Edgar Filing: LEVAN GEORGE - Form 4

- (5) Receipt of shares will be based on a comparison of (x) the change in Skyworks' common stock price to (y) the change in the price of the common stock of companies in a peer group over a three year period. The change in price of each company's common stock will be determined by comparing its average stock price for the 90 day period beginning 11/6/07 to its average stock price for the 90 day period ending 11/6/10. If the percentage change in Skyworks' stock price exceeds the 60th percentile of the peer group, then the "target" metric covering 20,000 shares will be deemed met. If the percentage change in Skyworks' stock price exceeds the 70th percentile of the peer group, then the "stretch" metric covering another 20,000 shares will be deemed met. The reporting person will then receive 50% of the total shares for which the metric(s) was met on 11/6/10 and the remaining 50% of such shares on 11/6/11, so long as he is employed with Skyworks through such date(s).

Note: File three copies of this Form, one of which must be manually signed. If space is insufficient, *see* Instruction 6 for procedure. Potential persons who are to respond to the collection of information contained in this form are not required to respond unless the form displays a currently valid OMB number.
