Proxy Statement

This Proxy Statement has been prepared and is distributed and made available by the board of directors (the “Board of Directors”) of Soligenix, Inc. in connection with the solicitation of proxies for the Annual Meeting of Shareholders (the “Annual Meeting”) to be held at Double Tree Hotel, 4355 US Route 1, Princeton, NJ 08540, at 9:00 a.m., Eastern Daylight Time, on Thursday, June 18, 2015, and any adjournment or postponement thereof for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. Unless the context indicates otherwise, as used in this Proxy Statement, the terms “we,” “us” “our” and “our company” refer to Soligenix, Inc.

This Proxy Statement and the accompanying form of proxy will be distributed to shareholders, and will be made available for viewing, downloading and printing by shareholders at www.proxyvote.com, on or about May 1, 2015. Our Annual Report on Form 10-K for the year ended December 31, 2014 (which does not form a part of the proxy solicitation materials) is being distributed and made available concurrently herewith to stockholders.

Voting Securities; Proxies; Required Vote

Voting Securities

At the Annual Meeting, each holder of record of our common stock, par value \$0.001 per share (“Common Stock”), at the close of business on April 24, 2015 will be entitled to one vote for each share of Common Stock owned on that

date as to each matter presented at the Annual Meeting. On April 24, 2015, 25,714,275 shares of Common Stock were outstanding.

Proxies

You cannot vote your shares at the meeting unless you are present in person or represented by proxy. All properly executed and unrevoked proxies that are received in time for the meeting will be voted at the meeting or any adjournment or postponement thereof in accordance with instructions thereon, or if no instructions are given, will be voted as follows:

1. "FOR ALL" in the election of all of the named nominees as directors;
2. "FOR" the approval of our 2015 Equity Incentive Plan (the "2015 Plan");
3. "FOR" the ratification of EisnerAmper LLP as our independent registered public accountants for the year ending December 31, 2015; and
4. In accordance with the judgment of the persons appointed as proxies with respect to other matters which properly come before the Annual Meeting.

You may revoke a proxy by written notice to us at any time prior to exercise of the proxy. In addition, although mere attendance at the Annual Meeting will not revoke a proxy, you may withdraw your proxy by doing so in person.

Voting Your Proxy

Whether or not you plan to attend the Annual Meeting, you may vote your shares via Internet, telephone or mail as more fully described below:

By Internet: Go to www.proxyvote.com and follow the instructions (have your proxy card available);

By Telephone: Call 1-800-690-6903 and follow the voice prompts (have your proxy card available); and

By Mail: If you have received a proxy card, mark your vote, sign your name exactly as it appears on your proxy card, date your card and return it in the envelope provided.

Required Vote

1. The affirmative vote of the holders of a plurality of the shares of Common Stock represented at the Annual Meeting in person or by proxy is required for each nominee to be elected as a director in the election of directors.
2. The affirmative vote of the holders of a majority of the shares of Common Stock represented in person or by proxy at the meeting is required to approve the 2015 Equity Incentive Plan.
3. The affirmative vote of the holders of a majority of the shares of Common Stock represented in person or by proxy at the meeting is required for the ratification of the appointment of EisnerAmper LLP as the independent registered public accountants for the fiscal year ending December 31, 2015.

Stockholders are not allowed to cumulate their votes in the election of directors. In voting on the election of directors, abstentions and broker non-votes (which occur when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner) will be disregarded and not treated as votes cast and, therefore, will not affect the outcome of the election. Abstentions will have the same effect as votes against the proposals (1) to approve the our 2015 Plan and (2) to ratify the appointment of EisnerAmper LLP, but broker non-votes will not be counted as votes against such proposals or as shares present or represented at the meeting for these proposals.

Quorum

The required quorum for the transaction of business at the Annual Meeting is a majority of the voting power of shares of Common Stock issued and outstanding on the record date. Shares represented in person or by proxy (including shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval) will be counted for purposes of determining whether a quorum exists at the meeting.

Brughera, DVM, Gregg A. Lapointe, CPA, Robert J. Rubin, MD, and Jerome Zeldis, MD, PhD for election to the Board of Directors.

If any nominee is unable to be a candidate when the election takes place, the shares represented by valid proxies will be voted in favor of such substitute nominee as the Board of Directors recommends or to allow the vacancy to remain open until filled by the Board of Directors, as determined by the Board of Directors. The Board of Directors does not currently anticipate that any nominee will be unable to be a candidate for election. Dr. Brughera earned his degree in veterinary medicine from the University of Milan and is a European Registered Toxicologist.

Pursuant to our February 11, 2009 stock purchase agreement with Sigma-Tau Pharmaceuticals, Inc. ("Sigma-Tau"), as long as Sigma-Tau beneficially owns at least 10% of our issued and outstanding shares of Common Stock, we are required to use our best efforts to secure the election of a Sigma-Tau designee to our Board of Directors. In view of Dr. Brughera's background in the areas of drug discovery and development and his experience as an executive officer and a director in the pharmaceutical industry, the Nominating Committee accepted Dr. Brughera as Sigma-Tau's designee for election to the Board of Directors.

Board Leadership Structure

Our Board of Directors believes that Dr. Schaber's service as both the Chairman of our Board of Directors and our Chief Executive Officer is in the best interest of our Company and our stockholders. Dr. Schaber possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing our Company and our business and, therefore, is best positioned to develop agendas that ensure that the Board of Directors' time and attention are focused on the most important matters. His combined role enables decisive leadership, ensures clear accountability, and enhances our ability to communicate our message and strategy clearly and consistently to our stockholders, employees, and collaborative partners.

Messrs. Brownlie and Lapointe, Dr. Rubin, and Dr. Zeldis are independent and the Board of Directors believes that the independent directors provide effective oversight of management. Moreover, in addition to feedback provided during the course of meetings of the Board of Directors, the independent directors hold executive sessions. Following an executive session of independent directors, the independent directors' report back to the full Board of Directors regarding any specific feedback or issues, provide the Chairman with input regarding agenda items for Board of Directors and Committee meetings, and coordinate with the Chairman regarding information to be provided to the independent directors in performing their duties. The Board of Directors believes that this approach appropriately and effectively complements the combined Chairman/Chief Executive Officer structure.

Although the Company believes that the combination of the Chairman and Chief Executive Officer roles is appropriate under the current circumstances, our corporate governance guidelines do not establish this approach as a policy, and the Board of Directors may determine that it is more appropriate to separate the roles in the future.

Director Independence

The Board of Directors has determined that Keith Brownlie, Gregg Lapointe, Dr. Robert Rubin and Dr. Jerome Zeldis are "independent" as such term is defined by the applicable listing standards of the NYSE MKT. Our Board of Directors based this determination primarily on a review of the responses of the Directors to questionnaires regarding their employment, affiliations and family and other relationships.

Corporate Governance

Pursuant to our Certificate of Incorporation and Bylaws, our business and affairs are managed under the direction of the Board of Directors. Members of the Board of Directors are kept informed of our business through discussions with senior management, by reviewing materials provided to them and by participating in meetings of the Board of Directors and its committees.

The Board of Directors held four meetings in 2014, and each current director who served as a director during 2014, attended at least 75% of the meetings of the Board of Directors and each of the committees on which he served.

We typically schedule a meeting of the Board of Directors in conjunction with our Annual Meeting and expect that all directors will attend, absent a valid reason, such as a scheduled conflict. Last year, all of the individuals then serving as directors, with the exception of Marco Brughera, attended the Annual Meeting in person.

Code of Ethics

We have adopted a code of ethics that applies to all of our executive officers and senior financial officers (including our chief executive officer, chief financial officer, chief accounting officer and any person performing similar functions). A copy of our code of ethics is publicly available on our website at <http://www.soligenix.com> under the “Investors” section. If we make any substantive amendments to our code of ethics or grant any waiver, including any implicit waiver, from a provision of the code to our chief executive officer, chief financial officer or chief accounting officer, we will disclose the nature of such amendment or waiver in a Current Report on Form 8-K.

Committees of the Board of Directors

The Board of Directors has the following three committees: (1) Compensation, (2) Audit and (3) Nominating and Corporate Governance. The Board of Directors has adopted a written charter for each of these committees, which are available on our website at www.soligenix.com under the “Investors” section.

– Member

Compensation Committee

Our Board of Directors has a Compensation Committee, which is comprised of Dr. Rubin (Chair), Dr. Brughera and Dr. Zeldis. The Compensation Committee is responsible for reviewing and approving the executive compensation program, assessing executive performance, setting salary, making grants of annual incentive compensation and approving certain employment agreements. Our Board of Directors has determined that Dr. Rubin and Dr. Zeldis are “independent” directors within the meaning of applicable listing standards of NYSE MKT and the Securities Exchange Act of 1934, as amended (the “Exchange Act”) and the rules and regulations thereunder. Our Board of Directors reviewed Dr. Brughera’s relationship as the Global Head of the Rare Disease Franchise for Sigma-Tau SpA., an affiliate of Sigma-Tau Pharmaceuticals, Inc., which it owns approximately 11.77% of the issued and outstanding shares of our Common Stock. Our Board of Directors determined that Dr. Brughera’s position with Sigma-Tau SpA. would not impair his ability to exercise independent judgment. The Compensation Committee met one time during the fiscal year ended December 31, 2014.

