This proxy statement pertains to matters to be voted at the 2016 Annual Meeting of Stockholders (the Annual Meeting). Our Annual Meeting will be held at 4:00 p.m. PT on Tuesday, October 25, 2016, at the Silver Legacy Resort, 407 N. Virginia Street, Reno, Nevada 89501, as well as any adjournment thereof. References in this proxy statement to the Company, we, our, and us are to Bakken Resources, Inc.

This proxy statement and the accompanying proxy are being delivered to stockholders on or about October 7, 2016.

Record Date

Common Stock

Holders of record of our shares of common stock, par value \$0.001 per share (Common Stock), at the close of business on September 29, 2016 (the Record Date) are entitled to vote at the Annual Meeting. There were 56,735,350 shares of Common Stock outstanding as of the Record Date. Each common stockholder is entitled to one (1) vote for each share of Common Stock registered in his or her name on the Record Date.

Preferred Stock

Holders of record of our shares of preferred stock, par value \$0.001 per share (Preferred Stock), at the close of business on September 29, 2016 (the Record Date) are entitled to vote at the Annual Meeting. There were 600,000 shares of Preferred Stock outstanding as of the Record Date. Each preferred shareholder is entitled to one hundred (100) votes for each share of Preferred Stock referred in his or her name on the Record Date.

Quorum

The presence, in person or by proxy, of the holders of a majority of the outstanding voting shares of our Common Stock and Preferred Stock entitled to vote at the Meeting is necessary to constitute a quorum. Votes withheld from any nominee for election as a director, abstentions, and broker "non-votes" are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. A "non-vote" occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because, in respect of such other proposal, the nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

Required Vote

Common Stock stockholders are entitled to cast one vote per share on each matter presented for consideration by the stockholders on a non-cumulative basis. Preferred Stock stockholders are entitled to cast one hundred votes per share on each matter presented for consideration by the stockholders on a non-cumulative basis.

Election of Directors. The election of directors by the stockholders shall be determined by a plurality of the votes cast by stockholders entitled to vote at the Meeting, and votes withheld will not be counted toward the achievement of a plurality.

Ratification of Auditors. The affirmative vote of a majority of the shares entitled to vote on such matter is required for the ratification of the appointment of the Company's independent auditors.

The vote on each proposal submitted to stockholders will be tabulated separately. Abstentions will be included in the number of shares present and voting on each proposal. Broker non-votes are not considered and have the practical effect of reducing the number of affirmative votes required to achieve a majority for such proposal by reducing the total number of votes from which the majority is calculated.

A list of stockholders entitled to vote at the Annual Meeting will be available for examination by any stockholder for a proper purpose during normal business hours at the executive offices of the Company for a period of at least 10 calendar days preceding the Annual Meeting.

Voting by Proxy

All shares represented by a proxy will be voted, and where a stockholder specifies a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specification so made. If a stockholder does not indicate a choice on the proxy card, the shares will be voted according to the Board's recommendations contained in this Proxy Statement. Such recommendations favor electing the nominated directors and ratifying DeCoria, Maichel & Teague, P.S. as the Company's independent registered public accountants for the 2016 fiscal year, and in the discretion of the proxy holders on any other matter that comes before the meeting.

If your shares are held by a broker, a bank, some other stockholder of record, in nominee's name, or otherwise by a person exercising fiduciary powers (typically referred to as being held in street name), you may receive a separate voting instruction form with this Proxy Statement. Your broker may vote your shares on the proposal to ratify our independent auditors, but your broker will not be permitted to vote your shares with respect to the election of directors unless you provide instructions as to how to vote your shares. Please note that if your shares are held of record by a broker, a bank, or a nominee and you wish to vote at the meeting, you will not be permitted to vote in person unless you first obtain a proxy issued in your name from your broker, bank, or nominee of record.

Proxy Revocation Procedure

You may revoke your proxy before it has been exercised. In order to revoke your proxy, you must do so either by providing a timely and valid revoking proxy or by voting in person at the Annual Meeting. Providing a timely and valid revoking proxy requires you to (i) give written notice of such revocation to the Secretary of the Company by executing and delivering an additional proxy dated later than all of your previous proxies that have been accepted by the Company, and to (iii) ensure proper delivery with sufficient time to permit the Secretary of the Company to include your proxy revocation in the examination and tabulation required before the vote is taken. Voting in person at the Annual Meeting requires you to (i) attend the Annual Meeting, and (ii) vote in person. Attendance at the Annual Meeting will not in and of itself revoke a proxy. You must also vote.

