PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

This proxy statement is being furnished to stockholders of Geron Corporation, a Delaware corporation (the Company) in connection with the solicitation by the Board of Directors of the Company of proxies to be used at the Annual Meeting of Stockholders to be held on May 6, 2005, at 8:30 a.m. local time (the Annual Meeting), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at the Company's headquarters at 230 Constitution Drive, Menlo Park, California 94025. This proxy statement and accompanying proxy card are being mailed to all stockholders entitled to vote at the Annual Meeting on or about March 25, 2005.

Solicitation and Voting of Proxies

Only holders of record at the close of business on Friday, March 11, 2005, (the Record Date) will be entitled to notice of and to vote at the Annual Meeting or any adjournment or postponement thereof. At the close of business on the Record Date, there were 54,568,040 shares of common stock, par value \$0.001 per share (the Common Stock), outstanding. Each holder of record of Common Stock on such date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

The Company will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of Common Stock beneficially owned by others to forward to such beneficial owners. In addition, the Company may reimburse persons representing beneficial owners of Common Stock for their costs of forwarding solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by telephone, telegram or personal solicitation by directors, officers, or other regular employees of the Company. No additional compensation will be paid to directors, officers or other regular employees for such services.

Quorum Requirement and Votes Required for the Proposals

In order to constitute a quorum and to transact business at the meeting, a majority of the outstanding shares of Common Stock on the Record Date must be represented at the meeting. Shares represented by proxies that reflect abstentions or broker non-votes (i.e., shares held by a broker or nominee which are represented at the meeting, but not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Directors will be elected by a favorable vote of a plurality of the aggregate votes present, in person or by proxy, at the meeting. Accordingly, abstentions will not affect the outcome of the election of candidates for director. The election of directors is a matter on which a broker or other nominee is empowered to vote. Accordingly, no broker non-votes will result from this proposal. Stockholders are not permitted to cumulate their shares for the purpose of electing directors or otherwise.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting is required to ratify the selection of Ernst & Young LLP as independent auditors for the fiscal year ending December 31, 2005. Abstentions will have the same effect as a vote against this proposal. However, the ratification of our selection of Ernst & Young LLP is a matter on which a broker or other nominee is empowered to vote. Accordingly, no broker non-votes will result from this proposal.

Geron Plan Participants

Participants in the Geron 401(k) Plan will receive a proxy that incorporates all shares owned through the Geron 401(k) Plan, assuming the shares are registered in the same name. The proxy will serve as voting instructions for the trustee of the 401(k) Plan. If the proxy is not voted, the plan trustee will vote those shares in the same proportion as other 401(k) participants vote their 401(k) Plan shares.

Shares purchased through the Geron Employee Stock Purchase Plan will follow standard brokerage industry practices. Shares held in the name of the broker will be voted on behalf of the holder on certain routine matters. To the extent the brokerage firm votes shares on the behalf of the holder, the shares will be counted for the purpose of determining a quorum.

Voting Via the Internet or by Telephone

Most beneficial owners whose stock is held in street name receive voting instruction forms from their banks, brokers, or other agents, rather than the Company's proxy card.

Edgar Filing: GERON CORPORATION - Form DEF 14A

A number of brokers and banks are participating in a program provided through ADP Investor Communication Services that offers telephone and Internet grants of proxies. If your shares are held in an account with a broker or bank participating in the ADP Investor Communication Services program, you may grant your proxy for those shares telephonically by calling the telephone number shown on the form received from your broker or bank, or via the Internet at ADP Investor Communication Services website <http://www.proxyvote.com>.

Submitting your proxy via the Internet or by telephone will not affect your right to revoke your proxy and vote in person, should you decide to attend the Annual Meeting.

The telephone and Internet proxy granting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their proxy granting instructions and to confirm that stockholders' instructions have been recorded properly. Stockholders granting proxies via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that must be borne by the stockholder.

Revocability of Proxies

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. It may be revoked by filing with the Secretary at the Company's offices, 230 Constitution Drive, Menlo Park, California 94025, a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

MATTERS TO BE CONSIDERED AT THE 2005 ANNUAL MEETING

PROPOSAL 1

ELECTION OF DIRECTORS

The Company's Board of Directors consists of six members. The Company's Bylaws provide for the classification of the Board of Directors into three classes, as nearly equal in number as possible, with staggered terms of office. The Company's Bylaws also provide that upon expiration of the term of office for a class of directors, nominees for such class will be elected for a term of three years or until their successors are duly elected and qualified.

The term of office of the Class III director will expire in May 2005, and one nominee for director is to be elected as a Class III director. The one nominee is Alexander E. Barkas, Ph.D., who currently serves as a Class III director. The Class I directors, Thomas B. Okarma, Ph.D., M.D., John P. Walker and Patrick J. Zenner, have one year remaining on their term of office. The Class II directors, Thomas D. Kiley, Esq. and Edward V. Fritzky, have two years remaining on their term of office.

