PROXY STATEMENT

Annual Meeting of Shareholders
to be held April 21, 2003

This Proxy Statement is being furnished to the common shareholders of Cass Information Systems, Inc. (the "Company") on or about March 18, 2003 in connection with the solicitation of proxies on behalf of the Board of Directors of the Company for use at the annual meeting of shareholders (the "Annual Meeting") to be held on April 21, 2003 at the time and place and for the purposes set forth in the accompanying Notice of Annual Meeting, and at any adjournment or postponement of that meeting.

Holders of shares of common stock, par value \$.50 per share ("Shares" or the "Common Stock"), of the Company at its close of business on March 5, 2003, (the "Record Date") are entitled to receive notice of and vote at the Annual Meeting. On the Record Date, 3,367,468 shares of Common Stock were outstanding. Holders of record of Common Stock (the "Shareholders") are entitled to one vote per share of Common Stock they held of record on the Record Date on each matter that may properly come before the Annual Meeting.

A plurality of the votes of Shareholders cast at the Annual Meeting is required for the election of each director. Ratification of the selection of independent auditors requires the affirmative vote of holders of a majority of the shares of Common Stock voted. Abstentions are counted in the number of shares present for purposes of determining whether a quorum is present, and are counted as having voted on each matter presented for vote. As a result, an abstention has the same effect as a vote against a proposal, but will have no effect on the vote to elect directors. Broker non-votes are counted in the number of shares present for purposes of determining whether a quorum is present, but as not being present as to matters for which voting instructions are not given. As a result, broker non-votes will have no effect on voting on any matter voted on at the meeting.

Management of the Company ("Management"), together with members of the Board of Directors of the Company, in the aggregate, directly or indirectly controlled approximately 25.99% of the Common Stock outstanding on the Record Date.

Shareholders of record on the Record Date are entitled to cast their votes in person or by properly executed proxy at the Annual Meeting. The presence, in person or by properly executed proxy, of a majority of the Common Stock outstanding on the Record Date is necessary to constitute a quorum at the Annual Meeting. If a quorum is not present at the time the Annual Meeting is convened, the Company may adjourn or postpone the Annual Meeting.

Edgar Filing: CASS INFORMATION SYSTEMS INC - Form DEF 14A

All Common Stock represented at the Annual Meeting by properly executed proxies received prior to or at the Annual Meeting and not properly revoked will be voted at the Annual Meeting in accordance with the instructions indicated in such proxies. If no instructions are indicated, such proxies will be voted FOR the election of the Board's director nominees and FOR the ratification of the selection of independent auditors. The Board of Directors of the Company does not know of any matters, other than the matters described in the Notice of Annual Meeting attached to the Proxy Statement that will come before the Annual Meeting.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing with the Secretary of the Company, at or before the Annual Meeting, a written notice of revocation bearing a date later than the date of the proxy, (ii) duly executing and dating a subsequent proxy relating to the Common Stock and delivering it to the Secretary of the Company at or before the vote is taken at the Annual Meeting, or (iii) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Any written notice revoking a proxy should be sent to Corporate Secretary, Cass Information Systems, Inc., 13001 Hollenberg Drive, Bridgeton, Missouri 63044 (telephone number (314) 506-5500).

The proxies are solicited by the Board of Directors of the Company. In addition to the use of the mails, proxies may be solicited personally or by telephone or facsimile transmission, by directors, officers or regular employees of the Company or persons employed by the Company for the purpose of soliciting proxies. It is contemplated that brokerage houses, custodians, nominees and fiduciaries will be requested to forward the soliciting material to the beneficial owners of Common Stock held of record by such persons, and will be reimbursed by the Company for expenses incurred therewith. The cost of solicitation of proxies will be borne by the Company.

The date of this Proxy Statement is March 18, 2003.

The Audit Committee adopted a revised version of its written charter in January 2003, which is included as Exhibit I.

During 2002, the Company incurred the following fees for services performed by KPMG LLP, the Company's independent auditors:

Audit-Related Fees	\$ --
Financial Information Systems Design and Implementation Fees	\$ --
Tax Fees	\$ 74,200 (1) (2)

In connection with the December 31, 2002 consolidated financial statements, the Audit Committee (1) reviewed and discussed the audited consolidated financial statements with management; (2) discussed with the auditors the matters required by Statement on Auditing Standards No. 61; and (3) received and discussed with the auditors the matters required by Independence Standards Board Statement No. 1. Defined Benefit Retirement Plans

Retirement Plan for Employees of Cass Information Systems, Inc.