Voting Results

We will announce preliminary voting results at the annual meeting. Final results will be reported on a Form 8-K filed with the Securities and Exchange Commission shortly thereafter.

PROPOSAL ONE**ELECTION OF DIRECTORS****The Board of Directors**

The Company's business is managed under the direction of its Board of Directors. The Board of Directors has designated as nominees for election to the Board. See Information about Director Nominees below for profiles of the nominees. After the election of the directors at the meeting, the Company's Board will have six directors.

Our directors have a reputation for integrity, honesty, and adherence to high ethical standards, and they believe that the nominated individuals should serve as a director because of the nominees' skills and qualifications. The Board believes that electing the incumbent directors will promote stability and continuity. The Board expects that such directors will make substantial contributions to the Company by virtue of their familiarity with, and insight into, the Company's affairs accumulated during their past experiences.

Each nominee has indicated his or her willingness to serve as the Board of the Company as a director, but if any of them should decline or be unable to act as a director, the proxy holders will vote for the election of another person or persons as the Board of Directors recommends. The Company has no reason to believe that any nominee will be unavailable. ***THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE
FOR AND SOLICITS PROXIES IN FAVOR OF THE NOMINEES LISTED ABOVE***

(ITEM 1 ON THE ENCLOSED PROXY CARD).

CORPORATE GOVERNANCE MATTERS

General

During the year ended December 31, 2015, the Board of Directors met seven (7) times and took no actions by unanimous written consent. The Company has an Audit Committee, and all functions typically reserved to the compensation committee, and the corporate governance committee are conducted on behalf of the Company by the Board. The Company formed an audit committee in December of 2014, but its chairman resigned from the Board during the first quarter of 2015. Board members, Dr. Solange Charas and Doug Williams are currently members of the Company's Audit Committee, and Dr. Charas serves as chair of the Audit Committee.

Code of Business Conduct and Ethics

The Company adopted a Code of Business Conduct and Ethics for Directors, Officers, and Employees, as well as a Code of Ethics for the CEO and Senior Financial Officers. Copies of these Codes are filed as Exhibit 14.1 and Exhibit 14.2, respectively, to Form S-1 filed with the Securities and Exchange Commission on February 26, 2009.

Director Independence

The Company currently has four independent directors as determined by its Board of Directors, and three non-independent directors. In assessing director independence, the Company follows the criteria of the Nasdaq Stock Market Listing Rule 5605(a)(2). The Company's current independent directors are Herman R. Landeis, Bill M. Baber, Solange L. Charas and Douglas Williams.

Director Attendance at Annual Meeting

The Company encourages members of the Board of Directors to attend annual meetings. Part of that encouragement consists of a reimbursement policy that reimburses directors for reasonable out-of-pocket expenses incurred by as a result of attending an annual meeting.

Audit Committee and Financial Expert

The Company has established an Audit Committee in December 2014. The current members of the Audit Committee are Dr. Solange Charas and Douglas Williams. Dr. Charas is the chair of the Audit Committee. Duties of the Audit Committee include recommending a firm of independent certified public accountants to audit the annual financial statements; reviewing the independent auditors' independence, the financial statements, and their audit report; and reviewing management's administration of the system of internal accounting controls. The Company adopted an Audit Committee Charter which is included in the materials filed with the Company's Annual Report on Form 10-K for the fiscal year ending December 31, 2016. Mr. Williams is deemed the financial expert on the Audit Committee.

Compensation Committee; Compensation Committee Interlocks and Insider Participation

The Company does not currently have a Compensation Committee. Each of the Company's non-management directors reviews and considers compensation structure for the Company's management on a yearly basis. Currently, management of the Company consists of one full-time employee and an independent contractor as the Company's CFO. The Company and the Board believe that a Compensation Committee is not required at this time given the limited number of management employees and that matters typically reserved for Compensation Committee consideration can be effectively and efficiently handled by the independent Board members. Typically, non-management, independent directors of the Company review compensation arrangements relating to the Company's management. In the event of any executive-level employee hire (excluding the CEO position), non-management directors review proposed compensation arrangements of such proposed employee and approve material terms of such arrangements.

