ITEM 1. BUSINESS

BUSINESS DEVELOPMENT

The Company's business began in 1974 when the Company's former Chairman of the Board, Vaso Boreta opened a "Las Vegas Discount Golf and Tennis" retail store in Las Vegas, Nevada. This store subsequently began distributing catalogs and developing a mail order business for the sale of golf and tennis products. In 1984, the Company began to franchise the "Las Vegas Discount Golf & Tennis retail store concept and commenced the sale of franchises. As of February 26, 1997 when the franchise business was sold, the Company had 43 franchised stores in operation in 17 states and 2 foreign countries.

The Company was incorporated in Nevada on March 6, 1984, under the name "Sporting Life, Inc." The Company's name was changed to "St. Andrews Golf Corporation" on December 27, 1988, to "Saint Andrews Golf Corporation" on August 12, 1994, and finally to All-American SportPark, Inc. ("AASP") on December 14, 1998.

Sports Entertainment Enterprises, Inc. ("SPEN"), formerly known as Las Vegas Golf & Tennis, Inc. ("LVDG"), which had been a publicly traded company, acquired the Company in February 1988, from Vaso Boreta, who was the Company's sole shareholder. Vaso Boreta also served as SPEN's Chairman of the Board, President, and CEO until February 2005.

In December 1994, the Company completed an initial public offering of 1,000,000 Units, each Unit consisting of one share of Common Stock and one Class A Warrant. The net proceeds to the Company from this public offering were approximately \$3,684,000. The Class A Warrants expired unexercised on March 15, 1999.

On July 12, 1996, the Company entered into a lease agreement covering approximately 65 acres of land in Las Vegas, Nevada, on which the Company developed its Callaway Golf Center and All-American SportPark, ("SportPark") properties. The property is located on the world famous Las Vegas "Strip" at the corner of Las Vegas Boulevard and Sunset Road which is just south of McCarran International Airport and the Mandalay Bay and MGM Resorts. The property is also adjacent to the Interstate 215 beltway that encircles the entire Las Vegas valley. On 42 acres of the property is the golf center (now called the "TaylorMade Golf Experience") that opened for business in October 1997. The remaining 23 acres was home to the discontinued SportPark that opened for business in October 1998 and was disposed of in May 2001. The lease for the golf center was for fifteen years with options to extend for two additional five-year terms. The first five year option to extend was exercised in 2012.

During June 1997, the Company and Callaway Golf Company ("Callaway") formed All-American Golf LLC ("LLC"), a California limited liability company that was owned 80% by the Company and 20% by Callaway; the LLC owned and operated the golf center. In May 1998, the Company sold its 80% interest in LLC to Callaway. On December 31, 1998, the Company acquired substantially all the assets of LLC subject to certain liabilities that resulted in the Company owning 100% of the golf center.

On October 19, 1998, the Company sold 250,000 shares of the Series B Convertible Preferred Stock to SPEN for \$2,500,000. SPEN had earlier issued 2,303,290 shares of its common stock for \$2,500,000 in a private transaction to ASI Group, L.L.C. ("ASI"). ASI also received 347,975 stock options for SPEN common stock. ASI is a Nevada limited liability company whose members include Andre Agassi, a former professional tennis player.

SPEN owned 2,000,000 shares of the Company's common stock and 250,000 shares of the Company's Series B Convertible Preferred Stock. In the aggregate, this represented approximately two-thirds ownership in the Company. On April 5, 2002, SPEN elected to convert its Series B Convertible Preferred Stock into common Stock on a 1 for 1 basis. On May 8, 2002, SPEN completed a spin-off of the Company's shares held by SPEN to SPEN's shareholders. This resulted in SPEN no longer having any ownership interest in the Company.

On June 15, 2011, the Company entered into a Stock Transfer Agreement with Saint Andrews pursuant to which the Company transferred 49% of the outstanding common stock of All-American Golf Center, Inc. ("AAGC"), a subsidiary of the Company, to Saint Andrews Golf Shop, Ltd. ("Saint Andrews") in exchange for the cancellation of \$600,000 of debt owed by the Company to Saint Andrews. The transfer of 49% of the common stock of AAGC was authorized by the Company's Board of Directors at which all of the Company's Directors voted in favor of the transfer, except that Ronald Boreta abstained from such vote. In connection with this transaction, the Company engaged Houlihan Valuation Advisors ("HVA") to provide an estimate of the fair market value of a 49% interest in AAGC. As a result of their analysis, HVA was of the opinion that the fair market value of a 49% interest in AAGC was approximately \$600,000. The Board of Directors determined to use this value as the amount to be received from Saint Andrews for the 49% interest.

Saint Andrews is owned by Ronald Boreta, the Company's President and a Director and John Boreta, his brother. John Boreta is a principal shareholder of the Company and became Director of the Company in 2012. The debt owed by the Company to Saint Andrews was from advances made in the past by Saint Andrews to provide the Company with working capital.

The original Las Vegas Golf and Tennis store closed to the public in May of 2010. The owner, Vaso Boreta who had retired, passed away in October 2013.

On June 19, 2009, AAGC entered into a Customer Agreement with Callaway Golf Company ("Callaway") and Saint Andrews pursuant to which Callaway has agreed to make certain cash payments and other consideration to AAGC and Saint Andrews in exchange for an exclusive marketing arrangement for the golf center operated by AAGC. Callaway is a major golf equipment manufacturer and supplier.

On March 9, 2013, AAGC entered into an amendment to its Customer Agreement with Callaway (the "Amendment"). The Amendment provided that AAGC was to use all reasonable efforts to negotiate and enter into a non-exclusive written contract with an alternative retail branding partner. In the event that AAGC was successful in executing a written contract with an alternative retail branding partner, the Customer Agreement would terminate on June 30, 2013.

Pursuant to the terms of the Amendment, Callaway was not required to pay any marketing funds or other fees or expenses required under the Customer Agreement during the first two quarters of 2013. The Amendment also provided that Callaway could, at its option, continue to feature its products in a second position at the golf center after termination of the Customer Agreement, under certain terms and conditions.

