REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and
Plan Administrator of the
Agilent Technologies, Inc. 401(k) Plan

We have audited the financial statements of the Agilent Technologies, Inc. 401(k) Plan (the Plan) as of December 31, 2013 and 2012, and for the years then ended, as listed in the accompanying table of contents. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Plan's management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2013 and 2012, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules, as listed in the accompanying table of contents, are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

/s/ Moss Adams LLP

AGILENT TECHNOLOGIES, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General The following description of the Agilent Technologies, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established in 2000 by Agilent Technologies, Inc. (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code of 1986 (the Code), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company intends that the Plan be qualified pursuant to Sections 401(a) and 401(k) of the Code.

Administration The Board of Directors of the Company has appointed a Benefits Committee (the Committee) with certain authority to manage the policy, design and administration of the Plan. The Company has contracted with Fidelity Management Trust Company (Fidelity) to act as the trustee and an affiliate of Fidelity to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Company.

Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments valuation and income recognition Investments of the Plan are held by Fidelity, as trustee, and invested based solely upon instructions received from participants.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount the participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment to fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

AGILENT TECHNOLOGIES, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Notes receivable from participants Notes receivable from participants (notes receivable) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Income taxes The Plan has been amended since receiving its latest favorable determination letter dated October 24, 2013. The Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes (ASC 740-10), management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2010.

Risks and uncertainties The Plan provides for various investment options in any combination of investment securities offered by the Plan, including the Company's common stock. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Subsequent events The Plan has evaluated subsequent events through June 25, 2014, which is the date the financial statements were available to be issued.

NOTE 2 STABLE VALUE FUND

Stable Value Fund The Stable Value Fund's objective is to protect principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit. To achieve this, the Stable Value Fund invests in instruments which are not expected to experience significant price fluctuation in most economic or interest rate environments. However, there is no assurance that this objective can be achieved.

The Plan's Stable Value Fund is composed primarily of investments in bank collective funds and synthetic investment contracts (synthetic GICs) and a traditional investment contract (traditional GIC). Since the Stable Value Fund is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investments included in the Stable Value Fund. Contract value represents contributions made plus interest accrued at the contract rate, less withdrawals. Traditional GICs are issued by insurance companies and typically pay a guaranteed fixed or floating rate of interest over the life of the contract with a repayment of principal at maturity. A Synthetic GIC is similar to a Traditional GIC but has unbundled the insurance and investment components of the Traditional GIC. Synthetic GICs consist of various contracts with banks or other institutions which provide for fully benefit-responsive withdrawals and transfers by Plan participants in the Stable Value Fund at contract value. The fund requires 30 days advance written notice prior to redemption at the Plan level.

AGILENT TECHNOLOGIES, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

The Plan's GICs consist of the following (in thousands):

As of December 31, 2013:

Carrier Name	Major credit ratings	Year-end contract value(1)	Investments at fair value (1)	Investment contracts at fair value	Adjustments to contract value (2)
Traditional GIC					
Jackson National Life Insurance	AA/A1/AA	\$ 4,745		\$ 4,809	\$ (64)
Synthetic GICs					
Monumental Life Insurance Co.	AA-/A1/AA-	82,146	\$ 83,785	63	(1,702)
Prudential Insurance Co.	AA-/A1/A+	77,852	79,576		(1,724)
RGA Reinsurance Co.	AA-/A1/A+	84,259	85,881		(1,622)
Total		\$ 249,002	\$ 249,242	\$ 4,872	\$ (5,112)

(1) Note: Total year-end contract value and investments at fair value do not include assets held in cash, which are approximately \$18,784,000 as of December 31, 2013.

(2) Adjustments from fair value to contract value for fully benefit-responsive investment contracts.

As of December 31, 2012:

Carrier Name	Major credit ratings	Year-end contract value	Investments at fair value (1)	Investment contracts at fair value	Adjustments to contract value (2)
Traditional GIC					
Jackson National Life Insurance	AA/A1/AA	\$ 4,664		\$ 4,744	\$ (80)
Synthetic GICs					
Monumental Life Insurance Co.	AA-/A1/AA-	79,853	\$ 84,526	59	(4,732)
Natixis Financial Products Inc.	A/A2/A+	67,712	72,110		(4,398)
RGA Reinsurance Co.	AA-/A1/A+	70,638	73,609		(2,971)
Total		\$ 222,867	\$ 230,245	\$ 4,803	\$ (12,181)

(1) Note: Total year-end contract value and investments at fair value do not include assets held in cash, which are approximately \$18,649,000 as of December 31, 2012.

(2) Adjustments from fair value to contract value for fully benefit-responsive investment contracts.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the contract issuer, but it may not be less than zero. Such interest rates are reviewed on a periodic basis for resetting. The relationship of future crediting rates and the adjustment to contract value reported on the statements of net assets available for benefits is provided through the mechanism of the crediting rate formula. The difference between the contract value and the fair value of the investments of each contract is periodically amortized into each contract's crediting rate. The amortization factor is calculated by dividing the difference between the fair value of the investment and the contract value of the duration of the bond portfolio covered by the investment contract.

