PROXY STATEMENT

ELECTRONIC CLEARING HOUSE, INC.
730 PASEO CAMARILLO, CAMARILLO, CA 93010

ANNUAL MEETING OF SHAREHOLDERS
July 2, 2007

This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of Electronic Clearing House, Inc., a Nevada corporation, for use at the Annual Meeting of shareholders (the "Meeting") which will be held on July 2, 2007 at 10:00 a.m., local time, at its corporate offices located at 730 Paseo Camarillo, Camarillo, California 93010. The approximate mailing date of this Proxy Statement is June 1, 2007.

PROXIES

The shares represented by proxy in the form solicited by our Board of Directors will be voted at the Meeting if the proxy is returned to us properly executed. Where a choice is specified with respect to the matter being voted upon, the shares represented by the proxy will be voted in accordance with such specification. The proxy may specify approval or disapproval of the nominee for director of our company, or may withhold authority to vote for such nominee for director, and for the approval of the other proposals described herein. **If your shares are held in "street name" (i.e., in the name of your broker or bank as the holder of record), you must obtain a proxy, executed in your favor, from the holder of record in order to be able to vote at the Meeting.**

It is intended that shares represented by proxies in the accompanying form will be voted for the election of the person listed below under "Election of Directors". Although the Board of Directors does not know whether any nominations will be made at the Meeting other than those set forth herein, if any such nomination is made, or if votes are cast for any candidates other than those nominated by the Board of Directors, the persons authorized to vote shares represented by executed proxies in the enclosed form (if authority to vote for the election of directors or for any particular nominee is not withheld) will have full discretion and authority to vote for all of the nominees for the Board of Directors, as provided in the proxy. We are not aware of any matters to be voted upon at the Meeting other than as stated in this proxy statement and in the accompanying Notice of Annual Meeting of shareholders. If any other matters are properly brought before the Meeting, the enclosed proxy gives authority to the persons named in such proxy to vote the shares in their best judgment.

If you are a shareholder of record (i.e., your shares are registered in your name), you may revoke your proxy at any time before the meeting either by filing with our Secretary, at our principal executive offices, a written notice of revocation or a duly executed proxy bearing a later date, or by attending the Annual Meeting and expressing a desire to vote your shares in person. However, attendance at the Meeting will not constitute a revocation of a proxy. If your shares are held in "street name," the holder of record may revoke a proxy in the same manner as described above.

We will bear the cost of soliciting proxies. In addition, we may reimburse brokerage firms and other firms representing beneficial owners of shares for their expenses in forwarding solicitation materials to the beneficial owners. Proxies may also be solicited by certain of our directors, officers and regular employees, without additional compensation, personally or by telephone or telegram.

Please MARK, SIGN and DATE the enclosed proxy card and RETURN it by June 22, 2007, in the enclosed envelope provided for this purpose.

On May 11, 2007, the record date for determining shareholders entitled to vote at the Annual Meeting of shareholders, we had outstanding and entitled to vote at the Meeting 6,864,491 shares of Common Stock, par value \$.01 per share (the "Common Stock"). Each share of Common Stock is entitled to one vote on any matter brought before the Meeting, including election of the directors. Our Articles of Incorporation and Bylaws do not contain any provision for cumulative voting and no provision of applicable law requiring cumulative voting is applicable to your shares.

The required quorum for the transaction of business at the Meeting is a majority of the shares of Common Stock outstanding on the record date. Shares that are voted "for" or "against", or are "withheld" from a matter are treated as being present at the Meeting for purposes of establishing a quorum and are also treated as votes eligible to be cast by the holders of Common Stock present in person or represented by proxy at the Meeting and entitled to vote. Abstentions will be counted for purposes of determining both the presence or absence of a

quorum for the transaction of business and the total number of votes cast with respect to a particular matter. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, however, such broker non-votes will not be considered votes cast for or against a particular matter and, accordingly, will not affect the determination as to whether the requisite majority of votes cast has been obtained with respect to a particular matter. The two nominees for director receiving the highest number of votes of the holders of a majority of our shares present and entitled to vote, in person or by proxy, will be elected. Each of the other proposals must receive the affirmative vote of the holders of a majority of our shares present and entitled to vote, in person or by proxy, to be adopted.