Nominating and Corporate Governance Committee

Our Board of Directors has a Nominating and Corporate Governance Committee (“Nominating Committee”), which is comprised of Dr. Zeldis (Chair), Mr. Brownlie and Mr. Lapointe. The Nominating Committee makes recommendations to the Board of Directors regarding the size and composition of our Board of Directors, establishes procedures for the nomination process, identifies and recommends candidates for election to our Board of Directors. Our Board of Directors has determined that Dr. Zeldis, Mr. Brownlie and Mr. Lapointe are “independent” directors, as such term is defined by the applicable NYSE MKT listing standards. The Nominating Committee met two times during the fiscal year ended December 31, 2014.

In considering candidates for the Board of Directors, the Nominating Committee considers the entirety of each candidate’s credentials and does not have any specific minimum qualifications that must be met by a nominee. However, the Nominating Committee believes that all members of the Board of Directors should have the highest character and integrity, a reputation for working constructively with others, sufficient time to devote to Board of Directors matters, and no conflict of interest that would interfere with performance as a director. In the case of current directors being considered for nomination, the Nominating Committee also takes into account the director’s history of attendance at meetings of the Board of Directors or its committees, the director’s tenure as a member of the Board of Directors, and the director’s preparation for and participation in such meetings.

Pursuant to our February 11, 2010 stock purchase agreement with Sigma-Tau, as long as Sigma-Tau beneficially owns at least 10% of our issued and outstanding shares of Common Stock, we are required to use our best efforts to secure the election of a Sigma-Tau designee to the Board of Directors. In view of Dr. Brughera’s background in the areas of drug discovery and development and his experience as an executive officer and a director in the pharmaceutical industry, the Nominating Committee has accepted Dr. Brughera as Sigma-Tau’s designee for election to the Board of Directors.

Stockholders who wish to suggest qualified candidates should write to the Office of the Secretary, Soligenix, Inc., 29 Emmons Drive, Suite C-10, Princeton, New Jersey 08540, specifying the name of the candidates and stating in detail the qualifications of such persons for consideration by the Nominating Committee. A written statement from the candidate consenting to be named as a candidate and, if nominated and elected, to serve as a director should accompany any such recommendation. Stockholders who wish to nominate a candidate for election at an Annual Meeting of Stockholders must otherwise comply with our Bylaws regarding stockholder proposals and nominations. See “Deadline for Stockholder Proposals” contained herein.

Diversity Considerations in Identifying Director Nominees

We do not have a formal diversity policy or set of guidelines in selecting and appointing directors that comprise our Board of Directors. However, when making recommendations to our Board of Directors regarding the size and composition of our Board of Directors, our Nominating Committee does consider each individual director’s qualifications, skills, business experience and capacity to serve as a director and the diversity of these attributes for the Board of Directors as a whole.

Audit Committee

Our Board of Directors has an Audit Committee, which is comprised of Mr. Brownlie (Chair), Mr. Lapointe and Dr. Rubin. The Audit Committee assists our Board of Directors in monitoring the financial reporting process, the internal control structure and the independent registered public accountants. Its primary duties are to serve as an independent and objective party to monitor the financial reporting process and internal control system, to review and appraise the audit effort of the independent registered public accountants and to provide an open avenue of communication among the independent registered public accountants, financial and senior management, and our Board of Directors. Our Board of Directors has determined that Mr. Brownlie, Mr. Lapointe and Dr. Rubin are “independent” directors, within the meaning of applicable listing standards of the NYSE MKT and the Exchange Act and the rules and regulations thereunder. Our Board of Directors has also determined that the members of the Audit Committee are qualified to serve on the committee and have the experience and knowledge to perform the duties required of the committee and that Mr. Brownlie qualifies as an “audit committee financial expert” as that term is defined in the applicable regulations of the Exchange Act. The Audit Committee met four times during the fiscal year ended December 31, 2014.

Report of the Audit Committee of the Board of Directors

The Audit Committee submits the following report for the year ended December 31, 2014:

The Audit Committee has reviewed and discussed with both management and the independent registered public accountants the audited consolidated financial statements as of and for the year ended December 31, 2014. The Audit Committee's review included discussion with the auditors of matters required to be discussed by Public Company Accounting Oversight Board Auditing Standard No. 16, Communications with Audit Committees.

The Audit Committee has received the written disclosures and the letter from the independent auditors required by Public Company Accounting Oversight Board Ethics and Independence Rule 3526, Communication with Audit Committees Concerning Independence, and has discussed with the independent auditors matters relating to the auditors' independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements referred to above be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014 for filing with the United States Securities and Exchange Commission (the “SEC”).

Submitted by the Audit Committee,

Number of Shares.

A maximum of 3,000,000 shares of Common Stock may be initially delivered in satisfaction of awards made under the 2015 Plan. The number of shares of Common Stock reserved for issuance will automatically increase (i) on January 1 of each calendar year, from January 1, 2016 through January 1, 2025, by the least of (a) four percent of the total number of shares of Common Stock outstanding on December 31st of the preceding calendar year, (b) 1,500,000 shares, or (c) a number determined by our board of directors that is less than (a) or (b). The maximum number of shares of Common Stock that may be issued pursuant to the exercise of ISOs, and the maximum number of shares of Common Stock that may be issued pursuant to the exercise of NSOs, will each be 3,000,000, as increased from time to time pursuant to annual increases. The maximum number of shares of Common Stock for which stock options may be granted to any person in any calendar year will be 600,000. The maximum benefit that will be paid to any person under other awards in any calendar year will be 600,000 shares. In the event of a stock dividend, stock split or other change in our capital structure, or a distribution to stockholders other than normal cash dividends, the Committee will

make appropriate adjustments to the limits described above and will also make appropriate adjustments to the number and kind of shares of stock or securities subject to and available for awards, any exercise prices relating to awards and any other provisions of awards affected by the change. The Committee may also make similar adjustments in response to any other event, as the Committee deems appropriate, to avoid distortion in the operation of the 2015 Plan. Any such adjustment shall, to the extent applicable, comply with Section 409A of the Code.

The share limitations described above are in addition to the limitation on the number of shares available for awards under the 2015 Plan.

The maximum number of shares that may be issued initially under the 2015 Plan represents approximately 11.67% of the total number of shares of the Common Stock outstanding on April 24, 2015. Approximately 423,302 shares in the aggregate remain issuable in connection with outstanding awards under our 1995 Amended and Restated Omnibus Incentive Plan and our 2005 Equity Incentive Plan. The total number of shares issuable under the 1995 Amended and Restated Omnibus Incentive Plan and the 2005 Equity Incentive Plan, combined with the three million shares issuable under the proposed 2015 Plan represent approximately 13.31% of our outstanding shares on April 24, 2015.

Administration of 2015 Plan.

The 2015 Plan is administered by a committee of the Board of Directors, currently the Compensation Committee. Committee members are required to satisfy applicable requirements for independence. The Committee will have full authority to determine who will receive awards and to determine the types of awards to be granted as well as the amounts, terms, and conditions of any awards. The Committee will determine any questions that may arise regarding the interpretation and application of the provisions of the 2015 Plan and to make, administer and interpret such rules and regulations as it deems necessary or advisable. The Committee's determinations are conclusive and bind all parties.

Eligibility.

Participation in the 2015 Plan is limited to our key employees and to key non-employees (other persons or entities including consultants and non-Employee directors who, in the opinion of the Committee, are in a position to make a significant contribution to the success of the Company).

Stock Options.

Each stock option awarded under the 2015 Plan will be a NSO unless expressly designated as an ISO at the time of the grant. The exercise price of stock options granted under the 2015 Plan will be determined by the Committee, but may not be less than 100% of the fair market value of the Common Stock subject to the option, determined at the time the option is granted unless otherwise required by the Code with respect to an ISO. The term of any option granted under the 2015 Plan may not exceed ten years. Options will be exercisable at such time or times and on such conditions as the Committee specifies. Notwithstanding the foregoing, to the extent that any NSO is granted at an exercise price less than 100% of the fair market value of the Common Stock subject to the option, the requirements of Section 409A of the Code shall be satisfied as set forth in more particularity in the Individual Stock Option Agreement.

Restricted Stock Awards; Unrestricted Stock; Deferred Stock.

The 2015 Plan provides for awards of nontransferable shares of Common Stock which may be subject to repurchase or forfeiture as set forth in more particularity in the Individual Restricted Stock Agreement. The Committee may, at the time any other award is granted, provide that any or all the Common Stock delivered pursuant to an award will be restricted Common Stock. The 2015 Plan also provides for awards of unrestricted stock, but no more than 27,000

shares of unrestricted stock in the aggregate may be granted at less than fair market value or not in lieu of cash compensation equal to fair market value. The 2015 Plan provides for deferred grants entitling the recipient to receive Common Stock upon the satisfaction of conditions determined by the Committee in its discretion. To the extent required, all such awards shall comply with the requirements of Section 409A of the Code.

Performance Awards.