2

The Board of Directors has selected one nominee for Class III director, who is currently a director of the Company. The one candidate receiving the highest number of affirmative votes of the shares represented and entitled to vote at the Annual Meeting will be elected as a Class III director of the Company. Accordingly, abstentions will not effect the outcome of the proposal. The election of directors is a matter on which a broker or other nominee is empowered to vote. Accordingly, no broker non-votes will result from this proposal.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the one nominee named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as management may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve.

Set forth below is information regarding the nominee for Class III director, the periods during which he has served as director, and information furnished by him as to principal occupations and directorships held by him in corporations whose shares are publicly registered.

Board Committees and Meetings

During the fiscal year ended December 31, 2004, the Board of Directors held 11 meetings and acted by written consent on four occasions. The Board has an Audit Committee, a Compensation Committee, a Stock Option Committee and a Nominating Committee. During the fiscal year ended December 31, 2004, each of the incumbent directors attended at least 80% of the meetings of the Board and the committees on which he served. Currently the Company does not maintain a formal policy regarding director attendance at the Annual Meeting of Stockholders. However, it is expected that, absent compelling circumstances, directors will be in attendance. Last year all six incumbent directors were in attendance.

Audit Committee. The Audit Committee acts pursuant to a written charter adopted by the Board of Directors. The Audit Committee, which is comprised of Messrs. Fritzky, Kiley and Walker, met seven times in 2004 and acted by written consent on two occasions. All of the members of the Audit Committee are independent, as that term is defined by Rule 4200(a)(14) of the National Association of Securities Dealers Listing

Standards. The Board of Directors has determined that all of the members of the Audit Committee are financially literate and that at least one member of the Audit Committee, Mr. Walker, has accounting and financial management expertise. The Audit Committee's responsibilities include: (i) recommending the selection of the Company's independent public auditors to the Board of Directors, (ii) consulting with the independent auditors with regard to the plan and scope of the audit, (iii) reviewing, in consultation with the independent auditors, their report of the audit or proposed report of the audit, and the accompanying management letter, if any, and (iv) consulting with the independent auditors and management with regard to the adequacy of the Company's internal controls. See more information about the Audit Committee in the Audit Committee report on page 19. The Audit Committee charter, as amended and restated in March 2005, is attached to this proxy statement as Appendix A.

Compensation Committee. The Compensation Committee, which is comprised of Dr. Barkas and Mr. Zenner, met one time in 2004 and acted by written consent on three occasions. All of the members of the Compensation Committee are independent, as that term is defined by Rule 4200(a)(14) of the National Association of Securities Dealers Listing Standards. The Compensation Committee makes recommendations concerning salaries and incentive compensation, administers the incentive compensation and benefit plans of the Company, and performs such other functions regarding compensation as the Board may delegate. In addition, the Compensation Committee has exclusive authority to administer the 2002 Equity Incentive Plan with respect to executive officers and directors. The Compensation Committee charter was adopted in March 2004. See more information about the Compensation Committee in the Compensation Committee report on page 15.

5

Stock Option Committee. The Stock Option Committee was formed in December 1996 in order to provide timely option grants to new employees and consultants (other than executive officers and directors of the Company) and currently consists of one member, Dr. Okarma. The Stock Option Committee has limited authority to administer the Company's 2002 Equity Incentive Plan concurrently with the Compensation Committee. The Stock Option Committee has the authority to grant options for up to 20,000 shares of Common Stock to new employees and consultants in accordance with procedures approved by the Board of Directors. The Stock Option Committee acted by written consent on 13 occasions during fiscal 2004.

Nominating Committee. The Nominating Committee was formed in February 2001 in order to make recommendations to the Board for candidates to be nominated for election or re-election as a director by the stockholders or by the Board. The members of the Nominating Committee are Dr. Barkas and Mr. Fritzky. All members of the Nominating Committee are independent as defined in the Nasdaq Marketplace Rules. The Nominating Committee met one time during fiscal 2003 and did not meet during fiscal 2004. The Nominating Committee will consider nominees for directors nominated by stockholders upon submission in writing to the Secretary of the Company of the names of such nominees in accordance with the Company's Bylaws.

The Nominating Committee will investigate, evaluate and interview, as appropriate, a director candidate with regard to his or her individual characteristics as well as how those characteristics fit with the needs of the Board of Directors as a whole. Specific qualifications and the process for identification and recommendation of director candidates are provided in more detail on page 22.

The Nominating Committee charter was included as an appendix to the Company's proxy statement in 2004.

The per-meeting compensation under (ii) and (iii) above shall be payable in cash within ten business days after each meeting.

In conjunction with the payment under (i) above, on May 27, 2004 the Company issued shares of Common Stock to the following directors:

Barkas, Alexander	2,646	\$7.56
Fritzky, Edward	1,587	\$7.56
Kiley, Thomas	1,587	\$7.56

The remaining directors received a cash payment.

6

Directors' Stock Option Plan

Each non-employee director receives periodic option grants for shares of Common Stock pursuant to the Company's 1996 Directors' Stock Option Plan, as amended (the Directors Plan). The Directors Plan is designed to work automatically and not to require administration; however, to the extent administration is necessary, it will be provided by the Board of Directors.