Officers

Our officers are appointed by the Board of Directors and serve at the discretion of the Board of Directors.

Compensation of Directors

The general policy of the Board is that compensation for independent directors should be cash or equity-based compensation, depending upon the desire of the specific director. We do not pay management directors for Board service in addition to their regular employee compensation. The Compensation Committee, which consists solely of independent directors, has the primary responsibility for reviewing and considering any revisions to director compensation. The Board reviews the committee's recommendations and determines the amount of director compensation. The committee can engage the services of outside advisers, experts, and others to assist the committee in determining director compensation. During 2006, the committee did not use an outside adviser to aid in setting director compensation.

The Board followed the recommendation of the Compensation Committee and maintained director compensation at the same levels in 2006 as was paid in 2005. In fiscal 2006, Messrs. Georgantas, Lucas, and Field each received \$55,000 and Mr. Terzian received \$50,000. Mr. Lockhart received 4,514 shares of restricted common stock which was deposited into a Non-Qualified Deferred Compensation Plan for the account of Mr. Lockhart. In fiscal 2005, Messrs. Georgantas, Lucas and Field each received \$55,000 and Mr. Terzian received \$52,500. Mr. Lockhart, appointed on May 5, 2005, to fill a vacancy on the Board of Directors, received \$8,333 in fiscal 2005. Each outside director received \$48,250 in fiscal 2004 and \$28,000 and 3,031 shares of Common Stock in fiscal 2003. Directors are compensated for all reasonable expenses and are not compensated for special meetings.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy

The philosophy used by the Compensation Committee in establishing compensation for our named executive officers, including the Chief Executive Officer, is to attract and retain key personnel through the payment of competitive-based salaries, annual bonuses and the granting of restricted stock or options. Where appropriate, relocation benefits are paid to attract key individuals. With this philosophy, the salaries of our named executive officers have been negotiated between our company and each executive officer, and were influenced by such factors as salaries paid to similar level executive officers in comparable-sized companies, the availability of

persons with similar abilities and the geographic location of our offices. The companies that the Compensation Committee considers to be similar to us for purposes of making such determination are principally those companies against which we compete for executive personnel. The Compensation Committee believes that it has adequate knowledge of the compensation levels of such other companies as a result of information available to the public, recruitment efforts and compensation negotiations directed at candidates employed by such other companies, as well as data gathered from time to time from surveys, independent consultants and as a result of interactions between our personnel and the personnel of such other companies.

In evaluating annual compensation levels and bonuses for our named executive officers, the Compensation Committee philosophy is to consider, among other factors, the individual, their commitment to being part of a team, and company-wide performance and results against applicable pre-established annual and long-term performance goals, taking into account shareholder return, economic and business conditions, remuneration given to each executive officer in the past and comparative and competitive compensation and benefit performance levels. The Committee also considers our ability to increase salaries paid to our executive officers, taking into account our operating results and overall operations as a whole. Ultimately, the consideration of additional factors and the weight given to any particular factor is within the discretion of the Compensation Committee. As a result of such review, the Compensation Committee made its determinations for annual compensation, bonus and stock-based compensation for each of our executive officers as identified in this proxy statement.

Compensation Elements

Annually, the Compensation Committee reviews its compensation structure and strategy. The Compensation Committee reviews the following executive positions annually: Chief Executive Officer, Chief Financial Officer, President/COO, CIO, CTO, Senior Vice President (6), and Vice President (7). For fiscal year 2006, our compensation package for executive officers consists of three elements which the Compensation Committee decided were appropriate after investigating and evaluating other similar sized companies and seeking input from compensation specialist. The three material compensation elements are base salary, annual bonus and equity awards. The executive officers are also eligible to participate in all of the Company's employee benefit plans.