Any award under the 2015 Plan may be made subject to the satisfaction of performance criteria specified by the Committee. In the case of performance awards intended to qualify for exemption under Section 162(m) of the Code, the Committee will use objectively determinable measures of performance in accordance with Section 162(m) that are based on any or any combination of the following (measured either absolutely or by reference to an index or indices and determined either on a consolidated basis or, as the context permits, on a divisional, subsidiary, line of business, project or geographical basis or in combinations thereof): sales; revenues; assets; expenses; earnings before or after deduction for all or any portion of interest, taxes, depreciation, or amortization, whether or not on a continuing operations or an aggregate or per share basis; return on equity, investment, capital or assets; one or more operating ratios; borrowing levels, leverage ratios or credit rating; market share; capital expenditures; cash flow; stock price; stockholder return; sales of particular products or services; customer acquisition or retention; acquisitions and divestitures (in whole or in part); joint ventures and strategic alliances; spin-offs, split-ups and the like; reorganizations; or recapitalizations, restructurings, financings (issuance of debt or equity) or refinancings. Any performance criterion based on performance over time will be determined by reference to a period of at least one year. The Committee will determine whether the performance criteria that have been chosen for a particular performance award have been met. Notwithstanding the foregoing, to the extent that any award under the 2015 Plan may be subject to Section 409A of the Code and subject to the satisfaction of performance criteria specified by the Committee, such performance parameters shall specifically comply with Section 409A of the Code in addition to such criteria necessary to qualify for exemption under Section 162(m) of the Code.

Termination of Affiliation with Company: Effect on Stock Options.

Except as otherwise determined by the Committee, if a participant in the 2015 Plan dies, any ISO or NSO granted at fair market value owned by the participant will, to the extent exercisable on the date of death, remain exercisable for a one-year period, provided that no such option will be exercisable beyond the end of its original term. In addition, and except as otherwise determined by the Committee, if a participant's affiliation with the Company ends because of the participant's total and permanent disability, then any ISOs and NSOs granted at fair market value held by the participant that were exercisable at the time of disability may be exercised by the participant at any time in accordance with the original terms of the options. Finally, and except as otherwise determined by the Committee, if a participant's employment (or other applicable affiliation with the Company) terminates for any reason other than death or disability, ISOs and NSOs granted at fair market value that were exercisable at the time the participant ceased to be affiliated with the Company will remain exercisable for three months, provided that (i) under no circumstances will any option be extended beyond its original term; and (ii) in the case of termination of the participant for cause, the Committee may elect to terminate any options immediately. In all cases, ISOs and NSOs granted at fair market value that are not exercisable on the date of termination will terminate on that date. With respect to any NSO granted at less than fair market value, the treatment of the option upon a termination of affiliation with the company shall be set forth in the Individual Stock Option Agreement as determined by the Committee.

Termination of Affiliation with the Company: Effect on Restricted and Deferred Stock.

Upon a termination of affiliation of the Company, as set forth in more particularity in the Individual Restricted and/or Deferred Stock Award Agreement and as determined by the Committee, any share of Common Stock subject to a continuing restriction may be repurchased by the Company. Common Stock awards, whether restricted or deferred, to which the participant did not become irrevocably entitled prior to the termination of the participant's affiliation with the Company will be forfeited upon termination of affiliation.

Effect of Certain Mergers, Consolidations, Etc.

In the case of certain mergers, consolidations or similar transactions in which a majority of our stock or all or substantially all of its assets are acquired, or in the case of a dissolution or liquidation, the Committee may, in its discretion, make options immediately exercisable, remove restrictions on shares of restricted Common Stock, waive conditions on any deferred awards of Common Stock and remove any performance or other conditions on any award. In addition, the Committee may, under such circumstances, provide for replacement awards for certain participants. Notwithstanding the foregoing, to the extent applicable, any such modification and/or replacement award shall comply with the requirements of Section 409A of the Code as set forth in more particularity in the Individual Option or Stock Award Agreement.

Amendment of 2015 Plan.

The Committee may amend the 2015 Plan or any outstanding award for any purpose that may at the time be permitted by law, and may at any time terminate the 2015 Plan as to any future grants of awards. The Committee may not, without the approval of our stockholders, effectuate a change to the 2015 Plan (i) for which stockholder approval is required in order for the 2015 Plan to continue to qualify for the award of ISOs under Section 422 of the Code or for the award of performance-based compensation under Section 162(m) of the Code; or (ii) if the change would increase the aggregate number of shares of Common Stock that may be delivered under the 2015 Plan, or change the class of persons or entities that qualify as participants under the 2015 Plan. Specifically, and in addition to the foregoing, this Plan may be amended, to the extent necessary, to comply with regulatory and legislative requirements, including but not limited to Section 409A of the Code.

Federal Income Tax Consequences

The following discussion summarizes certain federal income tax consequences under the Code of the issuance and receipt of options under the 2015 Plan.

Incentive Stock Options.

In general, an optionee realizes no taxable income upon the grant or exercise of an ISO, although the exercise of an ISO may result in an alternative minimum tax liability. With certain exceptions, a disposition of shares purchased under an ISO within two years from the date of grant or within one year after exercise produces ordinary income to the optionee (with a corresponding deduction available to the Company) generally equal to the value of the shares at the time of exercise less the exercise price. Any additional gain recognized in the disposition is generally treated as a capital gain for which the Company is not entitled to a deduction. If the optionee does not dispose of the shares until after the expiration of these one-and two-year holding periods, any gain or loss recognized upon a subsequent sale is generally treated as a long-term capital gain or loss for which the Company is not entitled to a deduction.

Non-statutory Options.

In general, in the case of a NSO granted at fair market value, the optionee has no taxable income at the time of grant but realizes ordinary income in connection with exercise of the option in an amount equal to the excess (at time of exercise) of the fair market value of the shares acquired upon exercise over the exercise price; a corresponding deduction is available to the Company; and upon a subsequent sale or exchange of the shares, any recognized gain or loss after the date of exercise is treated as capital gain or loss for which the Company is not entitled to a deduction. The ordinary income recognized on exercise shall be subject to applicable withholding and employment taxes.

In general, an ISO that is exercised more than three months after termination of employment (other than termination by reason of death) is treated as a NSO. ISOs are also treated as non-statutory options to the extent they first become exercisable by an individual in any calendar year for shares having a fair market value (determined as of the date of grant) in excess of \$100,000.

In general, in the case of a NSO granted at less than fair market value, the optionee will have taxable income at the time that the option is no longer subject to a substantial risk of forfeiture (and subject to applicable withholding and employment taxes), which is generally upon vesting. The optionee generally will recognize additional ordinary

income on exercise equal to the amount the fair market value of the underlying stock increases, if any, from the date the substantial risk of forfeiture lapses to the date of exercise. Such ordinary income will be subject to applicable withholding and employment taxes. NSOs granted at less than fair market value are subject to the requirements of Section 409A of the Code and, as such, the Individual Stock Option Agreement will contain such terms and conditions as are required under said Section 409A including without limitation provisions applicable to the vesting and exercise of such NSOs.

The foregoing summary assumes that stock options are exercised for substantially vested stock. Where a stock option is exercised for Restricted Stock, as is permitted by the 2015 Plan, the tax treatment will differ from the treatment summarized above. In general, a participant who exercises a NSO for Restricted Stock will have income taxable at ordinary income rates only when the stock vests, in an amount equal to the fair market value of the stock at time of vesting less the exercise price. However, the participant may make a special election to have the income measured and taken into account, instead, at time of exercise. In either case, a corresponding deduction will be available to the Company. In the case of a participant who exercises an ISO for Restricted Stock, the determination of “alternative minimum taxable income” (relevant in determining whether an alternative minimum tax must be paid) will follow rules similar to the rules for determining ordinary income in the case of the exercise of a NSO. For federal income tax purposes, the exercise of an ISO for Restricted Stock will be treated the same as the exercise of an ISO for substantially vested stock, provided that the shares are held for the requisite one-year and two-year holding periods described above. It is unclear how an earlier disposition of the shares would affect the measurement of a participant's ordinary income in the case of an ISO exercised for Restricted Stock.

Specific provisions regarding the impact of a change in control of the Company on any award granted under the 2015 Plan will, to the extent necessary, comply with the requirements of Section 409A of the Code and as set forth in more particularity in the Individual Option and/or Stock Award Agreement.

The Code also limits to \$1 million the deduction the Company may claim for compensation paid annually to any of its top five officers, subject to a number of exceptions. The deduction limitation rules provide an exemption for compensation attributable to the exercise of non-discounted stock options that satisfy certain requirements. Stock options awarded under the 2015 Plan are intended to qualify for this exemption.

Stock Awards

Persons receiving Common Stock pursuant to an Award generally will recognize compensation income equal to the fair market value of the shares received, reduced by any purchase price paid. Such compensation income will be taxed at ordinary income rates and subject to applicable withholdings and employment taxes. The Company generally should be entitled to a corresponding deduction for federal income tax purposes when such person recognizes compensation income. When such Common Stock is sold, the seller generally will recognize capital gain or loss equal to the difference between the amount realized upon the sale and the seller's adjusted tax basis in the Common Stock (generally, the amount that the seller paid for such stock plus the amount taxed to the seller as compensation income). Special rules apply if the Common Stock acquired pursuant to an Award is subject to vesting, or is subject to restrictions on resale under federal securities laws applicable to directors, officers or 10% shareholders. Deferred Stock issued pursuant to an Award may also be subject to special rules. In addition, any award issued pursuant to the 2015 Plan, except ISOs and NSOs granted at fair market value, may be subject to the requirements of Section 409A of the Code and accordingly, subject to special rules.