The purpose of the Directors Plan is to provide an incentive for directors to continue to serve the Company as directors and to assist the Company in recruiting highly qualified individuals when vacancies occur on the Board of Directors.

Option Grants. The Directors Plan provides that each person who becomes a non-employee director after the effective date of the Directors Plan, whether by election of the stockholders of the Company or by appointment by the Board of Directors to fill a vacancy, will automatically be granted an option to purchase 45,000 shares of Common Stock on the date on which such person first becomes a non-employee director (the First Option). In addition, non-employee directors (other than the Chairman of the Board of Directors) will automatically be granted a subsequent option on the date of the Annual Meeting of Stockholders in each year during such director's service on the Board (a Subsequent Option) to purchase 20,000 shares of Common Stock under the Directors Plan. In the case of the Chairman of the Board of Directors, the Subsequent Option will be for 30,000 shares of Common Stock. Finally, the Company will grant an option to purchase 2,500 shares to each non-employee director upon such director's appointment to the Audit Committee or Compensation Committee of the Board of Directors, as well as on the date of each Annual Meeting during the director's service on such committee (a Committee Service Option). There is currently no stock option grant contemplated for participation on other committees.

The Directors Plan provides that each First Option granted thereunder becomes exercisable in installments cumulatively as to one-third of the shares subject to the First Option on each of the first, second and third anniversaries of the date of grant of the First Option. Each Subsequent Option and Committee Service Option is fully vested on the date of its grant. The options issued pursuant to the Directors Plan remain exercisable for up to 90 days following the optionee's termination of service as a director of the Company, unless such termination is a result of death or permanent and total disability, in which case the options (both those already exercisable and those that would have become exercisable had the director remained on the board for an additional 36 months) remain exercisable for up to a 24 month period.

Exercise Price and Term of Options. The exercise price of all stock options granted under the Directors Plan is equal to the fair market value of a share of the Company's Common Stock on the date of grant of the option. The Board of Directors will determine the fair market value; provided, however, that where there is a public market for the Common Stock, the fair market value per share shall be determined based on the public market. Currently, the Common Stock is traded on the Nasdaq National Market and the fair market value per share is equal to the closing

Edgar Filing: GERON CORPORATION - Form DEF 14A

price of the Company's Common Stock on the Nasdaq National Market on the date of grant of the option. Options granted under the Directors Plan have a term of ten years.

Options Granted to Directors. The following table sets forth information with respect to the stock options granted under the Directors Plan to the non-employee directors of the Company (five persons) in the fiscal year ended December 31, 2004. As discussed above, the executive officers of the Company and the employees of the Company are not eligible for grants under the Directors Plan.

Director	Number of Shares Subject to Options Granted under the Directors Plan	Weighted Average Exercise Price Per Share
Barkas, Alexander	32,500	\$ 7.56
Fritzky, Edward	22,500	\$ 7.56
Kiley, Thomas	22,500	\$ 7.56
Walker, John	22,500	\$ 7.56
Zenner, Patrick	22,500	\$ 7.56

7

As of March 11, 2005, the aggregate fair market value of shares subject to outstanding options under the Directors Plan was \$3,969,360 based upon the closing price of the Common Stock on the Nasdaq National Market.

Effect of Certain Corporate Events. In the event of the dissolution or liquidation of the Company, a sale of all or substantially all of the assets of the Company, or the merger or consolidation of the Company with or into another corporation in which the Company is not the surviving corporation or any other capital reorganization in which more than 50% of the shares of the Company entitled to vote are exchanged, each non-employee director shall have a reasonable time within which to exercise the option, including any part of the option that would not otherwise be exercisable, prior to the effectiveness of such dissolution, liquidation, sale, merger or reorganization, at the end of which time the option shall terminate, or shall receive a substitute option with comparable terms, as to an equivalent number of shares of stock of the corporation succeeding the Company or acquiring its business by reason of such dissolution, liquidation, sale, merger, consolidation or reorganization.

Duration and Termination. The Board of Directors may at any time amend or terminate the Directors Plan, except that such termination cannot affect options previously granted without the agreement of any optionee so affected. Notwithstanding the foregoing, the provisions regarding the grant of options under the Directors Plan may be amended only once in any six-month period, other than to conform with changes in the Code, the Employee Retirement Income Security Act of 1974, as amended, or the rules thereunder. If not terminated earlier, the Directors Plan will expire in 2006.

Federal Income Tax Aspects. The following brief summary of the effect of federal income taxation upon the optionee and the Company with respect to the grant and exercise of options under the Directors Plan, does not purport to be complete, and does not discuss the income tax laws of any municipality, state or foreign country in which an optionee may reside. The Company advises all eligible directors to consult their own tax advisors concerning tax implications of option grants and exercises and the disposition of stock acquired upon such exercises under the Directors Plan.