Base Salary

The Compensation Committee believes base salaries for executive officers should be competitive but not excessive. Accordingly, base salaries are typically in the 50% to 75% percentile range of those paid at similarly sized companies. The Compensation Committee takes several factors into consideration when setting the base pay for any given individual position, such as: experience in the industry, history of compensation prior to coming to the Company, a comparison of similar positions in similar revenue sized companies, a comparison of similar positions in companies that are in the payments industry and the individual's specific knowledge of and long-term value to the Company. For sales specific positions, a base salary may be eliminated in lieu of a commission based compensation program that pays the salesperson according to their accumulated monthly processing volume derived from the business that they have sold on behalf of the Company.

Cash Bonus

The Compensation Committee believes annual cash bonuses are the best way to motivate outstanding performance among the Company's executives each year. An executive's total bonus is offered as a percentage of his/her base salary, generally between 20% and 60%, depending on the level of the executive in the Company. A percent of the annual bonus (40% to 80%) is awarded based upon achievement of a company performance metric and a percent of the executive's bonus (20% to 60%) is awarded based upon the achievement of annual goals that have been mutually set for that executive by his/her supervisor. The Company performance metric has historically been related to Revenue and/or EBITDA. The total bonus percentage and the percentage of the bonus attributable to the Company's performance is highest for the CEO and President positions (80%) and the percentage attributable to the individual's performance is lowest (20%). The bonus percentage is progressively lowered for each level of management and the percentage of the total bonus attributable to the Company's performance is also reduced with each level of management while the percentage attributable to the individual performance increases. Bonuses are paid in the second quarter of the new fiscal year for the prior fiscal year.

Equity Compensation

The Compensation Committee believes the best way to assure longevity and consistency in management is to have an effective equity compensation program under which management can receive equity awards. Prior to 2005, the Company typically made such awards in the form of stock option grants under the Amended and Restated 2003 Incentive Stock Option Plan (the "Plan"). On December 31, 2004, the Company amended the Plan to provide for the issuance of restricted stock grants, and in 2005, the Company made equity awards to its executive officers in the form of restricted stock grants. In 2006, the Company amended its Plan to provide for the 2006 Long Term Incentive (LTI) program, pursuant to which the Company allocated set equity awards for each position that would be deemed to be earned upon achieving a pre-defined EBITDA target over a three-year period ending with fiscal year 2008. A new 3 year LTI plan is established each year and a new equity allocation is made for each executive position. In some instances, a cash award is substituted for an equity award but the amount of cash paid is tied to the same target as those who have equity awards. The allocations under the 2006 LTI plan ranged from a high of 25,000 set aside for the CEO to a low of 2,000 shares, set aside for certain Vice President positions.

(1) Each long-term incentive grant applies to the cumulative performance of the Company over the three fiscal years ending September 30, 2008. Each long-term incentive grant permits the identified Named Executive Officer to receive the number of shares of restricted stock set forth in the table, in addition to cash compensation under certain circumstances, based on the Company's actual performance, as compared to a cumulative total EBITDA (Earnings before Interest, Taxes, Depreciation and Amortization) target set forth by the Board of Directors (the "Performance Target"), for the three fiscal years ending September 30, 2008.

(2) In the event that, as of September 30, 2008, the Company achieves (i) between 70-75% of the Performance Target, the Threshold amount would be \$0, and Mr. Barry would be entitled to receive 12,500 shares of restricted stock, (ii) between 90-110% of the Performance Target, the Target amount would be \$0, and Mr. Barry would be entitled to receive 25,000 shares of restricted stock, and (iii) equal to or greater than 121% of the Performance Target, the Maximum amount would be an amount in cash equal to a pro rata portion of a \$500,000 bonus pool (based on the proportion of Mr. Barry's then current salary as compared to other

officers in the bonus pool), and Mr. Barry would be entitled to receive 25,000 shares of restricted stock. The right to receive the Target amount accelerates in the event of a change of control of the Company (as defined in the 2003 Plan).