Statutory Requirements and the Subsequent Amendment

The 2015 Plan and the grant of any award thereunder is intended, to the extent applicable, to constitute good faith compliance with the requirements of the American Jobs Creation Act, specifically with respect to the definition of deferred compensation and the provisions of Section 409A of the Code. To the extent required by guidance to be issued subsequent to this filing, whether statutory or regulatory, the Company will make such amendments and/or modifications as are necessary to maintain compliance with the provisions and requirements of said Section 409A.

Equity Compensation Plan Information

In April 2015, our Board of Directors approved the 2015 Plan, which is subject to stockholder approval. No grants have been made under the 2015 Plan, so all shares available for future issuance under the 2015 Plan are included in the category, "Equity Compensation Plans Not Approved by Security Holders."

The following table provides information, as of December 31, 2014, with respect to options outstanding under our 1995 Amended and Restated Omnibus Incentive Plan and our 2005 Equity Incentive Plan.

Plan Category	Number of Securities to be Issued upon Exercise of Outstanding Options, Warrants and Rights	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (excluding

Includes our 1995 Amended and Restated Omnibus Incentive Plan and our 2005 Equity Incentive Plan. Our 1995 (1) Plan expired in 2005 and thus no securities remain available for future issuance under that plan. Our 2005 Plan expires in December 2015, and thereafter no securities will remain available for future issuance under that plan. (2) For further information regarding the 2015 Plan, see “Proposal 2 – Approval of the 2015 Equity Incentive Plan.”

Consideration and Determination of Executive and Director Compensation

The Compensation Committee of the Board of Directors is comprised of Dr. Rubin, Dr. Brughera and Dr. Zeldis. The Board of Directors has determined that Dr. Rubin, and Dr. Zeldis are “independent” directors within the meaning of applicable listing standards of NYSE MKT and the Exchange Act and the rules and regulations thereunder.

The Compensation Committee provides overall guidance on compensation and benefits policy. In addition, the Compensation Committee approves and monitors:

executive compensation and benefits programs;

executive employment agreements; and

our equity incentive plans.

The primary objectives of the Compensation Committee are to ensure that our executive compensation and benefits programs:

are competitive with other growing companies of similar size and business;

are effective in driving performance to achieve financial goals and create stockholder value;

are cost-efficient and fair to employees, management and stockholders; and

are designed to attract, motivate, reward, and retain the competent and talented executives needed.

To achieve these objectives, the Compensation Committee meets at least once and usually several times during each fiscal year to review the existing compensation and benefits programs and to consider modifications that seek to provide a direct relationship between executive compensation and sustained corporate performance.

The Compensation Committee makes executive compensation decisions on the basis of total remuneration and seeks to create an integrated total remuneration program structured to balance short and long-term financial goals. A significant amount of total compensation is comprised of bonus provisions which are specified in employment contracts and which are intended to align executive interest with stockholder interest.

The Compensation Committee recommends to the Board of Directors a salary within a designated range for the respective executives, which is based on merit, performance and length of service. Bonus provisions for all executives are based on increase (if any) of net incremental profit over prior year highest net profit.

Non-executive employees are granted stock options from time to time under our equity incentive plans, approved by the stockholders, also in order to motivate, reward, and retain them while meeting goals and allowing them to share in the growth.

Stock Ownership Policy

In April 2012, our Board of Directors adopted a stock ownership policy applicable to our non-employee directors to strengthen the link between director and stockholder interests. Pursuant to the stock ownership policy, each non-employee director is required to hold a minimum ownership position in the Common Stock equal to the annual cash compensation paid for service on the Board of Directors, exclusive of cash compensation paid for service as a chair or member of any committees of the Board of Directors.

Stock counted toward the ownership requirement includes Common Stock held by the director, unvested and vested restricted stock, and all shares of Common Stock beneficially owned by the director held in a trust and by a spouse and/or minor children of the director. The policy provides that the ownership requirement must be attained within three years after the later of June 21, 2012 and the date a director is first elected or appointed to the Board of Directors. To monitor progress toward meeting the requirement, the Nominating Committee will review director ownership levels at the end of March of each year. Non-employee directors are prohibited from selling any shares of Common Stock unless such director is in compliance with the stock ownership policy. A copy of our director compensation and stock ownership policy is publicly available on our website at www.soligenix.com under the “Investors” section.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

The Compensation Committee of the Board of Directors consists of Robert J. Rubin, MD (Chair), Marco M. Brughera, DVM and Jerome Zeldis, MD, PhD. No member of the Compensation Committee is, or at any time in the past has been, an officer or employee of our company or any of our subsidiaries.

Section 16(a) Beneficial Ownership Reporting Compliance

We are required to identify each person who was an officer, director or beneficial owner of more than 10% of our registered equity securities during our most recent fiscal year and who failed to file on a timely basis reports required by Section 16(a) of the Securities Exchange Act of 1934.

To our knowledge, based solely on review of these filings and written representations from the certain reporting persons, we believe that during the year ended December 31, 2014, our officers, directors and significant stockholders have timely filed the appropriate form under Section 16(a) of the Exchange Act.

Transactions With Related Persons

Our Audit Committee has established policies and procedures providing for review and approval of all “related party transactions” for potential conflicts of interest. A “related person transaction” for these purposes is a transaction between us and one of our directors or nominees for director, executive officers, 5% shareholders, or a member of one of these person’s immediate family, in which such person has a direct or indirect material interest and involves more than \$120,000. Under these policies and procedures, related person transactions are prohibited unless the Audit Committee has determined in advance that the transaction is in our best interests.

Other than the employment agreements and compensation paid to our directors, we have not engaged in any transactions with related parties since January 1, 2014. For a discussion of our employment agreements and compensation paid to our directors, see “Executive Compensation – Employment and Severance Agreements” and “Executive Compensation – Compensation of Directors.”

1.10 Fair Market Value. “Fair Market Value” of a share of common stock as of a given date shall be (i) the mean between the highest and lowest selling price of a share of common stock on such date on the principal exchange on which shares of common stock are then trading, if any, or if shares were not traded on such date, then on the closest preceding date on which a trade occurred, or (ii) if the common stock is not traded on an exchange, the mean between the closing representative bid and asked prices for the common stock on such date as reported by AMEX or, if AMEX is not then in existence, by its successor quotation system; or (iii) if the common stock is not publicly traded, the Fair Market Value of a share of common stock as established by the Committee acting in good faith.

1.11 Key Employee. “Key Employee” shall mean an employee of the Company or of an affiliate (including, without limitation, an employee who also is serving as an officer or director of the Company or of an affiliate) designated by the Board or the Committee as being eligible to be granted one or more options under the Plan.

1.12 Key Non-Employee. “Key Non-Employee” shall mean a Non-Employee Board Member, consultant, or independent contractor of the Company or of an affiliate who is designated by the Board or the Committee as being eligible to be granted one or more options under the Plan.

1.13 Non-Employee Board Member. “Non-Employee Board Member” shall mean a director of the Company who is not an employee of the Company or any of its affiliates. For purposes of this Plan, a Non-Employee Board Member shall be deemed to include the employer of such Non-Employee Board Member, if the Non-Employee Board Member is so required, as a condition of his employment, to provide that any option granted hereunder be made to the employer.

1.14 Participant. “Participant” shall mean a Key Employee or a Key Non-Employee to whom an award is granted under the Plan.

1.15 Plan. “Plan” shall mean this Equity Compensation Plan, as amended from time to time.

1.16 Shares. “Shares” shall mean the following shares of the capital stock of the Company as to which Awards have been or may be granted under the Plan: treasury shares or authorized but unissued common stock \$.001 par value, or any share of capital stock into which the shares are changed or for which they are exchanged within the provision of the Plan.

1.17 Rule 16b-3. “Rule 16b-3” shall mean that certain Rule 16b-3 under the Exchange Act, as such Rule may be amended from time to time.

1.18 Termination of Directorship. “Termination of Directorship” shall mean the time when an optionee who is an independent director ceases to be a director for any reason, including, but not by way of limitation, a termination by resignation, failure to be elected, death or retirement. The Board, in its sole and absolute discretion, shall determine the effect of all matters and questions relating to Termination of Directorship.

1.19 Termination of Employment. “Termination of Employment” shall mean the time when the employee-employer relationship between the optionee, grantee or restricted stockholder and the Company is terminated for any reason, including, but not by way of limitation, a termination by resignation, discharge, death, disability or retirement; but excluding (i) terminations where there is a simultaneous reemployment, continuing employment or retention as a consultant or advisor of an optionee, grantee or restricted stockholder by the Company, (ii) at the discretion of the Committee, terminations which result in a temporary severance of the employee-employer relationship, and (iii) at the discretion of the Committee, terminations which are followed by the simultaneous establishment of a consulting relationship by the Company with the former employee. The Committee, in its absolute discretion, shall determine the effect of all matters and questions relating to Termination of Employment, including, but not by way of limitation, the question of whether a Termination of Employment resulted from a discharge for good cause, and all questions of whether particular leaves of absence constitute Terminations of Employment; provided, however, that, with respect to “incentive stock options”, a leave of absence, change in status from an employee to an independent contractor or other change in the employee-employer relationship shall constitute a Termination of Employment if, and to the extent that, such leave of absence, change in status or other change interrupts employment for the purpose of Section 422(a)(2) of the Code and the then applicable regulations and revenue rulings under said Section. Notwithstanding any other provision of this Plan, the Company has an absolute and unrestricted right to terminate an employee’s employment at any time for any reason whatsoever, with or without cause, except to the extent expressly provided otherwise in writing.