On March 27, 2013, AAGC entered into a Golf Center Sponsorship Agreement (“Sponsorship Agreement”) with Taylor Made Golf Company, Inc., doing business as TaylorMade-adidas Golf Company (“TMaG”) pursuant to which the golf center operated by AAGC was to be rebranded using TaylorMade® and other TMaG trademarks.

As part of the Sponsorship Agreement, TMaG agreed to reimburse AAGC for the reasonable costs associated with the rebranding efforts, including the costs associated with the build-out of the golf center and a new performance lab (described below), up to a specified maximum amount. In addition AAGC received a payment of \$200,000 upon execution of the Sponsorship Agreement and, so long as AAGC continues to operate the golf center and comply with the terms and conditions of the Sponsorship Agreement TMaG was to make additional payments to AAGC on each of March 26, 2014 and March 26, 2015. In March 2015, AAGC received the final payment in the amount of \$150,000.

The Sponsorship Agreement provides that TMaG would install a performance lab at AAGC's facility that would include one nine-camera motion analysis system and one putting lab, and would provide additional services, equipment, supplies and resources for the golf center. The performance lab was installed in 2013.

The Sponsorship Agreement includes provisions concerning the display of TMaG merchandise, payment terms, retail sales targets and other related matters. Also, Saint Andrews Golf Shop, a tenant of AAGC which is owned by Ronald Boreta, the Company's President, and John Boreta, a Director of the Company, receives a quarterly rebate based on the wholesale price of the TMaG merchandise purchased at the golf center. In addition, provided that the Las Vegas Golf and Tennis stores owned by Ronald Boreta and John Boreta maintains TMaG as their premier vendor at its locations, TMaG pays such stores a quarterly rebate based on the wholesale price of the TMaG merchandise purchased at those locations.

The initial term of the Sponsorship Agreement is for five years. AAGC and TMaG may mutually agree in writing to extend the Sponsorship Agreement for an additional four year period; provided that the option to renew the Agreement shall be determined by the parties not later than ninety (90) days prior to the end of the initial term and shall be consistent with the AAGC's lease on its golf center property.

The facility changed its name from “Callaway Golf Center” to “Las Vegas Golf Center” on July 1, 2013 and subsequently to “TaylorMade Golf Experience” in early November 2013.

TMaG began work on the new “TaylorMade Golf Experience” in September of 2013, which involved a complete remodel of the St. Andrews Golf Shop and the inside lobby of the TaylorMade Golf Experience. This included a small increase in space to add an indoor putting green and a consolidation of cash wraps (check-out counters) to allow customers to make multiple purchases from St. Andrews Golf Shop and TaylorMade Golf Experience in a single transaction. During the remodel, the store and golf activities counter operated out of a tent on the property. We began operations in the newly remodeled area in December 2013 and the remodeling was completed in early 2014.

Phase 2 began construction on January 20, 2015 and was completed in March of 2015. This includes FlightScope Technology (which uses Doppler radar to provide 3D tracking of golf shots) in kiosks on the Upper Westside Driving Range, outside performance bays and a mobile shop where custom TaylorMade clubs can be made for customers on the spot.

BUSINESS OF THE COMPANY

The Company currently operates a golf facility called the “TaylorMade Golf Experience” (“TMGE”), formerly called the “Callaway Golf Center”™, on approximately forty-two (42) acres of land located on Las Vegas Boulevard in Las Vegas, Nevada. The TMGE opened to the public on October 1, 1997.

The TMGE is strategically positioned within a few miles of the largest hotels and casinos in the world. According to the Las Vegas Convention and Visitors Authority, Las Vegas had 42,312,216 visitors in 2015. There are 149,213 hotel rooms in Las Vegas and, according to the Las Vegas Convention and Visitors Authority, eighteen of the top twenty-five largest hotels in the world are within five miles of the TMGE. They include the MGM Grand, Mandalay Bay, Luxor, Bellagio, Monte Carlo, and the City Center. The TMGE is also adjacent to McCarran International Airport, the 25th busiest airport in the world with passenger traffic of 45,389,074 during 2015 according to the Las Vegas Convention and Visitors Authority. The city of Las Vegas population is 619,419 while the Las Vegas valley (Clark County) residential population is 2,102,238.

The TMGE includes a two tiered, 110-station, driving range. The driving range is designed to have the appearance of an actual golf course with ten impact greens and island greens. Pro-line equipment and popular brand name TaylorMade golf balls are utilized throughout the TMGE. In addition to the driving range, the TMGE has a lighted, nine-hole, par three golf course, named the “Divine Nine.” The golf course has been designed to be challenging, with golf cart paths and designated practice putting and chipping areas. At the entrance to the TMGE is a 20,000 square foot clubhouse which includes two advanced state of the art golf swing analyzing systems developed by TMaG, and two tenant operations: (a) the Saint Andrews Golf Shop featuring the latest in TaylorMade Adidas equipment and accessories, and (b) the Flight Deck Bar and Grill, which features an outdoor patio overlooking the golf course and driving range with the Las Vegas “Strip” in the background.

The Company subleases space in the clubhouse to Saint Andrews. Base rent was initially \$13,104 per month through July 2012 with a 5% increase for each of the two 5-year options to extend in July 2012 and July 2017. Saint Andrews exercised its first option to extend the lease through July 2017. For the years ended December 31, 2015 and 2014, the Company recognized rental income totaling \$166,779 and \$163,800 respectively from this tenant.

LIABILITY INSURANCE

The Company has a comprehensive general liability insurance policy to cover possible claims for injury and damages from accidents and similar activities, with a limit of \$2 million per occurrence, and an umbrella policy that provides an addition at \$2 million per occurrence for any amounts that exceed the limits of the general liability policy. Although management of the Company believes that its insurance levels are sufficient to cover all future claims, there is no assurance it will be sufficient to cover all future claims.