(3) In the event that, as of September 30, 2008, the Company achieves (i) between 70-75% of the Performance Target, the Threshold amount would be \$0, and Mr. Harris would be entitled to receive 10,000 shares of restricted stock, (ii) between 90-110% of the Performance Target, the Target amount would be \$0, and Mr. Harris would be entitled to receive 20,000 shares of restricted stock, and (iii) equal to or greater than 121% of the Performance Target, the Maximum amount would be an amount in cash equal to a pro rata portion of a \$500,000 bonus pool (based on the proportion of Mr. Harris's then current salary as compared to other officers in the bonus pool), and Mr. Harris would be entitled to receive 20,000 shares of restricted stock. The right to receive the Target amount accelerates in the event of a change of control of the Company (as defined in the 2003 Plan).

The right to receive the Target amount accelerates in the event of a change of control of the Company (as defined in the 2003 Plan).

(5) In the event that, as of September 30, 2008, the Company achieves (i) between 70-75% of the Performance Target, the Threshold amount would be \$0, and Mr. Wilson would be entitled to receive 2,500 shares of restricted stock, (ii) between 90-110% of the Performance Target, the Target amount would be \$0, and Mr. Wilson would be entitled to receive 5,000 shares of restricted stock, and (iii) equal to or greater than 121% of the Performance Target, the Maximum amount would be an amount in cash equal to a pro rata portion of a \$500,000 bonus pool (based on the proportion of Mr. Wilson's then current salary as compared to other officers in the bonus pool), and Mr. Wilson would be entitled to receive 5,000 shares of restricted stock. The right to receive the Target amount accelerates in the event of a change of control of the Company (as defined in the 2003 Plan).

(6) In the event that, as of September 30, 2008, the Company achieves (i) between 70-75% of the Performance Target, the Threshold amount would be \$0, and Mr. Shankar would be entitled to receive 2,500 shares of restricted stock, (ii) between 90-110% of the Performance Target, the Target amount would be \$0, and Mr. Shankar would be entitled to receive 5,000 shares of restricted stock, and (iii) equal to or greater than 121% of the Performance Target, the Maximum amount would be an amount in cash equal to a pro rata portion of a \$500,000 bonus pool (based on the

proportion of Mr. Shankar's then current salary as compared to other officers in the bonus pool), and Mr. Shankar would be entitled to receive 5,000 shares of restricted stock. Stock Option Plans

On May 13, 1992, our Board of Directors authorized adoption of an Officers and Key Employees Incentive Stock Option Plan (the "1992 Plan"), ratified by the shareholders at the Annual Meeting held July 10, 1992. The 1992 Plan provided for the issuance of up to 81,250 shares of Common Stock underlying stock options, each to purchase one share of the Common Stock for \$3.40 per share, subject to adjustment in the event of stock splits, combinations of shares, stock dividends or the like.

On November 18, 1996, our Board of Directors authorized an increase in the 1992 Plan to 843,750 shares to be subject to stock options, which action was ratified by the shareholders at the Annual Meeting held in February 1997.

On February 4, 1999, our Board of Directors authorized an increase in the 1992 Plan to 1,343,750 shares to be subject to stock options, which action was ratified by the shareholders at the Annual Meeting held in February 1999.

On May 13, 2002, the Plan expired. The 2003 Incentive Stock Option Plan, which provided for the issuance of up to 900,000 shares of Common Stock underlying stock options, was approved by our Board of Directors and by our shareholders at the Annual Meeting of shareholders held on February 3, 2003.

On April 19, 2004, our Compensation Committee approved certain non-material changes to our 2003 Incentive Stock Option Plan.

On December 21, 2004, our Compensation Committee authorized an amendment and restatement of the 2003 Incentive Stock Option Plan to, among other matters, (i) increase the number of shares to be issued under the 2003 Incentive Stock Option Plan from 900,000 shares to 1,150,000 shares, and (ii) permit the grant of restricted stock under the plan.