ARTICLE II

SHARES SUBJECT TO PLAN

2.1 Shares Subject to Plan.

(a) The shares of stock subject to options, awards of restricted stock, performance awards, awards of deferred stock or unrestricted stock shall be the Company’s common stock, \$.001 par value. The aggregate number of such shares which may be issued upon exercise of such options or rights or upon any such awards under the Plan initially shall not exceed three million (3,000,000), subject to adjustment as provided herein. The number of shares reserved for issuance hereunder shall automatically increase (i) on January 1 of each calendar year, from January 1, 2016 through January 1, 2025, by the least of (a) four percent of the total number of shares of the Company’s common stock outstanding on December 31st of the preceding calendar year, (b) 1,500,000 shares, or (c) a number determined by the Board that is less than the lesser of (a) or (b). The shares of common stock issuable upon exercise of such options or rights or upon any such awards may be either previously authorized but unissued shares or treasury shares.

(b) The maximum number of shares which may be subject to options or stock appreciation rights granted under the Plan to any individual in any calendar year shall not exceed the limitations set forth in this subsection 2.1(b) as follows:

- (i) Subject to adjustment as provided in Section 9.3, the maximum number of shares of stock as to which options may be granted to any Participant in any one calendar year shall be 600,000. These limits shall be construed and applied in a manner that is consistent with the rules under Section 162(m) of the Code.

- (ii) Subject to adjustment as provided in Section 9.3, the maximum number of shares of stock subject to performance awards granted to any Participant in any one calendar year shall be 600,000. This limit shall be construed and applied in a manner that is consistent with the rules under Section 162(m) of the Code.

A-3

(iii) Subject to adjustment as provided in Section 9.3, the maximum number of shares of Stock that may be issued, in the aggregate, pursuant to the exercise of Options that do not qualify as “incentive stock options” under Section 422(b) of the Code (“non-qualified stock options”) shall be 3,000,000 and the maximum number of shares of Stock that may be issued, in the aggregate, pursuant to the exercise of stock options that qualify as “incentive stock options” (“ISOs”) shall also be 3,000,000, in each case plus the amount of any increase in the number of shares that may be available for issuance pursuant to Section 2.1(a); provided, that the foregoing maximum limits shall not be construed to permit more than the maximum number of shares described at (a) above (as the same may be adjusted as provided in Section 9.3) to be issued in the aggregate pursuant to all Awards.

(c) To the extent required by Section 162(m) of the Code, shares subject to options which are canceled shall continue to be counted against the Award Limit and if, after grant of an option, the price of shares subject to such option is reduced, the transaction shall be treated as a cancellation of the option and a grant of a new option and both the option deemed to be canceled and the option deemed to be granted shall be counted against the Award Limit. This subparagraph (c) shall be construed in a manner consistent with the requirements of Section 409A of the Code and any such cancellation and subsequent grant or Award shall fully comply with the requirements of said Section 409A of the Code.

2.2 Unexercised Options and Other Rights. Consistent with the provisions of Section 162(m) of the Code, as from time to time applicable, to the extent that (i) an option expires or is otherwise terminated without being exercised, or (ii) any shares of stock subject to any restricted stock, deferred stock or performance award granted hereunder are forfeited, such shares shall again be available for issuance in connection with future awards under the Plan. If any shares of stock have been pledged as collateral for indebtedness incurred by a Participant in connection with the exercise of an option and such shares are returned to the Company in satisfaction of such indebtedness, such shares shall again be available for issuance in connection with future awards under the Plan.

ARTICLE III

GRANTING OF OPTIONS

3.1 Eligibility. Any officer, employee, consultant, advisor or director shall be eligible to be granted an option.

3.2 Granting of Options.

(a) The Committee shall from time to time, in its absolute discretion:

- (i) Select which Participants shall be granted options;
 - (ii) Subject to the Award Limit, determine the number of shares subject to such options;
 - (iii) Determine whether such options are to be ISOs or non-qualified stock options and whether such options are to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code; and
 - (iv) Determine the terms and conditions of such options, consistent with this Plan; provided, however, that the terms and conditions of options intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall include, but not be limited to, such terms and conditions as may be necessary to meet the applicable provisions of Section 162(m) of the Code.
- (b) The Committee shall instruct the secretary of the Company to issue such options and may impose such conditions on the grant of such options as it deems appropriate, including substitution or replacement of awards, cancellation and replacement or other adjustments to the Award, including but not limited to the strike price. Without limiting the generality of the preceding sentence, the Committee may, in its discretion and on such terms as it deems appropriate, require as a condition on the grant of an option that the optionee surrender for cancellation some or all of the unexercised options, awards of restricted stock, deferred stock, performance awards or unrestricted stock or other rights which have been previously granted to him under this Plan or otherwise. Any such surrender and subsequent grant or Award shall fully comply with the requirements of Section 409A of the Code and within the statutory guidelines. Such grant or other Award may contain such terms and conditions as the Committee deems appropriate and shall be exercisable in accordance with its terms, subject to statutory and regulatory compliance.

3.3 Special Rules Applicable to ISOs.

- (a) No person may be granted an ISO under this Plan if such person, at the time the ISO is granted, owns stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company unless such ISO conforms to the applicable provisions of Section 422 of the Code.
- (b) No ISO shall be granted unless such option, when granted, qualifies as an “incentive stock option” under Section 422 of the Code. No ISO shall be granted to any person who is not an employee.
- (c) Any ISO granted under this Plan may be modified by the Committee to disqualify such option from treatment as an “incentive stock option” under Section 422 of the Code.
- (d) To the extent that the aggregate Fair Market Value of stock with respect to which “incentive stock options” (within the meaning of Section 422 of the Code, but without regard to Section 422(d) of the Code) are exercisable for the first time by an optionee during any calendar year (under the Plan and all other incentive stock option plans of the Company) exceeds \$100,000, such options shall be treated as non-qualified stock options to the extent required by Section 422 of the Code. The rule set forth in the preceding sentence shall be applied by taking options into account in the order in which they were granted. For purposes of this Section 3.3(d), the Fair Market Value of stock shall be determined as of the time the option with respect to such stock is granted.

3.4 Certain Additional Provisions for Non-Qualified Stock Options.

- (a) Non-Qualified Stock Options With Fair Market Value Exercise Price. Unless otherwise determined by the Board pursuant to paragraph (b) below, to avoid a deferral of compensation falling within the requirements of Section 409A of the Code, any option to purchase stock, other than an “incentive stock option” described in Section 422 of the Code, will have the following characteristics: (i) the exercise price will never be less than the fair market value of the underlying stock on the date the option is granted, (ii) the receipt, transfer or exercise of the option will be subject to taxation under Section 83 of the Code, and (iii) the option will not include any feature for the deferral of compensation other than the deferral of recognition of income until the later of exercise or disposition of the option.
- (b) Non-Qualified Stock Options With an Exercise Price Less than Fair Market Value. Notwithstanding paragraph (a) above, to the extent that any non-qualified stock option may constitute a deferral of compensation, such option shall comply with the requirements of Section 409A of the Code as set forth in the corresponding stock option agreement.

3.5 Substitute Options. In the event that the Company or any Subsidiary consummates a transaction described in Section 424(a) of the Code (relating to the acquisition of property or stock from an unrelated corporation), individuals who become employees or consultants of the Company or any Subsidiary on account of such transaction may be granted ISOs in substitution for options granted by their former employer, subject to the requirements of Section 409A of the Code. The Board, in its sole discretion and consistent with Sections 409A and 424(a) of the Code, shall determine the exercise price of such substitute Options.

A-5

ARTICLE IV

TERMS OF OPTIONS

4.1 Option Agreement. Each option shall be evidenced by a written stock option agreement, which shall be executed by the optionee and an authorized officer of the Company and which shall contain such terms and conditions as the Committee shall determine, consistent with this Plan. Stock option agreements evidencing options intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 162(m) of the Code. Stock option agreements evidencing ISOs shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 422 of the Code. In this regard, any awards which are non-qualified stock options under Section 3.4 of this Plan will include within the written award agreement such terms and conditions as are necessary to comply with the requirements of Section 409A of the Code. Any award agreement may require that the Participant agree to be bound by any stockholders' agreement among all or certain stockholders of the Company that may be in effect at the time of the grant of the award, or the exercise of an Option, if applicable, or certain provisions of any such agreement that may be specified by the Company.

4.2 Option Price. The price per share of the shares subject to each option shall be set by the Committee; provided, however, that (i) such price shall be no less than the par value of a share of common stock, and (ii) in the case of options intended to qualify as ISOs or as performance-based compensation as described in Section 162(m)(4)(C) of the Code such price shall be no less than 100% of the Fair Market Value of a share of common stock on the date the option is granted (110% of the Fair Market Value of a share of common stock on the date such option is granted in the case of an individual then owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company).

4.3 Option Term. The term of an option shall be set by the Committee in its discretion; provided, however, that, in the case of ISOs, the term shall not be more than ten (10) years from the date the ISO is granted, or five (5) years from such date if the ISO is granted to an individual then owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company.