AGILENT TECHNOLOGIES, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

The average yields on the fund are as follows for the years ended December 31:

	2013	2012
Average yields:		
Based on actual earnings	2.24%	2.60%
Based on interest rate credited to participants	2.20%	2.48%

The key factors that could influence future interest crediting rates include, but are not limited to: (1) the Plan's cash flows, (2) changes in interest rates, (3) total return performance of the fair market value bond strategies underlying each synthetic GIC contract, (4) default or credit failures of any of the securities, investment contracts or other investments held in the fund, or (5) the initiation of an extended termination of one or more of the synthetic GIC contracts by the contract issuer.

Certain employer initiated events or other external events not initiated by Plan participants will limit the ability of the Plan to transact at contract value with the issuer. Such events include but are not limited to, the following: (1) the Plan's failure to qualify under the Internal Revenue Code of 1986, as amended, (2) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (3) changes to the Plan's prohibition on competing investment options or establishment of a competing plan by the Plan sponsor, (4) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (5) events resulting in a material and adverse financial impact on the contract issuer, including changes in the tax code, laws or regulations. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The synthetic GICs do not permit the contract issuer to terminate the agreement prior to the scheduled maturity date unless there is a breach in contract which is not corrected within the specified cure period.

NOTE 3 FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Basis of fair value measurement

Level 1 Unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 Quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

AGILENT TECHNOLOGIES, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Bank collective funds: Investments are stated at fair value determined as of the close of regular trading. The index funds and U.S. government securities are valued at the net asset value (NAV) of units held as determined by the trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer (see Note 2).

Wrapper contracts: Valued utilizing replacement cost methodology.

Collective trust funds: Valued at the NAV of units held of a bank collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Mutual funds and money market funds: Valued at the NAV of shares held by the Plan at year end based on the closing price reported on the active market on which the individual funds are traded.

Common stocks and employer stock: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

AGILENT TECHNOLOGIES, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2013 and 2012.

NOTE 4 RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by an affiliate of Fidelity, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

As allowed by the Plan, participants may elect to invest a portion of their accounts in the Agilent Technologies Stock Fund (the Fund), which is primarily invested in shares of Company common stock. Investments in the Fund are at the direction of the Plan participants. Participants are not permitted to allocate more than 25% of their total contributions, including Company matching contributions, to the Fund and the maximum amount of the participant's account balance that can be allocated to the Fund is limited to 25% of the participant's account. Effective as of December 28, 2012, the Plan was amended to provide that if a participant's total investment in the Fund is greater than 25% of the participant's total Plan account balance, the amount in excess of the limit must be transferred to a different investment option available under the Plan. If an affected participant did not make an alternative investment election, the amount in excess of the limit was transferred to the Plan's default investment option. The shares of Company common stock are traded in the open market.

AGILENT TECHNOLOGIES, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

The number of shares of the Company common stock in the Fund was 1,074,707 and 1,246,120 as of December 31, 2013 and 2012, respectively. The fair value of the Company common stock included in the Fund was approximately \$61,462,000 and \$51,016,000 at December 31, 2013 and 2012, respectively. The Fund assigns units of participation to those participants with account balances in the Fund. The total number of units in the Fund at December 31, 2013 and 2012 was 1,467,880 and 1,693,270, respectively, and the net unit value was \$42.32 and \$30.37, respectively, at these dates. The Fund is comprised primarily of Company common stock purchased on the open market. The Fund also includes a minor investment in the Fidelity Institutional Money Market Fund.

In January 2012, the Company approved the initiation of a quarterly cash dividend to Company shareholders. As a result, the Company determined that it was desirable to convert the Fund to an Employee Stock Ownership Plan component under the 401(k) Plan (the ESOP). The Company's Compensation Committee approved the ESOP conversion in March 2012 and the Benefits Committee approved it in June 2012. Effective June 27, 2012, the Plan was amended to adopt the ESOP conversion. Under the terms of the ESOP, participants may elect to either receive any dividends in cash or reinvest the dividends into the Fund.

NOTE 5 PARTICIPATION AND BENEFITS

Eligibility Employees who are eligible to participate in the Plan include those employees of the Company and its designated domestic subsidiaries who are on the U.S. dollar payroll and who are employed as regular full-time or regular part-time employees of the Company. There is no waiting period for eligibility.

Participant contributions Upon initially becoming an eligible employee, a participant is deemed to have elected a 3% pre-tax deferral effective on the first day of commencement of participation, unless that employee makes a change to that election in the manner prescribed by the Plan. Participating employees can elect to have the Company contribute up to 50% of their eligible pre-tax or after-tax compensation, not to exceed the amount allowable under the Plan document and current income tax regulations. Participants who elect to have the Company contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable or taxed compensation. Contributions withheld are invested in accordance with the participant's direction. The Plan also allows eligible participants to make a catch-up contribution up to the maximum allowed under current income tax regulations.

Participants are also allowed to make rollover contributions of eligible distributions received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

Employer contributions The Company makes matching contributions as required by the Plan document. In 2013 and 2012, the Company matched 100% of the employee's salary deferral for the first 3% of employee's eligible pre-tax or taxed compensation, and 50% of the employee's salary deferral for the next 2% of employee's eligible pre-tax or taxed compensation. The Company matching contribution was deposited into the individual employee's Plan account after the end of each pay period.