On April 24, 2006, our Compensation Committee approved a Long Term Incentive Plan, adopted pursuant to our existing incentive stock option plan.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Employment Agreements

On May 11, 2006, we entered into separation agreements with each of our principal executive officers (CEO, CFO and COO) and each of our senior vice presidents whereby, in the event of a change in control of *ECHO* (as defined in each agreement) each such executive officer would be entitled, to the extent they remain employed by us at the time of such change in control, to the following: (i) an acceleration of vesting with respect to all stock option and restricted stock grants then outstanding and not yet vested, (ii) a portion of such executive's anticipated cash or sales commission-based bonus, as applicable, for the fiscal year in which the change in control occurred, and (iii) in the event that the executive is terminated without cause (as defined in each agreement), or ceases to provide services to us (or our successor) as a result of an involuntary termination (as defined in each agreement) within the two year period following the change in control, then the executive would be entitled to a one-time lump sum cash payment equal to a percentage of the executive's anticipated total compensation for the fiscal year in which the change in control occurred, plus continued medical benefits for a period of time following such termination.

With respect to each of Messrs. Barry and Harris, our Chief Executive Officer and Chief Operating Officer, respectively, in the event of their termination without cause or involuntary termination within the two year period following the change in control, they would each be entitled to a one-time lump sum payment equal to two times their anticipated total compensation for the fiscal year in which the change in control occurred, plus continued medical benefits for a period of two years following such termination.

With respect to Ms. Cheung, our Chief Financial Officer, in the event of her termination without cause or involuntary termination within the two year period following the change in control, she would be entitled to a one-time lump sum payment equal to one and one-half times her anticipated total compensation for the fiscal year in which the change in control occurred, plus continued medical benefits for a period of one and one-half years following such termination.

With respect to our senior vice presidents, in the event of their termination without cause or involuntary termination within the two year period following the change in control, they would each be entitled to a one-time lump sum payment equal to one and one-half times the respective executive's anticipated total compensation for the fiscal year in which the change in control occurred, plus continued medical benefits for a period of one and one-half years following such termination.

The provision regarding the acceleration of vesting for previously issued stock option grants is consistent with the standard terms and conditions of our 2003 Incentive Stock Option Plan, as amended, which already provides for such accelerated vesting.

For purposes of the separation agreements, (a) "change in control" means the consummation of (i) a merger or consolidation of the Company with or into another entity or any other corporate reorganization, if more than 50% of the combined voting power (which voting power shall be calculated by assuming the conversion of all equity securities convertible (immediately or at some future time) into shares entitled to vote, but not assuming the exercise of any warrant or right to subscribe to or purchase those shares) of the continuing or surviving entity's securities outstanding immediately after such merger, consolidation or other reorganization is owned, directly or indirectly, by persons who were not shareholders of the Company immediately prior to such merger, consolidation or other reorganization; provided, however, that in making the determination of ownership by the shareholders of the Company, immediately after the reorganization, equity securities which persons own immediately before the reorganization as shareholders of another party to the transaction shall be disregarded; or (ii) the sale, transfer or other disposition of all or substantially all of the Company's assets; (b) Termination for "cause" means termination by reason of: (i) any act or omission knowingly undertaken or omitted by the executive with the intent of causing damage to the Company or its affiliates, its properties, assets or business, or its shareholders, officers, directors or employees, (ii) any act of the executive involving a material personal profit to the executive, including, without limitation, any fraud, misappropriation or embezzlement, involving properties, assets or funds of the Company or any of its subsidiaries, (iii) the Executive's consistent failure to perform his normal duties or any obligation under any provision of this Agreement, in either case, as directed by our Board of Directors, (iv) the conviction of, or pleading nolo contendere to, (A) any crime or offense involving monies or other property of the Company; (B) any felony offense; or (C) any crime of moral turpitude, or (v) the chronic or habitual use or consumption of drugs or

alcoholic beverages; and (c) "involuntary termination" means the executive's cessation of the provision of services to the Company following (i) a material reduction in the executive's function, authority, duties, or responsibilities, without the executive's express written consent; or (ii) a material reduction in salary.