4.4 Option Vesting and Exercisability. Stock options shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee at or after grant. The Committee may provide, in its discretion, that any stock option shall be exercisable only in installments, and the Committee may waive such installment exercise provisions at any time in whole or in part based on such factors as the Committee may determine, in its sole discretion, including but not limited to in connection with any "change in control" of the Company, as defined in any stock option agreement. Notwithstanding the foregoing, the Board may accelerate (i) the vesting or payment of any award (including an ISO), (ii) the lapse of restrictions on any award (including an award of Restricted Stock) and (iii) the date on which any Option first becomes exercisable as long as such acceleration will not subject the specific

award or this Plan, in general, to the requirements of Section 409A of the Code.

ARTICLE V

EXERCISE OF OPTIONS

5.1 Partial Exercise. An exercisable option may be exercised in whole or in part. However, an option shall not be exercisable with respect to fractional shares and the Committee may require that, by the terms of the option, a partial exercise be with respect to a minimum number of shares.

A-6

5.2 Manner of Exercise. All or a portion of an exercisable option shall be deemed exercised upon delivery of all of the following to the secretary of the Company or the secretary's office:

(a) A written notice complying with the applicable rules established by the Committee stating that the option, or a portion thereof, is to be exercised. The notice shall be signed by the optionee or other person then entitled to exercise the option or such portion;

(b) Such representations and documents as the Committee, in its absolute discretion, deems necessary or advisable to effect compliance with all applicable provisions of the Securities Act of 1933, as amended, and any other federal or state securities laws or regulations. The Committee may, in its absolute discretion, also take whatever additional actions it deems appropriate to effect such compliance including, without limitation, placing legends on share certificates and issuing stop-transfer notices to agents and registrars;

(c) In the event that the option shall be exercised pursuant to Section 9.1 by any person or persons other than the optionee, appropriate proof of the right of such person or persons to exercise the option; and

(d) Full cash payment to the secretary of the Company for the shares with respect to which the option, or portion thereof, is exercised. However, at the discretion of the Committee, the terms of the option may (i) allow a delay in payment up to thirty (30) days from the date the option, or portion thereof, is exercised; (ii) allow payment, in whole or in part, through the delivery of shares of common stock owned by the optionee for at least six months prior to the date of delivery, duly endorsed for transfer to the Company with a Fair Market Value on the date of delivery equal to the aggregate exercise price of the option or exercised portion thereof; (iii) allow payment, in whole or in part, through the surrender of shares of common stock then issuable upon exercise of the option having a Fair Market Value on the date of option exercise equal to the aggregate exercise price of the option or exercised portion thereof; (iv) allow payment, in whole or in part, through the delivery of property of any kind which constitutes good and valuable consideration; (v) allow payment, in whole or in part, through the delivery of a promissory note bearing interest (at no less than such rate as shall then preclude the imputation of interest under the Code) and payable upon such terms as may be prescribed by the Committee, or (vi) allow payment through any combination of the foregoing. In the case of a promissory note, the Committee may also prescribe the form of such note, the security to be given for such note and the rate of interest, if any, that the note shall bear. The option may not be exercised, however, by delivery of a promissory note or by a loan from the Company when or where such loan or other extension of credit is prohibited by law, and any such note or loan shall comply with all applicable laws, regulations and rules of the Board of Governors of the Federal Reserve System and any other governmental agency having jurisdiction.

5.3 Conditions to Issuance of Stock Certificate. The Company shall not be required to issue or deliver any certificate or certificates for shares of stock purchased upon the exercise of any option or portion thereof prior to fulfillment of all of the following conditions:

- (a) The admission of such shares to listing on all stock exchanges on which such class of stock is then listed;
- (b) The completion of any registration or other qualification of such shares under any state or federal law, or under the rulings or regulations of the Securities and Exchange Commission or any other governmental regulatory body which the Committee shall, in its absolute discretion, deem necessary or advisable;
- (c) The obtaining of any approval or other clearance from any state or federal governmental agency which the Committee shall, in its absolute discretion, determine to be necessary or advisable;
- (d) The lapse of such reasonable period of time following the exercise of the option as the Committee may establish from time to time for reasons of administrative convenience; and
- (e) The receipt by the Company of full payment for such shares, including payment of any applicable withholding tax.

5.4 Rights as Stockholders. The holders of options shall not be, nor have any of the rights or privileges of, stockholders of the Company in respect of any shares purchasable upon the exercise of an option unless and until certificates representing such shares have been issued by the Company to such holders.

5.5 Ownership and Transfer Restrictions. The Committee, in its absolute discretion, may impose such restrictions on the ownership and transferability of the shares purchasable upon the exercise of an option as it deems appropriate. Any such restriction shall be set forth in the respective stock option agreement and may be referred to on the certificates evidencing such shares. The Committee may require the optionee to give the Company prompt notice of any disposition of shares of common stock acquired by exercise of an ISO within (i) two years from the date the option was granted or (ii) one year after the transfer of such shares to the optionee. The Committee may direct that the certificates evidencing shares acquired by exercise of an option refer to such requirement to be given prompt notice of disposition.

ARTICLE VI

AWARD OF RESTRICTED STOCK

6.1 Award of Restricted Stock.

(a) The Committee shall from time to time, in its absolute discretion, select which Participants shall be awarded restricted stock, and determine the purchase price, if any, and other terms and conditions applicable to such restricted stock, consistent with this Plan.

(b) The Committee shall establish the purchase price, if any, and form of payment for restricted stock, including any consideration required by applicable law. The Committee shall instruct the secretary of the Company to issue such restricted stock and may impose such conditions on the issuance of such restricted stock as it deems appropriate.

6.2 Restricted Stock Agreement. Restricted stock shall be issued only pursuant to a written restricted stock agreement, which shall be executed by the selected Key Employee or consultant and an authorized officer of the Company and which shall contain such terms and conditions as the Committee shall determine, consistent with this Plan.

6.3 Rights as Stockholders. Upon delivery of the shares of restricted stock to the escrow holder pursuant to Section 6.5, the restricted stockholder shall have, unless otherwise provided by the Committee, all the rights of a stockholder with respect to said shares, subject to the restrictions in the restricted stockholder's restricted stock agreement, including the right to receive all dividends and other distributions paid or made with respect to the shares; provided, however, that in the discretion of the Committee, any extraordinary distributions with respect to the common stock shall be subject to the restrictions set forth in Section 6.4.

6.4 Restriction. All shares of restricted stock issued under this Plan (including any shares received by holders thereof with respect to shares of restricted stock as a result of stock dividends, stock splits or any other form of recapitalization) shall, in the terms of each individual restricted stock agreement, be subject to such restrictions as the Committee shall provide, which restrictions may include, without limitation, restrictions concerning voting rights and transferability and restrictions based on duration of employment with the Company, Company performance and individual performance; provided, however, that by a resolution adopted after the restricted stock is issued, the Committee may, on such terms and conditions as it may determine to be appropriate, remove any or all of the restrictions imposed by the terms of the restricted stock agreement. Restricted stock may not be sold or encumbered until all restrictions are terminated or expire.

6.5 Escrow. The Secretary of the Company or such other escrow holder as the Committee may appoint shall retain physical custody of each certificate representing restricted stock until all of the restrictions imposed under the restricted stock agreement with respect to the shares evidenced by such certificate expire or shall have been removed.

6.6 Legend. In order to enforce the restrictions imposed upon shares of restricted stock hereunder, the Committee shall cause a legend or legends to be placed on certificates representing all shares of restricted stock that are still subject to restrictions under restricted stock agreements, which legend or legends shall make appropriate reference to the conditions imposed thereby.

6.7 Deferred Compensation. To the extent that any award of shares of Restricted Stock may constitute a deferral of compensation, the award shall comply with the requirements of Section 409A of the Code as set forth in the corresponding restricted stock agreement.

ARTICLE VII

PERFORMANCE AWARDS, DEFERRED STOCK, UNRESTRICTED STOCK

7.1 Performance Awards.

(a) Any Participant selected by the Committee may be granted one or more performance awards. The value of such performance awards may be linked to the market value, book value, net profits or other measure of the value of common stock or other specific Performance Criteria (as defined in Section 7.1(c) below) determined appropriate by the Committee, or may be based upon the appreciation in the market value, book value, net profits or other measure of the value of a specified number of shares of common stock over a fixed period or periods determined by the Committee. Performance conditioned awards are subject to the following:

(b) Any performance award intended to qualify as performance-based for purposes of Section 162(m) of the Code. In the case of any performance award to which this Section 7.1(b) applies, the Plan and such Award will be construed to the maximum extent permitted by law in a manner consistent with qualifying the Award for such exception. With respect to such performance awards, the Committee will establish, in writing, one or more specific Performance Criteria (as defined below) no later than ninety (90) days after the commencement of the period of service to which the performance relates (or at such earlier time as is required to qualify the Award as performance-based under Section 162(m) of the Code). The Performance Criteria so established shall serve as a condition to the grant, vesting or payment of the performance award, as determined by the Committee. Prior to grant, vesting or payment of the performance award, as the case may be, the Committee will certify whether the Performance Criteria have been attained and such determination will be final and conclusive. If the Performance Criteria with respect to the Award are not attained, no other Award will be provided in substitution of the performance award. No performance award to which this Section 7.1(b) applies may be granted after the first meeting of the stockholders of the Company held in 2019 until the performance measures described in Section 7.1(c) below (as the same may be amended) have been resubmitted to and re-approved by the stockholders of the Company in accordance with the

requirements of Section 162(m) of the Code, unless such grant is made contingent upon such approval.