MARKETING

The marketing program for the TMGE has a two-fold focus. The first is on local residents and the second is on tourists. The emphasis on the tourist market has been increasing because of the close proximity that TMGE has to the Las Vegas hotels located on the strip. In 2012 the Company hired a staff member to work as our “Director of Business” whose primary function was to network with hotel guests, hotel concierges, VIP hosts and groups visiting Las Vegas in order to bring more business to our facility. That position was vacated in October of 2013. In 2014 the Company hired a local golf expert, Brian Hurlburt, as a Marketing Consultant. During his tenure the TMGE rolled out a new website and added the ability to request event information through it as well as buy merchandise and apply for employment. The Company also has a taxi advertising program, advertising cards placed in hotel lobbies and rooms, and print media in local tourist publications. The TMGE's marketing efforts in the local resident market has principally relied on print media including the Las Vegas Review Journal, Seven Magazine and a taxicab publication. Also, the TMGE has implemented programs to attract more group events, clinics, and other special promotional events. A 30 foot high pylon sign with a reader board is located in front of the TMGE. The sign makes the general public aware of various programs, specials and information on events and other activities taking place within the TMGE. The TMGE has undertaken random surveys of its customers about how they heard about the TMGE. Over half of the customers stated that they came into the TMGE because they saw the sign.

The TMGE, which includes a nine-hole par 3 golf course, driving range, and clubhouse, is designed to provide a country club atmosphere for the general public.

The TMGE uses social media, such as Facebook and Twitter, and also uses its own website to keep guests abreast on specific events and current pricing. The TMGE also utilizes email blasts to its customer base. All of these help to keep the name of the TMGE before its guests and potential guests creatively.

FIRST TEE PROGRAM

Since March 2002, the golf center has been the official home in southern Nevada for the national First Tee program. The First Tee program is a national initiative started in November 1997 by the World Golf Foundation. First Tee is a program sponsored by the PGA Tour, the LPGA, the PGA of America, the United States Golf Association, and Augusta National Golf Club. The First Tee program was formed to eliminate access and affordability issues for children, especially economically disadvantaged children, to participate in the game of golf. In research conducted by the National Golf Foundation, it was noted that only two percent of children through age 17 ever try golf and only five percent of our nation's golfers were minorities. The TMGE believes its participation in this program offers opportunities for greater public exposure.

COMPETITION

In the Las Vegas market, the Company has competition from other golf courses, family entertainment concerts, and entertainment provided by hotel/casinos. The Company's management believes that the TMGE has a competitive advantage in the Las Vegas market because of its strategic location, product branding, alliances, and extent of facilities balanced with competitive pricing that is unlike any competitor in the market.

The Company's competition includes other golf facilities within the Las Vegas area that provide a golf course and driving range combination and/or a night lighted golf course. Management believes that the TMGE is able to compete because it is unique in providing a branded partnership with TaylorMade and giving the Las Vegas community one of the largest golf training facilities in the western United States. In addition, several Las Vegas hotel/casinos own their own golf courses that cater to high-roller/VIP tourists. The TMGE is able to compete against these facilities because it offers a competitively priced golf facility with close proximity to the Las Vegas "Strip" properties where a non-high-roller/VIP tourist can come to enjoy a Las Vegas golf experience.

Top Golf, a national golf chain, has announced plans to move into the Las Vegas market with a facility scheduled to open in 2016. This would result in additional competition for the TMGE.

EMPLOYEES

As of March 7, 2016, there were 3 full-time and 2 part-time employees at the Company's executive offices, and 4 full-time and 23 part-time employees at the TMGE.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The following information should be read in conjunction with the Company's Consolidated Financial Statements and the Notes thereto included in this report.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Our consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States ("GAAP") In connection with the preparation of the financial statements, we are required to make assumptions and estimates about future events that affect the reported amounts of assets, liabilities, revenue, expenses and the related disclosures. We base our assumption and estimate on historical experience and other factors that management believes are relevant at the time our consolidated financial statements are prepared. On a periodic basis, management reviews the accounting policies, assumptions and estimates to ensure that our financial statements are presented fairly and in accordance with GAAP. However, because future events and their effects cannot be determined with certainty, actual results could differ from the estimates and assumptions, and such differences could be material.

Our significant accounting policies are discussed in Note 2, Summary of Significant Accounting Policies in the Notes to the Consolidated Financial Statements. The following accounting policies are most critical in fully understanding and evaluating our reported financial results.

STOCK BASED COMPENSATION

In accordance with accounting standards concerning Stock-based Compensation, the Company accounts for all compensation related to stock, options or warrants using a fair value based method in which compensation cost is measured at the grant date based on the value of the award and is recognized over the service period. The Company uses the Black-Scholes pricing model to calculate the fair market value of options and warrants issued to both employees and non-employees. Stock issued for compensation is valued on the date of the related agreement and using the market price of the stock. The Company currently does not have any options that are not fully vested.

LEASEHOLD IMPROVEMENTS AND EQUIPMENT

Leasehold improvements and equipment are stated at cost and are depreciated or amortized using the straight-line basis over the lesser of the lease term (including renewal periods, when the Company has both the intent and ability to extend the lease) or the useful lives of the assets, generally 3 to 15 years.

REVENUES

The Company primarily earns revenue from golf course green fees, driving range ball rentals and golf and cart rentals, which are recognized when received as payments for the services provided. The Company also receives marketing revenue associated with the Callaway Agreement which is realized on an equal monthly basis over the life of the agreement. Lease and sponsorship revenues are recognized as appropriate when earned.

RECENT ACCOUNTING PRONOUNCEMENTS

The Company believes there was no new accounting guidance adopted but not yet effective that either has not already been disclosed in prior reporting periods or is relevant to the readers of the Company's financial statements.

OVERVIEW

Our operations consist of the management and operation of the TaylorMade Golf Experience ("TMGE"). The TMGE includes a par 3 golf course fully lighted for night golf, a 110-tee two-tiered driving range, and a 20,000 square foot clubhouse, which includes two TaylorMade fitting bays; Saint Andrews Golf Shop carrying the latest golf products featuring TaylorMade and adidas Golf; and the Flight Deck Bar and Grill. TMGE has been listed as the number one driving range in America by Golf Digest Magazine several times, as recently as August 2010.

The TMGE has an ideal location at the end of the "Las Vegas strip" and near the international airport; however, much of the land immediately adjacent to the TMGE has not yet been developed.

The Town Square Mall, which opened in November of 2007, generates significant traffic in the area. The Town Square is a 1.5 million square foot super regional lifestyle center with a mix of retail, dining, and office space across the street from the TMGE. In addition, traffic from time-share condominium and new casinos at the far south end of the strip has increased local and tourist business for the TMGE.