Options granted under the Directors Plan are nonstatutory stock options. An optionee will not recognize any taxable income at the time he or she is granted a nonstatutory stock option. However upon its exercise, the optionee will recognize ordinary income for tax purposes measured by the excess of the then fair market value of the shares over the option price. Upon resale of such shares by the optionee, any difference between the sale price and the exercise price, to the extent not recognized as ordinary income as provided above will be treated as capital gain (or loss), and will be long-term capital gain if the optionee has held the shares more than one year. For individual taxpayers, the current maximum U.S. federal income tax rate on long-term capital gains under current tax law is 28%, whereas the maximum rate on other income is 35%. Capital losses for individual taxpayers are allowed under U.S. tax laws in full against capital gains plus \$3,000 of other income. The Company generally will be entitled to a tax deduction in the amount and at the time that the optionee recognizes ordinary income with respect to shares acquired upon exercise of a nonstatutory stock option.

Additional Option Grant to Director

In May 2004, the Company granted a stock option under the 2002 Equity Incentive Plan to Dr. Barkas for 25,000 shares of Common Stock. The option had an exercise price equal to the closing price of the Company's Common Stock on the date of grant of \$7.56 per share. The option has a term of 10 years from the date of grant and fully vests on the date of grant. For further details about the 2002 Equity Incentive Plan, see Note 11 of Notes to Consolidated Financial Statements of the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 28, 2005.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

On the recommendation of the Audit Committee, the Board of Directors has selected Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2005 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. Ernst & Young LLP has served as the Company's independent auditors since 1992. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions from stockholders.

The Company has been informed by Ernst & Young LLP that, to the best of their knowledge, neither the firm nor any of its members or their associates has any direct financial interest or material indirect financial interest in the Company or its affiliates.

Stockholder ratification of the selection of Ernst & Young LLP as the Company's independent auditors is not required by the Company's Bylaws or otherwise. However, the Board of Directors is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board of Directors in their discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

REQUIRED VOTE

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote on the proposal at the meeting will be required to ratify the selection of Ernst & Young LLP. Abstentions will have the same effect as a vote against this proposal. However, the ratification of our selection of Ernst & Young LLP is a matter on which a broker or other nominee is empowered to vote. Accordingly, no broker non-votes will result from this proposal.

**The Board of Directors Unanimously Recommends That
Stockholders Vote FOR Proposal 2**

Employment Agreements and Severance Plan

Edgar Filing: GERON CORPORATION - Form DEF 14A

We require each of our employees to enter into a confidentiality agreement prohibiting the employee from disclosing any of our confidential or proprietary information. At the time of commencement of employment, our employees also generally sign offer letters specifying basic terms and conditions of employment.

In January 2003, the Company entered into employment agreements with each of its executive officers and certain key employees. These agreements provide for severance pay equal to a percentage of annual salary (150% in the case of the Chief Executive Officer, 125% in the case of the Chief Financial Officer, and 110% in the case of each of the other executive officers) plus benefits continuation to the affected executive officer in the event his or her employment is terminated involuntarily without cause. Payments under these agreements are to be reduced by the amount of any payments made under the Change of Control Severance Plan described in the next paragraph. Each executive officer's agreement also provides for the payment of a retention bonus of 10% of salary, paid in cash, stock or any combination, if the executive officer stays with the Company until January 5, 2004 or is terminated involuntarily without cause prior to January 5, 2004. On January 5, 2004, the Company paid the retention bonus with shares of Geron Common Stock with a market value of \$10.10 per share.

In November 2004, the Company paid \$250,465 to William D. Stempel in connection with his employment agreement. Mr. Stempel left the Company in November 2004.

In September 2002, the Board of Directors approved a Change of Control Severance Plan (the Severance Plan) that became effective on January 21, 2003. The Severance Plan applies to all employees, and provides for each employee to receive a severance payment upon a triggering event following a change of control. A triggering event is defined as an event where (i) an employee is terminated by the Company without cause in connection with a change of control or within 12 months following a change of control; or (ii) an employee is not offered comparable employment (new or continuing) by the Company or the Company's successor or acquirer within 30 days after

14

the change of control or any employment offer is rejected; or (iii) after accepting (or continuing) employment with the Company after a change of control, an employee resigns within six 6 months following a change of control due to a material change in the terms of employment. Severance payments range from two to 18 months of base salary, depending on the employee's position with the Company.

In the event of a merger, acquisition or similar change in control of the Company, the 1992 Stock Option Plan, the 1996 Directors' Stock Option Plan and the 2002 Equity Incentive Plan provide that each outstanding option will accelerate so that each option will be fully exercisable for all of the shares subject to such option immediately prior to the effective date of the transaction. In addition, upon the occurrence of such transaction, the 2002 Plan provides that all of the outstanding repurchase rights of the Company with respect to shares of Common Stock acquired upon exercise of options granted under the 2002 Plan will terminate.

Compensation Committee Interlocks and Insider Participation

Dr. Barkas and Mr. Zenner both served on the Compensation Committee for the fiscal year ended December 31, 2004. With the exception of Dr. Barkas' term as President and Chief Executive Officer of the Company from May 1992 until May 1993, neither Dr. Barkas nor Mr. Zenner is a former or current officer or employee of the Company or any of its subsidiaries. None of our executive officers serves as a member of a compensation committee of any entity that has one or more executive officers serving as a member of our Board of Directors or Compensation Committee.