(c) For purposes of this Section 7.1, “Performance Criteria” are specified criteria, other than the mere performance of services or the mere passage of time the satisfaction of which is a condition for the grant, exercisability, vesting or full enjoyment of an Award. For purposes of Awards that are intended to qualify for the performance-based compensation exception under Section 162(m) of the Code, a Performance Criterion means an objectively determinable measure of performance relating to any or any combination of the following (measured either absolutely or by reference to an index or indices and determined either on a consolidated basis or, as the context permits, on a divisional, subsidiary, line of business, project or geographical basis or in combinations thereof); sales; revenues; assets; expenses; earnings before or after deduction for all or any portion of interest, taxes, depreciation, or amortization, whether or not on a continuing operations or an aggregate or per share basis; return on equity, investment, capital or assets; one or more operating ratios; borrowing levels, leverage ratios or credit rating; market share; capital expenditures; cash flow; stock price; stockholder return; sales of particular products or services; customer acquisition or retention; acquisitions and divestitures (in whole or in part); joint ventures and strategic alliances; spin-offs, split-ups and the like; reorganizations; or recapitalizations, restructurings, financings (issuance of debt or equity) or refinancings. A Performance Criterion measure and any targets with respect thereto determined by the Committee need not be based upon an increase, a positive or improved result or avoidance of loss. Any Performance Criterion based on performance over a period of time shall be determined by reference to a period of not less than one year. To the extent consistent with the requirements for satisfying the performance-based compensation exception under Section 162(m) of the Code, the Committee may provide in the case of any Award intended to qualify for such exception that one or more of the Performance Criteria applicable to such Award will be adjusted in an objectively determinable manner to reflect events (for example, but without limitation, acquisitions or dispositions) occurring during the performance period that affect the applicable Performance Criterion or Criteria.

7.2 Unrestricted Stock. Subject to the terms and provisions of the Plan, the Committee may grant or sell shares of fully vested and unrestricted stock in such amounts and for such consideration, if any, as the Committee shall determine; provided, that the aggregate number of shares of unrestricted stock that may be granted or sold for a purchase price that is less than their fair market value, unless granted in lieu of cash compensation equal to such fair market value, shall not exceed 600,000 shares.

7.3 Deferred Stock. Any Participant selected by the Committee may be granted an award of deferred stock in the manner determined from time to time by the Committee. The number of shares of deferred stock shall be determined by the Committee and may be linked to the market value, book value, net profits or other measure of the value of common stock or other specific Performance Criteria determined appropriate by the Committee. Common stock underlying a deferred stock award will not be issued until the deferred stock award has vested, pursuant to a vesting schedule or Performance Criteria set by the Committee. Unless otherwise provided by the Committee, a grantee of deferred stock shall have no rights as a Company stockholder with respect to such deferred stock until such time as the award has vested and the common stock underlying the award has been issued.

7.4 Performance Award Agreement, Deferred Stock Agreement, Unrestricted Stock Agreement. Each performance award, award of deferred stock and/or unrestricted Stock shall be evidenced by a written agreement, which shall be executed by the grantee and an authorized officer of the Company and which shall contain such terms and conditions as the Committee shall determine, consistent with this Plan.

7.5 Term. The term of a performance award, award of deferred stock and/or unrestricted stock shall be set by the Committee in its discretion.

7.6 Payment on Exercise. Payment of the amount determined under Section 7.1, 7.2 or 7.3 above shall be in cash, in common stock or a combination of both, as determined by the Committee. To the extent any payment under this Article VII is effected in common stock, it shall be made subject to satisfaction of all provisions of Section 5.3.

7.7 Deferred Compensation. It is not intended that awards under this Article VII, in form and/or operation, will constitute “deferred compensation” under Section 409A of the Code. If it is subsequently determined that such awards in form and/or operation, constitute “deferred compensation” under Section 409A of the Code, the award shall be amended as provided by in Section 9.6 to comply with the requirements of Section 409A of the Code as set forth in the corresponding award agreement.

7.8 Form of Agreement. Each award granted pursuant to this Article VII shall be evidenced by a written agreement, which shall be executed by the Grantee and an authorized officer of the Company and which shall contain such terms and conditions as the Administrator shall determine, consistent with this Plan, including the term of the

award and payment on exercise.

A-10

ARTICLE VIII

ADMINISTRATION

8.1 Committee. The Committee shall consist of two or more directors appointed by and holding office at the pleasure of the Board. To the extent applicable, the members of the Committee shall each be an “outside director” as defined under Section 162(m) of the Code. Appointment of Committee members shall be effective upon acceptance of appointment. Committee members may resign at any time by delivering written notice to the Board. Vacancies in the Committee may be filled by the Board.

8.2 Duties and Powers of Committee. It shall be the duty of the Committee to conduct the general administration of this Plan in accordance with its provisions. The Committee shall have the power to interpret this Plan and the agreements pursuant to which options, awards of restricted stock, deferred stock, unrestricted stock or performance awards are granted or awarded, and to adopt such rules for the administration, interpretation, and application of this Plan as are consistent therewith and to interpret, amend or revoke any such rules. Any such grant or award under this Plan need not be the same with respect to each optionee, grantee or restricted stockholder. Any such interpretations and rules with respect to ISOs shall be consistent with the provisions of Section 422 of the Code. In its absolute discretion, the Board may at any time and from time to time exercise any and all rights and duties of the Committee under this Plan except with respect to matters which under Rule 16b-3 or Section 162(m) of the Code, or any regulations or rules issued thereunder, are required to be determined in the sole discretion of the Committee.

8.3 Majority Rule. The Committee shall act by a majority of its members in attendance at a meeting at which a quorum is present or by a memorandum or other written instrument signed by all members of the Committee.

8.4 Compensation; Professional Assistance; Good Faith Actions. Members of the Committee shall receive such compensation for their services as members as may be determined by the Board. All expenses and liabilities which members of the Committee incur in connection with the administration of this Plan shall be borne by the Company. The Committee may, with the approval of the Board, employ attorneys, consultants, accountants, appraisers, brokers, or other persons. The Committee, the Company and the Company’s officers and directors shall be entitled to rely upon the advice, opinions or valuations of any such persons. All actions taken and all interpretations and determinations made by the Committee in good faith shall be final and binding upon all optionees, grantees, restricted stockholders, the Company and all other interested persons. No members of the Committee or Board shall be personally liable for any action, determination or interpretation made in good faith with respect to this Plan, options, awards of restricted stock or unrestricted stock, deferred stock or performance awards, and all members of the Committee shall be fully protected and indemnified by the Company in respect of any such action, determination or interpretation.

ARTICLE IX

MISCELLANEOUS PROVISIONS

9.1 Not Transferable. Except as may otherwise be authorized in writing by the Committee in accordance with applicable law, options, restricted stock awards, unrestricted or deferred stock awards or performance awards under this Plan may not be sold, pledged, assigned, or transferred in any manner other than by will or the laws of descent and distribution, unless and until such rights or awards have been exercised, or the shares underlying such rights or awards have been issued, and all restrictions applicable to such shares have lapsed. No Award or interest or right therein shall be liable for the debts, contracts or engagements of the optionee, grantee or restricted stockholder or his or her successors in interest or shall be subject to disposition by transfer, alienation, anticipation, pledge, encumbrance, assignment or any other means whether such disposition be voluntary or involuntary or by operation of law by judgment, levy, attachment, garnishment or any other legal or equitable proceedings (including bankruptcy), and any attempted disposition thereof shall be null and void and of no effect; provided however, that this Section 9.1 shall not prevent (i) transfers by will or by the applicable laws of descent and distribution, or (ii) the designation of a beneficiary to exercise any option or other right or award (or any portion thereof) granted under the Plan after the optionee's or grantee's death.

A-11

9.2 Amendment Suspension or Termination of this Plan. This Plan shall terminate on the date of the annual meeting of the Board immediately following the tenth (10th) anniversary of the Board's adoption of this Plan. This Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the Committee. However, without approval of the Company's stockholders given within twelve (12) months before or after the action by the Committee, no action of the Committee may, except as provided in Section 9.3, increase the limits imposed in Section 2.1 on the maximum number of shares which may be issued under this Plan or modify the Award Limit, and no action of the Committee may be taken that would otherwise require stockholder approval as a matter of applicable law, regulation or rule. No amendment, suspension or termination of this Plan shall, without the consent of the holder of, alter or impair any rights or obligations under any Award theretofore granted, unless the award itself otherwise expressly so provides. No Award may be granted or awarded during any period of suspension or after termination of this Plan, and in no event may any ISO be granted under this Plan after the first to occur of the following events:

- (a) The expiration of ten (10) years from the date the Plan is adopted by the Board; or
- (b) The expiration of ten (10) years from the date the Plan is approved by the Company's stockholders under Section 9.5.

Specifically, and in addition to the foregoing, this Plan may be amended, to the extent necessary, to comply with regulatory and legislative requirements, including Section 409A of the Code.

9.3 Adjustments. Upon the happening of any of the following described events, a Participant's rights with respect to awards granted hereunder shall be adjusted as hereinafter provided, unless otherwise specifically provided in the award agreement.