On June 19, 2009, the Company entered into a “Customer Agreement” with Callaway Golf Company (“Callaway”) and Saint Andrews Golf Shop, Ltd. (“Saint Andrews”) through our majority owned subsidiary AAGC pursuant to which Callaway agreed to make certain cash payments and other consideration to AAGC and Saint Andrews in exchange for an exclusive marketing arrangement for the Callaway Golf Center operated by AAGC. Callaway is a major golf equipment manufacturer and supplier. Saint Andrews subleases space at the Callaway Golf Center and operates a golf equipment store at the Callaway Golf Center.

The Customer Agreement with Callaway provided that Callaway would provide Saint Andrews with \$250,000 annual advertising contribution in the form of golf related products. In addition, Saint Andrews was given an opportunity to earn additional credits upon reaching a sales threshold.

In connection with the signing of the Customer Agreement, AAGC received several concessions to help in the operation of the business, upgrading certain areas, and remodel of some portions of the AAGC facility. Callaway also provided staff uniforms, range golf balls and rental golf equipment for AAGC’s use at the Callaway Golf Center. Both AAGC and Saint Andrews agreed to exclusively sell only Callaway golf products at the Callaway Golf Center for the term of the Customer Agreement.

On March 9, 2013, AAGC entered into an amendment to its Customer Agreement with Callaway (the “Amendment”). The effective date of the Amendment was January 20, 2013. The Amendment provided that AAGC was to use all reasonable efforts to negotiate and enter into a non-exclusive written contract with an alternate retail branding partner. In the event that AAGC was successful in executing a written contract with an alternative retail branding partner, the Customer Agreement was to terminate on June 30, 2013. In the event that an agreement with an alternative retail branding partner was not entered into by June 30, 2013, the Customer Agreement was to terminate on that date but AAGC would have the right to continue to feature its products in a second position at the Callaway Golf Center after termination of Customer Agreement, under certain terms and conditions, which they have chosen to do.

On March 27, 2013, AAGC entered into a Golf Center Sponsorship Agreement with Taylor Made Golf Company, Inc., doing business as TaylorMade-Adidas Golf Company (“TMaG”)(the “Sponsorship Agreement”) pursuant to which the golf center operated by AAGC will be rebranded using TaylorMade® and other TMaG trademarks.

As part of the Sponsorship Agreement, TMaG has agreed to reimburse AAGC for the reasonable costs associated with the rebranding efforts, including the costs associated with the build-out of the golf center and two new performance bays up to a specified maximum amount. In addition, AAGC received a payment of \$200,000 within a few days of signing the Sponsorship Agreement and, so long as AAGC continues to operate the golf center and comply with the terms and conditions of the Sponsorship Agreement TMaG made additional payments to AAGC on each of March 26, 2014 and March 26, 2015. The Company recognized these payments as revenue on a straight-line basis over the term of the agreement. In March 2014, AAGC received the second payment in the amount of \$150,000. In March 2015, AAGC received the final payment.

The Sponsorship Agreement includes provisions concerning the display of TMaG merchandise, payment terms, retail sales targets and other related matters. Also, Saint Andrews Golf Shop, a tenant of AAGC which is owned by Ronald Boreta, the Company's President, and John Boreta, a Director of the Company, will receive a quarterly rebate based on the wholesale price of the TMaG merchandise purchased at the golf center. In addition, provided that the Las Vegas Golf and Tennis stores owned by Ronald Boreta and John Boreta maintain TMaG as its premier vendor at its locations, TMaG will pay such stores a quarterly rebate based on the wholesale price of the TMaG Merchandise purchased at those locations.

The initial term of the Sponsorship Agreement is for five years. AAGC and TMaG may mutually agree in writing to extend the Sponsorship Agreement for an additional four year period; provided that the option to renew the Sponsorship Agreement shall be determined by the parties not later than ninety (90) days prior to the end of the initial term and shall be consistent with the AAGC's lease on its golf center property.

RESULTS OF OPERATIONS – YEAR ENDED DECEMBER 31, 2015 VERSUS YEAR ENDING DECEMBER 31, 2014.

REVENUES

Revenues for 2015 decreased by \$117,836 to \$1,850,323 compared to \$1,968,159 in 2014. Golf course green fees decreased to \$471,854 in 2015 compared to \$555,987 in 2014. Driving Range revenue decreased for 2015 by \$45,509 to \$751,570 in 2015 compared to \$797,079 in 2014. Driving range rounds were down in 2015 over 2014 due to general downturn in the popularity of golf nationwide. In an attempt to reverse this trend, we have advertised several special offers and have increased our efforts to attract special events. Rentals for golf carts and golf clubs increased by \$45,981 in 2015 to \$364,438 as compared to \$318,457 in 2014. Revenue from related parties remained relatively flat from \$163,800 in 2014 to \$166,799 in 2015

COST OF REVENUES

Costs of revenues decreased by \$50,822 to \$620,296 during 2015 as compared to \$671,118 in 2014. This decrease is due to no major equipment failures occurring during 2015 as well as maintaining staffing levels at the TMGE consistent throughout the year.

GENERAL AND ADMINISTRATIVE (“G&A”)

G&A expenses consist principally of administrative payroll, rent, professional fees, and other corporate costs. These expenses remained relatively unchanged with a decrease of \$12,099 to \$1,432,615 in 2015 from \$1,444,714 in 2014.

IMPAIRMENT ON PROPERTY AND EQUIPMENT

In 2015 and 2014 there was no impairment on property and equipment.

DEPRECIATION AND AMORTIZATION

Depreciation and amortization decreased by \$2,861 in 2015 to \$110,031 from \$112,892 in 2014. The decrease in depreciation is a result of several assets reaching their full depreciation during 2015.

OTHER INCOME AND INTEREST EXPENSE

Interest expense decreased in 2015 by \$722 to \$530,507 from \$531,229 in 2014

NET LOSS

In 2015, the net loss (before non-controlling interest) was \$676,347 as compared to net loss of \$624,994 in 2014. This increase in net loss is consistent with the decrease in revenue and the relatively unchanged general and administrative costs.