Final Average Earnings is defined as the average annual total compensation for the five consecutive years of highest earnings during the last ten years of employment. Covered Compensation is the average of the maximum social security taxable wage bases in effect for each calendar year during the 35-year period ending with the year in which retirement age is attained under the Social Security Act. Supplemental Executive Retirement Plan

In addition to the above defined benefit plan, in 1998 the Company established the Cass Information Systems, Inc. Supplemental Retirement Plan, which covers key executive officers of the Company. Certain Relationships and Related Party Transactions

Edgar Filing: CASS INFORMATION SYSTEMS INC - Form DEF 14A

Some of the directors and executive officers of the Company, and members of their immediate families and firms and corporations with which they are associated, have had transactions with the Company's subsidiary bank, including borrowing and investments in depository accounts. Board Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors (the "Committee") is composed of three independent directors, one of whom serves as chairman of the Committee. The Committee administers the Executive Compensation Program of the Company and none of its members has been or is an employee of the Company or any of its subsidiaries. All material items relative to Executive Compensation or any benefit compensation for the entire Company are analyzed, reviewed and approved by the Compensation Committee. While the Committee may seek input occasionally from the Chief Executive Officer, the Chief Financial Officer or the Director of Human Resources, all matters are independently resolved and decided without the presence or voting of any officer of the Company or its subsidiaries. The Compensation Committee of the Board is also responsible for recommending salary levels for executive officers to the Board of Directors of the Company and recommending the overall levels of salary compensation for the entire corporation.

The Committee generally seeks to maintain salaries at levels competitive with peer groups. Bonuses are available to all personnel in the Company based upon the level of profits before taxes achieved by the Company. These bonuses are distributed on the basis of merit. Performance is measured on the basis of several factors deemed relevant and bonuses are calculated on the basis of these evaluations. The determination of bonuses for the Company's executive officers is a subjective process which utilizes no specific performance criteria, but which does consider growth in the Company's profits, resources, and the quality of the Company's operations, as well as adherence to regulatory requirements. The amount of bonus available for executive officers is a percentage of the profit sharing allocation for all staff members and is based on the growth in net earnings of the Company. As a result, the amount available for executive officers in 2002 was increased from 2001 levels.

The Committee utilizes the services of Peter R. Johnson & Company of West Chester, Pennsylvania in determining the levels of peer compensation within its industry. Additionally, the Committee utilizes the services of Towers Perrin for evaluation of the compensation of its CEO and CFO. The Committee considers stock options and grants to be a significant motivational tool for rewarding its executive officers and senior management. Stock options and grants provided under the Company's stock incentive programs are awarded primarily on the basis

Edgar Filing: CASS INFORMATION SYSTEMS INC - Form DEF 14A

of performance of the Company, performance of the individual operating subsidiaries, the relationship of the Company's performance to other companies in its peer group, and the recommendation of the CEO. The Company utilizes the services of Towers Perrin in determining appropriate stock incentive and compensation and annually reviews information from other compensation sources for other companies performing in industries similar to those of its operating subsidiaries.

The Committee's philosophy with regard to executive compensation has been to seek to provide programs which will allow the Company to acquire and maintain competent executive officers and to attract and maintain other management personnel with the capabilities and requirements determined necessary to continue to lead the Company in meeting its objectives and in furthering its growth and profitability. It is further the philosophy of the Committee to reward its people in accordance with the results that are accomplished. The Committee believes that total compensation should be related to profits and to the performance of the Company. For this reason, overall compensation of the Company's executives is tied to incentive bonus plans that are directly related to the Company's earnings. Most of the executives received bonuses in 2002 comparable to or slightly more than those received in 2001 due to the level of profits achieved in 2002.

The Committee reviews the salaries of the CEO and CFO annually in December for the following fiscal year. Bonuses are calculated in July and January, and relate directly to the profit performance for the year. The CEO's bonus is a percentage of total profit sharing allocations and fluctuates with the Company's return on equity. The CEO's salary was increased in 2002 due to improved profitability in 2001. The CEO's bonus for 2002 was directly related to profit performance in 2002 and was slightly higher; no additional stock compensation was provided in 2002.