None of our current directors has or had any related person transaction relationship with the Company of a type that is required to be disclosed under Item 404 of Regulation S-K or our Related Person Transaction Policy, which is described below under the section of this proxy statement titled "Certain Relationships and Related Transactions." None of our executive officers serve as a member of the board of directors of any entity that has one or more executive officers serving as a member of our Board of Directors.

Our non-employee directors each receive a yearly stipend of \$10,000 for services to the Company. In addition, Board committee members receive an additional \$2,500 per year. Non-employee directors may also receive stock option grants as compensation for their services as directors pursuant to individual stock option agreements. We reimburse our directors reasonable expenses in attending Board meetings.

Director Nomination Process

The Board of Directors does not have a nominating committee. The entire Board selects nominees for election because it can do a more efficient job of overseeing the nomination process than just our three independent directors. The Board of Directors' responsibilities include among other things: (i) identifying individuals qualified to become Board members; (ii) recommending to the Board those individuals that should be nominees for election or re-election to the Board or otherwise appointed to the Board (with authority for final approval remaining with the Board); and (iii) developing criteria for evaluating prospective candidates to the Board.

The Board of Directors may identify potential Board candidates from a variety of sources, including recommendations from current directors, management, any other source the Board deems appropriate. The Board may also engage a search firm or a consultant to assist it in identifying, screening, and evaluating potential candidates. The Board has been given sole authority to retain and terminate any such search firm or consultant.

In considering candidates for the Board, the Board evaluates the entirety of each candidate's credentials. The Board considers, among other things: (i) business or other relevant experience; (ii) expertise, skills, and knowledge; (iii) integrity and reputation; (iv) the extent to which the candidate will enhance the objective of having directors with diverse viewpoints, backgrounds, expertise, skills, and experience; (v) willingness and ability to commit sufficient time to Board responsibilities; and (vi) qualification to serve on specialized Board committees.

Board Leadership Structure

Val M. Holms was terminated by the Company as its Chief Executive Officer in May 2016, and the Board has not elected to put forth his seat for nomination to the Board. The Company currently has not specifically designated a lead independent director to replace him. The independent directors (4 of the 7 current members of the Board) have both general and specific areas of expertise that complement the Company's business. Our current independent board consists of an oil field operator, retired appraiser, and tax manager of a large oil and gas company, a specialist in human capital and a financial expert with many years of tax experience. A specific Board member will assume a leading role in any project requiring specific input from a certain member of the Board, and such Board member will be responsible for communicating to the management and the rest of the Board any results or recommendations. The Board intends to carefully evaluate from time to time the status of the Chief Executive Officer and Chairman positions based on what the Board believes is best for the Company and its stockholders.

Board Oversight of Risk

The Board is actively involved in the oversight of risks that could affect the Company. The Board as a whole has responsibility for risk oversight of the Company's risk management policies and procedures. The Board encourages management to promote a corporate culture that incorporates risk management into the Company's day-to-day business operations. The Company conducts periodic comprehensive Board meetings and encourages informal meetings or calls on an as requested or as needed basis.

Communications with the Board of Directors

The Board desires that the views of stockholders will be heard by the Board, its committees (if any), or individual directors, as applicable, and that appropriate responses will be provided to stockholders on a timely basis. The Board believes that informal communications are currently sufficient to communicate questions, comments, and observations that could be useful to the Board. However, stockholders wishing to formally communicate with the Board may send communications directly to the Company at 825 Great Northern Boulevard, Expedition Block, Suite 304, Helena, MT 59601, Attention: Corporate Secretary. Such communications will be screened by the Corporate Secretary for appropriateness before either forwarding to or notifying the members of the Board of receipt of a communication.

Please note that the foregoing procedure does not apply to (i) stockholder proposals pursuant to Exchange Act Rule 14a-8 and communications made in connection with such proposals, or (ii) service of process or any other notice in a legal proceeding. For information concerning stockholder proposals, see "Stockholder Proposals for the 2016 Annual Meeting" on page 12 of this proxy statement.