LIQUIDITY AND CAPITAL RESOURCES

The following table summarizes our current assets, liabilities, and working capital at December 31, 2015 compared to December 31, 2014.

	December 31,	December 31,	Increase / (Decrease)	
	2015	2014	\$	%
Current Assets	\$39,469	\$10,937	28,532	260.8%
Current Liabilities	13,189,340	12,485,970	703,370	5.6%
Working Capital Deficit	<u>\$ (13,149,871)</u>	<u>\$ (12,475,033)</u>	<u>674,838)</u>	<u>5.4%</u>

The net cash used for operating activities increased to \$50,611 in 2015 compared to \$33,168 in 2014. The majority of that increase came from accounts payables items with related parties. The company invested \$36,240 into equipment in 2015 as compared to \$50,487 in 2014. The cash flows from financing decreased from net cash provided by financing activities of \$19,501 in 2014 to net cash used in financing activities of \$10,715 in 2015.

Working capital needs have been helped by favorable payment terms and conditions included in our notes payable to related parties. Management believes that additional notes could be negotiated, if necessary, with similar payment terms and conditions.

AASP management believes that its continuing operations may not be sufficient to fund operating cash needs and debt service requirements over at least the next 12 months. As such, management plans on seeking other sources of funding including the restructuring of current debt as needed, which may include Company officers or directors and/or other related parties. In addition, management continues to analyze all operational and administrative costs of the Company and has made and will continue to make the necessary cost reductions as appropriate. The inability to build attendance to profitable levels beyond a 12-month period may require the Company to seek additional debt, restructure existing debt or equity financing to meet its obligations as they come due. There is no assurance that the Company would be successful in securing such debt or equity financing in amounts or with terms acceptable to the Company.

Nevertheless, management continues to seek out financing to help fund working capital needs of the Company. In this regard, management believes that additional borrowings against the TMGE could be arranged although there can be no assurance that the Company would be successful in securing such financing or with terms acceptable to the Company.

Among its alternative courses of action, management of the Company may seek out and pursue a business combination transaction with an existing private business enterprise that might have a desire to take advantage of the Company's status as a public corporation. There is no assurance that the Company will acquire a favorable business opportunity through a business combination. In addition, even if the Company becomes involved in such a business opportunity, there is no assurance that it would generate revenues or profits, or that the market price of the Company's common stock would be increased thereby.

The consolidated financial statements do not include any adjustments relating to the recoverability of assets and the classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not required.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

The consolidated financial statements are set forth on pages F-1 through F-19 hereto.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

On January 23, 2015, All-American SportPark, Inc. (the “Company”) was notified by L.L. Bradford & Company, LLC (“Bradford”) that the firm had resigned as the Company’s independent registered public accounting firm. Except as noted in the paragraph immediately below, the reports of Bradford on the Company’s financial statements for the years ended December 31, 2012 and 2013 and for the periods then ended did not contain an adverse opinion or disclaimer of opinion, and such reports were not qualified or modified as to uncertainty, audit scope, or accounting principle.

The reports of Bradford on the Company’s financial statements as of and for the fiscal years ended December 31, 2012 and 2013 contained explanatory paragraphs which noted that there was substantial doubt as to the Company’s ability to continue as a going concern as the Company had reported a net loss for the fiscal years ended December 31, 2012 and 2013 and had accumulated deficits as of December 31, 2012 and 2013 which raised doubts about the Company’s ability to continue as a going concern.

During the fiscal years ended December 31, 2012 and 2013 and through January 23, 2015, the Company had not had any disagreements with Bradford on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to Bradford's satisfaction, would have caused them to make reference thereto in their reports on the Company's financial statements for such periods.

During the fiscal years ended December 31, 2012 and 2013 and through January 23, 2015, there were no reportable events, as defined in Item 304(a)(1)(v) of Regulation S-K.

On January 23, 2015, the Company engaged RBSM LLP ("RBSM") as its independent registered public accounting firm for the Company's fiscal year ended December 31, 2014. The decision to engage RBSM as the Company's independent registered public accounting firm was approved by the Company's Board of Directors. The Company does not have an audit committee.

During the two most recent fiscal years and through January 23, 2015, the Company had not consulted with RBSM regarding either:

1. the application of accounting principles to any specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, and neither a written report was provided to the Company nor oral advice was provided that RBSM concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue; or

2. any matter that was either the subject of a disagreement (as defined in paragraph (a) (1) (iv) of Item 304 of Regulation S-K and the related instructions thereto) or a reportable event (as described in paragraph (a)(1)(v) of Item 304 of Regulation S-K).

ITEM 9A. CONTROLS AND PROCEDURES

DISCLOSURE CONTROLS AND PROCEDURES

As of the end of the period covered by this report, the Company's management carried out an evaluation, under the supervision of and with the participation of the Chief Executive Officer and Principal Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15 and 15d-15 under the Exchange Act). Based upon that evaluation, the Company's Chief Executive Officer and principal Financial Officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report, to provide reasonable assurance that information required to be disclosed by the Company in reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, completely and accurately, within the time periods specified in SEC rules and forms.

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in the Securities Exchange Act of 1934 Rule 13a-15(f).

Our Chief Executive Officer and Chief Financial Officer conducted an evaluation of the effectiveness of our internal control over financial reporting based on the framework in Internal Control – Integrated Framework, issued by the Committee of Sponsoring Organizations of the Treadway Commission (“COSO Framework”). Based on our evaluation under the COSO Framework, our management concluded that our internal controls over financial reporting were effective as of December 31, 2015.

The annual report does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management’s report was not subject to attestation by Section 989G of the Dodd Frank Wall Street Reform and Consumer Protection Act.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

There were no changes in internal control over financial reporting that occurred during the fourth quarter of the fiscal year covered by this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

The Directors and Executive Officers of the Company are as follows:

NAME	AGE	POSITIONS AND OFFICES HELD
Ronald S. Boreta	53	President, Chief Executive Officer, Treasurer, Secretary and Director
Steven Miller	72	Director
Cara Corrigan	54	Director
John Boreta	55	Director

Ronald Boreta and John Boreta are brothers. There are no other family relationships between any of the Directors and Executive Officers of the Company.

