Except with respect to Shares of Restricted Stock as to which the Participant has been granted the right to vote, neither a Participant nor the Participant's legal representative shall be, or have any of the rights and privileges of, a stockholder of the Company with respect to any Shares issuable to such Participant upon the exercise or payment of

any Award, in whole or in part, unless and until such Shares have been issued in the name of such Participant or such Participant's legal representative without restrictions thereto.

A-16

K. No Award and no right under any such Award shall be assignable or transferable by a Participant other than by will or the laws of descent and distribution following the Participant's death; provided, however, that at any time such Participant holds a Non-Statutory Option, such Participant may transfer such Option to any Family Member (as such term is defined in the General Instructions to Form S-8 (or any successor to such Instructions or such Form) under the Securities Act), provided that the Participant may not receive any consideration for such transfer, the Family Member may not make any subsequent transfers other than by will or by the laws of descent and distribution and the Company receives written notice of such transfer. The assigned portion may only be exercised by the person or persons who acquire a proprietary interest in the Award pursuant to the assignment. The terms applicable to the assigned portion shall be the same as those in effect for the Award immediately prior to such assignment and shall be set forth in such documents issued to the assignee as the Committee may deem appropriate. Notwithstanding the foregoing, the Participant may also designate one or more persons as the beneficiary or beneficiaries of his or her outstanding Awards under the Plan, and those Awards shall, in accordance with such designation, automatically be transferred to such beneficiary or beneficiaries upon the Participant's death while holding those Awards. Such beneficiary or beneficiaries shall take the transferred Awards subject to all the terms and conditions of the applicable agreement evidencing each such transferred Award.

L. The validity, construction and effect of the Plan or any Award, and any rules and regulations relating to the Plan or any Award, shall be determined in accordance with the internal laws, and not the law of conflicts, of the State of Delaware.

M. If any provision of the Plan or any Award is or becomes or is deemed to be invalid, illegal or unenforceable in any jurisdiction or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be so construed or deemed amended without, in the determination of the Committee, materially altering the purpose or intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction or Award, and the remainder of the Plan or any such Award shall remain in full force and effect.

N. No fractional Shares shall be issued or delivered pursuant to the Plan or any Award, and the Committee shall determine whether cash shall be paid in lieu of any fractional Shares or whether such fractional Shares or any rights thereto shall be canceled, terminated or otherwise eliminated.

O. Headings are given to the Sections and subsections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction or interpretation of the Plan or any provision thereof.