Bonus, Profit Sharing and Other Remuneration Plans and Pension and Retirement Plans

In addition to salary, the Compensation Committee, from time to time, grants stock options and restricted stock grants to executive officers and key personnel pursuant to the 2003 Incentive Stock Option Plan. The Compensation Committee thus views equity-based compensation as an important component of its long-term, performance-based compensation philosophy. Since the value of stock options and grants of restricted stock bears a direct relationship to our stock price, the Compensation Committee believes that stock options and grants of restricted stock motivate executive officers and key personnel to manage us in a manner which will also benefit shareholders. As such, stock options and grants of restricted stock are granted at the current market price. One of the principal factors considered in granting stock options and grants of restricted stock to executive officers or

key personnel is their ability to influence our long-term growth and profitability.

The Compensation Committee has also established a bonus program to reward extraordinary performance that exceeds pre-set goals established for executive officers and key personnel. We believe that such a bonus program provides the incentive to exceed such goals, thereby building shareholder value.

We have a contributory 401(k) Retirement Pension Plan, which covers all employees who are qualified under the plan provisions. In fiscal 2006, we also adopted a non-qualified deferred compensation plan that provides additional retirement investment alternatives for eligible employees and directors and is complementary to our contributory 401(k) Retirement Pension Plan.

Director Compensation

In fiscal 2006, Messrs. Georgantas, Lucas and Field each received \$55,000 and Mr. Terzian received \$50,000. Mr. Lockhart received 4,514 shares of restricted stock pursuant to a Non-Qualified Deferred Compensation Plan adopted by the Company on June 28, 2005. In fiscal 2005, Messrs. Georgantas, Lucas and Field each received \$55,000 and Mr. Terzian received \$52,500. Mr. Lockhart, appointed on May 5, 2005, to fill a vacancy on the Board of Directors, received \$8,333 in fiscal 2005. Each outside director received \$48,250 in fiscal 2004. Directors are compensated for all reasonable expenses and are not compensated for special meetings other than regular meetings.

Report of the Audit Committee of the Board of Directors

The Audit Committee of the Board of Directors is currently composed of Richard D. Field, Aristides W. Georgantas, who serves as the Chairman of the Committee, H. Eugene Lockhart, Herbert L. Lucas, Jr., and Carl R. Terzian. Messrs. Field, Georgantas, Lockhart, Lucas and Terzian are [independent directors] within the meaning of Rule 10A-3 promulgated under the Securities Exchange Act of 1934, as amended, and the NASDAQ Marketplace Rules.

During fiscal 2000, the Audit Committee of the Board of Directors developed a charter for the Audit Committee, which was approved by the full Board on February 4, 2000. The Audit Committee reviews and reassesses the charter annually and recommends any changes to the Board of Directors for approval. After reassessing the provisions of the Audit Committee's prior charter, and in light of changes in the securities laws, rules and regulations, the Audit Committee recommended, and the Board of Directors approved, an Amended and Restated Audit Committee Charter in December 2003. No changes were recommended by the Audit Committee at the end of the fiscal year ended September 30, 2006. The Amended and Restated Audit Committee Charter was filed as Appendix A to our Proxy Statement filed with respect to our 2003 Annual Meeting of shareholders, and is available on our website at www.echo-inc.com.

Among other matters, the Audit Committee:

- Is charged with monitoring the preparation of annual financial reports by management, including discussions with management and independent auditors about draft annual financial statements and significant accounting and reporting matters;
- Is responsible for matters concerning any relationship with our independent auditors, including their appointment or removal; reviewing the scope of their audit services and related fees, as well as any other services being provided to us; and determining whether the independent auditors are independent (based in part on the annual letter provided pursuant to Independence Standards Board Standard No. 1); and
- Oversees management's implementation of effective systems of internal controls, including a review of policies relating to legal and regulatory compliance, ethics and conflicts of interests.

The Audit Committee's duties, responsibilities and powers are identified in its charter. The Audit Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it

deems necessary or appropriate to each of the matters assigned to it under the charter.

In overseeing the preparation of our financial statements, the Committee met with both management and the independent auditors to review and discuss all financial statements prior to their issuance and significant accounting issues. Management has advised the Committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States and the independent auditors have issued their report on the financial statements that such financial statements, present fairly, in all material respects, the financial position, results of operations and cash flows of the Company in conformity with accounting principles generally accepted in the United States of America. The Committee discussed the statements in detail with both management and the independent auditors. The Committee's review included discussion with the independent auditors of matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication with Audit Committees).