Vaso Boreta, who had served as a Director of the Company for over twenty years, passed away in October 2013. The Board of Directors chose not to fill the vacancy on the board.

The Company does not currently have an audit committee or an “audit committee financial expert” because it is not legally required to have one and due to the limited size of the Company's operations, it is not deemed necessary. The Company presently has no compensation or nominating committee.

All Directors hold office until the next Annual Meeting of Shareholders.

Officers of the Company are elected annually by, and serve at the discretion of, the Board of Directors.

The following sets forth biographical information as to the business experience of each officer and director of the Company for at least the past five years.

RONALD S. BORETA has served as President of the Company since 1992, Chief Executive officer (Principal Executive Officer) since August 1994, Principal Financial Officer since February 2004, and a Director since its inception in 1984. The Company has employed him since its inception in March 1984, with the exception of a 6-month period in 1985 when he was employed by a franchisee of the Company located in San Francisco, California. Prior to his employment by the Company, Mr. Boreta was an assistant golf professional at San Jose Municipal Golf Course in San Jose, California, and had worked for two years in South San Francisco, California.

Mr. Boreta devotes approximately 90% of his time to the business of the Company. Ronald S. Boreta was selected to be a Director of the Company because of his long experience with the Company and because he has served as its sole executive officer for many years. He has also served as an executive officer and director of another publicly-held company, Sports Entertainment Enterprises, Inc. (subsequently named "CKX, Inc.").

STEVEN MILLER is the Chief Executive Officer of Agassi Enterprises and Agassi Graf Holdings since January 2009. He is responsible for the leadership and operation of two for-profit entities. He previously served as a senior analyst and adjunct professor at the University of Oregon's Warsaw Sports Marketing Center; President of Devine Sports in Chicago; and President and CEO of the Professional Bowlers Association in Seattle.

Agassi ASI Group, LLC and Investment AKA, LLC currently hold approximately 35% of the Company's outstanding common stock. Both of these are limited liability companies whose members include Andre K. Agassi. The election of Mr. Miller to the Board of Directors may be considered to be a result of the relationship of Mr. Miller to Andre Agassi.

CARA CORRIGAN started as an employee of the Company in 1997 as the Assistant Controller and then became the Executive Assistant to the President (Ronald Boreta) in 1999 and served as his assistant until June of 2008. In June of 2009, she became the Company's Corporate Controller working in that position until May of 2015. Ms. Corrigan proved herself a dedicated employee with the Company and continues to be well aware of the activities and direction of the Company. She gained knowledge about the golf industry through the many individuals she met while employed with the Company, and used that information to help advise the Company with regard to many aspects of its business during her tenure. Ms. Corrigan now lives in Reno, NV where she is the Financial Controller for a business conglomerate that includes real estate, a clothing line, autos and horses. Mrs. Corrigan oversees all aspects of the business including working internationally with the Danish Office.

JOHN BORETA was elected to the Board during the third quarter of 2013. John has served as General Manager of the golf center (now named the "TaylorMade Golf Experience") since its inception in 1997. He is involved in all aspects of the day to day operation of the facility. John moved to Las Vegas in 1981 to work in the family golf business, Las Vegas Golf and Tennis. He was involved in the daily store operations as a retail sales manager, as well as mail-order sales supervisor. He was promoted to store manager for a store that exceeded \$10 million in sales annually. In addition to his involvement with TaylorMade Golf Experience, he is co-owner of three golf retail stores in Las Vegas, including the Saint Andrews Golf Shop which is a tenant at the golf center, with his brother, Ronald S. Boreta.

The Saint Andrews store is the retail tenant in the TMGE. The "District Store" closed in March of 2015.

John Boreta, who became a Director of the Company in 2013, has been employed by All-American Golf Center (“AAGC”), a subsidiary, as its general manager for over 12 years. On June 15, 2009, AAGC entered into an employment agreement with John Boreta. The employment agreement was for a period through June 15, 2012 and provided for a base annual salary of \$75,000. During 2015, John Boreta received compensation of \$81,000 for his services in that capacity, which includes an auto allowance of \$6,000. He also received medical compensation of \$15,662 for 2015. REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of
All-American Sportpark, Inc.

We have audited the accompanying consolidated balance sheets of All-American Sportpark, Inc. as of December 31, 2015 and 2014, and the related consolidated statements of operations, stockholders' deficit, and cash flows for each of the years in the two-year period ended December 31, 2015. All-American Sportpark, Inc.'s management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of All-American Sportpark, Inc. as of December 31, 2015 and 2014, and the results of its operations and its cash flows for each of the years in the two-year period ended December 31, 2015, in conformity with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 3 to the consolidated financial statements, the Company has suffered losses from operations, which raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 3. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

ALL -AMERICAN SPORTPARK, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. ORGANIZATIONAL STRUCTURE AND BASIS OF PRESENTATION

a. PRINCIPLES OF CONSOLIDATION

The consolidated financial statements of All-American SportPark, Inc. (“AASP”) include the accounts of AASP and its 51% owned subsidiary, All-American Golf Center, Inc. (“AAGC”), collectively the “Company”. All significant intercompany accounts and transactions have been eliminated. The Company’s business operations consisting solely of the TaylorMade Golf Experience (“TMGE”) are included in AAGC.

b. BUSINESS ACTIVITIES

The TMGE includes the Divine Nine par 3 golf course fully lighted for night golf, a 110-tee two-tiered driving range, a 20,000 square foot clubhouse which includes two TaylorMade Golf fitting bays and two tenants: the Saint Andrews Golf Shop retail store, Flight Deck Bar and Grill.