COMPENSATION COMMITTEE REPORT⁽¹⁾

The Compensation Committee of the Board of Directors (the Committee) is responsible for making recommendations and taking actions concerning salaries and incentive compensation of officers and employees of the Company, including the award of stock options under the Company's stock option plan. In particular, the Committee evaluates the performance of management and determines the compensation of the Chief Executive Officer and other executive officers on an annual basis. Executive officers who are also directors are not present during the discussion of their compensation.

Philosophy

The Company's executive compensation philosophy is to attract and retain executive officers capable of leading the Company to fulfillment of its business objectives by offering competitive compensation opportunities that (i) attract, reward and retain officers and (ii) motivate officers to achieve short-term and long-term corporate goals that enhance stockholder value. Accordingly, the Company's executive compensation policies include:

Edgar Filing: GERON CORPORATION - Form DEF 14A

competitive pay practices, taking into account the pay practices of life science and pharmaceutical companies with which the Company competes for talented executives and are included in the Nasdaq-Pharmaceutical Index;

annual incentive programs which are designed to encourage executives to focus on the achievement of specific short-term corporate goals as well as longer-term strategic objectives; and

equity-based incentives designed to motivate executives over the long-term, to align the interests of management and stockholders and to ensure that management is appropriately rewarded for achievements which benefit the Company's stockholders.

In the biopharmaceutical industry, many traditional measures of corporate performance, such as earnings per share or sales growth, may not readily apply in reviewing performance of executives. Because of the Company's current stage of development, the Committee evaluates other indications of performance, such as progress of the Company's research and development programs and corporate development activities, as well as the Company's

- (1) This Section is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, or the Securities Exchange Act of 1934, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

15

success in securing capital sufficient to enable the Company to continue research and development activities. These considerations necessarily involve an assessment by the Committee of individual and corporate performance. In addition, total compensation paid by the Company to its executive officers is designed to be comparable to compensation packages paid to the management of other companies of comparable size in the biopharmaceutical industry. Toward that end, the Committee may review both independent survey data, such as studies provided by the Radford Biotech Survey, as well as data gathered internally. The Company targets its compensation at the 50th percentile of the range of compensation of similarly situated employees, based upon data provided by such surveys and data.

Chief Executive Officer and Other Executive Officers Compensation

Compensation for each of the Company's executive officers, including the Chief Executive Officer, generally consists of three elements:

Base Salary: Base salary ranges are reviewed annually and adjustments are made at the beginning of the fiscal year to reflect changes in job description or market conditions. When establishing or reviewing compensation levels for each executive officer, the Committee considers numerous factors, including the qualifications of the executive, his or her level of relevant experience, specific operating roles and duties and strategic goals for which the executive has responsibility.

Cash Bonus: Cash bonuses are awarded on a discretionary basis, usually following the Company's fiscal year-end, and are based on the achievement of corporate and individual goals set by the Board and the Company's Chief Executive Officer at the beginning of the year, as well as the financial condition of the Company.

Stock Option Grants: The Company has used the grant of options under its 2002 Equity Incentive Plan to underscore the common interests of stockholders and management. Options granted to executive officers are intended to provide a continuing financial incentive to maximize long-term value to stockholders and to make each executive's total compensation opportunity competitive. In addition, because stock options generally become exercisable over a period of several years, options encourage executives to remain in the long-term employ of the Company. In determining the size of an option to be granted to an executive officer, the Committee takes into account an officer's position and level of responsibility within the Company, the officer's existing stock and option holdings, and the potential reward to the officer if the stock price appreciates in the public market.

The determination by the Compensation Committee of the Chief Executive Officer's remuneration is based upon methods consistent with those used for other executive officers. The Committee considers certain quantitative factors, including the Company's financial, strategic, and operating performance for the year as well as certain qualitative criteria including leadership qualities and management skills, as exhibited by innovations, time and effort devoted to the Company and other general considerations in determining appropriate compensation of the Chief Executive Officer.

Edgar Filing: GERON CORPORATION - Form DEF 14A

In setting the compensation payable for the 2005 fiscal year to the Company's President and Chief Executive Officer, Thomas B. Okarma, and the other executive officers, the Committee reviewed the importance of each executive officer's individual achievement in meeting the Company's goals and objectives set during the prior fiscal year as well as the overall achievement of the goals by the entire company. These goals included the progressive development of the Company's product development programs, establishment of collaborative partnerships and the obtainment of additional funding for the Company's operations. Specifically, the Compensation Committee concluded that the Company successfully achieved many of its objectives through:

- closing of a financing resulting in net proceeds of \$39.9 million;
- continued strengthening of intellectual property position;
- positive preliminary results from the telomerase cancer vaccine clinical study;
- continued progress in the telomerase inhibition drug development program; and
- continued progress in development of human embryonic stem cell programs.

16

The Compensation Committee believes that the continued commitment and leadership of the Company's executive officers through fiscal year 2004 were and continue to be important factors in the Company's achievements.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the U.S. Internal Revenue Code limits the tax deductibility by a corporation of compensation in excess of \$1 million paid to any of its five most highly compensated executive officers. However, compensation which qualifies as performance-based is excluded from the \$1 million limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals under a plan approved by stockholders.