Both employee deferrals and Company contributions in 2013 and 2012 have been made in cash for all funds; however, Company contributions may be made in either cash or common stock of the Company. No Company contributions have been made in the form of common stock of the Company in 2013 and 2012.

AGILENT TECHNOLOGIES, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Vesting Participants are 100% vested in their salary deferrals of eligible pre-taxed or taxed compensation, rollover contributions, and Company matching contributions, subject to the terms of the Plan.

Participant accounts Each participant's account is credited with the participant's salary deferrals of eligible pre-taxed or taxed compensation, Plan earnings or losses and an allocation of the Company's matching contribution. Allocation of the Company's matching contribution is based on participant salary deferrals of eligible pre-taxed or taxed compensation, as defined in the Plan.

Participants can transfer their invested funds among the available investment options and/or change the investment of their future contributions as often as desired. These transfers and changes must be made in whole percent increments. Initial contributions for new hires are automatically invested in the retirement age-appropriate Vanguard Target Retirement Fund, the fund designated as the Plan default fund until the participant makes a change to that investment election.

Payment of benefits Upon termination of employment, the participants or beneficiaries may elect to leave their account balance in the Plan, or receive their total benefits in a lump sum amount equal to the value of the participant's interest in their account, in the form of rollovers or payments in cash and Company stock. The Plan allows for automatic lump sum distribution of participant account balances that do not exceed \$1,000.

Notes receivable from participants The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their account balance. The notes receivable are secured by the participant's balance. Such notes receivable bear interest at a rate fixed at the time of the loan at the prime rate plus one-half percent and must be repaid to the Plan between one year and four years. Generally, notes receivable are repaid semi-monthly via automatic payroll deduction. The Plan allows terminated participants to electronically continue to repay their notes receivable after termination of employment. The specific terms and conditions of such notes receivable are established by the Committee. Outstanding notes receivable at December 31, 2013 carry interest rates ranging from 3.75% to 9.25%.

NOTE 6 INVESTMENTS

The following table is a summary of the fair values of investments and investment funds that represent 5% or more of the Plan's net assets at December 31 (in thousands):

	2013	2012
Pyramid Intermediate Fixed Income Fund	\$ 163,361	\$ *
Pyramid Short Managed Maturing Fund	*	156,635
BlackRock ACWI Ex US Non-Lending Index	130,433	100,541
Fidelity Contrafund	260,286	210,060
Fidelity Low-Priced Stock Funds	157,122	121,072

AGILENT TECHNOLOGIES, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year appreciated in value as follows for the years ended December 31 (in thousands):

	2013	2012
Common stock	\$ 29,558	\$ 15,289
Bank collective funds	9,495	20,542
Collective trust funds	26,300	3,869
Mutual funds	277,581	142,790
	<u>\$ 342,934</u>	<u>\$ 182,490</u>

NOTE 7 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 (in thousands):

	December 31,	
	2013	2012
Net assets available for benefits per the financial statements	\$ 2,312,706	\$ 1,963,659
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	5,112	12,181
Net assets available for benefits at fair value per the Form 5500	<u>\$ 2,312,818</u>	<u>\$ 1,975,840</u>

As described in Note 1, fully benefit-responsive investment contracts are reported at fair value in the Form 5500 and are reported at contract value in the financial statements.

The following is a reconciliation of the affected components of the changes in net assets available for benefits per the financial statements to the Form 5500 (in thousands) for the year ended December 31, 2013:

	Amount per the financial statements	Adjustment to fair value	Amount per the Form 5500
Investment and other income	\$ 400,301	\$ (7,069)	\$ 393,232

NOTE 8 PLAN TERMINATION OR MODIFICATION

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA.

AGILENT TECHNOLOGIES, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 9 SUBSEQUENT EVENTS

In June 2012, the Company acquired Dako, a Denmark based cancer diagnostics company. The Dako 401(k) Plan was merged into the Agilent Plan on May 1, 2014 and approximately \$39 million was transferred into the Plan.

The Agilent Stock Fund will be eliminated as an investment option effective July 31, 2014.

As of August 1, 2014 (the Transaction Date), Agilent Technologies, Inc. will create a wholly-owned subsidiary titled Keysight Technologies, Inc. (Keysight) in order to complete a planned corporate separation of the Keysight operations as of the Transaction Date and subsequent distribution of all outstanding Keysight common stock to Agilent's shareholders as of November 1, 2014. In connection with this transaction, the Keysight Technologies, Inc. 401(k) Plan (the Keysight 401(k) Plan) will be established as of the Transaction Date, and the portion of the assets and liabilities of the Plan attributable to certain Participants in the Keysight 401(k) Plan who had participated in the Plan (Former Agilent Participants) are expected to be transferred to the Keysight 401(k) Plan as of the Transaction Date. On and after the Transaction Date, all Former Agilent Participants' Plan Benefits will be payable from the Keysight 401(k) Plan rather than the Plan.