Because our business activities are not structured on the basis of different services provided, the above activities are reviewed, evaluated and reported as a single reportable segment. The Company is based in and operates solely in Las Vegas, Nevada, and does not receive revenues from other geographic areas although its tourist customers come from elsewhere. No one customer of the Company comprises more than 10% of the Company's revenues.

c. CONCENTRATIONS OF RISK

The Company has implemented various strategies to market the TMGE to Las Vegas tourists and local residents. Should attendance levels at the TMGE not meet expectations in the short-term, management believes existing cash balances would not be sufficient to fund operating expenses and debt service requirements for at least the next 12 months.

d. RECLASSIFICATIONS

Certain reclassifications have been made in prior periods’ financial statements to conform to classifications used in the current period.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. CASH AND CASH EQUIVALENTS

All highly liquid investments with original maturities of three months or less are classified as cash and cash equivalents. The fair value of cash and cash equivalents approximates the amounts shown on the financial statements. Cash and cash equivalents consist of unrestricted cash in accounts maintained with major financial institutions.

b. INCOME TAXES

The Company accounts for income taxes under the asset and liability method, which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements. Under this method, deferred tax assets and liabilities are determined based on the differences between the financial statements and tax basis of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. The effect of a change in tax rates on deferred tax assets and liabilities is recognized in income in the period that includes the enactment date. The Company records net deferred tax assets to the extent the Company believes these assets will more likely than not be realized. In making such determination, the Company considers all available positive and negative evidence, including future reversals of existing taxable temporary differences, projected future taxable income, tax planning strategies and recent financial operations. A valuation allowance is established against deferred tax assets that do not meet the criteria for recognition. In the event the Company were to determine that it would be able to realize deferred income tax assets in the future in excess of their net recorded amount, the Company would make an adjustment to the valuation allowance which would reduce the provision for income taxes.

The Company follows the accounting guidance which provides that a tax benefit from an uncertain tax position may be recognized when it is more likely than not that the position will be sustained upon examination, including resolutions of any related appeals or litigation processes, based on the technical merits. Income tax positions must meet a more-likely-than-not recognition threshold at the effective date to be recognized initially and in subsequent periods. Also included is guidance on measurement, de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition.

c. STOCK-BASED COMPENSATION

The Company accounts for all compensation related to stock, options or warrants using a fair value based method whereby compensation cost is measured at the grant date based on the value of the award and is recognized over the service period, which is usually the vesting period. The Company uses the Black-Scholes pricing model to calculate the fair value of options and warrants issued to both employees and non-employees. Stock issued for compensation is valued using the market price of the stock on the date of the related agreement.

d. LEASEHOLD IMPROVEMENTS AND EQUIPMENT

Leasehold improvements and equipment (Note 5) are stated at cost. Depreciation and amortization is provided for on a straight-line basis over the lesser of the lease term (including renewal periods, when the Company has both the intent and ability to extend the lease) or the following estimated useful lives of the assets:

Furniture and equipment	3-10 years
Leasehold improvements	15-25 years

e. ADVERTISING

The Company expenses advertising costs as incurred. Advertising costs charged to continuing operations amounted to \$36,562 and \$43,168 in 2015 and 2014, respectively.

f. REVENUES

The Company primarily earns revenue from golf course green fees, driving range ball rentals and golf club and cart rentals, which are recognized when received as payments for the services provided. The Company also receives marketing revenue associated with the Taylor Made Agreement that they realize equally on a monthly basis over the life of the agreement. Lease and sponsorship revenues are recognized as appropriate when earned.

g. COST OF REVENUES

Cost of revenues is primarily comprised of golf course and driving range employee payroll and benefits, operating supplies (e.g., driving range golf balls and golf course scorecards, etc.), and credit card and check processing fees.

h. GENERAL AND ADMINISTRATIVE EXPENSES

General and administrative expenses consist principally of management, accounting and other administrative employee payroll and benefits, land lease expense, utilities, landscape maintenance costs, and other expenses (e.g., office supplies, marketing/advertising, and professional fees, etc.).

i. IMPAIRMENT OF LONG-LIVED ASSETS

Long-lived assets, including property and equipment, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of the long-lived asset may not be recoverable. If the long-lived asset or group of assets is considered to be impaired, an impairment charge is recognized for the amount by which the carrying amount of the asset or group of assets exceeds its fair value. Long-lived assets to be disposed of are reported at the lower of the carrying amount or fair value less cost to sell.

j. LEASES

The Company leases land and equipment. Leases are evaluated and classified as operating or capital leases for financial reporting purposes. The lease term used for lease evaluation related to the land includes option periods as the Company believes the option period can be reasonably assured and failure to exercise such option would result in an economic penalty. For equipment, option periods are included only in instances in which the exercise of the option period can be reasonably assured and failure to exercise such options would result in economic penalty.

k. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company adopted the FASB standard related to fair value measurement at inception. The standard defines fair value, establishes a framework for measuring fair value and expands disclosure of fair value measurements. The standard applies under other accounting pronouncements that require or permit fair value measurements and, accordingly, does not require any new fair value measurements. The standard clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. The recorded values of long-term debt

approximate their fair values, as interest approximates market rates. As a basis for considering such assumptions, the standard established a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

F-10

- Level 1: Observable inputs such as quoted prices in active markets;
- Level 2: Inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

At each of December 31, 2015 and 2014, the carrying amount of cash, accounts receivable, notes payable, and accounts payable and accrued liabilities approximates fair value because of the short maturity of these instruments.

l. EARNINGS (LOSS) PER SHARE

Basic earnings per share excludes any dilutive effects of options, warrants, and convertible securities. Basic earnings per share is computed using the weighted average number of shares of common stock and common stock equivalent shares outstanding during the period. Common stock equivalent shares are excluded from the computation if their effect is antidilutive. The Company did not have any stock equivalent shares for the years ended December 31, 2015 and 2014.

Loss per share is computed by dividing reported net loss by the weighted average number of common shares outstanding during the period. The weighted-average number of common shares used in the calculation of basic loss per share was 4,624,123 in 2015 and 4,624,123 in 2014, respectively.

m. RECENT ACCOUNTING POLICIES

The Company believes there was no new accounting guidance adopted but not yet effective that either has not already been disclosed in prior reporting periods or is relevant to the readers of the Company's financial statements.

The Company continually assesses any new accounting pronouncements to determine their applicability to the Company. Where it is determined that a new accounting pronouncement affects the Company's financial reporting, the Company undertakes a study to determine the consequence of the change to its financial statements and assures that there are proper controls in place to ascertain that the Company's financials properly reflect the change.