The Compensation Committee does not presently expect total cash compensation payable for salaries to exceed the \$1 million limit for any individual executive. Having considered the requirements of Section 162(m), the Compensation Committee believes that stock option grants to date meet the requirement that such grants be performance-based and are, therefore, exempt from the limitations on deductibility. The Compensation Committee will continue to monitor the compensation levels potentially payable under the Company's cash compensation programs, but intends to retain the flexibility necessary to provide total cash compensation in line with competitive practice, the Company's compensation philosophy and the Company's best interests.

This report is submitted by the Compensation Committee.

AUDIT COMMITTEE REPORT⁽¹⁾

The Audit Committee of Geron Corporation's Board of Directors is comprised of three independent directors as required by the listing standards of the National Association of Securities Dealers (NASD). The Audit Committee operates pursuant to a written charter adopted and amended by the Board of Directors in March 2005. A copy of the Committee's amended and restated charter is available on the Company's website at <http://www.geron.com> or to any stockholder otherwise requesting a copy and is attached to this proxy statement as Appendix A.

The members of the Audit Committee are Messrs. Walker (Chairman), Fritzky and Kiley. The Board has determined that all members of the Committee are financially literate as required by the NASD. The Board has also determined that Mr. Walker is an audit committee financial expert as defined by the NASD.

The primary function of the Audit Committee is to provide advice with respect to the Company's financial matters and to assist the Board of Directors in fulfilling its oversight responsibilities regarding (i) the quality and integrity of the Company's financial statements, (ii) the Company's compliance with legal and regulatory requirements, (iii) the qualifications and independence of the independent accounting firm

Edgar Filing: GERON CORPORATION - Form DEF 14A

serving as auditors of the Company, and (iv) the performance of the Company's independent auditors. The Audit Committee's primary duties and responsibilities relate to:

maintenance by management of the reliability and integrity of the accounting policies and financial reporting and financial disclosure practices of the Company;

establishment and maintenance by management of processes to assure that an adequate system of internal controls is functioning within the Company; and

retention and termination of the independent auditors.

Management is responsible for the Company's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee hereby reports as follows:

- 1) The Audit Committee has reviewed and discussed the audited financial statements of the Company as of and for the year ended December 31, 2004 with management and the independent auditors.
- 2) The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), other professional standards, membership provisions of the SEC Practice Session, and other SEC rules, as currently in effect.
- 3) The Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect, and it has discussed with the auditors their independence from the Company.

-
- (1) This Section is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, or the Securities Exchange Act of 1934, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

19

- 4) The Audit Committee has considered whether the independent auditors' provision of non-audit services to the Company is compatible with maintaining the auditors' independence.

Based on the reports and discussions described above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2004, for filing with the Securities and Exchange Commission.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

The Audit Committee maintains policies and procedures for the pre-approval of work performed by the independent auditors. Under the Audit Committee's charter, all auditor engagements must be approved in advance by the Audit Committee. All engagements require consideration and approval by the full Audit Committee. The Chairman of the Audit Committee must be notified at any time the fees for a specific project exceed

Edgar Filing: GERON CORPORATION - Form DEF 14A

20% over the approved budget for authorization to continue the project. Management recommendations will be considered in connection with such engagements, but management will have no authority to approve engagements. At each quarterly Audit Committee meeting, management prepares a schedule of all fees paid to Ernst & Young LLP during the previous quarter and estimated fees for projects contemplated in the following quarter.

Upon recommendation by the Audit Committee, the Board of Directors selected Ernst & Young LLP to act in the same capacity for the fiscal year ending December 31, 2005. The Company has been informed by Ernst & Young LLP, to the best of their knowledge, that neither the firm nor any of its members or their associates has any financial interest, direct or indirect in the Company or its affiliates. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions from the stockholders.

Audit Fees and All Other Fees

The Audit Committee approved 100% of all audit, audit related, tax and other services provided by Ernst & Young LLP in 2004. CORPORATE GOVERNANCE

The Company has an ongoing commitment to good governance and business practices. In furtherance of this commitment the Company regularly monitors developments in the area of corporate governance and reviews its processes and procedures in light of such developments. The Company complies with the rules and regulations promulgated by the Securities and Exchange Commission (SEC) and the National Association of Securities Dealers (NASD), and implements other corporate governance practices as it believes are in the best interest of the Company and its stockholders. The Company believes that it has in place policies, which are designed to enhance our stockholders' interests.

Code of Conduct

In 2003, the Company adopted a Code of Conduct (the Code of Conduct), which is available in its entirety on the Company's website at <http://www.geron.com> and to any stockholder otherwise requesting a copy. All Company employees, officers, and directors, including the Chief Executive Officer and Chief Financial Officer, are required to adhere to the Code of Conduct in discharging their work-related responsibilities. Employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Code of Conduct. Amendments to the Code of Conduct, and any waivers from the Code of Conduct granted to directors or executive officers, will also be made available through the Company's website as they are adopted.