- (a) Stock Splits and Recapitalizations. In the event the Company issues any of its shares as a stock dividend upon or with respect to the shares, or in the event shares shall be subdivided or combined into a greater or smaller number of shares, or if, upon a merger or consolidation, reorganization, split-up, liquidation, combination, recapitalization or the like of the Company, shares shall be exchanged for other securities of the Company, securities of another entity, cash or other property, each Participant upon exercising an Option (for the purchase price to be paid under the Option) shall be entitled to purchase such number of shares, other securities of the Company, securities of such other entity, cash or other property as the Participant would have received if the Participant had been the holder of the shares with respect to which the award is exercised at all times between the Grant Date of the award and the date of its exercise, and appropriate adjustments shall be made in the purchase price per share. In determining whether any award granted hereunder has vested, appropriate adjustments will be made for distributions and transactions described in this Section 9.3(a). The Board may adjust the number of shares subject to outstanding awards and the exercise price and the terms of outstanding awards to take into consideration material changes in accounting practices or principles, extraordinary dividends, acquisitions or dispositions of stock or property, or any other event if it is

determined by the Board that such adjustment is appropriate to avoid distortion in the operation of the Plan, including adjustments of the limitations in Section 2.1 on the maximum number and kind of shares which may be issued. Notwithstanding the foregoing, any adjustment under this Section 9.3(a) shall not be permitted to the extent that the individual award or this Plan, in general, would constitute deferred compensation subject to Section 409A of the Code unless the award agreement sets forth the terms and conditions necessary to comply with the requirements of Section 409A of the Code. Where an adjustment of the type described above is made to an ISO under this Section, the adjustment will be made in a manner which will not be considered a “modification” under the provisions of subsection 424(h)(3) of the Code.

A-12

(b) Restricted Stock. If any person owning Restricted Stock receives new or additional or different shares or securities ("New Securities") in connection with a corporate transaction or stock dividend described in Section 9.3(a) as a result of owning such Restricted Stock, the New Securities shall be subject to all of the conditions and restrictions applicable to the Restricted Stock with respect to which such New Securities were issued. Notwithstanding the foregoing, any adjustment under this Section 9.3(b) shall not be permitted to the extent that the individual award or this Plan, in general, would constitute deferred compensation subject to Section 409A of the Code unless the award agreement sets forth the terms and conditions necessary to comply with the requirements of Section 409A of the Code.

(c) Fractional Shares. No fractional shares shall be issued under the Plan. Any fractional shares which, but for this Section, would have been issued shall be deemed to have been issued and immediately sold to the Company for their Fair Market Value, and the Participant shall receive from the Company cash in lieu of such fractional shares.

(d) Further Adjustment. Upon the happening of any of the events described in Sections 9.3(a) or 9.3(c), the class and aggregate number of shares set forth in Section 5.1 hereof that are subject to awards which previously have been or subsequently may be granted under the Plan, and the number of shares set forth in Section 5.3 hereof that may be granted to a Participant in any year shall be appropriately adjusted to reflect the events described in such Sections. The Board shall determine the specific adjustments to be made under this Section 9.3(d).

(e) Assumption of Options Upon Certain Events. In connection with a merger or consolidation of an entity with the Company or the acquisition by the Company of property or stock of an entity, the Board may grant awards under the Plan in substitution for stock and stock based awards issued by such entity or a Subsidiary thereof, as long as such substitute awards will not constitute a deferral of compensation under Section 409A of the Code. Notwithstanding the foregoing, to the extent that the Board determines that any such substitute award shall constitute a deferral of compensation under Section 409A of the Code, such award shall be accompanied with a written award agreement which shall set forth the terms and conditions required to comply with the requirements of Section 409A of the Code. The substitute awards shall be granted on such terms and conditions as the Board considers appropriate in the circumstances. The awards so granted shall not reduce the number of shares that would otherwise be available for awards under the Plan. Notwithstanding the foregoing, in the event of such a reorganization, merger, consolidation, recapitalization, reclassification, stock splitup, stock dividend or combination, or other adjustment or event which results in shares of Common Stock being exchanged for or converted into cash, securities or other property, the Company will have the right, subject to applicable statutory and regulatory guidance, including but not limited to Section 409A of the Code, to terminate this Plan as of the date of the exchange or conversion, in which case all options, rights and other awards under this Plan shall become the right to receive such cash, securities or other property, net of any applicable exercise price.

9.4 Approval of Plan by Stockholders. This Plan will be submitted for the approval of the Company's stockholders within (12) twelve months after the date of the Board's initial adoption of this Plan. Awards may be granted prior to such stockholder approval, provided that such Awards shall not be exercisable nor shall vest prior to the time when this Plan is approved by the stockholders, and provided further that if such approval has not been obtained at the end of said twelve (12) month period, all Awards previously granted under this Plan shall thereupon be

canceled and become null and void.

9.5 Tax Withholding. The Company shall be entitled to require payment in cash or deduction from other compensation payable to each optionee, grantee or restricted stockholder of any sums required by federal, state or local tax law to be withheld with respect to the issuance, vesting or exercise of any option, restricted stock, deferred stock, performance award or unrestricted stock. The Committee may in its discretion and in satisfaction of the foregoing requirement allow such optionee, grantee or restricted stockholder to elect to have the Company withhold shares of common stock (or allow the return of shares of common stock) having a Fair Market Value equal to the sums required to be withheld.

9.6 Loan. To the extent permitted by applicable law, the Committee may, in its discretion, extend one or more loans in connection with the exercise or receipt of an option or performance award, granted under this Plan, or the issuance of restricted stock, unrestricted stock or deferred stock awarded under this Plan. The terms and conditions of any such loan shall be set by the Committee.

9.7 Limitations Applicable to Section 16 Persons and Performance-Based Compensation. Notwithstanding any other provision of this Plan, any option, performance award, stock appreciation right granted, or restricted stock, unrestricted stock or deferred stock awarded, to a Key Employee or director who is then subject to Section 16 of the Exchange Act, shall be subject to any additional limitations set forth in any applicable exemptive rule under Section 16 of the Exchange Act (including any amendment to Rule 16b-3 of the Exchange Act) that are requirements for the application of such exemptive rule, and this Plan shall be deemed amended to the extent necessary to conform to such limitations. Furthermore, notwithstanding any other provision of this Plan, any option or stock appreciation right intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall be subject to any additional limitations set forth in Section 162(m) of the Code (including any amendment to Section 162(m) of the Code) or any regulations or rulings issued thereunder that are requirements for qualification as performance-based compensation as described in Section 162(m)(4)(C) of the Code, and this Plan shall be deemed amended to the extent necessary to conform to such requirements.

9.8 Other Transfer Restrictions. Notwithstanding any other provision of the Plan, in order to qualify for the exemption provided by Rule 16b-3 under the Exchange Act, and any successor provision, (i) any Restricted Stock offered under the Plan to a Participant subject to Section 16 of the Exchange Act (a “Section 16 Participant”) may not be sold for six (6) months after acquisition; (ii) any shares or other equity security acquired by a Section 16 Participant upon exercise of an Option may not be sold for six (6) months after the date of grant of the Option; and (iii) any Option or other similar right related to an equity security issued under the Plan shall not be transferable except in accordance with the rules under Section 16 of the Exchange Act, subject to any other applicable transfer restrictions under the Plan or the award agreement. The Board shall have no authority to take any action if the authority to take such action, or the taking of such action, would disqualify a transaction under the Plan from the exemption provided by Rule 16b-3 under the Act, or any successor provision.

9.9 Effect of Plan Upon Other Compensation or Incentive Plans. The adoption of this Plan shall not affect any other compensation or incentive plans in effect for the Company. Nothing in this Plan shall be construed to limit the right of the Company (i) to establish any other forms of incentives or compensation for employees of the Company or (ii) to grant or assume options or other rights otherwise than under this Plan in connection with any proper corporate purpose including but not by way of limitation, the grant or assumption of options in connection with the acquisition by purchase, lease, merger, consolidation or otherwise, of the business, stock or assets of any corporation, partnership, firm or association.

9.10 Compliance with Laws. This Plan, the granting and vesting of options, restricted stock awards, unrestricted stock awards, deferred stock awards, performance awards or stock appreciation rights under this Plan and the issuance and delivery of shares of common stock and the payment of money under this Plan or under Awards granted hereunder are subject to compliance with all applicable federal and state laws, rules and regulations (including but not limited to state and federal securities law and federal margin requirements and the requirements of Section 409A of the Code) and to such approvals by any listing, regulatory or governmental authority as may, in the opinion of counsel for the Company, be necessary or advisable in connection therewith. Any securities delivered under this Plan shall be subject to such restrictions, and the person acquiring such securities shall, if requested by the Company, provide such assurances and representations to the Company as the Company may deem necessary or desirable to assure compliance with all applicable legal requirements. To the extent permitted by applicable law, the Plan, options,

restricted stock awards, unrestricted stock awards, deferred stock awards, performance awards, or stock appreciation rights granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such laws, rules and regulations.

9.11 Titles. Titles are provided herein for convenience only and are not to serve as a basis for interpretation or construction of this Plan.

9.12 Governing Law. This Plan and any agreements hereunder shall be administered, interpreted and enforced under the internal laws of the State of Delaware without regard to conflicts of laws thereof.