NOTE 3. GOING CONCERN

The accompanying consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the accompanying consolidated financial statements, for 2015, the Company had net loss of \$676,347. As of December 31, 2015, the Company had a working capital deficit of \$13,149,871 and a shareholders' equity deficiency of \$13,316,559.

AASP management believes that its continuing operations may not be sufficient to fund operating cash needs and debt service requirements over at least the next 12 months. As such, management plans on seeking other sources of funding including the restructuring of current debt as needed, which may include Company officers or directors and/or other related parties. In addition, management continues to analyze all operational and administrative costs of the Company and has made and will continue to make the necessary cost reductions as appropriate. The inability to build attendance to profitable levels beyond a 12-month period may require the Company to seek additional debt, restructure existing debt or equity financing to meet its obligations as they come due. There is no assurance that the Company would be successful in securing such debt or equity financing in amounts or with terms acceptable to the Company.

Nevertheless, management continues to seek out financing to help fund working capital needs of the Company. In this regard, management believes that additional borrowings against the TMGE could be arranged although there can be no assurance that the Company would be successful in securing such financing or with terms acceptable to the Company.

Among its alternative courses of action, management of the Company may seek out and pursue a business combination transaction with an existing private business enterprise that might have a desire to take advantage of the Company's status as a public corporation. There is no assurance that the Company will acquire a favorable business opportunity through a business combination. In addition, even if the Company becomes involved in such a business opportunity, there is no assurance that it would generate revenues or profits, or that the market price of the Company's common stock would be increased thereby.

The consolidated financial statements do not include any adjustments relating to the recoverability of assets and the classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

NOTE 4. RELATED PARTY TRANSACTIONS

Due to related parties

The Company's employees provide administrative/accounting support for (a) three golf retail stores, one of which is named Saint Andrews Golf Shop ("SAGS") and the others named Las Vegas Golf and Tennis ("District Store") and Las Vegas Golf and Tennis ("Westside, 15 Store"), owned by the Company's President and his brother. The SAGS store is the retail tenant in the TMGE.

Administrative/accounting payroll and employee benefits expenses are allocated based on an annual review of the personnel time expended for each entity. Amounts allocated to these related parties by the Company approximated \$20,925 and \$19,875 for the years ended December 31, 2015 and 2014, respectively. The Company records this allocation by reducing the related expenses and allocating them to the related parties.

In addition to the administrative/accounting support provided by the Company to the above stores, the Company received funding for operations from these and various other stores owned by the Company's President, his brother, and the former Chairman. These funds helped pay for office supplies, phone charges, postages, and salaries. Customer Agreement

On June 19, 2009, AAGC entered into a Customer Agreement with Callaway Golf Company ("Callaway") and Saint Andrews pursuant to which Callaway has agreed to make certain cash payments and other consideration to AAGC and Saint Andrews in exchange for an exclusive marketing arrangement for the golf center operated by AAGC. Callaway is a major golf equipment manufacturer and supplier.

On March 9, 2014, AAGC entered into an amendment to its Customer Agreement with Callaway (the "Amendment"). The Amendment provided that AAGC was to use all reasonable efforts to negotiate and enter into a non-exclusive written contract with an alternative retail branding partner. In the event that AAGC was successful in executing a written contract with an alternative retail branding partner, the Customer Agreement would be terminated on June 30, 2014.

Pursuant to the terms of the Amendment, Callaway was not required to pay any marketing funds or other fees or expenses required under the Customer Agreement during the first two quarters of 2014. The Amendment also provided that Callaway could, at its option, continue to feature its products in a second position at the golf center, of which they have chosen to do, after termination of the Customer Agreement, under certain terms and conditions.

Sponsorship Agreement

On March 27, 2014, AAGC entered into a Golf Center Sponsorship Agreement ("Sponsorship Agreement") with Taylor Made Golf Company, Inc., doing business as TaylorMade-adidas Golf Company ("TMaG") pursuant to which the golf center operated by AAGC was to be rebranded using TaylorMade® and other TMaG trademarks.

As part of the Sponsorship Agreement, TMaG agreed to reimburse AAGC for the reasonable costs associated with the rebranding efforts, including the costs associated with the build-out of the golf center and a new performance lab (described below), up to a specified maximum amount. In addition AAGC received a payment of \$200,000 upon execution of the Sponsorship Agreement and, so long as AAGC continues to operate the golf center and comply with the terms and conditions of the Sponsorship Agreement TMaG made additional payments to AAGC on each of March 2014 and March 2015.

The Sponsorship Agreement provides that TMaG would install a performance lab at AAGC's facility that would include one nine-camera motion analysis system and one putting lab, and would provide additional services, equipment, supplies and resources for the golf center. The performance lab was installed in 2014.

The Sponsorship Agreement includes provisions concerning the display of TMaG merchandise, payment terms, retail sales targets and other related matters. Also, Saint Andrews Golf Shop, a tenant of AAGC which is owned by Ronald Boreta, the Company's President, and John Boreta, a Director of the Company, will receive a quarterly rebate based on the wholesale price of the TMaG merchandise purchased at the golf center. In addition, provided that the Las Vegas Golf and Tennis stores owned by Ronald Boreta and John Boreta maintain TMaG as their premier vendor at its locations, TMaG will pay such stores a quarterly rebate based on the wholesale price of the TMaG merchandise purchased at those locations.

The initial term of the Sponsorship Agreement is for five years. AAGC and TMaG may mutually agree in writing to extend the Sponsorship Agreement for an additional four year period; provided that the option to renew the Agreement shall be determined by the parties not later than ninety (90) days prior to the end of the initial term and shall be consistent with the AAGC's lease on its golf center property.

As of December 31, 2015 and 2014, the Company has available for income tax purposes approximately \$22.0 and \$22.0 million respectively in federal net operating loss carry forwards, which may be available to offset future taxable income. These loss carry forwards expire in 2020 through 2033. The Company may be limited by Internal Revenue Code Section 382 in its ability to fully utilize its net operating loss carry forwards due to possible future ownership changes. A 100% valuation allowance has been effectively established against the net deferred tax asset since it appears more likely than not that it will not be realized.

The provision (benefit) for income taxes attributable to income (loss) from continuing operations does not differ materially from the amount computed at the federal income tax statutory rate.