In keeping with the Sarbanes-Oxley Act of 2002, the Audit Committee has established procedures for receipt and handling of complaints received by the Company regarding accounting, internal accounting controls or auditing matters. Contact information for the Chairman of the Audit Committee has been distributed to all employees to allow for the confidential, anonymous submission by its employees of concerns

regarding accounting or auditing matters.

The Board of Directors

One class of the Board is elected annually, and each of our directors stands for election every three years. Presently the Board is comprised of six directors, one of whom is an executive officer and five of whom have been affirmatively determined by the Board to be independent, meeting the objective requirements set forth by the NASD and the SEC, and having no relationship, direct or indirect, to the Company other than as stockholders or through their service on the Board.

The Board maintains three committees whose functions are described on page 5 of this Proxy Statement. Committee membership is determined by the Board, and all committee members are independent directors as determined by the Board. Each committee maintains a written charter detailing its authority and responsibilities. These charters are reviewed periodically as legislative and regulatory developments and business circumstances warrant and are available in their entirety on the Company's website at <http://www.geron.com> and to any stockholder otherwise requesting a copy. The Nominating Committee Charter was adopted by the Board of Directors in March 2004.

Stockholders wishing to communicate with the Board of Directors, or with a specific Board member, may do so by writing to the Board, or to the particular Board member, and delivering the communication in person or mailing it to: Board of Directors, c/o David L. Greenwood, Corporate Secretary, Geron Corporation, 230 Constitution Drive, Menlo Park, CA 94025. All mail addressed in this manner will be delivered to the Chair or Chairs of the Committees with responsibilities touching most closely on the matters addressed in the communication. From time to time, the Board may change the process by means of which stockholders may communicate with the Board or its members. Please refer to the Company's website for any changes in this process.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities (collectively Reporting Persons), to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Reporting Persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

21

To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, the Company believes that during fiscal year ended December 31, 2004, all Reporting Persons complied with the applicable filing requirement on a timely basis.

Stockholder Nominations and Proposals for 2006 Annual Meeting

The Company expects to hold its 2006 Annual Meeting of Stockholders in May 2006. All proposals of stockholders intended to be presented at the 2006 Annual Meeting of Stockholders must be directed to the attention of the Company's Secretary, at the address set forth on the first page of this proxy statement, so that they are received by December 1, 2005, if they are to be considered for possible inclusion in the proxy statement and form of proxy used in connection with such meeting. In compliance with the Securities Exchange Act Rule 14a-8, stockholders wishing to submit proposals or director nominations that are not to be included in such proxy statement and proxy must do so by January 9, 2006. In addition, the Company's Bylaws provide for notice procedures to recommend a person for nomination as a director and to propose business to be considered by stockholders at a meeting. Copies of the Company's Bylaws may be obtained from the Company's Secretary.

Stockholders who wish to submit a proposed nominee to the Nominating Committee (the Committee) should send written notice to Dr. Alexander Barkas, Nominating Committee Chairman, Geron Corporation, 230 Constitution Drive, Menlo Park, CA 94025, within the time periods set forth above. Such notification should set forth all information relating to such nominee as is required to be disclosed in solicitations of proxies for elections of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the Exchange Act), including such person's written consent to being named in the Proxy Statement as a nominee and to serving as a director if elected, the name and address of such stockholder or beneficial owner on whose behalf the nomination is being made, and the class and number of shares of the Company owned beneficially and of record by such stockholder or beneficial owner. The Committee will consider stockholder nominees on the same terms as nominees selected by the Committee.

The Committee believes that nominees for election to the Board must possess certain minimum qualifications and attributes. The nominee: 1) must meet the objective independence requirements set forth by the SEC and NASD, 2) must exhibit strong personal integrity, character and ethics, and a commitment to ethical business and accounting practices, 3) must not be involved in on-going litigation with the Company or be

Edgar Filing: GERON CORPORATION - Form DEF 14A

employed by an entity which is engaged in such litigation, and 4) must not be the subject of any on-going criminal investigations, including investigations for fraud or financial misconduct. In addition, the Committee may consider the following criteria, among others:

- (i) experience in corporate management, such as serving as an officer or former officer of a publicly held company, and a general understanding of marketing, finance and other elements relevant to the success of a publicly traded company in today's business environment;
- (ii) experience in the Company's industry and with relevant social policy concerns;
- (iii) experience as a board member of another publicly held company;
- (iv) academic expertise in an area of the Company's operations; and
- (v) practical and mature business judgment, including ability to make independent analytical inquiries.

Directors are expected to rigorously prepare for, attend and participate in Board meetings and meetings of the Committees of the Board of Directors on which they serve, to ask direct questions and require straight answers, and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities and duties as directors. Each Board member is expected to ensure that other existing and planned future commitments do not materially interfere with the member's service as an outstanding director.

Except as set forth above, the Committee does not currently have a formal policy regarding the handling or consideration of director candidate recommendations received from a stockholder, or a formal process for identifying and evaluating nominees for directors (including nominees recommended by stockholders). These issues will be considered by the Committee, which will then make a recommendation to the Board.