18

With respect to our outside auditors, the Committee, among other things, discussed with BDO Seidman, LLP matters relating to its independence, including the written disclosures made to the Committee as required by Independence Standards Board Standard No. 1 (Discussions with Audit Committee).

On the basis of these reviews and discussions, the Committee recommended to the Board that it approve the inclusion of the audited financial statements in our Annual Report on Form 10-K for the fiscal year ended September 30, 2006 for filing with the Securities and Exchange Commission.

PROPOSAL 2

Proposal To Ratify The Selection Of Auditors

The Audit Committee of the Board of Directors has appointed BDO Seidman, LLP, independent certified public accountants, as our auditors for the current fiscal year. BDO Seidman has no other relationship with or interest in us. A representative of BDO Seidman is expected to attend the meeting and will have the opportunity to make a statement if he or she desires to do so, and is expected to be available to respond to appropriate questions. Shareholders are requested to ratify the appointment of BDO Seidman as our auditors for the current fiscal year.

If the majority of our shareholders present and entitled to vote at the Meeting do not ratify the appointment of BDO Seidman as our auditors for the current fiscal year, BDO Seidman will continue to serve as our auditors for the current fiscal year, and the Audit Committee of the Board of Directors will engage in deliberations to determine whether it is in our best interest to continue BDO Seidman's engagement as our auditors for fiscal 2008.

No disagreements with accountants on accounting and financial disclosure have occurred during the two most recent fiscal years.

On April 14, 2006, our board and its audit committee engaged BDO Seidman, LLP to serve as our independent registered public accounting firm for the year ending September 30, 2006. PricewaterhouseCoopers, LLP previously served as our independent registered public accounting firm until April 13, 2006. From October 1, 2004 through April 13, 2006, we did not consult with BDO Seidman, LLP regarding any of the following:

1. The application of accounting principles to a specified transaction, either completed or proposed;
2. The type of audit opinion that might be rendered on our financial statements, and one of the following was provided to us by BDO Seidman, LLP: (a) a written report, or (b) oral advice that BDO Seidman, LLP concluded was an important factor considered by the company in reaching a decision as to an accounting, auditing or financial reporting issue;
- 3.

Any matter that was the subject of a disagreement, as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K; or

4. A reportable event, as that item is defined in Item 304(a)(1)(v) of Regulation S-K.

The reports of our former independent registered public accounting firm, PricewaterhouseCoopers, LLP, on our financial statements for 2004 and 2005 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principle. In connection with its audits for 2004 and 2005 and through April 13, 2006, there have been no disagreements with PricewaterhouseCoopers, LLP on any matter of accounting principle or practices, financial statement disclosure or auditing scope or procedure, which disagreements if not resolved to the satisfaction of PricewaterhouseCoopers, LLP would have caused it to make reference thereto in its reports on the financial statements for such years. From January 1, 2004 through April 13, 2006, there have been no reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K).

We provided PricewaterhouseCoopers, LLP with a copy of the foregoing disclosures. A copy of PricewaterhouseCoopers, LLP's letter, dated April 13, 2006, stating its agreement with such statements, is incorporated by reference to Exhibit 16.1 attached to the previous report on Form 8-K filed with the SEC on April 18, 2006.

Tax Fees

We did not incur any tax fees from BDO or PricewaterhouseCoopers for the fiscal years ended September 30, 2006 or September 30, 2005, respectively.

All Other Fees

We did not incur any other fees from BDO or PricewaterhouseCoopers for the fiscal years ended September 30, 2006 or September 30, 2005, respectively.

Our Audit Committee is directly responsible for interviewing and retaining our independent accountant, considering the accounting firm's independence and effectiveness, and pre-approving the engagement fees and other compensation to be paid to, and the services to be conducted by, the independent accountant. The Audit Committee does not delegate these responsibilities. During each of the fiscal years ended September 30, 2006 and 2005, respectively, our Audit Committee pre-approved 100% of the services described above.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE IN FAVOR OF THE ABOVE PROPOSALS.