22

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

By Order of the Board of Directors,

David L. Greenwood
Secretary

APPENDIX A

**GERON CORPORATION
AMENDED AND RESTATED AUDIT COMMITTEE CHARTER
AS ADOPTED ON MARCH 11, 2005**

I. Purpose

The primary function of the Audit Committee (the "Committee") is to assist the Board of Directors (the "Board") in fulfilling its oversight responsibilities relating to: the integrity of the financial statements and other financial information provided by Geron Corporation (the "Company") to any governmental body or the public; the Company's system of internal controls regarding finance, accounting, and financial reporting; the Company's compliance with legal and regulatory requirements and with ethics policies that management and the Board have established; the qualifications, independence, and performance of the Company's independent auditors; and the Company's accounting and financial reporting processes generally. Consistent with this function, the Committee encourages continuous improvement of the Company's policies, procedures and practices at all levels. The Committee's primary duties and responsibilities are to:

Serve as an independent and objective party to monitor the Company's financial reporting process and internal control system and report the results of its activities to the Board.

Review and appraise the audit and review efforts of the Company's independent auditors.

Provide a free and open avenue of communication among the independent auditors, financial and senior management, employees, and the Board of Directors.

In discharging this oversight role, the Committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company and the authority to obtain advice from and engage independent counsel, accounting and other advisers, as it determines necessary to carry out its duties.

The Committee will primarily fulfill these responsibilities by carrying out the activities enumerated in Section IV of this Charter.

II. Composition

The Committee shall be comprised of three or more Directors as determined by the Board, each of whom shall be independent directors, and free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Committee.

To qualify as an independent Director, a Director must meet all of the following criteria at all times:

The Director is not currently an employee of the Company and has not been an employee in the last five years.

The Director is not and has not in the past five years been part of an interlocking directorate in which the CEO or other executive officer of the Company serves on the compensation committee of another corporation that employs the Director.

The Director is not a paid consultant to the Company, and receives no consulting, advisory, or other compensatory fee from the Company other than for service as a Director and/or a member of Board committees.

The Director is not an immediate family member of a person who is or in the past five years was an employee of the Company, a part of such an interlocking directorate, a paid consultant or a recipient of any such compensatory fee.

All members of the Committee shall have a working familiarity with basic finance and accounting practices and be able to read and understand financial statements at the time of their appointment. At least one member of the Committee shall have accounting or related financial management expertise. Committee members are

encouraged to enhance their familiarity with finance and accounting by participating in educational programs conducted by the Company or an outside consultant.

The members of the Committee shall be elected by the Board annually and shall serve until their successors are duly elected and qualified. Unless a Chairman is elected by the full Board, the members of the Committee may designate a Chairman by majority vote of the full Committee membership.

III. Meetings

The Committee shall meet at least five times annually, or more frequently as circumstances dictate. As part of its responsibility to foster open communication, the Committee should meet at least annually with management and the independent auditors in separate executive sessions to discuss any matters that the Committee or either of these groups believe should be discussed privately. The Committee or its Chairman should meet with the independent auditors and management quarterly to review the Company's financial statements consistent with Section IV below. The Committee shall submit the minutes of all meetings of the Committee to, or discuss the matters discussed at each Committee meeting with, the Board of Directors.

IV. Responsibilities and Duties

In carrying out its responsibilities, the Committee will endeavor to ensure that the corporate accounting and reporting practices of the Company are in accordance with all requirements and are of the highest quality. While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the Company. The independent auditors are responsible for auditing the Company's financial statements and for reviewing the Company's unaudited interim financial statements.

- D. At least annually, obtain and review a report by the independent auditors describing:

The independent auditing firm's internal quality control procedures;

Any material issues raised by the most recent internal quality control review or peer review of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues; and

A-3

- E. To the extent not already established, establish regular and separate systems of reporting to the Committee by each of management and the independent auditors regarding significant judgments made in the preparation of the Company's financial statements and the view of each as to the appropriateness of such judgments.
- F. Review with the independent auditors and management the adequacy and effectiveness of the Company's accounting, financial, disclosure and other controls, both internal and external, of the Company, including the Company's policies and procedures to assess, monitor, and manage business risk and the Company's legal and ethical compliance programs, and elicit any recommendations for the improvement of such internal control procedures or particular areas where new or more detailed controls or procedures are desirable. Particular emphasis should be given to the adequacy of such internal controls to expose any payments, transactions, or procedures that might be deemed illegal or otherwise improper.

4. *Review of Compliance.*

The Committee shall:

- A. Establish, review periodically and update as necessary a Code of Ethical Conduct, ensure that management has established a system to enforce the Code, and review management's monitoring of the Company's compliance with the Code.
- B. Review the adequacy of and management's implementation and monitoring of the Company's review system to ensure that the Company's financial statements, reports and other financial information disseminated to governmental organizations and the public satisfy legal requirements.
- C. Receive from the Company's counsel reports of evidence of material violations of securities laws or breaches of financial duties and review the Company's compliance policies and practices, including corporate securities trading policies.
